SESSION LAWS
OF THE
STATE OF NORTH CAROLINA

REGULAR SESSION 2010

AN ACT TO SOLELY PROVIDE AUTHORIZATION FOR THE STATE BOARD OF EDUCATION TO APPROVE REQUESTS OF LOCAL BOARDS OF EDUCATION TO REFORM CONTINUALLY LOW-PERFORMING SCHOOLS AS EITHER A TRANSFORMATION MODEL, RESTART MODEL, TURNAROUND MODEL, OR SCHOOL CLOSURE MODEL; TO DEFINE TRANSFORMATION MODEL AS A SCHOOL WHICH INCREASES TEACHER AND SCHOOL LEADER EFFECTIVENESS, CREATES COMPREHENSIVE INSTRUCTIONAL REFORM STRATEGIES, INCREASES LEARNING TIME, CREATES COMMUNITY-ORIENTED SCHOOLS, AND PROVIDES OPERATIONAL FLEXIBILITY AND SUSTAINED SUPPORT; TO DEFINE RESTART MODEL AS ALLOWING THE SCHOOL TO OPERATE UNDER THE SAME RULES AS A CHARTER SCHOOL OR UNDER THE MANAGEMENT OF AN EDUCATIONAL MANAGEMENT ORGANIZATION WITH NO INCREASE IN THE MAXIMUM NUMBER OF CHARTER SCHOOLS AS PROVIDED IN G.S. 115C-238.29D(B); TO DEFINE TURNAROUND MODEL AS REPLACING THE PRINCIPAL IF THE PRINCIPAL HAS BEEN IN THAT POSITION FOR AT LEAST THREE YEARS AND REHIRING NO MORE THAN FIFTY PERCENT OF SCHOOL STAFF, ADOPTING A NEW SCHOOL GOVERNANCE STRUCTURE CONSISTENT WITH ARTICLE 8B OF CHAPTER 115C OF THE GENERAL STATUTES, AND IMPLEMENTING AN INSTRUCTIONAL PROGRAM ALIGNED WITH THE STANDARD COURSE OF STUDY; TO DEFINE SCHOOL CLOSURE MODEL AS CLOSING THE SCHOOL CONSISTENT WITH G.S. 115C-72 AND ENROLLING THE STUDENTS IN ANOTHER HIGHER-ACHIEVING SCHOOL IN THE LOCAL SCHOOL ADMINISTRATIVE UNIT CONSISTENT WITH ARTICLE 25 OF CHAPTER 115C OF THE GENERAL STATUTES; AND TO PROVIDE AUTHORIZATION TO THE STATE BOARD TO ADOPT RULES AND PROCEDURES CONSISTENT WITH THESE DEFINED MODELS, AND TO IMPLEMENT THESE MODELS WITH ANNUAL REPORTING TO THE STATE BOARD OF EDUCATION FROM THE LOCAL SCHOOL ADMINISTRATIVE UNITS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 8B of Chapter 115C of the General Statutes is amended by adding a new section to read:

§ 115C-105.37B. Reform of continually low-performing schools.
(a) Notwithstanding any other provision of this Article, the State Board of Education is authorized to approve a local board of education's request to reform any school in its
administrative unit which the State Board of Education has identified as one of the continually low-performing schools in North Carolina.

If the State Board of Education approves a local board of education's request to reform a school, the State Board of Education may authorize the local board of education to adopt one of the following models in accordance with State Board of Education requirements:

1. Transformation model, which would address the following four specific areas critical to transforming a continually low-performing school:
   a. Developing and increasing teacher and school leader effectiveness.
   b. Comprehensive instructional reform strategies.
   c. Increasing learning time and creating community-oriented schools.
   d. Providing operational flexibility and sustained support.

2. Restart model, in which the State Board of Education would authorize the local board of education to operate the school with the same exemptions from statutes and rules as a charter school authorized under Part 6A of Article 16 of this Chapter, or under the management of an educational management organization that has been selected through a rigorous review process. A school operated under this subdivision remains under the control of the local board of education, and employees assigned to the school are employees of the local school administrative unit with the protections provided by G.S. 115C-325. This subdivision shall not be interpreted to increase the maximum number of charter schools provided in G.S. 115C-238.29D(b). No school authorized under this subsection shall count against the limit provided for charter schools in G.S. 115C-238.29D(b).

3. Turnaround model, which would involve, among other actions, replacing the principal, if the principal has been in that position for at least three years, and rehiring no more than fifty percent (50%) of the school's staff, adopting a new governance structure at the school consistent with this Article, and implementing an instructional program aligned with the Standard Course of Study.

4. School closure model, in which a local school administrative unit would close the school consistent with G.S. 115C-72 and enroll the students who attended the school in other, higher-achieving schools in the local school administrative unit consistent with Article 25 of this Chapter.

The State Board of Education shall adopt rules to develop requirements for the models for school reform established in subsection (a) of this section. The State Board shall establish a procedure to implement this section. This procedure shall include annual reporting requirements from local boards that are authorized to use one of the models under this section and shall include a procedure for removing or continuing the authorization.

Nothing in this section shall be construed to limit the authority of a local board of education as otherwise provided in this Chapter.

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 27th day of May, 2010.

Became law upon approval of the Governor at 7:35 p.m. on the 27th day of May, 2010.

Session Law 2010-2 H.B. 589

AN ACT TO REQUIRE HEALTH BENEFIT PLANS AND THE STATE HEALTH PLAN TO COVER HEARING AIDS AND REPLACEMENT HEARING AIDS.

2
The General Assembly of North Carolina enacts:

**SECTION 1.** Article 3 of Chapter 58 of the General Statutes is amended by adding the following new section to read:

(a) Every health benefit plan, including the State Health Plan for Teachers and State Employees, shall provide coverage for one hearing aid per hearing-impaired ear up to two thousand five hundred dollars ($2,500) per hearing aid every 36 months for covered individuals under the age of 22 years subject to subsection (b) of this section. The coverage shall include all medically necessary hearing aids and services that are ordered by a physician or an audiologist licensed in this State. Coverage shall be as follows:

1. Initial hearing aids and replacement hearing aids not more frequently than every 36 months.
2. A new hearing aid when alterations to the existing hearing aid cannot adequately meet the needs of the covered individual.
3. Services, including the initial hearing aid evaluation, fitting, and adjustments, and supplies, including ear molds.

(b) The same deductibles, coinsurance, and other limitations as apply to similar services covered under the health benefit plan apply to hearing aids and related services and supplies required to be covered under this section.

(c) Nothing in this section prevents an insurer from applying utilization review criteria to determine medical necessity as defined by G.S. 58-50-61 as long as it does so in accordance with all requirements for utilization review programs and medical necessity determinations specified in that section, including the offering of an insurer appeal process and where applicable, health benefit plans external review as provided in Part 4 of Article 50 of Chapter 58 of the General Statutes."

**SECTION 2.** G.S. 135-45.8(13), as amended by Section 2(d) of Session Law 2009-16, reads as rewritten:

"§ 135-45.8. General limitations and exclusions.

The following shall in no event be considered covered expenses nor will benefits described in G.S. 135-45.6 through G.S. 135-45.11 be payable for:

…

13. Charges for routine eye examinations, eyeglasses or other corrective lenses (except for cataract lenses certified as medically necessary for aphakia persons) and, except as authorized under G.S. 58-3-280, hearing aids or examinations for the prescription or fitting thereof.

…"

**SECTION 3.** This act is effective January 1, 2011 and applies to health benefit plans that are delivered, issued for delivery, or renewed on and after that date.

In the General Assembly read three times and ratified this the 27th day of May, 2010.

Became law upon approval of the Governor at 3:28 p.m. on the 7th day of June, 2010.

Session Law 2010-3

H.B. 1707

AN ACT (1) TO ALLOW ALREADY ENROLLED DEPENDENT CHILDREN UNDER THE AGE OF TWENTY-SIX WHO ARE NOT ELIGIBLE FOR EMPLOYER-BASED HEALTH CARE TO REMAIN ON THE NORTH CAROLINA STATE HEALTH PLAN FOR TEACHERS AND STATE EMPLOYEES FOR PLAN YEAR 2010-2011 AND (2) TO DIRECT THE STATE HEALTH PLAN TO CONSULT WITH THE COMMITTEE ON HOSPITAL AND MEDICAL BENEFITS BEFORE IMPLEMENTING ANY TOBACCO USE TESTING PROGRAM.
The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the requirement in G.S. 135-45.2(d)(1) that a dependent child less than 26 years of age be a full-time student to be eligible for coverage, a dependent child enrolled in the North Carolina State Health Plan for Teachers and State Employees as of May 1, 2010, may remain on the Plan through the end of the month following the dependent child's 26th birthday, regardless of the dependent child's status as a full-time student, provided that the dependent child is not eligible for other employer sponsored health benefit coverage as a primary beneficiary or spousal dependent.

SECTION 2. The Executive Administrator of the State Health Plan for Teachers and State Employees shall consult with the Committee on Employee and Hospital Medical Benefits prior to implementing any program to verify tobacco usage by members of the Plan.

SECTION 3. Section 1 of this act is effective June 1, 2010, and is repealed effective July 1, 2011. The remainder of the act is effective when it becomes law.

In the General Assembly read three times and ratified this the 2nd day of June, 2010. Became law upon approval of the Governor at 4:40 p.m. on the 7th day of June, 2010.

Session Law 2010-4

AN ACT TO REMOVE CERTAIN GRANTS MADE UNDER THE AMERICAN RECOVERY AND REINVESTMENT TAX ACT FROM THE DEFINITION OF PUBLIC FUNDS FOR WHICH A CREDIT FOR INVESTING IN RENEWABLE ENERGY PROPERTY IS NOT AVAILABLE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-129.16A reads as rewritten:

"§ 105-129.16A. (Repealed January 1, 2016) Credit for investing in renewable energy property.

(a) Credit. – If a taxpayer that has constructed, purchased, or leased renewable energy property places it in service in this State during the taxable year, the taxpayer is allowed a credit equal to thirty-five percent (35%) of the cost of the property. In the case of renewable energy property that serves a single-family dwelling, the credit must be taken for the taxable year in which the property is placed in service. For all other renewable energy property, the entire credit may not be taken for the taxable year in which the property is placed in service but must be taken in five equal installments beginning with the taxable year in which the property is placed in service. No credit is allowed under this section to the extent the cost of the renewable energy property was provided by public funds. For the purposes of this section, 'public funds' does not include grants made under section 1603 of the American Recovery and Reinvestment Tax Act of 2009.

(b) Expiration. – If, in one of the years in which the installment of a credit accrues, the renewable energy property with respect to which the credit was claimed is disposed of, taken out of service, or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17. No credit is allowed under this section to the extent the cost of the renewable energy property was provided by public funds.

EXTRAORDINARY MEASURES TO ADDRESS THE POTENTIAL LOSS OF FEDERAL FUNDS

SECTION 2.3.(a) The General Assembly finds that:

(1) Upon enactment of the State's 2010-2011 fiscal year budget, the Congress of the United States had considered but not authorized the extension of the enhanced federal Medical Assistance Percentage (FMAP), as initially authorized under the American Recovery and Reinvestment Act of 2009 (Public Law 111-5).

(2) The modifications to the 2010-2011 budget set out in this act include the use of these anticipated federal receipts to offset General Fund appropriations to the Department of Health and Human Services.

(3) The potential loss of these funds, which may total up to five hundred eighteen million eight hundred ninety-five thousand eight hundred forty-six dollars ($518,895,846), would create a substantial shortfall in the State's General Fund further straining the General Assembly's efforts to (i) increase economic development activities and job creation, (ii) maintain critical funds for education, and (iii) maintain health care and services for the State's most vulnerable citizens.

SECTION 2.3.(b) If the Congress does not act to authorize all or part of these enhanced FMAP funds prior to January 1, 2011, the General Assembly directs the Director of the Budget, in conjunction with the State Treasurer, State Controller, and other State officials, to effectuate the following extraordinary budget adjustments to the extent necessary to backfill the funds, in priority order:

(1) Transfer from the Disaster Relief Reserve Fund established in S.L. 2005-1 $ (30,000,000)

(2) Transfer of unclaimed lottery prize money and excess receipts (35,000,000)

(3) Use of interest from all other funds (50,000,000)

(4) Use of balance in General Fund Availability (23,469,157)

(5) Reduction of Medicaid Provider rates (26,618,975)

(6) Use of funds from the Savings Reserve Fund (37,307,714)

(7) Reduction in Retirement System contributions (139,000,000)

(8) One percent (1%) Management Flexibility Reduction (177,500,000)

TOTAL $ (518,895,846)

SECTION 2.3.(c) If it is necessary to implement the budget adjustment set out in subdivision (b)(2) of this section:
(1) Notwithstanding G.S. 18C-162(c)(1), the Office of State Budget and Management shall transfer fiscal year 2010-2011 unclaimed lottery prize money which would otherwise enhance prizes to the State Controller to be deposited in Nontax Budget Code 18878 (Intrastate Transfers) or the appropriate budget code as determined by the State Controller.

(2) Notwithstanding G.S. 18C-164(f) and Section 5.1 of this act, the Office of State Budget and Management shall transfer fiscal year 2009-2010 lottery receipts in excess of four hundred nineteen million four hundred sixty-three thousand two hundred seventy-two dollars ($419,463,272) to the State Controller to be deposited in Nontax Budget Code 18878 (Intrastate Transfers) or the appropriate budget code as determined by the State Controller.

(3) The Director of the Budget and the Lottery Commission shall hold in reserve the funds referenced in subdivisions (1) and (2) of this subsection to ensure proper implementation of this section.

SECTION 2.3.(d) If it is necessary to implement the budget adjustment set out in subdivision (b)(3) of this section, notwithstanding any other provision of law, and unless it is inconsistent with a federal law, grant agreement, or other federal requirement, or with the terms of a gift or settlement agreement, the State Controller shall credit to the General Fund for the 2010-2011 fiscal year the sum of fifty million dollars ($50,000,000) from the 2010-2011 interest earnings from all governmental and proprietary funds, except for the Highway Fund and the Highway Trust Fund.

SECTION 2.3.(e) If it is necessary to implement the budget adjustment set out in subdivision (b)(4) of this section, the Director of the Budget shall use the unappropriated balance in the General Fund to offset the reduction in federal fund availability, and such funds are hereby appropriated for this purpose. If it is not necessary to expend all of these funds in accordance with subdivision (b)(4) of this section, the State Controller shall transfer the remaining funds to the Savings Reserve Account.

SECTION 2.3.(f) If it is necessary to implement the budget adjustment set out in subdivision (b)(5) of this section, notwithstanding Section 10.68A(a)(8) of S.L. 2009-451, as amended by Section 5A of S.L. 2009-575 and Section 10.35 of this act, the Department of Health and Human Services shall reduce reimbursement rates paid to service providers in the Medicaid program to generate savings of twenty-six million six hundred eighteen thousand nine hundred seventy-five dollars ($26,618,975). The rate reduction authorized in this section shall not apply to: federally qualified health clinics, rural health centers, State institutions, hospital inpatient, pharmacies, and the noninflationary components of the case-mix reimbursement system for nursing facilities.

SECTION 2.3.(g) If it is necessary to implement the budget adjustment set out in subdivision (b)(6) of this section, the Office of State Budget and Management shall use up to thirty-seven million three hundred seven thousand seven hundred fourteen dollars ($37,307,714) from the Savings Reserve Fund to offset the reduction in federal fund availability, and such funds are hereby appropriated for this purpose.

SECTION 2.3.(h) Section 6(c) of S.L. 2009-16, as amended by Section 26.20(b) of S.L. 2009-451, reads as rewritten:

"SECTION 6.(c) Effective July 1, 2010, the State's employer contribution rates budgeted for reserves, retirement and related benefits as percentage of covered salaries for the 2010-2011 fiscal year are: (i) ten and fifty-one hundredths percent (10.51%) nine and fifteen hundredths percent (9.15%) – Teachers and State Employees; plus one and thirty-six hundredths percent (1.36%) to a reserve in the Office of State Budget and Management to be transferred to the Retirement System only if not needed as an adjustment as required by Section 2.3(b)(7) of Senate Bill 897, 2009 Regular Session; (ii) fifteen and fifty-one hundredths percent (15.51%) fourteen and fifteen hundredths percent (14.15%) – State Law Enforcement Officers; plus one and thirty-six hundredths percent (1.36%) to a reserve in the Office of State Budget
and Management to be transferred to the Retirement System only if not needed as an adjustment as required by Section 2.3(b)(7) of Senate Bill 897, 2009 Regular Session; (iii) twelve and twenty-six hundredths percent (12.26%) – University Employees' Optional Retirement System; (iv) twelve and twenty-six hundredths percent (12.26%) – Community College Optional Retirement Program; (v) twenty and one hundredths percent (20.01%) – Consolidated Judicial Retirement System; and (vi) four and ninety hundredths percent (4.90%) – Legislative Retirement System. Each of the foregoing contribution rates includes four and ninety hundredths percent (4.90%) for hospital and medical benefits. The rate for Teachers and State Employees, State Law Enforcement Officers, Community College Optional Retirement Program, and for the University Employees' Optional Retirement Program includes fifty-two hundredths percent (0.52%) for the Disability Income Plan. The rates for Teachers and State Employees and State Law Enforcement Officers include sixteen-hundredths percent (0.16%) for the Death Benefits Plan. The rate for State Law Enforcement Officers includes five percent (5%) for Supplemental Retirement Income.”

SECTION 2.3.(i) If it is necessary to implement the budget adjustment set out in subdivision (b)(8) of this section, the Director of the Budget shall implement a one percent (1%) annualized management flexibility reduction. Notwithstanding any other provision of law, and unless it is inconsistent with a federal law, grant agreement, or other federal requirement, or with the terms of a gift or settlement agreement, the Director of the Budget may use funds appropriated for any purpose or program and from any governmental or proprietary funds for this purpose.

Effective July 1, 2010, agency heads shall immediately take steps in preparation for a potential one percent (1%) reduction.

SECTION 2.3.(j) If on or after January 1, 2011, Congress passes legislation that restores any portion of the enhanced FMAP funding, these funds shall be used to reverse any of the actions taken pursuant to this section in reverse of the priority order in which the adjustments were made in subsection (b) of this section.

b. If a probationary teacher in a full-time permanent position is nonrenewed because of a decrease in the number of positions due to decreased funding, decreased enrollment, or a district reorganization, and is subsequently rehired by the same school system within three years, the intervening years when the teacher was not employed by the local school administrative unit shall not be deemed to constitute (i) a consecutive year of service for the teacher or (ii) a break in the continuity of years of service. However, if at the time of the teacher's nonrenewal for the reasons described in this subsection, the teacher was eligible for career status after being employed four consecutive years pursuant to G.S. 115C-325(c)(1), or one year pursuant to G.S. 115C-325(c)(2), and the board subsequently rehires the teacher within three years, the teacher will be eligible for a career status decision after one additional year of employment. The superintendent or designee will inform the teacher on whether the teacher qualifies for the benefit of this subsection within a reasonable period of time after receiving the information submitted by the teacher. This decision is final and the teacher has no right to a hearing or appeal except that the teacher may petition the board in writing within 10 calendar days after receiving the decision of the superintendent or designee, and the board or board panel shall review the matter on the record and provide the teacher a written decision. Notwithstanding any other provision of law, no appeal to court or otherwise is permitted in regard to the benefits provided under this subsection. This subsection creates no private right of action or basis for any liability on the part of the school system, nor does it create any reemployment rights for a nonrenewed probationary teacher.

The provisions of this subsection also shall apply to a probationary teacher in a full-time permanent position who resigns effective the end of the school year in good standing after receiving documentation that the teacher's position may be eliminated because of a decrease in the number of positions triggered by decreased funding, decreased enrollment, or a district reorganization, and is subsequently rehired by the same school system."

REPEAL ESCHЕAT FUND APPROPRIATION FOR MILLENNIUM TEACHING SCHOLARSHIP LOAN PROGRAM

SECTION 9.1. Section 9.1.(c) of S.L. 2009-451 is repealed.

STUDY FINANCIAL AID CONSOLIDATION

SECTION 9.2.(a) The State Education Assistance Authority, The University of North Carolina, the North Carolina Community College System, and the Fiscal Research Division of the General Assembly shall establish a work group to study jointly the simplification and consolidation of State-funded financial aid for students. North Carolina Independent Colleges and Universities, Inc., shall also be included as a joint member of the work group if it chooses to participate in the study. The State Education Assistance Authority shall be the lead agency for the work group and study.

SECTION 9.2.(b) The purpose of the study is to develop recommendations and options for simplifying and consolidating the delivery of, administration of, and access to State-funded financial aid for students. In conducting the study, the work group shall consider the State's current student financial aid programs and how to consolidate those programs into two categories of State-funded student aid programs: one program that consolidates the State's major need-based programs and one program that consolidates many of the State's scholarship and forgivable loan programs currently available to students who plan to earn degrees and pursue careers in certain professional areas. More specifically the work group shall do the following:

(1) Design a unified need-based financial aid program that combines at a minimum the following three programs into a single need-based financial aid program: The University of North Carolina Need-Based Grant program, the North Carolina Community College Grant program, and the North Carolina Education Lottery Scholarship program established under Article 35A of Chapter 115C of the General Statutes. Currently each of these programs has its own award criteria, formulas, target populations, and funding sources (Escheat Fund, General Fund, and Lottery Funds). As part of its study, the work group shall determine what the appropriate parameters may be for such a unified program by using models that take into account income, expected family contribution, college expenses, type of college attended, and any other factors the work group deems relevant. In designing the program, the work group shall address the issue of proportionality of funding and shall take into account all of the following in its consideration of that issue: the proportionality of funding that currently exists among The University of North Carolina, the North Carolina Community College System, and the North Carolina private colleges and universities; funding sources; accounting for student enrollment change; monetary differences between certain categories of students and whether based on those monetary differences student financial aid should be based on cost of attendance or tuition and fees. The work group may also consider whether it is appropriate to redefine "need" for purposes of student financial aid and to develop a common formula for the distribution of financial aid and the consequences of any proposed modifications if the decision is made to redefine "need" and develop a common formula. The program shall be designed to: (i) distribute...
funds in a manner that is consistent with legislative intent, but more easily understood by potential students, and (ii) retain the ability to track lottery funds.

(2) Design a "forgivable loans for service" program that combines at a minimum the following existing programs into one consolidated program that focuses on loans for services: the Nurse Educators of Tomorrow; Nurse Scholars Program; Nurse Education Scholarship Loan Program; Board of Governors Medical Scholarship Loans; Board of Governors Dental Scholarship Loans; Health, Science and Mathematics Student Loan Program; Prospective Teacher Scholarship Loan Program; and the Teacher Assistant Scholarship Program. This single consolidated program shall initially focus on two high area needs: teaching and health professions (including nursing, allied health and medical, dental, and pharmacy careers). In designing this program, the work group may consider the current allocation of funds among the various scholarship and forgivable loan programs, whether it would be appropriate to allow the reallocation and award of funds not distributed as forgivable loans in a specific service area to be awarded as forgivable loans in a different service area, and, if so, what procedure and methodology would be appropriate to trigger the reallocation of funds and provide for the distribution of those funds as awards in a different service area.

SECTION 9.2.(c) In addition to the considerations set out in subsection (b) of this section, the work group shall also consider all of the following:

(1) The time period required to phase out student loans from any of the programs affected by the program consolidation.
(2) How federal funding may affect student financial aid services.
(3) How to deal with current recipients of funds from programs affected by the consolidation.
(4) How to deal with recipients who are paying back loans made through programs affected by the consolidation.
(5) Whether the State Education Assistance Authority should be authorized to extend the repayment period for forgivable loans in hardship circumstances when a good faith effort has been made to repay the loan in a timely manner, and if so, what the appropriate procedure may be for making that determination and extending the repayment period.
(6) Whether there are, and if so how to address, any significant abuses of the financial aid system, particularly by persons who intentionally apply for and receive financial aid but who intend to drop out of school after securing financial aid funds.
(7) Any other issues the work group deems relevant to this study.

SECTION 9.2.(d) The work group shall present its proposed program designs and report its findings and recommendations to the Joint Select Committee on State Funded Student Financial Aid by October 1, 2010. In its report the work group shall also identify options that may vary from the proposed program designs but that are alternatives that the work group determines may also be workable and consistent with the legislative intent of this study. The work group shall also include in the report any legislative changes that may be needed to implement the program designs and work group recommendations.

These funds may be used to recruit new nonresident students to enter into agreements to: (i) pursue a full-time course of study that will lead to teacher certification in North Carolina and (ii) teach in a North Carolina public school or a school operated by the United States government in North Carolina for one year for each year that they receive this benefit. The Board of Governors shall establish guidelines and regulations for this pilot program, including methodology for determining its success in increasing the supply of qualified teachers for North Carolina public schools. PERMANENT TRANSFER OF FUNDING TO ROANOKE ISLAND COMMISSION FOR PERFORMING ARTS

SECTION 9.6. Section 9.4 of S.L. 2009-451 reads as rewritten:

"SECTION 9.4. The General Assembly finds that in order to expand opportunities for students involved in the performing arts, existing funding for the Summer Institute on Roanoke Island should not be allocated to one specific University of North Carolina institution but instead be allocated directly to the Roanoke Island Commission, so that any interested University of North Carolina institution may have the opportunity to participate in summer arts enrichment and education programs. Therefore, of the funds appropriated by this act to the Board of Governors of The University of North Carolina and allocated to the Summer Institute of the University of North Carolina School of the Arts on Roanoke Island program for the 2009-2011 fiscal biennium, the sum of four hundred sixty-one thousand six hundred forty-six dollars ($461,646) shall be transferred for the 2009-2010 fiscal year to the Roanoke Island Commission, and the sum of four hundred sixty-one thousand six hundred forty-six dollars ($461,646) shall be transferred for the 2010-2011 fiscal year to the Roanoke Island Commission. Recurring funds appropriated for the 2010-2011 fiscal year to the Board of Governors of The University of North Carolina and allocated to the University of North Carolina School of the Arts for the Summer Institute on Roanoke Island program shall be permanently transferred to the Department of Cultural Resources and allocated to the Roanoke Island Commission. The amount to be transferred shall be equal to the amount of the appropriation remaining after all reductions, prior to and included in the act, are incorporated. The Roanoke Island Commission may use these funds to purchase equipment and to contract with any of the constituent institutions of The University of North Carolina System to provide music and drama students an education in a professional performing environment while providing a public service to the State. Any available funds may be used to contract with
community-based or nonprofit performing arts groups or other performing arts groups supported with State or local funds to provide music and drama on Roanoke Island.”

SECTION 9.7.(c) In addition, the Department of Public Instruction shall survey math and science educators in North Carolina to identify the number of current math and science educators who attended a Pre-College or Summer Ventures program sponsored by The University of North Carolina before entering college. The survey may be conducted in cooperation with ongoing data collection efforts within The University of North Carolina System. The data shall be reported to the Office of State Budget and Management and the Fiscal Research Division by February 15, 2011.

COASTAL DEMONSTRATION WIND TURBINES

SECTION 9.9. Section 9.14 of S.L. 2009-451 reads as rewritten:

"SECTION 9.14.(a) Of the funds received by the State and appropriated by United States Public Law 111-005, the American Recovery and Reinvestment Act of 2009, and appropriated in this act to the State Energy Office for the 2009-2010 fiscal year, the sum of three hundred thousand dollars ($300,000) in nonrecurring funds shall be allocated to The University of North Carolina to continue the coastal sounds wind energy study set forth in Section 9.12 of S.L. 2008-107. The University shall contract with a third party by October 1, 2009, to design, permit, procure, construct, establish, operate, and reclaim as appropriate at the end of their economic life up to three demonstration turbines and necessary support facilities in the sounds or off the coast of North Carolina by September 1, 2010. The University may negotiate and execute any rights-of-way, easements, leases, and any other agreements necessary to construct, establish, and operate the demonstration turbines and supporting facilities, notwithstanding any other provisions of law governing such negotiation and execution of any rights-of-way, easements, leases, or other required agreements required for the facilities authorized under this section. Any contract entered into between The University and a third party pursuant to this section shall ensure that The University is provided appropriate access to the demonstration turbines and necessary support facilities for research purposes. The actual number and placement of the wind turbines and necessary support facilities shall be determined by the coastal sounds wind energy study in coordination with participating entities. The Director of the Budget shall ensure that any available federal funds are secured by the State to construct the demonstration turbines and necessary support facilities. The University may negotiate and execute any rights-of-way, easements, leases, and any other agreements necessary to construct, establish, and operate the demonstration turbines and supporting facilities, notwithstanding any other provisions of law governing such negotiation and execution of any rights-of-way, easements, leases, or other required agreements required for the facilities authorized under this section.

SECTION 9.14.(c) The North Carolina Utilities Commission is directed to facilitate and expedite wind energy pilot projects developed pursuant to this act that come within its jurisdiction to the extent allowed by law and consistent with State statute. A wind turbine constructed pursuant to this section shall be exempt from the requirements of G.S. 62-110.1. For such wind turbines owned by a public utility, upon an application by the public utility seeking a rider to recover the costs of such project, the Utilities Commission shall establish an annual rider for the public utility to recover the just and reasonable costs, including the utility's cost of debt and equity, of such project upon completion. Should the project development and construction of the demonstration wind turbines be unreasonably delayed beyond the date set forth in subsection (a) of this section for reasons outside the control of the public utility, all just and reasonable costs incurred by the public utility during project development and construction shall nonetheless be recoverable through an annual rider under this subsection, provided that the public utility shall bear the burden of proving by a preponderance of the evidence that the reasons for the delay were beyond its control and its execution of the project was reasonable and prudent. Should the demonstration wind turbines be abandoned prior to completion, the capital costs and AFUDC related to the project, less any salvage value received, shall nonetheless be recoverable under this Article, provided that the utility shall bear the burden of proving by a preponderance of the evidence that the decision to abandon construction of the project was prudent.
COASTAL WAVE ENERGY RESEARCH AND PROTOTYPE PROJECT

SECTION 9.10.(a) The General Assembly finds that strengthening research and development efforts on renewable energy sources is critical to North Carolina's environment and economy, and that recent events resulting from the British Petroleum oil spill amplify the need for North Carolina's innovators and scientists to enhance their efforts to develop sustainable energy sources and technologies that do not threaten the health and well-being of the State's waters, sensitive lands, and residents. In order to provide opportunities for research into tidal, wave, and other ocean-based sources of alternative energy, the University of North Carolina Coastal Studies Institute shall form a consortium with the Colleges of Engineering at North Carolina State University, North Carolina Agricultural and Technical State University, and the University of North Carolina at Charlotte to study the capture of energy from ocean waves. The Coastal Studies Institute shall be designated the lead agency in coordinating these efforts. Funding appropriated by this act shall be used by university scientists to conceptualize, design, construct, operate, and market new and innovative technologies designed to harness and maximize the energy of the ocean in order to provide substantial power generation for the State. Funding may be used to leverage federal or private research funding for this purpose, but may not be used to purchase and utilize technology that has already been developed by others unless that technology is a critical component to North Carolina's research efforts. Wave energy technologies developed and used for this research may be attached to or staged from an existing State-owned structure located in the ocean waters of the State, and data generated by these technologies shall be available at this structure for public education and awareness. It is the intent of the General Assembly that North Carolina become the focal point for marine-based ocean research collaborations involving the nation's public and private universities.

SECTION 9.10.(b) With respect to the demonstration wave energy facility and necessary support facilities authorized by subsection (a) of this section, the facilities authorized under this act shall be constructed in accordance with the provisions of general law applicable to the construction of State facilities, except that the State Property Office shall expedite and grant all easements and use agreements required for construction of the facilities without payment of any fee, royalty, or other cost. Notwithstanding any other provision of law, construction of the facilities authorized by this section shall be exempt from the following statutes and rules implementing those statutes: G.S. 143-48 through 143-64, 143-128, 143-129, 143-132, 113A-1 through 113A-10, 113A-50 through 113A-66, and 113A-116 through 113A-128. With respect to any other environmental permits required for construction of the facilities, the Department of Environment and Natural Resources is directed to expedite permitting of the project to the extent allowed by law and shall waive any application fees that would be otherwise applicable to applications for permits required for the facilities and, where possible under applicable law, issue all permits within 40 days of receipt of a complete application.

The Board of Governors and the campuses of the constituent institutions also shall review the institutional trust funds and the special funds held by or on behalf of The University of North Carolina and its constituent institutions to determine whether there are monies available in those funds that can be used to assist with operating costs before taking reductions in instructional budgets. In addition, the campuses of the constituent institutions also shall require their faculty to have a teaching workload equal to the national average in their Carnegie classification. Budget reductions shall not be considered in funding available for need-based financial aid.

85
Notwithstanding any other provision of law, for the 2010-2011 fiscal year only, the constituent institutions may, with the approval of the President of The University of North Carolina, increase tuition by up to seven hundred fifty dollars ($750.00) per academic year. This increase shall be in addition to other increases authorized for the fiscal year. At least twenty percent (20%) of these funds shall be used to provide need-based financial aid to students. The remaining balance of these funds shall be used only to offset the institutions' management flexibility reductions."

If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Utilization Pilot funds appropriated in S.L. 2007-323. The covered immunizations include all of the following:

(1) Diphtheria, Pertussis, Tetanus Toxoid (DPT).

"SECTION 10.36.(c) The Department shall ensure that, through CCNC participating physicians and networks, the Department is striving to follow tenets adapted from the National Committee of Quality Assurance's (NCQA) national measures for patient-centered Medical Homes Models. The Department shall begin work immediately to implement this subsection.

"SECTION 10.36.(e) The Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than December 31, 2009, on the performance measures adopted pursuant to subsection (d) of this section. Beginning July 1, 2010, and every six months thereafter, the Department shall submit a report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division evaluating the performance of each of the 14 CCNC Networks based on the performance measures adopted pursuant to subsection (d) of this section.

**MEDICAID POLICY CHANGES**

**SECTION 10.22.(a)** Section 10.58.(d) of S.L. 2009-451 reads as rewritten:
"SECTION 10.58.(d) Services and Payment Bases. – The Department shall spend funds appropriated for Medicaid services in accordance with the following schedule of services and payment bases. All services and payments are subject to the language at the end of this subsection. Unless otherwise provided, services and payment bases will be as prescribed in the State Plan as established by the Department of Health and Human Services and may be changed with the approval of the Director of the Budget.

…

(28) Drugs. – Reimbursements. Reimbursements shall be available for prescription drugs as allowed by federal regulations plus a professional services fee per month, excluding refills for the same drug or generic equivalent during the same month. Payments for drugs are subject to the provisions of this subdivision or in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. Payment of the professional services fee shall be made in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. The professional services fee shall be five dollars and sixty cents ($5.60) per prescription for generic drugs and four dollars ($4.00) per prescription for brand-name drugs. Adjustments to the professional services fee shall be established by the General Assembly. In addition to the professional services fee, the Department may pay an enhanced fee for pharmacy services.

Limitations on quantity. – The Department of Health and Human Services may establish authorizations, limitations, and reviews for specific drugs, drug classes, brands, or quantities in order to manage effectively the Medicaid pharmacy program, except that the Department shall not impose limitations on brand-name medications for which there is a generic equivalent in cases where the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary." The Department may impose prior authorization requirements on brand-name drugs for which the phrase "medically necessary" is written on the prescription.

Dispensing of generic drugs. – Notwithstanding G.S. 90-85.27 through G.S. 90-85.31, or any other law to the contrary, under the Medical Assistance Program (Title XIX of the Social Security Act), and except as otherwise provided in this subsection for drugs listed in the narrow therapeutic index, a prescription order for a drug designated by a trade or brand name shall be considered to be an order for the drug by its established or generic name, except when the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary." An initial prescription order for a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. Generic drugs shall be dispensed at a lower cost to the Medical Assistance Program rather than trade or brand-name drugs. Notwithstanding this subdivision to the contrary, the Secretary of Health and Human Services may prevent substitution of a generic equivalent drug, including a generic equivalent that is on the State maximum allowable cost list, when the net cost to the State of the brand-name drug, after
consideration of all rebates, is less than the cost of the generic equivalent. As used in this subsection, "brand name" means the proprietary name the manufacturer places upon a drug product or on its container, label, or wrapping at the time of packaging; and "established name" has the same meaning as in section 502(e)(3) of the Federal Food, Drug, and Cosmetic Act, as amended, 21 U.S.C. § 352(e)(3).

Prior authorization. – The Department of Health and Human Services shall not impose prior authorization requirements or other restrictions under the State Medical Assistance Program on medications prescribed for Medicaid recipients for the treatment of (i) mental illness, including, but not limited to, medications for schizophrenia, bipolar disorder, major depressive disorder or (ii) HIV/AIDS, except that the Department of Health and Human Services shall continually review utilization of medications under the State Medical Assistance Program prescribed for Medicaid recipients for the treatment of mental illness, including, but not limited to, medications for schizophrenia, bipolar disorder, or major depressive disorder. The Department may, however, with respect to drugs to treat mental illnesses, develop guidelines and measures to ensure appropriate usage of these medications, including FDA-approved indications and dosage levels. (ii) HIV/AIDS. Medications prescribed for the treatment of mental illness shall be included on the Preferred Drug List (PDL). The Department of Health and Human Services, Division of Medical Assistance, may initiate prior authorization for the prescribing of drugs specified for the treatment of mental illness by providers who fail to prescribe those drugs in accordance with indications and dosage levels approved by the federal Food and Drug Administration. The Department may also require retrospective clinical justification for the use of multiple psychotropic drugs for a Medicaid patient. For individuals 18 years of age and under who are prescribed three or more psychotropic medications, the Department shall implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns. When such patterns are identified, the Medical Director for the Division of Medical Assistance and the Chief of Clinical Policy for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services shall require a peer-to-peer consultation with the target prescribers. Alternatives discussed during the peer-to-peer consultations shall be based upon:

a. Evidence-based criteria available regarding efficacy or safety of the covered treatments; and

The target prescriber has final decision-making authority to determine which prescription drug to prescribe or refill.

(30) Experimental or trial procedures. – Coverage is limited to procedures that are recognized or approved by the National Institutes of Health (NIH).

(31) Medicaid as secondary payer claims. – The Department shall apply Medicaid medical policy to recipients who have primary insurance other than Medicare, Medicare Advantage, and Medicaid. The Department shall pay an amount up to the actual coinsurance or deductible or both, in accordance with the State Plan, as approved by the Department of Health and Human Services. The Department may disregard application of this policy in cases where application of the policy would adversely affect patient care."
SECTION 10.22.(b) Section 10.58.(e) of S.L. 2009-451 reads as rewritten:

"SECTION 10.58.(e) Provider Performance Bonds and Visits. –

(1) Subject to the provisions of this subdivision, the Department may require Medicaid-enrolled providers to purchase a performance bond in an amount not to exceed one hundred thousand dollars ($100,000) naming as beneficiary the Department of Health and Human Services, Division of Medical Assistance, or provide to the Department a validly executed letter of credit or other financial instrument issued by a financial institution or agency honoring a demand for payment in an equivalent amount. The Department may require the purchase of a performance bond or the submission of an executed letter of credit or financial instrument as a condition of initial enrollment, reenrollment, or reinstatement if:

a. The provider fails to demonstrate financial viability,

b. The Department determines there is significant potential for fraud and abuse,

c. The Department otherwise finds it is in the best interest of the Medicaid program to do so.

The Department shall specify the circumstances under which a performance bond or executed letter of credit will be required.

(1a) The Department may waive or limit the requirements of this paragraph for individual Medicaid-enrolled providers or for one or more classes of Medicaid-enrolled providers based on the following:

a. The provider's or provider class's dollar amount of monthly billings to Medicaid.

b. The length of time an individual provider has been licensed, endorsed, certified, or accredited in this State to provide services.

c. The length of time an individual provider has been enrolled to provide Medicaid services in this State.

d. The provider's demonstrated ability to ensure adequate record keeping, staffing, and services.

e. The need to ensure adequate access to care.

In waiving or limiting requirements of this paragraph, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department shall provide to the affected provider written notice of the findings upon which its action is based and shall include the performance bond requirements and the conditions under which a waiver or limitation apply. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.

(2) Reimbursement is available for up to 30 visits per recipient per fiscal year for the following professional services: hospital outpatient providers, physicians, nurse practitioners, nurse midwives, clinics, health departments, optometrists, chiropractors, and podiatrists. The Department of Health and Human Services shall adopt medical policies in accordance with G.S. 108A-54.2 to distribute the allowable number of visits for each service or each group of services consistent with federal law. In addition, the Department shall establish a threshold of some number of visits for these services. The Department shall ensure that primary care providers or the appropriate CCNC network are notified when a patient is nearing the established threshold to facilitate care coordination and intervention as needed.

Prenatal services, all EPSDT children, emergency room visits, and mental health visits subject to independent utilization review are exempt
from the visit limitations contained in this subdivision. Subject to appropriate medical review, the Department may authorize exceptions when additional care is medically necessary. Routine or maintenance visits above the established visit limit will not be covered unless necessary to actively manage a life threatening disorder or as an alternative to more costly care options."

**SPECIALTY DRUG PROVIDER NETWORK**

**SECTION 10.23.** The Department of Health and Human Services shall work with specialty drug providers, manufacturers of specialty drugs, Medicaid recipients who are prescribed specialty drugs, and the medical professionals that treat Medicaid recipients who are prescribed specialty drugs to develop ways to ensure that best practices and the prevention of overutilization are maintained in the delivery and utilization of specialty drugs.

**STATEWIDE EXPANSION OF CAPITATED 1915(B)/(C) BEHAVIORAL HEALTH WAIVERS**

**SECTION 10.24.(a)** The Department of Health and Human Services (Department) shall select up to two additional Local Management Entities (LMEs) to implement the capitated 1915 (b)/(c) Medicaid waiver as a demonstration program during the 2010-2011 fiscal year. The waiver program shall include all Medicaid-covered mental health, developmental disabilities, and substance abuse services. Expansion of the waiver to additional LMEs shall be contingent upon approval by the Centers for Medicare and Medicaid Services.

**SECTION 10.24.(b)** The Department shall conduct an evaluation of the capitated 1915(b)/(c) Medicaid waiver demonstration program sites to determine the programs' impact on consumers with developmental disabilities. The evaluation shall include a satisfaction survey of consumers. The Department shall consider the impact on ICF/ICF/MR facilities included in the waiver to determine and, to the extent possible, minimize potential inconsistencies with the DMA-ICF/MR rate plan and the requirements of G.S. 131E-176 and G.S. 131E-178 without negatively impacting the viability and success of the waiver program. The Department shall consult with stakeholders and evaluate all other waiver options, including the possibility of a waiver without a 1915(b)/(c) combination. The Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division no later than April 1, 2012, after which time the Department may expand the capitated 1915(b)/(c) Medicaid waiver to additional LMEs.

The Department shall not approve any expansion of the Piedmont Behavioral Healthcare LME (PBH) beyond its existing catchment area until after the Department has completed its evaluation and made its report pursuant to this subsection.

**STUDY MEDICAID PROVIDER RATES**

**SECTION 10.25.(a)** The Department of Health and Human Services, Division of Medical Assistance, shall initiate a study or contract out for a study of reimbursement rates for Medicaid providers and program benefits. The study shall include the following information:

1. A comparison of Medicaid reimbursement rates in North Carolina with reimbursement rates in surrounding states and with rates in two additional states; and

2. A comparison of Medicaid program benefits in North Carolina with program benefits provided in surrounding states and with rates in two additional states. Selected provider rates shall be studied for the initial report.

**SECTION 10.25.(b)** The Department shall report its initial findings to the Governor, the Senate Appropriations Committee on Health and Human Services, the House of
Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division by April 1, 2011.

SECTION 10.25.(c) Funds appropriated to the Department of Health and Human Services may be used to complete this study.

MEDICAID FRAUD PREVENTION

SECTION 10.26.(a) The Department of Health and Human Services (Department) is authorized to create a fraud prevention program that uses information, lawfully obtained, from State and private databases to develop a fraud risk analysis of Medicaid providers and recipients. This analysis would be used to prevent fraud before it takes place and to achieve cost avoidance savings. For the purposes of the fraud prevention program created pursuant to this subsection, State agencies shall provide the Department with access to their databases, and the Department shall comply with all necessary security measures and restrictions to ensure that access to any specific information held confidential under federal and State law is limited to authorized persons.

SECTION 10.26.(b) The information obtained by the Department pursuant to subsection (a) of this section shall be privileged and confidential, is not a public record pursuant to G.S. 132-1, and may only be used for investigative or evidentiary purposes related to violations of State or federal law and regulatory activities. The Department shall release data collected pursuant to this section to the following persons only:

1. An individual who requests the individual's own Medicaid recipient information.
2. A provider who requests the provider's Medicaid provider information.
3. The Office of the Attorney General, a county department of social services for investigative or evidentiary purposes related to violations of State or federal law by Medicaid recipients, and the Medicaid Fraud Investigations Unit of the Office of the Attorney General of North Carolina for investigative or evidentiary purposes related to violations of State or federal law by Medicaid providers.
4. To a court pursuant to a lawful court order in a criminal action.

The Department may provide data to public or private entities for statistical, research, or educational purposes only after removing information that could be used to identify individual recipients or providers of Medicaid services.

SECTION 10.26.(c) Notwithstanding any other provision of law to the contrary, the Department may modify or extend existing contracts to achieve Medicaid fraud prevention savings in a timely manner, subject to review and approval by the Secretary of the Department of Administration. The requirements of G.S. 143-59 apply to contracts entered into, modified, or extended pursuant to this section.

SECTION 10.26.(d) The Department shall report on the activities conducted under this section, including actions taken relating to compliance with G.S. 143-59 and any contract modifications or extensions that are approved pursuant to this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Office of State Budget and Management, and the Fiscal Research Division on or before April 1, 2011.

SECTION 10.26.(e) The authority granted to the Department to modify or extend existing contracts in subsection (c) of this section expires one year following the effective date of this section. The Department shall destroy all records and information obtained pursuant to this section after five years unless there has been criminal, civil, or administrative action involving the records and information obtained. Any records or information turned over to the Office of the Attorney General, a county department of social services, the Medicaid Fraud Investigation Unit of the Office of the Attorney General, or a court of competent jurisdiction shall not be subject to the destruction requirements of this subsection.
STUDY HIV MEDICAID WAIVER

SECTION 10.27. By November 1, 2010, the Department of Health and Human Services, Divisions of Medical Assistance and Public Health, shall jointly study and report to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division on the financial and programmatic feasibility of reducing the waiting list for the AIDS Drug Assistance Program (ADAP) by expanding eligibility for Medicaid to HIV-positive individuals with incomes at or below one hundred thirty-three percent (133%) of the federal poverty level. The study shall include an assessment of the cost-effectiveness of using State dollars to expand Medicaid eligibility to this population as compared to using State dollars for ADAP. The study may also consider any planning and coordination benefits the State may derive from expanding Medicaid eligibility to HIV-positive individuals, in preparation for the expansion of Medicaid eligibility in calendar year 2014 to all individuals with incomes at or below one hundred thirty-three percent (133%) of the federal poverty level. If, as a result of the study, the Divisions of Medical Assistance and Public Health conclude that expanding Medicaid eligibility to HIV-positive individuals with incomes at or below one hundred thirty-three percent (133%) of the federal poverty level is a cost-effective means for the State to eliminate its ADAP waiting list, then the Division of Medical Assistance shall apply to the Centers for Medicare and Medicaid Services (CMS) for an appropriate waiver to implement this expansion in Medicaid eligibility. If approved by CMS, the Division shall not implement the waiver except as authorized by an act of the General Assembly appropriating funds for this purpose.

ELIMINATE REIMBURSEMENT OF "NEVER EVENTS"

SECTION 10.28. The Department of Health and Human Services, Division of Medical Assistance, shall modify its Medicaid State Plan, as detailed by the Centers for Medicare and Medicaid Services in its July 31, 2008, letter to State Medicaid Directors, to ensure that inpatient hospital reimbursement is not provided for Hospital-Acquired Conditions (HACs) that are identified as nonpayable by Medicare. The State Plan Amendment addressing this "Never Event" modification shall apply to all Medicaid reimbursement provisions in section 4.19A of the North Carolina Medicaid State Plan governing inpatient hospital reimbursement, including Medicaid supplemental or enhanced payments and Medicaid disproportionate share hospital payments.

AMEND MEDICAID RECIPIENT APPEALS PROCESS

SECTION 10.30.(a) Article 2 of Chapter 108A of the General Statutes is amended by adding a new Part to read:

§ 108A-70.9A. Appeals by Medicaid recipients.

(a) Definitions. – The following definitions apply in this Part, unless the context clearly requires otherwise.

(1) Adverse determination. – A determination by the Department to deny, terminate, suspend, or reduce a Medicaid service or an authorization for a Medicaid service.

(2) Recipient. – A recipient and the recipient's parent, guardian, or legal representative, unless otherwise specified.

right to appeal the adverse determination. The Department shall not be required to notify a recipient's parent, guardian, or legal representative unless the recipient's parent, guardian, or legal representative has requested in writing to receive the notice. The notice shall be mailed on the date indicated on the notice as the date of the determination. The notice shall include:

1. An identification of the recipient whose services are being affected by the adverse determination, including the recipient's full name and Medicaid identification number.

9. The telephone number by which the recipient may contact a Legal Aid/Legal Services office.
10. The appeal request form described in subsection (e) of this section that the recipient may use to request a hearing.

(d) Appeals. – Except as provided by this section and G.S. 108A-70.9B, a request for a hearing to appeal an adverse determination of the Department under this section is a contested case subject to the provisions of Article 3 of Chapter 150B of the General Statutes. The recipient shall request a hearing within 30 days of the mailing of the notice required by subsection (c) of this section by sending an appeal request form to OAH and the Department. Where a request for hearing concerns the reduction, modification, or termination of Medicaid services, including the failure to act upon a timely request for reauthorization with reasonable promptness, upon the receipt of a timely appeal, the Department shall reinstate the services to the level or manner prior to action by the Department as permitted by federal law or regulation. The Department shall immediately forward a copy of the notice to OAH electronically. The information contained in the notice is confidential unless the recipient appeals. OAH may dispose of the records after one year. The Department may not influence, limit, or interfere with the recipient's decision to request a hearing.

(e) Appeal Request Form. – Along with the notice required by subsection (c) of this section, the Department shall also provide the recipient with an appeal request form which shall be no more than one side of one page. The form shall include the following:

(4) A statement informing the recipient that he or she may choose to be represented by a lawyer, a relative, a friend, or other spokesperson.

(5) A space for the recipient's signature and date.

(f) Final Decision. – After a hearing before an administrative law judge, the judge shall return the decision and record to the Department in accordance with G.S. 108A-70.9B. The Department shall make a final decision in the case within 20 days of receipt of the decision and record from the administrative law judge and promptly notify the recipient of the final decision and of the right to judicial review of the decision pursuant to Article 4 of Chapter 150B of the General Statutes.

"§ 108A-70.9B. Contested Medicaid cases.

(a) Application. – This section applies only to contested Medicaid cases commenced by Medicaid recipients under G.S. 108A-70.9A. Except as otherwise provided by G.S. 108A-70.9A and this section governing time lines and procedural steps, a contested Medicaid case commenced by a Medicaid recipient is subject to the provisions of Article 3 of Chapter 150B of the General Statutes. To the extent any provision in this section or G.S. 108A-70.9A conflicts with another provision in Article 3 of Chapter 150B of the General Statutes, this section and G.S. 108A-70.9A control.

(b) Simple Procedures. – Notwithstanding any other provision of Article 3 of Chapter 150B of the General Statutes, the chief administrative law judge may limit and simplify the procedures that apply to a contested Medicaid case involving a Medicaid recipient in order to complete the case as quickly as possible:

(1) To the extent possible, OAH shall schedule and hear contested Medicaid cases within 55 days of submission of a request for appeal.

(2) Hearings shall be conducted telephonically or by video technology with all parties, however the recipient may request that the hearing be conducted in person before the administrative law judge. An in-person hearing shall be conducted in Wake County, however, for good cause shown, the in-person hearing may be conducted in the county of residence of the recipient or a nearby county. Good cause shall include, but is not limited to, the recipient's impairments limiting travel or the unavailability of the recipient's treating professional witnesses. The Department shall provide written notice to the recipient of the use of telephonic hearings, hearings by video conference, and in-person hearings before the administrative law judge, and how to request a hearing in the recipient's county of residence.

(3) The simplified procedure may include requiring that all prehearing motions be considered and ruled on by the administrative law judge in the course of the hearing of the case on the merits. An administrative law judge assigned to a contested Medicaid case shall make reasonable efforts in a case involving a Medicaid recipient who is not represented by an attorney to assure a fair hearing and to maintain a complete record of the hearing.

(4) The administrative law judge may allow brief extensions of the time limits contained in this section for good cause and to ensure that the record is complete. Good cause includes delays resulting from untimely receipt of documentation needed to render a decision and other unavoidable and unforeseen circumstances. Continuances shall only be granted in accordance with rules adopted by OAH and shall not be granted on the day of the hearing, except for good cause shown. If a petitioner fails to make an appearance at a hearing that has been properly noticed via certified mail by OAH, OAH shall immediately dismiss the contested case, unless the recipient moves to show good cause within three business days of the date of dismissal.

(5) The notice of hearing provided by OAH to the recipient shall include the following information:
a. The recipient's right to examine at a reasonable time before the hearing and during the hearing the contents of the recipient's case file and documents to be used by the Department in the hearing before the administrative law judge.

b. The recipient's right to an interpreter during the appeals process.

c. Circumstances in which a medical assessment may be obtained at agency expense and be made part of the record. Qualifying circumstances include those in which (i) a hearing involves medical issues, such as a diagnosis, an examining physician's report, or a medical review team's decision; and (ii) the administrative law judge considers it necessary to have a medical assessment other than that performed by the individual involved in making the original decision.

(c) Mediation. – Upon receipt of an appeal request form as provided by G.S. 108A-70.9A(e) or other clear request for a hearing by a Medicaid recipient, OAH shall immediately notify the Mediation Network of North Carolina, which shall contact the recipient within five days to offer mediation in an attempt to resolve the dispute. If mediation is accepted, the mediation must be completed within 25 days of submission of the request for appeal. Upon completion of the mediation, the mediator shall inform OAH and the Department within 24 hours of the resolution by facsimile or electronic messaging. If the parties have resolved matters in the mediation, OAH shall dismiss the case. OAH shall not conduct a hearing of any contested Medicaid case until it has received notice from the mediator assigned that either: (i) the mediation was unsuccessful, or (ii) the petitioner has rejected the offer of mediation, or (iii) the petitioner has failed to appear at a scheduled mediation. Nothing in this subsection shall restrict the right to a contested case hearing.

(d) Burden of Proof. – The recipient has the burden of proof to show entitlement to a requested benefit or the propriety of requested agency action when the agency has denied the benefit or refused to take the particular action. The agency has the burden of proof when the appeal is from an agency determination to impose a penalty or to reduce, terminate, or suspend a previously granted benefit. The party with the burden of proof on any issue has the burden of going forward, and the administrative law judge shall not make any ruling on the preponderance of evidence until the close of all evidence.

e) New Evidence. – The recipient shall be permitted to submit evidence regardless of whether obtained prior to or subsequent to the Department's actions and regardless of whether the Department had an opportunity to consider the evidence in making its adverse determination. When the evidence is received, at the request of the Department, the administrative law judge shall continue the hearing for a minimum of 15 days and a maximum of 30 days to allow for the Department's review of the evidence. Subsequent to review of the evidence, if the Department reverses its original decision, it shall immediately inform the administrative law judge.

(f) Issue for Hearing. – For each adverse determination, the hearing shall determine whether the Department substantially prejudiced the rights of the recipient and if the Department, based upon evidence at the hearing:

(1) Exceeded its authority or jurisdiction.
(2) Acted erroneously.
(3) Failed to use proper procedure.
(4) Acted arbitrarily or capriciously.
(5) Failed to act as required by law or rule.

(g) Decision. – The administrative law judge assigned to a contested Medicaid case shall hear and decide the case without unnecessary delay. OAH shall send a copy of the audiotape or diskette of the hearing to the agency within five days of completion of the hearing. The judge shall prepare a written decision and send it to the parties. The decision shall be sent together with the record to the agency within 20 days of the conclusion of the hearing.
"§ 108A-70.9C. Informal review permitted. Nothing in this Part shall prevent the Department from engaging in an informal review of a contested Medicaid case with a recipient prior to issuing a notice of adverse determination as provided by G.S. 108A-70.9A(c)."

**SECTION 10.30.** Section 10.15A.(h3) of S.L. 2008-107, as amended by Section 3.13.(b) of S.L. 2008-118, reads as rewritten:

These funds shall be allocated by the Office of Administrative Hearings OAH for mediation services provided for Medicaid applicant and recipient appeals and to contract for other services necessary to conduct the appeals process. OAH shall continue the Memorandum of Agreement (MOA) with the Department for mediation services provided for Medicaid recipient appeals and contracted services necessary to conduct the appeals process. The MOA will facilitate the Department's ability to draw down federal Medicaid funds to support this administrative function. Upon receipt of invoices from OAH for covered services rendered in accordance with the MOA, the Department shall transfer the federal share of Medicaid funds drawn down for this purpose."

**SECTION 10.30.(c)** Not later than October 1, 2011, the Department of Health and Human Services and the Office of Administrative Hearings (OAH) shall submit a report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on the number, status, and outcome of contested Medicaid cases handled by OAH pursuant to the appeals process established in Part 6A of Chapter 108A of the General Statutes. The report shall include information on the number of contested Medicaid cases resolved through mediations and through formal hearings, the outcome of settled and withdrawn cases, and the number of incidences in which the Division of Medical Assistance (DMA) reverses the decision of an administrative law judge along with DMA's rationale for the reversal.

"SECTION 10.68A.(a) For the purpose of enabling the Department of Health and Human Services, Division of Medical Assistance, to achieve the budget reductions enacted in this act for the Medicaid program, the Department may take the following actions, notwithstanding any other provision of this act or other State law or rule to the contrary and subject to the requirements of subsection (e) of this section:

(3) Medicaid Personal Care Service provision. Upon the enactment of this act, the Division of Medical Assistance shall implement the following new criteria for personal care services (PCS):

a. Independent assessment by an entity that does not provide direct PCS services for evaluation of the recipient prior to initiation of service. The independent assessment will determine the qualifying Activities of Daily Living (ADL), the level of assistance required, and the amount and scope of PCS to be provided, according to policy criteria.

b. Independent assessment or review from the assigned Community Care of North Carolina (CCNC) physician of the continued qualification for PCS services under the revised PCS policy criteria.

c. Establishment of time limits on physician service orders and reauthorization in accordance with the recipient's diagnosis and acuity of need.

e. Online physician attestation of medical necessity.

f. If sufficient reduction in cost is not achieved with the revised policy, the Secretary shall direct the Division of Medical Assistance to further modify the policy to achieve targeted cost savings.

Recipients currently receiving PCS services shall be reviewed under the above criteria, and those recipients not meeting the new criteria shall be terminated from the service within 30 days of the review. The Department shall review usage of personal care services in adult care homes to determine if overuse is occurring and shall report its findings to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on or before December 1, 2009.

All available resources shall be utilized fully, and services provided by such agencies and individuals shall be disclosed to the DMA assessor.

(4) MH/DD/SA Personal Care and Personal Assistance Services Provision. – A denial, reduction, or termination of Medicaid-funded personal care services shall result in a similar denial, reduction, or termination of State-funded MH/DD/SA personal care and personal assistance services.

(5) Community Support and other MH/DD/SA services. – The Department of Health and Human Services shall transition community support child and adult, individual and group services to other defined services on or before June 30, 2010. f. g. Effective 60 days from the enactment of this act, the paraprofessional level of community support shall be eliminated, and from this date the Department shall not use any Medicaid or State funds to pay for this level of service.

h. Thirty days after the enactment of this act, any concurrent request shall be accompanied with a discharge plan. Submission of the discharge plan will be a required document for a request to be considered complete. Failure to submit the discharge plan will result in the request being returned as "unable to process." Discharge from the service must occur within 90 days after the submission of the discharge plan.

k. Failure to comply with notification, recipient transition planning, or record maintenance shall result in suspension of further payment until such failure is corrected. In addition, failure to comply shall result in denial of enrollment as a provider for any Medicaid or State-funded service. A provider (including its officers, directors, agents, or managing employees or individuals or entities having a direct or indirect ownership interest or control interest of five percent (5%) or more as set forth in Title XI of the Social Security Act) that fails to comply with the required record retention may be subject to sanctions, including exclusion from further participation in the Medicaid program, as set forth in Title XI.

The Division shall also revise provider qualifications and tighten the service definition to contain costs in this line

Not later than December 1, 2009, the Division of Medical Assistance shall report its findings on the rate study and any actions it has taken to conform with this subdivision to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

All restructuring activities shall be in compliance with federal and State law or rule. The restructuring shall address all of the following:

a. Submission of the therapeutic family service definition to CMS.

b. The Department shall reexamine the entrance and continued stay criteria for all residential services. The revised criteria shall promote least restrictive services in the home prior to residential placement. During treatment, there must be inclusion in community activities and parent or legal guardian participation in treatment.

c. Require all existing residential providers or agencies to be nationally accredited within one year of enactment of this act. Any providers enrolled after the enactment of this act shall be subject to existing endorsement and nationally accrediting requirements. In the interim, providers who are nationally accredited will be preferred providers for placement considerations.

2. Multisystemic therapy or intensive in-home therapy services have been unsuccessful; or

3. The Child and Family Team has reviewed all other alternatives and recommendations and recommends Level III or IV placement due to maintaining health and safety; or

4. Transition or discharge plan shall be submitted as part of the initial or concurrent request.

Any exceptions granted will require an independent psychiatric assessment, Child and Family Team review of goals and treatment progress, family or discharge placement setting are actively engaged in treatment goals and objectives and active participation of the prior authorization of vendor. The Department shall study the effectiveness of the length of stay limitation imposed pursuant to this sub-subdivision, and the number of children staying in Level II, III, and IV facilities, and report its findings to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on or before January 1, 2011, and shall provide update reports on the number of children in these facilities to this same committee every six months thereafter, for the following three-year period.
f. Submission of discharge plan is required in order for the request to be considered complete. Failure to submit a complete discharge plan will result in the request being returned as unable to process.

g. Any residential provider that ceases to function as a provider shall provide written notification to DMA, the Local Management Entity, recipients, and the prior authorization vendor 30 days prior to closing of the business.

h. Record maintenance is the responsibility of the provider and must be in compliance with record retention requirements. Records shall also be available to State, federal, and local agencies.

i. Failure to comply with notification, recipient transition planning, or record maintenance shall be grounds for withholding payment until such activity is concluded. In addition, failure to comply shall be conditions that prevent enrollment for any Medicaid or State-funded service. A provider (including its officers, directors, agents, or managing employees or individuals or entities having a direct or indirect ownership interest or control interest of five percent (5%) or more as set forth in Title XI of the Social Security Act) that fails to comply with the required record retention may be subject to sanctions, including exclusion from further participation in the Medicaid program, as set forth in Title XI.

j. On or before October 1, 2009, the Department shall report on its plan for transitioning children out of Level III and Level IV group homes. The Department shall submit the reports to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

In exercising authority under this subsection, the Secretary shall not reduce Medicaid provider rates beyond those in effect as of June 1, 2010, except as provided in budget reductions for the 2010-2011 fiscal year. The Secretary shall consider the impact on access to care through primary care providers and critical access hospitals and may adjust the rates accordingly. The rate reduction applies to all Medicaid private and public providers with the following exceptions: federally qualified health clinics, rural health centers, State institutions, hospital outpatient, pharmacies, and the noninflationary components of the case-mix reimbursement system for nursing facilities. Medicaid rates predicated upon Medicare fee schedules shall follow Medicare reductions but not Medicare increases unless federally required. Inflationary increases for Medicaid providers paying provider fees (private ICF-MRs and nursing facilities) can occur if the State share of the increases can be funded with provider fees.

(9) Medicaid identification cards. – The Department shall issue Medicaid identification cards to recipients on an annual basis with quarterly updates.

(10) The Department of Health and Human Services shall develop a plan for the consolidation of case management services utilizing CCNC. The plan shall address the time line and process for implementation, the vendors involved, the identification of savings, and the Medicaid recipients affected by the consolidation. Consolidation under this subdivision does not apply to HIV case management. By December 1, 2009, the Department shall report on the plan to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations
Committee on Health and Human Services, and the Fiscal Research Division.

(11) For the purpose of promoting cost-effective utilization of outpatient mental health services for children, DMA shall require prior authorization for services following the sixteenth visit.

(12) Provision of Medicaid Private Duty Nursing (PDN). – DMA shall change the Medicaid Private Duty Nursing program provided under the State Medicaid Plan, as follows:

   1. Provided only to qualified recipients under the age of 21.
   2. Authorized by the recipient's primary care or attending physician.
   3. Limited to 16 hours of service per day, unless additional services are required to correct or ameliorate defects and physical and mental illnesses and conditions as defined in 42 U.S.C. § 1396d(r)(5).
   4. Approved based on an initial assessment and continuing need reassessments performed by an Independent Assessment Entity (IAE) that does not provide PDN services and authorized in amounts that are medically necessary based on the recipient's medical condition, amount of family assistance available, and other relevant conditions and circumstances, as defined by the Medicaid Clinical Coverage Policy for this service.
   5. Provided in accordance with a plan of care approved by DMA or its designee.

b. Develop and submit to CMS a 1915(c) Home and Community Based Services Waiver for individuals dependent on technology to substitute for a vital body function.

c. Once approved by CMS and upon approval of the Medicaid Clinical Coverage Policy, transition all qualified recipients age 21 and older currently receiving PDN to waiver services provided under the Technology Dependent Waiver.”

GENERAL PROVISIONS

SECTION 10.37.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.
(2) A delineation of the proposed State and local administrative expenditures.
(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 10.37.(e) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. The Office of State Budget and Management shall report on these changes.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.37.(f) Appropriations from federal Block Grant funds are made for the fiscal year ending June 30, 2011, according to the schedule enacted for State fiscal year 2010-2011 or until a new schedule is enacted by the General Assembly.

SECTION 10.37.(g) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

(a) The Board may, by regulation after a public hearing, adopt and from time to time revise a list of restricted use pesticides for the State or for designated areas within the State. The Board may designate any pesticide or device as a "restricted use pesticide" upon the grounds that, in the judgment of the Board (either because of its persistence, its toxicity, or otherwise) it is so hazardous or injurious to persons, pollinating insects, animals, crops, wildlife, lands, or the environment, other than the pests it is intended to prevent, destroy, control, or mitigate that additional restriction on its sale, purpose, use or possession are required.
(b) The Board may include in any such restricted use regulation the time and conditions of sale, distribution, or use of such restricted use pesticides, may prohibit the use of any restricted use pesticide for designated purposes or at designated times; may require the purchaser or user to certify that restricted use pesticides will be used only as labeled or as further restricted by regulation; may require the certification and recertification of private applicators and, charge a fee of up to ten dollars ($10.00), with the fee set at a level to make the certification/recertification program self-supporting, and, after opportunity for a hearing, may suspend, revoke or modify the certification for violation of any provision of this Article, or any rule or regulation adopted thereunder; and may, if it deems it necessary to carry out the provisions of this Part, require that any or all restricted use pesticides shall be purchased, possessed, or used only under permit of the Board and under its direct supervision in certain areas and/or under certain conditions or in certain quantities or concentrations except that any person licensed to sell such pesticides may purchase and possess such pesticides without a permit. The Board may require all persons issued such permits to maintain records as to the use of the restricted use pesticides. SECTION 11.4.(k) The Department of Agriculture and Consumer Services may study the State's role in reducing the number of unwanted dogs and cats and in ensuring the humane treatment of dogs and cats by breeders, shelters, and other facilities that house dogs and cats. As part of this study, the Department may do the following:

(1) Conduct a comprehensive evaluation of the need for revisions of or additions to existing regulatory authority designed to address animal welfare issues in the State, including a review of existing State and federal law.
(2) Evaluate the existing needs among county and State agencies for improving responses to animal welfare incidents.

(3) Consider the extent to which the existing infrastructure of the State Animal Response Team may be expanded to handle animal emergencies that involve companion animals and the feasibility and needs for such an expansion.

(4) Survey local government to determine the total fiscal demand for a voluntary statewide program to foster the spaying and neutering of dogs and cats for the purpose of reducing the population of unwanted animals.

(5) Review data regarding the economic impact of animal sheltering and other animal welfare programs, including the costs of such programs to counties and the State, and identify ways that the State might reduce the number of animals being sent to animal shelters and whether more cost-effective means exist to control the pet population without compromising animal welfare.

(6) Evaluate the needs of the Animal Welfare program within the Department, specifically with regard to dealing with inquiries from the public, inspection capability and frequency, and staff development and training for Department personnel and others in the State that conduct animal welfare work.

(7) Consult with other organizations and entities it deems appropriate.

(8) Examine any other issues the Department deems pertinent to its charge under this subsection.

SECTION 11.4.(l) The Department of Agriculture and Consumer Services shall conduct the study set out in subsection (k) of this section within funds available for the 2010-2011 fiscal year. INMATE MEDICAL COST CONTAINMENT

SECTION 19.6.(a) The Department of Correction may reimburse those providers and facilities providing inmate medical services at a rate not to exceed seventy percent (70%) of the amount charged based on the usual and customary charges in effect for all other patients as of July 1, 2010. Usual and customary charges shall be established for each provider or facility based on the schedule of usual and customary charges used for all other patients furnished by that provider or facility providing inmate medical services in effect on July 1, 2010. Information furnished by providers and facilities regarding their usual and customary charges under this section is deemed as a matter of law to meet all the conditions of G.S. 132-1.2(1). The limitation on payment for inmate medical services under this subsection shall not apply to reimbursement rates the Department of Correction has otherwise contracted for under contracts in effect as of June 30, 2010.

This subsection applies to all medical and facility services provided outside the correctional facility, including hospitalizations, professional services, medical supplies, and other medications provided to any inmate confined in a correctional facility.
SECTION 19.6.(b) The Department of Correction shall make every effort to contain inmate medical costs by making use of its own hospital and health care facilities to provide health care services to inmates. To the extent that the Department of Correction must utilize other facilities and services to provide health care services to inmates, the Department shall make reasonable efforts to make use of hospitals or other providers with which it has a contract or, if none is reasonably available, hospitals with available capacity or other health care facilities in a region to accomplish that goal. The Department shall make reasonable efforts to equitably distribute inmates among all hospitals or other appropriate health care facilities.

With respect to any single hospital, the Department of Correction shall make best efforts to seek admission of the number of inmates representing no more than five percent (5%) of all inmates requiring hospitalization or hospital services on an annual basis, unless the failure to do so would jeopardize the health of an inmate or unless a higher level is agreed to by contract.

The Department shall also give preference to those hospitals or other health care facilities in the same county or an adjoining county to the correctional facility where an inmate requiring hospitalization is incarcerated.

SECTION 19.6.(c) The Department of Correction shall consult with the Division of Medical Assistance in the Department of Health and Human Services to develop protocols for prisoners who would be eligible for Medicaid if they were not incarcerated to access Medicaid while in custody or under extended limits of confinement. The Department shall seek reimbursement from Medicaid for those health care costs incurred by the Department in those instances when an inmate's Medicaid eligibility has been temporarily reinstated due to a hospitalization. The Department of Correction shall also work with the Division of Medical Assistance to determine the feasibility of applying for a Medicaid waiver to cover the inmate population.

SECTION 19.6.(d) The Department of Correction, in consultation with the Office of State Budget and Management, shall study the impact on inmate medical costs resulting from the measures set forth in subsections (a), (b), and (c) of this section. 1. Contracting with a private third party to manage and provide all inmate medical services;
2. Partnering with the federal government to allow for treatment of State inmates in federal correctional hospitals; and
3. Purchasing a fixed number of beds at a hospital.

SECTION 19.6.(f) The Department of Correction shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee no later than October 1, 2010, on:

1. The Department's progress with the RFP process initiated pursuant to Section 19.20(b) of S.L. 2009-451, as rewritten by Section 15A of S.L. 2009-575, to contract for claims processing, medical management services, and the development and management of a medical professional and facility provider network.
2. The anticipated effects on medical care provided to inmates as a result of the new hospital at Central Prison and the updated facilities at the North Carolina Correctional Institute for Women, as well as any other new medical services capacity within the Department. Specifically, the Department shall report on:
a. The types and volumes of services that the new and updated facilities will provide that previously would have been provided by community providers; and
b. The projected types and volumes of services that will still be referred to community providers.

The report shall also address changes in statewide inmate custody that are needed to maximize the utilization of the new facilities and the Department's ability to contract with community providers with the available capacity throughout the State.

**SECTION 19.6.(g)** The Department of Correction shall report to the Joint Legislative Commission on Governmental Operations no later than October 1, 2010, and quarterly thereafter on:

1. The volume of services provided by community medical providers that can be scheduled in advance and, of that volume, the percentage of those services that are provided by contracted providers; and
2. The volume of services provided by community medical providers that cannot be scheduled in advance and, of that volume, the percentage of those services that are provided by contracted providers.

The Department may use funds available to support the pilot. The eligible inmates shall be assessed by the Department of Correction as low-risk and eligible for minimum custody security level. Selected inmates may be housed at a community-based residential facility with other populations such as those on community supervision and nonoffenders. The pilot will begin during the 2010-2011 fiscal year and end during the 2011-2012 fiscal year. The Department shall report on the outcome of the pilot to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee by February 1, 2012. The report shall include the number of inmates served, the number who successfully completed the program/program services, a cost comparison between placement in a community-based residential facility and incarceration in the State prison system, and may make recommendations regarding continuing placement of offenders in such facilities.

PART XXIX. SALARIES AND BENEFITS

FURLoughs Authorized/Public Schools

SECTION 29.1. The General Assembly finds that:

(1) North Carolina's citizens and businesses are suffering from the effects of a significant State financial crisis.

(2) The financial crisis has resulted in large reductions in revenues projected to be available to fund the State's budget for the 2010-2011 fiscal year.

(3) Each local school administrative unit is required to reduce its budget and should attempt to protect employees when possible.
(4) The implementation of furloughs may be necessary to balance local school administrative unit budgets for the 2010-2011 fiscal year.

SECTION 29.1.(b) In accordance with Section 7.13 of this act, local boards of education may implement furloughs of State-funded public school employees to offset the LEA funding flexibility adjustment.

SECTION 29.1.(c) The following definitions apply in this section:

(1) Furlough. – A temporary period of leave from employment without pay that (i) is ordered by a local board of education and (ii) is not in connection with a demotion or other disciplinary action.

(2) Public school employee. – Any person employed by a local school administrative unit. The term includes public officers.

SECTION 29.1.(d) The provisions of Section 26.14E(b) and (c) of S.L. 2009-451 apply to public school employees furloughed pursuant to the section.

SECTION 29.1.(e) Local school administrative units shall cooperate with the Department of Public Instruction in the implementation of a furlough, if required.

SECTION 29.1.(f) As soon as practicable, and no more than 30 calendar days from the effective date of this section, the State Board of Education shall adopt rules for the implementation of this section in accordance with G.S. 150B-21.1A, except that notwithstanding G.S. 150B-21.1A(d), those emergency rules may remain in effect until the expiration of this section. These rules shall be applied by local boards of education in designating the times public school employees may be subject to furlough. These rules shall provide, at a minimum, that:

(1) Employees who work only on instructional days shall not be subject to furlough.

(2) Employees who earn an annual salary of thirty-two thousand dollars ($32,000) or less shall not be subject to furlough.

(3) A furlough for other employees shall be for the same number of days for all such employees and shall be for a maximum of two days.

(4) No teacher shall be subject to a furlough on an instructional day or a protected work day.

(5) A local board of education shall have a public hearing and shall disclose the local school administrative unit's finances before the local board implements a furlough.

(6) The local school administrative unit shall cut all bonus pay before it imposes a furlough.

(7) A local school administrative unit may spread the salary or wage reduction for furloughed employees over the contract period in order to lessen the impact on the employees.

(8) All savings realized as a result of a furlough shall be used to offset the LEA funding flexibility adjustment.

(9) A county in which a local school administrative unit implements a furlough pursuant to this section shall not supplant existing local current expense funds for schools.

(10) Each local board of education shall report to the State Board of Education on the details of any furlough implemented by the local school administrative unit and certify that the furlough complied with the provisions of this section and the rules adopted by the State Board.

SECTION 29.1.(h) A furlough as implemented by this section does not constitute a demotion pursuant to Part 3 of Article 22 of Chapter 115C of the General Statutes or under any other personnel law or policy.
SECTION 29.1.(i) Notwithstanding G.S. 115C-273, 115C-285(b), 115C-302.1(b), and 115C-316(b), or any other provision of law, public school employees who are not paid out of State funds shall receive the same reduction in pay applicable to State-paid employees in the event a furlough is enacted by a local school administrative unit.

SECTION 29.1.(j) This section is effective when it becomes law and expires June 30, 2011.

TEACHER SALARY SCHEDULES

<th>Number of Teachers Supervised</th>

<tr>
<td>Assistant Principal</td>
<td>Fewer than 11 Teachers</td>

<tr>

<td>66-100 Teachers</td>
</tr>
<tr>
<td>Principal VII</td>

<tr>
<td>Principal VIII</td>

</tr>
</tbody>
</table>

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools and in cooperative innovative high school programs shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 29.3.(c) A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of the public schools and an additional step for every three years of experience as a principal. Provided, however, a principal who acquires an additional step for the 2009-2010 or 2010-2011 fiscal years shall not receive a corresponding increase in salary during the 2009-2011 fiscal biennium. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 29.3.(d) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

SECTION 29.3.(e) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

SECTION 29.3.(f) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or
more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 29.3.(g) Participants in an approved full-time master's in school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the master's program. For the 2006-2007 fiscal year and subsequent fiscal years, the stipend shall not exceed the difference between the beginning salary of an assistant principal plus the cost of tuition, fees, and books and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time master's in school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

SECTION 29.3.(h) During the 2010-2011 fiscal year, the placement on the salary schedule of an administrator with a one-year provisional assistant principal's certificate shall be at the entry-level salary for an assistant principal or the appropriate step on the teacher salary schedule, whichever is higher.

FURLOUGHS AUTHORIZED/UNC
SECTION 29.4.(a) Findings. – The General Assembly finds that:
(1) North Carolina's citizens and businesses are suffering from the effects of a significant State financial crisis.
(2) The financial crisis has resulted in large reductions in revenues projected to be available to fund the State's budget for the 2010-2011 fiscal year.
(3) The University of North Carolina and its constituent institutions are required to reduce their budgets and should attempt to protect university employees when possible.
(4) The implementation of furloughs may be necessary to balance The University of North Carolina's and its constituent institutions' budgets for the 2010-2011 fiscal year.

SECTION 29.4.(b) The President of The University of North Carolina may implement furloughs of university employees or delegate furlough authority to a chancellor of a constituent institution to offset the UNC Management Flexibility Reduction.

SECTION 29.4.(c) Definitions. – The following definitions apply in this section:
(1) Furlough. – A temporary period of leave from employment without pay that (i) is ordered by the President of The University of North Carolina or a chancellor when delegated and (ii) is not in connection with a demotion or other disciplinary action.
(2) University employee. – Any permanent full-time, permanent part-time, or time-limited employee of The University of North Carolina, including employees exempt from the State Personnel Act under G.S. 126-5(c), 126-5(c1), 126-5(c7), and 126-5(c8). The term includes public officers.

SECTION 29.4.(d) Compensation and Benefits. – The provisions of Section 26.14E(b) and (c) of S.L. 2009-451 apply to university employees furloughed pursuant to the section.

SECTION 29.4.(e) Cooperation with The University of North Carolina – General Administration. – Constituent institutions shall cooperate with UNC General Administration in the implementation of furloughs, if required.

SECTION 29.4.(f) As soon as practicable, and no more than 30 calendar days from the effective date of this section, the Board of Governors of The University of North Carolina shall adopt policies for the implementation of this section to remain in effect until the expiration of this section. These policies shall be applied by the President and the constituent institutions in implementing a furlough of university employees. These policies shall provide, at a minimum, that:
(1) The President may establish a salary threshold below which university employees shall not be subject to furlough. In no event may any full-time university employee, prorated for any part-time employee, earning an annual salary of thirty-two thousand dollars ($32,000) or less be subject to furlough.

(2) The scheduling of any furlough period shall be at the discretion of the President or the chancellor of the constituent institution when delegated.

(3) Paid leave shall not be used to offset all or any portion of a furlough.

(4) If a holiday falls during the mandatory furlough period, the university employee must be paid for the holiday.

(5) All savings realized as a result of a furlough shall be used to offset the Management Flexibility Reduction for The University of North Carolina.

SECTION 29.4.(g) Reporting Requirements. – The provisions of Section 26.14E(e) of S.L. 2009-451 apply to furloughs under this section.

SECTION 29.4.(h) Upon delegation of furlough authority to a chancellor, the constituent institution shall develop a furlough plan to be approved by the President consistent with the policies adopted by the UNC Board of Governors. Access to approved furlough plans shall be provided to all affected employees.

SECTION 29.4.(i) Effective Date. – This section is effective when it becomes law and expires June 30, 2011.

MODERNIZE SALES TAX ON ACCOMMODATIONS

SECTION 31.6.(a) G.S. 105-164.4(a)(3) reads as rewritten:

"§ 105-164.4. Tax imposed on retailers.
(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is five and three-quarters percent (5.75%)."
Operators of hotels, motels, tourist homes, tourist camps, and similar type businesses and persons who rent private residences and cottages to transients are considered retailers under this Article. A tax at the general rate of tax is levied on the gross receipts derived by these retailers from the rental of any rooms, lodgings, or accommodations furnished to transients for a consideration. This tax does not apply to any private residence or cottage that is rented for less than 15 days in a calendar year or to any room, lodging, or accommodation supplied to the same person for a period of 90 or more continuous days.

As used in this subdivision, the term "persons who rent to transients" means (i) owners of private residences and cottages who rent to transients and (ii) rental agents, including "real estate brokers" as defined in G.S. 93A-2, who rent private residences and cottages to transients on behalf of the owners. If a rental agent is liable for the tax imposed by this subdivision, the owner is not liable. A tax at the general rate applies to the gross receipts derived from the rental of an accommodation. The tax does not apply to a private residence or cottage that is rented for fewer than 15 days in a calendar year or to an accommodation rented to the same person for a period of 90 or more continuous days.

Gross receipts derived from the rental of an accommodation include the sales price of the rental of the accommodation. The sales price of the rental of an accommodation is determined as if the rental were a rental of tangible personal property. The sales price of the rental of an accommodation marketed by a facilitator includes charges designated as facilitation fees and any other charges necessary to complete the rental.

A person who provides an accommodation that is offered for rent is considered a retailer under this Article. A facilitator must report to the retailer with whom it has a contract the sales price a consumer pays to the facilitator for an accommodation rental marketed by the facilitator. A retailer must notify a facilitator when an accommodation rental marketed by the facilitator is completed and, within three business days of receiving the notice, the facilitator must send the retailer the sales price the facilitator owes the retailer and the tax due on the sales price. A facilitator that does not send the retailer the tax due on the sales price is liable for the amount of tax the facilitator fails to send. A facilitator is not liable for tax sent to a retailer but not remitted by the retailer to the Secretary. Tax payments received by a retailer from a facilitator are held in trust by the retailer for remittance to the Secretary. A retailer is liable for tax due but not received from a facilitator. The requirements imposed by this subdivision on a retailer and a facilitator are considered terms of the contract between the retailer and the facilitator.

A person who, by written contract, agrees to be the rental agent for the provider of an accommodation is considered a retailer under this Article and is liable for the tax imposed by this subdivision. The liability of a rental agent for the tax imposed by this subdivision relieves the provider of the accommodation from liability. A rental agent includes a real estate broker, as defined in G.S. 93A-2.

The following definitions apply in this subdivision:

a. Accommodation. – A hotel room, a motel room, a residence, a cottage, or a similar lodging facility for occupancy by an individual.
SECTION 31.6(b)  G.S. 105-164.4B is amended by adding a new subsection to read:

"(e) Accommodations. – The rental of an accommodation, as defined in G.S. 105-164.4(a)(3), is sourced to the location of the accommodation."

SECTION 31.6(c)  G.S. 153A-155(c) reads as rewritten:

"(c) Collection. – Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. A retailer who is required to remit to the Department of Revenue the State sales tax imposed by G.S. 105-164.4(a)(3) on accommodations is required to remit a room occupancy tax to the taxing county on and after the effective date of the levy of the room occupancy tax. The room occupancy tax applies to the same gross receipts as the State sales tax on accommodations and is calculated in the same manner as that tax. A rental agent or a facilitator, as defined in G.S. 105-164.4(a)(3), has the same responsibility and liability under the room occupancy tax as the rental agent or facilitator has under the State sales tax on accommodations. If a taxable accommodation is furnished as part of a package, the bundled transaction provisions in G.S. 105-164.4D apply in determining the sales price of the taxable accommodation. If those provisions do not address the type of package offered, the operator offering the package may determine an allocated price for each item in the package based on a reasonable allocation of revenue that is supported by the operator's business records kept in the ordinary course of business and collect tax on the allocated price of the taxable accommodation.

The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business. A retailer must separately state the room occupancy tax. Room occupancy taxes paid to a retailer are held in trust as trustee for and on account of the taxing county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing county shall design, print, design and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing county a discount equal to the discount the State allows the operator for State sales and use tax."

SECTION 31.6(d)  G.S. 153A-155(g) reads as rewritten:

"(g) Applicability. – Subsection (c) of this section applies to all counties and county districts that levy an occupancy tax. To the extent subsection (c) conflicts with any provision of a local act, subsection (c) supersedes that provision. The remainder of this section applies only to Alleghany, Anson, Brunswick, Buncombe, Burke, Cabarrus, Camden, Carteret, Caswell, Chatham, Cherokee, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Forsyth, Franklin, Granville, Halifax, Haywood, Madison, Martin, McDowell, Montgomery, Nash, New Hanover, New Hanover County District U, Northampton, Pasquotank, Pender, Perquimans, Person, Randolph, Richmond, Rockingham, Rowan, Sampson, Scotland, Stanly, Swain, Transylvania, Tyrrell, Vance, Washington, and Wilson Counties, to Surry County District S, to Watauga County District U, to Yadkin County District Y, and to the Township of Averasboro in Harnett County and the Ocracoke Township Taxing District."

SECTION 31.6(e)  G.S. 160A-215(c) reads as rewritten:

"(c) Collection. – Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. A retailer who is required to remit
to the Department of Revenue the State sales tax imposed by G.S. 105-164.4(a)(3) on accommodations is required to remit a room occupancy tax to the taxing city on and after the effective date of the levy of the room occupancy tax. The room occupancy tax applies to the same gross receipts as the State sales tax on accommodations and is calculated in the same manner as that tax. A rental agent or a facilitator, as defined in G.S. 105-164.4(a)(3), has the same responsibility and liability under the room occupancy tax as the rental agent or facilitator has under the State sales tax on accommodations.

If a taxable accommodation is furnished as part of a package, the bundled transaction provisions in G.S. 105-164.4D apply in determining the sales price of the taxable accommodation. If those provisions do not address the type of package offered, the operator or person offering the package may determine an allocated price for each item in the package based on a reasonable allocation of revenue that is supported by the operator or person's business records kept in the ordinary course of business and collect and calculate tax on the allocated price of the taxable accommodation.

The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business. A retailer must separately state the room occupancy tax. Room occupancy taxes paid by a retailer are held in trust for and on account of the taxing city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business.

The taxing city shall design, print, design and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the operator or retailer for State sales and use tax."

SECTION 31.6.(f) G.S. 160A-215(g) reads as rewritten:

"(g) Applicability. – Subsection (c) of this section applies to all cities that levy an occupancy tax. To the extent subsection (c) conflicts with any provision of a local act, subsection (c) supersedes that provision. The remainder of this section applies only to Beech Mountain District W, to the Cities of Belmont, Conover, Eden, Elizabeth City, Gastonia, Goldsboro, Greensboro, Hickory, High Point, Jacksonville, Kings Mountain, Lenoir, Lexington, Lincolnton, Lowell, Lumberton, Monroe, Mount Airy, Mount Holly, Reidsville, Roanoke Rapids, Salisbury, Shelby, Statesville, Washington, and Wilmington, to the Towns of Ahoskie, Beech Mountain, Benson, Blowing Rock, Boiling Springs, Boone, Burgaw, Carolina Beach, Carrboro, Crampoton, Dallas, Dobson, Elkin, Franklin, Jonesville, Kenly, Kure Beach, Leland, McAdenville, Mooresville, Murfreesboro, North Topsail Beach, Pilot Mountain, Ranlo, Selma, Smithfield, St. Pauls, Troutman, Tryon, West Jefferson, Wilkesboro, Wrightsville Beach, Yadkinville, and Yanceyville, and to the municipalities in Avery and Brunswick Counties."

(2) Giving, offering, or managing a form of amusement or entertainment that is not taxed by another provision of this Article and for which an admission fee is charged. The gross admissions receipts of a person who is engaged in the business of reselling on the Internet under G.S. 14-344.1 an admission ticket that is taxable under subdivision (1) of this subsection. If the price of an admission ticket is printed on the face of the ticket, gross receipts under this subdivision exclude the face price. If the price of an admission ticket is not printed on the face of the ticket, the tax under this subdivision applies to the difference between the amount the reseller paid for the ticket and the amount the reseller charges for the ticket.

(3) Exhibiting a performance, show, or exhibition, such as a circus or dog show, that is not taxed by another provision of this Article.

(b) Rate and Payment. – The rate of the privilege tax imposed by this section is three percent (3%) of the gross receipts from the activities described in subsection (a) of this section. The tax is due when a return is due. A return is due by the 10th day after the end of each month and covers the gross receipts received during the previous month.

(c) Advance Report. – A person who owns or controls a performance, show, or exhibition live entertainment performance subject to the tax imposed by this section and who plans to bring the performance to this State from outside the State must file a statement with the Secretary that lists the dates, times, and places of the performance, show, or exhibition performance. Counties may not levy a license tax on a person taxed under subdivision (a)(2) of this section.

SECTION 31.7.(b) G.S. 14-344.1(a) reads as rewritten:

..."

SECTION 31.8.(b) G.S. 147-86.22 reads as rewritten:
"§ 147-86.22. Statewide accounts receivable program.
(a) Program. – The State Controller shall implement a statewide accounts receivable program. As part of this program, the State Controller shall do all of the following:

(1) Monitor the State's accounts receivable collection efforts.

(2) Coordinate information, systems, and procedures between State agencies to maximize the collection of past-due accounts receivable.

(3) Adopt policies and procedures for the management and collection of accounts receivable by State agencies.

(4) Establish procedures for writing off accounts receivable and for determining when to end efforts to collect accounts receivable after they have been written off receivable.

(b) Electronic Payment. – Notwithstanding the provisions of G.S. 147-86.20 and G.S. 147-86.21, this subsection applies to debts owed a community college, a local school administrative unit, an area mental health, developmental disabilities, and substance abuse authority, and the Administrative Office of the Courts, and to debts payable to or through the office of a clerk of superior court or a magistrate, as well as to debts owed to other State agencies as defined in G.S. 147-86.20.

The State Controller shall establish policies that allow accounts receivable to be payable under certain conditions by electronic payment. These policies shall be established with the
concurrence of the State Treasurer. In addition, any policies that apply to debts payable to or through the office of a clerk of superior court or a magistrate shall be established with the concurrence of the Administrative Officer of the Courts. The Administrative Officer of the Courts may also establish policies otherwise authorized by law that apply to these debts as long as those policies are not inconsistent with the Controller's policies.

A debtor who pays by electronic payment may be required to pay any fee or charge associated with the use of electronic payment. Fees associated with processing electronic payments may be paid out of the General Fund and Highway Fund if the payment of the fee by the State is economically beneficial to the State and the payment of the fee by the State has been approved by the State Controller and State Treasurer.

The State Controller and State Treasurer shall consult with the Joint Legislative Commission on Governmental Operations before establishing policies that allow accounts receivable to be payable by electronic payment and before authorizing fees associated with electronic payment to be paid out of the General Fund and Highway Fund. A State agency must also consult with the Joint Legislative Commission on Governmental Operations before implementing any program to accept payment under the policies established pursuant to this subsection.

A payment of an account receivable that is made by electronic payment and is not honored by the issuer of the card or the financial institution offering electronic funds transfer does not relieve the debtor of the obligation to pay the account receivable.

(c) Collection Techniques. – The State Controller, in conjunction with the Office of the Attorney General, shall establish policies and procedures to govern techniques for collection of accounts receivable. These techniques may include use of credit reporting bureaus, judicial remedies authorized by law, and administrative setoff by a reduction of an individual's tax refund pursuant to the Setoff Debt Collection Act, Chapter 105A of the General Statutes, or a reduction of another payment, other than payroll, due from the State to a person to reduce or eliminate an account receivable that the person owes the State.

The third party shall be compensated only from funds recovered as a result of the audit. Savings realized in excess of costs shall be transferred from the agency to the Office of State Budget and Management and placed in a special reserve account for future direction by the General Assembly. Any disputed savings shall be settled by the State Controller. 2. An overdue tax debt, as defined in G.S. 105-243.1.

The liability applies only to the amount of the taxpayer's property in the garnishee's possession, reduced by any amount the taxpayer owes the garnishee. G.S. 105-242.1 sets out the procedure for attachment and garnishment of intangible property.

The Secretary may submit to a financial institution, as defined in G.S. 53B-2, information that identifies a taxpayer who owes a tax debt that is collectible under G.S. 105-241.22 and the amount of the debt. The Secretary may submit the information on a quarterly basis or, with the agreement of the financial institution, on a more frequent basis. A financial institution that receives the information must determine the amount, if any, of intangible property it holds that belongs to the taxpayer and must inform the Secretary of its determination. The Secretary must reimburse a financial institution for its costs in providing the information, not to exceed the amount payable to the financial institution under G.S. 110-139 for providing information for use in locating a noncustodial parent.

A person who is in possession of intangible property that is subject to attachment and garnishment is the garnishee and is liable for the amount the taxpayer owes. "§ 105-242.1. Procedure for attachment and garnishment.

(a) Notice. – G.S. 105-242 specifies when intangible property is subject to attachment and garnishment. Before the Department attaches and garnishes intangible property in payment of a tax, the Department must send the garnishee a notice of garnishment. The notice must be sent in accordance with the methods authorized in G.S. 105-241.20 or by registered or certified mail, or, with the agreement of the garnishee, by electronic means. The notice must contain all of the following information, unless the notice is an electronic notice subject to subsection (a1) of this section:

A garnishee that is a financial institution must comply or file a response within 20 days after receiving a notice of garnishment. All other garnishees must comply or file a response within 30 days after receiving a notice of garnishment. A written response must explain why the garnishee is not subject to garnishment and attachment. Upon receipt of the written response, the Department must contact the garnishee and schedule a conference to discuss the response or inform the garnishee of the Department's position concerning the response. If the Department does not agree with the garnishee's liability, the Department may proceed to enforce the garnishee's liability for the tax by sending the garnishee a notice of proposed assessment in accordance with G.S. 105-241.9.

The letter must identify the taxpayer to whom the release applies and contain the identifying information about the taxpayer that is required under subsection (a) on a notice of garnishment. A notice of garnishment sent to a financial institution is released when the financial institution complies with the notice. **SECTION 31.10.(d)**

G.S. 105-130.6 reads as rewritten:

"§ 105-130.6. Subsidiary and affiliated corporations.

The net income of a corporation doing business in this State that is a parent, subsidiary, or affiliate of another corporation shall be determined by eliminating all payments to or charges by the parent, subsidiary, or affiliated corporation in excess of fair compensation in all intercompany transactions of any kind whatsoever. If the Secretary finds as a fact that a report by a corporation does not disclose the true earnings of the corporation on its business carried on in this State, the Secretary may require the corporation to file a consolidated return of the entire operations of the parent corporation and of its subsidiaries and affiliates, including its own operations and income. The Secretary shall determine the true amount of net income earned by such corporation in this State. The combined net income of the corporation and of its parent, subsidiaries, and affiliates shall be apportioned to this State by use of the applicable apportionment formula required to be used by the corporation under G.S. 105-130.4. The return shall include in the apportionment formula the property, payrolls, and sales of all corporations for which the return is made. For the purposes of this section, a corporation is considered a subsidiary of another corporation when, directly or indirectly, it is subject to control by the other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interests, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations. A corporation is considered an affiliate of another corporation when both are directly or indirectly controlled by the same parent corporation or by the same or associated financial interests by stock ownership, interlocking directors, or by any other means whatsoever, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations. The secretary may require a consolidated return under this section regardless of whether the parent or controlling corporation or interests or its subsidiaries or affiliates, other than the taxpayer, are or are not doing business in this State.

If a consolidated return required by this section is not filed within 60 days after it is demanded, then the corporation is subject to the penalties provided in G.S. 105-230 and G.S. 105-236.

The parent, subsidiary, or affiliated corporation must incorporate in its return required under this section information needed to determine the net income taxable under this Part, and must furnish any additional information the Secretary requires. If the return does not contain the information required or the additional information requested is not furnished within 30 days after it is demanded, the corporation is subject to the penalties provided in G.S. 105-230 and G.S. 105-236.

If the Secretary finds that the determination of the income of a parent, subsidiary, or affiliated corporation under a consolidated return will produce a greater or lesser figure than the amount of income earned in this State, the Secretary may readjust the determination by reasonable methods of computation to make it conform to the amount of income earned in this State. If the corporation contends the figure produced is greater than the earnings in this State, it must file with the Secretary within 30 days after notice of the determination a statement of its objections and of an alternative method of determination. The Secretary must consider the statement in determining the income earned in this State. The findings and conclusions of the Secretary shall be presumed to be correct and shall not be set aside unless shown to be plainly wrong.

In order to provide clarity for taxpayers, the Secretary may adopt rules in accordance with G.S. 105-262 that describe facts and circumstances under which the Secretary will require a corporation to file a consolidated or combined return. The adoption of these rules does not limit
the Secretary's authority to require a consolidated or combined return under sets of facts and circumstances not described in the rules when the Secretary finds as a fact that a report by a corporation does not disclose the true earnings of the corporation on its business carried on in this State."

SECTION 31.10.(e) G.S. 105-130.14 reads as rewritten:

Any corporation electing or required to file a consolidated income tax return with the Internal Revenue Service must determine its State net income as if the corporation had filed a separate federal return and shall not file a consolidated or combined return with the Secretary of Revenue, unless one of the following applies:

(1) The corporation is specifically directed to do so in writing by the Secretary, and shall determine its State net income as if a separate return had been filed for federal purposes. Secretary under G.S. 105-130.6 to file a consolidated or combined return.

(2) The corporation's facts and circumstances meet the facts and circumstances described in a permanent rule adopted under G.S. 105-130.6 and the corporation files a consolidated or combined return in accordance with that rule.

(3) Pursuant to a written request from the corporation, the Secretary has provided written advice to the corporation stating that the Secretary will require a consolidated or combined return under the facts and circumstances set out in the request and the corporation files a consolidated or combined return in accordance with that written advice."

The Secretary shall not take final action on a proposed rule change that has a substantial economic impact until at least 60 days after the fiscal note has been prepared."

SECTION 31.10.(g) This section is effective when it becomes law. This section shall not be construed to affect the interpretation of any statute that is the subject of litigation pending as of the effective date of this act in the General Court of Justice or to affect any other aspect of such pending litigation. Subsections (a) and (b) of this section apply to penalties and taxes that are assessed but unpaid as of the effective date, except penalties and taxes that are the

S.B. 35

AN ACT TO PROVIDE THAT TRANSFER FEE COVENANTS DO NOT RUN WITH THE TITLE TO REAL PROPERTY AND ARE NOT BINDING ON OR ENFORCEABLE AGAINST ANY SUBSEQUENT OWNER, PURCHASER, OR MORTGAGEE.

The General Assembly of North Carolina enacts:

SECTION 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 39A.

Transfer Fee Covenants Prohibited.

§ 39A-1. Public policy.

(a) The public policy of this State favors the marketability of real property and the transferability of interests in real property free from title defects, unreasonable restraints on alienation, and covenants or servitudes that do not touch and concern the property.

(b) A transfer fee covenant violates this public policy by impairing the marketability of title to the affected real property and constitutes an unreasonable restraint on alienation and transferability of property, regardless of the duration of the covenant or the amount of the transfer fee set forth in the covenant.

As used in this Chapter:

(1) "Transfer" means the sale, gift, conveyance, assignment, inheritance, or other transfer of an ownership interest in real property located in this State.

(2) "Transfer fee" means a fee or charge payable upon the transfer of an interest in real property or payable for the right to make or accept such transfer, regardless of whether the fee or charge is a fixed amount or is determined as a percentage of the value of the property, the purchase price, or other
consideration given for the transfer. The following shall not be considered a "transfer fee" for the purposes of this Chapter:

a. Any consideration payable by the grantee to the grantor for the interest in real property being transferred, including any subsequent additional consideration for the property payable by the grantee based upon any subsequent appreciation, development, or sale of the property that, once paid, shall not bind successors in title to the property.

b. Any commission payable to a licensed real estate broker for the transfer of real property pursuant to an agreement between the broker and the transferor or transferee, including any subsequent additional commission for the transfer payable by the transferor or the transferee based upon any subsequent additional commission payable by the transferor based upon any subsequent appreciation, development, or sale of the property.

c. Any interest, charges, fees, or other amounts payable by a borrower to a lender pursuant to a loan secured by a mortgage against real property, including any fee payable to the lender for consenting to an assumption of the loan or a transfer of the real property subject to the mortgage, any fees or charges payable to the lender for estoppel letters or certificates, and any other consideration allowed by law and payable to the lender in connection with the loan.

d. Any rent, reimbursement, charge, fee, or other amount payable by a lessee to a lessor under a lease, including any fee payable to the lessor for consenting to an assignment, subletting, encumbrance, or transfer of the lease.

e. Any consideration payable to the holder of an option to purchase an interest in real property or the holder of a right of first refusal or first offer to purchase an interest in real property for waiving, releasing, or not exercising the option or right upon the transfer of the property to another person.

f. Any tax, fee, charge, assessment, fine, or other amount payable to or imposed by a governmental authority.

g. Any fee charged that is a typical real estate closing cost, including closing or escrow fees, settlement fees, attorney fees, or title insurance premiums and fees.

h. Any reasonable fee charged for the preparation of statements of unpaid assessments pursuant to G.S. 47F-3-102(13) or resale certificates or statements of unpaid assessments pursuant to G.S. 47C-3-102(12).

i. Any reasonable fee payable by the original transferee to a unit owners' association as defined in G.S. 47C-1-103(3), or owners' association as defined in G.S. 47F-1-103(3), as long as no portion of the fee is required to be passed through to a third party designated or identifiable by description in the document or another document referenced therein.

j. Any fee payable as part of a conservation or preservation agreement as provided in G.S. 121-38(e).

(3) "Transfer fee covenant" means a declaration or covenant purporting to affect real property that requires or purports to require the payment of a transfer fee to the declarant or other person specified in the declaration or covenant or to their successors or assigns, upon a subsequent transfer of an interest in the real property.
§ 39A-3. Transfer fee covenants prohibited.

(a) Any transfer fee covenant or any lien that is filed to enforce a transfer fee covenant or purports to secure payment of a transfer fee, shall not run with the title to real property and is not binding on or enforceable at law or in equity against any subsequent owner, purchaser, or mortgagee of any interest in real property as an equitable servitude or otherwise.

(b) A person who records a transfer fee covenant, files a lien that purports to secure payment of a transfer fee, or enters into an agreement imposing a private transfer fee obligation shall be liable for:

1. Any and all damages resulting from the imposition of the transfer fee obligation on the transfer of an interest in the real property, including the amount of any transfer fee paid by a party to the transfer.

2. All attorney fees, expenses, and costs incurred by a party to the transfer or mortgagee of the real property to recover the transfer fee paid or in connection with an action to quiet title or register the title or a proceeding subsequent to initial registration. If an agent acts on behalf of a principal to file or secure a private transfer fee obligation, liability shall be assessed to the principal, but not to the agent.

SECTION 2. Nothing in this act shall be interpreted to mean that a transfer fee covenant recorded prior to the effective date of this act is valid or enforceable.

SECTION 3. This act is effective when it becomes law and applies to: (i) any transfer fee covenant that is recorded after the effective date of this act; (ii) any lien that is filed to enforce a transfer fee covenant that is recorded after the effective date of this act or purports to secure payment of a transfer fee that is recorded after the effective date of this act; and (iii) any agreement imposing a private transfer fee obligation entered into after the effective date of this act.

AN ACT TO ALLOW A MEMBER OF THE CHATHAM COUNTY SCHOOL BOARD TO COMPLETE THE CURRENT TERM OF OFFICE DESPITE A MAPPING ERROR WHICH CAUSED HER TO BE ELECTED IN A DISTRICT WHERE SHE DID NOT RESIDE, AND TO VALIDATE ACTIONS OF THAT BOARD.

Whereas, Chapter 80 of the Session Laws of 1995 sets out the boundaries of the four districts for the Chatham County Board of Education; and
Whereas, when Abeyance Road, Ruby Red Road, and Altadore Crescent were laid out in the 1990s, Chatham County geocoded the addresses to be in District 3 when in fact those addresses are in District 2; and when Kathie Russell and 46 other current voters on those streets registered to vote, they were automatically placed in District 3 when their addresses were entered into the voter registration database; and
Whereas, in 2006 Kathie Russell ran for and was elected to the Chatham County Board of Education District 3 for a four-year term ending in December of 2010; and
Whereas, in late 2009, Chatham County examined its mapping database and discovered the error, and the 47 voters were moved by administrative action from District 3 to District 2; and
Whereas, this error is manifestly unfair to the residents of those three roads and calls into question actions of the Chatham County Board of Education the last three years and the continued eligibility of Kathie Russell to serve the remainder of her term, and the General Assembly desires to let her complete her term and validate actions of the board; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. All actions of the Chatham County Board of Education from the beginning of the terms of office in 2006 to the date this act becomes law are not affected by the place of residence of Kathie Russell, who may serve the remainder of her term as long as she continues as a resident at her current address.

AN ACT TO AUTHORIZE THE CITY OF LOCUST AND THE TOWNS OF NEW 
LONDON AND STANFIELD TO ATTACH PERSONAL PROPERTY, GARNISH 
WAGES, AND PLACE LIENS ON CERTAIN REAL PROPERTY TO COLLECT 
UNPAID FEES FOR SEWER SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. A city may adopt an ordinance providing that a fee charged by the 
city for sewer services and remaining unpaid for a period of 90 days may be collected in any 
manner by which delinquent personal or real property taxes can be collected. If the ordinance 
states that delinquent fees may be collected in the same manner as delinquent real property 
taxes, the delinquent fees are a lien on the real property owned by the person contracting with 
the city for the service, and the ordinance shall provide for an appeals process. If a lien is 
placed on real property, the lien shall be valid from the time of filing in the office of the clerk 
of superior court of the county in which the service was provided and shall include a statement 
containing the name and address of the person against whom the lien is claimed, the name of 
the city claiming the lien, the specific service that was provided, the amount of the unpaid 
charge for that service, and the date and place of furnishing that service. A lien on real property 
is not effective against an interest in real property conveyed after the fees become delinquent if
the interest is recorded in the office of the register of deeds prior to the filing of the lien for delinquent water or sewer services. No lien under this act shall be valid unless filed in accordance with this section after 90 days of the date of the failure to pay for the service or availability fees and within 180 days of the date of the failure to pay for the service or fees. The lien may be discharged as provided in G.S. 44-48. The city shall adopt an appeals process providing notice and an opportunity to be heard in protest of the imposition of such liens. The county tax office, once notified of the city's lien, shall include the lien amount on any tax bills printed subsequent to the notification. The county tax office shall add or remove liens from the tax bill at the request of the city (such as in the case of an appeal where the city decides to cancel the lien).

The General Assembly of North Carolina enacts:

SECTION 1. Section 14(c) of Chapter 224 of the Private Laws of 1927, as amended by Chapter 144 of the 1965 Session Laws, reads as rewritten:

"(c)(c1) Water mains and sewers. In the case of water mains and storm and sanitary sewers, the cost of not exceeding an eight-inch water or sanitary sewer main and of not exceeding a thirty inch storm sewer main and of such portion of said mains as lie within the limits of the street or streets, or part thereof, to be improved as provided in the petition or resolution ordering the same, shall be assessed against the abutting property. Such costs shall be assessed against the lots and parcels of land abutting on said street or streets, or parts thereof, according to their respective frontages thereon (i.e. the entire frontage benefited by the water or sanitary sewer project) by an equal rate per foot of such frontage: Provided, that in case of a corner lot, used as a single lot, where there is a water main or sewer already laid on the intersecting street on which such lot abuts and by which such lot is or can be served, no assessment shall be made against said lot for the second water main or sewer for any part of the frontage of said lot except that portion in excess of one hundred and fifty feet if said lot is in a residential section of the municipality, or in excess of one hundred feet if said lot is in a business section of the municipality, and in such case such portion of said cost as would otherwise be assessed against said lot shall be borne by the municipality: Provided further, that if a water or sanitary sewer main in excess of eight inches in size or a storm sewer main in excess of thirty inches in size is laid in said portion of said street or streets, then the cost of such water or sanitary sewer main in excess of the cost of an eight-inch main and the cost of such storm sewer main in excess of a thirty-inch main shall be borne by the municipality: Provided further, that if the resolution ordered by the construction of any pumping station, outfall, septic tank or disposal plant, no part of the cost of the same shall be specially assessed. Nothing contained herein shall be construed to limit the right of any municipality to contract with any property owner or owners for the construction of any pumping station, outfall, septic tank or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract.

Session Law 2010-61  S.B. 1362

AN ACT TO ENABLE THE TRANSITION OF PROPERTIES OF THE AREA ALONG
THEIR COMMON BOUNDARY BETWEEN ALAMANCE COUNTY AND ORANGE
COUNTY DUE TO THE 2008 NORTH CAROLINA GEODETIC SURVEY WORK
THAT DEPICTED AND MONUMENTED THE HISTORIC ORANGE
COUNTY/ALAMANCE COUNTY BOUNDARY LINE AS DESCRIBED IN THE 1849
SURVEY ESTABLISHING ALAMANCE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. The historic boundary line forming Alamance County from Orange
County was described and surveyed in 1849. Over the years this line became uncertain, and so
pursuant to G.S. 153A-18(c) entitled 'Uncertain or Disputed Boundary,' both county boards of
commissioners passed resolutions (Alamance County, December 17, 2007, and Orange County,
January 18, 2008) to request that the North Carolina Geodetic Survey (hereinafter "NCGS")
perform a preliminary resurvey and present a proposed map for consideration by both counties.
During the 160 years since the 1849 survey, the exact location of the surveyed line has become
uncertain, resulting in unintentional modifications to the boundary line affecting taxation,
school attendance, zoning maps, and elections within and among Alamance County, Orange
County, and the Town of Mebane.

SECTION 2. The Alamance County Board of Commissioners agreed by vote on
April 21, 2008, and Orange County on May 20, 2008, to approve authorizing NCGS to conduct
the preliminary survey and the placing of monuments by the NCGS consistent with their
research to form a boundary baseline.

SECTION 3. In the 160 years since the initial survey of the Alamance County/
Orange County boundary line, Alamance and Orange Counties have entered into multiple
taxing agreements that have resulted in properties being taxed in one county by the adjoining
county. Other situations have arisen in which children of one county attend school in the
adjoining county and voters in one county have voted in the adjoining county. The General
Assembly recognizes the difficulties in addressing these issues and authorizes Alamance
County and Orange County to maintain the current taxing, elections, education, and any other
recognized government functions in place until July 1, 2011.

SECTION 4.(a) On and after July 1, 2011, all papers, documents, and instruments
required or permitted to be filed or registered that involve residents and property located in
areas affected by the resurvey of the boundary line that previously may have been recorded in
the adjoining counties shall be recorded in the county to which the property has been annexed.

SECTION 4.(b) All public records related to residents and property located in
areas affected by the resurvey of the boundary line that were filed or recorded prior to July 1,
2011, in the adjoining counties shall remain in those respective adjoining counties where filed
or recorded, and such records shall be valid public records as to the property and persons
involved, even though they are recorded in an adjoining county which is a county where the
property is no longer located as evidenced by the 2008 North Carolina Geodetic Survey and the
subsequent partial resurvey pursuant to Section 7 of this act.

264
SECTION 4.(c) On and after July 1, 2011, all real and personal property located in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation on January 1, 2011, shall be subject to ad valorem taxes in the county to which the property is annexed for the fiscal year beginning July 1, 2011, to the same extent as it would have been had it been correctly recognized by the tax departments of each county on January 1, 2011, except as hereinafter provided with respect to classified registered motor vehicles. On July 1, 2011, the tax administrators of the adjoining counties shall transfer to the respective county tax assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line, except classified motor vehicles that were registered in the adjoining counties prior to July 1, 2011. For the fiscal year that begins July 1, 2011, all real and personal property located in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation in that area on January 1, 2011, shall be assessed and taxed as follows:

1. The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2011, and June 30, 2011, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The taxes on all classified registered motor vehicles registered after June 30, 2011, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been annexed.

2. The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by the county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2011. All such taxes shall be assessed and collected by the appropriate county tax department.

3. For the interim time period between the annexation of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property annexed into their respective county by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:

a. The values established by the adjoining counties' tax administrators on all real property formerly taxed in their respective county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and the appropriate county median ratio, as established by the Sales Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2012. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

b. The values established by the adjoining counties' tax administrators on all real property formerly taxed in their respective county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

4. Beginning January 1, 2012, all property in areas affected by the resurvey of the boundary line that is subject to ad valorem taxation shall be listed, assessed, and taxed by the appropriate county tax administrator in the same
manner as is prescribed by law for all other property located within each county.

(5) The final tax values of property subject to ad valorem taxation in areas affected by the resurvey of the boundary line as of January 1, 2011, shall be determined by the adjoining county tax administrator. Appeals to the North Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for their costs and expenses, including attorneys’ fees, incurred in connection with such appeals.

(6) Any unpaid taxes or tax liens for the fiscal year ending June 30, 2011, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including (i) the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375 and (ii) the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County tax administrators shall supply one another with a list of unpaid taxes as of July 1, 2011. Any such taxes collected by either county shall be promptly paid to the appropriate adjoining county, including accrued interest. The provisions of G.S. 105-352(d) shall not apply to: those areas in an adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line that shall forthwith be properly listed and taxed in the county to which they have been annexed; and those areas within each county that were in the past improperly listed and taxed by the adjoining county due to uncertainty as to the exact location of the true historic Alamance County/Orange County boundary line. Under the discovery process, each county may waive any interest and penalties accrued for tax years 2006-2011 in its sole discretion.

SECTION 4.(d) No cause of action, including criminal actions, involving persons or property located in areas affected by the resurvey of the boundary line that is pending on July 1, 2011, shall be abated, and such actions shall continue in the appropriate adjoining county.

SECTION 4.(e) The board of elections of each adjoining county shall, effective July 1, 2011, transfer the voter registration records pertaining to persons residing in areas affected by the resurvey of the boundary line and located in either county to the adjoining county’s board of elections, and thereafter the registered voters so transferred shall be validly registered to vote in that adjoining county.

SECTION 4.(f) The Jury Commission of each adjoining county shall revise its jury lists to add to or eliminate therefrom those persons subject to jury duty who reside in areas affected by the resurvey of the boundary line, said revised jury lists to be effective July 1, 2011.

SECTION 4.(g) The areas affected by the resurvey of the boundary line and located in each county shall be transferred into the appropriate superior court district, district court district, and prosecutorial district. The areas affected by the resurvey of the boundary line shall remain in the same congressional district, the same State House of Representatives district, and the same State Senate district.

SECTION 4.(h) Any cause of action relating to taxation as it is currently exercised by the counties along or near the Alamance County/Orange County boundary, or any other cause of action related in any way to the Alamance County/Orange County boundary or properties affected by changes in the boundary, is stayed, and no new cause of action relating to these matters shall be commenced until ratification of the official line by the North Carolina General Assembly. Thereafter, causes of action related to the taxation of property shall be defended as described in subdivision (5) of Section 4(c) of this act.
SECTION 5. The Alamance County Board of Education shall cooperate with the Orange County Board of Education on behalf of residents that have students affected by this act to ensure that a transition is made that provides students and their siblings with a choice to remain in their current school system until graduation from high school for so long as they reside in the residence affected by this act.

SECTION 6. Any child who was a resident of any area annexed by this act on its date of ratification and who was a student in the Orange County or Alamance County school system during the 2009-2010 or 2010-2011 school year, and the siblings of any such person, may attend school in the same school system previously attended without necessity of a release or payment of tuition. Any such student, while attending the Orange County school system, shall be considered a resident of Orange County for all public school purposes, including transportation, athletics, and funding formulas. Any such student, while attending the Alamance County school system, shall be considered a resident of Alamance County for all public school purposes, including transportation, athletics, and funding formulas. Notice must be given to all affected school systems by the parent or guardian in order to exercise the privilege granted by this section.

SECTION 7. Alamance County and Orange County shall establish an administrative method by which owners of property that is annexed or bisected by the North Carolina Geodetic Survey line shall have the opportunity to petition Alamance County and Orange County either to remain in the county to which their property was previously assigned or, in the case of a bisection, to be assigned to one county or the other, save and except that small lot subdivisions shall not be divided on a lot by lot basis. Notice of such opportunity to petition shall be delivered by United States mail to the affected property owners no later than 30 days after the effective date of this act. All administrative reviews on such petitions shall be concluded and final no later than December 15, 2010.

SECTION 8. Alamance County and Orange County shall cause areas of the boundary line to be resurveyed in areas where property owners have met the established administrative criteria to be assigned to a specific county and in areas where for practical or other reasons the North Carolina Geodetic Survey line is not reasonable or is unduly burdensome.

SECTION 9. Upon the conclusion of the survey and petition process established in Section 7 of this act, and no later than May 15, 2011, Alamance County and Orange County shall submit to the North Carolina General Assembly for ratification a completed survey that includes both the North Carolina Geodetic Survey line and all mutually agreed upon modifications thereto.

SECTION 10. The elected and appointed officials and employees of Alamance County and Orange County shall incur no liability under any local or North Carolina statute, law, ordinance, rule, or regulation for any act or failure to act relating to taxation, school attendance, land-use controls, elections, or any other governmental function as it relates to the currently utilized boundary line of Alamance County and Orange County.

SECTION 11. Owners and future owners of properties affected by this act shall be put on notice of the terms and conditions of this act by a written instrument filed in the office of the register of deeds of the county to which the property has been annexed.

SECTION 12. This act becomes effective July 1, 2010. In the General Assembly read three times and ratified this the 8th day of July, 2010. Became law on the date it was ratified.
The General Assembly of North Carolina enacts:

SECTION 1. Section 24 of Chapter 677 of the 1947 Session Laws, as amended by S.L. 2008-41, reads as rewritten:

"SEC. 24. Violations—Penalty. Violation of the zoning ordinance of the City of Winston-Salem, North Carolina, within the one mile area surrounding the corporate limits of the City of Winston-Salem, or within the three mile area surrounding such city limits if the board of county commissioners shall have approved such zoning provisions, shall, upon conviction, be fined not more than five hundred dollars ($500) or imprisoned not more than thirty (30) days; any person, firm or corporation who shall continue to violate or shall permit any land, structure or building to continue to exist or to be used in violation of the zoning ordinance of the City of Winston-Salem, pursuant to the authority given by this Act, or who shall cause, permit or continue to exist any occupancy or use of any land, structure or building in violation of any of said ordinances, resolutions, regulations or restrictions for as long as five days after notice of such violation, issued by the Building Inspector or Administrative Officer of the City of Winston-Salem, or his designee, and served upon him by any police officer of the City of Winston-Salem or by any police officer of Forsyth County, or by personal service, by registered or certified mail in conjunction with regular mail and posting, shall be guilty of a separate offense for each day he permits such violation to continue after the expiration of five days from such notice, and shall be punished as above set forth. If the regular mail is not returned within 10 days of its mailing, and the certified or registered mail is returned refused or unclaimed, service by regular mail shall be deemed sufficient. If regular mail is used, a notice of the violation shall be posted in a conspicuous place on the premises in violation.

Pursuant to this section, the Building Inspector or Administrative Officer or that person's designee is authorized to summarily abate any violation that continues to exist after the expiration of the notice period provided by this section. The expense of the action shall be paid by the person in default. If the expense is not paid, it is a lien on the land or premises where the abatement action occurred. A lien established pursuant to this section shall have the same priority and be collected as unpaid ad valorem taxes. The expense of the action is also a lien on any other real property owned by the person in default within the city limits or within one mile of the city limits, except for the person's primary residence. This secondary lien established pursuant to this section is inferior to all prior liens and shall be collected as a money judgment. This section does not apply if the person in default can show that the violation was created solely by the actions of another.

Furthermore, the Building Inspector or Administrative Officer or that person's designee is authorized to provide, upon the issuance of a notice of violation, for the filing of a notice of lis pendens in the office of the Clerk of Superior Court of Forsyth County. When a notice of lis pendens and a copy of the notice of violation are filed with the Clerk of Superior Court, it shall be indexed and cross-indexed in accordance with the indexing procedures of G.S. 1-117. From the date and time of indexing, the notice of violation shall be binding upon the successors and assigns of the owner or owners of the premises in violation. A copy of the notice of lis pendens shall be served upon the owner or owners of the premises in violation at the time of filing in accordance with the procedure for serving the notice of violation set forth herein. The notice of lis pendens shall remain in full force and effect until cancelled. The Building Inspector or Administrative Officer or that person's designee may authorize the cancellation of the notice of lis pendens upon compliance with the notice of violation, and receipt of such cancellation, the Clerk of Superior Court shall cancel the notice of lis pendens."

Whereas, the North Carolina General Assembly is committed to having North Carolina recognized as a leader in supporting long-term services and supports; and

Whereas, the State is building on the following federal and State supported person-centered initiatives: aging and disability resource centers or Community Resource Connections for Aging and Disabilities, evidence-based health promotion, caregiver supports for persons with Alzheimer's disease, lifespan respite programs, consumer-directed care, transitional care, and promotion of community living for persons who might otherwise become Medicaid eligible if placed in a skilled nursing facility; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Part 14A, Article 3, Chapter 143B of the General Statutes reads as rewritten:

"Part 14A. Policy Act for the Aging, Older Adults.

To utilize effectively the resources of our State, to provide a better quality of life for our senior citizens, and to assure older adults the right of choosing where and how they want to live, the following principles are hereby endorsed:

(a) The North Carolina General Assembly finds the following:

   (1) Older adults should be able to live as normal a life independently as possible, and to live free from abuse, neglect, and exploitation.

   (2) Older adults should have opportunities to be involved in their communities in ways they desire, and to remain contributing members of society for as long as possible.

   (3) Preventive and primary health care are necessary to keep older adults active and contributing members of society, assure optimal health and to enable active social and civic engagement by older adults.

   (4) Sufficient opportunities for appropriate training in gerontology and geriatrics should be developed and readily available for individuals serving older adults.
(5) Transportation to meet daily needs and to make accessible a broad range of services should be provided so that older persons may realize their full potential. Older adults should have access to a broad range of services, supports, and opportunities, and they should have transportation options available to allow access to these services and to meet their daily needs and interests.

(6) Services for older adults should be person-centered and coordinated so that all of their individual needs can be served efficiently and effectively, and in the least restrictive environment.

(7) Information should be readily available in each county on all programs and services for older adults, citizens, and advocacy for these services should be available in each county.

(8) Increased employment opportunities for older adults should be made available. Older adults should have adequate opportunities for employment.

(9) Each county should have available a variety of housing options, including retirement housing, accessible affordable rental housing, and opportunities for residential home modifications, in order to allow older adults to remain in their communities. Options in housing should be made available.

(10) Older adults and their caregivers should have input in the planning and evaluation of programs and services for older adults, and they should have opportunities to advocate for these programs and services. Planning for programs for older citizens should always be done in consultation with them.

(b) It is the policy of the State to effectively utilize its resources to support and enhance the quality of life for older adults in North Carolina.

SECTION 2. Part 14B, Article 3, Chapter 143B of the General Statutes as rewritten:

"§ 143B-181.5. Long-term care services and supports – findings, policy.

The North Carolina General Assembly finds that the aging of the population and advanced medical technology have resulted in a growing number of persons who require assistance. The primary resource for long-term care provision continues to be the family and friends. However, these traditional caregivers are increasingly employed outside the home. There is growing demand for improvement and expansion of home and community-based long-term care services to support and services and supports to complement the services provided by these informal caregivers.

The North Carolina General Assembly further finds that the public interest would best be served by a broad array of long-term care services and supports that support enable persons who need such services to remain in the home or in the community whenever practicable and that promote individual autonomy, dignity, and choice and control over their lives.

The North Carolina General Assembly finds that as other long-term care services and support options become more readily available, the relative need for institutional care will stabilize or decline relative to the growing population of older adults and people living with disabilities. The General Assembly recognizes, however, that institutional care will continue to be a critical part of the State's long-term care services and support options and that such services care should promote individual dignity, autonomy, and a home like environment.

"§ 143B-181.6. Purpose and intent.

It is the North Carolina General Assembly's intent in the State's development and implementation of long-term care policies that the development and implementation of
policies for long-term services and supports should reflect the intent of the North Carolina General Assembly as follows:

1. Long-term care services and supports administered by the Department of Health and Human Services and other State and local agencies shall include a balanced array of health, social, and supportive services that are well coordinated to promote individual choice, dignity, and the highest practicable level of independence.

2. Home and community-based services shall be developed, expanded, or maintained in order to meet the needs of consumers in the least confusing and least restrictive manner. Services should be based on the desires of the elderly, older adults, persons with disabilities, and their families, and others that support them.

3. All services shall be responsive and appropriate to individual need and shall be delivered through a uniform and seamless system that is flexible and responsive regardless of funding source. Information and services shall be available through the effective use of Community Resource Connections for Aging and Disabilities as they are developed throughout the State.

4. Services shall be available to all elderly persons who need them, but shall be targeted primarily to those citizens who are the most frail, and those with the greatest need.

5. State and local agencies shall maximize the use of limited resources by establishing a fee system for persons who have the ability to pay.

6. Institutional care provided in facilities shall be offered in such a manner and in such an environment as to promote maintenance of health, or enhancement of the quality of life, and timely discharge to a less restrictive care setting when appropriate.

7. State health planning for institutional bed supply shall take into account increased availability of community-based services options.

8. In an effort to maximize the use of limited resources, State and local agencies shall invest in supports for families and other informal caregivers of persons requiring assistance.

9. Emphasis shall be placed on offering evidence-based activities to promote healthy aging, prevent injuries, and manage chronic diseases and conditions.

10. Individuals and families shall be encouraged and supported in planning for and financing their own future needs for long-term services and supports.

SECTION 3. This act is effective when it becomes law. In the General Assembly read three times and ratified this the 28th day of June, 2010. Became law upon approval of the Governor at 10:30 a.m. on the 8th day of July, 2010.
The General Assembly of North Carolina enacts:

SECTION 1.(a) Sections 16.1 through 16.6 of S.L. 2007-550 are repealed.
SECTION 1.(b) S.L. 2008-208 is repealed.
SECTION 1.(c) Section 16 of S.L. 2009-484 is repealed.
SECTION 1.(d) Subsections (a) and (b) of Section 10 of S.L. 2009-550 are repealed.
SECTION 1.(e) This section becomes effective July 1, 2010.

SECTION 2.(a) Article 9 of Chapter 130A of the General Statutes is amended by adding a new Part to read:

"Part 2H. Discarded Computer Equipment and Television Management.

§ 130A-309.130. Findings. The General Assembly makes the following findings:
(1) The computer equipment and television waste stream is growing rapidly in volume and complexity and can introduce toxic materials into solid waste landfills.
(2) It is in the best interest of the citizens of this State to have convenient, simple, and free access to recycling services for discarded computer equipment and televisions.
(3) Collection programs operated by manufacturers and local government and nonprofit agencies are an efficient way to divert discarded computer equipment and televisions from disposal and to provide recycling services to all citizens of this State.
(4) The development of local and nonprofit collection programs is hindered by the high costs of recycling and transporting discarded computer equipment and televisions.
(5) No comprehensive system currently exists, provided either by electronics manufacturers, retailers, or others, to adequately serve all citizens of the State and to divert large quantities of discarded computer equipment and televisions from disposal.
(6) Manufacturer responsibility is an effective way to ensure that manufacturers of computer equipment and televisions take part in a solution to the electronic waste problem.
(7) The recycling of certain discarded computer equipment and televisions recovers valuable materials for reuse and will create jobs and expand the tax base of the State.
(8) While some computers and computer monitors can be refurbished and reused and other consumer electronics products contain valuable materials, some older and bulkier consumer electronic products, including some televisions, may not contain any valuable products but should nevertheless be recycled to prevent the release of toxic substances to the environment.
(9) For the products covered by this Part, differences in product life expectancy, market economics, residual value, and product portability necessitate different approaches to recycling.
(10) In order to ensure that end-of-life computer equipment and televisions are responsibly recycled, to promote conservation, and to protect public health and the environment, a comprehensive and convenient system for recycling and reuse of certain electronic equipment should be established on the basis of shared responsibility among manufacturers, retailers, consumers, and the State.

284
There is established the North Carolina Long-Term Care Partnership Program (Partnership Program) to be administered by the Division with assistance from the Department of Insurance. The Partnership Program shall:

1. Provide a mechanism for individuals to qualify for coverage of the cost of their long-term care needs under Medicaid without first being required to substantially exhaust their resources.

2. Provide counseling services to individuals planning for their long-term care needs.

3. Reduce the financial burden on the State medical assistance program by encouraging individuals to obtain private long-term care insurance.

Under the Partnership Program, the Department shall:

1. Provide resource disregard to an applicant for long-term care Medicaid who has received benefits under a qualified long-term care partnership policy. The amount of the resource disregard shall be equal to the total insurance benefits paid to the individual under a qualified policy after the implementation of the Partnership Program and prior to the individual's first application for long-term care Medicaid.

2. Provide resource protection by reducing any subsequent recovery by the State under G.S. 108A-70.5 from a deceased recipient's estate for payment of Medicaid paid services by the amount of resource disregard given under subdivision (1) of this subsection.

The Department shall adopt rules and amendments to the State Plan to allow for resource disregard at long-term care Medicaid eligibility determination and resource protection at estate recovery. The Department and the Department of Insurance shall adopt rules to implement the provisions of the Partnership Program and to provide for its administration.

Effective January 1, 2011, or 60 days after approval of the Medicaid State Plan amendment, whichever is later, a qualified long-term care partnership policy shall be accompanied by a Partnership Disclosure Notice detailing in plain language the current law pertaining to the Partnership Program, resource disregard, and resource protection.

The Department may enter into a reciprocal agreement with other states that enter into a national reciprocity agreement to extend the resource disregard and resource protection to residents of the State who purchased, or purchased and used, a qualified long-term care policy in another state.

G.S. 108A-70.5 applies to the estate of an individual who received benefits under a qualified long-term care partnership policy.

SECTION 2. G.S. 108A-70.5 reads as rewritten:

(a) There is established in the Department of Health and Human Services, the Medicaid Estate Recovery Plan, as required by the Omnibus Budget Reconciliation Act of 1993, to recover from the estates of recipients of medical assistance an equitable amount of the State and federal shares of the cost paid for the recipient. The Department shall administer the program in accordance with applicable federal law and regulations, including those under Title XIX of the Social Security Act, 42 U.S.C. § 1396(p).

(b) As used in this section: The following definitions apply in this section:

1. "Medical assistance" means medical care services paid for by the North Carolina Medicaid Program on behalf of the recipient:
   a. If the recipient of any age is receiving medical care services as an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, and cannot reasonably be expected to be discharged to return home; or

1. Nursing facility services.
2. Home and community-based services.
3. Hospital care.
3a. Prescription drugs.
4. Personal care services.

(2) "Estate" means all Estate. – All the real and personal property considered assets of the estate available for the discharge of debt pursuant to G.S. 28A-15-1. For individuals who have received benefits under a qualified long-term care partnership policy as described in G.S. 108A-70.4, "estate" also includes any other real and personal property and other assets in which the individual had any legal title or interest at the time of death (to the extent of such interest), including assets conveyed to a survivor, heir, or assign of the deceased individual through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement.

(c) The amount the Department recovers from the estate of any recipient shall not exceed the amount of medical assistance made on behalf of the recipient and shall be recoverable only for medical care services prescribed in subsection (b) of this section. The Department is a fifth-class creditor, as prescribed in G.S. 28A-19-6, for purposes of determining the order of claims against an estate; provided, however, that judgments in favor of other fifth-class creditors docketed and in force before the Department seeks recovery for medical assistance shall be paid prior to recovery by the Department.

(d) The Department of Health and Human Services shall adopt rules pursuant to Chapter 150B of the General Statutes to implement the Plan, including rules to waive whole or partial recovery when this recovery would be inequitable because it would work an undue hardship or because it would not be administratively cost-effective and rules to ensure that all recipients are notified that their estates are subject to recovery at the time they become eligible to receive medical assistance.

The following definitions apply in this section:

(1) Asset. – Resources and income.
(2) Department. – The Department of Health and Human Services.
(3) Division. – The Division of Medical Assistance.

§ 58-55-60. Qualified long-term care partnership policy.

A qualified long-term care partnership policy is a long-term care insurance policy or a certificate issued under a group long-term care insurance policy that satisfies all of the following requirements:

1. The policy meets the requirements for a qualified long-term care insurance contract, as defined in section 7702B of the Internal Revenue Code of 1986 (26 U.S.C. § 7702B(b)).

2. The effective date of the coverage is on or after January 1, 2011, or 60 days after approval of the Medicaid State Plan amendment, whichever is later.

3. The policy covers an insured who was a resident of North Carolina or another reciprocal partnership state when coverage first became effective under the policy.

4. The policy meets the federal consumer protection requirements of section 1917(b) of the Social Security Act as amended by section 6021(a) of the Deficit Reduction Act of 2005, P.L. 109-171 of the Social Security Act (42 U.S.C. § 1396p(b)(5)(A)).

5. The policy is issued with and retains inflation protection coverage which meets the inflation standards based on the insured's then attained age as defined in sub-subdivisions a., b., and c. below:

   a. Policies or certificates issued to an individual who is under 61 years old must provide compound annual inflation protection.

   b. Policies or certificates issued to an individual who is 61 to 76 years old must provide some level of inflation protection. This may include simple interest or compound inflation protection.

   c. For purchasers 76 years old or older, inflation protection may be offered but is not required.

   Notwithstanding the above, purchasers of qualified long-term care insurance policies may adjust their inflation protection as they age. However, their policies shall continue to be qualified long-term care insurance policies as long as the inflation protection in the qualified policies continues to meet the minimum requirements for the insured's attained age.

6. The policy states that it is intended to be a qualified long-term care insurance policy as defined in section 7702B(b) of the Internal Revenue Code of 1986.

7. A qualified policy issued, executed, and delivered in North Carolina shall be accompanied by a Partnership Disclosure Notice explaining the benefits associated with a qualified policy and indicating that at the time issued, the policy is a qualified long-term care insurance partnership policy in North Carolina. The Partnership Disclosure Notice shall also include a statement indicating that by purchasing this partnership policy, the insured does not automatically qualify for Medicaid. Notices providing additional information may be used in conjunction with the Partnership Disclosure Notice described in this section if filed and approved by the Commissioner. The Notice shall state the following in at least 12-point font:

"Partnership Policy Status: Your long-term care insurance policy is intended to qualify as a Partnership Policy under the North Carolina Long-Term Care Partnership Program as of your policy's effective date. For Medicaid
applicants applying for help with the cost of long-term care, this means that an amount of your resources equal to the dollar amount of long-term care insurance benefits paid to you or on your behalf under this policy may be disregarded for purposes of determining your eligibility for long-term care Medicaid and from any subsequent recovery by the State from your estate for payment of Medicaid paid services. The amount that may be disregarded at eligibility will be equal to the amount of the long-term care partnership benefits paid out prior to the time you apply for long-term care Medicaid. As a result, you may qualify for coverage of the cost of your long-term care needs under Medicaid without first being required to substantially exhaust your personal resources. The amount that may be protected from recovery by the State from your estate will be equal to the amount disregarded for purposes of eligibility for long-term care Medicaid. If you are already a recipient of long-term care Medicaid, this policy will not allow a resource disregard or estate recovery resource protection. The purchase of a Partnership Policy does not automatically qualify you for Medicaid.

Please note that this policy may lose long-term care partnership program status if you move to a different state that does not recognize North Carolina's Long-Term Care Partnership Program or you modify this policy after issuance. This policy may also lose long-term care partnership program status due to changes in federal or state laws.

If you have questions regarding long-term care insurance and the North Carolina Long-Term Care Partnership Program, you may contact the Seniors' Health Insurance Information Program of the Department of Insurance at 1-800-443-9354."

In the case of a group insurance contract, this Partnership Disclosure Notice shall be provided to the insured upon the issuance of the certificate. The insurer shall include in that Notice that the amount of the insured's resources that may be disregarded at eligibility will be equal to the amount of qualified long-term care partnership policy benefits paid prior to the time the insured applied for long-term care Medicaid. The insurer shall also include in the notice a warning to the insured that the policy may lose long-term care partnership program status if the insured moves to another state that does not recognize North Carolina's Long-Term Care Partnership Program, or if the policy is modified after issuance.

When the insured's remaining lifetime maximum benefit is equal to 90 times the current daily benefit, or three times the current monthly benefit, the insurer shall notify the insured in writing advising the insured to go to the local department of social services to apply for Medicaid if the insured had not already done so.

§ 58-55-65. Compliance with federal regulations.

(a) The Commissioner may adopt rules to conform long-term care policies and certificates to the requirements of federal law and regulations, including any changes required by Congress or the U.S. Department of Health and Human Services, or any successor agencies.

(b) The tax-qualified long-term care provisions required of the Health Insurance Portability and Accountability Act of 1996, including subsequent amendments and editions, are hereby incorporated into Article 55 of Chapter 58 of the General Statutes.

(c) The long-term care partnership provisions required of the Deficit Reduction Act of 2005, including subsequent amendments and editions, are hereby incorporated into Article 55 of Chapter 58 of the General Statutes.
(a) Prior to making a change requested by the policyholder to a qualified long-term care partnership policy that would result in the loss to the policy of qualified policy status, the insurer shall provide to the policyholder a written explanation within 30 calendar days of how this action would affect the insured and shall obtain the insured's signature indicating consent to the change.
(b) If a qualified long-term care partnership policy subsequently loses qualified policy status, the insurer shall explain in writing within 30 calendar days to the policyholders the reason for the loss of status.
(c) The disclosures required in this section shall be provided to any insured who exchanges a policy for a qualified long-term care partnership policy.

An insurer shall, on a onetime basis, in writing, to all existing policyholders that were issued a long-term care policy on or after February 8, 2006, the option to exchange their existing long-term care coverage for coverage that is intended to qualify under North Carolina's Long-Term Care Partnership Program. The insurer shall provide notification of this onetime offer within 180 days from the date on which the company begins to offer partnership coverage in the State. The mandatory offer of an exchange shall only apply to products issued by the insurer that are comparable to the type of policy form, such as group policies and individual policies, and on the policy series that the company has certified as partnership qualified. This exchange may be subject to underwriting and premium adjustment. A policy received in an exchange after the effective date of North Carolina's Long-Term Care Partnership Program is treated as newly issued and is eligible for qualified policy status. For purposes of applying the Medicaid rules relating to qualified long-term care partnership policies, the addition of a rider, endorsement, or change in schedule page for a policy may be treated as giving rise to an exchange. The effective date of the long-term care partnership policy shall be the date the policy was exchanged.

§ 58-55-80. Information sharing.
(a) In order to assist in the performance of the Commissioner's duties under the long-term care partnership program specified in the federal Deficit Reduction Act of 2005, the Commissioner may:
(1) Share information, including identifying information, related to the long-term care partnership program with other state and federal agencies, the National Association of Insurance Commissioners, and any entity contracting with the federal government under the program.
(2) Receive information, including identifying information, related to the long-term care partnership program from other state and federal agencies, the National Association of Insurance Commissioners, and any entity contracting with the federal government under the program, and shall maintain as confidential or privileged any identifying information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information. Information received under this subdivision of this subsection is not a "public record" as defined in G.S. 132-1.
(3) Enter into agreements governing sharing and use of information consistent with this section.
(b) No waiver of an existing privilege or claim of confidentiality in the identifying information shall occur as a result of disclosure to the Commissioner under this section or as a result of sharing as authorized in subsection (a) of this section.
(c) A privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under this section shall be available and enforced in any proceeding in, and in any court of, this State.
(d) As used in this section, "identifying information" has the same meaning as in G.S. 14-113.20(b)."

The General Assembly of North Carolina enacts:

(a) Review of Eligibility and Enrollment Decisions. – Eligibility and enrollment decisions for Program applicants or recipients shall be reviewable pursuant to G.S. 108A-79. Program recipients shall remain enrolled during the review of a decision to terminate or suspend enrollment.

(b) Review of Health Services Decisions. – In accordance with 42 C.F.R. § 457.1130 and 42 C.F.R. § 457.1150, a Program recipient may seek review of any delay, denial, reduction, suspension, or termination of health services, in whole or in part, including a determination about the type or level of services, through a two-level review process.

1. Internal review. – Within 30 days from the date of the decision subject to review under this subsection, a recipient may request a first-level internal review, which shall be conducted by the Clinical Medical Director of the Division of Medical Assistance or the Director's clinical designee.

2. External review. – If the recipient is dissatisfied with the first-level review decision, then within 15 days after the internal review decision is rendered the recipient may request a second-level independent external review by the Department of Health and Human Services Hearing Office. The external review process shall comply with the provisions of 42 C.F.R. § 457.1140. The Department's Hearing Office shall assign the matter to a hearing officer who will preside over the review. (d) Notice. – A recipient shall receive timely written notice of any decision subject to review under this section in accordance with the requirements of 42 C.F.R. § 457.1180. Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (l) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs:

To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

(3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).

(4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. "d. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be restored to service as an employee or teacher, then the retirement allowance shall cease as of the first of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members.

Upon his subsequent retirement, he shall be paid a retirement allowance determined as follows:

If a member who is an elected government official and has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 135-18.10 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007. No member shall forfeit any benefit or creditable service earned from a position not as an elected government official."

SECTION 5.(b) G.S. 128-26(w) reads as rewritten:

"(w) If a member who is an elected government official and has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 128-38.4 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. "§ 135-10. Failure to respond.
If a member fails to respond in any way within 90 120 days after preliminary option figures and the Form 6-E or Form 7-E are mailed, or if a member fails to respond within 120 days after the effective date of retirement, whichever is later, the Form 6 or Form 7 shall be null and void; the retirement system shall not be liable for any benefits due on account of the voided application, and a new application must be filed establishing a subsequent effective date of retirement. If an applicant for disability retirement fails to furnish requested additional medical information within 90 days following such request, the application shall be declared null and void under the same conditions outlined above, unless the applicant is eligible for early or service retirement in which case the application shall be processed accordingly, using the same effective date as would have been used had the application for disability retirement been approved. The Director of the Retirement Systems Division, acting on behalf of the Board of Trustees, may extend the 90-day 120-day limitation provided for in this section when a member has suffered incapacitation such that a reasonable person would not have expected the member to be able to complete the required paperwork within the regular deadline, or when an omission by the Retirement Systems Division prevents the member from having sufficient time to meet the regular deadline.

SECTION 6.(b) G.S. 128-32.1 reads as rewritten:
"§ 128-32.1. Failure to respond.

SECTION 7. G.S. 135-106(b) reads as rewritten:
"(b) After the commencement of benefits under this section, the benefits payable under the terms of this section during the first 36 months of the long-term disability period shall be equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by any primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, any other federal agency or any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month. However, a disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in

303
lieu of long-term disability benefits; provided such election shall not extend the first 36 consecutive calendar months of the long-term disability period. An election to receive any salary continuation for any part of any given day shall be in lieu of any long-term benefit payable for that day, provided further, any lump-sum payout for vacation leave shall be treated as if the beneficiary or participant had exhausted the leave and shall be in lieu of any long-term benefit otherwise payable. Provided that, in any event, a beneficiary's benefit shall be reduced during the first 36 months of the long-term disability period by an amount, as determined by the Board of Trustees, equal to a primary Social Security retirement benefit to which the beneficiary might be entitled.

After 36 months of long-term disability, no further benefits are payable under the terms of this section unless the member has been approved and is in receipt of primary Social Security disability benefits. In that case the benefits payable shall be equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by the primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, for payments from any other federal agency, or for any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month.

Notwithstanding the foregoing, the long-term disability benefit is payable so long as the beneficiary is disabled and is in receipt of a primary Social Security disability benefit until the earliest date at which the beneficiary is eligible for an unreduced service retirement allowance from the Retirement System, at which time the beneficiary would receive a retirement allowance calculated on the basis of the beneficiary's average final compensation at the time of disability as adjusted to reflect compensation increases subsequent to the time of disability and the creditable service accumulated by the beneficiary, including creditable service while in receipt of benefits under the Plan. In the event the beneficiary has not been approved and is not in receipt of a primary Social Security disability benefit, the long-term disability benefit shall cease after the first 36 months of the long-term disability period. However, a beneficiary shall be entitled to a restoration of the long-term disability benefit in the event the Social Security Administration grants a retroactive approval for primary Social Security disability benefits with a benefit effective date within the first 36 months of the long-term disability period. In such event, the long-term disability benefit shall be restored retroactively to the date of cessation.

SECTION 8.(a) G.S. 135-8(b2) reads as rewritten:

"(b2) Retroactive Adjustment in Compensation or an Underreporting of Compensation. – A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity or wrongful demotion in which the aggrieved member or beneficiary is granted a promotion or a demotion is reversed retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation, after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

(1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or
(2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) for reasons other than a wrongfully denied promotional opportunity or wrongful demotion where the member is promoted or the demotion is reversed retroactively."

SECTION 8.(b) G.S. 128-30(b2) reads as rewritten:

"(b2) Retroactive Adjustment in Compensation or an Underreporting of Compensation. – A member or beneficiary who is awarded backpay in cases of a denied promotional opportunity or wrongful demotion in which the aggrieved member or beneficiary is granted a promotion or a demotion is reversed retroactively, or in cases in which an employer errs in the reporting of compensation, including the employee and employer contributions, the member or beneficiary and employer may make employee and employer contributions on the retroactive or additional compensation after submitting clear and convincing evidence of the retroactive promotion or underreporting of compensation, as follows:

(1) Within 90 days of the denial of the promotion or the error in reporting, by the payment of employee and employer contributions that would have been paid; or

(2) After 90 days of the denial of the promotion or the error in reporting, by the payment of the employee and employer contributions that would have been paid plus interest compounded annually at a rate equal to the greater of the average yield on the pension accumulation fund for the preceding calendar year or the actuarial investment rate-of-return assumption, as adopted by the Board of Trustees.

For members or beneficiaries electing to make the employee contributions on the retroactive adjustment in compensation or on the underreported compensation, the member's or beneficiary's employer, which granted the retroactive promotion or erred in underreporting compensation and contributions, shall make the required employer contributions. Nothing contained in this subsection shall prevent an employer from paying all or a part of the interest assessed on the employee contributions; and to the extent paid by the employer, the interest paid by the employer shall be credited to the pension accumulation fund; provided, however, an employer does not discriminate against any member or beneficiary or group of members or
beneficiaries in his employ in paying all or any part of the interest assessed on the employee contributions due.

In the event the retroactive adjustment in compensation or the underreported compensation is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), the compensation the member or beneficiary would have received during the period shall be included in calculating the member's or beneficiary's average final compensation only in the event the appropriate employee and employer contributions are paid on such compensation.

An employer error in underreporting compensation shall not include a retroactive increase in compensation that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5), for reasons other than a wrongfully denied promotional opportunity or wrongful demotion where the member is promoted or the demotion is reversed retroactively.”

SECTION 9.(a) G.S. 135-5(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate."

SECTION 9.(b) G.S. 128-27(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina over the total of the Special Retirement Allowances paid prior to the death of the retiree.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest

The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 135-6(n). Provided, however, a member, who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina, shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. Session Law 2010-80  S.B. 1399

AN ACT TO AMEND THE PROTEST PETITION REQUIREMENT FOR DURHAM COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Sections 1(a) and (b) of S.L. 2003-83 reads as rewritten:

"SECTION 1(a) Zoning regulations and restrictions and zone boundaries may from time to time be amended, supplemented, changed, modified, or repealed. In case, however, of a qualified protest against such change, signed by the owners of twenty percent (20%) or more of the area either of the lots included in a proposed change or of those immediately adjacent thereto either in the rear thereof or on either side thereof, extending 100 feet therefrom, or of those directly opposite thereto extending 100 feet from the street frontage of the opposite lots, an amendment shall not become effective except by favorable vote of three-fourths of all members of the board of commissioners. The foregoing provisions concerning protests shall not be applicable to any amendment which initially zones property added to the territorial coverage of the ordinance. They also shall not apply to an amendment to an adopted special use district or conditional use district if the amendment does not: (i) change the types of uses that are permitted within the district or increase the approved density for residential development, (ii) increase the total approved size of nonresidential development, or (iii) reduce the size of any buffers or screening approved for the special use or conditional use district, a zoning map amendment, that amendment shall not become effective except by favorable vote of three-fourths of all the members of the Board of County Commissioners. For the purposes of this subsection, vacant positions on the board and members who are excused from voting shall not be considered "members of the board" for calculation of the requisite supermajority.

To qualify as a protest under this section, the petition must be signed by the owners of either (i) twenty percent (20%) or more of the area included in the proposed change or (ii) five percent (5%) of a 100-foot-wide buffer extending along the entire boundary of each discrete or
separate area proposed to be rezoned. A street right-of-way shall not be considered in computing the 100-foot-wide buffer area as long as that street right-of-way is 100 feet wide or less. When less than an entire parcel of land is subject to the proposed zoning map amendment, the 100-foot-wide buffer shall be measured from the property line of that parcel. In the absence of evidence to the contrary, the county may rely on the county tax listing to determine the "owners" of potentially qualifying areas.

The foregoing provisions concerning protests shall not be applicable to an amendment to an adopted (i) special use district, (ii) conditional use district, or (iii) conditional district if the amendment does not change the types of uses that are permitted within the district or increase the approved density for residential development, or increase the total approved size of nonresidential development, or reduce the size of any buffers, or screening approved for the special use district, conditional use district, or conditional district.

"SECTION 1.(b) Protest petitions must be received by the Clerk to the Board of Commissioners in sufficient time to allow the county at least four normal work days, excluding Saturdays, Sundays, and legal holidays, before the date established for a public hearing on the proposed change or amendment to determine the sufficiency and accuracy of the petition. Session Law 2010-81 AN ACT AMENDING THE CHARTER OF THE CITY OF DURHAM TO AUTHORIZE ASSESSMENTS AGAINST PROPERTIES SERVED BY STORMWATER FACILITIES FOR THE CONSTRUCTION AND REPAIR OF THOSE FACILITIES. The General Assembly of North Carolina enacts:

SECTION 1. Article 7 of Chapter VI of the Charter of the City of Durham, being Chapter 671 of the 1975 Session Laws, as amended, is amended by adding a new section to read as follows:

"Sec. 82.1. Assessment Authority for Stormwater Facilities.

(a) The City Council is authorized to assess the City's costs for projects that construct, reconstruct, or repair stormwater facilities on private or public property when the projects remediate a flooding or other public nuisance or enable compliance with State or federal requirements regarding water quality. The assessments shall be made against properties the project serves or will serve or against the owner of a failing facility or the property on which the facility is located. The authority granted under this section does not allow the City to enter private property except as otherwise authorized by law or agreement. In the event that work is
necessary on an existing facility, unless the project is necessary to remediate a current public nuisance, prior to initiating a project, the City shall give advance written notice to the property owner or owners upon which the facility is located and shall afford the owner or owners a reasonable opportunity to cure any deficiency in the facility. The City Council's assessment authority under this section shall be exercised pursuant to one or more ordinances adopted by the City Council which are consistent with the provisions of this section.

(b) The City shall make a professional engineering determination regarding the properties that are or will be served by the project using drainage basins, subdivision plats, site plans, or other professionally recognized indicators. When costs are to be allocated to more than one property, the City shall allocate the costs using any or a combination of the following criteria: (i) the area of individual properties; (ii) tax valuation; (iii) the number of buildable lots or properties; (iv) zoning; (v) one or more professional appraisals; or (vi) impervious area. In addition, the City may take into account contributions and fees a property has already made toward construction or repair of a facility.

(c) The City shall prepare an assessment roll showing the cost allocated to each property which shall be filed and available for public review in the office indicated in notices provided pursuant to this subsection. The City Council shall conduct a public hearing regarding the proposed assessment and assessment roll. At least 21 days prior to the public hearing, individual notice by first-class mail shall be sent to each impacted property owner at the address shown on the most current county tax records. The notice shall include a description of the project, the assessment roll, and the time and date of the council meeting at which the public hearing is scheduled. Notice shall also be published not less than 10 days before the public hearing on the City's Web site and in a daily newspaper that serves the City. Published notice shall include a description and location of the project, the total costs to be assessed, the geographic area subject to the assessment, the public office in which the assessment roll showing individual properties and assessment amounts can be found, and an Internet link where the specifics of the assessment roll can be located. The person who has mailed notice and ensured compliance with the published and Internet postings shall file with the City Council a certificate of compliance with the requirements of this subsection and, in the absence of fraud, the certificate shall be conclusive.

(d) After the public hearing, the City Council may confirm the assessment as proposed, continue the matter, not approve the proposed assessment, or direct that the assessment process begin anew. All documentation regarding the approved assessment shall be retained in the Office of the City Clerk or the Department of Public Works.

(e) The City Council may set aside or reduce a prior assessment made against a property, with individual notice to the affected property owner, if a clerical or factual error has substantially impacted the result of any assessment by more than five percent (5%). For purposes of this subsection, the term "error" includes, but is not limited to, the use of an incorrect tax value, incorrect calculation of buildable lots or area of property, or mistaken identification of a property or lot. In addition, the City Council may set aside the whole of an assessment if there has been a substantial irregularity in the proceedings or process as required under this section. The assessment process shall be considered an in rem proceeding.

(f) A final assessment approved by the City Council shall be a lien against the property assessed of the same nature and to the same extent as a lien for county and city taxes, according to the priorities set forth in G.S. 160A-233(c).

(g) The provisions of subsections (21), (22), (22.1), (23), (26), (27), and (29) of Section 77 of this Charter shall apply to assessments approved pursuant to the provisions of this section. A request for apportionment of an assessment for property that is subdivided as provided under Section 77(26) of this Charter may be approved administratively by the City Manager and the City Manager's approval, and the resulting assessment amounts for subdivided properties shall be filed with the City Clerk with the originally approved assessment amounts. Notwithstanding the provisions of subsections (21), (22), (22.1), (23), (26), (27), and (29) of Section 77 of this Charter, the City Council may, in its discretion, by ordinance, accelerate
payment of assessments due for land that at the time of assessment was undeveloped so that
payment is required prior to issuance of a building permit or a certificate of compliance.

(h) The authority provided in this section is in addition to and not in limitation of any
other authority granted by this Charter or any other provision of general or local law."

AN ACT TO PROVIDE THAT THE ADDITION TO FEDERAL TAXABLE INCOME OF AMOUNTS ALLOWED AS A CREDIT AGAINST NORTH CAROLINA INCOME DOES NOT APPLY TO THE FILM CREDIT AND TO INCREASE THE PERIOD OF TIME FOR WHICH THE SECRETARY OF REVENUE MAY ALLOW A CORPORATION TO USE AN ALTERNATIVE APPORTIONMENT FORMULA.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-130.5(a)(10) reads as rewritten:

"(a) The following additions to federal taxable income shall be made in determining State net income:

... (10) The total amounts allowed under this Chapter during the taxable year as a credit against the taxpayer's income tax. This subdivision does not apply to a credit allowed under G.S. 105-130.47. A corporation that apportions part of its income to this State shall make the addition required by this subdivision after it determines the amount of its income that is apportioned and allocated to this State and shall not apply to a credit taken under this Chapter the apportionment factor used by it in determining the amount of its apportioned income.

..."

SECTION 2.(a) G.S. 105-130.4(t1) reads as rewritten:

"(t1) Alternative Apportionment Method. – A corporation that believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State may make a written request..."
to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method.

The statutory apportionment method that otherwise applies to a corporation under this section is presumed to be the best method of determining the portion of the corporation's income that is attributable to its business in this State. A corporation has the burden of establishing by clear, cogent, and convincing proof that the proposed alternative method is a better method of determining the amount of the corporation's income attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years, unless the provisions of subsection (t2) of this section apply. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subsection. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its income in accordance with the alternative method or the statutory method. A corporation may not use an alternative apportionment method except upon written order of the Secretary, and any return in which any alternative apportionment method, other than the method prescribed by statute, is used without permission of the Secretary is not a lawful return."

"(t2) 15-Year Alternative. – A corporation that, by September 15, 2010, signs a letter of commitment with the Secretary of Commerce certifying that the corporation will invest at least five hundred million dollars ($500,000,000) in private funds to construct a facility in a development tier one area within five years after the time construction begins may make a written request to the Secretary for permission to use an alternative method of apportionment if it believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State. The corporation must include the letter of commitment with its request to the Secretary. All of the provisions of subsection (t1) of this section apply to a request for an alternative apportionment method under this subsection except that a decision may apply to no more than 15 tax years."

SECTION 2.(c) G.S. 105-122(c1) reads as rewritten:

"(c1) Apportionment. – A corporation that is doing business in this State and in one or more other states must apportion its capital stock, surplus, and undivided profits to this State. A corporation must use the apportionment method set out in subdivision (1) of this subsection unless the Department has authorized it to use a different method under subdivision (2) of this subsection. The portion of a corporation's capital stock, surplus, and undivided profits determined by applying the appropriate apportionment method is considered the amount of capital stock, surplus, and undivided profits the corporation uses in its business in this State.

(1) Statutory. – A corporation that is subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it applies in apportioning its income under that Article. A corporation that is not subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it would be required to apply in apportioning its income if it were subject to that Article. The apportionment method set out in this subdivision is considered the statutory method of apportionment and is presumed to be the best method of determining the amount of a corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.
(2) Alternative. – A corporation that believes the statutory apportionment method set out in subdivision (1) of this subsection subjects a greater portion of its capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method. The corporation has the burden of establishing by clear, cogent, and convincing proof that the statutory apportionment method subjects a greater portion of the corporation's capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State and that the proposed alternative method is a better method of determining the amount of the corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. A decision may apply to no more than three tax years, unless the provisions of subdivision (3) of this subsection applies. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subdivision. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its capital stock, surplus, and undivided profits in accordance with the alternative method or the statutory method.

(3) 15-Year Alternative. – A corporation that, by September 15, 2010, signs a letter of commitment with the Secretary of Commerce certifying that the corporation will invest at least five hundred million dollars ($500,000,000) in private funds to construct a facility in a development tier one area within five years after the time construction begins may make a written request to the Secretary for permission to use an alternative method of apportionment if it believes the statutory apportionment method that otherwise applies to it under this subsection subjects a greater portion of its capital stock, surplus, and undivided profits to tax than is attributable to its business in this State. The corporation must include the letter of commitment with its request to the Secretary. All of the provisions of subdivision (2) of this subsection apply to a request for an alternative apportionment method under this subdivision except that a decision may apply to no more than 15 tax years.

SECTION 3. Section 1 of this act becomes effective for taxable years beginning on or after January 1, 2011. The remainder of this act is effective when it becomes law. Section 2 of this act applies to requests for alternative apportionment formulas filed on or after that date.

In the General Assembly read three times and ratified this the 10th day of July, 2010. Became law upon approval of the Governor at 7:07 a.m. on the 11th day of July, 2010.

1. The Secretary of Commerce certifies that an investment of private funds of at least seventy-five million dollars ($75,000,000) has been or will be made in real and tangible personal property for the facility within five years after the facility subject to tax under subsection (a) of this section is placed into service and that the datacenter meets the requirements in subsection (a1) of this section, other than the minimum investment amount in that subsection.

2. The two datacenters are linked through a fiber-optic connection or a similar connection.

3. The datacenters are placed in service within five years of each other.

(a3) Contractor Option. – A contractor or subcontractor that is subject to this subsection may elect to pay tax on its purchases of machinery and equipment described in subsection (a) of this section at the rate set in this section instead of the rate set in Article 5 of this Chapter. (c) Forfeiture. – If the required level of investment to qualify as an eligible datacenter is not timely made, then the rate provided under this section is forfeited. If the required level of investment is timely made but any eligible machinery and equipment is not located and used at an eligible datacenter, then the rate provided for that machinery and equipment under this section is forfeited. A taxpayer that forfeits a rate under this section is liable for all past sales and use taxes avoided as a result of the forfeiture, computed at the combined general rate from the date the taxes would otherwise have been due, plus interest at the rate established under G.S. 105-241.21. If the forfeiture is triggered due to the lack of a timely investment required by this section, then interest is computed from the date the sales or use tax would otherwise have been due. For all other forfeitures, interest is computed at the combined general rate from the time as of which the machinery or equipment was put to a disqualifying use. For purposes of applying this credit, the fact that payment of the privilege tax occurred in a period outside the statute of limitations provided under G.S. 105-241.6 is not considered. The credit reduces the amount forfeited, and interest applies only to the reduced amount. The past taxes and interest are due 30 days after the date of forfeiture. A taxpayer that fails to pay the past taxes and interest by the due date is subject to the provisions of G.S. 105-236.

In order to claim the credit, the taxpayer must obtain a written determination from the Secretary of Commerce that the taxpayer is expected to invest within a five-year period a total amount of at least four hundred million dollars ($400,000,000) in three or more facilities. The credit must be taken in seven equal annual installments beginning with the taxable year in which the first facility is placed in service. If, in one of the years in which the installment of credit accrues, a facility with respect to which the credit was claimed is disposed of or taken out of service and the investment requirements of this subsection are no longer satisfied, the credit expires and the taxpayer may take any remaining installment of the credit only to the extent allowed under subsection (b) of this section. The taxpayer may, however, take the portion of an installment under this subsection that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17. Notwithstanding the provisions of G.S. 105-129.17, a taxpayer may carry forward unused portions of the credit allowed under this subsection for the succeeding 10 years.

365
If a taxpayer that claimed a credit under this subsection fails to meet the requirements of this subsection but meets the requirements of subsection (b) of this section, the taxpayer forfeits the difference between the alternative credit claimed under this subsection and the credit allowed under subsection (b) of this section. A taxpayer that forfeits part of the alternative credit under this subsection is liable for the additional taxes avoided plus interest at the rate established under G.S. 105-241.1(i), G.S. 105-241.21, computed from the date the additional taxes would have been due if the credit had not been allowed. The additional taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer that fails to pay the additional taxes and interest by the due date is subject to penalties provided in G.S. 105-236."

SECTION 3. G.S. 105-159.1(a) reads as rewritten:

"(a) Every individual whose income tax liability for the taxable year is three dollars ($3.00) or more may designate on his or her income tax return that three dollars ($3.00) of the tax shall be credited to the North Carolina Political Parties Financing Fund for the use of the political party designated by the taxpayer. Amounts credited to the Fund shall be allocated among the political parties according to the designation of the taxpayer. Where any taxpayer elects to designate but does not specify a particular political party, those funds shall be distributed among the political parties on a pro rata basis according to their respective party voter registrations as determined by the most recent certification of the State Board of Elections. As used in this section, the term "political party" has the same meaning as defined in G.S. 163-96 means one of the following that has at least one percent (1%) of the total number of registered voters in the State:

(2) The amount of tax, interest, and penalties included in the proposed assessment. The amount for each of these must be stated separately.

(2a) The date a failure to pay penalty will apply to the proposed assessment if the proposed assessment is not paid by that date and the amount of the penalty. (b) Extension. – The Secretary may extend the time in which a person must file a report or return with the Secretary. To obtain an extension of time for filing a report or return, a person must comply with any application requirement set by the Secretary. An extension of time for filing a franchise tax return or an income tax return does not extend the time for paying
the tax due or the time when a penalty attaches for failure to pay the tax. An extension of time for filing a report or any return other than a franchise tax return or an income tax return extends the time for paying the tax due and the time when a penalty attaches for failure to pay the tax. When an extension of time for filing a report or return extends the time for paying the tax expected to be due with the report or return, interest, at the rate established pursuant to G.S. 105-241.21, accrues on the tax due from the original due date of the report or return to the date the tax is paid."

At the end of each fiscal year, the Secretary must determine each county's hold harmless payment for that year. The Secretary must send by August 15 the remainder of the county's hold harmless payment for the fiscal year that ended on June 30. The Secretary of the Department of Human Resources, Health and Human Services must give the Secretary of Revenue the data needed to determine a county's hold harmless threshold by February 24th of each year, and the data needed for the final calculation of each county's hold harmless threshold by July 24th of each year."

In addition to the provisions in G.S. 105-277.1F, all liens arising under this subdivision are extinguished upon the location of an historic structure on the site within the time period allowed under this subdivision."

Withdrawals may be made only upon delivery of the merchandise or services for which the funds were deposited, cancellation of a contract, the presence of excess funds in the trust account, or under other circumstances deemed appropriate by the Commission. The Commission shall promulgate rules and regulations governing withdrawals from trust accounts, including time and frequency of withdrawals, payments that will be made with the withdrawals, notice to the Commission prior to withdrawals, the number and identity of persons other than the owner who are authorized by the owner to make withdrawals, the officers and employees of the Commission authorized to approve withdrawals, and any other matters necessary to implement the provisions of this subdivision. Withdrawals will not be allowed if the amount remaining in the trust account would fall below sixty percent (60%) of all proceeds received on account of contracts for the sale of such the personal property or services.

(5) If for any reason a cemetery company or other entity who has entered into a contract for the sale of personal property or services cannot or does not provide the personal property or perform the services called for by the contract after request in writing to do so, the purchaser or his heirs or assigns or duly authorized representative shall be entitled to receive the entire amount paid on the contract and any income if any, earned thereon by the trust account.

(6) Every year after September 1, 1975, the cemetery company, the trustee or other entity shall within 75 days after the end of the calendar year, file a financial report of the trust funds with the Commission, setting forth the principal thereof, the investments and payments made, the income earned and disbursed; provided, however, that the Commission may require the cemetery, trustee, or other entity to make additional financial reports as it may deem advisable.

(c) Whenever a contract for the sale of personal property and/or services or both allocates payments to apply to one item at a time under a specific schedule, the contract shall be considered divisible. Title to each item of personal property or the right to each item of services shall pass to the purchaser upon full payment for that item regardless of the remaining balance on other items under the same contract.

(d) Any contract for the sale of personal property and/or services or both shall state separate costs for each item of personal property, for each act of installation required by the contract, for opening and closing each grave space, and for each other item of services included in the contract.

(e) All contracts for the sale of personal property and/or services or both must be printed in type size as required by the Truth in Lending Act, 15 U.S.C. § 1601 et seq., and regulations adopted pursuant to that act.

404
(f) In the event of prepayment, interest charged shall be no more than the interest earned on the unpaid balance computed on a percent per month basis for each month or part of a month up to the date of final payment. Any excess interest which has been paid by the purchaser must be refunded to him, his assigns, or his representative within 30 days after the final payment. No penalty or additional charge for prepayment may be required.

(g) In lieu of the deposits required under subsection (b) of this section, the cemetery company or other entity may post with the Commission a good and sufficient performance bond by surety company licensed to do business in North Carolina and in an amount sufficient to cover all payments made directly or indirectly by or on account of purchasers who have not received the purchased property and services. Money received from the sale or assignment of notes entered into by the purchasers, or otherwise, shall be treated as payments made by the purchasers.

(h) The Commission shall have the power and is required from time to time as it may deem necessary to examine the business of any cemetery company or other entity writing contracts for the sale of the property or services as herein contemplated. The written report of such the examination shall be filed in the office of the Commission. Any person or entity being examined shall produce the records of the company needed for such the examination.

(i) Any provision of any contract for the sale of the personal property or the performance of services herein contemplated under which the purchaser or beneficiary waives any of the provisions of this section shall be void.

(j) Repealed by Session Laws 1991, c. 653, s. 7.

(k) Nothing in this section shall apply to persons or legal entities holding licenses under Article 13D of Chapter 90 of the General Statutes when engaging in activities for which a license is required under that Article.

(l) If any report is not received within the time stipulated by the Commission or herein, the Commission may levy and collect a late filing fee of twenty-five dollars ($25.00) per month for each month of delinquency.

(m) Within 30 days following the execution of a contract for the sale of personal property or performance of services, a purchaser may cancel his contract by giving written notice to the seller. The seller may cancel the contract, upon default by purchaser, by giving written notice to the purchaser. Within 30 days of notice of cancellation, the cemetery company or other entity shall refund to purchaser the principal amount on deposit in the trust account for his benefit on any undelivered merchandise or services. This amount (no other obligations owed the purchaser by the seller) shall constitute the purchaser's entire entitlements under the contract. The seller may not terminate the contract without complying with this subsection.

(n) A cemetery company shall not require the purchaser or consumer of a grave space, mausoleum, or mausoleum section to purchase a vault from the cemetery company or from any other particular seller of vaults as a condition to the purchase or use of a grave space, mausoleum, or mausoleum section but may require that a casket be enclosed within a vault. A cemetery company may charge a reasonable fee not to exceed twenty dollars ($20.00) for delivery of vaults or inspection of vaults that are purchased from a person other than the cemetery company.

SECTION 5. G.S. 65-70 reads as rewritten:

"§ 65-70. Construction of mausoleums and belowground crypts; trust fund for receipts from sale of preconstruction crypts; compliance requirements.

(a) A cemetery company shall be required to start construction of that section of a mausoleum or bank of belowground crypts in which sales, contracts for sale, reservations for sales or agreements for sales are being made, within 48 months after the date of the first such sale. The construction of such the mausoleum section or bank of belowground crypts shall be completed within five years after the date of the first sale made; provided, however, extensions for completion, not to exceed one year three years, may be granted by the Commission for good reasons shown.

405
(b) A cemetery company which plans to offer for sale space in a section of a mausoleum or bank of underground crypts prior to its construction shall establish a preconstruction trust account. The trust account shall be administered and operated in the same manner as the merchandise trust account provided for in G.S. 65-66 and shall be exclusive of the merchandise trust account or such the other trust accounts or funds that may be required by law. The personal representative of any purchaser of such the space who dies before completion of construction shall be entitled to a refund of all moneys paid for such the space including any income earned thereon.

(c) Before a sale, contract for sale, reservation for sale or agreement for sale in the first mausoleum section or bank of underground crypts in each cemetery may be made the funds (one hundred twenty percent (120%) of construction cost) to be deposited to the preconstruction trust account shall be computed as to said the section or bank of crypts and such the trust account payments must be made on or before the last day of the calendar month following receipt by the cemetery company or its agent of each payment. The trust account portion of each such payment shall be computed by dividing the cost of the project plus twenty percent (20%) of such the cost, as computed by a licensed contractor, engineer or architect by the number of crypts in the section or bank of crypts to ascertain the cost per unit. The unit cost shall be divided by the contract sales price of each unit to obtain a percentage which shall be multiplied by the amount of each payment. The formula shall be computed as follows:

Cost plus twenty percent (20%) divided by number of crypts = cost per unit
Cost per unit divided by contract sales price = percentage
Percentage x payment received = deposit required to preconstruction trust account.

(d) The cemetery company shall be entitled to withdraw the funds from said the preconstruction trust account only after the Commission has become satisfied that construction has been completed; provided, however, that during construction of the mausoleum or bank of belowground crypts the Commission may, in its discretion, authorize a specific percentage of the funds to be withdrawn when it appears that at least an equivalent percentage of construction has been completed.

(e) If a mausoleum section or bank of underground crypts is not completed within the time limits set out in this section the corporate trustee, if any, shall contract for and cause said the project to be completed and paid therefor from the trust account funds deposited to the project's account paying any balance, less cost and expenses, to the cemetery company. In the event there is no corporate trustee, the Commission shall appoint a committee to serve as trustees to contract for and cause said the project to be completed and paid therefrom to the trust account funds deposited to the project's account paying any balance, less cost and expenses, to the cemetery company.

(f) In lieu of the payments outlined hereunder to the preconstruction trust account the cemetery company may deliver to the Commission a good and sufficient completion or performance bond in an amount and by surety companies acceptable to the Commission.

AN ACT TO BAN THE USE OF ELECTRONIC MACHINES AND DEVICES FOR SWEEPSTAKES PURPOSES.

The General Assembly of North Carolina enacts:

Whereas, the 1791 General Assembly determined that "all public gaming-tables are destructive of the morality of the inhabitants of this State, and tend greatly to the encouragement of vice and dissipation" (Law of 1791, Chapter 5); and

Whereas, the State of North Carolina has continuously prohibited public gaming in North Carolina since 1791; and

Whereas, the State of North Carolina specifically prohibited the use of slot machines in 1937; and

Whereas, the State of North Carolina specifically prohibited the use of video poker machines in 2000 and again in 2006; and

Whereas, the State of North Carolina has previously determined that such purpose should be carried out to prevent the operation of bingo by professionals for profit, prevent commercialized gambling, prevent the disguise of bingo and other game forms or promotional schemes, and prevent participation by criminal and other undesirable elements; and

Whereas, any federally recognized Indian tribe may conduct such video poker games in accordance with an approved Class III Tribal-State Gaming Compact applicable to that tribe as provided in G.S. 147-12(14) and G.S. 71A-8; and

Whereas, the State of North Carolina has previously determined that no video poker machine may be utilized for play under Chapter 18C of the General Statutes; and

Whereas, since 2006, companies have developed electronic machines and devices to gamble through pretextual sweepstakes relationships with Internet service, telephone cards, and office supplies, among other products; and

Whereas, companies using electronic machines and devices for sweepstakes have sought, and received, declaratory relief from the courts; and

Whereas, such electronic sweepstakes systems utilizing video poker machines and other similar simulated game play create the same encouragement of vice and dissipation as other forms of gambling, in particular video poker, by encouraging repeated play, even when allegedly used as a marketing technique; and

"Whereas, it hath appeared to this General Assembly that the before recited acts hath not that good effect which was intended" (Laws of 1799, Chapter 12); Now, therefore,

The General Assembly of North Carolina enacts:

Session Law 2010-108

AN ACT TO PROVIDE THAT A PERSON CONVICTED ONLY OF A SINGLE NONVIOLENT FELONY AND NO VIOLENT MISDEMEANORS AND WHOSE CITIZENSHIP RIGHTS HAVE BEEN RESTORED FOR A PERIOD OF AT LEAST TWENTY YEARS MAY PETITION THE COURT TO RESTORE THE PERSON'S FIREARMS RIGHTS IN THIS STATE SO THAT THE DISENITLEMENT UNDER THE FELONY FIREARMS ACT DOES NOT APPLY AND ALSO TO AMEND THE FELONY FIREARMS ACT TO ALLOW EXCEPTIONS FOR CERTAIN WHITE COLLAR CRIME CONVICTIONS THAT ARE SIMILAR TO THE EXCEPTIONS ALLOWED UNDER FEDERAL LAW.

The General Assembly of North Carolina enacts:

SECTION 1. Article 54A of Chapter 14 of the General Statutes is amended by adding a new section to read:

"§ 14-415.4. Restoration of firearms rights.

(a) Definitions. – The following definitions apply in this section:

(1) Firearms rights. – The legal right in this State of a person to purchase, own, possess, or have in the person's custody, care, or control any firearm or any weapon of mass death and destruction as those terms are defined in G.S. 14-415.1 and G.S. 14-288.8(c). The term does not include any weapon defined in G.S. 14-409(a).

(2) Nonviolent felony. – The term nonviolent felony does not include any felony that is a Class A, Class B1, or Class B2 felony. Also, the term nonviolent felony does not include any Class C through Class I felony that is one of the following:

a. An offense that includes assault as an essential element of the offense.

b. An offense that includes the possession or use of a firearm or other deadly weapon as an essential or nonessential element of the offense, or the offender was in possession of a firearm or other deadly weapon at the time of the commission of the offense.

c. An offense for which the offender was armed with or used a firearm or other deadly weapon."
d. An offense for which the offender must register under Article 27A of Chapter 14 of the General Statutes.

(b) Purpose. – It is the purpose of this section to establish a procedure that allows a North Carolina resident who was convicted of a single nonviolent felony and whose citizenship rights have been restored pursuant to Chapter 13 of the General Statutes to petition the court to remove the petitioner's disentitlement under G.S. 14-415.1 and to restore the person's firearms rights in this State. If the single nonviolent felony conviction was an out-of-state conviction or a federal conviction, then the North Carolina resident shall show proof of the restoration of his or her civil rights and the right to possess a firearm in the jurisdiction where the conviction occurred. Restoration of a person's firearms rights under this section means that the person may purchase, own, possess, or have in the person's custody, care, or control any firearm or any weapon of mass death and destruction as those terms are defined in G.S. 14-415.1 and G.S. 14-288.8(c) without being in violation of G.S. 14-415.1, if otherwise qualified.

(c) Petition for Restoration of Firearms Rights. – A person who was convicted of a nonviolent felony in North Carolina but whose civil rights have been restored pursuant to Chapter 13 of the General Statutes for a period of at least 20 years may petition the district court in the district where the person resides to restore the person's firearms rights pursuant to this section. A person who was convicted of a nonviolent felony in a jurisdiction other than North Carolina may petition the district court in the district where the person resides to restore the person's firearms rights pursuant to this section only if the person's civil rights, including the right to possess a firearm, have been restored, pursuant to the law of the jurisdiction where the conviction occurred, for a period of at least 20 years. The court may restore a petitioner's firearms rights after a hearing in court if the court determines that the petitioner meets the criteria set out in this section and is not otherwise disqualified to have that right restored.

(d) Criteria. – The court may grant a petition to restore a person's firearms rights under this section if the petitioner satisfies all of the following criteria and is not otherwise disqualified to have that right restored:

(1) The petitioner is a resident of North Carolina and has been a resident of the State for one year or longer immediately preceding the filing of the petition.

(2) The petitioner has only one felony conviction and that conviction is for a nonviolent felony. For purposes of this subdivision, multiple felony convictions arising out of the same event and consolidated for sentencing shall count as one felony only.

(3) The petitioner's rights of citizenship have been restored pursuant to Chapter 13 of the General Statutes or, if the conviction was in a jurisdiction other than North Carolina, have been restored, pursuant to the laws of the jurisdiction where the conviction occurred, for a period of at least 20 years before the date of the filing of the petition.

(4) The petitioner has not been convicted under the laws of the United States, the laws of this State, or the laws of any other state of any misdemeanor as described in subdivision (6) of subsection (e) of this section since the conviction of the nonviolent felony.

(5) The petitioner submits his or her fingerprints to the sheriff of the county in which the petitioner resides for a criminal background check pursuant to G.S. 114-19.28.

(6) The petitioner is not disqualified under subsection (e) of this section.

(e) Disqualifiers Requiring Denial of Petition. – The court shall deny the petition to restore the firearms rights of any petitioner if the court finds any of the following:

(1) The petitioner is ineligible to purchase, own, possess, or have in the person's custody, care, or control a firearm under the provisions of any law in North Carolina other than G.S. 14-415.1.

(2) The petitioner is under indictment for a felony or a finding of probable cause exists against the petitioner for a felony.
(3) The petitioner is a fugitive from justice.
(4) The petitioner is an unlawful user of, or addicted to, marijuana, alcohol, or any depressant, stimulant, or narcotic drug, or any other controlled substance as defined in 21 U.S.C. § 802.
(5) The petitioner is or has been dishonorably discharged from the armed forces.
(6) The petitioner is or has been adjudicated guilty of or received a prayer for judgment continued or suspended sentence for one or more crimes of violence constituting a misdemeanor, including a misdemeanor under Article 8 of Chapter 14 of the General Statutes, or a misdemeanor under G.S. 14-225.2, 14-226.1, 14-258.1, 14-269.2, 14-269.3, 14-269.4, 14-269.6, 14-276.1, 14-277, 14-277.1, 14-277.2, 14-277.3, 14-281.1, 14-283, 14-288.2, 14-288.4(g)(1) or (2), 14-288.6, 14-288.9, 14-288.12, 14-288.13, 14-288.14, 14-318.2, 14-415.21(b), or 14-415.26(d), or a substantially similar out-of-state or federal offense.
(7) The petitioner has had entry of a prayer for judgment continued for a felony, in addition to the nonviolent felony conviction.
(8) The petitioner is free on bond or personal recognizance pending trial, appeal, or sentencing for a crime which would prohibit the person from having his or her firearms rights restored under this section.
(9) An emergency order, ex parte order, or protective order has been issued pursuant to Chapter 50 B of the General Statutes or a similar out-of-state or federal order has been issued against the petitioner and the court order issued is still in effect.
(10) A civil no-contact order has been issued pursuant to Chapter 50C of the General Statutes or a similar out-of-state or federal order has been issued against the petitioner and the court order issued is still in effect.

(f) Notice of Hearing and Hearing Procedure. – The clerk of court shall provide notice of the hearing to the district attorney in the district in which the petition is filed at least four weeks before the hearing on the matter. The petitioner may present evidence in support of the petition, and the district attorney may present evidence in opposition to the requested restoration of firearms rights or may otherwise demonstrate the reasons why the petition should be denied. The burden is on the petitioner to establish by a preponderance of the evidence that the petitioner is qualified to receive the restoration under subsection (d) of this section and that the petitioner is not disqualified under subsection (e) of this section.

(g) Right to Petition Again Upon Denial of Petition. – If the court denies the petition, the person may again petition the court for restoration of his or her firearms rights in accordance with this section one year from the date of the denial of the original petition. However, if the sole basis for the denial of the petition are the grounds set out under G.S. 14-415.4(e)(9) or (10), then the person does not have to wait for one year from the date of denial of the original petition but may petition again upon the expiration of the order.

(h) Certified Copies of Order Granting Petition to Sheriff. – Department of Justice, and national instant background check system index. – If the court grants the petition to restore the petitioner's firearms rights, the clerk of court shall forward within 10 days of the entry of the order a certified copy of the order to the sheriff of the county in which the petitioner resides, the North Carolina Department of Justice, and the denied person's file of the national instant criminal background check system index.

(i) Restoration is Not an Expunction or Pardon. – A restoration of firearms rights under this section does not result in the expunction of any criminal history record information nor does it constitute a pardon.

(j) Automatic Revocation Upon Conviction of a Subsequent Felony. – If a person's firearms rights are restored under this section and the person is convicted of a second or subsequent felony, then the person's firearms rights are automatically revoked and shall not be restored under this section.
Fee. – A person who files a petition for restoration of firearms rights under this section shall pay the clerk of court a fee of two hundred dollars ($200.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent.

Criminal Offense to Submit False Information. – A person who knowingly and willfully submits false information under this section is guilty of a Class 1 misdemeanor. In addition, a person who is convicted of an offense under this subsection is permanently prohibited from petitioning to restore his or her firearms rights under this section."

SECTION 2. Chapter 114 of the General Statutes is amended by adding a new section to read:

"§ 114-19.28. Criminal record checks of petitioners for restoration of firearms rights.

(a) A person who petitions the court to have the person's firearms rights restored shall submit a full set of the petitioner's fingerprints, to be administered by the sheriff. The petitioner shall also submit to the sheriff a form signed by the petitioner consenting to the criminal record check and use of fingerprints and other identifying information required by the State and National Repositories, and any additional information required by the State Bureau of Investigation or the Federal Bureau of Investigation. The sheriff shall forward the set of fingerprints and the signed consent form to the State Bureau of Investigation for a records check of State and national databases.

(b) Upon receipt of the fingerprints and consent form forwarded by the sheriff pursuant to subsection (a) of this section, the State Bureau of Investigation shall conduct a search of the State criminal history record file and shall forward a set of the fingerprints and a copy of the signed consent form to the Federal Bureau of Investigation for a national criminal history record check.

(c) The State Bureau of Investigation shall provide a copy of the information obtained pursuant to this section to the clerk of superior court to be placed in a separate confidential court file for the petition for restoration of firearms rights.

(d) The Department of Justice may charge a fee to offset the cost incurred by it to conduct a criminal record check under this section. The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information."

SECTION 3. G.S. 14-415.1 is amended by adding the following new subsections to read:

"(d) This section does not apply to a person whose firearms rights have been restored under G.S. 14-415.4, unless the person is convicted of a subsequent felony after the petition to restore the person's firearms rights is granted.

(e) This section does not apply and there is no disentitlement under this section if the felony conviction is a violation under the laws of North Carolina, another state, or the United States that pertains to antitrust violations, unfair trade practices, or restraints of trade."

SECTION 4. G.S. 14-404(c) reads as rewritten:

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-105.27(a) reads as rewritten:

"§ 115C-105.27. Development and approval of school improvement plans. (a) In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted by the State Board of Education. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance. Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for problems and to determine actions to address them.

family members lack the resources to make a full contribution on that person's behalf. A maximum of fifty percent (50%) of the surplus trust funds may be retained in the Community Third Party or Pooled Trust account for this purpose as well as to cover administrative costs. Gifts made to the Community Third Party or Pooled Trust for an unspecified purpose shall be used by the trust either to qualify indigent persons whose families lack the means to qualify them as beneficiaries of the trust or to meet any reasonable start-up or administrative costs that the trust incurs.

(b) For Community Third Party Trusts, remaining surplus trust funds may be distributed to additional beneficiaries as specified in the Trust Agreement.

(c) For Medicaid Pooled Trusts, upon termination of an individual trust account, the surplus trust funds remaining in the individual account shall be used to satisfy any claims or liens of the Department, up to an amount equal to the total medical assistance paid on behalf of or to the disabled individual by the Department. The amount retained by the trust shall be determined on a sliding scale calculation, based upon the number of years the disabled individual received services from the nonprofit corporation, but in no instance shall the trust retain more than fifty percent (50%) of the surplus trust funds, unless the claims or liens of the Department are less than fifty percent (50%) of the surplus trust funds.

(d) A Medicaid Pooled Trust may not distribute surplus trust funds to any remaindermen identified in the trust document unless there are funds remaining after all claims or liens of the Department have been satisfied, nor shall it use surplus trust funds to make any charitable contribution on behalf of any beneficiary or any group or class of beneficiaries. The community trust may accept gifts and use surplus trust funds for the purpose of qualifying as beneficiary any indigent person whose family members lack the resources to make a full contribution on behalf of any beneficiary or any group or class of beneficiaries. The community trust may not use surplus trust funds to make any charitable contribution on behalf of any beneficiary or any group or class of beneficiaries. The community trust may accept gifts to meet start-up costs, reduce the charges to the trust for the cost of administration, and for any other purpose that is consistent with this Article. Gifts made to the trust for an unspecified purpose shall be used by the community trust either to qualify indigent persons whose families lack the means to qualify them as beneficiaries of the trust or to meet any start-up costs that the trust incurs.

§ 36D-7. Special requests on behalf of beneficiary.

The community trust may agree to fulfill any special requests made on behalf of a beneficiary as long as the requests are consistent with this Article and provided that an adequate contribution has been made for this purpose on behalf of a beneficiary. The Medicaid Pooled Trust may only disburse subaccount trust funds if such disbursement is in the sole benefit of the beneficiary. The community trust may agree to serve as trustee for any individual trust created on behalf of a beneficiary, regardless of whether the trust is revocable or irrevocable, has one or more remaindermen or contingent beneficiaries, or any other condition, so long as the individual trust is consistent with the purposes of this Article.

§ 36D-8. Irrevocability; impossibility of fulfillment.

A community trust for persons with severe chronic disabilities is irrevocable, but the trustees in their sole discretion may provide compensation for any contribution to the trust to any trustor who, upon good cause, withdraws a beneficiary designated by the trustor from the trust, or if it becomes impossible to fulfill the conditions of the trust with regard to an individual beneficiary for reasons other than the death of the beneficiary.

Notwithstanding any provisions of Chapter 108A of the General Statutes, the beneficiary's interest in any community trust 36D Trust is not considered to be an asset for the purpose of determining income eligibility for any publicly operated program, nor shall that interest be reached in satisfaction of a claim for support and maintenance of the beneficiary. The Department shall not reduce the benefits or services available to any individual because
that person is the beneficiary of a 36D Trust. The Department may authorize termination of an individual's eligibility for medical assistance or impose sanctions as necessary for failure of a purported 36D Trust to comply with the requirements of this Chapter and any rules adopted by the Department pursuant to this Chapter. The Department may authorize termination of an individual's eligibility for medical assistance or impose sanctions as necessary for failure of the trustee to administer the 36D Trust in a manner consistent with this Chapter, the rules adopted by the Department pursuant to this Chapter, and federal law and policy. No agency shall reduce the benefits of services available to any individual because that person is the beneficiary of a community trust.

"§ 36D-10. Trust not subject to law against perpetuities; restraints on alienation.

A community trust 36D Trust shall not be subject to or held to be in violation of any principle of law against perpetuities or restraints on alienation or perpetual accumulations of trusts.

"§ 36D-11. Settlement; trustee limitations.

The community trust shall settle a community trust by filing a final accounting in the superior court. In addition, at

(a) The trustee of a Medicaid Pooled Trust shall provide a final disbursement and accounting for an individual Pooled Trust subaccount to the Division of Medical Assistance, Third Party Recovery Section, within 30 days of the receipt of an accounting of charges from Medicaid, after the death of the beneficiary or other termination of the trust. An individual Pooled Trust subaccount shall terminate upon the death of the beneficiary and the satisfaction of all outstanding charges.

(b) At any time before the settlement of the final account, the community trust, Community Third Party or Pooled Trust, the Secretary of State, or the Attorney General may bring an action for the dissolution of a nonprofit corporation in the superior court for the purpose of terminating the trust or merging it with another charitable trust.

(c) No trustee or any private individual is entitled to share in the distribution of any of the trust assets upon dissolution, merger, or settlement of the Community Third Party or Pooled Trust. Upon dissolution, merger, or settlement, the superior court shall distribute all of the remaining net assets of the Community Third Party or Pooled Trust in a manner that is consistent with the purposes of this Article of Chapter.

The Department shall adopt rules pursuant to Chapter 150B of the General Statutes governing the eligibility of beneficiaries for State medical assistance and State-County Special Assistance, and to supplement and expand upon the general requirements set forth in this Chapter, including, but not limited to, rules that may be more restrictive than the general requirements of this Chapter. With respect to Medicaid Pooled Trusts, a subaccount is irrevocable. The State shall be paid an amount up to the total medical assistance paid on behalf of the beneficiary by the Department from funds remaining in the individual trust subaccount upon the death of the beneficiary or termination of the trust as described in this Chapter. If the pooled trust is to be funded with the proceeds of a settlement of a lawsuit against a third party, the settlement proceeds are subject to the Department's subrogated rights of recovery as set forth in G.S. 108A-57, and all such subrogated rights of recovery shall be satisfied in full prior to execution and judicial approval of the trust, or both."

The Commission may exempt from this provision any person, other than a Commission member, when the financial interest in question is so insignificant or remote that it is unlikely to affect the person's official actions in any way.

440
Exemptions may be granted only to individuals, not to groups or classes of people, and each exemption shall be in writing, be available for public inspection, and contain a statement of the financial interest in question.

(b) Self-dealing. – The provisions of G.S. 14-234 shall apply to the Commission and local boards.

(e) Conflicts of Interest for the Commission. – The provisions of Article 4 of Chapter 138A of the General Statutes shall apply to the Commission.

(g) For purposes of subsection (f) of this section, 'business with which associated' shall have the same meaning as in G.S. 138A-3(3). For purposes of this section, 'financial benefit' shall mean a direct pecuniary gain or loss, or a direct pecuniary loss to a business competitor.

1. The financial benefit that accrues to the local ABC board member, the local ABC board member's spouse or any person related to the local ABC board member by blood to a degree of first cousin or closer, or a business with which the local ABC board member is associated is one that is accrued as a member of a profession, occupation, or general class and is no greater than that which could reasonably be foreseen to accrue to all members of that profession, occupation, or general class.
2. which the local ABC board member is so remote, tenuous, insignificant, or speculative that a reasonable person would conclude under the circumstances that the local ABC board member's ability to protect the public interest and perform the local ABC board member's duties would not be compromised.

(4) When an action affects or would affect the local ABC board member's compensation as a local ABC board member.

(5) Before the local ABC board member participated in the action, the board member requested and received from the ABC Commission a written advisory opinion that authorized the participation. In addition to imposing any other penalty authorized by law, a judge may remove from office or discharge from employment any Commission or local board member or employee, or any ALE agent, who is convicted of a violation of any provision of this Chapter or of any felony and may declare that person ineligible for membership or employment with the Commission, any local board, or the ALE Division, for a period of not longer than three years. Conviction of a crime under this Chapter or of any felony shall also be grounds for the Commission to remove from office or discharge from employment any local board member or employee. In addition to imposing any other penalty authorized by law, a judge may prohibit an individual convicted of a violation of this Chapter, or of any felony, from participating in any contract to enforce the ABC laws for a local board if that individual is a designated officer of an agency which holds a contract to enforce the ABC laws for a local board. A judge may also prohibit an individual convicted of a violation of this Chapter, or of any felony, from being designated as an officer that enforces the ABC law under a contract with any local board for a period of not longer than three years."

SECTION 4. G.S. 18B-203(a) is amended by adding new subdivisions to read:

(a) Powers. – The Commission shall have authority to:

SECTION 5. G.S. 18B-501(f) reads as rewritten:

"(f) Contracts with Other Agencies. – Instead of hiring local ABC officers, a local board may contract to pay its enforcement funds to a sheriff's department, city police department, or other local law-enforcement agency for enforcement of the ABC laws within the law-enforcement agency's territorial jurisdiction. Enforcement agreements may be made with more than one agency at the same time. When such a contract for enforcement exists, the designated officers of the contracting law-enforcement agency shall have the same authority to inspect under G.S. 18B-502 that an ABC officer employed by that local board would have. An agency contracted to provide ABC law enforcement shall designate no more than five officers to conduct inspections pursuant to this section and G.S. 18B-502. If a city located in two or more counties approves the sale of some type of alcoholic beverage pursuant to the provisions of G.S. 18B-600(e4), and there are no local ABC boards established in the city and one of the counties in which the city is located, the local ABC board of any county in which the city is located may enter into an enforcement agreement with the city's police department for enforcement of the ABC laws within the entire city, including that portion of the city located in the county of the ABC board entering into the enforcement agreement."

SECTION 6. G.S. 18B-501 is amended by adding a new subsection to read:

(4) The number of alcohol education and responsible server programs presented.

The local board shall submit a copy of the enforcement report to the appointing authority and the Commission not later than five business days after receipt of the enforcement report by the local board. The Commission shall publish this information, by local board and enforcement agency, on a public Internet Web site maintained by the Commission."

SECTION 7.(a) G.S. 18B-501(g) reads as rewritten:

"(g) Discharge. – Local ABC officers and the designated officers of agencies which contract with local boards for enforcement of the ABC laws are subject to the discharge and ineligibility provisions of G.S. 18B-202."

"(e) City Mixed Beverage Elections. – A city may hold a mixed beverage election only if the city has at least 500 registered voters. Provided, that if a city that qualifies for an election under this subsection approves the sale of mixed beverages, mixed beverages
permittees in the city may purchase liquor from the ABC store designated by the local ABC board that has been approved by the Commission for this purpose.

1. The city has at least 500 registered voters; and
2. Either:
   a. The city already operates a city ABC store; or

      2. The county has already held a mixed beverage election; and
      3. The vote in the last county election was against the sale of mixed beverages.

SECTION 9. G.S. 18B-700(a) reads as rewritten:

"(a) Membership. – A local ABC board shall consist of three or five members appointed for three-year terms, unless a different membership or term is provided by a local act enacted before the effective date of this Chapter, or terms unless the board is a board for a merged ABC system under G.S. 18B-703 and a different size membership has been provided for as part of the negotiated merger. One member of the initial board of a newly created ABC system shall be appointed for a three-year term, one member for a two-year term, and one member for a one-year term. If the board is a five-member board, one member of the initial board of a newly created ABC system shall be appointed for a three-year term, two members for two-year terms, and two members for one-year terms. As the terms of initial board members expire, their successors shall each be appointed for three-year terms. If a board is initially a three-member board and the appointing authority determines a five-member board is preferable, the terms of the two new members shall be for three years. If a local board has five members and the appointing authority determines a three-member board is preferable, the appointing authority shall not reduce the size of the board except upon the expiration of a member's term and only with the approval of the Commission. The appointing authority shall designate one member of the local board as chairman."

SECTION 10. G.S. 18B-700 is amended by adding a new subsection to read:

"(a1) Mission. – The mission of local ABC boards and their employees shall be to serve their localities responsibly by controlling the sale of spirituous liquor and promoting customer-friendly, modern, and efficient stores."

SECTION 11. G.S. 18B-700(g) reads as rewritten:

"(g) Salary Compensation of Board Members. – A local board member may be compensated as determined by the appointing authority shall receive compensation in an amount not to exceed one hundred fifty dollars ($150.00) per board meeting unless a different level of monetary compensation is approved by the appointing authority. If a different level is approved by the appointing authority, the appointing authority shall notify the Commission of the approved level of compensation in writing. Any change in compensation approved by the appointing authority shall be reported to the Commission in writing within 30 days of the effective date of the change. No local board member shall receive any nonmonetary compensation or benefits unless specifically authorized by this section."

SECTION 12. G.S. 18B-700 is amended by adding a new subsection to read:

"(g1) Compensation of General Managers of Local Boards. – The salary authorized for the general manager, as defined in G.S. 18B-101, of a local board shall not exceed the salary authorized by the General Assembly for the clerk of superior court of the county in which the appointing authority was originally incorporated unless such compensation is otherwise approved by the appointing authority. The local board shall provide the appointing authority's written confirmation of such approval to the Commission. Any change in compensation approved by the appointing authority shall be reported to the Commission in writing within 30 days of the effective date of the change. The general manager of a local board may receive any

The local board shall annually provide the appointing authority's written confirmation of such approval to the Commission and a copy of the travel policy authorized by the appointing authority. Any excess expenses not covered by the local board's travel policy shall only be paid with the written authorization of the appointing authority's finance officer. A copy of the written authorization for excess expenses shall be submitted to the Commission by the local board within 30 days of approval."

SECTION 14. G.S. 18B-700(i) reads as rewritten:

"(i) Bond. – Each local board member and the employees designated as the general manager and finance officer of the local board shall be bonded in an amount not less than five thousand dollars ($5,000), fifty thousand dollars ($50,000) secured by a corporate surety, for the faithful performance of his duties. A public employees' blanket position bond in the required amount satisfies the requirements of this subsection. The bond shall be payable to the local board and shall be approved by the appointing authority for the local board. The appointing authority may exempt from this bond requirement any board member who does not handle board funds, and it may also increase the amount of the bond required for any member or employee who does handle board funds."

SECTION 15. G.S. 18B-700 is amended by adding a new subsection to read:

"(k) Nepotism. – Members of an immediate family shall not be employed within the local board if such employment will result in one member of the immediate family supervising another member of the immediate family, or if one member of the immediate family will occupy a position which has influence over another member's employment, promotion, salary administration, or other related management or personnel considerations. This subsection applies to local board members and employees.

For the purpose of this subsection, the term 'immediate family' includes wife, husband, mother, father, brother, sister, son, daughter, grandmother, grandfather, grandson, and granddaughter. Also included are the step-, half-, and in-law relationships. It also includes other people living in the same household, who share a relationship comparable to immediate family members, if either occupies a position which requires influence over the other's employment, promotion, salary administration, or other related management or personnel considerations."

SECTION 16. G.S. 18B-700 is amended by adding a new subsection to read:

"(l) Local Acts. – Notwithstanding the provisions of any local act, this section applies to all local boards."

SECTION 17. G.S. 18B-701 reads as rewritten:

"§ 18B-701. Powers and duties of local ABC boards.

(a) Powers. – A local board shall have authority to:

(1) Buy, sell, transport, and possess alcoholic beverages as necessary for the operation of its ABC stores;

(3) Hire and fire employees for the ABC system;

(11) Invest surplus funds as provided in G.S. 18B-702;
(12) Dispose of property in the same manner as a city council may under Article 12 of Chapter 160A of the General Statutes; and
(13) Perform any other activity authorized or required by the ABC law.

(b) Duties.—A local board shall have the duty to comply with all rules adopted by the Commission pursuant to this Chapter and meet all standards for performance and training established by the Commission pursuant to G.S. 18B-203(a)(20) and (21). Failure to comply with Commission rules shall be cause for removal.

SECTION 18. G.S. 18B-702 reads as rewritten:

"§ 18B-702. Financial operations of local boards.

(a) Generally. — A local board may transact business as a corporate body, except as limited by this section. A local board shall not be considered a public authority under G.S. 159-7(b)(10).

(b) Budget Officer. — The general manager of the local board shall be the budget officer for the local board. In the absence of a general manager, a local board may impose the duties of budget officer on the chairman or any member of the local board or any other employee of the board.

(c) Annual Balanced Budget. — Each local board shall operate under an annual balanced budget administered in accordance with this section. A budget is balanced when the sum of estimated gross revenues and both restricted and unrestricted funds are equal to appropriations. Expenditures shall not exceed the amount of funds received or in reserve for the purpose to which the funds are appropriated. It is the intent of this section that all monies received and expended by a local board should be included in the budget. Therefore, notwithstanding any other provision of law, no local board may expend any monies, regardless of their source, except in accordance with a budget adopted under this section. The budget of a local board shall cover a fiscal year beginning July 1 and ending June 30.

(d) Preparation and Submission of Budget and Budget Message. — Upon receipt of the budget requests and revenue estimates and the financial information supplied by the finance officer, the budget officer shall prepare a budget for consideration by the local board in such form and detail as may have been prescribed by the budget officer or the local board. The budget, together with a budget message, shall be submitted to the local board, the appointing authority, and the Commission not later than June 1. The budget and budget message should, but need not, be submitted at a formal meeting of the board. The budget message should contain a concise explanation of the goals fixed by the budget for the budget year, explain important features of the activities anticipated in the budget, set forth the reasons for stated changes from the previous year in appropriation levels, and explain any major changes in fiscal policy.

(e) Filing and Publication of the Budget. — On the same day the budget officer submits the budget to the local board, the budget officer shall make a copy for public inspection, and it shall remain available for public inspection until the budget is adopted. The budget officer shall make a copy of the budget available to all news media in the county. The budget officer shall also publish a statement that the budget has been submitted to the local board and is available for public inspection in the office of the general manager of the local board. The statement shall also give notice of the time and place of the budget hearing required by subsection (f) of this section.

(f) Budget Hearings. — Before adopting the budget, the board shall hold a public hearing at which time any persons who wish to be heard on the budget may appear.

(g) Adoption of Budget. — Not earlier than 10 days after the day the budget is presented to the board and not later than July 1, the local board shall adopt a budget making appropriations for the budget year in such sums as the board may consider sufficient and
proper, whether greater or less than the sums recommended in the budget. The budget shall authorize all financial transactions of the local board. The budget may be in any form that the board considers most efficient in enabling it to make the fiscal policy decisions embodied therein, but it shall make appropriations by department, function, or project and show revenues by major source. The following directions and limitations shall bind the local board in adopting the budget:

1. The full amount estimated by the finance officer to be required for debt service during the budget year shall be appropriated.
2. The full amount of any deficit in each fund shall be appropriated.
3. Working capital funds set aside pursuant to G.S. 18B-805 shall be established by rule of the Commission. "Working capital" means the total of cash, investments, and inventory less all unsecured liabilities. Gross sales means gross receipts from the sale of alcoholic beverages less distributions as defined in G.S. 18B-805(b)(2), (3), (4), and (5). Any expenditure to be charged against working capital funds shall be authorized by resolution of the local board, which resolution shall be deemed an amendment to the budget setting up an appropriation for the object of expenditure authorized. The local board may authorize the budget officer to authorize expenditures from working capital funds subject to such limitations and procedures as it may prescribe. Any such expenditure shall be deemed an amendment and reported to the board at its next regular meeting and recorded in the minutes.
4. Estimated revenues shall include only those revenues reasonably expected to be realized in the budget year.
5. Sufficient funds to meet the amounts to be paid during the fiscal year under continuing contracts previously entered into shall be appropriated unless such contract reserves to the local board the right to limit or not to make such appropriation.
6. The sum of estimated net revenues and appropriated fund balance in each fund shall be equal to appropriations in that fund. Appropriated fund balance in a fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget year.

The budget shall be entered in the minutes of the local board and within five days after adoption, and copies thereof shall be filed with the finance officer, the budget officer, the appointing authority, and the Commission.

(h) Amendments to the Budget. – Except as otherwise restricted by law, the local board may amend the budget at any time after adoption, in any manner, so long as the budget, as amended, continues to satisfy the requirements of this section. The local board by appropriate resolution may authorize the budget officer to transfer monies from one appropriation to another within the same fund subject to such limitations and procedures as it may prescribe. Any such transfers shall be reported to the local board at its next regular meeting and shall be entered in the minutes. Amendments to the adopted budget shall also be provided to the appointing authority and the Commission.

(i) Interim Budget. – In case the adoption of the budget is delayed until after July 1, the local board shall make interim appropriations for the purpose of paying salaries, debt service payments, and the usual ordinary expenses of the local board for the interval between the beginning of the budget year and the adoption of the budget. Interim appropriations so made shall be charged to the proper appropriations in the adopted budget.

(j) Finance Officer. – Except as otherwise provided, the local board shall designate (i) a part-time or full-time employee of the board other than the general manager or (ii) the finance officer of the appointing authority with consent of the appointing authority to be the finance officer for the local board. The Commission, for good cause shown, may allow the general
manager of a board also to be the finance officer. Good cause includes, but is not limited to, the fact that the board operates no more than two stores, and any approval for the general manager also to be the finance officer shall apply until the board operates more than two stores; in any event, the approval shall be effective for 36 months.

(k) Duties and Powers of the Finance Officer. – The finance officer for a local board shall:

1. Keep the accounts of the local board in accordance with generally accepted principles of governmental accounting and the rules and regulations of the Commission.
2. Disburse all funds of the local board in strict compliance with this Chapter, the budget, preaudit obligations, and disbursements as required by this section.
3. As often as may be requested by the local board or the general manager, prepare and file with the board a statement of the financial condition of the local board.
4. Receive and deposit all monies accruing to the local board, or supervise the receipt and deposit of money by other duly authorized employees.
5. Maintain all records concerning the debt and other obligations of the local board, determine the amount of money that will be required for debt service or the payment of other obligations during each fiscal year, and maintain all funds.
6. Supervise the investment of idle funds of the local board pursuant to subsection (l) of this section.

The finance officer shall perform such other duties as may be assigned by law, by the general manager, budget officer, or local board, or by rules and regulations of the Commission.

(l) Accounting System. – Each local board shall establish and maintain an accounting system designed to show in detail its assets, liabilities, equities, revenues, and expenditures. The system shall also be designed to show appropriations and estimated revenues as established in the budget originally adopted and subsequently amended.

(m) Incurring Obligations. – No obligation may be incurred in a program, function, or activity accounted for in a fund included in the budget unless the budget includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. No obligation may be incurred for a capital project unless the budget authorizes the obligation and an unencumbered balance remains in the appropriation sufficient to pay the sums obligated by the transaction. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this subsection. The certificate, which shall be signed by the finance officer or any deputy finance officer approved for this purpose by the local board, shall take substantially the following form:

"This instrument has been preaudited in the manner required by G.S. 18B-702."

(Signature of finance officer).

An obligation incurred in violation of this subsection is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this subsection.

(n) Disbursements. – When a bill, invoice, or other claim against a local board is presented, the finance officer shall either approve or disapprove the necessary disbursement. If the claim involves a program, function, or activity accounted for in a fund included in the budget or a capital project or a grant project authorized by the budget, the finance officer may approve the claim only if:

1. The finance officer determines the amount to be payable; and
(2) The budget includes an appropriation authorizing the expenditure and either
(i) an encumbrance has been previously created for the transaction or (ii) an
unencumbered balance remains in the appropriation sufficient to pay the
amount to be disbursed.

A bill, invoice, or other claim may not be paid unless it has been approved by the finance
officer or, under subsection (o) of this section, by the local board. The finance officer shall
establish procedures to assure compliance with this subsection.

(o) Local Board Approval of Bills, Invoices, or Claims. – The local board may, as
permitted by this subsection, approve a bill, invoice, or other claim against the local board that
has been disapproved by the finance officer. It may not approve a claim for which no
appropriation appears in the budget, or for which the appropriation contains no encumbrance
and the unencumbered balance is less than the amount to be paid. The local board shall approve
payment by formal resolution stating the board's reasons for allowing the bill, invoice, or other
claim. If payment results in a violation of law, each member of the board voting to allow
payment is jointly and severally liable for the full amount of the check or draft given in
payment.

(p) Checks or Drafts Signed by Finance Officer. – Except as otherwise provided by law,
all checks or drafts on an official depository shall be signed by the finance officer or a properly
designated deputy finance officer. The chairman of the local board or general manager of the
local board shall countersign these checks and drafts. The Commission may waive the
requirements of this subsection if the board determines that the internal control procedures of
the unit or authority will be satisfactory in the absence of dual signatures.

(q) Payment of a Bill, Invoice, Salary, or Claim. – A local board may not pay a bill,
invoice, salary, or other claim except by a check or draft on an official depository or by a bank
wire transfer from an official depository. Except as provided in this subsection, each check or
draft on an official depository shall bear on its face a certificate signed by the finance officer or
a deputy finance officer approved for this purpose by the local board (or signed by the
chairman or some other member of the board pursuant to subsection (o) of this section). The
certificate shall take substantially the following form:

"This disbursement has been approved in the manner required by G.S. 18B-702.

(Signature of finance officer)."

No certificate is required on payroll checks or drafts on an imprest account in an official
depository if the check or draft depositing the funds in the imprest account carried a signed
certificate. No certificate is required for expenditures of fifty dollars ($50.00) or less from a
petty cash fund, provided the expenditure is accounted for by a receipt for the expended item.

(b)(f) Borrowing Money. – A local board may borrow money only for the purchase of
land, buildings, equipment and stock needed for the operation of its ABC system. A local board
may pledge a security interest in any real or personal property it owns other than alcoholic
beverages. A city or county whose governing body appoints a local board shall not in any way
be held responsible for the debts of that board.

(e)(s) Audits. – A local board shall submit to the appointing authority and Commission an
annual independent audit of its operations, performed in accordance with generally accepted
accounting standards and in compliance with a chart of accounts prescribed by the
Commission. The audit report shall contain a summary of the requirements of this Chapter, or
of any local act applicable to that local board, concerning the distribution of profits of that
board and a description of how those distributions have been made, including the names of
recipients of the profits and the activities for which the funds were distributed. A local board
shall also submit to any other audits and submit any reports demanded by the appointing
authority or the Commission.
Deposits and Investments. – A local board may deposit moneys at interest in any bank or trust company in this State in the form of savings accounts or certificates of deposit. Investment deposits shall be secured as provided in G.S. 159-31(b) and the reports required by G.S. 159-33 shall be submitted. A local board may invest all or part of the cash balance of any fund as provided in G.S. 159-30(c) and (d), and may deposit any portion of those funds for investment with the State Treasurer in the same manner as State boards and commissions under G.S. 147-69.3.

Compliance with Commission Rules. – The Commission shall adopt, and each local board shall comply with, fiscal control rules concerning the borrowing of money, maintenance of working capital, investments, appointment of a budget officer, appointment of a financial officer, daily deposit of funds, bonding of employees, auditing of operations, and the schedule, manner and other procedures for distribution of profits. The Commission may also adopt any other rules concerning the financial operations of local boards which are needed to assure the proper accountability of public funds. The Commission may vary these rules and regulations according to any other criteria reasonably related to the purpose or complexity of the financial operations involved. The Commission has the authority to inquire into and investigate the internal control procedures of a local board and may require any modifications in internal control procedures which, in the opinion of the Commission, are necessary or desirable to prevent embezzlements or mishandling of public monies.

Penalties. – If a board member or employee of a local board incurs an obligation or pays out or causes to be paid out any funds in violation of this section, the member or employee and the sureties on the official bond are liable for any sums so committed or disbursed. If the finance officer or any properly designated deputy finance officer gives a false certificate to any contract, agreement, purchase order, check, draft, or other document, the finance officer and the sureties on the official bond are liable for any sums illegally committed or disbursed thereby.

Applicability of Criminal Statutes. – The provisions of G.S. 14-90 and G.S. 14-254 shall apply to any person appointed to or employed by a local board, and any person convicted of a violation of G.S. 14-90 or G.S. 14-254 shall be punished as a Class H felon.

Local Acts. – Notwithstanding the provisions of any local act, this section applies to all local boards.

SECTION 19. Chapter 18B of the General Statutes is amended by adding a new section to read:

§ 18B-704. Removal of local board members and employees.
(a) Improper Influence. – Neither the Commission nor its individual members shall attempt to coerce any appointing authority to appoint a particular person as a member of a local board or attempt to coerce a local board to employ any particular applicant.
(b) Purpose. – This section is intended to provide a uniform system of removal for appointing authorities and the Commission.
(c) Cause for Removal. – (i) Disqualification of a local board member or employee under the law, (ii) a violation of the ABC laws, (iii) failure to complete training required by this Chapter or the Commission, or (iv) engaging in any conduct constituting moral turpitude or which brings the local board or the ABC system into disrepute is cause for the Commission to remove any member or employee of a local board. The employment or retention of any employee who is known to be disqualified under the law to hold a position with a local board is cause for the Commission to remove the board members involved.
(d) Removal Process. – The Commission or appointing authority shall provide, in writing, to the local board member or employee the findings of fact upon which the decision for removal is based. The Commission or appointing authority shall also provide the local board member or employee with notice of the availability of a hearing before the Commission to review the removal.
(e) Removal Hearing. – Any local board member or employee removed from office or discharged by the Commission or the appointing authority may request a hearing before the Commission. Such a request operates to stay the action of the Commission or the appointing
authority with regard to the matter until after the hearing, unless the Commission finds that the public interest requires immediate action. At the hearing, the employee or the employee's counsel may examine all evidence used against the employee and present evidence in the employee's own behalf. A removal hearing is not subject to the provisions of Chapter 150B of the General Statutes. All hearings shall be conducted informally and in such manner as to preserve the substantial rights of the parties.

(f) Hearing Procedure. – The Commission shall hold the hearing required by subsection (e) of this section within 15 days of the member's or employee's request for a hearing. The standard of review by the Commission is de novo. The Commission or appointing authority shall be represented by a Commission hearing officer. The Commission shall discharge the member or employee if two-thirds of the Commission's members vote for removal. The Commission shall make findings of fact. The Commission may adopt the findings of fact of the Commission or the appointing authority, may add new findings of fact to the original findings of fact, or may substitute new findings of fact for the original findings of fact. The Commission shall make conclusions of law and shall issue a written decision to the member or employee of the local board, and to the appointing authority, within 15 days of the hearing.

(g) Commission Authority. – The Commission shall have the sole power, in its discretion, to determine if cause exists for removal of a local board member or employee who has requested a hearing before the Commission. The Commission's decision in a removal hearing is final.

(h) Appeal. – A local board member or employee may appeal the Commission's final decision to the Court of Appeals. The standard of review for an appeal shall be abuse of discretion. The sole remedy for a local board member or employee shall be the reinstatement of the board member or employee to the local board with back pay. All awards for back pay shall be paid by the local board from which the board member or employee was removed.

(i) Removal Hearing Not a Substitute for Termination of Employee. – Nothing in this section replaces or is intended to replace a local board's policy regarding the termination of an employee for personnel reasons. The removal process under this section is reserved solely for the appointing authority or the Commission to remove a board member or employee for cause.

(j) Local Acts. – Notwithstanding the provisions of any local act, this section applies to all local boards.

SECTION 20. Chapter 18B of the General Statutes is amended by adding a new section to read:

§ 18B-705. Compliance with performance standards; remedies.

(a) Local Board Compliance. – The Commission shall establish performance standards pursuant to G.S. 18B-203(a)(20). The Commission shall ensure that all local boards comply with established performance standards by conducting regular or special audits, conducting performance evaluations, or taking other measures, which may include inspections by Commission auditors or alcohol law enforcement agents.

(b) Performance Improvement Plans. – The Commission, upon determining that a local board is failing to meet performance standards established pursuant to G.S. 18B-203(a)(20), shall meet with the chair of the local board and the appointing authority and issue a statement of findings. The appointing authority, in consultation with the Commission and the local board, shall develop and deliver a performance improvement plan to the local board within 60 days of the meeting with the Commission. The performance improvement plan shall include, but not be limited to, recommendations for improved performance based on the performance standards established by the Commission. The plan shall also state a period of time in which the performance improvements are to occur and what action will be taken by the Commission if performance standards are not met within the given time limits. The appointing authority shall allow up to, but no more than, 12 months' time to the local board to implement and show improvement under the performance improvement plan. The local appointing authority, in consultation with the Commission and upon good cause shown, may allow up to an additional six-month period of time for the local board to meet all requirements in the performance
improvement plan and to establish that the performance standards established by the Commission are met.

(c) Remedies. – If the Commission determines that the established performance standards identified in the statement of findings cannot be met after a performance improvement plan has been implemented and adequate time has been given, but in no case less than 12 months, the Commission shall take appropriate action to avoid insolvency. This action may include closing the board pursuant to G.S. 18B-801(d), closing a store or multiple stores, or merging the local board with another local board in order to maintain solvency. The Commission may also seize the assets of the local board and liquidate any assets necessary to satisfy any debt in order to maintain the solvency of the local board. Prior to taking action pursuant to this subsection, the Commission shall issue a notice of intent to take such action to the appointing authority and the local board.

(d) Local Acts. – Notwithstanding the provisions of any local act, this section applies to all local boards.

SECTION 21. Chapter 18B of the General Statutes is amended by adding a new section to read:

"§ 18B-706. Ethics requirements for local boards.

(a) Each local board shall adopt a policy containing a code of ethics, consistent with the provisions of G.S. 18B-201, to guide actions by the local board members and employees of the local board in the performance of their official duties. The policy shall address at least all of the following:

(1) The need to obey all applicable laws regarding official actions taken as a local board member or employee.
(2) The need to uphold the integrity and independence of the local board member or employee's position.
(3) The need to avoid impropriety in the exercise of official duties.
(4) The need to faithfully perform the duties of the position.
(5) The need to conduct the affairs of the board in an open and public manner, including complying with all applicable laws governing open meetings and public records.

(b) Each member of a local board shall receive a minimum of two hours of ethics education within 12 months after initial appointment to the office and again within 12 months after each subsequent appointment to the office. The ethics education shall cover laws and principles that govern conflicts of interest and ethical standards of conduct for local ABC boards. The education may be provided by the Commission or another qualified source approved by the Commission. The local board shall maintain a record verifying receipt of the ethics education by each member of the local board. The local board may require appropriate ethics training and education for employees of the local ABC board.

(c) The Commission shall develop a model ethics policy that local ABC boards may adopt to be in compliance with this section."

SECTION 22. G.S. 18B-801(b) reads as rewritten:

"(b) Location of Stores. – A local board may choose the location of the ABC stores within its jurisdiction, subject to the approval of the Commission. In making its decision on a location, the Commission may consider:

(1) Whether the health, safety, or general welfare of the community will be adversely affected.
(2) Whether the citizens of the community or city in which the proposed store is to be located voted for or against ABC stores in the last election on the question.
(3) The proximity of the new location to existing ABC stores operated by the local board or any other board."

SECTION 23. G.S. 18B-801(c) reads as rewritten:
"(c) Closing of Stores. – Subject to the provisions of subsection (a), subsection (a) of this section, a local board may close a store, or the Commission may order a local board to close any store when the local board or the Commission determines that:

(1) The operation of the store is not sufficiently profitable to justify its continuation;

(2) The store is not operated in accordance with the ABC law; or

(3) The continued operation of that store will adversely affect the health, safety, or general welfare of the community in which the store operates."

SECTION 24. G.S. 18B-803 reads as rewritten:

"§ 18B-803. Store management.
(a) Manager. – A local board shall provide for the management of each store operated by it. The board shall employ at least one manager for each store, who shall operate the store pursuant to the directions of that board.

(b) Bonding of Manager. – Each store manager shall be bonded in an amount not less than five thousand dollars ($5,000), fifty thousand dollars ($50,000) secured by a corporate surety, for the honest performance of his duties. A public employees’ blanket position bond, honesty form, in the required amount satisfies the requirements of this subsection. The bond shall be payable to the local board and shall be approved by the appointing authority for the local board. The appointing authority may increase the amount of bond required for store managers under this subsection.

(c) Bonding of Other Employees. – A local board or the appointing authority may require any of its other employees who handle funds to obtain bonds. The amount and form of those bonds shall be determined by the local board.

(d) Local Acts. – Notwithstanding the provisions of any local act, this section applies to all local boards."

SECTION 25. G.S. 18B-1213 reads as rewritten:

(1) Revocation of the wholesaler's permit or license to do business in this State,

(2) Bankruptcy or insolvency of the wholesaler,

(3) Assignment for the benefit of creditors or similar disposition of the assets of the wholesaler, or

(4) Failure by the wholesaler to comply substantially, without reasonable excuse or justification, with any reasonable and material requirement imposed upon him by the winery.

As used in this Article, "purchase" includes the sale of stock, sale of assets, merger, lease, transfer, or consolidation."

SECTION 26. G.S. 18B-1201(4) reads as rewritten:

SECTION 27. G.S. 93B-9 reads as rewritten:

"§ 93B-9. Age requirements.
Any other provision notwithstanding, except certifications issued by the North Carolina Criminal Justice Education and Training Standards Commission and the North Carolina Sheriffs’ Education and Training Standards Commission pursuant to Chapters 17C, 17E, 74E, and 74G of the General Statutes, no occupational licensing board may require that an individual be more than 18 years of age as a requirement for receiving a license."

SECTION 28. Section 4 of S.L. 2004-92 reads as rewritten:

To accomplish this, the Secretary shall consult subject matter experts outside the Department of Revenue, both within State government and from private industry. The measurement process shall include:

AN ACT TO AUTHORIZE THE CREATION OF SPECIAL RETIREMENT ALLOWANCES FOR RETIREES OF THE TEACHERS' AND STATE EMPLOYEES' RETIREMENT SYSTEM AND THE LOCAL GOVERNMENTAL EMPLOYEES' RETIREMENT SYSTEM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 135-5(m1) reads as rewritten:

"(m1) Special Retirement Allowance for Law Enforcement Officers. – Upon retirement, a member who is a law enforcement officer vested as of June 30, 2010, may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina to this Retirement System and receive, in addition to his basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon his eligible accumulated account balance at the date of the transfer of the assets to this System. For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 135-6(n). Provided, however, a member, who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina, shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Teachers' and State Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly."

SECTION 2. G.S. 135-5 is amended by adding a new subsection to read:

"(m2) Special Retirement Allowance. – At any time coincident with or following retirement, a member may make a one-time election to transfer any portion of the member's eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System and receive, in addition to the member's basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon the member's transferred balance. Notwithstanding anything to the contrary, a member may not transfer such amounts as will cause the member's retirement allowance under the System to exceed the amount allowable under G.S. 135-18.7(b). The Board of Trustees may establish a minimum amount that must be transferred if a transfer is elected. The member may elect a special retirement allowance with no postretirement increases or a special retirement allowance with annual postretirement increases equal to the annual increase in the U.S. Consumer Price Index. Postretirement increases on any other allowance will not apply to the special retirement allowance. The Board
of Trustees shall provide educational materials to the members who apply for the transfer authorized by this section. Those materials shall describe the special retirement allowance and shall explain (i) the relationship between the transferred balance and the monthly benefit; and (ii) how the member's heirs may be impacted by the election to make this transfer and any costs and fees involved.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of yields on U.S. Treasury Bonds and mortality and such other tables as may be necessary based upon actual experience. A single set of mortality and such other tables will be used for all members, with factors differing only based on the age of the member and the election of postretirement increases. The Board of Trustees shall modify the mortality and such other tables every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 135-6(n). Provided, however, a member who transfers the member's eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System shall be taxed for North Carolina State Income Tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan. The Teachers' and State Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly.

The Supplemental Retirement Board of Trustees established under G.S. 135-96 may assess a one-time flat administrative fee not to exceed the actual cost of the administrative expenses relating to these transfers.

The special retirement allowance shall continue for the life of the member and the beneficiary designated to receive a monthly survivorship benefit under Option 2, 3 or 6 as provided in G.S. 135-5(g), if any. The Board of Trustees, however, shall establish two payment options that guarantee payments as follows:

(1) A member may elect to receive the special retirement allowance for life but with payments guaranteed for a number of months to be specified by the Board of Trustees. Under this plan, if the member dies before the expiration of the specified number of months, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary will receive the benefit only for the remainder of the specified number of months. If the member's designated beneficiary dies before receiving payments for the specified number of months, any remaining payments will be paid to the member's estate.

(2) A member may elect to receive the special retirement allowance for life but is guaranteed that the sum of the special allowance payments will equal the total of the transferred amount. Under this payment option, if the member dies before receiving the total transferred amount, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary or the member's estate shall be paid any remaining balance of the transferred amount.

The Board of Trustees shall report annually to the Joint Legislative Commission on Governmental Operations on the number of persons who made an election in the previous calendar year, with any recommendations it might make on amendment or repeal based on any identified problems.
The General Assembly reserves the right to repeal or amend this subsection, but such repeal or amendment shall not affect any person who has already made the one-time election provided in this subsection."

SECTION 3. G.S. 135-5(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee's voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System over the total of the Special Retirement Allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" excludes any amount transferred under subsection (m2) of this section.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a
form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate."

SECTION 4. G.S. 128-27(m1) reads as rewritten:

"(m1) Special Retirement Allowance for Law Enforcement Officers. – Upon retirement, a member who is a law enforcement officer vested as of June 30, 2010, may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina to this Retirement System and receive, in addition to his basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon his eligible accumulated account balance at the date of the transfer of the assets to this System. For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 128-29(o), G.S. 128-28(o). Provided, however, a member who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Local Governmental Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly."

SECTION 5. G.S. 128-27 is amended by adding a new subsection to read:

"(m2) Special Retirement Allowance. – At any time coincident with or following retirement, a member may make a one-time election to transfer any portion of the member's eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System and receive, in addition to the member's basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon the member's transferred balance. Notwithstanding anything to the contrary, a member may not transfer such amounts as will cause the member's retirement allowance under the System to exceed the amount allowable under G.S. 128-38.2(b). The Board of Trustees may establish a minimum amount that must be transferred if a transfer is elected. The member may elect a special retirement allowance with no postretirement increases or a special retirement allowance with annual postretirement
increases equal to the annual increase in the U.S. Consumer Price Index. Postretirement increases on any other allowance will not apply to the special retirement allowance. The Board of Trustees shall provide educational materials to the members who apply for the transfer authorized by this section. Those materials shall describe the special retirement allowance and shall explain (i) the relationship between the transferred balance and the monthly benefit; and (ii) how the member's heirs may be impacted by the election to make this transfer and any costs and fees involved.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of yields on U.S. Treasury Bonds and mortality and such other tables as may be necessary based upon actual experience. A single set of mortality and such other tables will be used for all members, with factors differing only based on the age of the member and the election of postretirement increases. The Board of Trustees shall modify the mortality and such other tables every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 128-28(o). Provided, however, a member who transfers the member's eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System shall be taxed for North Carolina State Income Tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Local Governmental Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly.

The special retirement allowance shall continue for the life of the member and the beneficiary designated to receive a monthly survivorship benefit under Option 2, 3 or 6 as provided in G.S. 128-27(g), if any. The Board of Trustees, however, shall establish two payment options that guarantee payments as follows:

1. A member may elect to receive the special retirement allowance for life but with payments guaranteed for a number of months to be specified by the Board of Trustees. Under this plan, if the member dies before the expiration of the specified number of months, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary will receive the benefit only for the remainder of the specified number of months. If the member's designated beneficiary dies before receiving payments for the specified number of months, any remaining payments will be paid to the member's estate.

2. A member may elect to receive the special retirement allowance for life but is guaranteed that the sum of the special allowance payments will equal the total of the transferred amount. Under this payment option, if the member dies before receiving the total transferred amount, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary or the member's estate shall be paid any remaining balance of the transferred amount.

The Supplemental Retirement Board of Trustees established under G.S. 135-96 may assess a one-time flat administrative fee not to exceed the actual cost of the administrative expenses relating to these transfers.

The Board of Trustees shall report annually to the Joint Legislative Commission on Governmental Operations on the number of persons who made an election in the previous calendar year, with any recommendations it might make on amendment or repeal based on any identified problems.

The General Assembly reserves the right to repeal or amend this subsection, but such repeal or amendment shall not affect any person who has already made the one-time election provided in this subsection."
SECTION 6. G.S. 128-27(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System over the total of the Special Retirement Allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" excludes any amount transferred under subsection (m2) of this section.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 128-26, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if
any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above, and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's estate.

SECTION 6.1 If House Bill 2054, 2009 Regular Session becomes law, Sections 9(a), 9(b), 10(a) and 10(b) of that act are repealed.

SECTION 7. Sections 1, 4 and 7 of this act become effective July 1, 2010. The remainder of this act becomes effective January 1, 2011. Any beneficiary who retired prior to January 1, 2011, will not be allowed to make the one-time election until July 1, 2011. AN ACT TO CONSTRUE CERTAIN FORMULA CLAUSES THAT REFER TO FEDERAL ESTATE AND GENERATION-SKIPPING TRANSFER TAX LAWS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 7 of Chapter 31 of the General Statutes is amended by adding a new section to read:

"§ 31-46.1. Construction of certain formula clauses applicable to estates of decedents dying in calendar year 2010.

(a) Purpose. – The federal estate tax and generation-skipping transfer tax expired January 1, 2010, for one year. To carry out the intent of decedents in the construction of wills and trusts and to promote judicial economy in the administration of trusts and estates, this section construes certain formula clauses that reference federal estate and generation-skipping transfer tax laws and that are used in wills or codicils of decedents who die in or before calendar year 2010.

(b) Applicability. – This section applies to the following:

(1) To a will or codicil executed by a decedent before December 31, 2009, that contains a formula provision described in subsection (c) of this section if the decedent dies after December 31, 2009, and before the earlier of January 1, 2011, and the effective date of the reinstatement of the federal estate tax and generation-skipping transfer tax, unless the will or codicil clearly manifests an intent that a rule contrary to the rule of construction described in subsection (c) of this section applies.

(2) To the terms of a will or codicil executed by a decedent who dies before December 31, 2009, providing for a disposition of property that contains a formula provision described in subsection (c) of this section and occurs as a result of the death of another individual who dies after December 31, 2009, and before the earlier of January 1, 2011, and the effective date of the reinstatement of the federal estate tax and generation-skipping transfer tax, unless the terms of the will or codicil clearly manifests an intent that a rule contrary to the rule of construction described in subsection (c) of this section applies.

(c) Construction. – A will or codicil subject to this section is considered to refer to the federal estate and generation-skipping transfer tax laws as they applied with respect to estates of decedents dying on December 31, 2009, if the will or codicil contains a formula that meets one or more of the following conditions:

(1) The formula refers to any of the following: 'applicable credit amount,' 'applicable exclusion amount,' 'applicable exemption amount,' 'applicable fraction,' 'estate tax exemption,' 'generation-skipping transfer tax exemption,' 'GST exemption,' 'inclusion ratio,' 'marital deduction,' 'maximum marital deduction,' 'unified credit,' or 'unlimited marital deduction.'

(2) The formula measures a share of an estate or trust based on the amount that can pass free of federal estate taxes or the amount that can pass free of federal generation-skipping transfer taxes.

(3) The formula is otherwise based on a provision of federal estate tax or federal generation-skipping transfer tax law similar to the provisions in subdivision (1) or (2) of this subsection.

(d) Judicial Determination. – The personal representative or an affected beneficiary under a will or testamentary trust may bring an action in the superior court division of the General Court of Justice under Article 26 of Chapter 1 of the General Statutes, and the trustee of a trust created under the will or an affected beneficiary under the trust may bring a proceeding as permitted under Article 2 of Chapter 36C of the General Statutes to determine

(d) Judicial Determination. — The trustee of the trust or an affected beneficiary under the trust may commence a proceeding to determine whether the settlor intended that the references under subsection (c) of this section be construed with respect to the federal law as it existed after December 31, 2009. SECTION 3. G.S. 20-63(g) reads as rewritten:

"(g) Alteration, Disguise, or Concealment of Numbers. – Any operator of a motor vehicle who shall willfully mutilate, bend, twist, cover or cause to be covered or partially covered by any bumper, light, spare tire, tire rack, strap, or other device, or who shall paint, enamel, emboss, stamp, print, perforate, or alter or add to or cut off any part or portion of a registration plate or the figures or letters thereon, or who shall place or deposit or cause to be placed or deposited any oil, grease, or other substance upon such registration plates for the purpose of making dust adhere thereto, or who shall deface, disfigure, change, or attempt to change any letter or figure thereon, or who shall display a number plate in other than a horizontal upright position, shall be guilty of a Class 2 misdemeanor. Any operator of a motor vehicle who shall willfully cover or cause to be covered any part or portion of a registration plate or the figures or letters thereon by any device designed or intended to prevent or interfere with the taking of a clear photograph of a registration plate by a traffic control or toll collection system using cameras commits an infraction and shall be penalized under G.S. 14-3.1. Any operator of a motor vehicle who covers the State name, year sticker, or month sticker on a registration plate with a license plate frame commits an infraction and shall be fined under G.S. 14-3.1. Nothing in this subsection shall prohibit the use of transparent covers that do not prevent or interfere with the taking of a clear photograph of a registration plate by a traffic control or toll collection system using cameras."

SECTION 4. G.S. 20-64.2 is repealed.

SECTION 5. G.S. 20-79 reads as rewritten:
"§ 20-79. Dealer license plates.

(a) How to Get a Dealer Plate. – The Division may issue a person licensed under Article 12 of this Chapter the appropriate classification of dealer license plate. A person eligible for a dealer license plate may obtain one by filing an application with the Division and paying the required fee. An application must be filed on a form provided by the Division. The required fee is the amount set by G.S. 20-87(7).

(b) Number of Plates. – A dealer who was licensed under Article 12 of this Chapter for the previous 12-month period ending December 31 may obtain the number of dealer license plates allowed by the following table; the number allowed is based on the number of motor vehicles the dealer sold during the relevant 12-month period and the average number of qualifying sales representatives the dealer employed during that same 12-month period:

<table>
<thead>
<tr>
<th>Vehicles Sold In Relevant 12-Month Period</th>
<th>Maximum Number of Plates</th>

<tr>
<td>Fewer than 12</td>
<td>1, 3</td>
</tr>
<tr>
<td>At least 12 but less than 25</td>
<td>4, 6</td>
</tr>
<tr>
<td>At least 25 but less than 37</td>
<td>5, 7</td>
</tr>
<tr>
<td>At least 37 but less than 49</td>
<td>6, 8</td>
</tr>
</tbody>
</table>
| 49 or more                               | At least 6, but no more than 4 x 5 times the average number of qualifying sales representatives employed by the dealer during the relevant 12-month period.

A dealer who was not licensed under Article 12 of this Chapter for part or all of the previous 12-month period ending December 31 may obtain the number of dealer license plates that equals four times the number of qualifying sales representatives employed by the dealer on the date the dealer files the application. A "qualifying sales representative" is a sales representative who works for the dealer at least 25 hours a week on a regular basis and is compensated by the dealer for this work.

A dealer who sold fewer than 49 motor vehicles the previous 12-month period ending December 31 but has sold at least that number since January 1 may apply for additional dealer license plates at any time. The maximum number of dealer license plates the dealer may obtain is the number the dealer could have obtained if the dealer had sold at least 49 motor vehicles in the previous 12-month period ending December 31.

A dealer who applies for a dealer license plate must certify to the Division the number of motor vehicles the dealer sold in the relevant period. Making a material misstatement in an application for a dealer license plate is grounds for the denial, suspension, or revocation of a dealer's license under G.S. 20-294.

A dealer engaged in the alteration and sale of specialty vehicles may apply for up to two dealer plates in addition to the number of dealer plates that the dealer would otherwise be entitled to under this section.

This subsection does not apply to manufacturers licensed under Article 12 of this Chapter.

(c) Form and Duration. – A dealer license plate is subject to G.S. 20-63, except for the requirement that the plate display the registration number of a motor vehicle and the requirement that the plate be a "First in Flight" plate. A dealer license plate must have a distinguishing symbol identifying the plate as a dealer license plate. The symbol may vary depending upon the classification of dealer license plate issued. The Division must provide suitably reduced sized license plates for motorcycle dealers and manufacturers.

A dealer license plate is issued for a period of one year. The Division shall vary the expiration dates of dealer registration renewals so that an approximately equal number expires at the end of each month, quarter, or other period consisting of one or more months. A dealer license plate may be transferred from one vehicle to another. When the Division issues a dealer plate, it may issue a registration that expires at the end of any monthly interval. When one of
the following occurs, a dealer must surrender to the Division all dealer license plates issued to
the dealer:

(1) The dealer surrenders the license issued to the dealer under Article 12 of this
Chapter.
(2) The Division suspends or revokes the license issued to the dealer under
Article 12 of this Chapter.
(3) The Division rescinds the dealer license plates because of a violation of the
restrictions on the use of a dealer license plate.

To obtain a dealer license plate after it has been surrendered, the dealer must file a new
application for a dealer license plate and pay the required fee for the plate.

(d) Restrictions on Use. – A dealer license plate may be displayed only on a motor
vehicle that meets all of the following requirements:

(1) Is part of the inventory of the dealer.
(2) Is not consigned to the dealer.
(3) Is covered by liability insurance that meets the requirements of Article 9A of
this Chapter.
(4) Is not used by the dealer in another business in which the dealer is engaged.
(5) Is driven on a highway by a person who meets one of the following
descriptions:
   a. Has a demonstration permit to test-drive the motor vehicle and
      carries the demonstration permit while driving the motor vehicle.
   b. Is an officer or sales representative of the dealer and is driving the
      vehicle for a business purpose of the dealer.
   c. Is an employee of the dealer and is driving the vehicle in the course
      of employment.
   d. Is an employee of the dealer or of a contractor of the dealer and is
      driving the vehicle within a 20-mile radius of a place where the
      vehicle is being repaired or otherwise prepared for sale.
   e. Is an employee of the dealer or of a contractor of the dealer and is
      transporting the vehicle to or from a vehicle auction or to the dealer's
      established salesroom.
(6) A copy of the registration card for the dealer plate issued to the dealer is
 carried by the person operating the motor vehicle or, if the person is
operating the motor vehicle in this State, the registration card is maintained
on file at the dealer's address listed on the registration card, and the
registration card must be able to be produced within 24 hours upon request
of any law enforcement officer.

A dealer may issue a demonstration permit for a motor vehicle to a person licensed to drive
that type of motor vehicle. A demonstration permit authorizes each person named in the permit
to drive the motor vehicle described in the permit for up to 96 hours after the time the permit is
issued. A dealer may, for good cause, renew a demonstration permit for one additional 96-hour
period.

A dealer may not lend, rent, lease, or otherwise place a dealer license plate at the disposal
of a person except as authorized by this subsection.

(e) Sanctions. – The following sanctions apply when a motor vehicle displaying a
dealer license plate is driven in violation of the restrictions on the use of the plate:

(1) The individual driving the motor vehicle is responsible for an infraction and
   is subject to a penalty of fifty dollars ($50.00), one hundred dollars
   ($100.00).
(2) The dealer to whom the plate is issued is subject to a civil penalty imposed
   by the Division of two hundred dollars ($200.00), two hundred fifty dollars
   ($250.00).
(3) The Division may rescind all dealer license plates issued to the dealer whose plate was displayed on the motor vehicle. A penalty imposed under subdivision (1) of this subsection is payable to the county where the infraction occurred, as required by G.S. 14-3.1. A civil penalty imposed under subdivision (2) of this subsection shall be credited to the Highway Fund as nontax revenue.

(f) Transfer of Dealer Registration. – No change in the name of a firm, partnership or corporation, nor the taking in of a new partner, nor the withdrawal of one or more of the firm, shall be considered a new business; but if any one or more of the partners remain in the firm, or if there is change in ownership of less than a majority of the stock, if a corporation, the business shall be regarded as continuing and the dealers' plates originally issued may continue to be used.

(g) Penalties. – The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected by the Department of Transportation pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(h) Definition. – For purposes of this section, the term "dealer" means a person who is licensed under Article 12 of this Chapter.

SECTION 6. G.S. 20-79.2 reads as rewritten:

(a) Who Can Get a Plate. – A person engaged in a business requiring the limited operation of a motor vehicle for any of the following purposes may obtain a transporter plate authorizing the movement of the vehicle for the specific purpose: The Division may issue a transporter plate authorizing the limited operation of a motor vehicle in the circumstances listed in this subsection. (b) How to Get a Plate. – A person, business or a dealer may obtain a transporter plate by filing an application with the Division and paying the required fee. An application must be on a form provided by the Division and contain the information required by the Division. The fee for a transporter plate is one-half the fee set in G.S. 20-87(5) for a passenger motor vehicle of not more than 15 passengers.

(b1) Number of Plates. – The total number of transporter and Dealer-Transporter or dealer plates issued to a dealer may not exceed the total number of dealer plates that can be issued to the dealer under G.S. 20-79(b). A penalty imposed under subdivision (1) of this subsection is payable to the county where the infraction occurred, as required by G.S. 14-3.1. A civil penalty imposed under subdivision (2) of this subsection shall be credited to the Highway Fund as nontax revenue. A law enforcement officer having probable cause to believe that a transporter plate is being used in violation of this section may seize the plate.

(c) Form, Duration, and Transfer. – A transporter plate is a type of commercial license plate. A transporter plate issued to a dealer is issued on a fiscal year basis. A transporter plate issued to a person who is not a dealer is issued on a calendar year basis. A transporter plate is subject to G.S. 20-63, except for the requirement that the plate display the registration number of a motor vehicle and the requirement that the plate be a "First in Flight" plate. A transporter plate shall have a distinguishing symbol identifying the plate as a transporter plate. The symbol may vary depending upon the classification of transporter plate issued. A transporter plate is
issued for a period of one year. The Division shall vary the expiration dates of transporter registration renewals so that an approximately equal number expires at the end of each month, quarter, or other period consisting of one or more months. When the Division issues a transporter plate, it may issue a registration that expires at the end of any monthly interval. During the year for which it is issued, a person, business or dealer may transfer a transporter plate from one vehicle to another as long as the vehicle is driven only for a purpose authorized by subsection (a) of this section. H.B. 1685

AN ACT TO MAKE VARIOUS CHANGES TO THE STATUTES GOVERNING COLLECTION AND ENFORCEMENT OF TOLLS BY THE NORTH CAROLINA TURNPIKE AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-82.2 is repealed.

SECTION 2. G.S. 136-89.211 reads as rewritten:

"§ 136-89.211. Tolls for use of Turnpike project.

In exercising its authority under G.S. 136-89.183 to set tolls for the use of a Turnpike project, the Authority may not do any of the following:

(1) Set open road tolls that vary for the same class of motor vehicle depending on the method by which the Authority identifies a motor vehicle that drives on the Turnpike project. This does not preclude the Authority from allowing a discount of up to thirty-five percent (35%) of the amount of a toll for a motor vehicle equipped with an electronic toll collection transponder or a motor vehicle that has prepaid its toll.

(2) Exempt a motor vehicle that is not a law enforcement vehicle, an emergency fire or rescue vehicle, or an emergency medical services vehicle from the requirement of paying a toll for the use of a Turnpike project."

SECTION 3. G.S. 136-89.214(a) reads as rewritten:

"(a) Bill. – If a motor vehicle travels on a Turnpike project that uses an open road tolling system and a toll for traveling on the project is not paid within 15 days after the travel occurs, prior to travel or at the time of travel, the Authority must send a bill by first-class mail to the registered owner of the motor vehicle for the amount of the unpaid toll. The Authority must send the bill within 90 days after the travel occurs. If a bill is not sent within the required time, the Authority waives collection of the toll. The Authority must establish a billing period for unpaid open road tolls that is no shorter than 15 days. A bill for a billing period must include all unpaid tolls incurred by the same person during the billing period."

SECTION 4. G.S. 136-89.215 reads as rewritten:

"§ 136-89.215. Required action upon receiving bill for open road toll and processing fee for unpaid toll.

(a) Action Required. – A person who receives a bill from the Authority for an unpaid open road toll must take one of the following actions within 30 days after receiving the bill:

(1) Pay the bill.

(2) Send a written request to the Authority for a review of the toll.

(b) Fee. – If a person does not take one of the actions required under subsection (a) of this section within the required time, the Authority may add a processing fee to the amount the
person owes. The processing fee may not exceed six dollars ($6.00). A person may not be charged more than forty-eight dollars ($48.00) in processing fees in a calendar year. 12-month period.

The Authority must set the processing fee at an amount that does not exceed the costs of identifying the owner of a motor vehicle that is subject to an unpaid toll and billing the owner for the unpaid toll. The fee is a receipt of the Authority and must be applied to these costs."

SECTION 5. G.S. 136-89.216 reads as rewritten:

"§ 136-89.216. Civil penalty for failure to pay open road toll.

(a) Penalty. – A person who receives one two or more bills for unpaid open road tolls during the first or second six-month period in a year and who has not paid the amount due on those bills within 30 days after the end of the six-month period is subject to a civil penalty of twenty-five dollars ($25.00). The period from January 1 through June 30 of a year is the first six-month period in a year, and the period from July 1 through December 31 is the second six-month period in a year. Only one penalty may be assessed for in a six-month period.

(b) Payment. – The Authority must send a notice by first-class mail to a person who is assessed a civil penalty under this section. A person who is assessed a civil penalty must pay the unpaid toll for which the civil penalty was imposed, the amount of any processing fee due, and the civil penalty within 30 days after receiving the notice of the date of the notice.

(c) Penalty Proceeds. – A civil penalty imposed under this section is payable to the Authority or, if collected when a vehicle registration is renewed, to the Division of Motor Vehicles of the Department of Transportation. The clear proceeds of a civil penalty imposed under this section must be credited to the Civil Penalty and Forfeiture Fund established in G.S. 115C-457.1. The guidelines used by the Office of State Budget and Management to determine an agency's actual costs of collecting a civil penalty and the clear proceeds of the civil penalty apply to the determination of the clear proceeds of a civil penalty imposed under this section."

SECTION 6. G.S. 136-89.217 reads as rewritten:

"§ 136-89.217. Vehicle registration renewal blocked for unpaid open road toll.

(a) Registration Block. – Failure of a person to pay an open road toll billed to the person under G.S. 136-89.214, any processing fee added under G.S. 136-89.215, and any civil penalty imposed under G.S. 136-89.216 is grounds under G.S. 20-54 to withhold the registration renewal of a motor vehicle registered in that person's name. The Authority must notify the Commissioner of Motor Vehicles of a person who owes a toll, a processing fee, or a civil penalty. When notified, the Commissioner of Motor Vehicles must withhold the registration renewal of any motor vehicle registered in that person's name.

(b) Collection by DMV. – A person whose motor vehicle registration renewal is blocked under this section may pay to the Division of Motor Vehicles of the Department of Transportation the amount owed for unpaid tolls, fees, and civil penalties due under this Part when renewing the vehicle registration. The Division must remit to the Authority the amount of tolls, fees, and civil penalties collected. The Division's costs of collecting tolls, fees, and civil penalties are considered a necessary expense of the operation of the Authority, and the Authority must reimburse the Division for these costs."

SECTION 7. G.S. 136-89.218 reads as rewritten:

"§ 136-89.218. Procedures for contesting liability for unpaid open road toll.

(a) Informal Review. – A person who receives a bill for an unpaid open road toll and who disputes liability for the toll may contest the toll by sending to the Authority a request for review of the toll. The person may include a sworn affidavit described in G.S. 136-89.212 that establishes that someone else had the care, custody, and control of the motor vehicle subject to the toll when the toll was incurred. The person must send the request for review to the Authority within 30 days after receiving the bill for the toll of the date of the bill sent by the Authority. A person who does not send a request for review to the Authority within this time limit waives the right to a review. If a person sends a timely request for review to the Authority,
the Authority may not collect the disputed toll and any processing fee added to the bill for the toll until the conclusion of the review process in this section.

(b) Administrative Hearing. – If the Authority conducts an informal review under subsection (a) of this section and determines that the person who requested the review is liable for the toll, the Authority must send the person a notice informing the person of the Authority’s determination. The person may contest this determination by filing a petition for a contested case hearing at the Office of Administrative Hearings in accordance with Article 3 of Chapter 150B of the General Statutes.

(c) Judicial Review. – Article 4 of Chapter 150B of the General Statutes governs judicial review of a final decision made in a contested case authorized under subsection (b) of this section.”

Board shall not provide a copy of the criminal history record check to the applicant or

Session Law 2010-143
H.B. 1743

AN ACT TO DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO DEVELOP BASINWIDE HYDROLOGIC MODELS, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

"§ 143-350. Definitions.
As used in this Article:

... (3) "Essential water use" means the use of water necessary for firefighting, health, and safety; water needed to sustain human and animal life; and water necessary to satisfy federal, State, and local laws for the protection of public health, safety, welfare, the environment, and natural resources; and a minimum amount of water necessary to maintain support and sustain the economy of the State, region, or area.

..."

SECTION 2. G.S. 143-355 is amended by adding a new subsection to read:

"(o) Basinwide Hydrologic Models. – The Department shall develop a basinwide hydrologic model for each of the 17 major river basins in the State as provided in this subsection.

(1) Definitions. – As used in this subsection:

a. "Ecological flow" means the stream flow necessary to protect ecological integrity.
b. "Ecological integrity" means the ability of an aquatic system to support and maintain a balanced, integrated, adaptive community of organisms having a species composition, diversity, and functional organization comparable to prevailing ecological conditions and, when subject to disruption, to recover and continue to provide the natural goods and services that normally accrue from the system.
c. "Groundwater resource" means any water flowing or lying under the surface of the earth or contained within an aquifer.
d. "Prevailing ecological conditions" means the ecological conditions determined by reference to the applicable period of record of the United States Geological Survey stream gauge data, including data reflecting the ecological conditions that exist after the construction and operation of existing flow modification devices, such as dams, but excluding data collected when stream flow is temporarily affected by in-stream construction activity.
e. "Surface water resource" means any lake, pond, river, stream, creek, run, spring, or other water flowing or lying on the surface of the earth.
(2) Schedule. – The Department shall develop a schedule for basinwide hydrologic model development. In developing the schedule, the Department shall give priority to developing hydrologic models for river basins or portions of river basins that are experiencing or are likely to experience water supply shortages, where the ecological integrity is threatened or likely to become threatened, or for which an existing hydrologic model has not been developed by the Department or other persons or entities.

(3) Model. – Each basinwide hydrologic model shall:
   a. Include surface water resources within the river basin, groundwater resources within the river basin to the extent known by the Department, transfers into and out of the river basin that are required to be registered under G.S. 143-215.22H, other withdrawals, ecological flow, instream flow requirements, projections of future withdrawals, an estimate of return flows within the river basin, inflow data, local water supply plans, and other scientific and technical information the Department deems relevant.
   b. Be designed to simulate the flows of each surface water resource within the basin that is identified as a source of water for a withdrawal registered under G.S. 143-215.22H in response to different variables, conditions, and scenarios. The model shall specifically be designed to predict the places, times, frequencies, and intervals at which any of the following may occur:
      1. Yield may be inadequate to meet all needs.
      2. Yield may be inadequate to meet all essential water uses.
      3. Ecological flow may be adversely affected.
   c. Be based solely on data that is of public record and open to public review and comment.

(4) Ecological flow. – The Department shall characterize the ecology in the different river basins and identify the flow necessary to maintain ecological integrity. The Department shall create a Science Advisory Board to assist the Department in characterizing the natural ecology and identifying the flow requirements. The Science Advisory Board shall include representatives from the Divisions of Water Resources and Water Quality of the Department, the North Carolina Wildlife Resources Commission, the North Carolina Marine Fisheries Commission, and the Natural Heritage Program. The Department shall also invite participation by the United States Fish and Wildlife Service; the National Marine Fisheries Service; representatives of organizations representing agriculture, forestry, manufacturing, electric public utilities, and local governments, with expertise in aquatic ecology and habitat; and other individuals or organizations with expertise in aquatic ecology and habitat. The Department shall ask the Science Advisory Board to review any report or study submitted to the Department for consideration that is relevant to characterizing the ecology of the different river basins and identifying flow requirements for maintenance of ecological integrity. The Department shall consider such other information, including site specific analyses, that either the Board or the Department considers relevant to determining ecological flow requirements.

(5) Interstate cooperation. – To the extent practicable, the Department shall work with neighboring states to develop basinwide hydrologic models for each river basin shared by North Carolina and another state.

(6) Approval and modification of hydrologic models. –
   a. Upon completion of a hydrologic model, the Department shall:
      1. Submit the model to the Commission for approval.
2. Publish in the North Carolina Register notice of its recommendation that the Commission approve the model and of a 60-day period for providing comment on the model.
3. Provide electronic notice to persons who have requested electronic notice of the notice published in the North Carolina Register.

b. Upon receipt of a hydrologic model, the Commission shall:
   1. Receive comment on the model for the 60-day period noticed in the North Carolina Register.
   2. Act on the model following the 60-day comment period.

c. The Department shall submit any significant modification to an approved hydrologic model to the Commission for review and approval under the process used for initial approval of the model.

d. A hydrologic model is not a rule, and Article 2A of Chapter 150B of the General Statutes does not apply to the development of a hydrologic model.

(7) Existing hydrologic models. — The Department shall not develop a hydrologic model for a river basin for which a hydrologic model has already been developed by a person or entity other than the Department, if the Department determines that the hydrologic model meets the requirements of this subsection. The Department may adopt a hydrologic model that has been developed by another person or entity that meets the requirements of this subsection in lieu of developing a hydrologic model as required by this subsection. The Department may make any modifications or additions to a hydrologic model developed by another person or entity that are necessary to meet the requirements of this subsection.

(8) Construction of subsection. — Nothing in this subsection shall be construed to vary any existing, or impose any additional regulatory requirements, related to water quality or water resources.

(9) Report. — The Department shall report to the Environmental Review Commission on the development of basinwide hydrologic models no later than November 1, of each year:"

SECTION 3. The first report required by G.S. 143-355(o), as enacted by Section 2 of this act, is due no later than November 1, 2011.

SECTION 4. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 8th day of July, 2010. Became law upon approval of the Governor at 1:52 p.m. on the 22nd day of July, 2010.

Session Law 2010-144 H.B. 1746

AN ACT TO: (1) DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES, IN CONJUNCTION WITH OTHER INTERESTED PARTIES, TO ESTABLISH A TASK FORCE TO DEVELOP A STATEWIDE SURVEY TO SUPPLEMENT THE CURRENT INFORMATION USED TO ASSESS THE STATE'S WATER AND WASTEWATER INFRASTRUCTURE NEEDS, DEVELOP A PLAN FOR INCORPORATING THE INFORMATION COMPILED FROM THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY SURVEY INTO THE STATE WATER SUPPLY PLAN, AND DEVELOP RECOMMENDATIONS REGARDING A STATEWIDE WATER AND WASTEWATER INFRASTRUCTURE RESOURCE AND FUNDING DATABASE; AND (2) DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES AND THE LOCAL GOVERNMENT COMMISSION OF THE DEPARTMENT OF STATE TREASURER TO JOINTLY EVALUATE THE
POTENTIAL BENEFITS OF MONITORING THE FINANCIAL CONDITION OF PUBLIC WATER SYSTEMS AND WASTEWATER SYSTEMS, AS RECOMMENDED BY THE LEGISLATIVE STUDY COMMISSION ON WATER AND WASTEWATER INFRASTRUCTURE.

Whereas, the two primary sources of data currently available to determine the State's water and wastewater needs include the United States Environmental Protection Agency surveys of publicly owned water and wastewater systems conducted every four years by the Department of Environment and Natural Resources and the North Carolina Rural Economic Development Center Water 2030 Initiative; and

Whereas, the Water 2030 Initiative, completed in 2005, provides a snapshot of projected water and wastewater infrastructure needs through 2030, but was funded as a one time overview, and has not been fully updated since 2005; and

Whereas, while both the United States Environmental Protection Agency surveys and Water 2030 Initiative are useful tools, there continue to be gaps in the information used to determine the State's water and wastewater infrastructure needs, particularly with regard to economic development and growth-related infrastructure needs, water system efficiency measures, and costs related to the development of new water sources; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) Task Force. – The Department of Environment and Natural Resources, the Department of Commerce, the Department of State Treasurer, the Clean Water Management Trust Fund, the State Water Infrastructure Commission, the Office of Information Technology Services, the North Carolina League of Municipalities, the North Carolina Association of County Commissioners, the Rural Economic Development Center, and the Environmental Finance Center at the School of Government at the University of North Carolina at Chapel Hill shall establish a task force to improve the collection and utilization of information related to State water and wastewater infrastructure needs. The Department of Environment and Natural Resources shall be the lead agency for the task force. The task force may also work with other interested stakeholders in its discretion. The responsibilities and duties of the task force shall include all of the following:

(1) To develop a statewide survey to build on the base of the existing United States Environmental Protection Agency water and wastewater infrastructure survey process that will provide a more accurate assessment of statewide water and wastewater infrastructure needs.

   a. The survey shall be designed to address the following information gaps that have been identified in the current information sources:
      1. Information on water and wastewater infrastructure needs related to economic development and population growth.
      2. Information on water and wastewater system service areas.
      3. Information on drinking water needs relevant to determining the need and the cost of proposed reservoir construction.
      4. Information on infrastructure needs to address failing water and wastewater systems.
      5. Information on the infrastructure needs related to water system efficiency to address the issue of water loss.

   b. The task force shall consider how often the information provided by the survey should be updated.

   c. The task force shall consider requesting information to update the Water 2030 Initiative as part of the survey design.

   d. The task force shall consider how often to update the survey, and how best to formulate and summarize the survey results on the State's combined water and wastewater infrastructure needs in a concise and
easily understood format for use by the General Assembly. The task force shall prepare a model report based on this format.

(2) To develop a plan to incorporate relevant information obtained from the existing United States Environmental Protection Agency survey and any statewide survey developed pursuant to subdivision (1) of this section into the State water supply plan developed pursuant to G.S. 143-355(m). In devising the plan to incorporate the needs survey information into the State water supply plan, the task force shall consider possible modifications to the information collected as part of the local water supply plans or the methodology used to prepare the local water supply plans that would make it easier to incorporate the needs survey information into the State water supply plan.

(3) To recommend a plan for the establishment and maintenance of a statewide water and wastewater infrastructure resource and funding database, or alternative information systems or processes that are capable of consolidating and integrating statewide information on water and wastewater infrastructure needs, resources, and funding and making this information more accessible to applicants, government agencies, and policymakers. The task force shall consider the relative merits of a database and any proposed alternatives, taking into account estimated costs and the ability of each to meet the goals outlined in this section. In analyzing a database, the task force shall identify options for database design and structure and delineate the categories of information to be compiled and indexed.

SECTION 1.(b) Task Force Report. – The Department of Environment and Natural Resources shall report the findings and recommendations of the task force to the Legislative Study Commission on Water and Wastewater Infrastructure by November 1, 2010. The report shall include the estimated cost to implement the recommendations and any legislative changes required to implement the recommendations.

SECTION 2.(a) The Department of Environment and Natural Resources and the Local Government Commission of the Department of State Treasurer shall jointly evaluate the costs and benefits of requiring each public water system or wastewater system in the State to demonstrate that the system raises sufficient revenue to cover the costs associated with proper operation of the system, including the costs of maintenance, repair, and replacement of collection, treatment, and distribution infrastructure.

(1) The Department of Environment and Natural Resources and the Local Government Commission shall specifically consider increasing their oversight role to include the following actions:
   a. Review grant applications submitted by a system to determine the portion of the proposed grant match that is funded from local revenues as opposed to another grant.
   b. Develop benchmarks that a system must meet to ensure that the system is operating in a financially sound manner.

(2) The Department of Environment and Natural Resources and the Local Government Commission shall specifically evaluate the desirability of requiring each public water system and wastewater system in the State to conduct the following actions:
   a. Submit an annual audit statement to State water and wastewater infrastructure funding agencies to which the system is applying for loan or grant funds for the purpose of reporting on the operation of the system and to demonstrate whether the water or wastewater rates of each system are sufficient to maintain system operations and meet debt service obligations.
b. Implement remedial measures in the event that the audit statement indicates a shortfall, including the submission of a written explanation for the revenue shortfall from the governing body of the system and the development of a plan to ensure that system revenues cover system costs.

c. Maintain a capital reserve fund.

d. Provide notification to funding agencies when a system is failing to operate in compliance with applicable State and federal water quality standards.

(3) The Department of Environment and Natural Resources and the Local Government Commission shall identify and consider other actions or measures that would improve the oversight of the financial condition of public water systems and wastewater systems.

SECTION 2.(b) For the purposes of this act, "public water system" has the same meaning as in G.S. 130A-313(10), and "wastewater system" has the same meaning as in G.S. 159G-20(25).

SECTION 2.(c) The Department of Environment and Natural Resources and the Local Government Commission shall jointly report their findings and recommendations to the Legislative Study Commission on Water and Wastewater Infrastructure no later than November 1, 2010.

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 8th day of July, 2010.

Became law upon approval of the Governor at 1:54 p.m. on the 22nd day of July, 2010.

SECTION 1. The Marine Fisheries Commission shall adopt rules pursuant to and consistent with G.S. 113-171, as amended by Section 2 of this act, and G.S. 143B-289.52 for the suspension, revocation, and reissuance of marine resources licenses and permits issued under Articles 14A, 14B, and 25A of Chapter 113 of the General Statutes. Rules adopted pursuant to this section shall not become effective prior to October 1, 2012. In adopting rules pursuant to this section, the Commission shall consider all of the following:

5. Whether violations related to littering or assault on a marine patrol inspector should be treated as grounds for suspension or revocation.
6. Whether suspension and revocation provisions should be strengthened in cases of harvesting shellfish from polluted waters.

SECTION 2. G.S. 113-171 reads as rewritten:

"§ 113-171. Suspension, revocation, and reissuance of licenses.

(a) Upon receipt of reliable notice that a person licensed under this Article, Article 14B, or Article 25A of Chapter 113 of the General Statutes to take resources under the jurisdiction of the Marine Fisheries Commission has had imposed against the person a
conviction of a criminal offense within the jurisdiction of the Department under the provisions of this Subchapter or of rules of the Commission adopted under the authority of this Subchapter, the Secretary must suspend or revoke, and reissue all licenses held by the person in accordance with the terms of this section and rules adopted by the Commission. Reliable notice includes information furnished the Secretary in prosecution or other reports from inspectors. As used in this section, a conviction includes a plea of guilty or nolo contendere, any other termination of a criminal prosecution unfavorably to the defendant after jeopardy has attached, or any substitute for criminal prosecution whereby the defendant expressly or impliedly confesses the defendant's guilt. In particular, procedures whereby bond forfeitures are accepted in lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or prayer for judgment continued are deemed convictions. The Secretary may act to suspend or revoke licenses upon the basis of any conviction in which:

1. No notice of appeal has been given;
2. The time for appeal has expired without an appeal having been perfected; or
3. The conviction is sustained on appeal. Where there is a new trial, finality of any subsequent conviction will be determined in the manner set out above.

(b) The Secretary must initiate an administrative procedure designed to give the Secretary systematic notice of all convictions of criminal offenses by licensees covered by subsection (a) of this section and keep a file of all convictions reported. Upon receipt of notice of conviction, the Secretary must determine whether it is a first, a second, a third, or a fourth or subsequent conviction of some offense covered by subsection (a). In the case of second convictions, the Secretary must suspend all licenses issued to the licensee for a period of 10 days. In the case of third convictions, the Secretary must suspend all licenses issued to the licensee for a period of 30 days. In the case of fourth or subsequent convictions, the Secretary must revoke all licenses issued to the licensee. Where several convictions result from a single transaction or occurrence, they are to be treated as a single conviction so far as suspension or revocation of the licenses of any licensee is concerned. Anyone convicted of taking or of knowingly possessing, transporting, buying, selling, or offering to buy or sell oysters or clams from areas closed because of suspected pollution will be deemed by the Secretary to have been convicted of two separate offenses on different occasions for license suspension or revocation purposes.

(c) Where a license has been suspended or revoked, the former licensee is not eligible to apply for reissuance of license or for any additional license authorized in this Article during the suspension or revocation period. Licenses must be returned to the licensee by the Secretary or the Secretary's agents at the end of a period of suspension. Where there has been a revocation, application for reissuance of license or for an additional license may not be made until six months following the date of revocation. In such case of revocation, the eligible former licensee must satisfy the Secretary that the licensee will strive in the future to conduct the operations for which the license is sought in accord with all applicable laws and rules. Upon the application of an eligible former licensee after revocation, the Secretary, in the Secretary's discretion, may issue one license sought but not another, as deemed necessary to prevent the hazard of recurring violations of the law.

(d) Upon receiving reliable information of a licensee's conviction of a second or subsequent criminal offense covered by subsection (a) of this section, the Secretary shall promptly cause the licensee to be personally served with written notice of suspension or revocation, as the case may be. The written notice may be served upon any responsible individual affiliated with the corporation, partnership, or association where the licensee is not an individual. The notice of suspension or revocation may be served by an inspector or other agent of the Department, must state the ground upon which it is based, and takes effect immediately upon personal service. The agent of the Secretary making service shall then or subsequently, as may be feasible under the circumstances, collect all license certificates and plates and other forms or records relating to the license as directed by the Secretary. It is unlawful for any licensee willfully to evade the personal service prescribed in this subsection.

534
(e) A licensee served with a notice of suspension or revocation may obtain an administrative review of the suspension or revocation by filing a petition for a contested case under G.S. 150B-23 within 20 days after receiving the notice. The only issue in the hearing shall be whether the licensee was convicted of a criminal offense for which a license must be suspended or revoked. A license remains suspended or revoked pending the final decision by the Secretary.

(f) If the Secretary refuses to reissue the license of or issue an additional license to an applicant whose license was revoked, the applicant may contest the decision by filing a petition for a contested case under G.S. 150B-23 within 20 days after the Secretary makes the decision. The Commission shall make the final agency decision in a contested case under this subsection. An applicant whose license is denied under this subsection may not reapply for the same license for at least six months.

(g) The Commission may adopt rules to provide for the disclosure of the identity of any individual or individuals in responsible positions of control respecting operations of any licensee that is not an individual. For the purposes of this section, individuals in responsible positions of control are deemed to be individual licensees and subject to suspension and revocation requirements in regard to any applications for license they may make – either as individuals or as persons in responsible positions of control in any corporation, partnership, or association. In the case of individual licensees, the individual applying for a license or licensed under this Article, Article 14B, or Article 25A of Chapter 113 of the General Statutes to take resources under the jurisdiction of the Marine Fisheries Commission must be the real party in interest.

(h) In determining whether a conviction is a second or subsequent offense under the provisions of this section, the Secretary may not consider convictions for:

(1) Offenses that occurred three years prior to the effective date of this Article; or

(2) Offenses that occurred more than three years prior to the time of the latest offense the conviction for which is in issue as a subsequent conviction.

No later than January 31 of each year, the Secretary of Environment and Natural Resources shall provide an annual report to the Department listing all environmental disqualifying events for which a final determination unfavorable to the taxpayer was made in the prior calendar year and shall provide the name of the taxpayer involved and the date that the disqualifying event occurred.

PART II: EXPAND TAX CREDITS FOR PRODUCTION COMPANIES

"SECTION 2.1. G.S. 105-130.47 reads as rewritten:

"§ 105-130.47. Credit for qualifying expenses of a production company.

(a) Definitions. – The following definitions apply in this section:

(1) Highly compensated individual. – An individual who directly or indirectly receives compensation in excess of one million dollars ($1,000,000) for personal services with respect to a single production. An individual receives compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

(2) Live sporting event. – A scheduled sporting competition, game, or race that is not originated by a production company, but originated solely by an amateur, collegiate, or professional organization, institution, or association for live or tape-delayed television or satellite broadcast. A live sporting event does not include commercial advertising, an episodic television series, a television pilot, a music video, a motion picture, or a documentary production in which sporting events are presented through archived historical footage or similar footage taken at least 30 days before it is used.

(3) Production company. – Defined in G.S. 105-164.3.

(4) Qualifying expenses. – The sum of the following amounts spent in this State by a production company in connection with a production, less the amount in excess of one million dollars ($1,000,000) paid to a highly compensated individual:

a. Goods and services leased or purchased. For goods with a purchase price of twenty-five thousand dollars ($25,000) or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.
b. Compensation and wages on which withholding payments are remitted to the Department of Revenue under Article 4A of this Chapter.

c. The cost of production-related insurance coverage obtained on the production. Expenses for insurance coverage purchased from a related member are not qualifying expenses.

d. Employee fringe contributions, including health, pension, and welfare contributions.

e. Per diems, stipends, and living allowances paid for work being performed in this State.

(5) Related member. – Defined in G.S. 105-130.7A.

(b) Credit. – A taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars ($250,000) with respect to a production is allowed a credit against the taxes imposed by this Part equal to fifteen percent (15%) twenty-five percent (25%) of the production company’s qualifying expenses. For the purposes of this section, in the case of an episodic television series, an entire season of episodes is one production. The credit is computed based on all of the taxpayer’s qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year.

(b1) Alternative Credit. – In lieu of the credit allowed under subsection (b) of this section, a taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars ($250,000) with respect to a production may elect to take a credit against the taxes imposed by this Part equal to twenty-five percent (25%) of the production company’s qualifying expenses less the difference between the amount of tax paid on purchases subject to the tax under G.S. 105-187.51 and the amount of sales or use tax that would have been due had the purchases been subject to the sales or use tax at the combined general rate, as defined in G.S. 105-164.3. The credit is computed based on all of the taxpayer’s qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The taxpayer shall elect whether to claim the credit allowed under this subsection or the one allowed under subsection (b) of this section at the time the taxpayer files the return on which the credit is claimed. This election is binding.

(c) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for a credit provided in this section does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming a credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, a credit allowed under this section does not affect the entity’s payment of tax on behalf of its owners.

(d) Return. – A taxpayer may claim a credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return must state the name of the production, a description of the production, and a detailed accounting of the qualifying expenses with respect to which a credit is claimed. The qualifying expenses are subject to audit by the Secretary before the credit is allowed.

(e) Credit Refundable. – If a credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(f) Limitations. – The amount of credit allowed under this section with respect to a production that is a feature film may not exceed seven hundred fifty thousand dollars ($750,000). No credit is allowed under this section for any production that satisfies one of the following conditions:
(1) It is political advertising.
(2) It is a television production of a news program or live sporting event.
(3) It contains material that is obscene, as defined in G.S. 14-190.1.
(4) It is a radio production.

(g) Substantiation. – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Secretary may consult with the North Carolina Film Office of the Department of Commerce and the regional film commissions in order to determine the amount of qualifying expenses.

(h) Report. – The Department of Revenue must publish by May 1 of each year the following information, itemized by taxpayer for the 12-month period ending the preceding December 31:

(1) The location of sites used in a production for which a credit was taken.
(2) The qualifying expenses for which a credit was taken, classified by whether the expenses were for goods, services, or compensation paid by the production company.
(3) The number of people employed in the State with respect to credits taken.
(4) The total cost to the General Fund of the credits taken.

(i) Repealed by Session Laws 2006-220, s. 2, effective for taxable years beginning on or after January 1, 2007.

(j) NC Film Office. – To claim a credit under this section, a taxpayer must notify the Division of Tourism, Film, and Sports Development in the Department of Commerce of the taxpayer's intent to claim the production tax credit. The notification must include the title of the production, the name of the production company, a financial contact for the production company, the proposed dates on which the production company plans to begin filming the production, and any other information required by the Division. For productions that have production credits, a taxpayer claiming a credit under this section must acknowledge in the production credits both the North Carolina Film Office and the regional film office responsible for the geographic area in which the filming of the production occurred.

..."

(9) For the support and services of the State Bureau of Investigation DNA Database and DNA Databank, the sum of two dollars ($2.00). (2) A multiple award schedule contract allows multiple vendors to compete and be awarded a contract based upon the value of their products or services.

(3) A properly administered multiple award schedule contract allows the State to evaluate vendors based on a variety of factors, including discounts, total life cycle costs, service, warranty, distribution channel, and past vendor performance.
(4) Under appropriate circumstances, multiple award schedule contracts result in competitive pricing, transparency, administrative savings, expedited procurement, and flexibility for State purchasers.

AN ACT TO DIRECT THE DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES AND THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO: (1) CONTINUE TO WORK WITH THE NORTH CAROLINA FARM BUREAU FEDERATION, OTHER AGRICULTURAL ORGANIZATIONS, AND FARMERS IN THE STATE TO DEVELOP A PLAN TO IDENTIFY AND REPORT AGRICULTURAL WATER INFRASTRUCTURE NEEDS; (2) ENCOURAGE VOLUNTARY PRACTICES THAT CONSERVE AND PROTECT WATER RESOURCES; AND (3) DESIGN A COST-SHARE PROGRAM TO ASSIST FARMERS AND AGRICULTURAL LANDOWNERS WHO IMPLEMENT BEST MANAGEMENT PRACTICES TO CONSERVE AND PROTECT WATER RESOURCES RELATED TO AGRICULTURAL USE, AS RECOMMENDED BY THE LEGISLATIVE STUDY COMMISSION ON WATER AND WASTEWATER INFRASTRUCTURE.

Whereas, North Carolina recognizes that water is our most basic and precious natural resource; and
Whereas, North Carolina has experienced several years of extreme drought over the past decade and will likely continue to experience extreme drought in the future; and
Whereas, North Carolina should identify and promote best management practices and leadership efforts in water efficiency and water conservation; and
Whereas, agriculture is one of the largest industries in the State, with an annual economic impact of over $70 billion each year and employing over 640,000 people; and
Whereas, agriculture suffers acutely from the effects of water scarcity and drought, while at the same time playing an important role in the sustainable management of available water resources; and
Whereas, farmers and agricultural landowners can play an important role in helping to protect current and future water resources; and
Whereas, the United States Environmental Protection Agency conducts an assessment of the national public water system capital improvement needs every four years as part of its Drinking Water Infrastructure Needs Survey and Assessment, but this survey does not consider agricultural water infrastructure needs; and
Whereas, the Department of Agriculture and Consumer Services, in conjunction with the Division of Soil and Water Conservation of the Department of Environment and Natural Resources, the North Carolina Farm Bureau Federation, other agricultural organizations, and farmers are currently in the process of developing a strategic plan for protecting agricultural water resources; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The Department of Agriculture and Consumer Services and the Division of Soil and Water Conservation of the Department of Environment and Natural Resources shall...
Resources shall continue to work with the North Carolina Farm Bureau Federation, other agricultural organizations, and farmers to develop a plan that will identify agricultural water infrastructure needs that are not accounted for in the surveys of water infrastructure needs conducted by the United States Environmental Protection Agency. The plan shall include the following:

1. A mechanism for reporting the results of the data gathered to the General Assembly in a manner that is helpful in assessing legislative and budgetary issues that the General Assembly may need to address.
2. Methods to identify current and future agricultural water-use needs and methods to ensure that those needs are met.
3. Methods to identify best management practices for water conservation and water efficiency by agricultural water users in the State.
4. A schedule to update the plan on a regular basis.

SECTION 3. The Department of Agriculture and Consumer Services and the Department of Environment and Natural Resources shall report to the Legislative Study Commission on Water and Wastewater Infrastructure by November 1, 2010, on the development of the plan to identify agricultural water infrastructure needs, the identification of best management practices for water conservation and water efficiency by agricultural water users in the State, and the design of the cost-share program. The report shall include the estimated costs of implementing the plan and cost-share program, the proposed methodology and time frame for implementing the plan and cost-share program, possible sources of funding for the cost-share program, and any legislative changes needed to implement the plan and cost-share program.

AN ACT TO REQUIRE A LOCAL GOVERNMENT THAT PROVIDES PUBLIC WATER SERVICE OR A COMMUNITY WATER SYSTEM TO REVISE ITS LOCAL WATER SUPPLY PLAN TO ADDRESS FORESEEABLE FUTURE WATER NEEDS WHEN EIGHTY PERCENT OF THE WATER SYSTEM'S AVAILABLE WATER SUPPLY HAS BEEN ALLOCATED OR WHEN SEASONAL DEMAND EXCEEDS NINETY PERCENT, AS RECOMMENDED BY THE LEGISLATIVE STUDY COMMISSION ON WATER AND WASTEWATER INFRASTRUCTURE.

The General Assembly of North Carolina enact:

SECTION 1. G.S. 143-355(l) reads as rewritten:

The Department shall provide technical assistance with the preparation of plans to
units of local government and large community water systems upon request and to the extent
that the Department has resources available to provide assistance. At a minimum, each unit of
local government and large community water system shall include in local water supply plans
all information that is readily available to it. Plans shall include present and projected
population, industrial development, and water use within the service area; present and future
water supplies; an estimate of the technical assistance that may be needed at the local level to
address projected water needs; current and future water conservation and water reuse programs;
a description of how the local government or large community water system will respond to
drought and other water shortage emergencies and continue to meet essential public water
supply needs during the emergency; and any other related information as the Department may
require in the preparation of a State water supply plan. A unit of local government or large
community water system shall submit a revised plan that specifies how the water system
intends to address foreseeable future water needs when eighty percent (80%) of the water
system's available water supply based on calendar year average daily demand has been
allocated to current or prospective water users or the seasonal demand exceeds ninety percent
(90%). Local plans shall be revised to reflect changes in relevant data and projections at least
once each five years unless the Department requests more frequent revisions. The revised plan

Session Law 2010-151 H.B. 1744

AN ACT TO MODIFY THE COMMON CRITERIA APPLICABLE TO LOANS AND
GRANTS FOR WATER AND WASTEWATER INFRASTRUCTURE PROJECTS TO:
(1) CLARIFY THAT LEAKING WATERLINES ARE A PRIORITY FOR BOTH
WATER QUANTITY AND WATER QUALITY PURPOSES; (2) INCLUDE ASSET
MANAGEMENT PLANNING, REGIONALIZATION, STATE WATER SUPPLY
PLANNING, AND DROUGHT MANAGEMENT IN THE LIST OF COMMON
CRITERIA THAT RECEIVE PRIORITY FOR FUNDING; (3) ESTABLISH A SLIDING
SCALE SYSTEM FOR DETERMINING THE PRIORITY GIVEN TO PROJECTS THAT
EXCEED THE HIGH-UNIT-COST THRESHOLD; AND (4) PROVIDE THAT A
PROJECT THAT DEMONSTRATES IT IS NOT FEASIBLE TO REGIONALIZE
SHALL BE GIVEN THE SAME PRIORITY AS A PROJECT THAT INCLUDES
REGIONALIZATION, AS RECOMMENDED BY THE LEGISLATIVE STUDY
COMMISSION ON WATER AND WASTEWATER INFRASTRUCTURE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159G-20 is amended by adding a new subdivision to read:
"(28) Asset management plan. – The strategic and systematic application of
management practices applied to the infrastructure assets of a local
government unit in order to minimize the total costs of acquiring, operating,
maintaining, improving, and replacing the assets while at the same time
maximizing the efficiency, reliability, and value of the assets."

SECTION 2. G.S. 159G-23 reads as rewritten:
"§ 159G-23. Common criteria for loan or grant from Wastewater Reserve or Drinking Water Reserve.

The criteria in this section apply to a loan or grant from the Wastewater Reserve or the Drinking Water Reserve. The Division of Water Quality and the Division of Environmental Health must each establish a system of assigning points to applications based on the following criteria:

(1) Public necessity. – An applicant must explain how the project promotes public health and protects the environment. A project that improves a system that is not in compliance with permit requirements or is under orders from the Department, enables a moratorium to be lifted, or replaces failing septic tanks with a wastewater collection system has priority.

(2) Effect on impaired waters. – A project that improves designated impaired waters of the State has priority.

(3) Efficiency. – A project that achieves efficiencies in meeting the State's water infrastructure needs or reduces vulnerability to drought consistent with Part 2A of Article 21 and Article 38 of Chapter 143 of the General Statutes by one of the following methods has priority:
   a. The combination of two or more wastewater or public water systems into a regional wastewater or public water system by merger, consolidation, or another means.
   b. Conservation or reuse of water, including bulk water reuse facilities and waterlines to supply reuse water for irrigation and other approved uses.
   c. Construction of an interconnection between water systems intended for use in drought or other water shortage emergency.
   d. Repair or replacement of leaking waterlines to improve water conservation and efficiency or to prevent contamination.
   e. Replacement of meters and installation of new metering systems.

(4) Comprehensive land-use plan. – A project that is located in a city or county that has adopted or has taken significant steps to adopt a comprehensive land-use plan under Article 18 of Chapter 153A of the General Statutes or Article 19 of Chapter 160A of the General Statutes has priority over a project located in a city or county that has not adopted a plan or has not taken steps to do so. The existence of a plan has more priority than steps taken to adopt a plan, such as adoption of a zoning ordinance. A plan that exceeds the minimum State standards for protection of water resources has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. A land-use plan is not considered a comprehensive land-use plan unless it has provisions that protect existing water uses and ensure compliance with water quality standards and classifications in all waters of the State affected by the plan.

(5) Flood hazard ordinance. – A project that is located in a city or county that has adopted a flood hazard prevention ordinance under G.S. 143-215.54A has priority over a project located in a city or county that has not adopted an ordinance. A plan that exceeds the minimum standards under G.S. 143-215.54A for a flood hazard prevention ordinance has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. If no part of the service area of a project is located within the 100-year floodplain, the project has the same priority under this subdivision as if it were located in a city or county that has adopted a flood hazard prevention ordinance. The most recent maps
prepared pursuant to the National Flood Insurance Program or approved by the Department determine whether an area is within the 100-year floodplain.

(6) Sound management. – A project submitted by a local government unit that has demonstrated a willingness and ability to meet its responsibilities through sound fiscal policies and efficient operation and management has priority.

(6a) Asset management plan. – A project submitted by a local government unit with more than 1,000 service connections that has developed and is implementing an asset management plan has priority over a project submitted by a local government unit with more than 1,000 service connections that has not developed or is not implementing an asset management plan.

(7) Capital improvement plan. – A project that implements the applicant's capital improvement plan for the wastewater system or public water system it manages has priority over a project that does not implement a capital improvement plan. To receive priority, a capital improvement plan must set out the applicant's expected water infrastructure needs for at least 10 years.

AN ACT TO REQUIRE TRAINING OF OPERATORS OF UNDERGROUND STORAGE TANKS IN ORDER TO COMPLY WITH A REQUIREMENT OF THE FEDERAL ENERGY POLICY ACT OF 2005, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.94KK through G.S. 143-215.94MM are reserved for future codification purposes.

SECTION 2. Article 21A of Chapter 143 of the General Statutes is amended by adding a new Part to read:

§ 143-215.94NN. Applicability.

§ 143-215.94OO. Definitions.
Unless a different meaning is required by the context, the definitions in G.S. 143-212 and G.S. 143-215.94A apply in this Part.

(1) "Primary operator" means a person having primary responsibility for the daily on-site operation and maintenance of an underground storage tank system.

(2) "Emergency response operator" means an on-site person whose responsibilities include addressing emergencies presented by a spill or release, or responding to alarms or releases from an underground storage tank system. For an unmanned facility, "emergency response operator" means the person responsible for responding to emergencies or alarms or releases at the facility.

(3) "Underground storage tank" means: (i) any one or combination of tanks (including underground pipes connected thereto) that is used to contain an accumulation of regulated substances, and the volume of which (including the volume of the underground pipes connected thereto) is ten percent (10%) or more beneath the surface of the ground; and (ii) to which this Part applies pursuant to G.S. 143-215.94NN.

(4) "Underground storage tank system" or "tank system" means an underground storage tank, connected underground piping, underground ancillary equipment, dispenser, and containment system, if any.

§ 143-215.94PP. Designation of operators to be trained.
(a) The owner of an underground storage tank system shall designate the primary operator of the underground storage tank system. The person designated shall be the underground storage tank operator, as defined in 40 Code of Federal Regulations Part 280 (July 1, 2009 Edition), or an employee or agent of the underground storage tank operator. There shall be a designated primary operator of the underground storage tank system at all times, until the underground storage tank system has been permanently closed. If the owner fails to designate a primary operator, the owner shall be deemed to be the primary operator of the underground storage tank system for purposes of this Part.

(b) The primary operator shall designate one or more emergency response operators who are employees or agents of the primary operator and shall be on call to respond to emergencies or alarms at the facility. If an emergency response operator is not present at the

577
facility at all times during which a regulated substance is being withdrawn from, or is capable
of being withdrawn from, the underground storage tank system, the facility shall have an
automated notification system in place that will alert the emergency response operator of an
emergency or activated alarm at the facility. If the primary operator fails to designate one or
more emergency response operators, the primary operator shall be deemed to be the emergency
response operator of the underground storage tank system.

(c) A person may act as both the primary operator and the emergency response operator
of the underground storage tank system.

§ 143-215.94QQ. Training requirements for primary operators.

(a) The Department shall develop and implement a training program for primary
operators. The training program shall provide instruction on the proper operation and
maintenance of the underground storage tank system at the facility, principles of construction
and safety, and all regulatory requirements associated with the underground storage tank
system. The training may consist of a combination of on-site instruction and on-site testing, as
well as online instruction and online testing. In order to satisfactorily complete the training, a
primary operator shall, at a minimum, demonstrate all of the following:

(1) Knowledge of the requirements for spill prevention, overfill prevention,
release detection, corrosion protection, emergency response, and product
compatibility.

(2) Site-specific knowledge of the equipment used at the facility and the
components of the underground storage tank system, and the methods of
release detection and release prevention associated with the underground
storage tank components.

(3) Knowledge of the requirements for demonstrating financial responsibility.

(4) Understanding of notification requirements associated with the underground
storage tank system, including requirements for reporting releases and
suspected releases.

(5) Understanding of the requirements for the temporary and permanent closure
of underground storage tank systems.

(6) Knowledge of the emergency response operator training requirements, and
the actions to be taken in response to emergencies and alarms.

(b) A primary operator shall be retrained if an inspection at the facility reveals that the
underground storage tank system is not in substantial compliance with the requirements for:
release detection, release prevention, financial responsibility, emergency response, suspected
release reporting and investigation, the proximity of the underground storage tank system to
water supply wells and surface water, and permitting. A primary operator who is required to be
retrained shall complete the retraining within a reasonable time as determined by the
Department. The retraining shall include training in the areas for which the underground
storage tank system was not in compliance. The retraining may consist of a combination of
on-site instruction and on-site testing, as well as in-class instruction and in-class testing, and, if
available, the Department shall offer online instruction and online testing in lieu of in-class
instruction and in-class testing. In-class instruction shall be provided by the Department at least
once each quarter in each one of the regional offices of the Department. An operator required to
be retrained pursuant to this subsection shall only be required to attend in-class instruction and
in-class testing at the regional office closest to the facility for which the operator is designated.

(c) The primary operator shall maintain documentation to show that the operator has
satisfactorily completed all training required by this section.

§ 143-215.94RR. Training requirements for emergency response operators.

(a) The Department shall develop a training program for emergency response operators.
In order to satisfactorily complete the training, an emergency response operator shall, at a
minimum, demonstrate all of the following:
(1) General understanding of the underground storage tank system at the facility and knowledge of the location and proper operation of the safety and emergency response equipment.

(2) Understanding of the actions to be taken in response to an emergency, including situations posing an immediate danger or threat to the public or to the environment and requiring immediate action.

(3) Understanding of leak detection alarms and preparations needed to respond to alarms before a release has occurred.

(4) Recognition of unusual operating conditions, equipment failures, or environmental conditions that may indicate a release, and knowledge of the steps to take in response to a suspected release.

(5) Knowledge of immediate steps to take in response to a confirmed release to stop further release and to contain spills before they reach the environment.

(b) The primary operator is responsible for implementing the training program developed by the Department for emergency response operators. The primary operator shall train each emergency response operator of the underground storage tank system at the facility. Prior to training an emergency response operator, the primary operator shall have satisfactorily completed all training required by this section. The primary operator shall maintain documentation of training provided to emergency response operators.

§ 143-215.94SS. Tank systems for emergency power generators.
This section applies only to a facility that utilizes an underground storage tank system to store fuel solely for use by emergency power generators. A primary operator that has satisfactorily completed the training required by G.S. 143-215.94QQ at a facility shall be deemed trained as the primary operator at another facility that has identical spill prevention, overfill prevention, release detection, corrosion protection, emergency response, and product compatibility requirements as the facility for which the primary operator has satisfactorily completed training.

§ 143-215.94TT. Enforcement.
This Part may be enforced as provided in G.S. 143-215.94W, 143-215.94X, and 143-215.94Y.

§ 143-215.94UU. Effect on other laws.
The requirements of this Part are in addition to, and not in lieu of, any other requirements applicable to underground storage tank owners or operators, as defined in 40 Code of Federal Regulations Part 280 (July 1, 2009 Edition), under law."

SECTION 3. On or before August 1, 2012, the Department shall develop an online instruction and online testing module for the retraining requirement set forth in G.S. 143-215.94QQ(b), as enacted by Section 2 of this act. Once developed, the Department shall offer the online instruction and online testing module in lieu of in-class instruction and in-class testing to satisfy the requirement.

SECTION 4. Notwithstanding G.S. 143-215.94PP, as enacted by Section 2 of this act, each owner of an underground storage tank system shall designate a primary operator or emergency response operator no later than August 1, 2010, or the owner shall be deemed to be the primary operator and emergency response operator of the underground storage tank system. Each designated primary operator and emergency response operator shall complete the training required by this section no later than August 8, 2012. For primary operators designated after August 8, 2012, the owner shall notify the Department of the designation, and the primary operator shall be trained within 30 days after assuming operation and maintenance responsibilities for the underground storage tank system. After August 8, 2012, no person may assume the responsibilities of emergency response operator without having first satisfactorily completed emergency response operator training, and the primary operator shall ensure that no person assumes the responsibilities of emergency response operator unless the person has satisfactorily completed emergency response operator training.

SECTION 5. G.S. 143-215.94E(c) reads as rewritten:
"(c) In the case of a discharge or release from a noncommercial underground storage tank or a commercial underground storage tank eligible for the Noncommercial Fund in accordance with G.S. 143-215.94D(b), where the owner or operator has been identified and has proceeded with the cleanup, the owner or operator may elect to have the Noncommercial Fund pay or reimburse the owner or operator for the any costs described in G.S. 143-215.94D(b1) up to a maximum of one million dollars ($1,000,000) per discharge or release."

SECTION 6. G.S. 143-215.94E(c1) reads as rewritten:

"(c1) In the case of a discharge or release from a noncommercial underground storage tank where the owner and operator cannot be identified or located, or where the owner and operator fail to proceed as required by subsection (a) of this section, if the current landowner of the land in which the noncommercial underground storage tank is located notifies the Department in accordance with G.S. 143-215.85 and undertakes to collect and remove the discharge or release and to restore the area affected in accordance with the requirements of this Article and applicable federal and State laws, regulations, and rules, the current landowner may elect to have the Noncommercial Fund pay or reimburse the current landowner for ninety percent (90%) of any costs described in subdivisions (1) and (2) of G.S. 143-215.94D(b1) that exceed five thousand dollars ($5,000). G.S. 143-215.94D(b1). Eligibility for reimbursement under this subsection may be transferred to a subsequent landowner from a current landowner who has paid the costs for which the landowner is responsible under this subsection. The sum of payments from the Noncommercial Fund and from all other sources shall not exceed one million dollars ($1,000,000) per discharge or release. This subsection shall not be construed to require a current landowner to clean up a discharge or release of petroleum from an underground storage tank for which the current landowner is not otherwise responsible. This subsection does not alter any right, duty, obligation, or liability of a current landowner, former landowner, subsequent landowner, owner, or operator under other provisions of law. This subsection shall not be construed to limit the authority of the Department to engage in a cleanup under this Article or any other provision of law. The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(b)."

This finding includes and applies to conjunctive facilities that require the relocation of a discharge from one receiving stream to another under all of the following conditions:

(1) The relocation is necessary to create an approved comprehensive wastewater reuse program.
(2) The reuse program provides significant reuse benefits.
(3) The relocated discharge will comply with all applicable water quality standards; will not result in degradation of water quality in the receiving waters; will not contribute to water quality impairment in the receiving watershed; and will result in net benefits to water quality, such as the elimination of a wastewater discharge in a nutrient sensitive river basin."

(b) Term. – A member's term is four years. No member may serve more than two terms. Members remain in office until their successors are appointed and qualified. Vacancies are filled in the same manner as the original appointment. The Governor may remove any member for misfeasance, malfeasance, or nonfeasance in accordance with G.S. 143B-13(d).

SECTION 2.(b) Other than the positions removed by this act or individuals prohibited from serving on the Board due to duplicate representation prohibited by this act, the existing members of the 911 Board shall continue to serve until the expiration of their original terms. An existing member may not be reappointed to the Board if he or she has served two terms on the 911 Board.

SECTION 3. G.S. 62A-42 reads as rewritten:

"§ 62A-42. Powers and duties of the 911 Board.

(a) Duties. – The 911 Board has the following powers and duties:

(4) To establish policies and procedures to fund advisory services and training for PSAPs, to set operating standards for PSAPs, and to provide funds in accordance with these policies, procedures, and standards.

(6a) To use funds available to the 911 Board under G.S. 62-47 to pay its obligations incurred for statewide 911 projects.

(8a) To design, create, or acquire printed or Web-based public education materials regarding the proper use of 911.

(9) To adopt rules to implement this Article. This authority does not include the regulation of any enhanced 911 service, such as the establishment of technical standards, standards for telecommunications service providers to deliver 911 voice and data.

(b) Prohibition. – In no event shall the 911 Board or any other State agency lease, construct, operate, or own a communications network for the purpose of providing 911 service. The 911 Board may pay private sector vendors for provisioning a network for the purpose of providing 911 service."

SECTION 4. G.S. 62A-43(d) reads as rewritten:

"(d) Adjustment of Charge. – The 911 Board must monitor the revenues generated by the service charge. If the 911 Board determines that the rate produces revenue that exceeds or is less than in excess of the amount needed, the 911 Board must reduce or adjust the rate. The
reduced rate must ensure full cost recovery for voice communications service providers and for primary PSAPs over a reasonable period of time. A change in the amount of the rate becomes effective only on July 1 of an even numbered year. The 911 Board must notify providers of a change in the rate at least 90 days before the change becomes effective."

SECTION 5. G.S. 62A-44(b) reads as rewritten:

"(b) Allocation of Revenues. – The 911 Board may deduct and retain for its administrative expenses up to one percent (1%) a percentage of the total service charges remitted to it under G.S. 62A-43 for deposit in the 911 Fund. The percentage may not exceed two percent (2%). The percentage is one percent (1%) unless the 911 Board sets the percentage at a different amount. The 911 Board must monitor the amount of funds required to meet its financial commitment to provide technical assistance to primary PSAPs and set the rate at an amount that enables the 911 Board to meet this commitment. The remaining revenues remitted to the 911 Board for deposit in the 911 Fund are allocated as follows:

1. A percentage of the funds remitted by CMRS providers to the 911 Fund are allocated for reimbursements to CMRS providers pursuant to G.S. 62A-45.

2. A percentage of the funds remitted by CMRS providers and all funds remitted by all other voice communications service providers are allocated for monthly distributions to primary PSAPs pursuant to G.S. 62A-46 and grants to PSAPs pursuant to G.S. 62A-47.

3. The percentage of the funds remitted by CMRS providers allocated to CMRS providers and PSAPs shall be set by the 911 Board and may be adjusted by the 911 Board as necessary to ensure full cost recovery for CMRS providers and, to the extent there are excess funds, for distributions to primary PSAPs."

SECTION 6. G.S. 62A-45(c) reads as rewritten:

"(c) Grant Reallocation. – If the amount of reimbursements to CMRS providers by the 911 Board for a fiscal year is less than the amount of funds allocated for reimbursements to CMRS providers for that fiscal year, the 911 Board may reallocate part or all of the excess amount to the PSAP Grant and Statewide 911 Projects Account established under G.S. 62A-47. The 911 Board may reallocate funds under this subsection only once each calendar year and may do so only within the three-month period that follows the end of the fiscal year. If the 911 Board reallocates more than a total of three million dollars ($3,000,000) to the PSAP Grant and Statewide 911 Projects Account in a calendar year, it must consider reducing the amount of the service charge in G.S. 62A-44 to reflect more accurately the underlying costs of providing 911 system services.

The 911 Board must make the following findings before it reallocates funds to the PSAP Grant and Statewide 911 Projects Account:

1. There is a critical need for additional funding for PSAPs in rural or high-cost areas to ensure that enhanced 911 service is deployed throughout the State.

2. The reallocation will not impair cost recovery by CMRS providers.

3. The reallocation will not result in the insolvency of the 911 Fund."

SECTION 7.(a) G.S. 62A-46(a) reads as rewritten:

"(a) Monthly Distribution. – The 911 Board must make monthly distributions to primary PSAPs from the amount allocated to the 911 Fund for PSAPs. A PSAP is not eligible for a distribution under this section unless it provides enhanced 911 service and received distributions from the 911 Board in the 2008-2009 fiscal year. The Board must comply with all of the following:

1. Administration. – The Board must notify PSAPs of the estimated distributions no later than December 31 of each year. The Board must determine actual distributions no later than June 1 of each year. The Board must determine a method for establishing distributions that is equitable and sustainable and that ensures distributions for eligible operating costs and anticipated increases for all funded PSAPs. The Board must establish a
formula to determine each PSAP's base amount. The formula must be determined and published to PSAPs in the first quarter of the fiscal year preceding the fiscal year in which the formula is used. The Board may not change the funding formula for the base amount more than once every year.

(2) Reports. – The Board must report to the Joint Legislative Commission on Governmental Operations, the Revenue Laws Study Committee, and the Joint Legislative Utility Review Committee within 45 days of a change in the funding formula. The report must contain a description of the differences in the old and new formulas and the projected distributions to each PSAP from the new formula.

(3) Formula. – The funding formula established by the Board must consider all of the following:
   a. The population of the area served by a PSAP.
   b. PSAP reports and budgets, disbursement histories, and historical costs.
   c. PSAP operations, 911 technologies used by the PSAP, compliance with operating standards of the 911 Board, level of service a PSAP delivers dispatching fire, emergency medical services, law enforcement, and Emergency Medical Dispatch.
   d. The tier designation of the county in which the PSAP is located as designated in G.S. 143B-437.08.
   e. Any interlocal government funding agreement between a primary PSAP and a secondary PSAP, if the secondary PSAP was in existence as of June 1, 2010, receives funding under the agreement, and is within the service area of the primary PSAP.
   f. Any other information the Board considers relevant.

(4) Additional distributions. – In the first quarter of the Board's fiscal year, the Board must determine whether payments to PSAPs during the preceding fiscal year exceeded or were less than the eligible costs incurred by each PSAP during the fiscal year. If a PSAP receives less than its eligible costs in any fiscal year, the Board may increase a PSAP's distribution in the following fiscal year above the base amount as determined by the formula to meet the estimated eligible costs of the PSAP as determined by the Board. The Board may not distribute less than the base amount to each PSAP except as provided in subsection (b1) of this section. The Board must provide a procedure for a PSAP to request a reconsideration of its distribution or eligible expenses.

The amount to be distributed to each primary PSAP is the sum of the following:

(1) The PSAP's base amount. – The PSAP's base amount is the amount the PSAP received in the fiscal year ending June 30, 2007, and deposited in the Emergency Telephone System Fund of its local governing entity, as reported to the State Treasurer's Office, Local Government Division.

(2) The PSAP's per capita amount. – The PSAP's per capita amount is the PSAP's per capita share of the amount designated by the Board under subsection (b) of this section for the per capita distribution. The 911 Board must use the most recent population estimates certified by the State Budget Officer in making the per capita distribution under this subdivision. A PSAP is not eligible for a distribution under this subdivision unless it provides enhanced 911 service.

SECTION 7.(b) G.S. 62A-46 is amended by adding a new subsection to read:

"(b1) Carryforward. – A PSAP may carry forward distributions for eligible expenditures for capital outlay, capital improvements, or equipment replacement. Amounts carried forward to the next fiscal year from distributions made by the 911 Board may not be used to lower the
distributions in subsection (a) of this section unless the amount is greater than twenty percent (20%) of the average yearly amount distributed to the PSAP in the prior two years. The 911 Board may allow a PSAP to carry forward a greater amount without changing the PSAP's distribution.

SECTION 7.(c) G.S. 62A-46(c) reads as rewritten:

"(c) Use of Funds. – A PSAP that receives a distribution from the 911 Fund may not use the amount received to pay for the lease or purchase of real estate, cosmetic remodeling of emergency dispatch centers, hiring or compensating telecommunicators, or the purchase of mobile communications vehicles, ambulances, fire engines, or other emergency vehicles. Distributions received by a PSAP may be used only to pay for the following:

(1) The lease, purchase, or maintenance of emergency telephone equipment, including necessary computer hardware, software, and database provisioning, addressing, and nonrecurring costs of establishing a 911 system of:
   a. Emergency telephone equipment, including necessary computer hardware, software, and database provisioning.
   b. Addressing.
   c. Telecommunicator furniture.
   d. Dispatch equipment located exclusively within a building where a PSAP is located, excluding the costs of base station transmitters, towers, microwave links, and antennae used to dispatch emergency call information from the PSAP.

(1a) The nonrecurring costs of establishing a 911 system.

(2) Expenditures for in-State training of 911 personnel regarding the maintenance and operation of the 911 system. Allowable training expenses include the cost of transportation, lodging, instructors, certifications, improvement programs, quality assurance training, and training associated with call taking, and emergency medical, fire, or law enforcement procedures, procedures, and training specific to managing a PSAP or supervising PSAP staff. Training outside the State is not an eligible expenditure unless the training is unavailable in the State or the PSAP documents that the training costs are less if received out-of-state. Training specific to the receipt of 911 calls is allowed only for intake and related call taking quality assurance and improvement. Instructor certification costs and course required prerequisites, including physicals, psychological exams, and drug testing, are not allowable expenditures.

..."

SECTION 7.(d) G.S. 62A-46(e) is amended by adding a new subdivision to read:

"(5) A primary PSAP must comply with the rules, policies, procedures, and operating standards for primary PSAPs adopted by the 911 Board."

SECTION 7.(e) Subsection (a) of this section becomes effective July 1, 2010, and applies to distributions by the Board in fiscal years beginning in 2011. Subsection (b) of this section becomes effective July 1, 2011, and applies to distributions made on or after that date. Subsection (d) of this section becomes effective July 1, 2011.

SECTION 8. G.S. 62A-47 reads as rewritten:

"§ 62A-47. PSAP Grant and Statewide 911 Projects Account.

(a) Account Established. – A PSAP Grant and Statewide 911 Projects Account is established within the 911 Fund for the purpose of making grants to PSAPs in rural and other high-cost areas and funding projects that provide statewide benefits for 911 service. The Account consists of revenue allocated by the 911 Board under G.S.62A-45(c) and G.S. 62A-46.

(b) Grant Application. – A PSAP may apply to the 911 Board for a grant from the PSAP Grant Account. An application must be submitted in the manner prescribed by the 911
Board. The 911 Board may approve a grant application and enter into a grant agreement with a PSAP if it determines all of the following:

1. The costs estimated in the application are reasonable and have been or will be incurred for the purpose of promoting a cost-effective and efficient 911 system.
2. The expenses to be incurred by the applicant are consistent with the 911 State Plan.
3. There are sufficient funds available in the fiscal year in which the grant funds will be distributed.
4. The costs are authorized PSAP costs under G.S. 62A-46(c), or the costs are for consolidating one or more PSAPs with a primary PSAP, or the relocation costs of primary PSAPs, including costs not authorized under G.S. 62A-46(c) and construction costs.

(c) Grant Agreement. – A grant agreement between the 911 Board and a PSAP must include the purpose of the grant, the time frame for implementing the project or program funded by the grant, the amount of the grant, and a provision for repaying grant funds if the PSAP fails to comply with any of the terms of the grant. The amount of the grant may vary among grantees. If the grant is intended to promote the deployment of enhanced 911 service in a rural area of the State, the grant agreement must specify how the funds will assist with this goal. The 911 Board must publish one or more notices each fiscal year advertising the availability of grants from the PSAP Grant and Statewide 911 Projects Account and detailing the application process, including the deadline for submitting applications, any required documents specifying costs, either incurred or anticipated, and evidence demonstrating the need for the grant. Any grant funds awarded to PSAPs under this section are in addition to any funds reimbursed under G.S. 62A-46.

(d) Statewide 911 Projects. – The 911 Board may use funds from the Account for a statewide project if the Board determines the project meets all of the following requirements:

1. The project is consistent with the 911 plan.
2. The project is cost-effective and efficient when compared to the aggregated costs incurred by primary PSAPs for implementing individual projects.
3. The project is an eligible expense under G.S. 62A-46(c).
4. The project will have statewide benefit for 911 service.

SECTION 9. Fifty percent (50%) of funds in the Emergency Telephone System Fund on the effective date of this act may be used by the local government entity to provide for public safety needs, including costs that are not eligible expenses under G.S. 62A-46. The expenditures must be made in fiscal years 2010-2011 and 2011-2012. A local governing entity is not relieved of any prior obligation incurred for uses authorized by G.S. 62A-46. All other funds in the Emergency Telephone System Fund must be used for eligible expenses under Article 3 of Chapter 62A of the General Statutes.

SECTION 10. The House Select Committee on the Use of 911 Funds shall study the funding of secondary PSAPs and whether secondary PSAPs should be eligible to receive distributions from the 911 Board.

SECTION 11.(a) G.S. 66-359 is repealed.

SECTION 11.(b) G.S. 105-164.44I(b) reads as rewritten:

"(b) Supplemental PEG Channel Support. – G.S. 105-164.44J sets out the requirements for receipt by a county or city of supplemental PEG channel support funds distributed under this subsection. The Secretary must include the applicable amount of supplemental PEG channel support in each quarterly distribution to a county or city. The amount to include is one-fourth of twenty-five thousand dollars ($25,000) for each qualifying
PEG channel certified by the county or city under G.S. 105-164.44J. A county or city may not receive PEG channel support under this subsection for more than three qualifying PEG channels.

The amount of money distributed under this subsection may not exceed two million dollars ($2,000,000) in a fiscal year, plus the amount of any funds returned to the Secretary in the prior fiscal year under G.S. 105-164.44J(d). If the amount to be distributed for qualifying PEG channels in a fiscal year would otherwise exceed this maximum amount, the Secretary must proportionately reduce the applicable amount distributable for each PEG channel. If the amount to be distributed for qualifying PEG channels in a fiscal year is less than this maximum amount, the Secretary must credit the excess amount to the PEG Channel Fund established in G.S. 66-359. For purposes of this subsection, the term "qualifying PEG channel" has the same meaning as in G.S. 105-164.44J."

SECTION 11.(c) G.S. 105-164.44J(b) reads as rewritten:

"(b) Certification. – A county or city must certify to the Secretary by July 15 of each year all of the qualifying PEG channels provided for its use during the preceding fiscal year by a cable service provider under either G.S. 66-357 or an existing agreement. A county or city may not certify more than three qualifying PEG channels. The certification must include all of the following:
(1) An identification of each channel as a public, an education, or a government channel.
(2) The name and signature of the PEG channel operator for each channel. If a qualifying PEG channel has more than one PEG channel operator, the county or city must include the name of each operator of the PEG channel. A PEG channel operator may be included on the certification of only one county or city for each type of PEG channel that it operates.
(3) Any other information required by the Secretary."

SECTION 11.(d) Subsection (b) of this section becomes effective July 1, 2011, and applies to distributions made on or after July 1, 2011, for quarters starting on or after April 1, 2011.

SECTION 12. Unless otherwise provided, this act becomes effective July 1, 2010. In the General Assembly read three times and ratified this the 9th day of July, 2010. Became law upon approval of the Governor at 1:17 p.m. on the 23rd day of July, 2010.

(b) If a change of placement occurs under the discipline regulations of IDEA, a local educational agency shall not assign a student to homebound instruction without a determination
by the student's IEP team that the homebound instruction is the least restrictive alternative environment for that student. If it is determined that the homebound instruction is the least restrictive alternative environment for the student, the student's IEP team shall meet to determine the nature of the homebound educational services to be provided to the student. In addition, the continued appropriateness of the homebound instruction shall be evaluated monthly by the designee or designees of the student's IEP team.

(c) **(Effective January 1, 2009, and expires March 1, 2011 – see notes)** A local educational agency shall be deemed to have a "basis of knowledge" that a child is a child with a disability if, prior to the behavior that precipitated the disciplinary action, the behavior and performance of the child clearly and convincingly establishes the need for special education. Prior disciplinary infractions shall not, standing alone, constitute clear and convincing evidence."

SECTION 2. G.S. 115C-391 reads as rewritten:

"§ 115C-391. Corporal punishment, suspension, or expulsion of pupils."

(a) Local boards of education shall adopt policies not inconsistent with the provisions of the Constitutions of the United States and North Carolina, governing the conduct of students and establishing procedures to be followed by school officials in suspending or expelling any student, or in disciplining any student if the offensive behavior could result in suspension, expulsion, or the administration of corporal punishment. Local boards of education shall include a reasonable dress code for students in these policies.

The policies that shall be adopted for the administration of corporal punishment shall include at a minimum the following conditions:

1. Corporal punishment shall not be administered in a classroom with other students present.

4. An appropriate school official shall provide the student's parent or guardian with notification that corporal punishment has been administered, and upon request, the official who administered the corporal punishment shall provide the student's parent or guardian a written explanation of the reasons and the name of the second school official who was present.
5. Corporal punishment shall not be administered on a student who is a child with a disability as defined in G.S. 115C-106.3(1) or on a student with a disability who is covered under section 504 of the federal Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, whose parent or guardian has stated in writing that corporal punishment shall not be administered on that student. Parents and guardians shall be given a form to make such an election at the beginning of the school year or when the student first enters the school during the year. If a parent or guardian has not submitted in writing that corporal punishment shall not be used on the student, then the form shall be presented to the parent or guardian at the first individualized education program or section 504 plan meeting held during the school year.

Each local board shall publish all the policies mandated by this subsection and make them available to each student and his or her student's parent or guardian at the beginning of each school year. SECTION 1. G.S. 115C-325(o) reads as rewritten:

A purchaser's right to exercise an option to purchase property under an option contract cannot be forfeited unless a breach has occurred in one or more of the purchaser's express obligations under the option contract and the option contract provides that as a result of such breach the seller is entitled to forfeit the contract. Notwithstanding any option contract or covered lease agreement provisions to the contrary, the purchaser's rights shall not be forfeited until the purchaser has been notified of the intent to forfeit in accordance with G.S. 47G-5 and been given a right to cure the default and has failed to do so within the time period allowed.

If, at any time prior to the expiration of the time period in which the option purchaser has a right to exercise the option to purchase, a default occurs on a loan secured by a mortgage, security interest, or other lien on the property, the option purchaser may elect to exercise the option or cancel and rescind the contract and, in addition to any other remedies available at law or equity, seek the immediate return of all money paid by the option purchaser. If the purchaser elects to rescind the contract, the seller is entitled to an offset of an amount equal to the fair rental value of the use of the property during the duration of the purchaser's possession of the property plus an amount necessary to compensate the seller for any damages caused to the property by the purchaser beyond normal wear and tear.

An option purchaser may bring an action for the recovery of damages, to void a transaction executed in violation of this Chapter, as well as for declaratory or equitable relief for a violation of this Chapter. The rights and remedies provided herein are cumulative to, and not a limitation of, any other rights and remedies provided by law or equity. The issuance of notes under this Part shall not directly or indirectly or contingently obligate the State or any of its political subdivisions to levy or to pledge any form of taxation whatever or to make any appropriation for their payment."

The said Department of Transportation is vested with the following powers:

(40) To expand public access to coastal waters in its road project planning and construction programs. The Department shall work with the Wildlife Resources Commission, other State agencies, and other government entities to address public access to coastal waters along the roadways, bridges, and other transportation infrastructure owned or maintained by the Department. The Department shall adhere to all applicable design standards and guidelines in implementation of this enhanced access. The Department shall report on its progress in expanding public access to coastal waters to the Joint Legislative Commission on Seafood and Aquaculture and to the Joint Legislative Transportation Oversight Commission no later than March 1 of each year.

SECTION 9. G.S. 136-28.4 reads as rewritten:

"§ 136-28.4. State policy concerning participation by disadvantaged minority-owned and women-owned businesses in highway transportation contracts.

(a) It is the policy of this State, based on a compelling governmental interest, to encourage and promote participation by disadvantaged minority-owned and women-owned businesses in contracts let by the Department pursuant to this Chapter for the planning, design, preconstruction, construction, alteration, or maintenance of State highways, roads, streets, or bridges transportation infrastructure and in the procurement of materials for these projects. All State agencies, institutions, and political subdivisions shall cooperate with the Department of Transportation and among themselves in all efforts to conduct outreach and to encourage and promote the use of disadvantaged minority-owned and women-owned businesses in these contracts.

(b) At least every five years, the Department shall conduct a study on the availability and utilization of disadvantaged minority-owned and women-owned business enterprises and examine relevant evidence of the effects of race-based or gender-based discrimination upon the utilization of such business enterprises in contracts for planning, design, preconstruction, construction, alteration, or maintenance of State highways, roads, streets, or bridges transportation infrastructure and in the procurement of materials for these projects. Should the study show a strong basis in evidence of ongoing effects of past or present discrimination that prevents or limits disadvantaged minority-owned and women-owned businesses from participating in the above contracts at a level which would have existed absent such discrimination, such evidence shall constitute a basis for the State's continued compelling governmental interest in remedying such race and gender discrimination in highway transportation contracting. Under such circumstances, the Department shall, in conformity with State and federal law, adopt by rule and contract provisions a specific program to remedy such discrimination. This specific program shall, to the extent reasonably practicable, address each barrier identified in such study that adversely affects contract participation by disadvantaged minority-owned and women-owned businesses.

(b1) Based upon the findings of the Department's Second Generation Disparity Study completed in 2004, 2009 study entitled "Measuring Business Opportunity: A Disparity Study of NCDOT's State and Federal Programs" hereinafter referred to as "Study", the program design shall, to the extent reasonably practicable, incorporate narrowly tailored remedies identified in the Study, and the Department shall implement a comprehensive antidiscrimination enforcement policy. As appropriate, the program design shall be modified by rules adopted by the Department that are consistent with findings made in the Study and in subsequent studies conducted in accordance with subsection (b) of this section. As part of this program, the Department shall review its budget and establish annual aspirational goals every three years, not mandatory goals, in percentages, for the overall participation in contracts by disadvantaged minority-owned and women-owned businesses. These annual aspirational goals for disadvantaged minority-owned and women-owned businesses shall be established consistent with federal methodology specified in the Study, methodology, and they shall not be applied rigidly on specific contracts or projects. Instead, the Department shall establish
contract-specific goals or project-specific goals for the participation of such firms in a manner consistent with availability of disadvantaged minority-owned and women-owned businesses, as appropriately defined by its most recent Study, for each disadvantaged minority-owned and women-owned business category that has demonstrated significant disparity in contract utilization. Nothing in this section shall authorize the use of quotas. Any program implemented as a result of the Study conducted in accordance with this section shall be narrowly tailored to eliminate the effects of historical and continuing discrimination and its impacts on such disadvantaged minority-owned and women-owned businesses without any undue burden on other contractors. The Department shall give equal opportunity for contracts it lets without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses otherwise qualified.

(c) The following definitions apply in this section:

(1) "Disadvantaged business enterprise" has the same meaning as "disadvantaged business enterprise" in 49 C.F.R. § 26.5 Subpart A or any subsequently promulgated replacement regulation.

(2) "Minority" includes only those racial or ethnicity classifications identified by a study conducted in accordance with this section that have been subjected to discrimination in the relevant marketplace and that have been adversely affected in their ability to obtain contracts with the Department.

(3) "Women" means nonminority persons born of the female sex.

(d) The Department shall report semiannually to the Joint Legislative Transportation Oversight Committee on the utilization of disadvantaged minority-owned businesses and women-owned businesses and any program adopted to promote contracting opportunities for those businesses. Following each study of availability and utilization, the Department shall report to the Joint Legislative Transportation Oversight Committee on the results of the study for the purpose of determining whether the provisions of this section should continue in force and effect.

(e) This section expires August 31, 2014."

SECTION 10. G.S. 136-89.189 reads as rewritten:

"§ 136-89.189. Turnpike Authority revenue bonds.

The Authority shall be a municipality for purposes of Article 5 of Chapter 159 of the General Statutes, the State and Local Government Revenue Bond Act, and may issue revenue bonds pursuant to that Act to pay all or a portion of the cost of a Turnpike Project or to refund any previously issued bonds. In connection with the issuance of revenue bonds, the Authority shall have all powers of a municipality under the State and Local Government Revenue Bond Act, and revenue bonds issued by the Authority shall be entitled to the protection of all provisions of the State and Local Government Revenue Bond Act.

Except as provided in this section, the provisions of Chapter 159 of the General Statutes, the Local Government Finance Act, apply to revenue bonds issued by the Turnpike Authority.

(1) The term of a lease between the Turnpike Authority and the Department executed prior to July 27, 2009, for all or any part of a Turnpike Project may exceed 40 years, as agreed by the Authority and the Department.

(2) The maturity date of a refunding bond may extend to the earlier of the following:
   a. Forty years from the date of issuance of the refunding bond.
   b. The date the Turnpike Authority determines is the maturity date required for the Turnpike Project funded with the refunding bonds to generate sufficient revenues to retire the refunding bonds and any other outstanding indebtedness issued for that Project. The Authority's determination of the appropriate maturity date is conclusive and binding. In making its determination, the Authority may take into account appropriate financing terms and conventions."

All rules, regulations, ordinances, specifications, standards, and criteria adopted by the Board of Transportation and in effect on July 1, 1977, shall continue in effect until changed by the Board of Transportation or the Secretary of Transportation. The Secretary shall have complete authority to modify any of these matters existing on July 1, 1977, except as specifically restricted by the Board. Whenever any such criteria, rule, regulation, ordinance, specification, or standards are continued in effect under this section and the words "Board of Transportation" are used, the words shall mean the "Department of Transportation" unless the context makes such meaning inapplicable. All actions pending in court by or against the Board of Transportation may continue to be prosecuted in that name without the necessity of formally amending the name to the Department of Transportation."

SECTION 12. G.S. 143B-350(f)(4) reads as rewritten:

The funds shall be held separate from any other funds received by the Office of the Commissioner of Banks in trust for the operation of the State Home Foreclosure Prevention Project.

(c) Upon the filing of the information required under G.S. 45-103, the mortgage servicer shall pay a fee of seventy-five dollars ($75.00) to the State Home Foreclosure Prevention Trust Fund. The fee shall not be charged more than once for a home loan covered by this act. The collection of this fee shall be managed by the Office of the Commissioner of Banks in a manner so as to minimize burdens on mortgage servicers in complying with the requirements of this section.

(d) The Commissioner of Banks shall allocate funds from the State Home Foreclosure Prevention Trust Fund to implement the purposes of this act in the following manner:

(1) An amount, not to exceed the greater of two million two hundred thousand dollars ($2,200,000) or thirty percent (30%) of the funds per year, to cover the administrative costs of the operation of the program by the Office of the Commissioner of Banks, including managing on behalf of the Administrative Office of the Courts the database identified in G.S. 45-103, expenses associated with informing homeowners of State resources available for foreclosure prevention, expenses associated with connecting homeowners to available resources, and assistance to homeowners and counselors in communicating with mortgage servicers.

(4) Any funds remaining upon the expiration of the State Home Foreclosure Prevention Project shall be directed to the North Carolina Housing Trust Fund.

§ 45-105. (For expiration date, see note) Extension of foreclosure process.

The Commissioner of Banks shall review information provided in the database created by G.S. 45-103 to determine which subprime home loans are appropriate for efforts to avoid foreclosure. If the Commissioner reasonably believes, based on a full review of the loan information, the mortgage servicer's loss mitigation efforts, the borrower's capacity and interest in staying in the home, and other appropriate factors, that further efforts by the State Home Foreclosure Prevention Project offer a reasonable prospect to avoid foreclosure on primary residences, the Commissioner shall have the authority to extend one time under this Article the allowable filing date for any foreclosure proceeding on a primary residence by up to 30 days beyond the earliest filing date established by the pre-foreclosure notice. If the Commissioner makes the determination that a loan is subject to this section, the Commissioner shall notify the borrower, mortgage servicer, and the Administrative Office of the Courts. If the mortgage servicer is a state or federally chartered credit union, the Commissioner shall also notify the Administrator of the Credit Union Division of the determination.

§ 45-106. (For expiration date, see note) Use and privacy of records.

The data provided to the Administrative Office of the Courts pursuant to G.S. 45-103 shall be exclusively for the use and purposes of the State Home Foreclosure Prevention Project developed by the Commissioner of Banks in accordance with G.S. 45-104. The information provided to the database is not a public record, except that a mortgage lender and a mortgage servicer shall have access to the information submitted only with regard to its own loans. Any notice provided by the Commissioner to the Administrator of the Credit Union Division under G.S. 45-105 is not a public record. Provision of information to the Administrative Office of the Courts for use by the State Home Foreclosure Prevention Project shall not be considered a violation of G.S. 53B-8. A mortgage servicer shall be held harmless for any alleged breach of privacy rights of the borrower with respect to the information the mortgage servicer provides in accordance with this Article.

§ 45-107. (For expiration date, see note) Foreclosure filing.

(b) The clerk of superior court or other judicial officer may have access to the pre-foreclosure database to confirm information provided in subsection (a) of this section. A materially inaccurate statement in the certification shall be cause for dismissal without prejudice of any foreclosure proceeding on a primary residence initiated by the mortgage servicer and for payment by the filing party of costs incurred by the borrower in defending the foreclosure proceeding.

SECTION 2. G.S. 45-21.16(c2) reads as rewritten:

However, prior to that hearing, the mortgagee or trustee shall file the notice of hearing in any other county where any portion of the property to be sold is located. Upon such hearing, the clerk shall consider the evidence of the parties and may consider, in addition to other forms of evidence required or permitted by law, affidavits and certified copies of documents. If the clerk finds the existence of (i) valid debt of which the party seeking to foreclose is the holder, (ii) default, (iii) right to foreclose under the instrument, (iv) notice to those entitled to such under subsection (b), and (v) that the underlying mortgage debt is not a subprime home loan as defined in G.S. 45-101(4), G.S. 45-101(1b), or if the loan is a subprime home loan under G.S. 45-101(4), G.S. 45-101(1b), that the pre-foreclosure notice under G.S. 45-102 was provided in all material respects, and that the periods of time established by Article 11 of this Chapter have elapsed, then the clerk shall authorize the mortgagee or trustee to proceed under the instrument, and the mortgagee or trustee can give notice of and conduct a sale pursuant to the provisions of this Article. A certified copy of any authorization or order by the clerk shall be filed in any other county where any portion of the property to be sold is located before the mortgagee or trustee may proceed to advertise and sell any property located in that county. In the event that sales are to be held in more than one county, the provisions of G.S. 45-21.7 apply."

A licensed mortgage broker or mortgage lender shall file with the Commissioner a notice on a form prescribed by the Commissioner that identifies the address of the principal office and each branch office and its designated branch manager. Payment of the license fee under subsection (a) of this section shall be deemed to cover the location license fee for the principal office of each mortgage lender, mortgage broker, or mortgage servicer without payment of an additional three hundred dollars ($300.00) under this subsection."

SECTION 5. G.S. 53-244.010(b) reads as rewritten:

The senior judge of the panel shall preside. The Chief Justice
shall appoint the three-judge panel within 20 days of the filing of the Commission's opinion finding sufficient evidence of factual innocence to merit judicial review.

(a1) If there is an allegation of or evidence of prosecutorial misconduct in the case, the Chair of the Commission or the district attorney of the district of conviction may request the Director of the Administrative Office of the Courts to appoint a special prosecutor to represent the State in lieu of the district attorney of the district of conviction or the district attorney's designee. The request for the special prosecutor shall be made within 20 days of the filing of the Commission's opinion finding sufficient evidence of innocence to merit judicial review.

Upon receipt of a request under this subsection to appoint a special prosecutor, the Director of the Administrative Office of the Courts may temporarily assign a district attorney, assistant district attorney, or other qualified attorney, including one from the prosecutorial district where the convicted person was tried, to represent the State at the hearing before the three-judge panel. However, the Director of the Administrative Office of the Courts shall not appoint as special prosecutor any attorney who prosecuted or assisted with the prosecution in the trial of the convicted person. All evidence relevant to the case, even if considered by a jury or judge in a prior proceeding, may be presented during the hearing. The convicted person may not assert any privilege or prevent a witness from testifying. The convicted person has a right to be present at the evidentiary hearing and to be represented by counsel. A waiver of the right to be present shall be in writing.

If the vote is not unanimous, the panel shall deny relief.

Session Law 2010-176

H.B. 972

AN ACT TO CREATE THE UWHARRIE REGIONAL RESOURCES COMMISSION AS A
PERMANENT BODY CORPORATE OF THE STATE TO FOSTER ECONOMIC
DEVELOPMENT AND PROTECT AND ENHANCE THE NATURAL RESOURCES OF
THAT REGION.

The General Assembly of North Carolina enacts:

SECTION 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 153C,
"Uwharrie Regional Resources Act.

§ 153C-1. Short title; findings; purpose.
(a) Short Title. – This Chapter shall be known and may be cited as the "Uwharrie
Regional Resources Act."
(b) Findings. – The General Assembly finds that:
(1) The beauty and abundant natural resources of the Uwharrie region of North
Carolina are prized by all North Carolinians. Millions of tourists travel to the
Uwharrie region of North Carolina to see and experience the natural beauty
of the region, including: the vistas near Uwharrie National Forest and

704
Morrow Mountain State Park; scenic lakes and rivers including Badin, High Rock, and Tuckertown Lakes, and the Uwharrie, Yadkin, and Pee Dee Rivers; as well as nearby attractions, including the North Carolina Zoological Park and the Seagrove area potteries. This tourism is vitally important to this region of the State.

(2) The federal government recognized the natural abundance and cultural heritage of this region of North Carolina by purchasing tens of thousands of acres of land and designating it the Uwharrie Reservation during the Great Depression. In 1961, President John F. Kennedy proclaimed these lands the Uwharrie National Forest.

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 9th day of July, 2010. Became law upon approval of the Governor at 4:16 p.m. on the 2nd day of August, 2010.

Session Law 2010-177

AN ACT TO AMEND THE PERMIT EXTENSION ACT OF 2009.

The General Assembly of North Carolina enacts:

SECTION 1. S.L. 2009-406, as amended by Section 5.1 of S.L. 2009-484, Section 5.2 of S.L. 2009-550, and Sections 2 and 3 of S.L. 2009-572, reads as rewritten:

"SECTION 1. This act shall be known and may be cited as the "Permit Extension Act of 2009."

707
"SECTION 2. The General Assembly makes the following findings:

(1) There exists a state of economic emergency in the State of North Carolina and the nation, which has drastically affected various segments of the North Carolina economy, but none as severely as the State's banking, real estate, and construction sectors.

(2) The real estate finance sector of the economy is in severe decline due to the creation, bundling, and widespread selling of leveraged securities, such as credit default swaps, and due to excessive defaults on sub-prime mortgages and the resultant foreclosures on a vast scale, thereby widening the mortgage finance crisis. The extreme tightening of lending standards for home buyers and other real estate borrowers has reduced access to the capital markets.

(3) As a result of the crisis in the real estate finance sector of the economy, real estate developers and redevelopers, including home builders, and commercial, office, and industrial developers, have experienced an industry-wide decline, including reduced demand, cancelled orders, declining sales and rentals, price reductions, increased inventory, fewer buyers who qualify to purchase homes, layoffs, and scaled back growth plans.

(4) The process of obtaining planning board and zoning board of adjustment approvals for subdivisions, site plans, and variances can be difficult, time consuming, and expensive, both for private applicants and government bodies.

(5) The process of obtaining the myriad of other government approvals, such as wetlands permits, treatment works approvals, on-site wastewater disposal permits, stream encroachment permits, flood hazard area permits, highway access permits, and numerous waivers and variances, can be difficult and expensive; further, changes in the law can render these approvals, if expired or lapsed, difficult to renew or reobtain.

(6) County and municipal governments, including local sewer and water authorities, obtain permits and approvals from State government agencies, particularly the Department of Environment and Natural Resources, which permits and approvals may expire or lapse due to the state of the economy and the inability of both the public sector and the private sector to proceed with projects authorized by the permit or approval.

(7) County and municipal governments also obtain determinations of master plan consistency, conformance, or endorsement with State or regional plans, from State and regional government entities that may expire or lapse without implementation due to the state of the economy.

(8) The current national recession has severely weakened the building industry, and many landowners and developers are seeing their life's work destroyed by the lack of credit and dearth of buyers and tenants due to the crisis in real estate financing and the building industry, uncertainty over the state of the economy, and increasing levels of unemployment in the construction industry.

(9) The construction industry and related trades are sustaining severe economic losses, and the lapsing of government development approvals would exacerbate, if not addressed, those losses.

(10) Financial institutions that lent money to property owners, builders, and developers are experiencing erosion of collateral and depreciation of their assets as permits and approvals expire, and the extension of these permits and approvals is necessary to maintain the value of the collateral and the solvency of financial institutions throughout the State.
(11) Due to the current inability of builders and their purchasers to obtain financing under existing economic conditions, more and more once-approved permits are expiring or lapsing, and, as these approvals lapse, lenders must reappraise and thereafter substantially lower real estate valuations established in conjunction with approved projects, thereby requiring the reclassification of numerous loans, which, in turn, affects the stability of the banking system and reduces the funds available for future lending, thus creating more severe restrictions on credit and leading to a vicious cycle of default.

(12) As a result of the continued downturn of the economy and the continued expiration of approvals that were granted by State and local governments, it is possible that thousands of government actions will be undone by the passage of time.

(13) Obtaining an extension of an approval pursuant to existing statutory or regulatory provisions can be both costly in terms of time and financial resources and insufficient to cope with the extent of the present financial conditions; moreover, the costs imposed fall on the public as well as the private sector.

(14) It is the purpose of this act to prevent the wholesale abandonment of already approved projects and activities due to the present unfavorable economic conditions by tolling the term of these approvals for a finite period of time as the economy improves, thereby preventing a waste of public and private resources.

"SECTION 3. Definitions. – As used in this act, the following definitions apply:

(1) Development approval. – Any of the following approvals issued by the State, any agency or subdivision of the State, or any unit of local government, regardless of the form of the approval, that are for the development of land or for the provision of water or wastewater services by a government entity:

"SECTION 4.1. A unit of local government may by resolution provide that S.L. 2009-406, as amended by Section 5.1 of S.L. 2009-484, Section 5.2 of S.L. 2009-550, Sections 2 and 3 of S.L. 2009-572, and by this act, shall not apply to a development approval issued by that unit of local government. A development approval issued by a unit of local government that opts out pursuant to this section shall expire as it was scheduled to expire pursuant to S.L. 2009-406, as amended by Section 5.1 of S.L. 2009-484, Section 5.2 of S.L. 2009-550, and Sections 2 and 3 of S.L. 2009-572 prior to the enactment of this act.

"SECTION 5. This act shall not be construed or implemented to:

(1) Extend any permit or approval issued by the United States or any of its agencies or instrumentalities.

(2) Extend any permit or approval for which the term or duration of the permit or approval is specified or determined pursuant to federal law.

(4) Prohibit the granting of such additional extensions as are provided by law.

(5) Affect any administrative consent order issued by the Department of Environment and Natural Resources in effect or issued at any time from the effective date of this act to December 31, 2010.

(6) Affect the ability of a government entity to revoke or modify a development approval or to accept voluntary relinquishment of a development approval by the holder of the development approval pursuant to law.

(1) The water or sewer capacity was reallocated to other development projects prior to August 5, 2009, based upon the expiration of the development approval.

(2) There is not sufficient supply or treatment capacity to accommodate the project that is the subject of the revived development approval.

(a) An authority may establish and revise a schedule of rates, fees, and other charges for the use of and for the services furnished or to be furnished by any water system or sewer system or parts thereof owned or operated by the authority. The rates, fees, and charges established under this subsection are not subject to supervision or regulation by any bureau, board, commission, or other agency of the State or of any political subdivision.

Before an authority sets or revises rates, fees, or other charges for stormwater management programs and structural or natural stormwater and drainage system service, the authority shall hold a public hearing on the matter. At least seven days before the hearing, the authority shall publish notice of the public hearing in a newspaper having general circulation in the area. An authority may impose rates, fees, or other charges for stormwater management programs and stormwater and drainage system service on a person even though the person has not entered into a contract to receive the service.

Rates, fees, and charges shall be fixed and revised so that the revenues of the authority, together with any other available funds, will be sufficient at all times:

1. To pay the cost of maintaining, repairing, and operating the systems or parts thereof owned or operated by the authority, including reserves for such purposes, and including provision for the payment of principal of and interest on indebtedness of a political subdivision or of political subdivisions which payment shall have been assumed by the authority, and

The fees established under this subsection must be made applicable throughout the service area. Schedules of rates, fees, charges, and penalties for providing stormwater management programs and structural and natural stormwater and drainage system service may vary
according to whether the property served is residential, commercial, or industrial property, the property's use, the size of the property, the area of impervious surfaces on the property, the quantity and quality of the runoff from the property, the characteristics of the watershed into which stormwater from the property drains, and other factors that affect the stormwater drainage system. Rates, fees, and charges imposed under this subsection for stormwater management programs and stormwater and drainage system service may not exceed the authority's cost of providing a stormwater management program and a structural and natural stormwater and drainage system. The authority's cost of providing a stormwater management program and a structural and natural stormwater and drainage system includes any costs necessary to assure that all aspects of stormwater quality and quantity are managed in accordance with federal and State laws, regulations, and rules.

No stormwater utility fee may be levied under this subsection whenever two or more units of local government operate separate stormwater management programs or separate structural and natural stormwater and drainage system services in the same area within a county. However, two or more units of local government may allocate among themselves the functions, duties, powers, and responsibilities for jointly operating a stormwater management program and structural and natural stormwater and drainage system service in the same area within a county, provided that only one unit may levy a fee for the service within the joint service area. For purposes of this subsection, a unit of local government shall include a regional authority providing stormwater management programs and structural and natural stormwater and drainage system services.

(a1) If an authority has a Web site maintained by one or more of its employees, the authority shall provide notice to interested parties of the imposition of or increase in rates, fees, and charges under subsection (a) of this section applicable solely to the construction of development subject to Part 2 of Article 19 of Chapter 160A or Part 2 of Article 18 of Chapter 153A of the General Statutes on the authority's Web site at least seven days prior to the first meeting where the imposition of or increase in the rates, fees, and charges is on the agenda for consideration. The authority shall employ at least two of the following means of communication in order to provide the notice required by this subsection:

4. Notice of the meeting by facsimile to a list of interested parties that is created by the authority for the purpose of notification as required by this section.

(a2) If an authority does not maintain its own Web site, it may employ the notice option provided by subdivision (1) of subsection (a1) of this section by submitting a request to a county or counties in which the authority is located to post such notice in a prominent location on a Web site that is maintained by the county or counties. Any authority that elects to provide such notice shall make its request to the county or counties at least 15 days prior to the date of the first meeting where the imposition of or increase in the rates or charges is on the agenda for consideration.

(a3) During the consideration of the imposition of or increase in rates, fees, or charges under this subsection, the authority shall permit a period of public comment.

(a4) The notice requirements in subsection (a1) of this section shall not apply if the imposition of or increase in rates, fees, and charges is contained in a budget filed in accordance with the requirements of G.S. 159-12.
(b) Notwithstanding any of the foregoing provisions of this section, the authority may enter into contracts relating to the collection, treatment or disposal of sewage or the purchase or sale of water which shall not be subject to revision except in accordance with their terms.

(c) In order to insure the payment of such rates, fees and charges as the same shall become due and payable, the authority may do the following in addition to exercising any other remedies which it may have:

1. Require reasonable advance deposits to be made with it to be subject to application to the payment of delinquent rates, fees and charges.

The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer, including a private or commercial annuity, an individual retirement account, and a pension, profit sharing, stock-bonus, or stock-ownership plan, payer. For purposes of subsections (d), (d1), (d2), and (d3) of this section, the term also includes any payment from any separate fund, regardless of the reason for the payment.
(2) "Separate fund" includes a private or commercial annuity, an individual retirement account, and a pension, profit sharing, stock-bonus, or stock-ownership plan.

733
(b) To the extent that a payment is characterized as interest or a dividend, interest, a dividend, or a payment made in lieu of interest or a dividend, a trustee shall allocate it to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend, or an equivalent payment.

(c) If no part of a payment is characterized as interest, a dividend, or an equivalent payment, and all or part of the payment is required to be made, a trustee shall allocate to income ten percent (10%) of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subsection, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

(d) If, to obtain an estate tax marital deduction for a trust, a trustee shall allocate more of a payment to income than provided for by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction. Except as otherwise provided in subsection (d1) of this section, subsections (d2) and (d3) of this section apply, and subsections (b) and (c) of this section do not apply in determining the allocation of a payment from a separate fund to:

2. A trust that qualifies for the marital deduction under section 2056(b)(5) of the Internal Revenue Code.

(d1) Subsections (d), (d2), and (d3) of this section do not apply if and to the extent that the series of payments would, without the application of subsection (d) of this section, qualify for the marital deduction under section 2056(b)(7)(C) of the Internal Revenue Code.

(d2) A trustee shall determine the internal income of each separate fund for the accounting period as if the separate fund were a trust subject to this section. Upon request of the surviving spouse, the trustee shall demand that the person administering the separate fund distribute the internal income to the trust. The trustee shall allocate a payment from the separate fund to income to the extent of the internal income of the separate fund and distribute that amount to the surviving spouse. The trustee shall allocate the balance of the payment to principal. Upon request of the surviving spouse, the trustee shall allocate principal to income to the extent that the internal income of the separate fund exceeds payments made from the separate fund to the trust during the accounting period.

(d3) If a trustee cannot determine the internal income of a separate fund but can determine the value of the separate fund, the internal income of the separate fund is deemed to equal four percent (4%) of the fund's value, according to the most recent statement of value preceding the beginning of the accounting period. If the trustee can determine neither the internal income of the separate fund nor the fund's value, the internal income of the fund is deemed to equal the product of the interest rate and the present value of the expected future payments, as determined under section 7520 of the Internal Revenue Code for the month preceding the accounting period for which the computation is made.

(e) This section does not apply to payments to which G.S. 37A-4-410 applies."

(3) Proportionately from principal and income to the extent that receipts from the entity are allocated to both income and principal; and

(4) From principal to the extent that the tax exceeds the total receipts from the entity.

After applying subsections (a) through (c) of this section, the trustee shall adjust income or principal receipts to the extent that the trust’s taxes are reduced because the trust receives a deduction for payments made to a beneficiary.”

**SECTION 16.** Article 3 of Chapter 127A of the General Statutes is amended by adding a new section to read:

"§ 127A-62. Appeals; discretionary review.

(a) Jurisdiction. – Court-martial judgments which include a sentence to confinement shall have a right of appeal to the Wake County Superior Court. The provisions of G.S. 15A-1451 shall apply to appeals under this section.

(b) Filing and Service. – An appeal under this section must be made in writing and filed with the Clerk of Superior Court of Wake County within 10 days after the approval of the sentence by the Governor. A copy of the petition shall be filed with the military court and the military trial counsel of record. For the purposes of a filing fee, the appeal shall be treated as an administrative appeal to the Superior Court.

(c) Assertion of Errors. – All errors, including, but not limited to, the following, must be asserted or shall be deemed waived:

(1) Any error of law, including the following:

- The court erroneously failed to dismiss the charge prior to the court-martial.
- The court's ruling was contrary to law with regard to motions made before or during the trial or with regard to the admission or exclusion of evidence.
- The evidence, at the close of all the evidence, was insufficient to justify submission of the case to the court-martial panel, whether or not a motion so asserting was made before verdict.
- The court erroneously instructed the court-martial panel.

(2) The verdict is contrary to the weight of the evidence.

(3) For any other cause, the defendant did not receive a fair and impartial trial.
(d) Appointment of Superior Court Judge. – The appeal shall be heard by a judge assigned by the Chief Justice of the North Carolina Supreme Court, to be heard at such session of the Wake County Superior Court as the Chief Justice shall direct.

(e) Applicable Law. – The presiding judge, in determining whether there were errors, shall apply the law as provided for trial by courts-martial under this Article.

(f) Setting Aside of Findings or Sentence. – The findings or sentence, or both, may be modified or set aside, in whole or in part, by the court on the ground of newly discovered evidence, fraud on the court, lack of jurisdiction over the accused or the offense, or error prejudicial to the substantial rights of the accused.

(g) Hearings and Rehearings. – The court may remand the matter to the court-martial for such evidentiary hearings or other proceedings, to be conducted by a military judge alone, as it deems necessary prior to the court's final disposition of the case. If the court sets aside the findings or sentence, the court may, except when the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If the court sets aside the findings and sentence and does not order a rehearing, the court shall dismiss the charges. If the court orders a rehearing, but the convening authority finds a rehearing impractical, the convening authority shall dismiss the charges.

(h) Counsel. –

(1) The Staff Judge Advocate of the North Carolina National Guard shall:
   a. Designate a judge advocate who is qualified and certified under Article 27(b) of the Uniform Code of Military Justice, and who is a member of the North Carolina Bar, to represent the defendant.
   b. Designate a judge advocate who is qualified and certified under Article 27(b) of the Uniform Code of Military Justice, and who is a member of the North Carolina Bar, to represent the State.

(2) The counsel designated to represent the defendant under sub-subdivision a. of subdivision (1) of this subsection shall not be the counsel who represented the defendant at the court-martial.

(3) Where a defendant alleges ineffective assistance of prior counsel as a ground for relief, the defendant shall be deemed to waive the attorney-client privilege with respect to both oral and written communications between such counsel and the defendant to the extent the defendant's prior counsel reasonably believes such communications are necessary to defend against the allegations of ineffectiveness. This waiver of the attorney-client privilege shall be automatic upon the filing of the pleadings alleging ineffective assistance of prior counsel, and the Wake County Superior Court need not enter an order waiving the privilege.

(4) The Adjutant General, upon the recommendation of the Staff Judge Advocate, shall place the designated judge advocates described in this subsection onto State active duty for such periods of time as necessary for either counsel to provide adequate representation to the respective parties, if regularly scheduled unit training periods are insufficient. The Staff Judge Advocate shall verify to the Adjutant General whether any such additional periods of time are necessary.

(i) Discretionary Review. – Review of decisions by the Wake County Superior Court shall be pursuant to G.S. 7A-31.1.

(j) The rules for practice and procedure for review of courts-martial by the Wake County Superior Court shall be consistent with those prescribed for review of administrative appeals by the Superior Court, except as modified by this section."

SECTION 17. G.S. 7A-27(b) reads as rewritten:

"(b) From any final judgment of a superior court, other than the one described in subsection (a) of this section, or one based on a plea of guilty or nolo contendere, including any final judgment entered upon review of a decision of an administrative agency, except
for a final judgment entered upon review of a court-martial under G.S. 127A-62, appeal lies of right to the Court of Appeals."

SECTION 18. G.S. 7A-28 reads as rewritten:

"§ 7A-28. Decisions of Court of Appeals on post-trial motions for appropriate relief or valuation of exempt property, or courts-martial are final.

(a) Decisions of the Court of Appeals upon review of motions for appropriate relief listed in G.S. 15A-1415(b) are final and not subject to further review in the Supreme Court by appeal, motion, certification, writ, or otherwise.

(b) Decisions of the Court of Appeals upon review of valuation of exempt property under G.S. 1C are final and not subject to further review in the Supreme Court by appeal, motion, certification, writ, or otherwise.

(c) Decisions of the Court of Appeals upon review of courts-martial under G.S. 127A-62 are final and not subject to further review in the Supreme Court by appeal, motion, certification, writ, or otherwise."

SECTION 19. G.S. 7A-31 reads as rewritten:

"§ 7A-31. Discretionary review by the Supreme Court.

(a) In any cause in which appeal is taken to the Court of Appeals, except a cause appealed from the North Carolina Industrial Commission, the North Carolina State Bar pursuant to G.S. 84-28, the Property Tax Commission pursuant to G.S. 105-345; the Board of State Contract Appeals pursuant to G.S. 143-135.9, or the Commissioner of Insurance pursuant to G.S. 58-2-80, or a court-martial pursuant to G.S. 127A-62, a motion for appropriate relief, or valuation of exempt property pursuant to G.S. 7A-28, the Supreme Court may, in its discretion, on motion of any party to the cause or on its own motion, certify the cause for review by the Supreme Court, either before or after it has been determined by the Court of Appeals. A cause appealed to the Court of Appeals from any of the administrative bodies listed in the preceding sentence may be certified in similar fashion, but only after determination of the cause in the Court of Appeals. The effect of such certification is to transfer the cause from the Court of Appeals to the Supreme Court for review by the Supreme Court. If the cause is certified for transfer to the Supreme Court before its determination in the Court of Appeals, review is not had in the Court of Appeals but the cause is forthwith transferred for review in the first instance by the Supreme Court. If the cause is certified for transfer to the Supreme Court after its determination by the Court of Appeals, the Supreme Court reviews the decision of the Court of Appeals.

Except in courts-martial and motions within the purview of G.S. 7A-28, the State may move for certification for review of any criminal cause, but only after determination of the cause by the Court of Appeals."

SECTION 20. Article 5 of Chapter 7A of the General Statutes is amended by adding a new section to read:

"§ 7A-31.1. Discretionary Review by the Court of Appeals.

(a) In the case of a court-martial in which appeal is taken to the Wake County Superior Court under G.S. 127A-62, the Court of Appeals may, in its discretion, on motion of any party to the cause or on its own motion, certify the cause for review by the Court of Appeals after it has been reviewed by the Wake County Superior Court. The effect of such certification is to transfer the cause from the Wake County Superior Court to the Court of Appeals, and the Court of Appeals reviews the decision by the Wake County Superior Court.

(b) In causes subject to certification under subsection (a) of this section, certification may be made by the Court of Appeals after determination of the cause by the Wake County Superior Court when in the opinion of the Court of Appeals:

(1) The subject matter of the appeal has significant public interest, or

(2) The cause involves legal principles of major significance to the jurisprudence of the State,
(3) The decision of the Wake County Superior Court appears likely to be in conflict with a decision of the United States Court of Appeals for the Armed Forces. Interlocutory determinations by the Wake County Superior Court, including orders remanding the cause for a new trial or for other proceedings, shall be certified for review by the Court of Appeals only upon a determination by the Court of Appeals that failure to certify would cause a delay in final adjudication which would probably result in substantial harm.

(c) Any rules for practice and procedure for review of courts-martial that may be required shall be prescribed pursuant to G.S. 7A-33."

SECTION 21. G.S. 127A-147 reads as rewritten:

(d) Persons not subject to courts-martial who violate the regulations referred to in (a) and (b) above may be charged and tried in the State courts and upon conviction shall be punished as provided in (c) above."

SECTION 23. Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.

Session Law 2010-195

AN ACT TO AUTHORIZE THE ESTABLISHMENT OF CLEANFIELDS RENEWABLE ENERGY DEMONSTRATION PARKS IN THE STATE.

The General Assembly of North Carolina enacts:

SECTION 1. Legislative findings. – The General Assembly makes the following findings regarding the need for cleanfields renewable energy demonstration parks:

(1) Economic development in the State will be served by providing an opportunity to convert former manufacturing sites into cleanfields renewable energy demonstration parks, thereby providing employment opportunities for the residents of North Carolina.

(2) The health and safety of the citizens of North Carolina will be served through the assessment and remediation of environmental conditions at former manufacturing facilities.

(3) The public interest of the State will be served by diversifying the resources used to reliably meet the energy needs of consumers in the State, providing greater energy security through the use of indigenous energy resources available within the State, and encouraging private investment in renewable energy and energy efficiency.

(4) The public interest of the State will be served by encouraging former operators of manufacturing facilities to transfer ownership in property, making it possible for new operators to restart production at such facilities.

(5) The State and the public will directly benefit from the innovative approach utilized in a cleanfields renewable energy demonstration park to resolving pressing societal and environmental issues facing the State and its citizens.

(6) The public interest of the State will be served by the innovative nature of a cleanfields renewable energy demonstration park as a model for future projects and for its ability to provide information on the risks and complexity associated with the development of renewable energy projects.

SECTION 2. Criteria for designation. – A parcel or tract of land, or any combination of contiguous parcels or tracts of land, that meet all of the following criteria may be designated as a cleanfields renewable energy demonstration park:

(1) The park consists of at least 250 acres of contiguous property.

(2) All of the real property comprising the park is contiguous to a body of water.

(3) The property within the park is or may be subject to remediation under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. § 9601, et seq.), except for a site listed on the National Priorities List pursuant to 42 U.S.C. § 9605.

(4) The park contains a manufacturing facility that is idle, underutilized, or curtailed and that at one time employed at least 250 people.

(5) The owners of the park plan to attract at least 250 new jobs to the site.

(6) The owners of the park have entered into a brownfields agreement with the Department of Environment and Natural Resources pursuant to G.S. 130A-310.32 and have provided satisfactory financial assurance for the brownfields agreement.

767
The creation of the park is for the purpose of featuring clean-energy facilities, laboratories, and companies, thereby spurring economic growth by attracting renewable energy and alternative fuel industries.

The development plan for the park must include at least three renewable energy or alternative fuel facilities.

The development plan for the park must include a biomass renewable energy facility that utilizes refuse derived fuel, including yard waste, wood waste, and waste generated from construction and demolition, but not including wood directly derived from whole trees, as the primary source for generating energy. The refuse derived fuel shall undergo an enhanced recycling process before being utilized by the biomass renewable energy facility.

The initial biomass renewable energy facility will not be a major source, as that term is defined in 40 C.F.R. § 70.2 (July 1, 2009 edition), for air quality purposes. The biomass renewable energy facility will remain in compliance with all applicable State and federal emissions requirements throughout its operating life.

SECTION 3. Certification. – The owner of a parcel or tract of land that seeks to establish a cleanfields renewable energy demonstration park shall submit to the Secretary of State an application for designation. The Secretary shall examine the application and may request any additional information from the owner of the parcel or tract of land or the Department of Environment and Natural Resources needed to verify that the project meets all of the criteria for designation. The Secretary may rely on certifications provided by the owner or the Department of Environment and Natural Resources that the criteria are met. If the Secretary determines that the project meets all of the criteria, the Secretary shall make and issue a certificate designating the parcel or tract of land as a cleanfields renewable energy demonstration park to the owner and shall file and record the application and certificate in an appropriate book of record. The parcel or tract of land shall be designated as a cleanfields renewable energy demonstration park on the date the certificate is filed and recorded.

SECTION 4. Renewable energy generation. – The definitions in G.S. 62-133.8 apply to this act. If the Utilities Commission determines that a biomass renewable energy facility located in the cleanfields renewable energy demonstration park is a new renewable energy facility, the Commission shall assign triple credit to any electric power or renewable energy certificates generated from renewable energy resources at the biomass renewable energy facility that are purchased by an electric power supplier for the purposes of compliance with G.S. 62-133.8. The additional credits shall be eligible for use to meet the requirements of G.S. 62-133.8(f). The additional credits shall first be used to satisfy the requirements of G.S. 62-133.8(f). Only when the requirements of G.S. 62-133.8(f) are met, shall the additional credits be utilized to comply with G.S. 62-133.8(b) and (c). The triple credit shall apply only to the first 20 megawatts of biomass renewable energy facility generation capacity located in all cleanfields renewable energy demonstration parks in the State.

SECTION 5. Effective date. – This act is effective when it becomes law.

Resolution 2010-29  H.J.R. 2082

A JOINT RESOLUTION HONORING THE ONE HUNDRED TWENTY-FIFTH ANNIVERSARY OF YMCA CAMPING.

Whereas, founded in London, England in 1844, the YMCA's mission is to put Christian principles into practice through programs that build healthy spirit, mind, and body for all; and

Whereas, at the heart of community life across America, mission-driven YMCAs are a place to belong and to live the values that guide and unite its members with caring, honesty, respect, and responsibility; and

Whereas, in 1867, the YMCA became involved in camping, when a Vermont youth director took a group of teens to Lake Champlain in New York for summer encampment; and

Whereas, by 1882, enough YMCAs were holding youth and adult camping that the activity was included in national records as "outings and excursions"; and

Whereas, Summer Dudley, a volunteer with New York and New Jersey YMCAs, is credited with starting the first continuously used camp to help build character in young men; in 1885, he took seven teenagers for a week's encampment at Orange Lake, New York; and

Whereas, the first YMCA camps were small, consisting of a cluster of tents, lined up near a lake, a continuous fire and a flagpole; led by a YMCA director and aided by volunteer male leaders, the camps were regimented programs that included training the boys in character, good health habits, and respect for each other; and

Whereas, over the years, as more YMCAs believed the camping experience nurtured young people's values and leadership skills, camps would expand and change to serve males and females of many ages, abilities, and incomes; and

Whereas, by 1905, the number of YMCA campers had grown to 6,348 in 187 YMCA camps; in 1910, YMCA leaders helped create the American Camping Association (ACA) with YMCA camp director Charles Scott as its first president; and

Whereas, as society evolved, YMCA camps branched out; in the early 1900s, Columbus, Ohio's Camp Wilson offered a Fitness Week for men; Cleveland had an excursion camp, teaching history while leading trips through Ohio in covered wagons; by 1938, the Wilshire-Beverly YMCA in Los Angeles reported 191 coeds in its winter camp; and

Whereas, the most significant development since the start of the YMCA camping came in 1932; when day camps began to nurture the same character-building skills in kids that resident camps did; by the mid-1900s, camp leaders were encouraging campers to help make program decisions and set and reach individual goals; and

Whereas, today, YMCA camps spread from the shore of Maine to the peaks of the Colorado Rockies to the northwest branches of Hawaii; more than 335 residents camps and nearly 2,000 day camps serve more than 800,000 kids and adults every summer; each year an additional 1.5 million people participate in camp programs through YMCA family camps, weekend retreats, outdoor education, and school camping; and

Whereas, in addition, the YMCA employs over 61,000 college-aged young adults as summer resident camp leaders each year providing exceptional leadership development experiences; and

Whereas, day and resident camping are the cornerstone of YMCA programs, building character and memories in such effective ways that key YMCA volunteers and donors often point back to their YMCA camp experiences as their primary emotional tie to the YMCA today; and
Whereas, camp is not only about the fun activities, but also about the chance for children to develop and learn new skills, enjoy nature, handle new responsibilities, experience independence, make new friends, and build memories that last a lifetime; and

Whereas, the YMCA camping programs have greatly enriched the quality of life of the citizens of the State of North Carolina by making available the opportunity to enjoy exceptional recreational facilities, including the following resident camps:

- Blue Ridge Assembly YMCA Retreat Center, Black Mountain, NC
- Camp Cheerio, Glade Valley, NC
- Camp Greenville, Cedar Mountain, NC
- Camp Hanes YMCA, King, NC
- Camp Harrison at Herring Ridge, Boomer, NC
- Camp Kanata, Wake Forest, NC
- Camp Sea Gull YMCA, Arapahoe, NC
- Camp Seafarer YMCA, Arapahoe, NC
- Camp Weaver, Greensboro, NC
- Camp Thunderbird (Charlotte YMCA), Lake Wylie, SC.; and

Whereas, the 125th anniversary of YMCA camping is worthy of recognition and celebration; Now, therefore,

Be it resolved by the House of Representatives, the Senate concurring:

SECTION 1. The General Assembly expresses its appreciation to the YMCA for providing outstanding resident camps for the youth in this State and congratulates the organization on 125 years of YMCA camping.

SECTION 2. The General Assembly honors the memory of those who helped to establish YMCA camps in North Carolina, including Wyatt Taylor, founder of Camp Sea Gull and Camp Seafarer.

SECTION 3. The Secretary of State shall transmit a certified copy to each of the resident camps located in North Carolina.

SECTION 4. This resolution is effective upon ratification.

WHEREAS, to provide the expertise necessary to perform the complex advisory and other functions of such boards, the membership of such boards may include persons who have professional or economic interests that relate to the functions of the board; and

WHEREAS, the General Assembly has concluded that the State Government Ethics Act does not cover public entities that have only advisory authority, and the State Ethics Commission has determined that the boards subject to this Order have only advisory authority; and

WHEREAS, it is nevertheless important that such boards exercise their advisory responsibilities in a transparent manner so that the Governor and citizens will have full knowledge of the professional and economic interests of the board members as the State evaluates their expert advice provided to their boards; and

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of the State of North Carolina, IT IS ORDERED:

1. This Executive Order shall apply to the following boards (hereinafter "covered boards"):
   a. North Carolina Aeronautics Council
   b. Advisory Committee on Cancer Coordination and Control

l. State Water Infrastructure Commission
m. Interagency Coordinating Council for Children from Birth to Five with Disabilities and Their Families
n. School Technology Commission

q. StreetSafe Task Force

2. The members of the covered boards shall always act in the best interests of the public and shall bring their particular knowledge and experience to the covered board to serve the public interest.

3. The following process shall be observed for all meetings at which the covered board or any subcommittee of such board takes any action:

a. At the beginning of each meeting, the Chair shall remind all members of their duty to act always in the best interest of the public without regard for their financial or other interests and that they should recuse themselves from voting on any matter on which they cannot meet this standard.

b. Prior to conducting any business, each member shall disclose any financial benefit he or she may derive from any matter coming before the covered board or subcommittee for action at that meeting. A member derives a financial benefit from a matter under consideration if the person or his or her spouse (i) has an ownership interest in an entity that is directly affected by the matter under consideration; (ii) will derive any income or commission as a direct result of action on the matter under consideration; or (iii) will acquire property as a direct result of action on the matter under consideration. When any member indicates that he or she will derive a financial benefit from a matter coming before the covered board or any subcommittee, the member shall recuse himself or herself from voting on the matter, unless the chair determines that the member’s financial benefit is so remote or insignificant that a reasonable person would conclude that the member’s ability to perform his or her official duties would not be compromised.

c. Prior to conducting any business, each member also shall disclose any other interest(s) he or she may have, in any matter coming before the covered board or subcommittee for action at that meeting, that might cause a reasonable person to question the member’s impartiality due to such interest. The Chair will determine if the member needs to recuse himself or herself from voting on the matter in order to ensure the integrity of the actions of the covered board or subcommittee.

d. A member who has recused himself or herself from voting is not prohibited from deliberating on the matter unless the Chair determines, after review, that participation by the member in deliberations would impair the integrity of the actions of the covered board or subcommittee.
e. The minutes of the covered board and its subcommittees will reflect all disclosures and recusals made pursuant to this section, and such minutes will be provided to the state official or entity with authority over the board for review with any recommendations from the board.

f. A challenge to a member’s participation in a vote on issues under this Executive Order may be raised only by a member of the covered board or a state employee who regularly works with the covered board. In such case where a challenge is made, the Chair, in consultation with the covered board’s legal counsel, shall determine whether the challenge is valid and the action that should be taken.

g. For the purposes of this Executive Order, the term “Chair” means the Chair of a covered board or the Chair of any subcommittee of a covered board. In the absence of the Chair or if the financial or other interests of the Chair must be reviewed pursuant to this section, then the Vice-Chair of the covered board or subcommittee shall make the determinations required by this section.

4. No member of a covered board shall improperly influence or attempt to influence state employees in performing their responsibilities to the covered board for any action in which the member has a direct, conflicting financial or other interest.

5. This Executive Order is for the Governor’s and other state officials’ purposes in reviewing and approving or amending proposals or recommendations of the covered boards. This Order does not and should not be construed to create any rights, nor create claims under the State Ethics Act or other laws of this State.

6. Any covered board under this Executive Order that is subsequently determined to be subject to the State Ethics Act will no longer be subject to this Executive Order.

This Executive Order is effective immediately and shall remain in effect until rescinded in writing.

6 Learn and Earn Early College High Schools
Adopts funding to reflect the delay in opening of one Learn and Earn School scheduled to open in FY 2009-10. S.L. 2009-451 provided funding to open twelve Learn and Earn schools that had been given planning funding in FY 2008-09. Only ten of the twelve planning schools were ready to open in FY 2009-10, but one of them will be ready to open in FY 2010-11. Currently 66 Learn and Earn "Bricks and Mortar" schools are operating in North Carolina.

B. Other Public School Funding Adjustments

7 ADM and BRAC Contingency Reserve
Reduces the Contingency Reserve by 50%. The Reserve is maintained to provide additional support to school systems that experience greater than projected student headcount growth. $2.6 million will remain to support the Reserve.

8 More at Four
Replaces, on a one-time basis, General Fund appropriations for More at Four Pre-kindergarten services provided to TANF-eligible children with Temporary Assistance for Needy Families (TANF) Emergency Contingency Funds.

9 Instructional Supplies
Reduces the Instructional Supplies allotment by 3.5%. $90.9 million will remain for this purpose.

10 Central Office Administration
Reduces the dollar allotment to LEAs for the salaries and benefits of central office staff by 2.2%. This staff includes, but is not limited to, superintendents, associate and assistant superintendents, finance officers, athletic trainers, and transportation directors. $107.5 million will remain to support these local staff.

11 Mentoring
Eliminates all State funding for LEA mentoring programs on a nonrecurring basis in FY 2010-11 only.

12 Limited English Proficiency
Reduces funding for this allotment by 5.0%. $76.5 million will remain available for this allotment.

Public Education

13 Transportation
Reduces funding for the allotment, which supports the salaries of transportation personnel as well as the maintenance of yellow buses, by approximately 2.4%. $460 million will remain available for this allotment.

($10,000,000)  R

14 Child and Family Support Teams
Reduces this allotment by 21.4%. This allotment provides funding for a dedicated social worker and school nurse in 100 schools. $9.2 million will remain available for this allotment. The State Board of Education shall allocate this reduction by eliminating funding to those schools it deems to be implementing the program ineffectively.

($2,500,000)  R

15 School Bus Replacement
Eliminates funding for the purchase of new replacement school buses in FY 2010-11. $44 million will remain available to support the extended financing payments required for buses purchased in FYs 2007-10, and an additional $1 million will be available for emergency bus replacement purchases.

($11,900,000)  NR

16 North Carolina Virtual Public Schools
Eliminates the direct appropriation for the North Carolina Virtual Public Schools (NCVPS). Instead of being funded through a direct appropriation, NCVPS will be funded via a new funding formula. The new funding formula reduces LEA allotments based on projected LEA enrollment in NCVPS courses, in order to recognize the extent to which "enrollment in e-learning courses affects funding required for other allotments that are based on ADM," as directed by S.L. 2006-66, Section 7.16. NCVPS courses will continue to be available at no cost to all high school students in North Carolina who are enrolled in North Carolina's public schools, Department of Defense schools, and schools operated by the Bureau of Indian Affairs.

($5,574,784)  R

17 Tarheel ChalleNGe

88 Child Welfare Contracts
Eliminates funding for 1) Multiple Response ($229,086) and Adoption Programs ($459,156); 2) Grants-in-Aid ($413,044) for child placement services; and 3) Methamphetamine Training ($137,535). This reduction eliminates funding for non-mandated services, conferences, and trainings. Additionally, because placement agencies receive standardized rates (standardization effective January 2009), supplementary grants-in-aid are no longer necessary. Prior Methamphetamine training and support has also led to the creation of community protocols, thereby reducing the need for ongoing training.
