AN ACT TO RESTRICT ANNEXATION OF ANY PART OF THE TERRITORY OF THE LYONS STATION SANITARY DISTRICT.

Whereas, the General Assembly in 1983 established a special tax district consisting of Camp Butner and the Lyons Station Sanitary District in order to provide fire and police protection to that area; and

Whereas, the General Assembly in 1987 restricted annexation of the Camp Butner reservation in order to avoid double taxation and to further the special structure of services in that area; and
Whereas, the General Assembly did not consider at that time the similar status of the Lyons Station Sanitary District, which is part of the same special tax district as the Camp Butner reservation; Now, therefore,

The General Assembly of North Carolina enacts:

The tax collectors of Durham and Granville Counties shall annually collect a tax of twenty-five cents (25¢) per one hundred dollars ($100.00) valuation of all real and personal property in the portions of said district in their respective counties from year to year which tax shall be collected as county taxes are collected and shall remit the same to the State Treasurer for deposit in the General Fund.

AN ACT TO PROVIDE THAT CREDITABLE SERVICE FOR LAW ENFORCEMENT OFFICERS IN THE LOCAL GOVERNMENTAL EMPLOYEES' RETIREMENT SYSTEM SHALL INCLUDE PERIODS OF EMPLOYER-APPROVED LEAVES OF ABSENCE WHEN IN RECEIPT OF
WORKERS' COMPENSATION BENEFITS AS A RESULT OF CERTAIN INJURIES INCURRED IN THE LINE OF DUTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 128-26(l) reads as rewritten:

"(l) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

1. Leaves of Absence Terminated Prior to July 1, 1983. – The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

2. Leaves of Absence Terminating On and After July 1, 1983. – The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon return to service on and after July 1, 1983, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months from return to service equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 128-21(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence.
In the case of a law enforcement officer electing to purchase service under this section who is in receipt of benefits under the North Carolina Workers' Compensation Act due to serious bodily injury suffered in the line of duty as a result of an intentional or unlawful act of another, as certified by the head of the employing law enforcement agency, and whose approved leave of absence terminates on or before a return to service on and after August 1, 2006, the employer percentage rate of contribution payable under subdivision (2) of this subsection shall be made by the employer that granted the leave of absence. The cost to the law enforcement officer shall be reduced by the amount paid by the employer. For purposes of this subsection, "serious bodily injury," means bodily injury that creates a substantial risk of death, or that causes serious permanent disfigurement, coma, a permanent or protracted condition that causes extreme pain, or permanent or protracted loss or impairment of the function of any bodily member or organ, or that results in prolonged hospitalization.

Nothing in this subsection prevents an employer from voluntarily paying all or a part of the employee portion of the total cost of the service credit purchased, and the employer does not discriminate against any eligible law enforcement officer in this subsection employed by the employer by paying that portion of cost. To the extent paid by the employer, the employee portion paid by the employer shall be credited to the Pension Accumulation Fund; to the extent paid by the member, the employee portion paid by the member shall be credited to the member's annuity savings account. A member shall pay any part of the employee portion of the total cost not paid by the employer."

SECTION 2. This act becomes effective August 1, 2006, and applies to members who return to service from an approved leave of absence on or after that date.

In the General Assembly read three times and ratified this the 26th day of June, 2006.

The settlement, together with the action of the governing body with respect thereto, shall be entered in full upon the minutes of the governing body.

(4) Disposition of Tax Receipts after Settlement. – Uncollected taxes allowed as credits in the settlement prescribed in subdivision (a)(3), above, whether represented by tax liens held by the taxing unit or included in the list of insolvents, shall, for purposes of collection, be recharged to the tax collector or charged to some other person designated by the governing body of the taxing unit under statutory authority. The person charged with uncollected taxes shall:
   a. Give bond satisfactory to the governing body;

AN ACT TO INCORPORATE THE STREAMLINED SALES TAX DEFINITIONS CONCERNING TELECOMMUNICATIONS, TO SIMPLIFY THE TAX PAYMENT REQUIREMENTS FOR SEMIMONTHLY TAXPAYERS, AND TO TREAT TANGIBLE PERSONAL PROPERTY USED IN MODULAR HOMES THE SAME AS TANGIBLE PERSONAL PROPERTY USED IN OTHER HOMES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.3 is amended by amending or adding the following definitions to read:

"§ 105-164.3. Definitions.

The following definitions apply in this Article:

(01) Ancillary service. – A service associated with or incidental to the provision of a telecommunications service. The term includes detailed communications billing, directory assistance, vertical service, and voice mail service. A vertical service is a service, such as call..."

   a. Authorizes the exclusive purchase of wireline telecommunications service.

The term includes mobile telecommunications service and vertical services. Vertical services are switch-based services offered in connection with a telecommunications service, such as call forwarding services, caller ID services, and three-way calling services. The term includes any transmission, conveyance, or routing in which a computer processing application is used to act on the form, code, or protocol of the content for purposes of the transmission, conveyance, or routing, regardless of whether it is referred to as voice-over Internet protocol or the Federal Communications Commission classifies it as enhanced or value added. The term does not include the following:
   a. Data processing and information services that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a customer whose
primary purpose for using the service is to obtain the processed data or information.

b. The sale, installation, maintenance, or repair of tangible personal property.

c. Directory advertising and other advertising.

d. Billing and collection services provided to a third party.

h. A digital product delivered electronically, including software, music, a ring tone, video, and reading material."

SECTION 2. G.S. 105-164.4(a)(4c) and (4d) read as rewritten:

"§ 105-164.4. Tax imposed on retailers. (Effective for sales made before July 1, 2007) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and one-half percent (4 1/2%).

(4c) The combined general rate applies to the gross receipts derived from providing telecommunications service and ancillary service. A person who provides telecommunications service or ancillary service is considered a retailer under this Article. These services are taxed in accordance with G.S. 105-164.4C.

(4d) The sale or recharge of prepaid telephone calling service is taxable at the general rate of tax. The tax applies regardless of whether tangible personal property, such as a card or a telephone, is transferred. The tax applies to a service that is sold in conjunction with prepaid wireless calling service. Prepaid telephone calling service is taxable at the point of sale instead of at the point of use and is sourced in accordance with G.S. 105-164.4B. Prepaid telephone calling service taxed under this subdivision is not subject to tax as a telecommunications service."

SECTION 3. G.S. 105-164.4B(a)(3) reads as rewritten:

"§ 105-164.4B. Sourcing principles. (a) General Principles. – The following principles apply in determining where to source the sale of a product. These principles apply regardless of the nature of the product.

(1) Over-the-counter. – When a purchaser receives a product at a business location of the seller, the sale is sourced to that business location.

(2) Delivery to specified address. – When a purchaser receives a product at a location specified by the purchaser and the location is not a business location of the seller, the sale is sourced to the location where the purchaser receives the product.

(3) Delivery address unknown. – When a seller of a product does not know the address where a product is received, the sale is sourced to the first address or location listed in this subdivision that is known to the seller:
a. The business or home address of the purchaser.
b. The billing address of the purchaser or, if the product is a prepaid telephone wireless calling service that authorizes the purchase of mobile telecommunications service, the location associated with the mobile telephone number.
c. The address from which tangible personal property was shipped or from which a service was provided.

SECTION 4. G.S. 105-164.4C reads as rewritten:

"§ 105-164.4C. Tax on telecommunications.
Telecommunications service and ancillary service.

(a) General. – The gross receipts derived from providing telecommunications service or ancillary service in this State are taxed at the rate set in G.S. 105-164.4(a)(4c). Telecommunications service is provided in this State if the service is sourced to this State under the sourcing principles set out in subsections (a1) and (a2) of this section. Ancillary service is provided in this State if the telecommunications service to which it is ancillary is provided in this State. The definitions and provisions of the federal Mobile Telecommunications Sourcing Act apply to the sourcing and taxation of mobile telecommunications services.

(a1) General Sourcing Principles. – The following general sourcing principles apply to telecommunications services. If a service falls within one of the exceptions set out in subsection (a2) of this section, the service is sourced in accordance with the exception instead of the general principle.

(1) Flat rate. – A telecommunications service that is not sold on a call-by-call basis is sourced to this State if the place of primary use is in this State.

(2) General call-by-call. – A telecommunications service that is sold on a call-by-call basis and is not a postpaid calling service is sourced to this State in the following circumstances:
   a. The call both originates and terminates in this State.
   b. The call either originates or terminates in this State and the telecommunications equipment from which the call originates or terminates and to which the call is charged is located in this State. This applies regardless of where the call is billed or paid.

(3) Postpaid. – A postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either the seller's telecommunications system or, if the system used to transport the signal is not the seller's system, by information the seller receives from its service provider.

(a2) Sourcing Exceptions. – The following telecommunications services and products are sourced in accordance with the principles set out in this subsection:

(1) Mobile. – Mobile telecommunications service is sourced to the place of primary use, unless the service is authorized by a prepaid telephone wireless calling service or is air-to-ground radiotelephone service. Air-to-ground radiotelephone service is a postpaid calling service that is offered by an aircraft common carrier to passengers on its aircraft and enables a telephone call to be made from the aircraft. The sourcing principle in this subdivision applies to a service provided as an adjunct to mobile telecommunications service if the charge for the service is
included within the term "charges for mobile telecommunications services" under the federal Mobile Telecommunications Sourcing Act.

(2) 

Prepaid. – Prepaid telephone calling service is sourced in accordance with G.S. 105-164.4B.

(3) 

Private. – Private telecommunications service is sourced in accordance with subsection (e) of this section.

(b) Included in Gross Receipts. — Gross receipts derived from telecommunications service include the following:

(1) Receipts from flat rate service, service provided on a call-by-call basis, mobile telecommunications service, and private telecommunications service.

(2) Charges for directory assistance, directory listing that is not yellow-page classified listing, call forwarding, call waiting, three-way calling, caller ID, voice mail, and other similar services.

(3) Customer access line charges billed to subscribers for access to the intrastate or interstate interexchange network.

(4) Charges billed to a pay telephone provider who uses the telecommunications service to provide pay telephone service.

(c) Excluded From Gross Receipts. — Gross receipts derived from telecommunications service do not include any of the following:

(1) Charges for telecommunications services that are a component part of or are integrated into a telecommunications service that is resold. Examples of services that are resold include carrier charges for access to an intrastate or interstate interexchange network, interconnection charges paid by a provider of mobile telecommunications service, and charges for the sale of unbundled network elements. An unbundled network element is a network element, as defined in 47 U.S.C. § 153(29), to which access is provided on an unbundled basis pursuant to 47 U.S.C. § 251(c)(3).

(2) Charges for telecommunication services that are resold as part of a prepaid calling service.

(4) Allowable surcharges imposed to recoup assessments for the Universal Service Fund.

(5) Receipts of a pay telephone provider from the sale of pay telephone service.

(6) Charges for commercial, cable, mobile, broadcast, or satellite video or audio service unless the service provides two-way communication, other than the customer's interactive communication in connection with the customer's selection or use of the video or audio service.

(7) Paging service, unless the service provides two-way communication.

(8) Charges for telephone service made by a hotel, motel, or another entity whose gross receipts are taxable under G.S. 105-164.4(a)(3) when the charges are incidental to the occupancy of the entity's accommodations.

(9) Receipts from the sale, installation, maintenance, or repair of tangible personal property.
(10) Directory advertising and yellow-page classified listings.

(11) Repealed by Session Laws 2005-276, s. 33.7, effective October 1, 2005.

(12) Information services. — An information service is a service that can generate, acquire, store, transform, process, retrieve, use, or make available information through a communications service. Examples of an information service include an electronic publishing service and a web-hosting service.

(13) Internet access service, electronic mail service, electronic bulletin board service, or similar on-line services.

(14) Billing and collection services.

(15) Charges for bad checks or late payments.

(16) Charges to a State agency or to a local unit of government for the North Carolina Information Highway and other data networks owned or leased by the State or unit of local government.

(d) Bundled Services. — When a taxable telecommunications service is bundled with a service that is not taxable, the tax applies to the gross receipts from the taxable service in the bundle as follows:

(1) If the service provider offers all the services in the bundle on an unbundled basis, tax is due on the unbundled price of the taxable service, less the discount resulting from the bundling. The discount for a service as the result of bundling is the proportionate price decrease of the service, determined on the basis of the total unbundled price of all the services in the bundle compared to the bundled price of the services.

(2) If the service provider does not offer one or more of the services in the bundle on an unbundled basis, tax is due on the taxable service based on a reasonable allocation of revenue to that service. If the service provider maintains an account for revenue from a taxable service, the service provider's allocation of revenue to that service for the purpose of determining the tax due on the service must reflect its accounting allocation of revenue to that service.

(c) Private Line. — The gross receipts derived from private telecommunications service are sourced as follows:

(1) If all the customer's channel termination points are located in this State, the service is sourced to this State.

(2) If all the customer's channel termination points are not located in this State and the service is billed on the basis of channel termination points, the charge for each channel termination point located in this State is sourced to this State.

(3) If all the customer's channel termination points are not located in this State and the service is billed on the basis of channel mileage, the following applies:
   a. A charge for a channel segment between two channel termination points located in this State is sourced to this State.
   b. Fifty percent (50%) of a charge for a channel segment between a channel termination point located in this State and a channel termination point located in another state is sourced to this State.
If all the customer's channel termination points are not located in this State and the service is not billed on the basis of channel termination points or channel mileage, a percentage of the charge for the service is sourced to this State. The percentage is determined by dividing the number of channel termination points in this State by the total number of channel termination points.

Call Center Cap. The gross receipts tax on telecommunications service that originates outside this State, terminates in this State, and is provided to a call center that has a direct pay permit issued by the Department under G.S. 105-164.27A may not exceed fifty thousand dollars ($50,000) a calendar year. This cap applies separately to each legal entity.

Credit. – A taxpayer who pays a tax legally imposed by another state on a telecommunications service taxable under this section is allowed a credit against the tax imposed in this section.

Definitions. – The following definitions apply in this section:

Ancillary service. – Defined in G.S. 105-164.3.

Examples of services that are resold include carrier charges for access to an intrastate or interstate interexchange network, interconnection charges paid by a provider of mobile telecommunications service, and charges for the sale of unbundled network elements. An unbundled network element is a network element, as defined in 47 U.S.C. §

§ 105-129.71. Credit for income-producing rehabilitated mill property.

(a) Credit. – A taxpayer who is allowed a credit under section 47 of the Code for making qualified rehabilitation expenditures with respect to an eligible site is allowed a credit equal to a percentage of the expenditures that qualify for the federal credit. The credit may be claimed in the year in which the eligible site is placed into service. When the eligible site is placed into service in two or more phases in different years, the amount of credit that may be claimed in a year is the amount based on the qualified rehabilitation expenditures associated with the phase placed into service during that year. In order to be eligible for a credit allowed by this Article, the taxpayer must provide to the Secretary a copy of the eligibility certification and the cost certification. The amount of the credit is as follows:

(1) For an eligible site located in an enterprise tier one, two, or three area, determined as of the date of certification, the amount of the credit is equal to forty percent (40%) of the qualified rehabilitation expenditures.

(2) For an eligible site located in an enterprise tier four or five area, determined as of the date of certification, the amount of the credit is equal to thirty percent (30%) of the qualified rehabilitation expenditures.

(b) Allocation. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section may allocate the credit among any of its owners in its discretion as long as an owner’s adjusted basis in the pass-through entity, as determined under the Code, at the end of the taxable year in which the eligible site is placed in service, is at least forty percent (40%) of the amount of credit allocated to that owner. Owners to whom a credit is allocated are allowed the credit as if they had qualified for the credit directly. A pass-through entity and its owners must include with their tax returns for every taxable year in which an allocated credit is claimed a statement of the allocation made by the pass-through entity and the allocation that would have been required under G.S. 105-131.8 or G.S. 105-269.15.

(c) Forfeiture for Change in Ownership. – If an owner of a pass-through entity that has qualified for the credit allowed under this section disposes of all or a portion of the owner’s interest in the pass-through entity within five years from the date the eligible site is placed in service and the owner’s interest in the pass-through entity is reduced to less than two-thirds of the owner’s interest in the pass-through entity at the time the eligible site was placed in service, the owner forfeits a portion of the credit. The amount forfeited is determined by multiplying the amount of credit by the percentage reduction in ownership and then multiplying that product by the forfeiture.
percentage. The forfeiture percentage equals the recapture percentage found in the table in section 50(a)(1)(B) of the Code.

(d) Exceptions to Forfeiture. – Forfeiture as provided in subsection (c) of this section is not required if the change in ownership is the result of any of the following:

(1) The death of the owner.

(2) A merger, consolidation, or similar transaction requiring approval by the shareholders, partners, or members of the taxpayer under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(e) Liability from Forfeiture. – A taxpayer or an owner of a pass-through entity that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer or owner of a pass-through entity that fails to pay the taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

§ 105-129.72. Credit for nonincome-producing rehabilitated mill property.

(a) Credit. – A taxpayer who is not allowed a federal income tax credit under section 47 of the Code and who makes rehabilitation expenses with respect to an eligible site is allowed a credit equal to a percentage of the rehabilitation expenses. The entire credit may not be taken for the taxable year in which the property is placed in service, but must be taken in five equal installments beginning with the taxable year in which the property is placed in service. When the eligible site is placed into service in two or more phases in different years, the amount of credit that may be claimed in a year is the amount based on the rehabilitation expenses associated with the phase placed into service during that year. In order to be eligible for a credit allowed by this Article, the taxpayer must provide to the Secretary a copy of the eligibility certification and the cost certification. For an eligible site located in an enterprise tier one, two, or three area, determined as of the date of certification, the amount of the credit is equal to forty percent (40%) of the rehabilitation expenses. No credit is allowed for a site located in an enterprise tier four or five area.

(b) Allocation. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section may allocate the credit among any of its owners in its discretion as long as an owner's adjusted basis in the pass-through entity, as determined under the Code, at the end of the taxable year in which the eligible site is placed in service, is at least forty percent (40%) of the amount of credit allocated to that owner. Owners to whom a credit is allocated are allowed the credit as if they had qualified for the credit directly. A pass-through entity and its owners must include with their tax returns for every taxable year in which an allocated credit is claimed a statement of the allocation made by the pass-through entity and the allocation that would have been required under G.S. 105-131.8 or G.S. 105-269.15.

(c) Forfeiture for Change in Ownership. – If an owner of a pass-through entity that has qualified for the credit allowed under this section disposes of all or a portion of the owner's interest in the pass-through entity within five years from the date the eligible site is placed in service and the owner's interest in the pass-through entity is reduced to less than two-thirds of the owner's interest in the pass-through entity at the time the eligible site was placed in service, the owner forfeits a portion of the credit.
The amount forfeited is determined by multiplying the amount of credit by the percentage reduction in ownership and then multiplying that product by the forfeiture percentage. The forfeiture percentage equals the recapture percentage found in the table in section 50(a)(1)(B) of the Code. The remaining allocable credit is allocated equally among the five years in which the credit is claimed.

(d) Exceptions to Forfeiture. – Forfeiture as provided in subsection (c) of this section is not required if the change in ownership is the result of any of the following:

(1) The death of the owner.
(2) A merger, consolidation, or similar transaction requiring approval by the shareholders, partners, or members of the taxpayer under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(e) Liability from Forfeiture. – A taxpayer or an owner of a pass-through entity that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer or owner of a pass-through entity that fails to pay the taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

GENERAL PROVISIONS

SECTION 5.1.(b) Information To Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.
2. A delineation of the proposed State and local administrative expenditures.
3. An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
4. A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
(5) A projection of current year expenditures by program or activity.
(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

**SECTION 5.1.(c)** Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section or increase State administrative expenditures.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. In allocating a decrease in federal fund availability, the Department shall not eliminate the funding for a program or activity appropriated in this section unless it is related to the State administration.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

**SECTION 5.1.(d)** All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

**SECTION 5.1.(e)** The Department of Health and Human Services shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on positions funded from federal Block Grants. The report shall include the following for each Block Grant:

1. All State positions currently funded through the Block Grant, including permanent, temporary, and time-limited positions.
2. Budgeted salary and fringe benefits for each position.
3. Identify the percentage of Block Grant funds used to fund each position.

The report shall be submitted no later than December 1, 2006.
TEMPORARY ASSISTANCE FOR NEEDY FAMILIES BLOCK GRANT (TANF)

SECTION 5.1.(f) The sum of five hundred eighty-six thousand nine hundred thirty-one dollars ($586,931) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2006-2007 fiscal year shall be used to support administration of TANF-funded programs.

SECTION 5.1.(g) The sum of two million two hundred thousand dollars ($2,200,000) appropriated under this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2006-2007 fiscal year shall be used to provide domestic violence services to Work First recipients. These funds shall be used to provide domestic violence counseling, support, and other direct services to clients. These funds shall not be used to establish new domestic violence shelters or to facilitate lobbying efforts. The Division of Social Services may use up to seventy-five thousand dollars ($75,000) in TANF funds to support one administrative position within the Division of Social Services to implement this subsection.

Each county department of social services and the local domestic violence shelter program serving the county shall jointly develop a plan for utilizing these funds. The plan shall include the services to be provided and the manner in which the services shall be delivered. The county plan shall be signed by the county social services director or the director's designee and the domestic violence program director or the director's designee and submitted to the Division of Social Services by December 1, 2006. The Division of Social Services, in consultation with the Council for Women, shall review the county plans and shall provide consultation and technical assistance to the departments of social services and local domestic violence shelter programs, if needed.

The Division of Social Services shall allocate these funds to county departments of social services according to the following formula: (i) each county shall receive a base allocation of five thousand dollars ($5,000); and (ii) each county shall receive an allocation of the remaining funds based on the county's proportion of the statewide total of the Work First caseload as of July 1, 2006, and the county's proportion of the statewide total of the individuals receiving domestic violence services from programs funded by the Council for Women as of July 1, 2006. The Division of Social Services may reallocate unspent funds to counties that submit a written request for additional funds.

SECTION 5.1.(h) The sum of two million two hundred forty-nine thousand six hundred forty-two dollars ($2,249,642) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2006-2007 fiscal year shall be used to expand after-school programs and services for at-risk children. The Department shall develop and implement a grant program to award grants to community-based programs that demonstrate the ability to reach children at risk of teen pregnancy, school dropout, and gang participation. The Department shall award grants to community-based organizations that demonstrate the ability to develop and implement linkages with local departments of social services, area mental health programs, schools, and other human services programs in order to provide support services and assistance to the child and family. These funds may be used to fund one position within the Division of Social Services to coordinate at-risk after-school programs and shall not be used for other State administration.
SECTION 5.1.(i) The sum of twelve million four hundred fifty-two thousand three hundred ninety-one dollars ($12,452,391) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2006-2007 fiscal year for child welfare improvements, shall be allocated to the county departments of social services for hiring or contracting staff to investigate and provide services in Child Protective Services cases; to provide foster care and support services; to recruit, train, license, and support prospective foster and adoptive families; and to provide interstate and postadoption services for eligible families.

SECTION 5.1.(j) The sum of three million dollars ($3,000,000) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Special Children Adoption Fund, for the 2006-2007 fiscal year shall be used in accordance with Section 10.48 of S.L. 2005-276. The Division of Social Services, in consultation with the North Carolina Association of County Directors of Social Services and representatives of licensed private adoption agencies, shall develop guidelines for the awarding of funds to licensed public and private adoption agencies upon the adoption of children described in G.S. 108A-50 and in foster care. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services program. No local match shall be required as a condition for receipt of these funds.

SECTION 5.1.(k) The sum of one million eight hundred thousand dollars ($1,800,000) in this section appropriated to the Department of Health and Human Services in the TANF Block Grant for the 2006-2007 fiscal year shall be used to implement N.C. FAST (North Carolina Families Accessing Services through Technology). The N.C. FAST Program involves the entire automation initiative through which families access services and local departments of social services deliver benefits, supervised by the Department of Health and Human Services, Divisions of Social Services, Aging and Adult Services, Medical Assistance, and Child Development. The statewide automated initiative shall be implemented in compliance with federal regulations in order to ensure federal financial participation in the project. The Department of Health and Human Services shall report on its compliance with this subsection to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than January 1, 2007.

SECTION 5.1.(l) The sum of five hundred thousand dollars ($500,000) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2006-2007 fiscal year shall be used to expand after-school programs for at-risk children attending middle school. The Department shall develop and implement a grant program to award funds to community-based programs demonstrating the capacity to reach children at risk of teen pregnancy, school dropout, and gang participation. These funds shall not be used for training or administration at the State level. All funds shall be distributed to community-based programs, focusing on those communities where similar programs do not exist in middle schools.

SECTION 5.1.(m) In implementing the TANF Block Grant, the Department of Health and Human Services shall review policies, programs, and initiatives to ensure that they support men in their role as fathers and strengthen fathers’ involvement in their children’s lives. The Department shall encourage county departments of social services
to ensure their Work First programs emphasize responsible fatherhood and increased participation by noncustodial fathers.

SECTION 5.1.(n) The sum of five hundred fifty thousand dollars ($550,000) appropriated in this section to the Department of Health and Human Services in the TANF Block Grant for the 2006-2007 fiscal year shall be transferred to Work Central, Inc. Work Central, Inc., shall report on the number of people served and the services received as a result of the receipt of funds. The report shall contain expenditure data, including the amount of funds used for administration and direct training. The report shall also include the number of people who have been employed as a direct result of services provided by Work Central, Inc., including the length of employment in the new position. The Department of Health and Human Services shall evaluate the program and ensure that services provided are not duplicative of local employment security commissions in the nine counties served by Work Central, Inc. The evaluation report shall be submitted to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than May 1, 2007.

SECTION 5.1.(o) The sum of one million five hundred thousand dollars ($1,500,000) appropriated in this section to the Department of Health and Human Services in the TANF Block Grant for Boys and Girls Clubs for the 2006-2007 fiscal year shall be used to make grants for approved programs. The Department of Health and Human Services, in accordance with federal regulations for the use of TANF Block Grant funds, shall administer a grant program to award funds to the Boys and Girls Clubs across the State in order to implement programs that improve the motivation, performance, and self-esteem of youths and to implement other initiatives that would be expected to reduce gang participation, school dropout, and teen pregnancy rates. The Department shall encourage and facilitate collaboration between the Boys and Girls Clubs and Support Our Students, Communities in Schools, and similar programs to submit joint applications for the funds if appropriate.

SECTION 5.1.(p) The sum of nineteen million forty-eight thousand three hundred twenty-two dollars ($19,048,322) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2006-2007 fiscal year for county demonstration grants shall be used for Work First demonstration projects implemented by county departments of social services. The county demonstration grants may be awarded for up to three years with all projects ending no later than the end of fiscal year 2008-2009. The purpose of the county demonstration grants is to identify best practices that can be used by counties to improve the work participation rates. The Division of Social Services is authorized to establish two time-limited positions to manage the grant award process and monitor the demonstration projects through fiscal year 2008-2009.

Funding provided under the county demonstration grants shall not be used to supplant local funds and counties shall be required to maintain the current level of effort and funding for the Work First program.

(e) It is a Class I felony for any person to perform notarial acts in this State with the knowledge that the person is not commissioned under this Chapter.

(f) Any person who without authority obtains, uses, conceals, defaces, or destroys the seal or notarial records of a notary is guilty of a Class I felony.

(g) For purposes of enforcing this Chapter and Article 34 of Chapter 66 of the General Statutes, the law enforcement agents of the Department of the Secretary of State have statewide jurisdiction and have all of the powers and authority of law enforcement officers. The agents have the authority to assist local law enforcement agencies in their investigations and to initiate and carry out, on their own or in coordination with local law enforcement agencies, investigations of violations.

(h) Resignation or expiration of a notarial commission does not terminate or preclude an investigation into a notary's conduct by the Secretary, who may pursue the investigation to a conclusion, whereupon it may be a matter of public record whether or not the finding would have been grounds for disciplinary action.

(i) The Secretary may seek injunctive relief against any person who violates the provisions of this Chapter. Nothing in this Chapter diminishes the authority of the North Carolina State Bar.

(j) Any person who knowingly solicits, coerces, or in any material way influences a notary to commit official misconduct, is guilty as an aider and abettor and is subject to the same level of punishment as the notary.

(k) The sanctions and remedies of this Chapter supplement other sanctions and remedies provided by law, including, but not limited to, forgery and aiding and abetting."

SECTION 24. Part 9 of Article 1 of Chapter 10B of the General Statutes is amended by adding the following new sections to read:

"§ 10B-67. Erroneous commission expiration date cured.
An erroneous statement of the date that the notary's commission expires shall not affect the sufficiency, validity, or enforceability of the notarial certificate or the related
record if the notary is, in fact, lawfully commissioned at the time of the notarial act.

"§ 10B-68. Technical defects cured.
(a) Technical defects, errors, or omissions in a notarial certificate shall not affect the sufficiency, validity, or enforceability of the notarial certificate or the related instrument or document.
(b) As used in this section, a technical defect includes those cured under G.S. 10B-37(f) and G.S. 10B-67. Other technical defects include the absence of the legible appearance of the notary's name exactly as shown on the notary's commission as required in G.S. 10B-20(b) and defects in the commissioning or recommissioning of the notary that were approved by the Department under this Chapter.

"§ 10B-69. Official forms cured.
(a) The notarial certificate contained in a form issued by a State agency prior to October 1, 2006, is deemed to be a valid certificate provided the certificate complied with the law at the time the form was issued.
(b) The notarization using a certificate under subsection (a) of this section shall be deemed valid if executed in compliance with the law at the time the form was issued.

(a) In the absence of evidence of fraud on the part of the notary, or evidence of a knowing and deliberate violation of this Article by the notary, the courts shall grant a presumption of regularity to notarial acts so that those acts may be upheld, provided there has been substantial compliance with the law. Nothing in this Chapter modifies or repeals the common law doctrine of substantial compliance in effect on November 30, 2005.
(b) A notarial act performed before October 1, 2006, shall be deemed valid if it complies with the law as it existed on or before December 1, 2005."

SECTION 25. G.S. 10B-106(d) reads as rewritten:
"(d) An electronic form shall be used by an electronic notary in registering with the Secretary and it shall include, at least all of the following:
(1) The applicant's full legal name and the name to be used for commissioning, excluding nicknames.
(2) The state and county of commissioning of the registrant.
(3) The expiration date of the registrant's notary commission.
(4) Proof of successful completion of the course of instruction on electronic notarization as required by this Article.
(5) A description of the technology the registrant will use to create an electronic signature in performing official acts.
(6) If the device used to create the registrant's electronic signature was issued or registered through a licensed certification authority, the name of that authority, the source of the license, the starting and expiration dates of the device's term of registration, and any revocations, annulments, or other premature terminations of any registered device of the registrant that was due to misuse or compromise of the device, with the date, cause, and nature of each termination explained in detail.
(7) The e-mail address of the registrant.

The information contained in a registration that relates to subdivision (7) of this section under this section is a public record as defined in G.S. 132-1, except for information contained in subsection (7), which shall be considered confidential information and shall not be subject to disclosure except as provided in Chapter 132 of the General Statutes or as provided by rule."
SECTION 26. G.S. 47-14 is amended by adding a new subsection to read:

"(f) The acceptance of a record for registration by the register of deeds shall give rise to a presumption that, at the time the record was presented for registration, a clear and legible image of the notary's official seal was affixed or embossed on the record near the notary's official signature. This presumption shall apply regardless of whether the image is legible or photographically reproduced in the records maintained by the register of deeds. A register of deeds may not refuse to accept a record for registration because a notarial seal does not satisfy the requirements of G.S. 10B-37."

SECTION 27. G.S. 47-37.1 reads as rewritten:

"§ 47-37.1. Other forms of proof.

(a) The proof and acknowledgment forms set forth in this Article are not exclusive. Without regard to whether an instrument presented for registration was signed by an individual acting in his or her own right or by an individual acting in a representative or fiduciary capacity, a notarial certificate that complies with the provisions of Part 6 of Article 1 of Chapter 10B (G.S. 10B-25 et seq.) shall be deemed a sufficient form of probate or acknowledgment for purposes of this Chapter. Use of a notarial certificate that satisfies the requirements of Part 6 of Article 1 of Chapter 10B shall not be grounds for a register of deeds to refuse to accept a record for registration.

(b) When an instrument presented for registration purports to be signed by an individual in a representative or fiduciary capacity, the acknowledgment or proof of that individual's signature may, but is not required to:

(1) State that the individual signed the instrument in a representative or fiduciary capacity.

(2) State that the individual who signed the instrument in a representative or fiduciary capacity had due authority to do so.

(3) Identify the represented person or entity, the fiduciary capacity.

(c) This section relates only to the form of proof or acknowledgment. The capacity and authority of the individual who signs an instrument presented for registration are governed by other provisions of law.

(d) This section applies to proofs and acknowledgments made before, on, or after December 1, 2005."

SECTION 28. G.S. 47-38 reads as rewritten:

"§ 47-38. Acknowledgment by grantor.

Where the instrument is acknowledged by the grantor or maker, the form of acknowledgment shall be in substance as follows:

When properly completed, a certificate in substantially the following form may be used and shall be sufficient under the law of this State to satisfy the requirements for a notarial certificate for one or more individuals, acting in his, her, or their own right or, whether or not so stated in the notarial certificate, in a representative or fiduciary capacity, including one or more individuals acting on behalf of an unincorporated association, as an officer or director of a corporation, as a partner of a general or limited partnership, as a manager or member of a limited liability company, as the trustee of a trust, as the personal representative of a decedent's estate, as an agent or attorney in fact for another, as the guardian of a minor or an incompetent, or as a public official. or omissions in a form of probate or other notarial certificate, shall not affect the
sufficiency, validity, or enforceability of the form of probate or the notarial certificate or
the related instrument or document. A register of deeds may not refuse to accept an
instrument or document for registration because of technical defects, errors, or
omissions in a form of probate or other notarial certificate.
(b) This section does not apply to the requirements for registration contained in
G.S. 47-14(a) and a register of deeds shall not accept for registration an instrument that
does not comply with the requirements of G.S. 47-14(a)."

SECTION 32. The General Statutes Commission shall study the need for
additional changes to laws relating to notaries public, the notarization of documents, and

AN ACT CONSOLIDATING AND CLARIFYING BUILDING HEIGHT LIMITS FOR THE TOWN OF OAK ISLAND.

Whereas, the Town of Oak Island was consolidated from the former towns of Yaupon Beach and Long Beach by S.L. 1999-66; and
Whereas, each of the former towns established building height limitations by local acts of the legislature, setting limits at 35 feet except that the height limitation may be increased with the approval of a majority of the qualified voters in a referendum of an ordinance; and
Whereas, both former towns held and passed referenda to increase height in certain flood hazard zones; and
Whereas, the standards passed for the former towns are not consistent and furthermore leave unanswered questions about the application of the standards on parcels where flood zones transition inside the parcel boundaries; and
Whereas, the Town Council of the Town of Oak Island has requested the introduction of legislation to consolidate and clarify the height standards that apply within the Town of Oak Island, with the legislation not modifying any other portion of or procedures for increasing height limits as outlined in S.L. 1989-456 and S.L. 1991-772; Now, therefore,

SECTION 2.(b) A proposition to approve an ordinance under this section shall be printed on the ballot in substantially the following form:

H.B. 1074 Session Law 2006-65

AN ACT TO CLARIFY THE PROCEDURE FOR ADMITTING CHILDREN TO THE PUBLIC SCHOOLS.
The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-366 reads as rewritten:

"§ 115C-366. Assignment of student to a particular school.

(a) All students under the age of 21 years who are domiciled in a school administrative unit who have not been removed from school for cause, or who have not obtained a high school diploma, are entitled to all the privileges and advantages of the public schools to which they are assigned by the local boards of education. The assignment of students living in one local school administrative unit or district to a school located in another local school administrative unit or district, shall have no effect upon the right of the local school administrative unit or district to which the students are assigned to levy and collect any supplemental tax heretofore or hereafter voted in that local school administrative unit or district.

(a1) Children living in and cared for and supported by an institution established, operated, or incorporated for the purpose of rearing and caring for children who do not live with their parents shall be considered legal residents of the local school administrative unit in which the institution is located. These children shall be deemed to qualify for admission to the public schools of the local school administrative unit as provided in this section. This subsection shall apply to foster homes and group homes.

(a2) It is the policy of the State that every child of a homeless individual and every homeless child and youth have access to a free, appropriate public education on the same basis as all children who are domiciled in this State. The local board of education having jurisdiction where the child is actually living shall enroll the child in the school administrative unit where the child is actually living. In no event shall the child be denied enrollment because of uncertainty regarding his or her domiciliary status, regardless of whether the child is living with the homeless parents or has been temporarily placed elsewhere by the parents. The State Board of Education and every local board of education shall ensure compliance with the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001. The local board of education shall not charge the homeless child, as defined in this subsection, tuition for enrollment. The homeless child's or youth's parent, guardian, or person standing in loco parentis to the child, legal custodian may apply to the State Board of Education for a determination of whether a particular local board of education shall enroll the homeless child or youth, and this determination shall be binding on the local board of education, subject to judicial review. As used in this subsection, the term "homeless" refers to an individual who (i) lacks a fixed, regular, and adequate nighttime residence or (ii) has a primary nighttime residence in a supervised publicly or privately operated shelter for temporary accommodations, lives in an institution providing temporary residence for individuals intended to be institutionalized, or a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings. The term does not include persons who are imprisoned or otherwise detained pursuant to federal or State law.

(a3) A student who is not a domiciliary of a local school administrative unit may attend, without the payment of tuition, the public schools of that unit if all of the following apply:

(1) The student resides with an adult, who is a domiciliary of that unit, as a result of any one of the following:
a. The death, serious illness, or incarceration of a parent or legal guardian,
b. The abandonment by a parent or legal guardian of the complete control of the student as evidenced by the failure to provide substantial financial support and parental guidance,
c. Abuse or neglect by the parent or legal guardian,
d. The physical or mental condition of the parent or legal guardian is such that he or she cannot provide adequate care and supervision of the student, or
e. The relinquishment of physical custody and control of the student by the student's parent or legal guardian upon the recommendation of the department of social services or the Division of Mental Health, or
f. The loss or uninhabitability of the student's home as the result of a natural disaster,

(2) The student is not currently under a term of suspension or expulsion from a school for conduct that could have led to a suspension or an expulsion from the local school administrative unit.

(3) The caregiver adult with whom the student resides and the student's parent, guardian, or legal custodian have each completed and signed separate affidavits that:
   a. Confirm the qualifications set out in this subsection establishing the student's residency,
   b. Attest that the student's claim of residency in the unit is not primarily related to attendance at a particular school within the unit, and
   c. Attest that the caregiver adult with whom the student is residing has been given and accepts responsibility for educational decisions for the child, including receiving notices of discipline under G.S. 115C-391, attending conferences with school personnel, granting permission for school-related activities, and taking appropriate action in connection with student records.

For purposes of subdivision (1)c. of this subsection, a student shall be deemed to be abused or neglected if there has been an adjudication of that issue. The State Board may adopt an additional definition of abuse and neglect and that definition shall also apply to this subsection.

If the student's parent, guardian, or legal custodian is unable, refuses, or is otherwise unavailable to sign the affidavit, then the caregiver adult with whom the student is living shall attest to that fact in the affidavit. If the student is a minor, the caregiver adult must make educational decisions concerning the student and has the same legal authority and responsibility regarding the student as a parent or legal custodian would have even if the parent, guardian, or legal custodian does not sign the affidavit. The minor student's parent, legal guardian, or legal custodian retains liability for the student's acts.

Upon receipt of both affidavits or an affidavit from the caregiver adult with whom the student is living—such an affidavit shall include an attestation that the student's parent, guardian, or legal custodian is unable, refuses, or is otherwise unavailable to sign an affidavit, the local board shall admit and assign as soon as practicable the student to an appropriate
school, as determined under the local board's school assignment policy, pending the results of any further procedures for verifying eligibility for attendance and assignment within the local school administrative unit.

If it is found that the information contained in either or both affidavits is false, then the local board may, unless the student is otherwise eligible for school attendance under other laws or local board policy, remove the student from school. If a student is removed from school, the board shall provide an opportunity to appeal the removal under the appropriate policy of the local board and shall notify any person who signed the affidavit of this opportunity. If it is found that a person willfully and knowingly provided false information in the affidavit, the maker of the affidavit shall be guilty of a Class 1 misdemeanor and shall pay to the local board an amount equal to the cost of educating the student during the period of enrollment. Repayment shall not include State funds.

Affidavits shall include, in large print, the penalty, including repayment of the cost of educating the student, for providing false information in an affidavit.

(a4) When a student transfers into the public schools of a local school administrative unit, that local board shall require the student's parent, guardian, or legal custodian to provide a statement made under oath or affirmation before a qualified official indicating whether the student is, at the time, under suspension or expulsion from attendance at a private or public school in this or any other state or has been convicted of a felony in this or any other state. This subsection does not apply to the enrollment of a student who has never been enrolled in or attended a private or public school in this or any other state.

(a5) Notwithstanding any other law, a local board may deny admission to or place reasonable conditions on the admission of a student who has been suspended from a school under G.S. 115C-391 or who has been suspended from a school for conduct that could have led to a suspension from a school within the local school administrative unit where the student is seeking admission until the period of suspension has expired. Also, a local board may deny admission to or place reasonable conditions on the admission of a student who has been expelled from a school under G.S. 115C-391 or who has been expelled from a school for behavior that indicated the student's continued presence in school constituted a clear threat to the safety of other students or employees or who has been convicted of a felony in this or any other state. If the local board denies admission to a student who has been expelled or convicted of a felony, the student may request the local board to reconsider that decision in accordance with G.S. 115C-391(d).

(a6) A child who is placed in or assigned to a licensed facility is eligible for admission, without the payment of tuition, to the public schools of the local school administrative unit in which the licensed facility is located. If an agency or person, other than the student's parent or guardian, is the student's legal custodian and if that person or agency placed or assigned the student to a licensed facility under this subsection, then that agency or person must provide in writing to the school the name, address, and phone number of the individual who has authority and the responsibility to make educational decisions for the student. This individual shall reside or be employed within the local school administrative unit and shall provide in writing to the school a signed statement that the individual understands and accepts this authority and responsibility to make educational decisions for the student. If the student's parent or legal guardian retains legal custody of a child who is placed in or assigned to a licensed facility under this subsection, then the requirements of subsection (a3) of this section must be met.
(a7) A student who is a resident of a local school administrative unit because the student resides with a parent, guardian, or legal custodian who is a (i) student, employee, or faculty member of a college or university or (ii) visiting scholar at the National Humanities Center is considered domiciled in that unit for purposes of this section.

(a8) A student is considered domiciled in a local school administrative unit for purposes of this section if the student resides (i) with a legal custodian who is not the student's parent or guardian and the legal custodian is domiciled in the local school administrative unit, or (ii) in a preadopitive home following placement by a county department of social services or a licensed child-placing agency.

(b) Each local board of education shall assign to a public school each student qualified for assignment under this section. Except as otherwise provided by law, the authority of each board of education in the matter of assignment of children to the public schools shall be full and complete, and its decision as to the assignment of any child to any school shall be final.

(c) Any child who is qualified under the laws of this State for admission to a public school and who has a place of residence in a local school administrative unit incident to the child's parent's or guardian's service in the General Assembly, other than the local school administrative unit in which the child is domiciled, is entitled to attend school in the local school administrative unit of that residence as if the child were domiciled there, subject to the payment of applicable out-of-county fees in effect at the time.

(d) A student domiciled in one local school administrative unit may be assigned either with or without the payment of tuition to a public school in another local school administrative unit upon the terms and conditions agreed to in writing between the local boards of education involved and entered in the official records of the boards. The assignment shall be effective only for the current school year, but may be renewed annually in the discretion of the boards involved.

(e) The boards of education of adjacent local school administrative units may operate schools in adjacent units upon written agreements between the respective boards of education and approval by the county commissioners and the State Board of Education.

(f) This section shall not be construed to allow students to transfer from one local school administrative unit to another for athletic participation purposes in violation of eligibility requirements established by the State Board of Education and the North Carolina High School Athletic Association.

(g) Any local school administrative unit may use the actual address of a program participant for any purpose related to admission or assignment pursuant to this Article as long as the address is kept confidential from the public under the provisions of Chapter 15C of the General Statutes. The substitute address designated by the Attorney General under the Address Confidentiality Program shall not be used as an address for admission or assignment purposes.

(h) The following definitions apply in this section:

(1) Abused or neglected. – A student is considered abused or neglected if there has been an adjudication of that issue. The State Board may adopt an additional definition of abuse and neglect, and that definition also shall apply to this section.

A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

**SECTION 7.2.(e)** Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

**SECTION 7.2.(h)** Participants in an approved full-time masters in school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the masters program. Payments for drugs are subject to the provisions of this subdivision or in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. Payment of the professional services fee shall be made in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. The professional services fee shall be five dollars and sixty cents ($5.60) per prescription for generic drugs and four dollars ($4.00) per prescription for brand-name drugs. Adjustments to the professional services fee shall be established by the General Assembly. In addition to the professional services fee, the Department may pay an enhanced fee for pharmacy services.

Limitations on quantity. – The Department of Health and Human Services may establish authorizations, limitations, and reviews for specific drugs, drug classes, brands, or quantities in order to manage effectively the Medicaid pharmacy program, except that the Department shall not impose limitations on brand-name medications for which there is a generic equivalent in cases where the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase “medically necessary”. In addition to the entities listed in subsection (a) of this section, the Department shall report to the Joint Legislative Commission on Governmental Operations on authorizations, limitations, and reviews established under this
subparagraph, including limitations on monthly brand-name and
generic prescriptions as well as restrictions on the total number of
medications. The Department shall submit the report not later than
May 1, 2006.

Dispensing of generic drugs. – Notwithstanding G.S. 90-85.27
through G.S. 90-85.31, or any other law to the contrary, under the
Medical Assistance Program (Title XIX of the Social Security Act),
and except as otherwise provided in this subsection for atypical
antipsychotic drugs and drugs listed in the narrow therapeutic index, a
prescription order for a drug designated by a trade or brand name shall
be considered to be an order for the drug by its established or generic
name, except when the prescriber has determined, at the time the drug
is prescribed, that the brand-name drug is medically necessary and has
written on the prescription order the phrase "medically necessary". An
initial prescription order for an atypical antipsychotic drug or a drug
listed in the narrow therapeutic drug index that does not contain the
phrase "medically necessary" shall be considered an order for the drug
by its established or generic name, except that a pharmacy shall not
substitute a generic or established name prescription drug for
subsequent brand or trade name prescription orders of the same
prescription drug without explicit oral or written approval of the
prescriber given at the time the order is filled. Generic drugs shall be
dispensed at a lower cost to the Medical Assistance Program rather
than trade or brand-name drugs. As used in this subsection, "brand
name" means the proprietary name the manufacturer places upon a
drug product or on its container, label, or wrapping at the time of
packaging; and "established name" has the same meaning as in section
502(e)(3) of the Federal Food, Drug, and Cosmetic Act as amended,

schizophrenia, bipolar disorder, and major depressive disorder, or (ii)
HIV/AIDS.

   developed by the Department of Health and Human Services
   not to exceed the upper limits established in federal regulations,

Licensed or certified psychologists, licensed clinical social workers, certified clinical nurse specialists in psychiatric mental health advanced practice, nurse practitioners certified as clinical nurse specialists in psychiatric mental health advanced practice, licensed psychological associates, licensed professional counselors, licensed marriage and family therapists, certified clinical addictions specialists, and certified clinical supervisors, when Medicaid-eligible children are referred by the Community Care of North Carolina primary care physician, a Medicaid-enrolled psychiatrist, or the area mental health program or local management entity, and

d. Payments made for services rendered in accordance with this subdivision shall be to qualified providers in accordance with approved policies and the State Plan. e. The Department of Health and Human Services shall not enroll licensed psychological associates, licensed professional counselors, licensed marriage and family therapists, licensed clinical addiction specialists, and licensed clinical supervisors until all of the following conditions have been met:
   1. The fiscal impact of payments to these qualified providers has been projected;
2. 3. Approval has been obtained from the Office of State Budget and Management to transfer these State or other source funds from the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to the Division of Medical Assistance. Upon approval and implementation, the Department of Health and Human Services shall, on a quarterly basis, provide a status report to the Office of State Budget and Management and the Fiscal Research Division.

Notwithstanding G.S. 150B-21.1(a), the Department of Health and Human Services may adopt temporary rules in accordance with Chapter 150B of the General Statutes further defining the qualifications of providers and referral procedures in order to implement this subdivision. Coverage policy for services defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services under sub-subdivisions a. and b.2 of this subdivision shall be established by the Division of Medical Assistance.

SECTION 10.3.(f) Limitations on payments. –

(1) Payment is limited to Medicaid-enrolled providers that purchase a performance bond in an amount not to exceed one hundred thousand dollars ($100,000) naming as beneficiary the Department of Health and Human Services, Division of Medical Assistance, or provide to the Department a validly executed letter of credit or other financial instrument issued by a financial institution or agency honoring a demand for payment in an equivalent amount. The Department may waive or limit the requirements of this paragraph for one or more classes of Medicaid-enrolled providers based on the provider's dollar amount of monthly billings to Medicaid or the length of time the provider has been licensed in this State to provide services. In waiving or limiting requirements of this paragraph, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.

(2) Reimbursement is available for up to 24 visits per recipient per year to any one or combination of the following: physicians, clinics, hospital outpatient, optometrists, chiropractors, and podiatrists. Prenatal services, all EPSDT children, emergency rooms, and mental health services subject to independent utilization review are exempt from the visit limitations contained in this paragraph. Exceptions may be
authorized by the Department of Health and Human Services where the life of the patient would be threatened without such additional care.

SECTION 10.3.(g) Exceptions and limitations on services; authorization of co-payments and other services.

(1)Exceptions to Service Limitations, Eligibility Requirements, and Payments. – Service limitations, eligibility requirements, and payments bases in this section may be waived by the Department of Health and Human Services, with the approval of the Director of the Budget, to allow the Department to carry out pilot programs for prepaid health plans, contracting for services, managed care plans, or community-based services programs in accordance with plans approved by the United States Department of Health and Human Services or when the Department determines that such a waiver will result in a reduction in the total Medicaid costs for the recipient. The Department of Health and Human Services may proceed with planning and development work on the Program of All-Inclusive Care for the Elderly.

(2)Co-Payment for Medicaid Services. – The Department of Health and Human Services may establish co-payments up to the maximum permitted by federal law and regulation and required by this subsection in order to achieve reductions in the budget in fiscal years 2005-2006 and 2006-2007.

(3) The Department of Health and Human Services shall provide Medicaid coverage for family planning services to men and women of childbearing age with family incomes equal to or less than one hundred eighty-five percent (185%) of the federal poverty level. Of the funds appropriated in this act to the Division of Medical Assistance, the sum of seven hundred fifty thousand dollars ($750,000) for the 2005-2006 fiscal year shall be used to provide the State-match for the family planning demonstration waiver approved by the federal government.

SECTION 10.3.(h) Rules, Reports, and Other Matters. –

(1) Rules. – The Department of Health and Human Services may adopt temporary or emergency rules according to the procedures established in G.S. 150B-21.1 and G.S. 150B-21.1A when it finds that these rules are necessary to maximize receipt of federal funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce fraud and abuse. Prior to the filing of these temporary or emergency rules with the Rules Review Commission and the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary or emergency rule and its effect on State appropriations and local governments.

(2) Changes to Medicaid program; reports. – The Department shall report on any change it anticipates making in the Medicaid program that impacts the type or level of service, reimbursement methods, or waivers, any of which require a change in the State Plan or other approval by the Centers for Medicare and Medicaid Services (CMS). The reports shall be provided at the same time they are submitted to
CMS for approval. In addition to the entities listed in subsection (a)(4) of this section, the report shall be submitted to the Joint Legislative Health Care Oversight Committee.

SECTION 10.3A. Effective for the 2006-2007 fiscal year, the Secretary of the Department of Health and Human Services shall develop a plan to allocate funds available for inflationary increases among groups of Medicaid providers in accordance with the interim report from the study of Medicaid provider rates authorized in Section 10.11 of this act. Before submitting the proposed allocation plan to the Centers for Medicare/Medicaid Services ("CMS"), and not later than December 15, 2006, the Secretary shall consult with the Joint Legislative Commission on Governmental Operations ("Commission") and present the proposed allocation plan.

   a. Publish the proposed new or amended medical coverage policy on the Department's Web site;

TRANSFER OF ASSETS REWRITE

SECTION 10.5.(a) G.S. 108A-58 is repealed.

SECTION 10.5.(b) Part 6 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"§ 108A-58.1. Ineligibility for medical assistance based on transferring assets for less than fair market value.

(a) General Rule. – Except as otherwise provided herein, an individual who is otherwise eligible to receive medical assistance under this Part is ineligible for Medicaid coverage and payment for the services specified in subsection (d) during the period specified in subsection (c) if the individual or the individual's spouse transfers an asset for less than fair market value on or after the "lookback date" specified in subsection (b).

(b) Lookback Date. –
(1) Except as otherwise provided herein, the lookback date is the date specified in 42 U.S.C. § 1396p(c)(1)(B).
(2) Notwithstanding subdivision (1), the lookback date with respect to the medical services specified in subdivision (d)(2) is the date specified in 42 U.S.C. § 1396p(c)(1)(B) or February 1, 2003, whichever is later.

(c) Penalty Period. – The penalty period for the transfer of assets for less than fair market value is the period specified in 42 U.S.C. § 1396p(c)(1)(D), (E), and (H).

(d) Medical Services. –
(1) In the case of an institutionalized individual, the transfer of assets penalty applies with respect to nursing facility services, a level of care in any institution equivalent to that of nursing facility services, and to home- or community-based services furnished under the State's Community Alternatives Program waiver pursuant to 42 U.S.C. § 1396n(c) or (d).
(2) In the case of a noninstitutionalized individual, the transfer of assets penalty applies with respect to home health services and personal care services as defined in 42 U.S.C. § 1396d(a)(7) and (24) and, to the extent permitted by federal law, such other long-term care services specified by rules adopted by the Department of Health and Human Services pursuant to subsection (k) of this section.

(e) Assets. – Assets are the income and resources of an individual or the individual's spouse (including the individual's or spouse's home) as defined in 42 U.S.C. § 1396p(h) and 42 U.S.C. § 1396p(c)(1)(G), (I), and (J).

(f) Fair Market Value and Uncompensated Value. –
(1) The fair market value of an asset is the value (minus any valid and legally enforceable liens, mortgages, and encumbrances against the asset) that would have been received if the asset had been sold for good and valuable consideration at the prevailing market price at the time the asset was transferred. In the case of real or personal property that is taxable under Subchapter II of Chapter 105 of the General Statutes, there is a rebuttable presumption that the fair market value of the property is its most recent value as ascertained under Subchapter II
of Chapter 105 of the General Statutes (minus any valid and legally enforceable liens, mortgages, and encumbrances against the property).

(2) The uncompensated value of an asset is its fair market value minus the amount of good and valuable consideration received in exchange for the asset's transfer.

The term "individual" also includes an individual's legal representative, anyone acting at the individual's direction or request, and any person, agency, or court acting lawfully on behalf of the individual.

(h) Institutionalized and Noninstitutionalized Individuals. –

(1) An institutionalized individual is an individual who meets the criteria set forth in 42 U.S.C. § 1396p(h)(3), regardless of whether the individual was institutionalized at the time an asset was transferred.

(2) A noninstitutionalized individual is any individual who (i) is not an institutionalized individual, (ii) is an aged, blind, or disabled person who is categorically or medically needy pursuant to 42 C.F.R. § 120 or a qualified Medicare beneficiary as defined in 42 U.S.C. § 1396d(p)(1), and (3) is not eligible for medical assistance under this Part based on his or her eligibility for an optional State supplement pursuant to 42 C.F.R. § 435.232.

(i) Exceptions. –

(1) This section does not apply if an individual establishes by the greater weight of the evidence that the transfer was exclusively for some purpose other than establishing or retaining eligibility for medical assistance under this Part.

(2) This section does not apply to any transfer specified in 42 U.S.C. § 1396p(c)(2)(A), (B), (C)(i), or (C)(iii).

(j) Application to Life Estates and Income Producing Real Property. – The Department of Health and Human Services may apply federal transfer of assets policies in accordance with this section to (i) life estates purchased by or on behalf of the recipient, and (ii) to real property excluded as "income producing", tenancy-in-common, or as nonhomesite property made "income producing." The transfer of assets policy shall apply only to an institutionalized individual or the individual's spouse, as defined in subsection (h) of this section. The Department shall exclude from countable resources any life estate in real property that is in the recipient's home and is measured by the recipient's life. Federal transfer of assets policies applied to income producing real property shall become effective not earlier than October 1, 2001. Federal transfer of assets policies applied to real property excluded as tenancy-in-common, or as nonhomesite property made income producing in accordance with this subsection, shall become effective not earlier than October 1, 2005.

(k) Hardship Waiver. – The Department of Health and Human Services shall waive a transfer of assets penalty that has been imposed or is imposable under this section if the Department determines that imposition of the penalty would create an undue hardship.

(l) Rules and Compliance with Federal Law. –

(1) This section shall be interpreted and administered consistently with governing federal law, including 42 U.S.C. § 1396p(c).
(2) The Department of Health and Human Services shall determine and publish at least annually the average monthly cost of nursing facility services for private patients that will be used in determining the length of a penalty period under this section.

(3) The Department of Health and Human Services shall provide for a hardship waiver process in accordance with 42 U.S.C. § 1396p(c)(2)(D).

(4) The Department of Health and Human Services may adopt administrative rules that are necessary and appropriate to implement this section or the requirements of 42 U.S.C. § 1396p(c) or other federal laws governing the transfer of assets and Medicaid eligibility."

SECTION 10.6. G.S. 108A-55.1 reads as rewritten:

"§ 108A-55.1. Medicare enrollment required.

The Department shall require State Medical Assistance Program recipients who qualify for Medicare to enroll in Medicare, in accordance with Title XIX of the Social Security Act, in order to pay medical expenditures that qualify for payment under Medicare Part B, Parts B and D, except that enrollment in Part D is not required if the recipient has creditable prescription drug coverage as defined by federal law.

Failure to enroll in Medicare shall result in nonpayment of these expenditures under the State Medical Assistance Program. A provider may seek payment for services from Medicaid enrollees who are eligible for but not enrolled in Medicare Part B, Parts B and D."

SECTION 10.7.(a) Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143-23.2, the sum of fifty three million dollars ($53,000,000) for the 2006-2007 fiscal year shall be allocated as prescribed by G.S. 143-23.2(b) for Medicaid programs. The Department shall provide a copy of proposals for expenditures under this section to the Fiscal Research Division."

DHHS TO STUDY STRATEGIES TO OFFSET THE COST TO PHARMACISTS OF PROVIDING SERVICES TO MEDICAID RECIPIENTS ENROLLED IN MEDICARE PART D

SECTION 10.9D. The General Assembly recognizes the critical need for pharmacy management services to Medicaid recipients enrolled in Medicare Part D. In light of the additional costs to pharmacists that provide pharmacy services to Medicaid recipients enrolled in Medicare Part D, and in light of the fact that federal law does not provide federal matching funds under the Medicaid program for these services, the Department of Health and Human Services shall study strategies for assisting pharmacists in providing these services to Medicaid recipients enrolled in Medicare Part D. In studying the strategies, the Department shall specifically address the special circumstances of pharmacists that provide pharmacy services to long-term care facilities. Among the strategies to be considered are those that address pharmacies adversely affected by the additional costs such that they may remain in business and thus continue to provide pharmacy services throughout the State. As part of this effort, the Department shall also assess the impact of the Deficit Reduction Act of 2005 on the payment for generic drugs under the Medicaid Program. ONE-TIME CAP ON MEDICAID COUNTY SHARE

SECTION 10.9E.(a) It is the intent of the General Assembly to provide sufficient funds for one-time assistance to counties with respect to the county share of the nonfederal share of Medical Assistance payments for the 2006-2007 fiscal year. To this end, the General Assembly estimates that the cost of the State maintaining the county share of the nonfederal share of Medical Assistance payments, excluding administrative costs, at the 2005-2006 level will not exceed twenty-seven million four hundred thousand dollars ($27,400,000) for the 2006-2007 fiscal year.

SECTION 10.9E.(b) Notwithstanding any other provision of law to the contrary and subject to the limitations in subsection (d) of this section, each county's portion of the nonfederal share of Medical Assistance payments, excluding administrative costs, for the 2006-2007 fiscal year only, shall not exceed the amount paid by the county for the nonfederal share of Medical Assistance payments, excluding administrative costs, for the 2005-2006 fiscal year. In the event a county's portion of
the nonfederal share of Medical Assistance payments, excluding administrative costs, is less in fiscal year 2006-2007 than the county share paid for fiscal year 2005-2006, then the county's share for the 2006-2007 fiscal year shall be the lower amount.

SECTION 10.9E.(c) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Medical Assistance, a sum not to exceed twenty-seven million four hundred thousand dollars ($27,400,000) in nonrecurring funds for the 2006-2007 fiscal year shall be used to cover the increased cost to the State resulting from the one-time assistance for the county share provided under this section.

SECTION 10.9E.(d) If fifteen percent (15%) of the nonfederal share of total Medical Assistance payments in the 2006-2007 fiscal year exceeds the amount of the nonfederal share paid by counties in fiscal year 2005-2006 plus the twenty-seven million four hundred thousand dollars ($27,400,000) in nonrecurring funds appropriated in this act for this purpose, then the county share for 2006-2007 shall be fifteen percent (15%) of the amount by which the nonfederal share of total Medical Assistance payments exceeds the amount appropriated in this act for the one-time assistance plus the amount paid by the counties in the 2005-2006 fiscal year.

SECTION 10.9E.(e) If less than twenty-seven million four hundred thousand dollars ($27,400,000) in nonrecurring funds for the 2006-2007 fiscal year is needed for one-time assistance for the county share, then funds remaining shall revert to the General Fund.

SECTION 10.9E.(f) The Department of Health and Human Services shall continue to track, on a monthly basis, each county's portion of the nonfederal share of Medical Assistance payments, excluding administrative costs, in fiscal year 2006-2007 as if the counties were still paying fifteen percent (15%) of all applicable nonfederal costs. The Department shall report on a monthly basis to the Fiscal Research Division each county's portion of the nonfederal share of Medical Assistance payments, excluding administrative costs, as determined by this section.

SECTION 10.9E.(g) For purposes of this section:
(1) "Medical Assistance payments" include Medicare Part D payments.

As used in this section, the term "crisis" includes services for individuals with mental illnesses, developmental disabilities, and substance abuse addictions.

**SECTION 10.26.(b)** Of the funds appropriated in this act for consultants to aid the Division and LMEs to the Department of Health and Human Services, the sum of two hundred twenty-five thousand dollars ($225,000) for the 2006-2007 fiscal year shall be used by the Department to enter into one or more personal services contracts to provide technical assistance to Local Management Entities to develop and implement the crisis plans required under subsection (a) of this section. In addition to any other factors the Department determines are relevant when selecting the consultant, the Department shall take into consideration whether an applicant has prior experience evaluating crisis services at a local, regional, and statewide level, prior experience assisting State and local public agencies develop and implement crisis services, and the ability to implement its responsibilities within the time frames established under this section. Funds not expended during the 2006-2007 fiscal year shall not revert to the General Fund but shall remain available for the purposes outlined in this subsection.

As used in this section, the term "regional crisis facility" means a facility-based crisis unit that serves an area that may be larger than the catchment area of a single LME, but that provides adequate access to a facility by all consumers in the State. The Secretary shall consult with LMEs in determining the regional groupings. The Secretary shall also take into consideration geographical factors, prior LME groupings and partnerships, and existing community facilities.

**SECTION 10.26.(d)** With the assistance of the consultant, the area authorities and county programs within a crisis region shall work together to identify gaps in their ability to provide a continuum of crisis services for all consumers and use the funds allocated to them to develop and implement a plan to address those needs. At a minimum, the plan must address the development over time of the following components: 24-hour crisis telephone lines, walk-in crisis services, mobile crisis outreach, crisis respite/residential services, crisis stabilization units, 24-hour beds, facility-based crisis, in-patient crisis, and transportation. Options for voluntary admissions to a secured facility must include at least one service appropriate to address the mental health, developmental disability, and substance abuse needs of adults, and the mental health, developmental disability, and substance abuse needs of children. Options for involuntary commitment to a secured facility must include at least one option in addition to admission to a State facility.

If all area authorities and county programs in a crisis region determine that a facility-based crisis center is needed and sustainable on a long-term basis, the crisis region shall first attempt to secure those services through a community hospital or other community facility. If all the area authorities and county programs in the crisis region determine the region's crisis needs are being met, the area authorities and county programs may use the funds to meet local crisis service needs.

**SECTION 10.26.(e)** Each LME shall submit its crisis services plan to the Secretary for review no later than March 1, 2007. The plan shall take into consideration and attempt to utilize all other sources of funds in addition to the funds appropriated under this section. Develop and implement five to ten critical performance indicators to be used to hold area authorities and county programs accountable for managing the mental health, developmental disabilities, and substance abuse services system. If, in one of the years in which the installment of credit accrues, a facility with respect to which the credit was claimed is disposed of or taken out of service and the investment requirements of this subsection are no longer satisfied, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17. If a credit allowed under this subsection expires, a taxpayer is not eligible for a credit under subsection (b) of this section with respect to the same property. Notwithstanding the provisions of

(2) For leased or rented property that is a motor vehicle or an aircraft but is not transportation equipment, all payments are sourced to the primary location of the leased or rented property for the period covered by the payment.

(3) For leased or rented property that is transportation equipment, all payments are sourced in accordance with the principles set out in subsection (a) of this section.

(4) For a railway car that is leased or rented by a utility company and would be transportation equipment if it were used in interstate commerce, all payments are sourced in accordance with the principles set out in subsection (a) of this section."

SECTION 24.13.(b)  G.S. 105-164.14 is amended by adding a new subsection to read:

(a2) Utility Companies. – A utility company is allowed a refund, in accordance with this section, of part of the sales and use taxes paid by it on the purchase in this State of railway cars and locomotives and accessories for a railway car or locomotive the utility company operates. The Secretary shall prescribe the periods of time, whether monthly, quarterly, semiannually, or otherwise, with respect to which refunds may be claimed and shall prescribe the time within which, following these periods, an application for refund may be made.

An applicant for refund shall furnish the following information and any proof of the information required by the Secretary:

(1) A list identifying the railway cars, locomotives, and accessories purchased by the applicant inside or outside this State during the refund period.

(2) The purchase price of the items listed in subdivision (1) of this subsection.

(3) The sales and use taxes paid in this State on the listed items.

(4) The number of miles the applicant's railway cars and locomotives were operated both inside and outside this State during the refund period.

(5) Any other information required by the Secretary.

For each applicant, the Secretary shall compute the amount to be refunded as follows. First, the Secretary shall determine the ratio of the number of miles the applicant operated its railway cars and locomotives in this State during the refund period to the number of miles it operated them both inside and outside this State during the refund period. Second, the Secretary shall determine the applicant's proportional liability for the refund period by multiplying this mileage ratio by the purchase price of the items identified in subdivision (1) of this subsection and then multiplying the
resulting product by the tax rate that would have applied to the items if they had all been purchased in this State. Third, the Secretary shall refund to each applicant the excess of the amount of sales and use taxes the applicant paid in this State during the refund period on these items over the applicant's proportional liability for the refund period."

**SECTION 24.13.(c)** This section becomes effective July 1, 2006. Subsection (a) of this section applies to lease or rental payments made on or after that date. Subsection (b) of this section applies to purchases made on or after that date.

**WAGE STANDARD – CERTAIN MANUFACTURERS**

**SECTION 24.14.(a)** G.S. 105-129.4(b) reads as rewritten:

"(b) Wage Standard. – A taxpayer is eligible for the credit for creating jobs in an enterprise tier three, four, or five area if, for the calendar year the jobs are created, the average wage of the jobs for which the credit is claimed meets the wage standard and the average wage of all jobs at the location with respect to which the credit is claimed meets the wage standard. No credit is allowed for jobs not included in the wage calculation. A taxpayer is eligible for the credit for investing in machinery and equipment, the credit for research and development, or the credit for investing in real property for a central office or aircraft facility in a tier three, four, or five area if, for the calendar year the taxpayer engages in the activity that qualifies for the credit, the average wage of all jobs at the location with respect to which the credit is claimed meets the wage standard. In making the wage calculation, the taxpayer must include any positions that were filled for at least 1,600 hours during the calendar year the taxpayer engages in the activity that qualifies for the credit even if those positions are not filled at the time the taxpayer claims the credit. For a taxpayer with a taxable year other than a calendar year, the taxpayer must use the wage standard for the calendar year in which the taxable year begins. No wage standard applies to credits for activities in an enterprise tier one or two area. For the purposes of this subsection, for a fiber, yarn, or thread mill that uses a sequential manufacturing process in which separate parts of the sequential manufacturing process are performed in different facilities within the same county, the term 'location' may mean either the specific establishment or all facilities in the county in which parts of the process are performed.

Part-time jobs for which the taxpayer provides health insurance as provided in subsection (b2) of this section are considered to have an average weekly wage at least equal to the applicable percentage times the applicable average weekly wage for the county in which the jobs will be located. There may be a period of up to 100 days between the time at which an employee begins a part-time job and the time at which the taxpayer begins to provide health insurance for that employee.

Jobs meet the wage standard if they pay an average weekly wage that is at least equal to one hundred ten percent (110%) of the applicable average weekly wage for the county in which the jobs will be located, as computed by the Secretary of Commerce from data compiled by the Employment Security Commission for the most recent period for which data are available. The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the
average per capita income in the State divided by the annualized average wage for all
insured private employers in the State. The Department of Commerce must annually
publish the wage standard for each county."

SECTION 24.14.(b) This section is effective for taxable years beginning on
or after January 1, 1996.

REAL PROPERTY TAX DONATION CREDIT

SECTION 24.15.(a) Section 3 of S.L. 2001-335, as amended by Section 1 of
S.L. 2004-134, reads as rewritten:
"SECTION 3. This act becomes effective for taxable years beginning on or after
January 1, 2002. Section 2 of this act expires for taxable years beginning on or after
January 1, 2006-2007."

SECTION 24.15.(b) This section is effective when it becomes law.

AGRARIAN GROWTH ZONES – BILL LEE

SECTION 24.16.(a) Article 3A of Chapter 105 of the General Statutes is
amended by adding a new section to read:
"§ 105-129.3B. Agrarian growth zone designation.
(a) Agrarian Growth Zone Defined. – An agrarian growth zone is an area
comprised of one or more contiguous census tracts, census block groups, or both, in the
most recent federal decennial census that meets all conditions in this subsection. A
county may have no more than one agrarian growth zone.
(1) All land within the zone is located in whole within a county that has no
municipality with a population in excess of 10,000.
(2) Every census tract and census block group that composes part of the
zone has more than twenty percent (20%) of its population below the
poverty level according to the most recent federal decennial census.
(3) The area of the zone less the smallest census tract included in the zone
does not exceed five percent (5%) of the total area of the county in
which the zone is located.
(b) Designation. – Upon request of a local government, the Secretary of
Commerce shall make a written determination whether an area is an agrarian growth
zone that meets the conditions of subsection (a) of this section. A determination under
this section is effective until December 31 of the year following the year in which the
determination is made. The Department of Commerce shall publish annually a list of all
agrarian growth zones with a description of their boundaries.
(c) Parcel of Property Partially in Agrarian Growth Zone. – For the purposes
of this section, a parcel of property that is located partially within an agrarian growth zone
is considered entirely within the zone if all of the following conditions are satisfied:
(1) At least fifty percent (50%) of the parcel is located within the zone.
(2) The parcel was in existence and under common ownership prior to the
most recent federal decennial census.
(3) The parcel is a portion of land made up of one or more tracts or tax
parcels of land that is surrounded by a continuous perimeter boundary.
(d) Relationship With Enterprise Tiers. – For the purpose of the wage standard
requirement of G.S. 105-129.4, the credit for investing in machinery and equipment
allowed in G.S. 105-129.9, and the credit for worker training allowed in
G.S. 105-129.11, an agrarian growth zone is considered an enterprise tier one area. For
all other purposes, an agrarian growth zone has the same enterprise tier designation as the county in which it is located."

SECTION 24.16.(b) G.S. 105-129.2 reads as rewritten:
"§ 105-129.2. Definitions.
The following definitions apply in this Article:
(1) Agrarian growth zone. – An area designated as an agrarian growth zone pursuant to G.S. 105-129.3B.
(1a) Air courier services. – The furnishing of air delivery of individually addressed letters and packages for compensation, except by the United States Postal Service.

SECTION 24.16.(c) G.S. 105-129.6(a1) reads as rewritten:
"(a1) Fee. – When filing a return for a taxable year in which the taxpayer engaged in activity for which the taxpayer is eligible for a credit under this Article, the taxpayer must pay the Department of Revenue a fee of five hundred dollars ($500.00) for each credit the taxpayer claims or intends to claim with respect to a location that is in an enterprise tier three, four, or five area, subject to a maximum fee of one thousand five hundred dollars ($1,500) per taxpayer per taxable year. This fee does not apply to any credit the taxpayer claims or intends to claim with respect to a location that is in a development zone as defined in G.S. 105-129.3A or agrarian growth zone. If the taxpayer claims or intends to claim a credit that relates to locations in more than one enterprise tier area, the fee is based on the highest-numbered enterprise tier area.
The fee is due at the time the return is due for the taxable year in which the taxpayer engaged in the activity for which the taxpayer is eligible for a credit. No credit is allowed under this Article for a taxable year until all outstanding fees have been paid.
The Secretary of Revenue shall retain three-fourths of the proceeds of the fee imposed in this section for the costs of administering and auditing the credits allowed in this Article. The Secretary of Revenue shall credit the remaining proceeds of the fee imposed in this section to the Department of Commerce for the costs of administering this Article. The proceeds of the fee are receipts of the Department to which they are credited."

SECTION 24.16.(d) G.S. 105-129.7(b)(1) reads as rewritten:
"(1) The physical location of the jobs and investment with respect to which the credit is claimed, including the enterprise tier designation of the location and whether it is in a development zone or agrarian growth zone. In addition, for each individual who fills a job at a location with respect to which a credit is claimed, the place where the individual resided before taking the job, including any enterprise tier designation of that place. In addition, for jobs that are located in a development zone, the number of those jobs that are filled by residents of the development zone."

SECTION 24.16.(e) G.S. 105-129.8 reads as rewritten:
"§ 105-129.8. Credit for creating jobs.
(a) Credit. – A taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more full-time employees, and hires an additional full-time employee during the taxable year to fill a new position located in this State is allowed a credit for creating a new full-time job. The amount of the credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is located. In addition, if the position is located in a development
zone or agrarian growth zone, the amount of the credit is increased by four thousand dollars ($4,000) per job.

(a1) Positions. – A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area. The number of new positions a taxpayer fills during the taxable year is determined by subtracting the highest number of full-time employees the taxpayer had in this State at any time during the 12-month period preceding the beginning of the taxable year from the number of full-time employees the taxpayer has in this State at the end of the taxable year.

(a2) Installments. – The credit may not be taken in the taxable year in which the additional employee is hired. Instead, the credit must be taken in equal installments over the four years following the taxable year in which the additional employee was hired and is conditioned on the taxpayer's continued employment in this State of the number of full-time employees the taxpayer had upon hiring the employee that caused the taxpayer to qualify for the credit.

If, in one of the four years in which the installment of a credit accrues, the number of the taxpayer's full-time employees in this State falls below the number of full-time employees the taxpayer had in this State in the year in which the taxpayer qualified for the credit, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

(a3) Transferred Jobs. – Jobs transferred from one area in the State to another area in the State are not considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the position filled by the employee is moved to an area in a higher- or lower-numbered enterprise tier, or is moved from a development zone or agrarian growth zone to an area that is not a development zone or agrarian growth zone, the remaining installments of the credit must be calculated as if the position had been created initially in the area to which it was moved.

(b) Repealed by Session Laws 1989, c. 111, s. 1.
(b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.
(d) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce to create at least twenty new full-time jobs in a specific area within two years of the date the letter is signed qualifies for the credit in the amount allowed by this section based on the area's enterprise tier and development zone or agrarian growth zone designation for that year even though the employees are not hired that year. In the case of an interstate air courier that has or is constructing a hub in this State and in the case of an eligible major industry, the applicable time period is seven years. The credit shall be available in the taxable year after at least twenty employees have been hired if the hirings are within the applicable commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the area is redesignated to a higher-numbered enterprise tier or loses its development zone or agrarian growth zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and
development zone or agrarian growth zone designation for the year the letter was signed. If the taxpayer does not hire the employees within the applicable period, the taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, the taxpayer may take the credit under that subsection.

(e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

SECTION 24.16.(f) G.S. 105-129.9 reads as rewritten:

"§ 105-129.9. Credit for investing in machinery and equipment.

(d) Expiration. – As used in this subsection, the term "disposed of" means disposed of, taken out of service, or moved out of State.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are disposed of, the credit expires and the taxpayer may not take any remaining installment of the credit for that machinery and equipment unless the cost of that machinery and equipment is offset in the same taxable year by the taxpayer's new investment in eligible machinery and equipment placed in service in the same enterprise tier, as provided in this subsection. If, during the taxable year the taxpayer disposed of the machinery and equipment for which installments remain, there has been a net reduction in the cost of all the taxpayer's eligible machinery and equipment that are in service in the same enterprise tier as the machinery and equipment that were disposed of, and the amount of this reduction is greater than twenty percent (20%) of the cost of the machinery and equipment that were disposed of, then the taxpayer forfeits the remaining installments of the credit for the machinery and equipment that were disposed of. If the amount of the net reduction is equal to twenty percent (20%) or less of the cost of the machinery and equipment that were disposed of, or if there is no net reduction, then the taxpayer does not forfeit the remaining installments of the expired credit. In determining the amount of any net reduction during the taxable year, the cost of machinery and equipment the taxpayer placed in service during the taxable year and for which the taxpayer claims a credit under Article 3B of this Chapter may not be included in the cost of all the taxpayer's eligible machinery and equipment that are in service. If in a single taxable year machinery and equipment with respect to two or more credits in the same tier are disposed of, the net reduction in the cost of all the taxpayer's eligible machinery and equipment that are in service in the same tier is compared to the total cost of all the machinery and equipment for which credits expired in order to determine whether the remaining installments of the credits are forfeited.

The expiration of a credit does not prevent the taxpayer from taking the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, or are moved from a development zone or agrarian growth zone to an area that is not a development zone or agrarian growth zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

(e) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible
machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone or agrarian growth zone designation for the year the letter was signed. In the case of an interstate air courier that has or is constructing a hub in this State and in the case of an eligible major industry, the applicable time period is seven years. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone or agrarian growth zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone or agrarian growth zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the applicable period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the applicable period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection.

SECTION 24.16.(g) This section is effective for taxable years beginning on or after January 1, 2006, and applies to business activities occurring on or after that date.

INTERNET DATA CENTER FACILITIES – TAX EXEMPTION

SECTION 24.17.(a) G.S. 105-164.3 is amended by adding two new subdivisions to read:

The following definitions apply in this Article:

(8e) Eligible Internet data center. – A facility that satisfies each of the following conditions:

a. The facility is used primarily or is to be used primarily by a business engaged in Internet service providers and Web search portals industry 51811, as defined by NAICS.

b. The facility is comprised of a structure or series of structures located or to be located on a single parcel of land or on contiguous parcels of land that are commonly owned or owned by affiliation with the operator of that facility.

c. The facility is located or to be located in a county that was designated, at the time of application for the written determination required under sub-subdivision d. of this subdivision, either an enterprise tier one, two, or three area pursuant to G.S. 105-129.3, regardless of any subsequent change in county enterprise tier status.

d. The Secretary of Commerce has made a written determination that at least two hundred fifty million dollars ($250,000,000) in private funds has been or will be invested in real property or eligible business property, or a combination of both, at the facility within five years after the commencement of construction of the facility.

SECTION 24.17.(b) G.S. 105-164.13 is amended by adding a new subdivision to read:

"§ 105-164.13. Retail sales and use tax.
The sale at retail and the use, storage, or consumption in this State of the following tangible personal property and services are specifically exempted from the tax imposed by this Article:

…

(55) Sales of electricity for use at an eligible Internet data center and eligible business property to be located and used at an eligible Internet data center. As used in this subdivision, ‘eligible business property’ is property that is capitalized for tax purposes under the Code and is used either:
 a. For the provision of Internet service or Web search portal services as contemplated by G.S. 105-164.3(8e)a., including equipment cooling systems for managing the performance of the property.
 b. For the generation, transformation, transmission, distribution, or management of electricity, including exterior substations and other business personal property used for these purposes.
 c. To provide related computer engineering or computer science research.

If the level of investment required by G.S. 105-164.3(8e)d. is not timely made, then the exemption provided under this subdivision is forfeited. If the level of investment required by G.S. 105-164.3(8e)d. is timely made and any specific eligible business property is not located and used at an eligible Internet data center, then the exemption provided for the eligible business property under this subdivision is forfeited. If the level of investment required by G.S. 105-164.3(8e)d. is timely made but any portion of the electricity is not used at an eligible Internet data center, then the exemption provided for the electricity under this subdivision is forfeited. A taxpayer that forfeits an exemption under this subdivision is liable for all past taxes avoided as a result of the forfeited exemption, computed from the date the taxes would have been due if the exemption had not been allowed, plus interest at the rate established under G.S. 105-241.1(i). If the forfeiture is triggered due to the lack of a timely investment required by G.S. 105-164.3(8e)d., then interest is computed from the date the taxes would have been due if the exemption had not been allowed. For all other forfeitures, interest is computed from the time as of which the eligible business property or electricity was put to a disqualifying use. The past taxes and interest are due 30 days after the date the exemption is forfeited. A taxpayer that fails to pay the past taxes and interest by the due date is subject to the provisions of G.S. 105-236.”

SECTION 24.17.(c) This section becomes effective October 1, 2006, and applies to sales made on or after that date.

(1) Level One – Needs Assistance: When the State Board determines (i) a local school educational agency has been in noncompliance for two years and (ii) that agency needs assistance in implementing the requirements of this Article and IDEA, the State Board shall take one or more of the following actions:
   a. The Board may direct the local educational agency to allocate additional time and resources for technical assistance and guidance related to areas of noncompliance.
   b. The Board may impose special conditions on that agency's application for IDEA funds and receipt of State funds.
   c. The Board may direct how that local educational agency utilizes IDEA and State funds to address the remaining findings of noncompliance. The local educational agency must track the use of these funds to show how the funds are targeted to address areas of noncompliance.

(2) Level Two – Needs Intervention: If the State Board determines (i) that the local educational agency has been in noncompliance for three years and (ii) that agency needs assistance in implementing this Article and IDEA, the following apply:
   a. The Board may take any of the actions described in subdivision (1) of this subsection.
   b. The Board shall withhold, in whole or in part, any further payments of IDEA and State funds to the agency.
   c. The Board shall require the agency to enter into a compliance agreement.

(3) Level Three – Needs Substantial Intervention: In addition to the sanctions described in subdivisions (1) and (2) of this subsection, if at any time the State Board determines a local educational agency (i) needs substantial intervention in implementing the requirements of this Article and IDEA, or (ii) has established a substantial failure to comply with this Article and IDEA, the Board shall take one or more of the following actions:
   a. The Board shall direct the agency to implement a compliance agreement, billed to that agency.
   b. The Board shall recover IDEA and State funds.
   c. The Board shall refer the agency for appropriate enforcement under State or federal law.

(e) In addition to the consequences required under subsections (b) and (d) of this section, the State Board shall develop sanctions for local educational agencies that fail to implement a corrective action or hearing decision.

§ 115C-107.5. Annual reports.

The State Board shall report annually to the Joint Legislative Education Oversight Committee on the implementation of this Article and the educational performance of children with disabilities. Each annual report shall include a copy of the following documents that were submitted, received, or made public during the year: (i) the most recent State performance plan and any amendments to that plan submitted to the Secretary of Education, (ii) compliance and monitoring reports submitted to the
Secretary of Education, (iii) the annual report submitted to the Secretary of Education on the performance of the State under its performance plan, and (iv) any other information required under IDEA to be made available to the public. In addition, the annual report shall include an analysis of the educational performance of children with disabilities in the State and a summary of disputes under Part 1D of this Chapter. The report shall be filed no later than October 15 each year and may be filed electronically.

§ 115C-107.6. Duties of local educational agencies.  
(a) Each local educational agency, in providing for the education of children with disabilities within its jurisdiction, must comply with IDEA and the rules adopted by the State Board under this Article. In addition, each local educational agency shall have in effect policies, procedures, and programs that are consistent with this Article, IDEA, and rules adopted by the State Board.  
(b) No child with disabilities shall be prevented from attending the public schools of the local educational agency in which the child's parents or legal guardian resides or from which the child receives services or from attending any other public program of free appropriate public education based solely on the fact that the child has a disability. If it appears the child should receive a program of free appropriate public education in a program operated by or under the supervision of the Department of Health and Human Services or the Department of Juvenile Justice and Delinquency Prevention, the local school administrative unit shall confer with the appropriate Department of Health and Human Services or Department of Juvenile Justice and Delinquency Prevention staff for their participation and determination of the appropriateness of placement in that program and development of the child's individualized education program.  
(c) No matriculation or tuition fees or other fees or charges shall be required or asked of children with disabilities or their parents except those fees or charges that are required uniformly of all public school pupils. The provision of a free appropriate public education within the facilities of the Department of Health and Human Services and the Department of Juvenile Justice and Delinquency Prevention may not prevent that Department from charging for other services or treatment.  
(d) Each child with a disability shall be educated in accordance with that child's IEP and in the least restrictive environment for that child.  
(e) Each local educational agency may use the forms developed under G.S. 115C-107.2(d).

§ 115C-107.7. Discipline.  
The policies and procedures for the discipline of students with disabilities shall be consistent with federal laws and regulations.

"Part 1C. Interagency Coordination."

§ 115C-108.1. State Board lead agency.  
(a) The Board shall cause all local educational agencies to provide special education and related services to children with disabilities in their care, custody, management, jurisdiction, control, or programs.  
(b) The jurisdiction of the Board with respect to the design and content of special education programs or related services for children with disabilities extends to and over the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction.  
(c) All provisions of this Article that are specifically applicable to local school administrative units also are applicable to the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction, and their divisions and agencies; all duties, responsibilities,
rights, and privileges specifically imposed on or granted to local school administrative units by this Article also are imposed on or granted to the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction, and their divisions and agencies. However, with respect to children with disabilities who are residents or patients of any State-operated or State-supported residential treatment facility, including a school for the deaf, school for the blind, mental hospital or center, mental retardation center, or in a facility operated by the Department of Juvenile Justice and Delinquency Prevention, the Department of Correction, or any of their divisions and agencies, the Board may contract with the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction for the provision of special education and related services and the power to review, revise, and approve any plans for special education and related services to those residents.

(d) The Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention shall submit to the Board their plans for the education of children with disabilities in their care, custody, or control. The Board may grant specific exemptions for programs administered by the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, or the Department of Correction when compliance by them with the Board's standards would, in the Board's judgment, impose undue hardship on that department and when other procedural due process requirements, substantially equivalent to those required under this Article and IDEA, are assured in programs of special education and related services furnished to children with disabilities served by that department. Further, the Board shall recognize that inpatient and residential special education programs within the Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention may require more program resources than those necessary for optimal operation of these programs in local school administrative units.

(e) The Board shall support and encourage joint and collaborative special education planning and programming at local levels to include local school administrative units and the programs and agencies of the Departments of Health and Human Services, Correction, and Juvenile Justice and Delinquency Prevention.

§ 115C-108.2. Interlocal cooperation.

The Board, any two or more local educational agencies, and any other agency and any State department, agency, or division having responsibility for the education, treatment, or habilitation of children with disabilities may enter into interlocal cooperative undertakings under Part 1 of Article 20 of Chapter 160A of the General Statutes or into undertakings with a State agency such as the Departments of Public Instruction, Health and Human Services, Juvenile Justice and Delinquency Prevention, or Correction, or their divisions, agencies, or units, for the purpose of providing for the special education and related services, treatment, or habilitation of these children within the jurisdiction of the agency or unit, and shall do so when it is unable to provide the appropriate public special education or related services for these children. In entering into such undertakings, the local agency and State department, agency, or division shall also contract to provide the special education or related services that are educationally appropriate to the children with disabilities for whose benefit the undertaking is made and provide these services by or in the local agency unit or State department, agency, or division located in the place most convenient to these children.

The State Board of Education shall make available to parents a handbook of procedural safeguards. This handbook for parents shall be made available at least once each school year, except that a copy also shall be given to the parent (i) upon the initial referral or parental request for an evaluation; (ii) upon the first occurrence of the filing of a petition under G.S. 115C-109.6 and IDEA; (iii) upon the parent's request; and (iv) upon any revision to the content of the handbook. This handbook for parents shall include a full explanation of the procedural safeguards under this Article and IDEA, be written in the native language of the parent unless it clearly is not feasible to do so, be written in an easily understood manner, and include information required under IDEA to be included.

The State Board shall place a current copy of the handbook for parents on its Internet Web site.

§ 115C-109.2. Adult children with disabilities; surrogate parents.

(a) When a child with a disability reaches the age of 18, all of the following apply:

(1) Notices required under this Article shall be provided to both the child and the child's parent.

(2) All other rights accorded to parents under this Article and IDEA transfer to the child.

(3) The local educational agency shall notify the child and the child's parent of these transfer rights.

(b) Notwithstanding subsection (a) of this section, for a child with a disability who has reached the age of majority under State law and who has not been determined to be incompetent but is determined to not have the ability to provide informed consent with respect to his or her education program, the State Board shall establish procedures for appointing the parent of the child, or if the parent is not available, another appropriate individual, to represent the educational interests of the child throughout the period of eligibility under this section.

(c) A reasonable effort must be made to appoint a surrogate for a child with a disability within 30 days of a determination that one of the following conditions exists and that the child needs a surrogate:

(1) The parents of that child are not known;

(2) The parents, after reasonable efforts, cannot be located; or

(3) The child is a ward of the State.

(d) A person must be eligible under IDEA to be appointed as a child's surrogate.

§ 115C-109.3. Access to records; opportunity for parents to participate in meetings.

(a) Each local educational agency shall provide an opportunity for the parents of a child with a disability to examine all records relating to that child and to participate in meetings with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to that child.

(b) Local educational agencies may release the records of a child with a disability only as permitted under State or federal law. The parents of a child with a disability may have access to the child's records and may read, inspect, and copy all and any records, data, and information maintained by a local educational agency with respect to that child. Parents, upon their request, are entitled to have those records, data, and information fully explained, interpreted, and analyzed for them by the staff of the
agency, unless specifically prohibited by court order. If a request is made under this subsection, the local educational agency shall honor the request within not more than 45 days after it is made or in time for the individual who made the request to prepare for a meeting under subsection (a) of this section, whichever is sooner.

(c) The student and the student's parents may add written explanations or clarifications to the records, data, and information and may request the expunction of incorrect, outdated, misleading, or irrelevant entries. If a local educational agency refuses to expunge incorrect, outdated, misleading, or irrelevant entries after having been asked to do so by the parent, the parent may appeal that decision under G.S. 115C-45(c)(2).

§ 115C-109.4. Mediation.

(a) It is the policy of this State to encourage local educational agencies and parents to seek mediation involving any dispute under this Article, including matters arising before or after filing a petition under G.S. 115C-109.6.

(b) Mediation under this section must meet the following requirements:

(1) The mediation must be voluntary on the part of both parties.

(2) Mediation shall not be used to deny or delay a parent's right to an impartial hearing under G.S. 115C-109.6, or to deny any other rights afforded under this Article or IDEA.

(3) The mediation shall be conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

(c) The State Board may establish procedures to offer to parties that do not choose to use the mediation process an opportunity to meet with a disinterested party, as provided under IDEA, who can encourage the use and explain the benefits of the mediation process to the parties. This meeting must be at a time and location convenient to the parents.

(d) The State Board shall maintain a list of qualified mediators who are knowledgeable in laws and regulations relating to the provision of special education and related services. When mediation is requested, the Exceptional Children Division of the Department of Public Instruction shall assign a mediator from this list of mediators.

(e) The State shall bear the cost of the mediation process, including the costs of meetings described under subsection (c) of this section, unless the parties opt to select a mediator other than the mediator assigned under subsection (d) of this section or if the parties opt to use an alternative method of dispute resolution.

(f) Each session in the mediation process shall be scheduled in a timely manner and shall be held in a location that is convenient to the parties to the dispute.

(g) Evidence of statements made and conduct occurring in a mediation are confidential, are not subject to discovery, and are inadmissible in any proceeding in the action or other actions on the same claim. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. Mediators shall not be compelled in any civil proceeding to testify or produce evidence concerning statements made and conduct occurring in a mediation.

(h) When resolution is reached to resolve the dispute through the mediation process, the parties shall execute a legally binding agreement that:

(1) Sets forth the agreement.

(2) States that all discussions that occurred during the mediation process are confidential and may not be used as evidence in any subsequent impartial hearing under G.S. 115C-109.6 or in any civil proceeding.
§ 115C-109.5. Prior written notice.

(a) The local educational agency shall provide prompt written notice to parents whenever that agency proposes to initiate or change, or refuses to initiate or change (i) the identification, evaluation, or educational placement of a child, or (ii) the provision of a free appropriate public education to a child with a disability. The local educational agency shall document that all required notices have been sent to and received by parents.

(b) This prior written notice shall be in the native language of the parents, unless it clearly is not feasible to translate it, and shall contain all of the following information:

(1) A description of the action proposed or refused by the local educational agency.

(2) An explanation of why the local educational agency proposes or refuses to take the action and a description of each evaluation procedure, assessment, record, or report that agency used as a basis for the proposed or refused action.

(3) A statement that the parent of a child with a disability has protection under the procedural safeguards of this Article and IDEA and, if this notice is not the initial referral for evaluation, the means by which a copy of the procedural safeguards can be obtained.

(4) Sources for parents to contact to obtain assistance in understanding this Article and IDEA.

(5) A description of other options considered by the IEP Team and the reason why those options were rejected.

(6) A description of the factors that are relevant to the local educational agency's proposal or refusal.

(7) Any other information required to be included under IDEA.

§ 115C-109.6. Impartial due process hearings.

(a) Any party may file with the Office of Administrative Hearings a petition to request an impartial hearing with respect to any matter relating to the identification, evaluation, or educational placement of a child, or the provision of a free appropriate public education of a child, or a manifestation determination. The party filing the petition must notify the other party and the person designated under G.S. 115C-107.2(b)(9) by simultaneously serving them with a copy of the petition.

(b) Notwithstanding any other law, the party shall file a petition under subsection (a) of this section that includes the information required under IDEA and that sets forth an alleged violation that occurred not more than one year before the party knew or reasonably should have known about the alleged action that forms the basis of the petition. The issues for review under this section are limited to those set forth in
subsection (a) of this section. The party requesting the hearing may not raise issues that were not raised in the petition unless the other party agrees otherwise.

(c) The one-year restriction in subsection (b) of this section shall not apply to a parent if the parent was prevented from requesting the hearing due to (i) specific misrepresentations by the local educational agency that it had resolved the problem forming the basis of the petition, or (ii) the local educational agency's withholding of information from the parent that was required under State or federal law to be provided to the parent.

(d) The hearing shall be conducted in the county where the child attends school or is entitled to enroll under G.S. 115C-366, unless the parties mutually agree to a different venue.

(e) The hearing shall be closed to the public unless the parent requests in writing that the hearing be open to the public.

(f) Subject to G.S. 115C-109.7, the decision of the administrative law judge shall be made on substantive grounds based on a determination of whether the child received a free appropriate public education. Following the hearing, the administrative law judge shall issue a written decision regarding the issues set forth in subsection (a) of this section. The decision shall contain findings of fact and conclusions of law. Notwithstanding Chapter 150B of the General Statutes, the decision of the administrative law judge becomes final and is not subject to further review unless appealed to the Review Officer under G.S. 115C-109.9.

(g) A copy of the administrative law judge's decision shall be served upon each party and a copy shall be furnished to the attorneys of record. The written notice shall contain a statement informing the parties of the availability of appeal and the 30-day limitation period for appeal as set forth in G.S. 115C-109.9.

(h) In addition to the petition, the parties shall simultaneously serve a copy of all pleadings, agreements, and motions under this Part with the person designated by the State Board under G.S. 115C-107.2(b)(9). The Office of Administrative Hearings shall simultaneously serve a copy of all orders and decisions under this Part with the person designated by the State Board under G.S. 115C-107.2(b)(9).

(i) Nothing in this section shall be construed to preclude a parent from filing a separate due process petition on an issue separate from a petition already filed.

(j) The State Board, through the Exceptional Children Division, and the State Office of Administrative Hearings shall develop and enter into a binding memorandum of understanding to ensure compliance with the statutory and regulatory procedures and timelines applicable under IDEA to due process hearings and to hearing officers' decisions, and to ensure the parties' due process rights to a fair and impartial hearing. This memorandum of understanding shall be amended if subsequent changes to IDEA are made. The procedures and timelines shall be made part of the Board's procedural safeguards that are made available to parents and the public under G.S. 115C-109.1 and G.S. 115C-109.5.

§ 115C-109.7. Resolution session.

(a) Within 15 days of receiving notice of the parent's petition filed under G.S. 115C-109.6 and before the opportunity for an impartial hearing, the local educational agency shall convene a meeting with the parent and the relevant members of the IEP Team who have specific knowledge of the facts identified in the petition. This meeting shall include a representative of the agency who has decision-making authority on behalf of that agency and may not include an attorney of the local educational agency unless the parent is accompanied by an attorney. If the parent plans
to be accompanied by an attorney under this section, the parent must give prior written notice of this fact to the agency. The purposes of the meeting are (i) for the parent to have an opportunity to discuss the petition and the facts that form the basis of the petition and (ii) for the local educational agency to have the opportunity to resolve the dispute.

(b) The parent and the local educational agency jointly may agree in writing to waive the meeting under subsection (a) of this section or to use the mediation process described in G.S. 115C-109.4.

(c) If the local educational agency does not resolve the dispute to the satisfaction of the parents within 30 days of the agency's receipt of the petition, the impartial hearing under G.S. 115C-109.6 may occur and all of the applicable timelines for that hearing shall commence.

(d) If a resolution is reached to resolve the dispute at a meeting under subsection (a) of this section, the parties shall execute a legally binding agreement that is:

1. Signed by both the parent and a representative of the local educational agency who has the authority to bind the agency;
2. Enforceable in any State administrative forum provided for in IDEA, any State court of competent jurisdiction, or in a district court of the United States; and
3. Filed with the person designated by the State Board to receive notices and with the Office of Administrative Hearings.

(e) If the parties execute an agreement under subsection (d) of this section, either party may void the agreement by providing written notice within three business days of the agreement's execution to the person designated by the State Board to receive notices, the Office of Administrative Hearings, and the other party. Notwithstanding subsection (c) of this section, upon receipt of this notice, the impartial hearing under G.S. 115C-109.6 may occur and all of the applicable timelines for that hearing shall commence.

(a) In matters alleging a procedural violation, the hearing officer may find that a child did not receive a free appropriate public education only if the procedural inadequacies (i) impeded the child's right to a free appropriate public education; (ii) significantly impeded the parents' opportunity to participate in the decision-making process regarding the provision of a free appropriate public education to the parents' child; or (iii) caused a deprivation of educational benefits.

(b) A hearing officer may order a local educational agency to comply with procedural requirements under this Article and IDEA.

§ 115C-109.9. Review by review officer; appeals.

(a) Any party aggrieved by the findings and decision of a hearing officer under G.S. 115C-109.6 or G.S. 115C-109.8 may appeal the findings and decision within 30 days after receipt of notice of the decision by filing a written notice of appeal with the person designated by the State Board under G.S. 107.2(b)(9) to receive notices. The State Board, through the Exceptional Children Division, shall appoint a Review Officer from a pool of review officers approved by the State Board of Education. The Review Officer shall conduct an impartial review of the findings and decision appealed under this section. The Review Officer conducting this review shall make an independent decision upon completion of the review. The decision of the Review Officer becomes final unless an aggrieved party brings a civil action under subsection (d) of this section. A copy of the decision shall be served upon each party, and a copy shall be furnished to
the attorneys of record and the Office of Administrative Hearings. The written notice shall contain a statement informing the parties of the right to file a civil action and the 30-day limitation period for filing a civil action under subsection (d) of this section.

(b) A Review Officer shall be an educator or other professional who is knowledgeable about special education and who possesses other qualifications as may be established by the State Board of Education. No person may be appointed as a Review Officer if that person is an employee of the State Board of Education, the Department of Public Instruction, or the local educational agency that has been involved in the education or care of the child whose parents have filed the petition.

c) The State Board may enforce the final decision of the administrative law judge under G.S. 115C-109.6, if not appealed under this section, or the final decision of the Review Officer, by ordering a local educational agency:

(1) To provide a child with appropriate education;
(2) To place a child in a private school that is approved to provide special education and that can provide the child an appropriate education; or
(3) To reimburse parents for reasonable private school placement costs in accordance with this Article and IDEA when it is determined that the local educational agency did not offer or provide the child with appropriate education and the private school in which the parent placed the child was an approved school and did provide the child an appropriate education.

d) Any party that does not have the right to appeal under this Part and any party who is aggrieved by the decision of the Review Officer under this section may institute a civil action in State court within 30 days after receipt of the notice of the decision or in federal court as provided in 20 U.S.C. § 1415.

e) Except as provided under IDEA, upon the filing of a petition under G.S. 115C-109.6 and during the pendency of any proceedings under this Part, the child must remain in the child's then-current educational placement or, if applying for initial admission to a public school, the child must be placed in the public school. Notwithstanding this subsection, the parties may agree in writing to a different educational placement for the child during the pendency of any proceedings under this Part.

"Part 1E. Special Education and Related Services Personnel.

"§ 115C-110.1. Teacher qualifications.

The Board shall adopt rules covering the qualifications of and standards for licensure of teachers, teacher assistants, speech-language pathologists, school psychologists, and others involved in the education and training of children with disabilities.

"§ 115C-110.2. Interpreters/transliterators.

Each interpreter or transliterator employed by a local educational agency to provide services to hearing-impaired students must annually complete 15 hours of job-related training that has been approved by the local educational agency.

"§ 115C-110.3 through 110.5. [Reserved]

"Part 1F. Budgeting; Funds.

"§ 115C-111.1. Out-of-state students; eligibility for State funds.

Notwithstanding any policy or rule adopted by the State Board of Education, if a local school administrative unit provides services to a student under a current IEP from another state while a determination is being made regarding the student's eligibility for services as a child with disabilities in North Carolina, the local school administrative unit is entitled to receive State funding to serve the student while the determination is
being made. If the student is later determined not to qualify for services in North Carolina, the local school administrative unit is not required to repay State funds received while the determination is being made.

"§ 115C-111.2. Contracts with private service providers.
Local educational agencies furnishing special education and related services to children with disabilities may contract with private special education facilities or service providers to furnish any of these services that the public providers are unable to furnish.

"§ 115C-111.3. Cost of education of children in group homes, foster homes, etc.
(a) Notwithstanding any other State law and without regard for the place of domicile of a parent, the cost of a free appropriate public education for a child with disabilities who is placed in or assigned to a group home or foster home, under State and federal law, shall be borne by the local board of education in which the group home or foster home is located. However, the local school administrative unit in which a child is domiciled shall transfer to the local school administrative unit in which the institution is located an amount equal to the actual local cost in excess of State and federal funding required to educate that child in the local school administrative unit for the fiscal year after all State and federal funding has been exhausted.

(b) The State Board of Education shall use State and federal funds appropriated for children with disabilities to establish a reserve fund to reimburse local boards of education for the education costs of children assigned to group homes or other facilities as provided in subsection (a) of this section. Local school administrative units may submit a Special State Reserve Program application for foster home or group home children whose special education and related services costs exceed the per child group home allocation.

(c) The Department shall review the current cost of children with disabilities served in the local school administrative units with group homes or foster homes to determine the actual cost of services.

"§ 115C-111.4. Nonreduction.
Notwithstanding any of the other provisions of this Article, it is the intent of the General Assembly that funds appropriated by it for the operation of programs of special education and related services by local school administrative units not be reduced; rather, that adequate funding be made available to meet the special educational and related services needs of children with disabilities, without regard to which local educational agency has the child in its care, custody, control, or program.

"§ 115C-111.5. Allocation of federal funds.
Whenever any federal monies for the special education and related services for children with disabilities are made available, these funds shall be allocated according to a formula designed by the Board consistent with federal laws and regulations. This formula shall ensure equitable distribution of resources and shall be implemented as funds are made available from federal and State appropriations.

"§ 115C-111.6. Obligation to provide services for preschool children with disabilities.
State funds appropriated to the public schools to implement preschool services for children with disabilities under this Article and IDEA shall be used to provide special education and related services to preschool children with disabilities. These State funds shall be used to supplement and not supplant existing federal, State, and local funding for the public schools.

Preschool children with disabilities will continue to be served by all other State funds to which they are otherwise entitled.
"Part 1G. Council on Educational Services for Exceptional Children."

§ 115C-112.1. Establishment; organization; powers and duties.

(a) There is hereby established an Advisory Council to the State Board of Education to be called the Council on Educational Services for Exceptional Children.

(6) Carry out any other responsibility as designated by federal law or the State Board.

SECTION 3.(a) G.S. 115C-81(b) reads as rewritten:

(a) In addition to the authority of the Department of Agriculture and Consumer Services pursuant to G.S. 106-125, the Secretary of Environment and Natural Resources and/or a local health director has authority to exercise embargo authority concerning food or drink pursuant to G.S. 106-125(a), (b) and (c) when delegated the authority by the Commissioner of Agriculture, the food or drink is in an establishment that is subject to regulation by the Department of Environment and Natural Resources pursuant to this Chapter or that is the subject of an investigation pursuant to G.S. 130A-144; however, no such action shall be taken in any establishment or part of an establishment that is under inspection or otherwise regulated by the Department of Agriculture and Consumer Services or the United States Department of Agriculture other than the part of the establishment that is subject to regulation by the Department of Environment and Natural Resources pursuant to this Chapter. Any action under this section shall only be taken by, or after consultation with, Department of Environment and Natural Resources regional environmental health specialists, or their superiors, in programs regulating food and drink pursuant to this Chapter. Authority under this section shall not be delegated to individual environmental health specialists in local health departments otherwise authorized and carrying out laws and rules pursuant to G.S. 130A-4. When any action is taken pursuant to this section, the Department of Environment and Natural Resources or the local health director shall immediately notify the Department of Agriculture and Consumer Services. For the purposes of this subsection, all duties and procedures in G.S. 106-125 shall be carried out by the Secretary of the Department of Environment and Natural Resources or the local health director and shall not be required to be carried out by the Department of Agriculture and Consumer Services. It shall be unlawful for any person to remove or dispose of the food or drink by sale or otherwise without the permission of a Department of Environment and Natural Resources regional environmental health specialist or a duly authorized agent of the Department of Agriculture and Consumer Services, or by the court in accordance with the provisions of G.S. 106-125.

(b) If the Secretary of Environment and Natural Resources or a local health director has probable cause to believe that any milk designated as Grade "A" milk is misbranded or does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the Secretary of Environment and Natural Resources or a local health director may detain or embargo the milk by affixing a tag to it and warning all persons not to remove or dispose of the milk until permission for removal or disposal is given by the official by whom the milk was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed milk without that permission.

The official by whom the milk was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the milk is detained or embargoed for
an order for condemnation of the article. If the court finds that the milk is misbranded or that it does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, either the milk shall be destroyed under the supervision of the petitioner or the petitioner shall ensure that the milk will not be used for human consumption as Grade "A" milk. All court costs and fees, storage, expenses of carrying out the court's order and other expense shall be taxed against the claimant of the milk. If, the milk, by proper labelling or processing, can be properly branded and will satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the court, after the payment of all costs, fees, and expenses and after the claimant posts an adequate bond, may order that the milk be delivered to the claimant for proper labelling and processing under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court either that the milk is no longer mislabelled or in violation of the milk sanitation rules adopted pursuant to G.S. 130A-275, or that the milk will not be used for human consumption, and that in either case the expenses of supervision have been paid.

(c) If the Secretary of Environment and Natural Resources or a local health director has probable cause to believe that any scallops, shellfish or crustacea is adulterated or misbranded, the Secretary of Environment and Natural Resources or a local health director may detain or embargo the article by affixing a tag to it and warning all persons not to remove or dispose of the article until permission for removal or disposal is given by the official by whom it was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed article without that permission.

The official by whom the scallops, shellfish or crustacea was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the article is detained or embargoed for an order for condemnation of the article. If the court finds that the article is adulterated or misbranded, that article shall be destroyed under the supervision of the petitioner. All court costs and fees, storage and other expense shall be taxed against the claimant of the article. If, the article, by proper labelling can be properly branded, the court, after the payment of all costs, fees, expenses, and an adequate bond, may order that the article be delivered to the claimant for proper labelling under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court that the article is no longer mislabelled and that the expenses of supervision have been paid.

(d) Nothing in this section is intended to limit the embargo authority of the Department of Agriculture and Consumer Services. The Department of Environment and Natural Resources and the Department of Agriculture and Consumer Services are authorized to enter agreements respecting the duties and responsibilities of each agency in the exercise of their embargo authority.

(e) For the purpose of this section, a food or drink is adulterated if the food or drink is deemed adulterated under G.S. 106-129; and food or drink is misbranded if it is deemed misbranded under G.S. 106-130."

(2) If a recall petition shall be certified by the Clerk to be sufficient he shall at once submit it to the Board of Aldermen–Town Council with his certificate to that effect and shall notify the officer whose removal is sought of such action. If the officer whose removal is sought does not resign within five days after such notice the Board of Aldermen–Town Council shall thereupon order and fix a day for holding a recall election. Any such election shall be held not less than 70 nor more than 100 days after the petition has been certified to the Board of Aldermen–Town Council and it may be held at the same time as any other general or special election within such period; but if no other election is to be held within such period the Board of Aldermen–Town Council shall call a special recall election to be held within the time aforesaid.

designated on the ballot, he shall, regardless of any defects in the recall petition, be deemed removed from office.

(6) If an officer in regard to whom a sufficient recall petition is submitted to the Board of Aldermen-Town Council shall resign before the election, or be removed as a result thereof, the vacancy so caused shall be filled in the manner provided by this Charter for filling vacancies in such office, except as provided in subdivision (8) of this section. But an officer removed by the voters as the result of a recall election or resigning after a sufficient petition for his recall has been submitted to the Board of Aldermen-Town Council shall not be reelected to fill the vacancy caused by his own removal or resignation.

(7) No recall petition shall be filed against an officer within three months after he takes office, nor, in case of an officer subjected to a recall election and not removed thereby, until at least six months after that election.

(8) If the recall of a majority of the members of the Board of Commissioners-Town Council shall be effected at a single recall election, the successors of the officers recalled shall be elected by the registered, qualified voters of the Town at a special municipal election, and said successors shall serve for the unexpired part of the terms of the officers recalled. The members of the Board of Aldermen-Town Council who have not been recalled are empowered to call said special election and to make all necessary provisions regarding the same in conformity to the Constitution and general laws of North Carolina. If the recall of all of the members of the Board of Aldermen-Town Council shall be effected at a single recall election, they shall be continued in office for the purpose, and only for the purpose, of calling a special municipal election for the election of their successors as above provided, and of ascertaining and declaring the result thereof.

"Sec. 3.6. Pay for aldermen-council members. The aldermen members of the Town Council shall receive no pay.

Whereas, long-term care trade associations, providers, direct care workers, consumer advocacy organizations, researchers, the Department of Health and Human Services, and The Carolinas Center for Medical Excellence have worked together to develop a voluntary and comprehensive workplace culture change program known as the North Carolina New Organizational Vision Award (NC NOVA) to address known causes of direct care turnover for the purpose of improving the adequacy, stability, satisfaction, and quality of the direct care work; and

Whereas, NC NOVA has been identified as a potential national model for replication to improve direct care workforce retention through a comprehensive and voluntary workplace culture program by the Institute for the Future of Aging Services, the program office for the national Better Jobs Better Care initiative funded by the Robert Wood Johnson Foundation, and The Atlantic Philanthropies; Now, therefore,

(a) Any policy or contract, except a joint, reversionary or survivorship annuity contract, whereby annuities are payable to more than one person, is a group annuity contract. The person, firm or corporation to whom or to which the contract is issued, is the holder of the contract. The term "annuitant" means any person to whom or which payments are made under the group annuity contract. No authorized insurer shall deliver or issue for delivery in this State any group annuity contract except upon a group of annuitants that conforms to the following: under a contract issued to an employer, or to the trustee of a fund established by an employer or two or more employers in the same industry or kind of business, the stipulated payments on which shall be paid by the holder of the contract either wholly from the employer's funds or funds contributed by the employer, or partly from the funds and partly from funds contributed by the employees covered by such contract, and providing a plan of retirement annuities under a plan which permits all of the employees of such employer or of any specified class or classes thereof to become annuitants. Any such group of employees may include retired employees, and may include officers and managers as employees, and may include the employees of subsidiary or affiliated corporations of a corporation employer, and may include the individual proprietors, partners and employees of affiliated individuals and firms controlled by the holders through stock ownership, contract or otherwise.

(b) The insurer of a group annuity contract shall issue to the policyholder or to the annuitant directly, within 30 days of the annuitant's enrollment in the group annuity contract, an individual certificate for each annuitant which:

(1) Identifies the annuity to which the annuitant is entitled.
(2) States the name of the person to whom the annuity is payable.
(3) Discloses all of the rights and obligations of the insurer, the policyholder, the annuitant, and the persons to whom the annuity is payable with respect to the group annuity contract.
G.S. 58-3-150 applies to the form of the individual certificate required by this subsection.

(c) Each group annuity contract shall include a provision that the insurer will issue to the policyholder within 30 days of the effective date of the contract, for delivery to each annuitant, an individual certificate setting forth the information described in subsection (b) of this section.

(d) This section does not apply to annuities used to fund:
(1) An employee pension plan that is covered by the Employee Retirement Income Security Act of 1974 (ERISA);
(2) A plan described in sections 401(a), 401(k), 403(b), or 457 of the Internal Revenue Code, where the plan, as defined in ERISA, is established or maintained by an employer;
(3) A governmental or church plan defined in section 414 of the Internal Revenue Code or a deferred compensation plan of a state or local government or a tax-exempt organization under section 457 of the Internal Revenue Code; or
(4) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

PART III. HOLDING COMPANY ACT AND RELATED AMENDMENTS.

SECTION 3.1. G.S. 58-7-130(b) reads as rewritten:
"(b) No domestic stock insurance company shall declare or pay dividends to its stockholders except from the unassigned surplus of the company as reflected in the company's most recent financial statement filed with the Commissioner under G.S. 58-2-165. A domestic stock insurance company shall not declare or pay dividends or other distributions to its stockholders from any source other than unassigned surplus without the Commissioner's prior written approval. For purposes of this section, "unassigned surplus" means an amount equal to the unassigned funds of a company as reflected in the company's most recent financial statement filed with the Commissioner under G.S. 58-2-165, including all or part of the surplus arising from unrealized capital gains or revaluation of assets."

SECTION 3.2. G.S. 58-19-25(d) reads as rewritten:
"(d) Subject to G.S. 58-7-130(b) and G.S. 58-19-30(c), each domestic insurer shall report to the Commissioner all dividends and other distributions to shareholders within 45 five business days following the declaration thereof and at least 30 days before the payment thereof. The Commissioner may prescribe the form to be used to report that information. Adopt rules to further the requirements of this section."

SECTION 3.3. G.S. 58-19-30(c) reads as rewritten:
"(c) No domestic insurer shall pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until (i) 30 days after the Commissioner has received notice of the declaration thereof and has not within that period disapproved the payment or (ii) the Commissioner has approved the payment within the 30-day period.

For the purposes of this section, an "extraordinary dividend" or "extraordinary distribution" includes any dividend or distribution of cash or other property, whose fair market value together with that of other dividends or distributions made within the preceding 12 months exceeds the lesser of (i) ten percent (10%) of the insurer's surplus as regards policyholders as of the preceding December 31, or (ii) the net gain from operations of the insurer, if the insurer is a life insurer, or the net income, if the insurer is not a life insurer, not including realized capital gains, for the 12-month period
ending the preceding December 31; but does not include pro rata distributions of any class of the insurer's own securities. In determining whether a dividend or distribution is extraordinary, an insurer other than a life insurer may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carryforward shall be computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediate preceding calendar years.

Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the Commissioner's approval, and the declaration shall confer no rights upon shareholders until (i) the Commissioner has approved the payment of the dividend or distribution or (ii) the Commissioner has not disapproved the payment within the 30-day period referred to above.

SECTION 3.4. G.S. 58-19-30(d) reads as rewritten:

"(d) For the purposes of this Article, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, all of the following factors, among others, shall be considered:

1. The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria.
2. The extent to which the insurer's business is diversified among the several kinds of insurance.
3. The number and size of risks insured in each kind of insurance.
4. The extent of the geographic dispersion of the insurer's insured risks.
5. The nature and extent of the insurer's reinsurance program.
6. The quality, diversification, and liquidity of the insurer's investment portfolio.
7. The recent past and projected future trend in the size of the insurer's surplus as regards policyholders.
8. The surplus as regards policyholders maintained by other comparable insurers.
9. The adequacy of the insurer's reserves.
10. The quality and liquidity of investments in affiliates. The Commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his judgment such investment so warrants.
11. The quality of the insurer's earnings and the extent to which the reported earnings of the insurer include extraordinary items."

PART IV. SEVERABILITY.

SECTION 4. If any section or provision of this act is declared unconstitutional, preempted, or otherwise invalid by the courts, it does not affect the validity of the act as a whole or any part other than the part so declared to be unconstitutional, preempted, or otherwise invalid.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-273(17) reads as rewritten:

"§ 105-273. Definitions.
When used in this Subchapter (unless the context requires a different meaning):

(17) "Taxpayer" means any person whose property is subject to ad valorem property taxation by any county or municipality and any person who, under the terms of this Subchapter, has a duty to list property for taxation. For purposes of collecting delinquent ad valorem taxes assessed on real property under G.S. 105-366 through G.S. 105-375, "taxpayer" means the owner of record on the date the taxes become delinquent and any subsequent owner of record of the real property if conveyed after that date."

SECTION 2. G.S. 105-369 reads as rewritten:

"§ 105-369. Advertisement of tax liens on real property for failure to pay taxes.
(a) Report of Unpaid Taxes That Are Liens on Real Property. – In February of each year, the tax collector must report to the governing body the total amount of unpaid taxes for the current fiscal year that are liens on real property. A county tax collector's report is due the first Monday in February, and a municipal tax collector's report is due the second Monday in February. Upon receipt of the report, the governing body must order the tax collector to advertise the tax liens. For purposes of this section, district taxes collected by county tax collectors shall be regarded as county taxes and district taxes collected by municipal tax collectors shall be regarded as municipal taxes.
(b) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1013.
(b1) Notice to Owner. – After the governing body orders the tax collector to advertise the tax liens, the tax collector must send a notice to the listing owner and to the record owner of each affected parcel of property, as determined as of December 31.
of the fiscal year for which the taxes are due the date the taxes became delinquent. The notice must be sent to each the owner's last known address by first-class mail at least 30 days before the date the advertisement is to be published. The notice must state the principal amount of unpaid taxes that are a lien on the parcel to be advertised and inform the owner that the names name of the listing owner and the record owner as of the date the taxes became delinquent will appear in a newspaper advertisement of delinquent taxes if the taxes are not paid before the publication date. Failure to mail the notice required by this section to the correct listing owner or record owner does not affect the validity of the tax lien or of any foreclosure action.

(c) Time and Contents of Advertisement. – A tax collector's failure to comply with this subsection does not affect the validity of the taxes or tax liens. The county tax collector shall advertise county tax liens by posting a notice of the liens at the county courthouse and by publishing each lien at least one time in one or more newspapers having general circulation in the taxing unit. The municipal tax collector shall advertise municipal tax liens by posting a notice of the liens at the city or town hall and by publishing each lien at least one time in one or more newspapers having general circulation in the taxing unit. Advertisements of tax liens shall be made during the period March 1 through June 30. The costs of newspaper advertising shall be paid by the taxing unit. If the taxes of two or more taxing units are collected by the same tax collector, the tax liens of each unit shall be advertised separately unless, under the provisions of a special act or contractual agreement between the taxing units, joint advertisement is permitted.

The posted notice and newspaper advertisement shall set forth the following information:

(1) In the case of property that the listing owner has not transferred after January 1 preceding the fiscal year for which the tax liens are advertised, the name of each person to whom is listed real property on which the taxing unit has a lien for unpaid taxes, in alphabetical order.

(1a) In the case of property that the listing owner has transferred after January 1 preceding the fiscal year for which the tax liens are advertised, the name of the record owner as of December 31 of each parcel on which the taxing unit has a lien for unpaid taxes, in alphabetical order, followed by a notation that the property was transferred to the record owner and a notation of the name of the listing owner. The name of the record owner as of the date the taxes became delinquent for each parcel on which the taxing unit has a lien for unpaid taxes, in alphabetical order.

(1b) After the information required by subdivision (1) or (1a) of this subsection for each parcel, a brief description of each parcel of land to which a lien has attached and a statement of the principal amount of the taxes constituting a lien against the parcel.

(2) A statement that the amounts advertised will be increased by interest and costs and that the omission of interest and costs from the amounts advertised will not constitute waiver of the taxing unit's claim for those items.

(3) In the event the list of tax liens has been divided for purposes of advertisement in more than one newspaper, a statement of the names of all newspapers in which advertisements will appear and the dates on which they will be published.
(4) A statement that the taxing unit may foreclose the tax liens and sell the real property subject to the liens in satisfaction of its claim for taxes.

(d) Costs. – Each parcel of real property advertised pursuant to this section shall be assessed an advertising fee to cover the actual cost of the advertisement. Actual advertising costs per parcel shall be determined by the tax collector on any reasonable basis. Advertising costs assessed pursuant to this subsection are taxes.

(e) Payments during Advertising Period. – At any time during the advertisement period, any parcel may be withdrawn from the list by payment of the taxes plus interest that has accrued to the time of payment and a proportionate part of the advertising fee to be determined by the tax collector. Thereafter, the tax collector shall delete that parcel from any subsequent advertisement, but the tax collector is not liable for failure to make the deletion.

(f) Listing and Advertising in Wrong Name. – No tax lien is void because the real property to which the lien attached was listed or advertised in the name of a person other than the person in whose name the property should have been listed for taxation if the property was in other respects correctly described on the abstract or in the advertisement.

(g) Wrongful Advertisement. – Any tax collector or deputy tax collector who willfully advertises any tax lien knowing that the property is not subject to taxation or that the taxes advertised have been paid is guilty of a Class 3 misdemeanor, and shall be required to pay the injured party all damages sustained in consequence."

SECTION 3. G.S. 105-374(c) reads as rewritten:

"(c) Parties; Summonses. – The listing taxpayer, owner of record as of the date the taxes became delinquent and spouse (if any), the current owner, any subsequent owner, all other taxing units having tax liens, all other lienholders of record, and all persons who would be entitled to be made parties to a court action (in which no deficiency judgment is sought) to foreclose a mortgage on such property, shall be made parties and served with summonses in the manner provided by G.S. 1A-1, Rule 4.

The fact that the listing taxpayer, owner of record as of the date the taxes became delinquent, any subsequent owner, or any other defendant is a minor, is incompetent, or is under any other disability shall not prevent or delay the tax lien sale or the foreclosure of the tax lien; and all such persons shall be made parties and served with summons in the same manner as in other civil actions.

Persons who have disappeared or who cannot be located and persons whose names and whereabouts are unknown, and all possible heirs or assignees of such persons, may be served by publication; and such persons, their heirs, and assignees may be designated by general description or by fictitious names in such an action."

SECTION 4. G.S. 105-375(b) reads as rewritten:

The fees for docketing and indexing the certificate shall be payable to the clerk of superior court at the time the taxes are collected or the property is sold."
SECTION 5. G.S. 105-375(c) reads as rewritten:

"(c) Notice Listing to Taxpayer and Others. –

(1) Notice required. – The tax collector filing the certificate provided for in subsection (b), above, of this section, shall, at least 30 days prior to docketing the judgment, send notice of the tax lien foreclosure a registered or certified letter, return receipt requested, to the listing taxpayer at his taxpayer, as defined in G.S. 105-273(17), at the taxpayer's last known address, and to all lienholders of record who have a lien against the listing taxpayer or against any subsequent owner of the property (including any liens referred to in the conveyance of the property to the taxpayer) listing taxpayer or to the subsequent owner of the property), stating that the judgment will be docketed and the execution will be issued thereon in the manner provided by law. A notice stating that the judgment will be docketed and that execution will be issued thereon shall also be mailed by certified or registered mail, return receipt requested, to the current owner of the property (if different from the listing owner) if: (i) a deed or other instrument transferring title to and containing the name of the current owner was recorded in the office of the register of deeds or filed or docketed in the office of the clerk of superior court after January 1 of the first year in which the property was listed in the name of the listing owner, and (ii) the tax collector can obtain the current owner's mailing address through the exercise of due diligence.

(2) Contents of notice. – All notice required by this subsection shall state that a judgment will be docketed and the proposed date of the docketing, that execution will be issued as provided by law, a brief description of the real property affected, and that the lien may be satisfied prior to judgment being entered.

(3) Service of notice. – The notice required by this subsection shall be sent to the taxpayer by registered or certified mail, return receipt requested.

(4) Additional efforts may be required. – If within 10 days following the mailing of said letters of the notice, a return receipt has not been received by the tax collector indicating receipt of the letter notice, then the tax collector shall have both of the following:

a. Make reasonable efforts to locate and notify the taxpayer and all lienholders of record prior to the docketing of the judgment and the issuance of the execution. Reasonable efforts may include posting the notice in a conspicuous place on the property, or, if the property has an address to which mail may be delivered, mailing the notice by first-class mail to the attention of the occupant.

b. Have a notice published in a newspaper of general circulation in said the county once a week for two consecutive weeks directed to, and naming, all unnotified lienholders and the listing taxpayer that a judgment will be docketed against the listing taxpayer. The notice shall contain the proposed date of such docketing, that execution will issue thereon as provided by law, a brief description of the real property affected, and notice that the lien may be paid off prior to judgment being entered.
(5) Costs of notice added to lien. – All costs of mailing and publication, plus a charge of fifty dollars ($50.00) to defray administrative costs, shall be added to the amount of taxes that are a lien on the real property and shall be paid by the taxpayer to the taxing unit at the time the taxes are collected or the property is sold."

SECTION 6. G.S. 105-375(i) reads as rewritten:
"(i) Issuance of Execution. – At any time after three months and before two years from the indexing of the judgment as provided in subsection (b), above, execution shall be issued at the request of the tax collector in the same manner as executions are issued upon other judgments of the superior court, and the real property shall be sold by the sheriff in the same manner as other real property is sold under execution with the following exceptions:

If within 10 days following the mailing of the notice, a return receipt has not been received by the sheriff indicating receipt of the notice, then the sheriff shall make additional efforts to locate and notify the taxpayer and all lienholders of record of the sale under execution in accordance with subdivision (4) of subsection (c) of this section.

(3) The sheriff shall add to the amount of the judgment as costs of the sale any postage expenses incurred by the tax collector and the sheriff in foreclosing under this section.

(4) In any advertisement or posted notice of sale under execution, the sheriff may (and at the request of the governing body shall) combine the advertisements or notices for properties to be sold under executions against the properties of different taxpayers in favor of the same taxing unit or group of units; however, the property included in each judgment shall be separately described and the name of the listing taxpayer specified in connection with each.

Session Law 2006-112

AN ACT TO ENACT REVISED ARTICLE 1 OF THE UNIFORM COMMERCIAL CODE CONTAINING GENERAL PROVISIONS APPLICABLE TO THE ENTIRE CODE, TO MAKE CONFORMING AMENDMENTS TO OTHER ARTICLES OF THE UNIFORM COMMERCIAL CODE AND OTHER SECTIONS OF THE GENERAL STATUTES, TO ENACT REVISED ARTICLE 7 OF THE UNIFORM COMMERCIAL CODE RELATING TO WAREHOUSE RECEIPTS AND BILLS OF LADING, TO MAKE CONFORMING AMENDMENTS TO OTHER ARTICLES OF THE UNIFORM COMMERCIAL CODE AND OTHER SECTIONS OF THE GENERAL STATUTES, AND TO REPEAL OBSOLETE CRIMINAL PROVISIONS OF THE FORMER UNIFORM WAREHOUSE RECEIPTS ACT, AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

The General Assembly of North Carolina enacts:

PART I. REVISED ARTICLE 1 OF THE UNIFORM COMMERCIAL CODE AND CONFORMING AMENDMENTS TO THE GENERAL STATUTES.

SUBPART A. REVISED ARTICLE 1 OF THE UNIFORM COMMERCIAL CODE.
SECTION 1. Article 1 of Chapter 25 of the General Statutes is rewritten to read:

"Article 1.
"General Provisions.
"PART 1.
"GENERAL PROVISIONS.

(b) This Article may be cited as Uniform Commercial Code – General Provisions.

"§ 25-1-102. Scope of Article.
Except as provided in G.S. 25-1-301, this Article applies to a transaction to the extent that it is governed by another Article of this Chapter.

"§ 25-1-103. Construction of this Chapter to promote its purposes and policies; applicability of supplemental principles of law.
(a) This Chapter shall be liberally construed and applied to promote its underlying purposes and policies, which are:
(1) To simplify, clarify, and modernize the law governing commercial transactions;
(2) To permit the continued expansion of commercial practices through custom, usage, and agreement of the parties; and
(3) To make uniform the law among the various jurisdictions.
(b) Unless displaced by the particular provisions of this Chapter, the principles of law and equity, including the law merchant and the law relative to capacity to contract, principal and agent, estoppel, fraud, misrepresentation, duress, coercion, mistake, bankruptcy, and other validating or invalidating cause supplement its provisions.

"§ 25-1-104. Construction against implied repeal.
This Chapter being a general act intended as a unified coverage of its subject matter, no part of it shall be deemed to be impliedly repealed by subsequent legislation if such construction can reasonably be avoided.

"§ 25-1-105. Severability.
If any provision or clause of this Chapter or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this Chapter that can be given effect without the invalid provision or application, and to this end the provisions of this Chapter are severable.

"§ 25-1-106. Use of singular and plural; gender.
In this Chapter, unless the statutory context otherwise requires:
(1) Words in the singular number include the plural, and those in the plural include the singular; and
(2) Words of any gender also refer to any other gender.

"§ 25-1-107. Section captions.
Section captions are part of this Chapter. The subsection headings in Article 9 of this Chapter are not parts of this Chapter.

This Article modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. § 7001, et seq., except that nothing in this Article modifies, limits, or supersedes Section 7001(c) of that Act or authorizes electronic delivery of any of the notices described in Section 7003(b) of that Act.
"PART 2.
GENERAL DEFINITIONS AND PRINCIPLES OF INTERPRETATION.
§ 25-1-201. General definitions.
(a) Unless the context otherwise requires, words or phrases defined in this section, or in the additional definitions contained in other Articles of this Chapter that apply to particular Articles or Parts thereof, have the meanings stated.
(b) Subject to definitions contained in other articles of this Chapter that apply to particular Articles or Parts thereof:
   (1) "Action," in the sense of a judicial proceeding, includes recoupment, counterclaim, setoff, suit in equity, and any other proceeding in which rights are determined.
   (2) "Aggrieved party" means a party entitled to pursue a remedy.
   (3) "Agreement," as distinguished from "contract," means the bargain of the parties in fact, as found in their language or inferred from other circumstances, including course of performance, course of dealing, or usage of trade as provided in G.S. 25-1-303.
   (4) "Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company.
   (5) "Bearer" means a person in possession of a negotiable instrument, document of title, or certificated security that is payable to bearer or indorsed in blank.
   (6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods.
   (7) "Branch" includes a separately incorporated foreign branch of a bank.
   (8) "Burden of establishing" a fact means the burden of persuading the trier of fact that the existence of the fact is more probable than its nonexistence.
   (9) "Buyer in ordinary course of business" means a person that buys goods in good faith, without knowledge that the sale violates the rights of another person in the goods, and in the ordinary course from a person, other than a pawnbroker, in the business of selling goods of that kind. A person buys goods in the ordinary course if the sale to the person comports with the usual or customary practices in the kind of business in which the seller is engaged or with the seller's own usual or customary practices. A person that sells oil, gas, or other minerals at the wellhead or minehead is a person in the business of selling goods of that kind. A buyer in ordinary course of business may buy for cash, by exchange of other property, or on secured or unsecured credit, and may acquire goods or documents of title under a preexisting contract for sale. Only a buyer that takes possession of the goods or has a right to recover the goods from the seller under Article 2 of this Chapter may be a buyer in ordinary course of business. "Buyer in ordinary course of business" does not include a person that acquires goods in a transfer in bulk or as security for or in total or partial satisfaction of a money debt.
   (10) "Conspicuous," with reference to a term, means so written, displayed, or presented that a reasonable person against which it is to operate
ought to have noticed it. Whether a term is "conspicuous" or not is a decision for the court. Conspicuous terms include the following:

a. A heading in capitals equal to or greater in size than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same or lesser size; and

b. Language in the body of a record or display in larger type than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same size, or set off from surrounding text of the same size by symbols or other marks that call attention to the language.

(11) "Consumer" means an individual who enters into a transaction primarily for personal, family, or household purposes.

(12) "Contract," as distinguished from "agreement," means the total legal obligation that results from the parties' agreement as determined by this Chapter as supplemented by any other applicable laws.

(13) "Creditor" includes a general creditor, a secured creditor, a lien creditor, and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity, and an executor or administrator of an insolvent debtor's or assignor's estate.

(15) "Delivery," with respect to an instrument, document of title, or chattel paper, means voluntary transfer of possession.

(16) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt or order for the delivery of goods, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person in possession of it is entitled to receive, hold, and dispose of the document and the goods it covers. To be a document of title, a document must purport to be issued by or addressed to a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(17) "Fault" means a default, breach, or wrongful act or omission.

(18) "Fungible goods" means:

a. Goods of which any unit, by nature or usage of trade, are the equivalent of any other like unit; or

b. Goods that by agreement are treated as equivalent.

(19) "Genuine" means free of forgery or counterfeiting.

(20) "Good faith," except as otherwise provided in Article 5 of this Chapter, means honesty in fact and the observance of reasonable commercial standards of fair dealing.

(21) "Holder" means:

a. The person in possession of a negotiable instrument that is payable either to bearer or to an identified person that is the person in possession; or

b. The person in possession of a document of title if the goods are deliverable either to bearer or to the order of the person in possession.
(22) "Insolvency proceeding" includes an assignment for the benefit of creditors or other proceeding intended to liquidate or rehabilitate the estate of the person involved.

(23) "Insolvent" means:
   a. Having generally ceased to pay debts in the ordinary course of business other than as a result of bona fide dispute;
   b. Being unable to pay debts as they become due; or
   c. Being insolvent within the meaning of federal bankruptcy law.

(24) "Money" means a medium of exchange currently authorized or adopted by a domestic or foreign government. The term includes a monetary unit of account established by an intergovernmental organization or by agreement between two or more countries.

(25) "Organization" means a person other than an individual.

(26) "Party," as distinguished from "third party," means a person that has engaged in a transaction or made an agreement subject to this Chapter.

(27) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, government, governmental subdivision, agency, or instrumentality, public corporation, or any other legal or commercial entity.

(28) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain by use of either an interest rate specified by the parties if that rate is not manifestly unreasonable at the time the transaction is entered into or, if an interest rate is not so specified, a commercially reasonable rate that takes into account the facts and circumstances at the time the transaction is entered into.

(29) "Purchase" means taking by sale, lease, discount, negotiation, mortgage, pledge, lien, security interest, issue or reissue, gift, or any other voluntary transaction creating an interest in property.

(30) "Purchaser" means a person that takes by purchase.

(31) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(32) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(33) "Representative" means a person empowered to act for another, including an agent, an officer of a corporation or association, and a trustee, executor, or administrator of an estate.

(34) "Right" includes remedy.

(35) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. "Security interest" includes any interest of a consignor and a buyer of accounts, chattel paper, a payment intangible, or a promissory note in a transaction that is subject to Article 9 of this Chapter. "Security interest" does not include the special property interest of a buyer of goods on identification of those goods to a contract for sale under G.S. 25-2-401, but a buyer may also acquire a "security interest" by complying with Article 9 of this Chapter. Except as otherwise provided in G.S. 25-2-505, the right of a seller or lessor of goods under
Article 2 or 2A of this Chapter to retain or acquire possession of the goods is not a "security interest," but a seller or lessor may also acquire a "security interest" by complying with Article 9 of this Chapter. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer under G.S. 25-2-401 is limited in effect to a reservation of a "security interest." Whether a transaction in the form of a lease creates a "security interest" is determined pursuant to G.S. 25-1-203.

(36) "Send" in connection with a writing, record, or notice means:
   a. To deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and, in the case of an instrument, to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances; or
   b. In any other way to cause to be received any record or notice within the time it would have arrived if properly sent.

(37) "Signed" includes using any symbol executed or adopted with present intention to adopt or accept a writing.

(38) "State" means a State of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.

(39) "Surety" includes a guarantor or other secondary obligor.

(40) "Term" means a portion of an agreement that relates to a particular matter.

(41) "Unauthorized signature" means a signature made without actual, implied, or apparent authority. The term includes a forgery.

(42) "Warehouse receipt" means a receipt issued by a person engaged in the business of storing goods for hire.

(43) "Writing" includes printing, typewriting, or any other intentional reduction to tangible form. "Written" has a corresponding meaning.

(a) Subject to subsection (f) of this section, a person has "notice" of a fact if the person:
   (1) Has actual knowledge of it;
   (2) Has received a notice or notification of it; or
   (3) From all the facts and circumstances known to the person at the time in question, has reason to know that it exists.

(b) "Knowledge" means actual knowledge. "Knows" has a corresponding meaning.

(c) "Discover," "learn," or words of similar import refer to knowledge rather than to reason to know.

(d) A person "notifies" or "gives" a notice or notification to another person by taking such steps as may be reasonably required to inform the other person in ordinary course, whether or not the other person actually comes to know of it.

(e) Subject to subsection (f) of this section, a person "receives" a notice or notification when:
(1) It comes to that person's attention; or
(2) It is duly delivered in a form reasonable under the circumstances at the place of business through which the contract was made or at another location held out by that person as the place for receipt of such communications.

(f) Notice, knowledge, or a notice or notification received by an organization is effective for a particular transaction from the time it is brought to the attention of the individual conducting that transaction and, in any event, from the time it would have been brought to the individual's attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of the individual's regular duties or the individual has reason to know of the transaction and that the transaction would be materially affected by the information.

"§ 25-1-203. Lease distinguished from security interest.
(a) Whether a transaction in the form of a lease creates a lease or security interest is determined by the facts of each case.
(b) A transaction in the form of a lease creates a security interest if the consideration that the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease and is not subject to termination by the lessee, and:

(1) The original term of the lease is equal to or greater than the remaining economic life of the goods;
(2) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods;
(3) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or for nominal additional consideration upon compliance with the lease agreement; or
(4) The lessee has an option to become the owner of the goods for no additional consideration or for nominal additional consideration upon compliance with the lease agreement.

(c) A transaction in the form of a lease does not create a security interest merely because:

(1) The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into;
(2) The lessee assumes risk of loss of the goods;
(3) The lessee agrees to pay, with respect to the goods, taxes, insurance, filing, recording, or registration fees, or service or maintenance costs;
(4) The lessee has an option to renew the lease or to become the owner of the goods;
(5) The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed; or
(6) The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(d) Additional consideration is nominal if it is less than the lessee's reasonably predictable cost of performing under the lease agreement if the option is not exercised. Additional consideration is not nominal if:
   (1) When the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed; or
   (2) When the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed.

(c) The "remaining economic life of the goods" and "reasonably predictable" fair market rent, fair market value, or cost of performing under the lease agreement must be determined with reference to the facts and circumstances at the time the transaction is entered into.

"§ 25-1-204. Value.
Except as otherwise provided in Articles 3, 4, and 5 of this Chapter, a person gives value for rights if the person acquires them:
   (1) In return for a binding commitment to extend credit or for the extension of immediately available credit, whether or not drawn upon and whether or not a charge-back is provided for in the event of difficulties in collection;
   (2) As security for, or in total or partial satisfaction of, a preexisting claim;
   (3) By accepting delivery under a preexisting contract for purchase; or
   (4) In return for any consideration sufficient to support a simple contract.

"§ 25-1-205. Reasonable time; seasonableness.
(a) Whether a time for taking an action required by this Chapter is reasonable depends on the nature, purpose, and circumstances of the action.
(b) An action is taken seasonably if it is taken at or within the time agreed or, if no time is agreed, at or within a reasonable time.

Whenever this Chapter creates a "presumption" with respect to a fact, or provides that a fact is "presumed," the trier of fact must find the existence of the fact unless and until evidence is introduced that supports a finding of its nonexistence.

"PART 3.
"TERRITORIAL APPLICABILITY AND GENERAL RULES.
"§ 25-1-301. Territorial applicability; parties' power to choose applicable law.
(a) Except as otherwise provided in this section, when a transaction bears a reasonable relation to this State and also to another state or nation the parties may agree that the law either of this State or of such other state or nation shall govern their rights and duties.
(b) In the absence of an agreement effective under subsection (a) of this section, and except as provided in subsection (c) of this section, this Chapter applies to transactions bearing an appropriate relation to this State.
(c) If one of the following provisions of this Chapter specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law so specified:
§ 25-1-302. Variation by agreement.
   (a) Except as otherwise provided in subsection (b) of this section or elsewhere in this Chapter, the effect of provisions of this Chapter may be varied by agreement.

   (b) The obligations of good faith, diligence, reasonableness, and care prescribed by this Chapter may not be disclaimed by agreement. The parties, by agreement, may determine the standards by which the performance of those obligations is to be measured if those standards are not manifestly unreasonable. Whenever this Chapter requires an action to be taken within a reasonable time, a time that is not manifestly unreasonable may be fixed by agreement.

   (c) The presence in certain provisions of this Chapter of the phrase "unless otherwise agreed," or words of similar import, does not imply that the effect of other provisions may not be varied by agreement under this section.

   (a) A "course of performance" is a sequence of conduct between the parties to a particular transaction that exists if:

      (1) The agreement of the parties with respect to the transaction involves repeated occasions for performance by a party; and

      (2) The other party, with knowledge of the nature of the performance and opportunity for objection to it, accepts the performance or acquiesces in it without objection.

   (b) A "course of dealing" is a sequence of conduct concerning previous transactions between the parties to a particular transaction that is fairly to be regarded as establishing a common basis of understanding for interpreting their expressions and other conduct.

   (c) A "usage of trade" is any practice or method of dealing having such regularity of observance in a place, vocation, or trade as to justify an expectation that it will be observed with respect to the transaction in question. The existence and scope of such a usage must be proved as facts. If it is established that such a usage is embodied in a trade code or similar record, the interpretation of the record is a question of law.

   (d) A course of performance or course of dealing between the parties or usage of trade in the vocation or trade in which they are engaged or of which they are or should be aware is relevant in ascertaining the meaning of the parties' agreement, may give particular meaning to specific terms of the agreement, and may supplement or qualify the terms of the agreement. A usage of trade applicable in the place in which part of the performance under the agreement is to occur may be so utilized as to that part of the performance.

   (e) Except as otherwise provided in subsection (f) of this section, the express terms of an agreement and any applicable course of performance, course of dealing, or usage of trade must be construed whenever reasonable as consistent with each other. If such a construction is unreasonable:

      (1) Express terms prevail over course of performance, course of dealing, and usage of trade;
(2) Course of performance prevails over course of dealing and usage of trade; and

(3) Course of dealing prevails over usage of trade.

(f) Subject to G.S. 25-2-209, a course of performance is relevant to show a waiver or modification of any term inconsistent with the course of performance.

(g) Evidence of a relevant usage of trade offered by one party is not admissible unless that party has given the other party notice that the court finds sufficient to prevent unfair surprise to the other party.

§ 25-1-304. Obligation of good faith.
Every contract or duty within this Chapter imposes an obligation of good faith in its performance and enforcement.

§ 25-1-305. Remedies to be liberally administered.
(a) The remedies provided by this Chapter shall be liberally administered to the end that the aggrieved party may be put in as good a position as if the other party had fully performed, but neither consequential or special damages nor penal damages may be had except as specifically provided in this Chapter or by other rule of law.

(b) Any right or obligation declared by this Chapter is enforceable by action unless the provision declaring it specifies a different and limited effect.

§ 25-1-306. Waiver or renunciation of claim or right after breach.
A claim or right arising out of an alleged breach may be discharged in whole or in part without consideration by agreement of the aggrieved party in an authenticated record.

A document in due form purporting to be a bill of lading, policy or certificate of insurance, official weigher's or inspector's certificate, consular invoice, or any other document authorized or required by the contract to be issued by a third party is prima facie evidence of its own authenticity and genuineness and of the facts stated in the document by the third party.

§ 25-1-308. Performance or acceptance under reservation of rights.
(a) A party that with explicit reservation of rights performs or promises performance or assents to performance in a manner demanded or offered by the other party does not thereby prejudice the rights reserved. Such words as "without prejudice," "under protest," or the like are sufficient.

(b) Subsection (a) of this section does not apply to an accord and satisfaction.

§ 25-1-309. Option to accelerate at will.
A term providing that one party or that party's successor in interest may accelerate payment or performance or require collateral or additional collateral "at will" or when the party "deems itself in secure," or words of similar import, means that the party has power to do so only if that party in good faith believes that the prospect of payment or performance is impaired. The burden of establishing lack of good faith is on the party against which the power has been exercised.

§ 25-1-310. Subordinated obligations.
An obligation may be issued as subordinated to performance of another obligation of the person obligated, or a creditor may subordinate its right to performance of an obligation by agreement with either the person obligated or another creditor of the person obligated. Subordination does not create a security interest as against either the common debtor or a subordinated creditor.

SUBPART B. CONFORMING AMENDMENTS TO OTHER ARTICLES OF THE UNIFORM COMMERCIAL CODE.
SECTION 2. G.S. 25-2-103(1) reads as rewritten:

"(1) In this article unless the context otherwise requires

(c) "Receipt" of goods means taking physical possession of them.
(d) "Seller" means a person who sells or contracts to sell goods. Any manufacturer of self-propelled motor vehicles, as defined in G.S. 20-4.01, is also a "seller" with respect to buyers of its product to whom it makes an express warranty, notwithstanding any lack of privity between them, for purposes of all rights and remedies available to buyers under this Article."

SECTION 3. G.S. 25-2-202 reads as rewritten:

"§ 25-2-202. Final written expression; parol or extrinsic evidence. Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a writing intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented
(a) by course of performance, course of dealing, dealing, or usage of trade (G.S. 25-1-205) or by course of performance (G.S. 25-2-208); (G.S. 25-1-303); and
(b) by evidence of consistent additional terms unless the court finds the writing to have been intended also as a complete and exclusive statement of the terms of the agreement."

SECTION 4. G.S. 25-2-208 is repealed.

SECTION 5. G.S. 25-2A-103(3) reads as rewritten:

"(3) The following definitions in other Articles apply to this Article:
"Between merchants". G.S. 25-2-104(3).
"Buyer". G.S. 25-2-103(1)(a).

"Sale on approval". G.S. 25-2-326.
"Sale or return". G.S. 25-2-326.

"Entrusting" G.S. 25-2-403(3).
"Merchant" G.S. 25-2-104(1).
"Pursuant to commitment" G.S. 25-9-102(a)(68).
"Receipt" G.S. 25-2-103(1)(c).
"Sale" G.S. 25-2-106(1).
"Sale on approval" G.S. 25-2-326.
"Sale or return" G.S. 25-2-326.

SECTION 6. G.S. 25-2A-207 is repealed.

SECTION 7. G.S. 25-2A-501(4) reads as rewritten:

"(4) Except as otherwise provided in G.S. 25-1-106(1), G.S. 25-1-305(a) or this Article or the lease agreement, the rights and remedies referred to in subsections (2) and (3) of this section are cumulative."

SECTION 8. G.S. 25-2A-518(2) reads as rewritten:

"(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (G.S. 25-2A-504), or otherwise determined pursuant to agreement of the parties (G.S. 25-1-102(3), G.S. 25-1-302 and G.S. 25-2A-503), if a lessee's cover is by a lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages (i) the present value, as of the date of the commencement of the term of the new lease agreement, of the rent under the new lease agreement, and the measure of damages for the remaining term of the original lease agreement and the present value as of the same date of the term for the remaining lease term of the original lease agreement, and (ii) any incidental or consequential damages, less expenses saved in consequence of the lessor's default."

SECTION 9. G.S. 25-2A-519(1) reads as rewritten:

"(1) Except as otherwise provided with respect to damages liquidated in the lease agreement (G.S. 25-2A-504), or otherwise determined pursuant to agreement of the parties (G.S. 25-1-102(3), G.S. 25-1-302 and G.S. 25-2A-503), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under G.S. 25-2A-518(2), or is by purchase or otherwise, the measure of damages for nondelivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value, as of the date of the default, of the then market rent minus the present value as of the same date of the original rent, computed for the remaining lease term of the original lease agreement, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default."

SECTION 10. G.S. 25-2A-527(2) reads as rewritten:

lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessor may recover from the lessee as damages (i) accrued and unpaid rent as of the date of the commencement of the term of the new lease agreement, (ii) the present value, as of the same date, of the total rent for the then remaining lease term of the original lease agreement minus the present value, as of the same date, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement, and (iii) any incidental damages allowed under G.S. 25-2A-530, less expenses saved in consequence of the lessee's default."

SECTION 11. G.S. 25-2A-528(1) reads as rewritten:

A receiving bank may fix a cutoff time or times on a funds-transfer business day for the receipt and processing of payment orders and communications cancelling or amending payment orders. Different cutoff times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cutoff time may apply to senders generally or different cutoff times may apply to different senders or categories of payment orders. If a payment order or communication cancelling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cutoff time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day."

SECTION 23. G.S. 66-313(b) reads as rewritten:

   (a) This Article is subject to any treaty or statute of the United States or regulatory statute of this State to the extent the treaty, statute, or regulatory statute is applicable.
   (b) This Article does not modify or repeal any law prescribing the form or content of a document of title or the services or facilities to be afforded by a bailee or otherwise regulating a bailee's business in respects not specifically treated in this Article.    (b) A document of title other than one described in subsection (a) of this section is nonnegotiable. A bill of lading that states that the goods are consigned to a named person is not made negotiable by a provision that the goods are to be delivered only against an order in a record signed by the same or another named person.
   (c) A document of title is nonnegotiable if, at the time it is issued, the document has a conspicuous legend, however expressed, that it is nonnegotiable.
"§ 25-7-105. Reissuance in alternative medium.
(a) Upon request of a person entitled under an electronic document of title, the issuer of the electronic document may issue a tangible document of title as a substitute for the electronic document if:
   (1) The person entitled under the electronic document surrenders control of the document to the issuer; and
   (2) The tangible document when issued contains a statement that it is issued in substitution for the electronic document.
(b) Upon issuance of a tangible document of title in substitution for an electronic document of title in accordance with subsection (a) of this section:
   (1) The electronic document ceases to have any effect or validity; and
   (2) The person that procured issuance of the tangible document warrants to all subsequent persons entitled under the tangible document that the warrantor was a person entitled under the electronic document when the warrantor surrendered control of the electronic document to the issuer.
(c) Upon request of a person entitled under a tangible document of title, the issuer of the tangible document may issue an electronic document of title as a substitute for the tangible document if:
   (1) The person entitled under the tangible document surrenders possession of the document to the issuer; and
   (2) The electronic document when issued contains a statement that it is issued in substitution for the tangible document.
(d) Upon issuance of an electronic document of title in substitution for a tangible document of title in accordance with subsection (c) of this section:
   (1) The tangible document ceases to have any effect or validity; and
   (2) The person that procured issuance of the electronic document warrants to all subsequent persons entitled under the electronic document that the warrantor was a person entitled under the tangible document when the warrantor surrendered possession of the tangible document to the issuer.

(a) A person has control of an electronic document of title if a system employed for evidencing the transfer of interests in the electronic document reliably establishes that person as the person to which the electronic document was issued or transferred.
(b) A system satisfies subsection (a) of this section, and a person is deemed to have control of an electronic document of title, if the document is created, stored, and assigned in such a manner that:
   (1) A single authoritative copy of the document exists which is unique, identifiable, and, except as otherwise provided in subdivisions (4), (5), and (6) of this subsection, unalterable;
   (2) The authoritative copy identifies the person asserting control as:
      a. The person to whom the document was issued; or
      b. If the authoritative copy indicates that the document has been transferred, the person to whom the document was most recently transferred;
   (3) The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;
(4) Copies or amendments that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

(5) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) Any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.

"PART 2."

"WAREHOUSE RECEIPTS: SPECIAL PROVISIONS."

§ 25-7-201. Person that may issue a warehouse receipt; storage under bond.

(a) A warehouse receipt may be issued by any warehouse.

(b) If goods, including distilled spirits and agricultural commodities, are stored under a statute requiring a bond against withdrawal or a license for the issuance of receipts in the nature of warehouse receipts, a receipt issued for the goods is deemed to be a warehouse receipt even if issued by a person that is the owner of the goods and is not a warehouse.

§ 25-7-202. Form of warehouse receipt; effect of omission.

(a) A warehouse receipt need not be in any particular form.

(b) Unless a warehouse receipt provides for each of the following, the warehouse is liable for damages caused to a person injured by its omission:

(1) A statement of the location of the warehouse facility where the goods are stored;

(2) The date of issue of the receipt;

(3) The unique identification code of the receipt;

(4) A statement whether the goods received will be delivered to the bearer, to a named person, or to a named person or its order;

(5) The rate of storage and handling charges, unless goods are stored under a field warehousing arrangement, in which case a statement of that fact is sufficient on a nonnegotiable receipt;

(6) A description of the goods or the packages containing them;

(7) The signature of the warehouse or its agent;

(8) If the receipt is issued for goods that the warehouse owns, either solely, jointly, or in common with others, a statement of the fact of that ownership; and

(9) A statement of the amount of advances made and of liabilities incurred for which the warehouse claims a lien or security interest, unless the precise amount of advances made or liabilities incurred, at the time of the issue of the receipt, is unknown to the warehouse or to its agent that issued the receipt, in which case a statement of the fact that advances have been made or liabilities incurred and the purpose of the advances or liabilities is sufficient.

(c) A warehouse may insert in its receipt any terms that are not contrary to this Chapter and do not impair its obligation of delivery under G.S. 25-7-403 or its duty of care under G.S. 25-7-204. Any contrary provision is ineffective.

§ 25-7-203. Liability for nonreceipt or misdescription.

A party to or purchaser for value in good faith of a document of title, other than a bill of lading, that relies upon the description of the goods in the document may recover from the issuer damages caused by the nonreceipt or misdescription of the goods, except to the extent that:
(1) The document conspicuously indicates that the issuer does not know whether all or part of the goods in fact were received or conform to the description, such as a case in which the description is in terms of marks or labels or kind, quantity, or condition, or the receipt or description is qualified by "contents, condition, and quality unknown," "said to contain," or words of similar import, if the indication is true; or

(2) The party or purchaser otherwise has notice of the nonreceipt or misdescription.

§ 25-7-204. Duty of care; contractual limitation of warehouse's liability.

(a) A warehouse is liable for damages for loss of or injury to the goods caused by its failure to exercise care with regard to the goods that a reasonably careful person would exercise under similar circumstances. Unless otherwise agreed, the warehouse is not liable for damages that could not have been avoided by the exercise of that care.

(b) Damages may be limited by a term in the warehouse receipt or storage agreement limiting the amount of liability in case of loss or damage beyond which the warehouse is not liable. Such a limitation is not effective with respect to the warehouse's liability for conversion to its own use. On request of the bailor in a record at the time of signing the storage agreement or within a reasonable time after receipt of the warehouse receipt, the warehouse's liability may be increased on part or all of the goods covered by the storage agreement or the warehouse receipt. In this event, increased rates may be charged based on an increased valuation of the goods.

(c) Reasonable provisions as to the time and manner of presenting claims and commencing actions based on the bailment may be included in the warehouse receipt or storage agreement.

(d) This section does not modify or repeal any statute that imposes a higher responsibility upon the warehouse or invalidates a contractual limitation that would be permissible under this Article.

§ 25-7-205. Title under warehouse receipt defeated in certain cases.

A buyer in ordinary course of business of fungible goods sold and delivered by a warehouse that is also in the business of buying and selling such goods takes the goods free of any claim under a warehouse receipt even if the receipt is negotiable and has been duly negotiated.

§ 25-7-206. Termination of storage at warehouse's option.

(a) A warehouse, by giving notice to the person on whose account the goods are held and any other person known to claim an interest in the goods, may require payment of any charges and removal of the goods from the warehouse at the termination of the period of storage fixed by the document of title or, if a period is not fixed, within a stated period not less than 30 days after the warehouse gives notice. If the goods are not removed before the date specified in the notice, the warehouse may sell them pursuant to G.S. 25-7-210.

(b) If a warehouse in good faith believes that goods are about to deteriorate or decline in value to less than the amount of its lien within the time provided in subsection (a) of this section and G.S. 25-7-210, the warehouse may specify in the notice given under subsection (a) of this section any reasonable shorter time for removal of the goods and, if the goods are not removed, may sell them at public sale held not less than one week after a single advertisement or posting.

(c) If, as a result of a quality or condition of the goods of which the warehouse did not have notice at the time of deposit, the goods are a hazard to other property, the
warehouse facilities, or other persons, the warehouse may sell the goods at public or private sale without advertisement or posting on reasonable notification to all persons known to claim an interest in the goods. If the warehouse, after a reasonable effort, is unable to sell the goods, it may dispose of them in any lawful manner and does not incur liability by reason of that disposition.

(d) A warehouse shall deliver the goods to any person entitled to them under this Article upon due demand made at any time before sale or other disposition under this section.

(e) A warehouse may satisfy its lien from the proceeds of any sale or disposition under this section but shall hold the balance for delivery on the demand of any person to whom the warehouse would have been bound to deliver the goods.

"§ 25-7-207. Goods must be kept separate; fungible goods.

(a) Unless the warehouse receipt provides otherwise, a warehouse shall keep separate the goods covered by each receipt so as to permit at all times identification and delivery of those goods. However, different lots of fungible goods may be commingled.

(b) If different lots of fungible goods are commingled, the goods are owned in common by the persons entitled thereto and the warehouse is severally liable to each owner for that owner's share. If, because of overissue, a mass of fungible goods is insufficient to meet all the receipts the warehouse has issued against it, the persons entitled include all holders to whom overissued receipts have been duly negotiated.

"§ 25-7-208. Altered warehouse receipts.

If a blank in a negotiable tangible warehouse receipt has been filled in without authority, a good-faith purchaser for value and without notice of the lack of authority may treat the insertion as authorized. Any other unauthorized alteration leaves any tangible or electronic warehouse receipt enforceable against the issuer according to its original tenor.

"§ 25-7-209. Lien of warehouse.

(a) A warehouse has a lien against the bailor on the goods covered by a warehouse receipt or storage agreement or on the proceeds thereof in its possession for charges for storage or transportation, including demurrage and terminal charges, insurance, labor, or other charges, present or future, in relation to the goods, and for expenses necessary for preservation of the goods or reasonably incurred in their sale pursuant to law. If the person on whose account the goods are held is liable for similar charges or expenses in relation to other goods whenever deposited and it is stated in the warehouse receipt or storage agreement that a lien is claimed for charges and expenses in relation to other goods, the warehouse also has a lien against the goods covered by the warehouse receipt or storage agreement or on the proceeds thereof in its possession for those charges and expenses, whether or not the other goods have been delivered by the warehouse. However, as against a person to which a negotiable warehouse receipt is duly negotiated, a warehouse's lien is limited to charges in an amount or at a rate specified in the warehouse receipt or, if no charges are so specified, to a reasonable charge for storage of the specific goods covered by the receipt subsequent to the date of the receipt.

(b) A warehouse may also reserve a security interest against the bailor for the maximum amount specified on the receipt for charges other than those specified in subsection (a) of this section, such as for money advanced and interest. The security interest is governed by Article 9 of this Chapter.

(c) A warehouse's lien for charges and expenses under subsection (a) of this section or a security interest under subsection (b) of this section is also effective against
any person that so entrusted the bailor with possession of the goods that a pledge of
them by the bailor to a good-faith purchaser for value would have been valid. However,
the lien or security interest is not effective against a person that before issuance of a
document of title had a legal interest or a perfected security interest in the goods and
that did not:

(1) Deliver or entrust the goods or any document of title covering the
goods to the bailor or the bailor's nominee with:
a. Actual or apparent authority to ship, store, or sell;
b. Power to obtain delivery under G.S. 25-7-403; or
25-2A-305(2), 25-9-320, or 25-9-321(c) or other statute or rule
of law; or
(2) Acquiesce in the procurement by the bailor or its nominee of any
document.

(d) A warehouse's lien on household goods for charges and expenses in relation
to the goods under subsection (a) of this section is also effective against all persons if
the depositor was the legal possessor of the goods at the time of deposit. In this
subsection, "household goods" means furniture, furnishings, or personal effects used by
the depositor in a dwelling.

(c) A warehouse loses its lien on any goods that it voluntarily delivers or
unjustifiably refuses to deliver.

§ 25-7-210. Enforcement of warehouse's lien.

(a) Except as otherwise provided in subsection (b) of this section, a warehouse's
lien may be enforced by public or private sale of the goods, in bulk or in packages, at
any time or place and on any terms that are commercially reasonable, after notifying all
persons known to claim an interest in the goods. The notification must include a
statement of the amount due, the nature of the proposed sale, and the time and place of
any public sale. The fact that a better price could have been obtained by a sale at a
different time or in a method different from that selected by the warehouse is not of
itself sufficient to establish that the sale was not made in a commercially reasonable
manner. The warehouse sells in a commercially reasonable manner if the warehouse
sells the goods in the usual manner in any recognized market therefore, sells at the price
current in that market at the time of the sale, or otherwise sells in conformity with
commercially reasonable practices among dealers in the type of goods sold. A sale of
more goods than apparently necessary to be offered to ensure satisfaction of the
obligation is not commercially reasonable, except in cases covered by the preceding
sentence.

(b) A warehouse may enforce its lien on goods, other than goods stored by a
merchant in the course of its business, only if the following requirements are satisfied:

(1) All persons known to claim an interest in the goods must be notified.
(2) The notification must include an itemized statement of the claim, a
description of the goods subject to the lien, a demand for payment
within a specified time not less than 10 days after receipt of the
notification, and a conspicuous statement that unless the claim is paid
within that time the goods will be advertised for sale and sold by
auction at a specified time and place.
(3) The sale must conform to the terms of the notification.
(4) The sale must be held at the nearest suitable place to where the goods
are held or stored.
(5) After the expiration of the time given in the notification, an advertisement of the sale must be published once a week for two weeks consecutively in a newspaper of general circulation where the sale is to be held. The advertisement must include a description of the goods, the name of the person on whose account the goods are being held, and the time and place of the sale. The sale must take place at least 15 days after the first publication. If there is no newspaper of general circulation where the sale is to be held, the advertisement must be posted at least 10 days before the sale in not fewer than six conspicuous places in the neighborhood of the proposed sale.

(c) Before any sale pursuant to this section, any person claiming a right in the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred in complying with this section. In that event, the goods may not be sold but must be retained by the warehouse subject to the terms of the receipt and this Article.

(d) A warehouse may buy at any public sale held pursuant to this section.

(e) A purchaser in good faith of goods sold to enforce a warehouse's lien takes the goods free of any rights of persons against whom the lien was valid, despite the warehouse's noncompliance with this section.

(f) A warehouse may satisfy its lien from the proceeds of any sale pursuant to this section but shall hold the balance, if any, for delivery on demand to any person to whom the warehouse would have been bound to deliver the goods.

(g) The rights provided by this section are in addition to all other rights allowed by law to a creditor against a debtor.

(h) If a lien is on goods stored by a merchant in the course of its business, the lien may be enforced in accordance with subsection (a) or (b) of this section.

(i) A warehouse is liable for damages caused by failure to comply with the requirements for sale under this section and, in case of willful violation, is liable for conversion.

"PART 3.

"BILLS OF LADING: SPECIAL PROVISIONS.

"§ 25-7-301. Liability for nonreceipt or misdescription; "said to contain"; "shipper's weight, load, and count"; improper handling.

(a) A consignee of a nonnegotiable bill of lading which has given value in good faith, or a holder to which a negotiable bill has been duly negotiated, relying upon the description of the goods in the bill or upon the date shown in the bill, may recover from the issuer damages caused by the misdating of the bill or the nonreceipt or misdescription of the goods, except to the extent that the bill indicates that the issuer does not know whether any part or all of the goods in fact were received or conform to the description, such as in a case in which the description is in terms of marks or labels or kind, quantity, or condition or the receipt or description is qualified by "contents or condition of contents of packages unknown," "said to contain," "shipper's weight, load, and count," or words of similar import, if that indication is true.

(b) If goods are loaded by the issuer of a bill of lading:

(1) The issuer shall count the packages of goods if shipped in packages and ascertain the kind and quantity if shipped in bulk; and

(2) Words such as "shipper's weight, load, and count," or words of similar import indicating that the description was made by the shipper are ineffective except as to goods concealed in packages.
(c) If bulk goods are loaded by a shipper that makes available to the issuer of a bill of lading adequate facilities for weighing those goods, the issuer shall ascertain the kind and quantity within a reasonable time after receiving the shipper's request in a record to do so. In that case, "shipper's weight" or words of similar import are ineffective.

(d) The issuer of a bill of lading, by including in the bill the words "shipper's weight, load, and count," or words of similar import, may indicate that the goods were loaded by the shipper, and, if that statement is true, the issuer is not liable for damages caused by the improper loading. However, omission of such words does not imply liability for damages caused by improper loading.

(e) A shipper guarantees to an issuer the accuracy at the time of shipment of the description, marks, labels, number, kind, quantity, condition, and weight, as furnished by the shipper, and the shipper shall indemnify the issuer against damage caused by inaccuracies in those particulars. This right of indemnity does not limit the issuer's responsibility or liability under the contract of carriage to any person other than the shipper.

"§ 25-7-302. Through bills of lading and similar documents of title.

(a) The issuer of a through bill of lading, or other document of title embodying an undertaking to be performed in part by a person acting as its agent or by a performing carrier, is liable to any person entitled to recover on the bill or other document for any breach by the other person or the performing carrier of its obligation under the bill or other document. However, to the extent that the bill or other document covers an undertaking to be performed overseas or in territory not contiguous to the continental United States or an undertaking including matters other than transportation, this liability for breach by the other person or the performing carrier may be varied by agreement of the parties.

(b) If goods covered by a through bill of lading or other document of title embodying an undertaking to be performed in part by a person other than the issuer are received by that person, the person is subject, with respect to its own performance while the goods are in its possession, to the obligation of the issuer. The person's obligation is discharged by delivery of the goods to another person pursuant to the bill or other document and does not include liability for breach by any other person or by the issuer.

(c) The issuer of a through bill of lading or other document of title described in subsection (a) of this section is entitled to recover from the performing carrier, or other person in possession of the goods when the breach of the obligation under the bill or other document occurred:

(1) The amount it may be required to pay to any person entitled to recover on the bill or other document for the breach, as may be evidenced by any receipt, judgment, or transcript of judgment; and

(2) The amount of any expense reasonably incurred by the issuer in defending any action commenced by any person entitled to recover on the bill or other document for the breach.

"§ 25-7-303. Diversion; reconsignment; change of instructions.

(a) Unless the bill of lading otherwise provides, a carrier may deliver the goods to a person or destination other than that stated in the bill or may otherwise dispose of the goods, without liability for misdelivery, on instructions from:

(1) The holder of a negotiable bill;

(2) The consignor on a nonnegotiable bill, even if the consignee has given contrary instructions;
(3) The consignee on a nonnegotiable bill in the absence of contrary instructions from the consignor, if the goods have arrived at the billed destination or if the consignee is in possession of the tangible bill or in control of the electronic bill; or

(4) The consignee on a nonnegotiable bill, if the consignee is entitled as against the consignor to dispose of the goods.

(b) Unless instructions described in subsection (a) of this section are included in a negotiable bill of lading, a person to whom the bill is duly negotiated may hold the bailee according to the original terms.

"§ 25-7-304. Tangible bills of lading in a set.

(a) Except as customary in international transportation, a tangible bill of lading may not be issued in a set of parts. The issuer is liable for damages caused by violation of this subsection.

(b) If a tangible bill of lading is lawfully issued in a set of parts, each of which contains an identification code and is expressed to be valid only if the goods have not been delivered against any other part, the whole of the parts constitutes one bill.

(c) If a tangible negotiable bill of lading is lawfully issued in a set of parts and different parts are negotiated to different persons, the title of the holder to which the first due negotiation is made prevails as to both the document of title and the goods even if any later holder may have received the goods from the carrier in good faith and discharged the carrier's obligation by surrendering its part.

(d) A person that negotiates or transfers a single part of a tangible bill of lading issued in a set is liable to holders of that part as if it were the whole set.

(e) The bailee shall deliver in accordance with Part 4 of this Article against the first presented part of a tangible bill of lading lawfully issued in a set. Delivery in this manner discharges the bailee's obligation on the whole bill.

"§ 25-7-305. Destination bills.

(a) Instead of issuing a bill of lading to the consignor at the place of shipment, a carrier, at the request of the consignor, may procure the bill to be issued at destination or at any other place designated in the request.

(b) Upon request of any person entitled as against a carrier to control the goods while in transit and on surrender of possession or control of any outstanding bill of lading or other receipt covering the goods, the issuer, subject to G.S. 25-7-105, may procure a substitute bill to be issued at any place designated in the request.

"§ 25-7-306. Altered bills of lading.

An unauthorized alteration or filling in of a blank in a bill of lading leaves the bill enforceable according to its original tenor.

(a) A carrier has a lien on the goods covered by a bill of lading or on the proceeds thereof in its possession for charges after the date of the carrier's receipt of the goods for storage or transportation, including demurrage and terminal charges, and for expenses necessary for preservation of the goods incident to their transportation or reasonably incurred in their sale pursuant to law. However, against a purchaser for value of a negotiable bill of lading, a carrier's lien is limited to charges stated in the bill or the applicable tariffs or, if no charges are stated, a reasonable charge.

(b) A lien for charges and expenses under subsection (a) of this section on goods that the carrier was required by law to receive for transportation is effective against the consignor or any person entitled to the goods unless the carrier had notice that the consignor lacked authority to subject the goods to those charges and expenses. Any
other lien under subsection (a) of this section is effective against the consignor and any
person that permitted the bailor to have control or possession of the goods unless the
carrier had notice that the bailor lacked authority.

(c) A carrier loses its lien on any goods that it voluntarily delivers or
unjustifiably refuses to deliver.

§ 25-7-308. Enforcement of carrier's lien.

(a) A carrier's lien on goods may be enforced by public or private sale of the
goods, in bulk or in packages, at any time or place and on any terms that are
commercially reasonable, after notifying all persons known to claim an interest in the
goods. The notification must include a statement of the amount due, the nature of the
proposed sale, and the time and place of any public sale. The fact that a better price
could have been obtained by a sale at a different time or in a method different from that
selected by the carrier is not of itself sufficient to establish that the sale was not made in
a commercially reasonable manner. The carrier sells goods in a commercially
reasonable manner if the carrier sells the goods in the usual manner in any recognized
market therefor, sells at the price current in that market at the time of the sale, or
otherwise sells in conformity with commercially reasonable practices among dealers in
the type of goods sold. A sale of more goods than apparently necessary to be offered to
ensure satisfaction of the obligation is not commercially reasonable, except in cases
covered by the preceding sentence.

(b) Before any sale pursuant to this section, any person claiming a right in the
goods may pay the amount necessary to satisfy the lien and the reasonable expenses
incurred in complying with this section. In that event, the goods may not be sold but
shall be retained by the carrier, subject to the terms of the bill of lading and this Article.

(c) A carrier may buy at any public sale pursuant to this section.

(d) A purchaser in good faith of goods sold to enforce a carrier's lien takes the
goods free of any rights of persons against which the lien was valid, despite the carrier's
noncompliance with this section.

(e) A carrier may satisfy its lien from the proceeds of any sale pursuant to this
section but shall hold the balance, if any, for delivery on demand to any person to whom
the carrier would have been bound to deliver the goods.

(f) The rights provided by this section are in addition to all other rights allowed
by law to a creditor against a debtor.

(g) A carrier's lien may be enforced pursuant to either subsection (a) of this
section or the procedure set forth in G.S. 25-7-210(b).

(h) A carrier is liable for damages caused by failure to comply with the
requirements for sale under this section and, in case of willful violation, is liable for
conversion.

§ 25-7-309. Duty of care; contractual limitation of carrier's liability.

(a) A carrier that issues a bill of lading, whether negotiable or nonnegotiable,
shall exercise the degree of care in relation to the goods which a reasonably careful
person would exercise under similar circumstances. This subsection does not affect any
statute, regulation, or rule of law that imposes liability upon a common carrier for
damages not caused by its negligence.

(b) Damages may be limited by a term in the bill of lading or in a transportation
agreement that the carrier's liability may not exceed a value stated in the bill or
transportation agreement if the carrier's rates are dependent upon value and the
consignor is afforded an opportunity to declare a higher value and the consignor is
advised of the opportunity. However, such a limitation is not effective with respect to the carrier's liability for conversion to its own use.

(c) Reasonable provisions as to the time and manner of presenting claims and commencing actions based on the shipment may be included in a bill of lading or a transportation agreement.

"PART 4.

"WAREHOUSE RECEIPTS AND BILLS OF LADING: GENERAL OBLIGATIONS.

§ 25-7-401. Irregularities in issue of receipt or bill or conduct of issuer.

The obligations imposed by this Article on an issuer apply to a document of title even if:

(1) The document does not comply with the requirements of this Article or of any other statute, rule, or regulation regarding its issuance, form, or content;
(2) The issuer violated laws regulating the conduct of its business;
(3) The goods covered by the document were owned by the bailee when the document was issued; or
(4) The person issuing the document is not a warehouse but the document purports to be a warehouse receipt.

§ 25-7-402. Duplicate document of title; overissue.

A duplicate or any other document of title purporting to cover goods already represented by an outstanding document of the same issuer does not confer any right in the goods, except as provided in the case of tangible bills of lading in a set of parts, overissue of documents for fungible goods, substitutes for lost, stolen, or destroyed documents, or substitute documents issued pursuant to G.S. 25-7-105. The issuer is liable for damages caused by its overissue or failure to identify a duplicate document by a conspicuous notation.

§ 25-7-403. Obligation of bailee to deliver; excuse.

(a) A bailee shall deliver the goods to a person entitled under a document of title if the person complies with subsections (b) and (c) of this section, unless and to the extent that the bailee establishes any of the following:

(1) Delivery of the goods to a person whose receipt was rightful as against the claimant;
(2) Damage to or delay, loss, or destruction of the goods for which the bailee is not liable;
(3) Previous sale or other disposition of the goods in lawful enforcement of a lien or on a warehouse's lawful termination of storage;
(4) The exercise by a seller of its right to stop delivery pursuant to G.S. 25-2-705 or by a lessor of its right to stop delivery pursuant to G.S. 25-2A-526;
(5) A diversion, reconsignment, or other disposition pursuant to G.S. 25-7-303;
(6) Release, satisfaction, or any other personal defense against the claimant; or
(7) Any other lawful excuse.

(b) A person claiming goods covered by a document of title shall satisfy the bailee's lien if the bailee so requests or if the bailee is prohibited by law from delivering the goods until the charges are paid.

(c) Unless a person claiming the goods is a person against whom the document of title does not confer a right under G.S. 25-7-503(a):

418
(1) The person claiming under a document shall surrender possession or control of any outstanding negotiable document covering the goods for cancellation or indication of partial deliveries; and

(2) The bailee shall cancel the document or conspicuously indicate in the document the partial delivery or the bailee is liable to any person to whom the document is duly negotiated.

"§ 25-7-404. No liability for good-faith delivery pursuant to document of title."

A bailee that in good faith has received goods and delivered or otherwise disposed of the goods according to the terms of a document of title or pursuant to this Article is not liable for the goods even if:

(1) The person from whom the bailee received the goods did not have authority to procure the document or to dispose of the goods; or

(2) The person to whom the bailee delivered the goods did not have authority to receive the goods.

"PART 5.

"WAREHOUSE RECEIPTS AND BILLS OF LADING: NEGOTIATION AND TRANSFER.

"§ 25-7-501. Form of negotiation and requirements of due negotiation.

(a) The following rules apply to a negotiable tangible document of title:

(1) If the document's original terms run to the order of a named person, the document is negotiated by the named person's indorsement and delivery. After the named person's indorsement in blank or to bearer, any person may negotiate the document by delivery alone.

(2) If the document's original terms run to bearer, it is negotiated by delivery alone.

(3) If the document's original terms run to the order of a named person and it is delivered to the named person, the effect is the same as if the document had been negotiated.

(4) Negotiation of the document after it has been indorsed to a named person requires indorsement by the named person and delivery.

(5) A document is duly negotiated if it is negotiated in the manner stated in this subsection to a holder that purchases it in good faith, without notice of any defense against or claim to it on the part of any person, and for value, unless it is established that the negotiation is not in the regular course of business or financing or involves receiving the document in settlement or payment of a monetary obligation.

(b) The following rules apply to a negotiable electronic document of title:

(1) If the document's original terms run to the order of a named person or to bearer, the document is negotiated by delivery of the document to another person. Indorsement by the named person is not required to negotiate the document.

(2) If the document's original terms run to the order of a named person and the named person has control of the document, the effect is the same as if the document had been negotiated.

(3) A document is duly negotiated if it is negotiated in the manner stated in this subsection to a holder that purchases it in good faith, without notice of any defense against or claim to it on the part of any person, and for value, unless it is established that the negotiation is not in the
regular course of business or financing or involves taking delivery of
the document in settlement or payment of a monetary obligation.

c) Indorsement of a nonnegotiable document of title neither makes it negotiable
nor adds to the transferee's rights.

d) The naming in a negotiable bill of lading of a person to be notified of the
arrival of the goods does not limit the negotiability of the bill or constitute notice to a
purchaser of the bill of any interest of that person in the goods.

§ 25-7-502. Rights acquired by due negotiation.
(a) Subject to G.S. 25-7-205 and G.S. 25-7-503, a holder to which a negotiable
document of title has been duly negotiated acquires thereby:

1. Title to the document;
2. Title to the goods;
3. All rights accruing under the law of agency or estoppel, including
   rights to goods delivered to the bailee after the document was issued; and
4. The direct obligation of the issuer to hold or deliver the goods
   according to the terms of the document free of any defense or claim by
   the issuer except those arising under the terms of the document or
   under this Article, but in the case of a delivery order, the bailee's
   obligation accrues only upon the bailee's acceptance of the delivery
   order, and the obligation acquired by the holder is that the issuer and
   any indorser will procure the acceptance of the bailee.

(b) Subject to G.S. 25-7-503, title and rights acquired by due negotiation are not
defeated by any stoppage of the goods represented by the document of title or by
surrender of the goods by the bailee and are not impaired even if:

1. The due negotiation or any prior due negotiation constituted a breach
   of duty;
2. Any person has been deprived of possession of a negotiable tangible
   document or control of a negotiable electronic document by
   misrepresentation, fraud, accident, mistake, duress, loss, theft, or
   conversion; or
3. A previous sale or other transfer of the goods or document has been
   made to a third person.

§ 25-7-503. Document of title to goods defeated in certain cases.
(a) A document of title confers no right in goods against a person that before
issuance of the document had a legal interest or a perfected security interest in the goods
and that did not:

1. Deliver or entrust the goods or any document of title covering the
   goods to the bailor or the bailor's nominee with:
   a. Actual or apparent authority to ship, store, or sell;
   b. Power to obtain delivery under G.S. 25-7-403;
      25-2A-305(2), 25-9-320, or 25-9-321(e) or other statute or rule
      of law;
2. Acquiesce in the procurement by the bailor or its nominee of any
   document.
(b) Title to goods based upon an unaccepted delivery order is subject to the rights
of any person to whom a negotiable warehouse receipt or bill of lading covering the
goods has been duly negotiated. That title may be defeated under G.S. 25-7-504 to the same extent as the rights of the issuer or a transferee from the issuer.

(c) Title to goods based upon a bill of lading issued to a freight forwarder is subject to the rights of any person to which a bill issued by the freight forwarder is duly negotiated. However, delivery by the carrier in accordance with Part 4 of this Article pursuant to its own bill of lading discharges the carrier's obligation to deliver.

§ 25-7-504. Rights acquired in absence of due negotiation; effect of diversion; stoppage of delivery.

(a) A transferee of a document of title, whether negotiable or nonnegotiable, to which the document has been delivered but not duly negotiated, acquires the title and rights that its transferor had or had actual authority to convey.

(b) In the case of a transfer of a nonnegotiable document of title, until but not after the bailee receives notice of the transfer, the rights of the transferee may be defeated:

(1) By those creditors of the transferor which could treat the transfer as void under G.S. 25-2-402 or G.S. 25-2A-308;

(2) By a buyer from the transferor in ordinary course of business if the bailee has delivered the goods to the buyer or received notification of the buyer's rights;

(3) By a lessee from the transferor in ordinary course of business if the bailee has delivered the goods to the lessee or received notification of the lessee's rights; or

(4) As against the bailee, by good-faith dealings of the bailee with the transferor.

(c) A diversion or other change of shipping instructions by the consignor in a nonnegotiable bill of lading which causes the bailee not to deliver the goods to the consignee defeats the consignee's title to the goods if the goods have been delivered to a buyer in ordinary course of business or a lessee in ordinary course of business and, in any event, defeats the consignee's rights against the bailee.

(d) Delivery of the goods pursuant to a nonnegotiable document of title may be stopped by a seller under G.S. 25-2-705 or a lessor under G.S. 25-2A-526, subject to the requirements of due notification in those sections. A bailee that honors the seller's or lessor's instructions is entitled to be indemnified by the seller or lessor against any resulting loss or expense.

§ 25-7-505. Indorser not guarantor for other parties.

The indorsement of a tangible document of title issued by a bailee does not make the indorser liable for any default by the bailee or previous indorsers.

§ 25-7-506. Delivery without indorsement; right to compel indorsement.

The transferee of a negotiable tangible document of title has a specifically enforceable right to have its transferor supply any necessary indorsement, but the transfer becomes a negotiation only as of the time the indorsement is supplied.

§ 25-7-507. Warranties on negotiation or delivery of document of title.

If a person negotiates or delivers a document of title for value, otherwise than as a mere intermediary under G.S. 25-7-508, unless otherwise agreed, the transferor, in addition to any warranty made in selling or leasing the goods, warrants to its immediate purchaser only that:

(1) The document is genuine;

(2) The transferor does not have knowledge of any fact that would impair the document's validity or worth; and
(3) The negotiation or delivery is rightful and fully effective with respect to the title to the document and the goods it represents.

"§ 25-7-508. Warranties of collecting bank as to documents of title.

A collecting bank or other intermediary known to be entrusted with documents of title on behalf of another or with collection of a draft or other claim against delivery of documents warrants by the delivery of the documents only its own good faith and authority even if the collecting bank or other intermediary has purchased or made advances against the claim or draft to be collected.

"§ 25-7-509. Adequate compliance with commercial contract.

Whether a document of title is adequate to fulfill the obligations of a contract for sale, a contract for lease, or the conditions of a letter of credit is determined by Article 2, 2A, or 5 of this Chapter.

"PART 6.

"WAREHOUSE RECEIPTS AND BILLS OF LADING: MISCELLANEOUS PROVISIONS.

"§ 25-7-601. Lost, stolen, or destroyed documents of title.

(a) If a document of title is lost, stolen, or destroyed, a court may order delivery of the goods or issuance of a substitute document, and the bailee may without liability to any person comply with the order. If the document was negotiable, a court may not order delivery of the goods or issuance of a substitute document without the claimant's posting security unless it finds that any person who may suffer loss as a result of nonsurrender of possession or control of the document is adequately protected against the loss. If the document was nonnegotiable, the court may require security. The court may also order payment of the bailee's reasonable costs and attorneys' fees in any action under this subsection.

(b) A bailee that, without a court order, delivers goods to a person claiming under a missing negotiable document of title is liable to any person injured thereby. If the delivery is not in good faith, the bailee is liable for conversion. Delivery in good faith is not conversion if the claimant posts security with the bailee in an amount at least double the value of the goods at the time of posting to indemnify any person injured by the delivery that files a notice of claim within one year after the delivery.

Unless a document of title was originally issued upon delivery of the goods by a person that did not have power to dispose of them, a lien does not attach by virtue of any judicial process to goods in the possession of a bailee for which a negotiable document of title is outstanding unless possession or control of the document is first surrendered to the bailee or the document's negotiation is enjoined. The bailee may not be compelled to deliver the goods pursuant to process until possession or control of the document is surrendered to the bailee or to the court. A purchaser of the document for value without notice of the process or injunction takes free of the lien imposed by judicial process.

"§ 25-7-603. Conflicting claims; interpleader.

If more than one person claims title to or possession of the goods, the bailee is excused from delivery until the bailee has a reasonable time to ascertain the validity of the adverse claims or to commence an action for interpleader. The bailee may assert an interpleader either in defending an action for nondelivery of the goods or by original action."
SUBPART B. CONFORMING AMENDMENTS TO OTHER ARTICLES OF
THE UNIFORM COMMERCIAL CODE.

SECTION 26. G.S. 25-1-201(b), as enacted by Part I of this act, reads as

of possession.

(16) "Document of title" includes bill of lading, dock warrant, dock receipt,
warehouse receipt or order for the delivery of goods, and also any
other document which means a record (i) that in the regular course of
business or financing is treated as adequately evidencing that the
person in possession or control of it is entitled to receive,
control, hold, and dispose of the record and the goods it
covers, the record covers and (ii) that purports to be issued by or
addressed to a bailee and to cover goods in the bailee's possession
which are either identified or are fungible portions of an identified
mass. The term includes a bill of lading, transport document, dock
warrant, dock receipt, warehouse receipt, and order for delivery of
goods. To be a document of title, a document must purport to be issued
by or addressed to a bailee and purport to cover goods in the bailee's
possession which are either identified or are fungible portions of an
identified mass. An electronic document of title means a document of
title evidenced by a record consisting of information stored in an
electronic medium. A tangible document of title means a document of
title evidenced by a record consisting of information that is inscribed
on a tangible medium.

... (21) "Holder" means:

a. The person in possession of a negotiable instrument that is
payable either to bearer or to an identified person that is the
person in possession; or

SECTION 27. G.S. 25-2-103(3) reads as rewritten:

"Control" as provided in G.S. 25-7-106 and the following definitions in other Articles apply to this article:

"Check." G.S. 25-3-104.
"Consignee." G.S. 25-7-102.
"Consignor." G.S. 25-7-102.
"Draft." G.S. 25-3-104.

SECTION 28. G.S. 25-2-104(2) reads as rewritten:

"Financing agency" means a bank, finance company or other person who in the ordinary course of business makes advances against goods or documents of title or who by arrangement with either the seller or the buyer intervenes in ordinary course to make or collect payment due or claimed under the contract for sale, as by purchasing or paying the seller's draft or making advances against it or by merely taking it for collection whether or not documents of title accompany or are associated with the draft. "Financing agency" includes also a bank or other person who similarly intervenes between persons who are in the position of seller and buyer in respect to the goods (G.S. 25-2-707).

SECTION 29. G.S. 25-2-310 reads as rewritten:

§ 25-2-310. Open time for payment or running of credit; authority to ship under reservation.

Unless otherwise agreed
(a) payment is due at the time and place at which the buyer is to receive the goods even though the place of shipment is the place of delivery; and
(b) if the seller is authorized to send the goods he may ship them under reservation, and may tender the documents of title, but the buyer may inspect the goods after their arrival before payment is due unless such inspection is inconsistent with the terms of the contract (G.S. 25-2-513); and
(c) if delivery is authorized and made by way of documents of title otherwise than by subsection (b) then payment is due regardless of where the goods are to be received (i) at the time and place at which the buyer is to receive delivery of the tangible documents or (ii) at the time the buyer is to receive delivery of the electronic documents and at the seller’s place of business or if none, the seller’s residence; regardless of where the goods are to be received; and
(d) where the seller is required or authorized to ship the goods on credit the credit period runs from the time of shipment but postdating the invoice or delaying its dispatch will correspondingly delay the starting of the credit period.

SECTION 30. G.S. 25-2-323(2) reads as rewritten:
"(2) Where in a case within subsection (1) of this section a tangible bill of lading has been issued in a set of parts, unless otherwise agreed if the documents are not to be sent from abroad the buyer may demand tender of the full set; otherwise only one part of the bill of lading need be tendered. Even if the agreement expressly requires a full set (a) due tender of a single part is acceptable within the provisions of this article Article on cure of improper delivery (subsection (1) of G.S.25-2-508); and (b) even though the full set is demanded, if the documents are sent from abroad the person tendering an incomplete set may nevertheless require payment upon furnishing an indemnity which the buyer in good faith deems adequate."

SECTION 31. G.S. 25-2-401(3) reads as rewritten: "(3) Unless otherwise explicitly agreed where delivery is to be made without moving the goods, (a) if the seller is to deliver a tangible document of title, title passes at the time when and the place where he delivers such documents; documents and if the seller is to deliver an electronic document of title, title passes when the seller delivers the document; or (b) if the goods are at the time of contracting already identified and no documents of title are to be delivered, title passes at the time and place of contracting."

SECTION 32. G.S. 25-2-503(4) and (5) read as rewritten: "(4) Where goods are in the possession of a bailee and are to be delivered without being moved (a) tender requires that the seller either tender a negotiable document of title covering such goods or procure acknowledgment by the bailee of the buyer's right to possession of the goods; but (b) tender to the buyer of a non-negotiable document of title or of a written direction to record directing the bailee to deliver is sufficient tender unless the buyer seasonably objects, and, except as otherwise provided in Article 9 of this Chapter, receipt by the bailee of notification of the buyer's rights fixes those rights as against the bailee and all third persons; but risk of loss of the goods and of any failure by the bailee to honor the nonnegotiable document of title or to obey the direction remains on the seller until the buyer has had a reasonable time to present the document or direction, and a refusal by the bailee to honor the document or to obey the direction defeats the tender. (5) Where the contract requires the seller to deliver documents (a) he must tender all such documents in correct form, except as provided in this article with respect to bills of lading in a set (subsection (2) of G.S. 25-2-323); and (b) tender through customary banking channels is sufficient and dishonor of a draft accompanying or associated with the documents constitutes non-acceptance or rejection."

SECTION 33. G.S. 25-2-505 reads as rewritten: "§ 25-2-505. Seller's shipment under reservation. (1) Where the seller has identified goods to the contract by or before shipment: (a) his procurement of a negotiable bill of lading to his own order or otherwise reserves in him a security interest in the goods. His
procurement of the bill to the order of a financing agency or of the buyer indicates in addition only the seller's expectation of transferring that interest to the person named.

(b) a nonnegotiable bill of lading to himself or his nominee reserves possession of the goods as security but except in a case of conditional delivery (subsection (2) of G.S. 25-2-507) a nonnegotiable bill of lading naming the buyer as consignee reserves no security interest even though the seller retains possession or control of the bill of lading.

(2) When shipment by the seller with reservation of a security interest is in violation of the contract for sale it constitutes an improper contract for transportation within the preceding section G.S. 25-2-504 but impairs neither the rights given to the buyer by shipment and identification of the goods to the contract nor the seller's powers as a holder of a negotiable document of title.

SECTION 34. G.S. 25-2-506(2) reads as rewritten:

"(2) The right to reimbursement of a financing agency which has in good faith honored or purchased the draft under commitment to or authority from the buyer is not impaired by subsequent discovery of defects with reference to any relevant document which was apparently regular on its face, regular."

SECTION 35. G.S. 25-2-509(2) reads as rewritten:

"(2) Where the goods are held by a bailee to be delivered without being moved, the risk of loss passes to the buyer

(a) on his receipt of possession or control of a negotiable document of title covering the goods; or

(b) on acknowledgment by the bailee of the buyer's right to possession of the goods; or

(c) after his receipt of possession or control of a nonnegotiable document of title or other written direction to deliver, deliver in a record, as provided in subsection (4)(b) of G.S. 25-2-503."

SECTION 36. G.S. 25-2-605(2) reads as rewritten:

"(2) Payment against documents made without reservation of rights precludes recovery of the payment for defects apparent on the face of the documents."

SECTION 37. G.S. 25-2-705(2) and (3) read as rewritten:

"(2) As against such buyer the seller may stop delivery until

(a) receipt of the goods by the buyer; or

(b) acknowledgment to the buyer by any bailee of the goods except a carrier that the bailee holds the goods for the buyer; or

(c) such acknowledgment to the buyer by a carrier by reshipment or as warehouseman; a warehouse; or

(d) negotiation to the buyer of any negotiable document of title covering the goods.

(3) (a) To stop delivery the seller must so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.

(b) After such notification the bailee must hold and deliver the goods according to the directions of the seller but the seller is liable to the bailee for any ensuing charges or damages.

(c) If a negotiable document of title has been issued for goods the bailee is not obliged to obey a notification to stop until surrender of possession or control of the document.
(d) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

      (a) "Buyer in ordinary course of business" means a person who, in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. "Leasing" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving acquiring goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

AN ACT TO AMEND THE LAW RELATING TO THE PROTECTION OF ANIMALS, AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

The General Assembly of North Carolina enacts:

PART I. CIVIL REMEDY FOR CRUELTY AMENDMENTS.

SECTION 1.1. G.S. 19A-3 reads as rewritten:

"§ 19A-3. Preliminary injunction; care of animal pending hearing on the merits.

(a) Upon the filing of a verified complaint in the district court in the county in which cruelty to an animal has allegedly occurred, the judge may, as a matter of discretion, issue a preliminary injunction in accordance with the procedures set forth in G.S. 1A-1, Rule 65. Every such preliminary injunction, if the complainant—plaintiff so requests, may give the complainant—plaintiff the right to provide suitable care for the animal. If it appears on the face of the complaint that the condition giving rise to the cruel treatment of an animal requires the animal to be removed from its owner or other person who possesses it, then it shall be proper for the court in the preliminary injunction to allow the complainant—plaintiff to take possession of the animal as custodian.

(b) The plaintiff as custodian may employ a veterinarian to provide necessary medical care for the animal without any additional court order. Prior to taking such action, the plaintiff as custodian shall consult with, or attempt to consult with, the defendant in the action, but the plaintiff as custodian may authorize such care without the defendant's consent. Notwithstanding the provisions of this subsection, the plaintiff as custodian may not have an animal euthanized without written consent of the
defendant or a court order that authorizes euthanasia upon the court's finding that the animal is suffering due to terminal illness or terminal injury.

(c) The plaintiff as custodian may place an animal with a foster care provider. The foster care provider shall return the animal to the plaintiff as custodian on demand."

SECTION 1.2. G.S. 19A-4 reads as rewritten:

"§ 19A-4. Permanent injunction.
(a) In accordance with G.S. 1A-1, Rule 65, a district court judge in the county in which the original action was brought shall determine the merits of the action by trial without a jury, and upon hearing such evidence as may be presented, shall enter orders as the court deems appropriate, including a permanent injunction and dismissal of the action along with dissolution of any preliminary injunction that had been issued.

(b) If the plaintiff prevails, the court in its discretion may include the costs of food, water, shelter, and care, including medical care, provided to the animal, less any amounts deposited by the defendant under G.S. 19A-70, as part of the costs allowed to the plaintiff under G.S. 6-18. In addition, if the court finds by a preponderance of the evidence that even if a permanent injunction were issued there would exist a substantial risk that the animal would be subjected to further cruelty if returned to the possession of the defendant, the court may terminate the defendant's ownership and right of possession of the animal and transfer ownership and right of possession to the plaintiff or other appropriate successor owner. For good cause shown, the court may also enjoin the defendant from acquiring new animals for a specified period of time or limit the number of animals the defendant may own or possess during a specified period of time.

(c) If the final judgment entitles the defendant to regain possession of the animal, the custodian shall return the animal, including taking any necessary steps to retrieve the animal from a foster care provider.

(d) The court shall consider and may provide for custody and care of the animal until the time to appeal expires or all appeals have been exhausted."
(b) Upon receipt of a petition, the court shall set a hearing on the petition to determine the need to care for and provide for the animal pending the disposition of the litigation. The hearing shall be conducted no less than 10 and no more than 15 business days after the petition is filed. The operator of the animal shelter shall mail written notice of the hearing and a copy of the petition to the defendant at the address contained in the criminal charges, charges or the complaint or summons by which a civil action was initiated. If the defendant is in a local detention facility at the time the petition is filed, the operator of the animal shelter shall also provide notice to the custodian of the detention facility.

(c) The court shall set the amount of funds necessary for 30 days' care after taking into consideration all of the facts and circumstances of the case, including the need to care for and provide for the animal pending the disposition of the litigation, the recommendation of the operator of the animal shelter, the estimated cost of caring for and providing for the animal, as well as the defendant's ability to pay. If the court determines that the defendant is unable to deposit funds, the court may consider issuing an order under subsection (f) of this section.

Any order for funds to be deposited pursuant to this section shall state that if the operator of the animal shelter files an affidavit with the clerk of superior court, at least two business days prior to the expiration of a 30-day period, stating that, to the best of the shelter's knowledge, the criminal case against the defendant has not yet been resolved, the order shall be automatically renewed every 30 days until the criminal case is resolved.

(d) If the court orders that funds be deposited, the amount of funds necessary for 30 days shall be posted with the clerk of superior court. The defendant shall also deposit the same amount with the clerk of superior court every 30 days thereafter until the criminal charges are litigation is resolved, unless the defendant requests a hearing no less than five business days prior to the expiration of a 30-day period. If the defendant fails to deposit the funds within five business days of the initial hearing, or five business days of the expiration of a 30-day period, the dogs are forfeited by operation of law. If funds have been deposited in accordance with this section, the operator of the animal shelter may draw from the funds the actual costs incurred in caring for the dogs.

In the event of forfeiture, the animal shelter may determine whether any of the dogs is suitable for adoption and whether adoption can be arranged for any of the dogs. The dogs may not be adopted by the defendant or by any person residing in the defendant's household. This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations, when furnished in furtherance of their nonprofit purpose, by summer camps, or by businesses that offer to rent no more than five units.

(a1) Authorization of Additional Tax. – In addition to the tax authorized by subsection (a) of this section, the Martin County Board of Commissioners may levy an additional room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(c) Administration. The county shall administer a tax levied under this section. H.B. 2127  Session Law 2006-138

AN ACT TO AUTHORIZE THE ADDITION OF MOUNTAIN BOG STATE NATURAL AREA AND SANDY RUN SAVANNAS STATE NATURAL AREA TO THE STATE PARKS SYSTEM, AND TO DIRECT THE DIVISION OF PARKS AND RECREATION OF THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO STUDY THE FEASIBILITY AND DESIRABILITY OF ESTABLISHING A STATE PARK AT CABIN LAKE.

Whereas, Section 5 of Article XIV of the North Carolina Constitution states that it shall be a proper function of the State of North Carolina to acquire and preserve park, recreational, and scenic areas and, in every other appropriate way, to preserve as a part of the common heritage of this State its open lands and places of beauty; and

Whereas, the General Assembly enacted the State Parks Act in 1987, declaring that the State of North Carolina offers unique archaeological, geological, biological, scenic, and recreational resources, and that such resources are part of the heritage of the people of the State to be preserved and managed by those people for their use and for the use of their visitors and descendants; and

Whereas, mountain bogs are wetlands that support a variety of rare and unique species. Because of their location on small flat sites in the mountains, bogs are highly vulnerable to damage from clearing, grading, and development. Very few of North Carolina's mountain bogs remain intact, and they are one of the State's most endangered habitats; and

Whereas, Mountain Bog State Natural Area would be comprised of two mountain bogs, Sugar Mountain Bog and Pineola Bog; and
Whereas, rare species found at one or both of the bogs include the bog turtle, bog rose, bog fern, cranberry, gray's lily, large purple-fringed orchid, purple-leaf willowherb, four-toed salamander, and Baltimore checkerspot; and

Whereas, the Mountain Bog site has been found to possess biological resources of statewide significance; and

Whereas, savannas are renowned for extraordinary plant diversity and high numbers of rare species. Savannas are an important component of the State's natural landscape, but are poorly represented in the existing State Parks System; and

Whereas, the Sandy Run Savannas State Natural Area would be comprised of a cluster of nationally significant savannas along the border of Pender and Onslow Counties; and

Whereas, the Sandy Run Savannas site is important as a military buffer and is strategically located as a hub surrounded by Camp Lejeune, Holly Shelter Game Land, and Angola Bay Game Land; and

Whereas, the Sandy Run Savannas site contains rare species that include Venus flytrap, golden sedge, red-cockaded woodpecker, Cooley's meadowrue, yellow fringeless orchid, Carolina goldenrod, and rough-leaf loosestrife; and

Whereas, the Sandy Run Savannas site has been found to possess biological resources of statewide significance; and

Whereas, Cabin Lake possesses significant scenic and recreational resources; and

Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly authorizes the Department of Environment and Natural Resources to add Mountain Bog State Natural Area to the State Parks System as provided in G.S. 113-44.14(b).

The study shall include estimates of the cost of developing the proposed park. The Division shall report its findings and recommendations, including any legislative proposals, to the Environmental Review Commission on or before 15 January 2007.

S.B. 1156

AN ACT TO ESTABLISH THE NORTH CAROLINA DAIRY STABILIZATION AND GROWTH FUND TO PROVIDE CRITICAL SUPPORT FOR THE NORTH CAROLINA DAIRY INDUSTRY.
The General Assembly of North Carolina enacts:

SECTION 1. Chapter 106 of the General Statutes is amended by adding a new Article to read:

"Article 68A.
"North Carolina Dairy Stabilization and Growth Program.

§ 106-812. Findings.
(a) The General Assembly finds that North Carolina has suffered a significant loss of its traditional industrial and agricultural economic base. The State's dairy industry is at serious risk of total collapse unless milk prices reach levels sufficient to allow dairy farmers to meet production costs. At the same time, North Carolina is experiencing rapid population growth and urbanization. This growth and urbanization have fueled a rapid loss of prime agricultural land and green space, resulting in a decline in the quality of life for which the State is known.

(b) The General Assembly finds that the dairy industry in North Carolina makes a substantial economic, environmental, and quality-of-life contribution to the well-being of the citizens of the State. The dairy industry, including both producers and processors, currently contributes over six hundred million dollars ($600,000,000) and 3,000 jobs to the State's economy. Properly managed dairy farms help maintain green space, keep prime agricultural land under production, maintain water quality, enhance food security, and provide a local supply of fresh milk at a reasonable cost to the consumer and to processors in the State. An adequate local milk supply has become increasingly important as transportation costs escalate, making the importation of milk from out-of-state increasingly expensive. The General Assembly finds, however, that despite its importance to the State's economic and environmental well-being, North Carolina's dairy industry is under severe economic pressure, and milk production is declining at an alarming rate. According to United States Department of Agriculture statistics, since 1985 the State has lost sixty-seven percent (67%) of its dairy farms and thirty-five percent (35%) of its processing facilities. North Carolina dairy farms no longer produce sufficient milk for North Carolina's processing facilities to operate. Milk must be imported 10 out of 12 months each year to keep these processing facilities functioning. Further, farm prices for milk exhibit great volatility, creating financial risk and discouraging investment. The General Assembly finds that it is essential to a viable North Carolina dairy industry to have locally produced milk available to processors in the State. The General Assembly further finds that it is essential to the well-being of the citizens of the State to have a local supply of fresh milk available at reasonable cost and not subject to the vagaries of transportation costs and production conditions in other regions of the country.

(c) The General Assembly finds that one of the primary reasons for the decline in milk production in the State is the gap between the price paid to farmers for milk under the federal milk programs and the actual cost of production. Inability to meet production costs combined with increasing land prices have led many milk producers to sell their farms for development and retire or turn to other employment. The General Assembly finds that the most effective means to ensure the continuation of a viable dairy industry in this State is to establish a price floor for milk to enable dairy farmers to meet their production costs. It is the intent of the General Assembly to establish a price support program that will stabilize and reverse the decline in the local milk supply and in the dairy industry in the State and encourage new producers to enter the dairy industry. Sustaining and growing North Carolina's dairy industry will advance the State's goals of preserving and enhancing its economic base and improving the quality of life in the
State through maintaining green space and water quality and assuring an adequate local supply of fresh milk.

(a) The North Carolina Dairy Stabilization and Growth Fund is created as a nonreverting account in the Department of Agriculture and Consumer Services. The Fund shall consist of any money appropriated to the Fund by the General Assembly and money made available to it from grants, donations, and other sources. The Board of Agriculture shall actively seek donations, grants, and other sources of money for the Fund.

(b) The Board shall use the monies in the Fund as follows:

(1) Up to two percent (2%) of the money appropriated annually by the General Assembly may be used by the Department for the costs of administering the Dairy Stabilization and Growth Program. In the event that the General Assembly does not make an appropriation to the Fund in a given year, up to two percent (2%) of the balance remaining in the Fund may be used by the Department for the costs of administering the Program.

(2) The monies remaining after administrative expenses are deducted shall be used to provide assistance to North Carolina dairy farmers in accordance with the provisions of G.S. 106-814.

(3) At the end of any fiscal year in which the total payments to North Carolina dairy farmers under G.S. 106-814 are less than fifty percent (50%) of the amount appropriated by the General Assembly for the year, five percent (5%) of the unspent appropriation for the year may be set aside for use in that year and subsequent years for programs to support the development of the dairy industry.

(a) On 1 July of each year the Board of Agriculture shall set a milk support baseline price. The baseline price per hundredweight of milk shall be the average United States Department of Agriculture Federal Milk Market Order Class I price mover for the previous 10 years less fifty cents (50¢).

(b) The Board shall adopt rules implementing the provisions of this Article. The rules shall include criteria for eligibility for distributions from the Fund, procedures for applications for distributions from the Fund, the method by which the amount of a payment to a producer shall be calculated, and the manner of payment to producers.

(c) Each month the Board shall determine whether the monthly announced United States Department of Agriculture Federal Milk Market Order Class I price mover has dropped below the baseline price set for the year. If the monthly announced Class I price mover is lower than the baseline price, then each producer who meets the requirements of subsection (f) of this section shall become eligible for a distribution from the Fund in an amount equal to the difference between the baseline price and the monthly announced Class I price mover multiplied by the hundredweight of milk sold by the producer for the month.

(d) Under exceptional circumstances, and in the discretion of the Board, the amount of any monthly distribution as calculated by the formula set forth in subsection (c) of this section may be increased by an amount not to exceed one dollar ($1.00) per hundredweight of milk sold in that month.
(e) Distributions shall be made to eligible producers at least quarterly, unless in the judgment of the Board the payment amounts are trivial. All payments under the Program are subject to the availability of funds.

(f) To be eligible to receive assistance from the Dairy Stabilization and Growth Fund, a dairy farmer shall demonstrate to the satisfaction of the Board that they are in compliance with the following rules and regulations:

1. For Grade A milk producers, the federal Grade A milk regulations.
2. For non-Grade A producers, Article 26 of Chapter 106 of the General Statutes and the rules implementing that Article.

(g) Farmers who fail to demonstrate compliance with applicable rules and regulations shall become ineligible for assistance from the Fund until compliance is attained.

SECTION 2. The Commissioner of Agriculture shall file a report no later than 31 March of each year with the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Natural and Economic Resources, the Chair of the House of Representatives Agriculture Committee, and the Chair of the Senate Committee on Agriculture, Environment, and Natural Resources which shall include the following:

1. The short- and long-term problems associated with maintaining a viable dairy industry in the State.
2. Ways to sustain the existing dairy industry in the State.
3. Opportunities to expand the dairy industry, including attracting both new dairy producers and new processors to the State.
4. The contribution of dairy farms to the maintenance of prime agricultural land and the quality of life in the State.
5. An analysis of the effectiveness of the Dairy Stabilization and Growth Program in achieving the goals of maintaining a local supply of fresh milk for processing and consumption, facilitating the entry of young farmers into the dairy industry, and preserving green space along the urban fringe.
6. Other factors that impact the dairy industry in the State.

"§ 90-14. Revocation, suspension, annulment or denial of license.

(a) The Board shall have the power to place on probation with or without conditions, impose limitations and conditions on, publicly reprimand, assess monetary redress, issue public letters of concern, mandate free medical services, require satisfactory completion of treatment programs or remedial or educational training, fine, deny, annul, suspend, or revoke a license or other authority to practice medicine in this State, issued by the Board to any person who has been found by the Board to have committed any of the following acts or conduct, or for any of the following reasons:

(1) Immoral or dishonorable conduct.
(2) Producing or attempting to produce an abortion contrary to law.
(3) Made false statements or representations to the Board, or who has willfully concealed from the Board material information in connection with an application for a license.

The Board is empowered and authorized to require a physician licensed by it to submit to a mental or physical examination by physicians designated by the Board before or after charges may be presented against the physician, and the results of the examination shall be admissible in evidence in a hearing before the Board.
(6) Unprofessional conduct, including, but not limited to, departure from, or the failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the medical profession, irrespective of whether or not a patient is injured thereby, or the committing of any act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician's practice or otherwise, and whether committed within or without North Carolina. The Board shall not revoke the license of or deny a license to a person solely because of that person's practice of a therapy that is experimental, nontraditional, or that departs from acceptable and prevailing medical practices unless, by competent evidence, the Board can establish that the treatment has a safety risk greater than the prevailing treatment or that the treatment is generally not effective.
(7) Conviction in any court of a crime involving moral turpitude, or the violation of a law involving the practice of medicine, or a conviction of a felony; provided that a felony conviction shall be treated as provided in subsection (c) of this section.

(9) Has advertised or publicly professed to treat human ailments under a system or school of treatment or practice other than that for which the physician has been educated.

(10) Adjudication of mental incompetency, which shall automatically suspend a license unless the Board orders otherwise.

(11) Lack of professional competence to practice medicine with a reasonable degree of skill and safety for patients. In this connection the Board may consider repeated acts of a physician indicating the physician's failure to properly treat a patient. The Board may, upon reasonable grounds, require a physician to submit to inquiries or examinations, written or oral, by members of the Board or by other physicians licensed to practice medicine in this State, as the Board deems necessary to determine the professional qualifications of such licensee. In order to annul, suspend, deny, or revoke a license of an accused person, the Board shall find by the greater weight of the evidence that the care provided was not in accordance with the standards of practice for the procedures or treatments administered.

(11a) Not actively practiced medicine or practiced as a physician assistant, or having not maintained continued competency, as determined by the Board, for the two-year period immediately preceding the filing of an application for an initial license from the Board or a request, petition, motion, or application to reactivate an inactive, suspended, or revoked license previously issued by the Board. The Board is authorized to adopt any rules or regulations it deems necessary to carry out the provisions of this subdivision.

(12) Promotion of the sale of drugs, devices, appliances or goods for a patient, or providing services to a patient, in such a manner as to exploit the patient, and upon a finding of the exploitation, the Board may order restitution be made to the payer of the bill, whether the patient or the insurer, by the physician; provided that a determination of the amount of restitution shall be based on credible testimony in the record.

(13) Having a license to practice medicine or the authority to practice medicine revoked, suspended, restricted, or acted against or having a license to practice medicine denied by the licensing authority of any jurisdiction. For purposes of this subdivision, the licensing authority's acceptance of a license to practice medicine voluntarily relinquished by a physician or relinquished by stipulation, consent order, or other settlement in response to or in anticipation of the filing of administrative charges against the physician's license, is an action against a license to practice medicine.

(14) The failure to respond, within a reasonable period of time and in a reasonable manner as determined by the Board, to inquiries from the Board concerning any matter affecting the license to practice medicine.
(15) The failure to complete an amount not to exceed 150 hours of continuing medical education during any three consecutive calendar years pursuant to rules adopted by the Board.

AN ACT TO PROVIDE FOR A VOLUNTARY MEDIATION PROGRAM FOR RESIDENTIAL PROPERTY INSURANCE CLAIMS CAUSED BY DISASTERS, TO REQUIRE SELLERS OF PROPERTY INSURANCE TO DISCLOSE MAJOR PERILS THAT ARE NOT COVERED, TO PROVIDE FOR THE TOLLING OF TIME PERIODS IN PROPERTY INSURANCE POLICIES IN DISASTER SITUATIONS, TO PROVIDE FOR THE TOLLING OF TIME PERIODS IF THE OPERATIONS OF THE DEPARTMENT OF INSURANCE ARE INTERRUPTED BY FORCE MAJEURE, AND TO AUTHORIZE MOTOR VEHICLE SELF-INSURANCE FOR CERTAIN RELIGIOUS ORGANIZATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 44 of Chapter 58 of the General Statutes is amended by renaming the title of Article 44 to "Property Insurance Policies," by designating G.S. 58-44-1 through G.S. 58-44-55 of Article 44 as Part 1, entitled "Policy Provisions," and by adding the following new Part 2:

"Part 2. Mediation of Emergency or Disaster-Related Property Insurance Claims.

§ 58-44-70. Purpose and scope.

(a) This Part creates a nonadversarial alternative dispute resolution procedure for a facilitated claim resolution conference prompted by the critical need for effective, fair, and timely handling of insurance claims arising out of damages to residential property as the result of a disaster. This Part applies only if a state of disaster has been proclaimed for the State or for an area within the State by the Governor under G.S. 166A-6; or if the President of the United States has issued a major disaster declaration for the State or for an area within the State under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121, et seq., as amended.

(b) The procedure established by this Part is available to all first-party claimants who have insurance claims resulting from damage to residential property occurring in this State. This Part does not apply to commercial insurance, motor vehicle insurance, or to liability coverage contained in property insurance policies.

(c) The Commissioner may designate a person, either within the Department or outside of the Department, as the Administrator or other functionary to carry out any of the Commissioner's duties under this Part.

§ 58-44-75. Definitions.

As used in this Part:
(1) Administrator. – The Commissioner or the Commissioner's designee; and the term is used interchangeably with regard to the Commissioner's duties under this Part.

(2) Disaster. – As defined in G.S. 166A-4(1).

(3) Disputed claim. – Any matter on which there is a dispute as to the cause of loss or amount of loss, for which the insurer has denied payment, in part or whole, with respect to claims arising from a disaster. Unless the parties agree to mediate a disputed claim involving a lesser amount, a "disputed claim" involves the insured requesting one thousand five hundred dollars ($1,500) or more to settle the dispute, or the difference between the positions of the parties is one thousand five hundred dollars ($1,500) or more. "Disputed claim" does not include a dispute with respect to which the insurer has reported allegations of fraud, based on a referral to the insurer's special investigative unit, to the Commissioner. A disputed claim does not include one in which there has been a denial of coverage for the loss because of exclusions in the policy, terms in the policy, conditions in the policy, or nonexistence of the policy at the time of the loss.

(4) Mediation. – As defined in G.S. 7A-38.1(b)(2).

(5) Mediator. – A neutral person who acts to encourage and facilitate a resolution of a claim.

(6) Party or parties. – The insured and his or her insurer, including a surplus lines insurer and the underwriting associations in Articles 45 and 46 of this Chapter, when applicable.

§ 58-44-80. Notification of right to mediate.
(a) Insurers shall notify their insureds in this State who have claimed damage to their residential properties as a result of a disaster of their right to mediate disputed claims. This requirement applies to all disputed claims, including instances where checks have been issued by the insurer to the insured.

(b) The insurer shall mail a notice of the right to mediate disputed claims to an insured within five days after the time the insured or the Administrator notifies the insurer of a dispute regarding the insured's claim. The following apply:

(1) If the insurer has not been notified of a disputed claim before the time an insurer notifies the insured that a claim has been denied in whole or in part, the insurer shall mail a notice of the right to mediate to the insured in the same mailing as the notice of denial.

(2) The insurer is not required to send a notice of the right to mediate if a claim is denied because the amount of the claim is less than the insured's deductible.

(3) The mailing that contains the notice of the right to mediate shall include any consumer brochure on mediation developed by the Commissioner.

(4) Notification shall be in writing and shall be legible, conspicuous, and printed in at least 12-point type.

(5) The first paragraph of the notice shall contain the following statement: "The General Assembly of North Carolina has enacted a law to facilitate fair and timely handling of residential property insurance claims arising out of disasters. The law gives you the right to attend a mediation conference with your insurer in order to settle any dispute..."
you have with your insurer about your claim. An independent mediator, who has no connection with your insurer, will be in charge of the mediation conference."

(c) The notice shall also:
   (1) Include detailed instructions on how the insured is to request mediation, including name, address, and phone and fax numbers for requesting mediation through the Administrator.
   (2) Include the insurer's address and phone number for requesting additional information.
   (3) State that the Administrator will select the mediator.

"§ 58-44-85. Request for mediation.
(a) If an insured requests mediation before receipt of the notice of the right to mediate or if the date of the notice cannot be established, the insurer shall be notified by the Administrator of the existence of the dispute before the Administrator processes the insured's request for mediation. An insured must request mediation within 60 days after the denial of the claim; failure to request mediation within this time period shall only bar the right to demand mediation; it shall not prejudice any other legal right or remedy of the insured nor prohibit the insurer from voluntarily accepting the request for mediation.

(b) If an insurer receives a request for mediation, the insurer shall electronically transmit the request to the Administrator within three business days after receipt of the request. If the Department receives any requests, it shall electronically transmit those requests to the Administrator within three business days after receipt. The Administrator shall notify the insurer within 48 hours after receipt of a request that has been filed with the Department.

(c) In the insured's request for mediation, the insured shall provide the following information, if known:
   (1) Name, address, and daytime telephone number of the insured and location of the property if different from the address given.
   (2) The claim and policy number for the insured.
   (3) A brief description of the nature of the dispute.
   (4) The name of the insurer and the name, address, and phone number of the contact person for scheduling mediation.
   (5) Information with respect to any other policies of insurance that may provide coverage of the insured property for named perils such as flood, earthquake, or windstorm.

"§ 58-44-90. Mediation fees.
(a) The fees of the mediator and of the Administrator as established by the Commissioner shall be borne by the insurer. All other mediation costs, fees, or expenses shall be borne by the party incurring such costs, fees, or expenses unless otherwise provided in a settlement agreement.

(b) The Commissioner may establish fee schedules, through emergency rules, for fees to be paid to the Administrator, the mediator, and for timely and untimely mediation cancellations.

"§ 58-44-95. Scheduling of mediation; qualification of mediator.
(a) The Administrator shall select a mediator and schedule the mediation conference.

(b) In order to be approved, a mediator must be certified by the Dispute Resolution Commission under G.S. 7A-38.2; or, if not, shall be approved at the
discretion of the Administrator only if the parties agree on the selected mediator and the proposed mediator is a licensed attorney in North Carolina in good standing with the North Carolina State Bar. A mediator shall not make an award or render a judgment as to the merits of the action.

"§ 58-44-100. Conduct of the mediation conference.

(a) The Commissioner may adopt rules, in addition to the provisions of this section and that are not in conflict with G.S. 7A-38.1 or the Rules Implementing Statewide Mediated Settlement Conferences in Superior Court Civil Actions adopted by the Supreme Court of North Carolina pursuant to G.S. 7A-38.1 and G.S. 7A-38.2, for the conduct of mediation conferences under this Part. The rules adopted by the Commissioner shall include a requirement of the mediator to advise the parties of the mediation process and their rights and duties in the process.

(b) All parties shall negotiate in good faith. A decision by an insurer to stand by a coverage determination shall not be considered a failure to negotiate in good faith. A party shall be determined to have not negotiated in good faith if the party or a person participating on the party's behalf, becomes unduly argumentative or adversarial or continuously disrupts or otherwise inhibits the negotiations, as determined by the mediator.

(c) The mediator shall terminate the negotiations if the mediator determines that either party is not negotiating in good faith, either party is unable or unwilling to participate meaningfully in the process, or upon mutual agreement of the parties.

(d) The party responsible for causing termination shall be responsible for paying the mediator's fee and the administrative fee for any rescheduled mediation.

(e) The representative of the insurer attending the conference shall:

   (1) Bring, in paper or electronic medium, a copy of the policy and the entire claims file to the conference.

   (2) Know the facts and circumstances of the claim and be knowledgeable of the provisions of the policy.

(f) An insurer will be deemed to have failed to appear if the insurer's representative lacks authority to settle within the limits of the policy.

(g) The mediator shall be in charge of the conference and will establish and describe the procedures to be followed. The mediator shall conduct the conference in accordance with the standards of professional conduct for mediation adopted by the American Arbitration Association, the American Bar Association, the Society of Professionals in Dispute Resolution, and, where not inconsistent, with the Rules Implementing Statewide Mediated Settlement Conferences in Superior Court Civil Actions adopted by the Supreme Court of North Carolina pursuant to G.S. 7A-38.1 and G.S. 7A-38.2.

(h) All statements made and documents produced at a settlement conference shall be deemed settlement negotiations in anticipation of litigation. The provisions of G.S. 7A-38.1(i), (l), and (m) apply and are incorporated into this Part by reference.

(i) A party may move to disqualify a mediator for good cause at any time. The request shall be directed to the Administrator if the grounds are known before the mediation conference. Good cause consists of conflict of interest between a party and the mediator, inability of the mediator to handle the conference competently, or other reasons that would reasonably be expected to impair the conference.
§ 58-44-105. Post mediation.
   (a) Within five days after the conclusion of the conference, the mediator shall file with the Administrator a mediator's status report, on a form prescribed by the Administrator, indicating whether or not the parties reached a settlement.
   (b) Mediation is nonbinding unless all the parties specifically agree otherwise in writing.
   (c) If the parties reach a settlement, the mediator shall include a copy of the settlement agreement with the status report. Within three business days after the conclusion of the conference, the insurer shall disburse the settlement funds in accordance with the terms of the settlement agreement. The insured has three business days after receipt of the settlement funds within which to notify the Commissioner and the insurer of the insured's decision to rescind the settlement agreement, as long as the insured has not received the settlement funds by electronic means or has not cashed or deposited any check or draft disbursed to the insured in payment of the settlement funds.
   (d) If a settlement agreement is reached and is not rescinded, it shall act as a release of all specific claims that were presented in the conference. Any subsequent claim under the policy shall be presented as a separate claim.

§ 58-44-110. Nonparticipation in mediation program.
   If the insured decides not to participate in this program or if the parties are unsuccessful at resolving the claim, the insured may choose to proceed under the appraisal process set forth in the insurance policy, by litigation, or by any other dispute resolution procedure available under North Carolina law.

   If the insured rescinds a settlement agreement in accordance with G.S. 58-44-105(c), the Commissioner may review the settlement agreement to determine if the agreement was fair to the parties to the agreement. If the Commissioner, upon review and within 10 business days after receiving notice of the rescission, deems that it was fair to the parties, the insured, upon notice from the Commissioner, may withdraw the rescission within five business days after receipt of notice from the Commissioner and reinstate the settlement agreement as if no rescission had taken place. The Commissioner's review and findings shall not be offered or accepted as evidence in any subsequent proceedings.

§ 58-44-120. Relation to Administrative Procedure Act.
   The applicable provisions of Chapter 150B of the General Statutes shall govern issues relating to mediation that are not addressed in this Part. The provisions of this Part shall govern in the event of any conflict with Chapter 150B of the General Statutes.

SECTION 2. Article 44 of Chapter 58 of the General Statutes is amended by adding a new section to read:

§ 58-44-60. Notice to property insurance policyholder about flood, earthquake, mudslide, mudflow, and landslide insurance coverage.
   (a) Every insurer that sells property insurance policies that do not provide coverage for the perils of flood, earthquake, mudslide, mudflow, or landslide shall, upon the issuance and renewal of each policy, identify to the policyholder which of these perils are not covered under the policy. The insurer shall print the following warning, citing which peril is not covered, in Times New Roman 16-point font or other equivalent font and include it in the policy on a separate page immediately before the declarations page:
"WARNING: THIS PROPERTY INSURANCE POLICY DOES NOT PROTECT YOU AGAINST LOSSES FROM [FLOODS], [EARTHQUAKES], [MUDSLIDES], [MUDFLOWS], [LANDSLIDES]. YOU SHOULD CONTACT YOUR INSURANCE COMPANY OR AGENT TO DISCUSS YOUR OPTIONS FOR OBTAINING COVERAGE FOR THESE LOSSES. THIS IS NOT A COMPLETE LISTING OF ALL OF THE CAUSES OF LOSSES NOT COVERED UNDER YOUR POLICY. YOU SHOULD READ YOUR ENTIRE POLICY TO UNDERSTAND WHAT IS COVERED AND WHAT IS NOT COVERED."

(b) As used in this section, "insurer" includes an entity that sells property insurance under Articles 21, 45, or 46 of this Chapter.

SECTION 3. Article 2 of Chapter 58 of the General Statutes is amended by adding two new sections to read:

"§ 58-2-46. State of disaster; automatic stay of proof of loss requirements; premium and debt deferrals; loss adjustments for separate windstorm policies.

Whenever a state of disaster is proclaimed for the State or for an area within the State under G.S. 166A-6 or whenever the President of the United States has issued a major disaster declaration for the State or for an area within the State under the Stafford Act, 42 U.S.C. § 5121, et seq., as amended:

(1) The application of any provision in an insurance policy insuring real property and its contents that are located within the geographic area designated in the proclamation or declaration, which provision requires an insured to file a proof of loss within a certain period of time after the occurrence of the loss, shall be stayed for the time period not exceeding the expiration of the disaster proclamation or declaration and all renewals of the proclamation or 45 days, whichever is later.

(2) As used in this subdivision, "insurance company" includes a service corporation, HMO, MEWA, surplus lines insurer, and the underwriting associations under Articles 45 and 46 of this Chapter. All insurance companies, premium finance companies, collection agencies, and other persons subject to this Chapter shall give their customers who reside within the geographic area designated in the proclamation or declaration the option of deferring premium or debt payments that are due during the time period covered by the proclamation or declaration. This deferral period shall be 30 days from the last day the premium or debt payment may be made under the terms of the policy or contract. This deferral period shall also apply to any statute, rule, or other policy or contract provision that imposes a time limit on an insurer, insured, claimant, or customer to perform any act during the time period covered by the proclamation or declaration, including the transmittal of information, with respect to insurance policies or contracts, premium finance agreements, or debt instruments when the insurer, insured, claimant, or customer resides or is located in the geographic area designated in the proclamation or declaration. Likewise, the deferral period shall apply to any time limitations imposed on insurers under the terms of a policy or contract or provisions of law related to individuals who reside within the geographic area designated in the proclamation or declaration. The Commissioner may extend any deferral period in this subdivision, depending on the nature and conditions of the situation."
severity of the proclaimed or declared disaster. No additional rate or contract filing shall be necessary to effect any deferral period.

(3) With respect to health benefit plans, after a deferral period has expired, all premiums in arrears shall be payable to the insurer. If premiums in arrears are not paid, coverage shall lapse as of the date premiums were paid up, and preexisting conditions shall apply as permitted under this Chapter; and the insured shall be responsible for all medical expenses incurred since the effective date of the lapse in coverage.

(4) In addition to the requirements of G.S. 58-45-35(e), for separate windstorm policies that are written by an insurer other than the Underwriting Association, losses shall be adjusted by the insurer that issued the property insurance and not by the insurer that issued the windstorm policy. The insurer that issued the windstorm policy shall reimburse the insurer that issued the property insurance for reasonable expenses incurred by that insurer in adjusting the windstorm losses.

"§ 58-2-47. Incident affecting operations of the Department; stay of deadlines and deemer provisions.

Regardless of whether a state of disaster has been proclaimed under G.S. 166A-6 or declared under the Stafford Act, whenever an incident beyond the Department's reasonable control, including an act of God, insurrection, strike, fire, power outage, or systematic technological failure, substantially affects the daily business operations of the Department, the Commissioner may issue an order, effective immediately, to stay the application of any deadlines and deemer provisions imposed by law or rule upon the Commissioner or Department or upon persons subject to the Commissioner's jurisdiction, which deadlines and deemer provisions would otherwise operate during the time period for which the operations of the Department have been substantially affected. The order shall remain in effect for a period not exceeding 30 days. The order may be renewed by the Commissioner for successive periods not exceeding 30 days each for as long as the operations of the Department remain substantially affected, up to a period of one year from the effective date of the initial order."

SECTION 4. G.S. 58-2-25(a) reads as rewritten:

"(a) The Commissioner shall appoint or employ such other deputies, actuaries, economists, financial analysts, financial examiners, licensed attorneys, rate and policy analysts, accountants, fire and rescue training instructors, market conduct analysts, insurance complaint analysts, investigators, engineers, building inspectors, risk managers, clerks and other employees that the Commissioner considers to be necessary for the proper execution of the work of the Department, at the compensation that is fixed and provided by the Department of Administration. If the Commissioner considers it to be necessary for the proper execution of the work of the Department to contract with persons, except to fill authorized employee positions, all of those contracts, except those provided for in Articles 36 and 37 and Part 2 of Article 44 of this Chapter, shall be made pursuant to the provisions of Article 3C of Chapter 143 of the General Statutes."

SECTION 5. Article 9A of Chapter 20 of the General Statutes is amended by adding a new section to read:

"§ 20-279.33A. Religious organizations: self-insurance.

(a) Notwithstanding any other provision of this Article or Article 13 of this Chapter, any recognized religious organization having established tenets or teachings and that has been in existence at all times since December 31, 1950, may qualify as a self-insurer by obtaining a certificate of self-insurance from the Commissioner as
provided in subsection (c) of this section if the Commissioner determines that all of the following conditions are met:

1. Members of the religious organization operate five or more vehicles that are registered in this State and are either owned or leased by them.
2. Members of the religious organization hold a common belief in mutual financial assistance in time of need to the extent that they share in financial obligations of other members who would otherwise be unable to meet their obligations.
3. The religious organization has met all of its insurance obligations for the five years preceding its application.
4. The religious organization is financially solvent and not subject to any actions in bankruptcy, trusteeship, receivership, or any other court proceeding in which the financial solvency of the religious organization is in question.
5. Neither the religious organization nor any of its participating members has any judgments arising out of the operation, maintenance, or use of a motor vehicle taken against them that have remained unsatisfied for more than 30 days after becoming final.
6. There are no other factors that cause the Commissioner to believe that the religious organization and its participating members are not of sufficient financial ability to pay judgments against them.
7. The religious organization and its participating members meet other requirements that the Commissioner by administrative rule prescribes.

(b) The Commissioner may, in the Commissioner's discretion, upon the application of a religious organization, issue a certificate of self-insurance when the Commissioner is satisfied that the religious organization is possessed and will continue to be possessed of an ability to pay any judgments that might be rendered against the religious organization. The certificate shall serve as evidence of insurance for the purposes of G.S. 20-7(c1), 20-13.2(e), 20-16.1, 20-19(k), and 20-179.3(l).

(c) A group issued a certificate of self-insurance under this section shall notify the Commissioner in writing if any person ceases to be a member of the group. The group shall notify the Commissioner within 10 days of the person's removal or departure from the group.

(d) The Commissioner may, at any time after the issuance of a certificate of self-insurance under this subsection, cancel the certificate by giving 30 days' written notice of cancellation to the religious organization whenever there is reason to believe that the religious organization to whom the certificate was issued is no longer qualified as a self-insurer under this section."

SECTION 6. If any section or provision of this act is declared unconstitutional, preempted, or otherwise invalid by the courts, it does not affect the validity of the act as a whole or any part other than the part so declared to be unconstitutional, preempted, or otherwise invalid.

SECTION 1. Chapter 66 of the General Statutes is amended by adding a new Article to read:

"Article 42.

"State Franchise for Cable Television Service.

The following definitions apply in this Article:

(1) Cable service. – Defined in G.S. 105-164.3.
(3) Channel. – A portion of the electromagnetic frequency spectrum that is used in a cable system and is capable of delivering a television channel.
(4) Existing agreement. – A local franchise agreement that was awarded under G.S. 153A-137 or G.S. 160A-319 and meets either of the following:
   b. Expired before January 1, 2007, and the cable service provider under the agreement provides cable service to subscribers in the franchise area on January 1, 2007.
(5) Pass a household. – Make service available to a household, regardless of whether the household subscribes to the service.
(6) PEG channel. – A public, educational, or governmental access channel provided to a county or city.
(7) Secretary. – The Secretary of State.
(8) Video programming. – Defined in G.S. 105-164.3.

§ 66-351. State franchising authority.

(a) Authority. – The Secretary of State is designated the exclusive franchising authority in this State for cable service provided over a cable system. This designation replaces the authorization to counties and cities in former G.S. 153A-137 and G.S. 160A-319 to award a franchise for cable service. This designation is effective January 1, 2007. After this date, a county or city may not award or renew a franchise for cable service.

(b) Award and Scope. – The Secretary is considered to have awarded a franchise to a person who files a notice of franchise under G.S. 66-352. A franchise for cable service authorizes the holder of the franchise to construct and operate a cable system

532
over public rights-of-way within the area to be served. Chapter 160A of the General Statutes governs the regulation of public rights-of-way by a city.

"§ 66-352. Award of franchise and commencement of service.

(a) Notice of Franchise. – A person who intends to provide cable service over a cable system in an area must file a notice of franchise with the Secretary before providing the service. A person who files a notice of franchise must pay a fee in the amount set in G.S. 57C-1-22 for filing articles of organization.

A notice of franchise is effective when it is filed with the Secretary. The notice of franchise must include all of the following:

1. The applicant's name, principal place of business, mailing address, physical address, telephone number, and e-mail address.
2. A description and map of the area to be served.
3. A list of each county and city in which the described service area is located, in whole or in part.
4. A schedule indicating when service is expected to be offered in the service area.

(b) Commencement of Service. – A person who files a notice of franchise under subsection (a) of this section must begin providing cable service in the service area described in the notice within 120 days after the notice is filed. If cable service does not begin within this period, the notice of franchise terminates 130 days after it was filed. If cable service begins within this period, the holder of the State-issued franchise must file a notice of service with the Secretary within 10 days after the cable service begins. Cable service begins when it passes one or more households in the described service area. This subsection does not apply to a cable service provider who terminates an existing agreement whose franchise area includes all of the service area described in a notice of franchise filed by the provider under subsection (a) of this section.

A notice of service for a service area must include all of the following:

1. The effective date of a notice of franchise for that area.
2. A description and map of the service area.
3. A statement that cable service has begun in the service area.

(c) Extension. – A person who intends to provide cable service over a cable system in an area that is contiguous with but outside the service area described in a notice of franchise on file with the Secretary must file a notice of franchise under subsection (a) of this section that includes the proposed area. The initial service requirements in subsection (b) of this section apply to the proposed area. If the map of the area to be served includes any area that is part of the service area of another State-issued franchise, the termination of a notice of franchise for the proposed area for failure to begin service within the required time does not affect the status of the other State-issued franchise.

(d) Withdrawal. – A person may withdraw a notice of franchise by filing a notice of withdrawal with the Secretary. The notice of withdrawal must be filed at least 90 days before the service is withdrawn.

"§ 66-353. Annual service report.

A holder of a State-issued franchise must file an annual service report with the Secretary. The report must be filed on or before July 31 of each year. The report must be accompanied by a fee in the amount set in G.S. 57C-1-22 for filing an annual report. The report must include all of the following:

1. The effective date of a notice of franchise for that area.
2. A description and map of the service area.
(3) The approximate number of households in the service area.
(4) A description and a map of the households passed in the service area as of July 1.
(5) The percentage of households passed in the service area as of July 1.
(6) The percentage of households passed in the service area as of July 1 of any preceding year for which a report was required under this section.
(7) A report indicating the extent to which the holder has met the customer service requirements under G.S. 66-356(b).
(8) A schedule indicating when service is expected to be offered in the service area, to the extent the schedule differs from one included in the notice of franchise or in a report previously submitted under this section, and an explanation of the reason for the new schedule.

§ 66-354. General filing and report requirements.
(a) General. – A document filed with the Secretary under this Article must be signed by an officer or general partner of the person submitting the document. Within five days after a person files a document with the Secretary under this Article, the person must send a copy of the document to any county or city included in the service area described in the document and to the registered agent of any cable service provider that is providing cable service under an existing agreement in the service area described in the document.

The provisions of Article 2 of Chapter 55D of the General Statutes apply to the submission of a document under this Article. A document filed under this Article is a public record as defined in G.S. 132-1. The Secretary must post a document filed under this Article on its Internet Web site or indicate on its Internet Web site that the document has been filed and is available for inspection.

A successor in interest to a person who has filed a notice of franchise is not required to file another notice of franchise. When a change in ownership occurs, the owner must file a notice of change in ownership with the Secretary within 14 days after the change becomes effective.

(b) Forfeiture. – A person who offers cable service over a cable system without filing a notice of franchise or a notice of service as required by this Article is subject to forfeiture of the revenue received during the period of noncompliance from subscribers to the cable service in the area of noncompliance. Forfeiture does not apply to revenue received from cable service provided over a cable system in an area that is adjacent to a service area described in a notice of franchise and notice of service filed by that cable service provider under G.S. 66-352 if the provider obtains a State-issued franchise and files a notice of service that includes this area within 20 days after a civil action for forfeiture is filed. A forfeiture does not affect the liability of the cable service provider for sales tax due under G.S. 105-164.4 on cable service.

A cable service provider whose area includes the area in which a person is providing cable service without complying with the notice of franchise and notice of service requirements may bring a civil action for forfeiture. The amount required to be forfeited in the action must be remitted to the Civil Penalty and Forfeiture Fund established in G.S. 115C-457.2.

§ 66-355. Effect on existing local franchise agreement.
(a) Existing Agreement. – This Article does not affect an existing agreement except as follows:

(1) Effective January 1, 2007, gross revenue used to calculate the payment of the franchise tax imposed by G.S. 153A-154 or G.S. 160A-214 does
not include gross receipts from cable service subject to sales tax under G.S. 105-164.4. This exclusion does not otherwise affect the calculation of gross revenue and the payment to counties and cities of franchise tax revenue under existing agreements that have not been terminated under subsection (b) of this section.

(2) A cable service provider under an existing agreement that is in effect on January 1, 2007, may terminate the agreement in accordance with subsection (b) of this section in any of the following circumstances:

a. A notice of service filed under G.S. 66-352 indicates that one or more households in the franchise area of the existing agreement are passed by both the cable service provider under the existing agreement and the holder of a State-issued franchise.

b. As of January 1, 2007, a county or city has an existing agreement with more than one cable service provider for substantially the same franchise area and at least twenty-five percent (25%) of the households in the franchise areas of the existing agreements are passed by more than one cable service provider.

c. A person provides wireline competition in the franchise area of the existing agreement by offering video programming over wireline facilities to single family households by a method that does not require a franchise under this Article. A notice of termination filed on the basis of wireline competition must include evidence of the competition in providing video programming service, such as an advertisement announcing the availability of the service, the acceptance of an order for the service, and information on the provider's Web site about the availability of the service. A county or city is allowed 60 days to review the evidence. The effective date of the termination is tolled during this review period. At the end of this period, the termination proceeds unless the county or city has obtained an order enjoining the termination based on the cable service provider's failure to establish the existence of wireline competition in its franchise area.

(3) A cable service provider under an existing agreement that expired before January 1, 2007, may obtain a State-issued franchise. The provider does not have to terminate the agreement in accordance with subsection (b) of this section because the agreement has expired.

(b) Termination. – To terminate an existing agreement, a cable service provider must file a notice of termination with the affected county or city and file a notice of franchise with the Secretary. A termination of an existing agreement becomes effective at the end of the month in which the notice of termination is filed with the affected county or city. A termination of an existing agreement ends the obligations under the agreement and under any local cable regulatory ordinance that specifically authorizes the agreement as of the effective date of the termination but does not affect the rights or liabilities of the county or city, a taxpayer, or another person arising under the existing agreement or local ordinance before the effective date of the termination.
§ 66-356. Service standards and requirements.

(a) Discrimination Prohibited. – A person who provides cable service over a cable system may not deny access to the service to any group of potential residential subscribers within the filed service area because of the race or income of the residents. A violation of this subsection is an unfair or deceptive act or practice under G.S. 75-1.1.

In determining whether a cable service provider has violated this subsection with respect to a group of potential residential subscribers in a service area, the following factors must be considered:

(1) The length of time since the provider filed the notice of service for the area. If less than a year has elapsed since the notice of service was filed, it is conclusively presumed that a violation has not occurred.

(2) The cost of providing service to the affected group due to distance from facilities, density, or other factors.

(3) Technological impediments to providing service to the affected group.

(4) Inability to obtain access to property required to provide service to the affected group.

(5) Competitive pressure to respond to service offered by another cable service provider or other provider of video programming.

(b) FCC Standards. – A person who provides cable service over a cable system must comply with the customer service requirements in 47 C.F.R. Part 76 and emergency alert requirements established by the Federal Communications Commission.

(c) Complaints. – The Consumer Protection Division of the Attorney General's Office is designated as the State agency to receive and respond to customer complaints concerning cable services. Persistent or repeated violations of the federal customer service requirements or the terms and conditions of the cable service provider's agreement with customers are unfair or deceptive acts or practices under G.S. 75-1.1.

To facilitate the resolution of customer complaints, the cable service provider must include the following statement on the customer's bill: "If you have a complaint about your cable service, you should first contact customer service at the following telephone number: (insert the cable service provider's customer service telephone number). If the cable service provider does not satisfactorily resolve your complaint, contact the Consumer Protection Division of the Attorney General's Office of the State of North Carolina (insert information on how to contact the Consumer Protection Division of the Attorney General's Office).

(d) No Build-Out. – No build-out requirements apply to a person who provides cable service under a State-issued franchise.

§ 66-357. Availability and use of PEG channels.

(a) Application. – This section applies to a person who provides cable service under a State-issued franchise. It does not apply to a person who provides cable service under an existing agreement.

(b) Local Request. – A county or city must make a written request to a cable service provider for PEG channel capacity. The request must include a statement describing the county's or city's plan to operate and program each channel requested. The cable service provider must provide the requested PEG channel capacity within the later of the following:

(1) 120 days after the cable service provider receives the written request.

(2) 30 days after any interconnection requested under G.S. 66-358(a)(1) is accomplished.
(c) Initial PEG Channels. – A city with a population of at least 50,000 is allowed a minimum of three initial PEG channels plus any channels in excess of this minimum that are activated, as of July 1, 2006, under the terms of an existing franchise agreement whose franchise area includes the city. A city with a population of less than 50,000 is allowed a minimum of two initial PEG channels plus any channels in excess of this minimum that are activated, as of July 1, 2006, under the terms of an existing franchise agreement whose franchise area includes the city. For a city included in the franchise area of an existing agreement, the agreement determines the service tier placement and transmission quality of the initial PEG channels. For a city that is not included in the franchise area of an existing agreement, the initial PEG channels must be on a basic service tier, and the transmission quality of the channels must be equivalent to those of the closest city covered by an existing agreement.

A county is allowed a minimum of two initial PEG channels plus any channels in excess of this minimum that are activated, as of July 1, 2006, under the terms of an existing franchise agreement whose franchise area includes the county. For a county included in the franchise area of an existing agreement, the agreement determines the service tier placement and transmission quality of the initial PEG channels. For a county that is not included in the franchise area of an existing agreement, the initial PEG channels must be on a basic service tier and the transmission quality of the channels must be equivalent to those of any city with PEG channels in the county.

The cable service provider must maintain the same channel designation for a PEG channel unless the service area of the State-issued franchise includes PEG channels that are operated by different counties or cities and those PEG channels have the same channel designation. Each county and city whose PEG channels are served by the same cable system headend must cooperate with each other and with the cable system provider in sharing the capacity needed to provide the PEG channels.

(d) Additional PEG Channels. – A county or city that does not have seven PEG channels, including the initial PEG channels, is eligible for an additional PEG channel if it meets the programming requirements in this subsection. A county or city that has seven PEG channels is not eligible for an additional channel.

A county or city that meets the programming requirements in this subsection may make a written request under subsection (b) of this section for an additional channel. The additional channel may be provided on any service tier. The transmission quality of the additional channel must be at least equivalent to the transmission quality of the other channels provided.

The PEG channels operated by a county or city must meet the following programming requirements for at least 120 continuous days in order for the county or city to obtain an additional channel:

1. All of the PEG channels must have scheduled programming for at least eight hours a day.
2. The programming content of each of the PEG channels must not repeat more than fifteen percent (15%) of the programming content on any of the other PEG channels.
3. No more than fifteen percent (15%) of the programming content on any of the PEG channels may be character-generated programming.

(e) Use of Channels. – If a county or city no longer provides any programming for transmission over a PEG channel it has activated, the channel may be reprogrammed at the cable service provider's discretion. A cable service provider must give at least a 60-day notice to a county or city before it reprograms a PEG channel that is not used.
The cable service provider must restore a previously lost PEG channel within 120 days of the date a county or city certifies to the provider a schedule that demonstrates the channel will be used.

(f) Operation of Channels. – A cable service provider is responsible only for the transmission of a PEG channel. The county or city to which the PEG channel is provided is responsible for the operation and content of the channel. A county or city that provides content to a cable service provider for transmission on a PEG channel is considered to have authorized the provider to transmit the content throughout the provider's service area, regardless of whether part of the service area is outside the boundaries of the county or city.

All programming on a PEG channel must be noncommercial. A cable service provider may not brand content on a PEG channel with its logo, name, or other identifying marks. A cable service provider is not required to transmit content on a PEG channel that is branded with the logo, name, or other identifying marks of another cable service provider.

(g) Compliance. – A county or city that has not received PEG channel capacity as required by this section may bring an action to compel a cable service provider to comply with this section.

§ 66-358. Transmission of PEG channels.

(a) Service. – A cable service provider operating under a State-issued franchise must transmit a PEG channel by one of the following methods:

(1) Interconnection with another cable system operated in its service area. A cable service provider operating in the same service area as a provider under a State-issued franchise must interconnect its cable system on reasonable and competitively neutral terms with the other provider's cable system within 120 days after it receives a written request for interconnection and may not refuse to interconnect on these terms. The terms include compensation for costs incurred in interconnecting. Interconnection may be accomplished by direct cable, microwave link, satellite, or another method of connection.

(2) Transmission of the signal from each PEG channel programmer's origination site, if the origination site is in the provider's service area.

(b) Signal. – All PEG channel programming provided to a cable service provider for transmission must meet the federal National Television System Committee standards or the Advanced Television Systems Committee Standards. If a PEG channel programmer complies with these standards and the cable service provider cannot transmit the programming without altering the transmission signal, then the cable service provider must do one of the following:

(1) Alter the transmission signal to make it compatible with the technology or protocol the cable service provider uses to deliver its cable service.

(2) Provide to the county or city the equipment needed to alter the transmission signal to make it compatible with the technology or protocol the cable service provider uses to deliver its cable service.

§ 66-359. PEG channel grants.

(a) PEG Channel Fund. – The PEG Channel Fund is created as an interest-bearing special revenue fund. It consists of revenue allocated to it under G.S. 105-164.44I(b) and any other revenues appropriated to it. The e-NC Authority, created under G.S. 143B-437.46, administers the Fund.
(b) Grants. – A county or city may apply to the e-NC Authority for a grant from the PEG Channel Fund. In awarding grants from the Fund, the e-NC Authority must, to the extent possible, select applicants from all parts of the State based upon need. Grants from the Fund are subject to the following limitations:

1. The grant may not exceed twenty-five thousand dollars ($25,000).
2. The applicant must match the grant on a dollar-for-dollar basis.
3. The grant may be used only for capital expenditures necessary to provide PEG channel programming.
4. An applicant may receive no more than one grant per fiscal year.

(c) Reports. – The e-NC Authority must publish an annual report on grants awarded under this section. The report must list each grant recipient, the amount of the grant, and the purpose of the grant.

§ 66-360. Service to public building.
At the written request of a county or city, a cable service provider operating under a State-issued franchise must provide cable service without charge to a public building located within 125 feet of the provider's cable system. The required service is the basic, or lowest-priced, service the provider offers to customers. The terms and conditions that apply to service provided to a residential retail customer apply to the service provided to the public building. Only one service outlet is required for a building. The cable service provider is not required to provide inside wiring and is not required to provide service that conflicts with restrictions that apply in a program licensing agreement or another contract. A public building is a building used as a public school, a charter school, a county or city library, or a function of the county or city.

SECTION 2. G.S. 105-164.3 is amended by adding a new subdivision to read:

§ 105-164.3. Definitions.
The following definitions apply in this Article:

(50c) Video programming. – Programming provided by, or generally considered comparable to programming provided by, a television broadcast station, regardless of the method of delivery.

SECTION 3. G.S. 105-164.4(a)(6) reads as rewritten:

"(6) The combined general rate applies to the gross receipts derived from providing any of the following broadcast services video programming to a subscriber in this State. A cable service provider, a direct-to-home satellite service provider, and any other person engaged in the business of providing any of these services video programming is considered a retailer under this Article:

a. Direct to home satellite service.
b. Cable service."

SECTION 4. G.S. 105-164.4C(d) is recodified as G.S. 105-164.4D with the catch line "Bundled services."

SECTION 5. G.S. 105-164.4D, as recodified by Section 4 of this act, reads as rewritten:

§ 105-164.4D. Bundled services.
Bundled Services. – When a taxable telecommunications service is bundled with a service that is not taxable, the tax applies to the gross receipts from the taxable service in the bundle as follows:
(1) If the service provider offers all the services in the bundle on an unbundled basis, tax is due on the unbundled price of the taxable service, less the discount resulting from the bundling. The discount for a service as the result of bundling is the proportionate price decrease of the service, determined on the basis of the total unbundled price of all the services in the bundle compared to the bundled price of the services.

(2) If the service provider does not offer one or more of the services in the bundle on an unbundled basis, tax is due on the taxable service based on a reasonable allocation of revenue to that service. If the service provider maintains an account for revenue from a taxable service, the service provider's allocation of revenue to that service for the purpose of determining the tax due on the service must reflect its accounting allocation of revenue to that service.

SECTION 6. The catch line to G.S. 105-164.12B reads as rewritten:

"§ 105-164.12B. Bundled transactions. Tangible personal property bundled with service contract."

SECTION 7. G.S. 105-164.44F(a) reads as rewritten:

"(a) Amount. – The Secretary must distribute to the cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is eighteen and three one-hundredths percent (18.03%) of the net proceeds of the taxes collected during the quarter:

1. Eighteen and three one-hundredths percent (18.03%), minus two million six hundred twenty thousand nine hundred forty-eight dollars ($2,620,948), must be distributed to cities in accordance with this section. This deduction is one-fourth of the annual amount by which the distribution to cities of the gross receipts franchise tax on telephone companies, imposed by former G.S. 105-20, was required to be reduced beginning in fiscal year 1995-96 as a result of the "freeze deduction." The Secretary must distribute the specified percentage of the proceeds, less the "freeze deduction," among the cities in accordance with this section.

2. Seven and twenty-three one-hundredths percent (7.23%) must be distributed to counties and cities as provided in G.S. 105-164.44I."

SECTION 8. Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-164.44I. Distribution of part of sales tax on video programming service and telecommunications service to counties and cities.

(a) Distribution. – The Secretary must distribute to the counties and cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service and G.S. 105-164.4(a)(6) on video programming service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is the sum of the revenue listed in this subsection. The Secretary must distribute two million dollars ($2,000,000) of this amount in accordance with subsection (b) of this section and the remainder in accordance with subsections (c) and (d) of this section. The revenue to be distributed under this section consists of the following:

540
The amount specified in G.S. 105-164.44E(a)(2).

Twenty-two and sixty-one one-hundredths percent (22.61%) of the net proceeds of the taxes collected during the quarter on video programming, other than on direct-to-home satellite service.

Thirty-seven percent (37%) of the net proceeds of the taxes collected during the quarter on direct-to-home satellite service.

(b) Supplemental PEG Support. – The Secretary must include the applicable amount of supplemental PEG channel support in each quarterly distribution to a county or city. The amount to include is one-fourth of twenty-five thousand dollars ($25,000) for each qualifying PEG channel operated by the county or city. The amount of money distributed under this subsection may not exceed two million dollars ($2,000,000) in a fiscal year. If the amount to be distributed for qualifying PEG channels in a fiscal year would otherwise exceed this maximum amount, the Secretary must proportionately reduce the applicable amount distributable for each PEG channel. If the amount to be distributed for qualifying PEG channels in a fiscal year is less than two million dollars ($2,000,000), the Secretary must credit the excess amount to the PEG Channel Fund established in G.S. 66-359.

A county or city must certify to the Secretary by July 15 of each year the number of qualifying PEG channels it operates. A qualifying PEG channel is one that meets the programming requirements under G.S. 66-357(d). A county or city may not receive PEG channel support under this subsection for more than three qualifying PEG channels.

The amount included under this subsection in a distribution to a county or city is intended to supplement the PEG channel support available in the amount distributed under this section. The money distributed to a county or city under this subsection must be used by it for the operation and support of PEG channels. For purposes of this subsection, the term "PEG channel" has the same meaning as in G.S. 66-350.

(c) 2006-2007 Fiscal Year Distribution. – The share of a county or city is its proportionate share of the amount to be distributed to all counties and cities under this subsection. The proportionate share of a county or city is the base amount for the county or city compared to the base amount for all other counties and cities. The base amount of a county or city that did not impose a cable franchise tax under G.S. 153A-154 or G.S. 160A-214 before July 1, 2006, is two dollars ($2.00) times the most recent annual population estimate for that county or city. The base amount of a county or city that imposed a cable franchise tax under either G.S. 153A-154 or G.S. 160A-214 before July 1, 2006, is the amount of cable franchise tax and subscriber fee revenue the county or city certifies to the Secretary that it imposed during the first six months of the 2006-2007 fiscal year. A county or city must make this certification by March 15, 2007. The certification must specify the amount of revenue that is derived from the cable franchise tax and the amount that is derived from the subscriber fee.

(d) Subsequent Distributions. – For subsequent fiscal years, the Secretary must multiply the amount of a county's or city's share under this section for the preceding fiscal year by the percentage change in its population for that fiscal year and add the result to the county's or city's share for the preceding fiscal year to obtain the county's or city's adjusted amount. Each county's or city's proportionate share for that year is its adjusted amount compared to the sum of the adjusted amounts for all counties and cities.

(e) Use of Proceeds. – A county or city that imposed subscriber fees during the first six months of the 2006-2007 fiscal year must use a portion of the funds distributed
to it under subsections (c) and (d) of this section for the operation and support of PEG channels. The amount of funds that must be used for PEG channel operation and support is two times the amount of subscriber fee revenue the county or city certified to the Secretary that it imposed during the first six months of the 2006-2007 fiscal year. A county or city that used part of its franchise tax revenue in fiscal year 2005-2006 for the operation and support of PEG channels or a publicly owned and operated television station must use the funds distributed to it under subsections (c) and (d) of this section to continue the same level of support for the PEG channels and public stations. The remainder of the distribution may be used for any public purpose.

(f) Late Information. – A county or city that does not submit information that the Secretary needs to make a distribution by the date the information is due is excluded from the distribution. If the county or city later submits the required information, the Secretary must include the county or city in the distribution for the quarter that begins after the date the information is received.

(g) Population Determination. – In making population determinations under this section, the Secretary must use the most recent annual population estimates certified to the Secretary by the State Budget Officer. For purposes of the distributions made under this section, the population of a county is the population of its unincorporated areas plus the population of an ineligible city in the county, as determined under this section.

(h) City Changes. – The following changes apply when a city alters its corporate structure or incorporates:

(1) If a city dissolves and is no longer incorporated, the proportional shares of the remaining counties and cities must be recalculated to adjust for the dissolution of that city.

(2) If two or more cities merge or otherwise consolidate, their proportional shares are combined.

(3) If a city divides into two or more cities, the proportional share of the city that divides is allocated among the new cities on a per capita basis.

(4) If a city incorporates after January 1, 2007, and the incorporation is not addressed by subdivisions (2) or (3) of this subsection, the share of the county in which the new city is located is allocated between the county and the new city on a per capita basis.

(i) Ineligible Cities. – An ineligible city is disregarded for all purposes under this section. A city incorporated on or after January 1, 2000, is not eligible for a distribution under this section unless it meets both of the following requirements:

(1) It is eligible to receive funds under G.S. 136-41.2.

(2) A majority of the mileage of its streets is open to the public.

(j) Nature. – The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution.

SECTION 9. G.S. 105-164.21B is repealed.

SECTION 10. G.S. 153A-137 is repealed.

SECTION 11. G.S. 153A-154 is repealed.

SECTION 12. G.S. 160A-211 reads as rewritten:

(a) Authority. – Except as otherwise provided by law, a city shall have power to levy privilege license taxes on all trades, occupations, professions, businesses, and franchises carried on within the city. A city may levy privilege license taxes on the
businesses that were formerly taxed by the State under the following sections of Article 2 of Chapter 105 of the General Statutes only to the extent the sections authorized cities to tax the businesses before the sections were repealed:

(c) Piped Gas Restriction. Prohibition. – A city may not levy a privilege license tax on a person who is engaged in the business of supplying piped natural gas and is subject to tax under Article 5E of Chapter 105 of the General Statutes. No city may impose a license, franchise, or privilege tax on a person engaged in any of the businesses listed in this subsection. These businesses are subject to a State tax for which the city receives a share of the tax revenue.

SECTION 13. G.S. 160A-214 is repealed.

SECTION 14. G.S. 160A-296(a) reads as rewritten:

"(a) A city shall have general authority and control over all public streets, sidewalks, alleys, bridges, and other ways of public passage within its corporate limits except to the extent that authority and control over certain streets and bridges is vested in the Board of Transportation. General authority and control includes but is not limited to all of the following:

(1) The duty to keep the public streets, sidewalks, alleys, and bridges in proper repair.

(2) The duty to keep the public streets, sidewalks, alleys, and bridges open for travel and free from unnecessary obstructions.

(3) The power to open new streets and alleys, and to widen, extend, pave, clean, and otherwise improve existing streets, sidewalks, alleys, and bridges, and to acquire the necessary land therefor by dedication and acceptance, purchase, or eminent domain.

(4) The power to close any street or alley either permanently or temporarily.

(5) The power to regulate the use of the public streets, sidewalks, alleys, and bridges.

(6) The power to regulate, license, and prohibit digging in the streets, sidewalks, or alleys, or placing therein or thereon any pipes, poles, wires, fixtures, or appliances of any kind either on, above, or below the surface. To the extent a municipality is authorized under applicable law to impose a fee or charge with respect to activities conducted in its rights-of-way, the fee or charge must apply uniformly and on a competitively neutral and nondiscriminatory basis to all comparable activities by similarly situated users of the rights-of-way.

(7) The power to provide for lighting the streets, alleys, and bridges of the city.

(8) The power to grant easements in street rights-of-way as permitted by G.S. 160A-273."

SECTION 15. G.S. 160A-319(a) reads as rewritten:

"(a) A city shall have authority to grant upon reasonable terms franchises for the operation within the city of a telephone system and any of the enterprises listed in G.S. 160A-311 and for the operation of telephone systems, G.S. 160A-311, except a cable television system. A franchise granted by a city authorizes the operation of the franchised activity within the city. No franchise shall be granted for a period of more than 60 years, except that a franchise for solid waste collection or disposal systems and facilities shall not be granted for a period of more than 30 years and cable television franchises shall not be granted for a period of more than 20 years. Except as otherwise provided by law, when a city operates an enterprise, or upon granting a franchise, a city may by ordinance make it unlawful to operate an enterprise without a franchise."
SECTION 16. To make the distribution required under G.S. 105-164.44I(b), as enacted by this act, for the 2006-2007 fiscal year, a county or city must certify to the Secretary of Revenue by March 15, 2007, the number of qualifying PEG channels it operates.

SECTION 17. A primary purpose of this act is to promote consumer choice in video service providers. A premise of this goal is that increased competition will lead to improved service. Under competition, a customer who is dissatisfied with service by one cable service provider will have the option of choosing a different service provider.

G.S. 66-356, as enacted by this act, designates the Consumer Protection Division of the Attorney General's Office as the agency to receive and respond to unresolved customer complaints about cable service provided by the holder of a State-issued franchise. The transition from local franchise agreements to State-issued franchises will occur gradually.

Due to the expected improvement in customer service and the gradual change to State-issued franchises, the impact of the requirement in new G.S. 66-356 on the staffing needs of the Consumer Protection Division is not clear. The Office of the Attorney General is therefore requested to monitor the number and type of cable service complaints it receives from customers in areas served under a local franchise agreement and from areas served under a State-issued franchise to determine whether the Consumer Protection Division needs additional staff to fulfill the duty imposed by new G.S. 66-356 and to make a report concerning staffing to the Fiscal Research Division of the North Carolina General Assembly by April 1, 2007.

SECTION 18. The Consumer Protection Division of the Attorney General's Office must report to the Revenue Laws Study Committee on or before April 1 of each year, beginning April 1, 2008, on the following information concerning cable service complaints the Division has received from cable customers under G.S. 66-356:

1. The number of customer complaints.
2. The types of customer complaints.
3. The different means of resolving customer complaints.

SECTION 19. The Secretary of State has no authority to determine whether a person who is providing video programming is providing cable service over a cable system. An award of a State-issued franchise under Article 42 of Chapter 66 of the General Statutes, as enacted by this act, does not affect a determination of whether video programming provided by the holder of the franchise is considered cable service provided over a cable system under federal law or under a state law that applies substantially the same definitions of "cable service" and "cable system" as federal law. A person who provides video programming may obtain a State-issued franchise under Article 42 of Chapter 66 of the General Statutes, as enacted by this act, and thereby become subject to that Article, regardless of whether the video programming the person provides is considered cable service provided under a cable system under that Article or under federal law.

SECTION 20. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 21. The Revenue Laws Study Committee must review the effect Article 42 of Chapter 66 of the General Statutes, as enacted by this act, has on the issues listed in this section to determine if any changes to the law are needed.
(1) Competition in video programming services.
(2) The number of cable service subscribers, the price of cable service by service tier, and the technology used to deliver the service.
(3) The deployment of broadband in the State.

The Committee must review the impact of this Article on these issues every two years and report its findings to the North Carolina General Assembly. The Committee must make its first report to the 2008 Session of the North Carolina General Assembly.

SECTION 22. This act becomes effective January 1, 2007. Sections 7 and 8 of this act apply to the distribution made within 75 days after March 31, 2007, for the quarter starting January 1, 2007.

In the General Assembly read three times and ratified this the 12th day of July, 2006.

Became law upon approval of the Governor at 12:45 p.m. on the 20th day of July, 2006.

H.B. 1151

AN ACT TO PROVIDE FOR INSTRUCTIONAL PLANNING TIME AND A DUTY-FREE LUNCH PERIOD FOR TEACHERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-105.27 reads as rewritten:

"§ 115C-105.27. Development and approval of school improvement plans.
(a) In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance. Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher
organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation.

(b) The strategies for improving student performance:

(1) Shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while mentors and teachers mentored are meeting;

(1a) Shall, if the school serves students in kindergarten or first grade, include a plan for preparing students to read at grade level by the time they enter second grade. The plan shall require kindergarten and first grade teachers to notify parents or guardians when their child is not reading at grade level and is at risk of not reading at grade level by the time the child enters second grade. The plan may include the use of assessments to monitor students' progress in learning to read, strategies for teachers and parents to implement that will help students improve and expand their reading, and provide for the recognition of teachers and strategies that appear to be effective at preparing students to read at grade level;

(2) Shall include a plan to address school safety and discipline concerns in accordance with the safe school plan developed under Article 8C of this Chapter;

(3) May include a decision to use State funds in accordance with G.S. 115C-105.25;

(4) Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school;

(5) May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26, 115C-105.26;

(6) Shall include a plan to provide a duty-free lunch period for every teacher on a daily basis or as otherwise approved by the school improvement team; and

(7) Shall include a plan to provide duty-free instructional planning time for every teacher under G.S. 115C-301.1, with the goal of providing an average of at least five hours of planning time per week.

(c) Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building
for their review and vote. The vote shall be by secret ballot. The principal shall submit
the school improvement plan to the local board of education only if the proposed school
improvement plan has the approval of a majority of the staff who voted on the plan.

(d) The local board of education shall accept or reject the school improvement
plan. The local board shall not make any substantive changes in any school
improvement plan that it accepts. If the local board rejects a school improvement plan,
the local board shall state with specificity its reasons for rejecting the plan; the school
improvement team may then prepare another plan, present it to the principals, assistant
principals, instructional personnel, instructional support personnel, and teacher
assistants assigned to the school building for a vote, and submit it to the local board to
accept or reject. If no school improvement plan is accepted for a school within 60 days
after its initial submission to the local board, the school or the local board may ask to
use the process to resolve disagreements recommended in the guidelines developed by
the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school
and local board shall participate in the process to resolve disagreements. If there is no
request to use that process, then the local board may develop a school improvement plan
for the school. The General Assembly urges the local board to utilize the school's
proposed school improvement plan to the maximum extent possible when developing
such a plan.

(e) A school improvement plan shall remain in effect for no more than three
years; however, the school improvement team may amend the plan as often as is
necessary or appropriate. If, at any time, any part of a school improvement plan
becomes unlawful or the local board finds that a school improvement plan is impeding
student performance at a school, the local board may vacate the relevant portion of the
plan and may direct the school to revise that portion. The procedures set out in this
subsection shall apply to amendments and revisions to school improvement plans."

SECTION 2. G.S. 115C-105.26(b) reads as rewritten:

"(b) When requested as part of a school improvement plan, the State Board of
Education may grant waivers of:

(1) State laws pertaining to class size, teacher certification, and the
duty-free period for classroom teachers under G.S. 115C-301.1; size
and teacher certification; and

(2) State rules and policies, except those pertaining to public school State
salary schedules and employee benefits for school employees, the
instructional program that must be offered under the Basic Education
Program, the system of employment for public school teachers and
administrators set out in G.S. 115C-287.1 and G.S. 115C-325, health
and safety codes, compulsory attendance, the minimum lengths of the
school day and year, and the Uniform Education Reporting System."

SECTION 3. G.S. 115C-301.1 reads as rewritten:

"§ 115C-301.1. Duty-free instructional planning time period.
All full-time assigned classroom teachers shall be provided a daily duty-free
instructional planning time period during regular student contact hours. The duty-free
instructional planning time period shall be provided to the maximum extent that (i) the
safety and proper supervision of children may allow during regular student contact
hours and (ii) insofar as funds are provided for this purpose by the General Assembly. If
the safety and supervision of children does not allow a daily duty-free instructional
planning time period during regular student contact hours for a given teacher, the funds
provided by the General Assembly for the duty-free instructional planning time period

548
for that teacher shall revert to the general fund. Principals shall not unfairly burden a
given teacher by making that teacher give up his or her duty-free instructional planning
period on an ongoing, regular basis without the consent of the teacher."

SECTION 4. This act becomes effective July 1, 2006, and applies to school
improvement plans beginning with the 2007-2008 school year.

H.B. 1987  Session Law 2006-154

AN ACT TO MAKE CHANGES TO THE STATUTORY BASIC AND STANDARD
HEALTH PLANS FOR SMALL EMPLOYERS, AS RECOMMENDED BY THE
HOUSE SELECT COMMITTEE ON HEALTH CARE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 58-50-125 is amended by adding a new subsection to
read:
"(a1) Both the basic health care plan and the standard health care plan provided for
in subsection (a) of this section may have optional deductible and co-payment levels as
may be determined by the small employer carrier, including high deductible options. A
small employer carrier shall file any changes in deductibles or co-payment levels with
the Commissioner for the Commissioner's approval prior to implementing the changes
in this State. The Commissioner may periodically review and update the benefits
provided by these plans to address trends in the small group market. The Commissioner
shall consult with small employer carriers and representatives of the insurance agent and
small employer communities as part of that periodic review."

SECTION 2. G.S. 58-50-125(d) reads as rewritten:
"(d) Within 180 days after the Commissioner's approval under subsection (b) of
this section, every small employer carrier shall, as
As a condition of transacting business as a small employer carrier in this State, the
carrier shall either offer small employers at least one basic and one standard health care
plan or the alternative coverages provided in G.S. 58-50-126. Every small
employer that elects to be covered under such a plan and agrees to make the required
premium payments and to satisfy the other provisions of the plan shall be issued such a
plan by the small employer carrier. The premium payment requirements used in
connection with basic and standard health care plans may address the potential credit
risk of small employers that elect coverage in accordance with this subsection by means
of payment security provisions that are reasonably related to the risk and are uniformly
applied.
If a small employer carrier offers coverage to a small employer, the small employer
carrier shall offer coverage to all eligible employees of a small employer and their
dependents. A small employer carrier shall not offer coverage to only certain
individuals in a small employer group except in the case of late enrollees as provided in
any health benefit plan with respect to a small employer, any eligible employee, or
dependent through riders, endorsements, or otherwise, in order to restrict or exclude
coverage for certain diseases or medical conditions otherwise covered by the health
benefit plan. In the case of an eligible employee or dependent of an eligible employee who, before the effective date of the plan, was excluded from coverage or denied coverage by a small employer carrier in the process of providing a health benefit plan to an eligible small employer, the small employer carrier shall provide an opportunity for the eligible employee or dependent of an eligible employee to enroll in the health benefit plan currently held by the small employer."

SECTION 3. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"§ 58-50-126. Alternative coverage permitted. (a) In General. — In the case of health insurance coverage offered in this State, a small employer carrier may elect to limit the coverage offered under G.S. 58-50-125(d) if the carrier offers at least two different policy forms of health insurance coverage and both policy forms meet all of the following:

(1) The policy forms are designed for, made available or actively marketed to, and actually enroll self-employed individuals and other small employer groups.

(2) The policy forms meet the requirements of either subsections (b) or (c) of this section, as elected by the small employer carrier.

(b) Choice of Most Popular Policy Forms. — The requirements of this section are met for health insurance coverage policy forms offered by a small employer carrier if the carrier offers the policy forms for small group health insurance coverage with the two highest premium volume numbers of all the policy forms offered by the carrier in this State or in applicable marketing or service areas in the period involved.

(c) Choice of Two Policy Forms with Representative Coverage. — The requirements of this section are met for health insurance coverage policy forms offered by a small employer carrier in the small group market if the small employer carrier offers both policy forms described in this subsection and each policy form includes benefits substantially similar to other small group health insurance coverage offered by the small employer carrier in this State.

(1) Lower-level coverage policy form. — A policy form is deemed a lower-level coverage policy form if the actuarial value of the benefits under the coverage is at least eighty-five percent (85%), but not greater than one hundred percent (100%) of a weighted average, as described in subdivision (3) of this subsection.

(2) Higher-level coverage policy form. — A policy form is deemed a higher-level coverage policy form if all of the following apply:

The percentage increase in the premium rate charged to a small employer for a new rating period shall not exceed the sum of all of the following:
   a. The percentage change in the adjusted community rate as measured from the first day of the prior rating period to the first day of the new rating period.
   b. Any adjustment, not to exceed fifteen percent (15%) annually, due to claim experience, health status, or duration of coverage of the employees or dependents of the small employer.

The General Assembly of North Carolina enacts:

SECTION 1. Findings and Purpose. The General Assembly finds as follows:

1. The Camp Butner reservation is administered by the Secretary of the Department of Health and Human Services (hereinafter "Secretary") in
accordance with the provisions of Article 6 of Chapter 122C of the General Statutes (the Camp Butner reservation is variously referred to, in whole or in part, as the Camp Butner reservation, the Town of Butner, and the Community of Butner and in this act shall be referred to as the "Butner Reservation").  

(2) The Department of Health and Human Services (hereinafter "Department") owns a water and sewer system (hereinafter "System") that it has long operated pursuant to G.S. 122C-407 for the benefit of the Butner Reservation, the State institutions located in or near the Butner Reservation, adjacent areas of Granville County, and certain federal correctional institutions.  

(3) The Department has determined that it is in the best interests of the Department, its clients, and the State of North Carolina for the System to be operated as a regional water and sewer system for the benefit of the Butner Reservation, the City of Creedmoor (hereinafter "Creedmoor"), the Town of Stem (hereinafter "Stem"), adjacent areas of Granville County, and the State and federal institutions located nearby.  

(4) The Secretary pursuant to the authority vested in her by G.S. 122C-407 entered into a Memorandum of Understanding (hereinafter "MOU") with the South Granville Water and Sewer Authority, a water and sewer authority organized under and by virtue of Article 1 of Chapter 162A of the General Statutes (hereinafter "SGWASA") pursuant to which SGWASA, effective January 1, 2006, manages and operates the System.  

(5) The customers of the System have paid for water and sewer over the years the Department has operated the System, and those payments at times have generated surpluses that are held by the Department or on behalf of the Department by the State Treasurer for use for the benefit of the System.  

(6) It is in the best interests of the Department, the southern portion of Granville County including the Butner Reservation, Stem, and Creedmoor, and the State for SGWASA to own and operate the System for the benefit of all interested parties and that certain assets be transferred to SGWASA.  

SECTION 2.(a) The Governor shall convey on or before January 1, 2007, or as soon thereafter as all conditions set forth herein are met, to SGWASA for the consideration set forth herein all right, title, and interest in and to all of the property, real, personal, and mixed, tangible and intangible, comprising the System owned by the State of North Carolina which is currently managed by SGWASA pursuant to the MOU; provided, however, that SGWASA, prior to said transfer, shall make the arrangements necessary to retire, assume, or otherwise satisfy any debt issued by the State that is secured by the System or by the revenues of the System and which is outstanding as of the date of transfer. A schedule of said assets is on file with the Secretary and with the Executive Director of SGWASA.  

SECTION 2.(b) In order to provide SGWASA with a reserve for operations and maintenance expenses and extraordinary repairs and replacements, the Department shall transfer to SGWASA on or before September 1, 2007, from the funds held by the Department for the Town of Butner Enterprise in the State of North Carolina General
Ledger System (ATBD 701), the sum of two million sixty-nine thousand four hundred thirty-two dollars and fifty cents ($2,069,432.50) which is equal to one-half of one year's total operating expenses of the System, as shown on the Town of Butner Water and Sewer System Financial Statement Audit Report for the Year Ended June 30, 2005 (hereinafter the "Audit Report"). If the majority of the functions of the Butner Reservation are assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina, the remainder of the funds held by the Department for the Town of Butner Enterprise in the State of North Carolina General Ledger System (ATBD 701), including all interest and returns thereon, and all Capital Improvement Funds held by the Department for the Town of Butner Enterprise in the North Carolina General Ledger System (BD 725) not otherwise restricted by statute or otherwise obligated for the payment of existing debts, including all interest and returns thereon, shall be transferred by the Department to such successor municipality.

**SECTION 2.(c)** Except as hereinafter provided, SGWASA shall continue to pay to the Department a monthly sum to be used by the Department to support the operations of the Butner Reservation, set at a baseline of sixty-three thousand nine hundred fifty-seven dollars and seventy-five cents ($63,957.75) for fiscal year 2005-2006, which sum shall be adjusted annually on July 1 to reflect the cost of salary and benefit changes granted to State employees by an act of the General Assembly or by action of the Office of State Personnel; any increases and adjustments required by law for Social Security, retirement rate increases, or longevity; and allowable inflationary cost increases for all operations costs as determined by the North Carolina Office of State Budget and Management each budget cycle and communicated to State agencies for application. This payment shall continue until such date as the majority of the functions of the Department performed at the Butner Reservation are assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina. If the majority of the functions of the Butner Reservation are assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina, SGWASA shall pay to such municipal corporation the sum of forty-one thousand six hundred sixty-six dollars and sixty-seven cents ($41,666.67) per month for a period of 240 months from the date of said incorporation. Notwithstanding the foregoing, any payments pursuant to this section to the Department or a municipal corporation incorporated hereafter which assumes the majority of the functions of the Butner Reservation may, to the extent provided in any trust agreement, trust indenture, resolution, order, ordinance, or similar instrument entered or adopted by SGWASA in connection with the issuance of bonds by SGWASA, be made subordinate to the payment of current expenses of the System, the funding of reserves, and the payment of debt service on any indebtedness incurred by SGWASA for the improvement, expansion, and maintenance of the System or to make a payment to the State to retire bonds previously issued by the State for such purpose. For purposes of this section, "payment of debt service on indebtedness" includes the payments required under any financial instruments entered into by SGWASA in connection with the indebtedness, such as payments under interest rate swap agreements, reimbursement agreements, standby bond purchase agreements, or similar instruments entered into by SGWASA in connection with its bonds.

**SECTION 2.(d)** Any conveyance of the assets, real, personal, and mixed, transferred pursuant to the provisions of this section shall include a provision that the assets so transferred may revert to the State if SGWASA dissolves, becomes insolvent, or is otherwise unable to meet its obligations as they become due. Such reversion shall
be conditioned upon the State making the arrangements necessary to retire, assume, or otherwise satisfy any debt issued by SGWASA to be outstanding following the reversion of the assets to the State. If, at such time, the primary functions of the Department with respect to the Butner Reservation have been assumed by a municipal corporation organized pursuant to the laws of the State of North Carolina, the assets that otherwise would revert to the State pursuant to this section shall vest in such municipality on the same terms and conditions as if the assets were reverting to the State (including that arrangements necessary to retire, assume, or otherwise satisfy any debt issued by SGWASA and to be outstanding following the reversion of the assets to the State be made as a condition to such reversion).

SECTION 3. The transfer of the System to SGWASA pursuant to the provisions of this act shall be exempt from the requirements of Article 7, Chapter 146 of the General Statutes. The conveyance of property under this act shall comply with the provisions of Article 16, Chapter 146; provided, however, that the conveyance will be exempt from the provisions of G.S. 146-74. The provisions of this act shall be exempt from all statutes concerning in any way the disposition of personal property owned by the State of North Carolina or any department or agency thereof.

The tax must be stated and charged separately from the sales price, shown separately on the retailer's sales records, and paid by the purchaser to the retailer as trustee for and on account of the State. The retailer is liable for the collection of the tax and for its payment to the Secretary. The retailer's failure to charge the tax to or to collect the tax from the purchaser does not affect this liability. It is the intent of this Article that the tax be added to the sales price of tangible personal property and services when sold at retail and be borne and passed on to the customer, instead of being borne by the retailer."

If any property in the estate is located in a state other than North Carolina, the amount of tax payable depends on whether the decedent was a resident of this State at death. If the decedent was a resident of this State at death, the amount of tax due under this section is reduced by the lesser of the amount of the death tax paid the other state or an amount computed by multiplying the credit by a fraction, the numerator of which is the gross value of the estate that has a tax situs in another state and the denominator of which is the value of the decedent's gross estate. If the decedent was not a resident of this State at death, the amount of tax due under this section is an amount computed by multiplying the credit by a fraction, the numerator of which is the gross value of real property that is located in North Carolina plus the gross value of any personal property that has a tax situs in North Carolina and the denominator of which is the value of the decedent's gross estate. For purposes of this section, the gross value of property is its gross value as finally determined in the federal estate tax proceedings."

H.B. 2465 Session Law 2006-163

AN ACT TO MAKE A TECHNICAL CORRECTION IN A LOCAL ACT TO
CLARIFY THAT THE DISTRIBUTION PROCEDURE IS IN ACCORDANCE
WITH 1977 LEGISLATION AS HAS BEEN THE CONTINUOUS PRACTICE
SINCE THEN.

Whereas, Chapter 202 of the 1977 Session Laws provided for distribution of
fifteen percent (15%) of the net profits remaining from the operation of the Dare County
Alcoholic Beverage Control Board to incorporated municipalities within that county;
and

Whereas, a completely separate local bill, Chapter 201 of the Session Laws of
1965 also provided for distribution of the profits, and that local act was not mentioned
in the 1977 enactment; and

Whereas, Chapter 995 of the 1981 Session Laws amended the 1965 local act
and changed the distribution procedures, and did not mention the 1977 law; and

Whereas, distributions continued under the 1977 law; and

Whereas, Chapter 679 of the 1995 Session Laws rewrote the 1977 law and
repealed the other thread of local acts that had started in 1965; and

Whereas, the 1995 law inadvertently carried forward part of the 1981 law
rather than the 1977 law; and

Whereas, Dare County is desirous of continuing to operate under the 1977
wording; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Section 1(3) of Chapter 202 of the 1977 Session Laws, as
rewritten by Chapter 679 of the 1995 Session Laws, reads as rewritten:

After making the distributions provided in subsections (b) and (c) of G.S. 18B-805, the Dare County Alcoholic Beverage Control Board shall determine and retain from the remaining gross receipts a sufficient and proper amount necessary to be retained as working capital, within the limits set by rules of the Commission.

The entire remaining gross receipts shall be paid over to the Dare County Board of County Commissioners to be allocated as follows:

(3) fifteen percent (15%) of the net profits remaining shall be allocated to and divided among the incorporated towns within Dare County, such sums to go to the general fund of each of the incorporated towns to be used for any governmental purpose deemed necessary by the governing body of each town; and

SECTION 2. This act is effective when it becomes law, and any distributions heretofore made are validated.

The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(7) New employee. – A full-time employee who represents a net increase in the number of the business's employees statewide. The term includes an employee who previously filled an eligible position who is rehired or called back from a layoff that occurs during or following the base years to a vacant position previously held by that employee or to a new position established during or following the base years.

(10) Withholdings. – The amount withheld by a business from the wages of employees in eligible positions under Article 4A of Chapter 105 of the General Statutes.

SECTION 1.2. G.S. 143B-437.52 reads as rewritten:

"§ 143B-437.52. Job Development Investment Grant Program.

(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into negotiated agreements with businesses to provide grants in accordance with the provisions of this Part. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this Part. Before entering into an agreement, the Committee must find that all the following conditions are met:

(1) The project proposed by the business will create, during the term of the agreement, a net increase in employment in this State by the business.
The project will benefit the people of this State by increasing opportunities for employment and by strengthening this State's economy, for example, by providing worker training opportunities, constructing and enhancing critical infrastructure, increasing development in strategically important industries, or increasing the State and local tax base.

The project is consistent with economic development goals for the State and for the area where it will be located.

A grant under this Part is necessary for the completion of the project in this State.

The total benefits of the project to the State outweigh its costs and render the grant appropriate for the project.

The maximum number of agreements the Committee may enter into each calendar year is 25.

Except as provided in this section, the maximum amount of total annual liability for grants for agreements entered into in any single calendar year, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed fifteen million dollars ($15,000,000). The maximum amount of total annual liability for grants for agreements entered into in 2006, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed thirty million dollars ($30,000,000). No agreement may be entered into that, when considered together with other existing agreements entered into during that calendar year, could cause the State's potential total annual liability for grants entered into in that calendar year to exceed this amount.

For the purposes of subdivision (a)(1) of this section and G.S. 143B-437.51(5), 143B-437.51(7), and 143B-437.57(a)(11), the Committee may designate that the increase or maintenance of employment is measured at the level of a division or another operating unit of a business, rather than at the business level, if both of the following conditions are met:

(1) The Committee makes an explicit finding that the designation is necessary to secure the project in this State.

(2) The designation agreement contains terms to ensure that the business does not create eligible positions by transferring or shifting to the project existing positions from another project of the business or a related member of the business."

"(b) Ineligible Businesses. – A project that consists solely of retail facilities is not eligible for a grant under this Part. If a project consists of both retail facilities and nonretail facilities, only the portion of the project consisting of nonretail facilities is eligible for a grant, and only the withholdings from employees in eligible positions that are employed exclusively in the portion of the project that represents nonretail facilities may be used to determine the amount of the grant. If a warehouse facility is part of a retail facility and supplies only that retail facility, the warehouse facility is not eligible for a grant. For the purposes of this Part, catalog distribution centers are not retail facilities.

A project that consists of a professional or semiprofessional sports team or club, other than a professional motorsports racing team, is not eligible for a grant under this Part."
SECTION 1.4. G.S. 143B-437.55 reads as rewritten:

§ 143B-437.55. Applications; fees; reports; study.

(a) Application. – A business shall apply, under oath, to the Committee for a grant on a form prescribed by the Committee that includes at least all of the following:

1. The name of the business, the proposed location of the project, and the type of activity in which the business will engage at the project site or sites.
2. The names and addresses of the principals or management of the business, the nature of the business, and the form of business organization under which it is operated.
3. The financial statements of the business prepared by a certified public accountant and any other financial information the Committee considers necessary.
4. The number of eligible positions proposed to be created during the base years and thereafter for the project and the salaries for these positions.
5. An estimate of the total withholdings.
6. Certification that the business will provide health insurance to all full-time employees of the project as required by G.S. 143B-437.53(c).
7. Information concerning other locations, including locations in other states and countries, being considered for the project and the nature of any benefits that would accrue to the business if the project were to be located in one of those locations.
8. Information concerning any other State or local government incentives for which the business is applying or that it has an expectation of receiving.
9. Any other information necessary for the Committee to evaluate the application.

A business may apply, in one consolidated application in a form and manner determined by the Committee, for a grant on its own behalf as a business and for grants on behalf of the related members of the business who may qualify under this Part.

The Committee will consider an application by a business for grants on behalf of its related members only if the related members for whom the application is submitted have assigned to the business any claim of right the related members may have under this Part to apply for grants individually during the term of the agreement and have agreed to cooperate with the business in providing to the Committee all the information required for the initial application and the agreement, and any other information the Committee may require for the purposes of this Part. The applicant business is responsible for providing to the Committee all the information required under this Part.

If a business applies for a grant on behalf of its related members, the related members included in the application may be permitted to meet the qualifications for a grant collectively by participating in a project that meets the requirements of this Part. The amount of a grant may be calculated under the terms of this Part as if the related members were all collectively one business entity. Any conditions for a grant, other than the number of eligible positions created, apply to each related member who is listed in the application as participating in the project. The grants awarded shall be paid to the applicant business. A grant received under this Part by a business may be apportioned to the related members in a manner determined by the business. In order for
an agreement to be executed, each related member included in the application must sign
the agreement and agree to abide by its terms.

(b) Application Fee. – When filing an application under this section, the business
must pay the Committee a fee of five thousand dollars ($5,000). The fee is due at the
time the application is filed. The Secretary of Commerce, the Secretary of Revenue, and
the Director of the Office of State Budget and Management shall determine the

AN ACT DIRECTING THE STATE BOARD OF EDUCATION TO REPORT ON THE ROLE SCHOOL COUNSELORS PLAY IN PROVIDING DROPOUT PREVENTION AND INTERVENTION SERVICES TO STUDENTS IN MIDDLE AND HIGH SCHOOL AND ON THE STATE BOARD'S IMPLEMENTATION OF ITS POLICY REGARDING SCHOOL COUNSELORS.
The General Assembly of North Carolina enacts:

SECTION 1. Research shows that school counselors can provide effective services to students that encourage them to stay in school, succeed in school, and graduate from high school. Research also shows that middle school is a critical time for students who are at risk of dropping out of school. The General Assembly currently provides funding that local school administrative units may use to hire school counselors; it is unclear, however, what role school counselors play in providing effective and efficient dropout prevention and intervention services to students in middle and high school. The General Assembly needs additional information to determine whether adjustments should be made in funding for school counselors or assignment of duties to school counselors; therefore, the State Board of Education shall report the following information to the Joint Legislative Education Oversight Committee prior to March 15, 2007.

1. The counselor-to-student ratio in schools with a sixth grade or higher grade;
2. The source of funds used for each of these counselors;
3. A review and analysis of the counselors' primary duties by school;
4. A summary and description of school-based dropout prevention and intervention services provided directly to students in the sixth grade and higher grades, including the role of school counselors in providing the services; and
5. The number of school counselors and other individuals per local school administrative unit whose primary responsibility is to provide school-based dropout prevention and intervention services and the percentage of their time spent providing these services.

SECTION 2. The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to November 1, 2007, on the implementation of State Board Policy QP-C-012, Policy Delineating the Job Description and Performance Criteria for School Counselors.

SECTION 1. G.S. 15B-2(1) reads as rewritten:

"(1) "Allowable expense" means reasonable charges incurred for reasonably needed products, services, and accommodations, including those for medical care, rehabilitation, medically-related property, and other remedial treatment and care.

Allowable expense for medical care, counseling, rehabilitation, medically-related property, and other remedial treatment and care of a victim shall be limited to sixty-six and two-thirds percent (66 2/3%) of
the amount usually charged by the provider for the treatment or care. By accepting the compensation paid as allowable expense pursuant to this subdivision, the provider agrees that the compensation is payment in full for the treatment or care and shall not charge or otherwise hold a claimant financially responsible for the cost of services in addition to the amount of allowable expense.

SECTION 2. G.S. 15B-2(3) reads as rewritten:
"(3) "Collateral source" means a source of benefits or advantages for economic loss otherwise compensable that the victim or claimant has received or that is readily available to the victim or the claimant from any of the following sources:

a. The offender;

b. The government of the United States or any of its agencies, a state or any of its political subdivisions, or an instrumentality of two or more states;

c. Social security, medicare, and medicaid;

d. State-required, temporary, nonoccupational disability insurance;

e. Worker's compensation;

f. Wage continuation programs of any employer;

g. Proceeds of a contract of insurance payable to the victim for loss that he sustained because of the criminally injurious conduct;

h. A contract providing prepaid hospital and other health care services, or benefits for disability;

Compensation shall only be paid for economic loss and not for noneconomic loss. The Commission shall follow the rules of liability applicable to civil tort law in North Carolina."

SECTION 4. G.S. 15B-11(c) reads as rewritten:
"(c) A claim may be denied, an award of compensation may be reduced, and a claim that has already been decided may be reconsidered upon finding that the claimant or victim, without good cause, has not fully cooperated with appropriate law enforcement agencies or in the prosecution of criminal cases with regard to the criminally injurious conduct that is the basis for the award."

SECTION 5. G.S. 15B-11(d) reads as rewritten:
"(d) After reaching a decision to approve an award of compensation, but before notifying the claimant, the Director shall require the claimant to submit current information as to collateral sources on forms prescribed by the Commission. An award that has been approved shall nevertheless be denied or reduced to the extent that the economic loss upon which the claim is based is or will be recouped from a collateral source. If an award is reduced or a claim is denied because of the expected recoupment of all or part of the economic loss of the claimant from a collateral source,

646
the amount of the award or the denial of the claim shall be conditioned upon the claimant's economic loss being recouped by the collateral source. If it is thereafter determined that the claimant will not receive all or part of the expected recoupment, the claim shall be reopened and an award shall be approved in an amount equal to the amount of expected recoupment that it is determined the claimant will not receive from the collateral source, subject to the limitations set forth in subsections (f) and (g). The existence of a collateral source that would pay expenses directly related to a funeral, cremation, and burial, including transportation of a body, shall not constitute grounds for the denial or reduction of an award of compensation."

SECTION 6. This act becomes effective July 1, 2006, and applies to claims filed on or after that date.

In the General Assembly read three times and ratified this the 18th day of July, 2006.

Became law upon approval of the Governor at 6:06 p.m. on the 1st day of August, 2006.
