The term of office of the mayor pro tempore shall be two years, shall serve at the pleasure of the council."

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 9th day of June, 2008.

Became law on the date it was ratified.

* Refer to the 2008 Resolutions section.
AN ACT TO DIRECT THE DEPARTMENT OF CORRECTION AND THE POST-RELEASE SUPERVISION AND PAROLE COMMISSION TO PROVIDE FOR MEDICAL RELEASE OF NO-RISK INMATES WHO ARE EITHER PERMANENTLY AND TOTALLY DISABLED, TERMINALLY ILL, OR GERIATRIC.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 15A of the General Statutes is amended by adding a new Article to read:

"Article 84B.
"Medical Release of Inmates.

For purposes of this Article, the term:

(1) "Commission" means the Post-Release Supervision and Parole Commission.
(2) "Department" means the Department of Correction.
(3) "Geriatric" describes an inmate who is 65 years of age or older and suffers from chronic infirmity, illness, or disease related to aging that has progressed such that the inmate is incapacitated to the extent that he or she does not pose a public safety risk.
(4) "Inmate" means any person sentenced to the custody of the Department of Correction.
(5) "Medical release" means a program enabling the Commission to release inmates who are permanently and totally disabled, terminally ill, or geriatric.
(6) "Medical release plan" means a comprehensive written medical and psychosocial care plan that is specific to the inmate and includes, at a minimum:
   a. The proposed course of treatment;
   b. The proposed site for treatment and post-treatment care;
   c. Documentation that medical providers qualified to provide the medical services identified in the medical release plan are prepared to provide those services; and
   d. The financial program in place to cover the cost of this plan for the duration of the medical release, which shall include eligibility for enrollment in commercial insurance, Medicare, or Medicaid or access to other adequate financial resources for the duration of the medical release.
(7) "Permanently and totally disabled" describes an inmate who, as determined by a licensed physician, suffers from permanent and irreversible physical incapacitation as a result of an existing physical or medical condition that was unknown at the time of sentencing or, since the time of sentencing, has progressed to render the inmate permanently and totally disabled, such that the inmate does not pose a public safety risk.
(8) "Terminally ill" describes an inmate who, as determined by a licensed physician, has an incurable condition caused by illness or disease that
was unknown at the time of sentencing or, since the time of sentencing, has progressed to render the inmate terminally ill, and that will likely produce death within six months, and that is so debilitating such that the inmate does not pose a public safety risk.

"§ 15A-1369.1. Authority to release.
The Commission shall establish a medical release program to be administered by the Department. The Commission shall prescribe when and under what conditions an inmate may be released for medical release, consistent with the provisions of G.S. 15A-1369.4. The Commission may adopt rules to implement the medical release program.

"§ 15A-1369.2. Eligibility.
(a) Except as otherwise provided in this section, notwithstanding any other provision of law, an inmate is eligible to be considered for medical release if the Department determines that the inmate is:
   (1) Diagnosed as permanently and totally disabled, terminally ill, or geriatric under the procedure described in G.S. 15A-1369.3(b)(1); and
   (2) Incapacitated to the extent that the inmate does not pose a public safety risk.
(b) Persons convicted of a capital felony or a Class A, B1, or B2 felony and persons convicted of an offense that requires registration under Article 27A of Chapter 14 of the General Statutes shall not be eligible for release under this Article.

"§ 15A-1369.3. Procedure for medical release.
(a) The Commission shall consider an inmate for medical release upon referral by the Department. The Department may base its referral upon either a request or petition for release filed by the inmate, the inmate's attorney, or the inmate's next of kin or upon a recommendation from within the Department.
(b) The referral shall include an assessment of the inmate's medical and psychosocial condition and the risk the inmate poses to society, as follows:
   (1) The Department medical director, or a designee of the director who is a licensed physician, shall review the case of each inmate who meets the eligibility requirements for medical release set forth in G.S. 15A-1369.2. Any physician who examines an inmate being considered for medical release shall prepare a written diagnosis that includes:
      a. A description of any and all terminal conditions, physical incapacities, and chronic conditions; and
      b. A prognosis concerning the likelihood of recovery from any and all terminal conditions, physical incapacities, and chronic conditions.
   (2) The Department shall make an assessment of the risk for violence and recidivism that the inmate poses to society. In order to make this assessment, the Department may consider such factors as the inmate's medical condition, the severity of the offense for which the inmate is incarcerated, the inmate's prison record, and the release plan.
   (c) If the Department determines that the inmate meets the criteria for release, the Department shall forward its referral and medical release plan for the inmate to the Commission. The Department shall complete the risk assessment and forward its referral and medical release plan within 45 days of receiving a request, petition, or recommendation for release.
(d) The Commission shall make a determination of whether to grant medical release within 15 days of receiving a referral from the Department for release of a terminally ill inmate and within 20 days of receiving a referral from the Department for release of a permanently and totally disabled inmate or a geriatric inmate. In making the determination, the Commission shall make an independent assessment of the risk for violence and recidivism that the inmate poses to society. The Commission also shall provide the victim or victims of the inmate or the victims' family or families with an opportunity to be heard.

(e) A denial of medical release by the Commission shall not affect an inmate's eligibility for any other form of parole or release under applicable law.

(f) If the Department determines that an inmate should not be considered for release under this Article or the Commission denies medical release under this Article, the inmate may not reapply or be reconsidered unless there is a demonstrated change in the inmate's medical condition.

(a) The Commission shall set reasonable conditions upon an inmate's medical release that shall apply through the date upon which the inmate's sentence would have expired. These conditions shall include:
  
(1) That the released inmate's care be consistent with the care specified in the medical release plan as approved by the Commission;
  
(2) That the released inmate shall cooperate with and comply with the prescribed medical release plan and with reasonable requirements of medical providers to whom the released inmate is to be referred to continued treatment;
  
(3) That the released inmate shall be subject to supervision by the Division of Community Corrections and shall permit officers from the Division to visit the inmate at reasonable times at the inmate's home or elsewhere;
  
(4) That the released inmate shall comply with any conditions of release set by the Commission; and
  
(5) That the Commission shall receive periodic assessments from the inmate's treating physician.

(b) The Commission shall promptly order an inmate returned to the custody of the Department to await a revocation hearing if the Commission receives credible information that an inmate has failed to comply with any reasonable condition set upon the inmate's release. If the Commission subsequently revokes an inmate's medical release for failure to comply with conditions of release, the inmate shall resume serving the balance of the sentence with credit given only for the duration of the inmate's medical release served in compliance with all reasonable conditions set forth pursuant to subsection (a) of this section. Revocation of an inmate's medical release for violating a condition of release shall not preclude an inmate's eligibility for any other form of parole or release provided by law but may be used as a factor in determining eligibility for that parole or release.

§ 15A-1369.5. Change in medical status.

(a) If a periodic medical assessment reveals that an inmate released on medical release has improved so that the inmate would not be eligible for medical release if being considered at that time, the Commission shall order the inmate returned to the custody of the Department to await a revocation hearing. In determining whether to revoke medical release, the Commission shall consider the most recent medical
assessment of the inmate and a risk assessment of the inmate conducted pursuant to G.S. 15A-1369.3(b)(2). If the Commission revokes the inmate's medical release, the inmate shall resume serving the balance of the sentence with credit given for the duration of the medical release.

(b) Revocation of an inmate's medical release due to a change in the inmate's medical condition shall not preclude an inmate's eligibility for medical release in the future or for any other form of parole or release provided by law."

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 2nd day of June, 2008.

Became law upon approval of the Governor at 11:48 a.m. on the 10th day of June, 2008.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the Town of Pleasant Garden, being Session Law 1997-344, as amended by Session Laws 1998-205, 1999-57, and 1999-331, is amended by adding a new Chapter to read:

"CHAPTER VI.
"RECALL OF ELECTED OFFICIALS.

"Sec. 6-1. The Mayor and any member of the Town Council of the Town of Pleasant Garden may be removed from office in the manner provided for in this act.

"Sec. 6-2. Any registered voter of the Town may file an affidavit with the Guilford County Director of Elections containing the name of the elected official whose removal is sought and a general statement of the grounds alleged for removal. The Director of Elections shall provide the registered voter filing the affidavit with petition forms for demanding the removal of a Town elected official. The petition forms shall:

(1) Be signed by the Director of Elections.
(2) Be dated on the date of issuance.
(3) Be addressed to the Guilford County Board of Elections.
(4) Contain the name of the person to whom the form is issued.
(5) Contain the name of the official whose removal is sought.
(6) Contain a general statement of the grounds on which the removal is sought.
(7) Provide a place for signatures.

The Director of Elections shall promptly deliver a copy of the petition issued by the Director of Elections to the Town Clerk, who shall enter the copy of the petition in a record book kept for that purpose. The record book shall be maintained at the Office of the Clerk.

"Sec. 6-3. To be effective, a recall petition must be returned to the Board of Elections within 30 days after the filing of the affidavit. To be sufficient, a recall petition must bear the signatures of at least thirty-three percent (33%) of the registered voters of the Town as shown by the registration records of the last preceding general municipal election.
"Sec. 6-4. The signatures to the petition need not all be appended to one paper. Each signer shall add his or her signature and the signer's place of residence, giving the residence address including town. One of the signers of each paper shall take an oath before an officer competent to administer oaths that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

"Sec. 6-5. The Board of Elections shall investigate the sufficiency of any petition and certify the results of the investigation to the Town Council. The Board of Elections may employ persons as it deems necessary to undertake that investigation. The Town Council shall reimburse the Board of Elections for the reasonable cost of the investigation. The Board of Elections may adopt rules concerning the validation of signatures appearing on the recall petition.

"Sec. 6-6. The Board of Elections shall complete its investigation and issue its certification of the results of the investigation within 15 days after the filing of any petition. If, by the Board of Elections' certification, the petition is shown to be insufficient, it may be amended within 10 days from the date of the certificate. The Board shall, within 10 days after any amendment, complete an investigation of the amended petition. If the certification of the results of the investigation shows the amended petition to be insufficient, a copy of the petition shall be returned to the person filing the petition, without prejudice to the filing of a new petition.

"Sec. 6-7. Upon a determination that a sufficient recall petition has been submitted, the Board of Elections shall submit the petition to the Town Clerk, who shall submit it to the Town Council and shall notify the officer whose removal is sought. If the officer whose removal is sought does not resign within five days after receiving the notice, the Town Council shall order and fix a date for holding a recall election. Subject to the remaining provisions of this section, an election shall be held not less than 90 nor more than 120 days after the petition has been certified as being sufficient. If any other general or special election is scheduled within this period, the Town Council shall schedule the special election at the same time. If the provisions of general law prohibit the holding of a special election during this time period and no general or special election is otherwise scheduled during that period of time, then the Town Council shall schedule the special recall election for a date within 10 days after the last day of the period of time during which special elections are prohibited by general law.

"Sec. 6-8. The Board of Elections shall cause legal notice of the election to be published. That notice shall include the general statement of the grounds on which the recall is sought as alleged in the affidavit and shall make all arrangements for holding the election in accordance with general law. The recall election shall be conducted, returned, and the results declared as in other elections in Pleasant Garden. The Town shall reimburse the reasonable costs of the recall election to the Board of Elections.

"Sec. 6-9. The question of recalling any number of officials may be submitted at the same election. But as to each such official, a separate petition shall be filed and there shall be an entirely separate ballot.

"Sec. 6-10. The ballots used in a recall election shall submit the following proposition:

"[ ] FOR [ ] AGAINST

The recall of (name and title of official)."

"Sec. 6-11. If less than a majority of the votes cast on the question of recalling an official are for recall, the official shall continue in office for the remainder of the unexpired term and, except as provided by Section 13 of this act, shall be subject to the
recall as before. If a majority of such votes are for the recall of the official designated on the ballot, the official shall be deemed removed from office.

"Sec. 6-12. If an official concerning whom a sufficient recall petition is submitted to the Town Council resigns before the recall election or is removed from office as a result of the recall election, the vacancy shall be filled in the manner provided by law for filling vacancies in that office. An official removed from office by the voters as a result of a recall election shall not be appointed to fill the vacancy caused by that official's own removal or resignation.

"Sec. 6-13. No recall petition shall be filed against an officer who has been subjected to a recall election, and not removed thereby, until at least six months after that recall election. No recall petition shall be filed against an officer during the first three months of the term of that office.

"Sec. 6-14. If the recalls of a majority of the members of the Town Council are effected at a single recall election, the successors of the officers recalled shall be elected by the registered voters of the Town at a special municipal election, and the successors shall serve for the remainder of the terms of the officers recalled. The members of the Town Council who have not been recalled shall call that special election, which shall be conducted by the Guilford County Board of Elections under the laws then governing elections in the State. If the recall of all the members of the Town Council is effected at a single election, they shall continue in office for the purpose, and only for the purpose, of calling a special municipal election for the election of their successors as provided in this section. That election shall also be conducted by the Guilford County Board of Elections under the laws then governing elections in the State."

S.B. 1646

AN ACT TO PROVIDE FOR THE ORDERLY FISCAL MANAGEMENT OF ANY MONETARY SETTLEMENT OF THE 1943 AGREEMENT BETWEEN SWAIN COUNTY AND THE UNITED STATES DEPARTMENT OF INTERIOR.

The General Assembly of North Carolina enacts:

SECTION 1. Legislative Findings. – It is hereby determined and declared as a matter of legislative finding that:

(1) Flooding caused by the construction of Fontana Dam destroyed a road that had been constructed with road bonds which had been assumed by Swain County.

(2) The United States Department of Interior and the Tennessee Valley Authority entered into an agreement in 1943 with Swain County and the State of North Carolina to compensate Swain County for this loss by, among other obligations, constructing a new road, which would traverse the Great Smoky Mountains National Park.

(3) The promised road has not been built. Early attempts to construct the road were abandoned by the National Park Service because of the expense involved and concerns about environmental impacts.

(4) In 2007, the National Park Service concluded, after completing a full environmental impact statement of the road proposal, that construction of the road would have unacceptable impacts to the natural environment in the Great Smoky Mountains National Park. The National Park Service instead has endorsed an alternative proposal, also supported by Swain County, to negotiate a monetary settlement of the United States' unfulfilled obligations under its 1943 agreement with Swain County.

(5) The proposed monetary settlement of the 1943 agreement between Swain County and the United States Department of Interior is an unprecedented opportunity to provide for the future prosperity of the people of Swain County.

(6) Appropriate fiscal management of this significant monetary settlement requires authority and programs not currently provided by North Carolina law.

(7) The Swain County Board of Commissioners has by resolution announced its desire and intention that the proceeds of any monetary
settlement with the United States be managed for the long-term prosperity of the people of Swain County.

(8) The Swain County Board of Commissioners has by resolution announced its desire and intention that the proceeds of a monetary settlement with the United States Department of Interior be preserved and insulated from improvident expenditure.

SECTION 2. Fund Managed by State Treasurer. – G.S. 147-69.2(a) is amended by adding a new subdivision to read:

"(19) The Swain County Settlement Trust Fund."

SECTION 3. Fund Provisions. – Article 6 of Chapter 147 of the General Statutes is amended by adding a new section to read:

"§ 147-69.6. Swain County Settlement Trust Fund.

(a) The Swain County Settlement Trust Fund is established as a special fund in the Office of the State Treasurer under the management of the Treasurer. The Fund shall consist of the proceeds of any payments made by the United States in settlement of the 1943 agreement between Swain County and the United States Department of Interior, such other contributions as Swain County or other entities may choose to make to the Fund, and the interest and other investment income earned by the Fund. Contributions to the Fund are irrevocable. Assets in the Fund may be disbursed only to Swain County.

(b) On such schedule as the State Treasurer may determine, in consultation with the Board of Commissioners of Swain County, the State Treasurer shall disburse to Swain County amounts requested by the Swain County Board of Commissioners pursuant to a majority vote of that body, provided that disbursements to Swain County under this subsection in any fiscal year shall not exceed the total interest and investment income earned by the Fund in that fiscal year. At the start of each fiscal year, the State Treasurer shall issue a nonbinding opinion and recommendation to the Swain County Board of Commissioners suggesting an appropriate amount of interest and investment income to be reinvested in the Fund to ensure that the principal investment grows to keep pace with inflation.

(c) No portion of the principal balance of the Fund may be disbursed to Swain County absent a request by the Swain County Board of Commissioners accompanied by a certification by the Swain County Board of Elections that two-thirds of the registered voters of Swain County voted in favor of the disbursement and subsequent expenditure of the amount requested in a referendum conducted under subsection (f) of this section.

(d) Funds disbursed to Swain County under subsections (b) or (c) of this section shall be managed by the county in accordance with the requirements of the Local Government Budget and Fiscal Control Act as amended from time to time.

(e) No part of the principal of the Swain County Settlement Trust Fund or of any interest or other income earned on that principal may be paid to or received by any agent or attorney on account of services rendered in connection with negotiating the settlement agreement between Swain County and the United States Department of Interior or obtaining the monetary settlement from the United States.

(f) The Board of Commissioners of Swain County may direct the Swain County Board of Elections to conduct an advisory referendum on the question of whether any portion of the principal of the Fund should be disbursed to and expended by the county for a particular purpose. The election shall be held on a date jointly agreed upon by the two boards, which may be the same day as any other referendum or election in the county, but may not otherwise be during the period beginning 30 days before and ending 30 days after the day of any other referendum or election to be conducted by the
board of elections and already validly called or scheduled by law. The election shall be held in accordance with the procedures of G.S. 163-287. The question to be presented on the ballot shall disclose the specific purpose proposed for expenditure of the principal investment of the Trust Fund and the amount proposed for expenditure.

(g) The Swain County Settlement Trust Fund is subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes.

(h) The Swain County Settlement Trust Fund and the income therefrom shall not take the place of or be counted against any other State appropriations or program providing funds or disbursements to Swain County.

GENERAL PROVISIONS

SECTION 5.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:
(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 5.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section or increase State administrative expenditures.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. In allocating a decrease in federal fund availability, the Department shall not eliminate the funding for a program or activity appropriated in this section unless it is related to the State administration.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 5.(d) All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.
TEMPORARY ASSISTANCE FOR NEEDY FAMILIES BLOCK GRANT (TANF)

SECTION 5.(e) The sum of nine hundred ninety-five thousand one hundred forty-two dollars ($995,142) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2008-2009 fiscal year shall be used to support administration of TANF-funded programs.

SECTION 5.(f) The sum of two million two hundred thousand dollars ($2,200,000) appropriated under this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2008-2009 fiscal year shall be used to provide domestic violence services to Work First recipients. These funds shall be used to provide domestic violence counseling, support, and other direct services to clients. These funds shall not be used to establish new domestic violence shelters or to facilitate lobbying efforts. The Division of Social Services may use up to seventy-five thousand dollars ($75,000) in TANF funds to support one administrative position within the Division of Social Services to implement this subsection.

Each county department of social services and the local domestic violence shelter program serving the county shall jointly develop a plan for utilizing these funds. The plan shall include the services to be provided and the manner in which the services shall be delivered. The county plan shall be signed by the county social services director or the director's designee and the domestic violence program director or the director's designee and submitted to the Division of Social Services by December 1, 2008. The Division of Social Services, in consultation with the Council for Women, shall review the county plans and shall provide consultation and technical assistance to the departments of social services and local domestic violence shelter programs, if needed.

The Division of Social Services shall allocate these funds to county departments of social services according to the following formula: (i) each county shall receive a base allocation of five thousand dollars ($5,000); and (ii) each county shall receive an allocation of the remaining funds based on the county's proportion of the statewide total of the Work First caseload as of July 1, 2008, and the county's proportion of the statewide total of the individuals receiving domestic violence services from programs funded by the Council for Women as of July 1, 2008. The Division of Social Services may reallocate unspent funds to counties that submit a written request for additional funds.

SECTION 5.(g) The sum of two million forty-nine thousand six hundred forty-two dollars ($2,049,642) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2008-2009 fiscal year shall be used to expand after-school programs and services for at-risk children. The Department shall develop and implement a grant program to award grants to community-based programs that demonstrate the ability to reach children at risk of teen pregnancy, school dropout, and gang participation. The Department shall award grants to community-based organizations that demonstrate the ability to develop and implement linkages with local departments of social services, area mental health programs, schools, and other human services programs in order to provide support services and assistance to the child and family. These funds may be used to fund one position within the Division of Social Services to coordinate at-risk after-school programs and shall not be used for other State administration.
SECTION 5.(h) The sum of fourteen million four hundred fifty-two thousand three hundred ninety-one dollars ($14,452,391) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2008-2009 fiscal year for child welfare improvements, shall be allocated to the county departments of social services for hiring or contracting staff to investigate and provide services in Child Protective Services cases; to provide foster care and support services; to recruit, train, license, and support prospective foster and adoptive families; and to provide interstate and postadoption services for eligible families.

SECTION 5.(i) The sum of three million dollars ($3,000,000) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Special Children Adoption Fund, for the 2008-2009 fiscal year shall be used in accordance with Section 10.31 of S.L. 2007-323. The Division of Social Services, in consultation with the North Carolina Association of County Directors of Social Services and representatives of licensed private adoption agencies, shall develop guidelines for the awarding of funds to licensed public and private adoption agencies upon the adoption of children described in G.S. 108A-50 and in foster care. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services program. No local match shall be required as a condition for receipt of these funds.

SECTION 5.(j) The sum of one million two hundred thousand dollars ($1,200,000) in this section appropriated to the Department of Health and Human Services in the TANF Block Grant for the 2008-2009 fiscal year shall be used to implement N.C. FAST (North Carolina Families Accessing Services through Technology). The N.C. FAST program involves the entire automation initiative through which families access services and local departments of social services deliver benefits, supervised by the Department of Health and Human Services, Divisions of Social Services, Aging and Adult Services, Medical Assistance, and Child Development. The statewide automated initiative shall be implemented in compliance with federal regulations in order to ensure federal financial participation in the project. The Department of Health and Human Services shall report on its compliance with this subsection to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than January 1, 2009.

SECTION 5.(k) The sum of five hundred thousand dollars ($500,000) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2008-2009 fiscal year shall be used to expand after-school programs for at-risk children attending middle school. The Department shall develop and implement a grant program to award funds to community-based programs demonstrating the capacity to reach children at risk of teen pregnancy, school dropout, and gang participation. These funds shall not be used for training or administration at the State level. Deferred taxes from earlier years do not become due because of an interruption of qualification; however, deferred taxes existing at the time of an interruption of qualification shall be carried forward until the occurrence of a disqualifying event. If the owner qualifies for tax deferral under this section following an interruption of qualification, the taxing unit or units shall disregard the years during which there was an interruption of qualification for purposes of determining the three fiscal years preceding the current tax year under subsection (g) of this section.

(k) Prepayment. – All or part of the deferred taxes and accrued interest may be paid to the tax collector at any time. Any partial payment is applied first to accrued interest. A residence owner to whom a tax deferral has previously been granted may revoke the application for deferral at any time by notifying the assessor in writing.

(l) Creditor Limitations. – A mortgagee or trustee that elects to pay any tax deferred by the owner of a residence subject to a mortgage or deed of trust does not acquire a right to foreclose as a result of the election. Except for requirements dictated
by federal law or regulation, any provision in a mortgage, deed of trust, or other agreement that prohibits the owner from deferring taxes on property under this section is void.

(m) Construction. – This section does not affect the attachment of a lien for personal property taxes against a tax-deferred residence.

(n) Application. – An application for property tax relief provided by this section should be filed during the regular listing period, but may be filed and must be accepted at any time up to and through June 1 preceding the tax year for which the relief is claimed. Persons may apply for this property tax relief by entering the appropriate information on a form made available by the assessor under G.S. 105-282.1.

SECTION 1.3. G.S. 105-282.1(a)(2)e. is repealed.

SECTION 1.4. G.S. 153A-148.1(a) is amended by adding a new subdivision to read:

"(a) Disclosure Prohibited. – Notwithstanding Chapter 132 of the General Statutes or any other law regarding access to public records, local tax records that contain information about a taxpayer's income or receipts are not public records. A current or former officer, employee, or agent of a county who in the course of service to or employment by the county has access to information about the amount of a taxpayer's income or receipts may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

…

(6) To include on a property tax receipt the amount of property taxes due and the amount of property taxes deferred on a residence classified under G.S. 105-277.1B, the property tax homestead circuit breaker,"

SECTION 1.5. G.S. 160A-208.1(a) is amended by adding a new subdivision to read:

"(a) Disclosure Prohibited. – Notwithstanding Chapter 132 of the General Statutes or any other law regarding access to public records, local tax records that contain information about a taxpayer's income or receipts are not public records. A current or former officer, employee, or agent of a city who in the course of service to or employment by the city has access to information about the amount of a taxpayer's income or receipts may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

…

(4) To include on a property tax receipt the amount of property taxes due and the amount of property taxes deferred on a residence classified under G.S. 105-277.1B, the property tax homestead circuit breaker,"

PART II: DEFERRAL PROGRAM MODIFICATIONS

SECTION 2.1. G.S. 105-275(29a) reads as rewritten:

"§ 105-275. Property classified and excluded from the tax base.

The following classes of property are hereby designated special classes under authority of Article V, Sec. 2(2), of the North Carolina Constitution and shall not be listed, appraised, assessed, or taxed:

…

(29a) Land that is within an historic district held and is held by a nonprofit corporation organized for historic preservation purposes for use as a future site for an historic structure that is to be moved to the site from another location. Property may be classified under this
subdivision for no more than five years. The taxes that would otherwise be due on land classified under this subdivision shall be a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The taxes shall be carried forward in the records of the taxing unit or units as deferred taxes and shall be payable five years from the fiscal year the exclusion is first claimed unless an historic structure is moved onto the site during that time. If an historic structure has not been moved to the site within five years, then deferred taxes for the preceding five fiscal years shall immediately be payable, together with interest as provided in G.S. 105-360 for unpaid taxes that shall accrue on the deferred taxes as if they had been payable on the dates on which they would originally become due. All liens arising under this subdivision are extinguished upon either the payment of any deferred taxes under this subdivision or the location of an historic structure on the site within the five-year period allowed under this subdivision. The deferred taxes are due and payable in accordance with G.S. 105-277.1C when the property loses its eligibility for deferral as a result of a disqualifying event. A disqualifying event occurs when an historic structure is not moved to the property within five years from the first day of the fiscal year the property was classified under this subdivision."

SECTION 2.2. Chapter 105 of the North Carolina General Statutes is amended by adding a new section to read:

"§ 105-277.1C. Uniform provisions for payment of deferred taxes."

(a) Scope. – This section applies to the following deferred tax programs:

(1) G.S. 105-275(29a), historic district property held as future site of historic structure.
(2) G.S. 105-277.1B, the property tax homestead circuit breaker.
(3) G.S. 105-277.4(c), present-use value property.
(4) G.S. 105-277.14, working waterfront property.
(5) G.S. 105-278(b), historic property.
(6) G.S. 105-278.6(e), nonprofit property held as future site of low- or moderate-income housing.

(b) Payment. – Taxes deferred on property under a deferral program listed in subsection (a) of this section are due and payable on the day the property loses its eligibility for the deferral program as a result of a disqualifying event. If only a part of property for which taxes are deferred loses its eligibility for deferral, the assessor must determine the amount of deferred taxes that apply to that part and that amount is due and payable. Interest accrues on deferred taxes as if they had been payable on the dates on which they would have originally become due.

The tax for the fiscal year that begins in the calendar year in which the deferred taxes are due and payable is computed as if the property had not been classified for that year. A lien for deferred taxes is extinguished when the taxes are paid.

All or part of the deferred taxes that are not due and payable may be paid to the tax collector at any time without affecting the property's eligibility for deferral. A partial payment is applied first to accrued interest."

SECTION 2.3. G.S. 105-277.4(c) reads as rewritten:

"(c) Deferred Taxes. – Land meeting the conditions for classification under G.S. 105-277.3 must be taxed on the basis of the value of the land for its present use."
The difference between the taxes due on the present-use basis and the taxes that would have been payable in the absence of this classification, together with any interest, penalties, or costs that may accrue thereon, are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes must be carried forward in the records of the taxing unit or units as deferred taxes. The deferred taxes for the preceding three fiscal years are due and payable in accordance with G.S. 105-277.1C when the property loses its eligibility for deferral as a result of a disqualifying event. A disqualifying event occurs when the land fails to meet any condition or requirement for classification or when an application is not approved. The taxes become due and payable when the land fails to meet any condition or requirement for classification. Failure to have an application approved is ground for disqualification. The tax for the fiscal year that opens in the calendar year in which deferred taxes become due is computed as if the land had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred are immediately payable, together with interest as provided in G.S. 105-360 for unpaid taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the qualifying tract of land fails to meet a condition or requirement for classification, the assessor must determine the amount of deferred taxes applicable to that part and that amount becomes payable with interest as provided above. Upon the payment of any taxes deferred in accordance with this section for the three years immediately preceding a disqualification, all liens arising under this subsection are extinguished. The deferred taxes for any given year may be paid in that year without the qualifying tract of land becoming ineligible for deferred status.

SECTION 2.4. G.S. 105-277.14(c) reads as rewritten:

"(c) Deferred Taxes. – The difference between the taxes that are due on working waterfront property taxed on the basis of its present use and that would be due if the property were taxed on the basis of its true value is a lien on the property. The difference in taxes must be carried forward in the records of each taxing unit as deferred taxes. The deferred taxes for the preceding three fiscal years are due and payable in accordance with G.S. 105-277.1C when the property loses its eligibility for deferral as a result of a disqualifying event. A disqualifying event occurs when the property no longer qualifies as working waterfront property. The deferred taxes become due when the property no longer qualifies as working waterfront property. The tax for the fiscal year that opens in the calendar year in which deferred taxes become due is computed as if the property had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred are immediately payable, together with interest, as provided in G.S. 105-360 for unpaid taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the property no longer qualifies as working waterfront property, the assessor must determine the amount of deferred taxes applicable to that part and that amount becomes payable with interest. Upon the payment of any taxes deferred under this section for the three years immediately preceding a disqualification, all liens arising under this subsection are extinguished."

SECTION 2.5. G.S. 105-278(b) reads as rewritten:

"(b) The difference between the taxes due on the basis of fifty percent (50%) of the true value of the property and the taxes that would have been payable in the absence of the classification provided for in subsection (a) shall be a lien on the property of the taxpayer as provided in G.S. 105-355(a) and G.S. 105-355(a). The taxes shall be carried forward in the records of the taxing unit or units as deferred taxes, but shall not be
payable until the property loses its eligibility for the benefit of this classification because of a change in an ordinance designating a historic property or a change in the property, except by fire or other natural disaster, which causes its historical significance to be lost or substantially impaired. The deferred taxes for the preceding three fiscal years are due and payable in accordance with G.S. 105-277.1C when the property loses the benefit of this classification as a result of a disqualifying event. A disqualifying event occurs when there is a change in an ordinance designating a historic property or a change in the property, other than by fire or other natural disaster, that causes the property's historical significance to be lost or substantially impaired. The tax for the fiscal year that opens in the calendar year in which a disqualification occurs shall be computed as if the property had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred as provided herein shall be payable immediately, together with interest thereon as provided in G.S. 105-360 for unpaid taxes, which shall accrue on the deferred taxes as if they had been payable on the dates on which they originally became due. If only a part of the historic property loses its eligibility for the classification, a determination shall be made of the amount of deferred taxes applicable to that part, and the amount shall be payable with interest as provided above."

SECTION 2.6. G.S. 105-278.6(e) reads as rewritten:
"(e) Real property held by an organization described in subdivision (a)(8) is held for a charitable purpose under this section if it is held for no more than five years as a future site for housing for individuals or families with low or moderate incomes. Incomes may be classified under this section for no more than five years. The taxes that would otherwise be due on real property exempt under this subsection shall be a lien on the property as provided in G.S. 105-355(a). The taxes shall be carried forward in the records of the taxing unit as deferred taxes and shall be payable five years after the tax year the exemption is first claimed unless the organization has constructed low- or moderate-income housing on the site. If this condition has not been met, the deferred taxes for the preceding five fiscal years shall be payable immediately, together with interest as provided in G.S. 105-360 for unpaid taxes that accrues on the deferred taxes as if they had been payable on the dates they would have originally become due. All liens arising under this subsection are extinguished upon one of the following:

1. Payment of all deferred taxes under this subsection.
2. Construction by the organization of low- or moderate-income housing on the site within five years after the tax year the exemption is first claimed. The deferred taxes are due and payable in accordance with G.S. 105-277.1C when the property loses its eligibility for deferral as a result of a disqualifying event. A disqualifying event occurs when the organization fails to construct low- or moderate-income housing on the site within five years from the first day of the fiscal year the property was classified under this subsection."

SECTION 2.7. G.S. 105-360(a) reads as rewritten:
"(a) Taxes levied under this Subchapter by a taxing unit are due and payable on September 1 of the fiscal year for which the taxes are levied. Taxes are payable at par or face amount if paid before January 6 following the due date. Taxes paid on or after January 6 following the due date are delinquent and are subject to interest charges. Interest accrues on taxes paid on or after January 6 as follows:
(1) For the period January 6 to February 1, interest accrues at the rate of two percent (2%) and (2%).

(2) For the period February 1 until the principal amount of the taxes, the accrued interest, and any penalties are paid, interest accrues at the rate of three-fourths of one percent (3/4%) a month or fraction thereof."

SECTION 2.8. Article 26 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-365.1. When and against whom collection remedies may be used.

(a) Date of Delinquency. – A tax collector may collect a tax using the remedies provided in G.S. 105-366 through G.S. 105-375 on or after the date the tax is delinquent. A tax is delinquent on the following date:

(1) For a tax that is not a deferred tax, the date the tax accrues interest.

(2) For a deferred tax, other than a tax described in subdivision (3) of this subsection, the date a disqualifying event occurs.

(3) For a deferred tax under G.S. 105-277.1B that lost its eligibility for deferral due to the death of the owner, the first day of the ninth month following the date of death.

(b) Enforced Collection. – For purposes of using the collection remedies provided in G.S. 105-366 through G.S. 105-375 to collect delinquent taxes, the taxing unit shall proceed against property of the following taxpayer:

(1) To collect delinquent taxes assessed on real property, the owner of record of property on which tax is due as of the date of delinquency and any subsequent owner of record of the property.

(2) To collect delinquent taxes assessed on personal property, the owner of record as of January 1 of the calendar year in which the fiscal year of taxation begins.

PART III: TECHNICAL CORRECTION

For taxable years beginning on or after July 1, 2008, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to the benefits under Titles II and XVI of the Social Security Act for the preceding calendar year, rounded to the nearest one hundred dollars ($100.00). On or before July 1 of each year, the Department of Revenue must determine the income eligibility amount to be in effect for the taxable year beginning the following July 1 and must notify the assessor of each county of the amount to be in effect for that taxable year."

This affidavit together with the return or delivery receipt, copy of the proof of delivery provided by the United States Postal Service, or delivery receipt, signed by the person who received the mail or delivery if not the addressee raises a presumption that the person who received the mail or delivery and signed the receipt was an agent of the addressee authorized by appointment or by law to be served or to accept service of process or was a person of suitable age and discretion residing in the addressee's dwelling house or usual place of abode. In the event the presumption described in the preceding sentence is rebutted by proof that the person who received the receipt at the addressee's dwelling house or usual place of abode was not a person of suitable age and discretion residing therein, the statute of limitation may not be pleaded as a defense if the action was initially commenced within the period of limitation and service of process is completed within 60 days from the date the service is declared invalid. Service shall be complete on the day the summons and complaint are delivered to the address. As used in this subdivision, "delivery receipt" includes an electronic or facsimile receipt provided by a designated delivery service.

SECTION 3. G.S. 1A-1, Rule 4, is amended by adding a new subsection to read:
"(j6) Service by electronic mailing not authorized. – Nothing in subsection (j) of this section authorizes the use of electronic mailing for service on the party to be served."

SECTION 4. G.S. 1-75.10 reads as rewritten:

The committee may also amend or withdraw its petition as provided in this Article.

"Sec. 2.73. Initiative, Referendum and Recall Petitions: Form and Sufficiency.

(a) Initiative, referendum and recall petitions shall be governed by the rules regarding form and sufficiency set out in this Section, as well as by such other rules regarding form and sufficiency as the city council may impose by ordinance consistent with the provisions and with the spirit and purpose of this charter.

(b) The signatures to a petition shall be executed in ink or indelible pencil and need not all be affixed to one paper, but all papers of a petition shall be of uniform size and style and shall be assembled as one instrument for filing with the city clerk. Each signature shall be followed by the address of the signer. Petitions or petition papers which reasonably comply with these requirements shall be accepted by the clerk without delay upon presentation and their filing shall be completed by his acceptance. Noncomplying petitions or papers may be rejected by the clerk until they are brought into reasonable compliance.

(c) The clerk shall not accept any petition until it indicates (1) by name and address, the five petitioners who constitute the petitioners' committee for that petition and (2) the address to which all notices for the petitioners' committee are to be sent.

(d) Any petition shall be certified or determined insufficient which: (1) is validly signed by less than the required number of qualified voters of the city, (2) proposes, or requests repeal of, an ordinance not subject to the power under which the petitioners are proceeding, (3) if a referendum petition, is not registered or filed within the time allowed, or (4) if a recall petition, seeks the removal of an official not subject to recall hereunder.

(e) No signature on a petition paper shall be counted in support of the petition involved if that paper (1) being part of an initiative petition, has not contained or had attached to it throughout its circulation the full text of the proposed ordinance, (2) being part of a referendum petition, has not contained throughout its circulation a clear, concise designation and description of the ordinance concerned, or (3) being part of a recall petition has not contained or had attached to it throughout its circulation a copy of the recall petition identifying the council member concerned and stating the grounds alleged for his removal.

(f) No signature on a petition paper shall be counted in support of the petition involved if that paper at the time of filing, does not have attached to it an affidavit, executed by the circulator of that paper, to the effect: (1) that he personally circulated the paper; (2) that each signature on the paper was affixed in his presence; (3) that he
believes each signature to be the genuine signature of the person whose name it purports to be; (4) if an initiative petition is concerned, that the full text of the proposed measure was attached to or contained in the accompanying paper throughout its circulation, and that each signer of the accompanying paper had an opportunity before signing to read the full text of the ordinance attached; and (5) if a referendum petition is concerned, that each signer of the accompanying paper had an opportunity before signing to read the designation and description of the ordinance in question; and (6) if a recall petition is concerned, that a copy of the recall petition was attached to or contained in accompanying paper throughout its circulation, and that each signer of the accompanying paper had an opportunity before signing to read the full text.

(g) Upon receipt of a petition that complies with the requirements of subsections (b) and (c) of this Section, the clerk shall examine the petition to determine whether, on its face, it is insufficient under paragraphs (1), (2) or (3) of subsection (d). If he finds the petition insufficient on its face for any of these reasons, he shall so certify to the city council at the next regular council meeting occurring not sooner than five days after the filing of the petition, and the determination shall be subject to review in the manner provided in subsection (e) of Section 2.75. If he does not find the petition insufficient for these reasons, the clerk shall determine which signatures on the petition papers may be counted in support of the petition under subsections (e) and (f). He shall then clearly mark the signatures that may be so counted. Within ten days after the filing of the petition he shall deliver the petition papers with signatures marked to the Guilford County Board of Elections for a checking of the marked signatures against the registration books. The Board of Elections shall complete its check within 15 days after receipt of the petition papers; except that the said board shall not be obligated to conduct a check in any 30-day period immediately preceding, or in any 10-day period immediately following, a county-wide or city-wide election. Upon completion of its check, the board of elections shall forthwith certify to the city clerk: (1) The total number of registered voters of the city or the municipal electoral district, whichever is applicable, at the time of the most recent relevant election of members of the city council; and (2) the number of voters registered in the city or in the municipal electoral district, if applicable, whose signatures, marked by the clerk, appear on the petition papers that the board found it necessary to examine. If it was found unnecessary to check all names on the petition papers, this fact shall be indicated on the certificate. The petition papers shall be returned to the city clerk by the Board of Elections together with its certificate.

(h) A petition may be delivered to the city clerk at each 90-day interval after it is registered to have the accumulated signatures verified as to validity. The clerk shall determine which signatures on the petition papers may be counted in support of the petition under subsections (e) and (f) of this section. The clerk shall then clearly mark the signatures that may be so counted. Within five working days after the delivery of the petition, the clerk shall deliver the petition papers with signatures marked to the Guilford County Board of Elections for a checking of the marked signatures against the registration books. The Board of Elections shall complete its check within 10 working days after receipt of the petition papers; except that the said board shall not be obligated to conduct a check in any 30-day period immediately preceding, or in any 10-day period immediately following, a countywide or citywide election. Upon completion of its check, the Board of Elections shall forthwith certify to the city clerk the number of voters registered in the city or in the municipal electoral district, if applicable, whose signatures, marked by the clerk, appear on the petition papers that the board examined.
The petition papers shall be returned to the city clerk by the Board of Elections together with its certificate. The clerk shall then return the unfiled petition to the petitioner's committee for further circulation within three working days. This delivery to the clerk shall not be deemed as a filing unless so designated by the petitioner's committee. Once filed, a petition may not be retrieved by the committee but may only be supplemented as provided in Section 2.75 of this Charter.

"Sec. 2.74. Referendum Petitions: Suspension of Ordinance after Filing.

When, within the time allowed, a referendum petition is filed with the city clerk, the ordinance to which that petition is directed shall immediately be and shall remain suspended from taking effect. This suspension shall terminate when, in accordance with this Article: (1) a final determination is made that the petition concerned is insufficient, or (2) the petitioners' committee withdraws the petition, or (3) the council reconsiders the ordinance and repeals it without modification. Any action taken pursuant to the respective ordinance while it was in effect shall remain valid.

"Sec. 2.75. Initiative, Referendum and Recall Petitions; Procedure after Filing.

(a) Within five days after the return of the petition papers by the county board of elections, the city clerk shall complete a certificate as to whether the petition is sufficient. If the clerk certifies a petition insufficient, his certificate shall show the particulars wherein the petition is defective. As soon as he has completed his certificate, the clerk shall notify the committee of petitions of the contents of the certificate. If a petition is certified sufficient, the clerk shall present his certificate to the city council at its next meeting and that certificate shall be a final determination as to the sufficiency of the petition. If a petition certified sufficient is a recall petition, the clerk shall also give written notice of the action taken to the council member whose removal is sought. If a petition is certified insufficient under Section 2.73 (d) (1), a majority of the committee of petitioners may elect to amend the petition; but if a majority does not so elect to amend the petition, the clerk shall present his certificate to the council at its next meeting and that certificate shall be a final determination as to the sufficiency of the petition.

(b) If a majority of the committee of petitioners elects to amend the petition, then within ten days after notice of the contents of the clerk's certificate, the committee may file, for purposes of amendment, a supplementary petition upon additional papers. The supplementary petition shall be governed by the same requirements as an original petition with respect to such matters as uniformity and assembly of papers, listing of the petitioners' committee, text or designation and description of measures, circulators' affidavits, the writing and counting but not the number of signatures; and the clerk shall proceed as in the case of an original petition. Within two days after receipt of a supplementary petition complying with the requirements of subsections (b) and (c) of Section 2.73, the clerk shall deliver the supplementary petition papers to the county board of elections for a checking of the marked signatures against the registration books. The Board of Elections shall complete its check within five days after receipt of the said petition papers; except that the said board shall not be obligated to conduct a check in any 30-day period immediately preceding, or in any 10-day period immediately following a countywide or city-wide election. Upon completion of this check, the Board of Elections shall forthwith certify to the city clerk the number of voters registered in the city whose signatures, marked by the clerk, appear on the supplementary petition papers that the board found it necessary to examine. If it was found unnecessary to check all names on the supplementary papers, this fact shall be
indicated in the certificate. The supplementary petition papers shall be returned to the city clerk by the Board of Elections together with the certificate.

(c) Within two days after the return of the supplementary petition papers by the Board of Elections, the clerk shall complete a second certificate as to whether the original petition, as amended by the supplementary petition is sufficient. If the clerk certifies the amended petition insufficient, his second certificate shall show the particulars wherein the petition is still defective. As soon as he has completed his second certificate, the clerk shall notify the petitioners' committee of its contents and shall present that certificate to the council at its next meeting, and that certificate shall be a final determination as to the sufficiency of the petition.

(d) If a petition has been certified insufficient and there is no election to amend it, or if an amended petition is certified insufficient, the clerk shall present his latest certificate on the petition to the council at its next meeting.

(e) If, in any one of the ways provided in this Section, a final determination has been made that a petition is insufficient, that determination shall be subject to judicial review, but no further action shall be taken on the petition unless the reviewing court directs otherwise. Such a final determination, even if sustained upon review, shall not prejudice the filing of a new petition for the same purposes.

"Sec. 2.76. Consideration by the City Council and Submission to the Voters.

(a) When the city council has been presented with, or has, an initiative or referendum petition which has been finally determined sufficient in accordance with the preceding Sections of this Article, it shall proceed at once to hold a public hearing thereon and consider that petition. If an initiative petition is concerned, the ordinance it proposes shall at once be introduced and shall undergo all other procedures required for ordinances of the same kind; however, not later than 30 days after the date on which the petition proposing the ordinance is finally determined to be sufficient, the council shall complete its consideration of the proposed ordinance and shall adopt it with or without amendment or reject it. If a referendum petition is concerned, the ordinance to which that petition is directed shall be reconsidered by the council and, not later than 30 days after the date on which the referendum petition was finally determined sufficient, the council shall repeal or sustain the ordinance.

(b) If the council fails to adopt, or adopts with amendment, a proposed initiative ordinance, or if the council fails to repeal an ordinance reconsidered pursuant to a referendum petition, it shall submit the originally proposed initiative ordinance or refer the reconsidered ordinance concerned to the voters of the city.

(c) When the council has been presented with, or has, a recall petition which has been finally determined sufficient in accordance with the preceding Sections of this subchapter, it shall thereupon fix a day for holding a recall election unless, prior to council consideration of the matter, the council member whose removal is sought has resigned and his resignation has been accepted by the council. Any recall election for a council member from an electoral district shall be held within that district only.

(d) An initiative election shall be held at the next regularly scheduled primary or general election in Guilford County for state, county or municipal officials following 90 days after the petition has been finally determined to be sufficient. A referendum or recall election shall be held no sooner than 90 days and no later than 120 days after the petition has been finally determined to be sufficient, but no recall election shall be held within the first six months or the last six months of the term of office of the member."
SECTION 2. Article 2 of Subchapter D of Chapter II of the Charter of the City of Greensboro, being Chapter 1137 of the Session Laws of 1959, is amended by adding a new section to read:

"Sec. 2.80. Publication of ordinances; repeal and amendment; conflicts.

"Sec. 1. That the name of the Association herein established shall be Winston-Salem Firemen's Retirement Fund Association, hereinafter referred to as the Association. References to the Association as of a date prior to April 3, 1979, and following July 1, 1973, shall mean the Winston-Salem Fire-Public Safety Retirement Fund Association, which was the name of the Association during such period.

Sec. 2. Subject to the provisions of Section 16 hereof, the following persons shall automatically be members of the Association:

(a) As of July 1, 1987, any person who was a member of the Association following the close of business of the Association immediately preceding such date.

(b) As of July 1, 1987, and thereafter, any person not covered under (a) above who shall have been regularly and continuously employed full time by the Fire Department of the City of Winston-Salem (hereinafter referred to as the Fire Department), including any Fire Department mechanic or electrician, who shall have
attained his 18th birthday and shall not have attained his 40th birthday. Any person not covered under (a) above who was hired by the Fire Department prior to July 1, 1987, and continues to be employed by the Fire Department on such date, and who had attained his 30th birthday when hired but had not then attained his 40th birthday, may elect within 90 days following July 1, 1987, to become a member by contributing to the Association the sum of twelve dollars ($12.00) per month from his date of hire by the Fire Department, plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(c) Notwithstanding the provisions of subsection (b) immediately preceding, as a condition to any person's becoming a member of the Association pursuant to the provisions of subsection 2(b) or 16(a), the Trustees may require such person to undergo a physical examination by a physician or physicians of good standing or repute selected by the Trustees. If it shall be found from such physician's report that such person is not in good physical or mental condition as of the date he would be eligible to become a member of the Association, such person shall be denied membership in the Association. The determinations of whether or not such person shall be required to undergo a physical examination and whether or not he is in good physical or mental condition shall be made by the Trustees. In making such determinations, all persons similarly situated shall be treated alike. The cost of any medical examination required pursuant to the provisions of this subsection (c) shall be borne by the person seeking membership in the Association.

Sec. 3. The Association may provide and raise funds in any legal manner to be used as a pension fund for such person or persons as may be entitled thereto under the provisions of this act and to such extent as is hereinafter set out.

Sec. 4. The governing body of the Association shall consist of a Board of Trustees five seven in number, four from the active membership of the Fire Department, two retired members of the Fire Department, and one to be appointed by the Insurance Commissioner of the State of North Carolina.

Sec. 5. The Trustees from the membership of the Fire Department shall be elected by the members of the Fire Department for four-year terms. Such terms shall be staggered, so that two of the Trustees shall be elected during the month of January of each year divisible evenly by two. Trustees that are slated to leave the Board are automatically candidates for reelection unless they choose not to serve another term. In addition, the elected Association Trustees shall select from the members of the Fire Department four members in good standing, each of whom continuously served in the Fire Department for a period of at least four years. A general election shall then be held by the membership of the Fire Department to elect from the list of candidates two Trustees to serve a four-year term. Each member of the Fire Department in good standing may cast two votes for the member's choice of nominees. The nominee receiving the highest number of votes in the election will be a member of the Winston-Salem Firemen's Relief Fund Board as well as the Association Board. In the event that a Trustee is unable to complete the Trustee's term, the nominee receiving the next highest number of votes in the last election held and who is not then serving as a Trustee shall complete the unexpired term of the Trustee who resigned from the Board. A tie shall be resolved by casting lots. The Trustees who are retired members of the Fire Department shall be appointed for four-year terms by the Trustees who are active members of the Fire Department.
Sec. 6. Any Trustee may resign at any time by giving notice in writing to the other Trustees. Should any Trustee who is a member of the Fire Department cease to be a member of the Fire Department for any reason, he shall automatically cease to be a Trustee. With regard to any Trustee elected by the members of the Association who resigns or ceases to be a Trustee for any reason, his successor shall be elected as provided in Section 5 of this act. Should the Trustee who was appointed by the Insurance Commissioner of the State of North Carolina resign or cease to be a Trustee for any reason, his successor shall be appointed by the said Insurance Commissioner. Should any Trustee who is a retired member of the Fire Department resign or cease to be a Trustee for any reason, that Trustee's successor shall be appointed by the Trustees who are active members of the Fire Department as provided in Section 5 of this act.

Sec. 7. The Board of Trustees is herein fully vested with the exclusive right and authority to pay out the funds of this Association, as provided for in this act. All matters and claims provided for under this act shall be passed upon by said Trustees and all decisions and actions of said Trustees shall be binding upon the Association and the members thereof. Every Trustee shall be entitled to one vote except the chairman of the Board of Trustees, who shall be entitled to vote only to break a tie. At every annual meeting of the Board of Trustees, the Trustees shall elect a chairman, vice-chairman, secretary and treasurer. The secretary and treasurer need not be Trustees, and the offices of secretary and treasurer may be combined into a single office, in the discretion of the Trustees. The annual meeting of the Board of Trustees shall be held as soon as is practicable following the end of each calendar year at such place and at such time as shall be determined by the Trustees.

Sec. 8. As of September 1, 2001, the secretary of the Association (or the secretary-treasurer if such offices shall be combined into a single office) shall be entitled to receive monthly compensation in an amount to be determined each year by the Trustees. The Trustees, as such, including the chairman and the vice-chairman, shall serve without compensation. The Trustees may authorize reimbursement by the Association to any officer or Trustee of the Association for all expenses incurred by such person in connection with services rendered in behalf of the Association.

Sec. 9. The Trustees shall elect a custodian of all funds and property of the Association, provided that such custodian shall have first offered proof satisfactory to the Trustees, by bond or otherwise, that it is and will be financially responsible for all property coming into its hands in a fiduciary capacity. Said custodian shall not release any of the funds or property of the Association for reasons other than investment of such funds or property except upon the written authorization of the Trustees.

The Trustees shall also elect an investment manager who may or may not be the same person as the custodian. Any such investment manager shall be a bank, or an insurance company, or an entity registered under the Investment Advisor's Act of 1940. The investment manager shall be authorized to invest and reinvest the funds or property of the Association in the investment manager's own judgment and discretion. The investment manager shall report to the Trustees on a periodic basis, but not less frequently than each calendar quarter. The investment manager (including said custodian when acting as investment manager) shall not be liable to the Association for any act of failure to act by it, except for gross negligence or willful misconduct.

Sec. 10. A special meeting of the Board of Trustees may be called by the chairman or vice-chairman, or by any two Trustees, upon 24 hours' written notice delivered in person to the members of said Board or mailed to the last known address of each member of said Board. A majority of the Trustees in office shall constitute a quorum at
any meeting and a majority vote of the Trustees at a meeting at which a quorum is present shall constitute action by the Trustees.

Sec. 11. The chairman of the Board of Trustees, when present, shall preside at all meetings. In the absence of the chairman, the vice-chairman shall act as chairman.

Sec. 12. The secretary shall keep in complete form such data as shall be necessary for actuarial valuation of the funds of the Association and for checking the disbursements for and on behalf of the Association. He shall keep minutes of all proceedings of the Board of Trustees and of the Association, and the same shall be kept in a place selected by the Trustees. The treasurer of the Association shall post yearly at each fire station and at the office of fire administration, as soon as practicable following the end of each year, a financial statement of the Association.

Sec. 13. The treasurer of the Association shall deposit with the custodian all funds and property that may come into his hands for the Association. The said treasurer shall obtain a receipt from the custodian for all funds and property delivered to the custodian by the treasurer. Said custodian shall invest and reinvest such funds and property as directed by the investment manager appointed under Section 9. Notwithstanding any contrary provisions of Section 9 or of this section, the Trustees are specifically authorized and empowered to invest funds of the Association by depositing such funds with the Winston-Salem Firemen's Credit Union on condition that the Association shall receive interest at an annual rate agreed upon by the Association and such credit union.

Sec. 14. The custodian and the investment manager shall receive compensation for services rendered as may be agreed upon from time to time in writing by the Trustees and by the custodian (with respect to services rendered by the custodian) or the investment manager (with respect to services rendered by the investment manager). The Trustees shall have the authority to employ legal counsel when, in the opinion of the Trustees, legal counsel is necessary. In case of such employment, said counsel shall be paid such fees as may be fair and reasonable as agreed upon in writing by the Trustees and the counsel so employed.

Sec. 15. On or before August 31, 1987, the Board of Trustees of the Winston-Salem Firemen's Relief Fund shall transfer to the Board of Trustees of the Winston-Salem Firemen's Retirement Fund Association out of properties and funds belonging to the Winston-Salem Firemen's Relief Fund the sum of fifty-four thousand dollars ($54,000) in cash or assets. The assets so transferred pursuant to the immediately preceding sentence shall be transferred upon the basis of the fair market value thereof as of the date of transfer, and the particular assets to be transferred shall be determined by joint action of the Board of Trustees of the Winston-Salem Firemen's Relief Fund and the Board of Trustees of the Winston-Salem Firemen's Retirement Fund Association. All property of the Association is hereby relieved from any and all claims of the persons entitled to relief from the Winston-Salem Firemen's Relief Fund. The North Carolina Firemen's Association, its officers, members, boards and committees, are also hereby relieved of any claim of any kind whatsoever which may be based on past service, present service or future service in the Winston-Salem Fire Department. The Winston-Salem Firemen's Relief Fund and the officers, members, boards and committees of said Fund, are also hereby relieved of any claim of any kind whatsoever which may be based on past, present or future service in the Winston-Salem Fire Department, if any, so long as any claimant is entitled to benefits or pension under the provisions of this act.

Sec. 16. (a) Notwithstanding the provisions of subsection (b) immediately following, if a person who shall not be a member of the Association shall be transferred
to the employment of the Fire Department from the employment of the City of Winston-Salem (hereinafter referred to as the City), the following provisions shall apply in determining whether he shall be a member of the Association following such transfer:

(1) If he shall have attained at least his 18th birthday and shall not have attained his 40th birthday on the date of such transfer, he shall automatically become a member on such date of transfer. In determining such transferred employee's number of years of continuous employment by the City, employment with the City prior to such transfer shall be taken into account only if such employee shall elect to contribute to the Association the sum of (i) plus (ii) plus (iii), where (i) is the amount of twelve dollars ($12.00) per month, measured from the date of his hire by the City until earlier of the date of such transfer and June 30, 1998; (ii) is the aggregate amount that the person would have contributed, determined in accordance with Section 17 of this act, measured from July 1, 1998, until the date of the transfer, if the transfer occurs on or after July 1, 1998; and (iii) is interest accrued at the rate of eight percent (8%) with respect to any payments made on and after July 1, 1989, per annum, compounded annually on the amount accrued as of the end of each fiscal year of the Association.

(2) If he shall have attained at least his 40th birthday on the date of transfer, but had not attained such birthday when last employed by the City, he may elect within 90 days following such transfer to become a member. If he elects to become a member, he shall contribute to the Association the amount he would have contributed if he had become a member on the day next preceding his 40th birthday. In addition, at the option of such employee, he may further elect to contribute such additional amount as he would have contributed prior to his 40th birthday if his employment with the City had been with the Fire Department. Any such contributions shall include interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(3) If he shall have attained at least his 40th birthday when last employed by the City, he shall be ineligible to become a member following such transfer.

(4) The elections specified in subdivisions (1) and (2) hereof shall be made in writing to the Trustees within 90 days following such transfer, and shall be irrevocable when made (subject to termination of membership upon subsequent separation from employment with the Fire Department). Any contributions (and interest) payable pursuant to such election shall be paid in cash in a lump sum at the time such election shall be filed.

(b) Notwithstanding the provisions of subsection (a) of Section 2 hereof, as soon as practicable following April 3, 1979, (but in no event more than 60 days thereafter), the Trustees gave each person who was then employed by the City of Winston-Salem as a Public Safety Officer an election to be a member or not to be a member of the Association. Each such election was to be made in accordance with procedures established by the Trustees and was irrevocable when made (subject to termination of
membership upon a subsequent separation from the employment of the City, and subject to the provisions of subsection (a) of this Section 16). If a Public Safety Officer failed to file a timely election, he was deemed to have elected not to be a member. If a Public Safety Officer who was a member on the date of the election elected to discontinue membership (or shall have been deemed to have so elected), within 30 days following such date there should have been refunded to him the full amount of his prior contributions to the Association, if any, without interest. If a Public Safety Officer who failed to make contributions prior to the election date elected to be a member, he shall have within 30 days following such election paid to the Association the full amount he would have contributed if he had made required contributions during the entire period that he was eligible to be a member. Such contributions included interest at the rate of six percent (6%) per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(c) Any member whose employment by the Fire Department as a Public Safety Officer shall be terminated on or after June 27, 1981, for any reason, including transfer to another department in the employment of the City, shall be terminated immediately as a member; provided, that any member who is transferred on or after July 1, 1981, to another department of the City in a fire-related job shall not become a terminated member if the following conditions are met: (i) within 15 days following the date of such transfer he shall file with the Trustees a written election to continue as a member; and (ii) such member shall be notified in writing by the secretary of the Association on or before the date of transfer of his right to make the election. If a terminated member shall reenter employment of the Fire Department, his eligibility to become a member shall be determined at that time in accordance with Section 2 hereof, except to the extent such individual may be entitled to elect to become a member upon a transfer of employment as provided in subsection (a) of this Section 16.

(d) In determining the number of years of continuous employment of a member, there shall be taken into account all years for which he shall make contributions in accordance with subsection (a) or (e) of this Section 16 or Section 19. For purposes of computing a member's years of continuous employment with the City, any period of unused sick leave with the Fire Department accrued by the member on the date of his retirement shall be deemed to be a period of continuous employment with the Fire Department.

(e) If any member of the Association was employed by the Fire Department as a cadet, such member's number of years of employment as a cadet may be added to the period of his continuous employment with the City if, by July 31, 1981, such member contributed to the Association an amount equal to twelve dollars ($12.00) per month for the time he was a cadet, plus interest at the rate of six percent (6%) per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(f) If a member has been employed by the City continuously for a period of 10 years and has any military service, and is not otherwise treated under Section 26 as being in the employment of the City during the period of such military service, the period of such military service shall nevertheless be added to his period of continuous employment with the City upon such member's paying to the Association an amount equal to twelve dollars ($12.00) for each month of such military service plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, compounded annually. Such military service shall be limited to the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods
of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation or release therefrom. The member must submit evidence satisfactory to the Trustees of the military service claimed. Such election must be made within one year after the member first becomes eligible to contribute for such military service. Credit for military service under this subsection shall not be considered service creditable under another retirement system for purposes of G.S. 128-26(a).

(g) If an individual who is an active participant in the North Carolina Local Governmental Employees' Retirement System (the 'System') shall terminate service with the employer enabling the individual to participate in the System (the 'System Employer'), and shall immediately enter the employment of the Fire Department, he may elect to have his period of service under the System considered as continuous employment with the Fire Department for purposes of this act; provided, that such election shall be permitted only if the individual was under age 40 when he entered the employment of the System Employer. This election shall be made in writing to the Trustees within 90 days of the individual's commencement of employment with the Fire Department (or, with respect to an individual who becomes employed by the Fire Department prior to July 1, 1989, this election shall be made on or before September 30, 1989). The election, if made, shall be accompanied by a cash contribution to the Association equal to the sum of (i) plus (ii) plus (iii), where (i) is the amount of twelve dollars ($12.00) per month measured from the date of the person's hiring by the City until the earlier of the transfer and June 30, 1998; (ii) is the aggregate amount that the person would have contributed, determined in accordance with Section 17 of this act, measured from July 1, 1998, until the date of the transfer, if the transfer occurs on or after July 1, 1998; and (iii) is interest accrued at the rate of eight percent (8%) per annum, compounded annually on the amount accrued as of the end of each fiscal year of the Association. The election shall be irrevocable when made. If the election is not made in a timely fashion, the right to make the election is forfeited.

Sec. 17. The Treasurer of the City shall make a deduction from the salary of each member of the Association due him by the City. As of September 1, 2001, the amount of each such deduction shall be determined as of the first day of each payroll period of the City, and shall be equal to the quotient (rounded up to the next whole dollar amount) obtained by dividing (i) the product, rounded to the nearest dollar, of 0.007 multiplied by the annual starting salary of a firefighter employed by the Fire Department in effect at the beginning of that payroll period; by (ii) the number of payroll periods in that fiscal year of the City. The amount so deducted shall be turned over as soon as practicable after the applicable payroll period by the said Treasurer to the custodian of the Association as hereinbefore provided, and the Association shall have the authority to accept donations from any and all sources whatsoever.

Sec. 18. If at any time there shall not be sufficient assets in the retirement fund of the Association to pay fully the persons entitled to benefits provided herein, such persons shall be paid such benefits on a pro rata basis to the extent the assets of such fund will allow, as shall be determined by the Trustees acting upon the advice of the Association's actuary. Effective on or after July 1, 1998, the Trustees shall obtain a written report from the Association's actuary as of July 1 of each year evenly divisible by two, or more frequently if the Trustees deem advisable, setting forth the present value of the assets of the fund and the present value of current liabilities of current retirees.

Sec. 19. (a) Whenever any member of the Association has been employed by the City continuously for a period of at least 30 years, such member may make written
application to the trustees for his normal retirement benefit, and whenever any member of the Association has been employed by the City continuously for a period of at least 25 years but not more than 30 years, such member may make written application to the Trustees for his early retirement benefit; provided, however, that such member must retire from the service of the City to receive such benefits. The normal and early retirement benefits of such member shall be a monthly pension for the remainder of his life, as provided herein below. For this purpose and for the purpose of Section 20 hereof, a member shall be deemed to have been employed by the City continuously if such member shall have been employed continuously by any combination of the Fire Department or Police Department (but only such employment by the Police Department as is described in subsection 16(b) and (c) hereof), and the transfer of a member from the employ of one of such organizations to the employ of the other such organization shall not be deemed to be a termination of employment by the City. Provided, that if a member has at least 25 years of employment with the City, but such service is not continuous solely because of a leave of absence lasting not more than a year and not described in Section 26, such member shall be deemed to have continuous employment with the City during such leave of absence; and provided further, that if a member has less than 25 years of employment with the City but the sum of his years of employment with the City plus any leave of absence lasting not more than one year and not described in Section 26, equals or exceeds 25 years, the period of such leave shall be deemed to be continuous employment with the City if such member contributes to the Association twelve dollars ($12.00) for each month he was on such leave, plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(b) Effective beginning July 1, 1989, and ending June 30, 1990, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit (including members who retired prior to July 1, 1989) shall be two hundred dollars ($200.00). Effective beginning July 1, 1990, and ending June 30, 1998, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit, including members who retired prior to July 1, 1990, shall be two hundred fifteen dollars ($215.00). Effective on and after July 1, 1998, the amount of the monthly pension for each member who is entitled to receive an early retirement benefit as of any date prior to July 1, 1998, shall be the product of (1) and (2), where (1) is the applicable percentage listed in the following table based on his years of continuous employment at his early retirement date, and (2) is the amount of the payment that he would have received as a normal retirement benefit under this section as of that date:

Effective on and after July 1, 1998, the amount of the monthly pension for each member who began receiving an early retirement benefit prior to July 1, 1998, shall be further reduced by multiplying the monthly pension amount by 0.9535.

(c) Effective on and after July 1, 1998, the amount of the monthly pension of each member who retires on or after that date and is entitled to receive an early retirement benefit shall be the product of (1) the applicable percentage listed in the following table based on the member's years of continuous employment at the member's early retirement date, and (2) the amount of the payment that the member would have received as a normal retirement benefit under this section as of that date:

Payment shall be subject to the provisions of Section 18 of this act. Section 16(d) governs the determinations of a member's years of continuous employment.

(d) Any benefit payable to a member pursuant to this Section 19 shall commence not later than the April 1 immediately following the calendar year in which the member attains age 70 and 1/2 or, if later, the April 1 immediately following the calendar year in which the member retires from the service of the City. Additionally, the distribution of any such benefit shall be made in accordance with the requirements of section 401(a) of the Internal Revenue Code, including the minimum distribution incidental benefit requirement of section 1.401(a)(9)-2 of the Treasury Regulations, which are incorporated herein by reference. With respect to distributions made for the calendar years beginning on or after January 1, 2001, the act will apply the minimum distribution requirements of section 401(a)(9) of the Internal Revenue Code in accordance with the regulations under section 401(a)(9) of the Internal Revenue Code that were proposed on January 17, 2001, notwithstanding any provision of the act to the contrary. This amendment shall continue in effect until the end of the last calendar year beginning before the effective date of final regulations under section 401(a)(9) of the Internal Revenue Code or such other date as may be specified in guidance published by the Internal Revenue Service.

(e) Notwithstanding any provision in this Section 19 to the contrary, effective as of December 12, 1994, the act shall at all times be construed and enforced according to the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994.

Sec. 20. Whenever any member of the Association becomes totally and permanently unable, because of infirmity or disease affecting mind or body (whether or not induced by injury) to perform his duties for the City, which inability shall be determined by a medical examination by a physician or physicians of good standing and repute selected by the Trustees, he shall be deemed to be a disabled member. If a disabled member has been employed by the City for at least five full years prior to suffering disability, he shall be entitled to retire and receive a monthly benefit payable for the remainder of his life.
Effective beginning July 1, 1989, and ending June 30, 1990, the monthly benefit of a member who retires as a disabled member (including a member who retired as a disabled member prior to July 1, 1989) shall equal eight dollars ($8.00) times his years of service but in no event more than two hundred dollars ($200.00) per month. Effective beginning July 1, 1990, and ending June 30, 1998, the monthly benefit of a member (including a member who retires as a disabled member prior to this date) shall equal eight dollars and sixty cents ($8.60) times his years of service, but in no event more than two hundred fifteen dollars ($215.00) per month. Effective on and after July 1, 1998, the monthly benefit of a member who retires as a disabled member, including a member who retires as a disabled member prior to July 1, 1998, shall equal eight dollars and twenty cents ($8.20) times his years of service, but in no event more than two hundred five dollars ($205.00) per month. For this purpose only, years of service shall mean the number of his earned years of service in the employment of the City (as determined pursuant to Section 16(d) of this act). Payments shall be subject to the provisions of Section 18 of this act.

Notwithstanding the foregoing provisions of this Section 20, in the case of a disabled member whose disability shall arise out of injuries incurred in fire safety activities, such as fire fighting, fire training and fire inspection, such monthly benefit shall in no event be less than forty dollars ($40.00) per month, whether or not such disabled member was employed by the City for at least five years prior to suffering such disability. The determination of whether such disability arises out of injuries incurred in fire safety activities shall be made by the Trustees.

Sec. 21. Any disabled member of the Association who retires under Section 19 hereof and who had not been employed by the City for a period of at least 30 years prior to retirement, shall be subject to call by the Trustees for reexamination by a physician of good standing and repute selected by the Trustees and, if based upon such examination it is determined by the Trustees that such member is able to perform active duties for the City, such member may be reinstated and receive for his services the same compensation paid to other employees of the City of his rank or classification. If such member, upon being called by the Trustees, shall refuse to submit to an examination or shall refuse to be reinstated to active duty in the employ of the City after being found to be able to perform active duty, such benefits as he is then receiving under the provisions of this act shall immediately terminate and his membership in this Association shall automatically terminate. But in the event that such member is physically unable to resume active employment, or in the event he is able and willing to resume active employment but no job with the City is open for him at such time, his pension or compensation shall continue until there shall be an opening for such member and he is reemployed by the City. For the purpose of this Section 21, employment with the City shall mean only employment with the Fire Department or Police Department (but employment with the Police Department shall be included only with regard to any such member who was employed with the Police Department prior to his retirement under Section 20 hereof).

Sec. 22. When any member of the Association shall resign or be dismissed from employment by the City (which for this purpose shall include only employment with the Fire Department or Police Department), he shall receive a sum of money equal to all monies paid into the Association by him. Upon the death of any member of the Association while in the employment of the City, a sum of money equal to all monies paid into the Association by such deceased member shall be paid to the beneficiary or beneficiaries designated in writing by such deceased member, or in default thereof, to
his estate. If, after retirement, a member of the Association shall die before having received an amount equal to his contributions to the Association, there shall be paid to the beneficiary or beneficiaries designated by such member, or in default thereof to his estate, an amount equal to his contributions less the sum of retirement benefits paid to such member. The reimbursements provided in this Section 22 shall be in cash in a lump sum, unless otherwise determined by the Trustees with the consent in writing of the recipient thereof less interest, if any, previously contributed to the Association by the member pursuant to Section 16 or Section 19.

Sec. 23. No amount payable or held by the Association under this act for the benefit of any member or beneficiary thereof shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge, nor shall any amount payable or held under this act for the benefit of any member or beneficiary thereof be in anywise liable for his debts, contracts, liabilities, engagements, or torts, nor be subject to any legal process to levy upon or attach, but the provisions of this Section 22 shall not be applicable as regards any dealings with or obligations to the Winston-Salem Firemen's Credit Union.

Sec. 24. Out of the amount paid to the Insurance Commissioner of the State of North Carolina upon the amount of all premiums on fire and lightning policies covering property situated in the corporate limits of the City, the Insurance Commissioner of the State of North Carolina shall pay annually to the Treasurer of the City ninety-five percent (95%), and the Treasurer of the City shall immediately pay over the same to the treasurer of the Association, or if the treasurer of the Association shall so direct, the Treasurer of the City shall pay such amount directly to the custodian.

Sec. 25. No member of this Association or Trustee shall be personally liable in any manner whatsoever to any person, association, firm or corporation by reason of his connection with, or act or acts on behalf of, said Association, unless such act or acts are fraudulently committed.

Sec. 26. If a member of the Association, or an employee of the Fire Department or Police Department who is not a member of the Association due to failure to meet the minimum age requirements of subsection 2(b) hereof, is granted a leave of absence from employment by the City on account of accidental injury or temporary illness, military service during time of active warfare, compulsory military service in time of peace, or other good cause, for the purpose of this act such employee shall be deemed to have remained in the employment of the City during the period of such leave of absence or any extension thereof if he shall return to active service with the City promptly following the end of the period of such leave of absence or extension thereof. During such leave of absence or extension thereof, the Treasurer of the City shall make no deductions from the salary, if any, of such member, and such member shall not otherwise be required to make any contributions to the Association during or with respect to such period.

Sec. 27. If any person entitled to benefits under this act shall be physically or mentally incapable of receiving or acknowledging receipt of such benefits, the Trustees, upon receipt of satisfactory evidence of such incapacity and that another person or institution is maintaining such person entitled to benefits, and that no guardian or committee has been appointed for him, may cause any benefits otherwise payable to him to be made to such person or institution so maintaining him.

Sec. 28. The provisions of this act shall be administered on an equitable and nondiscriminatory basis, it being the intent hereof that where the Trustees are given discretionary powers, such powers shall be exercised in an equitable manner and so as
to prevent discrimination between persons similarly situated. All assets of the Association shall be administered for the exclusive benefit of the members of the Association and their beneficiaries, and as a fund to provide for such members or beneficiaries the benefits provided in this act. It shall be impossible for any part of the principal or income of the retirement fund of the Association to be used for or diverted to purposes other than for the exclusive benefit of the members of the Association or their beneficiaries as provided in this act; except that the Trustees may use such assets to pay the reasonable expenses incurred in administering the said fund and any debts, liabilities or obligations of said fund. The assets and income of the fund shall be exempt from all taxes, including income taxes, imposed by the State of North Carolina or any political subdivision thereof.

Sec. 28A. (a) Upon termination of the Association or upon complete discontinuance of contributions to the Association, the rights of all members of the Association to benefits accrued to the date of the termination or discontinuance, to the extent then funded, are nonforfeitable.

(b) Forfeitures under the Association may not be applied to increase the benefits that any member would otherwise receive under the Association.

(c) Notwithstanding any provision of the Association to the contrary, the maximum annual benefit payable in the form of a straight life annuity from the Association on behalf of a member, when combined with any benefits from another qualified retirement plan maintained by the Fire Department of the City of Winston-Salem, shall not exceed the amount permitted by section 415 of the Internal Revenue Code, the provisions of which are specifically incorporated by reference into this act.

(d) In addition to the other applicable limitations set forth in this act, and notwithstanding any other provision of this act to the contrary, for plan years beginning on or after January 1, 1996, the annual compensation of each member taken into account under this act shall not exceed the OBRA 1993 annual compensation limit. The OBRA 1993 annual compensation limit is one hundred fifty thousand dollars ($150,000), as adjusted by the Commissioner for increase in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code. The cost of living adjustment in effect for a calendar year applies to any period, not exceeding 12 months, over which compensation is determined (the "determination period") beginning in that calendar year. If a determination period consists of fewer than 12 months, the OBRA 1993 annual compensation limit shall be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is 12. If compensation for any prior determination period is taken into account in determining a member's benefits accruing in the current plan year, the compensation for that prior determination period is subject to the OBRA 1993 annual compensation limit in effect for that prior determination period. For this purpose, for determination periods beginning before the first day of the first plan year beginning on or after January 1, 1996, the OBRA 1993 annual compensation limit is one hundred fifty thousand dollars ($150,000). Effective for plan years beginning on or after January 1, 2002, the OBRA 1993 annual compensation limit shall be two hundred thousand dollars ($200,000), as adjusted by the Commissioner for increases in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code.

(e) This subsection applies to distributions made on or after January 1, 2002. Notwithstanding any provision of this act to the contrary that would otherwise limit a distributee's election under this subsection, a distributee may elect, at the time and in the
manner prescribed by the Trustees, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. The following definitions shall apply for purposes of this subsection:

(1) **Eligible rollover distribution.** An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include:
   a. Any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more;
   b. Any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code; or
   c. Any hardship distribution described in section 401(k)(2)(B)(i)(IV) of the Internal Revenue Code. Notwithstanding the foregoing, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such a portion may be transferred only to an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in section 401(a) or section 403(a) of the Internal Revenue Code that agrees to separately account for amounts transferred, including separately accounting for the portion of that distribution that is includible in gross income and the portion of that distribution that is not so includible.

(2) **Eligible retirement plan.** An eligible retirement plan is an individual retirement account described in section 408(a) of the Internal Revenue Code, an individual retirement annuity described in section 408(b) of the Internal Revenue Code, or a qualified trust described in section 401(a) of the Internal Revenue Code, that accepts the distributee's eligible rollover distribution. An eligible retirement plan shall also mean an annuity contract described in section 403(b) of the Internal Revenue Code and an eligible plan under section 457(b) of the Internal Revenue Code that is maintained by a state, a political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state, and that agrees to separately account for amounts transferred into that plan from the Association. The definition of eligible plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Internal Revenue Code. Effective January 1, 2008, an eligible retirement plan shall also mean a Roth IRA as described in section 408A of the Internal Revenue Code.

(3) **Distributee.** A distributee includes a member or former member of the Association. In addition, the surviving spouse of a member or former
member is a distributee with regard to the interest of the member or former member.

(4) Direct rollover. A direct rollover is a payment by the Association to the eligible retirement plan specified by the distributee.

(5) Rollovers by nonspouse beneficiaries. Notwithstanding anything in this subsection to the contrary, effective January 1, 2007, the benefits of nonspouse beneficiaries may be transferred in a direct rollover to an inherited individual retirement account or an inherited individual retirement annuity (“inherited IRA”). Once in the inherited IRA, distributions will be made in compliance with the minimum distribution rules of section 401(a)(9) of the Internal Revenue Code that apply following the death of a member.

Sec. 28B. (a) This section shall apply for purposes of determining required minimum distributions for calendar years beginning with the 2003 calendar year. The requirements of this section shall take precedence over any inconsistent provisions of the Association. All distributions required under this section shall be determined and made in accordance with the Treasury Regulations under section 401(a)(9) of the Internal Revenue Code, which are specifically incorporated by reference into this act. Notwithstanding the other provisions of this section, distributions may be made under a designation made before January 1, 1984, in accordance with section 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (TEFRA) and the provisions of the Association that relate to section 242(b)(2) of TEFRA.

(b) Time and Manner of Distribution. –

(1) Required beginning date. – The member's entire interest will be distributed, or begin to be distributed, to the member no later than the member's required beginning date.

(2) Death of member before distributions begin. – If the member dies before distributions begin, the member's entire interest will be distributed, or begin to be distributed, no later than as follows:

a. If the member's surviving spouse is the member's sole designated beneficiary, as defined in section 28(e)(1), then distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the member died, or by December 31 of the calendar year in which the member would have attained age 70 ½, if later.

b. If the member's surviving spouse is not the member's sole designated beneficiary, then distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the member died.

c. If there is no designated beneficiary as of September 30 of the year following the year of the member's death, the member's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death.

d. If the member's surviving spouse is the member's sole designated beneficiary and the surviving spouse dies after the member but before distributions to the surviving spouse begin,
the provisions of this subdivision, except for sub-subdivision a. of this subdivision, will apply as if the surviving spouse were the member.

For purposes of this subdivision and of subsection (d) of this section, distributions are considered to begin on the member's required beginning date, or if sub-subdivision d. of this subdivision applies, the date distributions are required to begin to the surviving spouse under sub-subdivision a. of this subdivision. If annuity payments irrevocably commence to the member before the member's required beginning date, or to the member's surviving spouse before the date distributions are required to begin to the surviving spouse under sub-subdivision a. of this subdivision, the date distributions are considered to begin is the date distributions actually commence.

(3) Forms of distribution. – Unless the member's interest is distributed in the form of an annuity purchased from an insurance company or in a single lump sum on or before the required beginning date, as of the first distribution calendar year, as defined in subdivision (2) of subsection (e) of this section, distributions will be made in accordance with subsections (b), (c), and (d) of this section. If the member's interest is distributed in the form of an annuity purchased from an insurance company, distributions under that annuity shall be made in accordance with the requirements of section 401(a)(9) of the Internal Revenue Code and the Treasury Regulations.

(b) Determination of Amount to be Distributed Each Year. –

(1) General annuity requirements. – If the member's interest is paid in the form of annuity distributions from the Association, payments under the annuity will satisfy the following requirements:

a. The annuity distributions shall be paid in periodic payments made at intervals not longer than one year;

b. The distribution period shall be over a life, or lives, or over a period certain not longer than the period described in subsection (c) or (d) of this section;

c. Once payments have begun over a period certain, the period certain will not be changed even if the period certain is shorter than the maximum permitted;

d. Payments will either not increase or will increase only as follows:

1. By an annual percentage increase that does not exceed the annual percentage increase in an eligible cost-of-living index, as defined in subdivision (3) of subsection (e) of this section, for a 12-month period ending in the year during which the increase occurs or the prior year;

2. By a percentage increase that occurs at specified times and does not exceed the cumulative total of annual percentage increases in an eligible cost-of-living index since the annuity starting date, or if later, the date of the most recent percentage increase. However, in cases providing such a cumulative increase, an actuarial
increase may not be provided to reflect the fact that increases were not provided in the interim years;

3. To the extent of the reduction in the amount of the member's payments to provide for a survivor benefit upon death, but only if the beneficiary whose life was being used to determine the distribution period described in subsection (c) of this section dies or is no longer the member's beneficiary pursuant to a qualified domestic relations order within the meaning of section 414(c) of the Internal Revenue Code.

4. To pay increased benefits that result from an amendment to the Association; or

5. To allow a beneficiary to convert the survivor portion of a joint and survivor annuity into a single sum distribution upon the member's death.

(2) Amount required to be distributed by required beginning date. – The amount that must be distributed on or before the member's required beginning date, or if the member dies before distributions begin, the date distributions are required to begin under sub-subdivisions a. or b. of subdivision (2) of subsection (a) of this section is the payment that is required for one payment interval. The second payment need not be made until the end of the next payment interval even if that payment interval ends in the next calendar year. Payment intervals are the periods for which payments are received, such as bimonthly, monthly, semiannually, or annually. All of the member's benefit accruals as of the last day of the first distribution calendar year shall be included in the calculation of the amount of the annuity payments for payment intervals ending on or after the member's required beginning date.

(3) Additional accruals after first distribution calendar year. – Any additional benefits accruing to the member in a calendar year after the first distribution calendar shall be distributed beginning with the first payment interval ending in the calendar year immediately following the calendar year in which such amount accrues.

(c) Requirements for Annuity Distributions that Commence during Member's Lifetime. –

(1) Joint life annuities where the beneficiary is not the member's spouse. – If the member's interest is being distributed in the form of a joint and survivor annuity for the joint lives of the member and a nonspouse beneficiary, annuity payments to be made on or after the member's required beginning date to the designated beneficiary after the member's death must not at any time exceed the applicable percentage of the annuity payment for that period that would have been payable to the member using the table set forth in Q&A-2 of section 1.401(a)(9)-6 of the Treasury Regulations. The applicable percentage is based upon the adjusted age difference between the member and the beneficiary. The adjusted age difference between the member and the beneficiary is determined by first calculating the excess of the age of the member over the age of the beneficiary based upon their ages on their birthdays in a calendar year. Then, if the member is younger than age 70, the age
difference determined in the previous sentence is reduced by the number of years that the member is younger than age 70 on the member's birthday in the calendar year that contains the annuity starting date. If the form of distribution combines a joint and survivor annuity for the joint lives of the member and a nonspouse beneficiary and a period certain annuity, the requirement in the preceding sentence shall apply to annuity payments to be made to the designated beneficiary after the expiration of the period certain.

(2) Period certain annuities. – Unless the member's spouse is the sole designated beneficiary and the form of distribution is a period certain and no life annuity, the period certain for an annuity distribution commencing during the member's lifetime may not exceed the applicable distribution period for the member under the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the Treasury Regulations for the calendar year that contains the annuity starting date. If the annuity starting date precedes the year in which the member reaches age 70, the applicable distribution period for the member is the distribution period for age 70 under the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the Treasury Regulations plus the excess of 70 over the age of the member as of the member's birthday in the year that contains the annuity starting date. If the member's spouse is the member's sole designated beneficiary and the form of distribution is a period certain and no life annuity, the period certain may not exceed the longer of the member's applicable distribution period, as determined under subsection (b) of this section, or the joint life and last survivor expectancy of the member and the member's spouse as determined under the Joint and Last Survivor Table set forth in section 1.401(a)(9)-9 of the Treasury Regulations, using the member's and spouse's attained ages as of the member's and spouse's birthdays in the calendar year that contains the annuity starting date.

(d) Requirements for Minimum Distributions where Member Dies before Date Distributions Begin –

With improved access to timely, complete, and accurate information, the members of the General Assembly, leadership in State and local law enforcement agencies, law enforcement officers, and everyone working in the criminal justice system can enhance their ability to make decisions on behalf of the people of the State, with fewer decisions based on instinct or guesswork.

**SECTION 6.15.(b)** The Office of the State Controller, in cooperation with the State Chief Information Officer, and under the governance of the BEACON Project Steering Committee, shall by May 1, 2009, develop and implement a Criminal Justice Data Integration Pilot Program in Wake County in cooperation and communication with the advisory committee established pursuant to subsection (c) of this section and the leadership of State and local agencies. SECTION 6.15.(e) Of the funds appropriated in this act, the sum of five million dollars ($5,000,000) may be used to support the Criminal Justice Data Integration Pilot Program. Other funds available to BEACON may also be used for this purpose.

The Office of the State Controller, with the support of the Office of State Budget and Management, shall identify and make all efforts to secure any matching funds or other resources to assist in funding this initiative.

SECTION 6.15.(f) The Office of the State Controller, with the support of the Advisory Committee and the State Chief Information Officer, shall provide a written report of the plan's implementation progress to the House of Representatives and Senate Appropriations Committees, to the Joint Legislative Oversight Committee on Information Technology, and to the Fiscal Research Division on a quarterly basis beginning October 1, 2008.

This plan shall be implemented under the governance of the BEACON Project Steering Committee and in conjunction with leadership in appropriate State agencies and with the support and cooperation of the Office of State Budget and Management.

While it is the intent that this initiative provide broad access to information across State government, the plan shall comply with all necessary security measures and restrictions to ensure that access to any specific information held confidential under federal and State law shall be limited to appropriate and authorized persons.

SECTION 6.16.(b) The State Controller shall serve as the Chairman of the BEACON Project Steering Committee. The other members of the committee shall be
the State Chief Information Officer, the State Treasurer, the Attorney General, the Secretary of Correction, the Administrative Officer of the Courts, the State Budget Officer, and the Chief Financial Officer of the Department of Transportation.

SECTION 6.16.(e) Prior to the convening of the 2009 General Assembly, the Office of the State Controller shall provide semiannual reports to the Joint Legislative Oversight Committee for Information Technology. Written reports shall be submitted not later than October 1, 2008, and April 1, 2009, with presentations of the reports at the first session of the Joint Legislative Oversight Committee on Information Technology following the written report submission date. The Joint Legislative Oversight Committee on Information Technology shall then report to the Joint Legislative Commission on Governmental Operations.

SECTION 10.13.(n) Subsections (a) through (c) and subsections (e) through (k) of this section become effective July 1, 2008. Effective July 1, 2010, G.S. 135-42, as amended by subsection (b) of this section, is repealed. The remainder of this section is effective when this act becomes law.

HEALTH CHOICE ENROLLMENT GROWTH CAP

SECTION 10.14.(a) Section 10.47 of S.L. 2007-323 is repealed.

SECTION 10.14.(b) The Department of Health and Human Services may, in the NC Health Choice Program for the 2008-2009 fiscal year, allow up to six percent (6.0%) enrollment growth over the number of children enrolled in the NC Health Choice Program on June 30, 2008.

SECTION 10.14.(c) On January 15, 2009, or upon the convening of the 2009 General Assembly, whichever occurs later, the Department of Health and Human Services shall report to the 2009 General Assembly. The report shall provide the following information:

(1) The number of children that were enrolled in NC Health Choice in the first week of January 2009, based on the January Pull-Night data; and

(2) Projected enrollment and program costs for each of the remaining six months of the 2008-2009 fiscal year. The projected enrollment shall be based on NC Health Choice enrollment data and program costs from the immediately preceding five fiscal years.
(3) The status of current expenditures and availability of State and federal funds for the 2008-2009 fiscal year.

The Department shall submit the report to the Chairs of the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.14.(d) If the report submitted pursuant to subsection (c) of this section indicates, or if the Department becomes later aware that growth in NC Health Choice enrollment for the 2008-2009 fiscal year will exceed the maximum six percent (6%) growth allowed under subsection (a) of this section, or if there will be a shortfall of federal funds, then the Department shall notify the Centers for Medicare and Medicaid Services (CMS) that it anticipates a freeze on enrolling new enrollees. The Department will continue to provide monthly reports to the chairs of the House of Representatives Committee on Appropriations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Office of State Budget and Management, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division. If enrollment in NC Health Choice continues to follow the Department's projections that the six percent (6%) cap will be exceeded, or there will be a shortfall of federal funds, then the Department shall formally notify CMS, the Chairs of the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division of a freeze on new enrollees.

SECTION 10.14.(e) The limitation on enrollment growth under this section may not be exceeded unless Congress has reauthorized SCHIP so as to provide sufficient federal funds or has appropriated additional federal funds for the 2008-2009 fiscal year. If Congress has reauthorized SCHIP to provide sufficient federal funds, then the Department may continue to enroll new enrollees up to an increase of eight and seventy-three one hundredths percent (8.73%) from such funds as are available to the Department.

MENTAL HEALTH CHANGES

SECTION 10.15.(a) For the purpose of mitigating cash-flow problems that many non-single-stream local management entities (LMEs) experience at the beginning of each fiscal year, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall adjust the timing and method by which allocations of service dollars are distributed to each non-single-stream LME. To this end, the allocations shall be adjusted such that at the beginning of the fiscal year the Department shall distribute not less than one-twelfth of the LME's continuation allocation and subtract the amount of the adjusted distribution from the LME's total reimbursements for the fiscal year.

SECTION 10.15.(b) Of the funds appropriated for substance abuse services to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for the 2007-2008 and 2008-2009 fiscal years, the sum of at least eight million dollars ($8,000,000) shall be allocated for regionally purchased locally hosted substance abuse services. These funds shall be used to support LMEs in establishing additional regionally purchased and locally hosted substance abuse programs. Funds appropriated shall be for the purpose of
developing and enhancing the American Society of Addiction Medicine (ASAM) continuum of care at the community level. The Department of Health and Human Services shall work with LMEs in establishing these programs. LMEs shall report to the Department of Health and Human Services on the LMEs' use of the funds. Reporting dates and frequency shall be as determined by the Department.

SECTION 10.15.(c) The Department shall encourage the conversion of the remaining non-single-stream LMEs to single-stream funding as soon as possible. The Department shall develop prompt-pay guidelines as part of single-stream funding requirements. The Department shall also develop standards for the removal of single-stream designation for those LMEs that do not continue to comply with the applicable requirements for single-stream funding, except that the Department's requirements shall allow for LMEs in the first year of single-stream funding to have a six-month grace period to comply with the requirements from the time the LME begins single-stream funding. For its report on performance measures, the Department shall include a matrix by LME and performance measure of those LMEs that are not meeting the performance measure.

SECTION 10.15.(d) The Department of Health and Human Services shall simplify the current State Integrated Payment and Reporting System (IPRS) to encourage more providers to serve State-paid clients. This effort shall include working with LMEs to develop billing codes for relevant activities currently lacking such codes.

SECTION 10.15.(e) The Department of Health and Human Services shall consult with LMEs and service providers to determine why there have been under- and over-expenditure of State service dollars by LMEs and shall take the action necessary to address the problem. In making its determination, the Department shall work with LMEs and providers. Not later than January 1, 2009, the Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on actions taken to address the problem of LME under- and over-expenditure of service dollars. The report shall include legislative action needed to address the problem.

SECTION 10.15.(f) The Department shall perform a services gap analysis of the Mental Health, Developmental Disabilities, and Substance Abuse Services System. The Department of Health and Human Services shall involve LMEs in performing the gap analysis. The Department shall not contract with an independent entity to perform the gap analysis. The Department shall report the results of its analysis to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services not later than January 1, 2010.

SECTION 10.15.(g) Notwithstanding any other provision of law to the contrary, the Secretary of Health and Human Services shall not transfer patients from John Umstead Hospital or Dorothea Dix Hospital to Central Regional Hospital unless and until the Secretary provides a written report to the Governor, based on the Secretary's findings, that on the day of its opening and thereafter, Central Regional Hospital will be operated in a manner that provides a safe and secure environment for its patients and staff. On or after the date the Secretary has provided the written report to the Governor, the Secretary may transfer patients from John Umstead Hospital to
Central Regional Hospital. On and after the date of the transfer of John Umstead patients, the Secretary may commence the transfer of patients from Dorothea Dix Hospital but only if the following conditions are met:

1. At the time of commencing transfer of Dorothea Dix patients the Secretary has determined that an inspection of Central Regional Hospital indicates no findings of noncompliance with conditions of participation from the Centers for Medicare and Medicaid Services (CMS), and

2. The Secretary finds that Central Regional Hospital is in compliance with Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) standards for accreditation.

SECTION 10.15.(h) In order to temporarily address high admissions to adult acute unit beds in the State psychiatric hospitals, the Secretary of the Department of Health and Human Services may, notwithstanding G.S. 122C-181 and G.S. 122C-112.1(a)(30), open and operate on a temporary basis up to 60 beds at the Central Regional Hospital Wake Unit on the Dorothea Dix Campus and may maintain the Wake Unit on the Dix Campus until beds become available in the system. Section 10.49(t) of S.L. 2007-323 does not apply to this subsection.

SECTION 10.15.(i) One time funds appropriated for the Dorothea Dix Hospital overflow unit shall be used to support the temporary opening and operation of the Central Regional Hospital Wake Unit on the Dorothea Dix Campus. It is the intent of the General Assembly to fund the Wake Unit for three years. Notwithstanding any other provision of law to the contrary, the Office of State Budget and Management shall establish the positions for the Central Regional Hospital Wake Unit on the Dorothea Dix campus as time-limited positions for up to three years.

SECTION 10.15.(j) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for mobile crisis teams, the sum of five million seven hundred fifty-five thousand dollars ($5,755,000) shall be distributed to LMEs to support 30 mobile crisis teams. These beds or bed days shall be distributed across the State according to need as determined by the Department. The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 10 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being
utilized while demand for services at the State psychiatric hospitals has not reduced, or
(ii) the LME has failed to comply with the prompt payment provisions of this
subsection, the Department may contract with another LME to manage the beds or bed
days, or, notwithstanding any other provision of law to the contrary, may pay the
hospital directly. The Department shall develop reporting requirements for LMEs
regarding the utilization of the beds or bed days. Funds appropriated in this section for
the purchase of local inpatient psychiatric beds or bed days shall be used to purchase
additional beds or bed days not currently funded by or through LMEs and shall not be
used to supplant other funds available or otherwise appropriated for the purchase of
psychiatric inpatient services under contract with community hospitals, including beds
or bed days being purchased through Hospital Pilot funds appropriated in S.L.
2007-323. Not later than March 1, 2009, the Department shall report to the House of
Representatives Appropriations Subcommittee on Health and Human Services, the
Senate, the Joint Legislative Oversight Committee on Mental Health, Developmental
Disabilities, and Substance Abuse Services, and the Fiscal Research Division on a

LMEs to support six crisis teams. The new crisis teams shall be distributed across the
State according to need as determined by the Department.

immediate psychiatric aftercare and shall be distributed to the LMEs to support 30
psychiatrists and related support staff. Of these funds, the sum of one million six
hundred fifty thousand dollars ($1,650,000) shall be used for telepsychiatry equipment

The IOM should conduct this study using funds appropriated for IOM studies in the 2007 Session. The study should encompass at least the following topics: (i) the transition for adolescents leaving high school, including adolescents in foster care and those in other settings; (ii) the transition for persons with developmental disabilities who live with aging parents; and (iii) the transition from the developmental centers to other settings. The IOM shall report its findings and recommendations to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on or before March 1, 2009.

SECTION 10.15.(w) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall develop a service authorization process that requires a comprehensive clinical assessment to be completed by a licensed clinician prior to service delivery, except where this requirement would impede access to crisis or other emergency services. The Department shall require that the licensed professional who signs a medical order for behavioral health services must indicate on the order whether the licensed professional (i) has had direct contact with the consumer, and (ii) has reviewed the consumer's assessment. The Department shall report the failure of a licensed professional to comply with this requirement to the licensed professional's occupational licensing board. The Department shall report on the development of the service authorization process to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, not later than October 1, 2008. An LME must be accredited for national accreditation under behavioral health care standards by a national accrediting entity approved by the Secretary and must demonstrate readiness to meet all requirements of the existing vendor contract with the Department for such services in order to provide service authorization, utilization review, and utilization management to Medicaid recipients in the LME catchment area. The Department shall comply with the requirements of S.L. 2007-323, Section 10.49(ee). The Department shall not contract with an outside vendor for service authorization, utilization review, or utilization management functions, or otherwise obligate the State for these functions beyond September 30, 2009. The Department shall require LMEs to include in their service authorization, utilization management, and
utilization review a review of assessments, as well as person-centered plans and random or triggered audits of services and assessments. The Department may also develop and implement a plan to return plan authorization for CAP-MR/DD slots to LMEs.

SECTION 10.15.(y) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall study Medicaid waivers, including 1915(b) and (c) waivers, for all LMEs. In cases where Medicaid waivers are not appropriate for an LME, the Department shall identify and recommend strategies to increase LME flexibility to provide case management, assessment, limit provider networks, or other innovative approach for managing care. Not later than March 1, 2009, the Department shall report its findings and recommendations to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division.

SECTION 10.15.(aa) The Secretary of the Department of Health and Human Services shall not take any action prior to January 1, 2010, that would result in the merger or consolidation of LMEs operating on January 1, 2008, or that would establish consortia or regional arrangements for the same purpose, except that:

1. LMEs that do not meet the catchment area requirements of G.S. 122C-115 as of January 1, 2008, may initiate, continue, or implement the LMEs' merger or consolidation plans to overcome noncompliance with G.S. 122C-115, and

2. The Guilford Center for Behavioral Health and Disability Services, the Smoky Mountain Center, and the Mecklenburg County Area Mental Health, Developmental Disability and Substance Abuse Authority may continue with or implement the proposed administrative service organization under development as of March 1, 2008, for merger or consolidation of any combination of these entities.

SECTION 10.15.(bb) If the Secretary of the Department of Health and Human Services desires to merge LMEs, the Secretary shall develop a detailed plan for General Assembly review on its recommendation to merge, consolidate, or establish regional arrangements or consortia of LMEs. In developing the plan, the Secretary shall consult with LMEs to obtain input on the feasibility and effectiveness of potential mergers and the time frame needed to fully implement the mergers, regional arrangements, or consortia at the local level. 2) The Secretary provides focused technical assistance to the LME in the implementation of the function. The assistance shall continue for at least six three months or until the LME achieves a satisfactory outcome on the performance measure, whichever occurs first.

3) If, after six three months of receiving technical assistance from the Secretary, the LME still fails to achieve or maintain a satisfactory outcome on the critical performance measure, the Secretary shall enter into a contract with another LME or agency to implement the function on behalf of the LME from which the function has been removed."

SECTION 10.15.(dd) G.S. 122C-3 is amended by adding the following new subdivision to read:

"(23a) ‘Minimally adequate services’ means a level of service required for compliance with all applicable State and federal laws, rules, regulations, and policies and with generally accepted professional standards and principles."

The revised definitions shall focus on rehabilitative services and be developed to ensure that community support services are provided as efficiently and effectively as possible to minimize overexpenditures in community support services in the 2008-2009 fiscal year and thereafter.

SECTION 10.15A.(b) In order to ensure accountability for services provided and funds expended for community services, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall develop a tiered rate structure to replace the blended rate currently
used for community support services. Under the new tiered structure, services that are necessary but do not require the skill, education, or knowledge of a qualified professional should not be paid at the same rate as services provided by qualified skilled professionals. The Department shall not implement the tiered rate structure until 15 days after it has notified the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services. The Department shall report on the development of the structure to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services not later than October 1, 2008.

SECTION 10.15A. Article 3A of Chapter 122C of the General Statutes is amended by adding the following new section to read:

"§ 122C-81. National accreditation benchmarks."

(a) As used in this section, the term:

(1) 'National accreditation' applies to accreditation by an entity approved by the Secretary that accredits mental health, developmental disabilities, and substance abuse services.

(2) 'Provider' applies to only those providers of services, including facilities, requiring national accreditation, which services are designated by the Secretary pursuant to subsection (b) of this section.

(b) The Secretary, through the Medicaid State Plan, Medicaid waiver, or rules adopted by the Secretary, shall designate the mental health, developmental disabilities, and substance abuse services that require national accreditation.

(c) Providers enrolled with the Medicaid program prior to July 1, 2008, and providing services that require national accreditation approved by the Secretary pursuant to subsection (b) of this section, shall successfully complete national accreditation requirements within three years of enrollment with the Medicaid program. Providers shall meet the following benchmarks to ensure continuity of care for consumers in the event the provider does not make sufficient progress in achieving national accreditation in a timely manner:

(1) Nine months prior to the accreditation deadline – Formal selection of an accrediting agency as documented by a letter from the agency to the provider acknowledging the provider's selection of that accrediting agency. A provider failing to meet this benchmark shall be prohibited from admitting new clients to service. If a provider fails to meet this benchmark, then the LMEs shall work with the provider to transfer all the provider's entire case load to another provider within four months of the date of the provider's failure to meet the benchmark. The transfer of the case load shall be in increments such that not fewer than twenty-five percent (25%) of the provider's total caseload shall be transferred per month. The Department shall terminate the provider's enrollment in the Medicaid program within four months of the provider's failure to meet the benchmark.

(2) Six months prior to the accreditation deadline – An on-site accreditation review scheduled by the accrediting agency as documented by a letter from the agency to the facility. A provider failing to meet this benchmark will be prohibited from admitting new clients to service. If a provider fails to meet this benchmark, then the
LMEs shall work with the provider to transfer the provider's entire case load to another provider within three months of the date of the provider's failure to meet the benchmark. The transfer of the case load shall be in increments such that not fewer than thirty-three percent (33%) of the provider's total caseload shall be transferred per month. The Department shall terminate the provider's enrollment in the Medicaid program within three months of the provider's failure to meet the benchmark.

(3) Three months prior to the accreditation deadline – Completion of an on-site accreditation review, receipt of initial feedback from accrediting agency, and submission of a Plan of Correction for any deficiencies noted by the accrediting agency. A provider failing to meet this benchmark shall be prohibited from admitting new clients to service. If a provider fails to meet this benchmark, then the LMEs shall work with the provider to transfer the provider's entire case load to another provider within two months of the date of the provider's failure to meet the benchmark. The transfer of the case load shall be in increments such that not fewer than fifty percent (50%) of the provider's total caseload shall be transferred per month. The Department shall terminate the provider's enrollment in the Medicaid program within two months of the provider's failure to meet the benchmark.

(4) Accreditation deadline – Approval as fully accredited by the national accrediting agency. A provider failing to meet this requirement shall be prohibited from admitting new clients to service. The LMEs will work with a provider failing to meet this deadline to transition clients currently receiving service to other providers within 60 days. The Department shall terminate the provider's enrollment in the Medicaid program within 60 days of the provider's failure to meet the benchmark.

(5) A provider that has its enrollment terminated in the Medicaid program as a result of failure to meet benchmarks for national accreditation or failure to continue to be nationally accredited may not apply for re-enrollment in the Medicaid program for at least one year following its enrollment termination.

(d) Providers enrolled in the Medicaid program or contracting for State-funded services on or after July 1, 2008, and providing services which require national accreditation shall successfully complete all accreditation requirements and be awarded national accreditation within one year of enrollment in the Medicaid program or within two years following the provider's first contract to deliver a State-funded service requiring national accreditation. Providers providing services that require national accreditation shall be required to discontinue service delivery and shall have their Medicaid enrollment and any service contracts terminated if they do not meet the following benchmarks for demonstrating sufficient progress in achieving national accreditation following the date of enrollment in the Medicaid program or initial contract for State-funded services:

(1) Three months – On-site accreditation review scheduled by accrediting agency as documented by a letter from the agency to the provider and
(2) Six months – On-site accreditation review scheduled by accrediting agency as documented by a letter from the agency to the provider.

(3) Nine months – Completion of on-site accreditation review, receipt of initial feedback from accrediting agency, plan to address any deficiencies identified developed.

(4) If a provider's Medicaid enrollment or service delivery contracts are terminated as a result of failure to meet accreditation benchmarks or failure to continue to be nationally accredited, the provider will work with the LME to transition consumers served by the provider to other service providers in an orderly fashion within 60 days of notification by the LME of such failure.

(5) A provider that has its Medicaid enrollment or service delivery contracts terminated as a result of failure to meet accreditation benchmarks or failure to continue to be nationally accredited may not reapply for enrollment in the Medicaid program or enter into any new service delivery contracts for at least one year following enrollment or contract termination."

SECTION 10.15A.(e1) For the purpose of expediting the resolution of community support provider appeals and thereby saving State and federal funds that are paid for services that are found to be unnecessary or otherwise ineligible for payment, the Department shall implement on a temporary basis a community support provider appeals process. The process shall be a substitute for informal provider appeals at the Department level and formal provider appeals by the Office of Administrative Hearings. The community support provider appeals process shall apply to a community support services provider:

(1) Who is aggrieved by a decision of the Department to reduce, deny, recoup, or recover reimbursement for community support services, or to deny, suspend, or revoke a provider agreement to provide community support services.

(2) Whose endorsement has been withdrawn or whose application for endorsement has been denied by a local management entity.

SECTION 10.15A.(e2) The community support provider appeals process shall be developed and implemented as follows:

(1) A hearing under this section shall be commenced by filing a petition with the chief hearings clerk of the Department within 30 days of the mailing of the notice by the Department of the action giving rise to the contested case. The petition shall identify the petitioner, be signed by the party or representative of the party, and shall describe the agency action giving rise to the contested case. As used in this section, "file or filing" means to place the paper or item to be filed into the care and custody of the chief hearings clerk of the Department and acceptance thereof by the chief hearings clerk, except that the hearing officer may permit the papers to be filed with the hearing officer, in which event the hearing officer shall note thereon the filing date. The Department shall supply forms for use in these contested cases.

(2) If there is a timely request for an appeal, the Department shall promptly designate a hearing officer who shall hold an evidentiary...
hearing. The hearing officer shall conduct the hearing according to applicable federal law and regulations and shall ensure that:

a. Notice of the hearing is given not less than 15 days before the hearing. The notice shall state the date, hour, and place of the hearing and shall be deemed to have been given on the date that a copy of the notice is mailed, via certified mail, to the address provided by the petitioner in the petition for hearing.

b. The hearing is held in Wake County, except that the hearing officer may, after consideration of the numbers, locations, and convenience of witnesses and in order to promote the ends of justice, hold the hearing by telephone or other electronic means or hold the hearing in a county in which the petitioner resides.

c. Discovery is no more extensive or formal than that required by federal law and regulations applicable to the hearings. Prior to and during the hearing, a provider representative shall have adequate opportunity to examine the provider's own case file. No later than five days before the date of the hearing, each party to a contested case shall provide to each other party a copy of any documentary evidence that the party intends to introduce at the hearing and shall identify each witness that the party intends to call.

(3) The hearing officer shall have the power to administer oaths and affirmations, subpoena the attendance of witnesses, rule on prehearing motions, and regulate the conduct of the hearing. The following shall apply to hearings held pursuant to this section:

a. At the hearing, the parties may present such sworn evidence, law, and regulations as are relevant to the issues in the case.

b. The petitioner and the respondent agency each have a right to be represented by a person of his choice, including an attorney obtained at the party's own expense.

c. The petitioner and the respondent agency shall each have the right to cross-examine witnesses as well as make a closing argument summarizing his view of the case and the law.

d. The appeal hearing shall be recorded. If a petition for judicial review is filed pursuant to subsection (f) of this section, a transcript will be prepared and made part of the official report and shall be prepared at no cost to the appellant. In the absence of the filing of a petition for a judicial review, no transcript will be prepared unless requested by a party, in which case each party shall bear the cost of the transcript or part thereof or copy of the transcript or part thereof requested by the party. The recording of the appeal hearing may be erased or otherwise destroyed 180 days after the final decision is mailed as provided in G.S. 108A-79(i)(5).

(4) The hearing officer shall decide the case based upon a preponderance of the evidence, giving deference to the demonstrated knowledge and expertise of the agency as provided in G.S. 150B-34(a). The hearing officer shall prepare a proposal for the decision, citing relevant law, regulations, and evidence, which shall be served upon the petitioner or
(5) The petitioner and the respondent agency shall have 15 days from the date of the mailing of the proposal for decision to present written arguments in opposition to or in support of the proposal for decision to the designated official of the Department who will make the final decision. If neither written arguments are presented, nor extension of time granted by the final agency decision maker for good cause, within 15 days of the date of the mailing of the proposal for decision, the proposal for decision becomes final. If written arguments are presented, such arguments shall be considered and the final decision shall be rendered. The final decision shall be rendered not more than 90 days from the date of the filing of the petition. This time limit may be extended by agreement of the parties or by final agency decision maker, for good cause shown, for an additional period of up to 30 days. The final decision shall be served upon the petitioner or the petitioner's representative by certified mail, with a copy furnished to the respondent agency. In the absence of a petition for judicial review filed pursuant to subsection (f) of this section, the final decision shall be binding upon the petitioner and the Department.

(6) A petitioner who is dissatisfied with the final decision of the Department may file, within 30 days of the service of the decision, a petition for judicial review in the Superior Court of Wake County or of the county from which the case arose. The judicial review shall be conducted according to Article 4 of Chapter 150B of the General Statutes.

(7) In the event of a conflict between federal law or regulations and State law or regulations, federal law or regulations shall control. This section applies to all petitions that are filed by a Medicaid community support services provider on or after July 1, 2008, and for all Medicaid community support services provider petitions that have been filed at the Office of Administrative Hearings previous to July 1, 2008, but for which a hearing on the merits has not been commenced prior to that date. The requirement that the agency decision must be rendered not more than 90 days from the date of the filing of the petition for hearing shall not apply to (i) community support services provider petitions that were filed at the Office of Administrative Hearings or (ii) requests for a hearing under the Department's informal settlement process prior to the effective date of this act. The Office of Administrative Hearings shall transfer all cases affected by this section to the Department of Health and Human Services within 30 days of the effective date of this section. This act preempts the existing informal appeal process and reconsideration review process at the Department of Health and Human Services and the existing appeal process at the Office of Administrative Hearings with regard to all appeals filed by Medicaid community support services providers under the Medical Assistance program.

SECTION 10.15A.(e3) Notwithstanding any other provision of law to the contrary, the Department of Health and Human Services may, pursuant to its statutory
authority or federal Medicaid requirements, suspend the endorsement or Medicaid participation of a provider of community support services pending a final agency decision based on a fair hearing of the provider's appeal filed with the Department under its community support provider appeal process. A provider of community support services whose endorsement, Medicaid participation, or services have been suspended is not entitled to payment during the period the appeal is pending, and the Department shall make no such payment to the provider during that period. If the final agency decision is in favor of the provider, the Department shall remove the suspension, commence payment for provider services, and reimburse the provider for payments withheld during the period of appeal. Contracts between the Department or a local management entity and the provider shall contain a provision indicating the circumstances under which a provider may appeal an agency decision and giving notice of the suspension of payments to the provider while the appeal is pending. This subsection applies to community support provider appeals pending in the Department of Health and Human Services or the Office of Administrative Hearings, as applicable, on and after July 1, 2008.

SECTION 10.15A.(e4) The Department's community support provider appeals process established under this section shall expire July 1, 2010. The Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on March 1, 2009, October 1, 2009, and March 1, 2010, on the effectiveness and efficiency of the community support provider appeals process.

SECTION 10.15A.(f) G.S. 150B-1(e) is amended by adding the following new subdivision to read:

"(e) Exemptions From Contested Case Provisions. – The contested case provisions of this Chapter apply to all agencies and all proceedings not expressly exempted from the Chapter. The contested case provisions of this Chapter do not apply to the following:

... (16) The Department of Health and Human Services with respect to contested cases commenced by (i) Medicaid providers appealing a denial or reduction in reimbursement for community support services, and (ii) community support services providers appealing decisions by the LME to deny or withdraw the provider's endorsement."

SECTION 10.15A.(g) The Department of Health and Human Services shall adopt guidelines for LME periodic review and rules for endorsement and reendorsement of providers to ensure that only qualified providers are endorsed and that LMEs hold those providers accountable for the Medicaid and State-funded services they provide.

SECTION 10.15A.(h) G.S. 122C-151.4 reads as rewritten:

"§ 122C-151.4. Appeal to State MH/DD/SA Appeals Panel.

(a) Definitions. – The following definitions apply in this section:

(1) "Appeals Panel" means the State MH/DD/SA Appeals Panel established under this section.

(1a) "Client" means an individual who is admitted to or receiving public services from an area facility. "Client" includes the client's personal representative or designee."
"Contract" means a contract with an area authority or county program to provide services, other than personal services, to clients and other recipients of services.

"Contractor" means a person who has a contract or who had a contract during the current fiscal year, or whose application for endorsement has been denied by an area authority or county program.

"Former contractor" means a person who had a contract during the previous fiscal year.

Appeals Panel. – The State MH/DD/SA Appeals Panel is established. The Panel shall consist of three members appointed by the Secretary. The Secretary shall determine the qualifications of the Panel members. Panel members serve at the pleasure of the Secretary.

Who Can Appeal. – The following persons may appeal to the State MH/DD/SA Appeals Panel after having exhausted the appeals process at the appropriate area authority or county program:

1. A contractor or a former contractor who claims that an area authority or county program is not acting or has not acted within applicable State law or rules in denying the contractor's application for endorsement, or in imposing a particular requirement on the contractor on fulfillment of the contract;
2. A contractor or a former contractor who claims that a requirement of the contract substantially compromises the ability of the contractor to fulfill the contract;
3. A contractor or former contractor who claims that an area authority or county program has acted arbitrarily and capriciously in reducing funding for the type of services provided or formerly provided by the contractor or former contractor;
4. A client or a person who was a client in the previous fiscal year, who claims that an area authority or county program has acted arbitrarily and capriciously in reducing funding for the type of services provided or formerly provided to the client directly by the area authority or county program; and
5. A person who claims that an area authority or county program did not comply with a State law or a rule adopted by the Secretary or the Commission in developing the plans and budgets of the area authority or county program and that the failure to comply has adversely affected the ability of the person to participate in the development of the plans and budgets.

Hearing. – All members of the State MH/DD/SA Appeals Panel shall hear an appeal to the Panel. An appeal shall be filed with the Panel within the time required by the Secretary and shall be heard by the Panel within the time required by the Secretary. A hearing shall be conducted at the place determined in accordance with the rules adopted by the Secretary. A hearing before the Panel shall be informal; no sworn testimony shall be taken and the rules of evidence do not apply. The person who appeals to the Panel has the burden of proof. The Panel shall not stay a decision of an area authority during an appeal to the Panel.

Decision. – The State MH/DD/SA Appeals Panel shall make a written decision on each appeal to the Panel within the time set by the Secretary. A decision may direct a contractor, an area authority, or a county program to take an action or to
refrain from taking an action, but it shall not require a party to the appeal to pay any amount except payment due under the contract. In making a decision, the Panel shall determine the course of action that best protects or benefits the clients of the area authority or county program. If a party to an appeal fails to comply with a decision of the Panel and the Secretary determines that the failure deprives clients of the area authority or county program of a type of needed service, the Secretary may use funds previously allocated to the area authority or county program to provide the service.

(f) Chapter 150B Appeal. – A person who is dissatisfied with a decision of the Panel may commence a contested case under Article 3 of Chapter 150B of the General Statutes. Notwithstanding G.S. 150B-2(1a), an area authority or county program is considered an agency for purposes of the limited appeal authorized by this section. If the need to first appeal to the State MH/DD/SA Appeals Panel is waived by the Secretary, a contractor may appeal directly to the Office of Administrative Hearings after having exhausted the appeals process at the appropriate area authority or county program. The Secretary shall make a final decision in the contested case.

(g) This section does not apply to providers of community support services who appeal directly to the Department of Health and Human Services under the Department's community support provider appeal process."

SECTION 10.15A.(h1) The Department of Health and Human Services and the Office of Administrative Hearings shall work together to streamline the process for hearing Medicaid recipient appeals. The process shall be designed to significantly reduce the backlog of Medicaid recipient appeals pending as of July 1, 2008, and shall ensure that Medicaid recipients continue to receive benefits at current levels pending the outcome of the appeal. The Department shall further ensure that Medicaid applicants who have been determined to be eligible for Medicaid shall be eligible to receive community support services if the services are determined to be medically necessary.

SECTION 10.15A.(i) Sections 10.49(ee)(5) and (6) of S.L. 2007-323 read as rewritten:

"(5) All community support services are subject to prior approval after the initial assessment and development of a person-centered plan has been completed.

(6) Providers are limited to four hours of community support for adults and eight hours of community support for children to develop the person-centered plan. Those hours shall be provided only by a qualified professional. Providers that determine that additional hours are needed must seek and obtain prior approval. If additional hours are authorized, the LME may participate in the development of the person-centered plan as part of its care coordination and quality management function as defined in G.S. 122C-115.4. After the tiered rates required under Subsection (b) of this section have been implemented, not less than fifty percent (50%) of community support services must be delivered by qualified professionals."

SECTION 10.15A.(j) The Department of Health and Human Services, Division of Medical Assistance, shall adopt a policy reducing the maximum allowable hours for community support services to eight hours per week. This subsection does not apply to community support services offered under a Medicaid managed care, capitated at-risk waiver.

SECTION 10.15A.(k) The lead paragraph of Section 10.49(ee) of S.L. 2007-323 reads as rewritten:
"SECTION 10.49.(ee) For This subsection does not apply to community support services offered under a Medicaid managed care, capitated, at-risk waiver. For all other community support services, for the purpose of avoiding overutilization of community support services and overexpenditure of funds for these services, the Department of Health and Human Services shall immediately conduct an in-depth evaluation of the use and cost of community support services to identify existing and potential areas of overutilization and overexpenditure. The Department shall also adopt or revise as necessary management policies and practices that will ensure that at a minimum:"

NON-MEDICAID REIMBURSEMENT CHANGES

SECTION 10.16. Section 10.5 of S.L. 2007-323 reads as rewritten:

"SECTION 10.5. Providers of medical services under the various State programs, other than Medicaid, offering medical care to citizens of the State shall be reimbursed at rates no more than those under the North Carolina Medical Assistance Program.

The Department of Health and Human Services may reimburse hospitals at the full prospective per diem rates without regard to the Medical Assistance Program's annual limits on hospital days. When the Medical Assistance Program's per diem rates for inpatient services and its interim rates for outpatient services are used to reimburse providers in non-Medicaid medical service programs, retroactive adjustments to claims already paid shall not be required.

Notwithstanding the provisions of paragraph one, the Department of Health and Human Services may negotiate with providers of medical services under the various Department of Health and Human Services programs, other than Medicaid, for rates as close as possible to Medicaid rates for the following purposes: contracts or agreements for medical services and purchases of medical equipment and other medical supplies. These negotiated rates are allowable only to meet the medical needs of its non-Medicaid eligible patients, residents, and clients who require such services which cannot be provided when limited to the Medicaid rate.

Maximum net family annual income eligibility standards for services in these programs shall be as follows:

SECTION 10.16A. Section 10.54(b) of S.L. 2007-323 reads as rewritten:

"SECTION 10.54.(b) Funds appropriated in this act to the Department of Health and Human Services, Division of Health Service Regulation, for the 2007-2008 fiscal year and the 2008-2009 fiscal year for implementation of rated certificates for adult care homes are contingent upon enactment of Senate Bill 56, 2007 Regular Session, by the 2007 General Assembly. SECTION 10.17.(b) Information to Be Included in Block Grant Plans. –  
The Department of Health and Human Services shall submit a separate plan for each 
Block Grant received and administered by the Department, and each plan shall include 
the following:

(1) A delineation of the proposed allocations by program or activity, 
including State and federal match requirements.
(2) A delineation of the proposed State and local administrative 
expenditures.
(3) An identification of all new positions to be established through the 
Block Grant, including permanent, temporary, and time-limited 
positions.
(4) A comparison of the proposed allocations by program or activity with 
two prior years' program and activity budgets and two prior years' 
actual program or activity expenditures.
(5) A projection of current year expenditures by program or activity.
(6) A projection of federal Block Grant funds available, including unspent 
federal funds from the current and prior fiscal years.

SECTION 10.17.(c) Changes in Federal Fund Availability. – If the Congress 
of the United States increases the federal fund availability for any of the Block Grants
administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section or increase State administrative expenditures.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. In allocating a decrease in federal fund availability, the Department shall not eliminate the funding for a program or activity appropriated in this section unless it is related to the State administration.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.17.(d) All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

The Division of Social Services is authorized to establish two time-limited positions to manage the grant award process and monitor the demonstration projects through fiscal year 2009-2010.

Funding provided under the county demonstration grants shall not be used to supplant local funds, and counties shall be required to maintain the current level of effort and funding for the Work First program.

PART XII. DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

BERNARD ALLEN MEMORIAL EMERGENCY DRINKING WATER FUND AMENDMENTS.

SECTION 12.1. G.S. 87-98 reads as rewritten:

"§ 87-98. Bernard Allen Memorial Emergency Drinking Water Fund.

(a) The Bernard Allen Memorial Emergency Drinking Water Fund is established under the control and direction of the Department. The Fund shall be a nonreverting, interest-bearing fund consisting of monies appropriated by the General Assembly or made available to the Fund from any other source and investment interest credited to the Fund.

(b) The Fund may be used to pay for notification, to the extent practicable, of persons aged 18 and older who reside in any dwelling unit, and the senior official in charge of any business, at which drinking water is supplied from a private drinking water well or improved spring that is located within 1,500 feet of, and at risk from, known groundwater contamination. The senior official in charge of the business shall take reasonable measures to notify all employees of the business of the groundwater contamination, including posting a notice of the contamination in a form and at a location that is readily accessible to the employees of the business. The Fund may also be used by the Department to pay the costs of testing of private drinking water wells and improved springs for suspected contamination up to once every three years upon request.
by a person who uses the well and for the temporary or permanent provision of alternative drinking water supplies to persons whose drinking water well or improved spring is contaminated. Under this subsection, an alternative drinking water supply includes the repair or replacement of a contaminated well or the connection to a public water supply.

(c) The Department shall disburse monies from the Fund based on financial need and on the risk to public health posed by groundwater contamination and shall give priority to the provision of services under this section to instances when an alternative source of funds is not available. The Fund shall not be used for remediation of groundwater contamination. Nothing in this section expands, contracts, or modifies the obligation of responsible parties under Article 9 or 10 of Chapter 130A of the General Statutes, this Article, or Article 21A of this Chapter to assess contamination, identify receptors, or remediate groundwater or soil contamination. The Fund shall not be used to provide alternative water supply to households with incomes greater than three hundred percent (300%) of the current federal poverty level. The Fund shall not be used to provide alternative drinking water supplies unless the Department determines that the concentration of one or more contaminants in the private drinking water well or improved spring exceeds the federal Maximum Contaminant Level (MCL), or the federal drinking water action level as defined in 40 Code of Federal Regulations § 141.1 through § 141.571 (1 July 2006–2007) and 40 Code of Federal Regulations § 143.3 (1 July 2006–2007). For a contaminant for which a federal maximum contaminant level or drinking water action level has not been established, the State groundwater standard established by the Environmental Management Commission for the concentration of that contaminant shall be used to determine whether the Fund may be used to provide alternative drinking water supplies. The Fund may also be used to provide alternative drinking water supplies as provided in this section if the Department determines that the concentration of one or more contaminants in a private drinking water well is increasing over time and that there is a significant risk that the concentration of a contaminant will exceed the federal maximum contaminant level or drinking water action level, or the State groundwater standard. A determination of the concentration of a contaminant shall be based on a sample of water collected from the private drinking water well within the past 12 months. The Fund shall not be used to provide temporary water supplies in any calendar quarter until all needs for permanent replacement water supplies that have been identified in that calendar quarter have been met through hookups to public water supplies, repair, or replacement of contaminated wells.

(c1) In disbursing monies from the Fund, preference shall be given to providing permanent replacement water supplies by connection to public water supplies and repair or replacement of contaminated wells over the provision of temporary water supplies. In providing alternative drinking water supplies, the Department shall give preference to connection to a public water supply system or to construction of a new private drinking water well over the use of a filtration system if the Department determines that the costs of periodic required maintenance of the filtration system would be cost-prohibitive for users of the alternative drinking water supply.

(c2) If the Department provides an alternative drinking water supply by extension of a waterline, the Department may disburse from the Fund no more than ten thousand dollars ($10,000) per household or other service connection. No more than one-third of the total cost of the project may be paid from the Fund. The Department may combine...
monies from the Fund with monies from other sources in order to pay the total cost of
the project.

(c3) The Fund shall be used to provide alternative drinking water supplies only if
the Department determines that the person or persons who are responsible for the
contamination of the private drinking water well is or are not financially viable or
cannot be identified or located and if the Department determines that one of the
following applies:

(1) The contamination of the private drinking water well is naturally
occurring.

(2) The owner of the property on which the private drinking water well is
located did not cause or contribute to the contamination or control the
source of the contamination.

(3) The source of the contamination is the application or disposal of a
hazardous substance or pesticide that occurred without the consent of
the owner of the property on which the private drinking water well is
located.

(c4) The Department may use up to one hundred thousand dollars ($100,000) of
the monies in the Fund to pay the personnel and other direct costs associated with the
implementation of this section.

(c5) The Fund shall not be used for remediation of groundwater contamination.

(c6) Nothing in this section expands, contracts, or modifies the obligation of
responsible parties under Article 9 or 10 of Chapter 130A of the General Statutes, this
Article, or Article 21A of this Chapter to assess contamination, identify receptors, or
remediate groundwater or soil contamination.

(d) The Department shall establish criteria by which the Department is to
evaluate applications and disburse monies from this Fund and may adopt any rules
necessary to implement this section.

(e) The Department, in consultation with the Commission for Public Health and
local health departments, shall report no later than 1 October of each year to the
Environmental Review Commission, the House of Representatives and Senate
Appropriations Subcommittees on Natural and Economic Resources, and the Fiscal
Research Division of the General Assembly on the implementation of this section. The
report shall include the purpose and amount of all expenditures from the Fund during
the prior fiscal year, a discussion of the benefits and deficiencies realized as a result of
the section, and may also include recommendations for any legislative action."

INACTIVE HAZARDOUS WASTE SITES REPORT REQUIREMENT
SECTION 12.1A.(a) G.S. 130A-310.2 reads as rewritten:
"§ 130A-310.2. Inactive Hazardous Waste Sites Priority List.

(a) No later than six months after July 1, 1987, the Commission shall develop a
system for the prioritization of inactive hazardous substance or waste disposal sites
based on the extent to which such sites endanger the public health and the environment.
The Secretary shall apply the prioritization system to the inventory of sites to create and
maintain an Inactive Hazardous Waste Site Priority List, which shall rank all inactive
hazardous substance or waste disposal sites in decreasing order of danger. This list shall
identify the location of each site and the type and amount of hazardous substances or
waste known or believed to be located on the site. The first such list shall be published
within two years after July 1, 1987, with subsequent lists to be published at intervals of
not more than two years thereafter. The Secretary shall notify owners, operators, and
responsible parties of sites listed on the Inactive Hazardous Waste Sites Priority List of their ranking on the list. The Inactive Hazardous Sites Priority List shall be used by the Department in determining budget requests and in allocating any State appropriation which may be made for remedial action, but shall not be used so as to impede any other action by the Department, or any remedial or other action for which funds are available.

(b) No later than January 1 of each year, the Department shall report to each member of the General Assembly who has an inactive hazardous substance or waste disposal site in the member's district. 3) Rural county. – A county with a population density of fewer than 250 people per square mile based on the most recent federal decennial census.

SECTION 13.8.(c) Eligible Applicants; Eligible Projects. – A local government unit is eligible for a grant under this section if it meets the eligibility requirements under subsections (d) or (e) of this section for the specific type of grant. The funds appropriated under this section may be used to provide either a planning grant that meets the requirements under subsection (d) of this section or a supplemental grant that meets the requirements of subsection (e) of this section. The following projects are eligible for receiving a grant under this section:

1) Wastewater collection system.
2) Wastewater treatment works.
3) Public water system.
4) Wastewater and drinking water infrastructure planning.
5) Multi-jurisdictional wastewater, drinking water, water quality, and stormwater planning.
6) Natural gas line project.

SECTION 13.8.(d) Planning Grants. – A planning grant under this section is available for the costs associated with preliminary planning for wastewater collection system projects, wastewater treatment works projects, public water system projects, and natural gas line projects. Preliminary planning includes developing a capital improvement plan, developing a comprehensive land-use plan that provides for water quality protection, conducting a feasibility study, developing a regional or multi-jurisdictional infrastructure or water quality improvement plan, assembling a financing plan to carry out a project, completing a grant application, and preparing a preliminary engineering report for a proposed project. A planning grant is subject to the following restrictions:

1) Eligibility. – A local government unit is eligible for a planning grant if it meets the following criteria:
   a. It is a rural county or is located in one of these counties.
   b. It is an economically distressed county or is located in an economically distressed county or an economically distressed area.
   c. For purposes of this subsection, a regional council of governments organized under G.S. 160A-460 or a regional planning and development commission organized under G.S. 153A-391 is considered a local government unit. A regional council of governments or regional planning and development commission is eligible for a grant if it serves a rural county and is applying for a regional or
multi-jurisdictional planning project involving two or more units of local government.

(2) Maximum. – A planning grant shall not exceed forty thousand dollars ($40,000) for each unit of local government.

(3) Matching funds. – A local government unit shall match a planning grant on a dollar-for-dollar basis unless the unit meets one or more of the following descriptions, in which instance the Rural Center may require a match of fifty percent (50%) or less:
   a. It is an economically distressed county or located in an economically distressed county.
   b. Its poverty rate is at least one hundred fifty percent (150%) of the State poverty rate.
   c. If it is not a county, its ability to pay is less than fifty percent (50%) of the ability to pay of the county in which it is located.

SECTION 13.8.(e) Supplemental Grants. – A supplemental grant is available to match other funds to be applied to the construction costs of an eligible project. Other funds include federal funds, State funds, and local funds. A supplemental grant is subject to the following restrictions:

(1) Eligibility. – A local government unit is eligible for a supplemental grant if it meets the following criteria:
   a. It is a rural county or is located in one of these counties.
   b. It adopts a resolution to set the household user fee for water and sewer service or natural gas service in the area served by the project at an amount that equals or exceeds the high-unit-cost threshold.

(2) Maximum. – A supplemental grant shall not exceed five hundred thousand dollars ($500,000) unless the applicant meets one or more of these descriptions:
   a. It is an economically distressed county or is located in an economically distressed county.
   b. Its poverty rate is at least one hundred fifty percent (150%) of the State poverty rate.
   c. If it is not a county, its ability to pay is less than fifty percent (50%) of the ability to pay of the county in which it is located.

The maximum supplemental grant for an applicant meeting at least one of these descriptions is the lesser of one million dollars ($1,000,000) or twenty-five percent (25%) of the total project cost.

(3) Matching funds. – A local government unit shall match a supplemental grant on a dollar-for-dollar basis unless the unit meets one or more of the following descriptions, in which instance the Rural Center may require a match of fifty percent (50%) or less:
   a. It is an economically distressed county or is located in an economically distressed county.
   b. Its poverty rate is at least one hundred fifty percent (150%) of the State poverty rate.
   c. If it is not a county, its ability to pay is less than fifty percent (50%) of the ability to pay of the county in which it is located.

A local government unit that meets one or more of these descriptions may not provide less than a dollar-for-dollar match if the supplemental
grant amount requested exceeds five hundred thousand dollars ($500,000).

SECTION 13.8.(f) Criteria for Grants. – All projects must document a current critical water or wastewater need affecting human health or the environment or must document a current critical natural gas line project. The criteria in G.S. 159G-23, the criteria set out in this section, and any other criteria established by the Board of Directors of the Rural Center shall apply to a grant provided under this section. An application for a project that serves an economically distressed area shall have priority over a project that does not. The Board of Directors of the Rural Center may determine that a crisis need exists that merits special consideration and may establish a subcategory of this program to address one or more crisis applications.

SECTION 13.8.(g) Grant Applications. – Any application for a grant under this section shall be submitted by the local government unit to the Rural Center. An application shall be submitted on a form prescribed by the Rural Center and shall contain the information required by the Rural Center. An applicant shall submit to the Rural Center any additional information requested by the Rural Center to enable the Rural Center to make a determination on the application. An application that does not contain information required on the application or requested by the Rural Center is incomplete and is not eligible for consideration. An applicant may submit an application in as many categories as it is eligible for consideration under this section.

SECTION 13.8.(h) Environmental Assessment. – An application submitted under this section for a supplemental grant shall state whether the project to be funded by the grant requires an environmental assessment. If the application indicates that an environmental assessment is not required, it must identify the exclusion in the North Carolina Environmental Policy Act, Article 1 of Chapter 113A of the General Statutes, that applies to the project. The Rural Center shall give the Department of Environment and Natural Resources a copy of an application that indicates an environmental assessment is not required. If the Department of Environment and Natural Resources determines that the project requires an environmental assessment, the Department shall notify the Rural Center and the applicant, and the applicant shall submit the assessment to the Department before the Center continues its review of the application. An application that does not identify an exclusion in the North Carolina Environmental Policy Act shall include the environmental assessment of the project's probable impacts on the environment that was submitted to the Department of Environment and Natural Resources. If the Department notifies the Rural Center that an environmental impact statement is required, the Rural Center shall not award the applicant a grant until a final environmental assessment impact statement has been completed and approved as provided in the Environmental Policy Act.

SECTION 13.8.(i) Review of Applications and Award of Grant. – The Rural Center shall review grant applications and award grants as provided by this subsection:

(1) Point assignment. – The Rural Center shall review all grant applications submitted under this section for an application period, to be determined by the Rural Center, and shall rank each application in accordance with the points assigned to the evaluation criteria. Applications addressing a crisis need may be ranked according to a special set of criteria or be reviewed for a specifically determined application period. The Rural Center shall make a written determination of an application's rank and attach the determination to
the application. The Rural Center's determination of rank is conclusive.

(2) Reconsideration. – When an application's rank is too low to receive an award of a grant for the application period, the Rural Center may reconsider an amended application, provided the application addresses questions from the previous grant round.

(3) Notification of decision. – When the Rural Center determines that an application's rank makes it eligible for an award of a grant, the Rural Center shall send the applicant a letter of intent to award the grant. The notice shall set out any conditions the applicant must meet to receive an award of a grant. When the applicant satisfies the conditions set out in the letter of intent, the Rural Center shall send the applicant an offer to award a grant. The applicant shall give the Rural Center written notice of whether it accepts or rejects the offer. A grant is considered awarded the date the offer to award the grant is sent by the Rural Center.

SECTION 13.8.(j) Disbursement of Grant. – A planning grant awarded under this section shall be disbursed in two payments. Other grants awarded under this section shall be disbursed in two or more payments based on the progress of the project for which the grant was awarded. To obtain a payment, a grant recipient shall submit a request for payment to the Rural Center and shall document the expenditures for which the payment is requested. The Rural Center shall review the payment request for compliance with all grant conditions.

SECTION 13.8.(k) Withdrawal of Grant. – An award for a supplemental grant for a project is withdrawn if the applicant fails to enter into a construction contract for the project within one year after the date of the award for supplemental grants under subsection (e) of this section, unless the Board of Directors of the Rural Center finds that the applicant has good cause for the failure. If the Rural Center finds good cause for an applicant's failure, the Rural Center shall set a date by which the applicant must take action or forfeit the grant. Planning grants may be withdrawn if there is insufficient progress in meeting the scope of work within one year of the award date.

SECTION 13.8.(l) Inspection of Project. – The Rural Center may inspect a project as provided by this subsection:

(1) Authority. – The Rural Center may inspect a project for which it awards a grant under this section to determine the progress made on the project and whether the construction of the project is consistent with the project described in the grant application. The inspection may be performed by personnel of the Rural Center or by a professional engineer licensed under Chapter 89C of the General Statutes.

(2) Disqualification. – An individual may not perform an inspection of a project under this section if the individual meets any of the following criteria:
   a. Is an officer or employee of the local government unit that received the grant award for the project.
   b. Is an owner, officer, employee, or agent of a contractor or subcontractor engaged in the construction of the project for which the grant was made.
SECTION 13.8.(m) Administration Costs. – The Rural Center may use a portion of the funds appropriated in this section for administration, not to exceed two percent (2%), for the life of the grant program created by this section.

SECTION 13.8.(n) Reporting Requirement. – The Rural Center shall report to the Joint Legislative Commission on Governmental Operations on a quarterly basis concerning the progress of the grant program created under this section. The first report is due no later than December 1, 2008.

SECTION 13.8.(o) Separate Accounts. – Each grant that is provided under this section shall be administered through a separate account.

SECTION 13.8.(p) Loans Prohibited. – The Rural Center shall not use the funds appropriated in this section to make loans.

SECTION 13.9.(b) Priority for grant funds shall be given to eligible applicants in development tier one areas as defined in G.S. 143B-437.08.

SECTION 13.9.(c) The Rural Center may use a portion of the funds appropriated in this section, not to exceed two percent (2%), for administration of the programs for which funds are appropriated in this section.

SECTION 13.9.(d) The Rural Center may contract with other agencies and institutions for certain aspects of the programs for which funds are appropriated in this section, including the design of program guidelines and evaluation of program results.

"§ 143B-480.2. Victim assistance.
(a) Eligibility for Assistance. – Sexual assault victims or victims of attempted sexual assault are eligible for assistance under this Program if the sexual assault or the attempted sexual assault is reported to a law enforcement officer within five days of the occurrence of the assault or the attempted sexual assault and if a forensic medical examination is performed within five days of the sexual assault or the attempted sexual assault. The Secretary may waive either five-day requirement for good cause. The term "sexual assault" as used in this section refers to the following crimes: first-degree rape as defined in G.S. 14-27.2, second-degree rape as defined in G.S. 14-27.3, first-degree sexual offense as defined in G.S. 14-27.4, second-degree sexual offense as defined in G.S. 14-27.5, or statutory rape as defined in G.S. 14-27.7A.

(b) Eligible Expenses. – Assistance is limited to the following expenses incurred by the victim:

1. Immediate and short-term medical expenses.
2. Ambulance services from the place of the attack to a place where medical treatment is provided.
3. Mental health services provided by a professional licensed or certified by the State to provide such services.
4. A forensic medical examination. As used in this section, the term "forensic medical examination" means an examination provided to a sexual assault victim eligible for assistance under subsection (a) of this section by medical personnel who gather evidence of a sexual assault in a manner suitable for use in a court of law. The examination should include an examination of physical trauma, a patient interview, and a collection and evaluation of evidence.
5. Counseling treatment following the attack.

(c) Amount of Assistance. – The Program shall pay for the full out-of-pocket cost of the victim's forensic medical examination up to eight hundred dollars ($800.00). Specifically, the Program shall pay amounts for services in accordance with the following schedule:

<table>
<thead>

<th>Service</th>
<th>Maximum Amount Paid by Program</th>
</tr>
</thead>
<tbody>

</tr>
<tr>
<td>Hospital/Facility Fee</td>
<td>$250.00</td>
</tr>

</tr>
</tbody>
</table>

The Program shall pay for all other eligible expenses set out in subsection (b) of this section in an amount not to exceed the difference between the full out-of-pocket cost of the forensic medical examination and one thousand dollars ($1,000). If the full out-of-pocket cost for the forensic medical examination costs more than one thousand dollars, the Program shall pay the full out-of-pocket costs up to the maximum amount set forth in subsection (c).

Payment for the full out-of-pocket cost of the forensic medical examination shall be paid to the provider no later than 90 days after receiving the required written notification of the victim’s expense. If the entity seeking payment for expenses authorized under this section is a hospital, ambulance service, or mental health professional providing counseling, the Program shall make payment directly to that entity upon the filing of proper forms. If the entity seeking payment for expenses authorized under this section is an attending physician or licensed registered nurse, the Program shall make payment to a hospital, which shall then pay the entity seeking payment. Attending physicians and licensed registered nurses shall not bill or otherwise seek payment directly from the Program, but shall instead seek payment from the hospital that accepted payment on the entity’s behalf. No payment for the cost of the forensic medical examination shall be made under this subsection unless the recipient agrees in writing that receipt of that payment shall constitute payment in full for the amount owed for the cost of the examination and expenses related to the examination.

(e) Judicial Review. – Upon an adverse determination by the Secretary on a claim for medical expenses, a victim is entitled to judicial review of that decision. The person seeking review shall file a petition in the Superior Court of Wake County.

The Secretary shall adopt rules to facilitate the payments authorized under this subsection and to encourage, whenever practical, the use of licensed registered nurses trained under G.S. 90-171.38(b) to conduct medical examinations and procedures.

Such funds shall be allocated among the University's constituent institutions by the President of The University of North Carolina, who shall consider the following factors when allocating those funds:

4. The financial status of each constituent institution's housing system, including debt capacity, debt coverage ratios, credit rankings, required reserves, the planned use of cash balances for other housing system improvements, and the constituent institution's ability to pay for the installation of fire sprinklers in all residence halls.
5. The total cost of each proposed project, including the cost of installing fire sprinklers and the cost of other construction, such as asbestos removal and additional water supply needs.

The Board of Governors shall submit progress reports to the Joint Legislative Commission on Governmental Operations. Reports shall include the status of completed, current, and planned projects. Reports shall also include information on the financial status of each constituent institution's housing system, the constituent institution's ability to pay for fire protection in residence halls, and the timing of installation of fire sprinklers. light bulbs, installation of exit signs that employ light-emitting diode
(LED) technology, the installation of occupancy sensors or optical
sensors, and other lighting efficiency improvements.

incremental cost of the project will be equal to or less than the energy
or water savings that result over a period of three years after
completion.

Funds appropriated to the Reserve for the 2008-2009 fiscal year shall not
revert and shall remain available until expended. The State Energy Office shall report to
the House of Representatives and Senate Appropriations Committees on the use of the

any other issues of State bonds and notes similarly secured. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the bonds or notes being refunded or, if not required for the immediate payment of the bonds or notes being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the bonds or notes being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) obligations of any agency or instrumentality of the United States government if the timely payment of principal and interest on the obligations is unconditionally guaranteed by the United States government or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of bonds or notes being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(6) Tax exemption. – Bonds and notes shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance or gift taxes, income taxes on the gain from the transfer of bonds or notes, and franchise taxes. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(8) Faith and credit. – The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. credit and liquidity facilities, interest-rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with issuance, incurrence, carrying, or securing of bonds or notes. SECTION 27.9.(h) Variable Rate Demand Bonds and Notes. – In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

1. Be made payable from time to time on demand or tender for purchase by the owner, if a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;
2. Be additionally supported by a credit facility;
3. Be made subject to redemption or a mandatory tender for purchase prior to maturity;
4. Bear interest at a rate or rates that may vary for any period of time, as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and
5. Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

1. Additional method. – The foregoing sections of this section shall be deemed to provide an additional and alternative method for the doing of the things authorized under it and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

SMALL BUSINESS PROTECTION ACT

SECTION 28.16.(a) The General Assembly makes the following findings:

(1) The following areas of the sales and use tax laws are the areas for which the Department of Revenue receives the most questions from taxpayers:
   a. The rate of tax that applies to food and prepared food.
   b. The distinction between a retailer and a performance contractor.
   c. The distinction between a service that is necessary to complete the sale of tangible personal property, and therefore taxable, and a service that is incidental to the sale of tangible personal property, and therefore not taxable.
   d. The determination of whether a person is a manufacturer.

(2) These areas of the sales and use tax laws have been the subject of legislative changes in recent years.

(3) Small businesses have fewer resources to devote to resolving the complexities of the sales and use tax laws than large businesses have and, therefore, may be at a disadvantage with respect to compliance issues in complex areas and changing areas.

(4) Assessments against a small business for inadvertent noncompliance in these complex areas may threaten the viability of the small business.

(5) The sales and use tax laws are not intended to place the viability of small businesses in jeopardy.

(6) A study of these complex areas is needed to determine how to make the laws in these areas clearer and to reduce the compliance burden.

SECTION 28.16.(b) Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-244.2. Reduction of certain sales tax assessments against small businesses.

(a) Reduction. – The Secretary must reduce an assessment against a small business for State and local sales and use taxes and waive any penalties imposed as part of the assessment when the assessment is made as the result of an audit of the small business by the Department and all of the following apply:

(1) The gross receipts of the business for the calendar year preceding the year in which the audit period begins, combined with the gross receipts of all related persons as defined in G.S. 105-163.010, do not exceed one million eight hundred thousand dollars ($1,800,000).

(2) The business remitted to the Department all the sales and use taxes it collected during the audit period.

(3) The business had not been told by the Department in a prior audit to collect sales and use taxes in the circumstance that is the basis of the
assessment, as reflected in the written audit comments of the prior audit.

(4) The business made a good faith effort to comply with the sales and use tax laws and the assessment is based on the incorrect application of one of the following complex areas of these laws:

a. The rate of tax that applies to prepared food.
b. The distinction between a retailer and a performance contractor.
c. The distinction between a service that is necessary to complete the sale of tangible personal property, and is therefore taxable, and a service that is incidental to the sale of tangible personal property, and is therefore not taxable.
d. The determination of whether a person is a manufacturer.

(b) Amount. – The amount by which a sales and use tax assessment against a small business must be reduced under this section is a percentage of the assessment. The percentage is determined by the average monthly gross receipts of the business for the calendar year for which annual gross receipts are determined under subdivision (a)(1) of this section. A reduction of an assessment under this section and the waiver of penalties imposed as part of the assessment apply only to the amount of an assessment attributable to the incorrect application of one of the complex areas of the law listed in subdivision (a)(4) of this section.

The following table sets out the applicable percentage reductions of an assessment:

(c) Application. – This section applies to the following:

(1) A proposed assessment that is pending on July 15, 2008.
(2) An assessment that becomes collectible under G.S. 105-241.22 on or after July 15, 2008.
(3) An assessment that meets all of the following conditions:
   a. It became collectible under G.S. 105-241.22 before July 15, 2008, or was identified in a notice of final assessment issued under former G.S. 105-241.1 before July 15, 2008.
   b. It is not paid as of July 15, 2008.
   c. If it had been paid within six months after it became collectible under G.S. 105-241.22 or was identified in a notice of final assessment issued under former G.S. 105-241.1, a timely claim for refund could be filed under G.S. 105-241.7 for a refund of the assessment.
(4) A claim for refund filed in accordance with G.S. 105-241.7 for a refund of an assessment.

(d) Expiration. – This section expires January 1, 2010. The expiration applies to an assessment that becomes collectible under G.S. 105-241.22 on or after the expiration date and to a claim for refund filed on or after the expiration date for a refund of an assessment paid before the expiration date."

SECTION 28.16.(c) Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-258.2. Taxpayer conversations.
(a) Scope. – This section applies to a conversation that is conducted by telephone or in person, is between a taxpayer and an employee of the Department, and occurs at an office of the Department if the conversation is in person. It does not apply to a conversation that occurs at a presentation, a conference, or another forum.

(b) Documentation. – The Secretary must document advice given to a taxpayer in a conversation with that taxpayer when the taxpayer gives the Secretary the taxpayer's identifying information, asks the Secretary about the application of a tax to the taxpayer in specific circumstances, and requests that the Secretary document the advice in the taxpayer's records. The documentation may be an entry in the account record of the taxpayer or by another method determined by the Secretary. The documentation must set out the date of the conversation, the question asked, and the advice given."

SECTION 28.16.(d) G.S. 105-258.2, as enacted by this act, is amended by adding a new subsection to read:

"(c) Sales Tax Inquiries. – The Secretary must document advice given in a conversation with a person who is not registered as a retailer or a wholesale merchant under Article 5 of this Chapter when the person gives the Secretary the person's name and address, describes a business in which the person is engaged, asks if the person is required to be registered under Article 5 of this Chapter, and requests that the Secretary document the advice. The Secretary must keep a record of the person's inquiry that sets out the date of the conversation, the person making the inquiry, the business described in the conversation, and the advice given."

SECTION 28.16.(e) G.S. 105-264 reads as rewritten:

"§ 105-264. Effect of Secretary's interpretation of revenue laws.

(a) Interpretation. – It is the duty of the Secretary to interpret all laws administered by the Secretary. The Secretary's interpretation of these laws shall be consistent with the applicable rules. An interpretation by the Secretary is prima facie correct. When the Secretary interprets a law by adopting a rule or publishing a bulletin or directive on the law, the interpretation is a protection to the officers and taxpayers affected by the interpretation, and taxpayers are entitled to rely upon the interpretation. If the Secretary changes an interpretation, a taxpayer who relied on it before it was changed is not liable for any penalty or additional assessment on any tax that accrued before the interpretation was changed and was not paid by reason of reliance upon the interpretation.

(b) Advice. – If a taxpayer requests in writing specific advice from the Department and receives erroneous advice in response, the taxpayer is not liable for any penalty or additional assessment attributable to the erroneous advice furnished by the Department to the extent that the following conditions are all satisfied:

(1) The advice was reasonably relied upon by the taxpayer.
(2) The penalty or additional assessment did not result from the taxpayer's failure to provide adequate or accurate information.
(3) The Department provided the advice in writing or the Department's records establish that the Department provided erroneous verbal advice.

(c) Revised Interpretations. – This section does not prevent the Secretary from changing an interpretation and it does not prevent a change in an interpretation from applying on and after the effective date of the change."

SECTION 28.16.(f) G.S. 105-237.1 reads as rewritten:
(a) **Authority.** – The Secretary of Revenue, with the approval of the Attorney General, is authorized to compromise the amount of liability of any taxpayer for taxes due under Subchapter I, V, or VIII of this Chapter or under Article 3 of Chapter 119 of the General Statutes and to accept in full settlement of the liability a lesser amount than that asserted to be due when in the opinion of the Secretary and the Attorney General the compromise settlement is in the best interest of the State. When made other than in the course of litigation in the courts of the State on an appeal from an administrative determination or in a civil action brought to recover from the Secretary, the basis for the compromise must also conform to the conditions set out in this section. The compromise settlement may be made only after a final administrative or judicial determination of the liability of the taxpayer.  

A compromise settlement may be made only if one or more of the following findings is made:may compromise a taxpayer's liability for a tax that is collectible under G.S. 105-241.22 when the Secretary determines that the compromise is in the best interest of the State and makes one or more of the following findings:

1. There is a reasonable doubt as to the amount of the liability of the taxpayer under the law and the facts.

2. The taxpayer is insolvent and the Secretary probably could not otherwise collect an amount equal to or in excess of the amount offered in compromise. A taxpayer is considered insolvent only in one of the following circumstances:
   a. It is plain and indisputable that the taxpayer is clearly insolvent and will remain so in the reasonable future.
   b. The taxpayer has been determined to be insolvent in a judicial proceeding.

3. Collection of a greater amount than that offered in compromise is improbable, and the funds or a substantial portion of the funds offered in the settlement come from sources from which the Secretary could not otherwise collect.

4. A federal tax assessment arising out of the same facts has been compromised with the federal government on the same or a similar basis as that proposed to the State and the Secretary could probably not collect an amount equal to or in excess of that offered in compromise.

5. Collection of a greater amount than that offered in compromise would produce an unjust result under the circumstances.  

For the purposes of this section a taxpayer may be considered insolvent only if (i) there is an established status of insolvency by either a judicial declaration of a status necessarily or ordinarily involving insolvency or by a legal proceeding in which the insolvency of the taxpayer would ordinarily be determined or made evident or (ii) it is plain and indisputable that the taxpayer is clearly insolvent and will remain so in the reasonable future. Whenever a compromise is made by the Secretary pursuant to this section and the unpaid amount of the tax assessed is one hundred dollars ($100.00) or more, the Secretary shall place on file in the office of the Secretary a written opinion, signed by the Secretary and the Attorney General, setting forth the amount of tax or additional tax assessed, the amount actually paid in accordance with the terms of the compromise, and a summary of the facts and reasons upon which acceptance of the compromise is based.
(b) Written Statement. – Whenever an assessment of taxes or additional taxes is based upon an action of the federal government in making an assessment of taxes and the federal assessment is subsequently settled, compromised or adjusted, the Secretary may, in his discretion, settle, compromise or adjust the State's tax assessment upon the same basis as the federal settlement, compromise or adjustment. When the Secretary compromises a tax liability under this section and the amount of the liability is at least one thousand dollars ($1,000), the Secretary must make a written statement that sets out the amount of the liability, the amount accepted under the compromise, a summary of the facts concerning the liability, and the findings on which the compromise is based. The Secretary must sign the statement and keep a record of the statement. If the compromise settles a dispute that is in litigation, the Secretary must obtain the approval of the Attorney General before accepting the compromise, and the Attorney General must sign the statement describing the compromise.

SECTION 28.16.(g) The Department of Revenue is directed to establish a plan to record telephone calls received at the Department's Taxpayer Assistance Center and to implement this plan by July 1, 2010. The plan shall, at a minimum, provide for recording calls for the purpose of training and evaluation with respect to customer service and quality control measures. The Department may retain up to seven hundred thousand dollars ($700,000) of the amount collected under Article 5 of Chapter 105 of the General Statutes in fiscal year 2008-2009 for this purpose, and this amount is appropriated to the Department for this purpose. Amounts not used in fiscal year 2008-2009 for this purpose do not revert but remain available to the Department for this purpose until the system is implemented.

SECTION 28.16.(h) The Revenue Laws Study Committee shall study the issues listed in this Section and report on the study, including any recommendations or legislative proposals, to the 2009 General Assembly.

(1) The taxation of services necessary to complete the sale of tangible personal property and standards for distinguishing between a service that is taxable as one that is necessary to complete the sale and a service that is incidental to the sale of tangible personal property.

(2) The applicability of the sales and use tax to performance contracts and standards for distinguishing between performance contractors and retailers.

(3) The distinction between food and prepared food under the sales and use tax laws and whether to eliminate this distinction by applying a uniform, revenue-neutral rate to all food.

SECTION 28.16.(i) The Department of Revenue shall make a report to the Revenue Laws Study Committee on customer service improvement initiatives conducted by the Department. The report is due prior to the convening of the 2009 General Assembly and shall address, at a minimum, the following issues:

MODIFY ESTATE TAX LAW

SECTION 28.17.(a) G.S. 105-32.2(b) reads as rewritten:

"(b) Amount. – The amount of the estate tax imposed by this section is the amount of the state death tax credit that, as of December 31, 2001, would have been allowed under section 2011 of the Code against the federal taxable estate. The tax may not exceed the amount of federal estate tax due under the Code. The federal taxable estate and the amount of the federal estate tax due are determined without taking into account the deduction for state death taxes allowed under Section 2058 of the Code and the credits allowed under sections 2011 through 2015 of the Code.

If any property in the estate is located in a state other than North Carolina, the amount of tax payable depends on whether the decedent was a resident of this State at death. If the decedent was a resident of this State at death, the amount of tax due under this section is reduced by the lesser of the amount of the death tax paid the other state or an amount computed by multiplying the credit by a fraction, the numerator of which is the gross value of the estate that has a tax situs in another state and the denominator of which is the value of the decedent's gross estate. If the decedent was not a resident of this State at death, the amount of tax due under this section is an amount computed by multiplying the credit by a fraction, the numerator of which is the gross value of real property that is located in North Carolina plus the gross value of any personal property that has a tax situs in North Carolina and the denominator of which is the value of the decedent's gross estate. For purposes of this section, the gross value of property is its gross value as finally determined in the federal estate tax proceedings."

SECTION 28.17.(b) This section is effective when it becomes law and applies retroactively to the estates of decedents for which the statute of limitations for claiming a refund had not expired as of December 28, 2007. A personal representative of an estate for which the statute of limitations had not expired as of December 28, 2007, may file a claim for refund under G.S. 105-241.7.

REPEAL GIFT TAX LAW

SECTION 28.18.(a) Article 6 of Chapter 105 of the General Statutes is repealed.

SECTION 28.18.(b) G.S. 105-236(a)(5) reads as rewritten:

"(a) Penalties. – The following civil penalties and criminal offenses apply:

... (5) Negligence. –
   a. Finding of negligence. – For negligent failure to comply with any of the provisions to which this Article applies, or rules issued pursuant thereto, without intent to defraud, the Secretary shall assess a penalty equal to ten percent (10%) of the deficiency due to the negligence.
b. Large individual income tax deficiency. – In the case of individual income tax, if a taxpayer understates taxable income, by any means, by an amount equal to twenty-five percent (25%) or more of gross income, the Secretary shall assess a penalty equal to twenty-five percent (25%) of the deficiency. For purposes of this subdivision, "gross income" means gross income as defined in section 61 of the Code.

c. Other large tax deficiency. – In the case of a tax other than individual income tax, if a taxpayer understates tax liability by twenty-five percent (25%) or more, the Secretary shall assess a penalty equal to twenty-five percent (25%) of the deficiency.

d. No double penalty. – If a penalty is assessed under subdivision (6) of this section, no additional penalty for negligence shall be assessed with respect to the same deficiency.

e. Inheritance and gift estate tax deficiencies. – This subdivision does not apply to inheritance, estate, and gift estate tax deficiencies that are the result of valuation understatements.

SECTION 28.18.18.(c) G.S. 105-263 reads as rewritten:

"§ 105-263. Extensions of time for filing a report or return.
The Secretary may extend the time in which a person must file a report or return with the Secretary. To obtain an extension of time for filing a report or return, a person must comply with any application requirement set by the Secretary. An extension of time for filing a franchise tax return, return or an income tax return, or a gift tax return does not extend the time for paying the tax due or the time when a penalty attaches for failure to pay the tax. An extension of time for filing a report or any return other than a franchise tax return, return or an income tax return, or a gift tax return extends the time for paying the tax due and the time when a penalty attaches for failure to pay the tax. When an extension of time for filing a report or return extends the time for paying the tax expected to be due with the report or return, interest, at the rate established pursuant to G.S. 105-241.21, accrues on the tax due from the original due date of the report or return to the date the tax is paid."

SECTION 28.18.(d) G.S. 105-241.10 reads as rewritten:

"§ 105-241.10. Limit on refunds and assessments after a federal determination.
The limitations in this section apply when a taxpayer files a timely return reflecting a federal determination that affects the amount of State tax payable and the general statute of limitations for requesting a refund or proposing an assessment of the State tax has expired. A federal determination is a correction or final determination by the federal government of the amount of a federal tax due. A return reflecting a federal determination is timely if it is filed within the time required by G.S. 105-32.8, 105-130.20, 105-159, 105-160.8, or 105-163.6A, or 105-197.1, as appropriate. The limitations are:

(1) Refund. – A taxpayer is allowed a refund only if the refund is the result of adjustments related to the federal determination.

(2) Assessment. – A taxpayer is liable for additional tax only if the additional tax is the result of adjustments related to the federal determination. A proposed assessment may not include an amount that is outside the scope of this liability."

SECTION 28.18.(e) This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute repealed by this act
before the effective date of its repeal; nor does it affect the right to any refund or credit of a tax that accrued under the repealed statute before the effective date of its repeal.

SECTION 28.18.(f) This section becomes effective January 1, 2009, and applies to gifts made on or after that date.

(1) Highly compensated individual. – An individual who directly or indirectly receives compensation in excess of one million dollars ($1,000,000) for personal services with respect to a single production. An individual receives compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

(2) Live sporting event. – A scheduled sporting competition, game, or race that is not originated by a production company, but originated solely by an amateur, collegiate, or professional organization, institution, or association for live or tape-delayed television or satellite broadcast. (3) Production company. – Defined in G.S. 105-164.3.

(4) Qualifying expenses. – The sum of the following amounts spent in this State by a production company in connection with a production, less the amount in excess of one million dollars ($1,000,000) paid to a highly compensated individual:

The return must state the name of the production, a description of the production, and a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(f) Limitations. – The amount of credit allowed under this section with respect to a production that is a feature film may not exceed seven million five hundred thousand dollars ($7,500,000). No credit is allowed under this section for any production that satisfies one of the following conditions:

The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, the credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

e. Credit Refundable. – If the credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(f) Limitations. – The amount of credit allowed under this section with respect to a production that is a feature film may not exceed seven million five hundred thousand dollars ($7,500,000). No credit is allowed under this section for any production that satisfies one of the following conditions:

SECTION 28.25.(a) G.S. 105-129.16H reads as rewritten:

"§ 105-129.16H. Credit for donating funds to a nonprofit organization or unit of State or local government to enable the nonprofit or government unit to acquire renewable energy property.

(a) Credit. – A taxpayer who donates money to a tax-exempt nonprofit organization or a unit of State or local government for the purpose of providing funds for the organization or government unit to construct, purchase, or lease renewable energy property is allowed a credit under this section if the nonprofit organization uses the donation is used for its intended purpose. A tax-exempt nonprofit organization is an organization that is exempt from tax under section 501(c)(3) of the Code.

The amount of the credit allowed in this section is the taxpayer's share of the credit the nonprofit organization or the unit of State or local government could claim under G.S. 105-129.16A if the nonprofit organization or government unit were subject to tax. The taxpayer's share of the credit is calculated by dividing the taxpayer's donation by the cost of the renewable energy property constructed, purchased, or leased by the nonprofit organization or government unit and placed in service during the taxable year and then multiplying this percentage by the amount of the credit the nonprofit
organization or government unit could claim if it were subject to tax. A taxpayer must take the credit allowed by this section in the year in which the property is placed in service. The installment requirements in G.S. 105-129.16A for nonresidential property do not apply to the credit allowed in this section.

(b) Records. – A nonprofit organization or a unit of State or local government must keep a record of all donations it receives for the purpose of providing funds for the organization to construct, purchase, or lease renewable energy property and of the amount of the donations used for this purpose. If a nonprofit organization or government unit places renewable energy property in service that is purchased in whole or in part from donations made for this purpose, the nonprofit organization or government unit must give each taxpayer who made a donation a statement setting out the amount of the credit for which the taxpayer qualifies under this section. The statement must describe the renewable energy property placed in service and state the cost of the property, the amount of the credit the nonprofit organization or government unit could claim under G.S. 105-129.16A if it were subject to tax, and the taxpayer's share of the credit allowed in this section. If the donations made for the renewable energy property exceed the cost of the property, the nonprofit organization or government unit must prorate each taxpayer's share of the credit. The sum of the credits allowed under this section to taxpayers who make donations to a nonprofit organization or a government unit may not exceed the amount of the credit the nonprofit organization or government unit could claim under G.S. 105-129.16A if it were subject to tax.

(c) No Double Benefit. – A taxpayer who claims a credit under this section based on a donation to a nonprofit organization or a unit of State or local government is not allowed to deduct this donation as a charitable contribution."

(b) Notwithstanding subsection (a) of this section, if a manufactured home community is being closed pursuant to a valid order of any unit of State or local government, the owner of the community shall be required to give notice of the closure of the community to each resident of the community and the North Carolina Housing Finance Agency within three business days of the date on which the order is issued.

"(d) Tax Class Actions. – In addition to all of the requirements set out in this rule, a class action seeking the refund of a State tax paid due to an alleged unconstitutional statute may be brought and maintained only as provided in G.S. 105-241.18."

SECTION 28.28.(b) Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-241.18. Class actions.

(a) Authority. – A class action against the State for the refund of a tax paid may be maintained only on the grounds of an alleged unconstitutional statute and only if the requirements of Rule 23 of the North Carolina Rules of Civil Procedure and the requirements of this section are met. For purposes of this section, a class action commences upon the later of the following:

(1) The date a complaint is filed in accordance with G.S. 105-241.17 alleging the existence of a class pursuant to Rule 23 of the North Carolina Rules of Civil Procedure.

(2) The date a complaint filed in accordance with G.S. 105-241.17 is amended to allege the existence of a class.

(b) Class. – To serve as a class representative of a class action brought under this section, a taxpayer must comply with all of the conditions in G.S. 105-241.17 and the taxpayer's claims must be typical of the claims of the class members. A taxpayer who is not a class representative is eligible to become a member of a class if the taxpayer could have filed a claim for refund under G.S. 105-241.7 as of the date the class action commenced or as of a subsequent date set by the court, whether or not the taxpayer actually filed a claim for refund as of that date. An eligible class member who is not a class representative and who indicates a desire to be included in the class in accordance with the procedure approved by the court under subsection (c) of this section is not required to follow the procedures in G.S. 105-241.11 through G.S. 105-241.17 for the
administrative and judicial review of a request for refund or a proposed denial of a request for refund.

(c) Procedure. – To become a member of a class action brought under this section, an eligible taxpayer must affirmatively indicate a desire to be included in the class in response to a notice of the class action. If the court so orders, the Department must provide to a class representative a list of names and last known addresses of all taxpayers who are readily determinable by the Department and who are eligible to become a member of the class. The court must approve the content of a notice of a class action, the method for distributing the notice, and the procedure by which an eligible taxpayer affirmatively indicates a desire to be included in the class. The class representative must advance the costs of notifying eligible taxpayers of the class action.

(d) Statute of Limitations. – The statute of limitations for filing a claim for refund of tax paid due to an alleged unconstitutional statute is tolled for a taxpayer who is eligible to become a member of a class action. The tolling begins on the date the class action is commenced. For a taxpayer who does not join the class, the tolling ends when the taxpayer does not affirmatively indicate a desire to be included in the class within the time and in accordance with the procedure approved by the court under subsection (c) of this section. For a taxpayer who joins the class, the tolling ends when a court enters any of the following in the class action:

1. A final order denying certification of the class.
2. A final order decertifying the class.
3. A final order dismissing the class action without an adjudication on the merits.
4. A final judgment on the merits.

(e) Effect on Nonparticipating Taxpayers. – A taxpayer who does not become a member of a class may file and prosecute a claim for refund, if the statute of limitations has not otherwise expired for filing the claim, or may contest a pending assessment in accordance with the procedures in G.S. 105-241.11 through G.S. 105-241.17. Except as otherwise provided in this subsection, the effect of an adjudication in a class action on a nonparticipating taxpayer's claim for refund or contest of an assessment is governed by the normal rules relating to claim preclusion and issue preclusion.

If a final judgment on the merits is entered in a class action in favor of the class, the following applies to an eligible taxpayer who did not become a member of the class:

1. The taxpayer is not entitled to receive any monetary relief awarded to the class on account of taxes previously paid by the taxpayer.
2. If the taxpayer has been assessed for failure to pay the tax at issue in the class action and the taxpayer has not paid the assessment, then the assessment is abated.
3. The taxpayer is relieved of any future liability for the tax that is the subject of the class action."

SECTION 28.28.(c) G.S. 105-241.19 reads as rewritten:

"§ 105-241.19. Declaratory judgments, injunctions, and other actions prohibited. The remedies in G.S. 105-241.11 through G.S. 105-241.17 set out the exclusive remedies for disputing the denial of a requested refund, a taxpayer's liability for a tax, or the constitutionality of a tax statute. Any other action is barred. Neither an action for declaratory judgment, an action for an injunction to prevent the collection of a tax, nor any other action is allowed."

AN ACT TO AUTHORIZE THE COUNTY OF DURHAM TO LEVY A ONE PERCENT SALES TAX ON RESTAURANT MEALS IN THE COUNTY OF DURHAM IF APPROVED BY THE VOTERS.

The General Assembly of North Carolina enacts:

SECTION 1. Authorization. – If the majority of those voting in a referendum held pursuant to this act vote for the levy of the tax, the Board of Commissioners for the county may, by resolution, levy a local prepared food tax up to one percent (1%) of the sales price in addition to any other State and local sales and use taxes levied pursuant to law. The tax applies to the sales price of prepared food and drink sold within the taxing unit, including all municipalities located therein, at retail, for consumption on or off the premises, by a retailer within the county that is subject to sales tax under G.S. 105-164.4(a)(1). A prepared food tax must become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

SECTION 2. Vote. – The governing body of a taxing unit may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local prepared food tax in the taxing unit as provided in this act. The election shall be held on November 4, 2008, and shall be held in accordance with the procedures of G.S. 163-287.

SECTION 3. Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this act shall be:

"[ ] FOR [ ] AGAINST
One percent (1%) local prepared food tax, in addition to the current local sales and use taxes."

SECTION 4. Definitions. – The definitions in G.S. 105-164.3 apply to this act. In addition, the following definitions apply in this act:

(1) County. – Defined in G.S. 153A-1.
(2) Person. – Defined in G.S. 105-228.90.
(3) Prepared food and drink. – The same meaning as "prepared food" under G.S. 105-164.3.
(4) Taxing unit. – A county.

SECTION 5. Exemptions. – The prepared food tax levied under this act does not apply to the following sales of prepared food and drink:

(1) Prepared food and drink served to residents in boardinghouses and sold together on a periodic basis with rental of a sleeping room or lodging.
(2) Retail sales exempt from taxation under G.S. 105-164.13.
(3) Retail sales through or by means of vending machines.
(4) Prepared food and drink served by a retailer subject to the local occupancy tax if the charge for the prepared food and drink is included in a single, nonitemized sales price together with the charge for rental of a room, lodging, or accommodation furnished by the retailer.
(5) Prepared food and drink furnished without charge by an employer to an employee.
(6) Retail sales by grocers or by grocery sections of supermarkets or other diversified retail establishments, other than sales of prepared food and drink in the delicatessen or similar department of the grocer or grocery section.

SECTION 6. Collection. – Every retailer subject to a tax levied under this act must, on and after the effective date of the levy of the tax, collect the tax. This tax must be collected as part of the charge for furnishing prepared food and drink. The tax must be stated and charged separately from the sales records and must be paid by the purchaser to the retailer as trustee for and on account of the taxing unit. The tax must be added to the sales price and passed on to the purchaser instead of being borne by the retailer. The taxing unit must design, print, and furnish to all appropriate businesses and persons in the taxing unit the necessary forms for filing returns and instructions to ensure the full collection of the tax.

SECTION 7. Administration. – The taxing unit must administer a tax levied under this act. A tax levied under this act is due and payable to the local finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every retailer liable for the tax must, on or before the 15th day of each month, prepare and file a return on a form prescribed by the taxing unit. The return must show the total gross receipts derived in the preceding month from sales to which the tax applies.

A return filed with the local finance officer under this act is not a public record and may not be disclosed except as provided in G.S. 153A-148.1.

SECTION 8. Refunds. – The taxing unit must refund to a nonprofit or governmental entity the prepared food tax paid by the entity on eligible purchases of prepared food and drink. A nonprofit or governmental entity's purchase of prepared food and drink is eligible for a refund under this section if the entity is entitled to a refund under G.S. 105-164.14(b) or (c) of local sales and use tax paid on the purchase or if the sale is exempt under G.S. 105-164.13. The time limitations, application requirements, penalties, and restrictions provided in G.S. 105-164.14(b) and (d) apply to refunds to nonprofit entities; the time, limitations, application requirements, penalties, and restrictions provided in G.S. 105-164.14(c) and (d) apply to refunds to governmental entities. When an entity applies for a refund of the prepared food tax paid by it on purchases, it must attach to its application a copy of the application submitted to the Department of Revenue under G.S. 105-164.14 for a refund of the sales and use tax on the same purchases or a written statement that the purchases were exempt from the tax. An applicant for a refund under this section must provide any information required by the taxing unit to substantiate the claim.

SECTION 9. Penalties. – A person that fails or refuses to file the return or pay a tax levied under this act is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing body of the taxing unit has the same authority to waive the penalties for a tax levied under this act that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

SECTION 10. Repeal or Reduction. – A prepared food tax levied under this act may be repealed or reduced by a resolution adopted by the governing body of the taxing unit. Repeal or reduction of a prepared food tax must become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a prepared food tax does not affect a liability for a tax that was attached before the effective date of the repeal or
reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

**SECTION 11.** Taxing Proceeds. – If the referendum passes, the county may deduct from the gross proceeds of the taxes collected under this act an amount not to exceed three percent (3%) of the gross proceeds to pay for the direct cost of administering and collecting the taxes. The remaining proceeds shall be distributed as follows:

1. Eighty percent (80%) for civic and cultural amenities.
2. Ten percent (10%) for marketing.
3. Five percent (5%) for workforce training.
4. Five percent (5%) for community cleanup.

**SECTION 12.** Scope; Conditions. – This act applies to the County of Durham only. An interlocal agreement adopting the percentages set out in Section 11 of this act shall be adopted by both the City of Durham and the County of Durham prior to the referendum on the November 4, 2008, ballot and shall, without modification, be in effect at all times.

**SECTION 13.** This act is effective when it becomes law.

SECTION 3.13.(b)  Section 10.15A of S.L. 2008-107 is amended by adding five new subsections to read:

"SECTION 10.15A.(h2)

(1) Application. – This subsection applies only to contested Medicaid cases commenced by Medicaid applicants or recipients under subsection 10.15A(h1) of this act. Except as otherwise provided by subsection 10.15A(h1) and this subsection governing time lines and procedural steps, a contested Medicaid case commenced by a Medicaid applicant or recipient is subject to the provisions of Article 3 of Chapter 150B. To the extent any provision in this subsection or subsection 10.15A(h1) of this act conflicts with another provision in Article 3 of Chapter 150B, this subsection and subsection 10.15A(h1) controls.

(2) Simple Procedures. – Notwithstanding any other provision of Article 3 of Chapter 150B of the General Statutes, the chief administrative law judge may limit and simplify the procedures that apply to a contested Medicaid case involving a Medicaid applicant or recipient in order to complete the case as quickly as possible. To the extent possible, the Hearings Division shall schedule and hear contested Medicaid cases within 45 days of submission of a request for appeal. The simplified
procedure may include requiring that all prehearing motions be considered and ruled on by the administrative law judge in the course of the hearing of the case on the merits. An administrative law judge assigned to a contested Medicaid case shall make reasonable efforts in a case involving a Medicaid applicant or recipient who is not represented by an attorney to assure a fair hearing and to maintain a complete record of the hearing. The administrative law judge may allow brief extensions of the time limits contained in this section for good cause and to ensure that the record is complete. Good cause includes delays resulting from untimely receipt of documentation needed to render a decision and other unavoidable and unforeseen circumstances.

(3) Mediation. – Upon receipt of an appeal request form as provided by subdivision 10.15A(h1)(4) of this act or other clear request for a hearing by a Medicaid applicant or recipient, the chief administrative law judge shall immediately notify the Mediation Network of North Carolina which shall within five days contact the petitioner to offer mediation in an attempt to resolve the dispute. If mediation is accepted, the mediation must be completed within 25 days of submission of the request for appeal. If mediation is successful, the mediator shall inform the Hearings Division, which shall confirm with the agency that a settlement has been achieved, and the case shall be dismissed. If the petitioner rejects the offer of mediation or the mediation is unsuccessful, the mediator shall notify the Hearings Division that the case will proceed to hearing. Nothing in this subdivision shall restrict the right to a contested case hearing.

(4) Burden of Proof. – The petitioner has the burden of proof to show entitlement to a requested benefit or the propriety of requested agency action when the agency has denied the benefit or refused to take the particular action. The agency has the burden of proof when the appeal is from an agency determination to impose a penalty or reduce, terminate, or suspend a benefit previously granted. The party with the burden of proof on any issue has the burden of going forward, and the administrative law judge shall not make any ruling on the preponderance of evidence until the close of all evidence.

(5) Decision. – The administrative law judge assigned to a contested Medicaid case shall hear and decide the case without unnecessary delay. The Hearings Division shall send a copy of the audiotape or diskette of the hearing to the agency within five days of completion of the hearing. The judge shall prepare a written decision and send it to the parties. The decision must be sent together with the record to the agency within 20 days of the conclusion of the hearing.

"SECTION 10.15A.(h3) From funds available to the Department of Health and Human Services for the 2008-2009 fiscal year, the sum of two million dollars ($2,000,000) shall be transferred by the Department of Health and Human Services to the Office of Administrative Hearings. These funds shall be allocated by the Office of Administrative Hearings for mediation services provided for Medicaid applicant and recipient appeals and to contract for other services necessary to conduct the appeals process.
"SECTION 10.15A.(h4) Effective October 1, 2008, the Department of Health and Human Services shall discontinue its current informal appeals process for Medicaid applicants and recipients appealing a determination made by the Department to deny, terminate, suspend, or reduce Medicaid covered services. All such informal appeals by Medicaid applicants or recipients under the current system which are pending on that date and for which a hearing has not been held shall be discontinued and the applicant or recipient offered an opportunity to appeal to the Office of Administrative Hearings in accordance with the provisions of subsection 10.15A(h1) of this act. The Department shall make every effort to resolve or settle all of the backlogged cases prior to the effective date of this act.

"SECTION 10.15A.(h5) Nothing in this act shall prevent the Department of Health and Human Services from engaging in an informal review of the case with the applicant or recipient prior to issuing a notice of adverse determination as provided by subsection 10.15A(h1) of this act.

"SECTION 10.15A.(h6) The appeals process for Medicaid applicants and recipients established under this section shall expire July 1, 2010. The Department of Health and Human Services and the Office of Administrative Hearings shall each report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on March 1, 2009, October 1, 2009, and March 1, 2010, on the costs, effectiveness, and efficiency of the appeals process for Medicaid applicants and recipients and make recommendations regarding the continuation of the process."

AN ACT TO ENACT THE INTERSTATE WILDLIFE VIOLATOR COMPACT IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 113 of the General Statutes is amended by adding a new Article to read:

456
Article 22B
"Interstate Wildlife Violator Compact.

§ 113-300.5. Short title.
This Article may be cited as the "Interstate Wildlife Violator Compact."

§ 113-300.6. Governor to execute compact; form of compact.
The Governor shall execute an Interstate Wildlife Violator Compact on behalf of the State of North Carolina with any state of the United States legally joining therein in the form substantially as follows:

Article I.
Findings, Declaration of Policy, and Purpose.

(a) The party states find that:

(1) Wildlife resources are managed in trust by the respective states for the benefit of all residents and visitors.

(2) The protection of their respective wildlife resources can be materially affected by the degree of compliance with state statute, law, regulation, ordinance, or administrative rule relating to the management of those resources.

(3) The preservation, protection, management, and restoration of wildlife contributes immeasurably to the aesthetic, recreational, and economic aspects of these natural resources.

(4) Wildlife resources are valuable without regard to political boundaries; therefore, all persons should be required to comply with wildlife preservation, protection, management, and restoration laws, ordinances, and administrative rules and regulations of all party states as a condition precedent to the continuance or issuance of any license to hunt, fish, trap, or possess wildlife.

(5) Violation of wildlife laws interferes with the management of wildlife resources and may endanger the safety of persons and property.

(6) The mobility of many wildlife law violators necessitates the maintenance of channels of communication among the various states.

(7) In most instances, a person who is cited for a wildlife violation in a state other than the person's home state:
   a. Must post collateral or bond to secure appearance for a trial at a later date; or
   b. If unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or
   c. Is taken directly to court for an immediate appearance.

(8) The purpose of the enforcement practices described in subdivision (7) of this subsection is to ensure compliance with the terms of a wildlife citation by the person who, if permitted to continue on the person's way after receiving the citation, could return to the person's home state and disregard the person's duty under the terms of the citation.

(9) In most instances, a person receiving a wildlife citation in the person's home state is permitted to accept the citation from the officer at the scene of the violation and to immediately continue on the person's way
after agreeing or being instructed to comply with the terms of the citation.

(10) The practice described in subdivision (7) of this subsection causes unnecessary inconvenience and, at times, a hardship for the person who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some alternative arrangement can be made.

(11) The enforcement practices described in subdivision (7) of this subsection consume an undue amount of law enforcement time.

(b) It is the policy of the party states to:

(1) Promote compliance with the statutes, laws, ordinances, regulations, and administrative rules relating to management of wildlife resources in their respective states.

(2) Recognize the suspension of wildlife license privileges of any person whose license privileges have been suspended by a party state and treat this suspension as if it had occurred in their state.

(3) Allow violators to accept a wildlife citation, except as provided in subsection (b) of Article III, and proceed on the violator's way without delay whether or not the person is a resident in the state in which the citation was issued, provided that the violator's home state is party to this compact.

(4) Report to the appropriate party state, as provided in the compact manual, any conviction recorded against any person whose home state was not the issuing state.

(5) Allow the home state to recognize and treat convictions recorded for their residents which occurred in another party state as if they had occurred in the home state.

(6) Extend cooperation to its fullest extent among the party states for obtaining compliance with the terms of a wildlife citation issued in one party state to a resident of another party state.

(7) Maximize effective use of law enforcement personnel and information.

(8) Assist court systems in the efficient disposition of wildlife violations.

(c) The purposes of this compact are to:

(1) Provide a means through which the party states may participate in a reciprocal program to effectuate policies enumerated in subsection (b) of this Article in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of wildlife violators operating within party states in recognition of the person's right of due process and the sovereign status of a party state.

Article II.

Unless the context requires otherwise, the definitions in this Article apply through this compact and are intended only for the implementation of this compact:

Species included in the definition of "wildlife" vary from state to state and determination of whether a species is "wildlife" for the purposes of this compact shall be based on local law.

459
"Wildlife law" means any statute, law, regulation, ordinance, or administrative rule developed and enacted to manage wildlife resources and the use thereof.

"Wildlife officer" means any individual authorized by a party state to issue a citation for a wildlife violation.

"Wildlife violation" means any cited violation of a statute, law, regulation, ordinance, or administrative rule developed and enacted to manage wildlife resources and the use thereof.

Article III.
Procedures for Issuing State.

(a) When issuing a citation for a wildlife violation, a wildlife officer shall issue a citation to any person whose primary residence is in a party state in the same manner as if the person were a resident of the home state and shall not require the person to post collateral to secure appearance, subject to the exceptions contained in subsection (b) of this Article, if the officer receives the person's personal recognizance that the person will comply with the terms of the citation.

(b) Personal recognizance is acceptable:
(1) If not prohibited by local law or the compact manual; and
(2) If the violator provides adequate proof of the violator's identification to the wildlife officer.

(c) Upon conviction or failure of a person to comply with the terms of a wildlife citation, the appropriate official shall report the conviction or failure to comply to the licensing authority of the party state in which the wildlife citation was issued. The report shall be made in accordance with procedures specified by the issuing state and shall contain the information specified in the compact manual as minimum requirements for effective processing by the home state.

Article IV.

(a) Upon receipt of a report of failure to comply with the terms of a citation from the licensing authority of the issuing state, the licensing authority of the home state shall notify the violator, shall initiate a suspension action in accordance with the home state's suspension procedures, and shall suspend the violator's license privileges until satisfactory evidence of compliance with the terms of the wildlife citation has been furnished by the issuing state to the home state licensing authority. Due process safeguards will be accorded.

(b) Upon receipt of a report of conviction from the licensing authority of the issuing state, the licensing authority of the home state shall enter such conviction in its records and shall treat such conviction as if it occurred in the home state for the purposes of the suspension of license privileges.

Article VI.
Applicability of Other Laws.
Except as expressly required by provisions of this compact, nothing herein shall be construed to affect the right of any party state to apply any of its laws relating to license privileges to any person or circumstance or to invalidate or prevent any agreement or other cooperative arrangements between a party state and a nonparty state concerning wildlife law enforcement.

SECTION 2. G.S. 14-298 reads as rewritten:

The foregoing procedures for release shall not apply, however, with respect to an item seized for use as evidence in any criminal action or proceeding until after entry of final judgment."

The General Assembly of North Carolina enacts:

PART I. UNINSURED AND UNDERINSURED MOTORIST COVERAGE.

SECTION 1.1. G.S. 20-279.21(b)(3) and (b)(4) read as rewritten:

"(b) Such owner's policy of liability insurance:

(3) No policy of bodily injury liability insurance, covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be delivered or issued for delivery in this State with respect to any motor vehicle registered or principally garaged in this State unless coverage is provided therein or supplemental thereto, under provisions filed with and approved by the Commissioner of Insurance, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom, in an amount not to be less than the financial responsibility amounts for bodily injury liability as set forth in G.S. 20-279.5 nor greater than one million dollars ($1,000,000), as selected by the policy owner, with limits equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy. The named insured may purchase uninsured motorist bodily injury coverage with greater limits, subject to the limitation that in no event shall uninsured motorist bodily injury coverage limits exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident. The insurer shall notify the named insured of his or her right to purchase uninsured motorist bodily injury coverage with greater limits, when the policy is issued and renewed, as provided in subsection (m) of this section. The provisions shall include coverage for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of injury to or destruction of the property of such insured, with a limit in the aggregate for all insureds in any one accident of up equal to the highest limits of property damage liability coverage for any one
vehicle insured in the owner's policy of liability insurance, and subject, for each insured, to an exclusion of the first one hundred dollars ($100.00) of such damages. The provision shall further provide that a written statement by the liability insurer, whose name appears on the certification of financial responsibility made by the owner of any vehicle involved in an accident with the insured, that the other motor vehicle was not covered by insurance at the time of the accident with the insured shall operate as a prima facie presumption that the operator of the other motor vehicle was uninsured at the time of the accident with the insured for the purposes of recovery under this provision of the insured's liability insurance policy. The coverage required under this subdivision is not applicable where any insured named in the policy rejects the coverage. An insured named in the policy may select different coverage limits as provided in this subdivision. If the named insured in the policy does not reject uninsured motorist coverage and does not select different coverage limits, the amount of uninsured motorist coverage shall be equal to the highest limit of bodily injury and property damage liability coverage for any one vehicle in the policy. Once the option to reject the uninsured motorist coverage or to select different coverage limits is offered by the insurer, the insurer is not required to offer the option in any renewal, reinstatement, substitute, amended, altered, modified, transfer, or replacement policy unless the named insured makes a written request to exercise a different option. The selection or rejection of uninsured motorist coverage or the failure to select or reject by a named insured is valid and binding on all insureds and vehicles under the policy. Rejection of or selection of different coverage limits for uninsured motorist coverage for policies under the jurisdiction of the North Carolina Rate Bureau shall be made in writing by a named insured on a form promulgated by the Bureau and approved by the Commissioner of Insurance.

If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of a policy that insures more than one motor vehicle, that person shall not be permitted to combine the uninsured motorist limit applicable to any one motor vehicle with the uninsured motorist limit applicable to any other motor vehicle to determine the total amount of uninsured motorist coverage available to that person. If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of more than one policy, that person may combine the highest applicable uninsured motorist limit available under each policy to determine the total amount of uninsured motorist coverage available to that person. The previous sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58-40-10(1) and (2).

In addition to the above requirements relating to uninsured motorist insurance, every policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of any motor

467
vehicle, which policy is delivered or issued for delivery in this State, shall be subject to the following provisions which need not be contained therein.

a. A provision that the insurer shall be bound by a final judgment taken by the insured against an uninsured motorist if the insurer has been served with copy of summons, complaint or other process in the action against the uninsured motorist by registered or certified mail, return receipt requested, or in any manner provided by law; provided however, that the determination of whether a motorist is uninsured may be decided only by an action against the insurer alone. The insurer, upon being served as herein provided, shall be a party to the action between the insured and the uninsured motorist though not named in the caption of the pleadings and may defend the suit in the name of the uninsured motorist or in its own name. The insurer, upon being served with copy of summons, complaint or other pleading, shall have the time allowed by statute in which to answer, demur or otherwise plead (whether the pleading is verified or not) to the summons, complaint or other process served upon it. The consent of the insurer shall not be required for the initiation of suit by the insured against the uninsured motorist: Provided, however, no action shall be initiated by the insured until 60 days following the posting of notice to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent setting forth the belief of the insured that the prospective defendant or defendants are uninsured motorists. No default judgment shall be entered when the insurer has timely filed an answer or other pleading as required by law. The failure to post notice to the insurer 60 days in advance of the initiation of suit shall not be grounds for dismissal of the action, but shall automatically extend the time for the filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

b. Where the insured, under the uninsured motorist coverage, claims that he has sustained bodily injury as the result of collision between motor vehicles and asserts that the identity of the operator or owner of a vehicle (other than a vehicle in which the insured is a passenger) cannot be ascertained, the insured may institute an action directly against the insurer: Provided, in that event, the insured, or someone in his behalf, shall report the accident within 24 hours or as soon thereafter as may be practicable, to a police officer, peace officer, other judicial officer, or to the Commissioner of Motor Vehicles. The insured shall also within a reasonable time give notice to the insurer of his injury, the extent thereof, and shall set forth in the notice the time, date and place of the injury. Thereafter, on forms to be mailed by the insurer within 15 days following receipt of the notice of the accident to the insurer, the insured shall furnish to
insurer any further reasonable information concerning the accident and the injury that the insurer requests. If the forms are not furnished within 15 days, the insured is deemed to have complied with the requirements for furnishing information to the insurer. Suit may not be instituted against the insurer in less than 60 days from the posting of the first notice of the injury or accident to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent. The failure to post notice to the insurer 60 days before the initiation of the suit shall not be grounds for dismissal of the action, but shall automatically extend the time for filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

Provided under this section the term "uninsured motor vehicle" shall include, but not be limited to, an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability within the limits specified therein because of insolvency.

An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within three years after such an accident. Nothing herein shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to the insured than is provided herein.

In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of coverage, the insurer making payment shall, to the extent thereof, be entitled to the proceeds of any settlement for judgment resulting from the exercise of any limits of recovery of that person against any person or organization legally responsible for the bodily injury for which the payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

For the purpose of this section, an "uninsured motor vehicle" shall be a motor vehicle as to which there is no bodily injury liability insurance and property damage liability insurance in at least the amounts specified in subsection (c) of G.S. 20-279.5, or there is that insurance but the insurance company writing the insurance denies coverage thereunder, or has become bankrupt, or there is no bond or deposit of money or securities as provided in G.S. 20-279.24 or 20-279.25 in lieu of the bodily injury and property damage liability insurance, or the owner of the motor vehicle has not qualified as a self-insurer under the provisions of G.S. 20-279.33, or a vehicle that is not subject to the provisions of the Motor Vehicle Safety and Financial Responsibility Act; but the term "uninsured motor vehicle" shall not include:
  a. A motor vehicle owned by the named insured;
  b. A motor vehicle that is owned or operated by a self-insurer within the meaning of any motor vehicle financial responsibility law, motor carrier law or any similar law;
c. A motor vehicle that is owned by the United States of America, Canada, a state, or any agency of any of the foregoing (excluding, however, political subdivisions thereof);
d. A land motor vehicle or trailer, if operated on rails or crawler-treads or while located for use as a residence or premises and not as a vehicle; or
e. A farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

For purposes of this section "persons insured" means the named insured and, while resident of the same household, the spouse of any named insured and relatives of either, while in a motor vehicle or otherwise, and any person who uses with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies and a guest in the motor vehicle to which the policy applies or the personal representative of any of the above or any other person or persons in lawful possession of the motor vehicle.

Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20-4.01(3d) or applicable solely to fleet vehicles shall be required to provide uninsured motorist coverage.

Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20-4.01(3d) and noncommercial motor vehicles shall provide uninsured motorist coverage in accordance with the provisions of this subsection in amounts equal to the highest limits of bodily injury and property damage liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase higher uninsured motorist bodily injury liability coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20-4.01(3d), but that is otherwise subject to the requirements of this subsection.

(4) Shall, in addition to the coverages set forth in subdivisions (2) and (3) of this subsection, provide underinsured motorist coverage, to be used only with a policy that is written at limits that exceed those prescribed by subdivision (2) of this section and that afford uninsured motorist coverage as provided by subdivision (3) of this subsection, in an amount not to be less than the financial responsibility amounts for bodily injury liability as set forth in G.S. 20-279.5 nor greater than one million dollars ($1,000,000) as selected by the policy owner, section, with limits equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy. The named insured may purchase underinsured motorist coverage with greater limits, subject to the limitation that in no event shall the underinsured motorist coverage limits exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident. The insurer shall notify the named insured of his or her right to purchase underinsured motorist coverage with greater limits, when the policy is issued and renewed, as provided in subsection (m) of this section. An
"uninsured motor vehicle," as described in subdivision (3) of this subsection, includes an "underinsured highway vehicle," which means a highway vehicle with respect to the ownership, maintenance, or use of which, the sum of the limits of liability under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of underinsured motorist coverage for the vehicle involved in the accident and insured under the owner's policy. For purposes of an underinsured motorist claim asserted by a person injured in an accident where more than one person is injured, a highway vehicle will also be an "underinsured highway vehicle" if the total amount actually paid to that person under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of underinsured motorist coverage for the vehicle involved in the accident and insured under the owner's policy. Notwithstanding the immediately preceding sentence, a highway vehicle shall not be an "underinsured motor vehicle" for purposes of an underinsured motorist claim under an owner's policy insuring that vehicle if the owner's policy providing underinsured motorist coverage with limits that are less than or equal to greater than that policy's bodily injury liability limits. For the purposes of this subdivision, the term "highway vehicle" means a land motor vehicle or trailer other than (i) a farm-type tractor or other vehicle designed for use principally off public roads and while not upon public roads, (ii) a vehicle operated on rails or crawler-treads, or (iii) a vehicle while located for use as a residence or premises. The provisions of subdivision (3) of this subsection shall apply to the coverage required by this subdivision. Underinsured motorist coverage is deemed to apply when, by reason of payment of judgment or settlement, all liability bonds or insurance policies providing coverage for bodily injury caused by the ownership, maintenance, or use of the underinsured highway vehicle have been exhausted. Exhaustion of that liability coverage for the purpose of any single liability claim presented for underinsured motorist coverage is deemed to occur when either (a) the limits of liability per claim have been paid upon the claim, or (b) by reason of multiple claims, the aggregate per occurrence limit of liability has been paid. Underinsured motorist coverage is deemed to apply to the first dollar of an underinsured motorist coverage claim beyond amounts paid to the claimant under the exhausted liability policy. In any event, the limit of underinsured motorist coverage applicable to any claim is determined to be the difference between the amount paid to the claimant under the exhausted liability policy or policies and the limit of underinsured motorist coverage applicable to the motor vehicle involved in the accident. Furthermore, if a claimant is an insured under the underinsured motorist coverage on separate or additional policies, the limit of underinsured motorist coverage applicable to the claimant is the difference between the amount paid to the claimant under the exhausted liability policy or policies and the total limits of the claimant's underinsured motorist coverages as
determined by combining the highest limit available under each policy; provided that this sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58-40-15(9) and (10). The underinsured motorist limits applicable to any one motor vehicle under a policy shall not be combined with or added to the limits applicable to any other motor vehicle under that policy.

An underinsured motorist insurer may at its option, upon a claim pursuant to underinsured motorist coverage, pay moneys without there having first been an exhaustion of the liability insurance policy covering the ownership, use, and maintenance of the underinsured highway vehicle. In the event of payment, the underinsured motorist insurer shall be either: (a) entitled to receive by assignment from the claimant any right or (b) subrogated to the claimant's right regarding any claim the claimant has or had against the owner, operator, or maintainers of the underinsured highway vehicle, provided that the amount of the insurer's right by subrogation or assignment shall not exceed payments made to the claimant by the insurer. No insurer shall exercise any right of subrogation or any right to approve settlement with the original owner, operator, or maintainer of the underinsured highway vehicle under a policy providing coverage against an underinsured motorist where the insurer has been provided with written notice before a settlement between its insured and the underinsured motorist and the insurer fails to advance a payment to the insured in an amount equal to the tentative settlement within 30 days following receipt of that notice. Further, the insurer shall have the right, at its election, to pursue its claim by assignment or subrogation in the name of the claimant, and the insurer shall not be denominated as a party in its own name except upon its own election. Assignment or subrogation as provided in this subdivision shall not, absent contrary agreement, operate to defeat the claimant's right to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for damages beyond those paid by the underinsured motorist insurer. The claimant and the underinsured motorist insurer may join their claims in a single suit without requiring that the insurer be named as a party. Any claimant who intends to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for moneys beyond those paid by the underinsured motorist insurer shall before doing so give notice to the insurer and give the insurer, at its expense, the opportunity to participate in the prosecution of the claim. Upon the entry of judgment in a suit upon any such claim in which the underinsured motorist insurer and claimant are joined, payment upon the judgment, unless otherwise agreed to, shall be applied pro rata to the claimant's claim beyond payment by the insurer of the owner, operator or maintainer of the underinsured highway vehicle and the claim of the underinsured motorist insurer.

A party injured by the operation of an underinsured highway vehicle who institutes a suit for the recovery of moneys for those injuries and in such an amount that, if recovered, would support a claim under underinsured motorist coverage shall give notice of the
initiation of the suit to the underinsured motorist insurer as well as to
the insurer providing primary liability coverage upon the underinsured
highway vehicle. Upon receipt of notice, the underinsured motorist
insurer shall have the right to appear in defense of the claim without
being named as a party therein, and without being named as a party
may participate in the suit as fully as if it were a party. The
underinsured motorist insurer may elect, but may not be compelled, to
appear in the action in its own name and present therein a claim
against other parties; provided that application is made to and
approved by a presiding superior court judge, in any such suit, any
insurer providing primary liability insurance on the underinsured
highway vehicle may upon payment of all of its applicable limits of
liability be released from further liability or obligation to participate in
the defense of such proceeding. However, before approving any such
application, the court shall be persuaded that the owner, operator, or
maintainer of the underinsured highway vehicle against whom a claim
has been made has been apprised of the nature of the proceeding and
given his right to select counsel of his own choice to appear in the
action on his separate behalf. If an underinsured motorist insurer,
following the approval of the application, pays in settlement or partial
or total satisfaction of judgment moneys to the claimant, the insurer
shall be subrogated to or entitled to an assignment of the claimant's
rights against the owner, operator, or maintainer of the underinsured
highway vehicle and, provided that adequate notice of right of
independent representation was given to the owner, operator, or
maintainer, a finding of liability or the award of damages shall be res
judicata between the underinsured motorist insurer and the owner,
operator, or maintainer of underinsured highway vehicle.

As consideration for payment of policy limits by a liability insurer
on behalf of the owner, operator, or maintainer of an underinsured
motor vehicle, a party injured by an underinsured motor vehicle may
execute a contractual covenant not to enforce against the owner,
operator, or maintainer of the vehicle any judgment that exceeds the
policy limits. A covenant not to enforce judgment shall not preclude
the injured party from pursuing available underinsured motorist
benefits, unless the terms of the covenant expressly provide otherwise,
and shall not preclude an insurer providing underinsured motorist
coverage from pursuing any right of subrogation.

The coverage required under this subdivision shall not be
applicable where any insured named in the policy rejects the coverage.
An insured named in the policy may select different coverage limits as
provided in this subdivision. If the named insured does not reject
underinsured motorist coverage and does not select different coverage
limits, the amount of underinsured motorist coverage shall be equal to
the highest limit of bodily injury liability coverage for any one vehicle
in the policy. Once the option to reject underinsured motorist coverage
or to select different coverage limits is offered by the insurer, the
insurer is not required to offer the option in any renewal,
reinstatement, substitute, amended, altered, modified, transfer, or
replacement policy unless a named insured makes a written request to exercise a different option. The selection or rejection of underinsured motorist coverage by a named insured or the failure to select or reject is valid and binding on all insureds and vehicles under the policy.

Rejection of or selection of different coverage limits for underinsured motorist coverage for policies under the jurisdiction of the North Carolina Rate Bureau shall be made in writing by the named insured on a form promulgated by the Bureau and approved by the Commissioner of Insurance.

Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20-4.01(3d) or applicable solely to fleet vehicles shall be required to provide underinsured motorist coverage. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20-4.01(3d) and noncommercial motor vehicles shall provide underinsured motorist coverage in accordance with the provisions of this subsection in an amount equal to the highest limits of bodily injury liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase higher underinsured motorist bodily injury liability coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20-4.01(3d), but that is otherwise subject to the requirements of this subsection.”

SECTION 1.2. G.S. 20-279.21 is amended by adding the following new subsections to read:

"(m) Every insurer that sells motor vehicle liability policies subject to the requirements of subdivisions (b)(3) and (b)(4) of this section shall give reasonable notice to the named insured, when the policy is issued and renewed, that the named insured may purchase uninsured motorist bodily injury coverage and, if applicable, underinsured motorist coverage with limits up to one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident. An insurer shall be deemed to have given reasonable notice if it includes the following or substantially similar language on the policy's original and renewal declarations pages or in a separate notice accompanying the original and renewal declarations pages in at least 10 point type:

"NOTICE: YOU MAY PURCHASE UNINSURED MOTORIST BODILY INJURY COVERAGE AND, IF APPLICABLE, UNDERINSURED MOTORIST COVERAGE WITH LIMITS UP TO ONE MILLION DOLLARS ($1,000,000) PER PERSON AND ONE MILLION DOLLARS ($1,000,000) PER ACCIDENT. THIS INSURANCE PROTECTS YOU AND YOUR FAMILY AGAINST INJURIES CAUSED BY THE NEGLIGENCE OF OTHER DRIVERS WHO MAY HAVE LIMITED OR ONLY MINIMUM COVERAGE OR EVEN NO LIABILITY INSURANCE. YOU SHOULD CONTACT YOUR INSURANCE COMPANY OR AGENT TO DISCUSS YOUR OPTIONS FOR OBTAINING THIS ADDITIONAL COVERAGE. YOU SHOULD ALSO READ YOUR ENTIRE POLICY TO UNDERSTAND WHAT IS COVERED UNDER UNINSURED AND UNDERINSURED MOTORIST COVERAGES."
(n) Nothing in this section shall be construed to provide greater amounts of uninsured or underinsured motorist coverage in a liability policy than the insured has purchased from the insurer under this section.

(o) An insurer that fails to comply with subsection (m) of this section is subject to a civil penalty under G.S. 58-2-70."

Provided that, any such corporation may conduct the kind of insurance authorized for stock accident and health insurance companies, as set out in G.S. 58-7-15(3)a. and b., where its charter so permits, and only as long as it maintains a minimum surplus equal to the sum of the minimum surplus requirements of this subdivision and the minimum surplus requirements of subdivision (2a) of this section.

Prior to the completion of the investigation of the accident by a law enforcement officer, or the consent of the officer to leave, the driver may not facilitate, allow, or agree to the removal of the vehicle from the scene for any purpose other than to call for a law enforcement officer, to call for medical assistance or medical treatment as set forth in subsection (b) of this section, or to remove oneself or others from significant risk of injury. If the driver does leave for a reason permitted by this subsection, then the driver must return with the vehicle to the accident scene within a reasonable period of time, unless otherwise instructed by a law enforcement officer. A willful violation of this subsection shall be punished as a Class H felony.

For purposes of this subsection, a vehicle can be normally and safely driven if it does not require towing and can be operated under its own power and in its usual manner, without additional damage or hazard to the vehicle, other traffic, or the roadway.

(d) Any person who renders first aid or emergency assistance at the scene of a motor vehicle accident-crash on any street or highway to any person injured as a result of the accident, shall not be liable in civil damages for any acts or omissions relating to the services rendered, unless the acts or omissions amount to wanton conduct or intentional wrongdoing.

(e) The Division of Motor Vehicles shall revoke the drivers license of a person convicted of violating subsection (a) or (a1) of this section for a period of one year, unless the court makes a finding that a longer period of revocation is appropriate under the circumstances of the case. If the court makes this finding, the Division of Motor Vehicles shall revoke that person's drivers license for two years. Upon a first conviction only for a violation of subsection (a(a1) of this section, a trial judge may allow limited driving privileges in the manner set forth in G.S. 20-179.3(b)(2) during any period of time during which the drivers license is revoked."

SECTION 2. Chapter 14 of the General Statutes is amended by adding a new section to read:

"§ 14-83A. Fixtures subject to larceny.

All common law distinctions providing that personal property that has become affixed to real property is not subject to a charge of larceny are abolished. H.B. 1003

AN ACT TO PROVIDE THAT THE COURT MAY CONSIDER A DEFENDANT'S PRIOR WILLFUL FAILURES TO COMPLY WITH CONDITIONS OF RELEASE WHEN PLACED ON SUPERVISED PROBATION, PAROLE, OR POST-RELEASE SUPERVISION AS AN AGGRAVATING FACTOR AND TO PROVIDE THAT A COURT MAY EXTEND OR MODIFY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15A-1340.16(d) is amended by adding a new subdivision to read:

"(12a) The defendant has, during the 10-year period prior to the commission of the offense for which the defendant is being sentenced, been found by a court of this State to be in willful violation of the conditions of probation imposed pursuant to a suspended sentence or been found by the Post-Release Supervision and Parole Commission to be in willful
violation of a condition of parole or post-release supervision imposed pursuant to release from incarceration."

SECTION 2. G.S. 15A-1340.16(b) reads as rewritten:

"(b) When Aggravated or Mitigated Sentence Allowed. – If the jury, or with respect to an aggravating factor under G.S. 15A-1340.16(d)(18a), G.S. 15A-1340.16(d)(12a) or (18a), the court, finds that aggravating factors exist or the court finds that mitigating factors exist, the court may depart from the presumptive range of sentences specified in G.S. 15A-1340.17(c)(2). If aggravating factors are present and the court determines they are sufficient to outweigh any mitigating factors that are present, it may impose a sentence that is permitted by the aggravated range described in G.S. 15A-1340.17(c)(4). If the court finds that mitigating factors are present and are sufficient to outweigh any aggravating factors that are present, it may impose a sentence that is permitted by the mitigated range described in G.S. 15A-1340.17(c)(3)."

SECTION 3. G.S. 15A-1342(a) reads as rewritten:

"(a) Period. – The court may place a convicted offender on probation for the appropriate period as specified in G.S. 15A-1343.2(d), not to exceed a maximum of five years. The court may place a defendant as to whom prosecution has been deferred on probation for a maximum of two years. The probation remains conditional and subject to revocation during the period of probation imposed, unless terminated as provided in subsection (b) or G.S. 15A-1341(c).

Extension. – The court may extend the period of probation beyond the original period for the purpose of allowing the defendant to complete a program of restitution, or to allow the defendant to continue medical or psychiatric treatment ordered as a condition of the probation. The period of extension shall not exceed three years beyond the original period of probation. Any probationary judgment form provided to a defendant on supervised probation shall state that probation may be extended pursuant to this subsection."

SECTION 4. G.S. 15A-1344 reads as rewritten:

"§ 15A-1344. Response to violations; alteration and revocation.

(a) Authority to Alter or Revoke. – Except as provided in subsection (b), probation may be reduced, terminated, continued, extended, modified, or revoked by any judge entitled to sit in the court which imposed probation and who is resident or presiding in the district court district as defined in G.S. 7A-133 or superior court district or set of districts as defined in G.S. 7A-41.1, as the case may be, where the sentence of probation was imposed, where the probationer violates probation, or where the probationer resides. Upon a finding that an offender sentenced to community punishment under Article 81B has violated one or more conditions of probation, the court's authority to modify the probation judgment includes the authority to require the offender to comply with conditions of probation that would otherwise make the sentence an intermediate punishment. The district attorney of the prosecutorial district as defined in G.S. 7A-60 in which probation was imposed must be given reasonable notice of any hearing to affect probation substantially.

(b) Limits on Jurisdiction to Alter or Revoke Unsupervised Probation. – If the sentencing judge has entered an order to limit jurisdiction to consider a sentence of unsupervised probation under G.S. 15A-1342(h), a sentence of unsupervised probation may be reduced, terminated, continued, extended, modified, or revoked only by the
sentencing judge or, if the sentencing judge is no longer on the bench, by a presiding judge in the court where the defendant was sentenced.

(c) Procedure on Altering or Revoking Probation; Returning Probationer to District Where Sentenced. – When a judge reduces, terminates, extends, modifies, or revokes probation outside the county where the judgment was entered, the clerk must send a copy of the order and any other records to the court where probation was originally imposed. A court on its own motion may return the probationer to the district court district as defined in G.S. 7A-133 or superior court district or set of districts as defined in G.S. 7A-41.1, as the case may be, where probation was imposed or where the probationer resides for reduction, termination, continuation, extension, modification, or revocation of probation. In cases where the probation is revoked in a county other than the county of original conviction the clerk in that county must issue a commitment order and must file the order revoking probation and the commitment order, which will constitute sufficient permanent record of the proceeding in that court, and must send a certified copy of the order revoking probation, the commitment order, and all other records pertaining thereto to the county of original conviction to be filed with the original records. The clerk in the county other than the county of original conviction must issue the formal commitment to the North Carolina Department of Correction.

(d) Extension and Modification; Response to Violations. – At any time prior to the expiration or termination of the probation period, the court may after notice and hearing and for good cause shown extend the period of probation up to the maximum allowed under G.S. 15A-1342(a) and may modify the conditions of probation. The probation period shall be tolled if the probationer shall have pending against him criminal charges in any court of competent jurisdiction, which, upon conviction, could result in revocation proceedings against him for violation of the terms of this probation. The hearing may be held in the absence of the defendant, if he fails to appear for the hearing after a reasonable effort to notify him. If a convicted defendant violates a condition of probation at any time prior to the expiration or termination of the period of probation, the court, in accordance with the provisions of G.S. 15A-1345, may continue him on probation, with or without modifying the conditions, may place the defendant on special probation as provided in subsection (e), or, if continuation, modification, or special probation is not appropriate, may revoke the probation and activate the suspended sentence imposed at the time of initial sentencing, if any, or may order that charges as to which prosecution has been deferred be brought to trial; provided that probation may not be revoked solely for conviction of a Class 3 misdemeanor. The court, before activating a sentence to imprisonment established when the defendant was placed on probation, may reduce the sentence, but the reduction shall be consistent with subsection (d1) of this section. A sentence activated upon revocation of probation commences on the day probation is revoked and runs concurrently with any other period of probation, parole, or imprisonment to which the defendant is subject during that period unless the revoking judge specifies that it is to run consecutively with the other period.

(d1) Reduction of Initial Sentence. – If the court elects to reduce the sentence of imprisonment for a felony, it shall not deviate from the range of minimum durations established in Article 81B of this Chapter for the class of offense and prior record level used in determining the initial sentence. If the presumptive range is used for the initial suspended sentence, the reduced sentence shall be within the presumptive range. If the mitigated range is used for the initial suspended sentence, the reduced sentence shall be
within the mitigated range. If the aggravated range is used for the initial suspended sentence, the reduced sentence shall be within the aggravated range. If the court elects to reduce the sentence for a misdemeanor, it shall not deviate from the range of durations established in Article 81B for the class of offense and prior conviction level used in determining the initial sentence.

(e) Special Probation in Response to Violation. – When a defendant has violated a condition of probation, the court may modify his probation to place him on special probation as provided in this subsection. In placing him on special probation, the court may continue or modify the conditions of his probation and in addition require that he submit to a period or periods of imprisonment, either continuous or noncontinuous, at whatever time or intervals within the period of probation the court determines. In addition to any other conditions of probation which the court may impose, the court shall impose, when imposing a period or periods of imprisonment as a condition of special probation, the condition that the defendant obey the Rules and Regulations of the Department of Correction governing conduct of inmates, and this condition shall apply to the defendant whether or not the court imposes it as a part of the written order. If imprisonment is for continuous periods, the confinement may be in either the custody of the Department of Correction or a local confinement facility. Noncontinuous periods of imprisonment under special probation may only be served in a designated local confinement or treatment facility. Except for probationary sentences for impaired driving under G.S. 20-138.1, the total of all periods of confinement imposed as an incident of special probation, but not including an activated suspended sentence, may not exceed one-fourth the maximum sentence of imprisonment imposed for the offense. For probationary sentences for impaired driving under G.S. 20-138.1, the total of all periods of confinement imposed as an incident of special probation, but not including an activated suspended sentence, shall not exceed one-fourth the maximum penalty allowed by law. No confinement other than an activated suspended sentence may be required beyond the period of probation or beyond two years of the time the special probation is imposed, whichever comes first.

(e1) Criminal Contempt in Response to Violation. – If a defendant willfully violates a condition of probation, the court may hold the defendant in criminal contempt as provided in Article 1 of Chapter 5A of the General Statutes. A finding of criminal contempt by the court shall not revoke the probation. If the offender serves a sentence for contempt in a local confinement facility, the Department of Correction shall pay for the confinement at the standard rate set by the General Assembly pursuant to G.S. 148-32.1(a) regardless of whether the offender would be eligible under the terms of that subsection.

(e2) Mandatory Satellite-Based Monitoring Required for Extension of Probation in Response to Violation by Certain Sex Offenders. – If a defendant who is in the category described by G.S. 14-208.40(a)(1) or G.S. 14-208.40(a)(2) violates probation and if the court extends the probation as a result of the violation, then the court shall order satellite-based monitoring pursuant to Part 5 of Article 27A of Chapter 14 of the General Statutes as a condition of the extended probation.

(f) Extension, Modification, or Revocation after Period of Probation. – The court may extend, modify, or revoke probation after the expiration of the period of probation if all of the following apply:

(1) Before the expiration of the period of probation the State has filed a written violation report with the clerk indicating its intent to
conduct a revocation hearing and hearing on one or more violations of one or more conditions of probation.

(2) The court finds that the State has made reasonable effort to notify the probationer and to conduct the hearing earlier, probationer did violate one or more conditions of probation prior to the expiration period of probation.

(3) The court finds for good cause shown and stated that the probation should be extended, modified, or revoked.

(4) If the court opts to extend the period of probation, the court may extend the period of probation up to the maximum allowed under G.S. 15A-1342(a)."

SECTION 5. Sections 1 and 2 of this act become effective December 1, 2008, and apply to offenses committed on or after that date. Sections 3 and 4 of this act become effective December 1, 2008, and apply to probation violation hearings on or after that date. The remainder of this act becomes effective December 1, 2008.

The Secretary must send to an eligible county with the distribution made under G.S. 105-472 for March of that year an amount equal to ninety percent (90%) of its estimated hold harmless payment. At the end of each fiscal year, the Secretary must determine the difference between a county's repealed sales tax amount and its hold harmless threshold for that year. A bulk-end user that imports motor fuel from a bulk plant and is not required to be licensed as a bonded importer must be licensed as an occasional importer. A bulk-end user that imports motor fuel only from a terminal of an elective or a permissive supplier is not required to be licensed as an importer.

"§ 105-449.68. Restrictions on who can get a license as a distributor.

A bulk-end user of motor fuel may not be licensed as a distributor unless the bulk-end user also acquires motor fuel from a supplier or from another distributor for subsequent sale. This restriction does not apply to a bulk-end user that was licensed as a distributor on January 1, 1996. If a distributor license held by a bulk-end user on January 1, 1996, is subsequently cancelled, the bulk-end user is subject to the restriction set in this section."

SECTION 28. G.S. 105-449.69(c) reads as rewritten:

"(c) Federal Certificate. – An applicant for a license as a refiner, a supplier, a terminal operator, or a permissive supplier must have a federal Certificate of Registry that is issued under § 4101 of the Code and authorizes the applicant to enter into federal tax-free transactions in taxable motor fuel in the terminal transfer system. An applicant that is required to have a federal Certificate of Registry must include the registration number of the certificate on the application for a license under this section.

An applicant for a license as an importer, an exporter, or a distributor that has a federal Certificate of Registry issued under § 4101 of the Code must include the registration number of the certificate on the application for a license under this section."

"(a) Election. – An applicant for a license as a supplier may elect on the application to collect the excise tax due this State on motor fuel that is removed by the supplier at a terminal located in another state and has this State as its destination state. The Secretary must provide for this election on the application form. A supplier that makes the election allowed by this section is an elective supplier. A supplier that does not make the election allowed by this section is an in-State supplier.

A supplier that does not make the election on the application for a supplier's license may make the election later by completing an election form provided by the Secretary. A supplier that does not make the election may not act as an elective supplier for motor fuel that is removed at a terminal in another state and has this State as its destination state."

"§ 105-449.74. Issuance of license.

Upon approval of an application, the Secretary must issue a license to the applicant. A supplier's license must indicate the category of the supplier. An importer's license
must indicate the category of the importer. A license holder must maintain and display a copy of the license issued under this Part in a conspicuous place at each place of business of the license holder. A license is not transferable and remains in effect until surrendered or cancelled."

SECTION 31. G.S. 105-449.75 reads as rewritten:

"§ 105-449.75. License holder must notify the Secretary of discontinuance of business.

A license holder that stops engaging in this State in the business for which the license was issued must give the Secretary written notice of the change and must surrender the license to the Secretary. The notice must give the date the change takes effect and, if the license holder has transferred the business to another by sale or otherwise, the date of the transfer and the name and address of the person to whom the business is transferred.

If the license holder is a supplier, responsible for all taxes for which the supplier license holder is liable under this Article but are not yet due become due on the date of the change. If the supplier license holder has transferred the business to another and does not give the notice required by this section, the person to whom the supplier license holder has transferred the business is liable for the amount of any tax the supplier license holder owed the State on the date the business was transferred. The liability of the person to whom the business is transferred is limited to the value of the property acquired from the supplier license holder."

SECTION 32. G.S. 105-449.81 reads as rewritten:

"§ 105-449.81. Excise tax on motor fuel.

An excise tax at the motor fuel rate is imposed on motor fuel that is:

(1) Removed from a refinery or a terminal and, upon removal, is subject to the federal excise tax imposed by § 4081 of the Code.

(2) Imported by a system transfer to a refinery or a terminal and, upon importation, is subject to the federal excise tax imposed by § 4081 of the Code.

(3) Imported by a means of transfer outside the terminal transfer system for sale, use, or storage in this State and would have been subject to the federal excise tax imposed by § 4081 of the Code if it had been removed at a terminal or bulk plant rack in this State instead of imported.

(3a) Repealed by Session Laws 2007-527, s. 38(a), effective January 1, 2008.

(3b) Fuel grade ethanol that meets any of the following descriptions:

a. Is produced in this State, is removed from the storage facility at the production location, and is not delivered to a terminal in this State.

b. Is imported to this State outside the terminal transfer system and is not delivered to a terminal.

c. Is removed from a terminal.

(4) Blended fuel made in this State or imported to this State.

(5) Transferred within the terminal transfer system and, upon transfer, is subject to the federal excise tax imposed by section 4081 of the Code or is transferred to a person who is not licensed under this Article as a supplier."
SECTION 33. G.S. 105-449.82(c) reads as rewritten:

"(c) Terminal Rack Removal. – The excise tax imposed by G.S. 105-449.81(1) on motor fuel removed at a terminal rack in this State is payable by the person that first receives the fuel upon its removal from the terminal. If the motor fuel is removed by an unlicensed distributor, the supplier of the fuel is jointly and severally liable for the tax due on the fuel. If the motor fuel is sold by a person who is not licensed as a supplier, as required by this Article, the terminal operator, the person selling the fuel, and the person removing the fuel are jointly and severally liable for the tax due on the fuel. If the motor fuel removed is not dyed diesel fuel but the shipping document issued for the fuel states that the fuel is dyed diesel fuel, the terminal operator, the supplier, and the person removing the fuel are jointly and severally liable for the tax due on the fuel.

If the motor fuel is removed for export by an unlicensed exporter, the exporter is liable for tax on the fuel at the motor fuel rate and at the rate of the destination state. The liability for the tax at the motor fuel rate applies when the Department assesses the unlicensed exporter for the tax. A supplier who sells motor fuel to an unlicensed exporter is jointly and severally liable for the tax due on the fuel at the motor fuel rate."

SECTION 34. G.S. 105-449.83A reads as rewritten:

"§ 105-449.83A. Liability for tax on fuel grade ethanol.

The excise tax imposed by G.S. 105-449.81(3a) and G.S. 105-449.81(3b) on fuel grade ethanol removed from a storage facility is payable by the fuel alcohol provider. The excise tax imposed by that subdivision on fuel grade ethanol imported to this State is payable by the importer."

SECTION 35. G.S. 105-449.84A reads as rewritten:

"§ 105-449.84A. Liability for tax on behind-the-rack transfers.

The excise tax imposed by G.S. 105-449.81(5) on motor fuel that is transferred within the terminal transfer system and is subject to the federal excise tax is payable by the supplier of the fuel, the person receiving the fuel, and the terminal operator of the terminal at which the fuel was transferred, all of whom are jointly and severally liable for the tax. The excise tax imposed by that subdivision on motor fuel that is transferred within the terminal transfer system by a person that is not licensed under this Article as a supplier is payable by the person transferring the motor fuel, the person receiving the motor fuel, and the terminal operator of the terminal at which the fuel was transferred, all of whom are jointly and severally liable for the tax."

SECTION 36. G.S. 105-449.85 reads as rewritten:

"§ 105-449.85. Compensating tax on and liability for unaccounted for motor fuel losses at a terminal.

(a) Tax. – An excise tax at the motor fuel rate is imposed annually on unaccounted for motor fuel losses at a terminal that exceed one-half of one percent (0.5%) of the number of net gallons removed from the terminal during the year by a system transfer or at a terminal rack. To determine if this tax applies, the terminal operator of the terminal must determine the difference between the following:

(1) The amount of motor fuel in inventory at the terminal at the beginning of the year plus the amount of motor fuel received by the terminal during the year.

(2) The amount of motor fuel in inventory at the terminal at the end of the year plus the amount of motor fuel removed from the terminal during the year.

(b) Liability. – The terminal operator whose motor fuel is unaccounted for is liable for the tax imposed by this section and is liable for a penalty equal to the amount
of tax payable. Motor fuel received by a terminal operator and not shown on an informational return filed by the terminal operator with the Secretary as having been removed from the terminal is presumed to be unaccounted for motor fuel. A terminal operator may establish that it can account for motor fuel received at a terminal but not shown on an informational return as having been removed from the terminal if the motor fuel was lost or part of a transmix and is therefore not unaccounted for transmix.

SECTION 37. G.S. 105-449.86(b) reads as rewritten:

"(b) Liability. – If the distributor of dyed diesel fuel that is taxable under this section is not liable for the tax imposed by this section, the person that acquires the fuel is liable for the tax. The distributor of dyed diesel fuel that is taxable under this section is liable for the tax imposed by this section in the following circumstances:

1. When the person acquiring the dyed diesel fuel has storage facilities for the fuel and is therefore a bulk end-user of the fuel.
2. When the person acquired the dyed diesel fuel from a retail outlet of the distributor by using an access card or code indicating that the person's use of the fuel is taxable under this section."

SECTION 38. G.S. 105-449.87(b) reads as rewritten:

"(b) General Liability. – The operator of a highway vehicle that uses motor fuel that is taxable under subdivisions (a)(1) through (a)(3) of this section is liable for the tax. If the highway vehicle that uses the fuel is owned by or leased to a motor carrier, the motor carrier is jointly and severally liable for the tax. If the end-seller of motor fuel taxable under this section knew or had reason to know that the motor fuel would be used for a purpose that is taxable under this section, the end-seller is jointly and severally liable for the tax. If the Secretary determines that a bulk end-user or retailer used or sold untaxed dyed diesel fuel to operate a highway vehicle when the fuel is dispensed from a storage facility or through a meter marked for nonhighway use, all fuel delivered into that storage facility is presumed to have been used to operate a highway vehicle. An end-seller of dyed diesel fuel is considered to have known or had reason to know that the fuel would be used for a purpose that is taxable under this section if the end-seller delivered the fuel into a storage facility that was not marked as required by G.S. 105-449.123."

SECTION 39. G.S. 105-449.89 reads as rewritten:

"§ 105-449.89. Removals by out-of-state bulk end-user. Restrictions on removal of motor fuel from terminal.

(a) By Bulk End-User. – An out-of-state bulk end-user may not remove motor fuel from a terminal in this State for use in the state in which the bulk end-user is located unless the bulk end-user is licensed under this Article as an exporter. An out-of-state bulk end-user that is not licensed under this Article may remove motor fuel from a bulk plant in this State.

(b) To Marine Vessel. – A supplier may not transfer motor fuel from a terminal to a marine vessel unless the person to whom the supplier transfers the motor fuel is licensed as a supplier."

SECTION 40. G.S. 105-449.91 reads as rewritten:

"§ 105-449.91. Remittance of tax to supplier.

(a) Distributor. – A distributor must remit tax due on motor fuel removed at a terminal rack to the supplier of the fuel. A licensed distributor has the right to defer the remittance of tax to the supplier, as trustee, until the date the trustee must pay the tax to this State or to another state. The time when an unlicensed distributor must remit tax to
a supplier is governed by the terms of the contract between the supplier and the unlicensed distributor.

(b) Exporter. – A licensed exporter must remit tax due on motor fuel removed at a terminal rack to the supplier of the fuel. The time when an exporter must remit tax to a supplier is governed by the law of the destination state of the exported motor fuel.

(c) Importer. – A licensed importer must remit tax due on motor fuel removed at a terminal rack of a permissive or an elective supplier to the supplier of the fuel. A licensed importer that removes fuel from a terminal rack of a permissive or an elective supplier has the right to defer the remittance of tax to the supplier until the date the supplier must pay the tax to this State.

(d) General. – A person who removes motor fuel at a terminal rack and is not subject to another subsection in this section must remit tax due on the motor fuel to the supplier of the fuel. The time the person must remit tax to a supplier is governed by the terms of the contract between the supplier and the person.

The method by which a distributor, a licensed exporter, or a licensed importer must remit tax to a supplier under this section is governed by the terms of the contract between the supplier and the distributor, exporter, or importer. G.S. 105-449.76 governs the cancellation of a license of a distributor, an exporter, and an importer.

SECTION 41. G.S. 105-449.96 reads as rewritten:

"§ 105-449.96. Information required on return filed by supplier.

SECTION 42. G.S. 105-449.97(c) reads as rewritten:

"(c) Percentage Discount. – A supplier that sells motor fuel directly to an unlicensed distributor or to the bulk end-user, the retailer, or the user of the fuel may take the same percentage discount on the fuel that a licensed distributor may take under G.S. 105-449.93(b) when making deferred payments of tax to the supplier."

SECTION 43. G.S. 105-449.100 reads as rewritten:

"§ 105-449.100. Terminal operator to file informational return showing changes in amount of motor fuel at the terminal.

(a) Requirement. – A terminal operator must file a monthly informational return with the Secretary that shows the amount of motor fuel received or removed from the terminal during the month. A terminal operator must report all motor fuel removed from an out-of-state terminal that has this State as its destination state.

A person who sells motor fuel to an entity whose use of motor fuel is exempt from tax may obtain a monthly refund of any motor fuel excise tax the person pays on motor fuel it sells to the entity. A credit card company that issues a credit card to an entity whose use of motor fuel is exempt from tax may obtain a monthly refund of any motor fuel excise tax the company pays on motor fuel the entity purchases using the credit card.

A person may obtain a monthly refund of tax paid by the person on exported fuel, including fuel whose shipping document shows this State as the destination state but was diverted to another state in accordance with the diversion procedures established by the Secretary. CHANGES

SECTION 61. G.S. 105-330.2(c) is repealed.

SECTION 62. G.S. 105-330.3 reads as rewritten:

"§ 105-330.3. Assessor's duty to list classified motor vehicles; application for exempt status.

(a) (1) Registered Vehicles. The assessor shall list, appraise, and assess all taxable classified motor vehicles for county, municipal, and special district taxes each year in the name of the record owner as of the day on which the current vehicle registration is renewed or the day on which a new registration is applied for. The owner of a classified motor vehicle listed pursuant to this subdivision need not list the vehicle as provided in G.S. 105-306; G.S. 105-312 does not apply to classified motor vehicles listed pursuant to this subdivision.

(2) Unregistered Vehicles. The owner of a classified motor vehicle who does not register the vehicle or does not renew the registration of the vehicle on or before the expiration date of the current registration shall list the vehicle for taxes by filing an abstract with the assessor of the county in which the vehicle is located on or before January 31 following the date the unregistered vehicle is acquired or, in the case of a registration that is not renewed, January 31 following the date the registration expires, and on or before January 31 of each succeeding year that the vehicle is unregistered. If a classified motor vehicle listed pursuant to this section is registered during the calendar year in which it was listed, it shall be taxed for the fiscal year that opens in the calendar year of listing as an unregistered vehicle. A vehicle required to be listed pursuant to this subdivision that is not listed by January 31 shall be subject to discovery pursuant to G.S. 105-312, unless the vehicle has been taxed as a registered vehicle for the current year.

(b) The owner of a classified motor vehicle who claims an exemption or exclusion from tax under this Subchapter has the burden of establishing that the vehicle is entitled to the exemption or exclusion. The owner may establish prima facie entitlement to exemption or exclusion of the classified motor vehicle by filing an application for exempt status with the assessor. When an approved application is on file,
the assessor shall omit from the tax records classified motor vehicles described in the application. An application is not required for vehicles qualifying for exemptions or exclusions listed in G.S. 105-282.1(a)(1).

(c) The owner of a classified motor vehicle that has been omitted from the tax records as provided in subsection (b) shall report to the assessor any classified motor vehicle registered in the owner's name or owned by him that does not qualify for exemption or exclusion for the current year. This report shall be made within 30 days after the renewal of registration or initial registration of the vehicle or, for an unregistered vehicle, on or before January 31 of the year in which the vehicle is required to be listed by subdivision (a)(2). A classified motor vehicle that does not qualify for exemption or exclusion but has been omitted from the tax records as provided in subsection (b) is subject to discovery under the provisions of G.S. 105-312, except that in lieu of the penalties prescribed by G.S. 105-312(h) there shall be assessed a penalty of one hundred dollars ($100.00) for each registration period that elapsed before the disqualification was discovered.

(d) The provisions of G.S. 105-282.1 do not apply to classified motor vehicles."

SECTION 63. G.S. 105-330.10 reads as rewritten:

"§ 105-330.10. (Effective until January 1, 2010) Combined Motor Vehicle and Registration Account

Disposition of interest.

Sixty percent (60%) of the first month's interest collected on unpaid taxes under G.S. 105-330.4 shall be transferred on a monthly basis to the Combined Motor Vehicle and Registration Account created within the Treasurer's Office. Interest generated by the funds in the Combined Motor Vehicle and Registration Account shall be credited to the Account. The Office of State Budget and Management shall direct the Treasurer to distribute the funds in the Account to the Division of Motor Vehicles for the purpose of developing and implementing an integrated computer system within the Division of Motor Vehicles that would allow for the combined assessment, billing, and collection of property taxes on motor vehicles and the issuance of registration plates. Funds in the Account shall not be transferred by the Office of State Budget and Management and appropriated by the General Assembly until the Department of Transportation and the North Carolina Association of County Commissioners reach agreement on a project plan for the integrated system. The Treasurer shall report to the Revenue Laws Study Committee semiannually with the first report due by April 30, 2006. The report shall contain a detailed description of the amount of moneys transferred to the Account and distributed from the Account. Any funds remaining in the Account after the integrated computer system has been certified to be in operation shall be distributed to the local governments on a pro rata basis determined by the first month's interest collected on the unpaid taxes on classified motor vehicles and paid into the Account by each local government.

(a) Account. – The Combined Motor Vehicle and Registration Account is established as a nonreverting account within the Department of State Treasurer. A taxing unit must remit to the Department of State Treasurer for deposit into the Account sixty percent (60%) of the first month's interest collected under G.S. 105-330.4 on unpaid property taxes on classified and registered motor vehicles. The taxing unit must make the remittance on a monthly basis. Interest earned by the Account accrues to the Account.

(b) Use. – Funds in the Account may be used only to develop and implement an integrated computer system within the Division of Motor Vehicles of the Department of Transportation that provides the functions needed for the assessment, billing, and
collection of both the property taxes and the vehicle registration fees due on motor vehicles. The funds may not be transferred to the Division and expended for this purpose until the Department of Transportation and the North Carolina Association of County Commissioners agree on the project plan for the integrated system and the General Assembly appropriates the funds to the Division. If funds remain in the Account after the operation of the integrated system is certified, the remaining funds must be distributed to local governments on a pro rata basis determined on the amount of revenue each local government transferred to the Account.

(c) Report. – The Treasurer must make an annual report on the Account to the Revenue Laws Study Committee. The report must be submitted by November 1 of each year and must state the total amount of revenue transferred by local governments to the Account during the preceding fiscal year, the amount expended from the Account during the preceding fiscal year, and any other information requested by the Committee.

(3) A procedure for the business practices, accounting, and costs of carrying out the integrated computer system for registration renewal and property tax collection for motor vehicles once the system has been certified to be in operation by the Department of Revenue and the Department of Transportation. The Departments must consult with the North Carolina Association of County Commissioners, acting on behalf of the counties, and the North Carolina League of Municipalities, acting on behalf of the municipalities, in developing the procedures under this subdivision and obtain their signed endorsements before any part of this procedure is implemented."

Sections 12 and 13 of this act are effective when they become law. Nothing in this act shall require the General Assembly to appropriate funds to implement it for the biennium ending June 30, 2007."

SECTION 66. Section 22(d) of S.L. 2007-527 reads as rewritten:
"SECTION 22.(d) Subsection (c) of this section becomes effective January 1, 2010, January 1, 2011, or when the Division of Motor Vehicles of the Department of Transportation and the Department of Revenue certify that the integrated computer system for registration renewal and property tax collection for motor vehicles is in operation, whichever occurs first. Under this prohibition, no officer, employee, or agent of the Department may testify about the information in a criminal prosecution for an offense other than an offense under this Article or under Article 9 of this Chapter. This subdivision implements the protections against double jeopardy and self-incrimination set out in Amendment V of the United States Constitution and the restrictions in it apply regardless of whether information may be disclosed under G.S. 105-259. This subdivision does not apply to information obtained from a source other than an employee, officer, or agent of the Department. A tax-exempt nonprofit organization is an organization that is exempt from tax under section 501(c)(3) of the Code.

The amount of the credit allowed in this section is the taxpayer's share of the credit the nonprofit organization could claim under G.S. 105-129.16A if the nonprofit organization were subject to tax. The taxpayer's share of the credit is calculated by dividing the taxpayer's donation by the cost of the renewable energy property constructed, purchased, or leased by the nonprofit organization and placed in service during the taxable year and then multiplying this percentage by the amount of the credit the nonprofit organization could claim if it were subject to tax. The General Assembly of North Carolina enacts:

SECTION 1. Article 9 of Chapter 130A of the General Statutes is amended by adding a new Part to read:
"Part 2F. Management of Abandoned Manufactured Homes.

§ 130A-309.99A. Purpose.
The purpose of this Part is to provide units of local government with the authority, funding, and guidance needed to provide for the efficient and proper identification, deconstruction, recycling, and disposal of abandoned manufactured homes in this State.

§ 130A-309.99B. Definitions.
The following definitions apply to this Part:

1. ‘Abandoned manufactured home’ means a manufactured home or mobile classroom that is both:
   a. Vacant or in need of extensive repair.
   b. An unreasonable danger to public health, safety, welfare, or the environment.

2. ‘Intact’ when used in connection with ‘abandoned manufactured home’ means an abandoned manufactured home from which the wheels and axles, white goods, and recyclable materials have not been removed.

3. ‘Manufactured home’ is defined in G.S. 105-164.3.

4. ‘Responsible party’ means any person or entity that possesses an ownership interest in an abandoned manufactured home.

§ 130A-309.99C. Management of abandoned manufactured homes.

(a) Plan. – Each county shall consider whether to implement a program for the management of abandoned manufactured homes. If, after consideration, the county decides not to implement a program, the county must state in the comprehensive solid waste management plan that it is required to develop under G.S. 130A-309.09A(b) that the county considered whether to implement a program for the management of abandoned manufactured homes and decided not to do so. A county may, at any time, reconsider its decision not to implement a program for the management of abandoned manufactured homes. If the county decides to implement a program, the county shall develop a written plan for the management of abandoned manufactured homes and include the plan as a component of the comprehensive solid waste management plan it is required to develop under G.S. 130A-309.09A(b). At a minimum, the plan shall include:

1. A method by which the county proposes to identify abandoned manufactured homes in the county, including, without limitation, a process by which manufactured homeowners or other responsible parties may request designation of their home as an abandoned manufactured home.

2. A plan for the deconstruction of these abandoned manufactured homes.

3. A plan for the removal of the deconstructed components, including mercury switches from thermostats, for reuse or recycling, as appropriate.

4. A plan for the proper disposal of abandoned manufactured homes that are not deconstructed under subdivision (2) of this subsection.

(b) Authority to Contract. – A county may contract with another unit of local government or a private entity in accordance with Article 15 of Chapter 153A of the General Statutes to provide for the management of abandoned manufactured homes within the county and the implementation of its plan under subsection (a) of this section.
(c) Fee Authority. – A unit of local government or a party that contracted with the county under subsection (b) of this section may charge a disposal fee for the disposal of any abandoned manufactured home at a landfill pursuant to this Part.

(d) An intact abandoned manufactured home shall not be disposed of in a landfill.

§ 130A-309.99D. Process for the disposal of abandoned manufactured homes.

(a) If a county adopts and implements a plan for the management of abandoned manufactured homes pursuant to this Part, the county shall notify the responsible party and the owner of the property on whose land the abandoned manufactured home is located for each identified abandoned manufactured home in the county that the abandoned manufactured home must be properly disposed of by the responsible party within 90 days. The notice shall be in writing and shall be served on the person as provided by Rule 4(j) of the Rules of Civil Procedure, G.S. 1A-1. The notice shall disclose the basis for the action and advise that a hearing will be held before a designated public officer at a place within the county in which the manufactured home is located not less than 10 days nor more than 30 days after the serving of the notice; that the responsible party shall be given the right to file an answer to the order and to appear in person, or otherwise, and give testimony at the place and time fixed in the notice; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.

(b) If, after notice and hearing, the public officer determines that the manufactured home under consideration is abandoned, the officer shall state in writing the officer's findings of fact in support of that determination, and the county shall order the responsible party to dispose of the abandoned manufactured home within 90 days of the expiration of this period. If the responsible party fails to comply with this order, the county shall take any action it deems reasonably necessary to dispose of the abandoned manufactured home, including entering the property where the abandoned manufactured home is located and arranging to have the abandoned manufactured home deconstructed and disposed of in a manner consistent with the plan developed under G.S. 130A-309.99C(a). If the responsible party is not the owner of the property on which the abandoned manufactured home is located, the county may order the property owner to permit entry onto the owner's property by an appropriate party to permit the removal and proper disposal of the abandoned manufactured home.

(c) When a county removes, deconstructs, and disposes of an abandoned manufactured home pursuant to this section, whether directly or through a party that contracted with the county, the responsible party shall be liable for the actual costs incurred by the county, directly or indirectly, for its abatement activities and its administrative and legal expenses incurred, less the amount of grants for reimbursement received by the county under G.S. 130A-309.99E for the disposal activities for that manufactured home. The county may initiate a civil action to recover these unpaid costs from the responsible party. Nonpayment of any portion of the actual costs incurred by the county shall result in the imposition of a lien on any real property in the county owned by the responsible party.

(d) This section does not apply to any of the following:

   1. A retail business premises where manufactured homes are sold.
   2. A solid waste disposal facility where no more than 10 manufactured homes are stored at one time if all of the manufactured homes received for storage are deconstructed or removed from the facility within one year after receipt.
(e) This section does not change the existing authority of a county or a municipality to enforce any existing laws or of any person to abate a nuisance.

§ 130A-309.99E. Grants to local governments.

(a) The Department shall use funds from the Solid Waste Trust Fund established by G.S. 130A-309.12 to:

1. Provide grants to counties to reimburse their expenses for activities under this Part.
2. Provide technical assistance and support to counties to achieve the purposes of this Part.
3. Implement this Part, including costs associated with staffing, training, submitting reports, and fulfilling program goals.

(b) Each county that requests a reimbursement grant from the Department shall also submit to the Department a proposed budget specifying in detail the expenses it expects to incur in a specified time period in connection with the activities under this Part. The Department shall review each submitted budget and make modifications, if necessary, in light of the availability of funds, the county's capacity to effectively and efficiently manage the abatement of abandoned manufactured homes, and any other factors that the Department reasonably determines are relevant. When the Department and a county agree on the amount of the county's budget under this subsection, the Department and the county shall execute an agreement that reflects this amount and that specifies the time period covered by the agreement, and the Department shall reserve funds for the county in the amount necessary to reimburse allowable costs. The amount of a reimbursement grant shall be calculated in accordance with subsections (c) and (d) of this section. A county shall not receive a reimbursement grant unless it has filed all the annual reports it is required to submit under G.S. 130A-309.99G.

(c) Reimbursement grants shall be made in accordance with the terms of the grant agreement developed pursuant to subsection (b) of this section, but in any event, all reimbursements shall be calculated on a per-unit basis and based on the actual cost of such activities, not to exceed one thousand dollars ($1,000) for each unit. For a county designated as a development tier one or two area pursuant to G.S. 143B-437.08 where the costs associated with the disposition of an abandoned manufactured home in a manner consistent with this Part exceed one thousand dollars ($1,000) per unit, a county may request a supplemental grant in an amount equal to fifty percent (50%) of the amount in excess of one thousand dollars ($1,000). The Department shall consider the efficiency and effectiveness of the county program in making the supplemental grant, and the county participation must be a cash match.

(d) A county shall use reimbursement grant funds only for operating expenses that are directly related to the management of abandoned manufactured homes. If an operating expense is partially related to the management of abandoned manufactured homes, a county may use the reimbursement grant funds to finance the percentage of the cost that equals the percentage of the expense that is directly related to the management of abandoned manufactured homes.

§ 130A-309.99F. Authority to adopt ordinances.

A county, or a unit of local government that is delegated authority to do so by the county, may adopt ordinances it deems necessary in order to implement this Part.

§ 130A-309.99G. Reporting on the management of abandoned manufactured homes.
(a) On or before 1 August of each year, any county that receives a reimbursement grant under G.S. 130A-309.99E shall submit a report to the Department that includes all of the following information:

1. The number of units and approximate tonnage of abandoned manufactured homes removed, deconstructed, recycled, and disposed of during the previous fiscal year.
2. A detailed statement of the county's abandoned manufactured homes account receipts and disbursements during the previous fiscal year that sets out the source of all receipts and the purpose of all disbursements.
3. The obligated and unobligated balances in the county's abandoned manufactured homes account at the end of the fiscal year.
4. An assessment of the county's progress in removing, deconstructing, recycling, and disposing of abandoned manufactured homes consistent with this Part.

(b) The Department shall include in its annual report to the Environmental Review Commission under G.S. 130A-309.06(c) a description of the management of abandoned manufactured homes in the State for the fiscal year ending the preceding 30 June. The description of the management of abandoned manufactured homes shall include all of the following information:

1. The cost to each county of managing its abandoned manufactured home program during the reporting period.
2. The beginning and ending balances of the Solid Waste Management Trust Fund for the reporting period and a list of grants made from the Fund for the period, itemized by county.
3. A summary of the information contained in the reports submitted by counties pursuant to subsection (a) of this section.
4. Any other information the Department considers helpful in understanding the problem of managing abandoned manufactured homes in the State.

"§ 130A-309.99H. Effect on local ordinances.
This Part shall not be construed to limit the authority of counties under Article 18 of Chapter 153A of the General Statutes or the authority of cities under Article 19 of Chapter 160A of the General Statutes."

SECTION 2. G.S. 130A-309.06(c) is amended by adding a new subdivision to read:

"(14) A description of the activities related to the management of abandoned manufactured homes in the State in accordance with G.S. 130A-309.99G, the beginning and ending balances in the Solid Waste Management Trust Fund for the reporting period and the amount of funds used, itemized by county, for grants made under Part 2F of Article 9 of Chapter 130A of the General Statutes."

SECTION 3. G.S. 130A-309.09A(b) is amended by adding a new subdivision to read:

"(9) Include as a component a written plan for the management of abandoned manufactured homes as required under G.S. 130A-309.99C(a)."

SECTION 4. The Department of Environment and Natural Resources shall annually use up to one million dollars ($1,000,000) from the Solid Waste Management
Trust Fund established by G.S. 130A-309.12 in order to fund the cleanup of abandoned mobile homes as provided in G.S. 130A-309.99E.

**SECTION 5.** A county designated as a development tier one or two area pursuant to G.S. 143B-437.08 may, upon resolution by the Board of Commissioners of their intent to (i) develop a plan for the management of abandoned manufactured homes and (ii) implement the plan once developed, request a planning grant of up to two thousand five hundred dollars ($2,500) from the Solid Waste Management Trust Fund. These funds shall be used by the county to prepare a plan as provided in G.S. 130A-309.99C, as enacted by Section 1 of this act, and to identify abandoned manufactured homes.

(e) Any person who is required to register a water transfer or withdrawal under this section and fails to do so shall pay, in addition to the registration fee required under G.S. 143-215.3(a)(1a) and G.S. 143-215.3(a)(1b), a late registration fee of five dollars ($5.00) per day for each day the registration is late up to a maximum of five hundred dollars ($500.00). A person who is required to update a registration under this section and fails to do so shall pay a fee of five dollars ($5.00) per day for each day the updated information is late up to a maximum of five hundred dollars ($500.00). A late registration fee shall not be charged to a farmer who submits a registration that pertains to farming operations. For each willful action or failure to act for which a penalty may be assessed under this subsection, the Commission may consider each day the action or inaction continues after notice is given of the violation as a separate violation. A separate penalty may be assessed for each separate violation.

SECTION 2. (a) G.S. 106-24 reads as rewritten:

"§ 106-24. Collection and publication of information relating to agriculture; cooperation.

(a) The Department of Agriculture and Consumer Services shall collect, compile, systematize, tabulate, and publish statistical information relating to agriculture. The Department is authorized to use sample surveys to collect primary data relating to agriculture. The Department is authorized to cooperate with the United States Department of Agriculture and the several boards of county commissioners of the State, to accomplish the purpose of this Part.

(b) The Department of Agriculture and Consumer Services shall annually collect information on water use by persons who withdraw 10,000 gallons per day or more of water from the surface or groundwater sources of the State for activities directly related or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy products, livestock, poultry, and other agricultural products. The information shall be collected by survey conducted pursuant to subsection (a) of this section and in accordance with Title 7 United States Code Section 2276 (Confidential Information Protection and Statistical Efficiency Act). The Department shall develop
the survey form in consultation with the Department of Environment and Natural Resources. The Department shall report the results of the water use survey to the Environmental Review Commission no later than 1 July of each year and shall provide a copy of the report to the Department of Environment and Natural Resources. The report shall include recommendations about modifications to the survey, including changes in the gallons per day threshold for water use data collection. The report shall provide agricultural water use data by county. If the county is located in more than one river basin, the report shall separate the county data to show agricultural water use by river basin within the county. If publication of county or watershed data would result in disclosure of an individual operation's water use, the data will be combined with data from another county or watershed.

SECTION 2.(b) The first report required by subsection (a) of this section shall be submitted on or before 1 July 2009.

SECTION 3. G.S. 143-350 reads as rewritten:

"§ 143-350. Definitions.
As used in this Article:

(1) "Commission" means the Environmental Management Commission.
(2) "Department" means the Department of Environment and Natural Resources.
(3) "Essential water use" means the use of water necessary for firefighting, health, and safety; water needed to sustain human and animal life; and water necessary to satisfy federal, State, and local laws for the protection of public health, safety, welfare, the environment, and natural resources; and a minimum amount of water necessary to maintain the economy of the State, region, or area.
(4) "Large community water system" means a community water system, as defined in G.S. 130A-313(10), that regularly serves 1,000 or more service connections or 3,000 or more individuals.
(5) "Unit of local government" means a county, city, consolidated city-county, sanitary district, or other local political subdivision or authority or agency of local government.
(6) "U.S. Drought Monitor" means the national drought map that designates areas of drought using the following categories D0-Abnormally Dry, D1-Moderate, D2-Severe, D3-Extreme, and D4-Exceptional. The U.S. Drought Monitor is developed and maintained by the Joint Agricultural Weather Facility, the Climate Prediction Center, the National Climatic Data Center, and the National Drought Mitigation Center with input from the United States Geological Survey, the National Water and Climate Center, the Climate Diagnostics Center, the National Weather Service, state climatologists, and state water resource agencies.
(7) "Water shortage emergency" means a water shortage resulting from prolonged drought, contamination of the water supply, damage to water infrastructure, or other unforeseen causes that presents an imminent threat to public health, safety, and welfare or to the environment."

SECTION 4. G.S. 143-354 reads as rewritten:
§ 143-354. Ordinary powers and duties of the Commission.
(a) Powers and Duties in General. — Except as otherwise specified in this Article, the powers and duties of the Commission shall be as follows:

(1) The Commission shall carry out a program of planning and education concerning the most beneficial long-range conservation and use of the water resources of the State. It shall investigate the long-range needs of counties and municipalities and other local governments for water supply storage available in federal projects.

(2) The Commission shall advise the Governor as to how the State's present water research activities might be coordinated.

(3) The Commission, based on information available, shall notify any municipality or other governmental unit of potential water shortages or emergencies foreseen by the Commission affecting the water supply of such municipality or unit together with the Commission’s recommendations for restricting and conserving the use of water or increasing the water supply by or in such municipality or unit. Failure reasonably to follow such recommendations shall make such municipality or other governmental unit ineligible to receive any emergency diversion of waters as hereinafter provided.

(4) The Commission is authorized to call upon the Attorney General for such legal advice as is necessary to the functioning of the Commission.

(5) Recognizing the complexity and difficulties attendant upon the recommendation of the General Assembly of fair and beneficial legislation affecting the use and conservation of water, the Commission shall solicit from the various water interests of the State their suggestions thereon.

(6) The Commission may hold public hearings for the purpose of obtaining evidence and information and permitting discussion relative to water resources legislation and shall have the power to subpoena witnesses therefor.

(7) All recommendations for proposed legislation made by the Commission shall be available to the public.

(8) The Commission shall adopt such rules and regulations as may be necessary to carry out the purposes of this Article.

(9) Any member of the Commission or any person authorized by it, shall have the right to enter upon any private or public lands or waters for the purpose of making investigations and studies reasonably necessary in the gathering of facts concerning streams and watersheds, subject to responsibility for any damage done to property entered.

(10) The Commission is authorized to provide to federal agencies the required assurances, subject to availability of appropriations by the General Assembly or applicable funds or assurances from local governments, of nonfederal cooperation for water supply storage and other congressionally authorized purposes in federal projects.

(11) The Commission is authorized to assign or transfer to any county or municipality or other local government having a need for water supply storage in federal projects any interest held by the State in such storage, upon the assumption of repayment obligation therefor, or compensation to the State, by such local government. The Commission
shall also have the authority to reassign or transfer interests in such storage held by local governments, if indicated by the investigation of needs made pursuant to subdivision (1) of subsection (a) of this section, subject to equitable adjustment of financial responsibility.

(b) Declaration of Water Emergency. — Upon the request of the governing body of a county, city, or town, the Commission shall conduct an investigation to determine whether the needs of human consumption, necessary sanitation, and public safety require emergency action as hereinafter provided. Upon making such determination, the Commission shall conduct a public hearing on the question of the source of relief water after three days' written notice of such hearing has been given to any persons having the right to the immediate use of water at the point from which such water is proposed to be diverted. After determining the source of such relief water, the Commission shall then notify the Governor and he shall have the authority to declare a water emergency in an area including said county, city, or town and the source or sources of water available for the relief hereinafter provided; provided, however, that no emergency period shall exceed 30 days but the Governor may declare any number of successive emergencies upon request of the Commission.

(c) Water Emergency Powers and Duties of the Commission. — Whenever, pursuant to this Article, the Governor has declared the existence of a water emergency within a particular area of the State, the Commission shall have the following duties and powers to be exercised only within said area and only during such time as the Governor has, pursuant to this Article, designated as the period of emergency:

(1) To authorize any county, city, or town in which an emergency has been declared to divert water in the emergency area sufficient to take care of the needs of human consumption, necessary sanitation, and public safety. Provided, however, there shall be no diversion of waters from any stream or body of water pursuant to this Article unless the person controlling the water or sewerage system into which such waters are diverted shall first have limited and restricted the use of water in such water or sewerage system to human consumption, necessary sanitation, and public safety and shall have effectively enforced such restrictions. Diversion of waters shall cease upon the termination of the water emergency or upon the finding of the Commission that the person controlling the water or sewerage system using diverted waters has failed to enforce effectively the restrictions on use to human consumption and necessary sanitation and public safety. In the event waters are diverted pursuant to this Article, there shall be no diversion to the same person in any subsequent year unless the Commission finds as fact from evidence presented that the person controlling the water or sewerage system has made reasonable plans and acted with due diligence pursuant thereto to eliminate future emergencies by adequately enlarging such person's own water supply.

(2) To make such reasonable rules and regulations governing the conservation and use of diverted waters within the emergency area as shall be necessary for the health and safety of the persons who reside within the emergency area, and the violation of such rules and regulations during the period of the emergency shall constitute a Class 1 misdemeanor; provided, however, that before such rules and regulations shall become effective, they shall be published in not less than

567
than two consecutive issues of not less than one newspaper generally circulated in the emergency area.

(d) **Temporary Rights-of-Way.** When any diversion of waters is ordered by the Commission pursuant to this Article, the person controlling the water or sewerage system into which such waters are diverted is hereby empowered to lay necessary temporary water lines for the period of such emergency across, under or above any and all properties to connect the emergency water supply to an intake of said water or sewerage system. The route of such water lines shall be prescribed by the Commission.

(e) **Compensation for Water Allocated during Water Emergency and Temporary Rights-of-Way.** When the Commission, pursuant to this Article has ordered any diversion of waters, the person controlling the waters or sewerage system into which such waters are diverted shall be liable to all persons suffering any loss or damage caused by or resulting from the diversion of such waters or caused by or resulting from the laying of temporary water lines to effectuate such diversion. The Commission, before ordering such diversion, shall require that the person against whom liability attaches hereunder to post bond with a surety approved by the Commission in an amount determined by the Commission and conditioned upon the payment of such loss or damage.

SECTION 5. Article 38 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-355.2. Water conservation measures for drought.

(a) Each unit of local government that provides public water service and each large community water system shall develop and implement water conservation measures to respond to drought or other water shortage conditions as provided in this section. Pursuant to G.S. 143-355(l), water conservation measures to respond to drought or other water shortage conditions shall be set out in a water shortage response plan and submitted to the Department for review and approval. The Department shall approve the water shortage response plan if the plan meets all of the following criteria:

1. The plan includes tiered levels of water conservation measures or other response actions based on the severity of water shortage conditions.
2. Each tier of water conservation measures shall be based on increased severity of drought or water shortage conditions and will result in more stringent water conservation measures.
3. All other requirements of rules adopted by the Commission pursuant to S.L. 2002-167.
4. Does not contain any provision that meters or regulates private drinking water wells, as defined in G.S. 87-85.

(b) The Department may require a unit of local government that provides public water service or a large community water system to implement the more stringent water conservation measures described in subsection (d) of this section if the Department makes written findings that any county, as determined by subsection (e) of this section, in which the source of water for the public water system operated by the unit of local government or by a large community water system is in:

1. Severe, extreme, or exceptional drought, and the Department finds all of the following:
   a. The unit of local government that provides water service or large community water system has not begun implementation of any level of water conservation measures set out in the water shortage response plan.
b. Implementation of measures is necessary to minimize the harmful impacts of drought on public health, safety, and the environment, including the potential impacts of drought or other water shortage on interconnected water systems and other water systems withdrawing from the same water source, or

(2) Extreme or exceptional drought, and the Department finds that the unit of local government that provides water service or large community water system has implemented the measures required under the water shortage response plan for the appropriate tier of water conservation measure for 30 days or more and that implementation of the measures required has not reduced water use in an amount sufficient to minimize the harmful impacts of drought on public health, safety, and the environment, including the potential impact of drought or other water shortage on interconnected water systems and other water systems withdrawing from the same water source.

(c) In making the findings required under subsection (b) of this section, the Department shall consider the:

(1) Hydrological drought conditions.
(2) Drought forecast.
(3) Reductions in water use achieved under water conservation measures in effect.
(4) Availability of other water supply sources and other indicators of the extent and severity of drought impacts.
(5) Economic impacts on the community to implement more stringent water conservation measures.
(6) Conservation measures of all registered water withdrawals within the same 8 digit hydrologic unit code established by the U.S. Geological Survey to the extent the Department is able to document those measures.

(d) Based on the findings required under subsection (b) of this section, the Department may require the unit of local government that provides public water service or the large community water system to begin implementation of its plan or to implement the next tier of water shortage response measures. If, after consultation with the unit of local government or the large community water system, the Department makes a written finding that the next tier of measures set out in the plan, together with any other reasonable steps that may be available to reduce water use, will not reduce water use in an amount sufficient to minimize the harmful impacts of drought on public health, safety, and the environment, including the potential impact of drought or other water shortage on interconnected water systems and other water systems drawing from the same water source, then the Department may require implementation of the tier that is two levels more stringent than the tier being implemented.

(e) For purposes of this section, the drought designation for an area shall be the U.S. Drought Monitor designation for the county in which the water source is located as published by the Drought Management Advisory Council. The Secretary may approve a county drought designation that is different from the U.S. Drought Monitor designation pursuant to G.S. 143-355.1(f1). If the water source is located in more than one county and the counties have different drought designations, the Council shall recommend to the Secretary the drought designation to be applied to water systems that withdraw
water from the water source. The recommendation of the Council shall be based on the
drought indicators identified in G.S. 143-355.1(f) as applied to the water source.

(f) A unit of local government that provides public water service or a large
community water system that does not have a water shortage response plan shall
implement the default water conservation measures for extreme and exceptional drought
set out in the rules adopted by the Commission pursuant to S.L. 2002-167.

(g) A unit of local government that provides water service or a large community
water system that does not have an approved water shortage response plan shall
implement the default water conservation measures specified in subsection (f) of this
section within 10 days following a drought designation that requires implementation of
water conservation measures. A water shortage response plan is presumed to be
approved until the Department notifies the unit of local government or large community
water system that the plan has been disapproved. A unit of local government that
provides public water service and a large community water system shall be deemed to
be in compliance with this section if, within 10 days after water shortage conditions
identified in the plan require implementation of water conservation measures, the water
system has begun implementation of the water conservation measures required by the plan.

(h) Water conservation measures imposed by a unit of local government that
provides public water service or by a large community water system may be more
stringent than the minimum water conservation measures required under this section.

(i) A unit of local government that provides public water service and a large
community water system shall report that the water system has begun implementation of
water conservation measures set out in the water system’s water shortage response plan
or the default water conservation measures to the Department within 72 hours after
beginning implementation.

(j) This section shall not be construed to authorize or require the implementation
of water conservation management measures that conflict with or are superseded by the
provisions of any order of a federal or State court or administrative agency, any
interstate agreement governing the allocation of water to which the State is a party, or
any license for a hydroelectric generating facility issued by the Federal Energy
Regulatory Commission; including, without limitation, any protocol or subsidiary
agreement that may be part of or incorporated in any such order, interstate agreement, or
operating license."

SECTION 6. The Environmental Review Commission, as part of its
ongoing study of the allocation of water resources in the State required by Section 1 of
S.L. 2007-518, shall study issues related to increasing water supply, including issues
related to reservoir construction and State laws and rules governing reservoir
construction. The Environmental Review Commission shall report its findings and
recommendations, including any legislative proposals, to the General Assembly as
provided by Section 1 of S.L. 2007-518, as amended.

SECTION 7. G.S. 143-355 reads as rewritten:

"§ 143-355. Powers and duties of the Department.
(a) Repealed by Session Laws 1989, c. 603, s. 1.
(b) Functions to Be Performed. – The Department shall:
(1) Request the North Carolina Congressional Delegation to apply to the
Congress of the United States whenever deemed necessary for
appropriations for protecting and improving any harbor or waterway in
the State and for accomplishing needed flood control, shore-erosion
prevention, and water-resources development for water supply, water quality control, and other purposes.

(2) Initiate, plan, and execute a long-range program for the preservation, development and improvement of rivers, harbors, and inland ports, and to promote the public interest therein.

(3) Prepare and recommend to the Governor and the General Assembly any legislation which may be deemed proper for the preservation and improvement of rivers, harbors, dredging of small inlets, provision for safe harbor facilities, and public tidewaters of the State.

(4) Make engineering studies, hydraulic computations, hydrographic surveys, and reports regarding shore-erosion projects, dams, reservoirs, and river-channel improvements; to develop, for budget and planning purposes, estimates of the costs of proposed new projects; to prepare bidding documents, plans, and specifications for harbor, coastal, and river projects, and to inspect materials, workmanship, and practices of contractors to assure compliance with plans and specifications.

(5) Cooperate with the United States Army Corps of Engineers in causing to be removed any wrecked, sunken or abandoned vessel or unauthorized obstructions and encroachments in public harbors, channels, waterways, and tidewaters of the State.

(6) Cooperate with the United States Coast Guard in marking out and establishing harbor lines and in placing buoys and structures for marking navigable channels.

(7) Cooperate with federal and interstate agencies in planning and developing water-resource projects for navigation, flood control, hurricane protection, shore-erosion prevention, and other purposes.

(8) Provide professional advice to public and private agencies, and to citizens of the State, on matters relating to tidewater development, river works, and watershed development.

(9) Discuss with federal, State, and municipal officials and other interested persons a program of development of rivers, harbors, and related resources.

(10) Make investigations and render reports requested by the Governor and the General Assembly.

(11) Participate in activity of the National Rivers and Harbors Congress, the American Shore and Beach Preservation Association, the American Watershed Council, the American Water Works Association, the American Society of Civil Engineers, the Council of State Governments, the Conservation Foundation, and other national agencies concerned with conservation and development of water resources.

(12) Prepare and maintain climatological and water-resources records and files as a source of information easily accessible to the citizens of the State and to the public generally.

(13) Formulate and administer a program of dune rebuilding, hurricane protection, and shore-erosion prevention.

(14) Include in the biennial budget the cost of performing the additional functions indicated above.
(15) Initiate, plan, study, and execute a long-range floodplain management program for the promotion of health, safety, and welfare of the public. In carrying out the purposes of this subsection, the primary responsibility of floodplain management rests with the local levels of government and it is, therefore, the policy of this State and of this Department to provide guidance, coordination, and other means of assistance, along with the other agencies of this State and with the local levels of government, to effectuate adequate floodplain management programs.

(b1) The Department is directed to pursue an active educational program of floodplain management measures, to include in each biennial report a statement of flood damages, location where floodplain management is desirable, and suggested legislation, if deemed desirable, and within its capacities to provide advice and assistance to State agencies and local levels of government.

(c) Repealed by Session Laws 1961, c. 315.

(d) Investigation of Coasts, Ports and Waterways of State. – The Department is designated as the official State agency to investigate and cause investigations to be made of the coasts, ports and waterways of North Carolina and to cooperate with agencies of the federal and State government and other political subdivisions in making such investigations. The provisions of this section shall not be construed as in any way interfering with the powers and duties of the Utilities Commission, relating to the acquiring of rights-of-way for the Intra-Coastal Waterway; or to authorize the Department to represent the State in connection with such duties.

(f) Samples of Cuttings to Be Furnished the Department When Requested. – Every person, firm or corporation engaged in the business of drilling, boring, coring or constructing wells in any manner by the use of power machinery shall furnish the Department samples of cuttings from such depths as the Department may require from all wells constructed by such person, firm or corporation, when such samples are requested by the Department. The Department shall bear the expense of delivering such samples. The Department shall, after an analysis of the samples submitted, furnish a copy of such analysis to the owner of the property on which the well was constructed; the Department shall not report the results of any such analysis to any other person whatsoever until the person legally authorized to do so authorizes in writing the release of the results of the analysis.

(g) Reports of Each Well Required. – Every person, firm or corporation engaged in the business of drilling, boring, coring, or constructing wells with power machinery within the State of North Carolina shall, within 30 days of the completion of each well, report to the Department on forms furnished by the Department the location, size, depth, number of feet of casing used, method of finishing, and formation log information of each such well. In addition such person, firm or corporation shall report any tests made of each such well including the method of testing, length of test, draw-down in feet and yield in gallons per minute. The person, firm or corporation making such report to the Department shall at the time such report is made also furnish a copy thereof to the owner of the property on which the well was constructed.

(h) Drilling for Petroleum and Minerals Excepted. – The provisions of this Article shall not apply to drillings for petroleum and minerals.

(i) Penalty for Violation. – Any person violating the provisions of subsections (e), (f) and (g) of G.S. 143-355 shall be guilty of a Class 3 misdemeanor and, upon
conviction, shall only be punished by a fine of fifty dollars ($50.00). Each violation shall constitute a separate offense.

(j) Miscellaneous Duties. – The Department shall make investigations of water supplies and water powers, prepare and maintain a general inventory of the water resources of the State and take such measures as it may consider necessary to promote their development; and to supervise, guide, and control the performance of the duties set forth in subsection (b) of this section and to hold hearings with regard thereto. In connection with administration of the well-drilling law the Department may prepare analyses of well cuttings for mineral and petroleum content.

(k) Water Use Information. – Any person using, withdrawing, diverting or obtaining water from surface streams, lakes and underground water sources shall, upon the request of the Department, file a monthly report with the Department showing the amount of water used, withdrawn, diverted or obtained from such sources. Such report shall be on a form supplied by the Department and shall show the identification of the water well or other withdrawal facility, location, withdrawal rate (measured in gallons per minute), and total gallons withdrawn during the month. Reports required to be filed under this subsection shall be filed on or before the fifteenth day of the month succeeding the month during which the using, withdrawing, diverting or obtaining water required to be reported occurred. This subsection does not apply to withdrawals or uses by individuals or families for household, livestock, or gardens. All reports required under this subsection are provided solely for the purpose of the Department. Within the meaning of this subsection the term "person" means any and all persons, including individuals, firms, partnerships, associations, public or private institutions, municipalities or political subdivisions, governmental agencies, and private or public corporations organized or existing under the laws of this State or any other state or country. In the event of extreme or exceptional drought or other water shortage, the Department may require each local government water system and each large community water system in the affected area to report the amount of water used, withdrawn, diverted, or obtained on a weekly basis and may require the reporting of additional information necessary to assess and manage the drought or water shortage.

(l) For purposes of this subsection, "community water system" means a community water system, as defined in G.S. 130A-313(10), that regularly serves 1,000 or more service connections or 3,000 or more individuals. Local Water Supply Plans. – Each unit of local government that provides public water service or that plans to provide public water service and each large community water system shall, either individually or together with other units of local government and large community water systems, prepare a local water supply plan and submit it to the Department for approval. The Department shall provide technical assistance with the preparation of plans to units of local government and large community water systems upon request and to the extent that the Department has resources available to provide assistance. At a minimum, each unit of local government and large community water system shall include in local water supply plans all information that is readily available to it. Plans shall include present and projected population, industrial development, and water use within the service area; present and future water supplies; an estimate of the technical assistance that may be needed at the local level to address projected water needs; current and future water conservation and water reuse programs; a description of how the local government or large community water system will respond to drought and other water shortage emergencies and continue to meet essential public water supply needs during the emergency; and any other related information as the Department may require in the
preparation of a State water supply plan. Local plans shall be revised to reflect changes in relevant data and projections at least once each five years unless the Department requests more frequent revisions. The revised plan shall include the current and anticipated reliance by the local government unit or large community water system on surface water transfers as defined by G.S. 143-215.22G. Local plans and revised plans shall be submitted to the Department once they have been approved by each unit of local government and large community water system that participated in the preparation of the plan.

(m) In order to assure the availability of adequate supplies of good quality water to protect the public health and to support desirable economic growth, the Department shall develop a State water supply plan. The State water supply plan shall include the information and projections required to be included in local plans, a summary of water conservation and water reuse programs described in local plans, a summary of the technical assistance needs indicated by local plans, and shall indicate the extent to which the various local plans are compatible. The State plan shall identify potential conflicts among the various local plans and ways in which local water supply programs could be better coordinated.

(n) The Department of Environment and Natural Resources shall report to the Environmental Review Commission on the implementation of this section and the development of the State water supply plan on or before 1 September of each year."

SECTION 8. Article 38 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-355.3. Water shortage emergency powers.

(a) Declaration of Water Shortage Emergency. – If, after consultation with the affected water system and the unit of local government with jurisdiction over the area served by the water system, the Secretary determines that the needs of human consumption, necessary sanitation, and public safety require emergency action, the Secretary shall provide the Governor with written findings setting out the basis for declaration of a water shortage emergency. The Governor shall have the authority to declare a water shortage emergency in the area affected by the water shortage emergency, which may include both the water system experiencing a water shortage emergency and the area served by a water system required under subdivision (1) of subsection (b) of this section to provide water in response to the water shortage emergency. No emergency period shall exceed 30 days, but the Governor may declare successive emergencies based upon the written findings of the Secretary.

(b) Water Shortage Emergency Powers and Duties. – Whenever, pursuant to this Article, the Governor declares the existence of a water shortage emergency within a particular area of the State, the Secretary shall have the powers and duties set out in subdivisions (1), (2), and (3) of this subsection. These powers may only be exercised within the designated water shortage emergency area, after the Secretary has consulted with the affected water systems and determined that the water shortage emergency cannot be effectively managed in the absence of exercising these powers, and only for the period of the water shortage emergency. Under these circumstances, the Secretary has the power and duty to:

(1) Require any water system that has water supply in excess of that required to meet the essential water uses of its customers to provide water to a water system experiencing a water shortage emergency. The Secretary shall give preference to diversion of water from a water system within the same river basin as the water system that is
experiencing a water shortage emergency. A diversion of water that requires a certificate under G.S. 143-215.22L shall meet the requirements of that section. The amount required to be supplied shall be limited to the amount necessary to supply essential water uses within the receiving system. The required diversion of waters shall cease upon the termination of the water shortage emergency.

(2) Adopt rules governing the conservation and use of water within the water shortage emergency area as shall be necessary to maintain essential water use within the water shortage emergency area. Before such rules and regulations shall become effective, they shall be published in two consecutive issues of a daily newspaper generally circulated in the emergency area.

(3) Adopt rules governing conservation and use of water within the service area of the water system from which water is being diverted as shall be necessary to maintain essential water uses in the system while supplying water to the water shortage emergency area.

(c) Temporary Rights-of-Way. – A water system that is affected by a water shortage emergency is authorized to lay necessary temporary waterlines for the period of a declared water shortage emergency across, under, or above any and all properties to connect the water system experiencing a water shortage emergency to an emergency intake in a new water source or to interconnect the water system to a supplying water or wastewater system without first acquiring right-of-way. The Department shall expedite the approval of temporary waterlines needed to provide emergency water supply under this section. Temporary waterlines installed under this section shall be removed within 90 days following the end of the emergency period except that the Secretary may, for good cause, authorize a 30-day extension.

(d) Compensation for Water Allocated During Water Shortage Emergency and Temporary Rights-of-Way. – Whenever the Secretary, pursuant to this Article, has ordered any diversion of water, the receiving water or wastewater system shall reimburse the supplying water system for the cost of the water. The cost charged to the receiving system shall not exceed one hundred ten percent (110%) of the retail cost that would be charged to a customer of the supplying system for an equivalent amount of water and any additional costs incurred by the supplying system for alterations to its infrastructure or water treatment to effectuate the diversion except as provided under an interlocal agreement. Unless liability is otherwise assigned in an interlocal agreement, the receiving water system shall be liable to all persons suffering any loss or damage caused by or resulting from the laying of temporary waterlines to effectuate the diversion. Within 10 days of placing the temporary waterlines, the water system that is liable shall institute a civil action in accordance with the procedures set out under Article 9 of Chapter 136 of the General Statutes to compensate the property owners for any taking caused by or resulting from the laying of temporary waterlines, with the water system that is liable having the role of the Department of Transportation and the governing board of the water system that is liable having the role of the Secretary of Transportation under Article 9 of Chapter 136 of the General Statutes. The placing of temporary waterlines pursuant to this section is not subject to the provisions of G.S. 153A-15.

(e) This section shall not be construed to authorize or require any actions that conflict with or are superseded by the provisions of any order of a federal or State court or administrative agency, any interstate agreement governing the allocation of water to
which the State is a party, or any license for a hydroelectric generating facility issued by the Federal Energy Regulatory Commission; including, without limitation, any protocol or subsidiary agreement that may be part of or incorporated in any such order, interstate agreement, or operating license.

SECTION 9. Article 38 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-355.4. Water system efficiency.

(a) Local government water systems and large community water systems shall require separate meters for new in-ground irrigation systems that are connected to their systems.

(b) To be eligible for State water infrastructure funds from the Drinking Water Revolving Fund or the Drinking Water Reserve Fund or any other grant or loan of funds allocated by the General Assembly whether the allocation of funds is to a State agency or to a nonprofit organization for the purpose of extending waterlines or expanding water treatment capacity, a local government or large community water system must demonstrate that the system:

(1) Has established a water rate structure that is adequate to pay the cost of maintaining, repairing, and operating the system, including reserves for payment of principal and interest on indebtedness incurred for maintenance or improvement of the water system during periods of normal use and periods of reduced water use due to implementation of water conservation measures. The funding agency shall apply guidelines developed by the State Water Infrastructure Commission in determining the adequacy of the water rate structure to support operation and maintenance of the system.

(2) Has implemented a leak detection and repair program.

(3) Has an approved water supply plan pursuant to G.S. 143-355.

(4) Meters all water use except for water use that is impractical to meter, including, but not limited to, use of water for firefighting and to flush waterlines.

(5) Does not use a rate structure that gives residential water customers a lower per-unit water rate as water use increases.

(6) Has evaluated the extent to which the future water needs of the water system can be met by reclaimed water.

(7) Has implemented a consumer education program that emphasizes the importance of water conservation."

SECTION 10. Article 38 of Chapter 143 is amended by adding a new section to read:

"§ 143-355.5. Water reuse; policy; rule making.

(a) Water Reuse Policy. – It is the public policy of the State that the reuse of treated wastewater or reclaimed water is critical to meeting the existing and future water supply needs of the State. The General Assembly finds that reclaimed water systems permitted and operated under G.S. 143-215.1(d2) in an approved wastewater reuse program can provide water for many beneficial purposes in a way that is both environmentally acceptable and protective of public health.

(b) Rule Making. – The Commission shall encourage and promote safe and beneficial reuse of treated wastewater as an alternative to surface water discharge. The Commission shall adopt rules to:
(1) Identify acceptable uses of reclaimed water, including toilet flushing, fire protection, decorative water features, and landscape irrigation.

(2) Facilitate the permitting of reclaimed water systems.

(3) Establish standards for reclaimed water systems that are adequate to prevent the direct distribution of reclaimed water as potable water.

SECTION 11. Article 38 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-355.6. Enforcement.

(a) The Secretary may assess a civil penalty of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) against any person who:

(1) Fails to report water use or other information required under G.S. 143-355(k).

(2) Fails to act in accordance with the terms, conditions, or requirements of an order issued by the Secretary under G.S. 143-355.3.

(3) Violates any provision of this Article or any rule adopted by the Commission, the Department, or the Secretary implementing this Article.

(b) For each willful action or failure to act for which a penalty may be assessed under this section, the Secretary may consider each day the action or inaction continues after notice is given of the violation as a separate violation. A separate penalty may be assessed for each separate violation.

(c) The Secretary may assess a civil penalty of not more than ten thousand dollars ($10,000) per month against a unit of local government that provides public water service or a large community water system that fails to implement the water conservation measures set out in the water shortage response plan approved by the Department under G.S. 143-355.2, measures required by the Department under subsections (b) and (d) of G.S. 143-355.2, or the default measures required under rules adopted by the Commission under S.L. 2002-167. The amount of the civil penalty shall be based on the factors set out in G.S. 143B-282.1(b). The Secretary may remit a civil penalty based on the factors set out in G.S. 143B-282.1(c)(1).

(d) The violation of emergency water conservation rules adopted by the Secretary pursuant to G.S. 143-355.3(b) is a Class 1 misdemeanor.

(e) The Secretary shall notify any person assessed a civil penalty of the assessment and the specific reasons for the assessment by registered or certified mail or by any means authorized by G.S. 1A-1, Rule 4. Contested case petitions shall be filed within 30 days of receipt of the notice of assessment."

SECTION 12. Article 10 of Chapter 130A of the General Statutes is amended by adding a new section to read:

Reports required to be submitted under this Article or under rules adopted by the Commission shall be submitted electronically on a form specified by the Department. The Department may waive the requirement for electronic submission of a report if the water system demonstrates that it lacks the technical capability to report electronically."

SECTION 13. G.S. 130A-335(a) reads as rewritten:

"(a) A person owning or controlling a residence, place of business or a place of public assembly shall provide an approved wastewater system. Except as may be allowed under another provision of law, all wastewater from water-using fixtures and appliances connected to a water supply source shall discharge to the approved..."
wastewater system. A wastewater system may include components for collection, treatment and disposal of wastewater."

SECTION 14.(a) For purposes of this section, "gray water" means wastewater removed from household wash basins, bathtubs, and showers.

SECTION 14.(b) The Commission for Health Services shall adopt rules to authorize the use of gray water during periods of drought to hand water trees, shrubs, and inedible plants on single-family residential property. The rules shall encourage the use of gray water as provided in this section while protecting public health, safety, welfare, and the environment. In developing the rules, the Commission shall review the provisions set out in subsection (c) of this section.

SECTION 14.(c) Notwithstanding G.S. 130A-335(a), untreated gray water may be used in periods of drought to hand water trees, shrubs, and inedible plants on single-family residential property under the following conditions:

1. Gray water shall be applied as soon as practicable. Untreated gray water should not be stored for later use.
2. Gray water containing hazardous chemicals including, but not limited to, residue from solvents shall not be used.
3. Use of untreated gray water is restricted to the residential property where the gray water originates. Untreated gray water shall not be allowed to run off onto adjoining property, roadways, or into drainage features such as ditches and storm drains.
4. Untreated gray water shall be applied using buckets, watering cans, or other handheld containers. Gray water may not be used in an irrigation system unless the gray water has been treated in accordance with standards set out in the State Plumbing Code.
5. Gray water shall not be applied closer than 100 feet to surface waters or a water supply well.

SECTION 15. G.S. 159G-23 reads as rewritten:

"§ 159G-23. Common criteria for loan or grant from Wastewater Reserve or Drinking Water Reserve.

The criteria in this section apply to a loan or grant from the Wastewater Reserve or the Drinking Water Reserve. The Division of Water Quality and the Division of Environmental Health must each establish a system of assigning points to applications based on the following criteria:

1. Public necessity. – An applicant must explain how the project promotes public health and protects the environment. A project that improves a system that is not in compliance with permit requirements or is under orders from the Department, enables a moratorium to be lifted, or replaces failing septic tanks with a wastewater collection system has priority.

2. Effect on impaired waters. – A project that improves designated impaired waters of the State has priority.

3. Efficiency. – A project that achieves efficiencies in meeting the State's water infrastructure needs or reduces vulnerability to drought consistent with Part 2A of Article 21 of Chapter 143 of the General Statutes by one of the following methods has priority:
   a. The combination of two or more wastewater or public water systems into a regional wastewater or public water system by merger, consolidation, or another means."
b. Conservation or reuse of water, including bulk water reuse facilities and waterlines to supply reuse water for irrigation and other approved uses.

c. Construction of an interconnection between water systems intended for use in drought or other water shortage emergency.

d. Repair or replacement of leaking waterlines.

e. Replacement of meters and installation of new metering systems.

(4) Comprehensive land-use plan. – A project that is located in a city or county that has adopted or has taken significant steps to adopt a comprehensive land-use plan under Article 18 of Chapter 153A of the General Statutes or Article 19 of Chapter 160A of the General Statutes has priority over a project located in a city or county that has not adopted a plan or has not taken steps to do so. The existence of a plan has more priority than steps taken to adopt a plan, such as adoption of a zoning ordinance. A plan that exceeds the minimum State standards for protection of water resources has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. A land-use plan is not considered a comprehensive land-use plan unless it has provisions that protect existing water uses and ensure compliance with water quality standards and classifications in all waters of the State affected by the plan.

(5) Flood hazard ordinance. – A project that is located in a city or county that has adopted a flood hazard prevention ordinance under G.S. 143-215.54A has priority over a project located in a city or county that has not adopted an ordinance. A plan that exceeds the minimum standards under G.S. 143-215.54A for a flood hazard prevention ordinance has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. If no part of the service area of a project is located within the 100-year floodplain, the project has the same priority under this subdivision as if it were located in a city or county that has adopted a flood hazard prevention ordinance. The most recent maps prepared pursuant to the National Flood Insurance Program or approved by the Department determine whether an area is within the 100-year floodplain.

(6) Sound management. – A project submitted by a local government unit that has demonstrated a willingness and ability to meet its responsibilities through sound fiscal policies and efficient operation and management has priority.

(7) Capital improvement plan. – A project that implements the applicant's capital improvement plan for the wastewater system or public water system it manages has priority over a project that does not implement a capital improvement plan. To receive priority, a capital improvement plan must set out the applicant's expected water infrastructure needs for at least 10 years.

(8) Coastal habitat protection. – A project that implements a recommendation of a Coastal Habitat Protection Plan adopted by the
Environmental Management Commission, the Coastal Resources Commission, and the Marine Fisheries Commission pursuant to G.S. 143B-279.8 has priority over other projects that affect counties subject to that Plan."

SECTION 16. G.S. 143-355.1 reads as rewritten:

"§ 143-355.1. Drought Management Advisory Council; drought advisories.

(a) The Department shall establish a Drought Management Advisory Council. The purposes of the Council are:

1. To improve coordination among local, State, and federal agencies; public water systems, as defined in G.S. 130A-313(10); and water users to improve the management and mitigation of the harmful effects of drought.

2. To provide consistent and accurate information to the public about drought conditions on drought conditions in the State to the U.S. Drought Monitor, the Environmental Management Commission, the Secretary, the Environmental Review Commission, and the public.

(b) The Department shall invite each of the following organizations to designate a representative to serve on the Council:

2. State Climate Office at North Carolina State University.
3. Public Staff of the Utilities Commission.
5. Department of Agriculture and Consumer Services.
6. Department of Commerce.
10. United States Army Corps of Engineers.
11. United States Department of Agriculture.

(b1) Representatives designated under subsection (b) of this section shall have expertise or responsibility in meteorology, groundwater and surface water hydrology, water system operation and management, reservoir management, emergency response, or another subject area related to assessment and management of drought impacts.

(c) The Department shall also invite other agencies and organizations that represent water users, including local governments, agriculture, agribusiness, forestry, manufacturing, investor-owned water utilities regulated by the North Carolina Utilities Commission, and others as appropriate, to designate a representative to serve on the Council or to participate in the work of the Council with respect to particular drought related issues.

(d) The Department shall designate an employee of the Department to serve as Chair of the Council. The Council shall meet at least once in each calendar year in order to maintain appropriate agency readiness and participation. In addition, the Council shall meet on the call of the Chair to respond to drought conditions. The provisions of Article 33C of this Chapter apply to meetings of the Council.
(e) In order to provide accurate and consistent information to assist local governments, State agencies, local governments, and other water users in taking appropriate drought response actions, the Council may issue drought advisories that designate:

(1) Specific areas of the State in which drought conditions are impending.

(2) Specific areas of the State that are suffering from drought conditions.

(3) The level of severity of drought conditions, based on the drought categories used in the U.S. Drought Monitor or the drought designation approved by the Secretary under subsection (f) of this section.

(f) Drought designations by the U.S. Drought Monitor shall be the default designations for drought advisories issued under subsection (e) of this section. The Council shall publish those drought designations for each county. If more than one drought designation applies to a county, the drought designation for the county shall be the highest drought designation that applies to at least twenty-five percent (25%) of the land area of the county. The Council may recommend a drought designation for a county that is different from the designation based on the U.S. Drought Monitor if the U.S. Drought Monitor does not accurately reflect localized conditions because of differences in scale or because the U.S. Drought Monitor does not consider one or more of the indicators of drought identified in this subsection. In making a determination of any of the drought designations described in subsection (e) of this section in recommending a drought designation that differs from the U.S. Drought Monitor designation, the Council shall consider stream flows, ground water levels, the amount of water stored in reservoirs, weather forecasts, the time of year, and other factors that are relevant to determining the location and severity of drought conditions.

(f1) The Secretary shall accept the Council's recommendation to adopt a drought designation for a county that is different from the designation based on the U.S. Drought Monitor if the Secretary finds that the indicators of drought identified by the Council under subsection (f) of this section support the designation recommended by the Council.

(g) The Council shall report on the implementation of this section to the Secretary, the Governor, and the Environmental Review Commission no later than 1 October of each year. The report shall include a review of drought advisories issued by the Council and any recommendations to improve coordination among local, State, and federal agencies; public water systems; and water users to improve the management and mitigation of the harmful effects of drought."

SECTION 17. The State Water Infrastructure Commission, in consultation with the Department of Environment and Natural Resources, the School of Government at the University of North Carolina at Chapel Hill, the North Carolina Utilities Commission, the Public Staff of the North Carolina Utilities Commission, and the Local Government Commission, shall develop guidelines for water rate structures that are adequate to pay the cost of maintaining, repairing, and operating the system, including payment of principal and interest on indebtedness incurred for maintenance or improvement of the water system. The guidelines shall also consider the effect of water rates on water conservation and recommend rate structures that support water conservation. Copies of the guidelines shall be made available to the Department of Environment and Natural Resources, the North Carolina Utilities Commission, and to all local government water systems and large community water systems, as defined in

SECTION 18. The Department of Environment and Natural Resources shall develop recommendations, in consultation with the technical working group that consists of scientists from the University of North Carolina and industry experts, for water efficiency standards for water-using fixtures in residential and commercial building and in-ground irrigation systems. The Department shall also develop recommendations for efficient metering of water use by local government and large community water systems. The Department shall submit its recommendations to the Commissioner of Insurance, the Chair of the Building Code Council, and the Environmental Review Commission no later than January 1, 2009.

SECTION 19.(a) Article 1 of Chapter 47C of the General Statutes is amended by adding a new section to read: "§ 47C-3-122. Irrigation of landscaping. Notwithstanding any provision in any declaration of covenants, no requirement to irrigate landscaping shall be construed to:

(1) Require the irrigation of landscaping, during any period in which the U.S. Drought Monitor, as defined in G.S. 143-350, or the Secretary of Environment and Natural Resources has designated an area in which the association is located as an area of severe, extreme, or exceptional drought and the Governor, a State agency, or unit of local government has imposed water conservation measures applicable to the area unless:

   a. For covenants registered prior to October 1, 2008, the covenant specifically requires the irrigation of landscaping notwithstanding water conservation measures imposed by the Governor, a State agency, or unit of local government. The association may not fine or otherwise penalize an owner of land for violation of an irrigation requirement during a period of drought as designated under this subdivision, unless the covenant specifically authorizes fines or other penalties.

   b. For covenants registered on or after October 1, 2008, the covenant must specifically state that any requirement to irrigate landscaping is suspended to the extent the requirement would otherwise be prohibited during any period in which the Governor, a State agency, or unit of local government has imposed water conservation measures. The association may not fine or otherwise penalize an owner of land for violation of an irrigation requirement during a drought designated under this subdivision, unless the covenant authorizes the fines or other penalties. This authorization must be written on the first page of the covenant in print that is in boldface type, capital letters, and no smaller than the largest print used elsewhere in the declarations of covenants.

(2) For purposes of this section, the term "landscaping" includes lawns, trees, shrubbery, and other ornamental or decorative plants."

SECTION 19.(b) Article 3 of Chapter 47F of the General Statutes is amended by adding a new section to read:
§ 47F-3-122. Irrigation of landscaping.

Notwithstanding any provision in any declaration of covenants, no requirement to irrigate landscaping shall be construed to:

(1) Require the irrigation of landscaping, during any period in which the U.S. Drought Monitor, as defined in G.S. 143-350, or the Secretary of Environment and Natural Resources has designated an area in which the association is located as an area of severe, extreme, or exceptional drought and the Governor, a State agency, or unit of local government has imposed water conservation measures applicable to the area unless:

   a. For declarations of covenants registered prior to October 1, 2008, the covenant specifically requires the irrigation of landscaping notwithstanding water conservation measures imposed by the Governor, a State agency, or unit of local government. The association may not fine or otherwise penalize an owner of land for violation of an irrigation requirement during a period of a drought as designated under this subdivision, unless the covenant specifically authorizes fines or other penalties.

   b. For covenants registered on or after October 1, 2008, the covenant must specifically state that any requirement to irrigate landscaping is suspended to the extent the requirement would otherwise be prohibited during any period in which the Governor, a State agency, or unit of local government has imposed water conservation measures. The association may not fine or otherwise penalize an owner of land for violation of an irrigation requirement during a drought designated under this subdivision, unless the covenant authorizes the fines or other penalties. This authorization must be written on the first page of the covenant in print that is in boldface type, capital letters, and no smaller than the largest print used elsewhere in the declarations of covenants.

(2) For purposes of this section, the term "landscaping" includes lawns, trees, shrubbery, and other ornamental or decorative plants.

SECTION 20. Nothing in this act shall be construed to expand or limit the authority of a unit of government or public water supply system to regulate water use from a well located outside of its jurisdiction, a well not connected to its water system, or any other private well.

SECTION 21. Sections 3, 4, 5, 6, 7, 8, 10, 12, 13, 14, 15, 16, 17, 18, 20, and 21 of this act are effective when this act becomes law. Water Shortage Response Plans revised to comply with G.S. 143-355.2, as enacted by Section 5 of this act, shall be submitted no later than 1 July 2009. Subsection (c) of Section 14 of this act expires when rules adopted pursuant to subsection (b) of Section 14 of this act become effective. Sections 1, 2, and 19 of this act become effective 1 October 2008. Section 11 of this act becomes effective 1 December 2008 and applies to offenses committed on or after that date. Section 9 of this act becomes effective 1 July 2009.

Became law upon approval of the Governor at 11:11 a.m. on the 31st day of July, 2008.

Session Law 2008-144  S.B. 1852

AN ACT TO RESOLVE PROBLEMS WITH APPLYING PROPERTY TAX TO HEAVY EQUIPMENT RENTED ON A SHORT-TERM BASIS BY REPLACING THE PROPERTY TAX ON THIS EQUIPMENT WITH A TAX ON THE GROSS RECEIPTS FROM RENTING THE EQUIPMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-275 is amended by adding a new subdivision to read:

"§ 105-275. Property classified and excluded from the tax base.

The following classes of property are hereby designated special classes under authority of Article V, Sec. 2(2), of the North Carolina Constitution and shall not be listed, appraised, assessed, or taxed:

... (42a) Heavy equipment on which a gross receipts tax may be imposed under G.S. 153A-156.1 and G.S. 160A-215.2."

SECTION 2. Article 7 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"§ 153A-156.1. Heavy equipment gross receipts tax in lieu of property tax.

(a) Definitions. – The following definitions apply in this section:
(1) Heavy equipment. – Earthmoving, construction, or industrial equipment that is mobile, weighs at least 1,500 pounds, and meets any of the descriptions listed in this subdivision. The term includes an attachment for heavy equipment, regardless of the weight of the attachment.

The heavy equipment subject to this tax is exempt from property tax under G.S. 105-275, and this tax provides an alternative to a property tax on the equipment. A person is not considered to be in the short-term lease or rental business if the majority of the person's lease and rental gross receipts are derived from leases and rentals to a person who is a related person under G.S. 105-163.010.

The tax authorized by this section applies to gross receipts that are subject to tax under G.S. 105-164.4(a)(2). Gross receipts from the short-term lease or rental of heavy equipment are subject to a tax imposed by a county under this section if the place of business from which the heavy equipment is delivered is located in the county.
(c) Payment. – A person whose principal business is the short-term lease or rental of heavy equipment is required to remit a tax imposed by this section to the county finance officer. The tax is payable quarterly and is due by the last day of the
month following the end of the quarter. The tax is intended to be added to the amount charged for the short-term lease or rental of heavy equipment and paid to the heavy equipment business by the person to whom the heavy equipment is leased or rented.

(d) Enforcement. — The penalties and collection remedies that apply to the payment of sales and use taxes under Article 5 of Chapter 105 of the General Statutes apply to a tax imposed under this section. The county finance officer has the same authority as the Secretary of Revenue in imposing these penalties and remedies.

(e) Effective Date. — A tax imposed under this section becomes effective on the date set in the resolution imposing the tax. The date must be the first day of a calendar quarter and may not be sooner than the first day of the calendar quarter that begins at least two months after the date the resolution is adopted.

(f) Repeal. — A county may, by resolution, repeal a tax imposed under this section. The repeal is effective on the date set in the resolution. The date must be the first day of a calendar quarter and may not be sooner than the first day of the calendar quarter that begins at least two months after the date the resolution is adopted.

SECTION 3. Article 9 of Chapter 160A of the General Statutes is amended by adding a new section to read:

(a) Definitions. — The following definitions apply in this section:

(1) Heavy equipment. — Defined in G.S. 153A-156.1.

(2) Short-term lease or rental. — Defined in G.S. 105-187.1.

(b) Tax Authorized. — A city may, by resolution, impose a tax at the rate of eight tenths percent (0.8%) on the gross receipts from the short-term lease or rental of heavy equipment by a person whose principal business is the short-term lease or rental of heavy equipment at retail. The heavy equipment subject to this tax is exempt from property tax under G.S. 105-275, and this tax provides an alternative to a property tax on the equipment. A person is not considered to be in the short-term lease or rental business if the majority of the person's lease and rental gross receipts are derived from leases and rentals to a person who is a related person under G.S. 105-163.010.

The tax authorized by this section applies to gross receipts that are subject to tax under G.S. 105-164.4(a)(2). Gross receipts from the short-term lease or rental of heavy equipment are subject to a tax imposed by a city under this section if the place of business from which the heavy equipment is delivered is located in the city.

(c) Payment. — A person whose principal business is the short-term lease or rental of heavy equipment is required to remit a tax imposed by this section to the city finance officer. The tax is payable quarterly and is due by the last day of the month following the end of the quarter. The tax is intended to be added to the amount charged for the short-term lease or rental of heavy equipment and paid to the heavy equipment business by the person to whom the heavy equipment is leased or rented.

(d) Enforcement. — The penalties and collection remedies that apply to the payment of sales and use taxes under Article 5 of Chapter 105 of the General Statutes apply to a tax imposed under this section. The city finance officer has the same authority as the Secretary of Revenue in imposing these penalties and remedies.

(e) Effective Date. — A tax imposed under this section becomes effective on the date set in the resolution imposing the tax. The date must be the first day of a calendar quarter and may not be sooner than the first day of the calendar quarter that begins at least two months after the date the resolution is adopted.

(f) Repeal. — A city may, by resolution, repeal a tax imposed under this section. The repeal is effective on the date set in the resolution. The date must be the first day of
a calendar quarter and may not be sooner than the first day of the calendar quarter that begins at least two months after the date the resolution is adopted."

(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

(5d) To provide the following information to a county or city on an annual basis, when the county or city needs the information for the administration of its local prepared food and beverages tax or room occupancy tax, room occupancy tax, vehicle rental tax, or heavy equipment rental tax:
   a. The name, address, and identification number of retailers who collect the sales and use taxes imposed under Article 5 of this Chapter and may be engaged in a business subject to a local prepared food and beverages tax or room occupancy tax, one or more of these local taxes.
   b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the sales and use taxes imposed under Article 5 of this Chapter, when the Department determines that the audit results may be of interest to the county or city in the administration of its local prepared food and beverages tax or room occupancy tax, one or more of these local taxes.

SECTION 5. Section 1 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 2009. The remainder of this act is effective when it becomes law. A tax imposed under G.S. 153A-156.1 or G.S. 160A-215.2, as enacted by this act, may not become effective before January 1, 2009.

(b) General Assembly special police officers may arrest persons outside the areas described in subsection (a) of this section when the person arrested has committed a criminal offense within any of the areas, for which the officer could have arrested the person within that area, and the arrest is made during such person's immediate and continuous flight from that area.

(c) The General Assembly special police officers have the exclusive authority and responsibility for enforcing the parking rules of the Legislative Services Commission.

The General Assembly of North Carolina enacts:

PART I: REAPPRAISAL SCHEDULE

SECTION 1.1. G.S. 105-286 reads as rewritten:

"§ 105-286. Time for general reappraisal of real property.

(a) Octennial Plan. – Unless the date shall be advanced as provided in subdivision (a)(2), below, each county of the State, as of January 1 of the year prescribed in the schedule set out in subdivision (a)(1), below, and every eighth year thereafter, shall reappraise all real property in accordance with the provisions of G.S. 105-283 and 105-317.

Octennial Cycle. – Each county must reappraise all real property in accordance with the provisions of G.S. 105-283 and 105-317. Each county is required to advance the date under subdivision (2) of this section or choose to advance the date under subdivision (3) of this section.

(1) Schedule of Initial Reappraisals.

Division Two – 1973: Caldwell, Carteret, Columbus, Currituck, Davidson, Gaston, Greene, Hyde, Lenoir, Madison, Orange, Pamlico, Pitt, Richmond, Swain, Transylvania, and Washington. Division Three
Division Seven – 1978: Alexander, Anson, Beaufort, Clay, Craven, Davie, Duplin, and Granville.
Division Eight – 1979: Burke, Chatham, Graham, Hertford, Johnston, McDowell, Mecklenburg, Moore, Pender, Rockingham, Sampson, Scotland, Watauga, and Wayne.

(2) Advancing Scheduled Octennial Reappraisal. – Any county desiring to conduct a reappraisal of real property earlier than required by this subsection (a) may do so upon adoption by the board of county commissioners of a resolution so providing. A copy of any such resolution shall be forwarded promptly to the Department of Revenue.

If the scheduled date for reappraisal for any county is advanced as provided herein, real property in that county shall thereafter be reappraised every eighth year following the advanced date unless, in accordance with the provisions of this subdivision (a)(2), an earlier date shall be adopted by resolution of the board of county commissioners, in which event a new schedule of octennial reapraisals shall thereby be established for that county.

Mandatory Advancement. – A county whose population is 75,000 or greater according to the most recent annual population estimates certified to the Secretary by the State Budget Officer must conduct a reappraisal of real property when the county's sales assessment ratio determined under G.S. 105-289(h) is less than .85 or greater than 1.15, as indicated on the notice the county receives under G.S. 105-284. A reappraisal required under this subdivision must become effective no later than January 1 of the earlier of the following years:

a. The third year following the year the county received the notice.
b. The eighth year following the year of the county's last reappraisal.

(3) Optional Advancement. – A county may conduct a reappraisal of real property earlier than required by subdivision (1) or (2) of this section if the board of county commissioners adopts a resolution providing for advancement of the reappraisal. The resolution must designate the effective date of the advanced reappraisal and may designate a new reappraisal cycle that is more frequent than the octennial cycle set in subdivision (1) of this section. The board of county commissioners must promptly forward a copy of the resolution adopted under this subdivision to the Department of Revenue. A more frequent reappraisal cycle designated in a resolution adopted under this subdivision continues in effect after a mandatory reappraisal required under subdivision (2) of this section unless the board of county
commissioners adopts another resolution that designates a different date for the county's next reappraisal.

(b) Fourth Year Horizontal Adjustments. — As of January 1 of the fourth year following a reappraisal of real property conducted under the provisions of subsection (a), above, each county shall review the appraised values of all real property and determine whether changes should be made to bring those values into line with then current true value. If it is determined that the appraised value of all real property or of defined types or categories of real property require such adjustment, the assessor shall revise the values accordingly by horizontal adjustments rather than by actual appraisal of individual properties: That is, by uniform application of percentages of increase or reduction to the appraised values of properties within defined types or categories or within defined geographic areas of the county.

(c) Value to Be Assigned Real Property When Not Subject to Appraisal. — In years in which real property within a county is not subject to appraisal or reappraisal under subsections (a) or (b), above, or under G.S. 105-287, it shall be listed at the value assigned when last appraised under this section or under G.S. 105-287."

SECTION 1.2. G.S. 105-287 reads as rewritten:

"§ 105-287. Changing appraised value of real property in years in which general reappraisal or horizontal adjustment is not made.

(a) In a year in which a general reappraisal or horizontal adjustment of real property in the county is not made under G.S. 105-286, the property shall be listed at the value assigned when last appraised unless the value is changed in accordance with this section. The assessor shall increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in the property's value resulting from one or more of the reasons listed in this subsection. The reason necessitating a change in the property's value need not be under the control of or at the request of the owner of the affected property following reasons:

(1) Correct a clerical or mathematical error.

(2) Correct an appraisal error resulting from a misapplication of the schedules, standards, and rules used in the county's most recent general reappraisal or horizontal adjustment

(2a) Recognize an increase or decrease in the value of the property resulting from a conservation or preservation agreement subject to Article 4 of Chapter 121 of the General Statutes, the Conservation and Historic Preservation Agreements Act.

(2b) Recognize an increase or decrease in the value of the property resulting from a physical change to the land or to the improvements on the land, other than a change listed in subsection (b) of this section.

(2c) Recognize an increase or decrease in the value of the property resulting from a change in the legally permitted use of the property.

(3) Recognize an increase or decrease in the value of the property resulting from a factor other than one listed in subsection (b).

(b) In a year in which a general reappraisal or horizontal adjustment of real property in the county is not made, the assessor may not increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in value caused by:

(1) Normal, physical depreciation of improvements;

(2) Inflation, deflation, or other economic changes affecting the county in general; or
(3) Betterments to the property made by:
   a. Repainting buildings or other structures;
   b. Terracing or other methods of soil conservation;
   c. Landscape gardening;
   d. Protecting forests against fire; or
   e. Impounding water on marshland for non-commercial purposes to preserve or enhance the natural habitat of wildlife.

(c) An increase or decrease in the appraised value of real property authorized by this section shall be made in accordance with the schedules, standards, and rules used in the county's most recent general reappraisal or horizontal adjustment reappraisal. An increase or decrease in appraised value made under this section is effective as of January 1 of the year in which it is made and is not retroactive. The reason for an increase or decrease in appraised value made under this section need not be under the control of or at the request of the owner of the affected property. This section does not modify or restrict the provisions of G.S. 105-312 concerning the appraisal of discovered property.

(d) Notwithstanding subsection (a), if a tract of land has been subdivided into lots and more than five acres of the tract remain unsold by the owner of the tract, the assessor may appraise the unsold portion as land acreage rather than as lots. A tract is considered subdivided into lots when the lots are located on streets laid out and open for travel and the lots have been sold or offered for sale as lots since the last appraisal of the property."

SECTION 1.3. G.S. 153A-150 reads as rewritten:

"§ 153A-150. Reserve for octennial reappraisal.

Before the beginning of the fiscal year immediately following the effective date of an octennial reappraisal of real property conducted as required by G.S. 105-286, the county budget officer shall present to the board of commissioners an eight-year budget for financing the cost of the next octennial reappraisal. The budget shall estimate the cost of the reappraisal and shall propose a plan for raising the necessary funds in eight annual installments during the next fiscal years intervening years between reappraisals, with all installments as nearly uniform as practicable. The board shall consider this budget, making any amendments to the budget it deems advisable, and shall adopt a resolution establishing a special reserve fund for the next octennial reappraisal. In the budget ordinance of the first fiscal year of the plan, the board of commissioners shall appropriate to the special reappraisal reserve fund the amount set out in the plan for the first year's installment. When the county budget for each succeeding fiscal year is in preparation, the board shall review the eight-year reappraisal budget with the budget officer and shall amend it, if necessary, so that it will reflect the probable cost at that time of the reappraisal and will produce the necessary funds at the end of the eight-year intervening period. In the budget ordinance for each succeeding fiscal year, the board shall appropriate to the special reappraisal reserve fund the amount set out in the plan as due in that year.

Moneys appropriated to the special reappraisal reserve fund shall not be available or expended for any purpose other than the reappraisal of real property required by G.S. 105-286, except that the funds may be deposited at interest or invested as permitted by G.S. 159-30. If there is a fund balance in the reserve fund following payment for the required reappraisal, it shall be retained in the fund for use in financing the next required reappraisal.
Within 10 days after the adoption of each annual budget ordinance, the county finance officer shall report to the Department of Revenue, on forms to be supplied by the Department, the terms of the county's eight-year reappraisal budget, the current condition of the special reappraisal reserve fund, and the amount appropriated to the reserve fund in the current fiscal year."

SECTION 1.4. This section becomes effective July 1, 2009, and mandatory advancements in G.S. 105-286(a)(2), as amended by this section, apply to notices sent under G.S. 105-284(c) on or after that date.

PART II: PRESENT-USE VALUE PROPERTY CHANGES

SECTION 2.1. G.S. 105-277.2 reads as rewritten:

The following definitions apply in G.S. 105-277.3 through G.S. 105-277.7:

(1) Agricultural land. – Land that is a part of a farm unit that is actively engaged in the commercial production or growing of crops, plants, or animals under a sound management program. Agricultural land includes woodland and wasteland that is a part of the farm unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A farm unit may consist of more than one tract of agricultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(1), and each tract must be under a sound management program. If the agricultural land includes less than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent agricultural land, protect water quality of adjacent agricultural land, or serve as buffers for adjacent livestock or poultry operations.

(1a) Business entity. – A corporation, a general partnership, a limited partnership, or a limited liability company.

(2) Forestland. – Land that is a part of a forest unit that is actively engaged in the commercial growing of trees under a sound management program. Forestland includes wasteland that is a part of the forest unit, but the wasteland included in the unit must be appraised under the use-value schedules as wasteland. A forest unit may consist of more than one tract of forestland, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(3), and each tract must be under a sound management program.

(3) Horticultural land. – Land that is a part of a horticultural unit that is actively engaged in the commercial production or growing of fruits or vegetables or nursery or floral products under a sound management program. Horticultural land includes woodland and wasteland that is a part of the horticultural unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A horticultural unit may consist of more than one tract of horticultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(2), and each tract must be under a sound management program. If the horticultural land includes less
than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent horticultural land or protect water quality of adjacent horticultural land. Land used to grow horticultural and agricultural crops on a rotating basis or where the horticultural crop is set out or planted and harvested within one growing season, may be treated as agricultural land as described in subdivision (1) of this section when there is determined to be no significant difference in the cash rental rates for the land.

(4) Individually owned. – Owned by one of the following:

a. A natural person. For the purpose of this section, a natural person who is an income beneficiary of a trust that owns land may elect to treat the person's beneficial share of the land as owned by that person. If the person's beneficial interest is not an identifiable share of land but can be established as a proportional interest in the trust income, the person's beneficial share of land is a percentage of the land owned by the trust that corresponds to the beneficiary's proportional interest in the trust income. For the purpose of this section, a natural person who is a member of a business entity, other than a corporation, that owns land may elect to treat the person's share of the land as owned by that person. The person's share is a percentage of the land owned by the business entity that corresponds to the person's percentage of ownership in the entity. An individual.

b. A business entity having as its principal business one of the activities described in subdivisions (1), (2), and (3) and whose members are all natural persons who meet one or more of the conditions listed in this sub-subdivision. For the purpose of this sub-subdivision, the terms "having as its principal business" and "actively engaged in the business of the entity" include the leasing of the land for one of the activities described in subdivisions (1), (2), and (3) only if all members of the business entity are relatives.

1. The member is actively engaged in the business of the entity.
2. The member is a relative of a member who is actively engaged in the business of the entity.
3. The member is a relative of, and inherited the membership interest from, a decedent who met one or both of the preceding conditions after the land qualified for classification in the hands of the business entity that meets all of the following conditions:

1. Its principal business is farming agricultural land, horticultural land, or forestland.
2. All of its members are, directly or indirectly, individuals who are actively engaged in farming agricultural land, horticultural land, or forestland or a relative of one of the
individuals who is actively engaged. An individual is indirectly a member of a business entity that owns the land if the individual is a member of a business entity or a beneficiary of a trust that is part of the ownership structure of the business entity that owns the land.

3. It is not a corporation whose shares are publicly traded, and none of its members are corporations whose shares are publicly traded.

4. If it leases the land, all of its members are individuals and are relatives. Under this condition, 'principal business' and 'actively engaged' include leasing.

c. A trust that was created by a natural person who transferred the land to the trust and each of whose beneficiaries who is currently entitled to receive income or principal meets one of the following conditions:

1. Is the creator of the trust or the creator's relative. It was created by an individual who owned the land and transferred the land to the trust.

2. Is a second trust whose beneficiaries who are currently entitled to receive income or principal are all either the creator of the first trust or the creator's relatives. All of its beneficiaries are, directly or indirectly, individuals who are the creator of the trust or a relative of the creator. An individual is indirectly a beneficiary of a trust that owns the land if the individual is a beneficiary of another trust or a member of a business entity that has a beneficial interest in the trust that owns the land.

d. A testamentary trust that meets all of the following conditions:

1. It was created by a natural person who transferred to the trust land that qualified in that person's hands for classification under G.S. 105-277.3.

2. At the time date of the creator's death, the creator had no relatives as defined in this section as of the date of death, relatives.

3. The trust income, less reasonable administrative expenses, is used exclusively for educational, scientific, literary, cultural, charitable, or religious purposes as defined in G.S. 105-278.3(d).

e. Tenants in common, if each tenant is either a natural person or a business entity described in sub-subdivision b. of this subdivision, would qualify as an owner if the tenant were the sole owner. Tenants in common may elect to treat their individual shares as owned by them individually in accordance with G.S. 105-302(c)(9). The ownership requirements of G.S. 105-277.3(b) apply to each tenant in common who is a natural person, an individual, and the ownership requirements of G.S. 105-277.3(b1) apply to each tenant in common who is a business entity, entity or a trust.
(4a) Member. – A shareholder of a corporation, a partner of a general or limited partnership, or a member of a limited liability company.

(5) Present-use value. – The value of land in its current use as agricultural land, horticultural land, or forestland, based solely on its ability to produce income and assuming an average level of management. A rate of nine percent (9%) shall be used to capitalize the expected net income of forestland. The capitalization rate for agricultural land and horticultural land is to be determined by the Use-Value Advisory Board as provided in G.S. 105-277.7.

(5a) Relative. – Any of the following:
   a. A spouse or the spouse's lineal ancestor or descendant.
   b. A lineal ancestor or a lineal descendant.
   c. A brother or sister, or the lineal descendant of a brother or sister. For the purposes of this sub-division, the term brother or sister includes stepbrother or stepsister.
   d. An aunt or an uncle.
   e. A spouse of a person listed in paragraphs a. through d. For the purpose of this subdivision, an adoptive or adopted relative is a relative and the term "spouse" includes a surviving spouse.

(6) Sound management program. – A program of production designed to obtain the greatest net return from the land consistent with its conservation and long-term improvement.

(7) Unit. – One or more tracts of agricultural land, horticultural land, or forestland. Multiple tracts must be under the same ownership and be of the same type of classification. If the multiple tracts are located within different counties, they must be within 50 miles of a tract qualifying under G.S. 105-277.3(a).

SECTION 2.2. G.S. 105-277.3 reads as rewritten:

SECTION 2.2. G.S. 105-277.3 reads as rewritten:

"§ 105-277.3. Agricultural, horticultural, and forestland – Classifications.

(a) Classes Defined. – The following classes of property are designated special classes of property under authority of Section 2(2) of Article V of the North Carolina Constitution and must be appraised, assessed, and taxed as provided in G.S. 105-277.2 through G.S. 105-277.7.

(1) Agricultural land. – Individually owned agricultural land consisting of one or more tracts, one of which satisfies the requirements of this subdivision. For agricultural land used as a farm for aquatic species, as defined in G.S. 106-758, the tract must meet the income requirement for agricultural land and must consist of at least five acres in actual production or produce at least 20,000 pounds of aquatic species for commercial sale annually, regardless of acreage. For all other agricultural land, the tract must meet the income requirement for agricultural land and must consist of at least 10 acres that are in actual production. Land in actual production includes land under improvements used in the commercial production or growing of crops, plants, or animals.

To meet the income requirement, agricultural land must, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have produced an average gross income of at
least one thousand dollars ($1,000). Gross income includes income from the sale of the agricultural products produced from the land, any payments received under a governmental soil conservation or land retirement program, and the amount paid to the taxpayer during the taxable year pursuant to P.L. 108-357, Title VI, Fair and Equitable Tobacco Reform Act of 2004.

(2) Horticultural land. – Individually owned horticultural land consisting of one or more tracts, one of which consists of at least five acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have met the applicable minimum gross income requirement. Land in actual production includes land under improvements used in the commercial production or growing of fruits or vegetables or nursery or floral products. Land that has been used to produce evergreens intended for use as Christmas trees must have met the minimum gross income requirements established by the Department of Revenue for the land. All other horticultural land must have produced an average gross income of at least one thousand dollars ($1,000). Gross income includes income from the sale of the horticultural products produced from the land and any payments received under a governmental soil conservation or land retirement program.

(3) Forestland. – Individually owned forestland consisting of one or more tracts, one of which consists of at least 20 acres that are in actual production and are not included in a farm unit.

(b) Natural Person Ownership Requirements. – In order to come within a classification described in subsection (a) of this section, the land must, if owned by a natural person, also satisfy one of the following conditions:

(1) It is the owner's place of residence.

(2) It has been owned by the current owner or a relative of the current owner for the four years preceding January 1 of the year for which the benefit of this section is claimed.

(3) At the time of transfer to the current owner, it qualified for classification in the hands of a business entity or trust that transferred the land to the current owner who was a member of the business entity or a beneficiary of the trust, as appropriate.

(b1) Entity Ownership Requirements. – In order to come within a classification described in subsection (a) of this section, the land must, if owned by a business entity or trust, have been owned by the business entity or trust or by one or more of its members or creators, respectively, for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed.

(b2) Exception to Ownership Requirements. – Notwithstanding the provisions of subsections (b) and (b1) of this section, land may qualify for classification in the hands of the new owner if all of the conditions listed in either subdivision of this subsection are met, even if the new owner does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the land.

(1) Exception for assumption of deferred liability. Continued use. – If the land qualifies for classification in the hands of the new owner under the provisions of this subdivision, then any deferred taxes remain a lien on the land under G.S. 105-277.4(c), the new owner becomes
liable for the deferred taxes, and the deferred taxes become payable if the land fails to meet any other condition or requirement for classification. Land qualifies for classification in the hands of the new owner if all of the following conditions are met:

a. The land was appraised at its present use value at the time title to the land passed to the new owner.

b. At the time title to the land passed to the new owner, the new owner acquires the land for the purposes for which it was classified under subsection (a) of this section while under previous ownership.

c. The new owner has timely filed an application as required by G.S. 105-277.4(a) and has certified that the new owner accepts liability for any deferred taxes and intends to continue the present use of the land.

(2) Exception for expansion of existing unit. – If deferred liability is not assumed under subdivision (1) of this subsection, the land qualifies for classification in the hands of the new owner if, at the time title passed to the new owner, the land was not appraised at its present-use value but was being used for the same purpose and was eligible for appraisal at its present-use value as other land already owned by the new owner and classified under subsection (a) of this section. The new owner must timely file an application as required by G.S. 105-277.4(a).

(c) Repealed by Session Laws 1995, c. 454, s. 2.

(d) Exception for Conservation Reserve Program. – Land enrolled in the federal Conservation Reserve Program authorized by 16 U.S.C. Chapter 58 is considered to be in actual production, and income derived from participation in the federal Conservation Reserve Program may be used in meeting the minimum gross income requirements of this section either separately or in combination with income from actual production. Land enrolled in the federal Conservation Reserve Program must be assessed as agricultural land if it is planted in vegetation other than trees, or as forestland if it is planted in trees.

(d1) Exception for Easements on Qualified Conservation Lands Previously Appraised at Use Value. – Property that is appraised at its present-use value under G.S. 105-277.4(c) shall continue to qualify for appraisal, assessment, and taxation as provided in G.S. 105-277.2 through G.S. 105-277.7 as long as the property is subject to an enforceable conservation easement that would qualify for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12, without regard to actual production or income requirements of this section. Notwithstanding G.S. 105-277.3(b) and (b1), subsequent transfer of the property does not extinguish its present-use value eligibility as long as the property remains subject to an enforceable conservation easement that qualifies for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12. The exception provided in this subsection applies only to that part of the property that is subject to the easement.

(e) Exception for Turkey Disease. – Agricultural land that meets all of the following conditions is considered to be in actual production and to meet the minimum gross income requirements:
(1) The land was in actual production in turkey growing within the preceding two years and qualified for present use value treatment while it was in actual production.

(2) The land was taken out of actual production in turkey growing solely for health and safety considerations due to the presence of Poult Enteritis Mortality Syndrome among turkeys in the same county or a neighboring county.

(3) The land is otherwise eligible for present use value treatment.

(f) Sound Management Program for Agricultural Land and Horticultural Land. – If the property owner demonstrates any one of the following factors with respect to agricultural land or horticultural land, then the land is operated under a sound management program:

(1) Enrollment in and compliance with an agency-administered and approved farm management plan.

(2) Compliance with a set of best management practices.

(3) Compliance with a minimum gross income per acre test.

(4) Evidence of net income from the farm operation.

(5) Evidence that farming is the farm operator's principal source of income.

(6) Certification by a recognized agricultural or horticultural agency within the county that the land is operated under a sound management program.

Operation under a sound management program may also be demonstrated by evidence of other similar factors. As long as a farm operator meets the sound management requirements, it is irrelevant whether the property owner received income or rent from the farm operator.

(g) Sound Management Program for Forestland. – If the owner of forestland demonstrates that the forestland complies with a written sound forest management plan for the production and sale of forest products, then the forestland is operated under a sound management program.

The assessor must use the income approach as the method of valuation for property classified under this section and must take rent restrictions that apply to the property into consideration in determining the income attributable to the property. TO PROVIDE FOR A TEMPORARY INCREASE IN THE CAP ON AMOUNTS COMMITTED UNDER THE JOB DEVELOPMENT INVESTMENT GRANT PROGRAM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143B-437.08(h) reads as rewritten:

"(h) Exception for Certain Multijurisdictional Industrial Parks. – An eligible industrial park created by interlocal agreement under G.S. 158-7.4, and parcels of land located within the industrial park that are subsequently transferred and used for industrial or commercial purposes authorized for cities and counties under G.S. 158-7.1, has have the lowest development tier designation of the designations of the counties in which they are located if all of the following conditions are satisfied:

1. The industrial park is located, at one or more sites, in three or more contiguous counties.
2. At least one of the counties in which the industrial park is located is a development tier one area.
3. The industrial park is owned by three or more units of local government or a nonprofit corporation owned or controlled by three or more units of local government.
4. In each county in which the industrial park is located, the park has at least 250 developable acres. A transfer of acreage that reduces the number of developable acres below 250 developable acres in a county does not affect an industrial park's eligibility under this subsection if the transfer is to an owner who uses or develops the acreage for industrial or commercial purposes authorized for cities and counties under G.S. 158-7.1. For the purposes of this subdivision, "developable acres" includes acreage that is owned directly by the industrial park or its owners or that is the subject of a development agreement between the industrial park or its owners and a third-party owner.
5. The total population of all of the counties in which the industrial park is located is less than 200,000.
6. In each county in which the industrial park is located, at least sixteen and eight-tenths percent (16.8%) of the population was Medicaid eligible for the 2003-2004 fiscal year based on 2003 population estimates."

SECTION 2. Notwithstanding G.S. 143B-437.52(c), the maximum amount of total annual liability for grants for agreements entered into in calendar year 2008 under the Job Development Investment Grant Program, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed twenty-five million dollars ($25,000,000).

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 18th day of July, 2008.

Became law upon approval of the Governor at 8:19 p.m. on the 2nd day of August, 2008.
AN ACT TO CLARIFY THE DISTRIBUTION OF SUPPLEMENTAL PEG SUPPORT FUNDING AND TO CLARIFY THAT THE SERVICE AREA OF A CITY INCLUDES ANY AREA SUBSEQUENTLY ANNEXED BY THAT CITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.44I(b) reads as rewritten:

"(b) Supplemental PEG Channel Support. – G.S. 105-164.44J sets out the requirements for receipt by a county or city of supplemental PEG channel support funds distributed under this subsection. The Secretary must include the applicable amount of supplemental PEG channel support in each quarterly distribution to a county or city. The amount to include is one-fourth of twenty-five thousand dollars ($25,000) for each qualifying PEG channel operated certified by the county or city under G.S. 105-164.44J. A county or city may not receive PEG channel support under this subsection for more than three qualifying PEG channels.

The amount of money distributed under this subsection may not exceed two million dollars ($2,000,000) in a fiscal year, plus the amount of any funds returned to the Secretary in the prior fiscal year under G.S. 105-164.44J(d). If the amount to be distributed for qualifying PEG channels in a fiscal year would otherwise exceed this maximum amount, the Secretary must proportionately reduce the applicable amount distributable for each PEG channel. If the amount to be distributed for qualifying PEG channels in a fiscal year is less than two million dollars ($2,000,000), this maximum amount, the Secretary must credit the excess amount to the PEG Channel Fund established in G.S. 66-359. For purposes of this subsection, the term 'qualifying PEG channel' has the same meaning as in G.S. 105-164.44J.

A county or city must certify to the Secretary by July 15 of each year the number of qualifying PEG channels it operates. A qualifying PEG channel is one that meets the programming requirements under G.S. 66-357(d). A county or city may not receive PEG channel support under this subsection for more than three qualifying PEG channels.

The amount included under this subsection in a distribution to a county or city is intended to supplement the PEG channel support available in the amount distributed under this section. The money distributed to a county or city under this subsection must be used by it for the operation and support of PEG channels. For purposes of this subsection, the term "PEG channel" has the same meaning as in G.S. 66-350."

SECTION 2. G.S. 105-164.44I(e) reads as rewritten:

"(e) Use of Proceeds. – A county or city that imposed subscriber fees during the first six months of the 2006-2007 fiscal year must use a portion of the funds distributed to it each fiscal year under subsections (c) and (d) of this section for the operation and support of PEG channels. The amount of funds that must be used for PEG channel operation and support in fiscal year 2006-2007 is two times the amount of subscriber fee revenue the county or city certified to the Secretary that it imposed during the first six months of the 2006-2007 fiscal year. The amount of funds that must be used for PEG channel operation and support in subsequent fiscal years is the same proportionate amount of the funds that were distributed under subsections (c) and (d) of this section and used for this purpose in fiscal year 2006-2007.

A county or city that used part of its franchise tax revenue in fiscal year 2005-2006 for the operation and support of PEG channels or a publicly owned and operated
television station must use the funds distributed to it under subsections (c) and (d) of this section to continue the same level of support for the PEG channels and public stations. The remainder of the distribution may be used for any public purpose."

SECTION 3. Part 8 of Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-164.44J. Supplemental PEG channel support.

(b) Certification. – A county or city must certify to the Secretary by July 15 of each year all of the qualifying PEG channels provided for its use during the preceding fiscal year by a cable service provider under either G.S. 66-357 or an existing agreement. The certification must include all of the following:

(1) An identification of each channel as a public, an education, or a government channel.

(2) The name and signature of the PEG channel operator for each channel. If a qualifying PEG channel has more than one PEG channel operator, the county or city must include the name of each operator of the PEG channel. A PEG channel operator may be included on the certification of only one county or city for each type of PEG channel that it operates.

(3) Any other information required by the Secretary.

(c) Use of Funds. – A county or city must use the supplemental PEG channel support funds distributed to it for the operation and support of each of the qualifying PEG channels it certifies by allocating the amount it receives equally among each of the qualifying PEG channels. A county or city must distribute the supplemental PEG channel support funds to the PEG channel operator of the qualifying PEG channel within 30 days of its receipt of the supplemental PEG channel support funds from the Department, or as specified in an interlocal agreement. If a qualifying PEG channel has more than one PEG channel operator, the county or city must distribute the amount allocated for that PEG channel equally to each PEG channel operator, or as specified in an interlocal agreement.
(d) Errors in Certification. – If a county or city determines that it certified a PEG channel in error, the county or city must submit a revised certification to the Secretary, and the county or city must return all supplemental PEG channel support funds distributed to it as a result of the error. The Secretary must add the funds returned to the total amount of supplemental PEG channel support funds to be allocated in the following fiscal year."

SECTION 4. Notwithstanding G.S. 105-164.44J(b), as enacted by this act, certifications of qualifying PEG channels for use in distributing fiscal year 2008-2009 supplemental PEG channel support funds may be submitted to the Secretary on or before September 15, 2008. The distribution of supplemental PEG channel support funds made within 75 days after June 30, 2008, must be based on the qualifying PEG channel certification in effect for the prior distribution.

SECTION 5. G.S. 66-352(a) reads as rewritten:
"(a) Notice of Franchise. – A person who intends to provide cable service over a cable system in an area must file a notice of franchise with the Secretary before providing the service. A person who files a notice of franchise must pay a fee in the amount set in G.S. 57C-1-22 for filing articles of organization.

(3) A list of each county and city in which the described service area is located, in whole or in part.

(4) A schedule indicating when service is expected to be offered in the service area."

(3) Study other states' initiatives in election administration and campaign finance regulation to provide an ongoing commentary to the General Assembly on these initiatives and to make recommendations for implementing similar initiatives in North Carolina; and

(4) Study any other election matters that the Committee considers necessary to fulfill its mandate.

(b) The Committee may make interim reports to the General Assembly on matters for which it may report to a regular session of the General Assembly. A report to the General Assembly may contain any legislation needed to implement a recommendation of the Committee.

"§ 120-70.142. Organization of Committee.

SECTION 1.(b) Expenses of the Joint Legislative Elections Oversight Committee shall be paid out of funds appropriated to the General Assembly, with the approval of the Legislative Services Officer.

SECTION 1.(c) This section is effective when it becomes law.

SECTION 2.(a) G.S. 163-182.13(e) reads as rewritten:
"(e) Which Candidates to Be on Official Ballot. – All the candidates who were listed on the official ballot in the original election shall be listed in the same order on the official ballot for the new election, except in either of the following:

1. If a candidate dies or otherwise becomes ineligible between the time of the original election and the new election, that candidate may be replaced in the same manner as if the vacancy occurred before the original election.

2. If the election is for a multiseat office, and the irregularities could not have affected the election of one or more of the leading vote getters, candidates, the new election, upon agreement of at least four members of the State Board, may be held among only those remaining candidates whose election could have been affected by the irregularities."

SECTION 2.(b) This section is effective when it becomes law.

The selection of jurisdictions and administration of instant runoff voting shall follow the provisions of Section 1(a) of Session Law 2006-192, except that the local governing board that is the subject of the election must approve participation in the pilot and also must agree to cooperate with the county board of elections and the Board in the development and implementation of a plan to educate candidates and voters about how to use the runoff voting method. In a multiseat contest, the Board shall modify the method used for instant runoff voting in single-seat contests to apply its essential principles suitably to that election. In the case of a board of education election where the "local governing board" must be asked to authorize instant runoff voting because nonpartisan plurality elections are normally used, the "local governing board" is the board of education itself. If instant runoff voting is used in place of the nonpartisan election and runoff method as described in G.S. 163-293, the county board of elections, with the approval of the local governing board, may hold the election on the first Tuesday after the first Monday in November. The State Board of Elections, in consultation with the School of Government at the University of North Carolina, shall by January 1, 2009, develop for the pilot program authorized in this section goals, standards consistent with general election law, and criteria for implementation and evaluation. The pilot program shall be conducted according to those goals, standards, and criteria.

A decision to order a new election is considered a final decision for purposes of seeking review of the decision.

(b) Timing of Right of Appeal. – Except in the case of a general or special election to either house of the General Assembly or to an office established by Article
III of the Constitution, an aggrieved party has the right to appeal the final decision to the Superior Court of Wake County within 10 days of the date of service.

After the decision by the State Board of Elections has been served on the parties, the certification of nomination or election or the results of the referendum shall issue pursuant to G.S. 163-182.15 unless an appealing party obtains a stay of the certification from the Superior Court of Wake County within 10 days after the date of service. The court shall not issue a stay of certification unless the petitioner shows the court that the petitioner has appealed the decision of the State Board of Elections, that the petitioner is an aggrieved party, and that the petitioner is likely to prevail in the appeal.

If service is by mail or a designated delivery service, the additional time after service provided in Rule 6(e) of the North Carolina Rules of Civil Procedure shall apply to both the time for appeal and the time to obtain a stay under this subsection.

(c) Contests for General Assembly and Executive Branch Offices. – In the case of a general or special election to either house of the General Assembly or to an office established by Article III of the Constitution, an unsuccessful candidate has the right to appeal the final decision to the General Assembly in accordance with Article 3 of Chapter 120 and G.S. 163-182.13A, as appropriate.

After the decision by the State Board of Elections has been served on the parties, the certification of nomination or election shall issue pursuant to G.S. 163-182.15 unless a contest of the election is initiated pursuant to Article 3 of Chapter 120 or G.S. 163-182.13A, as appropriate.

SECTION 5. (b) G.S. 163-86 reads as rewritten:

"§ 163-86. Hearing on challenge.
(a) A challenge made under G.S. 163-85 shall be heard and decided before the date of the next primary or election, except that if the board finds that because of the number of challenges, it cannot hold all hearings before the date of the election, it may order the challenges to be heard and decided at the next time the challenged person appears and seeks to vote, as if the challenge had been filed under G.S. 163-87. Unless the hearing is ordered held under G.S. 163-87, it shall be heard and decided by the board of elections.

(b) At least 10 days prior to the hearing scheduled under G.S. 163-86(c), the board of elections shall mail by first-class mail, a written notice of the challenge to the challenged voter, to the address of the voter listed in the registration records of the county. A copy of the notice shall be sent to the person making the challenge and to the chairman of each political party in the county.

(c) At the time and place set for the hearing on a challenge entered prior to the date of a primary or election, the county board of elections shall explain to the challenged registrant the qualifications for registration and voting in this State.
board chairman, or in his absence the board secretary, shall then administer the following oath to the challenged registrant:

"You swear (or affirm) that the statements and information you shall give in this hearing with respect to your identity and qualifications to be registered and to vote shall be the truth, the whole truth, and nothing but the truth, so help you, God."

After swearing the challenged registrant, the board shall examine him as to his qualifications to be registered and to vote. If the challenged registrant insists that he is qualified, the board shall tender to him the following oath or affirmation:

"You do solemnly swear (or affirm) that you are a citizen of the United States; that you are at least 18 years of age or will become 18 by the date of the next general election; that you have or will have resided in this State and in the precinct for which registered for 30 days by the date of the next general primary or election; that you are not disqualified from voting by the Constitution or the laws of this State; that your name is _______ and that in such name you were duly registered as a voter of_______ precinct; and that you are the person you represent yourself to be, so help you, God."

If the challenged registrant refuses to take the tendered oath, or submit to the board the affidavit required by subsection (d), below, the challenge shall be sustained. If the challenged registrant takes the tendered oath, the board may, nevertheless, sustain the challenge if it finds the challenged registrant is not a legal voter.

a. Is controlled by a candidate;

b. Is a political party or executive committee of a political party or is controlled by a political party or executive committee of a political party;

c. Is created by a corporation, business entity, insurance company, labor union, or professional association pursuant to G.S. 163-278.19(b); or

d. Has as the major purpose to support or oppose the nomination or election of one or more clearly identified candidates.

Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party.

If the entity qualifies as a "political committee" under sub-subdivision a., b., c., or d. of this subdivision, it continues to be a political committee if it receives contributions or makes expenditures or maintains assets or liabilities. A political committee ceases to exist when it winds up its operations, disposes of its assets, and files its final report.

The term "political committee" includes the campaign of a candidate who serves as his or her own treasurer.

Special definitions of "political action committee" and "candidate campaign committee" that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z."

SECTION 6.(b) G.S. 163-278.14A(a) reads as rewritten:

1. Evidence candidates": presenting evidence of financial sponsorship of; and communications to the general public that use phrases such as "vote for", "reeelect", "support", "cast your ballot for", "(name of candidate) for (name of office)", "(name of candidate) in (year)", "vote against", "defeat", "reject", "vote pro-(policy position)" or "vote anti-(policy position)" accompanied by a list of candidates clearly labeled "pro-(policy position)" or "anti-(policy position)", or communications of campaign words or slogans, such as posters, bumper stickers, advertisements, etc., which say "(name of candidate)'s the One", "(name of candidate) '98", "(name of candidate)!", or the names of two candidates joined by a hyphen or slash.

2. Evidence of financial sponsorship of communications whose essential nature expresses electoral advocacy to the general public and goes beyond a mere discussion of public issues in that they direct voters to take some action to nominate, elect, or defeat a candidate in an election. If the course of action is unclear, contextual factors such as
the language of the communication as a whole, the timing of the communication in relation to events of the day, the distribution of the communication to a significant number of registered voters for that candidate’s election, and the cost of the communication may be considered in determining whether the action urged could only be interpreted by a reasonable person as advocating the nomination, election, or defeat of that candidate in that election."

SECTION 6.(c) G.S. 163-278.13 is amended by adding a new subsection to read:

"(e5) The contribution limits of subsections (a) and (b) of this section do not apply to contributions made to an independent expenditure political committee. For purposes of this section, an "independent expenditure political committee" is a political committee whose treasurer makes and abides by a certification to the State Board of Elections that the political committee does not and will not make contributions, directly or indirectly, to candidates or to political committees that make contributions to candidates. The State Board of Elections shall provide forms for implementation of this subsection. This subsection shall not apply to a candidate or a political committee controlled by a candidate. The exception of this subsection is in addition to any other exception provided by law."

SECTION 6.(d) This section is effective when it becomes law.

SECTION 7.(a) G.S. 163-278.13(e2)(3) is repealed.

SECTION 7.(b) G.S. 163-278.67 is amended by adding a new subsection to read:

The Department of Administration shall transfer that amount to the candidate as soon as practicable and in no event later than 12 hours after receiving notice from the Board that the candidate has become entitled to it. The Department of Administration shall develop a method of rapidly transferring funds to a candidate or otherwise fulfilling the requirements of this subsection in conjunction with the Board. The candidate shall return to the Board as soon as practicable any amount of the matching funds that the candidate has not spent at the date of the election or at the time the individual ceases to be a certified candidate, whichever occurs first."

SECTION 7.(c) This section is effective when it becomes law.

SECTION 8.(a) Article 22A of Chapter 163 of the General Statutes is amended by adding a new section to read:

The Executive Director shall approve the treasurer's plan upon and only upon finding that all the following requirements are satisfied:

(1) That the price to be charged for the goods or services is reasonably close to the market price for the goods or services.

(2) That the total amount to be raised from sales under all plans by the committee does not exceed ten thousand dollars ($10,000) per election cycle.

(3) That no purchaser makes total purchases under the plan that exceed fifty dollars ($50.00).

(4) That the treasurer include in the report under G.S. 163-278.11, covering the relevant time period, all of the following:
   a. A description of the plan.

The Executive Director may require a format for submission of a plan, but that format shall not place undue paperwork burdens upon the treasurer. As used in this subdivision, the term "election cycle" has the same meaning as in G.S. 163-278.6(7c).

SECTION 8.(b) This section becomes effective August 15, 2008, or on the date of preclearance under Section 5 of the Voting Rights Act of 1965, whichever occurs later, except that with respect to county political party executive committees in counties not subject to Section 5 of the Voting Rights Act it is effective when it becomes law. AN ACT RELATING TO THE HOURS OF LABOR AND OVERTIME COMPENSATION OF MEMBERS OF MUNICIPAL FIRE DEPARTMENTS.

The General Assembly of North Carolina enacts:

SECTION 1.  Chapter 160A of the General Statutes is amended by adding a new Article to read:
"§ 160A-295. Definitions."

As used in this Article, the following terms mean:

(1) Compensatory time. – Time off with regular compensation in lieu of immediate overtime premium pay when a fire department, under certain conditions, compensates the firefighter for overtime hours worked.

(2) Firefighter. – A full-time, paid employee of an employer, maintaining a fire department certified by the North Carolina Department of Insurance, who is actively serving in a position with assigned primary duties and responsibilities for the prevention, detection, and suppression of fire.

(3) Supervisory personnel. – An individual employed by a public safety employer who (i) has the authority in the interest of the employer to hire, direct, assign, promote, reward, transfer, furlough, lay off, recall, suspend, discipline, or remove public safety officers, or to adjust their grievances or effectively recommend an adjustment, provided that the exercise of the authority is not merely routine or clerical in nature, but requires consistent exercise of independent judgment; and (ii) devotes a majority of time at work exercising that authority.

(4) Trade time. – The time one individual substitutes for another during scheduled work hours in performance of work in the same capacity when two individuals are employed in any occupation by the same fire department, as agreed to solely at the individual's option and with the approval of the management of the fire department. The hours worked are excluded by the employer in the calculation of the hours for which the substituting employee would otherwise be entitled to overtime compensation under this Article. Where one employee substitutes for another, the employee being substituted for is credited as if he or she had worked his or her normal work schedule for that shift.

"§ 160A-295.1. Municipal firefighters; hours of labor; overtime pay."

(a) A firefighter or a member of a fire department who provides emergency medical services, other than supervisory personnel, and who is required or permitted to work, on average, more than 53 hours in a seven-day work period or up to the number of hours that bears the same ratio to 212 hours as the number of days in the work period bears to 28 days is considered to have worked overtime. A person included under this subsection is entitled to be compensated for the overtime as provided by subsection (d) of this section.

(b) A member of a fire department, other than supervisory personnel, who does not fight fires or provide emergency medical services, including a mechanic, clerk, investigator, inspector, fire marshal, fire alarm dispatcher, or maintenance worker, and who is required or permitted to average more hours in a week than the number of hours in a normal workweek of the majority of the employees of the municipality other than firefighters, emergency medical service personnel, and police officers, is considered to have worked overtime. A person included under this subsection is entitled to be compensated for the overtime as provided by subsection (d) of this section.

(c) In computing the hours worked in a workweek or the average number of hours worked in a workweek during a work cycle of a firefighter or other member of a
fire department covered by this section, all hours are counted during which the firefighter or other member of a fire department is required to remain on call on the employer's premises or so close to the employer's premises that the person cannot use those hours effectively for that person's own purposes. Hours in which the firefighter or other member of a fire department is required only to leave a telephone number at which that person may be reached or to remain accessible by radio or pager are not to be used in computing the hours worked. In computing the hours in a workweek or the average number of hours in a workweek during a work cycle of a firefighter or a member of a fire department who provides emergency medical services, vacation, sick time, holidays, time in lieu of holidays, compensatory time, or trade time may be excluded as hours worked.

(d) A firefighter or other member of a fire department may be required or permitted to work overtime. A firefighter, other than supervisory personnel, who is required or permitted to work overtime as provided by subsection (a) of this section is entitled to be paid overtime for the excess hours worked without regard to the number of hours worked in any one week of the work cycle. Overtime hours as computed under this Article are to be paid at a rate equal to one and one-half times the compensation paid to the firefighter or member of the fire department for regular hours. To the extent that the municipality complies with the requirements of section 7(o) of the Fair Labor Standards Act (29 U.S.C. § 207(o)), it may compensate firefighters for their overtime hours with compensatory time in lieu of pay. A member of a fire department included under subsection (b) of this section shall be paid overtime in the same manner as other employees of the municipality entitled to overtime pay, excluding firefighters.

§ 160A-295.2. Authority of Department of Labor.

The Department of Labor shall have the authority to enforce the provisions of this Article to the extent that these provisions are not subject to enforcement under the Fair Labor Standards Act (29 U.S.C. § 207).

§ 160A-295.3. Applicability.

This Article applies only to full-time paid firefighters and other full-time paid members of a fire department of a municipality that employs five or more employees in fire protection during the workweek.

SECTION 2. This act becomes effective when 29 U.S.C. § 207(k) is repealed or is no longer enforceable.

In the General Assembly read three times and ratified this the 17th day of July, 2008.

Became law upon approval of the Governor at 8:36 p.m. on the 2nd day of August, 2008.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 96-9(d) reads as rewritten:

"(d) Benefits paid to employees of nonprofit organizations shall be financed in accordance with the provisions of this paragraph. For the purposes of this paragraph, a nonprofit organization is an organization (or group of organizations) described in section 501(c)(3) of the Internal Revenue Code that is exempt from income tax under section 501(a) of the Internal Revenue Code.

(1) a. Any nonprofit organization which becomes subject to this Chapter on or after January 1, 1972, shall pay contributions under the provisions of this Chapter, unless it elects in accordance with this paragraph to pay the Commission for the Unemployment Insurance Fund an amount equal to the amount of regular benefits and of one half of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment which begin within a benefit year established during the effective period of such election.

b. Any nonprofit organization which is or becomes subject to this Chapter on or after January 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less
than four calendar years beginning with the date on which subjectivity begins by filing a written notice of its election with the Commission not later than 30 days immediately following the date of written notification of the determination of such subjectivity. Provided if notification is not by registered mail, the election may be made on or after January 1, 1972, within six months following the date of the written notification of the determination of such subjectivity. If such election is not made as set forth herein, no election can be made until after four calendar years have elapsed under the contributions method of payment.

c. Any nonprofit organization which makes an election in accordance with subparagraph b of this paragraph will continue after such four calendar years to be liable for payments in lieu of contributions until it files with the Commission a written notice terminating its election not later than 30 days prior to the next January 1, effective on such January 1. Provided, however, no employer granted or in reimbursement status will be allowed refund of any previous balances used in a transfer to reimbursement status.

d. Any nonprofit organization which has been paying contributions under this Chapter for a period of at least four consecutive calendar years subsequent to January 1, 1972, may elect to change to a reimbursement basis by filing with the Commission not later than 30 days prior to the next January 1 a written notice of election to become liable for payments in lieu of contributions, effective on such January 1. Such election shall not be terminable for a period of four calendar years. In the event of such an election, the account of such employer shall be closed and shall not be used in any future computation of such employer’s contribution rate in any manner whatsoever. Provided, however, any nonprofit employer formerly paying contributions who elects and qualifies to change to a reimbursement basis may be relieved of the requirement to pay one percent (1%) of taxable wages as required by G.S. 96-9(d)(2)a to the following extent and upon the following conditions:

1. Any nonprofit employer which has, for the year the election will be effective, an experience rating of 1.7 or less, will have transferred from its experience rating account an amount equal to one percent (1%) of its payroll as reported for each of the four calendar quarters which constitute the election year;

2. the Commission quarterly, computed at one half of one
percent (.5%) of the taxable wages reported as provided
in G.S. 96-9(d)(2)a.

3. Any nonprofit employer which has, for the year the
election will become effective, an experience rating of
2.7 or more, upon electing to change to a reimbursement
basis, will meet all the requirements of G.S. 96-9(d)(2)a,
including making advance payments computed at one
percent (1%) of taxable wages.

4. Any nonprofit organization which makes an election in
accordance with subparagraph b. of this paragraph must secure
such election by making a payment in lieu of contributions as
provided in subdivision (2) of this subsection, posting a surety
bond from an insurance company duly licensed to conduct
business in this State, or obtaining an irrevocable letter of credit
with the Commission to insure the payments in lieu of
contributions as provided in subdivision (2) of this subsection.
Any surety bond posted under this paragraph shall be in force
for a period of not less than two calendar years and shall be
renewed with the approval of the Commission. The
Commission may adopt rules to implement the provisions of
this subparagraph.

d. The Commission, in accordance with such regulations as it may
adopt, shall notify each nonprofit organization of any
determination which it may make of its status as an employer
and of the effective date of any election which it makes and of
any termination of such election. Such determinations shall be
subject to reconsideration, appeal and review.

the provisions of this subparagraph and shall be processed as provided
herein.

shall be submitted to the Commission quarterly under the same
conditions and requirements of G.S. 96-9 and 96-10, except that
the amount of advance payments shall be computed as one
percent (1%) of taxable wages and entered on such reports;
provided that such advance payments shall become effective
only with respect to the first four thousand two hundred dollars
($4,200) in wages paid in a calendar year until January 1, 1978.
On and after that date advance payments shall be effective with

Beginning January 1, 1978, any employer making quarterly
reports of employment to the Commission and if such employer
is a newly electing reimbursement employer he shall pay
contributions of one percent (1%) of taxable wages entered on such reports.

Any employer paying by reimbursement having been, prior to July 1, under the reimbursement method of payment for the preceding calendar year, shall continue to file quarterly reports but shall make no payments with those reports.

b. The Commission shall establish a separate account for each such employer and such account shall be credited, and maintained as provided in G.S. 96-9(c)(1), except that advance payments shall be credited in full and voluntary contributions are not applicable.

c. Benefits paid shall be allocated to the employer's account in accordance with G.S. 96-9(c)(2)a but charged to such account without the application of any multiplier, and no benefits shall be noncharged except amounts equal to fifty percent (50%) of extended benefits paid and amounts equal to one hundred percent (100%) of benefits paid through error.

Any such refund shall be made prior to February 1 following such computation date.

Should the balance in such account not equal that requiring a refund, the employer shall upon notice and demand for payment mailed to his last known address pay into his account an amount that will bring such balance to the minimum required for a refund. Such amount shall become due on or before the tenth day following the mailing of such notice and demand for payment. Any such amount unpaid on the due date shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

Upon a change in election as to the method of payment from reimbursement to contributions, or upon termination of coverage and after all applicable benefits paid based on wages paid prior to such change in election or termination of coverage have been charged, any credit balance in such account shall be refunded to the employer.

Should there be a debit balance in such account, the employer shall, upon notice and demand for payment, mailed to his last-known address, pay into his account an amount equal to
such debit balance. Such amount shall become due on or before the tenth day following the mailing of such notice and demand for payment.

Any such amount unpaid on the date due shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

Beginning January 1, 1978, each employer paying by reimbursement shall have his account computed on computation date (August 1) and if there is a deficit shall be billed for an amount necessary to bring his account to one percent (1%) of his taxable payroll. Any amount of his account in excess of that required to equal one percent (1%) of his payroll shall be refunded. Amounts due from any employer to bring his account to a one percent (1%) balance shall be billed as soon as practical and payment will be due within 25 days from the date of mailing of the statement of amount due. Amounts due from any nonprofit organization to bring its account to a one percent (1%) balance shall be billed as soon as practical, and payment will be due within 60 days from the date of mailing of the statement of the amount due.

e. The Commission may make necessary rules and regulations with respect to coverage of a group of nonprofit organizations and with respect to the reimbursement of benefits payments by such group of nonprofit organizations.

(2) Procedure. – Indian tribe employing units' payments by reimbursement in lieu of contributions shall be made and processed as provided in this subdivision.

a. Quarterly contributions and wage reports and advance payments shall be submitted to the Commission quarterly under the same conditions and requirements of G.S. 96-9 and G.S. 96-10, except that the amount of advance payments shall be computed as one percent (1%) of taxable wages and entered on the reports, and except that the wage base shall be the same as that provided for in G.S. 96-9(a)(5). Collection of these advance payments shall be made as provided for the collection of contributions in G.S. 96-10.

Any Indian tribe employing unit paying by reimbursement having been, prior to July 1, under the reimbursement method of payment for the preceding calendar year, shall continue to file quarterly reports but shall make no payments with those reports.

b. The Commission shall establish a separate account for each Indian tribe employing unit paying by reimbursement. The account shall be credited and maintained as provided in G.S. 96-9(c)(1), except that advance payments shall be credited in full, and voluntary contributions are not applicable.

c. Benefits paid shall be allocated to the employer's account in accordance with G.S. 96-9(c)(2)a. but charged to the account without the application of any multiplier, and no benefits shall be noncharged except amounts of benefits paid through error.

d. As of July 31 of each year, and prior to January 1 of the succeeding year, the Commission shall determine the balance of each Indian tribe employing unit's account and shall furnish the unit with a statement of all charges and credits to the account.

As of August 1 of each year, there shall be refunded any credit balance remaining in the Indian tribe employing unit's account (after all applicable postings) in excess of one percent (1%) of taxable wages for the 12 months ending on June 30 preceding the computation date. The refund must be made before February 1 following the computation date.

If the balance in the account does not equal one percent (1%) of taxable wages, the Indian tribe employing unit must, upon notice and demand for payment mailed to its last known address, pay into the account an amount that will bring the balance to one percent (1%) of taxable wages. This amount becomes due on or before the 25th day after the notice and demand for payment is mailed. Any amount unpaid on the due date shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

Upon a change in election as to the method of payment from reimbursement to contributions, or upon termination of
coverage and after all applicable benefits paid based on wages paid before the change in election or termination of coverage have been charged, any credit balance in the account shall be refunded to the Indian tribe employing unit.

If there is a debit balance in the account, the Indian tribe employing unit must, upon notice and demand for payment mailed to its last known address, pay into the account an amount necessary to bring the account to one percent (1%) of taxable wages. This amount becomes due on or before the 25th day after the notice and demand for payment is mailed. Any amount unpaid on the due date shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

e. Notices to Indian tribe employing units of payment and reporting delinquency must include information that failure to make full payment within the time prescribed will cause the unit to become liable for contributions under subsection (a) of this section, will cause the unit to lose the option of making payment by reimbursement in lieu of contributions, and could cause the unit to lose coverage under this Chapter for services performed for the unit."

The General Assembly of North Carolina enacts:

SECTION 1. Article 44 of Chapter 14 of the General Statutes is amended by adding a new section to read:

"§ 14-344.1. Internet sale of admission tickets in excess of printed price.

(a) Internet Resale. – A person may resell an admission ticket under this section on the Internet at a price greater than the price on the face of the ticket unless the venue where the event will occur prohibits the Internet ticket resale as provided under subsection (b) of this section. To resell an admission ticket under this section, the person reselling the ticket must offer the ticket for resale on a Web site with a ticket guarantee that meets the requirements of subsection (c) of this section. A prospective purchaser must be directed to the guarantee before completion of the resale transaction. A person who resells an admission ticket under this section acknowledges liability for the informational report required under subsection (e) of this section.

(b) Resale Prohibited. – The venue where an event will occur may prohibit the resale of admission tickets for the event at a price greater than the price on the face of the ticket. To prohibit the resale of tickets under this section, the venue must file a notice of prohibition of the resale of admission tickets for a specified event with the
Secretary of State and must post the notice of prohibition conspicuously on its Web site. The primary ticket seller for the event must also post the notice conspicuously on its Web site. A prohibition under this subsection may not become valid until 30 days after the notice is posted on the venue's Web site. The prohibition expires on December 31 of each year unless the prohibition is renewed. To renew a prohibition, a venue must renew its notice of prohibition filed with the Secretary of State and must post the notice as required under this subsection. A venue that renews a notice of prohibition must pay a fee in the amount set in G.S. 55-1-22 for filing articles of incorporation. A venue that renews a notice of prohibition must pay a fee in the amount set in G.S. 55-1-22 for filing a paper annual report.

(c) Ticket Guarantee. – A person who resells or offers to resell admission tickets under this section must guarantee to the purchaser a full refund of the amount paid for the ticket under each of the following conditions:

(1) The ticketed event is cancelled. Reasonable handling and delivery fees may be withheld from the refund price of a cancelled ticketed event if the ticket guarantee on the Web site specifically informs the purchaser that handling and delivery fees will be withheld from the refunded amount.

(2) The purchaser is denied admission to the ticketed event. This subdivision does not apply if admission to the ticketed event is denied to the purchaser because of an action or omission of the purchaser.

(3) The ticket is not delivered to the purchaser in the manner described on the Web site or pursuant to the delivery guarantee made by the reseller, and the failure results in the purchaser’s inability to attend the ticketed event.

(d) Student Tickets. – This section does not apply to student tickets issued by institutions of higher education in North Carolina for sporting events.

(e) Report on Receipts. – A person who resells or offers to resell admission tickets under this section must report each month to the Department of Revenue, under oath, on a form provided by the Department. The report is due by the 10th day after the end of each month and covers the gross receipts received during the previous month from reselling admission tickets to an event or venue in this State. The report must include all of the following:

(1) The total amount of gross receipts derived from reselling an admission ticket on the Internet to an event or venue in this State. For purposes of this subsection, gross receipts exclude the price printed on the face of the ticket.

(2) The event for which admission tickets are sold and the venue where the event will occur.

(3) The person or venue from whom the reseller purchased admission tickets.

(4) The acquisition price of the admission tickets.

(5) The price received by the reseller for the admission tickets.

(6) The name and address of the person to whom the admission ticket is resold, if the purchaser is a reseller.

The ticket seller and venue hosting the ticketed event have standing to bring a private right of action under G.S. 75-1.1 for violation of this section.
(c) Original Ticket Seller. – A person or firm is not liable under this section with respect to tickets for which the person or firm is the original ticket seller."

SECTION 3. G.S. 14-344 reads as rewritten:

The existence of the service fee shall be made known to the public by printing or writing the amount of the fee on the tickets which are printed for the event. Any person, firm or corporation which sells or offers to sell a ticket for a price greater than the price permitted by this section or as permitted by G.S. 14-344.1 shall be guilty of a Class 2 misdemeanor."

SECTION 4. This act becomes effective August 1, 2008, and expires June 30, 2009. The expiration of this act does not relieve a person's liability to file the report required under G.S. 14-344.1(e) for gross receipts received in June 2009. Liability for acts or omissions before the expiration date of this act are not abated or affected by the expiration. Section 3 of this act applies to offenses committed on or after that date.

SECTION 3. Chapter 160A of the General Statutes is amended by adding a new article to read:

"Article 10A.
"Special Assessments for Critical Infrastructure Needs.
"§ 160A-239.1. Purpose.
This Article enables cities that face increased demands for infrastructure improvements as a result of rapid growth and development to issue revenue bonds payable from special assessments imposed under this Article on benefited property. This Article supplements the authority cities have in Article 10 of this Chapter. The provisions of Article 10 of this Chapter apply to this Article, to the extent they do not conflict with this Article.

(a) Projects. – The council of a city may make special assessments against benefited property within the city for the purpose of financing the capital costs of projects for which bonds may be issued under any of the following:

(5) G.S. 159-48(c)(4), school facilities.
(6) G.S. 159-48(d)(5), streets and sidewalks.
(b) Costs. – The city council must determine a project's total estimated cost. In addition to the costs allowed under G.S. 153A-193, the costs may include any expenses allowed under G.S. 159-84. An assessment may be imposed before the costs are incurred, based on the estimated cost.
(c) Method. – The city council must establish an assessment method that will most accurately assess each lot or parcel of land according to the benefits conferred upon it by the project for which the assessment is made. In addition to the bases upon which assessments may be made under G.S. 153A-186, the council may select any other method designed to allocate the costs in accordance with benefits conferred.

"§ 160A-239.3. Petition required.
(a) Petition. – The city council may not impose a special assessment under this Article unless it receives a petition for the project to be financed by the assessment signed by at least a majority of the owners of real property to be assessed who must represent at least sixty-six percent (66%) of the assessed value of all real property to be assessed. The petition must include the following:
(1) A statement of the project proposed to be financed in whole or in part by the imposition of an assessment under this Article.
(2) An estimate of the cost of the project.
(3) An estimate of the portion of the cost of the project to be assessed.
(b) Petition Withdrawn. – The city council must wait at least 10 days after the public hearing on the preliminary assessment resolution before adopting a final assessment resolution. A petition submitted under subsection (a) of this section may be withdrawn if notice of petition withdrawal is given in writing to the council signed by at least a majority of the owners who signed the petition submitted under subsection (a) of this section representing at least fifty percent (50%) of the assessed value of all real property to be assessed. The council may not adopt a final assessment resolution if it receives a timely notice of petition withdrawal.
(c) Validity of Assessment. – No right of action or defense asserting the invalidity of an assessment on grounds that the city did not comply with this section may be asserted except in an action or proceeding begun within 90 days after publication of the notice of adoption of the preliminary assessment resolution.

"§ 160A-239.4. Financing a project for which an assessment is imposed.

A city council may provide for the payment of the cost of a project for which an assessment may be imposed under this Article solely from revenue bonds to be repaid from the assessments or from a combination of financing sources that include the revenue bonds. Other financing sources include general obligation bonds and general revenues. The assessment resolution must include the estimated cost of the project and the amount of the cost to be derived from revenue bonds and any other financing source.

"§ 160A-239.5. Payment of assessments by installments.

An assessment imposed under this Article is payable in annual installments. The city council must set the number of annual installments, which may not be more than 30. The installments are due on the date that property taxes are due.

"§ 160A-239.6. Revenue bonds.

(a) Authorization. – A city council that imposes an assessment under this Article may issue revenue bonds under Article 5 of Chapter 159 of the General Statutes to finance the project for which the assessment is imposed and use the proceeds of the assessment imposed as revenues pertaining to the project.

(b) Modifications. – This Article specifically modifies the authority of a city to issue revenue bonds under Article 5 of Chapter 159 of the General Statutes by extending the authority in that Article to include a project for which an assessment may be imposed under this Article. SECTION 4. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 5. This act is effective when it becomes law. Sections 2 and 3 of this act expire July 1, 2013. The expiration does not affect the validity of assessments imposed or bonds issued or authorized under the provisions of this act prior to the effective date of the expiration.

H.B. 887

AN ACT TO CLARIFY AND EXPAND THE CRIMINAL OFFENSE OF STALKING.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-277.3 is repealed.

SECTION 2. Chapter 14 of the General Statutes is amended by adding a new section to read:

"§ 14-277.3A. Stalking.

(a) Legislative Intent. – The General Assembly finds that stalking is a serious problem in this State and nationwide. Stalking involves severe intrusions on the victim's personal privacy and autonomy. It is a crime that causes a long-lasting impact on the victim's quality of life and creates risks to the security and safety of the victim and others, even in the absence of express threats of physical harm. Stalking conduct often becomes increasingly violent over time.

The General Assembly recognizes the dangerous nature of stalking as well as the strong connections between stalking and domestic violence and between stalking and sexual assault. Therefore, the General Assembly enacts this law to encourage effective intervention by the criminal justice system before stalking escalates into behavior that has serious or lethal consequences. The General Assembly intends to enact a stalking statute that permits the criminal justice system to hold stalkers accountable for a wide range of acts, communications, and conduct. The General Assembly recognizes that stalking includes, but is not limited to, a pattern of following, observing, or monitoring the victim, or committing violent or intimidating acts against the victim, regardless of the means.

(b) Definitions. – The following definitions apply in this section:

(1) Course of conduct. – Two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, is in the presence of, or follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

(2) Harasses or harassment. – Knowing conduct, including written or printed communication or transmission, telephone, cellular, or other wireless telephonic communication, facsimile transmission, pager messages or transmissions, answering machine or voice mail messages or transmissions, and electronic mail messages or other computerized
or electronic transmissions directed at a specific person that torments, terrorizes, or terrifies that person and that serves no legitimate purpose.

(3) **Reasonable person.** – A reasonable person in the victim's circumstances.

(4) **Substantial emotional distress.** – Significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.

**Offense.** – A defendant is guilty of stalking if the defendant willfully on more than one occasion harasses another person without legal purpose or willfully engages in a course of conduct directed at a specific person without legal purpose and the defendant knows or should know that the harassment or the course of conduct would cause a reasonable person to do any of the following:

(1) **Fear for the person's safety or the safety of the person's immediate family or close personal associates.**

(2) **Suffer substantial emotional distress by placing that person in fear of death, bodily injury, or continued harassment.**

**Classification.** – A violation of this section is a Class A1 misdemeanor. A defendant convicted of a Class A1 misdemeanor under this section, who is sentenced to a community punishment, shall be placed on supervised probation in addition to any other punishment imposed by the court. A defendant who commits the offense of stalking after having been previously convicted of a stalking offense is guilty of a Class F felony. A defendant who commits the offense of stalking when there is a court order in effect prohibiting the conduct described under this section by the defendant against the victim is guilty of a Class H felony.

**Jurisdiction.** – Pursuant to G.S. 15A-134, if any part of the offense occurred within North Carolina, including the defendant's course of conduct or the effect on the victim, then the defendant may be prosecuted in this State."

**SECTION 3.** This act becomes effective December 1, 2008, and applies to offenses committed on or after that date. Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.

In the General Assembly read three times and ratified this the 17th day of July, 2008.

Became law upon approval of the Governor at 3:49 a.m. on the 3rd day of August, 2008.
