Watercraft, vessels, other than those that are inventory held for sale, for which a certificate of title is currently in effect, shall be exempt from the provisions of G.S. 25-9-309, 25-9-310, 25-9-320, 25-9-322, 25-9-323, 25-9-324, 25-9-331, 25-9-404, 25-9-405, 25-9-406, and 25-9-501 to 25-9-526 for so long as the certificate of title remains in effect.

"§ 75A-43. Security interest may be filed within 30 days after purchase.

If application for the recordation of a security interest to be placed upon a watercraft vessel is filed in the principal office of the Commission within 30 days from the date of the applicant's purchase of the watercraft vessel, it shall be valid to all persons,
including the State, as if the recordation had been done on the day the security interest was acquired.

"§ 75A-44. Priority of security interests shown on certificates.

"§ 75A-45. Legal holder of certificate of title subject to security interest.

The certificate of title of a watercraft vessel shall be delivered to the person holding the security interest having first priority upon the watercraft vessel and retained by that person until the entire amount of the security interest is fully paid by the owner of the watercraft vessel. "§ 75A-46. Release of security interest shown on certificate of title.

An owner, upon securing the release of any security interest upon a watercraft vessel shown upon the certificate of title issued for the watercraft vessel, may exhibit the documents evidencing the release, signed by the person or persons making the release, and the certificate of title to the Commission. When it is impossible to secure the release from the secured party, the owner may exhibit to the Commission any available evidence showing that the debt secured has been satisfied, together with a statement by the owner under oath that the debt has been paid. If the Commission is satisfied as to the genuineness and regularity of the satisfied debt, determines that the secured debt has been satisfied in full, the Commission shall issue to the owner either a new certificate of title in proper form or an endorsement or rider showing the release of the security interest which the Commission shall attach to the outstanding certificate of title.

It is unlawful and constitutes a Class 1 misdemeanor for a secured party who holds a certificate of title as provided in this Article to refuse or fail to surrender the certificate of title to the person legally entitled to it within 10 days after the security interest has been paid and satisfied.

"§ 75A-48. Levy of execution, etc.

A levy made by virtue of an execution or other proper court order, upon a watercraft vessel for which a certificate of title has been issued by the Commission, shall constitute a lien subsequent to security interests previously recorded by the Commission and subsequent to security interests in inventory held for sale and perfected as otherwise permitted by law, if and when the officer making the levy reports to the Commission at its principal office, on forms provided by the Commission, that the levy has been made and that the watercraft vessel levied upon has been seized by and is in the custody of the officer. Should the lien thereafter be satisfied or should the watercraft vessel levied upon and seized thereafter be released by the officer, the officer shall immediately report that fact to the Commission at its principal office. Any owner who, after a levy and seizure by an officer and before the officer reports the levy and seizure to the Commission, assigns, transfers, causes the certificate of title to be assigned or
transferred, or causes a security interest to be shown upon such the certificate of title, is guilty of a Class 1 misdemeanor.

"§ 75A-49. Registration prima facie evidence of ownership; rebuttal.

Issuance of registration under the provisions of this Chapter shall be prima facie evidence of ownership of a watercraft and entitlement to a certificate of title under the provisions of this Article, but the registration and certificate of title shall be subject to rebuttal. A valid certificate of number issued under the provisions of this Chapter, or any similar document issued under the jurisdiction of any other state or country, shall be prima facie evidence of ownership of a vessel and entitlement to a certificate of title under the provisions of this Article, but ownership established by such documents shall be subject to rebuttal."

the court may allow mediation to proceed without the participation of a parent whose
identity is unknown, a party who was served and has not made an appearance, or a
parent, guardian, or custodian who has not been served despite a diligent attempt to
serve the person. Upon a finding of good cause, the court may allow mediation to
proceed without the participation of a parent who is unable to participate due to
incarceration, illness, or some other cause. Others may participate by agreement of the
parties, their attorneys, and the mediator, or by order of the court.

(b) The Administrative Office of the Courts shall establish in phases a statewide
Permanency Mediation Program consisting of local district programs to be established
in all judicial districts of the State. The Director of the Administrative Office of the
Courts is authorized to approve contractual agreements for such services as executed by
order of the Chief District Court Judge of a district court district, such contracts to be
exempt from competitive bidding procedures under Chapter 143 of the General Statutes.
The Administrative Office of the Courts shall promulgate policies and regulations
necessary and appropriate for the administration of the program. Any funds
appropriated by the General Assembly for the establishment and maintenance of
permanency mediation programs under this Article shall be administered by the
Administrative Office of the Courts.

(c) Mediation proceedings shall be held in private and shall be confidential.
Except as provided otherwise in this section, all verbal or written communications from
participants in the mediation to the mediator or between or among the participants in the
presence of the mediator are absolutely privileged and inadmissible in court.

(d) Neither the mediator nor any party or other person involved in mediation
sessions under this section shall be competent to testify to communications made during
or in furtherance of such mediation sessions; provided, there is no confidentiality or privilege as to communications made in furtherance of a crime or fraud. Nothing in this subsection shall be construed as permitting an individual to obtain immunity from prosecution for criminal conduct or as excusing an individual from the reporting requirements of Article 3 of Chapter 7B of the General Statutes or G.S. 108A-102.

(c) Any agreement reached by the parties as a result of the mediation, whether referred to as a "placement agreement," "case plan," or some similar name, shall be reduced to writing, signed by each party, and submitted to the court as soon as practicable. Unless the court finds good reason not to, the court shall incorporate the agreement in a court order, and the agreement shall become enforceable as a court order. If some or all of the issues referred to mediation are not resolved by mediation, the mediator shall report that fact to the court.

SECTION 4.(b) The Administrative Office of the Courts may use funds available during the 2006-2007 fiscal year to implement the provisions of this section.

SECTION 5.(a) G.S. 7A-314(f) reads as rewritten:

"(f) In a criminal case when a person who any case in which the Judicial Department is bearing the costs of representation for a party and that party or a witness for that party does not speak or understand the English language is an indigent defendant, a witness for an indigent defendant, or a witness for the State language, and the court appoints a foreign language interpreter to assist that defendant or witness in the case, party or witness, the reasonable fee for the interpreter's services, as set by the court, are payable from funds appropriated to the Administrative Office of the Courts. The appointment and payment shall be made in accordance with G.S. 7A-343(9b)."

SECTION 5.(b) G.S. 7A-343 is amended by adding a new subdivision to read:

"(9b) Prescribe policies and procedures for the appointment and payment of foreign language interpreters in those cases specified in G.S. 7A-314(f). These policies and procedures shall be applied uniformly throughout the General Court of Justice. After consultation with the Joint Legislative Commission on Governmental Operations, the Director may also convert contractual foreign language interpreter positions to permanent State positions when the Director determines that it is more cost-effective to do so."

SECTION 6. G.S. 7A-39 reads as rewritten:

"§ 7A-39. Adverse weather cancellation of court sessions and closing court offices; extension of statutes of limitations in catastrophic conditions.

(a) Cancellation of Court Sessions, Closing Court Offices. – In response to adverse weather or other comparable emergency situations, any session of any court of the General Court of Justice may be cancelled, postponed, or altered by judicial officials, and court offices may be closed by judicial branch hiring authorities, pursuant to uniform statewide guidelines prescribed by the Director of the Administrative Office of the Courts.

(b) Authority of Chief Justice to Extend Statutes of Limitations. – When the Chief Justice of the North Carolina Supreme Court determines and declares that catastrophic conditions exist or have existed in one or more counties of the State, the Chief Justice may by order entered pursuant to this subsection extend, to a date certain no fewer than 10 days after the effective date of the order, the time or period of
limitation within which pleadings, motions, notices, and other documents and papers may be timely filed and other acts may be timely done in civil actions, criminal actions, estates, and special proceedings in each county named in the order.

(1) Catastrophic conditions defined. – As used in this subsection, "catastrophic conditions" means any set of circumstances that make it impossible or extremely hazardous for judicial officials, employees, parties, witnesses, or other persons with business before the courts to reach a courthouse, or that create a significant risk of physical harm to persons in a courthouse, or that would otherwise convince a reasonable person to avoid travelling to or being in the courthouse, including conditions that may result from hurricane, tornado, flood, snowstorm, ice storm, other severe natural disaster, fire, or riot.

(2) Entry of order. – The Chief Justice may enter an order under this subsection at any time after catastrophic conditions have ceased to exist. The order shall be in writing and shall become effective for each affected county upon being filed in the office of the clerk of superior court of that county the date set forth in the order, and if no date is set forth in the order, then upon the date the order is signed by the Chief Justice.

(c) In Chambers Jurisdiction Not Affected. – Nothing in this section prohibits a judge or other judicial officer from exercising, during adverse weather or other emergency situations, any in chambers or ex parte jurisdiction conferred by law upon that judge or judicial officer, as provided by law. The effectiveness of any such exercise shall not be affected by a determination by the Chief Justice that catastrophic conditions existed at the time it was exercised."

SECTION 7.(a) If Senate Bill 1741, 2005 Regular Session, becomes law, then G.S. 7A-133(c), as amended by Section 14.5 of that act, reads as rewritten:

"(c) Each county shall have the numbers of magistrates and additional seats of district court, as set forth in the following table:

SECTION 7.(b) G.S. 7A-132 reads as rewritten:
"§ 7A-132. Judges, district attorneys, full-time assistant district attorneys and magistrates for district court districts.
Each district court district shall have one or more judges and one district attorney. Each county within each district shall have at least one magistrate.
For each district the General Assembly shall prescribe the numbers of district judges, and the numbers of full-time assistant district attorneys. For each county within each district the General Assembly shall prescribe a minimum and a maximum number of magistrates."

SECTION 7.(c) G.S. 7A-171(a) reads as rewritten:
"§ 7A-171. Numbers; appointment and terms; vacancies.
(a) The General Assembly shall establish a minimum and a maximum quota of magistrates for each county. In no county shall the minimum quota be less than one. The number of magistrates in a county, within above the minimum quota set by the General Assembly, is determined by the Administrative Office of the Courts after consultation with the chief district court judge for the district in which the county is located."

SECTION 8. Section 4 of S.L. 2006-32 reads as rewritten:
"SECTION 4. The Joint Legislative Corrections, Crime Control and Juvenile Justice Oversight Committee and the Legislative Research Commission and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services (LOC) shall study drug treatment courts in North Carolina. The study shall include the following issues in relation to drug treatment courts:
(1) Funding mechanisms;
(2) Target populations;
(3) Interagency collaboration at the State and local levels; and
(4) Any other matter that the Commissions deem appropriate or necessary to provide proper information to the General Assembly on the subject of the study.
The Commissions may report their findings and recommendations to the 2007 Regular Session of the 2007 General Assembly."

SECTION 9. If Senate Bill 1741, 2005 Regular Session, becomes law, then Section 14.17 of that act is amended by adding a new subsection to read:
"SECTION 14.17.(b) This section applies to persons summoned to serve as jurors on or after August 7, 2006."

SECTION 10. The Administrative Office of Courts, in conjunction with the North Carolina Equal Access to Justice Commission, North Carolina Bar Association, North Carolina Legal Services Planning Council, Legal Aid of North Carolina, Inc., North Carolina Justice Center, and Pisgah Legal Services, Inc., shall study the most effective way to address the increasing numbers of persons who either cannot afford representation or choose to represent themselves in family law matters and in some civil litigation, and report the results of the study to the Joint Appropriations Subcommittee on Justice and Public Safety no later than December 31, 2007.

SECTION 11. Article 30 of Chapter 7A of the General Statutes reads as rewritten:
"Article 30.
"Judicial Standards Commission.

§ 7A-374.1. Purpose.
The purpose of this Article is to provide for the investigation and resolution of inquiries concerning the qualification or conduct of any judge or justice of the General Court of Justice. The procedure for discipline of any judge or justice of the General Court of Justice shall be in accordance with this Article. Nothing in this Article shall affect the impeachment of judges under the North Carolina Constitution, Article IV, Sections 4 and 17.

§ 7A-374.2. Definitions.
Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this Article:

(1) "Censure" means a finding by the Supreme Court, based upon a written recommendation by the Commission, that a judge has willfully engaged in misconduct prejudicial to the administration of justice that brings the judicial office into disrepute, but which does not warrant the suspension of the judge from the judge's judicial duties or the removal of the judge from judicial office. A censure may require that the judge follow a corrective course of action. Unless otherwise ordered by the Supreme Court, the judge shall personally appear in the Supreme Court to receive a censure.

(2) "Commission" means the North Carolina Judicial Standards Commission.

(3) "Incacity" means any physical, mental, or emotional condition that seriously interferes with the ability of a judge to perform the duties of judicial office.

(4) "Investigation" means the gathering of information with respect to alleged misconduct or disability.

(5) "Judge" means any justice or judge of the General Court of Justice of North Carolina, including any retired justice or judge who is recalled for service as an emergency judge of any division of the General Court of Justice.

(6) "Letter of caution" means a written action of the Commission that cautions a judge not to engage in certain conduct that violates the Code of Judicial Conduct as adopted by the Supreme Court.

(7) "Public reprimand" means a written action of the Commission issued upon a finding by the Commission that a judge has violated the Code of Judicial Conduct and has engaged in conduct prejudicial to the administration of justice, but that misconduct is minor and does not warrant a recommendation by the Commission that the judge be disciplined by the Supreme Court. A public reprimand may require that the judge follow a corrective course of action.

(8) "Remove" or "removal" means a finding by the Supreme Court, based upon a written recommendation by the Commission, that a judge should be relieved of all duties of the judge's office and disqualified from holding further judicial office.

(9) "Suspend" or "suspension" means a finding by the Supreme Court, based upon a written recommendation by the Commission, that a judge should be relieved of the duties of the judge's office for a period of
time, and upon conditions, including those regarding treatment and compensation, as may be specified by the Supreme Court.

(a) The Judicial Standards Commission shall consist of the following residents of North Carolina: one Court of Appeals judge, one superior court judge, two district court judges, each appointed by the Chief Justice of the Supreme Court; two members of the State Bar who have actively practiced in the courts of the State for at least 10 years, elected by the State Bar Council; and two citizens who are not judges, active or retired, nor members of the State Bar, appointed by the Governor, two appointed by the Governor, and two appointed by the General Assembly in accordance with G.S. 120-121, one upon recommendation of the President Pro Tempore of the Senate and one upon recommendation of the Speaker of the House of Representatives. The Court of Appeals judge shall act as chair of the Commission.

(b) The Court of Appeals judge shall serve at the pleasure of the Chief Justice. Terms of other Commission members shall be for six years, except that, to achieve overlapping of terms, one of the judges, one of the practicing members of the State Bar, and one of the citizens shall be appointed initially for a term of only three years. No member who has served a full six-year term is eligible for reappointment. If a member ceases to have the qualifications required for his or her appointment, the person ceases to be a member. Vacancies of members, other than those appointed by the General Assembly, are filled in the same manner as the original appointment, for the remainder of the term. Vacancies of members appointed by the General Assembly are filled as provided under G.S. 120-122. Members who are not judges are entitled to per diem and all members are entitled to reimbursement for travel and subsistence expenses at the rate applicable to members of State boards and commissions generally, for each day engaged in official business.

(c) If a member of the Commission who is a judge becomes disabled, or becomes a respondent before the Commission, the Chief Justice shall appoint an alternate member to serve during the period of disability or disqualification. The alternate member shall be from the same division of the General Court of Justice as the judge whose place the alternate member takes. If a member of the Commission who is not a judge becomes disabled, the Governor, if he appointed the disabled member, shall appoint, or the State Bar Council, if it elected the disabled member, shall elect, an alternate member to serve during the period of disability. If a member of the Commission who is not a judge and who was appointed by the General Assembly becomes disabled, an alternate member shall be appointed to serve during the period of disability in the same manner as if there were a vacancy to be filled under G.S. 120-122. In a particular case, if a member disqualifies himself, becomes disqualified, or is successfully challenged for cause, his seat for that case shall be filled by an alternate member selected as provided in this subsection.

(d) A member may serve after expiration of his or her term only to participate until the conclusion of a formal disciplinary proceeding begun before expiration of his or her term. Such participation shall not prevent his or her successor from taking office, but the successor may not participate in the proceeding for which his or her predecessor's term was extended. This subsection shall apply also to any judicial member whose membership on the Commission is automatically terminated by retirement or resignation from judicial office, or expiration of the term of judicial office.

(e) Members of the Commission and its employees are immune from civil suit for all conduct undertaken in the course of their official duties.

691
(f) The chair of the Commission may employ, if funds are appropriated for that purpose, an executive director, Commission counsel, investigator, and any support staff as may be necessary to assist the Commission in carrying out its duties. With the approval of the Chief Justice, for specific cases, the chair also may employ special counsel or call upon the Attorney General to furnish counsel. In addition, with the approval of the Chief Justice, for specific cases, the chair or executive director also may call upon the Director of the State Bureau of Investigation to furnish an investigator who shall serve under the supervision of the executive director. While performing duties for the Commission, the executive director, counsel, and investigator have authority throughout the State to serve subpoenas or other process issued by the Commission in the same manner and with the same effect as an officer authorized to serve process of the General Court of Justice.

(g) The Commission may adopt, and may amend from time to time, its own rules of procedure for the performance of the duties and responsibilities prescribed by this Article, subject to the approval of the Supreme Court.

§ 7A-376. **Grounds for censure or removal.**

**Grounds for discipline by Commission; censure, suspension, or removal by the Supreme Court.**

(a) The Commission, upon a determination that any judge has engaged in conduct that violates the North Carolina Code of Judicial Conduct as adopted by the Supreme Court but that is not of such a nature as would warrant a recommendation of censure, suspension, or removal, may issue to the judge a private letter of caution or may issue to the judge a public reprimand.

(b) Upon recommendation of the Commission, the Supreme Court may censure or remove any judge for willful misconduct in office, willful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute. Upon recommendation of the Commission, the Supreme Court may remove any judge for mental or physical incapacity interfering with the performance of his duties, which is, or is likely to become, permanent. A judge who is suspended for any of the foregoing reasons shall receive no compensation during the period of that suspension. A judge who is removed for any of the foregoing reasons shall receive no retirement compensation and is disqualified from holding further judicial office.

(c) Upon recommendation of the Commission, the Supreme Court may suspend, for a period of time the Supreme Court deems necessary, any judge for temporary physical or mental incapacity interfering with the performance of the judge's duties, and may remove any judge for physical or mental incapacity interfering with the performance of the judge's duties which is, or is likely to become, permanent. A judge who is suspended for temporary incapacity shall continue to receive compensation during the period of the suspension. A judge removed for mental or physical incapacity is entitled to retirement compensation if the judge has accumulated the years of creditable service required for incapacity or disability retirement under any provision of State law, but he shall not sit as an emergency justice or judge. A judge removed for other than mental or physical incapacity receives no retirement compensation, and is disqualified from holding further judicial office.

§ 7A-377. **Procedures; employment of executive secretary, special counsel or investigator.**

(a) Any citizen of the State may file a written complaint with the Commission concerning the qualifications or conduct of any justice or judge of the General Court of
Justice, and thereupon the Commission shall make such investigation as it deems necessary. The Commission may also make an investigation on its own motion. The Commission is authorized to issue process to compel the attendance of witnesses and the production of evidence, to administer oaths, and to punish for contempt, and to prescribe its own rules of procedure and contempt. No justice or judge shall be recommended for censure, suspension, or removal unless he has been given a hearing affording due process of law.

(a1) Unless otherwise waived by the justice or judge involved, all papers filed with and proceedings before the Commission, including any preliminary investigation which the Commission may make, are confidential, and no person shall disclose information obtained from Commission proceedings or papers filed with or by the Commission, except as provided herein. Those papers are not subject to disclosure under Chapter 132 of the General Statutes.

(a2) Information submitted to the Commission or its staff, and testimony given in any proceeding before the Commission, shall be absolutely privileged, and no civil action predicated upon that information or testimony may be instituted against any complainant, witness, or his or her counsel.

(a3) If, after an investigation is completed, the Commission concludes that a letter of caution is appropriate, it shall issue to the judge a letter of caution in lieu of any further proceeding in the matter. The issuance of a letter of caution is confidential in accordance with subsection (a1) of this section.

(a4) If, after an investigation is completed, the Commission concludes that a public reprimand is appropriate, the judge shall be served with a copy of the proposed reprimand and shall be allowed 20 days within which to accept the reprimand or to reject it and demand, in writing, that disciplinary proceedings be instituted in accordance with subsection (a5) of this section. A public reprimand, when issued by the Commission and accepted by the respondent judge, is not confidential.

(b) The proceeding shall be heard by a panel of the Court of Appeals consisting of the Chief Judge, who shall be the presiding judge of the panel, and six other judges, the senior in service, excluding the judge who is chairman of the Commission. For good cause, a judge may be excused by a majority of the panel. If the Chief Judge is excused, the presiding judge shall be designated by a majority of the panel. The vacancy created by an excused judge shall be filled by the judge of the court who is next senior in service.

SECTION 12. In order to provide for an orderly transition in membership to the Judicial Standards Commission to the six-year terms specified in G.S. 7A-375(b), as amended by Section 11 of this act, and notwithstanding G.S. 7A-375(b), as amended by Section 11 of this act, the following provisions apply:

(2) The initial estimated cost of each energy-consuming system being compared and evaluated.

(3) The estimated annual operating cost of all utility requirements.

(4) The estimated annual cost of maintaining each energy-consuming system.

(5) The average estimated replacement cost for each system expressed in annual terms for the economic life of the facility.

(c) The General Assembly requires each entity to conduct a life-cycle cost analysis pursuant to this section for the construction or the renovation of any State facility or State-assisted facility of 20,000 or more gross square feet. For the replacement of heating, ventilation, and air-conditioning equipment in any State facility or State-assisted facility of 20,000 or more gross square feet, the entity shall conduct a life-cycle cost analysis of the replacement equipment pursuant to this section when the replacement is financed under a guaranteed energy savings contract or financed using repair and renovation funds.

H.B. 1024  Session Law 2006-192

AN ACT TO AUTHORIZE THE STATE BOARD OF ELECTIONS TO CONDUCT A PILOT PROGRAM IN WHICH THE INSTANT RUNOFF METHOD OF VOTING WOULD BE USED IN LOCAL ELECTIONS; TO SET THE DATE OF FUTURE SECOND PRIMARIES AT SEVEN WEEKS AFTER THE FIRST PRIMARY; TO REVISE THE MUNICIPAL ELECTION SCHEDULE TO PROVIDE MORE TIME FOR ABSENTEE VOTING AND ELECTION ADMINISTRATION; TO CONFORM NORTH CAROLINA ABSENTEE VOTING LAW TO THE U.S. UNIFORMED AND OVERSEAS CITIZENS ABSENTEE VOTING ACT; TO REVISE THE PROCEDURE FOR SELECTION OF PRECINCTS AND OTHER VOTING UNITS FOR SAMPLE COUNTS; TO PROVIDE FOR FILLING MID-ELECTION-YEAR JUDICIAL VACANCIES; AND TO FURTHER AMEND THE LAW CONCERNING JUDICIAL CANDIDACIES.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The State Board of Elections shall select local jurisdictions in which to conduct a pilot program during the 2007 and 2008 elections for local offices using instant runoff voting. The State Board shall select:

(1) Up to 10 cities for the 2007 elections.
(2) Up to 10 counties for the 2008 elections.

In selecting those local jurisdictions, the State Board shall seek diversity of population size, regional location, and demographic composition. The pilot shall be conducted only with the concurrence of the county board of elections that conducts elections for the local jurisdiction. If a city is selected that has voters in more than one county, the concurrence of all the county boards of elections that conduct that city's elections is required. The pilot program shall consist of using instant runoff voting as the method for determining the winner or winners of a partisan primary or a nonpartisan election that normally uses nonpartisan election and runoff or nonpartisan primary and election. Instant runoff voting may also be used to determine results in an election where nonpartisan plurality elections are normally used, but only if the governing board of the local jurisdiction consents.

As used in this section, "instant runoff voting" means a system in which voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the most first-choice votes receives the threshold of victory of the first-choice votes, that candidate wins. If no candidate receives the threshold of victory of first-choice votes, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election.

The threshold of victory of first-choice votes for a partisan primary shall be forty percent (40%) plus one vote. The threshold of victory for a nonpartisan election and runoff or nonpartisan primary and election shall be a majority of the vote. The threshold of victory in a contest that normally uses nonpartisan plurality shall be determined by the State Board with the concurrence of the county board of elections and the local governing board.

If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for
each seat to be filled. The first counting results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won.

Other details of instant runoff voting are as described in House Bill 1024 (First Edition) of the 2005 Regular Session of the General Assembly, with modifications the State Board deems necessary, in primaries and/or elections for city offices, for county offices, or for both. Those modifications may include giving the voter more than three choices in case of multi-seat contests. The State Board shall not use instant runoff voting in a primary or election for an office unless the entire electorate for the office uses the same method.

**SECTION 1**

The State Board of Elections shall closely monitor the pilot program established in this section and report its findings and recommendations to the 2007 General Assembly.

**SECTION 2**

G.S. 163-111(e) reads as rewritten:

"(e) Date of Second Primary; Procedures. – If a second primary is required under the provisions of this section, the appropriate board of elections, State or county, shall order that it be held four/seven weeks after the first primary.

There shall be no registration of voters between the dates of the first and second primaries. Persons whose qualifications to register and vote mature after the day of the first primary and before the day of the second primary may register on the day of the second primary and, when thus registered, shall be entitled to vote in the second primary. The second primary is a continuation of the first primary and any voter who files a proper and timely affidavit-written affirmation of transfer of precinct, change of address within the county under the provisions of G.S. 163-82.15, before in the first primary may vote in the second primary without having to refile the affidavit of transfer that written affirmation if he is otherwise qualified to vote in the second primary. Subject to this provision for registration, the second primary shall be held under the laws, rules, and regulations provided for the first primary."

**SECTION 3**

G.S. 163-279 reads as rewritten:

"§ 163-279. Time of municipal primaries and elections.

(a) Primaries and elections for offices filled by election of the people in cities, towns, incorporated villages, and special districts shall be held in 1973 and every two or four years thereafter as provided by municipal charter on the following days:

2. If the election is partisan, the election shall be held on Tuesday after the first Monday in November, the first primary shall be held on the sixth/second Tuesday before the election, after Labor Day, and the second primary, if required, shall be held on the third/fourth Tuesday before the election.

3. If the election is nonpartisan and the nonpartisan primary method of election is used, the election shall be held on Tuesday after the first Monday in November and the nonpartisan primary shall be held on the fourth Tuesday before the election.

the runoff election, if required, shall be held on Tuesday after the first Monday in November.

(b) Notwithstanding the provisions of subsection (a), the next regular municipal primary and election in Winston-Salem shall be held at the time of the primary and election for county officers in 1974, officers elected at that time shall serve terms of office expiring on the first Monday in December, 1977. Beginning in 1977, municipal primaries and elections in Winston-Salem shall be held at the time provided in this section.

(c) Officers of sanitary districts elected in 1970 shall hold office until the first Monday in December, 1973, notwithstanding G.S. 130-126. Beginning in 1973, sanitary district elections shall be held at the times provided in this section or in G.S. 130A-50(b1)."

SECTION 4. G.S. 163-291 reads as rewritten:

The nomination of candidates for office in cities, towns, villages, and special districts whose elections are conducted on a partisan basis shall be governed by the provisions of this Chapter applicable to the nomination of county officers, and the terms "county board of elections," "chairman of the county board of elections," "county officers," and similar terms shall be construed with respect to municipal elections to mean the appropriate municipal officers and candidates, except that:

(1) The dates of primary and election shall be as provided in G.S. 163-279.

(2) A candidate seeking party nomination for municipal or district office shall file his notice of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the first third Friday in August preceding the election, except:
   a. In 2001 a candidate seeking party nomination for municipal or district office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file his notice of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and
   b. In 2002 if the election is held then under G.S. 160A-23.1, a candidate seeking party nomination for municipal or district office shall file his notice of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106.

No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the county board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for that election unless the notice of candidacy for the first office is withdrawn first.

(3) The filing fee for municipal and district primaries shall be fixed by the governing board not later than the day before candidates are permitted to begin filing notices of candidacy. There shall be a minimum filing fee of five dollars ($5.00). The governing board shall have the
authority to set the filing fee at not less than five dollars ($5.00) nor more than one percent (1%) of the annual salary of the office sought unless one percent (1%) of the annual salary of the office sought is less than five dollars ($5.00), in which case the minimum filing fee of five dollars ($5.00) will be charged. The fee shall be paid to the board of elections at the time notice of candidacy is filed.

(4) The municipal ballot may not be combined with any other ballot.

(5) The canvass of the primary and second primary shall be held on the seventh day following the primary or second primary. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

(6) Candidates having the right to demand a second primary shall do so not later than 12:00 noon on the Thursday following the canvass of the first primary."

SECTION 5. G.S. 163-294.2 reads as rewritten:

"§ 163-294.2. Notice of candidacy and filing fee in nonpartisan municipal elections.

(a) Each person offering himself as a candidate for election to any municipal office in municipalities whose elections are nonpartisan shall do so by filing a notice of candidacy with the board of elections in the following form, inserting the words in parentheses when appropriate:

"Date ____________;
I hereby file notice that I am a candidate for election to the office of ____________ (at large) (for the ____________ Ward) in the regular municipal election to be held in ____________ on _______, ______ (municipality)
Signed ______________________
(Name of Candidate)
Witness:__________________________________________________
FOR THE BOARD OF ELECTIONS"

The notice of candidacy shall be either signed in the presence of the chairman or secretary of the board of elections or the director of elections of that county, or signed and acknowledged before an officer authorized to take acknowledgments who shall certify the notice under seal. An acknowledged and certified notice may be mailed to the board of elections. The candidate shall sign the notice of candidacy with his legal name and, in his discretion, any nickname by which he is commonly known, in the form that he wishes it to appear upon the ballot but substantially as follows: "Richard D. (Dick) Roc." A candidate may also, in lieu of his legal first name and legal middle initial or middle name (if any) sign his nickname, provided that he appends to the notice of candidacy an affidavit that he has been commonly known by that nickname for at least five years prior to the date of making the affidavit, and notwithstanding the previous sentence, if the candidate has used his nickname in lieu of first and middle names as permitted by this sentence, unless another candidate for the same office who files a notice of candidacy has the same last name, the nickname shall be printed on the ballot immediately before the candidate's surname but shall not be enclosed by parentheses. If another candidate for the same office who filed a notice of candidacy has the same last name, then the candidate's name shall be printed on the ballot in accordance with the next sentence of this subsection. The candidate shall also include
with the affidavit the way his name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

(b) Only persons who are registered to vote in the municipality shall be permitted to file notice of candidacy for election to municipal office. The board of elections shall inspect the voter registration lists immediately upon receipt of the notice of candidacy and shall cancel the notice of candidacy of any candidate who is not eligible to vote in the election. The board shall give notice of cancellation to any candidate whose notice of candidacy has been cancelled under this subsection by mail or by having the notice served on him by the county sheriff.

(c) Candidates seeking municipal office shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the first third Friday in August preceding the election, except:

(1) In 2001 candidates seeking municipal office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and

(2) In 2002 if the election is held then under G.S. 160A-23.1, candidates seeking municipal office shall file their notices of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106.

Notices of candidacy which are mailed must be received by the board of elections before the filing deadline regardless of the time they were deposited in the mails.

(d) Any person may withdraw his notice of candidacy at any time prior to the filing deadline prescribed in subsection (c), and shall be entitled to a refund of his filing fee if he does so.

(e) The filing fee for the primary or election shall be fixed by the governing board not later than the day before candidates are permitted to begin filing notices of candidacy. There shall be a minimum filing fee of five dollars ($5.00). The governing board shall have the authority to set the filing fee at not less than five dollars ($5.00) nor more than one percent (1%) of the annual salary of the office sought unless one percent (1%) of the annual salary of the office sought is less than five dollars ($5.00), in which case the minimum filing fee of five dollars ($5.00) will be charged. The fee shall be paid to the board of elections at the time notice of candidacy is filed.

(f) No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for the election unless the notice of candidacy for the first office is withdrawn first."

SECTION 6. G.S. 163-245 reads as rewritten:

"§ 163-245. Persons in armed forces, their spouses, certain veterans, civilians working with armed forces, and members of Peace Corps may register and vote by mail.

(a) Any individual who is eligible to register and who is qualified to vote in any statewide primary or election held under the laws of this State, and who is absent from the county of his residence in any of the capacities specified in subsection (b) of this section, shall be entitled to register by mail and to vote by military absentee ballot or both in the manner provided in this Article."
The provisions of this Article shall apply to the following persons:

1. Individuals serving in the armed forces of the United States, including, but not limited to, the army, the navy, the air force, the marine corps, the coast guard, the Merchant Marine, the National Oceanic and Atmospheric Administration, the commissioned corps of the Public Health Service, and members of the national guard and military reserve.

2. Spouses of persons serving in the armed forces of the United States residing outside the counties of their spouses' voting residence.

3. Disabled war veterans in United States government hospitals.

4. Civilians attached to and serving outside the United States with the armed forces of the United States.

5. Members of the Peace Corps.

6. Other individuals meeting the definitions of "absent uniformed services voter" and "overseas voter" in the federal Uniformed and Overseas Citizens Absentee Voting Act.

An otherwise valid voter registration or absentee ballot application submitted by an absent uniformed services voter during a year shall not be refused or prohibited on the grounds that the voter submitted the application before the first date on which the county board of elections otherwise accepts those applications submitted by absentee voters who are not members of the uniformed services for that year.

If any absent uniformed services or overseas voter submits a voter registration application or absentee ballot request, and the request is rejected, the board of elections that makes the rejection shall notify the voter of the reasons for the rejection.

The requirement for any oath or affirmation to accompany any document as to voter registration or absentee ballots under this Article may be met by use of the standard oath prescribed by the Presidential designee under section 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act.

SECTION 7.(a) G.S. 163-182.1(b) reads as rewritten:

"(b) Procedures and Standards. – The State Board of Elections shall adopt uniform and nondiscriminatory procedures and standards for voting systems. The standards shall define what constitutes a vote and what will be counted as a vote for each category of voting system used in the State. The State Board shall adopt those procedures and standards at a meeting occurring not earlier than 15 days after the State Board gives notice of the meeting. The procedures and standards adopted shall apply to all elections occurring in the State and shall be subject to amendment or repeal by the State Board acting at any meeting where notice that the action has been proposed has been given at least 15 days before the meeting. These procedures and standards shall not be considered to be rules subject to Article 2A of Chapter 150B of the General Statutes. However, the State Board shall publish in the North Carolina Register the procedures and standards and any changes to them after adoption, with that publication noted as information helpful to the public under G.S. 150B-21.17(a)(6). Copies of those procedures and standards shall be made available to the public upon request or otherwise by the State Board. For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those procedures and standards shall do both of the following:

1. Provide for a sample hand-to-eye count of the paper ballots or paper records of a statewide ballot item in every county. The presidential
ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The State Board shall approve in an open meeting the procedure for randomly selecting the sample precincts for each election. The random selection of precincts for any county shall be done publicly after the initial count of election returns for that county is publicly released or 24 hours after the polls close on election day, whichever is earlier. The sample chosen by the State Board shall be of full precincts, full counts of absentee ballots, and full counts of one-stop early voting sites. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted.

(2) Provide that if the voter selects votes for more than the number of candidates to be elected or proposals to be approved in a ballot item, the voting system shall do all the following:
   a. Notify the voter that the voter has selected more than the correct number of candidates or proposals in the ballot item.
   b. Notify the voter before the vote is accepted and counted of the effect of casting overvotes in the ballot item.
   c. Provide the voter with the opportunity to correct the official ballot before it is accepted and counted.

SECTION 7.(b) G.S. 163-182.2(b) reads as rewritten:

"(b) The State Board of Elections shall promulgate rules for the initial counting of official ballots. All election officials shall be governed by those rules. In promulgating those rules, the State Board shall adhere to the following guidelines:

(1) For each voting system used, the rules shall specify the role of precinct officials and of the county board of elections in the initial counting of official ballots.

(1a) For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those rules shall provide for a sample hand-to-eye count of the paper ballots or paper records of a sampling of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The State Board shall approve in an open meeting the procedure for randomly selecting the sample precincts for each election. The random selection of precincts for any county shall be done publicly after the initial count of election returns for that county.
is publicly released or 24 hours after the polls close on election day, whichever is earlier. The sample chosen by the State Board shall be of full precincts, full counts of absentee ballots, and full counts of one-stop early voting sites. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted.

(2) The rules shall provide for accurate unofficial reporting of the results from the precinct to the county board of elections with reasonable speed on the night of the election.

(3) The rules shall provide for the prompt and secure transmission of official ballots from the voting place to the county board of elections. The State Board shall direct the county boards of elections in the application of the principles and rules in individual circumstances."

SECTION 8.(a) G.S. 163-329 reads as rewritten:

(a) General. – If a vacancy is created in the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of superior court after the filing period for the primary opens but more than 60 days before the general election, and under the Constitution of North Carolina an election is to be held for that position, such that the office shall be filled in the general election as provided in G.S. 163-9, the election to fill the office for the remainder of the term shall be conducted without a primary using the plurality method as provided in subsection (b)(b1) of this section. If a vacancy is created in the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of superior court before the filing period for the primary opens, and under the Constitution of North Carolina an election is to be held for that position, such that the office shall be filled in the general election as provided in G.S. 163-9, the election to fill the office for the remainder of the term shall be conducted in accordance with G.S. 163-322.

(b) Plurality Election Rules. – Elections under this section shall be conducted using the following rules:

(1) The filing period shall be prescribed by the State Board of Elections, but in no event may it be less than five working days. If a vacancy occurs in a second office in the same superior court district after the first filing period established under the section has closed, the State Board of Elections shall reopen filing for a period of not less than five working days for the office of justice of the Supreme Court, judge of the Court of Appeals, or superior court judge. All persons filing in either filing period shall run as a group and the election results shall be determined by subdivision (3) of this subsection.
When more than one person is seeking election to a single office, the candidate who receives the highest number of votes shall be declared elected.

When more persons are seeking election to two or more offices (constituting a group) than there are offices to be filled, those candidates receiving the highest number of votes, equal in number to the number of offices to be filled, shall be declared elected.

If two or more candidates receiving the highest number of votes each receive the same number of votes, the board of elections shall resolve the tie in accordance with G.S. 163-182.8.

Except as provided in this section, the provisions of this Article apply to elections conducted under this section.

(b1) Method for Vacancy Election. – If a vacancy for the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of the superior court occurs more than 60 days before the general election and after the opening of the filing period for the primary, then the State Board of Elections shall designate a special filing period of one week for candidates for the office. If more than two candidates file and qualify for the office in accordance with G.S. 163-323, then the Board shall conduct the election for the office as follows:

(1) When the vacancy described in this section occurs more than 63 days before the date of the second primary for members of the General Assembly, a special primary shall be held on the same day as the second primary. The two candidates with the most votes in the special primary shall have their names placed on the ballot for the general election held on the same day as the general election for members of the General Assembly.

(2) When the vacancy described in this section occurs less than 64 days before the date of the second primary, a general election for all the candidates shall be held on the same day as the general election for members of the General Assembly and the 'instant runoff voting' method shall be used to determine the winner. Under 'instant runoff voting,' voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the greatest number of first-choice votes receives more than fifty percent (50%) of the first-choice votes, that candidate wins. If no candidate receives that minimum number, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election. If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first count results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won. In multi-seat contests, the State Board of Elections may give the voter more than three choices.
(3) If two or more candidates receiving the highest number of votes each receive the same number of votes, the board of elections shall resolve the tie in accordance with G.S. 163-182.8.

(c) Applicable Provisions. — Except as provided in this section, the provisions of this Article apply to elections conducted under this section.

(d) Rules. — The State Board of Elections shall adopt rules for the implementation of this section. The rules are not subject to Article 2A of Chapter 150B of the General Statutes. The rules shall include the following:

1. If after the first-choice candidate is eliminated, a ballot does not indicate one of the uneliminated candidates as an alternative choice, the ballot is exhausted and shall not be counted after the initial round.

2. The fact that the voter does not designate a second or third choice does not invalidate the voter’s higher choice or choices.

3. The fact that the voter gives more than one ranking to the same candidate shall not invalidate the vote. The highest ranking given a particular candidate shall count as long as the candidate is not eliminated.

4. In case of a tie between candidates such that two or more candidates have an equal number of first choices and more than two candidates qualify for the second round, instant runoff voting shall be used to determine which two candidates shall advance to the second round.

SECTION 8.(b) G.S. 163-327.1 reads as rewritten:

"§ 163-327.1. Rules when vacancies for superior court judge are to be voted on.

If a vacancy occurs in a judicial district for any offices of superior court judge, and on account of the occurrence of such vacancy, there is to be an election for one or more terms in that district to fill the vacancy or vacancies, at that same election in accordance with G.S. 163-9 and Article IV, Section 19 of the North Carolina Constitution, the nomination and election shall be determined by the following special rules in addition to any other provisions of law:

1. If the vacancy occurs prior to the opening of the filing period under G.S. 163-323(b), nominations shall be made by primary election as provided by this Article, without designation as to the vacancy.

2. If the vacancy occurs beginning on opening of the filing period under G.S. 163-323(b), and ending on the sixtieth day before the general election, candidate filing shall be as provided by G.S. 163-329 without designation as to the vacancy.

3. The general election ballot shall contain, without designation as to vacancy, spaces for the election to fill the vacancy where nominations were made or candidates filed under subdivision (1) or (2) of this section. Except as provided in G.S. 163-329, the persons receiving the highest numbers of votes equal to the term or terms to be filled shall be elected to the term or terms."

SECTION 9.(a) G.S. 163-327 is repealed.

SECTION 9.(b) G.S. 163-328 reads as rewritten:

"§ 163-328. Failure of candidates to file; death or other disqualification of a candidate before election; candidate; no withdrawal from candidacy.

(a) Insufficient Number of Candidates. — If when the filing period expires, candidates have not filed for an office to be filled under this Article, the State Board of Elections shall extend the filing period for five days for any such offices.
(a1) Death or Disqualification of Candidate Before Primary. – If a candidate for nomination in a primary dies or becomes disqualified before the primary but after the ballots have been printed, the State Board of Elections shall determine whether or not there is time to reprint the ballots. If the Board determines that there is not enough time to reprint the ballots, the deceased or disqualified candidate's name shall remain on the ballots. If that candidate receives enough votes for nomination, such votes shall be disregarded and the candidate receiving the next highest number of votes below the number necessary for nomination shall be declared nominated. If the death or disqualification of the candidate leaves only two candidates for each office to be filled, the nonpartisan primary shall not be held and all candidates shall be declared nominees.

(b) Death or Other Disqualification of Candidate; Earlier Non-Primary Vacancies; Reopening Filing. – If there is no primary because only one or two candidates have filed for a single office, or the number of candidates filed for a group of offices does not exceed twice the number of positions to be filled, or if a primary has occurred and eliminated candidates, and thereafter a remaining candidate dies or otherwise becomes disqualified before the election and before the ballots are printed, the State Board of Elections shall, upon notification of the death or other disqualification, immediately reopen the filing period for an additional five days during which time additional candidates shall be permitted to file for election. If the ballots have been printed at the time the State Board of Elections receives notice of the candidate's death or other disqualification, the Board shall determine whether there will be sufficient time to reprint them before the election if the filing period is reopened for three days. If the Board determines that there will be sufficient time to reprint the ballots, it shall reopen the filing period for three days to allow other candidates to file for election, and such election shall be conducted on the plurality basis as provided in G.S. 163-329(b1).

(c) Vacancy Caused by Nominated Candidate; Later Vacancies; Ballots Not Reprinted. – If the ballots have been printed at the time the State Board of Elections receives notice of a candidate's death, death or other disqualification, or resignation, and if the Board determines that there is not enough time to reprint the ballots before the election if the filing period is reopened for three days, then regardless of the number of candidates remaining for the office or group of offices, the ballots shall not be reprinted and the name of the vacated candidate shall remain on the ballots. If a vacated candidate should poll the highest number of votes in the election for a single office or enough votes to be elected to one of a group of offices, the State Board of Elections shall declare the office vacant and it shall be filled in the manner provided by law.

(d) No Withdrawal Permitted of Living, Qualified Candidate After Close of Filing. – After the close of the candidate filing period, a candidate who has filed a notice of candidacy for the office, who has not withdrawn notice before the close of filing as permitted by G.S. 163-323(b), who remains alive, and has not become disqualified for the office may not withdraw his or her candidacy. That candidate's name shall remain on the ballot, any votes cast for the candidacy shall be counted in primary or election, and if the candidate wins, the candidate may fail to qualify by refusing to take the oath of office.

(e) Death, Disqualification, or Failure to Qualify After Election. – If a person elected to the office of justice of the Supreme Court, judge of the Court of Appeals, or superior or district court judge dies or becomes disqualified on or after election day and before he has qualified by taking the oath of office, or fails to qualify by refusing to take
the oath of office, the office shall be deemed vacant and shall be filled as provided by law."

SECTION 10. Article 22E of Chapter 163 of the General Statutes reads as rewritten:

"§ 163-278.64A. Special participation provisions for candidates in vacancy elections.

(a) Participation Provisions Modified. – Candidates involved in elections described in G.S. 163-329 may participate in the Fund subject to the provisions of G.S. 163-278.64 as modified by this section. The Board shall adapt other provisions of this Article, including G.S. 163-278.67, to those elections.

(b) Qualifying. – The State Board of Elections shall designate a special qualifying period of no less than four weeks for these candidates, beginning at the close of the notice-of-candidacy filing period. To receive certification, a participating candidate shall raise at least 225 qualifying contributions, totaling at least 20 times the amount of the filing fee for the office, for a four-week qualifying period. If the State Board of Elections sets a longer qualifying period, then for each additional week that the qualifying period extends beyond four weeks, the minimum number of qualifying contributions required for certification shall increase by 25, and the minimum amount of the qualifying contributions shall increase by two times the filing fee. The minimum qualifying contributions shall not exceed the limit set by G.S. 163-278.64(b).

(c) Allocations. – Certified candidates shall receive one percent (1%) of the funding to which they would be eligible under G.S. 163-278.65 times the number of calendar days between the end of the special qualifying period and the day of the general election. That amount shall not exceed one hundred percent (100%) of the funding to which they would be eligible under G.S. 163-278.65."

SECTION 11. G.S. 163-278.65(c) reads as rewritten:

"(c) Method of Fund Distribution. – The Board, in consultation with the State Treasurer and the State Controller, shall develop a rapid, reliable method of conveying funds to certified candidates. In all cases, the Board shall distribute funds to certified candidates in a manner that is expeditious, ensures accountability, and safeguards the integrity of the Fund. If the money in the Fund is insufficient to fully fund all certified candidates, then the available money shall be distributed proportionally, according to each candidate's eligible funding, and the candidate may raise additional money in the same manner as a noncertified candidate for the same office up to the unfunded amount of the candidate's eligible funding."

SECTION 12. G.S. 163-278.66(a) reads as rewritten:

"(a) Reporting by Noncertified Candidates and Independent Expenditure Entities. – Any noncertified candidate with a certified opponent shall report total income, expenses, and obligations to the Board by facsimile machine or electronically within 24 hours after the total amount of campaign expenditures or obligations made, or funds raised or borrowed, exceeds eighty percent (80%) of the trigger for rescue funds as defined in G.S. 163-278.62(18). Any entity making independent expenditures in excess of three thousand dollars ($3,000) in support of or opposition to a certified candidate or in support of a candidate opposing a certified candidate shall report the total funds received, spent, or obligated for those expenditures to the Board by facsimile machine or electronically within 24 hours after the total amount of expenditures or obligations made, or funds raised or borrowed, for the purpose of making the independent expenditures, exceeds fifty percent (50%) of the trigger for rescue funds, five thousand dollars ($5,000). After this 24-hour filing, the noncertified candidate or independent
expenditure entity shall comply with an expedited reporting schedule by filing additional reports after receiving each additional amount in excess of one thousand dollars ($1,000) or after making or obligating to make each additional expenditure(s) in excess of one thousand dollars ($1,000). The schedule and forms for reports required by this subsection shall be made according to procedures developed by the Board."

**SECTION 13.** G.S. 163-278.68(b) reads as rewritten:

Any interest generated by the Fund is credited to the Fund. The Board shall administer the Fund.

**SECTION 15.** G.S. 163-278.13(e) reads as rewritten:
"(e) Except as provided in subsections (e2) and (e3) of this section, this section shall not apply to any national, State, district or county executive committee of any political party. For the purposes of this section only, the term "political party" means only those political parties officially recognized under G.S. 163-96."

**SECTION 16.** G.S. 163-278.13(e2) reads as rewritten:
"(e2) In order to make meaningful the provisions of Article 22D of this Chapter, the following provisions shall apply with respect to candidates for justice of the Supreme Court and judge of the Court of Appeals:

1. No candidate shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars ($1,000) except as provided elsewhere in this subsection.

2. A candidate may accept, and a family contributor may make to that candidate, a contribution not exceeding two thousand dollars ($2,000) in an election if the contributor is that candidate's parent, child, brother, or sister.

3. No candidate shall accept, and no contributor shall make to that candidate, a contribution during the period beginning 21 days before the day of the general election and ending the day after the general election if that contribution causes the candidate to exceed the "trigger for rescue funds" defined in G.S. 163-278.62(18). This subdivision applies with respect to a candidate opposed in the general election by a certified candidate as defined in Article 22D of this Chapter who has not received the maximum rescue funds available under G.S. 163-278.67. The recipient of a contribution that apparently violates this subdivision has three days to return the contribution or file a detailed statement with the State Board of Elections explaining why the contribution does not violate this subdivision.

As used in this subsection, "candidate" is also a political committee authorized by the candidate for that candidate's election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual's assets to that candidate's own campaign."

**SECTION 17.** G.S. 163-278.13 is amended by adding a new subsection to read:
"(e3) Notwithstanding the provisions of subsections (a) and (b) of this section, no candidate for superior court judge or district court judge shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars ($1,000), except as provided in subsection (c) of this section. As used in this subsection, "candidate" is also a political committee authorized by the candidate for that candidate's election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual's assets to that candidate's own campaign."

**SECTION 18.** G.S. 105-159.2 reads as rewritten:
"§ 105-159.2. Designation of tax to North Carolina Public Campaign Financing Fund.

(a) Allocation to the North Carolina Public Campaign Fund. – To ensure the financial viability of the North Carolina Public Campaign Fund established in Article
22D of Chapter 163 of the General Statutes, the Department must allocate to that Fund three dollars ($3.00) from the income taxes paid each year by each individual with an income tax liability of at least that amount, if the individual agrees. A taxpayer must be given the opportunity to indicate an agreement or objection to that allocation in the manner described in subsection (b) of this section. In the case of a married couple filing a joint return, each individual must have the option of agreeing or objecting to the allocation. The amounts allocated under this subsection to the Fund must be credited to it on a quarterly or monthly basis.

(b) Returns. – Individual income tax returns must give an individual an opportunity to agree to the allocation of three dollars ($3.00) of the individual's tax liability to the North Carolina Public Campaign Fund. The Department must make it clear to the taxpayer that the dollars will support a nonpartisan court system, that the dollars will go to the Fund if the taxpayer marks an agreement, and that allocation of the dollars neither increases nor decreases the individual's tax liability. The following statement satisfies the intent of the requirement: "Three dollars ($3.00) will go to the North Carolina Public Campaign Fund to support a nonpartisan court system, if you agree. Your tax remains the same whether or not you agree." 'Mark 'Yes' if you want to designate $3 of taxes to this special Fund for voter education materials and for candidates who accept spending limits. Marking 'Yes' does not change your tax or refund.' The Department must consult with the State Board of Elections to ensure that the information given to taxpayers complies with the intent of this section.

The Department must inform the entities it approves to reproduce the return of that they must comply with the requirements of this section and that a return may not reflect an agreement or objection unless the individual completing the return decided to agree or object after being presented with the statement required by subsection (b) of this section and, as available background information or instructions, the information required by subsection (c) of this section. No software package used in preparing North Carolina income tax returns may default to an agreement or objection. A paid preparer of tax returns may not mark an agreement or objection for a taxpayer without the taxpayer's consent.

(c) Instructions. – The instruction for individual income tax returns must include the following explanatory statement: 'The North Carolina N.C. Public Campaign Fund provides an alternative source of campaign money to nonpartisan-qualified candidates for the North Carolina Supreme Court and Court of Appeals who voluntarily accept strict campaign spending and fund-raising limits. The Fund also helps finance a Voter Guide with educational materials about voter registration, the role of the appellate courts, and the candidates seeking election as appellate judges in North Carolina. Three dollars ($3.00) from the taxes you pay will go to the Fund if you mark an agreement. Regardless of what choice you make, your tax will not increase, nor will any refund you are entitled to be reduced.'

(5) If such firm makes a written request that it wishes to contract, signed by an officer or owner of the firm, and delivered to the city clerk at least 10 days before the public hearing, unless other arrangements satisfactory to the private solid waste collection firm or firms have been made, the city shall either:

(2) Pay to the firm the firm's economic loss, with one-third of the economic loss to be paid within 30 days of the termination and the balance paid in 12 equal monthly installments during the next succeeding 12 months. Any remaining economic loss payment is forfeited if the firm terminates service to customers in the annexation area prior to the effective date of the annexation.

(3) Make other arrangements satisfactory to the parties.

(a1) To qualify for the options set forth in subsection (a) of this section, a firm must have done one of the following:

(1) Subsequent to receiving notice of the annexation in accordance with subsection (b) of this section, filed with the city clerk at least 10 days prior to the public hearing a written request to contract with the city to provide solid waste collection services containing a certification, signed by an officer or owner of the firm, that the firm serves at least 50 customers within the county at that time.

At least four weeks prior to the date of the informational meeting, the city shall provide written notice of the resolution of intent to all firms serving the area to be annexed. The notice shall be sent to all firms that filed notice in accordance with subsection (a2) of this section by certified mail, return receipt requested, to the address provided by the firm under subsection (a2) of this section.

(c) The city may require that the contract contain:

(2) A requirement that the private firm agree to service customers in the annexed area that were not served by that firm on the effective date of annexation;

(7) A provision for monetary damages if there are violations of the contract or of performance standards.

(d) If the services to be provided to the city by reason of the annexation are substantially the same as rendered under the franchise with the county or arrangements with the parties, the amount paid by the city shall be at least ninety percent (90%) of the amount paid or required under the existing franchise or arrangements. If such services are required to be adjusted to conform to city standards or as a result of changes in the number of customers, and as a result there are changes in disposal costs (including mileage and landfill charges), requirements for storage capacity (dumpsters and/or residential carts), and/or frequency of collection, the amount paid by the city for the service shall be increased or decreased to reflect the value of such adjusted services as if computed under the existing franchise or arrangements. In the event agreement cannot be reached between the city and the private firm under this subsection, such matters shall be determined by the Local Government Commission.

(e) The city may, at any time after one year's operation thereunder, terminate a contract made with the solid waste collection firm under subsection (a) of this section upon payment to said firm of an amount equal to the economic loss determined in subsection (f) of this section, but discounted by the percentage of the contract which has elapsed prior to the effective date of the termination.

Either the private firm or the city may obtain judicial review in accordance with Chapter 150B of the General Statutes.

(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than 10 business 30 days following a written request of the city, sent by certified mail return receipt requested, all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss. The firm forfeits its rights under this section if it fails to make a good faith response within 10 business 30 days following receipt of the written request for information from the city, provided that the city's written request states that statutory rights will be forfeited in the absence of a timely response and includes a specific reference to this section.

H.B. 1843 Session Law 2006-201

AN ACT TO ESTABLISH THE STATE GOVERNMENT ETHICS ACT; TO CREATE THE STATE ETHICS COMMISSION; TO ESTABLISH ETHICAL STANDARDS FOR CERTAIN STATE PUBLIC OFFICERS, STATE EMPLOYEES, AND APPOINTEES TO NONADVISORY STATE BOARDS AND COMMISSIONS; TO REQUIRE PUBLIC DISCLOSURE OF ECONOMIC INTERESTS BY CERTAIN PERSONS IN THE EXECUTIVE, LEGISLATIVE, AND JUDICIAL BRANCHES; TO AMEND THE LOBBYING LAWS; AND TO MAKE CONFORMING CHANGES.

Whereas, the people of North Carolina entrust public power to elected and appointed officials for the purpose of furthering the public, not private or personal, interest; and

Whereas, to maintain the public trust, it is essential that government function honestly and fairly, free from all forms of impropriety, threats, favoritism, and undue influence; and

Whereas, elected and appointed officials must maintain and exercise the highest standards of duty to the public in carrying out the responsibilities and functions of their positions; and
Whereas, acceptance of authority granted by the people to elected and appointed officials imposes a commitment of fidelity to the public interest, and the power so entrusted should not be used to advance narrow interests for oneself or others; and

Whereas, self-interest, partiality, and prejudice have no place in decision making for the public good; and

Whereas, public officials must exercise their duties responsibly with skillful judgment and energetic dedication; and

Whereas, public officials must exercise discretion with sensitive information pertaining to public and private persons and activities; and

Whereas, to maintain the integrity of North Carolina's State government, those citizens entrusted with authority must exercise it for the good of the public and treat every citizen with courtesy, attentiveness, and respect; and

Whereas, because many public officials serve on a part-time basis, it is inevitable that conflicts of interest and appearances of conflicts will occur. Often these conflicts are unintentional and slight, but at every turn those public officials who represent the people of this State must ensure that it is the interests of the people, and not their own, that are being served. Officials should be prepared to remove themselves immediately from decisions, votes, or processes where a conflict of interest exists; Now, therefore,

(e) At the beginning of any meeting of a board, the chair shall remind all members of their duty to avoid conflicts of interest and appearances of conflict under this Chapter. The chair also shall inquire as to whether there is any known conflict of interest or appearance of conflict with respect to any matters coming before the board at that time.

(f) The head of each State agency, including the chair of each board subject to this Chapter, shall ensure that legal counsel employed by or assigned to their agency or board are familiar with the provisions of this Chapter, including the Ethical Standards for Covered Persons set forth in Article 4 of this Chapter, and are available to advise public servants on the ethical considerations involved in carrying out their public duties in the best interest of the public. Legal counsel so engaged may consult with the Commission, seek the Commission's assistance or advice, and refer public servants and others to the Commission as appropriate.

(g) Taking into consideration the individual autonomy, needs, and circumstances of each agency and board, the head of each State agency, including the chair of each board subject to this Chapter, shall consider the need for the development and implementation of in-house educational programs, procedures, or policies tailored to meet the agency's or board's particular needs for ethics education, conflict identification, and conflict avoidance. Agency heads and board chairs may request reasonable assistance from the Commission in complying with the requirements of this subsection.

(h) As soon as reasonably practicable after the designation, hiring, or promotion of their chief deputies, assistants, or other public servants under their supervision or control, or learning of the appointment or election of other public servants to a board covered under this Chapter, all agency heads and board chairs shall (i) notify the Commission of such designation, hiring, promotion, appointment, or election and (ii) provide these public servants with copies of this Chapter and all applicable financial disclosure forms, if these materials and forms have not been previously provided to these public servants in connection with their designation, hiring, promotion, appointment, or election. In order to avoid duplication of effort, agency heads and board chairs shall coordinate this effort with the Commission's staff.

This subsection shall not apply to financial or other benefits derived by a covered person or legislative employee that the covered person or legislative employee would enjoy to an extent no greater than that which other citizens of the State would or could enjoy, or that are so remote, tenuous, insignificant, or speculative that a reasonable person would conclude under the circumstances that the covered person's or legislative employee's ability to protect the public interest and perform the covered person's or legislative employee's official duties would not be compromised.

(b) A covered person shall not mention or permit another person to mention the covered person's public position in nongovernmental advertising that advances the private interest of the covered person or others. The prohibition in this subsection shall not apply to political advertising, news stories, news articles, the inclusion of a covered person's position in a directory or biographical listing, or the charitable solicitation for a nonprofit business entity qualifying under 26 U.S.C. § 501(c)(3). (c) Notwithstanding G.S. 163-278.16A, no covered person shall use or permit the use of State funds for any advertisement or public service announcement in a newspaper, on radio, television, magazines, or billboards, that contains that covered person's name, picture, or voice, except in case of State or national emergency and only if the announcement is reasonably necessary to the covered person's official function. This subsection shall not apply to fund-raising on behalf of and aired on public radio or public television.

(a) A covered person or a legislative employee shall not knowingly, directly or indirectly, ask, accept, demand, exact, solicit, seek, assign, receive, or agree to receive
anything of value for the covered person or legislative employee, or for another person, in return for being influenced in the discharge of the covered person's or legislative employee's official responsibilities, other than that which is received by the covered person or the legislative employee from the State for acting in the covered person's or legislative employee's official capacity.

(b) A covered person may not solicit for a charitable purpose any gift from any subordinate State employee.    a. The reasonable actual expenditures shall be made by a lobbyist's principal, and not a lobbyist.
b. Any educational meeting must be attended by at least 10 or more participants, have a formal agenda, and notice of the meeting has been given at least 10 days in advance.
c. Any food, beverages, or entertainment must be provided to all attendees or defined groups of 10 or more attendees.
d. Any entertainment must be incidental to the principal agenda of the educational meeting.

(8) Gifts given to a public servant not otherwise subject to an exception under this subsection, where the gift is food and beverages, transportation, lodging, entertainment or related expenses associated with the public business of industry recruitment, promotion of international trade, or the promotion of travel and tourism, and the public servant is responsible for conducting the business on behalf of the State, provided all the following conditions apply:
   a. The public servant did not solicit the gift, and the public servant did not accept the gift in exchange for the performance of the public servant's official duties.
   b. The public servant reports electronically to the Commission within 30 days of receipt of the gift or of the date set for disclosure of public records under G.S. 132-6(d), if applicable. The report shall include a description and value of the gift and a description how the gift contributed to the public business of industry recruitment, promotion of international trade, or the promotion of travel and tourism. This report shall be posted to the Commission's public Web site.
   c. A tangible gift, other than food or beverages, not otherwise subject to an exception under this subsection shall be turned over as State property to the Department of Commerce within 30 days of receipt, except as permitted under subsection (f) of this section.

(10) Gifts given or received as part of a business, civic, religious, fraternal, personal, or commercial relationship not related to the person's public service or position and made under circumstances that a reasonable person would conclude that the gift was not given for the purpose of lobbying.
(f) A prohibited gift that would constitute an expense appropriate for reimbursement by the public servant's employing entity if it had been incurred by the public servant personally shall be considered a gift accepted by or donated to the State, provided the public servant has been approved by the public servant's employing entity to accept or receive such things of value on behalf of the State. The fact that the employing entity's reimbursement rate for the type of expense is less than the value of a particular gift shall not render the gift prohibited.

(g) A prohibited gift shall be declined, returned, paid for at fair market value, or donated immediately to charity or the State.

(h) A covered person or legislative employee shall not accept an honorarium from a source other than the employing entity for conducting any activity where any of the following apply:

(1) The employing entity reimburses the covered person or legislative employee for travel, subsistence, and registration expenses.

(2) The employing entity's work time or resources are used.

(3) The activity would be considered official duty or would bear a reasonably close relationship to the covered person's or legislative employee's official duties.

An outside source may reimburse the employing entity for actual expenses incurred by a covered person or legislative employee in conducting an activity within the duties of the covered person or legislative employee, or may pay a fee to the employing entity, in lieu of an honorarium, for the services of the covered person or legislative employee. An honorarium permissible under this subsection shall not be considered a gift for purposes of subsection (c) of this section.

(i) Acceptance or solicitation of a gift in compliance with this section without corrupt intent shall not constitute a violation of the statutes related to bribery under G.S. 14-217, 14-218, or 120-86.

"§ 138A-33. Other compensation."

A public servant or legislative employee shall not solicit or receive personal financial gain, other than that received by the public servant or legislative employee from the State, or with the approval of the employing entity, for acting in the public servant's or legislative employee's official capacity, or for advice or assistance given in the course of carrying out the public servant's or legislative employee's duties.

"§ 138A-34. Use of information for private gain."

A public servant or legislative employee shall not use or disclose nonpublic information gained in the course of, or by reason of, the public servant's or legislative employee's official responsibilities in a way that would affect a personal financial interest of the public servant or legislative employee, a member of the public servant's or legislative employee's extended family, or a person with whom or business with which the public servant or legislative employee is associated. A public servant or legislative employee shall not improperly use or improperly disclose any confidential information.

"§ 138A-35. Other rules of conduct."

(a) A public servant shall make a due and diligent effort before taking any action, including voting or participating in discussions with other public servants on a board on which the public servant also serves, to determine whether the public servant has a conflict of interest. If the public servant is unable to determine whether or not a conflict of interest may exist, the public servant has a duty to inquire of the Commission as to that conflict.

771
(b) A public servant shall continually monitor, evaluate, and manage the public servant's personal, financial, and professional affairs to ensure the absence of conflicts of interest.

(c) A public servant shall obey all other civil laws, administrative requirements, and criminal statutes governing conduct of State government applicable to appointees and employees.

(a) Except as permitted by subsection (d) of this section and under G.S. 138A-38, no public servant acting in that capacity, authorized to perform an official action requiring the exercise of discretion, shall knowingly participate in an official action by the employing entity if the public servant, a member of the public servant's extended family, or a business with which the public servant is associated, has an economic interest in, or a reasonably foreseeable benefit from, the matter under consideration, which would impair the public servant's independence of judgment or from which it could reasonably be inferred that the interest or benefit would influence the public servant's participation in the official action. A potential benefit includes a detriment to a business competitor of (i) the public servant, (ii) a member of the public servant's extended family, or (iii) a business with which the public servant is associated.

(b) A public servant described in subsection (a) of this section shall abstain from taking any verbal or written action in furtherance of the official action. The public servant shall submit in writing to the employing entity the reasons for the abstention. When the employing entity is a board, the abstention shall be recorded in the employing entity's minutes.

(c) A public servant shall take appropriate steps, under the particular circumstances and considering the type of proceeding involved, to remove himself or herself to the extent necessary, to protect the public interest and comply with this Chapter, from any proceeding in which the public servant's impartiality might reasonably be questioned due to the public servant's familial, personal, or financial relationship with a participant in the proceeding. A participant includes (i) an owner, shareholder, partner, member or manager of a limited liability company, employee, agent, officer, or director of a business, organization, or group involved in the proceeding, or (ii) an organization or group that has petitioned for rule making or has some specific, unique, and substantial interest in the proceeding. Proceedings include quasi-judicial proceedings and quasi-legislative proceedings. A personal relationship includes one in a leadership or policy-making position in a business, organization, or group.

(d) If a public servant is uncertain whether the relationship described in subsection (c) of this section justifies removing the public servant from the proceeding under subsection (c) of this section, the public servant shall disclose the relationship to the person presiding over the proceeding and seek appropriate guidance. The presiding officer, in consultation with legal counsel if necessary, shall then determine the extent to which the public servant will be permitted to participate. If the affected public servant is the person presiding, then the vice-chair or any other substitute presiding officer shall make the determination. A good-faith determination under this subsection of the allowable degree of participation by a public servant is presumptively valid and only subject to review under G.S. 138A-12 upon a clear and convincing showing of mistake, fraud, abuse of discretion, or willful disregard of this Chapter.
§ 138A-37. Legislator participation in official actions.
   (a) Except as permitted under G.S. 138A-38, no legislator shall knowingly participate in a legislative action if the legislator, a member of the legislator's extended family, the legislator's client, or a business with which the legislator is associated, has an economic interest in, or may reasonably and foreseeably benefit from the action, and if after considering whether the legislator's judgment would be substantially influenced by the interest and considering the need for the legislator's particular contribution, including special knowledge of the subject matter to the effective functioning of the legislature, the legislator concludes that an actual economic interest does exist which would impair the legislator's independence of judgment. A potential benefit includes a detriment to a business competitor of (i) the legislator, (ii) a member of the legislator's extended family, or (iii) a business with which the legislator is associated. The legislator shall submit in writing to the principal clerk of the house of which the legislator is a member the reasons for the abstention from participation in the legislative matter.
   (b) If the legislator has a material doubt as to whether the legislator should act, the legislator may submit the question for an advisory opinion to the State Ethics Commission in accordance with G.S. 138A-13 or the Legislative Ethics Committee in accordance with G.S. 120-104.

Notwithstanding G.S. 138A-36 and G.S. 138A-37, a covered person may participate in an official action or legislative action under any of the following circumstances except as specifically limited:
   (1) The only interest or reasonably foreseeable benefit that accrues to the covered person, the covered person's extended family, or business with which the covered person is associated as a member of a profession, occupation, or general class is no greater than that which could reasonably be foreseen to accrue to all members of that profession, occupation, or general class.
   (2) When an official or legislative action affects or would affect the covered person's compensation and allowances as a covered person.
   (3) Before the covered person participated in the official or legislative action, the covered person requested and received from the Commission or Committee a written advisory opinion that authorized the participation. In authorizing the participation under this subdivision, the Commission or Committee shall consider the need for the legislator's particular contribution, such as special knowledge of the subject matter, to the effective functioning of the General Assembly.
   (4) Before participating in an official action, a public servant made full written disclosure to the public servant's employing entity which then made a written determination that the interest or benefit would neither impair the public servant's independence of judgment nor influence the public servant's participation in the official action. The employing entity shall file a copy of that written determination with the Commission.
   (5) When action is ministerial only and does not require the exercise of discretion.
   (6) When a public or legislative body records in its minutes that it cannot obtain a quorum in order to take the official or legislative action
because the covered person is disqualified from acting under G.S. 130-36, G.S. 138A-37, or this section, the covered person may be counted for purposes of a quorum, but shall otherwise abstain from taking any further action.

(7) When a public servant notifies the Commission in writing that the public servant judicial employee, or someone whom the public servant appoints to act in the public servant's stead, or both, are the only individuals having legal authority to take an official action, and the public servant discloses in writing the circumstances and nature of the conflict of interest.

(a) Within 30 days of notice of the Commission's determination that a public servant has a disqualifying conflict of interest, the public servant shall eliminate the interest that constitutes the disqualifying conflict of interest or resign from the public position.

(b) Failure by a public servant to comply with subsection (a) of this section is a violation of this Chapter for purposes of G.S. 138A-45.

(c) A decision under this section shall be considered a final decision for contested case purposes under Article 3 of Chapter 150B of the General Statutes.

(d) As used in this section, a disqualifying conflict of interest is a conflict of interest of such significance that the conflict of interest would prevent a public servant from fulfilling a substantial function or portion of the public servant's public duties.

"§ 138A-40. Employment and supervision of members of covered person's extended family.

A covered person or legislative employee shall not cause the employment, appointment, promotion, transfer, or advancement of an extended family member of the covered person to a State office, or a position to which the covered person supervises or manages, except for positions at the General Assembly as permitted by the Legislative Services Commission. A public servant or legislative employee shall not supervise, manage, or participate in an action relating to the discipline of a member of the public servant's extended family, except as specifically authorized by the public servant's or legislative employee's employing entity.

"§ 138A-41. Other ethics standards.

Nothing in this Chapter shall prevent the Supreme Court, the Committee, the Legislative Services Commission, constitutional officers of the State, heads of principal departments, the Board of Governors of The University of North Carolina, the State Board of Community Colleges, or other boards from adopting additional or supplemental ethics standards applicable to that public agency's operations.

"§§ 138A-42 through 44: [Reserved]

(b) The willful failure of any public servant serving on a board to comply with this Chapter is misfeasance, malfeasance, or nonfeasance. In the event of misfeasance, malfeasance, or nonfeasance, the offending public servant serving on a board is subject
to removal from the board of which the public servant is a member. For appointees of
the Governor and members of the Council of State, the appointing authority may

of the Senate may remove the offending public servant. For appointees of the General

Senate or House of Representatives, the electing house of the General Assembly shall
exercise the discretion of whether to remove the offending public servant. For all other
appointees, the Commission shall exercise the discretion of whether to remove the
offending public servant.

(c) The willful failure of any public servant serving as a State employee to
comply with this Chapter is a violation of a written work order, thereby permitting
disciplinary action as allowed by the law, including termination from employment. For
employees of State departments headed by a member of the Council of State, the
appropriate member of the Council of State shall make all final decisions on the manner
in which the offending public servant shall be disciplined. For public servants who are
judicial employees, the Chief Justice shall make all final decisions on the matter in
which the offending judicial employee shall be disciplined. For legislative employees,
the Legislative Services Commission shall make or refer to the hiring authority all final
decisions on the matter in which the offending legislative employee shall be disciplined.

decisions on the matter in which the offending public servant shall be disciplined. For
any other public servant serving as a State employee, the Governor shall make all final
decisions on the manner in which the offending public servant shall be disciplined.

(d) The willful failure of any constitutional officer of the State to comply with
this Chapter is malfeasance in office for purposes of G.S. 123-5.

(e) The willful failure of a legislator, other than the Lieutenant Governor, to
comply with this Chapter is grounds for sanctions under G.S. 120-103.1.

(f) Nothing in this Chapter affects the power of the State to prosecute any person
for any violation of the criminal law.

SECTION 3. G.S. 87-88 reads as rewritten:

"§ 87-88. General standards and requirements.

(a) Prior Permission. – Prior permission shall be obtained from the Environmental Management Commission for the construction of (i) any water well or of well systems with a designed capacity of 100,000 gallons per day or greater; and (ii) of any well in a geographical area where the Environmental Management Commission finds, after public hearings, such permission to be reasonably necessary to protect the groundwater resources and the public welfare, safety and health, taking into consideration other applicable State laws; provided, however, that the Environmental Management Commission shall not reject any application under this subsection for permission to construct a well except upon the ground that the well would not be in compliance with a provision of this Article or with a rule or regulation of the Environmental Management Commission adopted pursuant to the provisions of G.S. 87-87 of this Article. Notification of approval or rejection of an application for permission to construct a well shall be given the applicant within a period of 15 days after receipt of such application. Private drinking water wells (i) with a designed capacity of 100,000 gallons per day or greater or (ii) that are to be constructed in a geographical area where the Environmental Management Commission has found that prior permission is necessary shall be subject to permitting and inspection by the Environmental Management Commission and shall not be subject to permitting and inspection by a local health department. All other private drinking water wells shall be subject to permitting and inspection by the local health department as provided in G.S. 87-97.

(b) Reports. – Any person completing or abandoning any well shall furnish the Environmental Management Commission a certified record of the construction or abandonment of such well within a period of 30 days after completion of construction or abandonment.

(c) Prevention of Contamination. – Every well shall be constructed and maintained in a condition whereby it is not a source or channel of contamination of the groundwater supply or any aquifer. Wells subject to the provisions of subdivision (a)(i) of this section shall be operated in such a way that they shall not cause the violation of applicable groundwater quality standards. Contamination as used herein shall mean the act of introducing into water foreign materials of such a nature, quality, and quantity as to cause degradation of the quality of the water.

(d) Valves and Casing on Flowing Artesian Wells. – Valves and casing on all flowing artesian wells shall be maintained in a condition so that the flow of water can be
completely stopped when the well is not being put to a beneficial use. Valves shall be closed when a beneficial use is not being made.

(e) Access Port. – Every water-supply well and such other wells, as may be specified by the Environmental Management Commission, shall be equipped with a usable access port or air line and to be a minimum of 0.5 inch inside diameter opening so that the position of the water level can be determined at any time. Such port shall be installed and maintained in such manner as to prevent entrance of water or foreign material.

(f) Mineralized Water. – Whenever a water-bearing stratum or aquifer that contains nonpotable mineralized water is encountered in well construction, the stratum shall be adequately cased or cemented off as conditions may require so that contamination of the overlying or underlying groundwater zones will not occur.

(g) Polluted Water. – In constructing any well, all water-bearing zones that are known to contain polluted water shall be adequately cased or cemented off so that pollution of the overlying and underlying groundwater zones will not occur.

(h) Well Test. – Every water-supply well shall be tested for capacity by a method and for a period of time acceptable to the Department and depending on the intended use of the well.

(i) Chlorination of the Well. – Upon completion of the well construction and pump installation, all water-supply wells installed for the purpose of obtaining groundwater for domestic human consumption and all private drinking water wells shall be sterilized in accordance with standards for sterilization of drinking water wells established by the U.S. Public Health Service.

(j) Use of Well for Recharge or Disposal. – No well shall be used for recharge, injection or disposal purposes without prior permission from the Environmental Management Commission.

(k) Abandonment of Wells. –

(1) Temporary Abandonment: When any well is temporarily removed from service, the top of the well shall be sealed with a water-tight cap or seal.

(2) Permanent Abandonment: Any well that is to be permanently abandoned shall be filled, plugged, or sealed in such a manner as to prevent the well from being a channel allowing the vertical movement of water and a source of contamination of the groundwater supply.

(3) Abandonment of Water Supply Wells for Other Use: Any water supply well that is removed from service as a potable water supply source may be used for other purposes, including, but not limited to, irrigation, commercial use, or industrial use, and such well is not subject to either subdivision (1) or (2) of this subsection during its use for other purposes."

SECTION 4. Article 7 of Chapter 87 of the General Statutes is amended by adding a new section to read:

"§ 87-97. Permitting, inspection, and testing of private drinking water wells.

(a) Mandatory Local Well Programs. – Each county, through the local health department that serves the county, shall implement a private drinking water well permitting, inspection, and testing program. Local health departments shall administer the program and enforce the minimum well construction, permitting, inspection, repair, and testing requirements set out in this Article and rules adopted pursuant to this Article.
(b) Permit Required. – Except for those wells required to be permitted by the Environmental Management Commission pursuant to G.S. 87-88, no person shall:

(1) Construct or assist in the construction of a private drinking water well unless a construction permit has been obtained from the local health department.

(2) Repair or assist in the repair of a private drinking water well unless a repair permit has been obtained from the local health department, except that a permit shall not be required for the repair or replacement of a pump or tank.

(c) Permit Not Required for Maintenance or Pump Repair or Replacement. – A repair permit shall not be required for any private drinking water well maintenance work that does not involve breaking or opening the well seal. A repair permit shall not be required for any private drinking water well repair work that involves only the repair or replacement of a pump or tank.

(d) Well Site Evaluation. – The local health department shall conduct a field investigation to evaluate the site on which a private drinking water well is proposed to be located before issuing a permit pursuant to this section. The field investigation shall determine whether there is any abandoned well located on the site, and if so, the construction permit shall be conditioned upon the proper closure of all abandoned wells located on the site in accordance with the requirements of this Article and rules adopted pursuant to this Article. If a private drinking water well is proposed to be located on a site on which a wastewater system subject to the requirements of Article 11 of Chapter 130A of the General Statutes is located or proposed to be located, the application for a construction permit shall be accompanied by a plat, as defined in G.S. 130A-334.

(e) Issuance of Permit. – The local health department shall issue a construction permit or repair permit if it determines that a private drinking water well can be constructed or repaired and operated in compliance with this Article and rules adopted pursuant to this Article. The local health department may impose any conditions on the issuance of a construction permit or repair permit that it determines to be necessary to ensure compliance with this Article and rules adopted pursuant to this Article.

(f) Expiration and Revocation. – A construction permit or repair permit shall be valid for a period of five years except that the local health department may revoke a permit at any time if it determines that there has been a material change in any fact or circumstance upon which the permit is issued. The foregoing shall be prominently stated on the face of the permit. The validity of a construction permit or a repair permit shall not be affected by a change in ownership of the site on which a private drinking water well is proposed to be located or is located if the location of the well is unchanged and the well and the facility served by the well remain under common ownership.

(g) Certificate of Completion. – Upon completion of construction of a private drinking water well or repair of a private drinking water well for which a permit is required under this section, the local health department shall inspect the well to determine whether it was constructed or repaired in compliance with the construction permit or repair permit. If the local health department determines that the private drinking water well has been constructed or repaired in accordance with the requirements of the construction permit or repair permit, this Article, and rules adopted pursuant to this Article, the local health department shall issue a certificate of completion. No person shall place a private drinking water well into service without first having obtained a certificate of completion. No person shall return a private
drinking water well that has undergone repair to service without first having obtained a
certificate of completion.

(h) Drinking Water Testing. – Within 30 days after it issues a certificate of
completion for a newly constructed private drinking water well, the local health
department shall test the water obtained from the well for the following parameters:
arSENIC, BARIUM, CADMIUM, CHROMIUM, COPPER, FLUORIDE, LEAD, IRON, MAGNESIUM,
manganese, Mercury, nITRATES, NITRITES, selenium, silver, sodium, zinc, pH, and bacterial
indicators.

(i) Commission for Health Services to Adopt Drinking Water Testing Rules. –
The Commission for Health Services shall adopt rules governing the sampling and
testing of well water and the reporting of test results. The rules shall allow local health
departments to designate third parties to collect and test samples and report test results.
The rules shall also provide for corrective action and retesting where appropriate. The
Commission for Health Services may by rule require testing for additional parameters if
the Commission makes a specific finding that testing for the additional parameters is
necessary to protect public health.

(j) Test Results. – The local health department shall provide test results to the
owner of the newly constructed private drinking water well and, to the extent
practicable, to any leaseholder of a dwelling unit or other facility served by the well at
the time the water is sampled.

(k) Registry of Permits and Test Results. – Each local health department shall
maintain a registry of all private drinking water wells for which a construction permit or
repair permit is issued. The registry shall specify the physical location of each private
drinking water well and shall include the results of all tests of water from each well. The
local health department shall retain a record of the results of all tests of water from a
private drinking water well until the well is properly closed in accordance with the
requirements of this Article and rules adopted pursuant to this Article.

(l) Authority Not Limited. – This section shall not be construed to limit any
authority of local boards of health, local health departments, the Department of Health
and Human Services, or the Commission for Health Services to protect public health.

SECTION 5. G.S. 130A-4 reads as rewritten:

Payment for transportation project work performed pursuant to contract in any fiscal year other than the current fiscal year is subject to appropriations by the General Assembly. Transportation project contracts shall contain a schedule of estimated completion progress, and any acceleration of this progress shall be subject to the approval of the Department of Transportation provided funds are available. The State reserves the right to terminate or suspend any transportation project contract, and any transportation project contract shall be so terminated or suspended if funds will not be available for payment of the work to be performed during that fiscal year pursuant to the contract. In addition, G.S. 143-3.3 G.S. 143B-426.39A prohibits refund anticipation loans repaid from refunds of North Carolina tax."

SECTION 18. G.S. 62-302 reads as rewritten:

(a) Fee Imposed. – It is the policy of the State of North Carolina to provide fair regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The cost of regulating public utilities is a burden incident to the privilege of operating as a public utility. Therefore, for the purpose of defraying the cost of regulating public utilities, every public utility subject to the jurisdiction of the Commission shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this
section. The fees collected shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public.

It is also the policy of the State to provide limited oversight of certain electric membership corporations as provided in G.S. 62-53. Therefore, for the purpose of defraying the cost of providing the oversight authorized by G.S. 62-53 and G.S. 117-18.1, each fiscal year each electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16 shall pay an annual fee as provided in this section.

(b) Public Utility Rate.—

(2) The public utility regulatory fee for each fiscal year shall be the greater of (i) a percentage rate, established by the General Assembly, of each public utility's North Carolina jurisdictional revenues for each quarter or (ii) six dollars and twenty-five cents ($6.25) each quarter.

When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose a percentage rate of the public utility regulatory fee. For fiscal years beginning in an odd-numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143-11. G.S. 143C-3-5. For fiscal years beginning in an even-numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly. The General Assembly shall set the percentage rate of the public utility regulatory fee by law.

The percentage rate may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Commission and the Public Staff for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Commission or the Public Staff or a possible unanticipated increase or decrease in North Carolina jurisdictional revenues.

(3) If the Commission, the Public Staff, or both experience a revenue shortfall, the Commission shall implement a temporary public utility regulatory fee surcharge to avert the deficiency that would otherwise occur. In no event may the total percentage rate of the public utility regulatory fee plus any surcharge established by the Commission exceed twenty-five hundredths percent (0.25%).

(4) As used in this section, the term "North Carolina jurisdictional revenues" means all revenues derived or realized from intrastate tariffs, rates, and charges approved or allowed by the Commission or collected pursuant to Commission order or rule, but not including tap-on fees or any other form of contributions in aid of construction.

(b1) Electric Membership Corporation Rate.— The electric membership corporation regulatory fee for each fiscal year shall be a dollar amount as established by the General Assembly by law.
When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose the amount of the electric membership corporation regulatory fee. For fiscal years beginning in an odd-numbered year, the proposed amount shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143-11. For fiscal years beginning in an even-numbered year, the proposed amount shall be included in a special budget message the Governor shall submit to the General Assembly.

The amount of the electric membership corporation regulatory fee proposed by the Commission may not exceed the amount necessary to defray the estimated cost of the operations of the Commission and the Public Staff for the regulation of the electric membership corporations in the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of the Commission and the Public Staff for the regulation of the electric membership corporations for the upcoming fiscal year.

(c) When Due. – The electric membership corporation regulatory fee imposed under this section shall be paid in quarterly installments. The fee is due and payable to the Commission on or before the 15th day of the second month following the end of each quarter.

The public utility regulatory fee imposed under this section is due and payable to the Commission on or before the 15th day of the second month following the end of each quarter. Every public utility subject to the public utility regulatory fee shall, on or before the date the fee is due for each quarter, prepare and render a report on a form prescribed by the Commission. The report shall state the public utility's total North Carolina jurisdictional revenues for the preceding quarter and shall be accompanied by any supporting documentation that the Commission may by rule require. Receipts shall be reported on an accrual basis.

If a public utility's report for the first quarter of any fiscal year shows that application of the percentage rate would yield a quarterly fee of twenty-five dollars ($25.00) or less, the public utility shall pay an estimated fee for the entire fiscal year in the amount of twenty-five dollars ($25.00). If, after payment of the estimated fee, the public utility's subsequent returns show that application of the percentage rate would yield quarterly fees that total more than twenty-five dollars ($25.00) for the entire fiscal year, the public utility shall pay the cumulative amount of the fee resulting from application of the percentage rate, to the extent it exceeds the amount of fees, other than any surcharge, previously paid.

(d) Use of Proceeds. – A special fund in the office of State Treasurer, the Utilities Commission and Public Staff Fund, is created. The fees collected pursuant to this section and all other funds received by the Commission or the Public Staff, except for the clear proceeds of civil penalties collected pursuant to G.S. 62-50(d) and the clear proceeds of funds forfeited pursuant to G.S. 62-310(a), shall be deposited in the Utilities Commission and Public Staff Fund. The Fund shall be placed in an interest bearing account and any interest or other income derived from the Fund shall be credited to the Fund. Moneys in the Fund shall only be spent pursuant to appropriation by the General Assembly.

The Utilities Commission and Public Staff Fund shall be subject to the provisions of the Executive Budget Act except that no unexpended surplus of the Fund shall revert to the General Fund. All funds credited to the Utilities Commission and Public Staff Fund shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public as provided by this
Chapter and in regulating electric membership corporations as provided in G.S. 117-18.1.

The clear proceeds of civil penalties collected pursuant to G.S. 62-50(d) and the clear proceeds of funds forfeited pursuant to G.S. 62-310(a) shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2."

SECTION 19. G.S. 62A-22(d) reads as rewritten:

"(d) Consistent with the provisions of G.S. 143-3.2, G.S. 143B-426.39B, the Board shall disburse the revenues remitted to the Wireless Fund in the manner set forth in G.S. 62A-25. The Board shall establish procedures for disbursement of these revenues and advise the CMRS providers and eligible counties of such procedures within 60 days after all members are appointed pursuant to G.S. 62A-22(a)."

SECTION 20. G.S. 74-24.6 reads as rewritten:

(a) The Commissioner shall appoint an Advisory Council consisting of 11 members to assist him in the development of safety and health standards for mines which are subject to this Article and to advise him on matters relating to safety and health in such mines. Said Advisory Council shall include three members expressly qualified by experience and affiliation to present the viewpoint of operators of such mines, three persons similarly qualified to present the viewpoint of workers in such mines, and five members of the public sector with knowledge of mining operations or associated health and safety aspects thereof. The Commissioner of Labor shall annually designate one member to act as chairman. The members of the Advisory Council shall serve at the pleasure of the Commissioner and shall have no specific term of office.

(b) The Advisory Council shall hold not fewer than two meetings during each calendar year, and said meetings shall be open to the public. The Commissioner shall furnish to the Advisory Council such secretarial, clerical, and other services as he deems necessary to conduct its business.

(c) The members of the Advisory Council shall be compensated for travel expenses and per diem as authorized by the Advisory Budget Commission in accordance with those amounts paid to State boards under Chapter 138 of the General Statutes.

(d) The Commissioner may from time to time select representatives of professional organizations of technicians, professional persons specializing in occupational safety and health, and representatives of State agencies who by experience and affiliation are qualified to present the viewpoint of operators of mines and workers in mines to assist the Advisory Council in performing its duties. Such persons, except State employees, selected for temporary purposes may be paid such per diem and travel expenses for attending meetings as may be fixed by the Advisory Budget Commission and recommended by the Commissioner."

SECTION 21. G.S. 95-135(c) reads as rewritten:

"(c) The Commission shall meet at least once each calendar quarter but it may hold call meetings or hearings upon at least three days' notice to each member by the chairman and at such time and place as the chairman may fix. The chairman shall be responsible on behalf of the Commission for the administrative operations of the Commission and shall appoint such hearing examiners and other employees as he deems necessary to assist in the performance of the Commission's functions and fix the compensation of such employees with the approval of the Governor. The assignment and removal of hearing examiners shall be made by the Commission, and any hearing examiner may be removed for misfeasance, malfeasance, misconduct, immoral conduct,
incompetency, the commission of any crime, or for any other good and adequate reason as found by the Commission. The Commission shall give notice to such hearing examiner, along with written allegations as to the charges against him, and the same shall be heard by the Commission, and its decision shall be final. The compensation of the members of the Commission shall be on a per diem basis and shall be fixed by the Governor. The chairman of the Commission may be paid a higher rate of compensation than the other two members of the Commission. For the purpose of carrying out its duties and functions under this Article, two members of the Commission shall constitute a quorum and official action can be taken only on the affirmative vote of at least two members of the Commission. On matters properly before the Commission the chairman may issue temporary orders, subpoenas, and other temporary types of orders subject to the subsequent review of the Commission. The issuance of subpoenas, orders to take depositions, orders requiring interrogatories and other procedural matters of evidence issued by the chairman shall not be subject to review. Prior to taking any action under this subsection to set compensation, the Governor may consult with the Advisory Budget Commission."

SECTION 22. G.S. 96-5 reads as rewritten:

"§ 96-5. Employment Security Administration Fund.

(a) Special Fund. – There is hereby created in the State treasury a special fund to be known as the Employment Security Administration Fund. All moneys which are deposited or paid into this fund shall be continuously available to the Commission for expenditure in accordance with the provisions of this Chapter, and shall not lapse at any time or be transferred to any other fund. The Employment Security Administration Fund, except as otherwise provided in this Chapter, shall be subject to the provisions of the Executive Budget Act (G.S. 143-1 et seq.), State Budget Act (Chapter 143C of the General Statutes) and the Personnel Act (G.S. 126-1 et seq.). All moneys in this fund which are received from the federal government or any agency thereof or which are appropriated by this State for the purpose described in G.S. 96-20 shall be expended solely for the purposes and in the amounts found necessary by the Secretary of Labor for the proper and efficient administration of this Chapter. The fund shall consist of all moneys appropriated by this State, all moneys received from the United States of America, or any agency thereof, including the Secretary of Labor, and all moneys received from any other source for such purpose, and shall also include any moneys received from any agency of the United States or any other state as compensation for services or facilities supplied to such agency, any amounts received pursuant to any surety bond or insurance policy or from other sources for losses sustained by the Employment Security Administration Fund or by reason of damage to equipment or supplies purchased from moneys in such fund, and any proceeds realized from the sale or disposition of any such equipment or supplies which may no longer be necessary for the proper administration of this Chapter: Provided, any interest collected on contributions and/or penalties collected pursuant to this Chapter shall be paid into the Special Employment Security Administration Fund created by subsection (c) of this section. All moneys in this fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State treasury, and shall be maintained in a separate account on the books of the State treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Employment Security Administration Fund provided for under this Chapter. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and
such liability shall exist in addition to any liability upon any separate bond existent on
the effective date of this provision, or which may be given in the future. All sums
recovered on any surety bond for losses sustained by the Employment Security
Administration Fund shall be deposited in said fund.

(b) Replacement of Funds Lost or Improperly Expended. – If any moneys
received from the Secretary of Labor under Title III of the Social Security Act, or any
unencumbered balances in the Employment Security Administration Fund or any
moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act, or
any moneys made available by this State or its political subdivisions and matched by
such moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act,
are found by the Secretary of Labor, because of any action or contingency, to have been
lost or expended for purposes other than, or in amounts in excess of those found
necessary by the Secretary of Labor for the proper administration of this Chapter, it is
the policy of this State that such moneys, not available from the Special Employment
Security Administration Fund established by subsection (c) of this section, shall be
replaced by moneys appropriated for such purpose from the general funds of this State
to the Employment Security Administration Fund for expenditure as provided in
subsection (a) of this section. Upon receipt of notice of such a finding by the Secretary
of Labor, the Commission shall promptly pay from the Special Employment Security
Administration Fund such sum if available in such fund; if not available, it shall
promptly report the amount required for such replacement to the Governor and the
Governor shall, at the earliest opportunity, submit to the legislature a request for the
appropriation of such amount.

(c) There is hereby created in the State treasury a special fund to be known as the
Special Employment Security Administration Fund. All interest and penalties,
regardless of when the same became payable, collected from employers under the
provisions of this Chapter subsequent to June 30, 1947 as well as any appropriations of
funds by the General Assembly, shall be paid into this fund. No part of said fund shall
be expended or available for expenditure in lieu of federal funds made available to the
Commission for the administration of this Chapter. Said fund shall be used by the
Commission for the payment of costs and charges of administration which are found by
the Secretary of Labor not to be proper and valid charges payable out of any funds in
the Employment Security Administration Fund received from any source and shall also
be used by the Commission for: (i) extensions, repairs, enlargements and improvements
to buildings, and the enhancement of the work environment in buildings used for
Commission business; (ii) the acquisition of real estate, buildings and equipment
required for the expeditious handling of Commission business; and (iii) the temporary
stabilization of federal funds cash flow. The Employment Security Commission may
use funds either from the Special Employment Security Commission Administration
Fund created by this subsection or from federal funds, or from a combination of the two,
to offset the costs of compliance with Article 7A [of Chapter 163] of the General
Statutes of North Carolina or compliance with P.L. 103-31. Refunds of interest
allowable under G.S. 96-10, subsection (e) shall be made from this special fund:
Provided, such interest was deposited in said fund: Provided further, that in those cases
where an employer takes credit for a previous overpayment of interest on contributions
due by such employer pursuant to G.S. 96-10, subsection (e), that the amount of such
credit taken for such overpayment of interest shall be reimbursed to the Unemployment
Insurance Fund from the Special Employment Security Administration Fund. The
Special Employment Security Administration Fund, except as otherwise provided in this
Chapter, shall be subject to the provisions of the Executive Budget Act (G.S. 143-1 et seq.), State Budget Act (Chapter 143C of the General Statutes), and the Personnel Act (G.S. 126-1 et seq.). All moneys in this fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State treasury, and shall be maintained in a separate account on the books of the State treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Special Employment Security Administration Fund provided for under this Chapter. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any surety bond for losses sustained by the Special Employment Security Administration Fund shall be deposited in said fund. The moneys in the Special Employment Security Administration Fund shall be continuously available to the Commission for expenditure in accordance with the provisions of this section.

(c1) The Employment Security Commission shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division no later than April 1 of every year as to how the funds authorized to be used by Session Laws 1995, (Regular Session, 1996), c. 608 were expended.

(d) The other provisions of this section and G.S. 96-6, to the contrary notwithstanding, the Commission is authorized to requisition and receive from its account in the unemployment trust fund in the treasury of the United States of America, in the manner permitted by federal law, such moneys standing to its credit in such fund, as are permitted by federal law to be used for expense of administering this Chapter and to expend such moneys for such purpose, without regard to a determination of necessity by a federal agency. The State Treasurer shall be treasurer and custodian of the amounts of money so requisitioned. Such moneys shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as are provided by law for other special funds in the State treasury.

(e) Reed Bill Fund Authorization. – Subject to a specific appropriation by the General Assembly of North Carolina to the Employment Security Commission out of funds credited to and held in this State's account in the Unemployment Trust Fund by the Secretary of the Treasury of the United States pursuant to and in accordance with section 903 of the Social Security Act, the Commission is authorized to utilize such funds for the administration of the Employment Security Law, including personal services, operating and other expenses incurred in the administration of said law, as well as for the purchase or rental, either or both, of offices, lands, buildings or parts of buildings, fixtures, furnishings, equipment, supplies and the construction of buildings or parts of buildings, suitable for use in this State by the Employment Security Commission, and for the payment of expenses incurred for the construction, maintenance, improvements or repair of, or alterations to, such real or personal property. Provided, that any such funds appropriated by the General Assembly shall not exceed the amount in the Unemployment Trust Fund which may be obligated for expenditure for such purposes; and provided that said funds shall not be obligated for expenditure, as herein provided, after the close of the two-year period which begins on the effective date of the appropriation.

(f) Employment Security Commission Reserve Fund. – There is created in the State treasury a special trust fund, separate and apart from all other public moneys or
funds of this State, to be known as the Employment Security Commission Reserve Fund, hereinafter "Reserve Fund". Part of the proceeds from the tax on contributions imposed in G.S. 96-9(b)(3)j shall be credited to the Reserve Fund, as specified in that statute. The moneys in the Reserve Fund may be used by the Commission for loans to the Unemployment Insurance Fund, as security for loans from the federal Unemployment Insurance Trust Fund, and to pay any interest required on advances under Title XII of the Social Security Act, and shall be continuously available to the Commission for expenditure in accordance with the provisions of this section. The State Treasurer shall be ex officio the treasurer and custodian and shall invest said moneys in accordance with existing law as well as rules and regulations promulgated pursuant thereto. Furthermore, the State Treasurer shall disburse the moneys in accordance with the directions of the Commission and in accordance with such regulations as the Commission may prescribe.

Administrative costs for the collection of the tax and interest payable to the Reserve Fund shall be borne by the Special Employment Security Administration Fund.

The interest earned from investment of the Reserve Fund moneys shall be deposited in a fund hereby established in the State Treasurer's Office, to be known as the "Worker Training Trust Fund". These moneys shall be used to:

1. Fund programs, specifically for the benefit of unemployed workers or workers who have received notice of long-term layoff or permanent unemployment, which will enhance the employability of workers, including, but not limited to, adult basic education, adult high school or equivalency programs, occupational skills training programs, assessment, job counseling and placement programs;
2. Continue operation of local Employment Security Commission offices throughout the State; or
3. Provide refunds to employers.

The use of funds from the Worker Training Trust Fund, for the purposes set out in the above paragraph, shall be pursuant to appropriations in the Current Operations Appropriations Act. Funds appropriated from the Worker Training Trust Fund that are unexpended and unencumbered at the end of the fiscal year for which they are appropriated shall revert to the State treasury to the credit of the Worker Training Trust Fund in accordance with G.S. 143C-1-2.

(g) Notwithstanding subsection (f) of this section, the State Treasurer may invest not more than a total of twenty-five million dollars ($25,000,000) of funds in the Employment Security Commission Reserve Fund established under subsection (f) of this section in securities issued by the North Carolina Technological Development Authority, Inc., the proceeds for which are directed to support investment in venture capital funds. The State Treasurer shall report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on October 1 and March 1 of each fiscal year on investments made pursuant to this subsection."

SECTION 23. G.S. 96-6 reads as rewritten:

"§ 96-6. Unemployment Insurance Fund.

(a) Establishment and Control. – There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Insurance Fund, which shall be administered by the Commission exclusively for the purposes of this Chapter. This fund shall consist of:

1. All contributions collected under this Chapter, together with any interest earned upon any moneys in the fund;
(2) Any property or securities acquired through the use of moneys belonging to the fund;
(3) All earnings of such property or securities;
(4) Any moneys received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the Social Security Act as amended;
(5) All moneys credited to this State's account in the Unemployment Trust Fund pursuant to section 903 of Title IX of the Social Security Act, as amended, (U.S.C.A. Title 42, sec. 1103 (a));
(6) All moneys paid to this State pursuant to section 204 of the Federal-State Extended Unemployment Compensation Act of 1970;
(7) Reimbursement payments in lieu of contributions.

All moneys in the fund shall be commingled and undivided.

(b) Accounts and Deposit. – The State Treasurer shall be ex officio the treasurer and custodian of the fund who shall disburse such fund in accordance with the directions of the Commission and in accordance with such regulations as the Commission shall prescribe. He shall maintain within the fund three separate accounts:
(1) A clearing account,
(2) An unemployment trust fund account, and
(3) A benefit account.

All moneys payable to the fund, upon receipt thereof by the Commission, shall be forwarded immediately to the treasurer who shall immediately deposit them in the clearing account. Refunds payable pursuant to G.S. 96-10 may be paid from the clearing account upon warrants issued upon the treasurer as provided in G.S. 143B-426.39B under the requisition of the Commission. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the secretary of the treasury of the United States of America to the credit of the account of this State in the unemployment trust fund, established and maintained pursuant to section 904 of the Social Security Act, as amended, any provision of law in this State relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this State's account in the unemployment trust fund. Moneys in the clearing and benefit accounts may be deposited by the treasurer, under the direction of the Commission, in any bank or public depository in which general funds of the State may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the unemployment insurance fund provided for under this Chapter. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any surety bond for losses sustained by the unemployment insurance fund shall be deposited in said fund.

(c) Withdrawals. – Moneys shall be requisitioned from this State's account in the unemployment trust fund solely for the payment of benefits (including extended benefits) and in accordance with regulations prescribed by the Commission. The Commission shall, from time to time, requisition from the unemployment trust fund such amounts, not exceeding the accounts standing to its account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt
thereof the treasurer shall deposit such moneys in the benefit account and shall pay all warrants drawn thereon as provided in G.S. 143-3.2, G.S. 143B-426.39B and requisitioned by the Commission for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to approval of the Budget Bureau or any provisions of law requiring specific appropriations or other formal release by State officers of money in their custody. All warrants issued upon the treasurer for the payment of benefits and refunds shall be issued as provided in G.S. 143-3.2, G.S. 143B-426.39B as requisitioned by the chairman of the Commission or a duly authorized agent of the Commission for that purpose. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the Commission, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the unemployment trust fund, as provided in subsection (b) of this section.

(d) Management of Funds upon Discontinuance of Unemployment Trust Fund. – The provisions of subsections (a), (b), and (c), to the extent that they relate to the unemployment trust fund, shall be operative only so long as such unemployment trust fund continues to exist, and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such unemployment trust fund, from which no other state is permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein belonging to the Unemployment Insurance Fund of this State shall be transferred to the treasurer of the Unemployment Insurance Fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the Commission, in accordance with the provisions of this Chapter: Provided, that such moneys shall be invested in the following readily marketable classes of securities: Bonds or other interest-bearing obligations of the United States of America or such investments as are now permitted by law for sinking funds of the State of North Carolina; and provided further, that such investment shall at all times be so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The treasurer shall dispose of securities or other properties belonging to the Unemployment Insurance Fund only under the direction of the Commission.

(e) Benefits shall be deemed to be due and payable under this Chapter only to the extent provided in this Chapter and to the extent that moneys are available therefor to the credit of the Unemployment Insurance Fund, and neither the State nor the Commission shall be liable for any amount in excess of such sums.

(f) Any interest required to be paid on advances under Title XII of the Social Security Act shall be paid in a timely manner and shall not be paid, directly or indirectly, from amounts in the Unemployment Insurance Fund."

SECTION 24. G.S. 96-6.1(b) reads as rewritten:

The amount of funds on deposit in an official depository shall be fully secured by deposit insurance, surety bonds, or investment securities of such nature, in such amounts, and in such manner as is prescribed by the State Treasurer for the security of public deposits generally. The Board is hereby authorized to issue, subject to the approval of the Director of the Budget, at one time or from time to time, revenue bonds of the University for the purpose of undertaking and carrying out any project or projects hereunder; provided, however, that the aggregate principal amount of revenue bonds which the Board is authorized to issue under this section during the biennium ending June 30, 1969, shall not exceed three million five hundred thousand dollars ($3,500,000); provided, further, the Board shall have authority to issue revenue bonds under this section in an additional aggregate principal amount not to exceed three million five hundred thousand dollars ($3,500,000) during the biennium ending June 30, 1971; provided, however, that the aggregate principal amount of revenue bonds which the Board is authorized to issue under this section during the biennium ending June 30, 1973, shall not exceed thirteen million dollars ($13,000,000); provided, further, that the aggregate principal amount of revenue bonds which the Board is authorized to issue under this section during the biennium ending June 30, 1975, shall not exceed thirteen million dollars ($13,000,000). The bonds shall be dated, shall mature at such time or times not exceeding 30 years from their date or dates, and shall bear interest at such rate or rates as may be determined by the Board, and may be made redeemable before maturity at the option of the Board at such price or prices and under such terms and conditions as may be fixed by the Board prior to the issuance of the bonds. The Board shall determine the form and manner of execution of the bonds, and any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature appears on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Part or any recitals in any bonds issued under the provisions of this Part, all such bonds shall be deemed to be negotiable instruments under the laws of this State. The bonds may be issued in coupon or registered form or both, as the Board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The Board may sell such bonds in such manner, at public or
private sale, and for such price, as it may determine to be for the best interests of the University.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Board may provide in the resolution authorizing the issuance of such bonds. Unless otherwise provided in the authorizing resolution, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such costs, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds may also contain such limitations upon the issuance of additional revenue bonds as the Board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution.

Prior to the preparation of definitive bonds, the Board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Board may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued by the Board under the provisions of this Part, subject to the approval of the Director of the Budget, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those consents, proceedings, conditions or things which are specifically required by this Part.

Revenue bonds issued under the provisions of this Part shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds.

The Board is hereby authorized to issue, subject to the approval of the Director of the Budget, at one time or from time to time, revenue bond anticipation notes of the Board in anticipation of the issuance of bonds authorized pursuant to the provisions of this Part. The principal of and the interest on such notes shall be payable solely from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, any available revenues of the project or projects for which such bonds shall have been authorized. The notes of each issue shall be dated, shall mature at such time or times not exceeding two years from their date or dates, shall bear interest at such rate or rates as may be determined by the Board, and may be made redeemable before maturity, at the option of the Board, at such price or prices and under such terms and conditions as may be fixed by the Board, and may be made redeemable before maturity, at the option of the Board, at such price or prices and under such terms and conditions as may be fixed by the Board prior to the issuance of the notes. The Board shall determine the form and manner of execution of the notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the notes and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer, whose signature or a facsimile of whose signature shall appear on any notes or coupons, shall cease to be such officer before the delivery of such notes, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in
office until such delivery. Notwithstanding any of the other provisions of this Part or any recitals in any notes issued under the provisions of this Part, all such notes shall be deemed to be negotiable instruments under the laws of this State. The notes may be issued in coupon or registered form or both, as the Board may determine, and provision may be made for the registration of any coupon notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon notes of any notes registered as to both principal and interest. The Board may sell such notes in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the University.

The proceeds of the notes of each issue shall be used solely for the purpose for which the bonds in anticipation of which such notes are being issued shall have been authorized, and such note proceeds shall be disbursed in such manner and under such restrictions, if any, as the Board may provide in the resolution authorizing the issuance of such notes or bonds.

The resolution providing for the issuance of notes or bonds may also contain such limitations upon the issuance of additional notes as the Board may deem proper, and such additional notes shall be issued under such restrictions and limitations as may be prescribed by such resolution.

Notes may be issued by the Board under the provisions of this Part, subject to the approval of the Director of the Budget, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those consents, proceedings, conditions or things which are specifically required by this Part.

Revenue bond anticipation notes issued under the provisions of this Part shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State, but such notes shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the notes.

Unless the context shall otherwise indicate, the word "bonds," wherever used in this Part, shall be deemed and construed to include the words "bond anticipation notes."

Prior to taking any action under this section, the Director of the Budget may consult with the Advisory Budget Commission.

The cost of regulating electric and telephone membership corporations is a burden incident to the privilege of operating as an electric or telephone membership corporation. Therefore, for the purpose of defraying the cost of regulating electric and telephone membership corporations, every electric and telephone membership corporation subject to the jurisdiction of the Authority shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected
shall be used only to pay the expenses of the Authority in regulating electric and telephone membership corporations in the interest of the public.

(b) Rate. – For each fiscal year, the regulatory fee shall be the greater of the following:

(1) The rate established by the General Assembly for that year for each electric membership corporation's North Carolina meter connected for service and each telephone membership corporation's North Carolina access line connected for service for each quarter of the year.

The regulatory fee may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Authority for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Authority for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Authority or a possible unanticipated increase or decrease in North Carolina electric meters and North Carolina telephone access lines.

(c) When Due. – The regulatory fee imposed under this section is due and payable to the Authority on or before the 15th day of the second month following the end of each quarter. 7. To adopt, with the approval of the Governor, reasonable rules for the efficient and economical operation, maintenance, repair, and replacement, as limited in paragraph 4. of this subdivision, of all state-owned motor vehicles under the control of the Department, and to enforce those rules; and to adopt, with the approval of the Governor, reasonable rules regulating the use of private motor vehicles upon State business by the officers and employees of State agencies, and to enforce those rules. The Department, with the approval of the Governor, may delegate to the respective heads of the agencies to which motor vehicles are permanently assigned by the Department the duty of enforcing the rules adopted by the Department pursuant to this paragraph. Any person who violates a rule adopted by the Department and approved by the Governor is guilty of a Class 1 misdemeanor.

7a. To adopt with the approval of the Governor and to enforce rules and to coordinate State policy regarding (i) the permanent assignment of state-owned passenger motor vehicles and (ii) the use of and reimbursement for those vehicles for the limited commuting permitted by this subdivision. For the purpose of this subdivision 7a, "state-owned passenger motor vehicle" includes any state-owned passenger motor vehicle, whether or not owned, maintained or controlled by the Department of Administration, and regardless of the source of the funds used to purchase it. Notwithstanding the provisions of G.S. 20-190 or any other provisions of law, all state-owned passenger motor vehicles are subject to the provisions of this subdivision 7a; no permanent assignment shall be made and no one shall be exempt from payment of reimbursement for commuting or from the other provisions of this subdivision 7a except as provided by this subdivision 7a. Commuting, as defined and regulated by this subdivision, is limited to those specific cases in which the Secretary has received and accepted written justification, verified by historical data. The Department shall not assign any state-owned motor vehicle that may be used for commuting other than those
authorized by the procedure prescribed in this subdivision.

A State-owned passenger motor vehicle shall not be permanently assigned to an individual who is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless (i) the individual's duties are routinely related to public safety or (ii) the individual's duties are likely to expose the individual routinely to life-threatening situations. A State-owned passenger motor vehicle shall also not be permanently assigned to an agency that is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless the agency can justify to the Division of Motor Fleet Management the need for permanent assignment because of the unique use of the vehicle. Each agency, other than the Department of Transportation, that has a vehicle assigned to it or has an employee to whom a vehicle is assigned shall submit a quarterly report to the Division of Motor Fleet Management on the miles driven during the quarter by the assigned vehicle. The Division of Motor Fleet Management shall review the report to verify that each motor vehicle has been driven at the minimum allowable rate. If it has not and if the department by whom the individual to which the car is assigned is employed or the agency to which the car is assigned cannot justify the lower mileage for the quarter, the permanent assignment shall be revoked immediately. The Department of Transportation shall submit an annual report to the Division of Motor Fleet Management on the miles driven during the year by vehicles assigned to the Department or to employees of the Department. If a vehicle included in this report has not been driven at least 12,600 miles during the year, the Department of Transportation shall review the reasons for the lower mileage and decide whether to terminate the assignment. The Division of Motor Fleet Management may not revoke the assignment of a vehicle to the Department of Transportation or an employee of that Department for failure to meet the minimum mileage requirement unless the Department of Transportation consents to the revocation.

Every individual who uses a State-owned passenger motor vehicle, pickup truck, or van to drive between the individual's official work station and his or her home, shall reimburse the State for these trips at a rate computed by the Department. This rate shall approximate the benefit derived from the use of the vehicle as prescribed by federal law. Reimbursement shall be for 20 days per month regardless of how many
days the individual uses the vehicle to commute during the month. Reimbursement shall be made by payroll deduction. Funds derived from reimbursement on vehicles owned by the Motor Fleet Management Division shall be deposited to the credit of the Division; funds derived from reimbursements on vehicles initially purchased with appropriations from the Highway Fund and not owned by the Division shall be deposited in a Special Depository Account in the Department of Transportation, which shall revert to the Highway Fund; funds derived from reimbursement on all other vehicles shall be deposited in a Special Depository Account in the Department of Administration which shall revert to the General Fund. Commuting, for purposes of this paragraph, does not include those individuals whose office is in their home, as determined by the Department of Administration, Division of Motor Fleet Management. Also, this paragraph does not apply to the following vehicles: (i) clearly marked police and fire vehicles, (ii) delivery trucks with seating only for the driver, (iii) flatbed trucks, (iv) cargo carriers with over a 14,000 pound capacity, (v) school and passenger buses with over 20 person capacities, (vi) ambulances, (vii) [Repealed]. (viii) bucket trucks, (ix) cranes and derricks, (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii) garbage trucks, (xiv) specialized utility repair trucks (except vans and pickup trucks), (xv) tractors, (xvi) unmarked law-enforcement vehicles that are used in undercover work and are operated by full-time, fully sworn law-enforcement officers whose primary duties include carrying a firearm, executing search warrants, and making arrests, and (xvii) any other vehicle exempted under Section 274(d) of the Internal Revenue Code of 1954, and Federal Internal Revenue Services regulations based thereon. The Department of Administration, Division of Motor Fleet Management, shall report quarterly to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office on individuals who use State-owned passenger motor vehicles, pickup trucks, or vans between their official work stations and their homes, who are not required to reimburse the State for these trips.

The Department of Administration shall revoke the assignment or require the Department owning the vehicle to revoke the assignment of a State-owned passenger motor vehicle, pickup truck or van to any individual who:
I. Uses the vehicle for other than official business except in accordance with the commuting rules;

II. Fails to supply required reports to the Department of Administration, or supplies incomplete reports, or supplies reports in a form unacceptable to the Department of Administration and does not cure the deficiency within 30 days of receiving a request to do so;

III. Knowingly and willfully supplies false information to the Department of Administration on applications for permanent assignments, commuting reimbursement forms, or other required reports or forms;

IV. Does not personally sign all reports on forms submitted for vehicles permanently assigned to him or her and does not cure the deficiency within 30 days of receiving a request to do so;

V. Abuses the vehicle; or

VI. Violates other rules or policy promulgated by the Department of Administration not in conflict with this act.

A new requisition shall not be honored until the Secretary of the Department of Administration is assured that the violation for which a vehicle was previously revoked will not recur.

The Department of Administration, with the approval of the Governor, may delegate, or conditionally delegate, to the respective heads of agencies which own passenger motor vehicles or to which passenger motor vehicles are permanently assigned by the Department, the duty of enforcing all or part of the rules adopted by the Department of Administration pursuant to this subdivision 7a. The Department of Administration, with the approval of the Governor, may revoke this delegation of authority.

Prior to adopting rules under this paragraph, the Secretary of Administration may consult with the Advisory Budget Commission.

Notwithstanding the provisions of this section and G.S. 14-247, the Department of Administration may allow the organization sanctioned by the Governor's Council on Physical Fitness to conduct the North Carolina State Games to use State trucks and vans for the State Games of North Carolina. The Department of Administration shall not charge any fees for the use of the vehicles for the State Games. The State shall incur no liability for any damages resulting from the use of vehicles under this provision. The organization that conducts the State Games shall carry liability insurance
of not less than one million dollars ($1,000,000) covering such vehicles while in its use and shall be responsible for the full cost of repairs to these vehicles if they are damaged while used for the State Games.

8. To adopt and administer rules for the control of all state-owned passenger motor vehicles and to require State agencies to keep all records and make all reports regarding motor vehicle use as the Secretary deems necessary.

9. To acquire motor vehicle liability insurance on all State-owned motor vehicles under the control of the Department.

10. To contract with the appropriate State prison authorities for the furnishing, upon such conditions as may be agreed upon from time to time between such State prison authorities and the Secretary, of prison labor for use in connection with the operation of a central motor pool and related activities.

11. To report annually to the General Assembly on any rules adopted, amended or repealed under paragraphs 3, 7, or 7a of this subdivision.

j. To establish and operate central mimeographing and duplicating services, central stenographical and clerical pools, and other central services, if the Governor after appropriate investigation deems it advisable from the standpoint of efficiency and economy in operation to establish any or all such services. The Secretary may allocate and charge against the respective agencies their proportionate part of the cost of maintenance and operation of the central services which are established, in accordance with the rules adopted by him and approved by the Governor and Council of State pursuant to paragraph k, below.

Upon the establishment of central mimeographing and duplicating services, the Secretary may, with the approval of the Governor, require any State agency to be served by those central services to transfer to the Department ownership, custody, and control of any or all mimeographing and duplicating equipment and supplies within the ownership, custody, or control of such agency.

k. To require the State agencies and their officers and employees to utilize the central facilities and services which are established; and to adopt, with the approval of the Governor and Council of State, reasonable rules and procedures requiring the utilization of such central facilities and services, and governing their operation and the charges to be made for their services.

l. To provide necessary information service for visitors to the Capitol.

m. To perform such additional duties and exercise such additional powers as may be assigned to it by statute or by the Governor.

"§ 147-9.3. Annuity contracts; salary deductions.

The chief executive officer shall use the funds derived from the reduction in the salary of the employee to purchase a nonforfeitable annuity or retirement income contract for the benefit of said employee. An employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of salary reduction in cash or in any other way except the annuity or retirement income contract. Funds used for the purchase of an annuity or retirement income contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective. Notwithstanding the provisions of G.S. 143-3.3, G.S. 143B-426.39A and notwithstanding any provision of law relating to salaries or salary schedules of teachers or State employees, the chief executive officer of an employer, on behalf of the
employer, may from time to time enter into a contract with a teacher or employee under which the teacher or employee irrevocably elects to defer receipt of a portion of his scheduled salary in the future, but only if, as a result of such contract, the income so deferred is deferred pursuant to the Plan provided for in G.S. 143B-426.24 or pursuant to some other plan established before January 1, 1983, and is not constructively received by the teacher or employee in the year in which it was earned, for State and federal income tax purposes. In addition, the income so deferred shall be invested in the manner provided in the applicable Plan; however, the teacher or employee may revoke his election to participate and may amend the amount of compensation to be deferred by signing and filing with the Board a written revocation or amendment on a form and in the manner approved by the Board. Any such revocation or amendment shall be effective prospectively only and shall cause no change in the allocation of amounts invested prior to the filing date of such revocation or amendment.

A teacher or employee who has agreed to the deferral of income pursuant to the Plan shall have the right to receive the income so deferred only in accordance with the provisions of the Plan. Funds so deferred shall not be in lieu of any amount earned by the teacher or employee before his election to defer compensation became effective. The agreement to defer income referred to herein shall be effective under such necessary regulations and procedures as are adopted by the Board, and on forms prepared or approved by it. A teacher or employee who agrees to defer income as provided in this section may authorize payroll deductions for deferral of the income. An employer shall make payroll deduction available for a teacher or employee who authorizes payroll deduction. Notwithstanding any other provisions of law, the amount by which the salary of a teacher or employee is deferred pursuant to the Plan shall not be excluded, but shall be included, in computing and making payroll deductions for social security and retirement system purposes, if any, and in computing and providing matching funds for retirement system purposes, if any.

These benefits are exempt from levy, sale, and garnishment, except as provided by this section."

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-247 reads as rewritten:

"§ 115C-247. Purchase of activity buses by local boards.

The several local boards of education in the State are hereby authorized and 
empowered to take title to school buses purchased with local or community funds for 
the purpose of transporting pupils to and from athletic events and for other local school 
activity purposes, and commonly referred to as activity buses.

Each local board of education that operates activity buses shall adopt a policy 
relative to the proper use of the vehicles. The policy shall permit the use of these buses 
for travel to athletic events during the regular season and playoffs and for travel to other 
school-sponsored activities.

The provisions of G.S. 115C-42 shall be fully applicable to the ownership and 
operation of such activity school buses. Activity buses may also be used as provided in 
G.S. 115C-243."

SECTION 2. The Department of Public Instruction, in cooperation with the 
Department of Transportation, shall develop a program for issuing a statewide permit to 
commercial motor coach companies that seek to contract with local school systems for 
the transportation of students, school personnel, and other persons authorized by the 
school system for school-sponsored trips. This program is intended to provide 
commercial motor coach companies with a single permit that can be used statewide and 
will be an alternative to the current system that requires motor coach companies to meet
the varying requirements of each school system that they contract with for such transportation services. The Department of Public Instruction shall review and amend the recommended guidelines and procedures for school charter transportation, adopted by the School Charter Transportation Safety Committee in December 2004, to meet the requirements of the new permit program.

The requirements of the program shall include, but not be limited to, all of the following:

1. The motor coach company demonstrates compliance with the Federal Motor Carrier Safety Regulations (FMCSR) as evidenced by a prior on-site examination of its motor carrier operation in which the company received a safety fitness rating of "satisfactory" in accordance with 49 C.F.R. Part 385.

2. The previously issued "satisfactory" safety rating is current at the time the local board of education contracts for services.

3. The motor coach company has not had an out-of-service order issued against it within the prior 12 months.

4. The requirement that the motorcoach companies adhere to the motor vehicle laws of the jurisdiction in which they are operating.

5. The collection of a reasonable fee to offset the costs of implementing and maintaining the program.

6. The consideration of the needs of schools that serve large populations of students with special needs.

The Department of Public Instruction, in establishing the program, shall consult with the North Carolina State Highway Patrol, the North Carolina School Boards Association, the Federal Motor Carrier Safety Administration, the North Carolina Motorcoach Association, the North Carolina PTA, and other interested parties to discuss the proposed requirements of the program.

The Department of Public Instruction shall report to the Joint Legislative Education Oversight Committee by November 15, 2006, on development of the program. The Committee shall report its findings, together with any recommended legislation, including the amount of any reasonable fees, to the 2007 General Assembly upon its convening.

SECTON 3. This act is effective when it becomes law.

S.B. 1479

AN ACT TO ENACT THE UNIFORM UNINCORPORATED NONPROFIT ASSOCIATION ACT AND TO MAKE TECHNICAL CORRECTIONS AND CONFORMING CHANGES TO THE GENERAL STATUTES, AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

The General Assembly of North Carolina enacts:

PART I. UNIFORM UNINCORPORATED NONPROFIT ASSOCIATION ACT.

SECTION 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 59B.

"Uniform Unincorporated Nonprofit Association Act."

§ 59B-1. Short title.
This Chapter may be cited as the Uniform Unincorporated Nonprofit Association Act.

§ 59B-2. Definitions.
In this Chapter:

(1) "Member" means a person who, under the rules or practices of a nonprofit association, may participate in the selection of persons authorized to manage the affairs of the nonprofit association or in the development of policy of the nonprofit association.

(2) "Nonprofit association" means an unincorporated organization, other than one created by a trust and other than a limited liability company, consisting of two or more members joined by mutual consent for a common, nonprofit purpose. However, joint tenancy, tenancy in common, or tenancy by the entireties does not by itself establish a nonprofit association, even if the co-owners share use of the property for a nonprofit purpose.

(3) "Person" means an individual, corporation, limited liability company, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(4) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or insular possession subject to the jurisdiction of the United States.

§ 59B-3. Supplementary general principles of law and equity.
Principles of law and equity supplement this Chapter unless displaced by a particular provision of it.

§ 59B-4. Title to property; choice of law.
Real and personal property in this State may be acquired, held, encumbered, and transferred by a nonprofit association, whether or not the nonprofit association or a member has any other relationship to this State.
"§ 59B-5. Real and personal property; nonprofit association as legatee, devisee, or beneficiary.
(a) A nonprofit association is a legal entity separate from its members for the purposes of acquiring, holding, encumbering, and transferring real and personal property.
(b) A nonprofit association, in its name, may acquire, hold, encumber, or transfer an estate or interest in real or personal property.
(c) A nonprofit association may be a beneficiary of a trust or contract, a legatee, or a devisee.
(d) Any judgments and executions against a nonprofit association bind its real and personal property in like manner as if it were incorporated.

"§ 59B-6. Statement of authority as to real property.
(a) A nonprofit association may execute and record a statement of authority to transfer an estate or interest in real property in the name of the nonprofit association.
(b) An estate or interest in real property in the name of a nonprofit association may be transferred by a person so authorized in a statement of authority recorded in the office of the register of deeds in the county in which a transfer of the property would be recorded.
(c) A statement of authority must be set forth in a document styled "affidavit" that contains all of the following:

(1) The name of the nonprofit association.
(2) Reserved for future codification purposes.
(3) The street address, and the mailing address if different from the street address, of the nonprofit association, and the county in which it is located, or, if the nonprofit association does not have an address in this State, its address out-of-state.
(4) That the association is an unincorporated nonprofit association.
(5) The name or office of a person authorized to transfer an estate or interest in real property held in the name of the nonprofit association.
(6) That the association has duly authorized the member or agent executing the statement to do so.
(d) A statement of authority must be sworn to and subscribed in the same manner as an affidavit by a member or agent who is not the person authorized to transfer the estate or interest.
(e) The register of deeds shall collect a fee for recording a statement of authority in the amount authorized by G.S. 161-10(a)(1). The register of deeds shall index the name of the nonprofit association and the member or agent signing the statement of authority or any subsequent document relating thereto as Grantor and the name of the appointee as Grantee.
(f) An amendment, including a termination, of a statement of authority must meet the requirements for execution and recording of an original statement. Unless terminated earlier, a recorded statement of authority or its most recent amendment expires by operation of law five years after the date of the most recent recording.
(g) If the record title to real property is in the name of a nonprofit association and the statement of authority is recorded in the office of the register of deeds in the county in which a transfer of real property would be recorded, the authority of the person or officer named in a statement of authority is conclusive in favor of a person who gives value without notice that the person or officer lacks authority.
§ 59B-7. Liability of members or other persons.
   (a) A nonprofit association is a legal entity separate from its members for the purposes of determining and enforcing rights, duties, and liabilities.
   (b) A person is not liable for the contract, tort, or other obligations of a nonprofit association merely because the person is a member, is authorized to participate in the management of the affairs of the nonprofit association, or is referred to as a "member" by the nonprofit association.
   (c) Reserved for future codification purposes.
   (d) A tortious act or omission of a member or other person for which a nonprofit association is liable is not imputed to a person merely because the person is a member of the nonprofit association, is authorized to participate in the management of the affairs of the nonprofit association, or is referred to as a "member" by the nonprofit association.
   (e) A member of, or a person referred to as a "member" by, a nonprofit association may assert a claim against or on behalf of the nonprofit association. A nonprofit association may assert a claim against a member or a person referred to as a "member" by the nonprofit association.

§ 59B-8. Capacity to assert and defend; standing.
   (a) A nonprofit association, in its name, may institute, defend, intervene, or participate in a judicial, administrative, or other governmental proceeding or in an arbitration, mediation, or any other form of alternative dispute resolution.
   (b) A nonprofit association may assert a claim in its name on behalf of its members or persons referred to as "members" by the nonprofit association if one or more of them have standing to assert a claim in their own right, the interests the nonprofit association seeks to protect are germane to its purposes, and neither the claim asserted nor the relief requested requires the participation of a member or a person referred to as a "member" by the nonprofit association.

§ 59B-9. Effect of judgment or order.
A judgment or order against a nonprofit association is not by itself a judgment or order against a member, a person referred to as a "member" by the nonprofit association, or a person authorized to participate in the management of the affairs of the nonprofit association.

§ 59B-10. Disposition of personal property of inactive nonprofit association.
If a nonprofit association has been inactive for three years or longer, or a different period specified in a document of the nonprofit association, a person in possession or control of personal property of the nonprofit association may transfer custody of the property:
   (1) If a document of the nonprofit association or document of gift specifies a person to whom transfer is to be made under these circumstances, to that person; or
   (2) If no person is so specified, to a nonprofit association, nonprofit corporation, or other nonprofit entity pursuing broadly similar purposes, or to a government or governmental subdivision, agency, or instrumentality.

§ 59B-11. Appointment of agent to receive service of process.
   (a) A nonprofit association may file in the office of the Secretary of State a statement appointing an agent authorized to receive service of process, notice, or demand required or permitted by law to be served on a nonprofit association.
   (b) A statement appointing an agent must set forth all of the following:
      (1) The name of the nonprofit association.
(2) Reserved for future codification purposes.
(3) The street address, and the mailing address if different from the street address, of the nonprofit association, and the county in which it is located, or, if the nonprofit association does not have an address in this State, its address out-of-state.
(4) The name of the person in this State authorized to receive service of process and the person's address, including the street address, in this State.

(c) A statement appointing an agent must be signed and acknowledged by a person authorized to manage the affairs of a nonprofit association. The statement must also be signed and acknowledged by the person appointed agent, who thereby accepts the appointment. The appointed agent may resign by filing a resignation in the office of the Secretary of State and giving written notice to the nonprofit association at its last known address.

(d) The sole duty of the appointed agent to the nonprofit association is to forward to the nonprofit association at its last known address any notice, process, or demand that is served on the appointed agent.

(e) The Secretary of State is not an agent for service of any process, notice, or demand on any nonprofit association.

(f) The Secretary of State shall collect the following fees when the documents described in this subsection are delivered to the Secretary of State for filing:

<table>

AN ACT TO ALLOW CAPITAL LEASE FINANCING FOR PUBLIC SCHOOLS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 37 of Chapter 115C is amended by adding a new section to read:

"§ 115C-531. Capital leases of school buildings and school facilities.
(a) Definitions. – The following definitions apply in this section:
(1) Capital lease. – A capital lease as defined by generally accepted accounting principles, regardless of how the parties describe the agreement."
(2) Private developer. – The entity with which the school board enters into a capital lease or build-to-suit lease under the provisions of this section.

(b) Authorization. – Local boards of education may enter into capital leases of real or personal property for use as school buildings or school facilities. The capital lease may relate to an existing building or a new school building to be constructed. The term of any capital lease, including any renewal periods, shall not exceed 40 years from the expected date that the local board of education will take occupancy of the property that is the subject of a capital lease. Subdivisions (c) and (d) of G.S. 115C-521 do not apply to a capital lease entered into under this section.

(c) Construction, Repairs, and Renovation. – The provisions of G.S. 115C-530(b) apply to a capital lease under this section. A capital lease entered into under this section may provide that the private developer is responsible for providing, or contracting for, construction, repair, or renovation work. Construction, repair, or renovation work undertaken or contracted by a private developer is not subject to the requirements of Article 8 of Chapter 143 of the General Statutes. Construction, repair, or renovation work undertaken or contracted by the private developer involving the estimated expenditure of three hundred thousand dollars ($300,000) or more is subject to the provisions of G.S. 115C-532.

(d) Nonsubstitution Clause. – A capital lease may not contain a nonsubstitution clause that restricts the right of a local board to continue to provide a service or activity or to replace or provide a substitute for any property financed or purchased by the capital lease.

(e) No Deficiency Judgment; No Pledge of Taxing Power. – No deficiency judgment may be rendered against any local board of education or any unit of local government, as defined in G.S. 160A-20(h), in any action for breach of a contractual obligation authorized by this section, and the taxing power of a unit is not and may not be pledged directly or indirectly to secure any moneys due under a contract authorized by this section. A capital lease shall state that it does not constitute a pledge of the taxing power or full faith and credit of the local board of education or board of county commissioners.

(f) Budgetary Accounting. – A capital lease entered into under this section shall be considered a continuing contract for capital outlay and is subject to G.S. 115C-441(c1); provided, however, notwithstanding any provision of G.S. 115C-441(c1) or G.S. 115C-426, in each fiscal year the appropriation of funds by the county for the payment of amounts due under the capital lease shall be at the discretion of the board of county commissioners.

(g) Local Government Commission Approval. – Capital leases entered into under this section are subject to approval by the Local Government Commission under Article 8 of Chapter 159 of the General Statutes if they meet the standards set out in G.S. 159-148(a)(1), 159-148(a)(2), and 159-148(a)(3). For purposes of determining whether the standards set out in G.S. 159-148(a)(3) have been met, only the five-hundred-thousand-dollar ($500,000) threshold applies.

(h) No Agreements on Student Assignment. – A capital lease may not contain any provision with respect to the assignment of specific students or students from a specific area to any specific school.

(i) Lien Laws Not Affected. – The provisions of Article 2 of Chapter 44A of the General Statutes apply to any real property, improvement to the real property, and rights that flow with the real property that is subject to a capital lease under this section. Real
property that is subject to a capital lease under this section is subject to liens and foreclosure actions in the same manner and to the same extent as if the property were owned in fee simple by a private entity.

"§ 115C-532. Additional provisions applicable to build-to-suit capital leases."

(a) Definitions. – The definitions of G.S. 115C-531 apply in this section. In addition, for the purposes of this section, the following definitions apply:

(1) Build-to-suit capital lease. – A capital lease that provides for the construction of new facilities or the renovation of existing facilities by the private developer, the cost of which is estimated to be greater than three hundred thousand dollars ($300,000).

(2) Prime contractor. – A contractor who contracts directly with the private developer or the private developer's construction manager at risk, if any, for construction, repair, or renovation work under this section.

(b) Contract Provisions. – A build-to-suit capital lease may include contractual provisions by the private developer regarding the provision of products, services, and guarantees related to a facility that is the subject of a capital lease. A local board of education may also enter into a separate agreement or series of related agreements regarding the provision of products, services, and guarantees related to a facility that is the subject of a capital lease; provided all agreements are approved by the board of county commissioners in connection with the approval of the build-to-suit capital lease.

(c) Approval by Local Board of Education. – Before entering into a build-to-suit capital lease pursuant to this section, the local board of education shall adopt a resolution as provided in this subsection. Before adopting the resolution required by this subsection, the local board of education shall publish a notice of its intent to enter into a build-to-suit capital lease at least 10 days in advance of the date of the meeting at which the action is contemplated in a newspaper having general circulation within the geographic area served by the local board of education. The notice shall include, at a minimum, the date, time, and place of the meeting, a description in brief and general terms of the subject of the lease, the name of the other party to the lease, and an indication of the board's intent to take action to authorize the lease at the indicated meeting. The resolution shall provide the following:

(1) That entering into the build-to-suit capital lease for one or more specified buildings or facilities is in the unit's best interests under all the circumstances. In making this evaluation, the local board of education may consider the time, cost, and quality of design, engineering, and construction, including the time required to begin and the time required to complete a particular activity; occupancy costs, including lease payments, life-cycle maintenance, repair, and energy costs; and any other factors the board deems relevant.

(2) That the private developer is qualified to provide, either alone or in conjunction with other identified and associated persons, the products and services called for under the proposed capital lease and any related agreements. The local board of education shall make this determination taking into account any factors the local board deems relevant, including the knowledge, skill, and reputation of the provider and its associated persons, the goals and plans of providers for utilization of minority business enterprises, and the costs to be incurred by the local board of education.
(d) Additional Requirements Regarding Design Services. – Required design and engineering services shall be performed by an engineer, to the extent permitted under G.S. 83A-13(b), or a licensed architect. Specifications for any new school building shall be consistent with the requirements of G.S. 143-128(a). All applicable requirements for the review or approval of design and specifications for school buildings by the Department of Public Instruction and the Department of Insurance apply to school buildings constructed, repaired, or renovated under a capital lease authorized under this section.

(e) Additional Requirements Regarding Construction Services. – A private developer is required to seek competition and minority business participation in connection with all construction work under this section in accordance with the following provisions:

1. A private developer shall either (i) solicit bids from prime contractors for all construction work under this section or (ii) select a construction manager at risk through a qualification based process in which case the selected construction manager at risk shall solicit bids from all of its prime contractors for all construction work under this section.

2. The private developer or its construction manager at risk may prequalify contractors. The prequalification criteria, if any, shall be determined by the local board of education and the private developer to address quality, performance, the time specified in the bids for performance of the contract, the cost of construction oversight, time for completion, capacity to perform, and other factors deemed appropriate by the private developer and the local board of education.

3. A private developer and its construction manager at risk, if any, shall comply with the requirements applicable to a public entity pursuant to G.S. 143-128.2, and prime contractors shall comply with the provisions of G.S. 143-128.2 applicable to contractors, except the private developer and its construction manager shall adopt the local board of education's minority participation goal. The local board of education shall require the private developer to submit its plan for compliance with G.S. 143-128.2 for approval by the local board of education prior to the private developer soliciting bids under this subsection.

4. A private developer or its construction manager at risk shall publicly advertise at least 30 days in advance of the bid date in a newspaper having general circulation within the geographic areas served by the local board of education, shall open bids publicly, and shall award each contract to the lowest responsible, responsive, and prequalified bidder, taking into consideration quality, performance, the time specified in the bids for performance of the contract, the cost of construction oversight, time for completion, compliance with G.S. 143-128.2, and any other factors deemed appropriate by the private developer and the local board of education and included in the bid solicitation. A private developer or its construction manager at risk shall enter into the construction contracts directly with the successful bidder. After the award of a contract or contracts, the private developer or its construction manager at risk and any contractor may negotiate and reach agreement with the successful bidder on modifications to all
aspects of the contract, including the time for performance, the scope of the work, and the price to be paid.

(5) The local board of education, in its discretion, may require the private developer to provide a performance and payment bond for construction work in accordance with the provisions of Article 3 of Chapter 44A of the General Statutes and may require the private developer to provide a bond or other appropriate guarantee to cover any other guarantees, products, or services to be provided by the private developer.

(f) Predevelopment Agreements with Private Developer Authorized. – Local boards of education may enter into predevelopment agreements with a private developer in advance of entering into a build-to-suit capital lease. Predevelopment agreements with private developers shall be approved by the board of county commissioners. Predevelopment agreements may include provisions for each of the following:

1. Site selection, land acquisition, and site preparation, including such services as wetlands delineation, archaeological review, and State and local government land-use permitting.
2. Building programming and design, including both architectural and engineering services pursuant to subsection (d) of this section.

(g) Real Estate Transfer Authorized. – Notwithstanding any contrary provisions of law, a city, county, or local board of education may, pursuant to the procedures in G.S. 160A-267, sell, lease, or otherwise transfer real or personal property to any private developer for construction, repair, or renovation of a school facility under a build-to-suit capital lease entered into pursuant to this section. The conveying unit may subject the property to any covenants, conditions, or restrictions as the unit deems to be necessary to carry out the purposes of this section. The disposition of property pursuant to this subsection is not subject to the requirements of G.S. 115C-518. No transfer by a local board of education under this subsection shall occur unless it is approved by the board of county commissioners.

(h) Additional Permitted Lease Terms. – In recognition of the potential economic and technical utility of build-to-suit capital leases, which include in their scope combinations of design, construction, operation, management, and maintenance responsibilities over prolonged periods of time, and the potential desirability of a single point of responsibility for these matters in connection with build-to-suit capital leases, any build-to-suit capital lease may include provisions imposing responsibility on the private developer or any identified affiliated entity for any of the following matters:

1. Site selection, land acquisition, and site preparation, including wetlands delineation, archaeological review, and State and local government land-use permitting.
2. Facility programming, planning, and design, including both architectural and engineering services.
3. Qualification and prequalification of contractors and subcontractors.
4. Construction and construction management.
5. Financing.
6. Facility maintenance and repairs.
8. Transfer of ownership of the leased property to a local government entity at the end of the lease term.
9. Any other guaranties, products, and services as the local board of education may determine.
(i) Letter of Credit. – A private developer shall provide an irrevocable letter of credit for the benefit of laborers and materialmen in an amount not less than five percent (5%) of the total cost of the improvements which are the subject of the build-to-suit capital lease and shall maintain the letter of credit throughout the construction of the project and for the succeeding six-month period.

SECTION 2. G.S. 143-129(e) is amended by adding a new subdivision to read:
"(e) Exceptions. – The requirements of this Article do not apply to:

In the event a licensee fails to obtain a reinstatement of the license within 90 days after the date the license expires, the Commissioner may require the licensee to comply with the requirements for the initial issuance of a license under the provisions of this Article.

(b1) When required by the Commissioner, each individual described in G.S. 53-245.05(a)(6) shall furnish to the Commissioner his or her consent to a criminal history record check and a set of his or her fingerprints in a form acceptable to the Commissioner. Refusal to consent to a criminal history record check may constitute grounds for the Commissioner to deny renewal of the license of the person as well as the license of any other person by which he or she is employed, over which he or she has control, or as to which he or she is the current or proposed managing principal or a current or proposed branch manager.

(c) Licenses issued under this Article are not assignable. Control of a licensee shall not be acquired through a stock purchase or other device without the prior written consent of the Commissioner. The Commissioner shall not give written consent if the Commissioner finds that any of the grounds for denial, revocation, or suspension of a license pursuant to G.S. 53-243.12 are applicable to the acquiring person.

SECTION 3. Article 19A of Chapter 53 of the General Statutes is amended by adding two new sections to read:

"§ 53-243.17. Participation in national mortgage licensing system; licensing proprietary software.

(a) The Commissioner of Banks is authorized to participate in the formation and operation of a centralized and automated licensing system and data depository funded by State mortgage regulators and law enforcement agencies. Pursuant to this authority, the Commissioner may:

(1) Cause funds of the Office of Commissioner of Banks to be applied to the initial capitalization, organizational expenses, and operating expenses of a limited liability company, nonprofit corporation or
foundation, or other entity created to operate the licensing system and data depository and to serve as a manager or director of the entity;

(2) Enter into operating agreements, information sharing agreements, interstate cooperative agreements, and technology licensing agreements necessary to the organization and operation of the entity and the licensing system and data depository; and

(3) Take such further actions as are reasonably necessary to give effect to the provisions of this section.

(b) The Commissioner is authorized to enter into agreements to license the use of the proprietary software owned by the Office of the Commissioner of Banks to banking, mortgage, or financial services supervisory agencies of other states.

(c) Notwithstanding any other provision of this section, the Commissioner retains full authority and discretion under this Article to license mortgage brokers, mortgage bankers, loan officers, and limited loan officers and to enforce this Article to its fullest extent. Nothing in this section shall be deemed to be a reduction or derogation of that authority and discretion.

"§ 53-243.18. Payment of fees.
Payment of fees specified in this Article shall be made to the Office of Commissioner of Banks or, at the election of the Commissioner, to a national mortgage licensing system, agency, or enterprise designated by the Commissioner."

SECTION 4. The amount set as the maximum amount that may be charged for fees in this act shall be the actual amount of the fee until the Banking Commission adopts rules setting the fee at a lower rate.

SECTION 5. This act becomes effective October 1, 2006.
In the General Assembly read three times and ratified this the 20th day of July, 2006.
Became law upon approval of the Governor at 2:15 p.m. on the 13th day of August, 2006.

AN ACT TO MAKE CHANGES TO THE VISION CARE PROGRAM.

The General Assembly of North Carolina enacts:

SECTION 1. (a) G.S. 130A-440.1 reads as rewritten:

(a) Vision Screening Required for Children Entering Kindergarten. – Every child in this State entering kindergarten in the public schools, beginning with the 2007-2008 school year, shall obtain a vision screening in accordance with vision screening standards adopted by the Governor's Commission on Early Childhood Vision Care. Within 180 days of the start of the school year, the parent of the child shall present to the school principal or the principal's designee certification that the child has, within the past 12 months, obtained vision screening conducted by a licensed physician, optometrist, physician assistant, nurse practitioner, registered nurse, orthoptist, or a vision screener certified by Prevent Blindness North Carolina, or a comprehensive eye examination performed by an ophthalmologist or optometrist. The health assessment transmittal form required pursuant to G.S. 130A-440 qualifies as certification that the child has obtained the required vision screening. All providers conducting vision
screening shall provide each parent in writing the results of the vision screening on forms bearing the signature of the provider supplied to the provider by the Governor's Commission on Early Childhood Vision Care. The provider shall also orally communicate this information to the parent and shall take reasonable steps to ensure that the parent understands the information communicated. In the instance where a child enters the first grade without having been enrolled in a kindergarten program requiring a vision screening, the requirements for vision screening under this subsection shall apply.

(a1) Comprehensive Eye Examination. – For children who receive and fail to pass a vision screening as required under subsection (a) of this section, a comprehensive eye examination is required. If a public school teacher, administrator, or other appropriate school personnel has reason to believe that a child enrolled in kindergarten through third grade is having problems with vision, the school personnel may recommend to the child's parent that the child have a comprehensive eye examination. Notification to the parent shall also inform the parent that funds may be available from the Governor's Commission on Early Childhood Vision Care to pay providers for the examination, including corrective lenses.

(b) The comprehensive eye examination required under this section shall be conducted by an optometrist or ophthalmologist licensed to practice in this State. No child shall attend kindergarten unless a comprehensive eye examination transmittal form, developed pursuant to G.S. 130A-441, indicating that the child has received the comprehensive eye examination required by this section, is presented to the school principal, except in cases where the child has moved to North Carolina within the 60 days immediately preceding school entry, in which case the child shall have 60 days from the date of school entry to submit the eye examination transmittal form required under this section. In the event a child is unable to obtain services after the 60 day period has elapsed, the principal shall report this information to the Commission so that the Commission may identify alternative ways to provide services to these children. The comprehensive eye examination shall be conducted by a duly licensed optometrist or ophthalmologist. The comprehensive eye examination conducted pursuant to this section shall consist of a complete and thorough examination of the eye and shall include:

1. Measurement of visual acuity;
2. Ocular alignment and motility;
3. Depth perception – stereopsis;
4. Fusion;
5. Slit lamp examination of the lid margins, conjunctivae, cornea, anterior chamber, iris, and crystalline lens;
6. Examination of the ocular adnexa, the anterior segment, and pupils;
7. Cycloplegic refraction and dilated fundus examination.
8. Visual acuity at distance and near;
9. Binocular fusion abnormalities, including tracking;
10. Actual refractive errors, including verification by subject means;
11. Any color vision disorder;
12. Intraocular pressure as may be medically appropriate; and
13. Ocular health, including internal and external assessment.
Health assessment vision screening under G.S. 130A-440 does not meet the requirements of this section. The results of a comprehensive eye examination conducted under this section shall be included on the comprehensive eye examination transmittal form developed by the Commission pursuant to G.S. 143B-216.75 and shall contain a summary of the comprehensive eye examination performed by the optometrist or ophthalmologist. Any treatment recommendations by the optometrist or ophthalmologist, such as spectacles for schoolwork, shall appear in the summary and school health card. The provider shall present a signed transmittal form to the parent upon completion of the examination. The parent shall submit the transmittal form to the school in accordance with this section.

(d) This section shall not apply to children entering kindergarten in private church schools, schools of religious charter, or qualified nonpublic schools regulated by Article 39 of Chapter 115C of the General Statutes.

(e) G.S. 130A-441, 130A-442, and 130A-443, pertaining to health assessments, apply to comprehensive eye examinations required under this section.

(f) No child shall be excluded from attending school for a parent's failure to obtain a comprehensive eye examination required under this section. If a parent fails or refuses to obtain a comprehensive eye examination or to provide the certification of a comprehensive eye examination, the school shall send a written reminder to the parent of required eye examinations and shall include information about funds that may be available from the Governor's Commission on Early Childhood Vision Care.

(g) In adopting standards for vision screening under this section and as required under G.S. 130A-440, the Commission shall take into account the resources necessary to comply with the standards and, if standards will require additional resources, shall mitigate the impact on resources without compromising vision screening effectiveness.

(h) As used in this section, the term "parent" means the parent, guardian, or person standing in loco parentis.

SECTION 1.(b) G.S. 130A-440 reads as rewritten:

"(b) A health assessment shall include a medical history and physical examination with screening for vision and hearing and, if appropriate, testing for anemia and tuberculosis. Vision screening shall be conducted in accordance with G.S. 130A-440.1. The health assessment may also include dental screening and developmental screening for cognition, language, and motor function."

H.B. 2894 Session Law 2006-243

AN ACT TO CLARIFY THE APPLICATION OF THE NORTH CAROLINA CONSUMER FINANCE ACT TO VARIOUS LENDING SUBTERFUGES.

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly makes the following findings:

(1) Consumer loans in North Carolina are regulated by the North Carolina Consumer Finance Act, Article 15 of Chapter 53 of the General Statutes. The North Carolina Consumer Finance Act requires consumer finance lenders to be licensed and, under G.S. 53-173, authorizes interest rates of up to thirty-six percent (36%) on loans of three thousand dollars ($3,000) or less.

(2) Some lenders have attempted to evade the restrictions of the North Carolina Consumer Finance Act by offering cash advances in the form of instant cash rebates or other guises. These cash advance transactions are typically offered in conjunction with the sale of Internet access, telephone time units, catalog certificates, or the use of office equipment, when in fact the sale of the goods or services is a pretext for the making of a loan.

(3) North Carolina courts have declared some of these transactions to be unlawful, but new schemes continue to be devised in order to circumvent the lending laws of North Carolina and to avoid regulation by the Commissioner of Banks.

(4) It is the intent of the General Assembly that G.S. 53-166(a) should be construed broadly to prohibit illicit lending schemes and to clarify the devices, subterfuges, and pretenses that are prohibited under G.S. 53-166(b), as amended by Section 2 of this act.

SECTION 2. G.S. 53-166 reads as rewritten:

"§ 53-166. Scope of Article; evasions; penalties; loans in violation of Article void.

(a) Scope. – No person shall engage in the business of lending in amounts of ten thousand dollars ($10,000) or less and contract for, exact, or receive, directly or indirectly, on or in connection with any such loan, any charges whether for interest, compensation, consideration, or expense, or any other purpose whatsoever, which in the aggregate are greater than permitted by Chapter 24 of the General Statutes, except as provided in and authorized by this Article, and without first having obtained a license from the Commissioner. The word "lending" as used in this section, shall include, but
shall not be limited to, endorsing or otherwise securing loans or contracts for the repayment of loans.

(b) Evasions. – The provisions of subsection (a) of this section shall apply to any person who seeks to avoid its application by any device, subterfuge, or pretense whatsoever. Devices, subterfuges, and pretenses include any transaction in which a cash rebate or other advance of funds is offered and all of the following apply:

1. The cash advance is made contemporaneously with the transaction or soon thereafter.
2. The amount of the cash advance is required to be repaid at a later date.
3. The selling or providing of any item, service, or commodity with the transaction is incidental to, or a pretext for, the advance of funds.

(c) Penalties; Commissioner to Provide and Testify as to Facts in His Possession. – Any person not exempt from this Article, or any officer, agent, employee, or representative thereof, who fails to comply with or who otherwise violates any of the provisions of this Article, or any regulation of the Banking Commission adopted pursuant to this Article, shall be guilty of a Class 1 misdemeanor. Each such violation shall be considered a separate offense. It shall be the duty of the Commissioner of Banks to provide the district attorney of the court having jurisdiction of any such offense under this subsection with all facts and evidence in his the Commissioner's actual or constructive possession, and to testify as to these facts upon the trial of any person for any such offense.

(d) Additional Penalties. – Any contract of loan, the making or collecting of which violates any provision of this Article, or regulation thereunder, except as a result of accidental or bona fide error of computation shall be void, and the licensee or any other party in violation shall have no right to collect, receive, or retain any principal or charges whatsoever with respect to such loan. If an affiliate operating in the same office or subsidiary operating in the same office of a licensee makes a loan in violation of G.S. 53-180(i), the affiliate or subsidiary may recover only its principal on such loan."

SECTION 3. This act becomes effective October 1, 2006, and applies to transactions that are investigated on or after that date under the North Carolina Consumer Finance Act, Article 15 of Chapter 53 of the General Statutes, as amended by this act, and applies to transactions that are subject to enforcement actions under the North Carolina Consumer Finance Act that are filed on or after that date.

In the General Assembly read three times and ratified this the 20th day of July, 2006.

Became law upon approval of the Governor at 2:22 p.m. on the 13th day of August, 2006.

S.B. 353 Session Law 2006-244

AN ACT TO IMPOSE A MORATORIUM ON THE CONSIDERATION OF PERMIT APPLICATIONS AND ISSUANCE OF PERMITS FOR THE CONSTRUCTION OF NEW LANDFILLS IN THE STATE FOR A PERIOD BEGINNING ON 1 AUGUST 2006 AND ENDING ON 1 AUGUST 2007, SUBJECT ONLY TO THE FOLLOWING EXCEPTIONS: (I) AN AMENDMENT, MODIFICATION, OR OTHER CHANGE TO A PERMIT FOR A LANDFILL ISSUED ON OR BEFORE 1 JUNE 2006; (II) A PERMIT FOR A HORIZONTAL OR VERTICAL EXPANSION OF THE LANDFILL PERMITTED ON OR BEFORE 1 JUNE 2006;
(III) A PERMIT TO CONSTRUCT A NEW LANDFILL WITHIN THE FACILITY BOUNDARY IDENTIFIED IN THE FACILITY PLAN OF A LANDFILL PERMITTED ON OR BEFORE 1 JUNE 2006; (IV) A PERMIT TO OPERATE A NEW LANDFILL IF A PERMIT TO CONSTRUCT THE NEW LANDFILL WAS ISSUED ON OR BEFORE 1 JUNE 2006; (V) A PERMIT FOR A SANITARY LANDFILL USED ONLY TO DISPOSE OF WASTE GENERATED BY A COAL-FIRED GENERATING UNIT THAT IS OWNED OR OPERATED BY AN INVESTOR-OWNED UTILITY SUBJECT TO THE REQUIREMENTS OF G.S. 143-215.107D; AND (VI) A PERMIT FOR A SANITARY LANDFILL DETERMINED TO BE NECESSARY BY THE SECRETARY OF ENVIRONMENT AND NATURAL RESOURCES IN ORDER TO RESPOND TO AN IMMINENT HAZARD TO PUBLIC HEALTH OR A NATURAL DISASTER; TO DIRECT THE ENVIRONMENTAL REVIEW COMMISSION TO STUDY ISSUES RELATED TO SOLID WASTE DISPOSAL IN ORDER TO PROTECT PUBLIC HEALTH AND THE ENVIRONMENT; AND TO CREATE THE JOINT SELECT COMMITTEE ON ENVIRONMENTAL JUSTICE.

Whereas, North Carolina has experienced severe problems from widespread flooding during the past five years; and

Whereas, large areas of the State have also experienced severe drought conditions during the past five years; and

Whereas, groundwater is the source of drinking water for approximately half the population of the State; and

Whereas, depletion of certain large groundwater aquifers in the State has been documented in recent years; and

Whereas, protection and enhancement of water quality in the State's rivers and coastal estuaries is the declared public policy of the State; and

Whereas, North Carolina is home to many rare and endangered species of plants and animals; and

Whereas, the State has established many parks, natural areas, and wildlife refuges to protect habitats for migrating birds and other species; and

Whereas, many fragile ecosystems exist in the State which are in need of further study and protection; and

Whereas, the State recognizes that ecosystems transcend state borders, and that changes affecting the State's water, air, natural habitats, and scenic resources also have impacts outside the State; and

Whereas, it is the policy of the State to ensure the continued public enjoyment of the natural attractions of the State; and

Whereas, improperly sited, designed, or operated landfills have the potential to cause serious environmental damage, including groundwater contamination; and

Whereas, it is essential that the State study the siting, design, and operational requirements for landfills for the disposal of solid waste in areas susceptible to flooding from natural disasters, areas with high water tables, and other environmentally sensitive areas in order to protect public health and the environment; and

Whereas, it is critical to the protection of public health and the environment to adequately staff the State solid waste program to review permit applications, ensure compliance with State solid waste management laws and rules, and provide technical assistance on solid waste management issues; and

1040
Whereas, economic and other factors may cause landfills to be concentrated in minority and low-income communities in the State; and
Whereas, minority and low-income communities may be at particularly high risk for potential threats to human health and the environment from the siting of landfills in these areas; and
Whereas, it is the policy of the State to promote methods of solid waste management that are alternatives to disposal in landfills; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Definitions. – The definitions set forth in G.S. 130A-290 apply throughout this act.

SECTION 2. Moratorium Established. – There is hereby established a moratorium on consideration of applications for a permit and on the issuance of permits for new landfills in the State. The purposes of this moratorium are to allow the State to study solid waste disposal issues in order to protect public health and the environment. The Department of Environment and Natural Resources shall not consider a permit application nor issue a permit for a new landfill for the disposal of construction or demolition waste, municipal solid waste, or industrial solid waste for a period beginning on 1 August 2006 and ending on 1 August 2007.

SECTION 3. Exceptions. – The moratorium established by Section 2 of this act shall not prohibit consideration of an application for or issuance of:

1. An amendment, modification, or other change to a permit for a landfill issued on or before 1 June 2006.
2. A permit for a horizontal or vertical expansion of the landfill permitted on or before 1 June 2006.
3. A permit to construct a new landfill within the facility boundary identified in the facility plan of a landfill permitted on or before 1 June 2006.
4. A permit to operate a new landfill if a permit to construct the new landfill was issued on or before 1 June 2006.
5. A permit for a sanitary landfill used only to dispose of waste generated by a coal-fired generating unit that is owned or operated by an investor-owned utility subject to the requirements of G.S. 143-215.107D.
6. A permit for a sanitary landfill determined to be necessary by the Secretary of Environment and Natural Resources in order to respond to an imminent hazard to public health or a natural disaster.

SECTION 4.(a) Study. – The Environmental Review Commission, with the assistance of the Division of Waste Management of the Department of Environment and Natural Resources, shall study issues related to solid waste. The Commission shall specifically study measures concerning:

1. Financial responsibility requirements for solid waste landfills, including the application of requirements to limited liability companies and other business entity structures of applicants seeking solid waste landfill permits.
2. Application of franchise requirements and local government approval for solid waste landfill permits, including adequacy of public notice and comment, community studies, and site designations prior to local government approval.

1041

(5) Traffic considerations for proposed landfills.

(6) Regulatory oversight and staffing for permitting and compliance of solid waste landfills, and inspection of waste containers on barges, railways, and trucks.

(7) Compliance with statutory prohibitions on disposal of certain types of solid waste and measures to prevent disposal of hazardous waste in solid waste and construction and demolition landfills.

(8) Ways to reduce the amount of solid waste disposed of within North Carolina landfills, including statewide tipping fees, bans on the disposal of certain types of waste in landfills, more aggressive recycling requirements, and enhanced regulatory requirements for landfills and other solid waste management facilities.

SECTION 4.(b) Subcommittee. – In order to facilitate the conduct of this study, the Cochairs of the Environmental Review Commission may establish a subcommittee of the Commission. The subcommittee of the Commission may include nonlegislative members who have special knowledge, interest, or expertise in various aspects of solid waste management, appointed in consultation with the President Pro Tempore of the Senate and the Speaker of the House of Representatives.

H.B. 1231 Session Law 2006-245

AN ACT TO PROTECT CONSUMERS FROM EXTREME PRICING PRACTICES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 75-38 reads as rewritten:

§ 75-38. Prohibit excessive pricing during states of disaster, emergency, or abnormal market disruptions.

(a) Upon a triggering event, it is prohibited and shall be a violation of G.S. 75-1.1 for any person to sell or rent or offer to sell or rent at retail during a state of disaster, in the area for which the state of disaster has been declared, any merchandise, goods or services which are consumed or used as a direct result of an emergency or which are consumed or used to preserve, protect, or sustain life, health, safety, or comfort-economic well-being of persons or their property with the knowledge and intent to charge a price that is unreasonably excessive under the circumstances. This prohibition shall apply to all parties in the chain of distribution, including, but not limited to, a manufacturer, supplier, wholesaler, distributor, or retail seller of goods or services. This prohibition shall apply in the area where the state of disaster or emergency has been declared or the abnormal market disruption has been found.

In determining whether a price is unreasonably excessive, it shall be considered whether:

(1) The price charged by the seller is attributable to additional costs imposed by the seller's supplier or other costs of providing the good or service during the state of disaster, and triggering event.

(2) The seller offered to sell or rent the merchandise or service at a price that was below the price charged by the seller exceeds the seller's average price in the preceding 60 days before the state of disaster triggering event. If the seller did not sell or rent or offer to sell or rent the merchandise goods or service in question prior to the time the state of disaster was declared, of the triggering event, the price at which the merchandise goods or service was generally available in the trade area shall be used as a factor in determining if the seller is charging an unreasonably excessive price.

(3) The price charged by the seller is attributable to fluctuations in applicable commodity markets; fluctuations in applicable regional, national, or international market trends; or to reasonable expenses and charges for attendant business risk incurred in procuring or selling the goods or services.

(b) In the event the Attorney General investigates a complaint for a violation of this section and determines that the seller has not violated the provisions of this section and if the seller so requests, the Attorney General shall promptly issue a signed statement indicating that the Attorney General has not found a violation of this section.
(c) For the purposes of this section, the end of a state of disaster-triggering event is the earlier of 45 days after the triggering event occurs or the expiration or termination of the triggering event unless the prohibition is specifically extended by the Governor a natural or man-made disaster or emergency as declared in accordance with G.S. 166A-6 or G.S. 166A-8.

(d) A "triggering event" means the declaration of a state of emergency pursuant to G.S. 166A-8, the proclamation of a state of disaster pursuant to Article 36A of Chapter 14 of the General Statutes, G.S. 166A-6, or a finding of abnormal market disruption pursuant to G.S. 75-38(e).

(e) An "abnormal market disruption" means a significant disruption, whether actual or imminent, to the production, distribution, or sale of goods and services in North Carolina, which are consumed or used as a direct result of an emergency or used to preserve, protect, or sustain life, health, safety, or economic well-being of a person or his or her property. A significant disruption may result from a natural disaster, weather, acts of nature, strike, power or energy failures or shortages, civil disorder, war, terrorist attack, national or local emergency, or other extraordinary adverse circumstances. A significant market disruption can be found only if a declaration of a state of emergency, state of disaster, or similar declaration is made by the President of the United States or an issuance of Code Red/Severe Risk of Attack in the Homeland Security Advisory System is made by the Department of Homeland Security, whether or not such declaration or issuance applies to North Carolina.

(f) The existence of an abnormal market disruption shall be found and declared by the Governor pursuant to the definition in subsection (e) of this section. The duration of an abnormal market disruption shall be 45 days from the triggering event, but may be renewed by the Governor if the Governor finds and declares the disruption continues to affect the economic well-being of North Carolinians beyond the initial 45-day period."

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 20th day of July, 2006.

Became law upon approval of the Governor at 1:08 p.m. on the 15th day of August, 2006.

"Built-upon area" does not include a wooden slatted deck, the water area of a swimming pool, or pervious or partially pervious paving material to the extent that the paving material absorbs water or allows water to infiltrate through the paving material.

(8) "Development" means any land-disturbing activity that increases the amount of built-upon area or that otherwise decreases the infiltration of precipitation into the soil.

(9) "Division" means the Division of Water Quality in the Department.

(10) "Planning jurisdiction" means the territorial jurisdiction within which a municipality exercises the powers authorized by Article 19 of Chapter 160A of the General Statutes, or a county may exercise the powers authorized by Article 18 of Chapter 153A of the General Statutes.

(5) A county that contains an area that is designated as an urbanized area under the 1990 or 2000 federal decennial census and that has an actual
population growth rate that exceeded the State population growth rate for the period 1995 through 2004.

(b) Delineation Process. – The Commission shall delineate regulated coverage areas as provided in this subsection.

(1) Schedule. – The Commission shall implement the delineation process in accordance with the schedule for review and revision of basinwide water quality management plans as provided in G.S. 143-215.8B(c).

(2) Potential candidate coverage areas. – A potential candidate coverage area is the unincorporated area of a county that is outside a municipality designated as a regulated entity pursuant to subdivisions (2) and (3) of Section 5 of this act that:
   a. Extends one mile beyond the corporate limits of a municipality with a population of less than 10,000 individuals.

   c. Extends three miles beyond the corporate limits of a municipality with a population of 25,000 or more individuals.

(3) Identification of candidate coverage areas. – The Commission shall identify an area within a potential candidate coverage area described in sub-subdivision b. of subdivision (2) of this subsection as a candidate coverage area if the discharge of stormwater within or from the unincorporated area has the potential to adversely impact water quality. An adverse impact on water quality includes any activity that violates water quality standards, including, but not limited to, any activity that impairs designated uses or that has a significant biological or habitat impact.

(4) Notice and comment on candidacy. – The Commission shall notify each public entity that is located in whole or in part in a candidate coverage area. After notification of each public entity, the Commission shall publish a map of the unincorporated areas within the river basin that have been identified as candidates for delineation as regulated coverage areas. The Commission shall accept public comment on the proposed delineation of a candidate coverage area as a regulated coverage area for a period of not less than 30 days.

(5) Delineation of regulated coverage areas. – After review of public comment, the Commission shall delineate regulated coverage areas. The Commission shall delineate a candidate coverage area as a regulated coverage area only if the Commission determines that the discharge of stormwater within or from the candidate coverage area either:
   a. Adversely impacts water quality.
   b. Results in a significant contribution of pollutants to sensitive receiving waters, taking into account the effectiveness of other applicable water quality protection programs. To determine the effectiveness of other applicable water quality protection programs, the Commission shall consider the water quality of the receiving waters and whether the waters support the uses set out in subsections (c), (d), and (e) of 15A NCAC 2B .0101
(Procedures for Assignment of Water Quality Standards – General Procedures) and the specific classification of the waters set out in 15A NCAC 2B .0300, et seq. (Assignment of Stream Classifications).

(6) Notice of delineation. – The Commission shall provide written notice to each public entity that is located in whole or in part in a candidate coverage area of its delineation determination. The notice shall state the basis for the determination.

(c) Except as provided in this subsection and Section 10 of this act, the Commission shall administer and enforce the standards for development in the regulated coverage areas. To the extent authorized by law, where the development is located in a municipal planning jurisdiction, the municipality shall administer and enforce the standards. A public entity may request that the Commission delegate administration and enforcement of the stormwater management program to the public entity as provided in Section 10 of this act.

SECTION 4.(b) Development in Non-Phase II Incorporated Areas in Certain Counties. – Development that cumulatively disturbs one acre or more of land located in the incorporated areas of a county described in subdivisions (4) and (5) of subsection (a) of this section, that are not designated as an urbanized area under the most recent federal decennial census, shall comply with the standards set forth in Section 9 of this act beginning 1 July 2007. The Commission shall administer and enforce the standards for development unless the public entity requests that the Commission delegate administration and enforcement of the stormwater management program to the public entity as provided in Section 10 of this act.

SECTION 5. Designation of Regulated Entities. – A public entity that owns or operates a municipal separate storm sewer system (MS4) may be designated as a regulated entity through federal designation, through a State designation process, or under a total maximum daily load (TMDL) implementation plan as provided in this section.

(1) Federal designation. – A public entity that owns or operates a municipal separate storm sewer system (MS4) may be designated as a regulated entity pursuant to 40 Code of Federal Regulations § 122.32 (1 July 2003 Edition).

(2) State designation process. – The Commission shall designate a public entity that owns or operates a municipal separate storm sewer system (MS4) as a regulated entity as provided in this subdivision.

a. Designation schedule. – The Commission shall implement the designation process in accordance with the schedule for review and revision of basinwide water quality management plans as provided in G.S. 143-215.8B(c).

b. Identification of candidate regulated entities. – The Commission shall identify a public entity as a candidate for designation as a regulated entity if the municipal separate storm sewer system (MS4) either:

1. Discharges stormwater that has the potential to adversely impact water quality. An adverse impact on water quality includes any activity that causes or contributes to a violation of water quality standards, including, but not
limited to, any activity that impairs designated uses or that has a significant biological or habitat impact.

2. Serves a public entity that has not been designated pursuant to subdivision (1) of this section and that has either a population of more than 10,000 or more than 4,000 housing units and either a population density of 1,000 people per square mile or more or more than 400 housing units per square mile.

c. Notice and comment on candidacy. – The Commission shall notify each public entity identified as a candidate for designation as a regulated entity. After notification of each public entity, the Commission shall publish a list of all public entities within a river basin that have been identified as candidates for designation. The Commission shall accept public comment on the proposed designation of a public entity as a regulated entity for a period of not less than 30 days.

d. Designation of regulated entities. – After review of the public comment, the Commission shall make a determination on designation for each of the candidate public entities. The Commission shall designate a candidate public entity that owns or operates a municipal separate storm sewer system (MS4) as a regulated public entity only if the Commission determines either that:

1. The public entity has an actual population growth rate that exceeds 1.3 times the State population growth rate for the previous 10 years.

2. The public entity has a projected population growth rate that exceeds 1.3 times the projected State population growth rate for the next 10 years.

3. The public entity has an actual population increase that exceeds fifteen percent (15%) of its previous population for the previous two years.

4. The municipal separate storm sewer system (MS4) discharges stormwater that adversely impacts water quality.

5. The municipal separate storm sewer system (MS4) discharges stormwater that results in a significant contribution of pollutants to receiving waters, taking into account the effectiveness of other applicable water quality protection programs. To determine the effectiveness of other applicable water quality protection programs, the Commission shall consider the water quality of the receiving waters and whether the waters support the uses set out in subsections (c), (d), and (e) of 15A NCAC 2B .0101 (Procedures for Assignment of Water Quality Standards – General Procedures) and the specific classification of the waters set out in 15A NCAC 2B .0300, et seq. (Assignment of Stream Classifications).
e. Notice of designation. – The Commission shall provide written notice to each public entity of its designation determination. For a public entity designated as a regulated entity, the notice shall state the basis for the designation and the date on which an application for a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management must be submitted to the Commission.

f. Application schedule. – A public entity that has been designated as a regulated entity pursuant to this subdivision must submit its application for a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management within 18 months of the date of notification.

(3) Designation under a total maximum daily load (TMDL) implementation plan. – The Commission shall designate an owner or operator of a small municipal separate storm sewer system (MS4) as a regulated entity if the municipal separate storm sewer system (MS4) is specifically listed by name as a source of pollutants for urban stormwater in a total maximum daily load (TMDL) implementation plan developed in accordance with subsections (d) and (e) of 33 U.S.C. § 1313. The Commission shall provide written notice to each public entity of its designation determination. For a public entity designated as a regulated entity, the notice shall state the basis for the designation and the date on which an application for a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management must be submitted to the Commission. A public entity that has been designated as a regulated entity pursuant to this subdivision must submit its application for a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management within 18 months of the date of notification.

SECTION 6. Petition Process. – A petition may be submitted to the Commission to request that an owner or operator of a municipal separate storm sewer system (MS4) or a person who discharges stormwater be required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management as follows:

(1) Connected discharge petition. – An owner or operator of a permitted municipal separate storm sewer system (MS4) may submit a petition to the Commission to request that a person who discharges into the permitted municipal separate storm sewer system (MS4) be required to obtain a separate Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management. The Commission shall grant the petition and require the person to obtain a separate Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management if the petitioner shows that the person's discharge flows or will flow into the permitted municipal separate storm sewer system (MS4).

(2) Adverse impact petition. – Any person may submit a petition to the Commission to request that an owner or operator of a municipal separate storm sewer system (MS4) or a person who discharges stormwater be required to obtain a Phase II National Pollutant
Discharge Elimination System (NPDES) permit for stormwater management.

a. Petition review. – The Commission shall grant the petition and require the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management if the petitioner shows any of the following:

1. The municipal separate storm sewer system (MS4) or the discharge discharges or has the potential to discharge stormwater that may cause or contribute to a water quality standard violation.
2. The municipal separate storm sewer system (MS4) or the discharge provides a significant contribution of pollutants to receiving waters.
3. The municipal separate storm sewer system (MS4) or the discharge is specifically listed by name as a source of pollutants for urban stormwater in a total maximum daily load (TMDL) implementation plan developed in accordance with subsections (d) and (e) of 33 U.S.C. § 1313.

b. Types of evidence for required showing. – Petitioners may make the required showing by providing to the Commission the following information:

1. Monitoring data that includes, at a minimum, representative sampling of the municipal separate storm sewer system (MS4) or discharge and information describing how the sampling is representative. The petitioner must notify the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater of its intent to conduct monitoring activities prior to conducting those activities.
2. Scientific or technical literature that supports the sampling methods.
3. Study and technical information on land uses in the drainage area and the characteristics of stormwater runoff from these land uses.
4. A map that delineates the drainage area of the petitioned entity; the location of sampling stations; the location of the stormwater outfalls in the adjacent area of the sampling locations; general features, including, but not limited to, surface waters, major roads, and political boundaries; and areas of concern regarding water quality.
5. For stormwater discharges to impaired waters, documentation that the receiving waters are impaired or degraded and monitoring data that demonstrates that the municipal separate storm sewer system (MS4) or
discharge contributes pollutants for which the waters are impaired or degraded.

6. For stormwater discharges to nonimpaired waters, monitoring data that demonstrates that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is a significant contributor of pollutants to the receiving waters.

c. Water quality protection program offset. – If the petitioner makes the required showing, the Commission shall review the effectiveness of any existing water quality protection programs that may offset the need to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management. To determine the effectiveness of other applicable water quality protection programs, the Commission shall consider the water quality of the receiving waters and whether the waters support the uses set out in subsections (c), (d), and (e) of 15A NCAC 2B .0101 (Procedures for Assignment of Water Quality Standards – General Procedures) and the specific classification of the waters set out in 15A NCAC 2B .0300, et seq. (Assignment of Stream Classifications). The Commission may deny the petition if it finds that existing water quality protection programs are adequate to address stormwater impacts on sensitive receiving waters and to ensure compliance with a TMDL implementation plan.

3) Petition administration. – The Commission shall process petitions in the following manner:

a. The Commission shall only accept petitions submitted on Department forms.

b. A separate petition must be filed for each municipal separate storm sewer system (MS4) or discharge.

c. The Commission shall evaluate only complete petitions. The Commission shall make a determination on the completeness of a petition within 90 days of receipt of the petition, or it shall be deemed complete. If the Commission requests additional information, the petitioner may submit additional information; and the Commission will determine, within 90 days of receipt of the additional information, whether the information completes the petition.

d. The petitioner shall provide a copy of the petition and a copy of any subsequent additional information submitted to the Commission to the chief administrative officer of the municipal separate storm sewer system (MS4) or the person in control of the discharge within 48 hours of each submittal.

e. The Commission shall post all petitions on the Division Web site and maintain copies available for inspection at the Division's office. The Commission shall accept and consider public comment for at least 30 days from the date of posting.
f. The Commission may hold a public hearing on a petition and shall hold a public hearing on a petition if it receives a written request for a public hearing within the public comment period, and the Commission determines that there is a significant public interest in holding a public hearing. The Commission's determination to hold a public hearing shall be made no less than 15 days after the close of the public comment period. The Commission shall schedule the hearing to be held within 45 days of the close of the initial public comment period and shall accept and consider additional public comment through the date of the hearing.

g. An additional petition for the same municipal separate storm sewer system (MS4) or discharge received during the public comment period shall be considered as comment on the original petition. An additional petition for the same municipal separate storm sewer system (MS4) or discharge received after the public comment period ends and before the final determination is made shall be considered incomplete and held pending a final determination on the original petition.

1. If the Commission determines that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, any petitions for that municipal separate storm sewer system (MS4) or discharge that were held shall be considered in the development of the Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management.

2. If the Commission determines that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is not required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, an additional petition for the municipal separate storm sewer system (MS4) or discharge must present new information or demonstrate that conditions have changed in order to be considered. If new information is not provided, the petition shall be returned as substantially incomplete.

h. The Commission shall evaluate a petition within 180 days of the date on which it is determined to be complete. If the Commission determines that the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater is required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, the Commission shall notify the owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater...
within 30 days of the requirement to obtain the permit. The owner or operator of the municipal separate storm sewer system (MS4) or the person who discharges stormwater must submit its application for a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management within 18 months of the date of notification.

SECTION 7. Permit Standards. – To obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management, an applicant shall, to the extent authorized by law, develop, implement, and enforce a stormwater management plan approved by the Commission that satisfies the six minimum control measures required by 40 Code of Federal Regulations § 122.34(b) (1 July 2003 Edition). The evaluation of the post-construction stormwater management measures required by 40 Code of Federal Regulations § 122.34(b)(5) (1 July 2003 Edition) shall be conducted as provided in Section 9 of this act. Regulated entities may propose using any existing State or local program that relates to the minimum measures to meet, either in whole or in part, the requirements of the minimum measures.

SECTION 8. Exclusions from Post-Construction Practices. – The post-construction practices required by Section 9 of this act shall not apply to any of the following:

(1) Development in an area where the requirements of Section 9 of this act are applicable that is conducted pursuant to one of the following authorizations, provided that the authorization was obtained prior to the effective date of the post-construction stormwater control requirements in the area and the authorization is valid, unexpired, unrevoked, and not otherwise terminated:
   a. A building permit pursuant to G.S. 153A-357 or G.S. 160A-417.
   b. A site-specific development plan as defined by G.S. 153A-344.1(b)(5) and G.S. 160A-385.1(b)(5).
   c. A phased development plan approved pursuant to G.S. 153A-344.1 for a project located in the unincorporated area of a county that is subject to the requirements of Section 9 of this act, if the Commission is responsible for implementation of the requirements of Section 9 of this act, that shows:
      1. For the initial or first phase of development, the type and intensity of use for a specific parcel or parcels, including at a minimum, the boundaries of the project and a subdivision plan that has been approved pursuant to G.S. 153A-330 through G.S. 153A-335.
      2. For any subsequent phase of development, sufficient detail so that implementation of the requirements of Section 9 of this act to that phase of development would require a material change in that phase of the plan.
   d. A vested right to the development under G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 issued by a local government that implements Section 9 of this act.
   e. A vested right to the development pursuant to common law.

(2) Redevelopment.
SECTION 9. Post-Construction Practices. –

(a) For post-construction requirements, a program will be deemed compliant for the areas where it is implementing any of the following programs:

(b) In order to fulfill the post-construction minimum measure program requirement, a permittee, delegated program, or regulated entity may use the Department's model ordinance, design its own post-construction practices based on the Department's guidance on scientific and engineering standards for best management practices (BMPs), incorporate the post-construction model practices described in this act, or develop its own comprehensive watershed plan that is determined by the Department to meet the post-construction stormwater management measure required by 40 Code of Federal Regulations § 122.34(b)(5) (1 July 2003 Edition).

(c) Permittees, delegated programs, and regulated entities must require stormwater controls for a project that disturbs one acre or more of land, including a project that disturbs less than one acre of land that is part of a larger common plan of development or sale. The stormwater controls shall be appropriate to the project's level of density as follows:

1. Post-construction model practices for low-density projects. – A project that is located within one-half mile of and draining to Shellfish Resource Waters is a low-density project if it contains no more than twelve percent (12%) built-upon area. A project that is not located within one-half mile of Shellfish Resource Waters is a low-density project if it contains no more than twenty-four percent (24%) built-upon area or no more than two dwelling units per acre. Low-density projects must use vegetated conveyances to the maximum extent practicable to transport stormwater runoff from the project. On-site stormwater treatment devices such as infiltration areas, bioretention areas, and level spreaders may also be used as added controls for stormwater runoff. A project with an overall density at or below the low-density thresholds, but containing areas with a density greater than the overall project density, may be considered low density as long as the project meets or exceeds the post-construction model practices for low-density projects and locates the higher density in upland areas and away from surface waters and drainageways to the maximum extent practicable.

2. Post-construction model practices for high-density projects. – A project that is located within one-half mile of and draining to Shellfish
Resource Waters is a high-density project if it contains more than twelve percent (12%) built-upon area. A project that is not located within one-half mile of Shellfish Resource Waters is a high-density project if it contains more than twenty-four percent (24%) built-upon area or more than two dwelling units per acre. High-density projects must use structural stormwater management systems that will control and treat runoff from the first one inch of rain unless the project is in a county that is subject to the Coastal Area Management Act of 1974, in which case the project must use structural stormwater management systems that will control and treat runoff from the first one and one-half inches of rain. In addition, projects that are located within one-half mile and draining to Shellfish Resource Waters must control and treat the difference in the stormwater runoff from the predevelopment and post-development conditions for the one-year, 24-hour storm. The structural stormwater management system must also meet the following design standards:

a. Draw down the treatment volume no faster than 48 hours, but no slower than 120 hours.

b. Discharge the storage volume at a rate equal to or less than the predevelopment discharge rate for the one-year, 24-hour storm.

c. Remove an eighty-five percent (85%) average annual amount of Total Suspended Solids.

d. Meet the General Engineering Design Criteria set out in 15A NCAC 02H .1008(c).

e. Wet detention ponds designed in accordance with the requirements of subsection (h) of this section may be used for projects draining to Class SA waters.

(d) Permittees, delegated programs, and regulated entities must require built-upon areas to be located at least 30 feet landward of all perennial and intermittent surface waters. For purposes of this section, a surface water shall be present if the feature is shown on either the most recent version of the soil survey map prepared by the Natural Resources Conservation Service of the United States Department of Agriculture or the most recent version of the 1:24,000 scale (7.5 minute) quadrangle topographic maps prepared by the United States Geologic Survey (USGS). Relief from this requirement may be allowed when surface waters are not present in accordance with the provisions of 15A NCAC 02B .0233(3)(a). In addition, an exception to this requirement may be pursued in accordance with subsection (a) of Section 11 of this act.

(e) Permittees, delegated programs, and regulated entities must implement or require a fecal coliform reduction program that controls, to the maximum extent practicable, the sources of fecal coliform. At a minimum, the program shall include the development and implementation of an oversight program to ensure proper operation and maintenance of on-site wastewater treatment systems for domestic wastewater. For municipalities, this program may be coordinated with local county health departments.

(f) Permittees, delegated programs, and regulated entities must impose or require recorded deed restrictions and protective covenants that ensure development activities will maintain the project consistent with approved plans.

(g) Permittees, delegated programs, and regulated entities must implement or require an operation and maintenance plan that ensures the adequate long-term operation of the structural BMPs required by the program. The operation and
maintenance plan must require the owner of each structural BMP to submit a maintenance inspection report on each structural BMP annually to the local program.

(h) For areas draining to Class SA waters, permittees, delegated programs, and regulated entities must:

1. Use BMPs that result in the highest degree of fecal coliform die-off and control to the maximum extent practicable sources of fecal coliform while still incorporating the stormwater controls required by the project's density level.

2. Implement a program to control the sources of fecal coliform to the maximum extent practicable, including a pet waste management component, which may be achieved by revising an existing litter ordinance, and an on-site domestic wastewater treatment systems component to ensure proper operation and maintenance of such systems, which may be coordinated with local county health departments.

3. Prohibit new points of stormwater discharge to Class SA waters and prohibit both increases in the volume of stormwater flow through conveyances and increases in capacity of conveyances in existing stormwater conveyance systems that drain to Class SA waters. Any modification or redesign of a stormwater conveyance system within the contributing drainage basin must not increase the net amount or rate of stormwater discharge through existing outfalls to Class SA waters. Diffuse flow of stormwater at a nonerosive velocity to a vegetated buffer or other natural area capable of providing effective infiltration of the runoff from the one-year, 24-hour storm shall not be considered a direct point of stormwater discharge. Consideration shall be given to soil type, slope, vegetation, and existing hydrology when evaluating infiltration effectiveness.

(i) For areas draining to Trout Waters, permittees, delegated programs, and regulated entities must:

1. Use BMPs that avoid a sustained increase in the receiving water temperature, while still incorporating the stormwater controls required for the project's density level.

2. Allow on-site stormwater treatment devices such as infiltration areas, bioretention areas, and level spreaders as added controls.

(j) For areas draining to Nutrient Sensitive Waters, permittees, delegated programs, and regulated entities must:

1. Use BMPs that reduce nutrient loading, while still incorporating the stormwater controls required for the project's density level. In areas where the Department has approved a Nutrient Sensitive Water Urban Stormwater Management Program, the provisions of that program fulfill the nutrient loading reduction requirement. Nutrient Sensitive Water Urban Stormwater Management Program requirements are found in 15A NCAC 02B .0200.

2. Implement a nutrient application management program for both inorganic fertilizer and organic nutrients to reduce nutrients entering waters of the State.
(k) For BMPs that require a separation from the seasonal high-water table, the separation shall be provided by at least 12 inches of naturally occurring soil above the seasonal high-water table.

(l) Nothing in this section shall limit, expand, or alter the requirement that a discharge fully comply with all applicable State or federal water quality standards.

SECTION 10. Delegation. – A public entity that does not administer a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management throughout the entirety of its planning jurisdiction and whose planning jurisdiction includes a regulated coverage area under Section 4 of this act may submit a stormwater management program for its regulated coverage area or a portion of its regulated coverage area to the Commission for approval pursuant to G.S. 143-214.7(c). An ordinance or regulation adopted by a public entity shall at least meet and may exceed the minimum requirements of Section 9 of this act. Two or more public entities are authorized to establish a joint program and to enter into any agreements that are necessary for the proper administration and enforcement of the program. The resolution, memorandum of agreement, or other document that establishes any joint program must be duly recorded in the minutes of the governing body of each public entity participating in the program, and a certified copy of each resolution must be filed with the Commission. The Commission shall review each proposed program submitted to it to determine whether the submission is complete. Within 90 days after the receipt of a complete submission, the Commission shall notify the public entity submitting the program that it has been approved, approved with modifications, or disapproved. The Commission shall only approve a program upon determining that its standards equal or exceed those of Section 9 of this act. If the Commission determines that any public entity is failing to administer or enforce an approved stormwater management program, it shall notify the public entity in writing and shall specify the deficiencies of administration and enforcement. If the public entity has not taken corrective action within 30 days of receipt of notification from the Commission, the Commission shall assume administration and enforcement of the program until such time as the public entity indicates its willingness and ability to resume administration and enforcement of the program.

SECTION 11.(a) Exceptions. – The Department or an appropriate local authority, pursuant to Article 18 of G.S. 153A or Article 19 of G.S. 160A, may grant exceptions from the 30-foot landward location of built-upon area requirement as follows:

(1) An exception may be granted if the application meets all of the following criteria:
   a. Unnecessary hardships would result from strict application of the act.
   b. The hardships result from conditions that are peculiar to the property, such as the location, size, or topography of the property.
   c. The hardships did not result from actions taken by the petitioner.
   d. The requested exception is consistent with the spirit, purpose, and intent of this act; will protect water quality; will secure public safety and welfare; and will preserve substantial justice. Merely proving that the exception would permit a greater profit.
from the property shall not be considered adequate justification for an exception.

(2) Notwithstanding subdivision (1) of this section, exceptions shall be granted in any of the following instances:
   a. When there is a lack of practical alternatives for a road crossing, railroad crossing, bridge, airport facility, or utility crossing as long as it is located, designed, constructed, and maintained to minimize disturbance, provide maximum nutrient removal, protect against erosion and sedimentation, have the least adverse effects on aquatic life and habitat, and protect water quality to the maximum extent practicable through the use of BMPs.
   b. When there is a lack of practical alternatives for a stormwater management facility; a stormwater management pond; or a utility, including, but not limited to, water, sewer, or gas construction and maintenance corridor, as long as it is located 15 feet landward of all perennial and intermittent surface waters and as long as it is located, designed, constructed, and maintained to minimize disturbance, provide maximum nutrient removal, protect against erosion and sedimentation, have the least adverse effects on aquatic life and habitat, and protect water quality to the maximum extent practicable through the use of BMPs.
   c. A lack of practical alternatives may be shown by demonstrating that, considering the potential for a reduction in size, configuration, or density of the proposed activity and all alternative designs, the basic project purpose cannot be practically accomplished in a manner which would avoid or result in less adverse impact to surface waters.

(3) Reasonable and appropriate conditions and safeguards may be imposed upon any exception granted.

(4) Local authorities must document the exception procedure and submit an annual report to the Department on all exception proceedings.

(5) Appeals of the Department's exception decisions must be filed with the Office of Administrative Hearings, under G.S. 150B-23. Appeals of a local authority's exception decisions must be made to the appropriate Board of Adjustment or other appropriate local governing body, under G.S. 160A-388 or G.S. 153A-345.

SECTION 11.(b) Exemption. – A municipality with a population of less than 1,000, including a municipality designated as an urbanized area under the most recent federal decennial census, is not required to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management unless the municipality is shown to be contributing to an impairment of State waters, as determined under the requirements of 33 U.S.C. § 1313(d).

SECTION 11.(c) Waiver. – The Department may waive the Phase II National Pollutant Discharge Elimination System (NPDES) permit requirement pursuant to 40 Code of Federal Regulations §§ 122.32(d) or (e) (1 July 2003 Edition).

SECTION 12. Implementation Schedule. – The requirements of this act shall be implemented as follows:
(1) A regulated entity must apply within 18 months of notification by the Department that the regulated entity is subject to regulation pursuant to Sections 4, 5, or 6 of this act.

(2) Public education and outreach minimum measures shall be implemented no later than 12 months from date of permit issuance.

(3) A regulated entity must implement its post-construction program no later than 24 months from the date the permit is issued.

(4) The Department shall include permit conditions that establish schedules for implementation of each minimum measure of the regulated entity's stormwater management program based on the submitted application so that the regulated entity fully implements its permitted program within five years from permit issuance.

SECTION 13. Federal and State Projects. – The Commission shall have jurisdiction, to the exclusion of local governments, to issue a National Pollutant Discharge Elimination System (NPDES) permit for stormwater management to a federal or State agency that applies to all or part of the activities of the agency or that applies to the particular project. If a federal or State agency does not hold a Phase I or Phase II National Pollutant Discharge Elimination System (NPDES) permit for stormwater management that applies to the particular project, then the project is subject to the stormwater management requirements of this act as implemented by the Commission or by a local government. The provisions of G.S. 153A-347 and G.S. 160A-392 apply to the implementation of this act.

SECTION 14. General Permit. – The Commission shall develop and issue a Phase II National Pollutant Discharge Elimination System (NPDES) general permit for stormwater management. The general permit requirements for post-construction stormwater management measures required by 40 Code of Federal Regulations § 122.34(b)(5) (1 July 2003 Edition) shall require a permittee to meet the standards set out in Section 9 of this act but shall not impose any requirement on the permittee that exceeds the standards set out in Section 9 of this act. After the Commission has issued a Phase II National Pollutant Discharge Elimination System (NPDES) general permit for stormwater management, a public entity that has applied for a permit may submit a notice of intent to be covered under the general permit to the Commission. The Commission shall treat an application for a permit as an application for an individual permit unless the applicant submits a notice of intent to be covered under a general permit under this section.

SECTION 15. Additional Rule Making. – The Commission may adopt rules to replace the rules that are disapproved as provided in subsection (a) of Section 1 of this act. If the Commission adopts rules pursuant to this section, notwithstanding G.S. 150B-19(4), the rules shall be substantively identical to the provisions of Sections 2 through 13 of this act. The Commission may reorganize or renumber any of the rules to which this section applies at its discretion. Rules adopted pursuant to this section are not subject to G.S. 150B-21.9 through G.S. 150B-21.14. Rules adopted pursuant to this section shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).

SECTION 16.(a) G.S. 47-29.1 is amended by adding a new subsection to read:

"(h) A land-use restriction that provides for the maintenance of stormwater best management practices or site consistency with approved stormwater project plans shall be recorded as provided in G.S. 143-214.7(c1)."

1062
**SECTION 16.(b)** G.S. 143-214.7 is amended by adding a new subsection to read:

"(c1) Any land-use restriction providing for the maintenance of stormwater best management practices or site consistency with approved stormwater project plans filed pursuant to a rule of the Commission, local ordinance, or permit approved by the Commission shall be enforced by any owner of the land on which the best management practice or project is located, any adjacent property owners, any downstream property owners who would be injured by failure to enforce the land-use restriction, any local government having jurisdiction over any part of the land on which the best management practice or project is located, or the Department through the remedies provided by any provision of law that is implemented or enforced by the Department or by means of a civil action, without first having exhausted any available administrative remedies. A land-use restriction providing for the maintenance of stormwater best management practices or site consistency with approved stormwater project plans filed pursuant to a rule of the Commission, local ordinance, or permit approved by the Commission shall not be declared unenforceable due to lack of privity of estate or contract, due to lack of benefit to particular land, or due to lack of any property interest in particular land. Any person who owns or leases a property subject to a land-use restriction under this section shall abide by the land-use restriction."

**SECTION 17.(a)** County Stormwater Control Ordinances. – Article 23 of Chapter 153A of the General Statutes is amended by adding a new section to read:

(a) A county may adopt and enforce a stormwater control ordinance to protect water quality and control water quantity. A county may adopt a stormwater management ordinance pursuant to this Chapter, other applicable laws, or any combination of these powers.

(b) A federal, State, or local government project shall comply with the requirements of a county stormwater control ordinance unless the federal, State, or local government agency has a National Pollutant Discharge Elimination System (NPDES) stormwater permit that applies to the project. A county may take enforcement action to compel a State or local government agency to comply with a stormwater control ordinance that implements the National Pollutant Discharge Elimination System (NPDES) stormwater permit issued to the county. To the extent permitted by federal law, including Chapter 26 of Title 33 of the United States Code, a county may take enforcement action to compel a federal government agency to comply with a stormwater control ordinance.

(c) A county may implement illicit discharge detection and elimination controls, construction site stormwater runoff controls, and post-construction runoff controls through an ordinance or other regulatory mechanism to the extent allowable under State law.

(d) A county that holds a National Pollutant Discharge Elimination System (NPDES) permit issued pursuant to G.S. 143-214.7 may adopt an ordinance to establish the stormwater control program necessary for the county to comply with the permit. A county may adopt an ordinance that bans illicit discharges. A county may adopt an ordinance that requires (i) deed restrictions and protective covenants to ensure that each project, including the stormwater management system, will be maintained so as to protect water quality and control water quantity and (ii) financial arrangements to ensure that adequate funds are available for the maintenance and replacement costs of the project."

1063

(a) A city may adopt and enforce a stormwater control ordinance to protect water quality and control water quantity. A city may adopt a stormwater management ordinance pursuant to this Chapter, its charter, other applicable laws, or any combination of these powers.

(b) A federal, State, or local government project shall comply with the requirements of a city stormwater control ordinance unless the federal, State, or local government agency has a National Pollutant Discharge Elimination System (NPDES) stormwater permit that applies to the project. A city may take enforcement action to compel a State or local government agency to comply with a stormwater control ordinance that implements the National Pollutant Discharge Elimination System (NPDES) stormwater permit issued to the city. To the extent permitted by federal law, including Chapter 26 of Title 33 of the United States Code, a city may take enforcement action to compel a federal government agency to comply with a stormwater control ordinance.

(c) A city may implement illicit discharge detection and elimination controls, construction site stormwater runoff controls, and post-construction runoff controls through an ordinance or other regulatory mechanism to the extent allowable under State law.

(d) A city that holds a National Pollutant Discharge Elimination System (NPDES) permit issued pursuant to G.S. 143-214.7 may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, to establish the stormwater control program necessary for the city to comply with the permit. A city may adopt an ordinance that bans illicit discharges within its corporate limits and its planning jurisdiction. A city may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, that requires (i) deed restrictions and protective covenants to ensure that each project, including the stormwater management system, will be maintained so as to protect water quality and control water quantity and (ii) financial arrangements to ensure that adequate funds are available for the maintenance and replacement costs of the project.

(e) Unless the city requests the permit condition in its permit application, the Environmental Management Commission may not require as a condition of a National Pollutant Discharge Elimination System (NPDES) stormwater permit issued pursuant to G.S. 143-214.7 that a city implement the measure required by 40 Code of Federal Regulations § 122.34(b)(3) (1 July 2003 Edition) in its extraterritorial jurisdiction."

SECTION 18. Construction of Act. –

(1) Except as specifically provided in Section 15 of this act, nothing in this act shall be construed to limit, expand, or otherwise alter the authority of the Environmental Management Commission or any unit of local government.

(2) The exclusions from the requirement to obtain a Phase II National Pollutant Discharge Elimination System (NPDES) permit set out in 40 Code of Federal Regulations § 122.3 (1 July 2003 Edition), including the exclusions for certain nonpoint source agricultural and silvicultural activities, apply to the provisions of this act.
(3) This act shall not be construed to affect any delegation of any power or duty by the Commission to the Department or subunit of the Department.

(4) The definitions of 'development' and 'redevelopment' set out in this act do not alter or amend the definition of 'redevelopment' set out in G.S. 113A-103 and do not apply to the Coastal Area Management Act of 1974, Article 7 of Chapter 113A of the General Statutes.

(5) As used in Section 9 of this act, the phrase 'common plan of development or sale' shall be interpreted and implemented in a manner consistent with the memorandum referenced as 'Guidance Interpreting Phase II Stormwater Requirements' from the Director of the Division of Water Quality of the Department of Environment and Natural Resources to Interested Parties dated 24 July 2006.

SECTION 19. Certain Provisions of Act Not Codified; Set Out As Note. – Except for Sections 16 and 17 of this act, notwithstanding G.S. 164-10, the Revisor of Statutes shall not codify any of the provisions of this act. The Revisor of Statutes shall set out the text of this act as a note to G.S. 143-214.7 and may make notes concerning this act to other sections of the General Statutes as the Revisor of Statutes deems appropriate.

SECTION 20. Effective Date. – This act is effective retroactively to 1 July 2006. Sections 2 through 13 of this act expire when permanent rules to replace those sections have become effective as provided by Section 15 of this act.

In the General Assembly read three times and ratified this the 27th day of July, 2006.

Became law upon approval of the Governor at 11:50 a.m. on the 16th day of August, 2006.

SECTION 1.(c) Section 1(a) shall be effective when the act becomes law. The remainder of this section becomes effective December 1, 2006, and applies to offenses committed on or after that date.

SECTION 2.(a) G.S. 14-208.6A reads as rewritten:

"§ 14-208.6A. Lifetime registration requirements for criminal offenders.

It is the objective of the General Assembly to establish a 10-year registration requirement for persons convicted of certain offenses against minors or sexually violent offenses. It is the further objective of the General Assembly to establish a more stringent set of registration requirements for recidivists, persons who commit aggravated offenses, and for a subclass of highly dangerous sex offenders who are determined by a sentencing court with the assistance of a board of experts to be sexually violent predators.

To accomplish this objective, there are established two registration programs: the Sex Offender and Public Protection Registration Program and the Sexually Violent Predator Registration Program. Any person convicted of an offense against a minor or of a sexually violent offense as defined by this Article shall register in person as an offender in accordance with Part 2 of this Article. Any person who is a recidivist, who commits an aggravated offense, or who is determined to be a sexually violent predator shall register in person as such in accordance with Part 3 of this Article.

The information obtained under these programs shall be immediately shared with the appropriate local, State, federal, and out-of-state law enforcement officials and penal institutions. In addition, the information designated under G.S. 14-208.10(a) as public record shall be readily available to and accessible by the public. However, the identity of the victim is not public record and shall not be released as a public record."

SECTION 2.(b) This section becomes effective December 1, 2006.

SECTION 3.(a) G.S. 14-208.6B reads as rewritten:

1066
§ 14-208.6B. Registration requirements for juveniles transferred to and convicted in superior court.

A juvenile transferred to superior court pursuant to G.S. 7B-2200 who is convicted of a sexually violent offense or an offense against a minor as defined in G.S. 14-208.6 shall register in person in accordance with this Article just as an adult convicted of the same offense must register.

SECTION 3. (b) This section becomes effective December 1, 2006.

SECTION 4.(a) Part 2 of Article 27A of Chapter 14 of the General Statutes is amended by adding a new section to read:

§ 14-208.8A. Notification requirement for out-of-county employment if temporary residence established.

(a) Notice Required. – A person required to register under G.S. 14-208.7 shall notify the sheriff of the county with whom the person is registered of the person’s place of employment and temporary residence, which includes a hotel, motel, or other transient lodging place, if the person meets both of the following conditions:

(2) Any offender who satisfies all of the following criteria: (i) is convicted of a reportable conviction as defined by G.S. 14-208.6(4), (ii) is required to register under Part 2 of Article 27A of Chapter 14 of the General Statutes, (iii) has committed an offense involving the physical, mental, or sexual abuse of a minor, and (iv) based on the Department's risk assessment program requires the highest possible level of supervision and monitoring. An offender in this category who is ordered by the court to submit to satellite-based monitoring is subject to that requirement only for the period of time ordered by the court and is not subject to a requirement of lifetime satellite-based monitoring.

(b) In developing the guidelines for the program, the Department shall require that any offender who is enrolled in the satellite-based program submit to an active continuous satellite-based monitoring program, unless an active program will not work as provided by this section. If the Department determines that an active program will not work as provided by this section, then the Department shall require that the defendant submit to a passive continuous satellite-based program that works within the technological or geographical limitations.

(c) The satellite-based monitoring program shall use a system that provides all of the following:

(1) Time-correlated and continuous tracking of the geographic location of the subject using a global positioning system based on satellite and other location tracking technology.

(2) Reporting of subject's violations of prescriptive and proscriptive schedule or location requirements. Frequency of reporting may range from once a day (passive) to near real-time (active).

(a) Any person described by G.S. 14-208.33(a)(1) shall enroll in a satellite-based monitoring program with the Division of Community Corrections office in the county where the person resides. The person shall remain enrolled in the satellite-based monitoring program for the registration period imposed under G.S. 14-208.23 which is the person's life, unless the requirement to enroll in the satellite-based monitoring program is terminated pursuant to G.S. 14-208.35.

(b) Any person described by G.S. 14-208.33(a)(2) who is ordered by the court to enroll in a satellite-based monitoring program shall do so with the Division of Community Corrections office in the county where the person resides. The person shall
remain enrolled in the satellite-based monitoring program for the period of time ordered by the court.

"§ 14-208.35. Lifetime registration offenders required to submit to satellite-based monitoring for life and to continue on unsupervised probation upon completion of sentence.

Notwithstanding any other provision of law, when the court sentences an offender who is in the category described by G.S. 14-208.33(a)(1) for a reportable conviction as defined by G.S. 14-208.6(4), and orders the offender to enroll in a satellite-based monitoring program, the court shall also order that the offender, upon completion of the offender's sentence and any term of parole, post-release supervision, intermediate punishment, or supervised probation that follows the sentence, continue to be enrolled in the satellite-based monitoring program for the offender's life and be placed on unsupervised probation unless the requirement that the person enroll in a satellite-based monitoring program is terminated pursuant to G.S. 14-208.36.

"§ 14-208.36. Request for termination of satellite-based monitoring requirement.

(a) An offender described by G.S. 14-308.33(a)(1) who is required to submit to satellite-based monitoring for the offender's life may file a request for termination of monitoring requirement with the Post-Release Supervision and Parole Commission. The request to terminate the satellite-based monitoring requirement and to terminate the accompanying requirement of unsupervised probation may not be submitted until at least one year after the offender: (i) has served his or her sentence for the offense for which the satellite-based monitoring requirement was imposed, and (ii) has also completed any period of probation, parole, or post-release supervision imposed as part of the sentence.

(b) Upon receipt of the request for termination, the Commission shall review documentation contained in the offender's file and the statewide registry to determine whether the person has complied with the provisions of this Article. In addition, the Commission shall conduct fingerprint-based state and federal criminal history record checks to determine whether the person has been convicted of any additional reportable convictions.

(c) If it is determined that the person has not received any additional reportable convictions during the period of satellite-based monitoring and the person has substantially complied with the provisions of this Article, the Commission may terminate the monitoring requirement if the Commission finds that the person is not likely to pose a threat to the safety of others.

(d) If it is determined that the person has received any additional reportable convictions during the period of satellite-based monitoring or has not substantially complied with the provisions of this Article, the Commission shall not order the termination of the monitoring requirement.

(e) The Commission shall not consider any request to terminate a monitoring requirement except as provided by this section. The Commission has no authority to consider or terminate a monitoring requirement for an offender described in G.S. 14-208.33(a)(2).

"§ 14-208.38. Fees.  
(a) There shall be a one-time fee of ninety dollars ($90.00) assessed to each person required to enroll pursuant to this Part. The court may exempt a person from paying the fee only for good cause and upon motion of the person placed on satellite-based monitoring. The court may require that the fee be paid in advance or in a lump sum or sums, and a probation officer may require payment by those methods if the officer is authorized by subsection (c) of this section to determine the payment schedule. This fee is intended to offset only the costs associated with the time-correlated tracking of the geographic location of subjects using the location tracking crime correlation system.  
(b) The fee shall be payable to the clerk of superior court, and the fees shall be remitted quarterly to the Department of Correction.  
(c) If a person placed on supervised probation, parole, or post-release supervision is required as a condition of that probation, parole, or post-release supervision to pay any moneys to the clerk of superior court, the court may delegate to a probation officer the responsibility to determine the payment schedule."  

SECTION 15.(b) G.S. 15A-1343(b2) reads as rewritten:

(5) Not reside in a household with any minor child if the offense is one in which there is evidence of physical or mental abuse of a minor, unless the court expressly finds that it is unlikely that the defendant's harmful or abusive conduct will recur and that it would be in the minor child's best interest to allow the probationer to reside in the same household with a minor child.  
(6) Satisfy any other conditions determined by the court to be reasonably related to his rehabilitation.  
(7) Submit to satellite-based monitoring pursuant to Part 5 of Article 27A of Chapter 14 of the General Statutes, if the defendant is described by G.S. 14-208.33(a)(1).

(d) A local government may submit to the Commission for its approval a limited erosion and sedimentation control program for its jurisdiction that grants the local government the responsibility only for the assessment and collection of fees and for the inspection of land-disturbing activities within the jurisdiction of the local government. The Commission shall be responsible for the administration and enforcement of all other components of the erosion and sedimentation control program and the requirements of this Article. The local government may adopt ordinances and

(e) Notwithstanding G.S. 113A-61.1, a local government with a limited erosion and sedimentation control program shall not issue a notice of violation if inspection indicates that the person engaged in land-disturbing activity has failed to comply with this Article, rules adopted pursuant to this Article, or an approved erosion and sedimentation control plan. The local government shall notify the Commission if any person has initiated land-disturbing activity for which an erosion and sedimentation control plan is required in the absence of an approved plan. Chapter 150B of the General Statutes does not apply to proceedings under this subsection.

(f2) Notwithstanding any other provision of this subsection, subsections (f) and (f1) of this section, if the Commission determines that a sewer system, treatment works, or disposal system is operating in violation of the provisions of this Article and that the appropriate local authorities have not acted to enforce those provisions, the Commission may, after written notice to the appropriate local government, take enforcement action in accordance with the provisions of this Article.

The application must include:

In the event the solicitation event or the solicitors shall create a nuisance, delay traffic, create threatening or hostile situations, any law enforcement officer with proper jurisdiction may order the solicitations to cease. Any individual failing to follow a law enforcement officer's lawful order to cease solicitation shall be guilty of a Class 2 misdemeanor.

Provided, however, that the transfer of an account for the purpose of computation of rates shall be deemed to have been made prior to the computation date falling within the calendar year within which the effective date of such transfer occurs and the account shall thereafter be used in the computation of the rate of the successor employer for succeeding years, subject,
however, to the provisions of paragraph b of this subdivision. Provided there shall be no transfer of account when (i) a person or entity is not an employer at the time of the acquisition and (ii) the person or entity acquired the business or account primarily for the purpose of obtaining a reduced rate of contribution.

1. Mandatory. — On or after August 1, 1988, whenever any individual, group of individuals, or employing unit, who or which, When an employer, as defined in G.S. 96-8(5)b., in any manner succeeds to or acquires all of the organization, trade, or business of another employing unit as provided in G.S. 96-8, subdivision (5), paragraph b, the account of the predecessor shall be transferred as of the date of the acquisition of the business to the successor employer for use in the determination of his the successor's rate of contributions. This mandatory transfer does not apply when there is no common ownership between the predecessor and the successor and the successor acquired the assets of the predecessor in a sale in bankruptcy. In this circumstance, the successor's rate of contributions is determined without regard to the predecessor's rate of contributions.

2. Consent. — Whenever any individual, group of individuals, or employing unit, who or which, When an employer, as defined in G.S. 96-8(5)b., in any manner succeeds to or acquires a distinct and severable portion of the organization, trade, or business of another employing unit as provided in G.S. 96-8, subdivision (5), paragraph b, that unit, the part of the account of the predecessor which relates to the acquired portion of the business shall, upon the mutual consent of the parties concerned and approval of the Commission in conformity with the regulations as prescribed therefor, be transferred as of the date of acquisition of the business to the successor employer for use in the determination of his the successor's rate of contributions, provided application for transfer is made within 60 days after the Commission notifies the successor of his the right to request such transfer, otherwise the effective date of the transfer shall be the first day of the calendar quarter in which such application is filed, and that after the transfer the successor employing unit continues to operate the transferred portion of such organization, trade or business. However, employing units transferring entities with any common...

No request for a transfer of the account will be accepted and no transfer of the account will be made if the request for the transfer of the account is not received within two years of the date of acquisition or notification by the Commission of the right to request such transfer, whichever occurs later. However, in no event will a request for a transfer be allowed if an account has been terminated because an employer ceases to be an employer pursuant to G.S. 96-9(c)(5) and G.S. 96-11(d) regardless of the date of notification.

a1. A new employing unit shall not be assigned a discrete employer number when there is an acquisition or change in the form or organization of an existing business enterprise, or severable portion thereof, and there is a continuity of control of the business enterprise. That new employing unit shall continue to be the same employer for the purposes of this Chapter as before the acquisition or change in form. As used in this sub-subdivision:

1. "Control of the business enterprise" may occur by means of ownership of the organization conducting the business enterprise, ownership of assets necessary to conduct the business enterprise, security arrangements or lease arrangements covering assets necessary to conduct the business enterprise, or a contract when the ownership, stated arrangements, or contract provide for or allow direction of the internal affairs or conduct of the business enterprise.

b. Notwithstanding any other provisions of this section, if the
successor employer was an employer subject to this Chapter
prior to the date of acquisition of the business, the successor's
rate of contribution for the period from that date to the end of
the then current contribution year shall be the same as the
successor's rate in effect on the date of the acquisition. If the
successor was not an employer prior to the date of the
acquisition of the business, the successor shall be assigned a
standard beginning rate of contribution set forth in
G.S. 96-9(b)(1) for the remainder of the year in which the
successor acquired the business of the predecessor; however, if
the successor makes application for the transfer of the account
within 60 days after notification by the Commission of the right
to do so and the account is transferred, or meets the
requirements for mandatory transfer, the successor shall be
assigned for the remainder of the year the rate applicable to the
predecessor employer or employers on the date of acquisition of
the business, as long as there was only one predecessor or, if
more than one, the predecessors had identical rates. In the event
the rates of the predecessor were not identical, the rate of the
successor shall be the highest rate applicable to any of the
predecessor employers on the date of acquisition of the
business.

Irrespective of any other provisions of this Chapter, when an
account is transferred in its entirety by an employer to a
successor, the transferring employer shall thereafter pay the
standard beginning rate of contributions set forth in
G.S. 96-9(b)(1) and shall continue to pay at that rate until the
transferring employer qualifies for a reduction, reacquires the
account transferred or acquires the experience rating account of
another employer, or is subject to an increase in rate under the
conditions prescribed in G.S. 96-9(b)(2) and (3).

c. In those cases where the organization, trade, or business of a
deceased person, or insolvent debtor is taken over and operated
by an administrator, administratrix, executor, executrix,
receiver, or trustee in bankruptcy, such employing units shall
automatically succeed to the account and rate of contribution of
such deceased person, or insolvent debtor without the necessity
of the filing of a formal application for the transfer of such
account."

**SECTION 2.** This act is effective when it becomes law and applies to
acquisitions made on or after August 1, 2003.
In the General Assembly read three times and ratified this the 25th day of July, 2006.

§ 105-129.82. Sunset; studies.

(a) Sunset. – This Article is repealed effective for business activities that occur on or after January 1, 2011.

(b) Equity Study. – The Department of Commerce shall study the effect of the tax incentives provided in this Article on tax equity. This study shall include the following:

(1) Reexamining the formula in G.S. 143B-437.08 used to define development tiers, to include consideration of alternative measures for more equitable treatment of counties in similar economic circumstances.

(2) Considering whether the assignment of tiers and the applicable thresholds are equitable for smaller counties.

2. Report. – The Department of Commerce shall report the results of these studies and its recommendations to the General Assembly biennially with the first report due by June 1, 2009.

"§ 105-129.83. Eligibility; forfeiture.

(a) Eligible Business. – A taxpayer is eligible for a credit under this Article only with respect to activities occurring at an establishment whose primary activity is listed in this subsection. The primary activity of an establishment is determined based on the establishment's principal product or group of products produced or distributed, or services rendered.

1. Aircraft maintenance and repair.
2. Air courier services hub.
3. Company headquarters, but only if the additional eligibility requirements of subsection (b) of this section are satisfied.
5. Electronic shopping and mail order houses.
6. Information technology and services.
7. Manufacturing.
8. Motorsports facility.
9. Motorsports racing team.
10. Research and development.
11. Warehousing.
12. Wholesale trade.

(b) Company Headquarters Eligibility. – A taxpayer is eligible for a credit under this Article with respect to a company headquarters only if the taxpayer creates at least 75 new jobs at the company headquarters within a 24-month period. A taxpayer that meets this job creation requirement is eligible for credits under this Article with respect to the company headquarters for three taxable years beginning with the year in which the job creation requirement is satisfied. A taxpayer that creates an additional 75 new jobs at the company headquarters in a 24-month period during a three-year eligibility period does not qualify for any extended eligibility period. However, a taxpayer that creates an additional 75 new jobs at the company headquarters in a 24-month period after the completion of a three-year eligibility period is eligible for credits with respect to the company headquarters for an additional three taxable years beginning in the year in which the additional job creation requirement is satisfied.
Wage Standard. – A taxpayer is eligible for a credit under this Article in a development tier two or three area only if the taxpayer satisfies a wage standard. The taxpayer is not required to satisfy a wage standard if the activity occurs in a development tier one area. Jobs that are located within an urban progress zone or an agrarian growth zone but not in a development tier one area satisfy the wage standard if they pay an average weekly wage that is at least equal to ninety percent (90%) of the lesser of the average wage for all insured private employers in the State and the average wage for all insured private employers in the county. All other jobs satisfy the wage standard if they pay an average weekly wage that is at least equal to the lesser of one hundred ten percent (110%) of the average wage for all insured private employers in the State and ninety percent (90%) of the average wage for all insured private employers in the county. The Department of Commerce shall annually publish the wage standard for each county.

In making the wage calculation, the taxpayer shall include any jobs that were filled for at least 1,600 hours during the calendar year the taxpayer engages in the activity that qualifies for the credit even if those jobs are not filled at the time the taxpayer claims the credit. For a taxpayer with a taxable year other than a calendar year, the taxpayer shall use the wage standard for the calendar year in which the taxable year begins. Only full-time jobs are included when making the wage calculation.

Health Insurance. – A taxpayer is eligible for a credit under this Article only if the taxpayer provides health insurance for all of the full-time jobs at the establishment with respect to which the credit is claimed when the taxpayer engages in the activity that qualifies for the credit. For the purposes of this subsection, a taxpayer provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125.

Each year that a taxpayer claims a credit or carryforward of a credit allowed under this Article, the taxpayer shall provide with the tax return the taxpayer’s certification that the taxpayer continues to provide health insurance for all the jobs at the establishment with respect to which the credit was claimed. If the taxpayer ceases to provide health insurance for the jobs during a taxable year, the credit expires, and the taxpayer may not take any remaining installment or carryforward of the credit.

Environmental Impact. – A taxpayer is eligible for a credit allowed under this Article only if the taxpayer certifies that, at the time the taxpayer claims the credit, the taxpayer has no pending administrative, civil, or criminal enforcement action based on alleged significant violations of any program implemented by an agency of the Department of Environment and Natural Resources and has had no final determination of responsibility for any significant administrative, civil, or criminal violation of any program implemented by an agency of the Department of Environment and Natural Resources within the last five years. A significant violation is a violation or alleged violation that does not satisfy any of the conditions of G.S. 143-215.6B(d). The Secretary of Environment and Natural Resources shall notify the Department of Revenue annually of every person that currently has any of these pending actions and every person that has had any of these final determinations within the last five years.

Safety and Health Programs. – A taxpayer is eligible for a credit allowed under this Article only if the taxpayer certifies that, as of the time the taxpayer claims the credit, at the establishment with respect to which the credit is claimed, the taxpayer has no citations under the Occupational Safety and Health Act that have become a final
order within the past three years for willful serious violations or for failing to abate serious violations. For the purposes of this subsection, 'serious violation' has the same meaning as in G.S. 95-127. The Commissioner of Labor shall notify the Department of Revenue annually of all employers who have had these citations become final orders within the past three years.

(g) Overdue Tax Debts. – A taxpayer is not eligible for a credit allowed under this Article if, at the time the taxpayer claims the credit or an installment or carryforward of the credit, the taxpayer has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved.

(h) Expiration. – If, during the period that installments of a credit under this Article accrue, the taxpayer is no longer engaged in one of the types of business described in subsection (a) of this section at the establishment for which the credit was claimed, the credit expires. If, during the period that installments of a credit under this Article accrue, the number of jobs of an eligible company headquarters falls below the minimum number required under subsection (b) of this section, any credit associated with that company headquarters expires. When a credit expires, the taxpayer may not take any remaining installments of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.84. A change in the development tier designation of the location of an establishment does not result in expiration of a credit under this Article.

(i) Forfeiture. – A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit for the calendar year in which the taxpayer engaged in the activity for which the credit was claimed. In addition, a taxpayer forfeits a credit for investment in real property under G.S. 105-129.89 if the taxpayer fails to timely create the number of required new jobs or to timely make the required level of investment under G.S. 105-129.89(b). A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

(j) Change in Ownership of Business. – As used in this subsection, the term 'business' means a taxpayer or an establishment. The sale, merger, consolidation, conversion, acquisition, or bankruptcy of a business, or any transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any credit or carried-over portion of a credit that its predecessor could have taken if it had a tax liability. The acquisition of a business is a new investment that creates new eligibility in the acquiring taxpayer under this Article if any of the following conditions are met:

1. The business closed before it was acquired.
2. The business was required to file a notice of plant closing or mass layoff under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2101, before it was acquired.
3. The business was acquired by its employees directly or indirectly through an acquisition company under an employee stock option transaction or another similar mechanism. For the purpose of this subdivision, 'acquired' means that as part of the initial purchase of a
business by the employees, the purchase included an agreement for the employees through the employee stock option transaction or another similar mechanism to obtain one of the following:

a. Ownership of more than fifty percent (50%) of the business.

b. Ownership of not less than forty percent (40%) of the business within seven years if the business has tangible assets with a net book value in excess of one hundred million dollars ($100,000,000) and has the majority of its operations located in a development tier one area.

(k) Advisory Ruling. – A taxpayer may request in writing from the Secretary of Revenue specific advice regarding eligibility for a credit under this Article. G.S. 105-264 governs the effect of this advice. A taxpayer may not legally rely upon advice offered by any other State or local government official or employee acting in an official capacity regarding eligibility for a credit under this Article.

(l) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce, after the Department has calculated the development tier designations for the next year but before the beginning of that year, to undertake specific activities at a specific site within the next two years may calculate the credit for which it qualifies based on the establishment's development tier designation and urban progress zone or agrarian growth zone designation in the year in which the letter of commitment was signed by the taxpayer. If the taxpayer does not engage in the activities within the two-year period, the taxpayer does not qualify for the credit; however, if the taxpayer later engages in the activities, the taxpayer qualifies for the credit based on the development tier and urban progress zone or agrarian growth zone designations in effect at that time.

“§ 105-129.84. Tax election; cap; carryforwards; limitations.

(a) Tax Election. – The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter, the income taxes levied in Article 4 of this Chapter, and the gross premiums tax levied in Article 8B of this Chapter. The taxpayer may divide a credit between the taxes against which it is allowed. Carryforwards of a credit may be divided between the taxes against which it is allowed without regard to the original election regarding the division of the credit.

(b) Cap. – The credits allowed under this Article may not exceed fifty percent (50%) of the cumulative amount of taxes against which they may be claimed for the taxable year, reduced by the sum of all other credits allowed against those taxes, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article for the taxable year.

(c) Carryforward. – Unless a longer carryforward period applies, any unused portion of a credit allowed under G.S. 105-129.87 or G.S. 105-129.88 may be carried forward for the succeeding five years, and any unused portion of a credit allowed under G.S. 105-129.89 may be carried forward for the succeeding 15 years. If the Secretary of Commerce makes a written determination that the taxpayer is expected to purchase or lease, and place in service in connection with an eligible business within a two-year period, at least one hundred fifty million dollars ($150,000,000) worth of business and real property, any unused portion of a credit under this Article with respect to the establishment that satisfies that condition may be carried forward for the succeeding 20 years. If the taxpayer does not make the required level of investment, the taxpayer shall apply the five-year carryforward period rather than the 20-year carryforward period.
(d) Statute of Limitations. – Notwithstanding Article 9 of this Chapter, a taxpayer shall claim a credit under this Article within six months after the date set by statute for the filing of the return, including any extensions of that date.

"§ 105-129.85. Fees and reports.

(a) Fee. – When filing a return for a taxable year in which the taxpayer engaged in activity for which the taxpayer is eligible for a credit under this Article, the taxpayer shall pay the Department of Revenue a fee of five hundred dollars ($500.00) for each type of credit the taxpayer claims or intends to claim with respect to an establishment. The fee is due at the time the return is due for the taxable year in which the taxpayer engaged in the activity for which the taxpayer is eligible for a credit. No credit is allowed under this Article for a taxable year until all outstanding fees have been paid. Fees collected under this section shall be credited to the General Fund.

(b) Reports. – The Department of Revenue shall publish by May 1 of each year the following information itemized by credit and by taxpayer for the 12-month period ending the preceding December 31:

(1) The number and amount of credits generated and taken for each credit allowed in this Article.
(2) The number and development tier area of new jobs with respect to which credits were generated and to which credits were taken.
(3) The cost and development tier area of business property with respect to which credits were generated and to which credits were taken.
(4) The cost and development tier area of real property investment with respect to which credits were generated and to which credits were taken.

"§ 105-129.86. Substantiation.

(a) Records. – To claim a credit allowed by this Article, the taxpayer shall provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no credit shall be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

(b) Documentation. – Each taxpayer shall provide with the tax return qualifying information for each credit claimed under this Article. The qualifying information shall be in the form prescribed by the Secretary and shall be signed and affirmed by the individual who signs the taxpayer's tax return. The information required by this subsection is information demonstrating that the taxpayer has met the conditions for qualifying for a credit and any carryforwards and includes the following:

(1) The physical location of the jobs and investment with respect to which the credit is claimed, including the street address and the development tier designation of the establishment.
(2) The type of business with respect to which the credit is claimed and the average weekly wage at the establishment with respect to which the credit is claimed.
(3) Any other qualifying information related to a specific credit allowed under this Article.

"§ 105-129.87. Credit for creating jobs.
(a) Credit. – A taxpayer that meets the eligibility requirements set out in G.S. 105-129.83 and satisfies the threshold requirement for new job creation in this State under subsection (b) of this section during the taxable year is allowed a credit for creating jobs. The amount of the credit for each new job created is set out in the table below and is based on the development tier designation of the county in which the job is located. If the job is located in an urban progress zone or an agrarian growth zone, the amount of the credit is increased by one thousand dollars ($1,000) per job. In addition, if a job located in an urban progress zone or an agrarian growth zone is filled by a resident of that zone or by a long-term unemployed worker, the amount of the credit is increased by an additional two thousand dollars ($2,000) per job.

(b) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the development tier designation of the county where the new jobs are created during the taxable year. If the taxpayer creates new jobs at more than one eligible establishment in a county during the taxable year, the threshold applies to the aggregate number of new jobs created at all eligible establishments within the county during that year. If the taxpayer creates new jobs at eligible establishments in different counties during the taxable year, the threshold applies separately to the aggregate number of new jobs created at eligible establishments in each county. If the taxpayer creates new jobs in an urban progress zone or an agrarian growth zone, the applicable threshold is the one for a development tier one area.

(c) Calculation. – A job is located in a county, an urban progress zone, or an agrarian growth zone if more than fifty percent (50%) of the employee's duties are performed in the county or the zone. The number of new jobs a taxpayer creates during the taxable year is determined by subtracting the average number of full-time employees the taxpayer had in this State during the 12-month period preceding the beginning of the taxable year from the average number of full-time employees the taxpayer has in this State during the taxable year.

(d) Installments. – The credit may not be taken in the taxable year in which the new jobs are created. Instead, the credit shall be taken in equal installments over the four years following the taxable year in which the new jobs were created and is conditional upon the continued maintenance of those jobs by the taxpayer. If, in one of the four years in which the installment of a credit accrues, a job is no longer filled, the credit with respect to that job expires, and the taxpayer may not take any remaining installment of the credit with respect to that job. If, in one of the years in which the installment of a credit accrues, the number of the taxpayer's full-time employees falls below the sum of the applicable threshold and the number of full-time employees the taxpayer had in the year before the year in which the taxpayer qualified for the credit, the credits with respect to all of the new jobs expire, and the taxpayer may not take any remaining installments of the credits. When a credit expires under this subsection, the taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.84.
(e) Transferred Jobs. – Jobs transferred from one area in the State to another area in the State are not considered new jobs for purposes of this section. Jobs that were located in this State and that are transferred to the taxpayer from a related member of the taxpayer are not considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the job with respect to which the credit was claimed is moved to an area in a higher-numbered development tier or out of an urban progress zone or an agrarian growth zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the job was initially created in the area to which it was moved. If, in one of the years in which the installment of a credit accrues, the job with respect to which the credit was claimed is moved to an area in a lower-numbered development tier or an urban progress zone or an agrarian growth zone, the remaining installments of the credit shall be calculated as if the job had been created initially in the area to which it was moved.

(f) Wage Standard. – For the purposes of this section, a taxpayer satisfies the wage standard requirement of G.S. 105-129.83 only if the taxpayer satisfies the requirement with respect to both the new jobs, considered collectively, for which a credit is claimed and all of the jobs at the establishment, considered collectively, with respect to which a credit is claimed.

(g) No Double Credit. – A taxpayer may not claim a credit under this section with respect to jobs for which a taxpayer claims a credit under G.S. 105-129.8.

§ 105-129.88. Credit for investing in business property.

(a) General Credit. – A taxpayer that meets the eligibility requirements set out in G.S. 105-129.83 and that has purchased or leased business property and placed it in service in this State during the taxable year and that has satisfied the threshold requirements of subsection (c) of this section is allowed a credit equal to the applicable percentage of the excess of the eligible investment amount over the applicable threshold. If the taxpayer places business property in service in an urban progress zone or an agrarian growth zone, the applicable percentage is the one for a development tier one area. Business property is eligible if it is not leased to another party. The credit may not be taken for the taxable year in which the business property is placed in service but shall be taken in equal installments over the four years following the taxable year in which it is placed in service. The applicable percentage is as follows:

<table>
<thead>
<tr>
<th>Area Development Tier</th>

<tr>

<td>7%</td>
</tr>
<tr>
<td>Tier Two</td>
<td>5%</td>
</tr>
<tr>
<td>Tier Three</td>
<td>3.5%</td>
</tr>
</tbody>
</table>

(b) Eligible Investment Amount. – The eligible investment amount is the lesser of (i) the cost of the eligible business property and (ii) the amount by which the cost of all of the taxpayer's eligible business property that is in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer's eligible business property that was in service in this State on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer had the most eligible business property in service in this State.

(c) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the development tier where the eligible business property is placed in service during the taxable year. If the taxpayer places business property in service in an urban progress zone or an agrarian growth zone, the applicable threshold is the one for a development tier one area. If the taxpayer places eligible business property in service at more than one establishment in a county during the taxable year, the
threshold applies to the aggregate amount of eligible business property placed in service during the taxable year at all establishments in the county. If the taxpayer places eligible business property in service at establishments in different counties, the threshold applies separately to the aggregate amount of eligible business property placed in service in each county. If the taxpayer places eligible machinery and equipment in service at an establishment over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

(d) Expiration. — As used in this subsection, the term ‘disposed of’ means disposed of, taken out of service, or moved out of State. If, in one of the four years in which the installment of a credit accrues, the business property with respect to which the credit was claimed is disposed of, the credit expires, and the taxpayer may not take any remaining installment of the credit for that business property unless the cost of that business property is offset in the same taxable year by the taxpayer’s new investment in eligible business property placed in service in the same county, as provided in this subsection. If, during the taxable year, the taxpayer disposed of the business property for which installments remain, there has been a net reduction in the cost of all the taxpayer’s eligible business property that are in service in the same county as the business property that was disposed of, and the amount of this reduction is greater than twenty percent (20%) of the cost of the business property that was disposed of, then the credit for the business property that was disposed of expires. If the amount of the net reduction is equal to twenty percent (20%) or less of the cost of the business property that was disposed of, or if there is no net reduction, then the credit does not expire. In determining the amount of any net reduction during the taxable year, the cost of business property the taxpayer placed in service during the taxable year and for which the taxpayer claims a credit under Article 3A or Article 3B of this Chapter may not be included in the cost of all the taxpayer’s eligible business property that is in service. If in a single taxable year business property with respect to two or more credits in the same county are disposed of, the net reduction in the cost of all the taxpayer’s eligible business property that is in service in the same county is compared to the total cost of all the business property for which credits expired in order to determine whether the remaining installments of the credits are forfeited.

The expiration of a credit does not prevent the taxpayer from taking the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.84.

(e) Transferred Property. — If, in one of the four years in which the installment of a credit accrues, the business property with respect to which the credit was claimed is moved to a county in a higher-numbered development tier or to an urban progress zone or an agrarian growth zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the business property had been placed in service initially in the area to which it was moved. If, in one of the four years in which the installment of a credit accrues, the business property with respect to which a credit was claimed is moved to a county in a lower-numbered development tier or an urban progress zone or an agrarian growth zone, the remaining installments of the credit shall
be calculated as if the business property had been placed in service initially in the area to which it was moved.

(f) Wage Standard. – For the purposes of this section, a taxpayer satisfies the wage standard requirement of G.S. 105-129.83 only if the taxpayer satisfies the requirement with respect to all of the jobs at the establishment, considered collectively, with respect to which a credit is claimed.

(g) No Double Credit. – A taxpayer may not claim a credit under this section with respect to business property for which the taxpayer claims a credit under G.S. 105-129.9 or G.S. 105-129.9A.

"§ 105-129.89. Credit for investment in real property.

(a) Credit. – If a taxpayer that has purchased or leased real property in a development tier one area begins to use the property in an eligible business during the taxable year, the taxpayer is allowed a credit equal to thirty percent (30%) of the eligible investment amount if all of the eligibility requirements of G.S. 105-129.83 and of subsection (b) of this section are met. For the purposes of this section, property is located in a development tier one area if the area the property is located in was a development tier one area at the time the taxpayer made a written application for the determination required under subsection (b) of this section. The eligible investment amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost of all of the real property the taxpayer is using in this State in an eligible business on the last day of the taxable year exceeds the cost of all of the real property the taxpayer was using in this State in an eligible business on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was using the most real property in this State in an eligible business. In the case of property that is leased, the cost of the property is not determined as provided in G.S. 105-129.81 but is considered to be the taxpayer's lease payments over a seven-year period, plus any expenditures made by the taxpayer to improve the property before it is used by the taxpayer if the expenditures are not reimbursed or credited by the lessor. The entire credit may not be taken for the taxable year in which the property is first used in an eligible business but shall be taken in equal installments over the seven years following the taxable year in which the property is first used in an eligible business. When part of the property is first used in an eligible business in one year and part is first used in an eligible business in a later year, separate credits may be claimed for the amount of property first used in an eligible business in each year. The basis in any real property for which a credit is allowed under this section shall be reduced by the amount of credit allowable.

(b) Determination by the Secretary of Commerce. – A taxpayer is eligible for the credit allowed under this section with respect to an establishment only if the Secretary of Commerce makes a written determination that the taxpayer is expected to purchase or lease and use in an eligible business at that establishment within a three-year period at least ten million dollars ($10,000,000) of real property and that the establishment that is the subject of the credit will create at least 200 new jobs within two years of the time that the property is first used in an eligible business. If the taxpayer fails to timely make the required level of investment or fails to timely create the required number of new jobs, the taxpayer forfeits the credit as provided in G.S. 105-129.83.

(c) Mixed Use Property. – If the taxpayer uses only part of the property in an eligible business, the amount of the credit allowed under this section is reduced by multiplying it by a fraction, the numerator of which is the square footage of the property
used in an eligible business and the denominator of which is the total square footage of
the property.

(d) Expiration. – If, in one of the seven years in which the installment of a credit
accrues, the property with respect to which the credit was claimed is no longer used in
an eligible business, the credit expires, and the taxpayer may not take any remaining
installment of the credit. If, in one of the seven years in which the installment of a credit
accrues, part of the property with respect to which the credit was claimed is no longer
used in an eligible business, the remaining installments of the credit shall be reduced by
multiplying it by the fraction described in subsection (c) of this section. If, in one of the
years in which the installment of a credit accrues and by which the taxpayer is required
to have created 200 new jobs at the property, the total number of employees the

"§ 20-38.4. Initial appearance.

(a) Appearance Before a Magistrate. – Except as modified in this Article, a magistrate shall follow the procedures set forth in Article 24 of Chapter 15A of the General Statutes.

(1) A magistrate may hold an initial appearance at any place within the county and shall, to the extent practicable, be available at locations other than the courthouse when it will expedite the initial appearance.

(2) In determining whether there is probable cause to believe a person is impaired, the magistrate may review all alcohol screening tests, chemical analyses, receive testimony from any law enforcement officer concerning impairment and the circumstances of the arrest, and observe the person arrested.

(3) If there is a finding of probable cause, the magistrate shall consider whether the person is impaired to the extent that the provisions of G.S. 15A-534.2 should be imposed.

(4) The magistrate shall also:
   a. Inform the person in writing of the established procedure to have others appear at the jail to observe his condition or to administer an additional chemical analysis if the person is unable to make bond; and
   b. Require the person who is unable to make bond to list all persons he wishes to contact and telephone numbers on a form that sets forth the procedure for contacting the persons listed. A copy of this form shall be filed with the case file.

(b) The Administrative Office of the Courts shall adopt forms to implement this Article.

"§ 20-38.5. Facilities.

The initial signs shall be provided by the Department of Transportation, without costs. The signs shall thereafter be maintained by the county for all county buildings and the county courthouse.

(c) If the instrument for performing a chemical analysis of the breath is located in a State or municipal building, then the head of the highway patrol for the county, the chief of police for the city or that person's designee shall be substituted for the sheriff when determining signs and access to the chemical analysis room. The signs shall be maintained by the owner of the building. When a breath testing instrument is in a motor vehicle or at a temporary location, the Department of Health and Human Services shall alone perform the functions listed in subdivisions (a)(1) and (a)(2) of this section.

"§ 20-38.6. Motions and district court procedure.

(a) The defendant may move to suppress evidence or dismiss charges only prior to trial, except the defendant may move to dismiss the charges for insufficient evidence at the close of the State's evidence and at the close of all of the evidence without prior notice. If, during the course of the trial, the defendant discovers facts not previously known, a motion to suppress or dismiss may be made during the trial.

(b) Upon a motion to suppress or dismiss the charges, other than at the close of the State's evidence or at the close of all the evidence, the State shall be granted reasonable time to procure witnesses or evidence and to conduct research required to defend against the motion.

(c) The judge shall summarily grant the motion to suppress evidence if the State stipulates that the evidence sought to be suppressed will not be offered in evidence in any criminal action or proceeding against the defendant.

(d) The judge may summarily deny the motion to suppress evidence if the defendant failed to make the motion pretrial when all material facts were known to the defendant.

(e) If the motion is not determined summarily, the judge shall make the determination after a hearing and finding of facts. Testimony at the hearing shall be under oath.

(f) The judge shall set forth in writing the findings of fact and conclusions of law and preliminarily indicate whether the motion should be granted or denied. "§ 20-38.7. Appeal to superior court.

(a) The State may appeal to superior court any district court preliminary determination granting a motion to suppress or dismiss. If there is a dispute about the findings of fact, the superior court shall not be bound by the findings of the district court but shall determine the matter de novo. Any further appeal shall be governed by Article 90 of Chapter 15A of the General Statutes.
(b) The defendant may not appeal a denial of a pretrial motion to suppress or to dismiss but may appeal upon conviction as provided by law.

(c) Notwithstanding the provisions of G.S. 15A-1431, for any implied-consent offense that is first tried in district court and that is appealed to superior court by the defendant for a trial de novo as a result of a conviction, the sentence imposed by the district court is vacated upon giving notice of appeal. The case shall only be remanded back to district court with the consent of the prosecutor and the superior court. When an appeal is withdrawn or a case is remanded back to district court, the district court shall hold a new sentencing hearing and shall consider any new convictions and, if the defendant has any pending charges of offenses involving impaired driving, shall delay sentencing in the remanded case until all cases are resolved.

PART IV. ALLOWING THE ADMISSIBILITY OF DRUG RECOGNITION EXPERTS, HGN TESTIMONY, AND OPINION AS TO SPEED BY AN ACCIDENT RECONSTRUCTION EXPERT

SECTION 6. G.S. 8C-1, Rule 702 reads as rewritten:

"Rule 702. Testimony by experts.

(a) If scientific, technical or other specialized knowledge will assist the trier of fact to understand the evidence or to determine a fact in issue, a witness qualified as an expert by knowledge, skill, experience, training, or education, may testify thereto in the form of an opinion.

(a1) A witness, qualified under subsection (a) of this section and with proper foundation, may give expert testimony solely on the issue of impairment and not on the issue of specific alcohol concentration level relating to the following:

(1) The results of a Horizontal Gaze Nystagmus (HGN) Test when the test is administered by a person who has successfully completed training in HGN.

(2) Whether a person was under the influence of one or more impairing substances, and the category of such impairing substance or substances. A witness who has received training and holds a current certification as a Drug Recognition Expert, issued by the State Department of Health and Human Services, shall be qualified to give the testimony under this subdivision.

(i) A witness qualified as an expert in accident reconstruction who has performed a reconstruction of a crash, or has reviewed the report of investigation, with proper foundation may give an opinion as to the speed of a vehicle even if the witness did not observe the vehicle moving."

PART V. ALCOHOL SCREENING DEVICES

SECTION 7. G.S. 20-16.3 reads as rewritten:

"§ 20-16.3. Alcohol screening tests required of certain drivers; approval of test devices and manner of use by Commission for Health Services; Department of Health and Human Services; use of test results or refusal.

(a) When Alcohol Screening Test May Be Required; Not an Arrest. – A law-enforcement officer may require the driver of a vehicle to submit to an alcohol screening test within a relevant time after the driving if the officer has:

(1) Reasonable grounds to believe that the driver has consumed alcohol and has:

a. Committed a moving traffic violation; or

b. Been involved in an accident or collision; or
An articulable and reasonable suspicion that the driver has committed an implied-consent offense under G.S. 20-16.2, and the driver has been lawfully stopped for a driver's license check or otherwise lawfully stopped or lawfully encountered by the officer in the course of the performance of the officer's duties.

Requiring a driver to submit to an alcohol screening test in accordance with this section does not in itself constitute an arrest.

(b) Approval of Screening Devices and Manner of Use. – The Commission for Health Services Department of Health and Human Services is directed to examine and approve devices suitable for use by law-enforcement officers in making on-the-scene tests of drivers for alcohol concentration. For each alcohol screening device or class of devices approved, the Commission Department must adopt regulations governing the manner of use of the device. For any alcohol screening device that tests the breath of a driver, the Commission Department is directed to specify in its regulations the shortest feasible minimum waiting period that does not produce an unacceptably high number of false positive test results.

(c) Tests Must Be Made with Approved Devices and in Approved Manner. – No screening test for alcohol concentration is a valid one under this section unless the device used is one approved by the Commission for Health Services Department and the screening test is conducted in accordance with the applicable regulations of the Commission Department as to the manner of its use.

(d) Use of Screening Test Results or Refusal by Officer. – The results of an fact that a driver showed a positive or negative result on an alcohol screening test, but not the actual alcohol concentration result, or a driver's refusal to submit may be used by a law-enforcement officer, is admissible in a court, or may also be used by an administrative agency in determining if there are reasonable grounds for believing:

(1) That the driver has committed an implied-consent offense under G.S. 20-16.2; and

(2) That the driver had consumed alcohol and that the driver had in his or her body previously consumed alcohol, but not to prove a particular alcohol concentration. Negative or low results on the alcohol screening test may be used in factually appropriate cases by the officer, a court, or an administrative agency in determining whether a person's alleged impairment is caused by an impairing substance other than alcohol.

Except as provided in this subsection, the results of an alcohol screening test may not be admitted in evidence in any court or administrative proceeding.

PART VI. CLARIFICATION OF IMPAIRED DRIVING OFFENSES

SECTION 8. G.S. 20-4.01 reads as rewritten:

PART VIII. CLARIFYING AND SIMPLIFYING THE IMPLIED-CONSENT LAW
SECTION 15. G.S. 20-16.2 reads as rewritten:

"§ 20-16.2. Implied consent to chemical analysis; mandatory revocation of license in event of refusal; right of driver to request analysis.

(a) Basis for Charging Officer to Require Chemical Analysis; Notification of Rights. – Any person who drives a vehicle on a highway or public vehicular area thereby gives consent to a chemical analysis if charged with an implied-consent offense. The charging officer shall designate the type of chemical analysis to be administered, and it may be administered when the officer has reasonable grounds to believe that the person charged has committed the implied-consent offense. Any law enforcement officer who has reasonable grounds to believe that the person charged has committed the implied-consent offense may obtain a chemical analysis of the person.

Except as provided in this subsection or subsection (b), before any type of chemical analysis is administered the person charged shall be taken before a chemical analyst authorized to administer a test of a person's breath or a law enforcement officer who is authorized to administer chemical analysis of the breath, who shall inform the person orally and also give the person a notice in writing that:

1. The person has a right to refuse to be tested. You have been charged with an implied-consent offense. Under the implied-consent law, you can refuse any test, but your driver's license will be revoked for one year and could be revoked for a longer period of time under certain circumstances, and an officer can compel you to be tested under other laws.

2. Refusal to take any required test or tests will result in an immediate revocation of the person's driving privilege for at least 30 days and an additional 12-month revocation by the Division of Motor Vehicles.

3. The test results, or the fact of the person's refusal, will be admissible in evidence at trial on the offense charged.

4. The person's driving privilege will be revoked immediately for at least 30 days if:
   a. The test reveals an alcohol concentration of 0.08 or more;
   b. The person was driving a commercial motor vehicle and the test reveals an alcohol concentration of 0.04 or more; or
   c. The person is under 21 years of age and the test reveals any alcohol concentration.

5. The person may choose a qualified person to administer a chemical test or tests in addition to any test administered at the direction of the charging officer. After you are released, you may seek your own test in addition to this test.

6. The person has the right to You may call an attorney for advice and select a witness to view for him or her the testing procedures, procedures remaining after the witness arrives, but the testing may not be delayed for these purposes longer than 30 minutes from the time when the person you is are notified of his or her of these rights. You must take the test at the end of 30 minutes even if you have not contacted an attorney or your witness has not arrived.

If the charging officer or an arresting officer is authorized to administer a chemical analysis of a person's breath, the charging officer or the arresting officer may give the
person charged the oral and written notice of rights required by this subsection. This authority applies regardless of the type of chemical analysis designated.

(a1) Meaning of Terms. – Under this section, an "implied-consent offense" is an offense involving impaired driving or an alcohol-related offense made subject to the procedures of this section. A person is "charged" with an offense if the person is arrested for it or if criminal process for the offense has been issued. A "charging officer" is a law enforcement officer who arrests the person charged, lodges the charge, or assists the officer who arrested the person or lodged the charge by assuming custody of the person to make the request required by subsection (c) and, if necessary, to present the person to a judicial official for an initial appearance.

(b) Unconscious Person May Be Tested. – If a charging law enforcement officer has reasonable grounds to believe that a person has committed an implied-consent offense, and the person is unconscious or otherwise in a condition that makes the person incapable of refusal, the charging law enforcement officer may direct the taking of a blood sample by a person qualified under G.S. 20-139.1 or may direct the administration of any other chemical analysis that may be effectively performed. In this instance the notification of rights set out in subsection (a) and the request required by subsection (c) are not necessary.

(c) Request to Submit to Chemical Analysis. – The charging law enforcement officer, officer or chemical analyst in the presence of the chemical analyst who has notified the person of his or her rights under subsection (a), must designate the type of test or tests to be given and may request the person charged to submit to the type of chemical analysis designated. If the person charged willfully refuses to submit to that chemical analysis, none may be given under the provisions of this section, but the refusal does not preclude testing under other applicable procedures of law.

(c1) Procedure for Reporting Results and Refusal to Division. – Whenever a person refuses to submit to a chemical analysis analysis, a person has an alcohol concentration of 0.16 or more, or a person's drivers license has an alcohol concentration restriction and the results of the chemical analysis establish a violation of the restriction, the charging law enforcement officer and the chemical analyst must without unnecessary delay go before an official authorized to administer oaths and execute an affidavit(s) stating that:

1. The person was charged with an implied-consent offense or had an alcohol concentration restriction on the drivers license;
2. The charging officer – A law enforcement officer had reasonable grounds to believe that the person had committed an implied-consent offense or violated the alcohol concentration restriction on the drivers license;
3. Whether the implied-consent offense charged involved death or critical injury to another person, if the person willfully refused to submit to chemical analysis;
4. The person was notified of the rights in subsection (a); and
5. The results of any tests given or that the person willfully refused to submit to a chemical analysis upon the request of the charging officer.

If the person's drivers license has an alcohol concentration restriction, pursuant to G.S. 20-19(c3), and an officer has reasonable grounds to believe the person has violated a provision of that restriction other than violation of the alcohol concentration level, the charging officer and chemical analyst shall complete the applicable sections of the
affidavit and indicate the restriction which was violated. The charging officer must immediately mail the affidavit(s) to the Division. If the charging officer is also the chemical analyst who has notified the person of the rights under subsection (a), the charging officer may perform alone the duties of this subsection.

(d) Consequences of Refusal; Right to Hearing before Division; Issues. – Upon receipt of a properly executed affidavit required by subsection (c1), the Division must expeditiously notify the person charged that the person's license to drive is revoked for 12 months, effective on the tenth calendar day after the mailing of the revocation order unless, before the effective date of the order, the person requests in writing a hearing before the Division. Except for the time referred to in G.S. 20-16.5, if the person shows to the satisfaction of the Division that his or her license was surrendered to the court, and remained in the court's possession, then the Division shall credit the amount of time for which the license was in the possession of the court against the 12-month revocation period required by this subsection. If the person properly requests a hearing, the person retains his or her license, unless it is revoked under some other provision of law, until the hearing is held, the person withdraws the request, or the person fails to appear at a scheduled hearing. The hearing officer may subpoena any witnesses or documents that the hearing officer deems necessary. The person may request the hearing officer to subpoena the charging officer, the chemical analyst, or both to appear at the hearing if the person makes the request in writing at least three days before the hearing. The person may subpoena any other witness whom the person deems necessary, and the provisions of G.S. 1A-1, Rule 45, apply to the issuance and service of all subpoenas issued under the authority of this section. The hearing officer is authorized to administer oaths to witnesses appearing at the hearing. The hearing shall be conducted in the county where the charge was brought, and shall be limited to consideration of whether:

1. The person was charged with an implied-consent offense or the driver had an alcohol concentration restriction on the drivers license pursuant to G.S. 20-19;
2. The law enforcement officer had reasonable grounds to believe that the person had committed an implied-consent offense or violated the alcohol concentration restriction on the drivers license;
3. The implied-consent offense charged involved death or critical injury to another person, if this allegation is in the affidavit;
4. The person was notified of the person's rights as required by subsection (a); and
5. The person willfully refused to submit to a chemical analysis upon the request of the charging officer.

If the Division finds that the conditions specified in this subsection are met, it shall order the revocation sustained. If the Division finds that any of the conditions (1), (2), (4), or (5) is not met, it shall rescind the revocation. If it finds that condition (3) is alleged in the affidavit but is not met, it shall order the revocation sustained if that is the only condition that is not met; in this instance subsection (d1) does not apply to that revocation. If the revocation is sustained, the person must surrender his or her license immediately upon notification by the Division.

(d1) Consequences of Refusal in Case Involving Death or Critical Injury. – If the refusal occurred in a case involving death or critical injury to another person, no limited driving privilege may be issued. The 12-month revocation begins only after all other periods of revocation have terminated unless the person's license is revoked under
G.S. 20-28, 20-28.1, 20-19(d), or 20-19(e). If the revocation is based on those sections, the revocation under this subsection begins at the time and in the manner specified in subsection (d) for revocations under this section. However, the person's eligibility for a hearing to determine if the revocation under those sections should be rescinded is postponed for one year from the date on which the person would otherwise have been eligible for the hearing. If the person's driver's license is again revoked while the 12-month revocation under this subsection is in effect, that revocation, whether imposed by a court or by the Division, may only take effect after the period of revocation under this subsection has terminated.

(e) Right to Hearing in Superior Court. – If the revocation for a willful refusal is sustained after the hearing, the person whose license has been revoked has the right to file a petition in the superior court for a hearing de novo upon the issues listed in subsection (d), in the same manner and under the same conditions as provided in G.S. 20-25 except that the de novo hearing is conducted in the superior court district or set of districts as defined in G.S. 7A-41.1 where the charge was made. The superior court review shall be limited to whether there is sufficient evidence in the record to support the Commissioner's findings of fact and whether the conclusions of law are supported by the findings of fact and whether the Commissioner committed an error of law in revoking the license.

(e1) Limited Driving Privilege after Six Months in Certain Instances. – A person whose driver's license has been revoked under this section may apply for and a judge authorized to do so by this subsection may issue a limited driving privilege if:

(1) At the time of the refusal the person held either a valid drivers license or a license that had been expired for less than one year;
(2) At the time of the refusal, the person had not within the preceding seven years been convicted of an offense involving impaired driving;
(3) At the time of the refusal, the person had not in the preceding seven years willfully refused to submit to a chemical analysis under this section;
(4) The implied consent offense charged did not involve death or critical injury to another person;
(5) The underlying charge for which the defendant was requested to submit to a chemical analysis has been finally disposed of:
   a. Other than by conviction; or
   b. By a conviction of impaired driving under G.S. 20-138.1, at a punishment level authorizing issuance of a limited driving privilege under G.S. 20-179.3(b), and the defendant has complied with at least one of the mandatory conditions of probation listed for the punishment level under which the defendant was sentenced;
(6) Subsequent to the refusal the person has had no unresolved pending charges for or additional convictions of an offense involving impaired driving;
(7) The person's license has been revoked for at least six months for the refusal; and
(8) The person has obtained a substance abuse assessment from a mental health facility and successfully completed any recommended training or treatment program.
Except as modified in this subsection, the provisions of G.S. 20-179.3 relating to the procedure for application and conduct of the hearing and the restrictions required or authorized to be included in the limited driving privilege apply to applications under this subsection. If the case was finally disposed of in the district court, the hearing shall be conducted in the district court district as defined in G.S. 7A-133 in which the refusal occurred by a district court judge. If the case was finally disposed of in the superior court, the hearing shall be conducted in the superior court district or set of districts as defined in G.S. 7A-41.1 in which the refusal occurred by a superior court judge. A limited driving privilege issued under this section authorizes a person to drive if the person's license is revoked solely under this section or solely under this section and G.S. 20-17(2). If the person's license is revoked for any other reason, the limited driving privilege is invalid.

(f) Notice to Other States as to Nonresidents. – When it has been finally determined under the procedures of this section that a nonresident's privilege to drive a motor vehicle in this State has been revoked, the Division must give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which the person has a license.

(g) Repealed by Session Laws 1973, c. 914.

(h) Repealed by Session Laws 1979, c. 423, s. 2.

(i) Right to Chemical Analysis before Arrest or Charge. – A person stopped or questioned by a law enforcement officer who is investigating whether the person may have committed an implied consent offense may request the administration of a chemical analysis before any arrest or other charge is made for the offense. Upon this request, the officer shall afford the person the opportunity to have a chemical analysis of his or her breath, if available, in accordance with the procedures required by G.S. 20-139.1(b). The request constitutes the person's consent to be transported by the law enforcement officer to the place where the chemical analysis is to be administered. Before the chemical analysis is made, the person shall confirm the request in writing and shall be notified:

1. That the test results will be admissible in evidence and may be used against the person in any implied consent offense that may arise;

2. That the person's license will be revoked for at least 30 days if:
   a. The test reveals an alcohol concentration of 0.08 or more, or
   b. The person was driving a commercial motor vehicle and the test results reveal an alcohol concentration of 0.04 or more; or
   c. The person is under 21 years of age and the test reveals any alcohol concentration.

Your driving privilege will be revoked immediately for at least 30 days if the test result is 0.08 or more, 0.04 or more if you were driving a commercial vehicle, or 0.01 or more if you are under the age of 21.

3. That if the person fails to comply fully with the test procedures, the officer may charge the person with any offense for which the officer has probable cause, and if the person is charged with an implied consent offense, the person's refusal to submit to the testing required as a result of that charge would result in revocation of the person's driver's license, your driving privilege. The results of the chemical analysis are admissible in evidence in any proceeding in which they are relevant."
PART IX. ADMISSIBILITY OF CHEMICAL ANALYSES

SECTION 16. G.S. 20-139.1 reads as rewritten:

"§ 20-139.1. Procedures governing chemical analyses; admissibility; evidentiary provisions; controlled-drinking programs.

(a) Chemical Analysis Admissible. – In any implied-consent offense under G.S. 20-16.2, a person's alcohol concentration or the presence of any other impairing substance in the person's body as shown by a chemical analysis is admissible in evidence. This section does not limit the introduction of other competent evidence as to a person's alcohol concentration or results of other tests showing the presence of an impairing substance, including other chemical tests.

(b) Approval of Valid Test Methods; Licensing Chemical Analysts. – A

The results of a chemical analysis, to be valid, shall be deemed sufficient evidence to prove a person's alcohol concentration. A chemical analysis of the breath administered pursuant to the implied-consent law is admissible in any court or administrative hearing or proceeding if it meets both of the following requirements:

(1) It is performed in accordance with the provisions of this section. The chemical analysis shall be performed according to methods approved by the Commission for Health Services by an individual possessing rules of the Department of Health and Human Services.

(2) The person performing the analysis had, at the time of the analysis, a current permit issued by the Department of Health and Human Services authorizing the person to perform a test of the breath using the type of instrument employed for that type of chemical analysis.

For purposes of establishing compliance with subdivision (b)(1) of this section, the court or administrative agency shall take notice of the rules of the Department of Health and Human Services. For purposes of establishing compliance with subdivision (b)(2) of this section, the court or administrative agency shall take judicial notice of the list of permits issued to the person performing the analysis, the type of instrument on which the person is authorized to perform tests of the breath, and the date the permit was issued. The Commission for Health Services may adopt rules approving satisfactory methods or techniques for performing chemical analyses, and the Department of Health and Human Services may ascertain the qualifications and competence of individuals to conduct particular chemical analyses and the methods for conducting chemical analyses. The Department may issue permits to conduct chemical analyses to individuals it finds qualified subject to periodic renewal, termination, and revocation of the permit in the Department's discretion.

(b1) When Officer May Perform Chemical Analysis. – Except as provided in this subsection, a chemical analysis is not valid in any case in which it is performed by an arresting officer or by a charging officer under the terms of G.S. 20-16.2. A chemical analysis of the breath may be performed by an arresting officer or by a charging officer when both of the following apply:

(1) The officer possesses a current permit issued by the Department of Health and Human Services for the type of chemical analysis.

(2) The officer performs the chemical analysis by using an automated instrument that prints the results of the analysis.

Any person possessing a current permit authorizing the person to perform chemical analysis may perform a chemical analysis.

(b2) Breath Analysis Results Inadmissible if Preventive Maintenance Not Performed. – The Department of Health and Human Services shall
To perform preventive maintenance on breath-testing instruments used for chemical analysis. A court or administrative agency shall take judicial notice of the preventive maintenance records of the Department. Notwithstanding the provisions of subsection (b), the results of a chemical analysis of a person's breath performed in accordance with this section are not admissible in evidence if:

1. The defendant objects to the introduction into evidence of the results of the chemical analysis of the defendant's breath; and
2. The defendant demonstrates that, with respect to the instrument used to analyze the defendant's breath, preventive maintenance procedures required by the regulations of the Commission for Health Services Department of Health and Human Services had not been performed within the time limits prescribed by those regulations.

(b3) Sequential Breath Tests Required. – By January 1, 1985, the regulations of the Commission for Health Services must provide:

1. A specification as to the minimum observation period before collection of the first breath sample and the time requirements as to collection of second and subsequent samples.
2. That the test results may only be used to prove a person's particular alcohol concentration if:
   a. The pair of readings employed are from consecutively administered tests; and
   b. The readings do not differ from each other by an alcohol concentration greater than 0.02.
3. That when a pair of analyses meets the requirements of subdivision (2), only the lower of the two readings may be used by the State as proof of a person's alcohol concentration in any court or administrative proceeding.

A person's refusal to give the sequential breath samples necessary to constitute a valid chemical analysis is a refusal under G.S. 20-16.2(c).

A person's refusal to give the second or subsequent breath sample shall make the result of the first breath sample, or the result of the sample providing the lowest alcohol concentration if more than one breath sample is provided, admissible in any judicial or administrative hearing for any relevant purpose, including the establishment that a person had a particular alcohol concentration for conviction of an offense involving impaired driving.

(b4) Introducing Routine Records Kept as Part of Breath-Testing Program. – In civil and criminal proceedings, any party may introduce, without further authentication, simulator logs and logs for other devices used to verify a breath-testing instrument, certificates and other records concerning the check of ampoules and of simulator stock solution and the stock solution used in any other equilibration device, preventive maintenance records, and other records that are routinely kept concerning the maintenance and operation of breath testing instruments. In a criminal case, however, this subsection does not authorize the State to introduce records to prove the results of a
chemical analysis of the defendant or of any validation test of the instrument that is conducted during that chemical analysis.

(b5) Subsequent Tests Allowed. – A person may be requested, pursuant to G.S. 20-16.2, to submit to a chemical analysis of the person's blood or other bodily fluid or substance in addition to or in lieu of a chemical analysis of the breath, in the discretion of the charging law enforcement officer. If a subsequent chemical analysis is requested pursuant to this subsection, the person shall again be advised of the implied consent rights in accordance with G.S. 20-16.2(a). A person's willful refusal to submit to a chemical analysis of the blood or other bodily fluid or substance is a willful refusal under G.S. 20-16.2.

(b6) The Department of Health and Human Services shall post on a Web page and file with the clerk of superior court in each county a list of all persons who have a permit authorizing them to perform chemical analyses, the types of analyses that they can perform, the instruments that each person is authorized to operate, the effective dates of the permits, and the records of preventive maintenance. A court shall take judicial notice of whether, at the time of the chemical analysis, the chemical analyst possessed a permit authorizing the chemical analyst to perform the chemical analysis administered and whether preventive maintenance had been performed on the breath-testing instrument in accordance with the Department's rules.

(c) Withdrawal of Blood and Urine for Chemical Analysis. – Notwithstanding any other provision of law, when a blood or urine test is specified as the type of chemical analysis by the charging law enforcement officer, only a physician, registered nurse, emergency medical technician, or other qualified person may withdraw the blood sample and obtain the urine sample, and no further authorization or approval is required. If the person withdrawing the blood or collecting the urine requests written confirmation of the charging law enforcement officer's request for the withdrawal of blood, blood or collecting the urine, the officer shall furnish it before blood is withdrawn or urine collected. When blood is withdrawn or urine collected pursuant to a charging law enforcement officer's request, neither the person withdrawing the blood nor any hospital, laboratory, or other institution, person, firm, or corporation employing that person, or contracting for the service of withdrawing blood, may be held criminally or civilly liable by reason of withdrawing that blood, except that there is no immunity from liability for negligent acts or omissions.

The chemical analyst who analyzes the blood shall complete an affidavit stating the results of the analysis on a form developed by the Department of Health and Human Services and provide the affidavit to the charging officer and the clerk of superior court in the county in which the criminal charges are pending.

Evidence regarding the qualifications of the person who withdrew the blood sample may be provided at trial by testimony of the charging officer or by an affidavit of the person who withdrew the blood sample and shall be sufficient to constitute prima facie evidence regarding the person's qualifications.

(c1) Admissibility. – The results of a chemical analysis of blood or urine by the North Carolina State Bureau of Investigation Laboratory, the Charlotte, North Carolina, Police Department Laboratory, or any other laboratory approved for chemical analyses by the Department of Health and Human Services, are admissible as evidence in all administrative hearings, and in any court, without further authentication. The results shall be certified by the person who performed the analysis, and reported on a form approved by the Attorney General. However, if the defendant notifies the State, at least
five days before trial in the superior court division or an adjudicatory hearing in juvenile
court that the defendant objects to the introduction of the report into evidence, the
admissibility of the report shall be determined and governed by the appropriate rules of
evidence.

The report containing the results of any blood or urine test may be transmitted
electronically or via facsimile. A copy of the affidavit sent electronically or via facsimile shall be admissible in any court or administrative hearing without further
authentication. A copy of the report shall be sent to the charging officer, the clerk of
superior court in the county in which the criminal charges are pending, the Division of
Motor Vehicles, and the Department of Health and Human Services.

Nothing in this subsection precludes the right of any party to call any witness or to
introduce any evidence supporting or contradicting the evidence contained in the report.

(c2) A chemical analysis of blood or urine, to be admissible under this section,
shall be performed in accordance with rules or procedures adopted by the State Bureau
of Investigation, or by another laboratory certified by the American Society of Crime
Laboratory Directors (ASCLD), for the submission, identification, analysis, and storage
of forensic analyses.

(c3) Procedure for Establishing Chain of Custody Without Calling Unnecessary
Witnesses. –

(1) For the purpose of establishing the chain of physical custody or control
of blood or urine tested or analyzed to determine whether it contains
alcohol, a controlled substance or its metabolite, or any impairing
substance, a statement signed by each successive person in the chain of
custody that the person delivered it to the other person indicated on or
about the date stated is prima facie evidence that the person had
custody and made the delivery as stated, without the necessity of a
personal appearance in court by the person signing the statement.

(2) The statement shall contain a sufficient description of the material or
its container so as to distinguish it as the particular item in question
and shall state that the material was delivered in essentially the same
condition as received. The statement may be placed on the same
document as the report provided for in subsection (c1) of this section.

(3) The provisions of this subsection may be utilized in any administrative
hearing and by the State in district court, but can only be utilized in a
case originally tried in superior court or an adjudicatory hearing in
juvenile court if the defendant fails to notify the State at least five days
before trial that the defendant objects to the introduction of the
statement into evidence.

(4) Nothing in this subsection precludes the right of any party to call any
witness or to introduce any evidence supporting or contradicting the
evidence contained in the statement.

(c4) The results of a blood or urine test are admissible to prove a person's alcohol
concentration or the presence of controlled substances or metabolites or any other
impairing substance if:

(1) A law enforcement officer or chemical analyst requested a blood
and/or urine sample from the person charged; and

(2) A chemical analysis of the person's blood was performed by a
chemical analyst possessing a permit issued by the Department of
Health and Human Services authorizing the chemical analyst to
analyze blood or urine for alcohol or controlled substances, metabolites of a controlled substance, or any other impairing substance.

For purposes of establishing compliance with subdivision (2) of this subsection, the court or administrative agency shall take judicial notice of the list of persons possessing permits, the type of instrument on which each person is authorized to perform tests of the blood and/or urine, and the date the permit was issued and the date it expires.

(d) Right to Additional Test. – A person who submits to a chemical analysis may have a qualified person of his own choosing administer an additional chemical test or tests, or have a qualified person withdraw a blood sample for later chemical testing by a qualified person of his own choosing. Any law enforcement officer having in his charge any person who has submitted to a chemical analysis shall assist the person in contacting someone to administer the additional testing or to withdraw blood, and shall allow access to the person for that purpose. Nothing in this section shall be construed to prohibit a person from obtaining or attempting to obtain an additional chemical analysis. If the person is not released from custody after the initial appearance, the agency having custody of the person shall make reasonable efforts in a timely manner to assist the person in obtaining access to a telephone to arrange for any additional test and allow access to the person in accordance with the agreed procedure in G.S. 20-38.4. The failure or inability of the person who submitted to a chemical analysis to obtain any additional test or to withdraw blood does not preclude the admission of evidence relating to the chemical analysis.

(d1) Right to Require Additional Tests. – If a person refuses to submit to any test or tests pursuant to this section, any law enforcement officer with probable cause may, without a court order, compel the person to provide blood or urine samples for analysis if the officer reasonably believes that the delay necessary to obtain a court order, under the circumstances, would result in the dissipation of the percentage of alcohol in the person's blood or urine.

(d2) Notwithstanding any other provision of law, when a blood or urine sample is requested under subsection (d1) of this section by a law enforcement officer, a physician, registered nurse, emergency medical technician, or other qualified person shall withdraw the blood and obtain the urine sample, and no further authorization or approval is required. If the person withdrawing the blood or collecting the urine requests written confirmation of the charging officer's request for the withdrawal of blood or obtaining urine, the officer shall furnish it before blood is withdrawn or urine obtained.

(d3) When blood is withdrawn or urine collected pursuant to a law enforcement officer's request, neither the person withdrawing the blood nor any hospital, laboratory, or other institution, person, firm, or corporation employing that person, or contracting for the service of withdrawing blood, may be held criminally or civilly liable by reason of withdrawing that blood, except that there is no immunity from liability for negligent acts or omissions. The results of the analysis of blood or urine under this subsection shall be admissible if performed by the State Bureau of Investigation Laboratory or any other hospital or qualified laboratory.

(e) Recording Results of Chemical Analysis of Breath. – The chemical analyst who administers a test of a person's breath shall record the following information after making any chemical analysis:

(1) The alcohol concentration or concentrations revealed by the chemical analysis.
(2) The time of the collection of the breath sample or samples used in the chemical analysis.

A copy of the record of this information shall be furnished to the person submitting to the chemical analysis, or to his attorney, before any trial or proceeding in which the results of the chemical analysis may be used. A person charged with an implied-consent offense who has not received, prior to a trial, a copy of the chemical analysis results the State intends to offer into evidence may request in writing a copy of the results. The failure to provide a copy prior to any trial shall be grounds for a continuance of the case but shall not be grounds to suppress the results of the chemical analysis or to dismiss the criminal charges.

(e1) Use of Chemical Analyst's Affidavit in District Court. – An affidavit by a chemical analyst sworn to and properly executed before an official authorized to administer oaths is admissible in evidence without further authentication in any hearing or trial in the District Court Division of the General Court of Justice with respect to the following matters:

1. The alcohol concentration or concentrations or the presence or absence of an impairing substance of a person given a chemical analysis and who is involved in the hearing or trial.
2. The time of the collection of the blood, breath, or other bodily fluid or substance sample or samples for the chemical analysis.
3. The type of chemical analysis administered and the procedures followed.
4. The type and status of any permit issued by the Department of Health and Human Services that the analyst held on the date the analyst performed the chemical analysis in question.
5. If the chemical analysis is performed on a breath-testing instrument for which regulations adopted pursuant to subsection (b) require preventive maintenance, the date the most recent preventive maintenance procedures were performed on the breath-testing instrument used, as shown on the maintenance records for that instrument.

The Department of Health and Human Services shall develop a form for use by chemical analysts in making this affidavit. If any person who submitted to a chemical analysis desires that a chemical analyst personally testify in the hearing or trial in the District Court Division, the person may subpoena the chemical analyst and examine him as if he were an adverse witness. A subpoena for a chemical analyst shall not be issued unless the person files in writing with the court and serves a copy on the district attorney at least five days prior to trial an affidavit specifying the factual grounds on which the person believes the chemical analysis was not properly administered and the facts that the chemical analyst will testify about and stating that the presence of the analyst is necessary for the proper defense of the case. The district court shall determine if there are grounds to believe that the presence of the analyst requested is necessary for the proper defense. If so, the case shall be continued until the analyst can be present. The criminal case shall not be dismissed due to the failure of the analyst to appear, unless the analyst willfully fails to appear after being ordered to appear by the court.

(f) Evidence of Refusal Admissible. – If any person charged with an implied-consent offense refuses to submit to a chemical analysis, analysis or to perform field sobriety tests at the request of an officer, evidence of that refusal is admissible in
any criminal, civil, or administrative action against him for an implied consent offense under G.S. 20-16.2 to the person.

(g) Controlled-Drinking Programs. – The Department of Health and Human Services may adopt rules concerning the ingestion of controlled amounts of alcohol by individuals submitting to chemical testing as a part of scientific, experimental, educational, or demonstration programs. These regulations shall prescribe procedures consistent with controlling federal law governing the acquisition, transportation, possession, storage, administration, and disposition of alcohol intended for use in the programs. Any person in charge of a controlled-drinking program who acquires alcohol under these regulations must keep records accounting for the disposition of all alcohol acquired, and the records must at all reasonable times be available for inspection upon the request of any federal, State, or local law-enforcement officer with jurisdiction over the laws relating to control of alcohol. A controlled-drinking program exclusively using lawfully purchased alcoholic beverages in places in which they may be lawfully possessed, however, need not comply with the record-keeping requirements of the regulations authorized by this subsection. All acts pursuant to the regulations reasonably done in furtherance of bona fide objectives of a controlled-drinking program authorized by the regulations are lawful notwithstanding the provisions of any other general or local statute, regulation, or ordinance controlling alcohol."

PART X. IMPROVED ACCESS TO MEDICAL RECORDS IN IMPAIRED DRIVING CASES

SECTION 17. Chapter 90 of the General Statutes is amended by adding a new section to read:

"§ 90-21.20B. Access to medical information for law enforcement purposes.

(a) Notwithstanding any other provision of law, if a person is involved in a vehicle crash:

(1) Any health care provider who is providing medical treatment to the person shall, upon request, disclose to any law enforcement officer investigating the crash the following information about the person: name, current location, and whether the person appears to be impaired by alcohol, drugs, or another substance.

(2) Law enforcement officers shall be provided access to visit and interview the person upon request, except when the health care provider requests temporary privacy for medical reasons.

(3) A health care provider shall disclose a certified copy of all identifiable health information related to that person as specified in a search warrant or an order issued by a judicial official.

(b) A prosecutor or law enforcement officer receiving identifiable health information under this section shall not disclose this information to others except as necessary to the investigation or otherwise allowed by law.

(c) A certified copy of identifiable health information, if relevant, shall be admissible in any hearing or trial without further authentication.

(d) As used in this section, "health care provider" has the same meaning as in G.S. 90-21.11."

SECTION 18. G.S. 8-53.1 reads as rewritten:

"§ 8-53.1. Physician-patient and nurse privilege waived in child abuse: disclosure of information in impaired driving accident cases.

(a) Notwithstanding the provisions of G.S. 8-53 and G.S. 8-53.13, the physician-patient or nurse privilege shall not be a ground for excluding evidence
PART XI. PROSECUTOR REPORTING WHEN IMPLIED-CONSENT CASE IS DISMISSED

SECTION 19. G.S. 20-138.4 reads as rewritten:

“§ 20-138.4. Requirement that prosecutor explain reduction or dismissal of charge involving impaired driving.

(a) Any prosecutor shall enter detailed facts in the record of any case involving impaired driving subject to the implied-consent law or involving driving while license revoked for impaired driving as defined in G.S. 20-28.2 explaining orally in open court and in writing the reasons for his action if he:

(1) Enters a voluntary dismissal; or
(2) Accepts a plea of guilty or no contest to a lesser included offense; or
(3) Substitutes another charge, by statement of charges or otherwise, if the substitute charge carries a lesser mandatory minimum punishment or is not an offense involving impaired driving; or
(4) Otherwise takes a discretionary action that effectively dismisses or reduces the original charge in the case involving impaired driving.

General explanations such as "interests of justice" or "insufficient evidence" are not sufficiently detailed to meet the requirements of this section.

(b) The written explanation shall be signed by the prosecutor taking the action on a form approved by the Administrative Office of the Courts and shall contain, at a minimum:

(1) The alcohol concentration or the fact that the driver refused.
(2) A list of all prior convictions of implied-consent offenses or driving while license revoked.
(3) Whether the driver had a valid drivers license or privilege to drive in this State as indicated by the Division's records.
(4) A statement that a check of the database of the Administrative Office of the Courts revealed whether any other charges against the defendant were pending.
(5) The elements that the prosecutor believes in good faith can be proved, and a list of those elements that the prosecutor cannot prove and why.
(6) The name and agency of the charging officer and whether the officer is available.
(7) Any reason why the charges are dismissed.

(c) A copy of the form required in subsection (b) of this section shall be sent to the head of the law enforcement agency that employed the charging officer, to the district attorney who employs the prosecutor, and filed in the court file. The Administrative Office of the Courts shall electronically record this data in its database and make it available upon request.”

SECTION 20.1. G.S. 7A-109.2 reads as rewritten:

“§ 7A-109.2. Records of dispositions in criminal cases; impaired driving integrated data system.
Each clerk of superior court shall ensure that all records of dispositions in criminal cases, including those records filed electronically, contain all the essential information about the case, including the identity, the name of the presiding judge and the attorneys representing the State and the defendant.

In addition to the information required by subsection (a) of this section for all offenses involving impaired driving as defined by G.S. 20-4.01, all charges of driving while license revoked for an impaired driving license revocation as defined by G.S. 20-28.2, and any other violation of the motor vehicle code involving the operation of a vehicle and the possession, consumption, use, or transportation of alcoholic beverages, the clerk shall include in the electronic records the following information:

1. The reasons for any pretrial dismissal by the court.
2. The alcohol concentration reported by the charging officer or chemical analyst, if any.
3. The reasons for any suppression of evidence.

SECTION 20.2. Chapter 7A of the General Statutes is amended by adding a new section to read:

"§ 7A-346.3. Impaired driving integrated data system report.

The information compiled by G.S. 7A-109.2 shall be maintained in an Administrative Office of the Courts database. By March 1, the Administrative Office of the Courts shall provide an annual report of the previous calendar year to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee. The annual report shall show the types of dispositions for the entire State by county, by judge, by prosecutor, and by defense attorney. This report shall also include the amount of fines, costs, and fees ordered at the disposition of the charge, the amount of any subsequent reduction, amount collected, and the amount still owed, and compliance with sanctions of community service, jail, substance abuse assessment, treatment, and education. The Administrative Office of the Courts shall facilitate public access to the information collected under this section by posting this information on the court's Internet page in a manner accessible to the public and shall make reports of any information collected under this section available to the public upon request and without charge."

PART XII. NOTICE PROCEDURE AND DRIVING WHILE LICENSE REVOKED AFTER FAILURE TO APPEAR

SECTION 21. G.S. 20-48 reads as rewritten:

(a) Whenever the Division is authorized or required to give any notice under this Chapter or other law regulating the operation of vehicles, unless a different method of giving such notice is otherwise expressly prescribed, such notice shall be given either by personal delivery thereof to the person to be so notified or by deposit in the United States mail of such notice in an envelope with postage prepaid, addressed to such person at his address as shown by the records of the Division. The giving of notice by mail is complete upon the expiration of four days after such deposit of such notice. Proof of the giving of notice in either such manner may be made by the certificate of any officer or employee of the Division or affidavit of any person over 18 years of age, naming the person to whom such notice was given and specifying the time, place, and manner of the giving thereof, a notation in the records of the Division that the notice was sent to a particular address and the purpose of the notice. A certified copy of the Division's records may be sent by the Police Information Network, facsimile, or other electronic means. A copy of the Division's records sent under the authority of this section is
admissible as evidence in any court or administrative agency and is sufficient evidence to discharge the burden of the person presenting the record that notice was sent to the person named in the record, at the address indicated in the record, and for the purpose indicated in the record. There is no requirement that the actual notice or letter be produced.

(b) Notwithstanding any other provision of this Chapter at any time notice is now required by registered mail with return receipt requested, certified mail with return receipt requested may be used in lieu thereof and shall constitute valid notice to the same extent and degree as notice by registered mail with return receipt requested.

(c) The Commissioner shall appoint such agents of the Division as may be needed to serve revocation notices required by this Chapter. The fee for service of a notice shall be fifty dollars ($50.00).

SECTION 22.1. G.S. 20-28 reads as rewritten:

"§ 20-28. Unlawful to drive while license revoked, after notification, or while disqualified.

(a) Driving While License Revoked. – Except as provided in subsection (a1) of this section, any person whose drivers license has been revoked who drives any motor vehicle upon the highways of the State while the license is revoked is guilty of a Class 1 misdemeanor. Upon conviction, the person's license shall be revoked for an additional period of one year for the first offense, two years for the second offense, and permanently for a third or subsequent offense.

The restoree of a revoked drivers license who operates a motor vehicle upon the highways of the State without maintaining financial responsibility as provided by law shall be punished as for driving without a license.

(a1) Driving Without Reclaiming License. – A person convicted under subsection (a) shall be punished as if the person had been convicted of driving without a license under G.S. 20-35 if the person demonstrates to the court that either subdivisions (1) and (2), or subdivision (3) of this subsection is true:

(1) At the time of the offense, the person's license was revoked solely under G.S. 20-16.5; and

(2) a. The offense occurred more than 45 days after the effective date of a revocation order issued under G.S. 20-16.5(f) and the period of revocation was 45 days as provided under subdivision (3) of that subsection; or

b. The offense occurred more than 30 days after the effective date of the revocation order issued under any other provision of G.S. 20-16.5; or

(3) At the time of the offense the person had met the requirements of G.S. 50-13.12, or G.S. 110-142.2 and was eligible for reinstatement of the person's drivers license privilege as provided therein.

In addition, a person punished under this subsection shall be treated for drivers license and insurance rating purposes as if the person had been convicted of driving without a license under G.S. 20-35, and the conviction report sent to the Division must indicate that the person is to be so treated.

(a2) Driving After Notification or Failure to Appear. – A person shall be guilty of a Class 1 misdemeanor if:

(1) The person drives upon a highway while that person's license is revoked for an impaired drivers license revocation after the Division has sent notification in accordance with G.S. 20-48; or
(2) The person fails to appear for two years from the date of the charge after being charged with an implied-consent offense.

Upon conviction, the person's drivers license shall be revoked for an additional period of one year for the first offense, two years for the second offense, and permanently for a third or subsequent offense. The restoree of a revoked drivers license who operates a motor vehicle upon the highways of the State without maintaining financial responsibility as provided by law shall be punished as for driving without a license.

(b) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 761, s. 3.

(c) When Person May Apply for License. – A person whose license has been revoked may apply for a license as follows:
   
   (1) If revoked under subsection (a) of this section for one year, the person may apply for a license after 90 days.
   
   (2) If punished under subsection (a1) of this section and the original revocation was pursuant to G.S. 20-16.5, in order to obtain reinstatement of a drivers license, the person must obtain a substance abuse assessment and show proof of financial responsibility to the Division. If the assessment recommends education or treatment, the person must complete the education or treatment within the time limits specified by the Division.
   
   (3) If revoked under subsection (a2) of this section for one year, the person may apply for a license after one year.
   
   (4) If revoked under this section for two years, the person may apply for a license after one year.
   
   (5) If revoked under this section permanently, the person may apply for a license after three years.

   (c1) Upon the filing of an application the Division may, with or without a hearing, issue a new license upon satisfactory proof that the former licensee has not been convicted of a moving violation under this Chapter or the laws of another state, a violation of any provision of the alcoholic beverage laws of this State or another state, or a violation of any provisions of the drug laws of this State or another state when any of these violations occurred during the revocation period.

   (c2) The Division may impose any restrictions or conditions on the new license that the Division considers appropriate for the balance of the revocation period. When the revocation period is permanent, the restrictions and conditions imposed by the Division may not exceed three years.

   (c3) A person whose license is revoked for violation of subsection (a) of this section where the person's license was originally revoked for an impaired driving revocation, or a person whose license is revoked for a violation of subsection (a2) of this section, may only have the license conditionally restored by the Division pursuant to the provisions of subsection (c4) of this section.

   (c4) For a conditional restoration under subsection (c3) of this section, the Division shall require at a minimum that the driver obtain a substance abuse assessment prior to issuance of a license and show proof of financial responsibility. If the substance abuse assessment recommends education or treatment, the person must complete the education or treatment within the time limits specified. If the assessment determines that
the person abuses alcohol, the Division shall require the person to install and use an ignition interlock system on any vehicles that are to be driven by that person for the period of time set forth in G.S. 20-17.8(c).

(c5) For licenses conditionally restored pursuant to subsections (c3) and (c4) of this section, the Division shall cancel the license and impose the remaining revocation period if any of the following occur:

(1) The person violates any condition of the restoration.
(2) The person is convicted of any moving offense in this or another state.
(3) The person is convicted for a violation of the alcoholic beverage or controlled substance laws of this or any other state.

(d) Driving While Disqualified. – A person who was convicted of a violation that disqualified the person and required the person's drivers license to be revoked who drives a motor vehicle during the revocation period is punishable as provided in the other subsections of this section. A person who has been disqualified who drives a commercial motor vehicle during the disqualification period is guilty of a Class 1 misdemeanor and is disqualified for an additional period as follows:

(1) For a first offense of driving while disqualified, a person is disqualified for a period equal to the period for which the person was disqualified when the offense occurred.
(2) For a second offense of driving while disqualified, a person is disqualified for a period equal to two times the period for which the person was disqualified when the offense occurred.
(3) For a third offense of driving while disqualified, a person is disqualified for life.

The Division may reduce a disqualification for life under this subsection to 10 years in accordance with the guidelines adopted under G.S. 20-17.4(b). A person who drives a commercial motor vehicle while the person is disqualified and the person's drivers license is revoked is punishable for both driving while the person's license was revoked and driving while disqualified."

SECTION 22.2. G.S. 20-17(a)(2) reads as rewritten:

"(a) The Division shall forthwith revoke the license of any driver upon receiving a record of the driver's conviction for any of the following offenses:

..."

(2) Either of the following impaired driving offenses:
b. Impaired driving under G.S. 20-138.2, if the driver's alcohol concentration level was .06 or higher. For the purposes of this subdivision, the driver's alcohol concentration level result, obtained by chemical analysis, shall be conclusive and is not subject to modification by any party, with or without approval by the court."

SECTION 22.3. G.S. 20-17.8(b) reads as rewritten:

"(b) Ignition Interlock Required. – Except as provided in subsection (1) of this section, when the Division restores the license of a person who is subject to this section, in addition to any other restriction or condition, it shall require the person to agree to and shall indicate on the person's drivers license the following restrictions for the period designated in subsection (c):

(1) A restriction that the person may operate only a vehicle that is equipped with a functioning ignition interlock system of a type
approved by the Commissioner. The Commissioner shall not unreasonably withhold approval of an ignition interlock system and shall consult with the Division of Purchase and Contract in the Department of Administration to ensure that potential vendors are not discriminated against.

(2) A requirement that the person personally activate the ignition interlock system before driving the motor vehicle.

(3) An alcohol concentration restriction as follows:
   a. If the ignition interlock system is required pursuant only to subdivision (a)(1) of this section, a requirement that the person not drive with an alcohol concentration of 0.04 or greater;
   b. If the ignition interlock system is required pursuant to subdivision (a)(2) of this section, a requirement that the person not drive with an alcohol concentration of greater than 0.00; or
   c. If the ignition interlock system is required pursuant to subdivision (a)(1) of this section, and the person has also been convicted, based on the same set of circumstances, of: (i) driving while impaired in a commercial vehicle, G.S. 20-138.2, (ii) driving while less than 21 years old after consuming alcohol or drugs, G.S. 20-138.3, (iii) felony death by vehicle, G.S. 20-141.4(a1), or (iv) manslaughter or negligent homicide resulting from the operation of a motor vehicle when the offense involved impaired driving, a requirement that the person not drive with an alcohol concentration of greater than 0.00."

SECTION 22.4. G.S. 20-17.8 is amended by adding a new subsection to read:

"(l) Medical Exception to Requirement. – A person subject to this section who has a medically diagnosed physical condition that makes the person incapable of personally activating an ignition interlock system may request an exception to the requirements of this section from the Division. The Division shall not issue an exception to this section unless the person has submitted to a physical examination by two or more physicians or surgeons duly licensed to practice medicine in this State or in any other state of the United States and unless such examining physicians or surgeons have completed and signed a certificate in the form prescribed by the Division. Such certificate shall be devised by the Commissioner with the advice of those qualified experts in the field of diagnosing and treating physical disorders that the Commissioner may select and shall be designed to elicit the maximum medical information necessary to aid in determining whether or not the person is capable of personally activating an ignition interlock system. The certificate shall contain a waiver of privilege and the recommendation of the examining physician to the Commissioner as to whether the person is capable of personally activating an ignition interlock system.

The Commissioner is not bound by the recommendations of the examining physicians but shall give fair consideration to such recommendations in acting upon the request for medical exception, the criterion being whether or not, upon all the evidence, it appears that the person is in fact incapable of personally activating an ignition interlock system. The burden of proof of such fact is upon the person seeking the exception."
Whenever an exception is denied by the Commissioner, such denial may be reviewed by a reviewing board upon written request of the person seeking the exception filed with the Division within 10 days after receipt of such denial. The composition, procedures, and review of the reviewing board shall be as provided in G.S. 20-9(g)(4).

PART XIII. MODIFYING CURRENT PUNISHMENTS

SECTION 23. G.S. 20-179 reads as rewritten:

"§ 20-179. Sentencing hearing after conviction for impaired driving; determination of grossly aggravating and aggravating and mitigating factors; punishments.

(a) Sentencing Hearing Required. – After a conviction for impaired driving under G.S. 20-138.1, G.S. 20-138.2, a second or subsequent conviction under G.S. 20-138.2A, or a second or subsequent conviction under G.S. 20-138.2B, G.S. 20-138.3, or when any of those offenses are remanded back to district court after an appeal to superior court, the judge must hold a sentencing hearing to determine whether there are aggravating or mitigating factors that affect the sentence to be imposed.

(1) The court shall consider evidence of aggravating or mitigating factors present in the offense that make an aggravated or mitigated sentence appropriate. The State bears the burden of proving beyond a reasonable doubt that an aggravating factor exists, and the offender bears the burden of proving by a preponderance of the evidence that a mitigating factor exists.

(2) Before the hearing the prosecutor shall make all feasible efforts to secure the defendant's full record of traffic convictions, and shall present to the judge that record for consideration in the hearing. Upon request of the defendant, the prosecutor shall furnish the defendant or his attorney a copy of the defendant's record of traffic convictions at a reasonable time prior to the introduction of the record into evidence. In addition, the prosecutor shall present all other appropriate grossly aggravating and aggravating factors of which he is aware, and the defendant or his attorney may present all appropriate mitigating factors. In every instance in which a valid chemical analysis is made of the defendant, the prosecutor shall present evidence of the resulting alcohol concentration.

(a1) Jury Trial in Superior Court; Jury Procedure if Trial Bifurcated. –

(1) Notice. – If the defendant appeals to superior court, and the State intends to use one or more aggravating factors under subsections (c) or (d) of this section, the State must provide the defendant with notice of its intent. The notice shall be provided no later than 10 days prior to trial and shall contain a plain and concise factual statement indicating the factor or factors it intends to use under the authority of subsections (c) and (d) of this section. The notice must list all the aggravating factors that the State seeks to establish.

(2) Aggravating factors. – The defendant may admit to the existence of an aggravating factor, and the factor so admitted shall be treated as though it were found by a jury pursuant to the procedures in this section. If the defendant does not so admit, only a jury may determine if an aggravating factor is present. The jury impaneled for the trial may, in the same trial, also determine if one or more aggravating factors is present, unless the court determines that the interests of
justice require that a separate sentencing proceeding be used to make that determination. If the court determines that a separate proceeding is required, the proceeding shall be conducted by the trial judge before the trial jury as soon as practicable after the guilty verdict is returned. The State bears the burden of proving beyond a reasonable doubt that an aggravating factor exists, and the offender bears the burden of proving by a preponderance of the evidence that a mitigating factor exists.

(3) Convening the jury. – If prior to the time that the trial jury begins its deliberations on the issue of whether one or more aggravating factors exist, any juror dies, becomes incapacitated or disqualified, or is discharged for any reason, an alternate juror shall become a part of the jury and serve in all respects as those selected on the regular trial panel. An alternate juror shall become a part of the jury in the order in which the juror was selected. If the trial jury is unable to reconvene for a hearing on the issue of whether one or more aggravating factors exist after having determined the guilt of the accused, the trial judge shall impanel a new jury to determine the issue.

(4) Jury selection. – A jury selected to determine whether one or more aggravating factors exist shall be selected in the same manner as juries are selected for the trial of criminal cases.

(a2) Jury Trial on Aggravating Factors in Superior Court. –

(1) Defendant admits aggravating factor only. – If the defendant admits that an aggravating factor exists, but pleads not guilty to the underlying charge, a jury shall be impaneled to dispose of the charge only. In that case, evidence that relates solely to the establishment of an aggravating factor shall not be admitted in the trial.

(2) Defendant pleads guilty to the charge only. – If the defendant pleads guilty to the charge, but contests the existence of one or more aggravating factors, a jury shall be impaneled to determine if the aggravating factor or factors exist.

(b) Repealed by Session Laws 1983, c. 435, s. 29.

(c) Determining Existence of Grossly Aggravating Factors. – At the sentencing hearing, based upon the evidence presented at trial and in the hearing, the judge or the jury in superior court, must first determine whether there are any grossly aggravating factors in the case. Whether a prior conviction exists under subdivision (1) of this subsection shall be a matter to be determined by the judge, and not the jury, in district or superior court. If the sentencing hearing is for a case remanded back to district court from superior court, the judge shall determine whether the defendant has been convicted of any offense that was not considered at the initial sentencing hearing and impose the appropriate sentence under this section. The judge must impose the Level One punishment under subsection (g) of this section if the judge determines that two or more grossly aggravating factors apply. The judge must impose the Level Two punishment under subsection (h) of this section if the judge determines that only one of the grossly aggravating factors applies. The grossly aggravating factors are:

(1) A prior conviction for an offense involving impaired driving if:
   a. The conviction occurred within seven years before the date of the offense for which the defendant is being sentenced; or
b. The conviction occurs after the date of the offense for which the defendant is presently being sentenced, but prior to or contemporaneously with the present sentencing. Each prior conviction is a separate grossly aggravating factor.

(2) Driving by the defendant at the time of the offense while his driver's license was revoked under G.S. 20-28, and the revocation was an impaired driving revocation under G.S. 20-28.2(a).

(3) Serious injury to another person caused by the defendant's impaired driving at the time of the offense.

(4) Driving by the defendant while a child under the age of 16 years was in the vehicle at the time of the offense.

In imposing a Level One or Two punishment, the judge may consider the aggravating and mitigating factors in subsections (d) and (e) in determining the appropriate sentence. If there are no grossly aggravating factors in the case, the judge must weigh all aggravating and mitigating factors and impose punishment as required by subsection (f).

(c1) Written Findings. – The court shall make findings of the aggravating and mitigating factors present in the offense. If the jury finds factors in aggravation, the court shall ensure that those findings are entered in the court's determination of sentencing factors form or any comparable document used to record the findings of sentencing factors. Findings shall be in writing.

(d) Aggravating Factors to Be Weighed. – The judge, or the jury in superior court, shall determine before sentencing under subsection (f) whether any of the aggravating factors listed below apply to the defendant. The judge must weigh the seriousness of each aggravating factor in the light of the particular circumstances of the case. The factors are:

(1) Gross impairment of the defendant's faculties while driving or an alcohol concentration of 0.16 or more within a relevant time after the driving.

(2) Especially reckless or dangerous driving.

(3) Negligent driving that led to a reportable accident.

(4) Driving by the defendant while his driver's license was revoked.

(5) Two or more prior convictions of a motor vehicle offense not involving impaired driving for which at least three points are assigned under G.S. 20-16 or for which the convicted person's license is subject to revocation, if the convictions occurred within five years of the date of the offense for which the defendant is being sentenced, or one or more prior convictions of an offense involving impaired driving that occurred more than seven years before the date of the offense for which the defendant is being sentenced.

(6) Conviction under G.S. 20-141.5 of speeding by the defendant while fleeing or attempting to elude apprehension.

(7) Conviction under G.S. 20-141 of speeding by the defendant by at least 30 miles per hour over the legal limit.

(8) Passing a stopped school bus in violation of G.S. 20-217.

(9) Any other factor that aggravates the seriousness of the offense.

Except for the factor in subdivision (5) the conduct constituting the aggravating factor must occur during the same transaction or occurrence as the impaired driving offense.
(e) Mitigating Factors to Be Weighed. – The judge must also determine before sentencing under subsection (f) whether any of the mitigating factors listed below apply to the defendant. The judge must weigh the degree of mitigation of each factor in light of the particular circumstances of the case. The factors are:

1. Slight impairment of the defendant's faculties resulting solely from alcohol, and an alcohol concentration that did not exceed 0.09 at any relevant time after the driving.
2. Slight impairment of the defendant's faculties, resulting solely from alcohol, with no chemical analysis having been available to the defendant.
3. Driving at the time of the offense that was safe and lawful except for the impairment of the defendant's faculties.
4. A safe driving record, with the defendant's having no conviction for any motor vehicle offense for which at least four points are assigned under G.S. 20-16 or for which the person's license is subject to revocation within five years of the date of the offense for which the defendant is being sentenced.
5. Impairment of the defendant's faculties caused primarily by a lawfully prescribed drug for an existing medical condition, and the amount of the drug taken was within the prescribed dosage.
6. The defendant's voluntary submission to a mental health facility for assessment after he was charged with the impaired driving offense for which he is being sentenced, and, if recommended by the facility, his voluntary participation in the recommended treatment.
7. Any other factor that mitigates the seriousness of the offense.

Except for the factors in subdivisions (4), (6) and (7), the conduct constituting the mitigating factor must occur during the same transaction or occurrence as the impaired driving offense.

(f) Weighing the Aggravating and Mitigating Factors. – If the judge in the sentencing hearing determines that there are no grossly aggravating factors, he must weigh all aggravating and mitigating factors listed in subsections (d) and (e). If the judge determines that:

1. The aggravating factors substantially outweigh any mitigating factors, the judge must note in the judgment the factors found and his finding that the defendant is subject to the Level Three punishment and impose a punishment within the limits defined in subsection (i).
2. There are no aggravating and mitigating factors, or that aggravating factors are substantially counterbalanced by mitigating factors, the judge must note in the judgment any factors found and his finding that the defendant is subject to the Level Four punishment and impose a punishment within the limits defined in subsection (j).
3. The mitigating factors substantially outweigh any aggravating factors, the judge must note in the judgment the factors found and his finding that the defendant is subject to the Level Five punishment and impose a punishment within the limits defined in subsection (k).

It is not a mitigating factor that the driver of the vehicle was suffering from alcoholism, drug addiction, diminished capacity, or mental disease or defect. Evidence of these matters may be received in the sentencing hearing, however, for use by the judge in...
formulating terms and conditions of sentence after determining which punishment level
must be imposed.

(f1) Aider and Abettor Punishment. – Notwithstanding any other provisions of
this section, a person convicted of impaired driving under G.S. 20-138.1 under the
common law concept of aiding and abetting is subject to Level Five punishment. The
judge need not make any findings of grossly aggravating, aggravating, or mitigating
factors in such cases.

(f2) Limit on Consolidation of Judgments. – Except as provided in subsection
(f1), in each charge of impaired driving for which there is a conviction the judge must
determine if the sentencing factors described in subsections (c), (d) and (e) are
applicable unless the impaired driving charge is consolidated with a charge carrying a
greater punishment. Two or more impaired driving charges may not be consolidated for
judgment.

(g) Level One Punishment. – A defendant subject to Level One punishment may
be fined up to four thousand dollars ($4,000) and shall be sentenced to a term of
imprisonment that includes a minimum term of not less than 30 days and a maximum
term of not more than 24 months. The term of imprisonment may be suspended only if a
condition of special probation is imposed to require the defendant to serve a term of
imprisonment of at least 30 days. If the defendant is placed on probation, the judge shall
impose a requirement that the defendant obtain a substance abuse assessment and the
education or treatment required by G.S. 20-17.6 for the restoration of a drivers license
and as a condition of probation. The judge may impose any other lawful condition of
probation.

(h) Level Two Punishment. – A defendant subject to Level Two punishment may
be fined up to two thousand dollars ($2,000) and shall be sentenced to a term of
imprisonment that includes a minimum term of not less than seven days and a maximum
term of not more than 12 months. The term of imprisonment may be suspended only if a
condition of special probation is imposed to require the defendant to serve a term of
imprisonment of at least seven days. If the defendant is placed on probation, the judge
shall impose a requirement that the defendant obtain a substance abuse assessment and the
education or treatment required by G.S. 20-17.6 for the restoration of a drivers license
and as a condition of probation. The judge may impose any other lawful condition of
probation.

(i) Level Three Punishment. – A defendant subject to Level Three punishment may
be fined up to one thousand dollars ($1,000) and shall be sentenced to a term of
imprisonment that includes a minimum term of not less than 72 hours and a maximum
term of not more than six months. The term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:

1. Be imprisoned for a term of at least 72 hours as a condition of special
   probation; or
2. Perform community service for a term of at least 72 hours; or
3. Not operate a motor vehicle for a term of at least 90 days; or
4. Any combination of these conditions.

If the defendant is placed on probation, the judge shall impose a requirement that the
defendant obtain a substance abuse assessment and the education or treatment required
by G.S. 20-17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

(j) Level Four Punishment. – A defendant subject to Level Four punishment may
be fined up to five hundred dollars ($500.00) and shall be sentenced to a term of
imprisonment that includes a minimum term of not less than 48 hours and a maximum term of not more than 120 days. The term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:

1. Be imprisoned for a term of 48 hours as a condition of special probation; or
2. Perform community service for a term of 48 hours; or
3. Not operate a motor vehicle for a term of 60 days; or
4. Any combination of these conditions.

If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a driver's license and as a condition of probation. The judge may impose any other lawful condition of probation.

(k) Level Five Punishment. – A defendant subject to Level Five punishment may be fined up to two hundred dollars ($200.00) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 24 hours and a maximum term of not more than 60 days. The term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:

1. Be imprisoned for a term of 24 hours as a condition of special probation; or
2. Perform community service for a term of 24 hours; or
3. Not operate a motor vehicle for a term of 30 days; or
4. Any combination of these conditions.

If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a driver's license and as a condition of probation. The judge may impose any other lawful condition of probation.

(k1) Credit for Inpatient Treatment. – Pursuant to G.S. 15A-1351(a), the judge may order that a term of imprisonment imposed as a condition of special probation under any level of punishment be served as an inpatient in a facility operated or licensed by the State for the treatment of alcoholism or substance abuse where the defendant has been accepted for admission or commitment as an inpatient. The defendant shall bear the expense of any treatment unless the trial judge orders that the costs be absorbed by the State. The judge may impose restrictions on the defendant's ability to leave the premises of the treatment facility and require that the defendant follow the rules of the treatment facility. The judge may credit against the active sentence imposed on a defendant the time the defendant was an inpatient at the treatment facility, provided such treatment occurred after the commission of the offense for which the defendant is being sentenced. This section shall not be construed to limit the authority of the judge in sentencing under any other provisions of law.

(l) Repealed by Session Laws 1989, c. 691.

(m) Repealed by Session Laws 1995, c. 496, s. 2.

(n) Time Limits for Performance of Community Service. – If the judgment requires the defendant to perform a specified number of hours of community service as provided in subsections (i), (j), or (k), the community service must be completed:

1. Within 90 days, if the amount of community service required is 72 hours or more; or
2. Within 60 days, if the amount of community service required is 48 hours; or
(3) Within 30 days, if the amount of community service required is 24 hours.

The court may extend these time limits upon motion of the defendant if it finds that the defendant has made a good faith effort to comply with the time limits specified in this subsection.

(o) Evidentiary Standards; Proof of Prior Convictions. – In the sentencing hearing, the State must prove any grossly aggravating or aggravating factor by the greater weight of the evidence, beyond a reasonable doubt, and the defendant must prove any mitigating factor by the greater weight of the evidence. Evidence adduced by either party at trial may be utilized in the sentencing hearing. Except as modified by this section, the procedure in G.S. 15A-1334(b) governs. The judge may accept any evidence as to the presence or absence of previous convictions that he finds reliable but he must give prima facie effect to convictions recorded by the Division or any other agency of the State of North Carolina. A copy of such conviction records transmitted by the police information network in general accordance with the procedure authorized by G.S. 20-26(b) is admissible in evidence without further authentication. If the judge decides to impose an active sentence of imprisonment that would not have been imposed but for a prior conviction of an offense, the judge must afford the defendant an opportunity to introduce evidence that the prior conviction had been obtained in a case in which he was indigent, had no counsel, and had not waived his right to counsel. If the defendant proves by the preponderance of the evidence all three above facts concerning the prior case, the conviction may not be used as a grossly aggravating or aggravating factor.

(p) Limit on Amelioration of Punishment. – For active terms of imprisonment imposed under this section:

1. The judge may not give credit to the defendant for the first 24 hours of time spent in incarceration pending trial.

2. The defendant shall serve the mandatory minimum period of imprisonment and good or gain time credit may not be used to reduce that mandatory minimum period.

3. The defendant may not be released on parole unless he is otherwise eligible, has served the mandatory minimum period of imprisonment, and has obtained a substance abuse assessment and completed any recommended treatment or training program or is paroled into a residential treatment program.

With respect to the minimum or specific term of imprisonment imposed as a condition of special probation under this section, the judge may not give credit to the defendant for the first 24 hours of time spent in incarceration pending trial.

(q) Repealed by Session Laws 1991, c. 726, s. 20.

(r) Supervised Probation Terminated. – Unless a judge in his discretion determines that supervised probation is necessary, and includes in the record that he has received evidence and finds as a fact that supervised probation is necessary, and states in his judgment that supervised probation is necessary, a defendant convicted of an offense of impaired driving shall be placed on unsupervised probation if he meets three conditions. These conditions are that he has not been convicted of an offense of impaired driving within the seven years preceding the date of this offense for which he is sentenced, that the defendant is sentenced under subsections (i), (j), and (k) of this section, and has obtained any necessary substance abuse assessment and completed any recommended treatment or training program.
When a judge determines in accordance with the above procedures that a defendant should be placed on supervised probation, the judge shall authorize the probation officer to modify the defendant's probation by placing the defendant on unsupervised probation upon the completion by the defendant of the following conditions of his suspended sentence:

1. Community service; or
2. Repealed by Session Laws 1995 c. 496, s. 2.
3. Payment of any fines, court costs, and fees; or
4. Any combination of these conditions.

Method of Serving Sentence. – The judge in his discretion may order a term of imprisonment or community service to be served on weekends, even if the sentence cannot be served in consecutive sequence. However, if the defendant is ordered to a term of 48 hours or more, or has 48 hours or more remaining on a term of imprisonment, the defendant shall be required to serve 48 continuous hours of imprisonment to be given credit for time served.

1. Credit for any jail time shall only be given hour for hour for time actually served. The jail shall maintain a log showing number of hours served.
2. The defendant shall be refused entrance and shall be reported back to court if the defendant appears at the jail and has remaining in his body any alcohol as shown by an alcohol screening device or controlled substance previously consumed, unless lawfully obtained and taken in therapeutically appropriate amounts.
3. If a defendant has been reported back to court under subdivision (2) of this subsection, the court shall hold a hearing. The defendant shall be ordered to serve his jail time immediately and shall not be eligible to serve jail time on weekends if the court determines that, at the time of his entrance to the jail, if
   a. The defendant had previously consumed alcohol in his body as shown by an alcohol screening device, or
   b. The defendant had a previously consumed controlled substance in his body.

It shall be a defense to an immediate service of sentence of jail time and ineligibility for weekend service of jail time if the court determines that alcohol or controlled substance was lawfully obtained and was taken in therapeutically appropriate amounts.

Repealed by Session Laws 1995 c. 496, s. 2."

SECTION 24. Chapter 7A of the General Statutes is amended by adding a new section to read:

"§ 7A-109.4. Records of offenses involving impaired driving.

The clerk of superior court shall maintain all records relating to an offense involving impaired driving as defined in G.S. 20-4.01(24a) for a minimum of 10 years from the date of conviction. Prior to destroying the record, the clerk shall record the name of the defendant, the judge, the prosecutor, and the attorney or whether there was a waiver of attorney, the alcohol concentration or the fact of refusal, the sentence imposed, and whether the case was appealed to superior court and its disposition."

SECTION 25. G.S. 20-17.2 is repealed.

women-owned businesses from participating in the above contracts at a level which
would have existed absent such discrimination, such evidence shall constitute a basis for
the State's continued compelling governmental interest in remedying such race and
gender discrimination in highway contracting. Under such circumstances, the
Department shall, in conformity with State and federal law, adopt by rule and contract
provisions a specific program to remedy such discrimination. This specific program
shall, to the extent reasonably practicable, address each barrier identified in such study
that adversely affects contract participation by disadvantaged minority-owned and
women-owned businesses.

(b1) Based upon the findings of the Department's Second Generation Disparity
Study completed in 2004, hereinafter referred to as 'Study', the program design shall, to
the extent reasonably practicable, incorporate narrowly tailored remedies identified in
the Study, and the Department shall implement a comprehensive antidiscrimination
enforcement policy. As appropriate, the program design shall be modified by rules
adopted by the Department that are consistent with findings made in the Study and in
subsequent studies conducted in accordance with subsection (b) of this section. As part
of this program, the Department shall review its budget and establish annual aspirational
goals, not mandatory goals, in percentages, for the overall participation in contracts by
disadvantaged minority-owned and women-owned businesses. These annual
aspirational goals for disadvantaged minority-owned and women-owned businesses
shall be established consistent with methodology specified in the Study, and they shall
not be applied rigidly on specific contracts or projects. Instead, the Department shall
establish contract-specific goals or project-specific goals for the participation of such
firms in a manner consistent with availability of disadvantaged minority-owned and
women-owned businesses, as appropriately defined by its most recent Study, for each
disadvantaged minority-owned and women-owned business category that has
demonstrated significant disparity in contract utilization. Nothing in this section shall
authorize the use of quotas. Any program implemented as a result of the Study
conducted in accordance with this section shall be narrowly tailored to eliminate the
effects of historical and continuing discrimination and its impacts on such
disadvantaged minority-owned and women-owned businesses without any undue
burden on other contractors. The Department shall give equal opportunity for contracts
it lets without regard to race, religion, color, creed, national origin, sex, age, or
handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses
otherwise qualified.

c) The following definitions apply in this section:

(1) "Disadvantaged business" has the same meaning as "disadvantaged business enterprise" in 49 C.F.R. § 23.62-26.5 or any subsequently
promulgated replacement regulation.

(2) "Minority" has the same meaning as in 49 C.F.R. § 23.5 and includes only those racial or ethnicity classifications identified by a study conducted
in accordance with this section that have been subjected to discrimination in the relevant marketplace and that have been adversely affected in their ability to obtain contracts with the
Department.

d) The Department shall report semiannually to the Joint Legislative
Transportation Oversight Committee on the utilization of disadvantaged
minority-owned businesses and women-owned businesses and any program adopted to
promote contracting opportunities for those businesses. Following each study of
availability and utilization, the Department shall report to the Joint Legislative Transportation Oversight Committee on the results of the study for the purpose of determining whether the provisions of this section should continue in force and effect.

(c) This section expires August 31, 2009.”
