The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Utilization Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2012, the Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on a uniform system for beds or bed days purchased (i) with local funds, (ii) from existing State appropriations, (iii) under the Hospital Utilization Pilot, and (iv) purchased using funds appropriated under this subsection."

EQUALIZE SPECIAL ASSISTANCE PAYMENTS UNDER IN-HOME, ADULT CARE HOME, AND RENTAL ASSISTANCE PROGRAMS

SECTION 10.23.(a) G.S. 108A-47.1 reads as rewritten:

(a) The Department of Health and Human Services may use funds from the existing State-County Special Assistance budget to provide Special Assistance payments to eligible individuals 18 years of age or older in in-home living arrangements. These payments may be made for up to fifteen percent (15%) of the caseload for all State-County Special Assistance. The standard monthly payment to individuals enrolled in the Special Assistance in-home program shall be seventy-five percent (75%) one hundred percent (100%) of the monthly
payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that in-home program participants are those individuals who need and, but for the in-home program, would seek placement in an adult care home facility. The Department's policies and procedures shall include the use of a functional assessment. The Department shall make this in-home option available to all counties on a voluntary basis. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State.

(b) All county departments of social services shall participate in the State-County Special Assistance in-home program by making Special Assistance in-home slots available to individuals who meet the eligibility requirements established by the Department pursuant to subsection (a) of this section. By February 15, 2013, the Department shall establish a formula to determine the need for additional State-County Special Assistance in-home slots for each county. Beginning July 1, 2014, and each July 1 thereafter, the Department shall review and revise the formula as necessary.

SECTION 10.23.(b) County departments of social services with established State-County Special Assistance in-home slots that have filled some but not all slots as of February 15, 2013, shall maintain at least the same number of slots during the 2012-2013 fiscal year as the average number of slots filled during the 2011-2012 fiscal year.

SECTION 10.23.(c) County departments of social services with established State-County Special Assistance in-home slots that have not filled any of these slots as of February 15, 2013, shall begin participating in the Special Assistance in-home program effective February 15, 2013, by filling all their established slots.

SECTION 10.23.(d) County departments of social services with no established State-County Special Assistance in-home slots shall begin participating in the Special Assistance in-home program effective February 15, 2013. The Department shall determine the designated number of slots to be established and filled in these counties by assessing the need for these slots based upon a percentage of the caseload for all State-County Special Assistance within that county.

SECTION 10.23.(e) Effective February 15, 2013, notwithstanding G.S. 108A-47.1(a) and within existing appropriations for State-County Special Assistance, the Secretary of the Department of Health and Human Services may waive the fifteen percent (15%) cap on Special Assistance in-home payments, as the Secretary deems necessary.

SECTION 10.23.(f) G.S. 143B-139.5 reads as rewritten:

"§ 143B-139.5. Department of Health and Human Services; adult care State/county share of costs; maintenance of State/county budget allocations for State-County Special Assistance programs.

State funds available to the Department of Health and Human Services shall pay fifty percent (50%), and the counties shall pay fifty percent (50%) of the authorized rates for care in adult care homes including area mental health agency-operated or contracted-group homes. The Department shall maintain the State's appropriation to the State-County Special Assistance program at one hundred percent (100%) of the State certified budget enacted by the General Assembly for the 2012-2013 fiscal year. The Department shall use these appropriated funds for the State-County Special Assistance program, the State-County Special Assistance in-home program, and rental assistance. Each county department of social services shall maintain its allocation to the State-County Special Assistance program at one hundred percent (100%) of the county funds budgeted for this program for the 2011-2012 fiscal year. Each county shall use these funds for the State-County Special Assistance program, the State-County Special Assistance in-home program, and rental assistance."

SECTION 10.23.(g) Section 10.59 of S.L. 2011-145 reads as rewritten:
"STATE-COUNTY SPECIAL ASSISTANCE

"SECTION 10.59.(a) The maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars ($1,182) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section - resident. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

"SECTION 10.59.(b) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

"SECTION 10.59.(c) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds at State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment, and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

"SECTION 10.59.(d) The Department of Health and Human Services shall recommend rates for State County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State County Special Assistance funds and shall ensure that cost reporting is done for State County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers."

SECTION 10.23(h) This section becomes effective February 15, 2013.

SECTION 10.23A.(d) Transitions to Community Living Fund. – There is established the Transitions to Community Living Fund (Fund) to facilitate implementation of the plans required in subsections (e) and (f) of this section.

SECTION 10.23A.(e) Of the amount appropriated to the Fund established in subsection (d) of this section, the sum of ten million three hundred thousand dollars ($10,300,000) is appropriated to support the Department of Health and Human Services in its plan for transitioning individuals with severe mental illness and severe and persistent mental illness into community living arrangements, including establishing a rental assistance program. If the State executes an agreement with the U.S. Department of Justice (USDOJ) in response to the USDOJ findings dated July 28, 2011, or implements a plan in response to the USDOJ findings, these funds shall be used to implement the requirements of the first year of the agreement or the plan. In the event such an agreement is reached, a recurring appropriation will be necessary to fully implement it. The Department may issue temporary rules to implement this subsection.

SECTION 10.23A.(f) Of the amount appropriated to the Fund established in subsection (d) of this section, the sum of thirty-nine million seven hundred thousand dollars ($39,700,000) is designated for implementation of the State's plan to provide temporary, short-term assistance to adult care homes as they transition into the State's Transitions to Community Living Initiative. The General Assembly recognizes that while transformation of the system is being undertaken, adult care homes provide stable and safe housing and care to many of North Carolina's frail and elderly population, and it is necessary during this time of
transition and transformation of the statewide system that the industry remain able to provide such care.

Upon certification by the Department of Health and Human Services, in consultation with a local adult care home resident discharge team, as defined in G.S. 131D-2.1(3a), that a resident who is no longer eligible to receive Medicaid reimbursable assistance and for whom a community placement has not yet been arranged cannot be safely and timely discharged into the community, the Department may make a monthly payment to the adult care home to support the facility's continuing provision of services to the resident. The monthly payment provided by the Department to an adult care home pursuant to this subsection shall not exceed six hundred ninety-four dollars ($694) per month per resident for a period not to exceed three months for each resident. At the expiration of this three-month period, the monthly payment shall be reduced by twenty-five percent (25%) and shall not exceed five hundred twenty dollars and fifty cents ($520.50) per month per resident. Upon implementation of the home-and community-based services program for elderly individuals typically served in special care or memory care units, to be developed by the Department under Medicaid State Plan 1915(i) authority pursuant to Section 10.9E of this act, the Department shall terminate all monthly payments pursuant to this subsection for continuing services provided to residents of special care or memory care units. The Department shall terminate all monthly payments pursuant to this subsection on June 30, 2013. Notwithstanding any other provision of this subsection, the Department is prohibited from making any monthly payments under this subsection to an adult care home for services provided to any resident during the pendency of an appeal by or on behalf of the resident under G.S. 108A-70.9A.

The Department of Health and Human Services shall administer these funds but may, as needed, contract with a vendor for administration.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the block grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for the 2012-2013 fiscal year, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.25.(d) Appropriations from federal Block Grant funds are made for the fiscal year ending June 30, 2013, according to the schedule enacted for State fiscal year 2012-2013 or until a new schedule is enacted by the General Assembly.

Session Law 2012-143 S.B. 820

AN ACT TO (1) RECONSTITUTE THE MINING COMMISSION AS THE MINING AND ENERGY COMMISSION, (2) REQUIRE THE MINING AND ENERGY COMMISSION AND OTHER REGULATORY AGENCIES TO DEVELOP A MODERN REGULATORY PROGRAM FOR THE MANAGEMENT OF OIL AND GAS EXPLORATION AND DEVELOPMENT ACTIVITIES IN THE STATE, INCLUDING THE USE OF HORIZONTAL DRILLING AND HYDRAULIC FRACTURING FOR THAT PURPOSE, (3) AUTHORIZE HORIZONTAL DRILLING AND HYDRAULIC FRACTURING, BUT PROHIBIT THE ISSUANCE OF PERMITS FOR THESE ACTIVITIES PENDING SUBSEQUENT LEGISLATIVE ACTION, (4) ENHANCE LANDOWNER AND PUBLIC PROTECTIONS RELATED TO HORIZONTAL DRILLING AND HYDRAULIC FRACTURING, AND (5) ESTABLISH THE JOINT LEGISLATIVE COMMISSION ON ENERGY POLICY.

PART I. LEGISLATIVE FINDINGS AND INTENT

Whereas, in S.L. 2011-276, the General Assembly directed the Department of Environment and Natural Resources, in conjunction with the Department of Commerce, the Department of Justice, and the Rural Advancement Foundation (RAFI-USA), to study the issue of oil and gas exploration in the State and the use of horizontal drilling and hydraulic fracturing for that purpose, including the study of all of the following:

(1) Oil and gas resources present in the Triassic Basins and in any other areas of the State.

(2) Methods of exploration and extraction of oil and gas, including directional and horizontal drilling and hydraulic fracturing.

(3) Potential environmental, economic, and social impacts arising from such activities, as well as impacts on infrastructure.
(4) Appropriate regulatory requirements for management of oil and gas exploration activities, with particular attention to regulation of horizontal drilling and hydraulic fracturing for that purpose; and

Whereas, pursuant to S.L. 2011-276, the Department of Environment and Natural Resources, in conjunction with the Department of Commerce, the Department of Justice, and the Rural Advancement Foundation (RAFI-USA), issued a draft report in March of 2012; and

Whereas, pursuant to S.L. 2011-276, the Department of Environment and Natural Resources received public comment regarding the draft report, including public comment received at public meetings held on March 20, March 27, and April 2, 2012; and

Whereas, pursuant to S.L. 2011-276, the Department of Environment and Natural Resources (DENR), in conjunction with the Department of Commerce, the Department of Justice, and the Rural Advancement Foundation (RAFI-USA), issued a final report on April 30, 2012; and

Whereas, the final report set forth a number of recommendations, including recommendations concerning all of the following:

(1) Development of a modern oil and gas regulatory program, taking into consideration the processes involved in hydraulic fracturing and horizontal drilling technologies, and long-term prevention of physical or economic waste in developing oil and gas resources.

(2) Collection of baseline data for areas near proposed drill sites concerning air quality and emissions, as well as groundwater and surface water resources and quality.

(3) Requirements that oil and gas operators prepare and have approved water management plans that limit water withdrawals during times of low-flow conditions and droughts.

(4) Enhancements to existing oil and gas well construction standards to address the additional pressures of horizontal drilling and hydraulic fracturing.

(5) Development of setback requirements and identification of areas where oil and gas exploration and development activities should be prohibited.

(6) Development of a State stormwater regulatory program for oil and gas drilling sites.

(7) Development of specific standards for management of oil and gas wastes.

(8) Requirements for disclosure of hydraulic fracturing chemicals and constituents to regulatory agencies and the public.

(9) Prohibitions on use of certain chemicals or constituents in hydraulic fracturing fluids.

(10) Improvements to data management capabilities.

(11) Development of a coordinated permitting program for oil and gas exploration and development activities within the Department of Environment and Natural Resources where it will benefit from the expertise of State geological staff and the ability to coordinate air, land, and water permitting.

(12) Development of protocols to ensure that State agencies, local first responders, and industry are prepared to respond to a well blowout, chemical spill, or other emergency.

(13) Adequate funding for any continued work on the development of a State regulatory program for the natural gas industry.

(14) Appropriate distribution of revenues from any taxes or fees that may be imposed on oil and gas exploration and development activities to support a modern regulatory program for the management of all aspects of oil and gas exploration and development activities using the processes of horizontal drilling and hydraulic fracturing in the State, and to support local governments impacted by the activities, including, but not limited to,
sufficient funding for improvements to and repair of roads subject to damage by truck traffic and heavy equipment from these activities.

(15) Closure of gaps in regulatory authority over the siting, construction, and operation of gathering pipelines.

(16) Clarifications needed to address local government regulatory authority over oil and gas exploration and development activities, and use of horizontal drilling and hydraulic fracturing for that purpose.

(17) Additional research required on impacts to local governments and local infrastructure, as well as potential economic impacts from oil and gas exploration and development activities.

(18) Development of provisions to address liability of the oil and gas industry for environmental contamination caused by exploration and development activities, particularly with regard to groundwater contamination.

(19) Establishment of a process that affords additional public participation in connection with development of a modern oil and gas regulatory program; and

Whereas, the final report also states "[a]fter reviewing other studies and experiences in oil and gas-producing states, DENR has concluded that information available to date suggests that production of natural gas by means of hydraulic fracturing can be done safely as long as the right protections are in place”; and

Whereas, the General Assembly concurs in the conclusion of the final report that hydraulic fracturing can be done safely as long as the right protective measures are in place before any permits for horizontal drilling and hydraulic fracturing are issued; and

Whereas, it is the intent of the General Assembly to authorize oil and gas exploration and development activities using horizontal drilling and hydraulic fracturing treatments, but to prohibit the issuance of permits for these activities until such time as the General Assembly has determined that a modern regulatory program for the management of oil and gas exploration and development in the State and the use of horizontal drilling and hydraulic fracturing for that purpose has been fully established and takes legislative action to allow the issuance of permits; and

Whereas, it is the intent of the General Assembly to establish a modern regulatory program based on the recommendations of the final report and the following principles:

(1) Protection of public health and safety.

(2) Protection of public and private property.

(3) Protection and conservation of the State's air, water, and other natural resources.

(4) Promotion of economic development and expanded employment opportunities.

(5) Productive and efficient development of the State's oil and gas resources;

Now, therefore,

"§ 113-391. Jurisdiction and authority; rules and orders.

(a) The Mining and Energy Commission, created by G.S. 143B-293.1, in conjunction with rule-making authority specifically reserved to the Environmental Management Commission under subsection (a3) of this section, shall establish a modern regulatory program for the management of oil and gas exploration and development in the State and the use of horizontal drilling and hydraulic fracturing treatments for that purpose. The program shall be designed to protect public health and safety; protect public and private property; protect and conserve the State's air, water, and other natural resources; promote economic development and expand employment opportunities; and provide for the productive and efficient development of the State's oil and gas resources. To establish the program, the Commission shall adopt rules for all of the following purposes:

(1) Regulation of pre-drilling exploration activities, including seismic and other geophysical and stratigraphic surveys and testing.

(2) Regulation of drilling, operation, casing, plugging, completion, and abandonment of wells.

(3) Prevention of pollution of water supplies by oil, gas, or other fluids used in oil and gas exploration and development.

(4) Protection of the quality of the water, air, soil, or any other environmental resource against injury or damage or impairment.

(5) Regulation of horizontal drilling and hydraulic fracturing treatments for the purpose of oil and gas exploration. Such rules shall, at a minimum, include standards or requirements related to the following:

a. Information and data to be submitted in association with applications for permits to conduct oil and gas exploration and development activities using horizontal drilling and hydraulic fracturing treatments, which may include submission of hydrogeological investigations and identification of mechanisms to prevent and diagnose sources of groundwater contamination in the area of drilling sites. In formulating these requirements, the Commission shall
consider (i) how North Carolina's geology differs from other states where oil and gas exploration and development activities using horizontal drilling and hydraulic fracturing treatments are common and (ii) the routes of possible groundwater contamination resulting from these activities and the potential role of vertical geological structures such as dikes and faults as conduits for groundwater contamination.

b. Collection of baseline data, including groundwater, surface water, and air quality in areas where oil and gas exploration and development activities are proposed. With regard to rules applicable to baseline data for groundwater and surface water, the Commission shall adopt rules that, at a minimum, establish standards to satisfy the pre-drilling testing requirement established under G.S. 113-421(a), including contaminants for which an operator or developer must test and necessary qualifications for persons conducting such tests.

c. Appropriate construction standards for oil and gas wells, which shall address the additional pressures of horizontal drilling and hydraulic fracturing treatments. These rules, at a minimum, shall include standards for casing and cementing sufficient to handle highly pressurized injection of hydraulic fracturing fluids into a well for purposes of fracturing bedrock and extraction of gas, and construction standards for other gas production infrastructure, such as storage pits and tanks.

d. Appropriate siting standards for wells and other gas production infrastructure, such as storage pits and tanks, including appropriate setback requirements and identification of areas, such as floodplains, where oil and gas exploration and production activities should be prohibited. Siting standards adopted shall be consistent with any applicable water quality standards adopted by the Environmental Management Commission or by local governments pursuant to water quality statutes, including standards for development in water supply watersheds.

e. Limits on water use, including, but not limited to, a requirement that oil and gas operators prepare and have a water and wastewater management plan approved by the Department, which, among other things, limits water withdrawals during times of drought and periods of low flows. Rules adopted shall be (i) developed in light of water supply in the areas of proposed activity, competing water uses in those areas, and expected environmental impacts from such water withdrawals and (ii) consistent with statutes and rules adopted by the Environmental Management Commission pursuant to those statutes, which govern water quality and management of water resources, including, but not limited to, statutes and rules applicable to water withdrawal registration, interbasin transfer requirements, and water quality standards related to wastewater discharges.

f. Management of wastes produced in connection with oil and gas exploration and development and use of horizontal drilling and hydraulic fracturing treatments for that purpose. Such rules shall address storage, transportation, and disposal of wastes that may contain radioactive materials or wastes that may be toxic or have other hazardous wastes’ characteristics that are not otherwise regulated as a hazardous waste by the federal Resource Conservation and Recovery Act (RCRA), such as top-hole water, brines, drilling
fluids, additives, drilling muds, stimulation fluids, well servicing fluids, oil, production fluids, and drill cuttings from the drilling, alteration, production, plugging, or other activity associated with oil and gas wells. Wastes generated in connection with oil and gas exploration and development and use of horizontal drilling and hydraulic fracturing treatments for that purpose that constitute hazardous waste under RCRA shall be subject to rules adopted by the Commission for Public Health to implement RCRA requirements in the State.

g. Prohibitions on use of certain chemicals and constituents in hydraulic fracturing fluids, particularly diesel fuel.

h. Disclosure of chemicals and constituents used in oil and gas exploration, drilling, and production, including hydraulic fracturing fluids, to State regulatory agencies and to local government emergency response officials, and, with the exception of those items constituting trade secrets, as defined in G.S. 66-152(3), and that are designated as confidential or as a trade secret under G.S. 132-1.2, requirements for disclosure of those chemicals and constituents to the public.

i. Installation of appropriate safety devices and development of protocols for response to well blowouts, chemical spills, and other emergencies, including requirements for approved emergency response plans and certified personnel to implement these plans as needed.

j. Measures to mitigate impacts on infrastructure, including damage to roads by truck traffic and heavy equipment, in areas where oil and gas exploration and development activities that use horizontal drilling and hydraulic fracturing technologies are proposed to occur.

k. Notice, record keeping, and reporting.

l. Proper well closure, site reclamation, post-closure monitoring, and financial assurance. Rules for financial assurance shall require that an oil or gas developer or operator establish financial assurance that will ensure that sufficient funds are available for well closure, post-closure maintenance and monitoring, any corrective action that the Department may require, and to satisfy any potential liability for sudden and nonsudden accidental occurrences, and subsequent costs incurred by the Department in response to an incident involving a drilling operation, even if the developer or operator becomes insolvent or ceases to reside, be incorporated, do business, or maintain assets in the State.

(6) To require surveys upon application of any owner who has reason to believe that a well has been unlawfully drilled by another person into land of the owner without permission. In the event such surveys are required, the costs thereof shall be borne by the owner making the request.

(7) To require the making of reports showing the location of oil and gas wells and the filing of logs and drilling records.

(8) To prevent "blowouts," "caving," and "seepage," as such terms are generally understood in the oil and gas industry.

(9) To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures, and all storage and transportation equipment and facilities.

(10) To regulate the "shooting," perforating, and chemical treatment of wells.
(11) To regulate secondary recovery methods, including the introduction of gas, air, water, or other substances into producing formations.

(12) To regulate the spacing of wells and to establish drilling units.

(13) To regulate and, if necessary in its judgment for the protection of unique environmental values, to prohibit the location of wells in the interest of protecting the quality of the water, air, soil, or any other environmental resource against injury, damage, or impairment.

(14) Any other matter the Commission deems necessary for implementation of a modern regulatory program for the management of oil and gas exploration and development in the State and the use of horizontal drilling and hydraulic fracturing for that purpose.

(a1) The regulatory program required to be established and the rules required to be adopted pursuant to subsection (a) of this section shall not include a program or rules for the regulation of oil and gas exploration and development in the waters of the Atlantic Ocean and the coastal sounds as defined in G.S. 113A-103.

(a2) In addition to the matters for which the Commission is required to adopt rules pursuant to subsection (a) of this section, the Commission may adopt rules as it deems necessary for any of the following purposes:

1. To require the operation of wells with efficient gas-oil ratios and to fix such ratios.

2. To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as defined in this Article and rules adopted thereunder.

3. To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas.

4. To prevent, so far as is practicable, reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage.

(a3) The Environmental Management Commission shall adopt rules, after consideration of recommendations from the Mining and Energy Commission, for all of the following purposes:

1. Stormwater control for sites on which oil and gas exploration and development activities are conducted.

2. Regulation of toxic air emissions from drilling operations. In formulating appropriate standards, the Department shall assess emissions from oil and gas exploration and development activities that use horizontal drilling and hydraulic fracturing technologies, including emissions from associated truck traffic, in order to (i) determine the adequacy of the State’s current air toxics program to protect landowners who lease their property to drilling operations and (ii) determine the impact on ozone levels in the area in order to determine measures needed to maintain compliance with federal ozone standards.

(a4) The Department shall have jurisdiction and authority of and over all persons and property necessary to administer and enforce effectively the provisions of this law Article, and rules adopted thereunder, and all other laws relating to the conservation of oil and gas, except for jurisdiction and authority reserved to the Department of Labor and the Mining and Energy Commission, as otherwise provided. The Commission and the Department may issue orders as may be necessary from time to time in the proper administration and enforcement of this Article and rules adopted thereunder.

(b) The Commission and the Department, as appropriate, shall have the authority and it shall be their duty to make such inquiries as it may think proper to determine whether or not waste over which it has jurisdiction exists or is imminent; implement the provisions of this Article. In the exercise of such power the Commission and the Department, as appropriate, shall have the authority to collect data; to make
investigations and inspections; to examine properties, leases, papers, books and records; to examine, check, test and gauge oil and gas wells, tanks, refineries, and means of transportation; to hold hearings; and to provide for the keeping of records and the making of reports; and to take such action as may be reasonably necessary to enforce this law.

(b1) In the exercise of their respective authority over oil and gas exploration and development activities, the Commission and the Department, as applicable, shall have access to all data, records, and information related to such activities, including, but not limited to, seismic surveys, stratigraphic testing, geologic cores, proposed well bore trajectories, hydraulic fracturing fluid chemicals and constituents, drilling mud chemistry, and geophysical borehole logs. With the exception of information designated as a trade secret, as defined in G.S. 66-152(3), and that is designated as confidential or as a trade secret under G.S. 132-1.2, the Department shall make any information it receives available to the public. The State Geologist shall serve as the custodian of all data, information, and records received by the Department pursuant to this subsection and shall ensure that the information is maintained securely as provided in G.S. 132-7.

(c) The Department may make rules and orders as may be necessary from time to time in the proper administration and enforcement of this law, including rules or orders for the following purposes:

(1) To require the drilling, operation, casing and plugging of wells to be done in such manner as to prevent the escape of oil or gas out of one stratum to another; to prevent the intrusion of water into an oil or gas stratum from a separate stratum; to prevent the pollution of freshwater supplies by oil, gas or salt water; or to protect the quality of the water, air, soil or any other environmental resource against injury or damage or impairment; and to require reasonable bond condition for the performance of the duty to plug each dry or abandoned well.

(2) To require directional surveys upon application of any owner who has reason to believe that a well or wells of others has or have been drilled into the lands owned by him or held by him under lease. In the event such surveys are required, the costs thereof shall be borne by the owners making the request.

(3) To require the making of reports showing the location of oil and gas wells, and the filing of logs and drilling records.

(4) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities, and to prevent the premature and irregular encroachment of water which reduces, or tends to reduce, the total ultimate recovery of oil or gas from any pool.

(5) To require the operation of wells with efficient gas-oil ratios, and to fix such ratios.

(6) To prevent "blow-outs," "caving" and "seepage" in the sense that conditions indicated by such terms are generally understood in the oil and gas business.

(7) To prevent fires.

(8) To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures and all storage and transportation equipment and facilities.

(9) To regulate the "shooting," perforating, and chemical treatment of wells.

(10) To regulate secondary recovery methods, including the introduction of gas, air, water or other substances into producing formations.

(11) To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as herein defined.

(12) To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas.

(13) To regulate the spacing of wells and to establish drilling units.
(14) To prevent, so far as is practicable, reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage.

(15) To prevent where necessary the use of gas for the manufacture of carbon black.

(16) To regulate and, if necessary in its judgment for the protection of unique environmental values, to prohibit the location of wells in the interest of protecting the quality of the water, air, soil or any other environmental resource against injury, or damage or impairment.

(d) The Department of Labor shall develop, adopt, and enforce rules establishing health and safety standards for workers engaged in oil and gas operations in the State, including operations in which hydraulic fracturing treatments are used for that purpose.

(e) The Department shall submit an annual report on its activities conducted pursuant to this Article and rules adopted thereunder to the Environmental Review Commission, the Joint Legislative Commission on Energy Policy, the Senate and House of Representatives Appropriations Subcommittees on Natural and Economic Resources, and the Fiscal Research Division of the General Assembly on or before October 1 of each year."

SECTION 2.(d) G.S. 113-392 reads as rewritten:

"§ 113-392. Protecting pool owners; drilling units in pools; location of wells; shares in pools.

(a) Whether or not the total production from a pool be limited or prorated, no rule or order of the Commission shall be such in terms or effect.

(1) That it shall be necessary at any time for the producer from, or the owner of, a tract of land in the pool, in order that he may obtain such tract's just and equitable share of the production of such pool, as such share is set forth in this section, to drill and operate any well or wells on such tract in addition to such well or wells as can produce without waste such share, or

(2) As to occasion net drainage from a tract unless there be drilled and operated upon such tract a well or wells in addition to such well or wells thereon as can produce without waste such tract's just and equitable share, as set forth in this section, of the production of such pool.

(b) For the prevention of waste and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the Commission shall, after a hearing, establish a drilling unit or units for each pool. The Commission may establish drainage units of uniform size for the entire pool or may, if the facts so justify, divide into zones any pool, establish a drainage unit for each zone, which unit may differ in size from that established in any other zone; and the Commission may from time to time, if the facts so justify, change the size of the unit established for the entire pool or for any zone or zones, or part thereof, establishing new zones and units if the facts justify their establishment.

(c) Each well permitted to be drilled upon any drilling unit shall be drilled approximately in the center thereof, with such exception as may reasonably be necessary where it is shown, after notice and upon hearing, and the Commission finds that the unit is partly outside the pool or, for some other reason, a well approximately in the center of the unit would be nonproductive or where topographical conditions are such as to make the drilling approximately in the center of the unit unduly burdensome. Whenever an exception is granted, the Commission shall take such action as will offset any advantage which the person securing the exception may have over producers by reason of the drilling of the well as an exception, and so that drainage from developed units to the tract with respect to which the exception is granted will be prevented or minimized and the producer of the well drilled as an exception will be allowed to produce no more than his just and equitable share of the oil and gas in the pool, as such share is set forth in this section.
Subject to the reasonable requirements for prevention of waste, a producer's just and equitable share of the oil and gas in the pool (also sometimes referred to as a tract's just and equitable share) is that part of the authorized production for the pool (whether it be the total which could be produced without any restriction on the amount of production, or whether it be an amount less than that which the pool could produce if no restriction on the amount were imposed) which is substantially in the proportion that the quantity of recoverable oil and gas in the developed area of his tract in the pool bears to the recoverable oil and gas in the total developed area of the pool. Insofar as these amounts can be ascertained practically; and to that end, the rules, permits and orders of the Commission shall be such as will prevent or minimize reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counter-drainage), and will give to each producer the opportunity to use his just and equitable share of the reservoir energy.”

SECTION 2.(e) G.S. 113-394 reads as rewritten:

"§ 113-394. Limitations on production; allocating and prorating "allowables."

(a) Whenever the total amount of oil, including condensate, which all the pools in the State can produce, exceeds the amount reasonably required to meet the reasonable market demand for oil, including condensate, produced in this State, then the Department Commission shall limit the total amount of oil, including condensate, which may be produced in the State by fixing an amount which shall be designated "allowable" for this State, which will not exceed the reasonable market demand for oil, including condensate, produced in this State. The Department Commission shall then allocate or distribute the "allowable" for the State among the pools on a reasonable basis and in such manner as to avoid undue discrimination, and so that waste will be prevented. In allocating the "allowable" for the State, and in fixing "allowables" for pools producing oil or hydrocarbons forming condensate, or both oil and such hydrocarbons, the Department Commission shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil, gas and condensate, and shall formulate rules setting forth standards or a program for the distribution of the "allowable" for the State, and shall distribute the "allowable" for the State in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or programs shall be applied to such pools and areas so that as far as practicable a uniform program will be followed; provided, however, the Department Commission shall permit the production of a sufficient amount of natural gas from any pool to supply adequately the reasonable market demand for such gas for light and fuel purposes if such production can be obtained without waste, and the condensate "allowable" for such pool shall not be less than the total amount of condensate produced or obtained in connection with the production of the gas "allowable" for light and fuel purposes, and provided further that, if the amount allocated to pool as its share of the "allowable" for the State is in excess of the amount which the pool should produce to prevent waste, then the Department Commission shall fix the "allowable" for the pool so that waste will be prevented.

(b) The Commission Department shall not be required to determine the reasonable market demand applicable to any single pool except in relation to all pools producing oil of similar kind and quality and in relation to the demand applicable to the State, and in relation to the effect of limiting the production of pools in the State. In allocating "allowables" to pools, the Department Commission shall not be bound by nominations or desires of purchasers to purchase oil from particular fields or areas, and the Commission Department shall allocate the "allowable" for the State in such manner as will prevent undue discrimination against any pool or area in favor of another or others which would result from selective buying or nominating by purchasers of oil, as such term "selective buying or nominating" is understood in the oil business.

(c) Whenever the Department limits the total amount of oil or gas which may be produced in any pool in this State to an amount less than that which the pool could produce if no restrictions were imposed (which limitation may be imposed either incidental to,
or without, a limitation of the total amount of oil or gas which may be produced in the State),
the Department Commission shall prorate or distribute the "allowable" production among the
producers in the pool on a reasonable basis, and so that each producer will have the opportunity
to produce or receive his just and equitable share, as such share is set forth in subsection
G.S. 113-392(d), subject to the reasonable necessities for the prevention of waste.
(d) Whenever the total amount of gas which can be produced from any pool in this
State exceeds the amount of gas reasonably required to meet the reasonable market demand
therefrom, the Commission Department shall limit the total amount of gas which may be
produced from such pool. The Commission Department shall then allocate or distribute the
allowable production among the developed areas in the pool on a reasonable basis, so that each
producer will have the opportunity to produce his just and equitable share, as such share is set
forth in subsection G.S. 113-392(d), whether the restriction for the pool as a whole is
accomplished by order or by the automatic operation of the prohibitory provisions of this law.
As far as applicable, the provisions of subsection (a) of this section shall be followed in
allocating any "allowable" of gas for the State.
(e) After the effective date of any rule or order of the Department Commission fixing
the "allowable" production of oil or gas, or both, or condensate, no person shall produce from
any well, lease, or property more than the "allowable" production which is fixed, nor shall such
amount be produced in a different manner than that which may be authorized.
SECTION 2.(f) G.S. 113-410 reads as rewritten:
"§ 113-410. Penalties for other violations.
   (a) Any person who fails to secure a permit prior to drilling a well or using hydraulic
fracturing treatments, or who knowingly and willfully violates any provision of this
law, Article, or any rule or order of the Commission or the Department made hereunder, shall,
in the event a penalty for such violation is not otherwise provided for herein, be subject to a
penalty of not to exceed one twenty-five thousand dollars ($1,000) ($25,000) a day for each and
every day of such violation, and for each and every act of violation, such penalty to be
recovered in a suit in the superior court of the county where the defendant resides, or in the
county of the residence of any defendant if there be more than one defendant, or in the superior
county of the county where the violation took place. The place of suit shall be selected by the
Department, and suit, by direction of the Department, shall be instituted and conducted in
the name of the Department by the Attorney General. The payment of any penalty as provided
for herein shall not have the effect of changing illegal oil into legal oil, illegal gas into legal
gas, or illegal product into legal product, nor shall such payment have the effect of authorizing
the sale or purchase or acquisition, or the transportation, refining, processing, or handling in
any other way, of such illegal oil, illegal gas or illegal product, but, to the contrary, penalty
shall be imposed for each prohibited transaction relating to such illegal oil, illegal gas or illegal
product.
   (b) Any person knowingly and willfully aiding or abetting any other person in the
violation of any statute of this State relating to the conservation of oil or gas, or the violation of
any provisions of this law, or any rule or order made thereunder, shall be subject to the same
penalties as prescribed herein in subsection (a) of this section for the violation by such other
person.
   (c) In determining the amount of a penalty under this section, the Department shall
consider all of the following factors:
   (1) The degree and extent of harm to the natural resources of the State, to the
public health, or to private property resulting from the violation.
   (2) The duration and gravity of the violation.
   (3) The effect on ground or surface water quantity or quality or on air quality.
   (4) The cost of rectifying the damage.
   (5) The amount of money the violator saved by noncompliance.
   (6) Whether the violation was committed willfully or intentionally.
(7) The prior record of the violator in complying or failing to comply with this Article or a rule adopted pursuant to this Article.

(8) The cost to the State of the enforcement procedures.

(d) If any civil penalty has not been paid within 60 days after notice of assessment has been served on the violator or within 30 days after service of the final decision by the administrative law judge in accordance with G.S. 150B-34, a final decision by the Committee on Civil Penalty Remissions established under G.S. 143B-293.6, or a court order, whichever is later, the Secretary or the Secretary’s designee shall request the Attorney General to institute a civil action in the superior court of any county in which the violator resides or has his or its principal place of business to recover the amount of the civil penalty.

(e) The clear proceeds of penalties provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.”

SECTION 2. (g) G.S. 113-415 reads as rewritten:

“§ 113-415. Conflicting laws.

No provision of this Article shall be construed to repeal, amend, abridge or otherwise affect: (i) the authority and responsibility vested in the Environmental Management Commission by Article 7 of Chapter 87 of the General Statutes, pertaining to the location, construction, repair, operation and abandonment of wells, or the authority and responsibility vested in the Environmental Management Commission related to the control of water and air pollution as provided in Articles 21 and 21A of Chapter 143 of the General Statutes; or (ii) the authority or responsibility vested in the Department and the Commission for Public Health by Article 10 of Chapter 130A of the General Statutes pertaining to public water-supply requirements, or the authority and responsibility vested in the Commission for Public Health related to the management of solid and hazardous waste as provided in Article 9 of Chapter 130A of the General Statutes.”

SECTION 2. (h) G.S. 143B-282 reads as rewritten:

…

(2) The Environmental Management Commission shall adopt rules:

…

l. For matters within its jurisdiction that allow for and regulate horizontal drilling and hydraulic fracturing for the purpose of oil and gas exploration and development.

…"

SECTION 2. (i) G.S. 130A-29 reads as rewritten:

…

(c) The Commission shall adopt rules:

…

(11) For matters within its jurisdiction that allow for and regulate horizontal drilling and hydraulic fracturing for the purpose of oil and gas exploration and development.

…”

SECTION 2. (j) The Mining and Energy Commission, in conjunction with the Department of Environment and Natural Resources, the Department of Transportation, the North Carolina League of Municipalities, and the North Carolina Association of County Commissioners, shall identify appropriate levels of funding and potential sources for that funding, including permit fees, bonds, taxes, and impact fees, necessary to (i) support local governments impacted by the industry and associated activities; (ii) address expected infrastructure impacts, including, but not limited to, repair of roads damaged by truck traffic and heavy equipment; (iii) cover any costs to the State for administering an oil and gas regulatory program, including remediation and reclamation of drilling sites when necessary due to abandonment or insolvency of an oil or gas operator or other responsible party; and (iv) any
other issues that may need to be addressed in the Commission's determination. Any recommendation concerning local impact fees shall be formulated to require that all such fees be used exclusively to address infrastructure impacts from the drilling operation for which a fee is imposed. The Commission shall report its findings and recommendations, including legislative proposals, to the Joint Legislative Commission on Energy Policy, created under Section 6(a) of this act, and the Environmental Review Commission on or before January 1, 2013.

**SECTION 2.(k)** The Mining and Energy Commission, in conjunction with the Department of Environment and Natural Resources, the North Carolina League of Municipalities, and the North Carolina Association of County Commissioners, shall examine the issue of local government regulation of oil and gas exploration and development activities, and the use of horizontal drilling and hydraulic fracturing for that purpose. The Commission shall formulate recommendations that maintain a uniform system for the management of such activities, which allow for reasonable local regulations, including required setbacks, infrastructure placement, and light and noise restrictions, that do not prohibit or have the effect of prohibiting oil and gas exploration and development activities, and the use of horizontal drilling and hydraulic fracturing for that purpose, or otherwise conflict with State law. The Commission shall report its findings and recommendations, including legislative proposals, to the Joint Legislative Commission on Energy Policy, created under Section 6(a) of this act, and the Environmental Review Commission on or before January 1, 2013.

**SECTION 2.(l)** The Mining and Energy Commission, in conjunction with the Department of Environment and Natural Resources and the Consumer Protection Division of the North Carolina Department of Justice, shall study the State's current law on the issue of integration or compulsory pooling and other states' laws on the matter. The Department shall report its findings and recommendations, including legislative proposals, to the Joint Legislative Commission on Energy Policy, created under Section 6(a) of this act, and the Environmental Review Commission on or before January 1, 2013.

**SECTION 2.(m)** All rules required to be adopted by the Mining and Energy Commission, the Environmental Management Commission, and the Commission for Public Health pursuant to this act shall be adopted no later than October 1, 2014. In order to provide for the orderly, efficient, and effective development and adoption of rules and to prevent the adoption of duplicative, inconsistent, or inadequate rules by these Commissions, the Department of Environment and Natural Resources shall coordinate the adoption of the rules. The Commissions and the Department shall develop the rules in an open and collaborative process that includes (i) input from scientific and technical advisory groups; (ii) consultation with the North Carolina League of Municipalities, the North Carolina Association of County Commissioners, the Division of Energy of the Department of Commerce, the Department of Transportation, the Division of Emergency Management of the Department of Public Safety, the Consumer Protection Division of the Department of Justice, the Department of Labor, the Department of Health and Human Services, the State Review of Oil and Natural Gas Environmental Regulations (STRONGER), the American Petroleum Institute (API), and the Rural Advancement Foundation (RAFI-USA); and (iii) broad public participation. During the development of the rules, the Commissions and the Department shall identify changes required to all existing rules and statutes necessary for the implementation of this act, including repeal or modification of rules and statutes. Until such time as all of the rules are adopted pursuant to this act, the Department shall submit quarterly reports to the Joint Legislative Commission on Energy Policy, created under Section 6(a) of this act, and the Environmental Review Commission on its progress in developing and adopting the rules. The quarterly reports shall include recommendations on changes required to existing rules and statutes and any other findings or recommendations necessary for the implementation of this act. The first report required by this subsection is due January 1, 2013.
SECTION 2.(n) Notwithstanding G.S. 143B-293.5, as enacted by Section 1(b) of this act, the North Carolina Mining and Energy Commission shall meet at least twice quarterly until December 31, 2015, in order to develop a modern regulatory program for the management of oil and gas exploration and development activities in the State, including the use of horizontal drilling and hydraulic fracturing for that purpose.

PART IV. AUTHORIZE HORIZONTAL DRILLING AND HYDRAULIC FRACTURING; PROHIBIT ISSUANCE OF PERMITS PENDING SUBSEQUENT LEGISLATIVE ACTION

SECTION 3.(a) G.S. 113-393 reads as rewritten:

"§ 113-393. Development of lands as drilling unit by agreement or order of Department Commission.

(a) Integration of Interests and Shares in Drilling Unit. – When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may agree validly to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the Department Commission shall, for the prevention of waste or to avoid drilling of unnecessary wells, require such owners to do so and to develop their lands as a drilling unit. All orders requiring such integration shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and will afford to the owner of each tract the opportunity to recover or receive his just and equitable share of the oil and gas in the pool without unnecessary expense, and will prevent or minimize reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage. The portion of the production allocated to the owner of each tract included in a drilling unit formed by an integration order shall, when produced, be considered as if it had been produced from such tract by a well drilled thereon.

In the event such integration is required, and provided also that after due notice to all the owners of tracts within such drilling unit of the creation of such drilling unit, and provided further that the Department Commission has received no protest thereto, or request for hearing thereon, whether or not 10 days have elapsed after notice has been given of the creation of the drilling unit, the operator designated by the Department Commission to develop and operate the integrated unit shall have the right to charge to each other interested owner the actual expenditures required for such purpose not in excess of what are reasonable, including a reasonable charge for supervision, and the operator shall have the right to receive the first production from the well drilled by him thereon, which otherwise would be delivered or paid to the other parties jointly interested in the drilling of the well, so that the amount due by each of them for his shares of the expense of drilling, equipping, and operating the well may be paid to the operator of the well out of production; with the value of the production calculated at the market price in the field at the time such production is received by the operator or placed to his credit. After being reimbursed for the actual expenditures for drilling and equipping and operating expenses incurred during the drilling operations and until the operator is reimbursed, the operator shall thereafter pay to the owner of each tract within the pool his ratable share of the production calculated at the market price in the field at the time of such production less the reasonable expense of operating the well. In the event of any dispute relative to such costs, the Department Commission shall determine the proper costs.

(b) When Each Owner May Drill. – Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the Department Commission is without authority to require integration as provided for in subsection (a) of this section, then, subject to all other applicable provisions of this law, the owner of each tract embraced within the drilling unit may drill on his tract, but the allowable production from each tract shall be such proportion of the allowable for the full drilling unit as the area of such separately owned tract bears to the full drilling unit.
(c) Cooperative Development Not in Restraint of Trade. – Agreements made in the interests of conservation of oil or gas, or both, or for the prevention of waste, between and among owners or operators, or both, owning separate holdings in the same oil or gas pool, or in any area that appears from geological or other data to be underlaid by a common accumulation of oil or gas, or both, or between and among such owners or operators, or both, and royalty owners therein, of a pool or area, or any part thereof, as a unit for establishing and carrying out a plan for the cooperative development and operation thereof, when such agreements are approved by the Department, Commission, are hereby authorized and shall not be held or construed to violate any of the statutes of this State relating to trusts, monopolies, or contracts and combinations in restraining of trade.

(d) Variation from Vertical. – Whenever the Department fixes the location of any well or wells on the surface, the point at which the maximum penetration of such wells into the producing formation is reached shall not unreasonably vary from the vertical drawn from the center of the hole at the surface, provided, that the Department Commission shall prescribe rules and the Department shall prescribe orders governing the reasonableness of such variation. This subsection shall not apply to wells drilled for the purpose of exploration or development of natural gas through use of horizontal drilling in conjunction with hydraulic fracturing treatments.

SECTION 3.(b) G.S. 143-214.2 reads as rewritten:

"§ 143-214.2. Prohibited discharges.

(a) The discharge of any radiological, chemical or biological warfare agent or high-level radioactive waste to the waters of the State is prohibited.

(b) The discharge of any wastes to the subsurface or groundwaters of the State by means of wells is prohibited. This section shall not be construed to prohibit (i) the operation of closed-loop groundwater remediation systems in accordance with G.S. 143-215.1A or (ii) injection of hydraulic fracturing fluid for the exploration or development of natural gas resources.

(c) Unless permitted by a rule of the Commission, the discharge of wastes, including thermal discharges, to the open waters of the Atlantic Ocean over which the State has jurisdiction are prohibited."

SECTION 3.(c) G.S. 113-395 reads as rewritten:

"§ 113-395. Permits, fees, and notice required for oil and gas activities. Notice and payment of fee to Department before drilling or abandoning well; plugging abandoned well.

(a) Before any well, in search of oil or gas, shall be drilled, the person desiring to drill the same shall notify and submit an application for a permit to the Department upon such form as the Department may prescribe and shall pay a fee of three thousand dollars ($3,000) for each well. The drilling of any well is hereby prohibited until such notice is given and such fee has been paid and permit granted unless the Department has issued a permit for the activity.

(b) Any person desiring to use hydraulic fracturing treatments in conjunction with oil and gas operations or activities shall submit an application for a permit to the Department upon such form as the Department may prescribe. The use of hydraulic fracturing treatments is prohibited unless the Department has issued a permit for the activity.

(c) Each abandoned well and each dry hole shall be plugged promptly in the manner and within the time required by rules prescribed by the Department, and the owner of such well shall give notice, upon such form as the Department may prescribe, of the abandonment of each dry hole and of the owner's intention to abandon, and shall pay a fee of four hundred fifty dollars ($450.00). No well shall be abandoned until such notice has been given and such fee has been paid."

SECTION 3.(d) The issuance of permits for oil and gas exploration and development activities using horizontal drilling and hydraulic fracturing treatments in the State pursuant to G.S. 113-395, as amended by subsection (c) of this section, or any other provision of law shall be prohibited in order to allow the Mining and Energy Commission sufficient time
for development of a modern regulatory program for the management of oil and gas exploration and development in the State and the use of horizontal drilling and hydraulic fracturing treatments for that purpose, and for adoption of appropriate environmental standards applicable to these activities. No agency of the State, including the Department of Environment and Natural Resources, the Environmental Management Commission, the Commission on Public Health, or the Mining and Energy Commission, shall issue a permit for oil or gas exploration or development activities using horizontal drilling and hydraulic fracturing treatments until the General Assembly takes legislative action to allow the issuance of such permits.

PART V. LANDOWNER AND PUBLIC PROTECTIONS

SECTION 4(a) G.S. 113-420 reads as rewritten:

"§ 113-420. Notice and entry to property.

(a) Notice Required for Activities That Do Not Disturb Surface of Property. – If an oil and or gas developer or operator is not the surface owner of the property on which oil and gas operations are to occur, before entering the property for oil and or gas operations that do not disturb the surface, including inspections, staking, surveys, measurements, and general evaluation of proposed routes and sites for oil and or gas drilling operations, the developer or operator shall give written notice to the surface owner at least seven 14 days before the desired date of entry to the property. Notice shall be given by certified mail, return receipt requested. The requirements of this subsection may not be waived by agreement of the parties. The notice, at a minimum, shall include all of the following:

(1) The identity of person(s) requesting entry upon the property.
(2) The purpose for entry on the property.
(3) The dates, times, and location on which entry to the property will occur, including the estimated number of entries.

(b) Notice Required for Land-Disturbing Activities. – If an oil and or gas developer or operator is not the surface owner of the property on which oil and or gas operations are to occur, before entering the property for oil and or gas operations that disturb the surface, the developer or operator shall give written notice to the surface owner at least 30 days before the desired date of entry to the property. Notice shall be given by certified mail, return receipt requested. The notice, at a minimum, shall include all of the following:

(1) A description of the exploration or development plan, including, but not limited to (i) the proposed locations of any roads, drill pads, pipeline routes, and other alterations to the surface estate and (ii) the proposed date on or after which the proposed alterations will begin.
(2) An offer of the oil and gas developer or operator to consult with the surface owner to review and discuss the location of the proposed alterations.
(3) The name, address, telephone number, and title of a contact person employed by or representing the oil or gas developer or operator who the surface owner may contact following the receipt of notice concerning the location of the proposed alterations.

(b1) Persons Entering Land; Identification Required; Presumption of Proper Protection While on Surface Owners' Property. – Persons who enter land on behalf of an oil or gas developer or operator for oil and gas operations shall carry on their person identification sufficient to identify themselves and their employer or principal and shall present the identification to the surface owner upon request. Entry upon land by such a person creates a rebuttable presumption that the surface owner properly protected the person against personal injury or property damage while the person was on the land.

(c) Venue. – If the oil and or gas developer or operator fails to give notice or otherwise comply with the provisions of as provided in this section, the surface owner may seek appropriate relief in the superior court for the county in which the oil or gas well is located and may receive actual damages."

SECTION 4(b) G.S. 113-421 reads as rewritten:
§ 113-421. Compensation for damages; presumptive liability for water contamination; compensation for other damages; responsibility for reclamation.

(a) Presumptive Liability for Water Contamination. – It shall be presumed that an oil or gas developer or operator is responsible for contamination of all water supplies that are within 5,000 feet of a wellhead that is part of the oil or gas developer's or operator's activities unless the presumption is rebutted by a defense established as set forth in subdivision (1) of this subsection. If a contaminated water supply is located within 5,000 feet of a wellhead, in addition to any other remedy available at law or in equity, including payment of compensation for damage to a water supply, the developer or operator shall provide a replacement water supply to the surface owner and other persons using the water supply at the time the oil or gas developer's activities were commenced on the property, which water supply shall be adequate in quality and quantity for those persons' use.

(1) In order to rebut a presumption arising pursuant to subsection (a) of this section, an oil or gas developer or operator shall have the burden of proving by a preponderance of the evidence any of the following:

a. The contamination existed prior to the commencement of the drilling activities of the oil or gas developer or operator, as evidenced by a pre-drilling test of the water supply in question conducted in conformance with G.S. 113-423(f).

b. The surface owner or owner of the water supply in question refused the oil or gas developer or operator access to conduct a pre-drilling test of the water supply conducted in conformance with G.S. 113-423(f).

c. The water supply in question is not within 5,000 feet of a wellhead that is part of the oil or gas developer's or operator's activities.

d. The contamination occurred as the result of a cause other than activities of the developer or operator.

(a1) Compensation for Other Damages Required. – The oil and or gas developer or operator shall be obligated to pay the surface owner compensation for all of the following:

(1) Any damage to a water supply in use prior to the commencement of the activities of the developer or operator which is due to those activities.

(2) The cost of repair of personal property of the surface owner, which personal property is damaged due to activities of the developer or operator, up to the value of replacement by personal property of like age, wear, and quality.

(3) Damage to any livestock, crops, or timber determined according to the market value of the resources destroyed, damaged, or prevented from reaching market due to the oil or gas developer's or operator's activities.

(a2) Reclamation of Surface Property Required. – An oil or gas developer or operator shall reclaim all surface areas affected by its operations no later than two years following completion of the operations. If the developer or operator is not the surface owner of the property, prior to commencement of activities on the property, the oil or gas developer or operator shall provide a bond running to the surface owner sufficient to cover reclamation of the surface owner's property.

(a3) Remediation Required. – Nothing in this Article shall be construed to obviate or affect the obligation of a developer or operator to comply with any other requirement under law to remediate contamination caused by its activities.

(a4) Replacement Water Supply Required. – If a water supply belonging to the surface owner or third parties is contaminated due to the activities of the developer or operator, in addition to any other remedy available at law or in equity, the developer or operator shall provide a replacement water supply to persons using the water supply at the time the oil or gas developer's activities were commenced on the property, which water supply shall be adequate in quality and quantity for those persons' use.
(b) Time Frame for Compensation. – When compensation is required, the surface owner shall have the option of accepting a one-time payment or annual payments for a period of time not less than 10 years.

(c) Venue. – The surface owner has the right to seek damages pursuant to this section in the superior court for the county in which the oil or gas well is located. The superior court for the county in which the oil or gas well is located has jurisdiction over all proceedings brought pursuant to this section. If the surface owner or the surface owner's assignee is the prevailing party in an action to recover unpaid royalties or other damages owed due to activities of the developer or operator, the court shall award any court costs and reasonable attorneys' fees to the surface owner or the surface owner's assignee.

(d) Conditions precedent, notice provisions, or arbitration clauses included in lease documents that have the effect of limiting access to the superior court in the county in which the oil or gas well is located are void and unenforceable.

SECTION 4.(c) G.S. 113-422 reads as rewritten:

"§ 113-422. Indemnification.

An oil or gas developer or operator shall indemnify and hold harmless a surface owner against any claims related to the developer's or operator's activities on the surface owner's property, including, but not limited to, (i) claims of injury or death to any person; (ii) for damage to impacted infrastructure or water supplies; (iii) damage to a third party's property that is adjacent to property on which drilling occurs, as well as real or personal property, adjacent infrastructure, and wells; and (iv) violations of any federal, State, or local law, rule, regulation, or ordinance, including those for protection of the environment."

SECTION 4.(d) G.S. 113-423 reads as rewritten:

"§ 113-423. Maximum Required lease terms.

(a) Required Information to be Provided to Potential Lessors and Surface Owners. – Prior to executing a lease for oil and gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property, an oil or gas developer or operator, or any agent thereof, shall provide the lessor with a copy of this Part and a publication produced by the Consumer Protection Division of the North Carolina Department of Justice entitled "Oil & Gas Leases: Landowners' Rights." If the lessor is not the surface owner of the property, the oil or gas developer or operator shall also provide the surface owner with a copy of this Part and the publication prior to execution of a lease for oil and gas rights.

(b) Maximum Duration. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall expire at the end of 10 years from the date the lease is executed, unless, at the end of the 10-year period, oil or gas is being produced for commercial purposes from the land to which the lease applies. If, at any time after the 10-year period, commercial production of oil or gas is terminated for a period of six months or more, all rights to the oil or gas shall revert to the surface owner of the property to which the lease pertains. No assignment or agreement to waive the provisions of this subsection shall be valid or enforceable. As used in this subsection, the term "production" includes the actual production of oil or gas by a lessee, or when activities are being conducted by the lessee for injection, withdrawal, storage, or disposal of water, gas, or other fluids, or when rentals or royalties are being paid by the lessee. No force majeure clause shall operate to extend a lease beyond the time frames set forth in this subsection.

(c) Minimum Royalty Payments. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall provide that the lessor shall receive a royalty payment of not less than twelve and one-half percent (12.5%) of the proceeds of sale of all oil or gas produced from the lessor's just and equitable share of the oil and gas in the pool, which sum shall not be diminished by pre-production or post-production costs, fees, or other charges assessed by the oil or gas developer or operator against the property owner. Royalty payments shall commence no later than six months after the date of first sale of product from the drilling operations subject to the lease and thereafter no later than 60 days after the end of the calendar quarter within which
subsequent production is sold. At the time each royalty payment is made, the oil or gas developer or operator shall provide documentation to the lessor on the time period for which the royalty payment is made, the quantity of product sold within that period, and the price received, at a minimum. If royalty payments have not been made within the required time frames, the lessor shall be entitled to interest on the unpaid royalties commencing on the payment due date at the rate of twelve and one-half percent (12.5%) per annum on the unpaid amounts. Upon written request, the lessor shall be entitled to inspect and copy records of the oil or gas developer or operator related to production and royalty payments associated with the lease.

(d) Bonus Payments. – Any bonus payments, or other initial payments, due under a lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall be paid by the lessee to the lessor within 60 days of execution of a lease. If a bonus payment or other initial payment has not been made within the required time frame, the lessor shall be entitled to interest on the unpaid amount commencing on the payment due date at the rate of ten percent (10%) per annum on the unpaid amount.

(e) Agreements for Use of Other Resources; Associated Payments. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall clearly state whether the oil or gas developer or operator shall use groundwater or surface water supplies located on the property and, if so, shall clearly state the estimated amount of water to be withdrawn from the supplies on the property, and shall require permission of the surface owner therefore. At a minimum, water used by the developer or operator shall not restrict the supply of water for domestic uses by the surface owner. The lease shall provide for full compensation to the surface owner for water consumed based on water sales in the area at the time of use.

(f) Pre-Drilling Testing of Water Supplies. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall include a clause that requires the oil or gas developer or operator to conduct a test of all water supplies within 5,000 feet from a wellhead that is part of the oil or gas developer's or operator's activities at least 30 days prior to initial drilling activities and at least two follow-up tests within a 24-month period after production has commenced. The Department shall identify the location of all water supplies, including wells, on a property on which drilling operations are proposed to occur. A surface owner may elect to have the Department sample wells located on their property, in lieu of sampling conducted by the oil or gas developer or operator, in which case the developer or operator shall reimburse the Department for the reasonable costs involved in testing of the wells in question. Nothing in this subsection shall be construed to preclude or impair the right of any surface owner to refuse pre-drilling testing of wells located on their property.

(g) Recordation of Leases. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property, including assignments of such leases, shall be recorded within 30 days of execution in the register of deeds office in the county that the land that is subject to the lease is located.

(h) Notice of Assignment Required. – Written notice of assignment of any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall be provided to the lessor within 30 days of such assignment. If the surface owner of the property is not the lessor, written notice of assignment of any lease of oil or gas rights shall also be given to the surface owner of the property to which the lease pertains within 30 days of such assignment.

(i) Lender Approval of Lease. – Any lease for oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property with a surface owner shall include a conspicuous boldface disclosure concerning notification to lenders, which shall be initialed by the surface owner, and state the following:
NOTICE TO LENDER(S) PRIOR TO EXECUTION OF LEASE:

Surface owners are advised to secure written approval from any lender who holds a mortgage or deed of trust on any portion of the surface property involved in the lease prior to execution of the lease and obtain written confirmation that execution of the lease will not violate any provision associated with any applicable mortgage or deed of trust, which could potentially result in foreclosure.

I have read and understood the terms of this provision. Surface Owner's Initials

(j) Three-Day Right of Rescission. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall be subject to a three-day right of rescission in which the lessor or lessee may cancel the lease. A bold and conspicuous notice of this right of rescission shall be included in all such leases. In order to cancel the lease, the lessor or lessee shall notify the other party in writing within three business days of execution of the lease, and the lessor shall return any sums paid by the lessee to the lessor under the terms of the lease.”

SECTION 4.(e) Part 3 of Article 27 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"§ 113-423.1. Surface activities.

(a) Agreements on Rights and Obligations of Parties. – The developer or operator and the surface owner may enter into a mutually acceptable agreement that sets forth the rights and obligations of the parties with respect to the surface activities conducted by the developer or operator.

(b) Minimization of Intrusion Required. – An oil or gas developer or operator shall conduct oil and gas operations in a manner that accommodates the surface owner by minimizing intrusion upon and damage to the surface of the land. As used in this subsection, “minimizing intrusion upon and damage to the surface” means selecting alternative locations for wells, roads, pipelines, or production facilities, or employing alternative means of operation that prevent, reduce, or mitigate the impacts of the oil and gas operations on the surface, where such alternatives are technologically sound, economically practicable, and reasonably available to the operator. The standard of conduct set forth in this subsection shall not be construed to (i) prevent an operator from entering upon and using that amount of the surface as is reasonable and necessary to explore for, develop, and produce oil and gas and (ii) abrogate or impair a contractual provision binding on the parties that expressly provides for the use of the surface for the conduct of! oil and gas operations or that releases the operator from liability for the use of the surface. Failure of an oil or gas developer or operator to comply with the requirements of this subsection shall give rise to a cause of action by the surface owner. Upon a determination by the trier of fact that such failure has occurred, a surface owner may seek compensatory damages and equitable relief. In any litigation or arbitration based upon this subsection, the surface owner shall present evidence that the developer's or operator's use of the surface materially interfered with the surface owner's use of the surface of the land. After such showing, the developer or operator shall bear the burden of proof of showing that it minimized intrusion upon and damage to the surface of the land in accordance with the provisions of this subsection. If a developer or operator makes that showing, the surface owner may present rebuttal evidence. A developer or operator may assert, as an affirmative defense, that it has conducted oil or gas operations in accordance with a regulatory requirement, contractual obligation, or land-use plan provision that is specifically applicable to the alleged intrusion or damage. Nothing in this subsection shall do any of the following:

681
Preclude or impair any person from obtaining any and all other remedies allowed by law.

Prevent a developer or operator and a surface owner from addressing the use of the surface for oil and gas operations in a lease, surface use agreement, or other written contract.

Establish, alter, impair, or negate the authority of local governments to regulate land use related to oil and gas operations.”

SECTION 4.(f) G.S. 113-424 is repealed.

SECTION 4.(g) Part 3 of Article 27 of Chapter 113 of the General Statutes is amended by adding a new section to read:

(5) A list of all states and other jurisdictions in which the applicant has had a similar registration or license suspended or revoked.
(6) A statement whether any pending judgments or tax liens exist against the applicant.

(c) The Department may deny registration to an applicant, reprimand a registrant, suspend or revoke a registration, or impose a civil penalty on a registrant if the Department determines that the applicant or registrant does any of the following:

(2) Uses or attempts to use an expired, suspended, or revoked registration.
(3) Falsely represents oneself as a registered landman.

(e) The Department shall adopt rules as necessary to implement the provisions of this section.

SECTION 4.(h) Part 3 of Article 27 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"§ 113-426. Publication of information for landowners.

In order to effect the pre-lease publication distribution requirement as set forth in G.S. 113-423(a), and to otherwise inform the public, the Consumer Protection Division of the North Carolina Department of Justice, in consultation with the North Carolina Real Estate Commission, shall develop and make available a publication entitled "Oil & Gas Leases: Landowners' Rights" to provide general information on consumer protection issues and landowner rights, including information on leases of oil or gas rights, applicable to exploration and extraction of gas or oil. The Division and the Commission shall update the publication as necessary."

SECTION 4.(i) Part 3 of Article 27 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"§ 113-427. Additional remedies.

The remedies provided by this Part are not exclusive and do not preclude any other remedies that may be allowed by law."

SECTION 5. G.S. 47E-4 reads as rewritten:

"§ 47E-4. Required disclosures.

(a) With regard to transfers described in G.S. 47E-1, the owner of the real property shall furnish to a purchaser a residential property disclosure statement. The disclosure statement shall:

(1) Disclose those items which are required to be disclosed relative to the characteristics and condition of the property and of which the owner has actual knowledge; or

(2) State that the owner makes no representations as to the characteristics and condition of the real property or any improvements to the real property except as otherwise provided in the real estate contract.

(b) The North Carolina Real Estate Commission shall develop and require the use of a standard disclosure statement to comply with the requirements of this section. The disclosure statement shall specify that certain transfers of residential property are excluded from this requirement by G.S. 47E-2, including transfers of residential property made pursuant to a lease with an option to purchase where the lessee occupies or intends to occupy the dwelling, and shall include at least the following characteristics and conditions of the property:

(1) The water supply and sanitary sewage disposal system;

(2) The roof, chimneys, floors, foundation, basement, and other structural components and any modifications of these structural components;

(3) The plumbing, electrical, heating, cooling, and other mechanical systems;

The General Assembly of North Carolina enacts:

SECTION 1. Section 5 of Chapter 172 of the 1987 Session Laws, as amended by Chapter 55 of the 1991 Session Laws and by Section 21(p) of S.L. 2007-527, reads as rewritten:

"Sec. 5. Occupancy Tax. (a) Authorization and Scope. – The Board of Commissioners of Henderson County may by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto, levy a room occupancy and tourism development tax of no less than three percent (3%) nor more than five percent (5%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.

(a1) Authorization of Additional Tax. – In addition to the tax authorized by subsection (a) of this section, the Board of Commissioners of Henderson County may levy a room occupancy and tourism development tax of one percent (1%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Henderson County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(c) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section. The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 20th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay an additional tax, as a penalty, of one percent (1%) of the tax due for each day's omission up to 30 days, with a minimum penalty of twenty-five dollars ($25.00). In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of ten percent (10%) of the tax and penalty due in addition to any other penalty, with an additional tax of ten percent (10%) for each additional month or fraction thereof until
the tax is paid. The board of commissioners may, for good cause shown, compromise or forgive
the tax penalties imposed by this subsection.
Any person who willfully attempts in any manner to evade a tax or penalty imposed under
this act or who willfully fails to pay the tax or penalty or make and file a return shall, in
addition to all other penalties provided by law, be guilty of a misdemeanor and shall be
punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed
six months, or both.

gross receipts collected each year.

2. Promote travel and tourism. – To advertise or market an area or activity,

resolution is adopted.

688
(g) Repeal. A tax levied under this act may be repealed by a resolution adopted by the board of commissioners of the county. Repeal of a tax levied under this act does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

SECTION 2. (a) Section 6 of Chapter 172 of the 1987 Session Laws, as amended by Chapter 55 of the 1991 Session Laws and by Section 21(p) of S.L. 2007-527, reads as rewritten:

"SCHOOL CALENDAR"

"SECTION 7A.11.(a) G.S. 115C-84.2 reads as rewritten:"

"§ 115C-84.2. School calendar.
(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) A minimum of 185 days and or 1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have

696
to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a local board of education a waiver to use up to five of the instructional days required by subdivision (1) of this subsection as teacher workdays. For each instructional day waived, the State Board shall waive an equivalent number of instructional hours.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least two days scheduled under subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(d) Opening and Closing Dates. – Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, be no earlier than the Monday closest to August 26, and the closing date for students shall not be after June 10, be no later than the Friday closest to June 11. On a showing of good cause, the State Board of Education may waive this requirement the requirement that the opening date for students be no earlier than the Monday closest to August 26 and may allow the local board of education to set an opening date no earlier than the Monday closest to August 19, to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means either that:

1. Schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations.

2. Schools in any local school administrative unit in a county have been closed for all or part of eight days per year during any four of the last 10 years because of severe weather conditions. For purposes of this subdivision, a school shall be deemed to be closed for part of a day if it is closed for two or more hours.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of
students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

"SECTION 7A.11.(b) G.S. 115C-238.29F(d)(1) reads as rewritten:

"(1) The school shall provide instruction each year for at least 185 days or 1,025 instructional hours over nine calendar months. If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a charter school a waiver to use up to five of these instructional days as teacher workdays."

"SECTION 7A.11.(c) G.S. 115C-238.53(d) reads as rewritten:

"(d) A program approved under this Part shall provide instruction each school year for at least 185 days or 1,025 instructional hours during nine calendar months, shall comply with laws and policies relating to the education of students with disabilities, and shall comply with Article 27 of this Chapter. The requirements of G.S. 115C-84.2 shall not apply to the school calendar of a program approved under this Part."

"SECTION 7A.11.(d) G.S. 115C-238.66(1)d. reads as rewritten:

"d. The board of directors shall adopt a school calendar consisting of a minimum of 185 days or 1,025 hours of instruction covering at least nine calendar months."

"SECTION 7A.11.(e) Notwithstanding the calendar requirements of G.S. 115C-84.2, a local board of education may adopt a calendar consisting of a minimum of 185 days or 1,025 hours of instruction covering at least nine calendar months for certain schools within the local school administrative unit that meet all of the following requirements:

(1) Are located in a local school administrative unit that borders another state and serves a minimum of 135,000 students.

(2) Participate in a public-private partnership with private monetary investment in the school and local school administrative unit for the purpose of eliminating the educational gap and ensuring that all students graduate from high school prepared to succeed in college and life through a program that requires excellent principals and effective teachers, extended learning time opportunities, access to and effective use of technology, and community support through engaged parents, motivated mentors, and community connections.

(3) Belong to a feeder pattern that also participate in the same public-private partnership and includes not more than nine schools.

State funding shall not be used by the local board of education to fund any instructional days in excess of 185 included in a school calendar adopted as provided in this section. Local and private funds may be used to fund additional instructional days in the school calendar. The requirements of G.S. 115C-84.2 shall not apply to a school calendar approved as provided in this section.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 15A-534(a) reads as rewritten:
"(a) In determining conditions of pretrial release a judicial official must impose at least one of the following conditions:

The judicial official may also place restrictions on the travel, associations, conduct, or place of abode of the defendant as conditions of pretrial release. The judicial official may include as a condition of pretrial release that the defendant abstain from alcohol consumption, as verified by the use of a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety, and that any violation of this condition be reported by the monitoring provider to the district attorney."

SECTION 1.(b) G.S. 15A-534(i) is repealed.

SECTION 2. G.S. 15A-534.1(a)(2) reads as rewritten:

(2) Perform community service.
(3) Submission to a period or periods of confinement in a local confinement facility for a total of no more than six days per month during any three separate months during the period of probation. The six days per month confinement provided for in this subdivision may only be imposed as two-day or three-day consecutive periods. When a defendant is on probation for multiple judgments, confinement periods imposed under this subdivision shall run concurrently and may total no more than six days per month.
(4) Substance abuse assessment, monitoring, or treatment.
(4a) Abstain from alcohol consumption and submit to continuous alcohol monitoring when alcohol dependency or chronic abuse has been identified by a substance abuse assessment.
(5) Participation in an educational or vocational skills development program, including an evidence-based program.
(6) Submission to satellite-based monitoring, pursuant to Part 5 of Article 27A of Chapter 14 of the General Statutes, if the defendant is described by G.S. 14-208.40(a)(2)."

SECTION 4. G.S. 15A-1343(b) reads as rewritten:

"(b) Regular Conditions. — As regular conditions of probation, a defendant must:

(1) Commit no criminal offense in any jurisdiction.
(2) Remain within the jurisdiction of the court unless granted written permission to leave by the court or his probation officer.
(3) Report as directed by the court or his probation officer to the officer at reasonable times and places and in a reasonable manner, permit the officer to visit him at reasonable times, answer all reasonable inquiries by the officer and obtain prior approval from the officer for, and notify the officer of, any change in address or employment.
(3a) Not to abscond, by willfully avoiding supervision or by willfully making the defendant's whereabouts unknown to the supervising probation officer.
(4) Satisfy child support and other family obligations as required by the court. If the court requires the payment of child support, the amount of the payments shall be determined as provided in G.S. 50-13.4(c).

(6) Pay a supervision fee as specified in subsection (c1).
(7) Remain gainfully and suitably employed or faithfully pursue a course of study or of vocational training that will equip him for suitable employment. A defendant pursuing a course of study or of vocational training shall abide by all of the rules of the institution providing the education or training, and the probation officer shall forward a copy of the probation judgment to that
institution and request to be notified of any violations of institutional rules by the defendant.

(8) Notify the probation officer if he fails to obtain or retain satisfactory employment.

(9) Pay the costs of court, any fine ordered by the court, and make restitution or reparation as provided in subsection (d).

(10) Pay the State of North Carolina for the costs of appointed counsel, public defender, or appellate defender to represent him in the case(s) for which he was placed on probation.

(11) Repealed by Session Laws 2011-62, s. 1, as amended by Session Laws 2011-412, s. 2.2, effective December 1, 2011, and applicable to offenses committed on or after December 1, 2011.

(12) Attend and complete an abuser treatment program if (i) the court finds the defendant is responsible for acts of domestic violence and (ii) there is a program, approved by the Domestic Violence Commission, reasonably available to the defendant, unless the court finds that such would not be in the best interests of justice.

(13) Submit at reasonable times to warrantless searches by a probation officer of the probationer's person and of the probationer's vehicle and premises while the probationer is present, for purposes directly related to the probation supervision, but the probationer may not be required to submit to any other search that would otherwise be unlawful.

(14) Submit to warrantless searches by a law enforcement officer of the probationer's person and of the probationer's vehicle, upon a reasonable suspicion that the probationer is engaged in criminal activity or is in possession of a firearm, explosive device, or other deadly weapon listed in G.S. 14-269 without written permission of the court.

(15) Not use, possess, or control any illegal drug or controlled substance unless it has been prescribed for him or her by a licensed physician and is in the original container with the prescription number affixed on it; not knowingly associate with any known or previously convicted users, possessors, or sellers of any such illegal drugs or controlled substances; and not knowingly be present at or frequent any place where such illegal drugs or controlled substances are sold, kept, or used.

(16) Supply a breath, urine, or blood specimen for analysis of the possible presence of prohibited drugs or alcohol when instructed by the defendant's probation officer for purposes directly related to the probation supervision. If the results of the analysis are positive, the probationer may be required to reimburse the Division of Adult Correction of the Department of Public Safety for the actual costs of drug or alcohol screening and testing.

A defendant shall not pay costs associated with a substance abuse monitoring program or any other special condition of probation in lieu of, or prior to, the payments required by this subsection.

In addition to these regular conditions of probation, a defendant required to serve an active term of imprisonment as a condition of special probation pursuant to G.S. 15A-1344(e) or G.S. 15A-1351(a) shall, as additional regular conditions of probation, obey the rules and regulations of the Division of Adult Correction of the Department of Public Safety governing the conduct of inmates while imprisoned and report to a probation officer in the State of North Carolina within 72 hours of his discharge from the active term of imprisonment.

Regular conditions of probation apply to each defendant placed on supervised probation unless the presiding judge specifically exempts the defendant from one or more of the conditions in open court and in the judgment of the court. It is not necessary for the presiding
judge to state each regular condition of probation in open court, but the conditions must be set forth in the judgment of the court.

Defendants placed on unsupervised probation are subject to the provisions of this subsection, except that defendants placed on unsupervised probation are not subject to the regular conditions contained in subdivisions (2), (3), (6), (8), (13), (14), (15), and (16) of this subsection."

SECTION 5. G.S. 15A-1343(b1) is amended by adding a new subdivision to read:

"(b1) Special Conditions. – In addition to the regular conditions of probation specified in subsection (b), the court may, as a condition of probation, require that during the probation the defendant comply with one or more of the following special conditions:

…

(2c) Abstain from alcohol consumption and submit to continuous alcohol monitoring when alcohol dependency or chronic abuse has been identified by a substance abuse assessment.

…"

SECTION 6. G.S. 15A-1343.2(f) reads as rewritten:

"(f) Delegation to Probation Officer in Intermediate Punishments. — Unless the presiding judge specifically finds in the judgment of the court that delegation is not appropriate, the Section of Community Corrections of the Division of Adult Correction of the Department of Public Safety may require an offender sentenced to intermediate punishment to do any of the following:

(1) Perform up to 50 hours of community service, and pay the fee prescribed by law for this supervision.
(2) Submit to a curfew which requires the offender to remain in a specified place for a specified period each day and wear a device that permits the offender's compliance with the condition to be monitored electronically.
(3) Submit to substance abuse assessment, monitoring or treatment, including continuous alcohol monitoring when abstinence from alcohol consumption has been specified as a term of probation.
(4) Participate in an educational or vocational skills development program, including an evidence-based program.
(5) Submit to satellite-based monitoring pursuant to Part 5 of Article 27A of Chapter 14 of the General Statutes, if the defendant is described by G.S. 14-208.40(a)(2).
(6) Submit to a period or periods of confinement in a local confinement facility for a total of no more than six days per month during any three separate months during the period of probation. The six days per month confinement provided for in this subdivision may only be imposed as two-day or three-day consecutive periods. When a defendant is on probation for multiple judgments, confinement periods imposed under this subdivision shall run concurrently and may total no more than six days per month.
(7) Submit to house arrest with electronic monitoring.
(8) Report to the offender's probation officer on a frequency to be determined by the officer.

If the Section imposes any of the above requirements, then it may subsequently reduce or remove those same requirements.

The probation officer may exercise authority delegated to him or her by the court pursuant to subsection (f) of this section after administrative review and approval by a Chief Probation Officer. The offender may file a motion with the court to review the action taken by the probation officer. The offender shall be given notice of the right to seek such a court review. However, the offender shall have no right of review if he or she has signed a written waiver of rights as required by this subsection. The Section may exercise any authority delegated to it under this subsection only if it first determines that the offender has failed to comply with one
or more of the conditions of probation imposed by the court or the offender is determined to be
high risk based on the results of the risk assessment in G.S. 15A-1343.2, except that the
condition at subdivision (6) of this subsection may not be imposed unless the Section
determines that the offender failed to comply with one or more of the conditions imposed by
the court. Nothing in this section shall be construed to limit the availability of the procedures
authorized under G.S. 15A-1345.

The Division shall adopt guidelines and procedures to implement the requirements of this
section, which shall include a supervisor's approval prior to exercise of the delegation of
authority authorized by this section. Prior to imposing confinement pursuant to subdivision (6)
of this subsection, the probationer must first be presented with a violation report, with the
alleged violations noted and advised of the right (i) to a hearing before the court on the alleged
violation, with the right to present relevant oral and written evidence; (ii) to have counsel at the
hearing, and that one will be appointed if the probationer is indigent; (iii) to request witnesses
who have relevant information concerning the alleged violations; and (iv) to examine any
witnesses or evidence. Upon the signing of a waiver of rights by the probationer, with both the
probation officer and a supervisor signing as witnesses, the probationer may be confined for the
period designated on the violation report."

SECTION 7. G.S. 15A-1343.3 reads as rewritten:
"§ 15A-1343.3. Division of Adult Correction of the Department of Public Safety to
establish regulations for continuous alcohol monitoring systems; payment of fees; authority to terminate monitoring.

(a) The Division of Adult Correction of the Department of Public Safety shall establish
regulations for continuous alcohol monitoring systems that are authorized for use by the courts
as evidence that an offender on probation has abstained from the use of alcohol for a specified
period of time. A "continuous alcohol monitoring system" is a device that is worn by a person
that can detect, monitor, record, and report the amount of alcohol within the wearer's system
over a continuous 24-hour daily basis. The regulations shall include the procedures for
supervision of the offender, collection and monitoring of the results, and the transmission of the
data to the court for consideration by the court. All courts, including those using continuous
alcohol monitoring systems prior to July 4, 2007, shall comply with the regulations established
by the Division pursuant to this section.

The Secretary, or the Secretary's designee, shall approve continuous alcohol monitoring
systems for use by the courts prior to their use by a court as evidence of alcohol abstinence, or
their use as a condition of probation. The Secretary shall not unreasonably withhold approval of
a continuous alcohol monitoring system and shall consult with the Division of Purchase and
Contract in the Department of Administration to ensure that potential vendors are not
discriminated against.

(b) Any fees or costs paid by an offender on probation in order to comply with
continuous alcohol monitoring shall be paid directly to the monitoring provider. A monitoring
provider shall not terminate the provision of continuous alcohol monitoring for nonpayment of
fees unless authorized by the court."

SECTION 8. G.S. 20-28(a) reads as rewritten:
"(a) Driving While License Revoked. – Except as provided in subsection (a1) of this
section, any person whose drivers license has been revoked who drives any motor vehicle upon
the highways of the State while the license is revoked is guilty of a Class I misdemeanor. Upon
conviction, the person's license shall be revoked for an additional period of one year for the
first offense, two years for the second offense, and permanently for a third or subsequent
offense.

If the person's license was originally revoked for an impaired driving revocation, the court
may order as a condition of probation that the offender abstain from alcohol consumption and
verify compliance by use of a continuous alcohol monitoring system, of a type approved by the
Division of Adult Correction of the Department of Public Safety, for a minimum period of 90
days.
The restoree of a revoked drivers license who operates a motor vehicle upon the highways of the State without maintaining financial responsibility as provided by law shall be punished as for driving without a license.

SECTION 9. G.S. 20-179 reads as rewritten:

"§ 20-179. Sentencing hearing after conviction for impaired driving; determination of grossly aggravating and aggravating and mitigating factors; punishments.

... (g) Level One Punishment. – A defendant subject to Level One punishment may be fined up to four thousand dollars ($4,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 30 days and a maximum term of not more than 24 months. The term of imprisonment may be suspended only if a condition of special probation is imposed to require the defendant to serve a term of imprisonment of at least 30 days. A judge may reduce the minimum term of imprisonment required to a term of not less than 10 days if a condition of special probation is imposed to require that a defendant abstain from alcohol consumption and be monitored by a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety, for a period of not less than 120 days. If the defendant is monitored on an approved continuous alcohol monitoring system during the pretrial period, up to 60 days of pretrial monitoring may be credited against the 120-day monitoring requirement for probation. If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

(h) Level Two Punishment. – A defendant subject to Level Two punishment may be fined up to two thousand dollars ($2,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than seven days and a maximum term of not more than 12 months. The term of imprisonment may be suspended only if a condition of special probation is imposed to require the defendant to serve a term of imprisonment of at least seven days or to abstain from consuming alcohol for at least 90 consecutive days, as verified by a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety. If the defendant is monitored on an approved continuous alcohol monitoring system during the pretrial period, up to 60 days of pretrial monitoring may be credited against the 90-day monitoring requirement for probation. If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

... (h2) Any fees or costs paid pursuant to subsection (h1) of this section shall be paid to the clerk of court for the county in which the judgment was entered or the deferred prosecution agreement was filed. Fees or costs collected under this subsection shall be transmitted to the entity providing the continuous alcohol monitoring system.

... (k2) Probationary Requirement for Abstinence and Use of Continuous Alcohol Monitoring. – The judge may order that as a condition of special probation for any level of offense under G.S. 20-170 the defendant abstain from alcohol consumption, as verified by a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety.

(k3) The court, in the sentencing order, may authorize probation officers to require defendants to submit to continuous alcohol monitoring for assessment purposes if the defendant has been required to abstain from alcohol consumption during the term of probation and the probation officer believes the defendant is consuming alcohol. The defendant shall bear the
costs of the continuous alcohol monitoring system if the use of the system has been authorized by a judge in accordance with this subsection.

(k4) Notwithstanding the provisions of subsections (g), (h), (k2), and (k3) of this section, if the court finds, upon good cause shown, that the defendant should not be required to pay the costs of the continuous alcohol monitoring system, the court shall not impose the use of a continuous alcohol monitoring system unless the local governmental entity responsible for the incarceration of the defendant in the local confinement facility agrees to pay the costs of the system.

SECTION 10. G.S. 50-13.2 is amended by adding a new subsection to read:

"(b2) Any order for custody, including visitation, may, as a condition of such custody or visitation, require either or both parents, or any other person seeking custody or visitation, to abstain from consuming alcohol and may require submission to a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety, to verify compliance with this condition of custody or visitation. Any order pursuant to this subsection shall include an order to the monitoring provider to report any violation of the order to the court and each party to the action. Failure to comply with this condition shall be grounds for civil or criminal contempt."

SECTION 11. This act becomes effective December 1, 2012, and applies to offenses committed or any custody and visitation orders issued on or after that date.

In the General Assembly read three times and ratified this the 2nd day of July, 2012.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 15A of the General Statutes is amended by adding a new Article to read:

"Article 93.
"Sentencing for Minors Subject to Life Imprisonment Without Parole.

Notwithstanding the provisions of G.S. 14-17, a defendant who is convicted of first degree murder, and who was under the age of 18 at the time of the offense, shall be sentenced in accordance with this Article. For the purposes of this Article, "life imprisonment with parole" shall mean that the defendant shall serve a minimum of 25 years imprisonment prior to becoming eligible for parole.

(a) In determining a sentence under this Article, the court shall do one of the following:

(1) If the sole basis for conviction of a count or each count of first degree murder was the felony murder rule, then the court shall sentence the defendant to life imprisonment with parole;

(2) If the court does not sentence the defendant pursuant to subdivision (1) of this subsection, then the court shall conduct a hearing to determine whether the defendant should be sentenced to life imprisonment without parole, as set forth in G.S. 14-17, or a lesser sentence of life imprisonment with parole.

(b) The hearing under subdivision (2) of subsection (a) of this section shall be conducted by the trial judge as soon as practicable after the guilty verdict is returned. The State and the defendant shall not be required to resubmit evidence presented during the guilt determination phase of the case. Evidence, including evidence in rebuttal, may be presented as to any matter that the court deems relevant to sentencing, and any evidence which the court deems to have probative value may be received.

(c) The defendant or the defendant's counsel may submit mitigating circumstances to the court, including, but not limited to, the following factors:

(1) Age at the time of the offense;
(2) Immaturity;
(3) Ability to appreciate the risks and consequences of the conduct;

(e) The provisions of Article 58 of Chapter 15A of the General Statutes apply to proceedings under this Article.

§ 15A-1478. Sentencing; assignment for resentencing.

(a) The court shall consider any mitigating factors in determining whether, based upon all the circumstances of the offense and the particular circumstances of the defendant, the defendant should be sentenced to life imprisonment with parole instead of life imprisonment without parole. The order adjudging the sentence shall include findings on the absence or
presence of any mitigating factors and such other findings as the court deems appropriate to
include in the order.

(b) All motions for appropriate relief filed in superior court seeking resentencing under
the provisions of this Article may be heard and determined in the trial division by any judge (i)
who is empowered to act in criminal matters in the superior court district or set of districts as
defined in G.S. 7A-41.1, in which the judgment was entered and (ii) who is assigned pursuant
to this section to review the motion for appropriate relief and take the appropriate
administrative action to dispense with the motion.

(c) The judge who presided at the trial of the defendant is empowered to act upon the
motion for appropriate relief even though the judge is in another district or even though the
judge's commission has expired; however, if the judge who presided at the trial is still
unavailable to act, the senior resident superior court judge shall assign a judge who is
empowered to act under subsection (b) of this section.

(d) All motions for appropriate relief filed in superior court seeking resentencing under
the provisions of this Article shall, when filed, be referred to the senior resident superior court
judge, who shall assign the motion as provided by this section for review and administrative
action, including, as may be appropriate, dismissal, calendaring for hearing, entry of a
scheduling order for subsequent events in the case, or other appropriate actions.

§ 15A-1479. Incidents of parole.

(a) Except as otherwise provided in this section, a defendant sentenced to life
imprisonment with parole shall be subject to the conditions and procedures set forth in Article
85 of Chapter 15A of the General Statutes, including the notification requirement in
G.S. 15A-1371(b)(3).

(b) The term of parole for a person released from imprisonment from a sentence of life
imprisonment with parole shall be five years and may not be terminated earlier by the
Post-Release Supervision and Parole Commission.

(c) A defendant sentenced to life imprisonment with parole who is paroled, and then
violates a condition of parole and is returned to prison to serve the life sentence, shall not be
eligible for parole for five years from the date of the return to confinement.

(d) Life imprisonment with parole under this Article means that unless the defendant
receives parole, the defendant shall remain imprisoned for the defendant's natural life.

SECTION 2. The North Carolina Sentencing and Policy Advisory Commission, in
consultation with the Office of the Juvenile Defender, the Conference of District Attorneys, and
other organizations and agencies it deems appropriate, shall study the provisions in this act,
United States Supreme Court precedent relevant to sentencing a minor for first degree murder,
sentencing policies in other jurisdictions, and any other matter relating to the sentencing of
minors convicted of first degree murder. The Commission shall report its findings and
recommendations to the General Assembly no later than January 31, 2013.

AN ACT TO LIMIT USE OF CONTINGENT-BASED CONTRACTS FOR AUDIT OR ASSESSMENT PURPOSES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-243.1 is amended by adding a new subsection to read:

"(a1) In determining the liability of any person for a tax, the Secretary may not employ an agent who is compensated in whole or in part by the State for services rendered on a contingent basis or any other basis related to the amount of tax, interest, or penalty assessed against or collected from the person."

SECTION 2. G.S. 105-299 reads as rewritten:

"§ 105-299. Employment of experts.

The board of county commissioners may employ appraisal firms, mapping firms or other persons or firms having expertise in one or more of the duties of the assessor to assist the assessor in the performance of these duties. The county may also assign to county agencies, or contract with State or federal agencies for, any duties involved with the approval or auditing of use-value accounts. The county may make available to these persons any information it has that will facilitate the performance of a contract entered into pursuant to this section. Persons receiving this information are subject to the provisions of G.S. 105-289(e) and G.S. 105-259 regarding the use and disclosure of information provided to them by the county. Any person employed by an appraisal firm whose duties include the appraisal of property for the county must be required to demonstrate that he or she is qualified to carry out these duties by achieving a passing grade on a comprehensive examination in the appraisal of property administered by the Department of Revenue. In the employment of these firms, primary consideration must be given to the firms registered with the Department of Revenue pursuant to G.S. 105-289(i). A copy of the specifications to be submitted to potential bidders and a copy of the proposed contract may be sent by the board to the Department of Revenue for review before the invitation or acceptance of any bids. Contracts for the employment of these firms or persons are contracts for personal services and are not subject to the provisions of Article 8, Chapter 143, of the General Statutes. If the board of county commissioners employs any person or firm to assist the assessor in the performance of the assessor's duties, the person or firm may not be compensated, in whole or in part, on a contingent fee basis or any other similar method that may impair the assessor's independence or the perception of the assessor's independence by the public."
SECTION 3. Chapter 116B-8 reads as rewritten:

"§ 116B-8. Employment of persons with specialized skills or knowledge.
  The Treasurer may employ the services of such independent consultants, real estate
managers and other persons possessing specialized skills or knowledge as the Treasurer deems
necessary or appropriate for the administration of this Chapter, including valuation,
maintenance, upkeep, management, sale and conveyance of property and determination of
sources of unreported abandoned property. The Treasurer may also employ the services of an
attorney to perform a title search or to provide an accurate legal description of real property
which the Treasurer has reason to believe may have escheated. Persons whose services are
employed by the Treasurer pursuant to this section to determine sources and amounts of
unreported property are subject to the same policies, including confidentiality and ethics, as
employees of the Department of State Treasurer assigned to determine sources and amounts of
unreported property. Compensation of persons whose services are employed pursuant to this
section on a contingent fee basis shall be limited to twelve percent (12%) of the final
assessment. If the Treasurer contracts with any other person to conduct an audit under this
Chapter, the audit shall not be performed on a contingent fee basis or any other similar method
that may impair an auditor's independence or the perception of the auditor's independence by
the public. Notwithstanding the preceding sentence, the Treasurer may contract with any other
person on a contingent fee basis to conduct audits of life insurance companies where the audit
is being conducted for the purpose of identifying unclaimed death benefits or to conduct audits
of holders of unredeemed bond funds."

SECTION 3.1. G.S. 116B-6(h) reads as rewritten:

"(h) Expenditures. – The Treasurer may expend the funds in the Escheat Fund, other
than funds in the Escheat Account, for the payment of claims for refunds to owners, holders
and claimants under G.S. 116B-4; for the payment of costs of maintenance and upkeep of
abandoned or escheated property; costs of preparing lists of names of owners of abandoned
property to be furnished to clerks of superior court; costs of notice and publication; costs of
appraisals; fees of persons employed pursuant to G.S. 116B-8 costs involved in determining
whether a decedent died without heirs; fees of persons employed pursuant to G.S. 116B-8 to
conduct audits; costs of a title search of real property that has escheated; and costs of auction or
sale under this Chapter. All other costs, including salaries of personnel, necessary to carry out
the duties of the Treasurer under this Chapter, shall be appropriated from the funds of the
Escheat Fund pursuant to the provisions of Article 1, Chapter 143 of the General Statutes."

impose a tax includes the power to impose reasonable penalties for failure to declare tax
liability, if required, and to impose penalties or interest for failure to pay taxes lawfully due
within the time prescribed by law or ordinance. In determining the liability of any taxpayer for
a tax, a county may not employ an agent who is compensated in whole or in part by the county
for services rendered on a contingent basis or any other basis related to the amount of tax,
interest, or penalty assessed against or collected from the taxpayer. The power to impose a tax
also includes the power to provide for its administration in a manner not inconsistent with the
statute authorizing the tax."

SECTION 5. G.S. 160A-206 reads as rewritten:

(a) A domestic mutual insurance company, upon approval of the Commissioner, may reorganize by forming an insurance holding company based upon a mutual plan and by continuing the corporate existence of the reorganizing insurance company as a stock insurance company. If the Commissioner, after a public comment period as provided in G.S. 58-10-285, or, if applicable, a public hearing, is satisfied that the interests of the policyholders are properly protected and that the plan of reorganization is fair and equitable to the policyholders, the Commissioner may approve the proposed plan of reorganization and may require as a condition of approval such modifications of the proposed plan of reorganization as the Commissioner finds necessary for the protection of the policyholders' interests. The Commissioner may retain consultants as provided in G.S. 58-10-285 to assist in the review of the proposed plan. The Commissioner shall retain jurisdiction over a mutual insurance holding company organized under this Part to assure that policyholder interests are protected. All of the initial shares of the capital stock of the reorganized insurance company shall be issued to the mutual insurance holding company. The membership interests of the policyholders of the reorganized insurance company shall become membership interests in the mutual insurance holding company, pursuant to the terms and conditions of the plan of reorganization approved by the Commissioner. Policyholders of the reorganized insurance company shall be members of the mutual insurance holding company in accordance with the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting shares of the capital stock of the reorganized insurance company.

(b) A domestic mutual insurance company, after approval by the Commissioner, may reorganize by merging its policyholders' membership interests into a mutual insurance holding company formed under subsection (a) of this section and continuing the corporate existence of the reorganizing insurance company as a stock insurance company subsidiary of the mutual insurance holding company. If the Commissioner is satisfied that the interests of the policyholders are properly protected and that the merger of interests is fair and equitable to the policyholders, the Commissioner may approve the proposed merger of interests and may require as a condition of approval such modifications of the proposed merger of interests as the Commissioner finds necessary for the protection of the policyholders' interests. The Commissioner may retain consultants as provided in G.S. 58-10-285. The Commissioner has jurisdiction over the mutual insurance holding company organized under this Part to assure that policyholder interests are protected. All of the initial shares of the capital stock of the reorganized insurance company shall be issued to the mutual insurance holding company. The membership interests of the policyholders of the reorganized insurance company shall, pursuant to the terms and conditions of the plan of reorganization approved by the Commissioner, become membership interests in the mutual insurance holding company. Policyholders of the reorganized insurance company shall be members of the mutual insurance holding company in accordance with subsection (a) of this section and the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting shares of the capital stock of the reorganized insurance company.

The articles of incorporation and any amendments to such articles of the mutual insurance holding company shall be subject to approval of the Commissioner in the same manner as those of a mutual insurance company.

(d) A mutual insurance holding company is an insurer subject to Article 30 of this Chapter and shall automatically be a party to any proceeding under Article 30 of this Chapter involving an insurance company which, as a result of a reorganization under subsection (a) or (b) of this section, is a subsidiary of the mutual insurance holding company. In any proceeding
under Article 30 of this Chapter involving the reorganized insurance company, the assets of the mutual insurance holding company are deemed to be assets of the estate of the reorganized insurance company for purposes of satisfying the claims of the reorganized insurance company's policyholders. A mutual insurance holding company shall not dissolve or liquidate without the approval of the Commissioner or as ordered by the court pursuant to Article 30 of this Chapter.

(e) G.S. 58-10-10 and G.S. 58-10-12 are not applicable to a reorganization or merger of interests under this Part. G.S. 58-10-10 and G.S. 58-10-12 are applicable to demutualization of a mutual insurance holding company that resulted from the reorganization of a domestic mutual insurance company organized under this Chapter as if the mutual insurance holding company was a mutual insurance company.

(f) A membership interest in a domestic mutual insurance holding company shall not constitute a security as defined in Chapter 78A of the General Statutes.

(g) The majority of the voting shares of the capital stock of the reorganized insurance company, which is required by this section to be at all times owned by a mutual insurance holding company, shall not be conveyed, transferred, assigned, pledged, subjected to a security interest or lien, encumbered, or otherwise hypothecated or alienated by the mutual insurance holding company or intermediate holding company. Any conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, or hypothecation or alienation of, in, or on the majority of the voting shares of the reorganized insurance company is a violation of this section and shall be void in inverse chronological order of the date of such conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, or hypothecation or alienation, as to the shares necessary to constitute a majority of such voting shares. The majority of the voting shares of the capital stock of the reorganized insurance company shall not be subject to execution and levy as provided in Chapter 1 of the General Statutes. The shares of the capital stock of the surviving or new company resulting from a merger or consolidation of two or more reorganized insurance companies or two or more intermediate holding companies that were subsidiaries of the same mutual insurance holding company are subject to the same requirements, restrictions, and limitations to which the shares of the merging or consolidating reorganized insurance companies or intermediate holding companies were subject by this section prior to the merger or consolidation. The ownership of a majority of the voting shares of the capital stock of the reorganized insurance company that are required by this section to be at all times owned by a parent mutual insurance holding company includes indirect ownership through one or more intermediate holding companies in a corporate structure approved by the Commissioner. However, indirect ownership through one or more intermediate holding companies shall not result in the mutual insurance holding company owning less than the equivalent of a majority of the voting shares of the capital stock of the reorganized insurance company. The Commissioner shall have jurisdiction over an intermediate holding company as if it were a mutual insurance holding company.

(h) The applicant's articles of incorporation or bylaws, as appropriate, shall require a policyholder vote of approval of the reorganization by a two-thirds majority of the domestic mutual insurance company's policyholders voting on it in person, by proxy, or by mail at a meeting called for the purpose of voting on the reorganization.

(j) No prospectus, information, sales material, or sales presentation by the applicant, or by any representative, agent, or affiliate of the applicant, shall contain a representation that the Commissioner has endorsed the price, price range, or any other information relating to the stock.

Session Law 2012-162  S.B. 836

AN ACT TO IMPROVE THE RATE-MAKING PROCESS BY REQUIRING THE DEPARTMENT OF INSURANCE TO ACCEPT PUBLIC COMMENT ON ALL PROPERTY INSURANCE RATE FILINGS, BY PROVIDING THE COMMISSIONER WITH THE POWER TO SPECIFY THE APPROPRIATE RATE LEVEL OR LEVELS BETWEEN THE CURRENT RATE AND THE FILED RATE UPON A FINDING THAT A RATE FILING DOES NOT COMPLY WITH APPLICABLE LAW, BY PROVIDING THAT THE COST OF REINSURANCE BE INCLUDED AS A FACTOR IN RATE
MAKING AND REQUIRING CERTAIN SUPPORTING INFORMATION ON REINSURANCE COSTS IN A FILING, BY REQUIRING THAT THE RATE BUREAU CREATE A RATING PLAN FOR A PROPERTY INSURANCE POLICY THAT EXCLUDES COVERAGE FOR THE PERILS OF WINDSTORM AND HAIL, AND BY REQUIRING THAT THE RATE BUREAU AND THE DEPARTMENT OF INSURANCE STUDY THE FAIRNESS AND EFFICACY OF THE CURRENT PROPERTY INSURANCE GEOGRAPHIC RATE TERRITORIES, AS RECOMMENDED BY THE LEGISLATIVE RESEARCH COMMISSION'S COMMITTEE ON PROPERTY INSURANCE RATE MAKING.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 58-36-15(b) reads as rewritten:
"(b) A filing by the Rate Bureau shall be open to public inspection immediately upon submission to the Commissioner. All property insurance rate filings shall be open to the public except as provided in this Article where necessary to maintain the confidentiality of certain testimony. At least 30 days before a notice of hearing issues, the Department shall receive comments from the public regarding a property insurance rate filing. The comments may be provided to the Department by e-mail, mail, or in person at a time and place set by the Department. All public comments shall be shared with the Rate Bureau in a timely manner."

SECTION 2. G.S. 58-36-20(a) reads as rewritten:
"(a) At any time within 50 days after the date of any filing, the Commissioner may give written notice to the Bureau specifying in what respect and to what extent the Commissioner contends the filing fails to comply with the requirements of this Article and fixing a date for hearing not less than 30 days from the date of mailing of such notice. Once begun, hearings must proceed without undue delay. At the hearing the burden of proving that the proposed rates are not excessive, inadequate, or unfairly discriminatory is on the Bureau. At the hearing the factors specified in G.S. 58-36-10 shall be considered. If the Commissioner after hearing finds that the filing does not comply with the provisions of this Article, he may issue his order determining wherein and to what extent such filing is deemed to be improper and fixing a date thereafter, within a reasonable time, after which the filing shall no longer be effective. In the event the Commissioner finds that the proposed rates are excessive, the Commissioner shall specify the overall rates, between the existing rates and the rates proposed by the Bureau filing, that may be used by the members of the Bureau instead of the rates proposed by the Bureau filing. In any such order, the Commissioner shall make findings of fact based on the evidence presented in the filing and at the hearing. Any order issued after a hearing shall be issued within 45 days after the completion of the hearing. If no order is issued within 45 days after the completion of the hearing, the filing shall be deemed to be approved."

SECTION 3. G.S. 58-36-10 is amended by adding a new subdivision to read:

Amounts to be paid to reinsurers, ceding commissions paid or to be paid to insurers by reinsurers, expected reinsurance recoveries, North Carolina exposure to catastrophic events relative to other states’ exposure, and any other relevant information may be considered when determining the provision to reflect the cost of reinsurance."

SECTION 4. Article 36 of Chapter 58 of the General Statutes is amended by adding a new section to read:
"§ 58-36-42. Development of policy form or endorsement for residential property insurance that does not include coverage for perils of windstorm or hail.

The insurer shall print the following warning, citing which peril is not covered, in Times New Roman 16-point font or other equivalent font and include it in the policy on a separate page immediately before the declarations page:

"WARNING: THIS PROPERTY INSURANCE POLICY DOES NOT PROTECT YOU AGAINST LOSSES FROM [FLOODS], [EARTHQUAKES], [MUDSLIDES], [MUDFLOWS], [LANDSLIDES], [WINDSTORM OR HAIL]. YOU SHOULD CONTACT YOUR INSURANCE COMPANY OR AGENT TO DISCUSS YOUR OPTIONS FOR OBTAINING COVERAGE FOR THESE LOSSES. THIS IS NOT A COMPLETE LISTING OF ALL OF THE CAUSES OF LOSSES NOT COVERED UNDER YOUR POLICY. YOU SHOULD READ YOUR ENTIRE POLICY TO UNDERSTAND WHAT IS COVERED AND WHAT IS NOT COVERED."

(b) As used in this section, "insurer" includes an entity that sells property insurance under Articles 21, 45, or 46 of this Chapter."

SECTION 6. The North Carolina Rate Bureau, with the assistance of the Department of Insurance, shall study the current geographic territories established by the Bureau for rating purposes. The study shall address the following issues:

(1) Whether risks of the same class and essentially the same hazard are charged premiums that are commensurate with the risk of loss, actuarially correct, and not unfairly discriminatory.

(2) Whether geographic territories in the beach and coastal areas (as defined in G.S. 58-45-5) currently meet the standards and mandates set forth in G.S. 58-36-10(6).

(3) Whether current technology and statistical data sources make possible any practical and cost-effective alternative to the geographic territory system for property insurance rate setting.

The Bureau shall submit a final report, including any recommendations for changes to the geographic territories or alternatives to the geographic territory rating system, to the 2013 General Assembly.

SECTION 7. Sections 4 and 5 of this act become effective December 1, 2012. Sections 6 and 7 of this act are effective when this act becomes law. The remainder of this act becomes effective July 1, 2012.

SECTION 2. Chapter 93A of the General Statutes is amended by adding a new Article to read:

"Article 6.
Broker Price Opinions and Comparative Market Analyses.

§ 93A-82. Definitions.
As used in this Article, the terms "broker price opinion" and "comparative market analysis" mean an estimate prepared by a licensed real estate broker that details the probable selling price or leasing price of a particular parcel of or interest in property and provides a varying level of detail about the property's condition, market, and neighborhood, and information on comparable properties, but does not include an automated valuation model.

§ 93A-83. Broker price opinions and comparative market analyses for a fee.
(a) Authorized. – A person licensed under this Chapter, other than a provisional broker, may prepare a broker price opinion or comparative market analysis and charge and collect a fee for the opinion if:
   (1) The license of that licensee is active and in good standing; and
   (2) The broker price opinion or comparative market analysis meets the requirements of subsection (c) of this section.
   (3) The requirements of this Article shall not apply to any broker price opinion or comparative market analysis performed by a licensee for no fee or consideration.
(b) For Whom Opinion May Be Prepared. – Notwithstanding any provision to the contrary, a person licensed under this Chapter may prepare a broker price opinion or comparative market analysis for any of the following:
   (1) An existing or potential seller of a parcel of real property.
   (2) An existing or potential buyer of a parcel of real property.
   (3) An existing or potential lessor of a parcel of or interest in real property.
   (4) An existing or potential lessee of a parcel of or interest in real property.
   (5) A third party making decisions or performing due diligence related to the potential listing, offering, sale, option, lease, or acquisition price of a parcel of or interest in real property.
   (6) An existing or potential lienholder or other third party for any purpose other than as the basis to determine the value of a parcel of or interest in property for a mortgage loan origination, including first and second mortgages, refinances, or equity lines of credit.
   (7) The provisions of this subsection do not preclude the preparation of a broker price opinion or comparative market analysis to be used in conjunction with or in addition to an appraisal.
   (c) Required Contents of a Broker Price Opinion or Comparative Market Analysis. – A broker price opinion or comparative market analysis shall be in writing and conform to the standards provided in this Article that may include, but are not limited to, the following:
(1) A statement of the intended purpose of the broker price opinion or comparative market analysis.

(2) A brief description of the subject property and property interest to be priced.

(3) The basis of reasoning used to reach the conclusion of the price, including the applicable market data or capitalization computation.

(4) Any assumptions or limiting conditions.

(5) A disclosure of any existing or contemplated interest of the broker issuing the broker price opinion, including the possibility of representing the landlord/tenant or seller/buyer.

(6) The effective date of the broker price opinion.

(7) The name and signature of the broker issuing the broker price opinion and broker license number.

(8) The name of the real estate brokerage firm for which the broker is acting.

(9) The signature date.

(10) A disclaimer stating that "This opinion is not an appraisal of the market value of the property, and may not be used in lieu of an appraisal. If an appraisal is desired, the services of a licensed or certified appraiser shall be obtained. This opinion may not be used by any party as the primary basis to determine the value of a parcel or interest in real property for a mortgage loan origination, including first and second mortgages, refinances, or equity lines of credit."

(11) A copy of the assignment request for the broker price opinion or comparative market analysis.

(d) Rules. – The North Carolina Real Estate Commission shall have the power to adopt rules that are not inconsistent with the provisions in this Article.

(e) Additional Requirements for Electronic or Form Submission. – In addition to the requirement of subsection (c) of this section, if a broker price opinion is submitted electronically or on a form supplied by the requesting party, the following provisions apply:

(1) A signature required by subdivision (7) of subsection (c) of this section may be an electronic signature, as defined in G.S. 47-16.2.

(2) A signature required by subdivision (7) of subsection (c) of this section and the disclaimer required by subdivision (10) of subsection (c) of this section may be transmitted in a separate attachment if the electronic format or form supplied by the requesting party does not allow additional comments to be written by the licensee. The electronic format or form supplied by the requesting party shall do the following:
   a. Reference the existence of a separate attachment.
   b. Include a statement that the broker price opinion or comparative market analysis is not complete without the attachment.

(f) Restrictions. – Notwithstanding any provisions to the contrary, a person licensed pursuant to this Chapter may not knowingly prepare a broker price opinion or comparative market analysis for any purpose in lieu of an appraisal when an appraisal is required by federal or State law. A broker price opinion or comparative market analysis that estimates the value of or worth a parcel of or interest in real estate rather than sales or leasing price shall be deemed to be an appraisal and may not be prepared by a licensed broker under the authority of this Article, but may only be prepared by a duly licensed or certified appraiser, and shall meet the regulations adopted by the North Carolina Appraisal Board. A broker price opinion or comparative market analysis shall not under any circumstances be referred to as a valuation or appraisal.

(g) No Report of Predetermined Result. – A broker price opinion or comparative market analysis shall not include the reporting of a predetermined result."

SECTION 3. G.S. 93E-1-3 reads as rewritten:
§ 93E-1-3. When registration, license, or certificate not required.
(a) No trainee registration, license, or certificate shall be issued under the provisions of this Chapter to a partnership, association, corporation, firm, or group. However, nothing herein shall preclude a registered trainee or licensed or certified real estate appraiser from rendering appraisals for or on behalf of a partnership, association, corporation, firm, or group, provided the appraisal report is prepared by a licensed or certified real estate appraiser or by a registered trainee under the immediate personal direction of, the licensed or certified real estate appraiser and is reviewed and signed by that licensed or certified appraiser.

(b) Repealed by Session Laws 2001-399, s. 1, effective October 1, 2001.

(c) Nothing in this Chapter shall preclude a real estate broker licensed under Chapter 93A of the General Statutes from performing a broker price opinion or comparative market analysis as defined in G.S. 93E-1-4, provided the person does not represent himself or herself as being a registered trainee or a licensed or certified real estate appraiser, and provided they follow the standards set forth in Article 6 of Chapter 93A. A real estate broker may perform a comparative market analysis for compensation or other valuable consideration only for prospective or actual brokerage clients or for real property involved in an employee relocation program.

(d) Nothing in this Chapter shall abridge, infringe upon, or otherwise restrict the right to use the term "certified ad valorem tax appraiser" or any similar term by persons certified by the Department of Revenue to perform ad valorem tax appraisals, provided that the term is not used in a manner that creates the impression of certification by the State to perform real estate appraisals other than ad valorem tax appraisals.

(e) Nothing in this Chapter shall entitle a registered trainee or a licensed or certified real estate appraiser to appraise real estate for ad valorem tax purposes unless the person has first been certified by the Department of Revenue pursuant to G.S. 105-294.

(f) A trainee registration, license, or certificate is not required under this Chapter for:

1. Any person, partnership, association, or corporation that performs appraisals of property owned by that person, partnership, association, or corporation for the sole use of that person, partnership, association, or corporation;
2. Any court-appointed commissioner who conducts an appraisal pursuant to a judicially ordered evaluation of property;
3. Any person to qualify as an expert witness for court or administrative agency testimony, if otherwise qualified;
4. A person who appraises standing timber so long as the appraisal does not include a determination of value of any land;
5. Any person employed by a lender in the performance of appraisals with respect to which federal regulations do not require a licensed or certified appraiser; and
6. A person who performs ad valorem tax appraisals and is certified by the Department of Revenue under G.S. 105-294 or G.S. 105-296; however, any person who is registered, licensed, or certified under this Chapter and who performs any of the activities set forth in subdivisions (1) through (5) of this subsection must comply with all of the provisions of this Chapter. The provisions of this Chapter shall not apply to certified real estate appraisers who perform a broker price opinion or comparative market analysis pursuant to G.S. 93E-1-3(c), as long as the appraiser is licensed as a real estate broker by the North Carolina Real Estate Commission and does not refer to himself or herself as an appraiser in the broker price opinion or comparative market analysis.

Session Law 2012-165

AN ACT TO INCREASE THE PENALTY FOR CERTAIN SECOND DEGREE MURDERS TO CLASS B1 FELONIES, AND CREATE A GRADUATED SCALE OF PENALTIES FOR DEATHS CAUSED BY DRIVING WHILE IMPAIRED.

Whereas, the State must prove that the defendant acted with malice to obtain a conviction of second degree murder; and
Whereas, North Carolina case law holds that malice may be shown in three different ways: by hatred, ill will, or spite; a condition of the mind which prompts a person to take the life of another intentionally or to intentionally inflict serious bodily injury which proximately results in another’s death, without just cause, excuse or justification; or the commission of an inherently dangerous act or omission, in such a reckless and wanton manner as to manifest a mind utterly without regard for human life and social duty and deliberately bent on mischief; Now, therefore;
The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-17 reads as rewritten:

"§ 14-17. Murder in the first and second degree defined; punishment.

(a) A murder which shall be perpetrated by means of a nuclear, biological, or chemical weapon of mass destruction as defined in G.S. 14-288.21, poison, lying in wait, imprisonment, starving, torture, or by any other kind of willful, deliberate, and premeditated killing, or which shall be committed in the perpetration or attempted perpetration of any arson, rape or a sex offense, robbery, kidnapping, burglary, or other felony committed or attempted with the use of a deadly weapon shall be deemed to be murder in the first degree, a Class A felony, and any person who commits such murder shall be punished with death or imprisonment in the State’s prison for life without parole as the court shall determine pursuant to G.S. 15A-2000, except that any such person who was under 18 years of age at the time of the murder shall be punished with imprisonment in the State's prison for life without parole. All other kinds of murder, including that which shall be proximately caused by the unlawful distribution of opium or any synthetic or natural salt, compound, derivative, or preparation of opium, or cocaine or other substance described in G.S. 90-90(1)d., or methamphetamine, when the ingestion of such substance causes the death of the user, shall be deemed murder in the second degree, and any person who commits such murder shall be punished as a Class B2 felon.

(b) A murder other than described in subsection (a) of this section or in G.S. 14-23.2 shall be deemed second degree murder. Any person who commits second degree murder shall be punished as a Class B1 felon, except that a person who commits second degree murder shall be punished as a Class B2 felon in either of the following circumstances:

1. The malice necessary to prove second degree murder is based on an inherently dangerous act or omission, done in such a reckless and wanton manner as to manifest a mind utterly without regard for human life and social duty and deliberately bent on mischief.

2. The murder is one that was proximately caused by the unlawful distribution of opium or any synthetic or natural salt, compound, derivative, or preparation of opium, or cocaine or other substance described in G.S. 90-90(1)d., or methamphetamine, and the ingestion of such substance caused the death of the user."

SECTION 2. G.S. 20-141.4(b) reads as rewritten:

"(b) Punishments. – Unless the conduct is covered under some other provision of law providing greater punishment, the following classifications apply to the offenses set forth in this section:

1. Repeat felony death by vehicle is a Class B2 felony.

2. Aggravated felony death by vehicle is a Class D felony. Notwithstanding the provisions of G.S. 15A-1340.17, the court shall sentence the defendant in the aggravated range of the appropriate Prior Record Level.

3. Felony death by vehicle is a Class E-D felony. Notwithstanding the provisions of G.S. 15A-1340.17, intermediate punishment is authorized for a defendant who is a Prior Record Level I offender.

4. Aggravated felony serious injury by vehicle is a Class E felony.

5. Felony serious injury by vehicle is a Class F felony.

5. Misdemeanor death by vehicle is a Class A1 misdemeanor."

SECTION 3. G.S. 20-141.4(a6) reads as rewritten:

"(a6) Repeat Felony Death by Vehicle Offender. – A person commits the offense of repeat felony death by vehicle if:

1. The person commits an offense under subsection (a1) or subsection (a5) of this section; and

2. The person has a previous conviction under:
a. Subsection (a1) of this section;
b. Subsection (a5) of this section; or
c. G.S. 14-17 or G.S. 14-18, and the basis of the conviction was the unintentional death of another person while engaged in the offense of impaired driving under G.S. 20-138.1 or G.S. 20-138.2.

The pleading and proof of previous convictions shall be in accordance with the provisions of G.S. 15A-928.

A person convicted under this subsection shall be subject to the same sentence as if the person had been convicted of second degree murder.”

SECTION 4. Sections 1, 2, and 3 of this act become effective December 1, 2012, and apply to offenses committed on or after that date. The remainder of the act is effective when it becomes law.

For so long as any bonds of a municipality are outstanding and unpaid, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its electric system, and its interest in any joint project, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay when due the principal of, premium, if any, and interest on all general obligation bonds heretofore or hereafter issued to finance additions, improvements and betterments to its electric system, and to pay any and all amounts which the municipality may be obligated to pay from said revenues by law or contract.

(b) A joint agency is hereby authorized to fix, charge, and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its projects or otherwise as authorized by this Chapter. A notice of the meeting shall be published at least once a week for two successive weeks in a newspaper having general circulation in each municipality that is a member of the joint agency. The notice shall state that the public meeting will be held in connection with the joint agency's action to revise its rates, fees, or charges authorized in this subsection and state the amount of the proposed revision. The provisions of this subsection relating to publication of a notice shall not apply to action required to be taken by a joint agency to revise its rates, fees or charges authorized in this subsection if the revision is required to be implemented immediately as a result of a catastrophic event or to avoid impairing the ability of the joint agency to comply with applicable law or its contractual obligations relating to its outstanding bonds or other indebtedness. For so long as any bonds of a joint agency are outstanding and unpaid, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its projects, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, and to pay any and all amounts which the joint agency may be obligated to pay from said revenues by law or contract.

(c) Any pledge of revenues, securities or other moneys made by a municipality, joint agency or joint municipal assistance agency pursuant to this Chapter shall be valid and binding from the date the pledge is made. The revenues, securities, and other moneys so pledged and then held or thereafter received by the municipality, joint agency or joint municipal assistance agency or any fiduciary shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the municipality, joint agency or joint municipal assistance agency without regard to whether such parties have notice thereof. The resolution or trust agreement or any financing statement, continuation statement or other instrument by which a pledge of revenues, securities or other moneys is created need not be filed or recorded in any manner."
SECTION 2. G.S. 160A-314 is amended by adding a new subsection to read:

"(a3) Revisions in the rates, fees, or charges for electric service for cities that are members of the North Carolina Eastern Municipal Power Agency must comply with the public hearing provisions applicable to those cities under G.S. 159B-17."

SECTION 3. Section 1 of this act becomes effective October 1, 2012, and only applies to all rates, fees, or charges for electric service provided by the North Carolina Eastern Municipal Power Agency (NCEMPA) or a member city or town of the NCEMPA on or after that date. AN ACT TO CREATE NEW FIRST DEGREE TRESPASS OFFENSES, TO MAKE VARIOUS CHANGES REGARDING THE PROCEDURES FOR A MOTION FOR APPROPRIATE RELIEF, TO AMEND THE PROCEDURE FOR IMMEDIATE LICENSE REVOCATIONS FOR PROVISIONAL LICENSEES CHARGED WITH CERTAIN CRIMINAL MOVING VIOLATIONS, TO CLARIFY THAT CERTAIN CHANGES TO PAYABLE ON DEATH CONTRACTS DID NOT CHANGE THE PROCEDURES FOR CREATING THOSE CONTRACTS, TO ESTABLISH A RESEARCH AND PLANNING SECTION WITHIN THE DEPARTMENT OF PUBLIC SAFETY, TO REQUIRE THE DEPARTMENT OF PUBLIC SAFETY TO DESIGNATE ITS RESEARCH AND PLANNING SECTION AS THE SINGLE STATE AGENCY RESPONSIBLE FOR THE COORDINATION AND IMPLEMENTATION OF REENTRY POLICY INITIATIVES, TO DIRECT THE DEPARTMENT OF PUBLIC SAFETY TO CONTINUE ITS EFFORTS TO ASSIST OFFENDERS IN SUCCESSFULLY REENTERING SOCIETY, AND TO EXTEND THE TIME FOR LOCAL FORENSIC SCIENCE LABS TO OBTAIN ACCREDITATION AND FOR CERTAIN FORENSIC SCIENTISTS TO OBTAIN CERTIFICATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-159.12 reads as rewritten:

(c) Except as otherwise provided in subsection (d) of this section, a violation of subsection (a) of this section is a Class A1 misdemeanor if all of the following circumstances exist:
(1) The offense is committed on the premises of any of the following:

785
a. A facility that is owned or operated by an electric power supplier as
defined in G.S. 62-133.8(a)(3) and that is either an electric
generation facility, a transmission substation, a transmission
switching station, a transmission switching structure, or a control

generating at multiple plant locations.

b. Any facility used or available for use in the collection, treatment,
testing, storing, pumping, or distribution of water for a public water

c. Any facility, including any liquefied natural gas storage facility or
propane air facility, that is owned or operated by a natural gas local

operated pursuant to Article 28 of Chapter 160A of the General
Statutes used for transmission, distribution, measurement, testing,

(2) The person actually entered a building, or it was necessary for the person to
climb over, go under, or otherwise surmount a fence or other barrier to reach
the facility.

(d) If, in addition to the circumstances set out in subsection (c) of this section, the
violation also includes any of the following elements, then the offense is a Class H felony:

(1) The offense is committed with the intent to disrupt the normal operation of
any of the facilities described in subdivision (1) of subsection (c) of this
section.

(2) The offense involves an act that places either the offender or others on the
premises at risk of serious bodily injury.

(e) As used in subsections (c) and (d) of this section, the term "facility" shall mean a
building or other infrastructure."

SECTION 2.(a) G.S. 15A-1413 reads as rewritten:

"§ 15A-1413. Trial judges empowered to act; assignment of motions for appropriate relief.

(a) A motion for appropriate relief made pursuant to G.S. 15A-1415 may be heard and
determined in the trial division by any judge who is empowered to act in criminal
matters in the district court district as defined in G.S. 7A-133 or superior court district or set of
districts as defined in G.S. 7A-41.1, as the case may be, in which the judgment was
entered, and (ii) is assigned pursuant to this section to review the motion for appropriate
relief and take the appropriate administrative action to dispense with the motion.

(b) The judge who presided at the trial is empowered to act upon a motion for
appropriate relief made pursuant to G.S. 15A-1414. He may act even though the judge is in another district or even though his commission has expired;
however, if the judge who presided at the trial is still unavailable to act, the senior resident
superior court judge or the chief district court judge, as appropriate, shall assign a judge who is
empowered to act under subsection (a) of this section.

(c) When a motion for appropriate relief may be made before a judge who did not hear
the case, he may, if it is practicable to do so, refer all or a part of the matter for decision to the
judge who heard the case.

(d) All motions for appropriate relief filed in superior court shall, when filed, be
referred to the senior resident superior court judge, who shall assign the motion as provided by
this section for review and administrative action, including, as may be appropriate, dismissal,
calendar for hearing, entry of a scheduling order for subsequent events in the case, or other
appropriate actions.
All motions for appropriate relief filed in district court shall, when filed, be referred to the chief district court judge, who shall assign the motion as provided by this section for review and administrative action, including, as may be appropriate, dismissal, calendaring for hearing, entry of a scheduling order for subsequent events in the case, or other appropriate actions.

(e) The assignment of a motion for appropriate relief filed under G.S. 15A-1415 is in the discretion of the senior resident superior court judge or chief district court judge as appropriate."

SECTION 2.(b) G.S. 15A-1420 reads as rewritten:

"§ 15A-1420. Motion for appropriate relief; procedure.
(a) Form, Service, Filing.
(1) A motion for appropriate relief must:
   a. Be made in writing unless it is made:
      1. In open court;
      2. Before the judge who presided at trial;
      3. Before the end of the session if made in superior court; and
      4. Within 10 days after entry of judgment;
   b. State the grounds for the motion;
   c. Set forth the relief sought;
   c1. If the motion for appropriate relief is being made in superior court and is being made by an attorney, the attorney must certify in writing that there is a sound legal basis for the motion and that it is being made in good faith; and that the attorney has notified both the district attorney's office and the attorney who initially represented the defendant of the motion; and further, that the attorney has reviewed the trial transcript or made a good-faith determination that the nature of the relief sought in the motion does not require that the trial transcript be read in its entirety. In the event that the trial transcript is unavailable, instead of certifying that the attorney has read the trial transcript, the attorney shall set forth in writing what efforts were undertaken to locate the transcript; and
   d. Be timely filed.
(2) A written motion for appropriate relief must be served in the manner provided in G.S. 15A-951(b). When the written motion is made more than 10 days after entry of judgment, service of the motion and a notice of hearing must be made not less than five working days prior to the date of the hearing. When a motion for appropriate relief is permitted to be made orally the court must determine whether the matter may be heard immediately or at a later time. If the opposing party, or his counsel if he is represented, is not present, the court must provide for the giving of adequate notice of the motion and the date of hearing to the opposing party, or his counsel if he is represented by counsel.
(3) A written motion for appropriate relief must be filed in the manner provided in G.S. 15A-951(c).
(4) An oral or written motion for appropriate relief may not be granted in district court without the signature of the district attorney, indicating that the State has had an opportunity to consent or object to the motion. However, the court may grant a motion for appropriate relief without the district attorney's signature 10 business days after the district attorney has been notified in open court of the motion, or served with the motion pursuant to G.S. 15A-951(c).
(5) An oral or written motion for appropriate relief made in superior court and made by an attorney may not be granted by the court unless the attorney has complied with the requirements of sub-subdivision c1. of subdivision (1) of this subsection.

(b) Supporting Affidavits.
(1) A motion for appropriate relief made after the entry of judgment must be supported by affidavit or other documentary evidence if based upon the existence or occurrence of facts which are not ascertainable from the records and any transcript of the case or which are not within the knowledge of the judge who hears the motion.

(2) The opposing party may file affidavits or other documentary evidence.

(b1) Filing Motion With Clerk; Review of Motion by Judge; Clerk.
(1) The proceeding shall be commenced by filing with the clerk of superior court of the district wherein the defendant was indicted a motion, with service on the district attorney in noncapital cases, and service on both the district attorney and Attorney General in capital cases.

(2) The clerk, upon receipt of the motion, shall place the motion on the criminal docket. The clerk shall promptly bring the motion, or a copy of the motion, to the attention of the resident judge or any judge holding court in the county or district. When a motion is placed on the criminal docket, the clerk shall promptly bring the motion, or a copy of the motion, to the attention of the senior resident superior court judge or chief district court judge, as appropriate, for assignment to the appropriate judge pursuant to G.S. 15A-1413.

(b2) Noncapital Cases. – Assignment of Motion for Review; Initial Review of Motion; Time Frame for Hearings and Ruling on Motion.
(1) In noncapital cases, the judge shall review the motion and enter an order whether the defendant should be allowed to proceed without the payment of costs, with respect to the appointment of counsel, and directing the State, if necessary, to file an answer. In noncapital cases, the senior resident superior court judge or chief district court judge, as appropriate, shall, within 30 days of the filing of the motion, assign the motion for initial review to the appropriate judge as provided in G.S. 15A-1413.

(2) The assigned judge, no later than 30 working days after the assignment, shall review the motion and issue a written initial review order that concludes the initial review of the motion in one of the following manners: (i) by dismissing the motion for lack of merit on its face, (ii) by directing the State, if necessary, to file an answer within 30 days from the date on which the initial review order was issued, or (iii) by dispensing with the requirement that the State file an answer and instead order a hearing. Unless the motion is dismissed, the initial review order shall also indicate whether the defendant shall be allowed to proceed without the payment of costs; indicate whether counsel shall be appointed; and calendar a hearing on the motion within the appropriate time period as set out in subdivisions (3) and (4) of this subsection.

(3) Unless provided otherwise by this subsection, if the court determines that an evidentiary hearing is required, then the hearing must be held within 90 days from the date on which the initial review order was issued; if no evidentiary hearing is required, then the hearing must be held within 60 days from the date on which the initial review order was issued. If, in the initial review order, the court orders the State to file an answer and the court determines that an evidentiary hearing is required, then the evidentiary hearing must be held within 150 days from the date on which the initial review order was
issued; if the court determines that the hearing is not an evidentiary hearing, then the hearing must be held within 120 days from the date on which the initial review order was issued.

(4) If the court determines pursuant to subdivision (2) of this subsection that counsel shall be appointed, the time periods provided in subdivision (3) of this subsection shall be calculated from the date of the appointment of counsel rather than the date of the initial review order and shall be extended for an additional 60 days.

(5) The court shall provide notice of the date of the hearing to both the State and the defendant, or the defendant's counsel if defendant is represented by counsel, no less than five working days prior to the date of any hearing. The court, except for good cause shown as provided in subdivision (6) of this subsection, must rule on a motion within 60 days from the date that the hearing concludes.

(6) Notwithstanding any other provision of this subsection, the court may, upon request of a party to the motion, grant an extension of time to comply with any deadline under this subsection, not to exceed 30 days. No subsequent request by the party to extend this deadline shall be granted unless the court enters a written order containing detailed findings of fact of extraordinary circumstances. Notwithstanding any other provision of this subsection, the senior resident superior court judge or chief district court judge, as appropriate, may, upon request of a judge assigned to review a motion for appropriate relief, grant to the assigned judge an extension of time to comply with any deadline under this subsection, not to exceed 30 days. No subsequent request by the assigned judge to extend this deadline shall be granted unless the court enters a written order containing detailed findings of fact of extraordinary circumstances. Notwithstanding any other provision of this subsection, the senior resident superior court judge or the chief district court judge, as appropriate, enters a written order containing detailed findings of fact of extraordinary circumstances. The failure of the court to comply with the deadlines under this subsection is grounds for any party to petition the senior resident superior court judge or the chief district court judge, as appropriate, to reassign the motion of appropriate relief to a different judge empowered to act upon a motion for appropriate relief. The failure of the court to comply with the deadlines under this subsection also entitles any party to the motion for appropriate relief to seek a writ of mandamus to obtain compliance with the deadline.

(7) Notwithstanding any other provision of this subsection, failure to meet a deadline under this subsection is not a ground for the summary granting of a motion for appropriate relief or other summary relief, including without limitation, ordering the release of the prisoner.

(b3) Capital Cases. – Review and Calendaring of Motion. – In capital cases, the judge shall review the motion and enter an order directing the State to file its answer within 60 days of the date of the order. If a hearing is necessary, the judge shall calendar the case for hearing without unnecessary delay.

(c) Hearings, Showing of Prejudice; Findings.

(1) Any party is entitled to a hearing on questions of law or fact arising from the motion and any supporting or opposing information presented unless the court determines that the motion is without merit. The court must determine, on the basis of these materials and the requirements of this subsection, whether an evidentiary hearing is required to resolve questions of fact. Upon the motion of either party, the judge may direct the attorneys for the parties to appear before him for a conference on any prehearing matter in the case.
An evidentiary hearing is not required when the motion is made in the trial court pursuant to G.S. 15A-1414, but the court may hold an evidentiary hearing if it is appropriate to resolve questions of fact.

The court must determine the motion without an evidentiary hearing when the motion and supporting and opposing information present only questions of law. The defendant has no right to be present at such a hearing where only questions of law are to be argued.

If the court cannot rule upon the motion without the hearing of evidence, it must conduct a hearing for the taking of evidence, and must make findings of fact. The defendant has a right to be present at the evidentiary hearing and to be represented by counsel. A waiver of the right to be present must be in writing.

If an evidentiary hearing is held, the moving party has the burden of proving by a preponderance of the evidence every fact essential to support the motion.

A defendant who seeks relief by motion for appropriate relief must show the existence of the asserted ground for relief. Relief must be denied unless prejudice appears, in accordance with G.S. 15A-1443.

The court must rule upon the motion and enter its order accordingly. When the motion is based upon an asserted violation of the rights of the defendant under the Constitution or laws or treaties of the United States, the court must make and enter conclusions of law and a statement of the reasons for its determination to the extent required, when taken with other records and transcripts in the case, to indicate whether the defendant has had a full and fair hearing on the merits of the grounds so asserted.

Action on Court's Own Motion. – At any time that a defendant would be entitled to relief by motion for appropriate relief, the court may grant such relief upon its own motion. The court must cause appropriate notice to be given to the parties.

Nothing in this section shall prevent the parties to the action from entering into an agreement for appropriate relief, including an agreement as to any aspect, procedural or otherwise, of a motion for appropriate relief."

SECTION 3. G.S. 20-13.3 reads as rewritten:

"§ 20-13.3. Immediate civil license revocation for provisional licensees charged with certain offenses.

(a) Definitions. — As used in this section, the following words and phrases have the following meanings:

(1) Clerk. — As defined in G.S. 15A-101(2).
(2) Criminal moving violation. — A violation of Part 9 or 10 of Article 3 of this Chapter which is punishable as a misdemeanor or a felony offense. This term does not include the offenses listed in the third paragraph of G.S. 20-16(c) for which no points are assessed, nor does it include equipment violations specified in Part 9 of Article 3 of this Chapter.
(3) Judicial official. — As defined in G.S. 15A-101(5).
(4) Provisional licensee. — A person under the age of 18 who has a limited learner's permit, a limited provisional license, or a full provisional license issued pursuant to G.S. 20-11.
(5) Revocation report. — A sworn statement by a law enforcement officer containing facts indicating that the conditions of subsection (b) of this section have been met.

(b) Revocations for Provisional Licensees Charged With Criminal Moving Violation. — A provisional licensee's permit or license is subject to revocation under this section if a law enforcement officer has reasonable grounds to believe that the provisional licensee has
committed a criminal moving violation, the provisional licensee is charged with that offense, and the provisional licensee is not subject to a civil revocation pursuant to G.S. 20-16.5.

(c) Duty of Law Enforcement Officers to Notify Provisional Licensee and Report to Judicial Officials. — If a provisional licensee's permit or license is subject to revocation under this section, the law enforcement officer must execute a revocation report and must take the provisional licensee before a judicial official for an initial appearance report. It is the specific duty of the law enforcement officer to make sure that the report is expeditiously filed with a judicial official as required by this section. If no initial appearance is required on the underlying criminal moving violation at the time of the issuance of the charge, the law enforcement officer must verbally notify the provisional licensee that the provisional licensee's permit or license is subject to revocation pursuant to this section and must provide the provisional licensee with a written form containing notice of the process for revocation and hearing under this section.

(c1) Which Judicial Official Must Receive Report. — The judicial official with whom the revocation report must be filed is:

1. The judicial official conducting the initial appearance on the underlying criminal moving violation;

2. The clerk of superior court in the county in which the underlying criminal charge has been brought if no initial appearance is required.

(d) Judicial Official Must Receive Report; Procedure Upon Receipt of Report. Procedure If Report Filed With Judicial Official When Provisional Licensee Is Present. — If an initial appearance is required, the law enforcement officer must file the revocation report with the judicial official conducting the initial appearance on the underlying criminal moving violation. If a properly executed revocation report concerning a provisional licensee is filed with a judicial official when the person is present before that official, the judicial official shall, after completing any other proceedings involving the provisional licensee, determine whether there is probable cause to believe that the conditions of subsection (b) of this section have been met. If the judicial official determines there is such probable cause, the judicial official shall enter an order revoking the provisional licensee's permit or license. In addition to setting it out in the order, the judicial official shall personally inform the provisional licensee of the right to a hearing as specified in subsection (d2) of this section and that the provisional licensee's permit or license remains revoked pending the hearing. The period of revocation is for 30 days and begins at the time the revocation order is issued and continues for 30 additional calendar days. The judicial official shall give the provisional licensee a copy of the revocation order, which shall include the beginning date of the revocation and shall clearly state the final day of the revocation period and the date on which the provisional licensee's permit or license will again become valid. The provisional licensee shall not be required to surrender the provisional licensee's permit or license; however, the provisional licensee shall not be authorized to drive at any time or for any purpose during the period of revocation.

(d1) Procedure If Report Filed With Clerk of Court When Provisional Licensee Not Present. — When a clerk receives a properly executed report under subdivision (2) of subsection (c1) of this section and the provisional licensee named in the revocation report is not present before the clerk, the clerk shall determine whether there is probable cause to believe that the conditions of subsection (b) of this section have been met. If the clerk determines there is such probable cause, the clerk shall mail to the provisional licensee a revocation order by first-class mail. The order shall inform the provisional licensee that the period of revocation is for 30 days, that the revocation becomes effective on the fourth day after the order is deposited in the United States mail and continues for 30 additional calendar days, of the right to a hearing as specified in subsection (d2) of this section, and that the revocation remains in effect pending the hearing. The provisional licensee shall not be required to surrender the provisional licensee's permit or license; however, the provisional licensee shall not be authorized to drive at any time or for any purpose during the period of revocation.
(d2) Hearing Before Magistrate or Judge If Provisional Licensee Contests Validity of Revocation — A provisional licensee whose permit or license is revoked under this section may request in writing a hearing to contest the validity of the revocation. The request may be made at the time of the person's initial appearance, or within 10 days of the effective date of the revocation to the clerk or a magistrate designated by the clerk, and may specifically request that the hearing be conducted by a district court judge. The Administrative Office of the Courts must develop a hearing request form for any provisional licensee requesting a hearing. Unless a district court judge is requested, the hearing must be conducted within the county by a magistrate assigned by the chief district court judge to conduct such hearings. If the provisional licensee requests that a district court judge hold the hearing, the hearing must be conducted within the district court district as defined in G.S. 7A-133 by a district court judge assigned to conduct such hearings. The revocation remains in effect pending the hearing, but the hearing must be held within three working days following the request if the hearing is before a magistrate or within ten working days if the hearing is before a district court judge. The request for the hearing must specify the grounds upon which the validity of the revocation is challenged, and the hearing must be limited to the grounds specified in the request. A witness may submit his evidence by affidavit unless he is subpoenaed to appear. Any person who appears and testifies is subject to questioning by the judicial official conducting the hearing, and the judicial official may adjourn the hearing to seek additional evidence if the judicial official is not satisfied with the accuracy or completeness of evidence. The provisional licensee contesting the validity of the revocation may, but is not required to, testify in his own behalf. Unless contested by the person requesting the hearing, the judicial official may accept as true any matter stated in the revocation report. If any relevant condition under subsection (b) of this section is contested, the judicial official must find by the greater weight of the evidence that the condition was met in order to sustain the revocation. At the conclusion of the hearing, the judicial official must enter an order sustaining or rescinding the revocation. The judicial official's findings are without prejudice to the provisional licensee contesting the revocation and to any other potential party as to any other proceedings, civil or criminal, that may involve facts bearing upon the conditions in subsection (b) of this section considered by the judicial official. The decision of the judicial official is final and may not be appealed in the General Court of Justice. If the hearing is not held and completed within three working days of the written request for a hearing before a magistrate or within ten working days of the written request for a hearing before a district court judge, the judicial official must enter an order rescinding the revocation, unless the provisional licensee contesting the revocation contributed to the delay in completing the hearing. If the provisional licensee requesting the hearing fails to appear at the hearing or any rescheduling thereof after having been properly notified, the provisional licensee forfeits the right to a hearing.

(e) Report to Division. — The clerk shall notify the Division of the issuance of a revocation order pursuant to this section within two business days of the issuance of the revocation order. The notification shall identify the person whose provisional license has been revoked and specify the beginning and end date of the revocation period.

(f) Effect of Revocations. — A revocation under this section revokes a provisional licensee's privilege to drive in North Carolina. Revocations under this section are independent of and run concurrently with any other revocations, except for a revocation pursuant to G.S. 20-16.5. Any civil revocation issued pursuant to G.S. 20-16.5 for the same underlying conduct as a revocation under this section shall have the effect of terminating a revocation pursuant to this section. No court imposing a period of revocation following conviction for an offense involving impaired driving may give credit for any period of revocation imposed under this section. A person whose license is revoked pursuant to this section is not eligible to receive a limited driving privilege.

(g) Designation of Proceedings. — Proceedings under this section are civil actions and must be identified by the caption "In the Matter of ________" and filed as directed by the Administrative Office of the Courts.
(h) No drivers license points or insurance surcharge shall be assessed for a revocation pursuant to this section. Possession of a drivers license revoked pursuant to this section shall not be a violation of G.S. 20-30.

(i) The Administrative Office of the Courts shall adopt forms to implement this section."

SECTION 4. Section 5 of S.L. 2011-236 reads as rewritten:

"SECTION 5. This act becomes effective October 1, 2011, and applies to agreements executed on or after that date. Agreements executed prior to October 1, 2011, remain subject to the laws in effect at the time the parties executed the agreement. Differences in wording between procedures authorized to establish agreements under the laws repealed by this act and under the superseding laws enacted by this act clarify the permitted procedures under the repealed laws."

SECTION 5.(a) G.S. 148-77 is repealed.

SECTION 5.(b) G.S. 143B-600(a) reads as rewritten:

"(a) There is established the Department of Public Safety. The head of the Department of Public Safety is the Secretary of Public Safety, who shall be known as the Secretary. The Department shall consist of six divisions and an Office of External Affairs as follows:

(6) The Division of Administration, the head of which shall be a deputy secretary responsible for all administrative functions, including fiscal, auditing, information technology, purchasing, human resources, training, engineering, and facility management functions for the Department. Within the Division, there is established a Grants Management Section, which shall consist of the Governor's Crime Commission, the Criminal Justice Partnership Program, and the Juvenile Crime Prevention Council Fund. There is also established within the Division a Research and Planning Section responsible for statistics, research, and planning to facilitate regular improvement in the structure, administration, and programs of the Department of Public Safety. The Research and Planning Section may cooperate with and seek the cooperation of public and private agencies, institutions, officials, and individuals in the development and conduct of programs to compile and analyze statistics and to conduct research in criminology and correction. The Research and Planning Section shall be the single State agency responsible for the coordination and implementation of ex-offender reentry initiatives."

SECTION 5.(c) During the 2012-2013 fiscal year, the Research and Planning Section of the Department of Public Safety shall work with local communities to form up to 10, but not less than three, local reentry councils to develop comprehensive local reentry plans, to document and maximize the use of existing services, and to supervise and coordinate innovative responses to the reintegration of ex-offenders at the local level. The Section shall also form a State-level advisory group with broad representation of involved State agency leadership, service providers, and program recipients.

SECTION 6. Section 11 of S.L. 2011-19, as amended by Section 9 of S.L. 2011-307, reads as rewritten:

"SECTION 11. Sections 1 through 5 and Sections 9 through 11 are effective when this act becomes law, and Section 6 becomes effective July 1, 2011. Sections 7 and 8 of this act are effective when they become law, however, until October 1, 2012, July 1, 2013, the provisions of those sections shall apply only to the North Carolina State Crime Laboratory, and on or after October 1, 2012, July 1, 2013, the provisions of Sections 7 and 8 shall apply to all laboratories conducting forensic or chemical analysis for admission in the courts of this State. Nothing in this act is intended to amend or modify either the statutory or common law applicable to discovery in criminal cases which was applicable prior to the effective date of this act.
Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.

SECTION 6.1. Effective June 1, 2012, Section 4 of S.L. 2011-19, as amended by Section 8 of S.L. 2011-307 reads as rewritten:

"SECTION 4. Forensic science professionals—Scientists I, II, and III, forensic science supervisors, and forensic scientist managers at the State Crime Laboratory shall be required to obtain individual certification consistent with international and ISO standards within 18 months of the date the analyst-scientist becomes eligible to seek certification according to the standards of the certifying entity or by June 1, 2012, whichever occurs later, or by January 1, 2013, or as soon as practicable after that date unless no certification is available. All such forensic science professionals—scientists shall have access to the certification process."

A general description of the labor performed or materials furnished is sufficient. It is not necessary for lien claimant to file an itemized list of materials or a detailed statement of labor performed."

SECTION 4. G.S. 44A-13 is amended by adding new subsections to read:

"§ 44A-13. Action to enforce claim of lien on real property.

(d) Former Owner Not a Necessary Party to Action. – In an action brought under this section, a former owner of the improved property at the time the lien arose, who holds no ownership interest in the property at the time the action is commenced and against whom the plaintiff seeks no relief, is not a necessary party to the action.

(e) Subsequent Purchaser and Lender Not Necessary or Proper Parties to Action Filed After Claim of Lien Is Discharged. – If a claim of lien on real property filed under this Article is discharged pursuant to G.S. 44A-16(a)(5) or G.S. 44A-16(a)(6) prior to the filing of an action to enforce the claim of lien under this section, then neither a subsequent purchaser of the real property upon which the lien is claimed nor the subsequent purchaser's lender shall be a necessary or proper party to the action. However, nothing herein precludes the lien claimant from asserting any claims against any party that are separate and distinct from enforcement of the lien.

(f) Subsequent Purchaser and Lender No Longer Necessary or Proper Parties Upon Discharge of Claim of Lien After Action Is Filed. – If an action to enforce a lien under this section is commenced before the claim of lien is discharged pursuant to G.S. 44A-16(a)(5) or
G.S. 44A-16(a)(6), a subsequent purchaser of the real property upon which the lien is claimed and the subsequent purchaser's lender shall cease to be a necessary or proper party to the action, and any claim for lien enforcement asserted against the subsequent purchaser of the real property upon which the lien is claimed or the subsequent purchaser's lender shall be dismissed upon motion of any party upon a showing that the claim of lien was discharged pursuant to G.S. 44A-16. However, nothing herein precludes the lien claimant from continuing to pursue any claims against any party that are separate and distinct from enforcement of the lien.

(g) Bonds Prohibited From Requiring Subsequent Purchaser or Lender to Remain Parties to Action After Discharge of Claim of Lien. – The fact that a subsequent purchaser of the real property upon which the lien is claimed or the subsequent purchaser's lender is not a party to an action to enforce a claim of lien on real property subsequent to discharge of that claim of lien by the contractor under G.S. 44A-16 shall not invalidate the claim of lien under this Chapter, nor shall it invalidate any bond filed under G.S. 44A-16 to discharge the claim of lien. Further, a bond filed under G.S. 44A-16(a)(6) shall not require that a subsequent purchaser of the real property upon which the lien is claimed or the subsequent purchaser's lender remain a party to an action to enforce a claim of lien after the claim of lien has been discharged pursuant to G.S. 44A-16.

(h) Definition of "Subsequent Purchaser." – For purposes of this section, a "subsequent purchaser" means a party whose record interest is protected under G.S. 47-18, including any beneficiary of a deed of trust or mortgagee of that party, the priority of whose interest is protected under the provisions of G.S. 47-20, and who was not the owner of the real property at the time of the improvements giving rise to the lien claim as defined in G.S. 44A-7(6)."

SECTION 5. G.S. 44A-17 is repealed.

SECTION 6. G.S. 44A-18 reads as rewritten:

"§ 44A-18. Grant of lien upon funds; subrogation; perfection.
Upon compliance with this Article:

(1) A first tier subcontractor who furnished labor, materials, or rental equipment at the site of the improvement shall be entitled to have a lien upon funds that are owed to the contractor with whom the first tier subcontractor dealt and that arise out of the improvement on which the first tier subcontractor worked or furnished materials.

(2) A second tier subcontractor who furnished labor, materials, or rental equipment at the site of the improvement shall be entitled to have a lien upon funds that are owed to the first tier subcontractor with whom the second tier subcontractor dealt and that arise out of the improvement on which the second tier subcontractor worked or furnished materials. A second tier subcontractor, to the extent of the second tier subcontractor's lien provided in this subdivision, shall also be entitled to be subrogated to the lien upon funds of the first tier subcontractor with whom the second tier contractor dealt provided for in subdivision (1) of this section and shall be entitled to perfect it by service of the notice of claim of lien upon funds to the extent of the claim.

(3) A third tier subcontractor who furnished labor, materials, or rental equipment at the site of the improvement shall be entitled to have a lien upon funds that are owed to the second tier subcontractor with whom the third tier subcontractor dealt and that arise out of the improvement on which the third tier subcontractor worked or furnished materials. A third tier subcontractor, to the extent of the third tier subcontractor's lien upon funds provided in this subdivision, shall also be entitled to be subrogated to the lien upon funds of the second tier subcontractor with whom the third tier contractor dealt and to the lien upon funds of the first tier subcontractor with whom the second tier subcontractor dealt to the extent that the second tier subcontractor is entitled to be subrogated thereto, and in either case shall be entitled to perfect the same by service of the notice of claim of lien upon funds to the extent of the claim.

(4) Subcontractors more remote than the third tier who furnished labor, materials, or rental equipment at the site of the improvement shall be entitled to have a lien upon funds that are owed to the person with whom they dealt and that arise out of the improvement on which
they furnished labor, materials, or rental equipment, but such remote tier subcontractor shall not be entitled to subrogation to the rights of other persons.

(5)(e) The liens upon funds granted under this section shall secure amounts earned by the lien claimant as a result of having furnished labor, materials, or rental equipment at the site of the improvement under the contract to improve real property, including interest at the legal rate provided in G.S. 24-5, whether or not such amounts are due and whether or not performance or delivery is complete. In the event insufficient funds are retained to satisfy all lien claimants, subcontractor lien claimants may recover the interest due under this subdivision on a pro rata basis, but in no event shall interest due under this subdivision increase the liability of the obligor under G.S. 44A-20.

(6)(f) A lien upon funds granted under this section arises, attaches, and is perfected effective immediately upon the first furnishing of labor, materials, or rental equipment at the site of the improvement by a subcontractor. Any lien upon funds granted under this section is perfected upon the giving of notice of claim of lien upon funds in writing to the obligor as provided in G.S. 44A-19 and shall be effective upon the obligor's receipt of the notice. The subrogation rights of a first, second, or third tier subcontractor to the claim of lien on real property of the contractor created by Part 1 of Article 2 of this Chapter are perfected as provided in G.S. 44A-23-G.S. 44A-19.

(g) Until a lien claimant gives notice of a claim of lien upon funds in writing to the obligor as provided in G.S. 44A-19, any owner, contractor, or subcontractor against whose interest the lien upon funds is claimed may make, receive, use, or collect payments thereon and may use such proceeds in the ordinary course of its business."

SECTION 8. G.S. 44A-20 reads as rewritten:
§ 44A-20. Duties and liability of obligor.

(a) Upon receipt of the notice of claim of lien upon funds provided for in this Article, the obligor shall be under a duty to retain any funds subject to the lien or liens upon funds under this Article up to the total amount of such liens upon funds as to which notices of claims of lien upon funds have been received.

(b) If, after the receipt of the notice of claim of lien upon funds to the obligor, the obligor makes further payments to a contractor or subcontractor against whose interest the lien or liens upon funds are claimed, the lien upon funds shall continue upon the funds in the hands of the contractor or subcontractor who received the payment, and in addition the obligor shall be personally liable to the person or persons entitled to liens upon funds up to the amount of such wrongful payments, not exceeding the total claims with respect to which the notice of claim of lien upon funds was received prior to payment.

(c) If an obligor makes a payment after receipt of notice of claim of lien on funds and incurs personal liability under subsection (b) of this section, the obligor shall be entitled to reimbursement and indemnification from the party receiving such payment.

(d) If the obligor is an owner of the property being improved, the lien claimant shall be entitled to a claim of lien upon real property upon the interest of the obligor in the real property to the extent of the owner's personal liability under subsection (b) of this section, which claim of lien on real property shall be enforced only in the manner set forth in G.S. 44A-7 through G.S. 44A-16 and which claim of lien on real property shall be entitled to the same priorities and subject to the same filing requirements and periods of limitation applicable to the contractor. The claim of lien on real property is perfected as of the time set forth in G.S. 44A-10 upon the filing of the claim of lien on real property pursuant to G.S. 44A-12. A lien waiver signed by the contractor prior to the commencement of an action to enforce a perfected claim of lien on real property granted under G.S. 44A-23 waives the subcontractor's right to enforce the contractor's claim of lien on real property, but does not affect the subcontractor's right to a claim of lien on funds or the subcontractor's right to a claim of lien on real property allowed under this subsection. The claim of lien on real property as provided under this subsection shall be in the form set out in G.S. 44A-12(c) and shall contain, in addition, a copy of the notice of claim of lien upon funds given pursuant to G.S. 44A-19 as an exhibit together with proof of service thereof by affidavit, and shall state the grounds the lien claimant has to believe that the obligor is personally liable for the debt under subsection (b) of this section.

(e) A notice of claim of lien on funds under G.S. 44A-19 may be filed by the obligor with the clerk of superior court in each county where the real property upon which the filed notice of claim of lien on funds is located for the purpose of discharging the notice of claim of lien on funds by any of the methods described in G.S. 44A-16.

(f) A bond deposited under this section to discharge a filed notice of claim of lien on funds shall be effective to discharge any claim of lien on real property filed by the same lien claimant pursuant to subsection (d) of this section if the amount of such bond is at least as great as the sum of the claims of lien upon funds served by lower tier subcontractors or any claims of lien on real property filed by lower tier subcontractors pursuant to subsection (d) of this section or if such bond is at least as great as the amount of the lien on real property claims of lien on real property filed by lower tier subcontractors pursuant to subsection (d) of this section or if such bond is at least as great as the amount of the lien on real property claims of lien on real property created by Part 1 of this Article.

SECTION 9. G.S. 44A-23 reads as rewritten:

"§ 44A-23. Contractor's claim of lien on real property; perfection of subrogation rights of subcontractor.

The manner of such enforcement shall be as provided by G.S. 44A-7 through 44A-16. The claim of lien on real property is perfected as of the time set forth in G.S. 44A-10 upon filing of the claim of lien on real property pursuant to G.S. 44A-12. When completing the claim of lien on real property form, the subcontractor may use as the date upon which labor or materials were first or last
furnished on the real property either the date of the first or last furnishing of labor or materials on the real property by the subcontractor making the claim or the date of the first or last furnishing of labor or materials on the real property by the contractor through which the claim of lien on real property is being asserted. Upon the filing of the claim of lien on real property, with the notice of claim of lien upon funds attached, property and the commencement of the action, no action of the contractor shall be effective to prejudice the rights of the subcontractor without his written consent.

(b) Second or third tier subcontractor. –

(1) A second or third tier subcontractor, who gives notice of claim of lien upon funds as provided in this Article, may, to the extent of his claim, enforce the claim of lien on real property of the contractor created by Part 1 of Article 2 of the Chapter except when:

a. The owner or contractor, within 30 days following the date the building permit is issued for the improvement of the real property involved or within 30 days following the date the contractor is awarded the contract for the improvement of the real property involved, whichever is later, posts on the property in a visible location adjacent to the posted building permit, if a permit is required, and files in the office of the clerk of superior court in each county wherein the real property to be improved is located, a completed and signed notice of contract form and the second or third tier subcontractor fails to serve upon the contractor a completed and signed notice of subcontract form by the same means of service as described in G.S. 44A-19(d); or

b. After the posting and filing of a signed notice of contract and the service upon the contractor of a signed notice of subcontract, the contractor serves upon the second or third tier subcontractor, within five days following each subsequent payment, by the same means of service as described in G.S. 44A-19(d), the written notice of payment setting forth the date of payment and the period for which payment is made as requested in the notice of subcontract form set forth herein.

(ii) General description of the labor and material performed and furnished thereunder:

(4) Request is hereby made by the undersigned subcontractor that he be notified in writing by the contractor of, and within five days following, each subsequent payment by the contractor to the first tier subcontractor for labor performed or material furnished at the improved real property within the above descriptions of such in paragraph (2) and subparagraph (3)(ii), respectively, the date payment was made and the period for which payment is made.

The lien is perfected as of the time set forth in G.S. 44A-10 upon the filing of a claim of lien on real property pursuant to G.S. 44A-12. Upon the filing of the claim of lien on real property, with the notice of claim of lien upon funds attached, property and the commencement of the action, no action of the contractor shall be effective to prejudice the rights of the second or third tier subcontractor without his written consent.

(c) A lien waiver signed by the contractor prior to the commencement of an action to enforce a perfected claim of lien on real property granted under this section waives the subcontractor's right to enforce the contractor's claim of lien on real property, but does not affect the subcontractor's right to a claim of lien on funds or the subcontractor's right to a claim of lien on real property allowed under G.S. 44A-20(d).

SECTION 10. G.S. 44A-24 reads as rewritten:

If any contractor or other person receiving payment from an obligor for an improvement to real property or from a purchaser for a conveyance of real property with improvements subject to this Article or to Article 3 of this Chapter shall knowingly furnish to such obligor, purchaser, or to a lender who obtains a security interest in said real property, or to a title insurance company insuring title to such real property, a false written statement of the sums due or claimed to be due for labor or material furnished at the site of improvements to such real property, then such contractor, subcontractor or other person shall be guilty of a Class 1 misdemeanor. Upon conviction and in the event the court shall grant any defendant a suspended sentence, the court may in its discretion include as a condition of such suspension a provision that the defendant shall reimburse the party who suffered loss on such conditions as the court shall determine are proper.

The elements of the offense herein stated are the furnishing of the false written statement with knowledge that it is false and the subsequent or simultaneous receipt of payment from an obligor or purchaser, or in any purchaser by the person signing the document, a person directing another to sign the document, or any person or entity for whom the document was signed. In any criminal prosecution hereunder it shall not be necessary for the State to prove that the obligor, purchaser, lender or title insurance company relied upon the false statement or that any person was injured thereby.

In addition to the criminal sanctions created by this section, conduct constituting the offense herein stated and causing actual harm to any person by any licensed contractor or qualifying
party, as that term is used in Chapter 87 of the General Statutes, shall constitute deceit and misconduct subject to disciplinary action under Chapter 87 of the General Statutes, including revocation, suspension, or restriction of a license or the ability to act as a qualifying party for a license."

The contractor shall furnish a copy of the payment bond required by this Article within seven calendar days in response to a written request served by any claimant in accordance with the provisions of subsection (c) of this section.    f. The name and address of the principal place of business of the surety issuing the payment bond required by G.S. 44A-26(a) for the construction contract.

2. Each subcontractor shall provide each subcontractor that it engages to perform labor or furnish materials in the performance of the construction contract a copy of the contractor's project statement.

SECTION 12.(a)

G.S. 44A-4(b) reads as rewritten:

§ 44A-4. Enforcement of lien by sale.

(b) Notice and Hearings. –

1. If the property upon which the lien is claimed is a motor vehicle that is required to be registered, the lienor following the expiration of the relevant time period provided by subsection (a) shall give notice to the Division of Motor Vehicles that a lien is asserted and sale is proposed and shall remit to the Division a fee of ten dollars ($10.00). The Division of Motor Vehicles shall issue notice by registered or certified mail, return receipt requested, to the person having legal title to the property, if reasonably ascertainable, to the person with whom the lienor dealt if different, and to each secured party and other person claiming an interest in the property who is actually known to the Division or who can be reasonably ascertained. The notice shall state that a lien has been asserted against specific property and shall identify the lienor, the date that the lien arose, the general nature of the services performed and materials used or sold for which the lien is asserted, the amount of the lien, and that the lienor intends to sell the property in satisfaction of the lien. The notice shall inform the recipient that the recipient has the right to a judicial hearing at which time a determination will be made as to the validity of the lien prior to a sale taking place. The notice shall further state that the recipient has a period of 10 days from the date of receipt in which to notify the Division by registered or certified mail, return receipt requested, that a hearing is desired and that if the recipient wishes to contest the sale of his property pursuant to such lien, the recipient should notify the Division that a hearing is desired. The notice shall state the
required information in simplified terms and shall contain a form whereby the recipient may notify the Division that a hearing is desired by the return of such form to the Division. The Division shall notify the lienor whether such notice is timely received by the Division. In lieu of the notice by the lienor to the Division and the notices issued by the Division described above, the lienor may issue notice on a form approved by the Division pursuant to the notice requirements above. If notice is issued by the lienor, the recipient shall return the form requesting a hearing to the lienor, and not the Division, within 10 days from the date the recipient receives the notice if a judicial hearing is requested. If the registered or certified mail notice has been returned as undeliverable and the notice of a right to a judicial hearing has been given to the owner of the motor vehicle in accordance with G.S. 20-28.4, no further notice is required. Failure of the recipient to notify the Division or lienor, as specified in the notice, within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to the sale of the property against which the lien is asserted, and the lienor may proceed to enforce the lien by public or private sale as provided in this section and the Division shall transfer title to the property pursuant to such sale. If the Division or lienor, as specified in the notice, is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section and the Division will transfer title only pursuant to the order of a court of competent jurisdiction.

If the registered or certified mail notice has been returned as undeliverable, or if the name of the person having legal title to the vehicle cannot reasonably be ascertained and the fair market value of the vehicle is less than eighty hundred dollars ($800.00), the lienor may institute a special proceeding in the county where the vehicle is being held, for authorization to sell that vehicle. Market value shall be determined by the schedule of values adopted by the Commissioner under G.S. 105-187.3.

In such a proceeding a lienor may include more than one vehicle, but the proceeds of the sale of each shall be subject only to valid claims against that vehicle, and any excess proceeds of the sale shall be paid immediately to the Treasurer for disposition pursuant to Chapter 116B of the General Statutes.

The application to the clerk in such a special proceeding shall contain the notice of sale information set out in subsection (f) hereof. If the application is in proper form the clerk shall enter an order authorizing the sale on a date not less than 14 days therefrom, and the lienor shall cause the application and order to be sent immediately by first-class mail pursuant to G.S. 1A-1, Rule 5, to each person to whom notice was mailed pursuant to this subsection. Following the authorized sale the lienor shall file with the clerk a report in the form of an affidavit, stating that the lienor has complied with the public or private sale provisions of G.S. 44A-4, the name, address, and bid of the high bidder or person buying at a private sale, and a statement of the disposition of the sale proceeds. The clerk then shall enter an order directing the Division to transfer title accordingly.

If prior to the sale the owner or legal possessor contests the sale or lien in a writing filed with the clerk, the proceeding shall be handled in accordance with G.S. 1-301.2.

(2) If the property upon which the lien is claimed is other than a motor vehicle required to be registered, the lienor following the expiration of the 30-day period provided by subsection (a) shall issue notice to the person having legal title to the property, if reasonably ascertainable, and to the person with
whom the lienor dealt if different by registered or certified mail, return receipt requested. Such notice shall state that a lien has been asserted against specific property and shall identify the lienor, the date that the lien arose, the general nature of the services performed and materials used or sold for which the lien is asserted, the amount of the lien, and that the lienor intends to sell the property in satisfaction of the lien. The notice shall inform the recipient that the recipient has the right to a judicial hearing at which time a determination will be made as to the validity of the lien prior to a sale taking place. The notice shall further state that the recipient has a period of 10 days from the date of receipt in which to notify the lienor by registered or certified mail, return receipt requested, that a hearing is desired and that if the recipient wishes to contest the sale of his property pursuant to such lien, the recipient should notify the lienor that a hearing is desired. The notice shall state the required information in simplified terms and shall contain a form whereby the recipient may notify the lienor that a hearing is desired by the return of such form to the lienor. Failure of the recipient to notify the lienor within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to sale of the property against which the lien is asserted and the lienor may proceed to enforce the lien by public or private sale as provided in this section. If the lienor is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section only pursuant to the order of a court of competent jurisdiction."

SECTION 12.(b)  G.S. 44A-24.10 reads as rewritten:

"§ 44A-24.10. Lien extinguished for lien claimant failing to file suit or answer in pending suit within 30 days after service on owner.

If a lien claimant fails to file a suit to enforce the lien or fails to file an answer in a pending suit to enforce a lien within 30 days after a properly served written demand of the owner, lienee, or other authorized agent, the lien shall be extinguished. Service of the demand shall be by registered or certified mail, return receipt requested, or by personal service. The claimant shall file proof of properly served written demand with the clerk of the superior court. The provisions of this section shall not extend to any other deadline provided by law for the filing of any pleadings or for the foreclosure of any lien governed by this Part."

SECTION 12.(c)  G.S. 44A-43 reads as rewritten:

(b) Notice and Hearing:
(1) If the property upon which the lien is claimed is a motor vehicle, the lienor, following the expiration of the 15-day period provided by subsection (a), shall give notice to the Division of Motor Vehicles that a lien is asserted and that a sale is proposed. The lienor shall remit to the Division a fee of two dollars ($2.00); and shall also furnish the Division with the last known address of the occupant. The Division of Motor Vehicles shall issue notice by registered or certified mail, return receipt requested to the person having legal title to the vehicle, if reasonably ascertainable, and to the occupant, if different, at his last known address. The notice shall:

... c. State that the legal title holder and the occupant have a period of 10 days from the date of receipt of the notice in which to notify the Division of Motor Vehicles by registered or certified mail, return receipt requested, that a hearing is desired to contest the sale of the vehicle pursuant to the lien.
The person with legal title or the occupant must, within 10 days of receipt of the notice from the Division of Motor Vehicles, notify the Division of his desire to contest the sale of the vehicle pursuant to the lien, and that the Division should so notify lienor.

Failure of the person with legal title or the occupant to notify the Division that a hearing is desired shall be deemed a waiver of the right to a hearing prior to sale of the vehicle against which the lien is asserted. Upon such failure, the Division shall so notify the lienor; the lienor may proceed to enforce the lien by a public sale as provided by this section; and the Division shall transfer title to the property pursuant to such sale.

If the Division is notified within the 10-day period provided in this section that a hearing is desired prior to the sale, the lien may be enforced by a public sale as provided in this section and the Division will transfer title only pursuant to the order of a court of competent jurisdiction.

(c) Public Sale.—

(1) Not less than 20 days prior to sale by public sale the lienor:

a. Shall cause notice to be delivered by registered or certified mail to the person having a security interest in the property if reasonably ascertainable, and to the occupant at the occupant's last known address. Notice given pursuant to this subdivision shall be presumed delivered when it is properly addressed, first-class postage prepaid, and deposited with the United States Postal Service.

Session Law 2012-178

AN ACT TO MAKE CHANGES TO ADMINISTRATION OF THE STATE RETIREMENT SYSTEMS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-32.01(c) reads as rewritten:

"(c) Consistent with subsection (a) of this section and notwithstanding any other law relating to privacy of personnel records, the Retirement Systems Division of the Department of State Treasurer shall furnish the Fiscal Research Division direct online read-only access to active and retired member information or records maintained by the Retirement Systems Division in online information systems. Direct online read-only access shall not include access to medical records of individual members or to tax records and other tax-related documents of members and beneficiaries. Nothing in this subsection shall limit the provisions of subsection (a) of this section."

SECTION 2. G.S. 128-27(k) reads as rewritten:

"(k) Post-Retirement Increases in Allowances. – As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971, as follows:

<table>
<thead>
<tr>
<th>Increase in Index</th>
<th>Increase in Allowance</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.00 to 1.49%</td>
<td>1%</td>
</tr>
<tr>
<td>1.50 to 2.49%</td>
<td>2%</td>
</tr>
<tr>
<td>2.50 to 3.49%</td>
<td>3%</td>
</tr>
<tr>
<td>3.50% or more</td>
<td>4%</td>
</tr>
</tbody>
</table>

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum (1/10 of 1%), but not more than four per centum (4%); provided that any such increase in allowances shall be contingent upon the total fund providing sufficient investment gains to cover the additional actuarial liabilities on account of such increase. The determination of whether there are sufficient investment gains to cover the possible postretirement increase in allowance shall reside exclusively within the discretion of the Board of Trustees and shall be informed by the findings within the annual actuarial valuation reports. In considering whether to grant a postretirement increase, the Board of Trustees shall take into account both the rate of inflation as determined by the Consumer Price Index and the record of investment gains or losses during the preceding three-year period.
The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum. Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

Notwithstanding the foregoing linkage between increases in the Consumer Price Index and correlative contingent increases in retirement benefits determined by the availability of sufficient investment gains to cover the additional actuarial liabilities arising from those increased benefits, the Board of Trustees, may in any year, considering an increase, if any, in the Consumer Price Index, fund a cost-of-living increase in a percentage amount, measured in tenths of one percent (1/10 of 1%), of up to four percent (4%), provided that the Board may use only investment gains to fund such an increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items – United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

SECTION 3. G.S. 128-30(d) reads as rewritten:

"(d) Pension Accumulation Fund. – The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(3) The "accrued liability contribution" shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately 30 years, provided that the length of the period of payment for each employer after contributions begin shall be the same for all employers and shall be determined by the Board of Trustees as the result of actuarial valuations.

..."

SECTION 4.(a) G.S. 120-4.32 reads as rewritten:

"§ 120-4.32. Deduction for payments to certain employees' or retirees' associations allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary."

SECTION 4.(b) G.S. 128-38.3 reads as rewritten:

The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary."

SECTION 4.(c) G.S. 135-18.8 reads as rewritten:

"§ 135-18.8. Deduction for payments to certain employees' or retirees' associations allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary."

SECTION 4.(d) G.S. 135-75 reads as rewritten:

"§ 135-75. Deduction for payments to certain employees' or retirees' associations allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.
(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary.

SECTION 5. G.S. 135-106(b) reads as rewritten:

"(b) After the commencement of benefits under this section, the benefits payable under the terms of this section during the first 36 months of the long-term disability period shall be equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by any primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, any other federal agency or any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month. However, a disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in lieu of long-term disability benefits; provided such election shall not extend the first 36 consecutive calendar months of the long-term disability period. An election to receive any salary continuation for any part of any given day shall be in lieu of any long-term benefit payable for that day, provided further, any lump-sum payout for vacation leave shall be treated as if the beneficiary or participant had exhausted the leave and shall be in lieu of any long-term benefit otherwise payable. Provided that, in any event, a beneficiary's benefit shall be reduced during the first 36 months of the long-term disability period by an amount, as determined by the Board of Trustees, equal to a primary Social Security retirement benefit to which the beneficiary might be entitled.

After 36 months of long-term disability, no further benefits are payable under the terms of this section unless the member has been approved and is in receipt of primary Social Security disability benefits. In that case the benefits payable shall be equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by the primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, for payments from any other federal agency, or for any payments made under the provisions of G.S. 127A-108, to which the
participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month.

Notwithstanding the foregoing, but subject to an additional integration with the five-year and 10-year retirement vesting provisions as set forth in this paragraph, the long-term disability benefit is payable so long as the beneficiary is disabled and is in receipt of a primary Social Security disability benefit until the earliest date at which the beneficiary who became a member prior to August 1, 2011, is eligible for an unreduced service retirement allowance from the Retirement System, at which time the beneficiary would receive a retirement allowance calculated on the basis of the beneficiary's average final compensation at the time of disability as adjusted to reflect compensation increases subsequent to the time of disability and the creditable service accumulated by the beneficiary, including creditable service while in receipt of benefits under the Plan. In the case of any long-term disability beneficiary who became a member on and after August 1, 2011, and ordinarily would not be eligible for a retirement benefit without 10 years of membership service, for purposes of this conversion from long-term disability to service retirement, and for that purpose only, noncontributory creditable service granted while in receipt of disability benefits under this Article shall be deemed to be membership service, through the completion of 10 years of combined membership and noncontributory service on short-term and long-term disability benefits in total. In the event the beneficiary has not been approved and is not in receipt of a primary Social Security disability benefit, the long-term disability benefit shall cease after the first 36 months of the long-term disability period. When such a long-term disability recipient begins receiving this unreduced service retirement allowance from the System, that recipient shall not be subject to the six-month waiting period set forth in G.S. 135-1(20). However, a beneficiary shall be entitled to a restoration of the long-term disability benefit in the event the Social Security Administration grants a retroactive approval for primary Social Security disability benefits with a benefit effective date within the first 36 months of the long-term disability period. In such event, the long-term disability benefit shall be restored retroactively to the date of cessation."

SECTION 6. G.S. 147-69.2(b)(8) reads as rewritten:

"(8) With respect to assets of the Teachers' and State Employees' Retirement System, the Consolidated Judicial Retirement System, the Firemen's and Rescue Workers' Pension Fund, the Local Governmental Employees' Retirement System, the Legislative Retirement System, the North Carolina National Guard Pension Fund, and the Retiree Health Benefit Fund (hereinafter referred to collectively as the Retirement Systems), and assets invested pursuant to subdivision (b2) of this section, they may be invested in equity securities traded on a public securities exchange or market organized and regulated pursuant to the laws of the jurisdiction of such exchange or market and issued by any company incorporated or otherwise created or located within or outside the United States; provided the investments meet the conditions of this subdivision. The investments authorized for the Retirement Systems under this subdivision cannot exceed sixty-five percent (65%) of the market value of all invested assets of the Retirement Systems.

The assets authorized under this subdivision may be invested directly by the State Treasurer in any equity securities authorized by this subdivision for the primary purpose of approximating the movements of a nationally recognized and published market benchmark index. No more than one and one-half percent (1.5%) of the market value of the Retirement Systems' assets that may be invested directly under this subdivision can be invested in the stock of a single corporation, and the total number of shares in that single corporation cannot exceed eight percent (8%) of the issued and outstanding stock of that corporation.
So long as each investment manager has assets under management of at least one hundred million dollars ($100,000,000), the assets authorized under this subdivision may also be invested through any of the following:

a. Investment companies registered under the Investment Company Act of 1940; individual, common, or collective trust funds of banks and trust companies; and group trusts that invest primarily in investments authorized by this subdivision.

b. Limited partnerships, limited liability companies, or other limited liability investment vehicles that are not publicly traded and invest primarily in investments authorized by this subdivision. Investments under this sub-subdivision shall not exceed six and one-half percent (6.5%) of the market value of all invested assets of the Retirement Systems.

c. Contractual arrangements in which investment managers have full and complete discretion and authority to invest assets specified in such contractual arrangements in investments authorized by this subdivision.

SECTION 7. This act becomes effective July 1, 2012.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 15A of the General Statutes is amended by adding a new section to read:

"§ 15A-145.5. Expunction of certain misdemeanors and felonies; no age limitation."

(a) For purposes of this section, the term "nonviolent misdemeanor" or "nonviolent felony" means any misdemeanor or felony except the following:

(1) A Class A through G felony or a Class A1 misdemeanor.

(2) An offense that includes assault as an essential element of the offense.

(3) An offense requiring registration pursuant to Article 27A of Chapter 14 of the General Statutes, whether or not the person is currently required to register.

(4) Any of the following sex-related or stalking offenses: G.S. 14-27.7A(b), 14-190.7, 14-190.8, 14-190.9, 14-202, 14-208.11A, 14-208.18, 14-277.3, 14-277.3A, 14-321.1.

(5) Any felony offense in Chapter 90 of the General Statutes where the offense involves methamphetamines, heroin, or possession with intent to sell or deliver or sell and deliver cocaine.

(6) An offense under G.S. 14-12.12(b), 14-12.13, or 14-12.14, or any offense for which punishment was determined pursuant to G.S. 14-3(c).

(7) An offense under G.S. 14-401.16.

(8) Any felony offense in which a commercial motor vehicle was used in the commission of the offense.

(b) Notwithstanding any other provision of law, if the person is convicted of more than one nonviolent felony or nonviolent misdemeanor in the same session of court and none of the nonviolent felonies or nonviolent misdemeanors are alleged to have occurred after the person had already been served with criminal process for the commission of a nonviolent felony or nonviolent misdemeanor, then the multiple nonviolent felony or nonviolent misdemeanor convictions shall be treated as one nonviolent felony or nonviolent misdemeanor conviction under this section, and the expunction order issued under this section shall provide that the multiple nonviolent felony convictions or nonviolent misdemeanor convictions shall be expunged from the person's record in accordance with this section.

(c) A person may file a petition, in the court where the person was convicted, for expunction of a nonviolent misdemeanor or nonviolent felony conviction from the person's criminal record if the person has no other misdemeanor or felony convictions, other than a traffic violation, and was convicted of a nonviolent misdemeanor or nonviolent felony that is eligible pursuant to subsection (b) of this section. The petition shall not be filed earlier than 15 years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The petition shall contain, but not be limited to, the following:

(1) An affidavit by the petitioner that the petitioner has been of good moral character since the date of conviction for the nonviolent misdemeanor or nonviolent felony and has not been convicted of any other felony or misdemeanor, other than a traffic violation, under the laws of the United States or the laws of this State or any other state.
(2) Verified affidavits of two persons who are not related to the petitioner or to each other by blood or marriage, that they know the character and reputation of the petitioner in the community in which the petitioner lives and that the petitioner's character and reputation are good.

(4) An application on a form approved by the Administrative Office of the Courts requesting and authorizing a name-based State and national criminal history record check by the Department of Justice using any information required by the Administrative Office of the Courts to identify the individual, a search by the Department of Justice for any outstanding warrants on pending criminal cases, and a search of the confidential record of expunctions maintained by the Administrative Office of the Courts. The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts, which shall conduct the searches and report their findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding.

Upon filing of the petition, the petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 30 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition. Upon good cause shown, the court may grant the district attorney an additional 30 days to file objection to the petition. The district attorney shall make his or her best efforts to contact the victim, if any, to notify the victim of the request for expunction prior to the date of the hearing.

The presiding judge is authorized to call upon a probation officer for any additional investigation or verification of the petitioner's conduct since the conviction. The court shall review any other information the court deems relevant, including, but not limited to, affidavits or other testimony provided by law enforcement officers, district attorneys, and victims of crimes committed by the petitioner.

If the court, after hearing, finds that the petitioner has not previously been granted an expunction under this section, G.S. 15A-145, 15A-145.1, 15A-145.2, 15A-145.3, or 15A-145.4; the petitioner has remained of good moral character; the petitioner has no outstanding warrants or pending criminal cases; the petitioner has no other felony or misdemeanor convictions other than a traffic violation; the petitioner has no outstanding restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner; and the petitioner was convicted of an offense eligible for expunction under this section and was convicted of, and completed any sentence received for, the nonviolent misdemeanor or nonviolent felony at least 15 years prior to the filing of the petition, it may order that such person be restored, in the contemplation of the law, to the status the person occupied before such arrest or indictment or information. If the court denies the petition, the order shall include a finding as to the reason for the denial.

(d) No person as to whom an order has been entered pursuant to subsection (c) of this section shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of that person's failure to recite or acknowledge the arrest, indictment, information, trial, or conviction. Persons pursuing certification under the provisions of Chapter 17C or 17E of the General Statutes, however, shall disclose any and all convictions to the certifying Commission, regardless of whether or not the convictions were expunged pursuant to the provisions of this section.

Persons required by State law to obtain a criminal history record check on a prospective employee shall not be deemed to have knowledge of any convictions expunged under this section.
(e) The court shall also order that the conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. The clerk shall notify State and local agencies of the court's order as provided in G.S. 15A-150.

(f) Any other applicable State or local government agency shall expunge from its records entries made as a result of the conviction ordered expunged under this section upon receipt from the petitioner of an order entered pursuant to this section. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged. This subsection shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank or to fingerprint records.

(g) A person who files a petition for expungement of a criminal record under this section must pay the clerk of superior court a fee of one hundred seventy-five dollars ($175.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent.

SECTION 2. G.S. 15A-145.4 reads as rewritten:

"§ 15A-145.4. Expunction of records for first offenders who are under 18 years of age at the time of the commission of a nonviolent felony.

(a) For purposes of this section, the term "nonviolent felony" means any felony except the following:

(1) A Class A through G felony.
(2) A felony that includes assault as an essential element of the offense.
(3) A felony that is an offense for which the convicted offender must register under requiring registration pursuant to Article 27A of Chapter 14 of the General Statutes, whether or not the person is currently required to register.
(4) A felony that is an offense that did not require registration under Article 27A of Chapter 14 of the General Statutes at the time of the commission of the offense but does require registration on the date the petition to expunge the offense would be filed.

(8) A felony offense charged pursuant to G.S. 14-401.16.

(b) Notwithstanding any other provision of law, if the person is convicted of more than one nonviolent felony in the same session of court and none of the nonviolent felonies are alleged to have occurred after the person had already been charged and arrested with criminal process for the commission of a nonviolent felony, then the multiple nonviolent felony convictions shall be treated as one nonviolent felony conviction under this section, and the expunction order issued under this section shall provide that the multiple nonviolent felony convictions shall be expunged from the person's record in accordance with this section.
(c) Whenever any person who had not yet attained the age of 18 years at the time of the commission of the offense and has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state pleads guilty to or is guilty of a nonviolent felony, the person may file a petition in the court where the person was convicted for expunction of the nonviolent felony from the person's criminal record. The petition shall not be filed earlier than four years after the date of the conviction or when any active sentence, period of probation, and post-release supervision has been served, whichever occurs later. The person shall also perform at least 100 hours of community service, preferably related to the conviction, before filing a petition for expunction under this section. The petition shall contain the following:

(1) An affidavit by the petitioner that the petitioner has been of good moral character since the date of conviction of the nonviolent felony in question and has not been convicted of any other felony or any misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

The application shall be forwarded to the Department of Justice and to the Administrative Office of the Courts, which shall conduct the searches and report their findings to the court.

(5) An affidavit by the petitioner that no restitution orders or civil judgments representing amounts ordered for restitution entered against the petitioner are outstanding.

(6) An affidavit by the petitioner that the petitioner has performed at least 100 hours of community service since the conviction for the nonviolent felony. The affidavit shall include a list of the community services performed, a list of the recipients of the services, and a detailed description of those services.

(7) An affidavit by the petitioner that the petitioner possesses a high school diploma, a high school graduation equivalency certificate, or a General Education Development degree.

The petition shall be served upon the district attorney of the court wherein the case was tried resulting in conviction. The district attorney shall have 30 days thereafter in which to file any objection thereto and shall be duly notified as to the date of the hearing of the petition. The district attorney shall make his or her best efforts to contact the victim, if any, to notify the victim of the request for expunction prior to the date of the hearing.

(d) The court in which the petition was filed shall take the following steps and shall consider the following issues in rendering a decision upon a petition for expunction of records of a nonviolent felony under this section:

(1) Call upon a probation officer for additional investigation or verification of the petitioner's conduct during the four-year period since the date of conviction of the nonviolent felony in question.
(2) Review the petitioner's juvenile record, ensuring that the petitioner's juvenile records remain separate from adult records and files and are withheld from public inspection as provided under Article 30 of Chapter 7B of the General Statutes.

(3) Review the amount of restitution made by the petitioner to the victim of the nonviolent felony to be expunged and give consideration to whether or not restitution was paid in full.

(4) Review any other information the court deems relevant, including, but not limited to, affidavits or other testimony provided by law enforcement officers, district attorneys, and victims of nonviolent felonies committed by the petitioner.

(e) The court may order that the person be restored, in the contemplation of the law, to the status the person occupied before the arrest or indictment or information if the court finds all of the following after a hearing:

(1) The petitioner has remained of good moral character and has been free of conviction of any felony or misdemeanor, other than a traffic violation, for four years from the date of conviction of the nonviolent felony in question or any active sentence, period of probation, or post-release supervision has been served, whichever is later.

(2) The petitioner has not previously been convicted of any felony or misdemeanor other than a traffic violation under the laws of the United States or the laws of this State or any other state.

(3) The petitioner has no outstanding warrants or pending criminal cases.

(7) The search of the confidential records of expunctions conducted by the Administrative Office of the Courts shows that the petitioner has not been previously granted an expunction.

(f) No person as to whom an order has been entered pursuant to subsection (e) of this section shall be held thereafter under any provision of any laws to be guilty of perjury or otherwise giving a false statement by reason of that person's failure to recite or acknowledge the arrest, indictment, information, trial, or conviction. Persons pursuing certification under the provisions of Chapter 17C or 17E of the General Statutes, however, shall disclose any and all felony convictions to the certifying Commission regardless of whether or not the felony convictions were expunged pursuant to the provisions of this section.

Persons required by State law to obtain a criminal history record check on a prospective employee shall not be deemed to have knowledge of any convictions expunged under this section.

(g) The court shall also order that the nonviolent felony conviction be expunged from the records of the court and direct all law enforcement agencies bearing record of the same to expunge their records of the conviction. shall not apply to the Department of Justice for DNA records and samples stored in the State DNA Database and the State DNA Databank.

(i) Any person eligible for expunction of a criminal record under this section shall be notified about the provisions of this section by the probation officer assigned to that person. If no probation officer is assigned, notification of the provisions of this section shall be provided by the court at the time of the conviction of the felony which is to be expunged under this section.”

SECTION 3. G.S. 15A-145(d1) is repealed.

SECTION 4. G.S. 15A-146 reads as rewritten:

"§ 15A-146. Expunction of records when charges are dismissed or there are findings of not guilty.

(a) If any person is charged with a crime, either a misdemeanor or a felony, or was charged with an infraction under G.S. 18B-302(i) prior to December 1, 1999, and the charge is dismissed, or a finding of not guilty or not responsible is entered, that person may apply to the court of the county where the charge was brought for an order to expunge from all official records any entries relating to his apprehension or trial. The court shall hold a hearing on the application and, upon finding that the person had not previously received an expungement under this section, G.S. 15A-145, 15A-145.1, 15A-145.2, or 15A-145.3, 15A-145.4, or 15A-145.5; and that the person had not previously been convicted of any felony under the laws of the United States, this State, or any other state, the court shall order the expunction. No person as to whom such an order has been entered shall be held thereafter under any provision of any law to be guilty of perjury, or to be guilty of otherwise giving a false statement or response to any inquiry made for any purpose, by reason of his failure to recite or acknowledge any expunged entries concerning apprehension or trial.

(a1) Notwithstanding subsection (a) of this section, if a person is charged with multiple offenses and all the charges are dismissed, or findings of not guilty or not responsible are made, then a person may apply to have each of those charges expunged if the offenses occurred within the same 12-month period of time or if the charges are dismissed or findings are made at the same term of court. Unless circumstances otherwise clearly provide, the phrase "term of court" shall mean one week for superior court and one day for district court. There is no requirement that the multiple offenses arise out of the same transaction or occurrence or that the multiple offenses were consolidated for judgment. The court shall hold a hearing on the application. If the court finds (i) that the person had not previously received an expungement under this subsection, or that any previous expungement received under this subsection occurred prior to October 1, 2005 and was for an offense that occurred within the same 12-month period of time, or was dismissed or findings made at the same term of court, as the offenses that are the subject of the current application, (ii) that the person had not previously received an expungement under G.S. 15A-145, 15A-145.1, 15A-145.2, or 15A-145.3, 15A-145.4, or 15A-145.5; and (iii) that the person had not previously been convicted of any felony under the laws of the United States, this State, or any other state, the court shall order the expunction. No person as to whom such an order has been entered shall be held thereafter under any provision of any law to be guilty of perjury, or to be guilty of otherwise giving a false statement or response to any inquiry made for any purpose, by reason of his failure to recite or acknowledge any expunged entries concerning apprehension or trial.

(b) The court may also order that the said entries, including civil revocations of drivers licenses as a result of the underlying charge, shall be expunged from the records of the court, and direct all law-enforcement agencies, the Division of Adult Correction of the Department of Public Safety, the Division of Motor Vehicles, and any other State or local government agencies identified by the petitioner as bearing record of the same to expunge their records of the entries, including civil revocations of drivers licenses as a result of the underlying charge being expunged. This subsection does not apply to civil or criminal charges based upon the civil revocation, or to civil revocations under G.S. 20-16.2. The clerk shall notify State and local agencies of the court's order as provided in G.S. 15A-150. The clerk shall forward a
certified copy of the order to the Division of Motor Vehicles for the expunction of a civil revocation provided the underlying criminal charge is also expunged. The civil revocation of a drivers license shall not be expunged prior to a final disposition of any pending civil or criminal charge based upon the civil revocation. The costs of expunging the records, as required under G.S. 15A-150, shall not be taxed against the petitioner.

(b1) Any person entitled to expungement under this section may also apply to the court for an order expunging DNA records when the person's case has been dismissed by the trial court and the person's DNA record or profile has been included in the State DNA Database and the person's DNA sample is stored in the State DNA Databank. A copy of the application for expungement of the DNA record or DNA sample shall be served on the district attorney for the judicial district in which the felony charges were brought not less than 20 days prior to the date of the hearing on the application. If the application for expungement is granted, a certified copy of the trial court's order dismissing the charges shall be attached to an order of expungement. The order of expungement shall include the name and address of the defendant and the defendant's attorney and shall direct the SBI to send a letter documenting expungement as required by subsection (b2) of this section.

(b2) Upon receiving an order of expungement entered pursuant to subsection (b1) of this section, the SBI shall purge the DNA record and all other identifying information from the State DNA Database and the DNA sample stored in the State DNA Databank covered by the order, except that the order shall not apply to other offenses committed by the individual that qualify for inclusion in the State DNA Database and the State DNA Databank. A letter documenting expungement of the DNA record and destruction of the DNA sample shall be sent by the SBI to the defendant and the defendant's attorney at the address specified by the court in the order of expungement.

(c) The clerk shall notify State and local agencies of the court's order as provided in G.S. 15A-150."

SECTION 5. G.S. 15A-151(a) reads as rewritten:

"§ 15A-151. Confidential agency files; exceptions to expunction.
(a) The Administrative Office of the Courts shall maintain a confidential file containing the names of those people for whom it received a notice under G.S. 15A-150. The information contained in the file may be disclosed only as follows:

(5) If the criminal record was expunged pursuant to G.S. 15A-145.4, G.S. 15A-145.4 or G.S. 15A-145.5, to the North Carolina Criminal Justice Education and Training Standards Commission for certification purposes only.

(6) If the criminal record was expunged pursuant to G.S. 15A-145.4, G.S. 15A-145.4 or G.S. 15A-145.5, to the North Carolina Sheriffs' Education and Training Standards Commission for certification purposes only."

SECTION 6. G.S. 17C-13(b) reads as rewritten:

"(b) Notwithstanding G.S. 15A-145.4, G.S. 15A-145.4 or G.S. 15A-145.5, the Commission may gain access to a person's felony conviction records, including those maintained by the Administrative Office of the Courts in its confidential files containing the
names of persons granted expunctions. The Commission may deny, suspend, or revoke a person's certification based solely on that person's felony conviction, whether or not that conviction was expunged."

The Board of Trustees of the State Retirement System shall administer the Plan and shall, under the terms and conditions otherwise appearing herein, provide Plan benefits either (i) by establishing a separate trust fund in conformance with Section 401(a), Section 401(k) or other sections of the Internal Revenue Code of 1954 as amended or, (ii) by causing the Plan to affiliate with some master trust fund providing the same benefits for participants. The Plan shall be separate and apart from any retirement systems.

In addition to the contributions transferred from the Law-Enforcement Officers' Retirement System and the contributions otherwise provided for in this Article, participants may make voluntary contributions to the Plan to be credited to the designated individual accounts of participants; provided, in no instance shall the total contributions by a participant exceed ten percent (10%) of a participant's compensation within any calendar year.

All contributions to the Plan shall be credited to the individual accounts of participants, and except as provided in subsection (g1) of this section, shall be fully and immediately vested in the name of the participant, and shall be invested according to each participant's election, as provided by the Board of Trustees, including but not limited to time deposits, and both fixed and variable investments. The Plan may provide for loans to participants, at reasonable rates of interest to be charged, from participants' individual accounts, and may provide for withdrawal of contributions on account of hardship.

The benefit to a participant in the Plan shall be either a lump-sum distribution or a distribution in periodic installments of the participant's account payable under retirement, disability, or termination of employment. Upon the death of a participant there shall be paid the same lump-sum distribution or periodic installments to the surviving spouse of the participant or otherwise to the participant's estate; provided, should a participant instruct the Board of Trustees in writing that he does not wish these benefits to be paid to his spouse or estate, then the benefits shall be paid to the person or persons as the participant may name for this purpose.

Upon retirement, a participant in the Plan may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, to the Teachers' and State Employees' Retirement System and receive, in addition to his basic service, early or disability retirement allowance a special retirement allowance which shall be based on his eligible accumulated account balance at the date of the transfer of the assets.

... (g) Exemption from Garnishment and Attachment. – Except as provided in subsection (g1) of this section, the right of a participant in the Supplemental Retirement Income Plan..."

(g1) Forfeiture of Benefits for Certain Felonies. – Participants in the Supplemental Retirement Income Plan for State Law-Enforcement Officers whose benefits are forfeited under G.S. 135-18.10A shall also forfeit contributions paid on or after December 1, 2012, on behalf of the participant by the State to the Supplemental Retirement Income Plan. Any funds forfeited shall be deposited in the Supplemental Retirement Income Plan.

(b) Notwithstanding any other provisions of law, any pending or inchoate rights of a member of the Law-Enforcement Officers' Retirement System as of their transfer to the State Retirement System on January 1, 1985, including the rights to a vested deferred retirement allowance and to commence retirement at certain ages with required years of service as a law-enforcement officer, shall in no way be diminished; provided, however, in no event may a member commence retirement and continue membership service with the same Retirement System.

No eligible officer shall be precluded from exercising that officer's pending or inchoate rights under this section, should the officer elect to make Roth after-tax contributions to the Supplemental Retirement Income Plan, except that these Roth after-tax contributions and the earnings thereon shall not be subsequently transferred to the Teachers' and State Employees' Retirement System."

Any funds forfeited shall be deposited in the Supplemental Retirement Income Plan.

(1) Except as provided in G.S. 143-166.30(g1) and G.S. 143-166.50(e2), the balance in each member's account shall be fully vested at all times and shall not be subject to forfeiture for any reason.

(2) All amounts maintained in a member's account shall be invested according to the member's election, as approved by the Department of State Treasurer and Board of Trustees, including but not limited to, a time deposit account, a fixed investment account, or a variable investment account. Transfers of accumulated funds shall be permitted among the various approved forms of investment.

(3) The Department of State Treasurer and Board of Trustees shall provide members with alternative payment options, including survivors' options, for the distribution of benefits from the Plan upon retirement, disability, termination, hardship, and death.

(4) With the consent of the Department of State Treasurer and the Board of Trustees, amounts may be transferred from other qualified plans to the Supplemental Retirement Income Plan, provided that the trust from which such funds are transferred permits the transfer to be made and, the transfer will not jeopardize the tax status of the Supplemental Retirement Income Plan.
(5) At the discretion of the Department of State Treasurer and Board of Trustees, a loan program may be implemented for members which complies with applicable State and federal laws and regulations.

(b) All provisions of the Plan shall be interpreted and applied by the Department of State Treasurer and Board of Trustees in a uniform and nondiscriminatory manner.

(c) All benefits under the Plan shall become payable on and after January 1, 1985.

(d) Contributions under the Plan may be made on and after January 1, 1985."

SECTION 16. G.S. 135-95 reads as rewritten:

"§ 135-95. Exemption from garnishment, attachment.

Except for the applications of the provisions of G.S. 143-166.30(g1), G.S. 143-166.50(e2), G.S. 110-136, and G.S. 110-136.3 et seq., and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a member in the Supplemental Retirement Income Plan to the benefits provided under this Article is nonforfeitable and exempt from levy, sale, and garnishment."

SECTION 17. The State Treasurer shall negotiate a memorandum of agreement with the United States Attorneys for the Eastern, Middle, and Western Districts of North Carolina whereby the prosecutors will notify the State Treasurer of convictions under G.S. 135-18.10A(b), 128-38.4A(b), 135-75.1A(b), 120-4.33A(b), 135-5(h), and 135-5.4(h).

Became law upon approval of the Governor at 3:16 p.m. on the 17th day of July, 2012.

Session Law 2012-198

AN ACT TO PLACE AUTOMATIC EXTERNAL DEFIBRILLATORS (AEDS) IN ALL BUILDINGS AND FACILITIES THAT HOUSE STATE SERVICES, AGENCIES, AND INSTITUTIONS AND PROVIDE TRAINING FOR STATE EMPLOYEES IN THOSE FACILITIES.

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly finds the following:

(1) According to the American Heart Association, an individual goes into cardiac arrest in the United States every two minutes. In North Carolina, twenty-three percent (23%) of all deaths are attributed to heart disease, 11,765 of which are as a result of cardiac arrest. Ventricular Fibrillation (VF) is a common rhythm for which cardiopulmonary resuscitation (CPR) and defibrillation are the only effective treatments. For victims with VF, survival rates are highest when immediate bystander CPR is provided and defibrillation occurs within three to five minutes of collapse. With every minute that passes, a victim's survival rate is reduced by seven percent (7%) to ten percent (10%) if no intervention measures are taken. An estimated ninety-five percent (95%) of cardiac arrest victims die before reaching the hospital. If intervention measures are taken, survival rates are much higher; when CPR and defibrillation are immediately performed, survival rates can double.

(2) Eighty percent (80%) of all cardiac arrests occur in private or residential settings, and almost sixty percent (60%) are witnessed. Communities that have established and implemented public access defibrillation programs have achieved average survival rates for out-of-hospital cardiac arrest as high as forty-one percent (41%) to seventy-four percent (74%).

(3) Wider use of defibrillators could save as many as 40,000 lives nationally each year. Successful public access defibrillation programs ensure that cardiac arrest victims will have an immediate recognition of cardiac arrest and activation of 911 followed by early CPR with an emphasis on compressions, rapid Automatic External Defibrillator (AED) use, effective advanced care, and coordinated care afterward.

SECTION 2.(a) There is created a Chain of Survival Public-Private Task Force (Task Force) with members appointed as follows:

(1) Two Senators appointed by the President Pro Tempore of the Senate.

(2) Two members of the House of Representatives appointed by the Speaker of the House of Representatives.

(3) One representative of the Office of Emergency Medical Services designated by the Secretary of Health and Human Services.

(4) One representative of a local Emergency Medical Service designated by the Secretary of Health and Human Services.

(5) One representative of the Heart Disease and Stroke Prevention Branch designated by the Secretary of Health and Human Services.

(6) The Secretary of Administration or the Secretary's designee, ex officio.

(7) A representative of the American Heart Association.
(8) A representative of the American Red Cross.
(9) A representative of the North Carolina Hospital Association.
(10) A representative of the American College of Cardiology.
(12) A cardiac arrest survivor designated by the Secretary of Health and Human Services.

SECTION 2.(b) The Task Force shall identify, pursue, and achieve funding for the placement of AEDs and training of State employees to recognize and initiate life-saving actions to those experiencing an acute event (sudden cardiac arrest, heart attack, and stroke) in buildings and facilities that house State agencies, services, and institutions.

SECTION 2.(c) Members of the Task Force serve at the pleasure of the appointing authority. This section expires June 30, 2014.

SECTION 3.(a) Subject to the receipt of public-private funds for this purpose, the Department of Administration shall, in consultation with OEMS, AHA, and a qualified vendor/provider of AEDs and training services, develop and adopt policies and procedures relative to the placement and use of automated external defibrillators in State-owned and State-leased buildings. The Department of Administration shall also require that all State buildings, facilities, and institutions shall develop a Medical Emergency Response Plan that facilitates the following:

(1) Effective and efficient communication throughout the State-owned and State-leased buildings.
(2) Coordinated and practiced response plans.
(3) Training and equipment for first aid and CPR.
(4) Implementation of a lay rescuer AED program.

SECTION 3.(b) In addition, for each State building, facility, or institution there shall be developed and periodically updated a maintenance plan that takes the following into account:

(1) Implementation of an appropriate training course in the use of AEDs, including the role of CPR.
(2) Proper maintenance and testing of the devices.
(3) Ensuring coordination with appropriate licensed professionals in the oversight of training of the devices.
(4) Ensuring coordination with local emergency medical systems regarding the placement of AEDs in State buildings, facilities, or institutions where such devices are to be used.

SECTION 4. This act is effective when it becomes law.
In the General Assembly read three times and ratified this the 2nd day of July, 2012.
Became law upon approval of the Governor at 10:42 a.m. on the 26th day of July, 2012.

Kerr Reservoir from hydropower storage to water supply storage. The study shall identify the projected future water supply needs that could be met by reallocation of the water supply and identify any potential impacts of a water supply reallocation. In conducting this study, the Department may:

(1) In consultation with the Virginia Department of Environmental Quality, develop a Roanoke River Basin Water Supply plan that identifies future water supply needs in both the North Carolina and Virginia portions of the river basin. The water supply plan may provide the basis for determining water supply needs that could be met by reallocation of the water supply in John H. Kerr Reservoir.

(2) Include a recommendation for an agreement between the State of North Carolina, the Commonwealth of Virginia, and the United States Army Corps of Engineers that will provide guidance for allocations and reallocations of water supply in John H. Kerr Reservoir to enhance the public health, safety, and welfare by fostering efficient and sustainable use of the water that meets economic, environmental, and other goals.

(3) Identify and review any other issues the Department considers relevant to the topic.

SECTION 2.(b) In conducting this study, the Department shall consult with the Virginia Department of Environmental Quality, the United States Army Corps of Engineers, and any local government or other entity that receives an allocation from the John H. SECTION 5. G.S. 143-214.7A(b) reads as rewritten:

"(b) Unless otherwise provided in this subsection, The Division of Water Quality shall clarify that stormwater is water that does not contact anything considered a feedstock, intermediate product, or final product of composting operations. Unless otherwise provided in this subsection, The Division of Water Quality shall clarify that wastewater is leachate and water that contacts feedstocks, intermediate products, or final product, of composting operations. The clarifications shall incorporate available scientifically valid information obtained from sampling and analyses of North Carolina composting facilities and from valid representative data from other states. In addition, the Division of Water Quality shall establish threshold quantities of feedstocks, intermediate products, and final products above which water quality permitting will be required. A Type 1 solid waste compost facility shall be subject only to applicable State stormwater requirements and federal stormwater requirements established pursuant to 33 U.S.C. § 1342(p)(3)(B). A Type 1 solid waste compost facility shall not be required to obtain a National Pollutant Discharge Elimination System (NPDES) permit for discharge of process wastewater based solely on the discharge of stormwater that has come into contact with feedstock, intermediate product, or final product at the facility. For purposes of this section, "Type 1 solid waste compost facilities" are facilities that may receive yard and garden waste, silvicultural waste, untreated and unpainted wood waste, or any combination thereof. The Division of Water Quality shall not require water quality permitting for any Type I solid waste compost facility, unless required to do so by federal law."

SECTION 6. G.S. 143-214.7 is amended by adding two new subsections to read:

"(c3) In accordance with the Federal Aviation Administration August 28, 2007, Advisory Circular No. 150/5200-33B (Hazardous Wildlife Attractants on or Near Airports), the Department shall not require the use of stormwater retention ponds, stormwater detention
ponds, or any other stormwater control measure that promotes standing water in order to comply with this section at public airports that support commercial air carriers or general aviation services. Development projects located within five statute miles from the farthest edge of an airport air operations area, as that term is defined in 14 C.F.R. § 153.3 (July 2011 Edition), shall not be required to use stormwater retention ponds, stormwater detention ponds, or any other stormwater control measure that promotes standing water in order to comply with this section. Existing stormwater retention ponds, stormwater detention ponds, or any other stormwater control measure that promotes standing water in order to comply with this section located at public airports or that are within five statute miles from the farthest edge of an airport operations area may be replaced with alternative measures included in the Division of Water Quality's Best Management Practice Manual chapter on airports. In order to be approved by the Department, alternative measures or management designs that are not expressly included in the Division of Water Quality's Best Management Practice Manual shall provide for equal or better stormwater control based on the pre- and post-development hydrograph. Any replacement of existing stormwater retention ponds, stormwater detention ponds, or any other stormwater control measure that promotes standing water shall be considered a minor modification to the State general stormwater permit.

(c4) The Department shall deem runways, taxiways, and any other areas that provide for overland stormwater flow that promote infiltration and treatment of stormwater into grassed buffers, shoulders, and grass swales permitted pursuant to the State post-construction stormwater requirements.”

PART VII. PROVIDE CONDITIONS TO ALLOW FOR TWO NONCONTIGUOUS PROPERTIES TO BE TREATED AS A SINGLE CONTIGUOUS PROPERTY FOR PURPOSES OF COMPLIANCE WITH LOCAL WATER SUPPLY WATERSHED PROGRAMS

SECTION 7. G.S. 143-214.5 is amended by adding a new subsection to read:

"(d2) A local government implementing a water supply watershed program shall allow an applicant to average development density on up to two noncontiguous properties for purposes of achieving compliance with the water supply watershed development standards if all of the following circumstances exist:

(1) The properties are within the same water supply watershed. If one of the properties is located in the critical area of the watershed, the critical area property shall not be developed beyond the applicable density requirements for its classification.

(2) Overall project density meets applicable density or stormwater control requirements under 15A NCAC 2B .0200.

(3) Vegetated buffers on both properties meet the minimum statewide water supply watershed protection requirements.

(4) Built upon areas are designed and located to minimize stormwater runoff impact to the receiving waters, minimize concentrated stormwater flow, maximize the use of sheet flow through vegetated areas, and maximize the flow length through vegetated areas.

(5) Areas of concentrated density development are located in upland areas and, to the maximum extent practicable, away from surface waters and drainageways.

(6) The property or portions of the properties that are not being developed will remain in a vegetated or natural state and will be managed by a homeowners' association as common area, conveyed to a local government as a park or greenway, or placed under a permanent conservation or farmland preservation easement unless it can be demonstrated that the local government can ensure long-term compliance through deed restrictions and an electronic permitting mechanism. A metes and bounds description of the
areas to remain vegetated and limits on use shall be recorded on the subdivision plat, in homeowners' covenants, and on individual deed and shall be irrevocable.

(7) Development permitted under density averaging and meeting applicable low density requirements shall transport stormwater runoff by vegetated conveyances to the maximum extent practicable.

(8) A special use permit or other such permit or certificate shall be obtained from the local Watershed Review Board or Board of Adjustment to ensure that both properties considered together meet the standards of the watershed ordinance and that potential owners have record of how the watershed regulations were applied to the properties.”

PART VIII. PROHIBIT TREATMENT OF LAND WITHIN RIPARIAN BUFFERS AS LAND OF THE STATE OR ITS SUBDIVISIONS

SECTION 8.(a) G.S. 143-214.23 is amended by adding a new subsection to read:

... (e1) Units of local government shall not treat the land within a riparian buffer as if the land is the property of the State or any of its subdivisions unless the land or an interest therein has been acquired by the State or its subdivisions by a conveyance or by eminent domain.

..."

PART VIII A. AMEND THE NEUSE AND TAR-PAMLICO RIVER BASIN BUFFER RULES TO ALLOW DEVELOPMENT ON EXISTING LOTS UNDER CERTAIN CONDITIONS

SECTION 8.(b) Section 17(c) of S.L. 2011-394 reads as rewritten:

"SECTION 17.(c) Implementation. – The riparian buffer requirements of the Neuse River Basin Riparian Buffer Rule and the Tar-Pamlico River Basin Riparian Buffer Rule shall apply to development of an existing lot located adjacent to surface waters in the coastal area Neuse and Tar-Pamlico River basins, as provided in this section. Where application of the riparian buffer requirements would preclude construction of a single-family residence and necessary infrastructure, such as an on-site wastewater system, the single-family residence may encroach on the buffer if all of the following conditions are met:

(1) The residence is set back the maximum feasible distance from the top of the bank, rooted herbaceous vegetation, normal high-water level, or normal water level, whichever is applicable, on the existing lot and designed to minimize encroachment into the riparian buffer.

(2) The residence is set back a minimum of 30 feet landward of the top of the bank, rooted herbaceous vegetation, normal high-water level, or normal water level, whichever is applicable.

(3) Stormwater generated by new impervious surface within the riparian buffer is treated and diffuse flow of stormwater is maintained through the buffer.

(4) If the residence will be served by an on-site wastewater system, no part of the septic tank or drainfield may encroach into the riparian buffer.

The method for measuring the setbacks required under subdivisions (1) and (2) of this section shall be consistent with the method for measuring the applicable buffer as provided in 15A NCAC 02B_0233(4) and 15A NCAC 02B_0259(4)."

PART IX. PROVIDE FLEXIBILITY FOR THE DEVELOPMENT OF BASINWIDE WATER QUALITY MANAGEMENT PLANS THAT HAVE WATERS DESIGNATED AS NUTRIENT SENSITIVE AND DELAY THE IMPLEMENTATION DEADLINE
FOR LOCAL STORMWATER MANAGEMENT PROGRAMS UNDER THE JORDAN LAKE NEW DEVELOPMENT RULE

SECTION 9.(a) G.S. 143-215.1(c6) reads as rewritten:

"(c6) For surface waters that the Commission classifies as nutrient sensitive waters (NSW) on or after 1 July 1997, the Commission shall establish a date by which facilities that were placed into operation prior to the date on which the surface waters are classified NSW or for which an authorization to construct was issued prior to the date on which the surface waters are classified NSW must comply with subsections (c1) and (c2) of this section. The Commission shall establish the compliance date schedule at the time of the classification. The Commission shall not establish a compliance date that is more than five years after the date of the classification. The Commission may extend the compliance date as provided in G.S. 143-215.1B. A request to extend a compliance date shall be submitted within 120 days of the date on which the Commission reclassifies a surface water body as NSW."

SECTION 9.(b) G.S. 143-215.8B reads as rewritten:

"§ 143-215.8B. Basinwide water quality management plans.

(a) The Commission shall develop and implement a basinwide water quality management plan for each of the 17 major river basins in the State. In developing and implementing each plan, the Commission shall consider the cumulative impacts of all of the following:

(1) All activities across a river basin and all point sources and nonpoint sources of pollutants, including municipal wastewater facilities, industrial wastewater systems, stormwater management systems, golf courses, farms that use fertilizers and pesticides for crops, public and commercial lawns and gardens, atmospheric deposition, and animal operations.

(2) All transfers into and from a river basin that are required to be registered under G.S. 143-215.22H.

(b) Each basinwide water quality management plan shall:

(1) Provide that all point sources and nonpoint sources of pollutants jointly share the responsibility of reducing the pollutants in the State's waters in a fair, reasonable, and proportionate manner, using computer modeling and the best science and technology reasonably available and considering future anticipated population growth and economic development.

(2) If any of the waters located within the river basin are designated as nutrient sensitive waters, then the basinwide water quality management plan shall establish a goal to reduce the average annual mass load of nutrients that are delivered to surface waters within the river basin from point and nonpoint sources. The Commission shall establish a nutrient reduction goal for the nutrient or nutrients of concern that will result in improvements to water quality such that the designated uses of the water, as provided in the classification of the water under G.S. 143-214.1(d), are not impaired. The plan shall require that incremental progress toward achieving the goal be demonstrated each year. The Commission shall develop a five-year plan to achieve the goal. In developing the plan, the Commission shall determine and allow appropriate credit toward achieving the goal for reductions of water pollution by point and nonpoint sources through voluntary measures.

(c) The Commission shall review and revise its 17 basinwide water quality management plans at least every five to 10 years to reflect changes in water quality, improvements in modeling methods, improvements in wastewater treatment technology, and advances in scientific knowledge and, as need to support designated uses of water, modifications to management strategies.

(d) The Commission and the Department shall each report on or before 1 October of each year on an annual basis to the Environmental Review Commission on the progress in
developing and implementing basinwide water quality management plans and on increasing public involvement and public education in connection with basinwide water quality management planning. The report to the Environmental Review Commission by the Department shall include a written statement as to all concentrations of heavy metals and other pollutants in the surface waters of the State that are identified in the course of preparing or revising the basinwide water quality management plans.

(e) A basinwide water quality management plan is not a rule and Article 2A of Chapter 150B of the General Statutes does not apply to the development of basinwide water quality management plans. Any water quality standard or classification and any requirement or limitation of general applicability that implements a basinwide water quality management plan is a rule and must be adopted as provided in Article 2A of Chapter 150B of the General Statutes.”

SECTION 9.(d) New Development Rule 15A NCAC 02B .0265. – Until the effective date of the revised permanent rule that the Commission is required to adopt pursuant to subsection (f) of this section, the Commission and the Department shall implement New Development Rule 15A NCAC 02B .0265, as provided in subsection (e) of this section.

SECTION 9.(e) Implementation. – Notwithstanding subdivision (d) of subdivision (4) of New Development Rule 15A NCAC 02B .0265, by August 10, 2014, within three months after the Commission's approval of a local program, or upon the Division's first renewal of a local government's NPDES stormwater permit, whichever occurs later, the affected local government shall complete adoption of and implement its local stormwater management program.

SECTION 9.(f) Additional Rule-Making Authority. – The Commission shall adopt a rule to replace New Development Rule 15A NCAC 02B .0265. Notwithstanding G.S. 150B-19(4), the rule adopted by the Commission pursuant to this section shall be substantively identical to the provisions of subsection (e) of this section. Rules adopted pursuant to this section are not subject to G.S. 150B-21.8 through G.S. 150B-21.14. Rules adopted pursuant to this section shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).

2. Existing local compensatory mitigation bank credit purchase program. – Any compensatory mitigation procurement requirements that are not fulfillable under subdivision (1) of this subsection shall be procured from an existing local compensatory mitigation bank, provided that the credit purchase is made to mitigate the impacts of a project located within the mitigation bank service area and hydrologic area of the existing local compensatory mitigation bank.
3. Design/build program. – Any compensatory mitigation procurement requirements that are not fulfillable under subdivision (1) or (2) of this subsection shall be procured under a program in which Ecosystem Enhancement Program contracts with one private entity to lead or implement the design, construction, and postconstruction monitoring of compensatory mitigation at sites obtained by the Ecosystem Enhancement Program. Such a program shall be considered the procurement of compensatory mitigation credits.
4. Design-bid-build program. – Any compensatory mitigation procurement requirements that are not fulfillable under either subdivision (1) or (2) of this subsection may be procured under the Ecosystem Enhancement Program's

The Commission shall formulate recommendations that maintain a uniform system for the management of such activities, which allow for reasonable local regulations, including required setbacks, infrastructure placement, and light and noise restrictions, that do not prohibit or have the effect of prohibiting oil and gas exploration and development activities, and the use of horizontal drilling and hydraulic fracturing for that purpose, or otherwise conflict with State law. The Commission shall report its findings and recommendations, including legislative proposals, to the Joint Legislative Commission on Energy Policy, created under Section 6(a) of this act, and the Environmental Review Commission on or before January October 1, 2013."

**SECTION 12.(c)** If Senate Bill 820, 2011 Regular Session, becomes law, then Section 2(l) of that act reads as rewritten:

"**(j)** Three-Day/Seven-Day Right of Rescission. – Any lease of oil or gas rights or any other conveyance of any kind separating rights to oil or gas from the freehold estate of surface property shall be subject to a three-day/seven-day right of rescission in which the lessor or lessee may cancel the lease. Session Law 2012-202

AN ACT TO STUDY AND MODIFY CERTAIN COASTAL MANAGEMENT POLICIES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 113A-103(2) reads as rewritten:

"(2) "Coastal area" means the counties that (in whole or in part) are adjacent to, adjoinging, intersected by or bounded by the Atlantic Ocean (extending offshore to the limits of State jurisdiction, as may be identified by rule of the Commission for purposes of this Article, but in no event less than three geographical miles offshore) or any coastal sound. The Governor, in accordance with the standards set forth in this subdivision and in subdivision (3) of this section, shall designate the counties that constitute the "coastal area," as defined by this section, and his designation shall be final and conclusive. On or before May 1, 1974, the Governor shall file copies of a list of said coastal-area counties with the chairmen of the boards of commissioners of each county in the coastal area, with the mayors of each incorporated city within the coastal area, with the mayors of each incorporated city having a population of 2,000 or more and of each incorporated city having a population of less than 2,000 whose corporate boundaries are contiguous with the Atlantic Ocean, and with the Secretary of State. By way of illustration, the counties designated as coastal-area counties under this subdivision as of July 1, 2012, are Beaufort, Bertie, Brunswick, Camden, Carteret, Chowan, Craven, Currituck, Dare, Gates, Hertford, Hyde, New Hanover, Onslow, Pamlico, Pasquotank, Pender, Perquimans, Tyrrell, and Washington. The said coastal-area counties and cities shall thereafter transmit nominations to the Governor of members of the Coastal Resources Commission as provided in G.S. 113A-104(d)."

SECTION 2.(a) Article 7 of Chapter 113A of the General Statutes is amended by adding a new section to read:

(a) The General Assembly does not intend to mandate the development of sea-level policy or the definition of rates of sea-level change for regulatory purposes.
(b) No rule, policy, or planning guideline that defines a rate of sea-level change for regulatory purposes shall be adopted except as provided by this section.
(c) Nothing in this section shall be construed to prohibit a county, municipality, or other local government entity from defining rates of sea-level change for regulatory purposes.
(d) All policies, rules, regulations, or any other product of the Commission or the Division related to rates of sea-level change shall be subject to the requirements of Chapter 150B of the General Statutes.
(e) The Commission shall be the only State agency authorized to define rates of sea-level change for regulatory purposes. If the Commission defines rates of sea-level change for regulatory purposes, it shall do so in conjunction with the Division of Coastal Management of the Department. The Commission and Division may collaborate with other State agencies.
boards, and commissions; other public entities; and other institutions when defining rates of sea-level change.”

SECTION 2.(b) The Coastal Resources Commission and the Division of Coastal Management of the Department of Environment and Natural Resources shall not define rates of sea-level change for regulatory purposes prior to July 1, 2016.

SECTION 2.(c) The Coastal Resources Commission shall direct its Science Panel to deliver its five-year updated assessment to its March 2010 report entitled "North Carolina Sea Level Rise Assessment Report" to the Commission no later than March 31, 2015. The Commission shall direct the Science Panel to include in its five-year updated assessment a comprehensive review and summary of peer-reviewed scientific literature that address the full range of global, regional, and North Carolina-specific sea-level change data and hypotheses, including sea-level fall, no movement in sea level, deceleration of sea-level rise, and acceleration of sea-level rise. When summarizing research dealing with sea level, the Commission and the Science Panel shall define the assumptions and limitations of predictive modeling used to predict future sea-level scenarios. The Commission shall make this report available to the general public and allow for submittal of public comments including a public hearing at the first regularly scheduled meeting after March 31, 2015. Prior to and upon receipt of this report, the Commission shall study the economic and environmental costs and benefits to the North Carolina coastal region of developing, or not developing, sea-level regulations and policies. The Commission shall also compare the determination of sea level based on historical calculations versus predictive models. The Commission shall also address the consideration of oceanfront and estuarine shorelines for dealing with sea-level assessment and not use one single sea-level rate for the entire coast. For oceanfront shorelines, the Commission shall use no fewer than the four regions defined in the April 2011 report entitled "North Carolina Beach and Inlet Management Plan" published by the Department of Environment and Natural Resources. In regions that may lack statistically significant data, rates from adjacent regions may be considered and modified using generally accepted scientific and statistical techniques to account for relevant geologic and hydrologic processes. The Commission shall present a draft of this report, which shall also include the Commission’s Science Panel five-year assessment update, to the general public and receive comments from interested parties no later than December 31, 2015, and present these reports, including public comments and any policies the Commission has adopted or may be considering that address sea-level policies, to the General Assembly Environmental Review Commission no later than March 1, 2016.

SECTION 3.(a) Notwithstanding Article 7 of Chapter 113A of the General Statutes and rules adopted pursuant to that Article, the Coastal Resources Commission shall not deny a development permit for the replacement of a single-family or duplex residential dwelling with a total floor area greater than 5,000 square feet based on failure to meet the ocean hazard setback required under 15A NCAC 07H .0306(a)(2) if the structure meets all of the following criteria:

1. The structure was originally constructed prior to August 11, 2009.
2. The structure as replaced does not exceed the original footprint or square footage.
3. The structure as replaced meets the minimum setback required under 15A NCAC 07H .0306(a)(2)(A).
4. It is impossible for the structure to be rebuilt in a location that meets the ocean hazard setback criteria required under 15A NCAC 07H .0306(a)(2).
5. The structure is rebuilt as far landward on the lot as feasible.

SECTION 3.(b) No later than October 1, 2012, the Coastal Resources Commission shall adopt temporary rules consistent with the provisions of subsection (a) of this section. Notwithstanding G.S. 150B-19(4), the rules adopted by the Commission pursuant to this section shall be substantively identical to the provisions of subsection (a) of this section. The temporary rules shall remain in effect until permanent rules that replace the temporary rules become effective.
SECTION 4. The Coastal Resources Commission shall study the feasibility of creating a new Area of Environmental Concern for the lands adjacent to the mouth of the Cape Fear River. In studying this region, which shall at least encompass the Town of Caswell Beach and the Village of Bald Head Island, the Commission shall consider the unique coastal morphologies and hydrographic conditions not found elsewhere along the coast. As part of this study, the Commission shall collaborate with the Town of Caswell Beach, the Village of Bald Head Island, and landowners within and immediately adjacent to these two municipalities to identify regulatory concerns and develop strategies for creating a more efficient regulatory framework. If the Commission deems action is necessary to preserve, protect, and balance the economic and natural resources of this region, the Commission shall work to eliminate overlapping Areas of Environmental Concern in these areas and instead incorporate appropriate development standards into one single Area of Environmental Concern unique to this location. The Commission shall report its findings, including any proposed actions the Commission deems appropriate, to the Secretary of Environment and Natural Resources, the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Environmental Review Commission on or before December 31, 2013.

SECTION 5. The Coastal Resources Commission shall study the feasibility of eliminating the Inlet Hazard Area of Environmental Concern and incorporating appropriate development standards adjacent to the State's developed inlets into the Ocean Erodible Area of Environmental Concern. If the Commission deems action is necessary to preserve, protect, and balance the economic and natural resources adjacent to inlets, the Commission shall consider the elimination of the inlet hazard boxes; the development of shoreline management strategies that take into account short- and long-term inlet shoreline oscillation and variation, including erosion rates and setback factors; the development of standards that account for the lateral movement of inlets and their impact on adjacent development and habitat; and consideration of how new and existing development standards, as well as existing and proposed development, are impacted by historical and ongoing beach and inlet management techniques, including dredging, beach fill, and engineered structures such as groins and jetties. As part of this study, the Commission shall collaborate with local governments and landowners affected by the Commission's Inlet Hazard Areas to identify regulatory concerns and develop strategies for creating a more efficient regulatory framework. The Commission shall report its findings, including any proposed actions the Commission deems appropriate, to the Secretary of Environment and Natural Resources, the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Environmental Review Commission on or before January 31, 2015.

SECTION 6. This act is effective when it becomes law. In the General Assembly read three times and ratified this the 3rd day of July, 2012. Became law on the date it was ratified.

Session Law 2012-203

AN ACT TO AMEND THE NORTH CAROLINA METROPOLITAN SEWERAGE DISTRICTS ACT TO MODIFY REPRESENTATION ON THE DISTRICT BOARD UPON EXPANSION, AND TO ALLOW METROPOLITAN SEWERAGE DISTRICTS TO ALSO EXERCISE THE SAME POWERS AS METROPOLITAN WATER DISTRICTS, AS RECOMMENDED BY THE LEGISLATIVE RESEARCH COMMISSION'S METROPOLITAN SEWERAGE/WATER SYSTEM COMMITTEE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 162A-67(a)(4) reads as rewritten:

"(4) The governing body of each political subdivision, other than counties, lying in whole or in part within the district, shall appoint one member of the district board. No appointment of a
member of the district board shall be made by or in behalf of any political subdivision of which the board or boards of commissioners shall be the governing body. If any city or town within the district shall have a population, as determined from the latest decennial census, greater than that of all other political subdivisions (other than counties) and unincorporated areas within the district, more than one-half the combined population of all other political subdivisions (other than counties) and unincorporated areas within the district, the governing body of any such city or town shall appoint three members. All members and their successors appointed by the governing bodies of political subdivisions other than counties shall serve for a term of three years and shall be qualified voters residing in the district and the political subdivision from which they are appointed.

SECTION 2. Article 5 of Chapter 162A of the General Statutes is amended by adding a new section to read:

§ 162A-67.5. Determination of population and representation.

(a) For purposes of determining district board representation of political subdivisions for any appointment under this Article, population shall be determined by reference to the most recent decennial census.

(b) For purposes of determining population for district board representation, only that portion of the population residing within the district boundary itself shall be included for each political subdivision and each unincorporated area having district board representation at the time such determination is made.

(c) In determining district board representation, no appointment shall be made by or in behalf of a political subdivision which does not own or operate a public system for the collection of wastewater at the time of such appointment.

SECTION 3. G.S. 162A-68(i) reads as rewritten:

"(i) Immediately following the inclusion of any additional political subdivision within an existing district, members representing such additional political subdivision shall be appointed to the district board in the manner provided in G.S. 162A-67."

(1) Any additional unincorporated area that is included within an existing district shall be represented by the members representing the county in which the unincorporated area lies except as follows:

(1a) If inclusion of the additional unincorporated area extends the district into more than one county, members representing the unincorporated area in the new county shall be appointed in accordance with G.S. 162A-67(a)(2) immediately following the inclusion of the additional area. Upon the inclusion of the additional area, the board members appointed in accordance with G.S. 162A-67(a)(1) or G.S. 162A-67(a)(1a) shall continue to serve on the district board. The board of commissioners of the county in which the largest portion of the district lies shall appoint qualified voters residing in the county and district as their successors such that the county in which the largest portion of the district lies shall always have three members on the district board. The board of commissioners of the county in which the lesser portion of the district lies shall appoint to the district board two qualified voters residing in the county and district to serve a term of three years and shall appoint qualified voters residing in the county and district as their successors such that the county in which the lesser portion of the district lies shall always have two members on the district board. For purposes of this subdivision, the county in which the largest portion and lesser portion of the district lies shall be determined with reference to the land area of the district lying within

987
the county as a percentage of land area of the entire district at the
time such appointment or reappointment is made.

(2)b. If the inclusion of the additional unincorporated area has the effect of
changing the county in which the largest portion of the district lies,
new members representing the county comprising the larger portion
of the district shall be appointed in accordance with
G.S. 162A-67(a)(2) immediately following the inclusion, and no
reappointment shall be made by the county in which the lesser
portion of the district lies upon expiration of the first term of a
member representing that county following the inclusion.

(2) Following the inclusion of any additional political subdivision within an
existing district, the political subdivisions added shall appoint members to
the district board in accordance with G.S. 162A-67(a)(4) only if the
governing body of the political subdivision owns or operates a public system
for the collection of wastewater at the time of such appointment.

The terms of office of the members first appointed to represent such additional subdivision or
area may be varied for a period not to exceed six months from the terms provided for in
G.S. 162A-67, so that the appointment of successors to such members may more nearly
coincide with the appointment of successors to members of the existing board; and all
successor members shall be appointed for the terms provided for in G.S. 162A-67."

SECTION 4. G.S. 162A-69 is amended by adding a new subdivision to read:

§ 162A-69. Powers generally; fiscal year.
Each district shall be deemed to be a public body and body politic and corporate exercising
public and essential governmental functions to provide for the preservation and promotion of
the public health and welfare, and each district is hereby authorized and empowered:

... (13c) To exercise any power of a Metropolitan Water District under Article 4 of
this Chapter not set forth in this section.
..."

made on or after that date.
In the General Assembly read three times and ratified this the 28th day of June,
2012.

Became law on the date it was ratified.
G.S. 120-34(a) provides that "In any case where the Governor has returned a bill to the General Assembly with objections, those objections shall be printed verbatim in the Session Laws, regardless of whether or not the bill became law notwithstanding the objections."

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 416, "An Act To Amend Death Penalty Procedures"

As long as I am Governor, I will fight to make sure the death penalty stays on the books in North Carolina. But it has to be carried out fairly – free of prejudice.

Three years ago, North Carolina took steps to achieve this result by passing the Racial Justice Act. In response to the enactment of this historic law, our State has rightfully received national acclaim for taking a positive and long overdue step to make sure racism does not infect the way the death penalty is administered.

Last year, Republicans in the General Assembly tried -- and failed -- to take North Carolina backwards by passing a bill that would have undone the Racial Justice Act. This year’s Senate Bill 416 is not a "compromise bill"; it guts the Racial Justice Act and renders it meaningless.

Several months ago, a North Carolina superior court judge ruling on a claim brought under the Racial Justice Act determined that racial discrimination occurred in death penalty trials across the State over a multi-year period. The judge’s findings should trouble everyone who is committed to a justice system based on fairness, integrity, and equal protection under the law. Faced with these findings, the Republican majority in the General Assembly could have tried to strengthen our efforts to fix the flaws in our system. Instead, they chose to turn a blind eye to the problem and eviscerate the Racial Justice Act. Willfully ignoring the pernicious effects of discrimination will not make those problems go away.

It is simply unacceptable for racial prejudice to play a role in the imposition of the death penalty in North Carolina.

Therefore, I veto this bill.

Beverly Eaves Perdue

This bill having been vetoed is returned to the Clerk of the North Carolina Senate on this 29th day of June 2012, at 2:12 PM, for reconsideration by that body.
GOVERNOR'S OBJECTIONS AND VETO MESSAGE

North Carolina needs a budget that moves our state forward and that is focused on investing in our future. Budgets are about values, priorities, and choices. Last week, the General Assembly delivered to me a budget that left too many of North Carolina’s needs unmet—too many priorities unaddressed.

First and foremost, their budget does not invest enough resources in education. Investing in schools is among the most important things a state must do in order to prepare our children for the future, and to send a powerful economic message that we have a well-educated, well-trained workforce and this is a state where 21st century companies should invest.

Last year, the Republican-controlled General Assembly forced deep and unnecessary cuts to education. After those cuts, schools across North Carolina cut 915 teachers, more than 2,000 teacher assistants, and nearly 5,000 total education positions.

It should have been clear to everyone that we needed to do better this year -- that we needed to reverse those harmful cuts. Not only are we failing to do better, but under this budget, things would actually get worse. If the budget they passed becomes law, schools across North Carolina would get about $190 million less next year than they got this year.

In addition, their budget fails to provide additional funding to increase access for Smart Start or NC Pre-K, our nationally recognized early childhood education programs that help assure that young children come to school prepared to succeed.

This isn’t good enough. It fails to do an adequate job in what is now -- and what has always been -- North Carolina’s top priority: preparing our children so they can have more opportunity than we had.

While schools would get $190 million less next year than they got this year, the General Assembly did include small raises for teachers and state employees.

I know that teachers and state employees are long overdue for a pay increase, and I support a pay increase. In fact, I included raises in my budget proposal that were 50% larger than the ones in this budget.

But under this budget, while some teachers and other employees will get raises, there is no question that some educators and other state employees will lose their jobs because of the choices the General Assembly made in this budget. Raises for some and layoffs for others is not the right direction for North Carolina.
The flaws in this budget extend beyond the legislature’s failure to invest sufficient resources in schools:

- They failed to invest in jobs proposals, like (i) the initiative to provide a credit to encourage small businesses to hire post-9/11 veterans and unemployed North Carolinians, and (ii) plans to boost our surging film and biotech industries.
- They failed to invest in proposals to support our servicemen and women and military families, like the plan to provide tuition assistance to military veterans and their dependents.
- They failed to invest in public safety, like proposals to fund more probation officers to oversee known criminals.
- And they failed to invest in other priorities, like mental health, and efforts to effectively continue the state’s successful efforts to curb teen smoking.

Finally, they ignored the bipartisan attempt to compensate verified living victims of the state’s forced sterilization program that happened just a generation ago.

At the same time that they left all of these needs unmet, their budget also gives tax breaks to millionaires. I am not against giving tax relief to small businesses. On the contrary, I’m strongly for it. Last year, I recommended cutting the corporate income tax, which would have given tax relief to businesses across North Carolina.

But budgets are about North Carolina’s priorities and our view of the future. And I simply don’t believe that the General Assembly should give tax breaks to lawyers, lobbyists, and other millionaires while leaving so many critical needs unmet.

Despite all of the flaws in the budget, and all of the priorities it fails to address, I understand that we have a divided government. I was willing and determined to reach a bipartisan compromise. After I reviewed the budget I reached out to Speaker Tillis and President Pro Tem Berger and tried repeatedly to forge a consensus.

I told them clearly that I would allow the budget to become law if they would just improve the investment in our children’s future and in other critical priorities. I didn’t ask them to meet me halfway, I didn’t ask them to “split the difference.” I just asked them to do a little better and invest a little more in our children’s future and in some other key priorities. Unfortunately, they rejected my efforts and essentially told me to “take it or leave it.”

With all of the budget’s unmet needs, with all of its misplaced priorities, and with the Republican legislative leaders’ unwillingness to make even the slightest move towards compromise, I feel as though I have no choice but to veto this budget.

Therefore, I veto this bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 820, “Clean Energy and Economic Security Act”

I support hydraulic fracturing, or “fracking” for natural gas, because I believe it can and should be part of a comprehensive mix of energy sources that will create jobs, reduce costs for businesses and families, and keep our economy growing. Before we “frack,” however, we need strong safeguards in place that are specifically adapted to conditions in North Carolina.

This bill does not do enough to ensure that adequate protections for our drinking water, landowners, county and municipal governments, and the health and safety of our families will be in place before fracking begins. I urged the sponsors of the bill to adopt a few changes to ensure that strong protections would be in place before any fracking would occur.

The General Assembly was unwilling to adopt the changes I suggested. Therefore, I must veto the bill. Our drinking water and the health and safety of North Carolina’s families are too important; we can’t put them in jeopardy by rushing to allow fracking without proper safeguards.

I urge the General Assembly to continue working on this important issue. If they improve the bill to strengthen the protections for North Carolina families, I will sign it into law.

Therefore, I veto this bill.

Resolution 2012-11

A JOINT RESOLUTION HONORING THE FOUNDERS OF THE CITY OF KINSTON.

Whereas, the City of Kinston, located along the banks of the Neuse River, is steeped in tradition and culture; and
Whereas, in 1729 a grant of 640 acres of land was given to Robert Atkins in the area later known as Kinston and, for a time, the site was known as Atkins Banks; and
Whereas, on November 3, 1762, the Colonial Assembly established the Town of Kingston and named it in honor of King George III; and
Whereas, in 1777, during the Revolutionary War, North Carolina's first Governor, Richard Caswell, a resident of Kingston, ordered all of the State's records be moved from New Bern to Kingston due to his belief that New Bern's location was vulnerable to attack from the British. The relocation of the records made Kingston the de facto capital of North Carolina.
Meetings of the Council of State, war planning board, and other official gatherings were held in Kingston; and

Whereas, on April 19, 1784, the General Assembly, at the request of the citizens of Kingston, acknowledged our freedom from England and changed the spelling of "Kingston" to "Kinston"; and

Whereas, in 1791, Lenoir County was created from the abolished Dobbs County with the town of Kinston as the seat of the newly formed county; and

Whereas, Kinston has also served as the location of a number of noteworthy events, including two Civil War battles in 1862 and 1865, Kinston becoming the home port to the CSS Neuse, which is a Civil War ironclad gunboat. The first X-ray machine in the South was assembled in Kinston; and

Whereas, the 19th and 20th Centuries brought major trading centers for tobacco, cotton, and prosperity to Kinston. Kinston was known as the "World's Foremost Tobacco Market." During the 20th century, Kinston thrived, becoming a major manufacturer in the textile industry with numerous clothing factories and DuPont; and

Whereas, in 1944 the United States Navy built a United States Marine Corps flying training airfield known as Marine Corps Auxiliary Airfield Kinston. That facility is known today as Kinston Regional Jetport and still possesses the distinction of having a single runway that is one of the longest on the east coast of the United States. In January 1999, ownership of the Kinston Regional Jetport was transferred to the North Carolina Global TransPark Authority, a combined airport-industrial complex designed to attract industry and bring increased economic opportunities to the citizens of Eastern North Carolina and beyond; and

Whereas, Kinston takes pride in its historic sites, serving as the location of 22 sites listed on the National Register of Historic Places; and

Whereas, Kinston has contributed to the cultural prosperity of the State, with the Kinston Community Council for the Arts, a public arts trail, Blue Grass Music Concerts, Sand in the Streets Concerts, Barbeque Festival on the Neuse, and the restored Grainger-Hill Performing Arts Center; and

Whereas, in 1988 and 2009 Kinston was selected as an All-American City; and

Whereas, Kinston is observing its 250th anniversary in 2012; Now, therefore,

Be it resolved by the House of Representatives, the Senate concurring:

SECTION 1. The General Assembly honors the founders of the City of Kinston and honors the historic city for its 250 years of contributions to its community, the State of North Carolina, and the nation.

EXECUTIVE ORDER NO. 113

FURTHER EXTEND UNEMPLOYMENT BENEFITS TO PROTECT THE SAFETY, HEALTH, AND WELFARE OF NORTH CAROLINA’S LONG-TERM UNEMPLOYED

WHEREAS, the United States Congress previously passed the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) (hereinafter "Tax Relief Act"), to provide a temporary mechanism for states to amend the criteria used to determine whether the State may pay extended benefits to its unemployed citizens; and

WHEREAS, to ensure that 47,000 unemployed North Carolinians had access to these extended benefits, I issued Executive Order No. 93 on June 3, 2011, which authorized the former Employment Security Commission to provide extended benefits under the temporary federal mechanism and to take actions necessary to comply with the federal requirements for paying extended benefits; and

WHEREAS, the North Carolina General Assembly subsequently passed legislation in Session Law 2011-145, section 6.16, which codified the provisions of Executive Order No. 93, with the stated intent of the legislature to allow extended benefits to be paid under the Tax Relief Act so long as it did not hinder the State’s ability to reduce its debt owed to the federal government for unemployment benefits; and

WHEREAS, Executive Order No. 93 expired upon passage of Session Law 2011-145, and Section 6.16 of Session Law 2011-145 expired on January 1, 2012; and

WHEREAS, on December 23, 2011, Congress passed an extension of the Tax Relief Act to grant a longer time period to use the aforementioned temporary mechanism for paying extended benefits; and

WHEREAS, to be able to continue to provide such extended benefits for our State’s long-term unemployed, North Carolina needs to modify the criteria to meet the applicable federal requirements under which extended benefits are payable; and

WHEREAS, it is important for the State of North Carolina to have access to all tools that will help the State and its citizens during these difficult economic times; and

WHEREAS, providing such extended benefits will not create a cost to the unemployment
fund of the State of North Carolina; and

WHEREAS, it is vital to the welfare and economic security of North Carolinians that they be eligible to receive extended benefits, and it is in the best interests of the State of North Carolina that these benefits be paid in a timely manner; and

WHEREAS, it is in the best interests of North Carolina that unemployed citizens of our State be permitted to benefit from all existing unemployment programs; and

WHEREAS, Article III, Section 1 of the State Constitution invests the executive power of the State in the Governor; and

WHEREAS, North Carolina General Statute § 143B-4 provides that the Governor, in accordance with Article III of the Constitution of North Carolina, is the Chief Executive Officer of the State and is responsible for formulating and administering the policies of the executive branch of the State government; and

WHEREAS, the Governor is the sole official liaison between the government of this State and the government of the United States; and

WHEREAS, the Governor is the sole signatory for the State on agreements and contracts with the United States Department of Labor; and

WHEREAS, the North Carolina Department of Commerce Division of Employment Security (hereinafter, the "Division of Employment Security") is an agency of the executive branch of North Carolina state government and subject to the policies formulated and administered by the Governor, and is authorized by N.C. Gen. Stat. Chapter 96 to administer the extended benefits program in the State of North Carolina; and

WHEREAS, based upon the aforementioned provisions of the North Carolina Constitution and the North Carolina General Statutes, I hereby choose to exercise my authority because the extended benefits addressed by this Executive Order are federal funds that are being made available to the State of North Carolina by the United States Department of Labor without the need for any appropriation of state funds by the North Carolina General Assembly.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of the State of North Carolina, IT IS ORDERED:

1. The Division of Employment Security shall use the following criteria to provide extended benefits to unemployed North Carolina citizens, pursuant to the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312), as amended, for weeks of unemployment beginning after December 17, 2010, and ending on or before the earlier of the latest date permitted under federal law or the end of the fourth week prior to the last week for which federal sharing is provided as authorized by Section 2005(a) of Public Law 111-5 without regard to Section 2005(c) of Public Law 111-5:

   a. The state has an “on indicator” provided that:

      1) The average rate of insured unemployment, not seasonally adjusted, equaled
or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in each of the preceding three calendar years and equalled or exceeded five percent (5%); or

2) The average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds six and one-half percent (6.5%) and equals or exceeds one hundred ten percent (110%) of such average rate for any (or all) of the corresponding three-month periods ending in the three preceding calendar years.

b. The state is in a high unemployment period provided that the average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds eight percent (8%) and equals or exceeds one hundred ten percent (110%) of such average rate for any (or all) of the corresponding three-month periods ending in the three preceding calendar years.

2. The Division of Employment Security is hereby granted the authority to take any necessary actions to comply with the federal requirements for paying extended benefits.

3. Notwithstanding any other provision of this Executive Order, the Division of Employment Security shall not use the criteria outlined above unless it ensures that any payment of extended benefits provided under this Executive Order does not hinder the State’s ability to reduce the debt it owes to the federal government for unemployment benefits.

4. This Executive Order is effective immediately and shall remain in effect until rescinded or until legislation has been enacted and signed into law that would achieve the results set out herein.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this eleventh day of January in the year of our Lord two thousand and twelve, and of the Independence of the United States of America the two hundred and thirty-fifth.

ESTABLISH A MORATORIUM ON THE COLLECTION OF NEW TOLLS FOR THE NORTH CAROLINA FERRY SYSTEM

WHEREAS, the North Carolina Department of Transportation ("DOT") operates ferries connecting components of the State highway system; and

WHEREAS, the ferry system is essential to our State’s citizens who use the ferries each day as a means of transportation to pursue their livelihoods; and

WHEREAS, the ferry system is also important to the State’s travel and tourism industry as a mode of transportation for thousands of tourists who explore North Carolina’s coastal areas each year; and

WHEREAS, a number of the ferries currently operating are offered at no expense to the public; and

WHEREAS, pursuant to Session Law 2011-145, section 31.30, the North Carolina General Assembly directed the Board of Transportation, no later than April 1, 2012, to establish tolls for all ferry routes, except for the Ocracoke/Hatteras Ferry and the Knotts Island Ferry; and

WHEREAS, while our State and nation are beginning to rise out of the recent economic recession, many of our citizens are still struggling to regain their economic footing; and

WHEREAS, the citizens and counties of coastal North Carolina continue to recover from the devastation caused by Hurricane Irene, which made landfall in coastal North Carolina on August 27, 2011; and

WHEREAS, North Carolina’s coastal counties continue to experience a slower economic recovery than other areas of the State due to the impact of Hurricane Irene; and

WHEREAS, it is crucial that our citizens who use the ferry system are not burdened with extra costs that threaten to negatively impact their economic progress and well-being; and

WHEREAS, it is also important that our State not impose additional costs that could reduce the attractiveness of our coastal areas as a tourist destination, thus harming our travel and tourism industry; and
WHEREAS, N.C. Gen. Stat. § 136-82 directs DOT to use its discretion to only collect such tolls as it deems expedient in the exercise of its discretion.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and the laws of the State of North Carolina, IT IS ORDERED:

1. Due to the harm that the collection of newly established or increased tolls threatens to cause to the economic well-being of the State's citizens, immediately upon the establishment of any new tolls as set out in Session Law 2011-145, section 31.30, the DOT shall place a moratorium on the collection of all such newly established tolls and any increases in existing tolls. The moratorium shall remain in place for a minimum period of twelve (12) months unless said moratorium is ended by act of the General Assembly within that period of time.

2. At the conclusion of the moratorium, the DOT shall review the economic conditions of the State and its citizens and make a recommendation as to whether the moratorium should be extended.

3. The Secretary of DOT is also directed to immediately conduct a comprehensive review of all existing costs and expenses within the DOT to identify sufficient savings to offset budgeted revenue that was anticipated to be collected from any new or increased tolls established pursuant to Session Law 2011-145, section 31.30. Savings identified by the Secretary of DOT shall be used to offset said anticipated budgeted revenues.

4. In addition, the DOT shall immediately cease ongoing construction of all new tolling infrastructure commenced in response to Session Law 2011-145, section 31.30, and shall refrain from renewing said construction while the above-referenced moratorium is in effect.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this twenty-ninth day of February in the year of our Lord two thousand and twelve, and of the Independence of the United States of America the two hundred and thirty-sixth.

EXECUTIVE ORDER NO. 118

HIGH STANDARDS FOR SHALE GAS DEVELOPMENT IN NORTH CAROLINA

WHEREAS, North Carolina seeks to develop an energy policy that creates jobs, reduces costs on businesses and families, and lessens our reliance on foreign oil while balancing the need to protect the public health and safety of our citizens and to maintain our state’s natural resources; and

WHEREAS, the North Carolina Geological Survey has identified potential shale gas resources in North Carolina; and

WHEREAS, studies suggest that drilling for shale gas resources using hydraulic fracturing in the Sanford sub-basin will yield economic benefits, including an average of 387 jobs per annum over seven years; and

WHEREAS, despite its potential economic benefits, oil and gas exploration and production can lead to the disturbance of large areas of land to develop access roads, well pads, impoundments and other infrastructure; and

WHEREAS, water quality problems have been associated with oil and gas operations; and

WHEREAS, North Carolina statutes and rules have not been written to address natural gas development using hydraulic fracturing; and

WHEREAS, it is important that any regulatory framework for hydraulic fracturing reflect high standards that will protect the public health and safety of the citizens of North Carolina and protect the environment, while allowing for the development of our state’s shale gas resources and this industry.

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and laws of the State of North Carolina, IT IS ORDERED:

1018
Section 1. Regulatory Workgroup

The Department of Commerce Division of Energy, in conjunction with the Department of Environment and Natural Resources, shall organize a workgroup to develop recommendations for a regulatory framework and interagency protocols for oil and gas exploration and development including, but not limited to, environment, commercial, logistics/transportation, public safety, and worker safety regulations. The workgroup shall include representatives from the Department of Health and Human Services Division of Public Health, the Department of Revenue, the Department of Transportation, and the State Highway Patrol. In addition, the workgroup organizers shall invite representatives of the North Carolina Utilities Commission, the Department of Labor, and the Office of Attorney General Consumer Protection Division to participate in the workgroup. The workgroup organizers shall also invite the Speaker of the North Carolina House of Representatives, the President Pro Tempore of the North Carolina Senate, the Minority Leader of the North Carolina House of Representatives, and the Minority Leader of the North Carolina Senate to each appoint a representative to participate in the workgroup. The workgroup organizers shall use their reasonable best efforts to ensure that all invited representatives have an opportunity to participate in a meaningful way in all workgroup activities. The workgroup organizers shall also reach out to stakeholders to collaborate in implementing this Executive Order.

Section 2. Guiding Principles

In developing recommendations, the Regulatory Workgroup shall consider the following guiding principles:

A. Public Health and Safety

2. Studies must be employed to allow long-term tracking of health impacts in areas with shale gas development.

3. State and local first responders and industry must be prepared for any industry-related emergencies, and a statewide law enforcement agency must be identified as the lead responder in such emergencies.

B. Environmental Impacts and Regulatory Framework

1. In establishing environmental standards for an effective oil and gas regulatory framework, the recommendations from the Department of Environment and Natural Resources' North Carolina Oil and Gas Study Under Session Law 2011-276 report and from the State Review of Oil and Natural Gas Environmental Regulations (STRONGER) report must be adopted as a baseline.

#### A. Technical Adjustments

1. **Average Daily Membership (ADM)**
   - Revises projected ADM for FY 2012-13 to reflect 2,084 fewer students than originally projected. The adjustment includes revisions to all position, dollar, and categorical allotments.
   - Total allotted ADM for FY 2012-13 is 1,492,793, an increase of 11,932 students over FY 2011-12.

2. **Average Teacher Salary**
   - Revises budgeted funding for certified personnel salaries based on actual salary data from December 2011. The adjustment does not reduce any salary paid to certified personnel, nor does it reduce the number of guaranteed state-funded teachers, administrators, or instructional support personnel.

#### B. Other Public School Funding Adjustments

3. **LEA Adjustment Reduction**
   - Provides $143.3 million to reduce the LEA Adjustment in FY 2012-13 by appropriating $126.9 million and allocating an additional $16.4 million from FY 2012-13 North Carolina Education Lottery net revenues.
   - The State Board of Education shall distribute the remainder of the LEA Adjustment to all LEAs and charter schools on the basis of ADM. LEAs and charter schools will then be responsible for identifying budget reductions in order to meet their share of the Adjustment.

4. **Textbooks**
   - Reduces funding for textbooks. $22.8 million will remain in this allotment in FY 2012-13; $519,189 below the 2011-12 budgeted amount.

Public Education
Conference Report on the Continuation, Capital and Expansion Budgets

D. Department of Public Instruction

5 Residential Schools
Restores funds to operate all three Residential Schools. None of the Residential Schools shall be closed. The Department of Public Instruction is strongly encouraged to maximize the use of all three facilities to generate receipts to further defray General Fund reductions to program operations.

6 Governor’s Schools
Provides funding for this program that supports summer enrichment activities for talented high school students

7 Liability Insurance for Public School Personnel
The actual cost of securing the statewide liability insurance policy in school year 2011-12 was less than the appropriation. This reduction better aligns the appropriation with projected costs.

E. Excellent Public Schools Act

5 Excellent Public Schools Act
Provides funds to the Department of Public Instruction to carry out the elements of the Excellent Public Schools Act contained in Sections 7A.1 and 7A.6, S.L. 2012-145. Modifications to the Excellent Public Schools Act, authorizes the Department of Public Instruction to establish up to 11 positions for program implementation.

### A. Technical Adjustments

9. **Enrollment Growth Adjustments**
   - Adjusts funds for FY 2012-13 based on the estimated decline in community college enrollment.
   - According to the FY 2011-12 spring enrollment census, enrollment has declined by 1.1% (2,683 full-time-equivalent students or FTE) from the FY 2011-12 budgeted enrollment of 251,017 and by 2.5% (6,335 FTE) from the current budgeted enrollment for FY 2012-13.
   - Total requirements will be reduced by $31,705,798. Of this reduction, $19,597,082 is due to revised tuition and fee revenue estimates based on the new enrollment estimates.

10. **NC Community College Grant Program Adjustment**
    - Makes a technical adjustment to the General Fund funding for the NC Community College Grant, a need-based scholarship program for community college students. This will be offset by an equal reduction in funding from the Eachash Fund.
    - $165,000

### B. Other Community College Funding Adjustments

11. **Management Flexibility Reduction**

(1.0) Reserves & Transfers

17 Clean Water State Revolving Fund
Directs the Department to use $5,101,400 of its loan origination fee fund to provide the 20% State match needed to draw down $25,597,000, the maximum available federal funds for the Clean Water State Revolving Fund for FY 2012-13. The Department needs permission from the US EPA to use these funds for FY 2012-13 only.

18 Drinking Water State Revolving Fund
Directs the Department to use funds from the Drinking Water Reserve to provide the 20% State match needed to draw down the maximum available federal funds for the Drinking Water State Revolving Fund. The match amount of $4,939,990 for Federal Fiscal Year 2011-12 will allow the State to draw down $24,698,000 in federal funds, and the match amount of $4,707,400 for the Federal Fiscal Year 2012-13 will allow the State to draw down $23,537,000 in federal funds. The EPA encourages states to have their match amounts available prior to the beginning of the Federal Fiscal Year so the amount of the State grant can be encountered in the EPA budget. The Department is currently a year in arrears obtaining these federal grants from EPA, and this will allow the Department to have its match amounts available prior to the beginning of future Federal Fiscal Years.

Suggestions for Use: Local legislation appears under the name of the particular county or municipality. Legislation that amends or repeals another session law appears under “Laws Amended or Repealed” and under the particular subject. General appropriations appear under “Appropriations”. Specific appropriations or earmarks appear under the particular agency, entity, or subject. Boards, commissions, and committees appear as main entries. Numbers are alphabetized as spelled (i.e. 9 is listed alphabetically as “nine”). Session Law numbers (locators) are shown in standard citation format with the word “Section” replaced by the section symbol (§). Thus, “Session Law 145 Section 6A.10 subsection (a) through subsection (p)” would appear as “145§6A.10(a)-(p)”, and “Session Law 145 Section 28.31 through Section 28.31A” would appear as “145§28.31-28.31A”. Noncontiguous Session Law sections are separated by a comma. Complete Session Law citations are separated by a semicolon.
