ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.

We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.

All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.

The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.

This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States.

Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.

The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

Sec. 7. Suspending laws.

All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.
Sec. 8. Representation and taxation.
The people of this State shall not be taxed or made subject to the payment of any impost or
duty without the consent of themselves or their representatives in the General Assembly, freely
given.

Sec. 9. Frequent elections.
For redress of grievances and for amending and strengthening the laws, elections shall be
often held.

Sec. 10. Free elections.
All elections shall be free.

Sec. 11. Property qualifications.
As political rights and privileges are not dependent upon or modified by property, no
property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.
The people have a right to assemble together to consult for their common good, to instruct
their representatives, and to apply to the General Assembly for redress of grievances; but secret
political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.
All persons have a natural and inalienable right to worship Almighty God according to the
dictates of their own consciences, and no human authority shall, in any case whatever, control
or interfere with the rights of conscience.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore
shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education.
The people have a right to the privilege of education, and it is the duty of the State to guard
and maintain that right.

Sec. 16. Ex post facto laws.
Retrospective laws, punishing acts committed before the existence of such laws and by
them only declared criminal, are oppressive, unjust, and incompatible with liberty, and
therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases,
or other acts previously done shall be enacted.

Sec. 17. Slavery and involuntary servitude.
Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime
whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Court shall be open.
All courts shall be open; every person for an injury done him in his lands, goods, person, or
reputation shall have remedy by due course of law; and right and justice shall be administered
without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws.
No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or
outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of
the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants.
General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty.
Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.
Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.
In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.
No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.
In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. Bail, fines, and punishments.
Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt.
There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State.
Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.
Sec. 30. Militia and the right to bear arms.
A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. Quartering of soldiers.
No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. Exclusive emoluments.
No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. Hereditary emoluments and honors.
No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. Perpetuities and monopolies.
Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. Recurrence to fundamental principles.
A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. Other rights of the people.
The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

Sec. 37. Rights of victims of crime.
(1) Basic rights. Victims of crime, as prescribed by law, shall be entitled to the following basic rights:
(a) The right as prescribed by law to be informed of and to be present at court proceedings of the accused.
(b) The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.
(c) The right as prescribed by law to receive restitution.
(d) The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.
(e) The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.
(f) The right as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.
(g) The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.
(h) The right as prescribed by law to confer with the prosecution.
(2) No money damages; other enforcement. Nothing in this section shall be construed as creating a claim for money damages against the State, a county, a municipality, or any of the agencies, instrumentalities, or employees thereof. The General Assembly may provide for other remedies to ensure adequate enforcement of this section.

(3) No ground for relief in criminal case. The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding.

ARTICLE II

The General Assembly, at the first regular session convening after the return of every decennial census of population taken by order of Congress, shall revise the senate districts and the apportionment of Senators among those districts, subject to the following requirements:

(1) Each Senator shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Senator represents being determined for this purpose by dividing the population of the district that he represents by the number of Senators apportioned to that district;
(2) Each senate district shall at all times consist of contiguous territory;
(3) No county shall be divided in the formation of a senate district;

(3) No county shall be divided in the formation of a representative district;
(4) When established, the representative districts and the apportionment of Representatives shall remain unaltered until the return of another decennial census of population taken by order of Congress.

Sec. 6. Qualifications for Senator.
Each Senator, at the time of his election, shall be not less than 25 years of age, shall be a qualified voter of the State, and shall have resided in the State as a citizen for two years and in the district for which he is chosen for one year immediately preceding his election.

Sec. 7. Qualifications for Representative.
Each Representative, at the time of his election, shall be a qualified voter of the State, and shall have resided in the district for which he is chosen for one year immediately preceding his election.

Sec. 8. Elections.
The election for members of the General Assembly shall be held for the respective districts in 1972 and every two years thereafter, at the places and on the day prescribed by law.

Sec. 9. Term of office.
The term of office of Senators and Representatives shall commence on the first day of January next after their election.

Sec. 10. Vacancies.
Every vacancy occurring in the membership of the General Assembly by reason of death, resignation, or other cause shall be filled in the manner prescribed by law.

Sec. 11. Sessions.
(1) Regular Sessions. The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law. Neither house shall proceed upon public business unless a majority of all of its members are actually present.
(2) Extra sessions on legislative call. The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

Sec. 12. Oath of members.
Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Sec. 13. President of the Senate.
The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

Sec. 14. Other officers of the Senate.
(1) President Pro Tempore - succession to presidency. The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of
the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) President Pro Tempore - temporary succession. During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

(3) Other officers. The Senate shall elect its other officers.

Sec. 15. Officers of the House of Representatives.
The House of Representatives shall elect its Speaker and other officers.

Sec. 16. Compensation and allowances.
The members and officers of the General Assembly shall receive for their services the compensation and allowances prescribed by law. An increase in the compensation or allowances of members shall become effective at the beginning of the next regular session of the General Assembly following the session at which it was enacted.

Sec. 17. Journals.
Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 18. Protests.
Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public or to any individual, and have the reasons of his dissent entered on the journal.

Sec. 19. Record votes.
Upon motion made in either house and seconded by one fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journal.

Sec. 20. Powers of the General Assembly.
Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

Sec. 21. Style of the acts.
The style of the acts shall be: "The General Assembly of North Carolina enacts:"

Sec. 22. Action on bills.
(1) Bills subject to veto by Governor; override of veto. Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.
(2) Amendments to Constitution of North Carolina. Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) Amendments to Constitution of the United States. Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.

(4) Joint resolutions. Every joint resolution shall be read three times in each house before it becomes effective and shall be signed by the presiding officers of both houses.

(5) Other exceptions. Every bill:
   (a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;
   (b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;
   (c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter; or
   (d) Revising the districts for the election of members of the House of Representatives of the Congress of the United States and the apportionment of Representatives among those districts and containing no other matter, shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) Local bills. Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:
   (a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or
   (b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) Time for action by Governor; reconvening of session. If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:
   (a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or
   (b) Sine die
in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after
such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) Return of bills after adjournment. For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment.

Sec. 23. Revenue bills.

No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 24. Limitations on local, private, and special legislation.

(1) Prohibited subjects. The General Assembly shall not enact any local, private, or special act or resolution:

(a) Relating to health, sanitation, and the abatement of nuisances;
(b) Changing the names of cities, towns, and townships;
(c) Authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys;
(d) Relating to ferries or bridges;
(e) Relating to non-navigable streams;
(f) Relating to cemeteries;
(g) Relating to the pay of jurors;
(h) Erecting new townships, or changing township lines, or establishing or changing the lines of school districts;
(i) Remitting fines, penalties, and forfeitures, or refunding moneys legally paid into the public treasury;
(j) Regulating labor, trade, mining, or manufacturing;
(k) Extending the time for the levy or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability;
(l) Giving effect to informal wills and deeds;
(m) Granting a divorce or securing alimony in any individual case;
(n) Altering the name of any person, or legitimating any person not born in lawful wedlock, or restoring to the rights of citizenship any person convicted of a felony.

(2) Repeals. Nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law; but the General Assembly may at any time repeal local, private, or special laws enacted by it.

(3) Prohibited acts void. Any local, private, or special act or resolution enacted in violation of the provisions of this Section shall be void.

(4) General laws. The General Assembly may enact general laws regulating the matters set out in this Section.
ARTICLE III
EXECUTIVE

Section 1. Executive power.
The executive power of the State shall be vested in the Governor.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.
(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.
(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.
(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.
(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.
(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.
(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.
(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.

Sec. 4. Oath of office for Governor.
The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of governor.
Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) Clemency. The Governor may grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

(11) Reconvened sessions. The Governor shall, when required by Section 22 of Article II of this Constitution, reconvene a session of the General Assembly. At such reconvened session, the General Assembly may only consider such bills as were returned by the Governor to that reconvened session for reconsideration. Such reconvened session shall begin on a date set by the Governor, but no later than 40 days after the General Assembly adjourned:
CONSTITUTION OF NORTH CAROLINA

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or
(b) Sine die. If the date of reconvening the session occurs after the expiration of the terms of office of the members of the General Assembly, then the members serving for the reconvened session shall be the members for the succeeding term.

Sec. 6. Duties of the Lieutenant Governor.

The Lieutenant Governor shall be President of the Senate, but shall have no vote unless the Senate is equally divided. He shall perform such additional duties as the General Assembly or the Governor may assign to him. He shall receive the compensation and allowances prescribed by law.

Sec. 7. Other elective officers.

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.

The Council of State shall consist of the officers whose offices are established by this Article.
Sec. 9. Compensation and allowances.

There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina". All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina", and signed by the Governor.

Sec. 11. Administrative departments.
Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV
JUDICIAL

Section 1. Judicial power.
The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a co-ordinate department of the government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. General Court of Justice.
The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. Judicial powers of administrative agencies.
The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. Court for the Trial of Impeachments.
The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

Sec. 5. Appellate division.
The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.
Sec. 6. Supreme Court.
   (1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.
   (2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. Court of Appeals.
   The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

Sec. 8. Retirement of Justices and Judges.
   The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits for service as a Justice or Judge.

Sec. 9. Superior Courts.
   (1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.
   (2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.
   (3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts.
   The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District Judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The initial term of appointment for a magistrate shall be for two years and subsequent terms shall be for four years. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be
filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office, unless otherwise provided by the General Assembly.

Sec. 11. Assignment of Judges.

The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. The Clerks of the Superior Court shall have such jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable in every county of the State.

(4) District Courts; Magistrates. The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.
Sec. 14. Waiver of jury trial.
In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration.
The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

Sec. 16. Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.
Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. Removal of Judges, Magistrates and Clerks.
(1) Removal of Judges by the General Assembly. Any Justice or Judge of the General Court of Justice may be removed from office for mental or physical incapacity by joint resolution of two-thirds of all the members of each house of the General Assembly. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) Additional method of removal of Judges. The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) Removal of Magistrates. The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) Removal of Clerks. Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Any Clerk against whom proceedings are instituted shall receive written notice of the charges against him at least 10 days before the hearing upon the charges. Any Clerk so removed from office shall be entitled to an appeal as provided by law.

Sec. 18. District Attorney and Prosecutorial Districts.
(1) District Attorneys. The General Assembly shall, from time to time, divide the State into a convenient number of prosecutorial districts, for each of which a District Attorney shall be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.
(2) Prosecution in District Court Division. Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. Vacancies.

Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

Sec. 20. Revenues and expenses of the judicial department.

The General Assembly shall provide for the establishment of a schedule of court fees and costs which shall be uniform throughout the State within each division of the General Court of Justice. The operating expenses of the judicial department, other than compensation to process servers and other locally paid non-judicial officers, shall be paid from State funds.

Sec. 21. Fees, salaries, and emoluments.

The General Assembly shall prescribe and regulate the fees, salaries, and emoluments of all officers provided for in this Article, but the salaries of Judges shall not be diminished during their continuance in office. In no case shall the compensation of any Judge or Magistrate be dependent upon his decision or upon the collection of costs.

Sec. 22. Qualification of Justices and Judges.

Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a Justice of the Supreme Court, Judge of the Court of Appeals, Judge of the Superior Court, or Judge of District Court. This section shall not apply to persons elected to or serving in such capacities on or before January 1, 1981.

(a) to fund or refund a valid existing debt;
(b) to supply an unforeseen deficiency in the revenue;

(f) for any other lawful purpose, to the extent of two-thirds of the amount by which the State's outstanding indebtedness shall have been reduced during the next preceding biennium.

(2) Gift or loan of credit regulated. The General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except a corporation in which the State has a controlling interest, unless the subject is submitted to a direct vote of the people of the State, and is approved by a majority of the qualified voters who vote thereon.

xxviii
by authority of the Convention of 1868, the special session of the General Assembly of 1868,
or the General Assemblies of 1868-69 and 1869-70, unless the subject is submitted to the
people of the State and is approved by a majority of all the qualified voters at a referendum
held for that sole purpose.

(5) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall
be construed to invalidate or impair the obligation of any bond, note, or other evidence of
indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 4. Limitations upon the increase of local government debt.

(1) Regulation of borrowing and debt. The General Assembly shall enact general laws
relating to the borrowing of money secured by a pledge of the faith and credit and the
contracting of other debts by counties, cities and towns, special districts, and other units,
authorities, and agencies of local government.

(2) Authorized purposes; two-thirds limitation. The General Assembly shall have no
power to authorize any county, city or town, special district, or other unit of local government

shall assume or pay any debt or the interest thereon contracted directly or indirectly in aid or
support of rebellion or insurrection against the United States.

(5) Definitions. A debt is incurred within the meaning of this Section when a county,
city or town, special district, or other unit, authority, or agency of local government borrows
money. A pledge of faith and credit within the meaning of this Section is a pledge of the taxing
power. A loan of credit within the meaning of this Section occurs when a county, city or town,
special district, or other unit, authority, or agency of local government exchanges its obligations
with or in any way guarantees the debts of an individual, association, or private corporation.

(6) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall
be construed to invalidate or impair the obligation of any bond, note, or other evidence of
indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 5. Acts levying taxes to state objects.

Every act of the General Assembly levying a tax shall state the special object to which it is
to be applied, and it shall be applied to no other purpose.

Sec. 6. Inviolability of sinking funds and retirement funds.

(1) Sinking funds. The General Assembly shall not use or authorize to be used any part
of the amount of any sinking fund for any purpose other than the retirement of the bonds for
which the sinking fund has been created, except that these funds may be invested as authorized by law.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

(2) Local treasury. No money shall be drawn from the treasury of any county, city or town, or other unit of local government except by authority of law.

Sec. 8. Health care facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State, counties, cities or towns, and other State and local governmental entities to issue revenue bonds to finance or refinance for any such governmental entity or any nonprofit private corporation, regardless of any church or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation, regardless of any church or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced.

Sec. 9. Capital projects for industry.

Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.
Sec. 10. Joint ownership of generation and transmission facilities.

In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

Sec. 11. Capital projects for agriculture.

Notwithstanding any other provision of the Constitution the General Assembly may enact general laws to authorize the creation of an agency to issue revenue bonds to finance the cost of capital projects consisting of agricultural facilities, and to refund such bonds. In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 12. Higher education facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State or any State entity to issue revenue bonds to finance and refinance the cost of acquiring, constructing, and financing higher education facilities to be operated to serve and benefit the public for any nonprofit private corporation, regardless of any church or religious relationship provided no cost incurred earlier than five years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from any revenues or assets of any such nonprofit private corporation pledged therefor, shall not be secured by a pledge of the full faith and credit of the State or such State entity or deemed to create an indebtedness requiring voter approval of the State or such entity, and, where the title to such facilities is vested in the State or any State entity, may be secured by an agreement which may provide for the conveyance of title to, with or without consideration, such facilities to the nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto.

Sec. 13. Seaport and airport facilities.

(1) Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to grant to the State, counties, municipalities, and other State and local...
governmental entities all powers useful in connection with the development of new and existing seaports and airports, and to authorize such public bodies:

(a) to acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interest therein;

(b) to finance and refinance for public and private parties seaport and airport facilities and improvements which relate to, develop or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine, aviation and environmental facilities and improvements; and

(c) to secure any such financing or refinancing by all or any portion of their revenues, income or assets or other available monies associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, and by foreclosable liens on all or any part of their properties associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of the faith and credit of the State or any other public body in the State.

Sec. 14. Project development financing.

Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit’s exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect.
ARTICLE VI

Section 1. Who may vote.
Every person born in the United States and every person who has been naturalized, 18 years of age, and possessing the qualifications set out in this Article, shall be entitled to vote at any election by the people of the State, except as herein otherwise provided.

Sec. 2. Qualifications of voter.
(1) Residence period for State elections. Any person who has resided in the State of North Carolina for one year and in the precinct, ward, or other election district for 30 days next preceding an election, and possesses the other qualifications set out in this Article, shall be entitled to vote at any election held in this State. (2) Residence period for presidential elections. The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.
(3) Disqualification of felon. The General Assembly of North Carolina enacts:

SECTION 1. Article 13 of Chapter 18B of the General Statutes reads as rewritten:

"Article 13.
"Beer Franchise Law.

"§ 18B-1303. Filing of distribution agreement; no discrimination.

(a) Filing. – It is unlawful for a supplier to provide malt beverages to a wholesaler unless the Commission has received notification from the supplier designating the brands of the supplier which the wholesaler is authorized to sell and the territory in which such sales may take place. If the supplier sells several brands, the agreement need not apply to all brands. A franchise agreement applies to all supplier products under the same brand name, and different categories of products manufactured under a common identifying trade name are considered to be the same brand. No supplier may provide by a distribution agreement for the distribution of a brand to more than one wholesaler for the same territory. A wholesaler shall not distribute any brand of malt beverage to a retailer whose premises are located outside the territory specified in the wholesaler's distribution agreement for that brand. A wholesaler may, however, with the approval of the Commission distribute malt beverages outside his designated territory during periods of temporary service interruption when requested to do so by the supplier and the wholesaler whose service is interrupted.

(b) No Discrimination. – A wholesaler shall service all retail permit holders within his designated territory without discrimination and shall make a good faith effort to make available to each retail permit holder in the territory each brand of malt beverage which the wholesaler has been authorized to distribute in that area.
(c) No Price Maintenance. – A franchise agreement shall not, either expressly or by implication or in its operation, establish or maintain the resale price of any brand of malt beverages by a wholesaler.

"§ 18B-1304. Prohibitions. It is unlawful for a supplier, or an officer, agent or representative of a supplier, to:

1. Coerce or attempt to coerce or persuade a wholesaler to violate any provision of the ABC laws or rules of the Department of Revenue.

2. Alter Except as authorized by G.S. 18B-1305(a1), alter in a material way, terminate, fail to renew, or cause a wholesaler to resign from, a franchise agreement with a wholesaler except for good cause and with the notice required by G.S. 18B-1305.

3. Withdraw money from or otherwise access a wholesaler's bank accounts without the wholesaler's consent.

4. Present a franchise agreement, amendment, or renewal to a wholesaler that attempts to waive compliance with any provision of this Article or that requires a wholesaler to waive compliance with any provision of this Article. A wholesaler entering into a franchise agreement containing provisions in conflict with this Article shall not be deemed to waive rights protected by, or in compliance with, any provision of this Article.

5. Induce or coerce, or attempt to induce or coerce, any wholesaler to assent to any franchise agreement, amendment, or renewal that does not comply with this Article and the laws of this State.

6. Coerce or attempt to coerce a wholesaler, or its designated or anticipated successor, to sign a franchise agreement, amendment, or renewal to a franchise agreement by threatening to refuse to approve or delay issuing an approval for the sale, transfer, or merger of a wholesaler's business.

7. Terminate, cancel, or nonrenew or attempt to terminate, cancel, or nonrenew a franchise agreement on the basis that the wholesaler fails to agree or consent to an amendment to the franchise agreement.

8. Prohibit a wholesaler from distributing the product of any other supplier, except that a supplier may prohibit a wholesaler from distributing the product of another supplier if reasonable grounds exist for prohibiting the wholesaler's acquisition of the product and the acquisition would result in the wholesaler acquiring eighty percent (80%) or more by volume of all malt beverage products sold in the territory being acquired at the time of the acquisition.

9. Refuse to approve or require a wholesaler to terminate a brand manager or successor manager without good cause. A supplier has good cause only if the person designated for approval by the wholesaler fails to meet reasonable standards and qualifications.

10. Discriminate in price, allowance, rebate, refund, payment term, commission, discount, or service between wholesalers licensed in North Carolina. As used in this subsection, "discriminate" means the granting of a more favorable price, allowance, rebate, refund, payment term, commission, discount, or service to one North Carolina wholesaler than to another North Carolina wholesaler based on the quantity of malt beverages purchased or for any other reason, but "discriminate" shall exclude the granting of more favorable freight and transportation costs, price promotions on malt beverage products for special events in a particular market not to exceed 14 consecutive days, point-of-sale advertising materials, sponsorships, consumer specialty items, consumer sweepstakes, and novelties. A supplier may, however, offer a lower price or discount in order to match that of a competing supplier on a
similar category of malt beverage products in the entire State or in a particular market.

§ 18B-1305. Cause for termination of franchise agreement.

(a) Meaning of Good Cause. – Good cause for altering or terminating a franchise agreement, or failing to renew or causing a wholesaler to resign from such an agreement, exists when the wholesaler fails to comply with provisions of the agreement which are reasonable, material, not unconscionable, and which are not discriminatory when compared with the provisions imposed, by their terms or in the manner of enforcement, on other similarly situated wholesaler by the supplier. The meaning of good cause set out in this section may not be modified or superseded by provisions in a written franchise agreement prepared by a supplier if those provisions purport to define good cause in a manner different than specified in this section. In any dispute over alteration, termination, failure to renew or causing a wholesaler to resign from a franchise agreement, the burden is on the supplier to establish that good cause exists for the action.

(a1) Termination by a Small Brewery. – A brewery's authorization to distribute its own malt beverage products pursuant to G.S. 18B-1104(7) shall revert back to the brewery, in the absence of good cause, following the fifth business day after confirmed receipt of written notice of such reversion by the brewery to the wholesaler. The brewery shall pay the wholesaler fair market value for the distribution rights for the affected brand. For purposes of this subsection, "fair market value" means the highest dollar amount at which a seller would be willing to sell and a buyer willing to buy at the time the self-distribution rights revert back to the brewery, after each party has been provided all information relevant to the transaction.

(b) Notice of Cause. – At least 90 days before altering, terminating or failing to renew a franchise agreement for good cause, the supplier must give the wholesaler written notice of the intended action and the specific reasons for it. If the cause for the alteration, termination or failure to renew is subject to correction by the wholesaler, and the wholesaler makes such correction within 45 days of receipt of the notice, the notice shall be void.

(c) Termination for Cause without Advance Notice. – A supplier may terminate or fail to renew a franchise agreement for any of the following reasons, and the termination shall be complete upon receipt by the wholesaler of a written notice of the termination and the reason:

(1) Insolvency of the wholesaler, the dissolution or liquidation of the wholesaler, or the filing of any petition by or against the wholesaler under any bankruptcy or receivership law which materially affects the wholesaler's ability to remain in business.

(2) Revocation of the wholesaler's State or federal permit or license for more than 30 days.

(3) Conviction of the wholesaler, or of a partner or individual who owns ten percent (10%) or more of the partnership or stock of the wholesaler, of a felony which might reasonably be expected to adversely affect the goodwill or interest of the wholesaler or supplier. The provisions of this subdivision shall not apply, however, if the wholesaler or its existing partners or stockholders shall have the right to purchase the interest of the offending partner or stockholder, and such purchase is completed within 180 days of the conviction.

(4) Fraudulent conduct by the wholesaler in its dealings with the supplier or its products.

(5) Failure of the wholesaler to pay for the supplier's products according to the established terms of the supplier.

(6) Assignment, sale or transfer of the wholesaler's business or control of the wholesaler without the written consent of the supplier, except as provided in G.S. 18B-1307.
(d) Absence of Good Cause. – Good cause for alteration, termination or failure to renew a franchise agreement does not include:

1. The failure or refusal of the wholesaler to engage in any trade practice, conduct or activity which would violate federal or State law.
2. The failure or refusal of the wholesaler to take any action which would be contrary to the provisions of this Article.
3. A change in the ownership of the supplier or the acquisition by another supplier of the brewery, brand or trade name or trademark, or acquisition of the right to distribute a product, from the original supplier.
4. Sale or transfer of the rights to manufacture, distribute, or use the trade name of the brand to a successor supplier.
5. Failure of the wholesaler to meet standards of operation or performance that have been imposed or revised unilaterally by the supplier without a fair opportunity for the individual wholesaler to bargain as to the terms, unless the supplier has implemented the standards on a national basis and those standards are consistently applied to all similarly situated North Carolina wholesalers in a nondiscriminatory manner.
6. The establishment of a franchise agreement between a wholesaler and another supplier, or similar acquisition by a wholesaler of the right to distribute a brand of another supplier.
7. The desire of a supplier to consolidate its franchises.

§ 18B-1306. Remedies for wrongful termination.
(a) Injunctive Relief. – A wholesaler whose franchise agreement is altered, terminated or not renewed in violation of this Article may bring an action to enjoin such unlawful alteration, termination or failure to renew. The action may be brought in the county in which the wholesaler has its principal place of business or in any county in which the wholesaler receives or distributes the products in issue. Any injunction issued pursuant to this subsection shall require the wholesaler to supply the customers in its territory with their reasonable retail requirements and to otherwise serve the territory.
(b) Monetary Damages. – In lieu of injunctive relief, a wholesaler whose franchise agreement is altered, terminated or not renewed in violation of this Article shall be entitled to recover monetary damages from the supplier. The amount to which the wholesaler is entitled shall be the value of the wholesaler's business distributing the supplier's products, including:

1. The laid-in costs to the wholesaler of the inventory of the supplier's products, including any State and local taxes paid on the inventory by the wholesaler, plus a reasonable charge for handling of the products upon surrender of the inventory to the supplier.
2. The fair market value of all assets, including ancillary businesses of the wholesaler used in distributing the supplier's products. The total compensation to be paid to the wholesaler shall be reduced, however, by any amount received by the wholesaler from sale of assets of the business used in distributing the supplier's products as well as by the value such assets have to the wholesaler unrelated to the supplier's products. "Fair market value" means the highest dollar amount at which a seller would be willing to sell and a buyer willing to buy at a time prior to the alteration, termination or failure to renew, when each possesses all information relevant to the transaction.

§ 18B-1307. Transfer or merger of wholesaler's business.
(a) Right of Transfer to Designated Family Member upon Death. – Upon the death of a wholesaler, that individual's interest in the wholesaler business, including the rights under the franchise agreement with the supplier, may be transferred or assigned to a designated family member. The transfer or assignment shall not be effective until written notice is given to the supplier, but the supplier's consent is not required for the transfer or assignment. "Designated
“family member” means the deceased wholesaler's spouse, child, grandchild, parent, brother or sister, who is entitled to inherit the deceased wholesaler's ownership interest under the terms of the deceased wholesaler's will or other testamentary device or under the laws of intestate succession. With respect to an incapacitated individual having an ownership interest in a wholesaler, the term "designated family member" also means the person appointed by the court as the conservator of such individual's property. The term also includes the appointed and qualified personal representative and the testamentary trustee of a deceased wholesaler.

(b) Approval of Certain Transfers and Mergers. – Upon notice to and approval by the supplier, an individual owning an interest in a wholesaler may sell, assign or transfer that interest, including the wholesaler's rights under its franchise agreement with the supplier, to any qualified person. Likewise, a wholesaler may merge with another wholesaler in the State, transferring to the new wholesaler entity the merging wholesaler's existing franchise rights. Within 30 days of receipt of notice of the intended sale, assignment, transfer, or merger, the supplier shall request any additional relevant, material information reasonably necessary for deciding whether to approve the transaction. The supplier shall have 30 days from receipt of that information to object to the sale, assignment, transfer, or merger. The supplier may object only if the proposed transferee or the wholesalership resulting from the merger, fails to meet qualifications and standards that are nondiscriminatory, material, reasonable and consistently applied to North Carolina wholesalers by the supplier. The burden shall be upon the supplier to prove that the proposed transferee or merged wholesaler is not qualified. In determining whether the proposed transferee or merged wholesaler is a qualified person, the supplier shall consider, but is not limited to, the following factors:

1. Whether the proposed transferee has the financial capacity to purchase the wholesaler or the specified interest upon terms that will not jeopardize the future operation of the business, or whether the new entity resulting from a merger will have such financial capacity to operate successfully, and whether under such ownership the wholesaler will be able to provide financial support necessary to the successful operation of the business, including market spending, capital expenditures, and any equity capitalization or refinancing requirements.

2. Whether the proposed transferee, or the new entity resulting from a merger, has the proven business experience to hire and maintain a management team to successfully operate the business.

3. If the proposed transferee does not have experience in the beer business, whether the transferee has other experience to enable it to operate a distributorship successfully and whether the transferee is willing to participate in training provided by the supplier.

4. Whether the proposed transferee, or a party to the merger, already is a wholesaler for the supplier in a different territory and, if so, whether sufficient time and attention can be devoted to an additional market area.

In determining whether a proposed transferee, or the entity resulting from a merger, is a qualified person, a supplier must consider the business on its own merits and may not designate a specifically identified person as the only purchaser who will be approved. Nothing in this subsection is intended to or should be construed to interfere with a supplier's right to match and reassign to a designee the right to purchase the ownership interest, subject to the designee purchasing the ownership interest at the price and on the conditions applicable to the purchase proposed by the transferee.

(c) Damages. – A supplier who disapproves or prevents a proposed assignment or change of ownership or merger in violation of this section shall be liable to the wholesaler who proposed to make the sale, assignment, transfer, or merger for the difference between the disapproved sale price and a subsequent actual price of a sale of the same assets completed within a reasonable period. If, however, the proposed transfer or sale
was to a business associate at a bargain price, the amount of compensation shall be at least the fair market value of the interest proposed to be sold or transferred, minus the proceeds of an actual sale of the interest completed within a reasonable time.

"§ 18B-1308. Article part of all franchise agreements.

The provisions of this Article shall be part of all franchise agreements as defined in G.S. 18B-1302 and may not be altered by the parties. A wholesaler's rights under this Article may not be waived or superseded by the provisions of a written franchise agreement prepared by a supplier that are in any way inconsistent with or contrary to any part of this Article. The rights of a wholesaler under this Article shall remain in effect regardless of a provision in a written franchise agreement prepared by a supplier that purports to require arbitration of a franchise dispute or that purports to require legal remedies to be sought in a different jurisdiction.

"§ 18B-1309. Mediation at direction of Alcoholic Beverage Control Commission.

If a dispute arises between a wholesaler and supplier under this Article, and such dispute appears likely to lead to litigation, the Commission, upon request of any party or on its own initiative, may require the parties to participate in mediation in an effort to resolve the dispute. This authority shall be in addition to the Commission's authority to issue declaratory rulings pursuant to G.S. 150B-4. The Commission may designate the mediator, in which case the Commission shall pay the mediator's fee, or the Commission may direct the parties to agree upon and share the costs of a mediator. If the parties then cannot agree upon a mediator, the Commission shall designate the mediator, and the fees shall be divided evenly by the parties. The Commission shall direct that the mediation be completed within a specified period of time. Except for injunctive relief, no lawsuit or other legal action concerning the dispute may be filed until the mediation is completed and is unsuccessful, unless necessary to avoid expiration of a statute of limitation.”

SECTION 2. G.S. 18B-702(j) reads as rewritten:

"(j) Finance Officer. – Except as otherwise provided, the local board shall designate (i) a part-time or full-time employee of the board other than the general manager or (ii) the finance officer of the appointing authority with consent of the appointing authority to be the finance officer for the local board. The Commission, for good cause shown, may grant a waiver to allow the general manager of a board also to be the finance officer. Good cause includes, but is not limited to, the fact that the board operates no more than two stores, and any approval for the general manager also to be the finance officer shall apply until the board operates more than two stores; in any event, the approval shall be effective for 36 months. The Commission may grant one or more waivers to a board."

SECTION 3. The provisions of this act are severable and, if any phrase, clause, sentence, or provision is declared to be unconstitutional, is preempted by federal law or regulation, or is otherwise invalid, the validity of the remainder of this act shall not be affected thereby.

SECTION 4. The provisions of G.S. 18B-1304, as amended by this act, become effective October 1, 2012. The remainder of this act is effective when it becomes law and applies to all transactions on or after that date.

H.B. 493

AN ACT AMENDING THE LAWS RELATED TO LANDLORD TENANT
RELATIONSHIPS AND ESTABLISHING A PROCESS WHEREBY A LANDLORD
MAY REMOVE FROM A RESIDENTIAL DWELLING UNIT TANGIBLE PERSONAL
PROPERTY BELONGING TO A DECEASED TENANT AFTER FILING AN
AFFIDAVIT WITH THE CLERK OF COURT IN THE COUNTY IN WHICH THE
RESIDENTIAL DWELLING UNIT IS LOCATED.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 42-34.1 reads as rewritten:

"§ 42-34.1. Rent pending execution of judgment; post bond pending appeal.
   (a) If the judgment in district court is against the defendant appellant, it shall be
       sufficient to stay execution of the judgment during the 30-day time period for taking an appeal
       provided for in Rule 3 of the North Carolina Rules of Appellate Procedure if the defendant
       appellant posts a bond as provided in G.S. 42-34(b), and no additional security under
       G.S. 1-292 is required. If the defendant appellant fails to make rental payments as provided in
       the undertaking within five days of the day rent is due under the terms of the residential rental
       agreement, the clerk of superior court shall, upon application of the plaintiff appellee,
       immediately issue a writ of possession, and the sheriff shall dispossess the defendant appellant
       as provided in G.S. 42-36.2.
   (a1) If the judgment in district court is against the defendant appellant and the defendant
       appellant does not appeal the judgment, the defendant appellant shall pay rent to the plaintiff
       for the time the defendant appellant remains in possession of the premises after the judgment is
       given. Rent shall be prorated if the judgment is executed before the day rent would become due
       under the terms of the lease. The clerk of court shall disperse any rent in arrears paid by the
defendant appellant in accordance with a stipulation executed by all parties or, if there is no stipulation, in accordance with the judge's order.

(b) If the judgment in district court is against the defendant appellant and the defendant appellant appeals the judgment, it shall be sufficient to stay execution of the judgment if the defendant appellant posts a bond as provided in G.S. 42-34(b), G.S. 42-34(b), and no additional security under G.S. 1-292 is required. If the defendant appellant fails to perfect the appeal or the appellate court upholds the judgment of the district court, the execution of the judgment shall proceed. The clerk of court shall not disperse any rent in arrears paid by the defendant appellant until all appeals have been resolved.”

SECTION 2. (a) G.S. 42-25.9(d) reads as rewritten:

"(d) If any tenant abandons personal property of five hundred dollar ($500.00) seven hundred fifty dollar ($750.00) value or less in the demised premises, or fails to remove such property at the time of execution of a writ of possession in an action for summary ejectment, the landlord may, as an alternative to the procedures provided in G.S. 42-25.9(g), 42-25.9(h), or 42-36.2, deliver the property into the custody of a nonprofit organization regularly providing free or at a nominal price clothing and household furnishings to people in need, upon that organization agreeing to identify and separately store the property for 30 days and to release the property to the tenant at no charge within the 30-day period. A landlord electing to use this procedure shall immediately post at the demised premises a notice containing the name and address of the property recipient, post the same notice for 30 days or more at the place where rent is received, and send the same notice by first-class mail to the tenant at the tenant's last known address. Provided, however, that the notice shall not include a description of the property.”

SECTION 2. (b) G.S. 42-25.9(h) reads as rewritten:

"(h) If the total value of all property remaining on the premises at the time of execution of a writ of possession in an action for summary ejectment is less than one hundred dollars ($100.00), five hundred dollars ($500.00), the property shall be deemed abandoned five days after the time of execution, and the landlord may throw away or dispose of the property. Upon the tenant's request prior to the expiration of the five-day period, the landlord shall release possession of the property to the tenant during regular business hours or at a time agreed upon.”

SECTION 3. G.S. 42-26 reads as rewritten:

"§ 42-26. Tenant holding over may be dispossessed in certain cases.

(a) Any tenant or lessee of any house or land, and the assigns under the tenant or legal representatives of such tenant or lessee, who holds over and continues in the possession of the demised premises, or any part thereof, without the permission of the landlord, and after demand made for its surrender, may be removed from such premises in the manner hereinafter prescribed in any of the following cases:

(1) When a tenant in possession of real estate holds over after his term has expired.

(2) When the tenant or lessee, or other person under him, has done or omitted any act by which, according to the stipulations of the lease, his estate has ceased.

(3) When any tenant or lessee of lands or tenements, who is in arrear for rent or has agreed to cultivate the demised premises and to pay a part of the crop to be made thereon as rent, or who has given to the lessor a lien on such crop as a security for the rent, deserts the demised premises, and leaves them unoccupied and uncultivated.

(b) An arrearage in costs owed by a tenant for water or sewer services pursuant to G.S. 62-110(g) shall not be used as a basis for termination of a lease under this Chapter. Any payment to the landlord shall be applied first to the rent owed and then to charges for water or sewer service, unless otherwise designated by the tenant.
In an action for ejectment based upon G.S. 42-26(a)(2), the lease may provide that the landlord's acceptance of partial rent or partial housing subsidy payment does not waive the tenant's breach for which the right of reentry was reserved, and the landlord's exercise of such a provision does not constitute a violation of Chapter 75 of the General Statutes.”

SECTION 4. G.S. 42-51 reads as rewritten:

"§ 42-51. Permitted uses of the deposit.

(a) Security deposits for residential dwelling units shall be permitted only for the following:

(1) The tenant's possible nonpayment of rent and costs for water or sewer services provided pursuant to G.S. 62-110(g), G.S. 62-110(g).

(2) Damage to the premises, including damage to or destruction of smoke detectors or carbon monoxide detectors.

(3) Damage as the result of the nonfulfillment of the rental period, except where the tenant terminated the rental agreement under G.S. 42-45, G.S. 42-45.1, or because the tenant was forced to leave the property because of the landlord's violation of Article 2A of the General Statutes or was constructively evicted by the landlord's violation of G.S. 42-42(a).

(4) Any unpaid bills that become a lien against the demised property due to the tenant's occupancy.

(5) The costs of re-renting the premises after breach by the tenant, including any reasonable fees or commissions paid by the landlord to a licensed real estate broker to re-rent the premises.

(6) The costs of removal and storage of the tenant's property after a summary ejectment proceeding.

(7) Court costs in connection with terminating a tenancy.

(8) Any fee permitted by G.S. 42-46.

(b) The security deposit shall not exceed an amount equal to two weeks' rent if a tenancy is week to week, one and one-half months' rent if a tenancy is month to month, and two months' rent for terms greater than month to month. These deposits must be fully accounted for by the landlord as set forth in G.S. 42-52."

SECTION 5. G.S. 42A-11(b) reads as rewritten:

"(b) The vacation rental agreement shall contain provisions separate from the requirements of subsection (a) of this section which shall describe the following as permitted or required by this Chapter:

(1) The manner in which funds shall be received, deposited, and disbursed in advance of the tenant's occupancy of the property.

(2) Any processing fees permitted under G.S. 42A-17(c).

(2a) Any cleaning fee permitted under G.S. 42A-17(d).

(3) The rights and obligations of the landlord and tenant under G.S. 42A-17(b).

(4) The applicability of expedited eviction procedures.

(5) The rights and obligations of the landlord or real estate broker and the tenant upon the transfer of the property.

(6) The rights and obligations of the landlord or real estate broker and the tenant under G.S. 42A-36.

(7) Any other obligations of the landlord and tenant."

SECTION 6. G.S. 42A-17 is amended by adding a new subsection to read:

"(d) A vacation rental agreement may include a cleaning fee, the amount of which shall be provided in the agreement, reasonably calculated to cover the costs of cleaning the residential property upon the termination of the tenancy."
SECTION 7. Article 25 of Chapter 28A of the General Statutes is amended by adding a new section to read as follows:

(a) When a decedent who is the sole occupant of a dwelling unit dies leaving tangible personal property in the dwelling unit, the landlord may take possession of the property upon the filing of an affidavit that complies with the provisions of subsection (b) of this section if all of the following conditions have been met:

1. At least 10 days has elapsed from the date the paid rental period for the dwelling unit has expired.
2. No personal representative, collector, or receiver has been appointed for the decedent's estate under the provisions of this Chapter, Chapter 28B, or Chapter 28C of the General Statutes in the county in which the dwelling unit is located.
3. No affidavit related to the decedent's estate has been filed under the provisions of G.S. 28A-25-1 or G.S. 28A-25-1.1 in the county in which the dwelling unit is located.

(b) The affidavit required by subsection (a) of this section shall be on a form approved by the Administrative Office of the Courts and supplied by the clerk of court. The affidavit shall state all of the following:

1. The name and address of the affiant and the fact that the affiant is the lessor of the dwelling unit.
2. The name of the decedent and the fact that the decedent was the lessee and sole occupant of the dwelling unit and died leaving tangible personal property in the dwelling unit. The affiant shall attach to the affidavit a copy of the decedent's death certificate.
3. The address of the dwelling unit.
4. The date of the decedent's death.
5. The date the paid rental period expired and the fact that at least 10 days has elapsed since that date.
6. The affiant's good faith estimate of the value of the tangible personal property remaining in the dwelling unit. The affiant shall attach to the affidavit an inventory of the property which shall include, at a minimum, the categories of furniture, clothing and accessories, and miscellaneous items.
7. That no personal representative, collector, or receiver has been appointed for the decedent's estate under the provisions of this Chapter, Chapter 28B, or Chapter 28C of the General Statutes in the county in which the dwelling unit is located and that no affidavit has been filed in the county under the provisions of G.S. 28A-25-1 or G.S. 28A-25-1.1.
8. The name of the person identified in the rental application, lease agreement, or other landlord document as the authorized person to contact in the event of the death or emergency of the tenant; that the affiant has made a good faith attempt to contact that person to urge that action be taken to administer the decedent's estate; and that either the affiant was unsuccessful in contacting the person or, if contacted, the person has not taken action to administer the decedent's estate. The affiant shall state the efforts made to contact the person identified in the rental application, lease agreement, or other landlord document.
(c) The affidavit shall be filed in the office of the clerk of court in the county in which the dwelling unit is located. The affidavit shall be filed by the clerk upon the landlord's payment of the fee of thirty dollars ($30.00) and shall be indexed in the index to estates. The landlord shall mail a copy of the affidavit to the person identified in the rental application, lease agreement, or other landlord document as the authorized person to contact in the event of the death or emergency of the tenant. If no contact person is identified in the rental application, lease agreement, or other landlord document, the landlord shall cause notice of the filing of the affidavit to be posted at the door of the landlord's primary rental office or the place where the landlord conducts business and at the county courthouse in the area designated by the clerk for the posting of notices.

(d) The filing of an affidavit that complies with the provisions of subsection (b) of this section shall be sufficient to require the transfer of the property remaining in the decedent's dwelling unit to the landlord. Upon the transfer, the landlord may remove the property from the dwelling unit and deliver it for storage to any storage warehouse in the county in which the dwelling unit is located or in an adjoining county if no storage warehouse is located in that county. The landlord may also store the property in the landlord's own storage facility. Notwithstanding any provision of Chapter 42 of the General Statutes, after removing the property from the dwelling unit as provided in this subsection, the landlord shall be in possession of the dwelling unit and may let the unit as the landlord deems fit.

(e) If, at least 90 days after the landlord filed the affidavit required by subsection (a) of this section, no personal representative, collector, or receiver has been appointed under the provisions of this Chapter, Chapter 28B, or Chapter 28C of the General Statutes in the county in which the dwelling unit is located and no affidavit has been filed in the county under the provisions of G.S. 28A-25-1 or G.S. 28A-25-1.1, the landlord may take any of the following actions related to the decedent's property:

1. Sell the property as provided in subsection (f) of this section.
2. Deliver the property into the custody of a nonprofit organization regularly providing free, or at a nominal price, clothing and household furnishings to people in need for disposition in the normal course of the organization's operations. The organization shall not be liable to anyone for the disposition of the property.

(f) If the landlord delivers the property to a nonprofit organization as authorized in subdivision (2) of subsection (e) of this section, the landlord shall provide an accounting to the clerk stating the nature of the action and the date on which the action was taken. A landlord who elects to sell the property as authorized in subdivision (1) of subsection (e) of this section may do so at a public or private sale. Whether the sale is public or private, the landlord shall, at least seven days prior to the day of sale, give written notice to the clerk and post written notice of the sale in the area designated by the clerk for the posting of notices and at the door of the landlord's primary rental office or the place where the landlord conducts business stating the date, time, and place of the sale, and that any surplus of proceeds from the sale, after payment of unpaid rents, damages, packing and storage fees, filing fees, and sale costs shall be delivered to the clerk. The landlord may apply the proceeds of the sale to the unpaid rents, damages, packing and storage fees, filing fees, and sale costs. Any surplus from the sale shall be paid to the clerk, and the landlord shall provide an accounting to the clerk showing the manner in which the proceeds of the sale were applied. The clerk shall administer the funds in the same manner as provided in G.S. 28A-25-6.

(g) If, at any time after the landlord files the affidavit required by subsection (a) of this section but before the landlord takes any of the actions authorized in subsection (e) of this section, the landlord is presented with letters of appointment or another document issued by a court indicating that a personal representative, collector, or receiver has been appointed for the decedent's estate or an affidavit filed under the provisions of G.S. 28A-25-1 or G.S. 28A-25-1.1, the landlord shall deliver the decedent's property to the personal representative, collector, or receiver appointed or to the person who filed the affidavit.
(h) Notwithstanding the provisions of subsections (a) through (g) of this section, if the decedent dies leaving tangible personal property of five hundred dollar ($500.00) value or less in the dwelling unit, the landlord may, without filing an affidavit, deliver the property into the custody of a nonprofit organization regularly providing free, or at a nominal price, clothing and household furnishings to people in need upon that organization agreeing to identify and separately store the property for 30 days and to release the property to a person authorized by law to act on behalf of the decedent at no charge within the 30-day period. Prior to delivering the property to the nonprofit organization, the landlord shall prepare an inventory of the property which shall include, at a minimum, the categories of furniture, clothing and accessories, and miscellaneous items. A landlord electing to act under this subsection shall immediately send a notice by first-class mail containing the name and address of the property recipient and a copy of the inventory to the person identified in the rental application, lease agreement, or other landlord document as the authorized person to contact in the event of the death or emergency of the tenant and shall post the same notice for 30 days or more at the door of the landlord's primary rental office or the place where the landlord conducts business. The notice posted shall not include an inventory of the property. Any nonprofit organization agreeing to receive personal property under this subsection shall not be liable to the decedent's estate for the disposition of the property, provided that the property has been separately identified and stored for release to a person authorized by law to act on behalf of the decedent for a period of 30 days.

Where an inactive hazardous substance or waste disposal site is located on more than one parcel or tract of land, a composite map or plat showing all parcels or tracts may be recorded. The Notice shall include a legal description of the site that would be sufficient as a description in an instrument of conveyance, shall meet the requirements of G.S. 47-30 for maps and plats, and shall identify:

(d) In the event that the owner of the site fails to submit and file the Notice required by this section within the time specified, the Secretary may prepare and file such Notice. If a marginal entry is impracticable because of the method used to record maps and plats, the register of deeds shall not be required to make a marginal entry.

(g) Recordation under this section is not required for any inactive hazardous substance or waste disposal site that is undergoing voluntary remedial action pursuant to this Part unless the Secretary determines that either:

The Department may enforce any land-use restriction without first having exhausted any available administrative remedies. A land-use restriction may also be enforced by any unit of local government having jurisdiction over any part of the brownfields property by means of a civil action without the unit of local government having first exhausted any available administrative remedy. A land-use restriction may also be enforced by any person eligible for liability protection under this Part who will lose liability protection if the land-use restriction is violated. A land-use restriction shall not be declared unenforceable due to lack of privity of estate or contract, due to lack of benefit to particular land, or due to lack of any property interest in particular land. Any person who owns or leases a property subject to a land-use restriction under this section shall abide by the land-use restriction.

If a petitioner requests that a contamination site be remediated to standards that require land-use restrictions, the owner of the property must file a Notice of Dry-Cleaning Solvent Remediation for the remediation agreement to become effective.

(b) Notice of Restriction. – A Notice of Dry-Cleaning Solvent Remediation shall include:

1. A survey plat of the contamination site that has been prepared and certified by a professional land surveyor and that meets the requirements of G.S. 47-30.

2. A legal description of the property that would be sufficient as a description in an instrument of conveyance.

3. A description of the location and dimensions of the areas of potential environmental concern with respect to permanently surveyed benchmarks.

4. The type, location, and quantity of dry-cleaning solvent contamination known to exist on the property.

5. Any restrictions on the current or future use of the property or other property that are necessary to assure adequate protection of public health and the environment as provided in rules adopted pursuant to G.S. 143-215.104D(b)(3). These land-use restrictions may apply to activities on, over, or under the land, including, but not limited to, use of groundwater, building, filling, grading, excavating, and mining. Where a contamination site encompasses more than one parcel or tract of land, a composite map or plat showing all parcels or tracts may be recorded.

(c) Recordation of Notice. – After the Commission approves and certifies the Notice of Dry-Cleaning Solvent Remediation under subsection (a) of this section, a certified copy of a Notice of Dry-Cleaning Solvent Remediation shall be filed in the office of the register of deeds of the county or counties in which the property described is located. The owner of the property shall file the Notice of Dry-Cleaning Solvent Remediation within 15 days of the property owner's receipt of the Commission's approval of the notice or the effective date of the dry-cleaning solvent remediation agreement, whichever is later. The register of deeds shall record the certified copy of the Notice of Dry-Cleaning Solvent Remediation and index it in the grantor index under the names of the owners of the land.
(d) Notice of Transfer. – When property for which a Notice of Dry-Cleaning Solvent Remediation has been filed is sold, leased, conveyed, or transferred, the deed or other instrument of transfer shall contain in the description section, in no smaller type than that used in the body of the deed or instrument, a statement that the property has been contaminated with dry-cleaning solvent and, if appropriate, cleaned up under this Part.

(e) Cancellation of Notice. – A Notice of Dry-Cleaning Solvent Remediation filed pursuant to this Part may, at the request of the owner of the property subject to the Notice of Dry-Cleaning Solvent Remediation, be canceled by the Secretary after the risk to public health and the environment associated with the dry-cleaning solvent contamination and any other contaminants included in the dry-cleaning solvent remediation agreement has been eliminated as a result of remediation of the property. The Secretary shall forward notice of cancellation to the register of deeds of the county or counties where the Notice of Dry-Cleaning Solvent Remediation is recorded and request that the Notice of Dry-Cleaning Solvent Remediation be canceled. The notice of cancellation shall contain the names of the landowners as shown in the Notice of Dry-Cleaning Solvent Remediation. The register of deeds shall record the notice of cancellation in the deed books and index it on the grantor index in the name of the landowner as shown in the Notice of Dry-Cleaning Solvent Remediation and on the grantee index in the name “Secretary of Environment and Natural Resources”. The register of deeds shall make a marginal entry on the Notice of Dry-Cleaning Solvent Remediation showing the date of cancellation and the book and page where the notice of cancellation is recorded, and the register of deeds shall sign the entry. If a marginal entry is impracticable because of the method used to record maps and plats, the register of deeds shall not be required to make a marginal entry.

(f) Enforcement. – Any restriction on the current or future use of property subject to a Notice of Dry-Cleaning Solvent Remediation filed pursuant to this section shall be enforced by any owner of the property or by any other potentially responsible party. Any land-use restriction may also be enforced by the Commission through the remedies provided in this Part or by means of a civil action in the superior court. The Commission may enforce any land-use restriction without first having exhausted any available administrative remedies. Restrictions also may be enforced by any unit of local government having jurisdiction over any part of the property by means of a civil action without the unit of local government having first exhausted any available administrative remedy. A land-use restriction may also be enforced by any person eligible for liability protection under this Part who will lose liability protection if the land-use restriction is violated. A restriction shall not be declared unenforceable due to lack of privity of estate or contract, due to lack of benefit to particular land, or due to lack of privity of any property interest in particular land. Any person who owns or leases a property subject to a land-use restriction under this section shall abide by the land-use restriction. Failure to submit an annual certification that land-use restrictions are properly recorded and followed shall result in a notice from the Commission to the property owner. The notice shall inform the person of the actions that need to be taken in order for the person to come into compliance and specify a date by which the person must comply, which shall not be less than 30 calendar days from the date the notice is mailed. Any person who fails to comply within the time specified shall then be subject to enforcement procedures as provided in this Part.

(g) Relation to Brownfields Notice. – Unless the Commission decertifies a previously certified facility or a previously certified abandoned site, this section shall apply in lieu of the provisions of Article 9 of Chapter 130A of the General Statutes and Parts 1 and 2 of Article 21A of Chapter 143 of the General Statutes for properties remediated under this Part.”

SECTION 1.22. G.S. 143B-279.10 reads as rewritten:

“§ 143B-279.10. Recordation of contaminated sites.

(a) The owner of the real property on which a site is located that is subject to current or future use restrictions approved as provided in G.S. 143B-279.9(a) shall submit to the Department a survey plat as required by this section within 180 days after the owner is notified to do so. The survey plat shall identify areas designated by the Department, shall be prepared
and certified by a professional land surveyor, and shall be entitled "NOTICE OF CONTAMINATED SITE". Where a contaminated site is located on more than one parcel or tract of land, a composite map or plat showing all parcels or tracts may be recorded. The Notice shall include a legal description of the site that would be sufficient as a description in an instrument of conveyance, shall meet the requirements of G.S. 47-30 for maps and plats, and shall identify:

1. The location and dimensions of any disposal areas and areas of potential environmental concern with respect to permanently surveyed benchmarks.
2. The type, location, and quantity of contamination known to the owner of the site to exist on the site.
3. Any restriction approved by the Department on the current or future use of the site.

(b) The Department shall review the proposed Notice to determine whether the Notice meets the requirements of this section and rules adopted to implement this section, and shall provide the owner of the site with a notarized copy of the approved Notice. After the Department approves the Notice, the owner of the site shall file a notarized copy of the approved Notice in the register of deeds office in the county or counties in which the land is located within 15 days of the date on which the owner receives approval of the Notice from the Department.

(c) The register of deeds shall record the notarized copy of the approved Notice and index it in the grantor index under the names of the owners of the land.

(d) In the event that the owner of the site fails to submit and file the Notice required by this section within the time specified, the Secretary may prepare and file the Notice. The costs thereof may be recovered by the Secretary from any responsible party. In the event that an owner of a site who is not a responsible party submits and files the Notice required by this section, the owner may recover the reasonable costs thereof from any responsible party.

(e) When a contaminated site that is subject to current or future land-use restrictions is sold, leased, conveyed, or transferred, the deed or other instrument of transfer shall contain in the description section, in no smaller type than that used in the body of the deed or instrument, a statement that the property is a contaminated site and a reference by book and page to the recordation of the Notice.

(f) A Notice of Contaminated Site filed pursuant to this section shall, at the request of the owner of the land, be cancelled by the Secretary after the contamination has been eliminated or remediated to unrestricted use standards. If requested in writing by the owner of the land and if the Secretary concurs with the request, the Secretary shall send to the register of deeds of each county where the Notice is recorded a statement that the contamination has been eliminated, or that the contamination has been remediated to unrestricted use standards, and request that the Notice be cancelled of record. The Secretary's statement shall contain the names of the owners of the land as shown in the Notice and reference the plat book and page where the Notice is recorded. The register of deeds shall record the Secretary's statement in the deed books and index it on the grantor index in the names of the owners of the land as shown in the Notice and on the grantee index in the name "Secretary of Environment and Natural Resources". The register of deeds shall make a marginal entry on the Notice showing the date of cancellation and the book and page where the Secretary's statement is recorded, and the register of deeds shall sign the entry. If a marginal entry is impracticable because of the method used to record maps and plats, the register of deeds shall not be required to make a marginal entry.

(g) This section does not apply to the cleanup pursuant to a remedial action plan that addresses environmental damage resulting from a discharge or release of petroleum from an underground storage tank pursuant to Part 2A of Article 21A of Chapter 143 of the General Statutes.

(h) The definitions set out in G.S. 143B-279.9 apply to this section."
SECTION 1.23. G.S. 143B-279.11 reads as rewritten:

"§ 143B-279.11. Recordation of residual petroleum from an underground storage tank.

(a) The definitions set out in G.S. 143-215.94A and G.S. 143B-279.9 apply to this section. This section applies only to a cleanup pursuant to a remedial action plan that addresses environmental damage resulting from a discharge or release of petroleum from an underground storage tank pursuant to Part 2A of Article 21A of Chapter 143 of the General Statutes.

(b) The owner, operator, or other person responsible for a discharge or release of petroleum from an underground storage tank shall prepare and submit to the Department a proposed Notice that meets the requirements of this section. The proposed Notice shall be submitted to the Department (i) before the property is conveyed, or (ii) when the owner, operator, or other person responsible for the discharge or release requests that the Department issue a determination that no further action is required under the remedial action plan, whichever first occurs. The Notice shall be entitled "NOTICE OF RESIDUAL PETROLEUM". The Notice shall include a description that would be sufficient as a description in an instrument of conveyance of the (i) real property on which the source of contamination is located and (ii) any real property on which contamination is located at the time the remedial action plan is approved and that was owned or controlled by any owner or operator of the underground storage tank or other responsible party at the time the discharge or release of petroleum is discovered or reported or at any time thereafter. The Notice shall identify the location of any residual petroleum known to exist on the real property at the time the Notice is prepared. The Notice shall also identify the location of any residual petroleum known, at the time the Notice is prepared, to exist on other real property that is a result of the discharge or release. The Notice shall set out any restrictions on the current or future use of the real property that are imposed by the Secretary pursuant to G.S. 143B-279.9(b) to protect public health, the environment, or users of the property.

(c) If the contamination is located on more than one parcel or tract of land, the Department may require that the owner, operator, or other person responsible for the discharge or release prepare a composite map or plat that shows all parcels or tracts. If the contamination is located on one parcel or tract of land, the owner, operator, or other person responsible for the discharge or release may prepare a map or plat that shows the parcel but is not required to do so. A map or plat shall be prepared and certified by a professional land surveyor, shall meet the requirements of G.S. 47-30, and shall be submitted to the Department for approval. When the Department has approved a map or plat, it shall be recorded in the office of the register of deeds and shall be incorporated into the Notice by reference.

(d) The Department shall review the proposed Notice to determine whether the Notice meets the requirements of this section and rules adopted to implement this section and shall provide the owner, operator, or other person responsible for the discharge or release of petroleum from an underground storage tank with a notarized copy of the approved Notice. After the Department approves the Notice, the owner, operator, or other person responsible for the discharge or release of petroleum from an underground storage tank shall file a notarized copy of the approved Notice in the register of deeds office in the county or counties in which the real property is located (i) before the property is conveyed or (ii) within 30 days after the owner, operator, or other person responsible for the discharge or release receives notice from the Department that no further action is required under the remedial action plan, whichever first occurs. If the owner, operator, or other person responsible for the discharge or release fails to file the Notice as required by this section, any determination by the Department that no further action is required is void. The owner, operator, or other person responsible for the discharge or release, may record the Notice required by this section without the agreement of the owner of the real property. The owner, operator, or other person responsible for the discharge or release shall submit a certified copy of the Notice as filed in the register of deeds office to the Department.
(e) The register of deeds shall record the notarized copy of the approved Notice and index it in the grantor index under the names of the owners of the real property.

(f) In the event that the owner, operator, or other person responsible for the discharge or release fails to submit and file the Notice required by this section within the time specified, the Secretary may prepare and file the Notice. The costs thereof may be recovered by the Secretary from any responsible party. In the event that an owner of the real property who is not a responsible party submits and files the Notice required by this section, the owner may recover the reasonable costs thereof from any responsible party.

(g) A Notice filed pursuant to this section shall, at the request of the owner of the real property, be cancelled by the Secretary after the residual petroleum has been eliminated or remediated to unrestricted use standards. If requested in writing by the owner of the land, the Secretary shall send to the register of deeds of each county where the Notice is recorded a statement that the residual petroleum has been eliminated, or that the residual petroleum has been remediated to unrestricted use standards, and request that the Notice be cancelled of record. The Secretary's statement shall contain the names of the owners of the land as shown in the Notice and reference the plat book and page where the Notice is recorded. The register of deeds shall record the Secretary’s statement in the deed books and index it on the grantor index in the names of the owners of the real property as shown in the Notice and on the grantee index in the name “Secretary of Environment and Natural Resources”. The register of deeds shall make a marginal entry on the Notice showing the date of cancellation and the book and page where the Secretary’s statement is recorded, and the register of deeds shall sign the entry. If a marginal entry is impracticable because of the method used to record, the register of deeds shall not be required to make a marginal entry.”

SECTION 1.24. G.S. 160A-400.6 reads as rewritten:

“§ 160A-400.6. Required landmark designation procedures.

Such inventories and any additions or revisions thereof shall be submitted as expeditiously as possible to the Office of Archives and History. No ordinance designating a historic building, structure, site, area or object as a landmark nor any amendment thereto may be adopted, nor may any property be accepted or acquired by a preservation commission or the governing board of a municipality, until all of the following procedural steps have been taken:

(6) Upon adoption of the ordinance, the owners and occupants of each designated landmark shall be given written notification of such designation insofar as reasonable diligence permits. One copy of the ordinance and all amendments thereto shall be filed by the preservation commission in the office of the register of deeds of the county in which the landmark or landmarks are located. A third copy of the ordinance and all amendments thereto shall be given to the city or county building inspector. The fact that a building, structure, site, area or object has been designated a landmark shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

       the record when no copy is made. A fee of fifteen dollars ($15.00) shall be
       charged for each additional certificate copy requested from the same search.
       When certificates are issued or searches conducted for statewide issuance by
       local agencies using databases maintained by the State Registrar, the local

SECTION 2.2. G.S. 161-10(8a) is repealed.

PART III. CHANGES TO THE LAWS GOVERNING TRUSTS AND DECEDENTS' ESTATES

SUBPART A. UNIFORM TRUST CODE AMENDMENTS RELATING TO PERSONS HOLDING
THE POWER TO DIRECT TRUSTEES, TRUST PROTECTORS, DIRECTED TRUSTEES AND
OTHER FIDUCIARIES

SECTION 3.1. G.S. 36C-8-808 reads as rewritten:

"§ 36C-8-808. Powers to direct of a settlor to take certain actions with respect to the trust.
(a) While a trust is revocable, the settlor of a revocable trust has, at all times, the power
to direct or consent to the actions of the trustee whether or not the power is conferred upon the
settlor by the terms of the trust. The duty and liability of the trustee subject to the direction and
consent of the settlor is as follows:
   (1) The trustee may follow a direction of the settlor that is not authorized by or
       is contrary to the terms of the trust, even if by doing so (i) the trustee
       exceeds the authority granted to the trustee under the terms of the trust, or
       (ii) the trustee would otherwise violate a duty the trustee owes under the
       trust.
   (2) The trustee is not liable, individually or as a fiduciary, for any loss resulting
directly or indirectly from compliance with the direction. If the settlor
requires the settlor's consent to certain actions of the trustee, and the settlor
does not provide consent within a reasonable time after the trustee has made
a timely request for the settlor's consent, the trustee is not liable, individually
or as a fiduciary, for any loss resulting directly or indirectly from the
trustee's failure to take any action that required the settlor's consent.
(b) If the terms of a trust confer upon a person other than the settlor of a revocable trust
power to direct certain actions of the trustee, the trustee must act in accordance with an exercise
of the power unless the attempted exercise is manifestly contrary to the terms of the trust, or the
trustee knows the attempted exercise would constitute a serious breach of a fiduciary duty that
the person holding the power owes to the beneficiaries of the trust.

92
The terms of a trust may confer upon a trustee or other person a power to direct the modification or termination of the trust.

A person, other than a beneficiary, who holds a power to direct is presumptively a fiduciary who, as such, is required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries. The holder of a power to direct is liable for any loss that results from breach of a fiduciary duty.

SECTION 3.2. G.S. 36C-7-703 is amended by adding the following new subsection to read:

"§ 36C-7-703. Cotrustees.

... (e1) If the terms of a trust confer upon a cotrustee, to the exclusion of another cotrustee, the power to take certain actions with respect to the trust, including the power to direct or prevent certain actions of the trustees, the following apply:

(1) The duty and liability of the excluded trustee is as follows:

a. If the terms of a trust confer upon the cotrustee the power to direct certain actions of the excluded trustee, the excluded trustee must act in accordance with the direction and is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from compliance with the direction unless compliance with the direction constitutes intentional misconduct on the part of the directed cotrustee.

b. If the terms of the trust confer upon the cotrustee any other power, the excluded trustee is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from the action taken by the cotrustee.

c. The excluded trustee has no duty to monitor the conduct of the cotrustee, provide advice to the cotrustee, or consult with or request directions from the cotrustee. The excluded trustee is not required to give notice to any beneficiary of any action taken or not taken by the cotrustee whether or not the excluded trustee agrees with the result. Administrative actions taken by the excluded trustee for the purpose of implementing directions of the cotrustee, including confirming that the directions of the cotrustee have been carried out, do not constitute monitoring of the cotrustee nor do they constitute participation in decisions within the scope of the cotrustee's authority.

(2) Except as otherwise provided in sub-subdivision a. of subdivision (1) of this subsection, the cotrustee holding the power to take certain actions with respect to the trust shall be liable to the beneficiaries with respect to the exercise of the power as if the excluded trustee were not in office and has the exclusive obligation to account to the beneficiaries and defend any action brought by the beneficiaries with respect to the exercise of the power."

SECTION 3.3. G.S. 32-72(d) reads as rewritten:

"§ 32-72. Terms of creating instrument.

... (d) Whenever an instrument reserves to the settlor or vests in any person, including an advisory or investment committee or one or more co-fiduciaries, the authority to direct the making or retention of any investment to the exclusion of the fiduciary or to the exclusion of one or more of several co-fiduciaries, the excluded fiduciary or co-fiduciary who has no discretion in selecting the person authorized to make or retain investments is not liable to the beneficiaries or to the trust for the decisions or actions of the settlor or other person authorized to direct the making or retention of investments. As used in this subsection, the term "person" includes an individual, a corporation, or any legal or commercial entity authorized to hold
The following provisions apply to an instrument creating a fiduciary relationship other than a trust instrument to which Chapter 36C of the General Statutes applies and to a fiduciary other than a trustee:

(1) The terms of the instrument may confer upon a person the power to direct or consent to certain actions of the fiduciary with respect to the following:
   a. Investments, including retention, purchase, sale, exchange, or other transaction affecting the ownership of investments with respect to all or any one or more assets.
   b. Any other administrative matter.

(2) When the terms of the instrument confer upon a person the power to direct or consent to certain actions of the fiduciary, the duty and liability of the fiduciary are as follows:
   a. If the terms of the instrument confer upon the person the power to direct certain actions of the fiduciary, the fiduciary must act in accordance with the direction and is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from compliance with the direction unless compliance with the direction constitutes intentional misconduct on the part of the fiduciary.
   b. If the terms of the instrument confer upon a person the power to consent to certain actions of the fiduciary, and the power holder does not provide consent within a reasonable time after the fiduciary has made a timely request for the power holder's consent, the fiduciary is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from the fiduciary's failure to take any action that required the power holder's consent.
   c. The fiduciary has no duty to monitor the conduct of the power holder, provide advice to the power holder, or consult with the power holder. The fiduciary is not required to give notice to any beneficiary of any action taken or not taken by the power holder whether or not the fiduciary agrees with the result. Administrative actions taken by the fiduciary for the purpose of implementing directions of the power holder, including confirming that the directions of the power holder have been carried out, do not constitute monitoring of the power holder or other participation in decisions within the scope of the power holder's authority.

(3) A person who holds a power to direct or consent is a fiduciary who, as such, is required to act in good faith with regard to the purposes of the estate, or other relationship between the fiduciary and beneficiaries, and the interests of the beneficiaries, except that if a beneficiary is a person with a power to direct or consent, the beneficiary is not a fiduciary with respect to the following:
   a. A power that constitutes a power of appointment.
   b. A power the exercise or nonexercise of which affects only the interests of the beneficiary holding the power and no other beneficiary.

The holder of the power to direct or consent is liable for any loss that results from breach of a fiduciary duty occurring as a result of the exercise or nonexercise of the power.

SECTION 3.4. Chapter 36C of the General Statutes is amended by adding a new Article to read:
"Article 8A.
"Powers, Duties, and Liability of a Power Holder Other Than a Trustee;
Duty and Liability of a Trustee With Respect to Power Holder's Actions.
"§ 36C-8A-801. Definition.
For purposes of this Article, the term "power holder" means a person who under the terms of a trust has the power to take certain actions with respect to a trust and who is not a trustee or a settlor with a power to direct or consent pursuant to G.S. 36C-8-808.
"§ 36C-8A-802. Powers of a power holder.
(a) The terms of a trust may confer upon a power holder a power to direct or consent to a duty that would normally be required of a trustee, including, but not limited to, a power to direct or consent to the following:
   (1) Investments, including any action relating to investment of all or any one or more of the trust assets that a trustee is authorized to take under this Chapter.
   (2) Discretionary distributions of trust assets, including distributions to one or more beneficiaries, distribution of one or more trust assets, and termination of the trust by distribution of all of the trust assets.
   (3) Any other matter regarding trust administration, including the transfer of the principal place of administration of the trust.
(b) The terms of a trust may also confer upon the power holder any other power, including, but not limited to, the power to do the following:
   (1) Modify or amend the trust to do any of the following:
      a. Achieve favorable tax status under applicable law.
      b. Take advantage of laws governing restraints on alienation or other State laws restricting the terms of the trust, distribution of trust property, or the administration of the trust.
   (2) Remove and appoint trustees and power holders.
   (3) Increase or decrease the interests of any beneficiary.
   (4) Grant a power of appointment to one or more beneficiaries of the trust or modify the terms of or terminate a power of appointment granted to a beneficiary by the governing instrument, except that a grant or modification of a power of appointment may not grant a beneficial interest to any of the following:
      a. Any individual or class of individuals not specifically provided for in the trust instrument.
      b. The person having the power to grant, modify, or terminate the power of appointment.
      c. The estate and creditors of the person having the power to grant, modify, or terminate the power of appointment.
   (5) Change the governing law of the trust.
"§ 36C-8A-803. Duty and liability of power holder.
(a) A power holder is a fiduciary with respect to the powers conferred upon the power holder who, as such, is required to act in good faith and in accordance with the purposes and terms of a trust and the interests of the beneficiaries, except a power holder is not a fiduciary with respect to the following:
   (1) A power to remove and appoint a trustee or power holder.
   (2) A power that constitutes a power of appointment held by a beneficiary of a trust.
   (3) A power the exercise or nonexercise of which may affect only the interests of the power holder and no other beneficiary.
(b) A power holder is liable for any loss that results from breach of fiduciary duty occurring as a result of the exercise or nonexercise of the power.
The following provisions applicable to a trustee shall also be applicable to a power holder with respect to powers conferred upon the power holder as a fiduciary:

1. The provisions of G.S. 36C-8-814 regarding discretionary powers and tax savings.
2. The provisions of G.S. 36C-10-1001 through G.S. 36C-10-1012 regarding liability of trustees and rights of third persons dealing with trustees.
3. The provisions of Article 9 of this Chapter regarding the uniform prudent investor rule.

(a) If the terms of a trust confer upon a power holder the power to direct certain actions of the trustee, the trustee must act in accordance with the direction and is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from compliance with the direction unless compliance with the direction constitutes intentional misconduct on the part of the trustee.

(b) If the terms of a trust confer upon the power holder the power to consent to certain actions of the trustee, and the power holder does not provide consent within a reasonable time after the trustee has made a timely request for the power holder's consent, the trustee is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from the trustee's failure to take any action that required the power holder's consent.

(c) If the terms of a trust confer upon the person a power other than the power to direct or consent to actions of the trustee, the trustee is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from the exercise or nonexercise of the power.

(d) The trustee has no duty to monitor the conduct of the power holder, provide advice to the power holder, or consult with the power holder. The trustee is not required to give notice to any beneficiary of any action taken or not taken by the power holder whether or not the trustee agrees with the result. Administrative actions taken by the trustee for the purpose of implementing directions of the power holder, including confirming that the directions of the power holder have been carried out, do not constitute monitoring of the power holder nor do they constitute participation in decisions within the scope of the power holder's authority.

"§ 36C-8A-805. Compensation and reimbursement of expenses of power holder.

A power holder as a fiduciary is entitled to compensation and reimbursement of expenses as provided in G.S. 32-59.

"§ 36C-8A-806. Jurisdiction over power holder.

(a) By accepting appointment to serve as a power holder with respect to a trust having its principal place of business in this State, or by moving the principal place of administration to this State, the power holder submits personally to the jurisdiction of the courts of this State regarding any matter involving action or inaction of the power holder.

(b) This section does not preclude other methods of obtaining jurisdiction over a power holder.

"§ 36C-8A-807. Accepting or declining the appointment as power holder.

(a) A person designated as a power holder accepts the appointment to serve as a power holder:

1. By substantially complying with a method of acceptance provided in the terms of a trust; or
2. If the terms of a trust do not provide a method or the method provided in the terms of a trust is not expressly made exclusive, by exercising powers or performing duties as a power holder or otherwise indicating acceptance of the appointment to serve as a power holder.

(b) A person designated as a power holder may reject the appointment to serve as a power holder. A trustee may give written notice to a power holder requesting acceptance of the appointment as power holder. AN ACT TO AMEND THE LAWS RELATING TO DOMESTIC VIOLENCE PROTECTIVE ORDERS, AS RECOMMENDED BY THE NORTH CAROLINA BAR ASSOCIATION; AND TO PROVIDE FOR TERMINATION OF CHILD SUPPORT WHEN A CHILD IS ENROLLED IN AN EARLY COLLEGE PROGRAM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 50B-2(c) reads as rewritten:

"(c) Ex Parte Orders. –

(1) Prior to the hearing, if it clearly appears to the court from specific facts shown, that there is a danger of acts of domestic violence against the aggrieved party or a minor child, the court may enter orders as it deems necessary to protect the aggrieved party or minor children from those acts, provided, however, that

(2) A temporary order for custody ex parte and prior to service of process and notice shall not be entered unless the court finds that the child is exposed to a substantial risk of physical or emotional injury or sexual abuse.

(3) If the court finds that the child is exposed to a substantial risk of physical or emotional injury or sexual abuse, upon request of the aggrieved party, the court shall consider and may order the other party to (i) stay away from a minor child, or (ii) to return a minor child to, or not remove a minor child from, the physical care of a parent or person in loco parentis, if the court finds that the order is in the best interest of the minor child and is necessary for the safety of the minor child.

(4) If the court determines that it is in the best interest of the minor child for the other party to have contact with the minor child or children, the court shall issue an order designed to protect the safety and well-being of the minor child and the aggrieved party. The order shall specify the terms of contact between the other party and the minor child and may include a specific schedule of time and location of exchange of the minor child, supervision by a third party or supervised visitation center, and any other conditions that will ensure both the well-being of the minor child and the aggrieved party.

(5) Upon the issuance of an ex parte order under this subsection, a hearing shall be held within 10 days from the date of issuance of the order or within seven days from the date of service of process on the other party, whichever occurs later. A continuance shall be limited to one extension of no more than 10 days unless all parties consent or good cause is shown. The hearing shall have priority on the court calendar.

(6) If an aggrieved party acting pro se requests ex parte relief, the clerk of superior court shall schedule an ex parte hearing with the district court division of the General Court of Justice within 72 hours of the filing for said relief, or by the end of the next day on which the district court is in session in the county in which the action was filed, whichever shall first occur. If the district court is not in session in said county, the aggrieved party may contact the clerk of superior court in any other county within the same judicial district who shall schedule an ex parte hearing with the district court division.
of the General Court of Justice by the end of the next day on which said
court division is in session in that county.

(7) Upon the issuance of an ex parte order under this subsection, if the party is
proceeding pro se, the Clerk shall set a date for hearing and issue a notice of
hearing within the time periods provided in this subsection, and shall effect
service of the summons, complaint, notice, order and other papers through
the appropriate law enforcement agency where the defendant is to be
served."

SECTION 2. G.S. 50-13.4(c) reads as rewritten:

"(c) Payments ordered for the support of a minor child shall be in such amount as to
meet the reasonable needs of the child for health, education, and maintenance, having due
regard to the estates, earnings, conditions, accustomed standard of living of the child and the
parties, the child care and homemaker contributions of each party, and other facts of the
particular case. Payments ordered for the support of a minor child shall be on a monthly basis,
due and payable on the first day of each month. The requirement that orders be established on a
monthly basis does not affect the availability of garnishment of disposable earnings based on an
obliger's pay period.

The court shall determine the amount of child support payments by applying the
presumptive guidelines established pursuant to subsection (c1) of this section. However, upon
request of any party, the Court shall hear evidence, and from the evidence, find the facts
relating to the reasonable needs of the child for support and the relative ability of each parent to
provide support. If, after considering the evidence, the Court finds by the greater weight of the
evidence that the application of the guidelines would not meet or would exceed the reasonable
needs of the child considering the relative ability of each parent to provide support or would be
otherwise unjust or inappropriate the Court may vary from the guidelines. If the court orders an
amount other than the amount determined by application of the presumptive guidelines, the
court shall make findings of fact as to the criteria that justify varying from the guidelines and
the basis for the amount ordered.

Payments ordered for the support of a child shall terminate when the child reaches the age
of 18 except:

(1) If the child is otherwise emancipated, payments shall terminate at that time;

(2) If the child is still in primary or secondary school when the child reaches age
18, support payments shall continue until the child graduates, otherwise
ceases to attend school on a regular basis, fails to make satisfactory
academic progress towards graduation, or reaches age 20, whichever comes
first, unless the court in its discretion orders that payments cease at age 18 or
prior to high school graduation.

(3) If the child is enrolled in a cooperative innovative high school program
authorized under Part 9 of Article 16 of Chapter 115C of the General
Statutes, then payments shall terminate when the child completes his or her
fourth year of enrollment or when the child reaches the age of 18, whichever
occurs later.

In the case of graduation, or attaining age 20, payments shall terminate without order by the
court, subject to the right of the party receiving support to show, upon motion and with notice
to the opposing party, that the child has not graduated or attained the age of 20.

If an arrearage for child support or fees due exists at the time that a child support obligation
terminates, payments shall continue in the same total amount that was due under the terms of
the previous court order or income withholding in effect at the time of the support obligation.
The total amount of these payments is to be applied to the arrearage until all arrearages and fees
are satisfied or until further order of the court."

Session Law 2012-38

H.B. 149

AN ACT TO CREATE THE CRIMINAL OFFENSE OF TERRORISM.

Whereas, closed community compounds are located across the United States and near the borders of this State; and

Whereas, these compounds have limited public access and are reputed to be bound together by a common purpose or ideology; and

Whereas, there have been reports of weapons fire and military-type training occurring at some of these compounds; and

Whereas, a defendant who was convicted of the attempted murder of nine students at the University of North Carolina at Chapel Hill as an act of revenge for enemy casualties of war was not charged under federal domestic terrorism laws; and

Whereas, the current State criminal statutes do not sufficiently recognize the increased danger to the public and do not sanction appropriately acts of terrorism; Now, therefore,

The General Assembly of North Carolina enacts:

(c) A violation of this section is a felony that is one class higher than the offense which is the underlying act of violence, except that a violation is a Class B1 felony if the underlying act of violence is a Class A or Class B1 felony offense. A violation of this section is a separate offense from the underlying offense and shall not merge with other offenses.

(d) All real and personal property of every kind used or intended for use in the course of, derived from, or realized through an offense punishable pursuant to this Article shall be subject to lawful seizure and forfeiture to the State as set forth in G.S. 14-2.3 and G.S. 14-7.20. However, the forfeiture of any real or personal property shall be subordinate to any security interest in the property taken by a lender in good faith as collateral for the extension of credit and recorded as provided by law, and no real or personal property shall be forfeited under this section against an owner who made a bona fide purchase of the property, or a person with rightful possession of the property, without knowledge of a violation of this Article."

SECTION 2. G.S. 14-7.20 reads as rewritten:

3. Report as directed by the court or his probation officer to the officer at reasonable times and places and in a reasonable manner, permit the officer to visit him at reasonable times, answer all reasonable inquiries by the officer and obtain prior approval from the officer for, and notify the officer of, any change in address or employment.
4. Satisfy child support and other family obligations as required by the court. If the court requires the payment of child support, the amount of the payments shall be determined as provided in G.S. 50-13.4(c).

A defendant attending an abuser treatment program shall abide by all of the rules of the program. If the defendant is discharged from the program for failure to comply with the program or its rules, such noncompliance shall be reported to the court. The probation officer shall forward a copy of the judgment, including all conditions of probation to the program, and the abuser treatment program shall notify the probation officer of any violations of program rules by the defendant.
(13) Submit at reasonable times to warrantless searches by a probation officer of
the probationer's person and of the probationer's vehicle and premises while
the probationer is present, for purposes directly related to the probation
supervision, but the probationer may not be required to submit to any other
search that would otherwise be unlawful. Whenever the warrantless search
consists of testing for the presence of illegal drugs, the probationer may also
be required to reimburse the Department of Correction for the actual cost of
drug screening and drug testing, if the results are positive.

(14) Submit to warrantless searches by a law enforcement officer of
the probationer's person and of the probationer's vehicle, upon a reasonable
suspicion that the probationer is engaged in criminal activity or is in
possession of a firearm, explosive device, or other deadly weapon listed in

be present at or frequent any place where such illegal drugs or controlled
substances are sold, kept, or used.

A defendant shall not pay costs associated with a substance abuse monitoring program or
any other special condition of probation in lieu of, or prior to, the payments required by this
subsection.

regulations of the Department of Correction governing the conduct of inmates while
imprisoned and report to a probation officer in the State of North Carolina within 72 hours of
his discharge from the active term of imprisonment.

Regular conditions of probation apply to each defendant placed on supervised probation
unless the presiding judge specifically exempts the defendant from one or more of the
conditions in open court and in the judgment of the court. It is not necessary for the presiding
judge to state each regular condition of probation in open court, but the conditions must be set
forth in the judgment of the court.

Defendants placed on unsupervised probation are subject to the provisions of this
subsection, except that defendants placed on unsupervised probation are not subject to the
regular conditions contained in subdivisions (2), (3), (6), (8), (11), (13), (14), and (15) of this
subsection. If a defendant placed on unsupervised probation is subject to the condition
contained in subdivision (12) of this subsection, the court shall schedule a compliance review
hearing within 60 days of judgment and every 60 days thereafter until the defendant completes

was a personal relationship between the defendant and the victim, then the judge shall indicate
on the form reflecting the judgment that the case involved domestic violence. The clerk of court
shall insure that the official record of the defendant's conviction includes the court's
determination, so that any inquiry into the defendant's criminal record will reflect that the
offense involved domestic violence.

122
(b) If the presiding judge determines that there was a personal relationship between the defendant and the victim, and a sentence to community punishment is imposed, the judge shall determine whether the defendant shall comply with one or more of the special conditions of probation set forth at G.S. 15A-1343(b1), in addition to any other authorized punishment. Notwithstanding the provisions of G.S. 15A-1340.11(6), the court may require the defendant to comply with the provisions of G.S. 15A-1343(b1)(3c).

"§ 105-262.1. Rules to exercise authority under G.S. 105-130.5A.
(a) Purpose and Scope. – It is the policy of the State to provide necessary guidance on a timely basis to corporate taxpayers subject under G.S. 105-130.5A to have their net income adjusted or to be required to file a combined return. Except for a voluntary redetermination as allowed under G.S. 105-130.5A(c), the Secretary may not redetermine the State net income of a corporation properly attributable to its business carried on in the State under G.S. 105-130.5A until a rule adopted by the Secretary in accordance with this section becomes effective. This section provides an expedited procedure for the adoption of rules needed to administer G.S. 105-130.5A. The Secretary may not interpret G.S. 105-130.5A in the form of a bulletin or directive under G.S. 105-264.

The Secretary is exempt from G.S. 150B-21.1 through G.S. 150B-21.4 of Part 2 of Article 2A of Chapter 150B of the General Statutes but is subject to the expedited procedure for the adoption of rules as established by this section. The Secretary is exempt from Part 3 of Article 2A of Chapter 150B of the General Statutes but is subject to the expedited review procedure as established by this section.

The Secretary must accept a written comment on the fiscal note in the same manner the Secretary accepts written comments on the proposed rule. The Secretary is not subject to the fiscal note requirement under G.S. 105-262(c). For purposes of this section, a "substantial economic impact" has the same meaning as defined in G.S. 150B-21.4(b1).

(d) Adoption. – The Secretary may adopt a rule under this section by using the procedure for adoption of a temporary rule set forth in G.S. 150B-21.1(a3). The Secretary must provide electronic notification of the adoption of a rule to persons on the mailing list maintained in accordance with G.S. 150B-21.2(d) and any other interested parties, including those originally given notice of the rule making and those who provided comment on the rule. If the Secretary receives written comment objecting to the rule and requesting review by the Commission, the rule must be reviewed in accordance with subsections (e) through (i) of this section. A person may object to the rule and request review by the Commission at any point prior to the adoption of the rule and by 5:00 P.M. on the third business day following electronic

The Codifier of Rules must enter the rule into the North Carolina Administrative Code upon receipt of the rule.

(e) Review. – If the Secretary receives written comment objecting to the rule and requesting review by the Commission, the Secretary must submit the rule to the Commission for review. The Commission may not consider questions relating to the quality or efficacy of the rule but must restrict its review to a determination of whether the rule meets all of the following criteria:

1. It is within the authority delegated to the agency by the General Assembly.
2. It is clear and unambiguous.
3. It is reasonably necessary to implement or interpret an enactment of the General Assembly, or of Congress, or a regulation of a federal agency. The Commission must consider the cumulative effect of all rules adopted by the agency related to the specific purpose for which the rule is proposed.
4. It was adopted in accordance with this section.

(f) Manner of Review. – When the Commission reviews a rule under this section, the time limits in subsections (b) and (b1) of G.S. 150B-21.1 apply. The Commission must review the rule to determine whether the rule meets the standards in subsection (e) of this section. The Commission must direct a member of its staff who is an attorney licensed to practice law in North Carolina to review the rule. The staff member must make a recommendation to the Commission or its designee. The Commission's designee must be a panel of at least three members of the Commission. The staff member, Commission's designee, or the Commission may also request technical changes as allowed in G.S. 150B-21.10. In reviewing the rule, the Commission may consider any information submitted by the Secretary or another person.

(g) Objection. – If the Commission or its designee finds that the rule does not meet the standards in subsection (e) of this section and objects to the rule, the Commission or its designee must send the Secretary a written statement of the objection and the reason for the objection within one business day. The Secretary must take one of the following actions:

1. Change the rule to satisfy the Commission's objection and submit the revised rule to the Commission.
2. Submit a written response to the Commission indicating that the Secretary has decided not to change the rule.

(h) Changes. – When the Secretary changes a rule in response to an objection by the Commission, the Commission must determine whether the change satisfies the Commission's objection. If it does, the Commission must approve the rule. If it does not, the Commission must send the Secretary a written statement of the Commission's continued objection and the reason for the continued objection.

(i) Approval. – If the Commission or its designee finds that the rule meets the standards in subsection (e) of this section, the Commission or its designee must approve the rule and deliver the rule to the Codifier of Rules. The Codifier of Rules must enter the rule into the North Carolina Administrative Code upon receipt from the Commission or its designee.

(j) Return of Rule. – A rule to which the Commission has objected remains under review by the Commission until the Secretary decides not to satisfy the Commission's objection and makes a written request to the Commission to return the rule to the Secretary. When the Commission returns a rule to the Secretary in accordance with this section, the Secretary may file an action for declaratory judgment in Wake County Superior Court pursuant to Article 26 of Chapter 1 of the General Statutes.

(k) Effective Date. – G.S. 150B-21.3 does not apply to a rule adopted under this section. A rule adopted under this section becomes effective on the last day of the month the Codifier of Rules enters the rule in the North Carolina Administrative Code.”
SECTION 3. G.S. 150B-1(d)(4) reads as rewritten:
"(d) Exemptions from Rule Making. – Article 2A of this Chapter does not apply to the
following:

of Revenue's authority to redetermine the State net taxable income of a
corporation under G.S. 105-130.5A, the Department is subject to the
rule-making requirements of G.S. 105-262.1.

"...

SECTION 4. On June 30, 2011, the Governor signed into law S.L. 2011-390,
House Bill 619, as passed by the General Assembly. The law repealed the Secretary of
Revenue's authority to adjust a corporation's net income or require a combined return under
G.S. 105-130.6, 105-130.15, and 105-130.16 and replaced it with a new authority under
G.S. 105-130.5A. The Fiscal Research Division of the North Carolina General Assembly
prepared a fiscal memo on House Bill 619. Therefore, notwithstanding G.S. 105-262.1, as
enacted by Section 2 of this act, G.S. 105-262(c), and Section 7 of the Budget Manual prepared
by the Office of State Budget and Management, the Secretary of Revenue shall not be required
to prepare a fiscal note for a proposed new rule submitted to the Codifier of Rules under
G.S. 105-262.1, as enacted by this act, prior to December 31, 2012.

SECTION 5. On April 17, 2012, the Department of Revenue published a directive
pursuant to G.S. 105-264, CD-12-02, that explains the Secretary's authority under
G.S. 105-130.5A to redetermine a corporation's net income by adjusting the corporation's
intercompany transactions or requiring a corporation to file a combined income tax return for
tax years beginning on or after January 1, 2012. This act supersedes the Directive; however, a
taxpayer who relied upon the interpretation in the Directive and whose North Carolina taxable
income for the 2012 taxable year is less under the Directive's interpretation than under an
interpretation of G.S. 105-130.5A by a rule adopted pursuant to G.S. 105-262.1, as enacted by
this act, is entitled to rely on the interpretation under the Directive for the 2012 taxable year.

G.S. 105-130.5A, effective for taxable years beginning on or after January 1, 2012. The
Secretary of Revenue's authority under G.S. 105-130.5A exists continuously for taxable years
beginning on or after January 1, 2012. G.S. 105-262.1, as enacted by Section 2 of this act,
prevents the Secretary from exercising the authority granted under G.S. 105-130.5A until a rule
adopted in accordance with G.S. 105-262.1 becomes effective. After the rule becomes
effective, the Secretary may issue a proposed denial of a refund or a proposed assessment under
the authority of G.S. 105-130.5A for any taxable year beginning on or after January 1, 2012,
subject to the applicable statute of limitations.

AN ACT TO ALLOW GRANVILLE COUNTY, PERSON COUNTY, THE CITY OF CREEDMOOR, THE TOWN OF BUTNER, AND THE TOWN OF STEM TO COLLECT DELINQUENT STORMWATER UTILITY FEES IN THE SAME MANNER AS DELINQUENT PERSONAL AND REAL PROPERTY TAXES.

Whereas, water quality standards mandated by State and federal law are requiring that local governments develop more detailed, advanced, and costly stormwater programs; and

Whereas, effective stormwater management should be provided to protect, to the extent practicable, the citizens from the loss of life and property damage from flooding; and

Whereas, aging stormwater conveyance systems and increasing demand upon those systems from development require that local governments engage in long-term planning; and

Whereas, the construction, operation, and maintenance of stormwater conveyance systems requires long-term planning and stable and adequate funding; and
Whereas, it is often most efficient to bill and collect rents, rates, fees, charges, and penalties for stormwater management programs and structural and natural stormwater and drainage systems in the same manner as property taxes; Now, therefore,

No law of this State prescribing the nature, amount, or form of security or requiring security upon which loans or investments may be made, or prescribing the rates or time of payment of the interest any obligation may bear, or prescribing the period for which loans or investments may be made, shall apply to investments made pursuant to this subsection.

(e) Except as provided in subsection (f) of this section, a bank or bank operating subsidiary proposing to make an investment described in subsection (b), (c), or (d) of this section shall give prior written notice to the Commissioner, providing such detail as the Commissioner may require. While the objection period is so extended, the bank or bank operating subsidiary may not proceed with respect to the proposed investment.

(f) The prior notice requirement provided by subsection (e) of this section shall not apply if all of the following apply:

(1) The bank is well-capitalized and well-managed as demonstrated by the supervisory rating it received during its most recent examination.
(2) Each activity of the subsidiary in which the investment is to be made is either of the following:
   a. One in which the bank is then engaged or has previously been engaged, directly or through a different subsidiary, and for which all necessary approvals of bank supervisory agencies and of the Commissioner have previously been obtained and remain in effect.
   b. One for which no prior notice or application for approval to any federal bank supervisory authority is required.

(3) A bank that makes an investment pursuant to the exception created by this subsection shall nevertheless notify the Commissioner in writing of the investment within 30 days thereafter.

Any securities owned or hereafter acquired in excess of the limitations herein imposed shall be disposed of at public or private sale within six months after the date of acquiring the securities and, if not so disposed of, they shall be charged to profit and loss account and no longer carried on the books as an asset. The limit of time in which securities shall be disposed of or charged off the books of the bank may be extended by the Commissioner if in the Commissioner's judgment it is in the best interest of the bank that the extension be granted, provided that the limitations imposed in this section on the ownership of shares or other equity ownership interest in companies are suspended only to the extent that any bank operating under the supervision of the Commissioner may subscribe for and purchase shares and other equity ownership interests in, or debentures, bonds, or other types of securities of, any company organized under the laws of the United States for the purposes of insuring the depositors a part or all of their funds on deposit in banks to the extent as security ownership is required in order to obtain the benefits of deposit insurance for such depositors.

   (1) As security for extensions of credit made or moneys due to it when that real estate has been mortgaged to it in good faith.
   (2) When the real estate has been purchased at sales upon foreclosures of mortgages and deeds of trust held or owned by it, or on judgments or decrees obtained and rendered for debts due to it, or through deeds in lieu of foreclosure or other settlements affecting security of those debts. All real property acquired under this subdivision shall be sold by the bank within five years after it is acquired unless, upon application by the bank, the Commissioner extends the time within which the sale shall be made.

(j) A bank's investment in any bonds or other debt obligations of any one person, other than obligations of the United States government or an agency thereof, or other obligations guaranteed by the United States, this State, another state, or other political subdivision of this State or another state, shall at no time exceed ten percent (10%) of its required capital.

(4) For purposes of this subsection, the following definitions and conditions apply:

e. Credit exposure to a person in connection with a derivative transaction shall be determined based on an amount that the bank reasonably determines, in accordance with customary industry practices under the terms of the derivative transaction or otherwise, would be its loss if the person were to default on the date of determination, taking into account any netting and collateral arrangements and any guarantees or other credit enhancements, provided that the bank may elect to determine credit exposure on the basis of such other method of determining credit exposure as may be permitted by the bank's primary federal regulator.

The account shall be held for the exclusive right and benefit of the minor and any joint owners, free from the control of all other persons except creditors. A minor who obtains a deposit account from a bank under this subsection, whether individually or together with others, is bound by the terms of the deposit account agreement to the same extent as if the minor were of full age and legal capacity.
(b) Any bank may lease a safe deposit box to a minor or to two or more individuals, one or more of whom are minors. With respect to any such lease, a bank may deal with the minor in all regards as if the minor were of full age and legal capacity. A minor entering a lease agreement with a bank under this subsection, whether individually or together with others, is bound by the terms of the safe deposit box agreement to the same extent as if the minor were of full age and legal capacity.
(c) If a minor with a deposit account, other than a joint account with right of survivorship or a Payable on Death account, dies, a parent or legal guardian of the minor may access and withdraw the funds on deposit, and the bank is discharged to the extent of any withdrawal. If a minor with a safe deposit box dies, the provisions of G.S. 28A-15-13 shall control the opening, inventory, and release of contents of the safe deposit box.
(d) This section shall not affect the law governing transactions with minors in cases outside the scope of this section, including transactions that constitute an extension of credit to the minor.

§ 53C-6-5. Reserved for future codification purposes.

§ 53C-6-6. Joint accounts.
(a) Any two or more individuals may establish a joint deposit account by written contract. The deposit account shall be held for them as joint tenants. The account also may be held pursuant to G.S. 41-2.1 of the General Statutes and have the incidents set forth in that section. If the account is held pursuant to G.S. 41-2.1, the contract shall set forth that fact.
(b) Unless the individuals establishing a joint account have agreed with the bank that withdrawals require more than one signature, payment by the bank to, or at the direction of, any joint tenant designated in the contract authorized by this section shall be a total discharge of the bank's obligation as to the amount so paid.
(c) Funds in a joint account established with right of survivorship shall belong to the surviving joint tenant or tenants upon the death of a joint tenant, and the funds shall be subject only to the personal representative's right of collection as set forth in G.S. 28A-15-10(a)(3), or as provided in G.S. 41-2.1 if the account is established pursuant to the provisions of that section. Payment by the bank of funds in the joint account to a surviving joint tenant or tenants shall terminate the personal representative's authority under G.S. 28A-15-10(a)(3) to collect
against the bank for the funds so paid, but the personal representative's authority to collect such funds from the surviving joint tenant or tenants is not terminated.

(d) A pledge of a joint account by any one or more of the joint tenants, unless otherwise specifically agreed between the bank and all joint tenants in writing, shall be a valid pledge and transfer of the account or of the amount so pledged, shall be binding upon all joint tenants, shall not operate to sever or terminate the joint ownership of all or any part of the account, and shall survive the death of any joint tenant.

(e) A bank is not liable to joint tenants for complying in good faith with a writ of execution, garnishment, attachment, levy, or other legal process that appears to have been issued by a court or other authority of competent jurisdiction and seeks funds held in the name of any one or more of the joint tenants.

(f) Persons establishing a joint account with right of survivorship under this section shall sign a statement showing their election of the right of survivorship in the account and containing language set forth in a conspicuous manner and substantially similar to the following:

"BANK (or name of institution)
JOINT ACCOUNT WITH RIGHT OF SURVIVORSHIP
G.S. 53C-6-6

We understand that by establishing a joint account under the provisions of North Carolina General Statute 53C-6-6 that:

1. The bank (or name of institution) may pay the money in the account to, or on the order of, any person named as a joint holder of the account unless we have agreed with the bank that withdrawals require more than one signature; and

2. Upon the death of one joint owner, the money remaining in the account will belong to the surviving joint owners and will not pass by inheritance to the heirs of the deceased joint owner or be controlled by the deceased joint owner's will.

________________________________________
________________________________________"

(g) This section does not repeal or modify any provision of law relating to estate taxes.

(h) Any joint tenant may terminate a joint account.

(i) Where a joint account is held by two or more individuals and a joint tenant does not wish for the account to be terminated but requests to be removed from the account, the bank shall remove the joint tenant from the account. The joint account shall continue in the names of the remaining tenant or tenants. Any joint tenant who requested to be removed from an account remains liable for any debts incurred in connection with the joint account during the period in which the individual was a named joint tenant.

(j) Any joint account created under the provisions of G.S. 53-146.1 as it existed prior to the effective date of this section shall for all purposes be governed by the provisions of this section after the effective date of this section, and any reference to G.S. 53-146.1 in any statement electing a right of survivorship shall be deemed a reference to this section.

(k) This section shall not be deemed exclusive. Deposit accounts not conforming to this section shall be governed by other applicable provisions of the General Statutes or the common law, as appropriate.

§ 53C-6-7. Payable on Death accounts.

(a) If any natural person establishing a deposit account shall execute a written agreement with the bank containing a statement that it is executed pursuant to the provisions of this section and providing for the account to be held in the name of the natural person as owner for one or more beneficiaries, the account and any balance thereof shall be held as a Payable on Death account. The account shall have the following incidents:
(1) Any owner during the owner's lifetime may change any designated beneficiary by a written direction to the bank.

(2) If there are two or more owners of a Payable on Death account, the owners shall own the account as joint tenants with right of survivorship and, except as otherwise provided in this section, the account shall have the incidents set forth in G.S. 53C-6-6.

(3) Any owner may withdraw funds by writing checks or otherwise, as set forth in the account contract, and receive payment in cash or check payable to the owner's personal order.

(4) If the beneficiary is a natural person, there may be one or more beneficiaries, and the following shall apply:
   a. If only one beneficiary is living and of legal age at the death of the last surviving owner, the beneficiary shall be the owner of the account and payment by the bank to the owner shall be a total discharge of the bank's obligation as to the amount paid. If two or more beneficiaries are living at the death of the last surviving owner, they shall be owners of the account as joint tenants with right of survivorship as provided in G.S. 53C-6-6, and payment by the bank to the owners or any of the owners shall be a total discharge of the bank's obligation as to the amount paid.
   b. If only one beneficiary is living and that beneficiary is not of legal age at the death of the last surviving owner, the bank shall transfer the funds in the account to the general guardian or guardian of the estate, if any, of the minor beneficiary. If no guardian of the minor beneficiary has been appointed, the bank shall hold the funds in a similar interest-bearing account in the name of the minor until the minor reaches the age of majority or until a duly appointed guardian withdraws the funds.

(5) If the beneficiary is an entity other than a natural person, there shall be only one beneficiary.

(6) If one or more owners survive the last surviving beneficiary who was a natural person, or if a beneficiary who is an entity other than a natural person should cease to exist before the death of the owner, the account shall become an individual account of the owner, or a joint account with right of survivorship of the owners, and shall have the legal incidents of an individual account in a case of a single owner or a joint account with right of survivorship, as provided in G.S. 53C-6-6, in the case of multiple owners.

(7) Prior to the death of the last surviving owner, no beneficiary shall have any ownership interest in a Payable on Death account. Funds in a Payable on Death account established pursuant to this subsection shall belong to the beneficiary or beneficiaries upon the death of the last surviving owner, and the funds shall be subject only to the personal representative's right of collection as set forth in G.S. 28A-15-10(a)(1). Payment by the bank of funds in the Payable on Death account to the beneficiary or beneficiaries shall terminate the personal representative's authority under G.S. 28A-15-10(a)(1) to collect against the bank for the funds so paid, but the personal representative's authority to collect such funds from the beneficiary or beneficiaries is not terminated.

The natural person establishing an account under this subsection shall sign a statement containing language set forth in a conspicuous manner and substantially similar to the language set out below. The language may be on a signature card or in an explanation of the account that is set out in a separate document whose receipt is acknowledged by the person establishing the account:

"BANK (or name of institution)
PAYABLE ON DEATH ACCOUNT
G.S. 53C-6-7

I (or we) understand that by establishing a Payable on Death account under the provisions of North Carolina General Statute 53C-6-7 that:

1. During my (or our) lifetime I (or we), individually or jointly, may withdraw the money in the account.

2. By written direction to the bank (or name of institution) I (or we), individually or jointly, may change the beneficiary or beneficiaries.

3. Upon my (or our) death, the money remaining in the account will belong to the beneficiary or beneficiaries, and the money will not be inherited by my (or our) heirs or be controlled by will.

(b) This section shall not be deemed exclusive. Deposit accounts not conforming to this section shall be governed by other applicable provisions of the General Statutes or the common law, as appropriate.

(c) No addition to the accounts, nor any withdrawal, payment, or change of beneficiary, shall affect the nature of the account as Payable on Death accounts or affect the right of any owner to terminate the account.

(d) This section does not repeal or modify any provisions of law relating to estate taxes.

§ 53C-6-8. Personal agency accounts.

(a) Any person may establish a personal agency account by written contract containing a statement that it is executed pursuant to the provisions of this section. A personal agency account may be any type of deposit account. The written contract shall name an agent who shall have authority to act on behalf of the depositor in the manner set out in this subsection. The agent shall have the authority to do the following:

1. Make, sign, or execute checks drawn on the account or otherwise make withdrawals from the account.

2. Endorse checks made payable to the principal for deposit only into the account.

3. Deposit cash or negotiable instruments, including instruments endorsed by the principal, into the account.

(b) A person establishing an account under this section shall sign a statement containing language substantially similar to the following in a conspicuous manner:

"BANK (or name of institution)
PERSONAL AGENCY ACCOUNT
G.S. 53C-6-8

The undersigned understands that by establishing a personal agency account under the provisions of North Carolina General Statute 53C-6-8, the agent named in the account may:

1. Sign checks drawn on the account.

2. Make deposits into the account.

The undersigned also understand that if the undersigned is a natural person, upon his or her death, the money remaining in the account will be controlled by his or her will or inherited by his or her heirs.

(c) An account created under the provisions of this section grants no ownership right or interest in the agent. Upon the death of the principal, there is no right of survivorship to the account, and the authority set out in subsection (a) of this section terminates.

(d) The written contract referred to in subsection (a) of this section shall provide that the principal may elect to extend the authority of the agent set out in subsection (a) of this section to act on behalf of the principal in regard to the account, notwithstanding the subsequent incapacity or mental incompetence of the principal. If the principal is a natural person and elects to extend the authority of the agent, then upon the subsequent incapacity or
mental incompetence of the principal, the agent may continue to exercise the authority, without the requirement of bond or of accounting to any court, until such time as the agent shall receive actual knowledge that the authority has been terminated. The duly qualified guardian of the estate of the incapacitated or incompetent acting pursuant to a durable power of attorney, as defined in G.S. 32A-8, which grants to the attorney-in-fact the authority in regard to the account that is granted to the agent by the written contract executed pursuant to the provisions of this section, shall have the power, upon notifying the agent and providing written notice to the bank where the personal agency account is established, to terminate the agent's authority to act on behalf of the principal with respect to the account. Upon termination of the agent's authority, the agent shall account to the guardian or attorney-in-fact for all actions of the agent in regard to the account during the incapacity or incompetence of the principal. If the principal is a natural person and does not elect to extend the authority of the agent, then upon the subsequent incapacity or mental incompetence of the principal, the authority of the agent set out in subsection (a) of this section terminates.

(e) When an account under this section has been established, all or part of the account or any interest or dividend may be paid on a check made, signed, or executed by the agent. In the absence of actual knowledge that the principal has died or that the agency created by the account has been terminated, the payment shall be valid and sufficient discharge to the bank for payment so made.

(f) A personal agency account shall have only one owner and one agent. The owner shall retain the authority to change the named agent on the personal agency account.

(g) Any personal agency account created under the provisions of G.S. 53-146.3, as it existed prior to the effective date of this section, shall for all purposes be governed by the provisions of this section after the effective date of this section, and any reference to G.S. 53-146.3 in any statement establishing the account shall be deemed a reference to this section.

§ 53C-6-9. Accounts opened by adults for minors.

(a) One or more adults may open and maintain a custodial deposit account for or in the name of a minor and using the minor's taxpayer identification number. Unless otherwise provided in the agreement governing the account the following terms apply:

1. Beneficial ownership of the account vests exclusively in the minor. All interest credited to the account shall belong to the minor and shall be reported to the appropriate taxing authorities in the name of the minor using the minor's taxpayer identification number.

2. Except as otherwise provided, control of the account vests exclusively in the custodian whose name appears on the bank's records for the account. If there is more than one custodian named on the bank's account records, each may act independently. Any one or more of the custodians named on the bank's records may turn over control of the account to the minor at any time, either before or after the minor reaches the age of majority.

3. If the custodian has not already transferred control, then after the minor beneficiary reaches the age of majority, the beneficiary may instruct the bank to transfer control to the beneficiary and remove the named custodian.

4. If the custodian or, if more than one custodian is on the account, the last of the custodians to survive dies before the minor reaches the age of majority, the minor's parent or the minor's legal guardian may act as custodian or name another custodian on the account.

(b) This section shall not be deemed exclusive. Accounts not conforming to this section shall be governed by other applicable provisions of the General Statutes, including Chapter 33A, the North Carolina Uniform Transfers to Minors Act, or the common law, as appropriate.
§ 53C-6-10. Payment of balance of deceased person or person under disability to personal representative or guardian.

(a) A bank may pay any balance on deposit to the credit of any deceased individual to the duly qualified personal representative, collector, or public administrator of the decedent who is qualified as such under the laws of any state.

(b) A bank may pay any balance on deposit to the credit of any individual judicially declared incompetent or otherwise under a legal disability to the duly qualified personal representative, guardian, curator, conservator, or committee of the person declared incompetent or under disability who is qualified as such under the laws of any state.

(c) The presentation of a letter of qualification as personal representative, collector, public administrator, guardian, curator, conservator, or committee of the person issued or certified by the appointing court shall be conclusive proof of the jurisdiction of the court issuing the same and sufficient authority for the payment.

(d) Payment by a bank in good faith under the authority of this section discharges the liability of the bank to the extent of the payment.

§ 53C-6-11. Powers of attorney; notice of revocation; payment after notice.

(a) Any bank may continue to recognize any act of an attorney-in-fact or other agent until the bank receives actual notice of the principal's death or a written notice of revocation signed by the principal who granted the authority or, in the case of a company, evidence satisfactory to the bank of the revocation. Payment by the bank to or at the direction of an attorney-in-fact or other agent before receipt of the notice is a total discharge of the bank's obligation as to the amount so paid.

(b) Notwithstanding that a bank has received written notice of revocation of the authority of an attorney-in-fact or other designated agent, a bank may, until 10 days after receipt of notice, pay any item made, drawn, accepted, or endorsed by the attorney-in-fact or agent prior to the revocation, provided that the item is otherwise properly payable.

§ 53C-6-12. Account statements to be rendered annually or on request.

(a) Every bank shall render an account statement for each deposit account at least annually to the depositor; provided, however, the statements are not required for time deposits. Every bank shall render a statement of account for each deposit account, including time deposits upon receipt of an appropriate request reasonably made by a depositor.

(b) For purposes of this section, an account statement is deemed to have been "rendered" to a depositor as of the earlier of the date the statement is mailed to the depositor's address as shown on bank records and the date the account is posted to the bank's Web site in a manner and a form ensuring the statement to be readily available to the depositor; provided however, the bank and the depositor may agree that an account statement may be rendered by other means.

(c) Nothing in this section shall be construed to relieve the depositor from the duty of exercising due diligence in the review of an account statement rendered by the bank and of timely notification to the bank upon discovery of any error.

§ 53C-6-13. Safe deposit boxes; unpaid rentals; procedure; escheats.

(a) If the rental due on a safe deposit box is 90 days or more past due, the lessor bank may send a notice by registered mail or certified mail, return receipt requested, to the last known address of the lessee or by another means agreed to in writing by the lessor bank and the lessee, stating that the safe deposit box will be opened and its contents stored at the expense of the lessee unless payment of the rental is made within 30 days of the date of the mailing of the notice or the date such notice is given by the means otherwise previously agreed to in writing by the lessor bank and the lessee. If the rental is not paid within the stated period, the box may be opened in the presence of an officer of the bank and of a notary public who is not a director, officer, employee, or shareholder of the bank. The contents shall be sealed in a package by the notary public, who shall write on the outside the name of the lessee and the date of the opening. The notary public shall execute a certificate reciting the name of the lessee, the date of the opening of the box, and a list of its contents. The certificate shall be included in the package.
and a copy of the certificate shall be sent by registered mail or certified mail, return receipt requested, to the last known address of the lessee or by the means otherwise previously agreed to in writing by the lessor bank and the lessee. The package then shall be placed in the general vaults of the bank at a rental not exceeding the rental previously charged for the box.

(b) If the contents of the safe deposit box have not been claimed within two years of the mailing or other permissible delivery of the copy of the certificate to the lessee, the bank may send a further notice to the last known address of the lessee by registered mail or certified mail, return receipt requested, to the last known address of the lessee or by a means otherwise previously agreed to in writing by the lessor bank and the lessee, stating that unless the accumulated charges are paid within 30 days of the date of the mailing of the notice, the contents of the box will be delivered to the State Treasurer as abandoned property under the provisions of Chapter 116B of the General Statutes.

(c) The bank shall submit to the State Treasurer a verified inventory of all of the contents of the safe deposit box upon delivery of the contents of the box or such part thereof as shall be required by the State Treasurer under G.S. 116B-55, but the bank may deduct from any cash of the lessee in the safe deposit box an amount equal to accumulated charges for rental and shall submit to the State Treasurer a verified statement of the charges and deduction. If there is no cash or insufficient cash to pay accumulated charges in the safe deposit box, the bank may submit to the State Treasurer a verified statement of accumulated charges or balance of the accumulated charges due, and the State Treasurer shall remit to the bank the charges or balance due, up to the value of the property in the safe deposit box delivered to the State Treasurer, less any costs or expenses of sale; but if the charges or balance due exceeds the value of the property, the State Treasurer shall remit only the value of the property, less costs or expenses of sale. Any accumulated charges for safe deposit box rental paid by the State Treasurer to the bank shall be deducted from the value of the property of the lessee delivered to the State Treasurer.

(d) Any property, including documents or writings of a private nature, that has little or no apparent financial value need not be sold but may be destroyed by the bank if the State Treasurer declines to receive the property under G.S. 116B-69(a).

(e) An explanation of the contractual provisions pertaining to default, together with reference to this section, shall be printed on every contract for rental of a safe deposit box.

"§ 53C-6-14. Reproduction and retention of records; admissibility of copies in evidence; disposition of originals; record production generally.

(a) Any bank may cause any or all records kept by it to be recorded, copied, or reproduced by any photographic, reproduction, electronic, or digital process or method, or by any other records retention technology approved by rule or order of the Commissioner, of a kind that is capable of accurately converting the records into tangible form within a reasonable time. Each such converted tangible form of record also shall be deemed a record.

(b) Any tangible form of a record shall be deemed for all purposes to be an original record and shall be admissible in evidence in all courts and administrative agencies in this State, if otherwise admissible, and the bank may destroy or otherwise dispose of the original form of the record; provided, however, that a bank shall retain either the originals or convertible form of its records for such period as may be required by law or by rule or order of the Commissioner. Any bank may dispose of any original or convertible form of a record that has been retained for the period prescribed by law or by rule or order of the Commissioner for its class.

(c) Originals and converted tangible forms of records shall not be held inadmissible in any court action or proceeding on the grounds that they lack certification, identification, or authentication and shall be received as evidence if otherwise admissible in any court or quasi-judicial proceeding if they have been identified and authenticated by the live testimony of a competent witness or if the records are accompanied by a certificate substantially in the following form:

"§ 53C-6-15. Establishment of branches.

(a) A bank may establish one or more branches in this State, whether de novo or by acquisition of existing branches of another depository institution, with the prior written approval of the Commissioner. The Commissioner's approval may be given or withheld, in the Commissioner's discretion, in accordance with the provisions of subsection (c) of this section.

(b) A bank may establish branches in another state, whether de novo or by acquisition of existing branches of another depository institution, in accordance with the provisions of applicable federal law and the laws of the other state, upon prior written approval of the Commissioner. The Commissioner's approval may be given or withheld in the Commissioner's discretion in accordance with the provisions of subsection (c) of this section.

(c) A bank seeking authority to establish a branch shall make application to the Commissioner in a form acceptable to the Commissioner. Not more than 30 days before nor less than 10 days after the filing of the application with the Commissioner, the applicant shall publish public notice of the filing of the application. The public notice shall contain all of the following:

(1) A statement that the application has been filed with the Commissioner.

(2) The physical address or location of the proposed branch, including street and city or town.

(3) A statement that any interested person may make written comment on the application to the Commissioner and that comments received by the Commissioner within 14 days of the date of publication of the public notice shall be considered. The public notice shall provide the then current mailing address of the Commissioner.

(d) A bank may conduct any activities at a branch in another state authorized under this section that are permissible for a bank chartered by the other state where the branch is located, except to the extent the activities are expressly prohibited by the laws of this State or by any rule or order of the Commissioner applicable to the bank.

(e) Upon receipt of an application to establish a branch, the Commissioner shall conduct an examination of the pertinent facts and information and may request such additional information as the Commissioner deems necessary to make a decision on the application. In deciding whether to approve a branch application, the Commissioner shall take into account such factors as the financial condition and history of the applicant; the adequacy of its capital; the applicant's future earnings prospects; the character, competency, and experience of its management; the probable impact of the branch on the condition of the applicant bank and existing depository institutions in the community to be served; and the convenience and needs of the community the proposed branch is to serve.
§ 53C-6-16. Change of location of a branch or principal office.

(a) A bank may change the location of its principal office or a branch with the prior written approval of the Commissioner. A request to relocate the principal office or a branch of a bank shall be made in a form acceptable to the Commissioner and shall include information regarding the reason for the proposed relocation, the distance and direction of the move, and such other information as the Commissioner may require in order to reach a decision in the matter.

(b) Not more than 30 days before nor less than 10 days after filing a request to relocate the principal office or a branch of a bank, the applicant shall publish public notice of the request. The public notice shall contain all of the following:

1. A statement that the request has been filed with the Commissioner.
2. The physical address of the principal office or branch to be relocated and the physical address of the proposed new location.
3. A statement that any interested person may make written comment on the request to the Commissioner and that comments received by the Commissioner within 14 days of the date of publication of the public notice will be considered. The statement shall provide the then current mailing address of the Commissioner.

(c) The Commissioner shall approve a request to relocate the principal office or a branch of a bank if the relocation is to a site within the same vicinity as the original location, or does not result in a material change in the primary service area of the principal office or branch, or is considered important to the economic viability of the bank or the branch, or is otherwise found not to be inconsistent with the public need and convenience.

§ 53C-6-17. Branch closings.

A bank may close a branch upon providing written notice to the Commissioner and the customers of the branch at least 90 days prior to the proposed closing. The notice shall include the date the branch will close and posting, in a conspicuous manner on the branch premises for a period of 30 days prior to the proposed closing date, a notice of its intent to close the branch. The consolidation of two or more branches into a single location in the same vicinity shall not be considered a closure subject to the 90-day and 30-day notice requirements of this section. To be considered a consolidation, the bank shall request consolidation treatment from the Commissioner, who shall decide, in his or her discretion, whether the branches to be consolidated are considered to be in the same vicinity, with due consideration to the distance between the branches and the nature of the market in which the branches are situated.

§ 53C-6-18. Non-branch bank business offices.

(a) A bank may establish one or more non-branch bank business offices as defined by G.S. 53C-1-4(46).

1. If a proposed non-branch bank business office will offer a product, service, or other type of business not previously engaged in by the bank, the bank shall provide the Commissioner with written notification of the intent to open the office. The notification shall include the proposed location of the office and a description of the business to be conducted at the office. If the Commissioner does not request additional information or object to its establishment within 10 days of the date of receipt of the notification, the non-branch bank business office shall be deemed approved. In deciding whether to object to the establishment of a non-branch bank business office, the Commissioner shall consider, without limitation, whether the business proposed to be conducted at the non-branch bank business office is permissible for a bank, the costs of its establishment and ongoing operation and the impact of the costs on the bank's capital and profitability, and the ability of the bank's management to conduct the proposed business.
(2) If a proposed non-branch bank business office will offer only products, services, or other types of business already engaged in by the bank, the bank shall provide the Commissioner with written notification of the intent to open the office.

(b) An out-of-state bank may establish and operate a non-branch bank business office in this State upon written notice to the Commissioner.

(c) A bank or an out-of-state bank may close a non-branch bank business office at any time with notice to the Commissioner.

(d) No deposits may be taken at a non-branch bank business office.

"§ 53C-6-19. Operations; suspension.

(a) A bank, any of its branches, and any of its non-branch bank business offices may operate on such days and during such hours, and may observe such holidays, as the bank's board of directors shall designate.

(b) Whenever the Commissioner determines that an emergency exists or is pending in this State or any part thereof, the Commissioner may authorize banks operating in the affected area or areas to suspend any or all of their operations in such area or areas for such period or periods as the Commissioner establishes. An emergency is any condition or occurrence that may interfere with a bank's operations or poses an existing or imminent threat to the safety or security of persons or property, or both.

(c) In the event that an emergency exists or is pending in this State or any part thereof and a bank operating in the affected area or areas is unable to communicate the existence or pendency of the emergency to the OCOB, an officer of the bank may suspend any or all of the bank's operations in the affected area or areas without the prior approval of the Commissioner. The bank shall give notice of such closing to the Commissioner as soon as practicable.

"Article 7.

"Control Transactions; Combinations; Conversions.

"§ 53C-7-101. Control transactions.

(a) Except as otherwise expressly permitted by this section, a person shall not engage in a control transaction, as defined by G.S. 53C-1-4(22), involving a bank without the prior approval of the Commissioner. A person may contract to engage in a control transaction with the consummation of such control transaction being subject to receipt of the approval of the Commissioner. Each bank shall report to the Commissioner any changes in its directors, president, chief executive officer, chief financial officer, chief loan officer, or chief credit officer by the close of the second day on which the holding company is open for business following such change.

(b) The Commissioner may require a person who is obligated to file an application under this Part to appoint an agent resident in this State for service of process upon the filing of such notice or as a condition to the acceptance of such application for review. The application for approval shall be in a form required by the Commissioner and shall be accompanied by such fee as may be required by rule.

(c) The following transactions shall not constitute a control transaction requiring the prior approval of the Commissioner:

(1) The acquisition of control over voting securities in connection with securing, collecting, or satisfying a debt previously contracted for in good faith and not for the purpose of acquiring control of the bank, if the acquiring person files a notice with the Commissioner, in the form required by the Commissioner, describing such transaction at least 10 days before the acquiring person first votes or directs the voting of the voting securities.

(2) The acquisition of control over voting securities by a person who has previously engaged in a control transaction with respect to the bank after receiving the approval of the Commissioner under this Article, which approval permits the acquisition of control over additional voting securities,

(3) An acquisition of control over voting securities by operation of law, will, or intestate succession, if the acquiring person files a notice with the Commissioner, in the form required by the Commissioner, describing the acquisition or transfer at least 10 days before the acquiring person first votes or directs the voting of the voting securities.

(4) Bona fide gifts.

(5) A transaction exempted by rules, orders, or declaratory rulings of the Commissioner issued because approval of such a transaction is not necessary to achieve the objectives of this Chapter.

An acquiring person receiving a notice of objection shall be required to submit an application for approval of a control transaction. An acquiring person receiving a notice to submit further information may be required to provide any information that would be included in an application for approval of a control transaction. In the event such an acquiring person is comprised of a group of persons, the Commissioner may require each member of the group to submit relevant information.

(e) All voting securities over which control has been acquired by an acquiring person shall not be voted on any matter submitted to a vote of the holders of the outstanding voting securities of the bank and shall be deemed authorized but unissued for purposes of determining the presence of a quorum of holders of voting securities until such time as follows:

(1) The Commissioner has approved an application for approval of a control transaction with respect to the voting securities.

(2) The transaction is one listed in subsection (c) of this section that does not require the filing of a notice with the Commissioner.

(3) The transaction is one listed in subsection (c) of this section that requires a notice to be filed with the Commissioner and the Commissioner has not issued an objection to the notice and any requirement of the Commissioner for the filing of further information has been determined by the Commissioner to have been satisfied.

Not later than the 60th day following receipt of a completed application for approval of a control transaction, unless extraordinary circumstances require a longer period of review, the Commissioner shall approve or deny the application.

(b) The Commissioner may deny an application for approval of a control transaction for any of the following reasons:

1. The financial condition of the person seeking approval of a control transaction could jeopardize the financial stability of the bank or the financial interests of its customers.
2. An examination of the character, competence, and experience of any acquiring person or of any of the proposed management personnel shows that it would not be in the interest of the depositors of the bank, or in the interest of the public, to permit the person to control the bank.
3. The plans or proposals of the person seeking approval with respect to exercising control over the bank would not be in the best interests of the bank's customers.
4. Upon the effective date of such proposed control transaction, the bank would not be solvent, have inadequate capital, or not be in compliance with this Chapter or rules of the Commissioner.
5. The application for approval is incomplete.
6. If the acquiring person solicits votes for the approval of or consents to the control transaction from the holders of the voting securities of the bank, adequate and complete disclosures of all material information about the proposed control transaction, together with a prominent statement that neither the control transaction nor any solicitation of the holders' votes or consents have been approved by the Commissioner and that any representation to the contrary is a criminal offense, have not been made to the holders.

No interim bank shall transact any business except as is incidental and necessary to its organization and the combination. The Commissioner may set forth in the order approving the organization such additional conditions with respect to the interim bank as the Commissioner deems necessary.

§ 53C-7-205. Fiduciary powers and liabilities of North Carolina financial institutions combining or transferring assets and liabilities.

Whenever any North Carolina financial institution or federally chartered institution doing business in this State shall combine with or shall sell to and transfer its assets and liabilities to any other bank, trust institution, savings institution, or other company, as provided by the laws of this State or the United States, all the then existing fiduciary rights, powers, duties, and liabilities of the combining transferring institution, including the rights, powers, duties, and liabilities as executor, administrator, guardian, trustee, and/or any other fiduciary capacity, whether under appointment by order of court, will, deed, or other instrument, shall, upon the effective date of the combination or sale and transfer, vest in, devolve upon, and thereafter be
performed by the surviving or transferee company, and such latter institution shall be deemed substituted for and shall have all the rights and powers of the transferring institution.

§ 53C-7-206. Combination with federally chartered institution.
A combination by a bank with a federally chartered institution in which the federally chartered institution will be the surviving party shall be subject to approval by the chartering authority of the federally chartered institution in accordance with the laws of the United States.

   (2) Combine a subsidiary with another company, if a subsidiary is the resulting entity.
   (3) Combine two or more subsidiaries of two or more banks under common control of the same holding company.

The approval of the Commissioner is not required for a combination of a subsidiary and another company when a subsidiary is not the resulting entity, which shall be effected in accordance with organizational law applicable to each, or for a combination of two or more subsidiaries of the same bank.

(b) The bank seeking approval of the combination shall file with the Commissioner an application for approval and such additional information as the Commissioner shall require by rule or as is required by the Commissioner in connection with the application in order to achieve the objectives of this Chapter. The bank shall pay to the Commissioner a fee as set forth by rule.

(c) The Commissioner shall examine the proposed combination to determine whether the customers and communities served by the bank would be adversely affected by the combination, the combination would cause the bank to not be solvent, have inadequate capital, or not be in compliance with this Chapter or the rules of the Commissioner, or the combination would present other risks to the safe and sound operation of the bank deemed unacceptable by the Commissioner.

§ 53C-7-208. Fiduciary powers and liabilities of combining banks.
Whenever any bank shall combine with another depository institution and the other depository institution shall be the resulting institution, all the then existing fiduciary rights, powers, duties, and liabilities of the combining bank, including its rights, powers, duties, and liabilities as a fiduciary, shall, upon the effective date of the combination, vest in the resulting depository institution, and the resulting depository institution shall be deemed substituted for the combining bank for all fiduciary purposes.

The directors and officers of the converting institution are qualified by character, competency, and experience to control and operate the resulting bank in a legal and proper manner.

The interests of the converting institution's customers, creditors, and shareholders will not be materially and adversely affected by the proposed conversion.

The plan of conversion is not in violation of the converting institution's applicable organizational law.

Adequate written disclosure of the material terms of the plan of conversion and other relevant material information has been or will be made to the converting institution's equity ownership interest holders as required by the converting institution's organizational law, including a statement in any such written disclosure that any materials used to solicit the votes of the holders have not been approved by the Commission or the Commissioner and that any representation to the contrary is a criminal offense.

Following approval of the plan of conversion, the Commissioner shall supervise and monitor the conversion process in order to determine compliance by the converting institution with the plan of conversion and applicable law.

The Commissioner shall authorize by order the consummation of the conversion, issue a charter, and permit the converting institution to file with the Secretary of State and other public officials such documents as are necessary to effect the conversion when the Commissioner determines the conversion process complied with the organizational law applicable to the converting institution and the plan of conversion was approved, if required by applicable organizational law, by such vote of the converting institution's equity ownership interest holders as is required under the organizational law.

The Commissioner may provide in the order authorizing the consummation of conversion for the resulting bank to do the following:

1. Wind up any activities legally engaged in by the converting institution at the time of conversion but not permitted to banks.

Upon the effective date of the conversion, the converting institution shall continue in existence as a bank, and all rights, liabilities, and obligations of whatever kind of the converting institution shall continue and remain in its new form of organization. Except as may be authorized by the Commissioner pursuant to subsection (f) of this section, the bank shall have only those rights, powers, and duties authorized for or imposed upon banks by the laws of this State and the United States. All actions and proceedings to which the converting institution was party prior to conversion shall be unaffected by the conversion and shall proceed as if the conversion had not been effected.

Any order of the Commissioner denying an application for approval of a conversion to a bank may be appealed to the Commission by the party filing the application as provided in G.S. 53C-2-6.

A bank may convert to another form of depository institution under the laws of this State, of another state, or the United States in accordance with applicable law.

Upon the effective date of the conversion, the depository institution shall notify the Commissioner of the effective date and file with the Commissioner a copy of its authorization to operate as a depository institution certified by the applicable federal regulator or financial institution regulator.

(b) The Commissioner may enter into written agreements, cease and desist order stipulations, cease and desist orders, consent orders, and similar arrangements with banks and their holding companies, or either of them; may request resolutions be approved by boards of directors of banks and their holding companies, or either of them; and may take other similar corrective actions.

(c) Upon written request, the Commissioner may, notwithstanding any other provision of law to the contrary, issue letters of interpretation, advisory opinions, or written guidance on any laws under the Commissioner's jurisdiction, provided that the interpretations, opinions, and guidance shall not have the force and effect of rules of law.

§ 53C-8-2. Assessments and fees.

Banks shall pay the following assessments and fees into the OCOB within 10 days after receipt of an invoice:

1. Annual assessments. – Each bank shall pay a cumulative assessment based on its total assets as shown on its report of condition made to the Commissioner as of December 31 each year or the date most nearly approximating the same, not to exceed the amount determined by applying the following schedule:

(3) Special assessments. – If the Commissioner determines that the financial condition or manner of operation of a bank warrants further examination or an increased level of supervision, or in the event of a combination or conversion, the Commissioner may charge, and the institutions shall pay, an assessment equal to the reasonable cost of further examination, increased level of supervision, or supervision with regard to the combination or conversion. The Commissioner's determination of the cost of further examination shall be, in the absence of manifest error, dispositive of the issue of reasonableness.

(a) Whenever the Commissioner determines that a bank has insufficient capital and is conducting its business in an unsafe or unsound manner or in any fashion that threatens the financial integrity of the bank, the Commissioner may serve a notice of charges on the bank, requiring it to show cause why it should not be placed under supervisory control. The notice of
charges shall specify the grounds for supervisory control and set the time and place for a hearing. A hearing before the Commissioner shall be held no earlier than seven days and no later than 15 days after issuance of the notice of charges.

(b) If, after the hearing provided in subsection (a) of this section, the Commissioner determines that supervisory control of the bank is necessary to protect the bank’s customers, creditors, or the general public, the Commissioner shall issue an order taking supervisory control of the bank. The board of directors of the bank in office on the date of the issuance of the order may appeal the order of the Commissioner to the Commission pursuant to G.S. 53C-2-6 no later than 10 days after the date of the issuance of the order.

(c) The Commissioner may appoint an agent to supervise and monitor the operations of the bank during the period of supervisory control. During the period of supervisory control, the bank shall act in accordance with any instructions and directions as may be given by the Commissioner, directly or through the agent, and shall not act or fail to act except when to do so would violate an outstanding order of its federal bank supervisory agent or the FDIC if the FDIC is not its primary federal regulator.

(d) Within 180 days of the date of the order taking supervisory control, the Commissioner shall issue an order approving a plan for the termination of supervisory control on the 30th day following the issuance of the order. The plan may provide for the following:

1. The issuance by the bank of debt instruments or shares.
2. The appointment or removal of one or more officers and/or one or more directors.
3. The reorganization or combination of the bank.
4. A control transaction with respect to the bank.
5. The dissolution and liquidation of the bank.

(e) The reasonable costs of the Commissioner under this section shall be paid by the bank. The Commissioner's determination of the costs shall be, in the absence of manifest error, dispositive of the issue of reasonableness.

(a) If the Commissioner determines that a director, officer, or employee of a bank has participated in or consented to any violation of this Chapter or an order of the Commissioner, or has engaged in any unsafe or unsound business practice in the operation of the bank, or has been dishonest, incompetent, or reckless in the management of the affairs of the bank, or has persistently violated the laws of this State, or repeatedly violated or failed to comply with any of the bank's organizational documents, and that as a result, a situation exists requiring prompt corrective action in order to protect the bank, its customers, or the public, the Commissioner may issue an order temporarily removing the director, officer, or employee pending a hearing that shall occur not less 10 days after removal. The order shall state that it is a “Temporary Order of Removal” and shall further state the grounds upon which it was issued together with the date, time, and location of a hearing on the matter. For good cause shown, the Commissioner may grant the director, officer, or employee subject to the order a 10-day extension of the hearing date, but the temporary removal order shall remain in full force and effect. Upon a hearing before the Commissioner within the prescribed time, the temporary removal order may be dissolved or made permanent in whole or in part.

(b) Any removal under this section is effective in all respects as if the removal had been made by the shareholders of the bank in question.

(c) Without the prior written approval of the Commissioner, no director, officer, or employee subject to an order under this section shall be eligible to be elected, reelected, or appointed any position as a director, officer, or employee of that bank or any other North Carolina financial institution during the period of the order's effect.

(d) An individual who is the subject of an order of the Commissioner under this section may appeal the order to the Commission pursuant to G.S. 53C-2-6 no later than 10 days after the date of issuance of the order.
§ 53C-8-16. Emergency powers.
In the event of a natural disaster or other national, regional, state, or local emergency, the Commissioner may temporarily waive or suspend requirements for compliance by one or more banks with any provisions of this Chapter.

§ 53C-8-17. Interstate regulatory agreements.
The Commissioner may enter into cooperative, coordinating, and information sharing agreements with (i) any bank supervisory agency having jurisdiction over an out-of-state bank that operates one or more branches in this State and (ii) any bank supervisory agency of another state in which a bank operates one or more branches with respect to the periodic examination or other supervision of the branches of the out-of-state bank operating in this State or the branches of the bank operating in such other state.

Article 9.
"Supervisory Liquidation; Voluntary Dissolution and Liquidation.

Notwithstanding any other provision of this Chapter, in order to protect the public, including depositors and creditors of a bank, the Commissioner, upon making a finding that a bank is unable to operate in a safe and sound manner and is not reasonably likely to be able to resume safe and sound operations, may authorize or require a combination of the bank, a control transaction, or any other transaction, whether or not the Commissioner has taken supervisory control pursuant to G.S. 53C-8-14. In ordering any such combination, control transaction, or other transaction, the Commissioner may order that a vote of the bank's shareholders shall not be required to effect the combination, control transaction, or other transactions.

§ 53C-9-102. Distributions; assignments restricted.
A bank that is in the process of involuntary or voluntary dissolution pursuant to this Article may not make or pay distributions to its shareholders unless the bank has the prior written approval of the Commissioner. No bank shall make any general assignment for the benefit of its creditors except by surrendering possession of its assets to the Commissioner for dissolution and liquidation pursuant to G.S. 53-9-301, and any other purported assignment by the bank for the benefit of its creditors shall be void.

§ 53C-9-103. Cancellation of charter.
Whenever a combination, dissolution, or other transaction occurs by which a bank ceases to exist or ceases to be eligible for a charter, the Commissioner shall by order cancel the bank's charter and shall publish the order in accordance with G.S. 53-1-4(59). A copy of the order shall be filed by the Commissioner with the Secretary of State. The bank shall continue to exist under Chapter 55 of the General Statutes for the purpose of dissolving and liquidating its business and affairs.

§ 53C-9-201. Voluntary dissolution prior to receipt of charter.
A bank in formation may, prior to issuance of its charter, give notice to the Commissioner and, with the Commissioner's consent, abandon its application to the Commissioner and dissolve and liquidate by a majority vote of its board of directors and as provided under Chapter 55 of the General Statutes.

(a) With the approval of the Commissioner, a bank may engage in a voluntary dissolution and liquidation.

(b) If, by a majority vote, the board of directors of a bank should determine that in their judgment the bank should be dissolved and liquidated, then the board of directors shall submit immediately to the Commissioner the following documents, certified by an appropriate officer of the bank:
(1) The board of directors' resolution.
(2) The bank's proposed articles of dissolution.
(3) The board of directors' plan for liquidation.
(4) Any notices or proxy solicitation materials proposed to be sent to shareholders.

c) The Commissioner shall examine the documents submitted under subsection (b) of this section and such other matters as the Commissioner deems relevant and may issue an order authorizing the bank and its board of directors to proceed with dissolution and liquidation as provided in G.S. 53C-9-203. Examination by the Commissioner of the materials referred to in subsection (b)(4) of this section shall not be deemed to be approval of the documents for any purpose.

d) At any annual or special meeting of shareholders called for the purpose of voting upon a proposal for voluntary dissolution of a bank, the shareholders of the bank may, by an affirmative vote, in person or by proxy, of the holders of shares representing at least two-thirds of the votes entitled to be cast on such matters, resolve to dissolve and liquidate the bank in accordance with the order of the Commissioner issued under subsection (c) of this section.

e) If a majority of the board of directors of a bank should determine that in its best judgment the bank should be dissolved and liquidated but deems it impractical or otherwise inadvisable to proceed with a vote upon voluntary dissolution by the shareholders, then the board of directors shall immediately forward a certified copy of its resolution to the Commissioner and the Commissioner shall place the bank in receivership pursuant to G.S. 53C-9-301.

"§ 53C-9-203. Voluntary dissolution and liquidation procedure.
(a) At the appropriate time, the Commissioner shall do the following:
(1) Inform the FDIC and the bank's federal supervisory agency if other than the FDIC.
(2) Select and appoint a receiver or receiver in liquidation, just as if the liquidation were involuntary under G.S. 53C-9-301.
(3) Attach a certificate of approval to the articles of dissolution, and the bank shall then file the certified articles with the Secretary of State.
(b) Upon the filing of the articles of dissolution with the Secretary of State, it shall be unlawful for the bank to accept any additional deposit accounts or additions to deposit accounts or make any additional extensions of credit, but all its income and receipts in excess of actual expenses of liquidation of the bank shall be applied to the discharge of its liabilities.
(c) The persons charged with liquidation of the bank in the approved plan of dissolution shall cause to be published a public notice stating the bank has closed and will dissolve and liquidate and notifying its depositors and creditors to present their claims for payment, specifying the method for doing so.
(d) The bank may pay reasonable compensation, subject to the approval of the Commissioner, to the persons charged with its liquidation.
(e) Any bank in the process of voluntary dissolution and liquidation shall be subject to examination by the Commissioner and shall furnish any reports required by the Commissioner.
(f) If the Commissioner determines at any time that the voluntary liquidation plan is not working, the Commissioner may place the bank in receivership pursuant to G.S. 53C-9-301.

"§ 53C-9-301. Receivership.
(a) The Commissioner may take custody of the books, records, and assets of every kind and character of any bank in the instances established in Part 2 of this Article or if it reasonably appears from one or more examinations made by the Commissioner that any of the following conditions exist:
(1) The directors or officers of the bank, or the liquidators of the bank subject to a voluntary plan of liquidation, have neglected, failed, or refused to take action that the Commissioner deems necessary for the protection of the bank.

(2) The directors, officers, or liquidators of the bank have impeded or obstructed an examination.

(3) The business of the bank is being conducted in a fraudulent, illegal, or unsafe manner.

(4) The bank is in an unsafe or unsound condition to transact business and it is not reasonably probable that it will be able to return to a safe and sound condition.

(5) The capital of the bank is impaired such that the likely realizable value of its assets is insufficient to pay and satisfy the claims of all depositors and all creditors.

(6) The directors or officers of the bank, or the liquidators of a bank subject to a voluntary plan of liquidation, have assumed duties or performed acts in excess of those authorized by applicable statutes or regulations, by the bank's organizational documents or plan of liquidation, or without supplying the required bond.

(7) The bank is insolvent or is in imminent danger of insolvency or has suspended its ordinary business transactions due to insufficient funds.

(8) The bank is unable to continue operations.

(b) Unless the Commissioner reasonably finds that an emergency exists that requires that the Commissioner take custody immediately, the Commissioner shall first give written notice to the board of directors of the bank specifying which of those circumstances listed in subdivisions (1) through (8) of subsection (a) have been determined to exist and shall allow a reasonable time in which corrections may be made before a receiver of the bank will be appointed as outlined in subsections (c) and (d) of this section. For these purposes, "written notice" shall be deemed to include any report of examination or other confidential or nonconfidential written communication that is either directly from the Commissioner or is joined in by the Commissioner.

(c) The Commissioner shall appoint as receiver or coreceivers one or more qualified persons for the purpose of receivership and liquidation of the bank of which the Commissioner has taken custody under subsection (a) of this section, which receiver shall furnish a bond in such form and amount, and with such surety, as the Commissioner may require.

(d) The Commissioner may appoint the FDIC or its nominee as the receiver, and the receiver shall be permitted to serve without posting bond. In the event of such an appointment, the Commissioner shall thereafter be forever relieved of any and all responsibility and liability in respect to the receivership and the liquidation of the bank.

(e) In the event the Commissioner takes custody of a bank and then appoints a receiver for the bank, the Commissioner shall serve personally at the bank's principal office through the officer who is present and appears to be in charge, the Commissioner's order taking possession and, if applicable, the Commissioner's order appointing a receiver for the bank in liquidation. The Commissioner shall also mail a certified copy of the order taking possession and the appointing order by certified mail or by express delivery to any previous receiver or other legal custodian of the bank and to the Clerk of Superior Court of Wake County. The Commissioner shall give notice to the public of the Commissioner's actions by posting a notice summarizing the Commissioner's actions near the entrance to each branch of the bank, and the Commissioner shall issue a similar public notice as defined in G.S. 53C-1-4(59).

(f) Whenever a receiver for a bank is duly appointed and qualified under subsection (c) or (d) of this section:
(1) The receiver, by operation of law and without any conveyance or other instrument, act, or deed, shall succeed to all the rights, titles, powers, and privileges of the bank, its shareholders, officers, and directors, or any of them, and to the titles to the books, records, and assets of every description of any previous receiver or other legal custodian of the bank. Neither the shareholders, officers, or directors, nor any of them, shall thereafter, except as expressly provided in this section, have or exercise any rights, powers, or privileges or act in connection with any assets or property of any nature of the bank in receivership.

(2) The Commissioner may, at any time, direct the receiver (unless it is the FDIC) to return the bank to its previous or a newly constituted management and its shareholders.

(3) A receiver, other than the FDIC, may, at any time during the receivership and before final liquidation, be removed and a replacement appointed by the Commissioner.

(g) A receiver may perform any of the following acts:

(1) Demand, sue for, collect, receive, and take into possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, instruments, notes, intangible interests, and property of every description of the bank.

(2) Foreclose mortgages, deeds of trust, and other liens granted to the bank to the extent the bank would have the right to do so.

(3) Seek injunctions and institute suits for the recovery of any property, damages, or demands existing in favor of the bank, and shall, upon the receiver's own application, be substituted as party plaintiff in the place of the bank in any suit or proceeding pending at the time of the receiver's appointment.

(4) Sell, convey, and assign any or all of the property rights and interests owned by the bank.

(5) Appoint agents and engage independent contractors.

(6) Examine papers and investigate persons.

(7) Make and carry out agreements with the FDIC for the payment or assumption of the bank's liabilities, in whole or in part, and to sell, convey, transfer, pledge, or assign assets as security or otherwise and to make guarantees in connection therewith.

(8) Perform all other acts that might be done by the employees, officers, and directors of the bank.

These powers shall be continued in effect until liquidation of the bank or until return of the bank to its prior or newly constituted management.

(h) The Commissioner may, unless the FDIC has been appointed as receiver, determine that the receivership proceedings of a bank should be discontinued and the possession of the bank returned to newly constituted management. The Commissioner shall then remove the receiver and restore all the rights, powers, and privileges of the bank's depositors, shareholders, customers, employees, officers, and directors. The return of a bank to a newly constituted management from the possession of a receiver shall, by operation of law and without any conveyance or other instrument, act, or deed, vest in the bank the title to all property held by the receiver in the capacity as receiver for the bank.

(i) Claims against a bank in receivership shall have the following order of priority for payment:
(1) Costs, expenses, and debts of the bank incurred on or after the date of the appointment of the receiver, including compensation for the receiver and a reasonable sum for the time of employees and agents of the OCOB.

(2) Claims of holders of deposit accounts.

(3) Claims of secured creditors in such order of priority as is established by applicable law or regulation.

(4) Claims of general creditors.

(5) Claims of holders of the bank’s shares in the order of preference established by the bank’s organizational documents.

(j) All claims of each class described within subsection (i) of this section shall be paid in full so long as sufficient assets are available therefor. Members of a class for which the receiver cannot make payment in full shall be paid an amount proportionate to their total claims.

(k) The Commissioner may direct the receiver to make payment of claims for which no provision is made in this section and may direct the payment of less than all claims within a class.

(l) When all assets of the bank have been fully liquidated, all claims and expenses have been paid or settled, and the receiver has recommended a final distribution, the dissolution of the bank in receivership shall be accomplished in the following manner:

(1) The receiver shall file with the Commissioner a detailed report, in a form to be prescribed by the Commissioner, of the receiver's acts and proposed final distribution of the bank's assets.

(2) Upon the Commissioner's approval of the final report of the receiver, the receiver shall make the final distribution of the bank's assets in any manner as the Commissioner may direct.

(3) When any unclaimed property, including funds due to a known but unlocated depositor, remains following the final distribution of the bank's assets, such property shall be promptly transferred to the State Treasurer to hold in accordance with the provisions of Chapter 115B of the General Statutes.

(4) Upon completion of the actions described in this subsection, the process of dissolution and liquidation of the bank shall be deemed complete, and the Commissioner shall issue a certification of completed liquidation to the Secretary of State.

(5) Upon completion of the process of dissolution and liquidation, the Commissioner shall cause an examination of the receiver's activities and records to be conducted, with which the receiver shall assist. The accounts of the receiver shall then be ruled upon by the Commissioner, and if approved, the receiver shall be given a final and complete discharge and release.

§ 53C-9-401. Statute relating to receivers applicable to insolvent banks.

The provisions of G.S. 1-507.1 through 1-507.11, relating to receivers, when not inconsistent with the provisions of this Article, shall apply to the liquidation of banks under this Article.

§ 53C-9-402. Storage and destruction of records.

(a) Any record of a bank that is in or has completed the process of dissolution and liquidation may be kept in compliance with the provisions of G.S. 53C-6-14.

(b) All records of a bank that has completed the process of dissolution and liquidation shall be held in such place as in the Commissioner's judgment will provide for their proper safekeeping and protection.

(c) After the expiration of five years from the date of filing of the certificate of completed liquidation under G.S. 53C-9-301, the records of the liquidated bank may be destroyed by the Commissioner using commercially reasonable record destruction procedures.
(d) Nothing in this section shall be construed to authorize the destruction by the
Commissioner of any of the records of the OCOB made by it with reference to the dissolution, 
receivership, or liquidation of any bank.
"§ 53C-9-403. Authority to serve as trustee terminated.
Whenever any bank that has been, or shall be, appointed trustee in any indenture, deed of 
trust, or other instrument of like character, executed to secure the payment of any bonds, notes, 
or other evidences of indebtedness, has been or shall be placed in receivership, the powers and 
duties of the bank as trustee in any such instrument shall, upon the entry of an order of the clerk 
of superior court having jurisdiction under G.S. 53C-9-405 appointing a successor trustee, upon 
a petition as described in this Part, immediately cease.
"§ 53C-9-404. Petition for new trustee; upon parties interested.
In all cases of dissolution receivership and liquidation under this Article, the clerk of 
superior court of any county in which an indenture, deed of trust, or other instrument of like 
character is recorded shall, upon the verified petition of any person interested in any such trust, 
either as trustee, beneficiary, or otherwise, which interest shall be set out in the petition, enter 
an order directing service, in the manner required by law for service of summons, on all 
interested parties of a notice requiring all persons having any interest in the trust to appear at 
the clerk's office on a day designated in the order and notice, not less than 30 days from the 
date of the first publication of the notice, and show cause why a new trustee shall not be 
appointed. The notice shall set forth the names of the parties to the indenture, deed of trust, or 
other such instrument, and the date the documents were executed and the place of recording.
"§ 53C-9-405. Appointment of substitute trustee where no objection made.
If, upon the day fixed in the notice, no person appears and objects to the appointment of a 
substitute trustee, the clerk of superior court shall, upon such terms as he or she deems 
advisable to the best interest of all parties, appoint a competent person authorized to act as 
substitute trustee, who shall be vested with and shall exercise all the powers conferred upon the 
trustee named in the instrument.
"§ 53C-9-406. Hearing where objection made; appeal from order.
If objection is made to the appointment of a new trustee under this Part, the clerk shall hear 
and determine the matter, and from his or her decision an appeal may be prosecuted as in cases 
of special proceedings generally.
"§ 53C-9-407. Registration of final order.
The final order of appointment of a new trustee or trustees under this Part shall be certified 
by the clerk of superior court issuing the order and shall be recorded in the office of the register 
of deeds in the county or counties in which the instrument under which the appointment has 
been made is recorded.
"§ 53C-9-408. Petition and order applicable to all instruments involved.
The petition and the order appointing a new trustee or trustees under this Part may apply to 
any number of indentures, deeds of trust, or other instruments, wherein the same trustee or 
trustees are named.
"§ 53C-9-409. Additional remedy.
The appointment of a substitute trustee as described in this Part shall be in addition to and 
not substitution for any other remedy provided by law.
"Article 10.
"Bank Holding Companies.
"§ 53C-10-101. Holdings companies.
Every holding company, as defined in G.S. 53C-1-4(39), of a bank shall register with the 
Commissioner and maintain that registration on an annual basis in the form prescribed by the 
Commissioner.
§ 53C-10-102. Holding company control transaction.

(a) Except as otherwise expressly permitted by this section, a person shall not engage in a control transaction to which a holding company formed under the laws of this State and having a bank as a subsidiary is a party without the prior approval of the Commissioner. A person may contract to engage in a control transaction with the consummation of the control transaction being subject to receipt of the approval of the Commissioner.

(b) The Commissioner may require a person who is obligated to file a notice or an application under this section to appoint an agent resident in this State for service of process upon the filing of the notice or application or as a condition to the acceptance of the notice or application for review. An application for approval shall be in a form required by the Commissioner and shall be accompanied by such fee as may be required by rule.

(c) The following transactions shall not constitute a control transaction under this section requiring the prior approval of the Commissioner:

1. The acquisition of control over voting securities by a person who has previously engaged in a control transaction with respect to the holding company after receiving the approval of the Commissioner under this Article, which approval permits the acquisition of control over additional voting securities, or any person who is an affiliate of the person previously engaging in the approved control transaction with such permission and who is identified in the application submitted for the approval, if the acquiring person files a notice with the Commissioner, in the form required by the Commissioner, describing the transaction at least 10 days before the acquiring person or affiliate thereof first votes or directs the voting of the voting securities.

2. An acquisition of control over voting securities by operation of law, will, or intestate succession, if the acquiring person files a notice with the Commissioner, in the form required by the Commissioner, describing the acquisition or transfer at least 10 days before the acquiring person first votes or directs the voting of the voting securities.

4. A transaction exempted by rules, orders, or declaratory rulings of the Commissioner, issued because approval of the transaction is not necessary to achieve the objectives of this Chapter.

5. An acquisition of control over voting shares exempt from the prior approval requirements set forth in section 3 of the Bank Holding Company Act, as amended (12 U.S.C. § 1842), pursuant to the exceptions described in items (A), (B) or (C) of that section.

(d) Upon receipt of a notice described in subsection (c) of this section, the Commissioner may, before the 10th day following the receipt, notify the acquiring person of the Commissioner's objection to the exercise of control over the voting securities or may require the acquiring party to submit further information before exercising control over the voting securities. An acquiring person receiving a notice of objection shall be required to submit an application for approval of a control transaction. An acquiring person receiving a notice to submit further information may be required to provide any information that would be included in an application for approval of a control transaction. In the event such an acquiring person is comprised of a group of persons, the Commissioner may require each member of the group to submit relevant information.

(e) All voting securities over which control has been acquired by an acquiring person shall not be voted on any matter submitted to a vote of the holders of the outstanding voting securities of the holding company of a bank and shall be deemed authorized but unissued for purposes of determining the presence of a quorum of holders of voting securities until such time as follows:
(1) The Commissioner has approved an application for approval of a control transaction with respect to the voting securities.

(2) The transaction is one listed in subsection (c) of this section that does not require the filing of a notice with the Commissioner.

(3) The transaction is one listed in subsection (c) of this section that requires a notice to be filed with the Commissioner and the Commissioner has not issued an objection to the notice and any requirement of the Commissioner for the filing of further information had been determined by the Commissioner to have been satisfied.

"§ 53C-10-103. Application regarding a control transaction."

(a) A person seeking approval of a control transaction to which a holding company of a bank is a party under this Article shall file the following with the Commissioner:

(1) An application in the form prescribed by the Commissioner.

(2) All filing fees required by rule of the Commissioner.

(3) Any other information required by a rule of the Commissioner or deemed by the Commissioner to achieve the objectives of this Chapter.

(b) In the event a person submitting an application is a group of persons, the Commissioner may require each member of the group to submit information relevant to the application.

(c) Notwithstanding any laws to the contrary, information about the character, competence, or experience of an acquiring person or its proposed management personnel or affiliates shall be deemed a confidential record of the Commissioner subject to G.S. 53C-2-7(b).

"§ 53C-10-104. Public notice."

A person filing an application for approval of a control transaction shall publish a public notice of the filing of the application not more than 30 days before nor more than 10 days after the filing of the application with the Commissioner. The public notice shall contain the following:

(1) A statement that the application has been filed with the Commissioner.

(2) The name of the applicable holding company and the address of its principal office.

(3) A statement that any interested person may make written comment on the proposed control transaction and that comments received by the Commissioner within 14 days of the publication of the public notice shall be considered. The public notice shall provide the current mailing address of the Commissioner.

"§ 53C-10-105. Actions on control transaction applications."

(a) The Commissioner shall examine the proposed control transaction, including the character, competence, and experience of the acquiring person and its proposed management personnel, to determine whether the financial stability of the holding company or the interests of the customers served by one or more bank subsidiaries of the holding company would be adversely affected by the proposed control transaction. Not later than the 60th day following receipt of a completed application for approval of a control transaction unless extraordinary circumstances require a longer period of review, the Commissioner shall approve or deny the application.

(b) The Commissioner may deny an application for approval of a control for any of the following reasons:

(1) The financial condition of the person seeking approval of a control transaction could jeopardize the financial stability of the holding company, one or more bank subsidiaries of the holding company, or the financial interests of the bank's customers.
(2) An examination of the character, competence, or experience of any acquiring person or of any of the proposed management personnel of the holding company shows that it would not be in the interest of the customers of one or more of the bank subsidiaries of the holding company or in the interest of the public to permit the person to control the holding company.

(3) The plans or proposals of the person seeking approval with respect to exercising control over the holding company would not be in the best interests of the customers of one or more bank subsidiaries of the holding company.

(4) Upon the effective date of the proposed control transaction, one or more of the bank subsidiaries of the holding company would not be solvent, have inadequate capital, or not be in compliance with this Chapter or rules of the Commissioner.

(5) The application for approval is incomplete.

(6) If the acquiring person solicits votes for the approval of or consents to the control transaction from the holders of the voting securities of the holding company, adequate and complete disclosures of all material information about the proposed control transaction, together with a prominent statement that neither the control transaction nor any solicitation of such holders' votes or consents has been approved by the Commissioner and that any representation to the contrary is a criminal offense, have not been made to the holders.

(c) If an application filed under this Part is approved by the Commissioner, the control transaction may become effective. All conditions to approval set forth in the order of the Commissioner shall be enforceable against the person, and each member of a group of persons, receiving the approval.

§ 53C-10-106. Appeal.

Any order of the Commissioner denying an application for approval of a control transaction may be appealed to the Commission by the person filing the application denied, as provided in G.S. 53C-2-6.

"Part 2. Combinations.

§ 53C-10-201. Combination authority.

With the approval of the Commissioner, a holding company of a bank may combine with one or more other holding companies or other companies. The application for approval shall be in the form required by the Commissioner and shall be accompanied by such fee as may be required by rule.

§ 53C-10-202. Combination application and investigation.

(a) A holding company of a bank seeking approval of a combination shall file with the Commissioner an application for approval, copies of the agreement under which the holding company proposes to effect the combination, and any additional information that the Commissioner shall require by rule or as is required by the Commissioner in connection with the application in order to achieve the objectives of this Chapter.

(b) A holding company filing an application for approval of a combination shall publish a public notice of the filing of the application not more than 30 days before nor more than 10 days after the filing of the application with the Commissioner. The public notice shall contain the following:

(1) A statement that the application has been filed with the Commissioner.

(2) The names of the parties to the proposed combination and the addresses of its principal offices.
(3) A statement that any interested person may make written comment on the proposed combination and that comments received by the Commissioner within 14 days of the publication of the public notice shall be considered. The public notice shall provide the current mailing address of the Commissioner.

c) The Commissioner shall examine the proposed combination, including the character, competency, and experience of the proposed directors and executive officers of the surviving party of the combination, to determine whether the interests of the customers and communities served by the banks controlled by the parties to the combination would be adversely affected by the proposed combination.

d) Notwithstanding any laws to the contrary, information about the character, competence, and experience of the directors and executive officers of the parties to a combination received by the Commissioner shall be deemed a confidential record of the Commissioner subject to G.S. 53C-2-7(b).

"§ 53C-10-203. Decision on application.

Based on the application and the Commissioner's examination, the Commissioner shall enter an order approving or denying approval of the proposed combination not later than the 60th day following the date the Commissioner notifies the parties that the application is complete, unless extraordinary circumstances require a longer period of review.

"§ 53C-10-204. Appeal.

Any order of the Commissioner denying an application for approval of a combination may be appealed to the Commission by a party to the combination, as provided in G.S. 53C-2-6.

"§ 53C-10-301. Cease and desist order.

AN ACT AUTHORIZING UNION COUNTY TO CONSTRUCT LAW ENFORCEMENT AND HUMAN SERVICES FACILITIES USING DESIGN-BUILD DELIVERY METHODS.

The General Assembly of North Carolina enacts:

SECTION 1. Union County may contract for the design and construction or design, construction, and operation of law enforcement facilities including, without limitation, a jail and emergency dispatch center and facilities ancillary to law enforcement, and human services facilities and facilities ancillary to human services, without being subject to the requirements of Article 3D (Procurement of Architectural, Engineering, and Surveying Services) or Article 8 (Public Contracts) of Chapter 143 of the General Statutes. The authorization includes, if deemed appropriate by the Union County Board of Commissioners, the use of the single-prime contractor method of design and construction, the design-build or design-build-operate method of construction, or a request for proposals and negotiation as an alternative design and construction method.

SECTION 2. Pursuant to the authority to conduct a request for proposals and negotiation as an alternative design and construction method, Union County may enter into build-to-suit capital leases of real or personal property for use as law enforcement facilities or human services facilities. For purposes of this act, (i) the term "build-to-suit capital lease" means a capital lease, as defined by generally accepted accounting principles, regardless of how the parties describe the agreement, which provides for the construction of new facilities or the renovation of existing facilities by a private developer at a cost estimated to be greater than three hundred thousand dollars ($300,000); and (ii) the term "private developer" means the entity with which the Board of Commissioners enters into a build-to-suit capital lease under the provisions of this act. A build-to-suit capital lease may provide that the private developer is responsible for providing or contracting for construction, repair, or renovation work. The lease may include contractual provisions by the private developer regarding the provision of products, services, and guaranties related to a facility that is the subject of a build-to-suit capital lease. The Board of Commissioners may also enter into a separate agreement or a series of related agreements regarding the provision of products, services, and guaranties related to a facility that is the subject of a build-to-suit capital lease. Construction, repair, or renovation work undertaken or contracted by a private developer is not subject to the requirements of Article 3D or Article 8 of Chapter 143 of the General Statutes.

SECTION 3. In recognition of the potential economic and technical utility of build-to-suit capital leases, which may include in their scope combinations of design, construction, operation, management, and maintenance responsibilities over prolonged periods of time, and the potential desirability of a single point of responsibility for these matters in connection with build-to-suit capital leases, any build-to-suit capital lease may include provisions imposing responsibility on the private developer or any identified affiliated entity for any of the following matters:

1. Site selection, land acquisition, and site preparation, including wetlands delineation, archaeological review, and State and local government land-use permitting.
2. Facility programming, planning, and design, including both architectural and engineering services.
3. Qualification and prequalification of contractors and subcontractors.
4. Construction and construction management.
5. Financing.
(6) Facility maintenance and repairs.

(7) Energy usage guaranties.

(8) Transfer of ownership of the leased property to Union County at the end of
the lease term.

(9) Any other guaranties, products, and services the Board of Commissioners
deem appropriate.

SECTION 4. The Board of Commissioners may enter into predevelopment
agreements with a private developer in advance of entering into a build-to-suit capital lease.
Predevelopment agreements may include, without limitation, provisions for each of the
following: (i) site selection, land acquisition, and site preparation, including services such as
wetlands delineation, archaeological review, and State and local government land-use
permitting; and (ii) building programming and design, including both architectural and
engineering services.

SECTION 5. Notwithstanding any provisions of law to the contrary, the Board of
Commissioners may, pursuant to the provisions of G.S. 160A-267, and without limitation as to
value of the interest conveyed or the consideration received, sell, lease, or otherwise transfer
real or personal property to any private developer for construction, repair, or renovation of the
facilities subject to a build-to-suit capital lease. The Board of Commissioners may subject the
property to any covenants, conditions, or restrictions it deems necessary to carry out the
purposes of this act. The facilities subject to a build-to-suit capital lease may be constructed on
real property owned by Union County or real property owned by the private developer.

SECTION 6. A build-to-suit capital lease shall also be subject to the following
requirements:

(1) The lease shall not contain a nonsubstitution clause that restricts the right of
the Board of Commissioners to continue to provide a service or activity or to
replace or provide a substitute for any property financed or purchased by the
capital lease.

(2) No deficiency judgment may be rendered against Union County or the Board
of Commissioners in any action for breach of a contractual obligation in a
lease authorized by this act, and the taxing power of Union County is not
and may not be pledged directly or indirectly to secure any moneys due
under a lease authorized by this act. A build-to-suit capital lease shall state
that it does not constitute a pledge of the taxing power or full faith and credit
of the Board of Commissioners.

(3) A build-to-suit capital lease entered into pursuant to this act is subject to
approval by the Local Government Commission under Article 8 of Chapter
159 of the General Statutes if it meets the standards provided in
G.S. 159-148(a)(2) and G.S. 159-148(a)(3). For purposes of determining
whether the standards provided in G.S. 159-148(a)(3) have been met, only
the five hundred thousand dollar ($500,000) threshold shall apply.

(4) The Board of Commissioners, in its discretion, may require the private
developer to provide a performance and payment bond for construction work
in accordance with the provisions of Article 3 of Chapter 44A of the General
Statutes and may require the private developer to provide a bond or other
appropriate guaranty to cover any other guaranties, products, or services to
be provided by the private developer. In addition, the Board of
Commissioners may require that the private developer (i) provide an
irrevocable letter of credit for the benefit of laborers and materialmen in an
amount not less than five percent (5%) of the total cost of the improvements
that are the subject of the build-to-suit capital lease; and (ii) maintain the
letter of credit throughout the construction of the project and for the
succeeding six-month period.
SECTION 7. Union County shall request proposals from and interview at least five design-build teams, design-build-operate teams, or private developers, as appropriate, that have submitted proposals for a project authorized under the provisions of this act. If five proposals are not received and the project has been publicly advertised for a minimum of 30 days, the County may proceed with the proposal or proposals received. If it determines to proceed, the Board of Commissioners shall award the contract to the best qualified contractor or private developer for the project as deemed by the Board of Commissioners, in its sole discretion, to be in the county's best interests under all the circumstances, taking into account (i) the knowledge, skill, and reputation of the contractor or private developer and its associated persons; (ii) the time, cost, and quality of design, engineering, and construction, including the time required to begin and the time required to complete a particular activity; (iii) occupancy costs, including lease payments, life-cycle maintenance, repair, and energy costs; (iv) any other factors and information set forth in the request for proposals that the county determines to have a material bearing on the ability to evaluate any proposal; and (v) any other factors the Board of Commissioners deems relevant.

SECTION 8. This act is effective when it becomes law and expires five years after the effective date.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 28A-2A-1 reads as rewritten:
"§ 28A-2A-1. Executor may apply for probate.
Any executor named in a will may, at any time after the death of the testator, apply to the clerk of the superior court, having jurisdiction, to have the same will admitted to probate. Such will shall not be valid or effective to pass real estate or personal property as against innocent purchasers for value and without notice, unless it is probated or offered for probate within two years after the death of the testator or deviser or prior to the time of approval of the final account of a duly appointed administrator of the estate of the deceased, whichever time is earlier. If such will is fraudulently suppressed, stolen or destroyed, or has been lost, and an action or proceeding shall be commenced within two years from the death of the testator or deviser to obtain said will or establish the same as provided by law, then the limitation herein set out shall only begin to run from the termination of said action or proceeding, but not otherwise."

SECTION 2. G.S. 31-39 reads as rewritten:
"§ 31-39. Probate necessary to pass title; rights of lien creditors and purchasers; recordation in county where land lies; rights of innocent purchasers, real property lies.

Provided, that the probate and registration of any will shall not affect the rights of innocent purchasers for value from the heirs at law of the testator when such purchase is made more than two years after the death of such testator or when such purchase is made after the filing of the final account by the duly authorized administrator of the decedent and the approval thereof by the clerk of the superior court having jurisdiction of the estate. Such conveyances, if made before the expiration of the time required by this section to have elapsed in order for same to be valid against the heirs and devisees of the testator, shall, upon the expiration of such time, become good and valid to the same extent as if made after the expiration of such time, unless in the meantime a proceeding shall have been instituted in the proper court to probate the will of the testator.
(a) A duly probated will is effective to pass title to real and personal property.
(b) A will is not effective to pass title to real or personal property as against lien creditors or purchasers for valuable consideration from the intestate heirs at law of a decedent, unless the will is probated or offered for probate before the earlier of (i) the date of the approval by the clerk of the superior court having jurisdiction of the decedent's estate of the final account filed by the personal representative of the decedent's estate, or (ii) the date that is two years from the date of death of the decedent. If the will is fraudulently suppressed, stolen, or destroyed, or is lost, and an action or proceeding is instituted within the time limitation set forth in this subsection to obtain that will or establish that will as provided by law, the time limitation under this subsection begins to run from the termination of that action or proceeding.
(c) A will duly probated in one county of this State is not effective to pass title to an interest in real property located in any other county of this State as against lien creditors or purchasers for valuable consideration from the intestate heirs at law of a decedent unless a certified copy of the will is filed in the office of the clerk of superior court in the county where the real property lies within the time limitation set forth in subsection (b) of this section.
(d) A conveyance made by the intestate heirs at law of a decedent before the expiration of the time limitation set forth in subsection (b) of this section shall, upon the expiration of that time, become effective to the same extent as if the conveyance were made after the expiration of that time, unless before the expiration of that time, a proceeding is instituted in the proper court to probate a will of the decedent."

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 28A-24-3 reads as rewritten:

"§ 28A-24-3. Co-owners with right of survivorship; requirement of survival by 120 hours.

Except as otherwise provided in this Article, (i) if it is not established by clear and convincing evidence that one of two co-owners with right of survivorship survived the other co-owner by at least 120 hours, one half of the property passes as if one had survived by at least 120 hours and one half as if the other had survived by at least 120 hours and (ii) if there are more than two co-owners with right of survivorship and it is not established by clear and convincing evidence that one of them survived the others by at least 120 hours, the property passes to the estates of each of the co-owners in the proportion that one bears to the whole number of co-owners.

Except as otherwise provided in this Article:

(1) If there are two or more co-owners with right of survivorship and it is not established by clear and convincing evidence that at least one of them survived the other or others by at least 120 hours, then, unless the governing instrument provides otherwise, each co-owner's pro rata interest in the property passes as if that co-owner had survived all other co-owners by at least 120 hours.

(2) If there are two or more co-owners with right of survivorship and it is established by clear and convincing evidence that at least one of them survived the other or others by at least 120 hours, then, unless the governing instrument provides otherwise, the pro rata interest or interests of the deceased owner or owners who are not established by clear and convincing evidence to have survived by at least 120 hours passes to (i) the remaining owner if only one or (ii) if more than one, then to those remaining owners according to the pro rata interest of each."

SECTION 2. G.S. 41-2(b) reads as rewritten:

"(b) The interests of the grantees holding property in joint tenancy with right of survivorship shall be deemed to be equal unless otherwise specified in the conveyance. Any joint tenancy interest held by a husband and wife, unless otherwise specified, shall be deemed to be held as a single tenancy by the entirety, which shall be treated as a single party when determining interests in the joint tenancy with right of survivorship. If joint tenancy interests among three or more joint tenants holding property in joint tenancy with right of survivorship are held in unequal shares, upon the death of one joint tenant, the share of the deceased joint tenant shall be divided among the surviving joint tenants according to their respective pro rata interest and not equally, unless the creating instrument provides otherwise subject to the provisions of G.S. 28A-24-3 upon the death of one or more of the joint tenants.
This subsection shall apply to any conveyance of an interest in property created at any time that explicitly sought to create unequal ownership interests in a joint tenancy with right of survivorship. Distributions made prior to the enactment of this subsection that were made in equal amounts from a joint tenancy with the right of survivorship that sought to create unequal ownership shares shall remain valid and shall not be subject to modification on the basis of this subsection.”

"(h) Effect on Filed Financing Statement of Change in Governing Law. – The following rules apply to collateral to which a security interest attaches within four months after the debtor changes its location to another jurisdiction:

(1) A financing statement filed before the change pursuant to the law of the jurisdiction designated in G.S. 25-9-301(1) or G.S. 25-9-305(c) is effective to perfect a security interest in the collateral if the financing statement would have been effective to perfect a security interest in the collateral had the debtor not changed its location.

(2) If a security interest perfected by a financing statement that is effective under subdivision (1) of this subsection becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in G.S. 25-9-301(1) or G.S. 25-9-305(c) or the expiration of the four-month period, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(i) Effect of Change in Governing Law on Financing Statement Filed Against Original Debtor. – If a financing statement naming an original debtor is filed pursuant to the law of the jurisdiction designated in G.S. 25-9-301(1) or G.S. 25-9-305(c) and the new debtor is located in another jurisdiction, the following rules apply:

(1) The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within four months after, the new debtor becomes bound under G.S. 25-9-203(d), if the financing statement would have been effective to perfect a security interest in the collateral had the collateral been acquired by the original debtor.
(2) A security interest perfected by the financing statement and which becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in G.S. 25-9-301(1) or G.S. 25-9-305(c) or the expiration of the four-month period remains perfected thereafter. A security interest that is perfected by the financing statement but which does not become perfected under the law of the other jurisdiction before the earlier time or event becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value."

SECTION 6. G.S. 25-9-317 reads as rewritten:
"§ 25-9-317. Interests that take priority over or take free of security interest or agricultural lien.
(a) Conflicting security interests and rights of lien creditors. – A security interest or agricultural lien is subordinate to the rights of:
   (1) A person entitled to priority under G.S. 25-9-322; and
   (2) Except as otherwise provided in subsection (e) of this section, a person that becomes a lien creditor before the earlier of the time:
      a. The security interest or agricultural lien is perfected; or
      b. One of the conditions specified in G.S. 25-9-203(b)(3) is met and a financing statement covering the collateral is filed.

(b) Buyers that receive delivery. – Except as otherwise provided in subsection (e) of this section, a buyer, other than a secured party, of tangible chattel paper, tangible documents, goods, instruments, or a security certificate, takes free of a security interest or agricultural lien if the buyer gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(c) Lessees that receive delivery. – Except as otherwise provided in subsection (e) of this section, a lessee of goods takes free of a security interest or agricultural lien if the lessee gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(d) Licensees and buyers of certain collateral. – A licensee of a general intangible or a buyer, other than a secured party, of accounts, electronic chattel paper, electronic documents, general intangibles, or investment property collateral other than tangible chattel paper, tangible documents, goods, instruments, or a certificated security takes free of a security interest if the licensee or buyer gives value without knowledge of the security interest and before it is perfected.

(e) Purchase-money security interest. – Except as otherwise provided in G.S. 25-9-320 and G.S. 25-9-321, if a person files a financing statement with respect to a purchase-money security interest before or within 20 days after the debtor receives delivery of the collateral, the security interest takes priority over the rights of a buyer, lessee, or lien creditor which arise between the time the security interest attaches and the time of filing."

SECTION 7. G.S. 25-9-326 reads as rewritten:
"§ 25-9-326. Priority of security interests created by new debtor.
(a) Subordination of security interest created by new debtor. – Subject to subsection (b) of this section, a security interest that is created by a new debtor which is in collateral in which the new debtor has or acquires rights and is perfected solely by a filed financing statement that is effective solely under G.S. 25-9-508 is subordinate to a security interest in the same collateral which is perfected other than by such a filed financing statement that is effective solely under G.S. 25-9-508.
(b) Priority under other provisions; multiple original debtors. – The other provisions of this Part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements that are effective solely under G.S. 25-9-508 described in subsection (a) of this section. However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor's having become bound.

SECTION 8. G.S. 25-9-406 reads as rewritten:

"§ 25-9-406. Discharge of account debtor; notification of assignment; identification and proof of assignment; restrictions on assignment of accounts, chattel paper, payment intangibles, and promissory notes ineffective.

(a) Discharge of account debtor; effect of notification. – Subject to subsections (b) through (i) of this section, an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) When notification ineffective. – Subject to subsection (h) of this section, notification is ineffective under subsection (a) of this section:

(1) If it does not reasonably identify the rights assigned;
(2) To the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this Article; or
(3) At the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:
   a. Only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;
   b. A portion has been assigned to another assignee; or
   c. The account debtor knows that the assignment to that assignee is limited.

(c) Proof of assignment. – Subject to subsection (h) of this section, if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a) of this section.

(d) Term restricting assignment generally ineffective. – Except as otherwise provided in subsection (e) of this section and G.S. 25-2A-303 and G.S. 25-9-407, and subject to subsection (h) of this section, a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

(1) Prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or
(2) Provides that the assignment or transfer of the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.
(e) Inapplicability of subsection (d) to certain sales. – Subsection (d) of this section does not apply to the sale of a payment intangible or promissory note, other than a sale pursuant to a disposition under G.S. 25-9-610 or an acceptance of collateral under G.S. 25-9-620.

(f) Legal restrictions on assignment generally ineffective. – Except as otherwise provided in G.S. 25-2A-303 and G.S. 25-9-407 and subject to subsections (h) and (i) of this section, a rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, or account debtor to the assignment or transfer of, or creation of a security interest in, an account or chattel paper is ineffective to the extent that the rule of law, statute, or regulation:

1. Prohibits, restricts, or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in the account or chattel paper; or

2. Provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account or chattel paper.

(g) Subdivision (b)(3) not waivable. – Subject to subsection (h) of this section, an account debtor may not waive or vary its option under subdivision (b)(3) of this section.

(h) Rule for individual under other law. – This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) Inapplicability. – This section does not apply to an assignment of a health-care-insurance receivable. Subsection (i) of this section does not apply to an assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, a right the transfer of which is prohibited or restricted by any of the following statutes to the extent that the statute is inconsistent with subsection (f) of this section: North Carolina Structured Settlement Act (Article 44B of Chapter 1 of the General Statutes); North Carolina Crime Victims Compensation Act (Chapter 15B of the General Statutes); North Carolina Consumer Finance Act (Article 15 of Chapter 53 of the General Statutes); North Carolina Firemen's and Rescue Squad Workers' Pension Fund (Article 86 of Chapter 58 of the General Statutes); Employment Security Law (Chapter 96 of the General Statutes); North Carolina Workers' Compensation Act (Chapter 97 of the General Statutes); and Programs of Public Assistance (Article 2 of Chapter 108A of the General Statutes).

Section prevails over inconsistent law. – Except to the extent otherwise provided in subsection (i) of this section, this section prevails over any inconsistent provision of an existing or future statute, rule, or regulation of this State unless the provision is contained in a statute of this State, refers expressly to this section, and states that the provision prevails over this section."

SECTION 9. G.S. 25-9-408 reads as rewritten:

"§ 25-9-408. Restrictions on assignment of promissory notes, health-care-insurance receivables, and certain general intangibles ineffective.

(a) Term restricting assignment generally ineffective. – Except as otherwise provided in subsection (b) of this section, a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and which term prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible, is ineffective to the extent that the term:

(1) Would impair the creation, attachment, or perfection of a security interest; or
(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(b) Applicability of subsection (a) to sales of certain rights to payment. – Subsection (a) of this section applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note, note, other than a sale pursuant to a disposition under G.S. 25-9-610 or an acceptance of collateral under G.S. 25-9-620.

(c) Legal restrictions on assignment generally ineffective. – A rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(1) Would impair the creation, attachment, or perfection of a security interest; or
(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) Limitation on ineffectiveness under subsections (a) and (c). – To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) of this section would be effective under law other than this Article but is ineffective under subsection (a) or (c) of this section, the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) Is not enforceable against the person obligated on the promissory note or the account debtor;
(2) Does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;
(3) Does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

(4) Does not entitle the secured party to use or assign the debtor's rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(5) Does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(6) Does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable, or general intangible.

e) Section prevails over inconsistent law. – Except to the extent otherwise provided in subsection (f) of this section, this section prevails over any inconsistent provision of an existing or future statute, rule, or regulation of this State unless the provision is contained in a statute of this State, refers expressly to this section, and states that the provision prevails over this section.

(f) Inapplicability. – Subsection (c) of this section does not apply to an assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, a right the transfer of which is prohibited or restricted by any of the following statutes to the extent that the statute is inconsistent with subsection (c) of this section: North Carolina Structured Settlement Act (Article 44B of Chapter 1 of the General Statutes); North Carolina Crime Victims Compensation Act (Chapter 15B of the General Statutes); North Carolina Consumer Finance Act (Article 15 of Chapter 53 of the General Statutes); North Carolina Firemen’s and Rescue Squad Workers’ Pension Fund (Article 86 of Chapter 58 of the General Statutes); Employment Security Law (Chapter 96 of the General Statutes); North Carolina Workers’ Compensation Act (Article 1 of Chapter 97 of the General Statutes); and Programs of Public Assistance (Article 2 of Chapter 108A of the General Statutes).

2. The goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;
3. The record satisfies the requirements for a financing statement in this section, but:

   238
a. The record need not indicate other than an indication that it is to be filed in the real property records; and

b. The record sufficiently provides the name of a debtor who is an individual if it provides the individual name of the debtor or the surname and first personal name of the debtor, even if the debtor is an individual to whom G.S. 25-9-503(a)(4) applies; and

(4) The record is duly recorded."

SECTION 11. G.S. 25-9-503 reads as rewritten:

§ 25-9-503. Name of debtor and secured party.

(a) Sufficiency of debtor's name. – A financing statement sufficiently provides the name of the debtor:

(1) Except as otherwise provided in subdivision (3) of this subsection, if-if the debtor is a registered organization, or the collateral is held in a trust that is a registered organization, only if the financing statement provides the name of the debtor indicated on the public organic record of the debtor's registered organization's jurisdiction of organization which shows the debtor to have been organized, purports to state, amend, or restate the registered organization's name;

(2) Subject to subsection (f) of this section, if the debtor is a decedent's estate, collateral is being administered by the personal representative of a decedent, only if the financing statement provides, as the name of the creditor, the name of the decedent and, in a separate part of the financing statement, indicates that the creditor is an estate, collateral is being administered by a personal representative;

(3) If the debtor is a trust or a trustee acting with respect to property held in trust, only if the financing statement:

a. Provides the name specified for the trust in its organic documents or, if no name is specified, provides the name of the settlor and additional information sufficient to distinguish the debtor from other trusts having one or more of the same settlors; and

b. Indicates, in the debtor's name or otherwise, that the debtor is a trust or is a trustee acting with respect to property held in trust; and

If the collateral is held in a trust that is not a registered organization, only if the financing statement:

a. Provides, as the name of the debtor:

1. If the organic record of the trust specifies a name for the trust, the name specified; or

2. If the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and

b. In a separate part of the financing statement:

1. If the name is provided in accordance with sub-subdivision a.1. of this subdivision, indicates that the collateral is held in a trust; or

2. If the name is provided in accordance with sub-subdivision a.2. of this subdivision, provides additional information sufficient to distinguish the trust from other trusts having one or more of the same settlors or the same testator and indicates that the collateral is held in a trust, unless the additional information so indicates:
(4) Subject to subsection (g) of this section, if the debtor is an individual to whom this State has issued a drivers license or special identification card that has not expired, only if the financing statement provides the name of the individual which is indicated on the drivers license or special identification card:

(5) If the debtor is an individual to whom subdivision (a)(4) of this section does not apply, only if the financing statement provides the individual name of the debtor or the surname and first personal name of the debtor; and

(4)(6) In other cases:
   a. If the debtor has a name, only if the financing statement provides the individual or organizational name of the debtor; and
   b. If the debtor does not have a name, only if the financing statement provides the names of the partners, members, associates, or other persons comprising the debtor, in a manner that each name provided would be sufficient if the person named were the debtor.

(b) Additional debtor-related information. – A financing statement that provides the name of the debtor in accordance with subsection (a) of this section is not rendered ineffective by the absence of:
   (1) A trade name or other name of the debtor; or
   (2) Unless required under subdivision (a)(4)b, subdivision (a)(6)b, of this section, names of partners, members, associates, or other persons comprising the debtor.

(c) Debtor's trade name insufficient. – A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.

(d) Representative capacity. – Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) Multiple debtors and secured parties. – A financing statement may provide the name of more than one debtor and the name of more than one secured party.

(f) Name of Decedent. – The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subdivision (a)(2) of this section.

(g) Multiple Drivers Licenses or Special Identification Cards. – If this State has issued to an individual more than one drivers license or special identification card of a kind described in subdivision (a)(4) of this section, the one that was issued most recently is the one to which subdivision (a)(4) of this section refers.

(h) Definition. – In this section, the "name of the settlor or testator" means:
   (1) If the settlor is a registered organization, the name that is stated to be the settlor's name on the public organic record most recently filed with or issued or enacted by the settlor's jurisdiction of organization which purports to state, amend, or restate the settlor's name; or

SECTION 12. G.S. 25-9-507(c) reads as rewritten:

"(c) Change in debtor's name. – If a debtor so changes its name that a filed financing statement provides for a debtor becomes insufficient as the name of the debtor under G.S. 25-9-503(a) so that the financing statement becomes seriously misleading under G.S. 25-9-506:
   (1) The financing statement is effective to perfect a security interest in collateral acquired by the debtor before, or within four months after, the change, filed financing statement becomes seriously misleading; and
(2) The financing statement is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless an amendment to the financing statement which renders the financing statement not seriously misleading is filed within four months after the change the financing statement became seriously misleading.

SECTION 13. G.S. 25-9-515(f) reads as rewritten:
"(f) Transmitting utility financing statement. – If a debtor is a transmitting utility and a filed initial financing statement so indicates, the financing statement is effective until a termination statement is filed."

SECTION 14. G.S. 25-9-516(b) reads as rewritten:
"(b) Refusal to accept record; filing does not occur. – Filing does not occur with respect to a record that a filing office refuses to accept because:

(3) The filing office is unable to index the record because:
   a. In the case of an initial financing statement, the record does not provide a name for the debtor;
   b. In the case of an amendment or correction-information statement, the record:
      1. Does not identify the initial financing statement as required by G.S. 25-9-512 or G.S. 25-9-518, as applicable; or
      2. Identifies an initial financing statement whose effectiveness has lapsed under G.S. 25-9-515;
   c.    d. In the case of a record filed in the filing office described in G.S. 25-9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates;

   a. Provide a mailing address for the debtor;
   b. Indicate whether the name provided as the name of the debtor is the name of an individual or an organization;
   c. If the financing statement indicates that the debtor is an organization, provide:
      1. A type of organization for the debtor;

   (b1) In the case of a correction information statement alleging that a previously filed record was wrongfully filed and that it should have been rejected under G.S. 25-9-516(b)(8), the Secretary of State shall, without undue delay, determine whether the contested record was wrongfully filed and should have been rejected. In order to determine whether the record was wrongfully filed, the Secretary of State may require the person filing the correction information statement and the secured party to provide any additional relevant information requested by the Secretary of State, including an original or a copy of any security agreement that is related to the record. If the Secretary of State finds that the record was wrongfully filed and should have been rejected under G.S. 25-9-516(b)(8), the Secretary of State shall cancel the record and it shall be void and of no effect.
   (b2) Statement by secured party of record. – A person may file in the filing office an information statement with respect to a record filed there if the person is a secured party of record with respect to the financing statement to which the record relates and believes that the person that filed the record was not entitled to do so under G.S. 25-9-509(d).
   (b3) Contents of statement under subsection (b2). – An information statement under subsection (b2) of this section must:

PART II. TRANSITION PROVISIONS.
SECURITY INTEREST PERFECTED BEFORE EFFECTIVE DATE.
SECTION 19.(a) Continuing Perfection: Perfection Requirements Satisfied. – A security interest that is a perfected security interest immediately before the effective date of this act is a perfected security interest under Article 9 of Chapter 25 of the General Statutes as amended by this act if, when this act becomes effective, the applicable requirements for attachment and perfection under Article 9 of Chapter 25 of the General Statutes as amended by this act are satisfied without further action.

SECTION 19.(b) Continuing Perfection: Perfection Requirements Not Satisfied. – Except as otherwise provided in Section 21 of this act, if, immediately before this act becomes effective, a security interest is a perfected security interest, but the applicable requirements for perfection under Article 9 of Chapter 25 of the General Statutes as amended by this act are not satisfied when this act becomes effective, the security interest remains perfected thereafter only if the applicable requirements for perfection under Article 9 of Chapter 25 of the General Statutes as amended by this act are satisfied within one year after this act becomes effective.

SECURITY INTEREST UNPERFECTED BEFORE EFFECTIVE DATE.
SECTION 20. Security Interest Unperfected Before Effective Date. – A security interest that is an unperfected security interest immediately before this act becomes effective becomes a perfected security interest:
(1) Without further action, when this act becomes effective if the applicable requirements for perfection under Article 9 of Chapter 25 of the General Statutes as amended by this act are satisfied before or at that time; or
(2) When the applicable requirements for perfection are satisfied if the requirements are satisfied after that time.

EFFECTIVENESS OF ACTION TAKEN BEFORE EFFECTIVE DATE.
SECTION 21.(a) Pre-Effective-Date Filing Effective. – The filing of a financing statement before this act becomes effective is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under Article 9 of Chapter 25 of the General Statutes as amended by this act.

SECTION 21.(b) When Pre-Effective-Date Filing Becomes Ineffective. – This act does not render ineffective an effective financing statement that, before this act becomes effective, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in Article 9 of Chapter 25 of the General Statutes as it existed before amendment. However, except as otherwise provided in subsections (c) and (d) of this section and Section 22 of this act, the financing statement ceases to be effective:

247
If the financing statement is filed in this State, at the time the financing statement would have ceased to be effective had this act not become effective; or

If the financing statement is filed in another jurisdiction, at the earlier of:

a. The time the financing statement would have ceased to be effective under the law of that jurisdiction; or

SECTION 21.(c) Continuation Statement. – The filing of a continuation statement after this act becomes effective does not continue the effectiveness of a financing statement filed before this act becomes effective. However, upon the timely filing of a continuation statement after this act becomes effective and in accordance with the law of the jurisdiction governing perfection as provided in Article 9 of Chapter 25 of the General Statutes as amended by this act, the effectiveness of a financing statement filed in the same office in that jurisdiction before this act becomes effective continues for the period provided by the law of that jurisdiction.

SECTION 21.(d) Application of Sub-Subdivision (b)(2)b. to Transmitting Utility Financing Statement. – Sub-subdivision (b)(2)b. of this section applies to a financing statement that, before this act becomes effective, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in Article 9 of Chapter 25 of the General Statutes as it existed before amendment, only to the extent that Article 9 of Chapter 25 of the General Statutes as amended by this act provides that the law of a jurisdiction other than the jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

SECTION 21.(e) Application of Part 5 of Article 9 of Chapter 25 of the General Statutes. – A financing statement that includes a financing statement filed before this act becomes effective and a continuation statement filed after this act becomes effective is effective only to the extent that it satisfies the requirements of Part 5 of Article 9 of Chapter 25 of the General Statutes as amended by this act for an initial financing statement. A financing statement that indicates that the debtor is a decedent's estate indicates that the collateral is being administered by a personal representative within the meaning of G.S. 25-9-503(a)(2) as amended by this act. A financing statement that indicates that the debtor is a trust or is a trustee acting with respect to property held in trust indicates that the collateral is held in a trust within the meaning of G.S. 25-9-503(a)(3) as amended by this act.

WHEN INITIAL FINANCING STATEMENT SUFFICES TO CONTINUE EFFECTIVENESS OF FINANCING STATEMENT.

SECTION 22.(a) Initial Financing Statement in Lieu of Continuation Statement. – The filing of an initial financing statement in the office specified in G.S. 25-9-501 continues the effectiveness of a financing statement filed before this act becomes effective if:

1. The filing of an initial financing statement in that office would be effective to perfect a security interest under Article 9 of Chapter 25 of the General Statutes as amended by this act;

2. The pre-effective-date financing statement was filed in an office in another State; and

3. The initial financing statement satisfies subsection (c) of this section.

SECTION 22.(b) Period of Continued Effectiveness. – The filing of an initial financing statement under subsection (a) of this section continues the effectiveness of the pre-effective-date financing statement:

1. If the initial financing statement is filed before this act becomes effective, for the period provided in G.S. 25-9-515 as it read prior to the amendment by Section 13 of this act with respect to an initial financing statement; and
(2) If the initial financing statement is filed after this act becomes effective, for
the period provided in G.S. 25-9-515 as amended by this act with respect to
an initial financing statement.

SECTION 22.(c) Requirements for Initial Financing Statement Under Subsection
(a). – To be effective for purposes of subsection (a) of this section, an initial financing
statement must:

(1) Satisfy the requirements of Part 5 of Article 9 of Chapter 25 of the General
Statutes as amended by this act for an initial financing statement;

(2) Identify the pre-effective-date financing statement by indicating the office in
which the financing statement was filed and providing the dates of filing and
file numbers, if any, of the financing statement and of the most recent
continuation statement filed with respect to the financing statement; and

(3) Indicate that the pre-effective-date financing statement remains effective.

AMENDMENT OF PRE-EFFECTIVE-DATE FINANCING STATEMENT.

SECTION 23.(a) "Pre-Effective-Date Financing Statement." – In this section,
"pre-effective-date financing statement" means a financing statement filed before this act
becomes effective.

SECTION 23.(b) Applicable Law. – After this act becomes effective, a person
may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise
amend the information provided in, a pre-effective-date financing statement only in accordance
with the law of the jurisdiction governing perfection as provided in Article 9 of Chapter 25 of
the General Statutes as amended by this act. However, the effectiveness of a pre-effective-date
financing statement also may be terminated in accordance with the law of the jurisdiction in
which the financing statement is filed.

SECTION 23.(c) Method of Amending: General Rule. – Except as otherwise
provided in subsection (d) of this section, if the law of this State governs perfection of a
security interest, the information in a pre-effective-date financing statement may be amended
after this act becomes effective only if:

(1) The pre-effective-date financing statement and an amendment are filed in the
office specified in G.S. 25-9-501;

(2) An amendment is filed in the office specified in G.S. 25-9-501 concurrently
with, or after the filing in that office of, an initial financing statement that
satisfies subsection (c) of Section 22 of this act; or

(3) An initial financing statement that provides the information as amended and
satisfies subsection (c) of Section 22 of this act is filed in the office specified

SECTION 23.(d) Method of Amending: Continuation. – If the law of this State
governs perfection of a security interest, the effectiveness of a pre-effective-date financing
statement may be continued only under subsections (c) and (e) of Section 21 of this act or
Section 22 of this act.

SECTION 23.(e) Method of Amending: Additional Termination Rule. – Whether
or not the law of this State governs perfection of a security interest, the effectiveness of a
pre-effective-date financing statement filed in this State may be terminated after this act
becomes effective by filing a termination statement in the office in which the pre-effective-date
financing statement is filed, unless an initial financing statement that satisfies subsection (c) of
Section 22 of this act has been filed in the office specified by the law of the jurisdiction
governing perfection as provided in Article 9 of Chapter 25 of the General Statutes as amended
by this act as the office in which to file a financing statement.

249
PERSON ENTITLED TO FILE INITIAL FINANCING STATEMENT OR CONTINUATION STATEMENT.

   a. To continue the effectiveness of a financing statement filed before this act becomes effective; or
   b. To perfect or continue the perfection of a security interest.

PRIORITY.

SECTION 25. This act determines the priority of conflicting claims to collateral.

However, if the relative priorities of the claims were established before this act becomes effective, Article 9 of Chapter 25 of the General Statutes as it existed before this act becomes effective determines priority.

The General Assembly of North Carolina enacts:

SECTION 1. Part 2 of Article 16 of Chapter 153A of the General Statutes reads as rewritten:

§ 153A-311. Purposes for which districts may be established.

The board of commissioners of any county may define a county research and production service district in order to finance, provide, and maintain for the district any service, facility, or function that a county or a city is authorized by general law to provide, finance, or maintain. Such a service, facility, or function shall be financed, provided, or maintained in the district either in addition to or to a greater extent than services, facilities, or functions are financed, provided, or maintained for the entire county.

§ 153A-312. Definition of research and production service district.

(a) Standards. – The board of commissioners may by resolution establish a research and production service district for any area of the county that, at the time the resolution is adopted, meets the following standards:

(1) All (i) real property in the district is being used for or is subject to covenants that limit its use to research, research, or scientifically-oriented production or for production, technology, education, or associated commercial, commercial, residential, or institutional purposes or purposes; or for other purposes specifically authorized pursuant to the terms and conditions of the covenants, or (ii) if all the real property in the district is part of a multijurisdictional industrial park that satisfies the criteria of G.S. 143B-437.08(h), all such real property in the district is subject to covenants that limit its use to research or scientifically oriented production, associated commercial or institutional purposes, or other industrial and associated commercial and institutional uses.

(2) The district (i) contains at least 4,000 acres or (ii) satisfies the criteria of G.S. 143B-437.08(h).

(3) The district (i) includes research and production facilities that in combination employ at least 5,000 persons or (ii) satisfies the criteria of G.S. 143B-437.08(h).

(4) All real property located in the district was at one time or is currently owned by a nonprofit corporation, which developed or is developing the property as a research and production park.

(5) A petition requesting creation of the district signed by at least fifty percent (50%) of the owners of real property in the district who own at least fifty percent (50%) of total area of the real property in the district has been presented to the board of commissioners. In determining the total area of real property in the district and the number of owners of real property, there shall be excluded (1) real property exempted from taxation and real property classified and excluded from taxation and (2) the owners of such exempted or classified and excluded property.

(6) The district has no more than 25 permanent residents.

(7) There exists in the district an association of owners and tenants, to which at least seventy-five percent (75%) of the owners of nonresidential real property belong, which association can make the recommendations provided for in G.S. 153A-313. This subdivision shall not apply to a research and production service district that satisfies the criteria of G.S. 143B-437.08(h).

(8) There exists, or will exist when conveyed by the nonprofit corporation described in subdivision (4) of this subsection, exist deed-imposed conditions, covenants, restrictions, and reservations that apply to all real property in the district other than property owned by the federal
government district, provided that the covenants, restrictions, and reservations shall not be effective against the United States as long as it owns or leases property in the district but shall apply to any subsequent owner or lessee of such property.

(9) No part of the district lies within the boundaries of any incorporated city or town.

The Board of Commissioners may establish a research and production service district if, upon the information and evidence it receives, the Board finds that:

(1) The proposed district meets the standards set forth in this subsection; and

(2) It is impossible or impracticable to provide on a countywide basis the additional or higher levels of services, facilities, or functions proposed for the district; and

(3) It is economically feasible to provide the proposed services, facilities, or functions to the district without unreasonable or burdensome tax levies.

(a1) Additional Uses. – A developer of a research and production service district established prior to June 1, 2012, may amend the covenants that limit the use of real property in the district to include any of the following uses: research; or scientifically-oriented production, technology, education; or associated commercial, residential, or institutional purposes; or for other purposes specifically authorized pursuant to the terms and conditions of the covenants. A research and production service district is presumed to be in compliance with the standards in subsection (a) of this section if the district met the standards in subsection (a) of this section, as that subsection was enacted at the time of the establishment of the district.

(b) Multi-County Districts. – If an area that meets the standards for creation of a research and production service district lies in more than one county, the boards of commissioners of those counties may adopt concurrent resolutions establishing a service district, even if that portion of the district lying in any one of the counties does not by itself meet the standards. Each of the county boards of commissioners shall follow the procedure set out in this section for creation of a service district.

If a multi-county service district is established, as provided in this subsection, the boards of commissioners of the counties involved shall jointly determine whether the same appraisal and assessment standards apply uniformly throughout the district, or, in the case of a multijurisdictional industrial park that satisfies the criteria of G.S. 143B-437.08(h), whether there is a current need in each participating county to levy a tax, which determination shall be made by each participating county's board of commissioners. This determination shall be set out in concurrent resolutions of the boards. If the same appraisal and assessment standards apply uniformly throughout the district, the boards of commissioners of all the counties shall levy the same rate of tax for the district, so that a uniform rate of tax is levied for district purposes throughout the district. If the boards determine that the same standards do not apply uniformly throughout the district, the boards shall agree on the extent of divergence between the counties and on the resulting adjustments of tax rates that will be necessary in order that an effectively uniform rate of tax is levied for district purposes throughout the district. In the event that one or more of the boards of commissioners in one or more of the counties participating in a multijurisdictional industrial park that satisfies the criteria of G.S. 143B-437.08(h) determines that there is no current need to levy a tax for all or part of the property meeting said requirements within its jurisdictional boundaries, then that county or those counties shall be under no obligation to do so. That county or those counties participating in a multijurisdictional industrial park that satisfies the criteria of G.S. 143B-437.08(h) that choose to levy a tax for all or part of the property meeting said requirements within its jurisdictional boundaries may do so without setting an effectively uniform rate of tax as described above, provided such rate shall not exceed the rate allowed in G.S. 143B-317(b).

The boards of commissioners of the counties establishing a multi-county service district pursuant to this subsection may, by concurrent resolution, provide for the administration of services within the district by one or more counties on behalf of all the establishing counties."
(c) Report. – Before the public hearing required by subsection (d), the board of commissioners shall cause to be prepared a report containing:

1. A map of the proposed district, showing its proposed boundaries;
2. A statement showing that the proposed district meets the standards set out in subsection (a); and
3. A plan for providing one or more services, facilities, or functions to the district.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(d) Hearing and Notice. – The board of commissioners shall hold a public hearing before adopting any resolution defining a service district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a map of the proposed district and a statement that the report required by subsection (c) is available for public inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed and his certificate is conclusive in the absence of fraud.

(e) Effective Date. – The resolution defining a service district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board of commissioners.

"§ 153A-313. Advisory Research and production service district advisory committee.

(a) The board or boards of commissioners, in the resolution establishing a research and production service district, shall also provide for an advisory committee for the district. Such a committee shall have at least 10 members, serving terms as set forth in the resolution; one member shall be the representative of the developer of the research and production park established as a research and production service district. The resolution shall provide for the appointment or designation of a chairman. The board of commissioners or, in the case of a multi-county service district, the boards of commissioners shall appoint the members of the advisory committee. If a multi-county service district is established, the concurrent resolutions establishing the district shall provide how many members of the advisory committee are to be appointed by each board of commissioners. Before making the appointments, the appropriate board shall request the association of owners and tenants, required by G.S. 153A-312(a), to submit a list of persons to be considered for appointment to the committee; the association shall submit at least two names for each appointment to be made. Except as provided in the next two sentences, the board of commissioners shall make the appointments to the committee from the list of persons submitted. In addition, the developer of the research and production park shall appoint one person to the advisory committee as the developer's representative on the committee. In addition, in a single county service district, the board of commissioners may make two additional appointments of such other persons as the board of commissioners deems appropriate, and in a multi-county service district, each board of county commissioners may make one additional appointment of such other person as that board of commissioners deems appropriate. Whenever a vacancy occurs on the committee in a position filled by appointment by the board of commissioners, the appropriate board, before filling the vacancy, shall request the association to submit the names of at least two persons to be considered for the vacancy; and the board shall fill the vacancy by appointing one of the persons so submitted, except that if the vacancy is in a position appointed by the board of commissioners under the preceding sentence of this section, the board of commissioners making that appointment shall fill the vacancy with such person as that board of commissioners deems appropriate.
Each year, before adopting the budget for the service district and levying the tax for the district, the board or boards of commissioners shall request recommendations from the advisory committee as to the level of services, facilities, or functions to be provided for the district for the ensuing year. The board or boards of commissioners shall, to the extent permitted by law, expend the proceeds of any tax levied for the district in the manner recommended by the advisory board committee.

(b) In the event that the research and production service district satisfies the criteria of G.S. 143B-437.08(h), the board of directors for the nonprofit corporation which owns the industrial park shall serve as the advisory committee described in subsection (a) of this section.

(a) Standards. – A board of commissioners may by resolution annex territory to a research and production service district upon finding that:

(1) The conditions, covenants, restrictions, and reservations required by G.S. 153A-312(a)(8) that apply to all real property in the research district, other than property owned by the federal government, also apply or will apply to the property, other than property owned by the federal government, to be annexed, provided that the covenants, restrictions, and reservations shall not be effective against the United States as long as it owns or leases property in the district but shall apply to any subsequent owner or lessee of such property.

(2) One hundred percent (100%) of the owners of real property in the area to be annexed have petitioned for annexation.

(3) The district, following the annexation, will continue to meet the standards set out in G.S. 153A-312(a).

(4) The area to be annexed requires the services, facilities, or functions financed, provided, or maintained for the district.

(5) The area to be annexed is contiguous to the district.

(b) Report. – Before the public hearing required by subsection (c), the board shall cause to be prepared a report containing:

(1) A map of the district and the adjacent territory proposed to be annexed, showing the present and proposed boundaries of the district; and

(2) A statement showing that the area to be annexed meets the standards and requirements of subsection (a) of this section.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(c) Hearing and Notice. – The board shall hold a public hearing before adopting any resolution extending the boundaries of a service district. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) of this section is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than four weeks before the hearing. In addition, the notice shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the area to be annexed. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(d) Effective Date. – The resolution extending the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board.

§ 153A-314. Removal of territory from service districts.

(a) Standards. – A board of commissioners may by resolution remove territory from a research and production service district upon finding that:
(1) The owners of the territory to be removed contemplate placing residential uses on some of the territory to be removed. Removal has been recommended by a vote of two-thirds of the eligible votes of the owners and tenants association.

(2) One hundred percent (100%) of the owners of real property in the territory to be removed have petitioned for removal.

(3) The territory to be removed no longer requires the services, facilities, or functions financed, provided, or maintained for the district.

The notice shall be published at least once not less than seven days before the hearing. The General Assembly of North Carolina enacts:

SECTION 1. Chapter 42 of the General Statutes is amended by adding a new section to read as follows:

"§ 42-14.4. Notice to State Bar of attorney default on lease.

(a) If a landlord has actual knowledge that a tenant is an attorney, the landlord shall deliver notice to the North Carolina State Bar (hereinafter "State Bar") at least 15 days prior to the destruction or discard of any "potentially confidential materials" remaining in the premises after the landlord obtains possession of the premises, whether by summary ejectment under Article 3 of this Chapter or by any other means, including the tenant vacating the premises. For purposes of this section, the term "potentially confidential materials" means client files, trust or operating account records, or other materials relating to client matters. For purposes of this section, the term "landlord" means any owner and any rental management company, rental agency, or any other person having the actual or apparent authority of an agent to perform the duties imposed by this Article. The landlord's notice to the State Bar shall contain the name of the attorney who is presumed to be the tenant, the location of the potentially confidential materials, and a phone number, address, or other means to contact the landlord. During the 15-day period after notice, a landlord may move for storage purposes, but shall not throw away, dispose of, or sell, potentially confidential materials remaining in the premises.

(b) The State Bar or its designee may take possession of the materials, at its sole expense, within the 15-day period provided for in subsection (a) of this section without the necessity of a court order. Upon the request of the State Bar, the landlord shall cooperate with and allow the State Bar to take possession of the potentially confidential materials, and the landlord shall not be liable in any way to the tenant for his or her cooperation. However, if the tenant elects to take possession of the potentially confidential materials prior to the State Bar obtaining possession of them, and there is no court order to the contrary having been previously delivered to the landlord, the landlord may deliver possession of the potentially confidential materials to the tenant and shall promptly notify the State Bar of his or her actions. If neither the State Bar nor its designee takes possession of the potentially confidential materials within the 15-day period provided for in subsection (a) of this section, the landlord may destroy or discard the materials in accordance with the lease agreement with the defaulting tenant.

271
(c) A landlord that attempts in good faith to comply with the requirements of this section shall not be liable for losses to any person arising directly or indirectly out of the disposal of any potentially confidential materials. Failure to comply with this section shall not constitute an unfair trade practice under G.S. 75-1.1.

SECTION 2. G.S. 44A-2 is amended by adding a new subsection to read as follows:

"(h) Any landlord of nonresidential property, including any storage or self-storage space, in which potentially confidential materials, as that term is defined in G.S. 42-14.4(a), remain after the landlord has obtained possession of the property must provide notice to the North Carolina State Bar and comply with the provisions of G.S. 42-14.4, if the landlord has actual knowledge that the former tenant is an attorney. Potentially confidential materials shall not be the subject of a lien under the provisions of this Article."

AN ACT TO IMPLEMENT VARIOUS EDUCATION REFORMS.

The General Assembly of North Carolina enacts:

TEACHER PREPARATION

SECTION 1. G.S. 115C-296 reads as rewritten:

"§ 115C-296. Board sets licensure requirements; reports; lateral entry and mentor programs.

…

(b) It is the policy of the State of North Carolina to maintain the highest quality teacher education programs and school administrator programs in order to enhance the competence of professional personnel certified in North Carolina. To the end that teacher preparation programs are upgraded to reflect a more rigorous course of study, the State Board of Education, as lead agency in coordination and cooperation with the University Board of Governors, the Board of Community Colleges and such other public and private agencies as are necessary, shall continue to refine the several certification requirements, standards for approval of institutions of teacher education, standards for institution-based innovative and experimental programs, standards for implementing consortium-based teacher education, and standards for improved efficiencies in the administration of the approved programs. The certification program shall provide for initial certification after completion of preservice training, continuing certification after three years of teaching experience, and certificate renewal every five years thereafter, until the retirement of the teacher. The last certificate renewal received prior to retirement shall remain in effect for five years after retirement. The certification program shall also provide for lifetime certification after 50 years of teaching.

The State Board of Education, as lead agency in coordination with the Board of Governors of the University of North Carolina, the North Carolina Independent Colleges and Universities, and any other public and private agencies as necessary, shall continue to raise standards for entry into teacher education programs.

To further ensure that teacher preparation programs remain current and reflect a rigorous course of study that is aligned to State and national standards, the State Board of Education, in consultation with the Board of Governors of The University of North Carolina, shall ensure students preparing to teach in elementary schools (i) have adequate coursework in the teaching of reading and mathematics; (ii) are assessed prior to certification to determine that they
possess the requisite knowledge in scientifically based reading and mathematics instruction that is aligned with the State Board's expectations; (iii) continue to receive preparation in applying formative and summative assessments within the school and classroom setting through technology-based assessment systems available in North Carolina schools that measure and predict expected student improvement; and (iv) are prepared to integrate arts education across the curriculum.

The State Board of Education, in consultation with local boards of education and the Board of Governors of The University of North Carolina, shall evaluate and modify, as necessary, the academic requirements for students preparing to teach science in middle and high schools to ensure that there is adequate preparation in issues related to science laboratory safety.

The State Board of Education, in consultation with the Board of Governors of The University of North Carolina, shall evaluate and develop enhanced requirements for continuing certification. The new requirements shall reflect more rigorous standards for continuing certification and to the extent possible shall be aligned with quality professional development programs that reflect State priorities for improving student achievement.

The State Board of Education, in consultation with local boards of education and the Board of Governors of The University of North Carolina, shall reevaluate and enhance the requirements for renewal of teacher certificates. The State Board shall consider modifications in the certificate renewal achievement and to make it a mechanism for teachers to renew continually their knowledge and professional skills. The State Board shall adopt new standards for the renewal of teacher certificates by May 15, 1998.

The standards for approval of institutions of teacher education shall require that teacher education programs for all students include demonstrated competencies in (i) the identification and education of children with disabilities and (ii) positive management of student behavior and effective communication techniques for defusing and deescalating disruptive or dangerous behavior. The State Board of Education shall incorporate the criteria developed in accordance with G.S. 116-74.21 for assessing proposals under the School Administrator Training Program into its school administrator program approval standards.

All North Carolina institutions of higher education that offer teacher education programs, masters degree programs in education, or masters degree programs in school administration shall provide performance reports to the State Board of Education. The performance reports shall follow a common format, shall be submitted according to a plan developed by the State Board, and shall include the information required under the plan developed by the State Board.

(c1) The State Board of Community Colleges may provide a program of study for lateral entry teachers to complete the coursework necessary to earn a teaching license. To this end, the State Board of Education, in consultation with the State Board of Community Colleges, shall establish a competency-based program of study for lateral entry teachers to be implemented within the Community College System no later than May 1, 2006. This program must meet standards set by the State Board of Education. To ensure that programs of study for lateral entry remain current and reflect a rigorous course of study that is aligned to State and national standards, the State Board of Education shall ensure that (i) adequate coursework in the teaching of reading and mathematics is available for lateral entry teachers seeking certification in elementary education; (ii) lateral entry teachers are assessed prior to certification to determine that they possess the requisite knowledge in scientifically based reading and mathematics instruction that is aligned with the State Board's expectations; (iii) all lateral entry teachers continue to receive preparation in applying formative and summative assessments within the school and classroom setting through technology-based assessment systems available in North Carolina schools that measure and predict expected student improvement; and (iv) are prepared to integrate arts education across the curriculum.

The State Board of Community Colleges and the State Board of Education shall jointly identify the community college courses and the teacher education program courses that are necessary and appropriate for inclusion in the community college program of study for lateral
entry teachers. To the extent possible, any courses that must be completed through an approved teacher education program shall be taught on a community college campus or shall be available through distance learning.

In order to participate in the community college program of study for lateral entry teachers, an individual must hold at least a bachelors degree from a regionally accredited institution of higher education.

An individual who successfully completes this program of study and meets all other requirements of licensure set by the State Board of Education shall be recommended for a North Carolina teaching license.

**ENHANCE USE OF EVAAS**

**SECTION 2.** G.S. 115C-105.27(a) reads as rewritten:

"(a) In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted by the State Board of Education. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance. Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation.

All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for problems and determine actions to address them, and to appropriately place students in courses such as Algebra I. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards."

**PRESCHOOL PROGRAMS FOR AT-RISK CHILDREN**

**SECTION 3.** It is a goal of the General Assembly to provide preschool programs to all at-risk children.

**TRANSITION TEAMS FOR AT-RISK CHILDREN**

**SECTION 4.** G.S. 115C-105.41 reads as rewritten:

"§ 115C-105.41. Students who have been placed at risk of academic failure; personal education plans; transition teams and transition plans.

(a) Local school administrative units shall identify students who are at risk for academic failure and who are not successfully progressing toward grade promotion and graduation, beginning no later than the fourth grade. Identification shall occur as early as can reasonably be done and can be based on grades, observations, State assessments, and other factors, including reading on grade level, that impact student performance that teachers and
administrators consider appropriate, without having to await the results of end-of-grade or end-of-course tests. No later than the end of the first quarter, or after a teacher has had up to nine weeks of instructional time with a student, a personal education plan for academic improvement with focused intervention and performance benchmarks shall be developed or updated for any student at risk of academic failure who is not performing at least at grade level, as identified by the State end-of-grade test and other factors noted above. Focused intervention and accelerated activities should include research-based best practices that meet the needs of students and may include coaching, mentoring, tutoring, summer school, Saturday school, and extended days. Local school administrative units shall provide these activities free of charge to students. Local school administrative units shall also provide transportation free of charge to all students for whom transportation is necessary for participation in these activities.

Local school administrative units shall give notice of the personal education plan and a copy of the personal education plan to the student's parent or guardian. Parents should be included in the implementation and ongoing review of personal education plans. If a student's school report card provides all the information required in a personal education plan, then no further personal education plan is mandated for the student.

Local school administrative units shall certify that they have complied with this section annually to the State Board of Education. The State Board of Education shall periodically review data on the progress of identified students and report to the Joint Legislative Education Oversight Committee.

No cause of action for monetary damages shall arise from the failure to provide or implement a personal education plan under this section.

(b) Local boards of education shall adopt and implement plans for the creation of transition teams and transition plans for students at risk, as defined by the State Board of Education, to assist them in making a successful transition between the elementary school and middle school years and between the middle school and high school years.

SECTION 5. Section 5 of S.L. 2010-36 reads as rewritten:

"SECTION 5. Section 3 of this act becomes effective January 1, 2009, and expires June 1, 2013. The remainder of this act is effective when it becomes law."

STUDY GRADUATION REQUIREMENTS FOR STUDENTS WHO DO NOT PLAN TO CONTINUE EDUCATION BEYOND HIGH SCHOOL

SECTION 6. The State Board of Education shall reconsider the high school graduation requirements for students who do not plan to continue education beyond high school. For some of these students, a five-year program might be needed in order for them to meet graduation requirements. For other students, a reassessment of existing requirements might be in order to determine what, at a minimum, is needed for a sound, basic education and whether the current graduation requirements are reasonable for students not planning to continue education beyond high school.

The State Board of Education shall report the results of this study to the Joint Legislative Education Oversight Committee by March 15, 2013.

STATEWIDE EDUCATION INITIATIVES

SECTION 7.(a) Consistent with Section 7.8 of S.L. 2010-31, to continue the State's progress in increasing student achievement, graduation rates, and students' career- and college-readiness, by August 31, 2014, the State Board of Education shall implement the statewide education reform initiatives described in the State's successful Race to the Top application. (8) Provision of effective teachers for schools through virtual and blended courses. – The State Board shall develop a model through which to develop and deploy virtual and blended Science, Technology, Engineering, and Math (STEM) courses to give students at risk of low performance in core math and science subjects access to effective teachers and innovative instructional approaches.

limited duration. Notwithstanding the requirements of subsection (n) of this section addressing background colors and borders, a driver's license of limited duration issued under this section shall bear a distinguishing mark or other designation on the face of the license clearly denoting the limited duration of the license."

SECTION 2. G.S. 20-51(6) reads as rewritten:

"(6) Any trailer or semitrailer attached to and drawn by a properly licensed motor vehicle when used by a farmer, his tenant, agent, or employee in transporting unginned cotton, peanuts, soybeans, corn, hay, tobacco, silage, cucumbers, potatoes, all vegetables, fruits, greenhouse and nursery plants and flowers, Christmas trees, livestock, live poultry, animal waste, pesticides, seeds, fertilizers or chemicals purchased or owned by the farmer or tenant for personal use in implementing husbandry, irrigation pipes, loaders, or equipment owned by the farmer or tenant from place to place on the same farm, from one farm to another, from farm to gin, from farm to dryer, or from farm to market, and when not operated on a for-hire basis. The term "transporting" as used herein shall include the actual hauling of said products and all unloaded travel in connection therewith."

A vehicle driven in violation of this subsection is subject to the axle group penalties set out in G.S. 20-118(e). The penalties apply to the amount by which the vehicle's maximum gross weight as listed in G.S. 20-118(b) exceeds its declared weight."

SECTION 5. G.S. 20-116(j) reads as rewritten:

"(j) Nothing in this section shall be construed to prevent the operation of self-propelled grain combines or other self-propelled farm equipment with or without implements, not exceeding 25 feet in width on any highway, except a highway or section of highway that is a fully controlled access highway or is a part of the National System of Interstate and Defense Highways, unless the operation violates a provision of this subsection. Farm equipment includes a vehicle that is designed exclusively to transport compressed seed cotton from a farm to a gin and has a self-loading bed. Combines or equipment which exceed 10 feet in width may be operated only if they meet all of the conditions listed in this subsection. A violation of one or more of these conditions does not constitute negligence per se.

(1) The equipment may only be operated during daylight hours.
(2) The equipment must display a red flag on front and rear ends, ends or a flashing warning light. The flags shall not be smaller than three feet wide and four feet long. The flags or lights shall be attached to a stick, pole, staff, etc., not less than four feet long and they shall be attached to the equipment as to be visible from both directions at all times while being operated on the public highway for not less than 300 feet.
(3) Equipment covered by this section, which by necessity must travel more than 10 miles or where by nature of the terrain or obstacles the flags or lights referred to in subdivision (2) of this subsection are not visible from both directions for 300 feet at any point along the proposed route, must be preceded at a distance of 300 feet and followed at a distance of 300 feet by a flagman in a vehicle having mounted thereon an appropriate warning light or flag. No flagman in a vehicle shall be required pursuant to this subdivision if the equipment is being moved under its own power or on a trailer from any field to another field, or from the normal place of storage of the vehicle to
any field, for no more than ten miles and if visible from both directions for 300 feet at any point along the proposed route.

(4) Every piece of equipment so operated shall operate to the right of the center line when meeting traffic coming from the opposite direction and at all other times when possible and practical.

(5) Repealed by Session Laws 2008-221, s. 6, effective September 1, 2008.

(6) When the equipment is causing a delay in traffic, the operator of the equipment shall move the equipment off the paved portion of the highway at the nearest practical location until the vehicles following the equipment have passed.

(7) The equipment shall be operated in the designed transport position that minimizes equipment width. No removal of equipment or appurtenances is required under this subdivision.

(8) Equipment covered by this subsection shall not be operated on a highway or section of highway that is a fully controlled access highway or is a part of the National System of Interstate and Defense Highways without authorization from the North Carolina Department of Transportation. The Department shall develop an authorization process and approve routes under the following conditions:

b. The Department shall have a period of 30 days from receipt of a complete application to approve or reject the application. A complete application shall be deemed approved if the Department does not take action within 30 days of receipt by the Department; such a route may then be used by the original applicant.

c. The Department shall approve an application upon a showing that the route is necessary to accomplish one or more of the following:
   1. Prevent farming operations from traveling more than five miles longer than the requested route during the normal course of business.
   2. Prevent excess traffic delays on local or secondary roads.
   3. Allow farm equipment access due to dimension restrictions on local or secondary roads.

d. For applications that do not meet the requirements of sub-subdivision c. of this subdivision, the Department may also approve an application upon review of relevant safety factors.

e. The Department may consult with the North Carolina State Highway Patrol, the North Carolina Department of Agriculture and Consumer Services, or other parties concerning an application.

f. Any approved route may be subject to any of the following additional conditions:
   1. A requirement that the subject equipment be followed by a flag vehicle with flashing lights that shall be operated at all times on the route so as to be visible from a distance of at least 300 feet.
   2. Restrictions on maximum and minimum speeds of the equipment.
3. Restrictions on the maximum dimensions of the equipment.
4. Restrictions on the time of day that the equipment may be operated on the approved route.

b. The Department shall publish all approved routes, including any conditions on the routes' use, and shall notify appropriate State and local law enforcement officers of any approved route.

c. Once approved for use and published by the Department, a route may be used by any person who adheres to the route, including any conditions on the route's use imposed by the Department.

d. The Department may revise published routes as road conditions on the routes change."

SECTION 1.2. G.S. 105-134.5 reads as rewritten:

"§ 105-134.5. (Effective for taxable years beginning on or after January 1, 2012) North Carolina taxable income defined.

... (b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-134.6, multiplied by a fraction the denominator of which is the taxpayer's adjusted-gross income as modified in G.S. 105-134.6, and the numerator of which is the amount of that adjusted-gross income, as modified, that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.

(c) Part-year Residents. – If an individual was a resident of this State for only part of the taxable year, having moved into or removed from the State during the year, the term "North Carolina taxable income" has the same meaning as in subsection (b) of this section except that the numerator includes adjusted-gross income, as modified under G.S. 105-134.6, derived from all sources during the period the individual was a resident.

The additional amount the taxpayer may deduct is six hundred dollars ($600.00) in the case of an individual who is married and seven hundred fifty dollars ($750.00) in the case of an individual who is not married and is not a surviving spouse. The taxpayer is allowed the same number of additional amounts that the taxpayer claimed under the Code for the taxable year.

If the amount of sales or use tax so paid is less than the amount of the use tax due the taxing county under this section, the purchaser shall pay to the Secretary an amount equal to the difference between the amount so paid in the other taxing county or jurisdiction and the amount due in the taxing county. The Secretary may require such proof of payment in another taxing county or jurisdiction as is deemed to be necessary. The use tax levied under this Article is not subject to credit for payment of any State sales or use tax not imposed for the benefit and use of counties and municipalities. No credit shall be given under this section for sales or use taxes paid in a taxing jurisdiction outside this State if that taxing jurisdiction does not grant similar credit for sales taxes paid under this Article."

SECTION 1.13.(a) The General Assembly makes the following findings:

(1) Section 1.3 of S.L. 2010-147 was intended to address concerns about the stringency of the environmental impact test used in determining eligibility for credits under Article 3J of Chapter 105 of the General Statutes.

(2) The General Assembly purposefully decided to adjust that standard retroactively to January 1, 2007, the effective date of Article 3J of Chapter 105 of the General Statutes.

(3) By retroactively changing this standard, the General Assembly intended to address instances where the application of this standard had resulted in a finding that a taxpayer was ineligible for credits contrary to the intent of the General Assembly in enacting the original legislation.

(4) The General Assembly intended for taxpayers to receive the benefits of this retroactive change.

(5) The provisions of G.S. 105-129.84(d) that require a taxpayer to claim a credit under Article 3J of Chapter 105 of the General Statutes within six months after the date set by statutes for the filing of return had the effect of limiting the benefits of this retroactive change.

SECTION 1.13.(b) Notwithstanding the provisions of G.S. 105-129.84(d), for the 2007 through 2010 taxable years, a taxpayer that satisfies all of the following conditions may claim a credit under Article 3J of Chapter 105 of the General Statutes on an amended return that is filed before January 1, 2013:

(1) The taxpayer did not timely claim a credit under Article 3J of Chapter 105 of the General Statutes.

(2) The taxpayer would have been ineligible to claim a credit under Article 3J of Chapter 105 of the General Statutes because it failed to meet the environmental impact standard under G.S. 105-129.83(e) prior to the enactment of S.L. 2010-147.

(3) The taxpayer satisfies the environmental impact standard under G.S. 105-129.83(e) after the enactment of S.L. 2010-147.

SECTION 1.13.(c) This section is effective when it becomes law.

SECTION 2.11. G.S. 105-164.14(a) reads as rewritten:

3. The sales and use taxes paid in this State on the listed items.
4. The number of miles the applicant's motor vehicles, railroad cars, locomotives, and airplanes were operated both inside and outside this State during the refund period. Airplane miles are not in this State if the airplane does not depart or land in this State.
5. Any other information required by the Secretary.

For each applicant, the Secretary shall compute the amount to be refunded as follows. First, the Secretary shall determine the ratio of mileage ratio. The numerator of the mileage ratio is the number of miles the applicant operated all motor vehicles, railroad cars, locomotives, and airplanes in this State during the refund period. The denominator of the mileage ratio is the number of miles the applicant operated their all motor vehicles, railroad cars, locomotives, and airplanes both inside and outside this State during the refund period. Second, the Secretary shall determine the applicant's proportional liability for the refund period by multiplying this mileage ratio by the purchase price of the items identified in subdivision (1) of this subsection and then multiplying the resulting product by the tax rate that would have applied to the items if they had all been purchased in this State. Third, the Secretary shall refund to each applicant the excess of the amount of sales and use taxes the applicant paid in this State during the refund period on these items over the applicant's proportional liability for the refund period."

SECTION 2.12. G.S. 105-164.27A reads as rewritten:
§ 105-164.27A. Direct pay permit.

The tax is payable when the property is placed in use or the service is received. A direct pay permit issued under this subsection does not apply to taxes imposed under G.S. 105-164.4 on electricity.

A person who purchases an item for storage, use, or consumption in this State whose tax status cannot be determined at the time of the purchase because of one of the reasons listed below may apply to the Secretary for a general direct pay permit:

The combined tax and registration notice or tax receipt for a classified motor vehicle must explain the right to appeal the appraised value and taxability of the vehicle. A lessee of a vehicle that is required by the terms of the lease to pay the tax on the vehicle is considered the owner of the vehicle for purposes of filing an appeal under this subsection. Appeals filed under this subsection shall proceed in the manner provided by G.S. 105-312(d).

(b2) Exemption or Exclusion Appeal. – The owner of a classified motor vehicle may appeal the vehicle's eligibility for an exemption or exclusion by filing a request for appeal with the assessor within 30 days of the assessor's initial decision on the exemption or exclusion application filed by the owner pursuant to G.S. 105-330.3(b). (a1) Unregistered Vehicles. – The owner of an unregistered classified motor vehicle must list the vehicle for taxes by filing an abstract with the assessor of the county in which the vehicle is located on or before January 31 following the date the owner acquired the unregistered vehicle or, in the case of a registration that is not renewed, January 31 following the date the registration expires, and on or before January 31 of each succeeding year that the vehicle is unregistered. If a classified motor vehicle required to be listed pursuant to this subsection is registered during the calendar before the end of the fiscal year in for which it was listed, the vehicle is taxed for the fiscal year that opens in the calendar year of listing as an unregistered vehicle, required to be listed, the following applies:

..."
The vehicle is taxed as a registered vehicle, and the tax assessed pursuant to this subsection for the fiscal year in which the vehicle was required to be listed shall be released and/or refunded.

For any months for which the vehicle was not taxed between the date the registration expired and the start of the current registered vehicle tax year, the vehicle is taxed as an unregistered vehicle as follows:

a. The value of the motor vehicle is determined as of January 1 of the year in which the registration of the motor vehicle expires.

b. In computing the taxes, the assessor must use the tax rates and any additional motor vehicle taxes of the various taxing units in effect on the date the taxes are computed.

c. The tax on the motor vehicle is the product of a fraction and the number of months for which the vehicle was not taxed between the date the registration expires and the start of the current registered vehicle tax year. The numerator of the fraction is the product of the appraised value of the motor vehicle and the tax rate of the various taxing units. The denominator of the fraction is 12.

d. The taxes are due on the first day of the second month following the month the notice was prepared.

e. Interest accrues on unpaid taxes for these unregistered classified motor vehicles at the rate of five percent (5%) for the remainder of the month following the taxes due. Interest accrues at the rate of three-fourths percent (3/4%) for each following month until the taxes are paid, unless the notice is prepared after the date the taxes due. In that circumstance, the interest accrues beginning the second month following the date of the notice until the taxes are paid.

A vehicle required to be listed pursuant to this subsection that is not listed by January 31 and is not registered before the end of the fiscal year for which it was required to be listed is subject to discovery pursuant to G.S. 105-312, unless the vehicle has been taxed as a registered vehicle for the current year.

Exemption or Exclusion. – The owner of a classified motor vehicle who claims an exemption or exclusion from tax under this Subchapter has the burden of establishing that the vehicle is entitled to the exemption or exclusion. The owner may establish prima facie entitlement to exemption or exclusion of the classified motor vehicle by filing an application for exempt status with the assessor within 30 days of the date taxes on the vehicle are due. When an approved application is on file, the assessor must omit from the tax records the classified motor vehicles described in the application. 

The remaining provisions of G.S. 105-282.1 do not apply to classified motor vehicles.

SECTION 3.4. G.S. 105-330.4 reads as rewritten:

"§ 105-330.4. (Effective July 1, 2013 – See Editor's note) Due date, interest, and enforcement remedies.

Interest accrues at the rate of three-fourths percent (3/4%) beginning the second month following the due date and for each month thereafter until the taxes and fees are paid, unless the notice required by G.S. 105-330.5 is prepared after the date the taxes and fees are due. In that circumstance, the interest accrues
beginning the second month following the date of the notice until the taxes and fees are paid. Subject to the provisions of G.S. 105-395.1, interest on delinquent taxes on classified motor vehicles listed pursuant to G.S. 105-330.3(a)(2) accrues as provided in G.S. 105-360(a) and discounts shall be allowed as provided in G.S. 105-360(c).

(c) Remedies. – The enforcement remedies in this Subchapter apply to unpaid taxes on an unregistered classified motor vehicle. The enforcement remedies in this Subchapter do not apply to unpaid taxes on a registered classified motor vehicle for which the tax year begins on or after August 1, 2013.

(d) Tax payments submitted by mail are deemed to be received as of the date shown on the postmark affixed by the United States Postal Service. If no date is shown on the postmark or if the postmark is not affixed by the United States Postal Service, the tax payment is deemed to be received when the payment is received in the office of the tax collector by the collecting authority. In any dispute arising under this subsection, the burden of proof is on the taxpayer to show that the payment was timely made.”

SECTION 3.5. G.S. 105-330.5(e) is repealed.

"SECTION 13. Sections 4 and 8 of this act become effective January 1, 2006. Sections 1, 2, 3, 5, 6, 7, 10 and 11 of this act become effective July 1, 2011, or when the Division of Motor Vehicles of the Department of Transportation and the Department of Revenue certify that the integrated computer system for registration renewal and property tax collection for motor vehicles is in operation, whichever occurs first. The sheriff or keeper of the jail of the county designated in the court order, or the officer in charge of the prison unit designated by the Secretary of Public Safety, shall receive and release custody of the prisoner in accordance with the terms of the court order. If a prisoner is transferred to a unit of the State prison system, the county from which the prisoner is transferred shall pay the Division of Adult Correction of the Department of Public Safety for maintaining the prisoner for the time designated by the court at the per day, per inmate rate at which the Division of Adult Correction of the Department of Public Safety pays a local jail for maintaining a prisoner. The county shall also pay the Division of Adult Correction of the Department of Public Safety for the costs of extraordinary medical care incurred while the prisoner was in the custody of the Division of Adult Correction of the Department of Public Safety, defined as follows:

(1) Medical expenses incurred as a result of providing health care to a prisoner as an inpatient (hospitalized);
(2) Other medical expenses when the total cost exceeds thirty-five dollars ($35.00) per occurrence or illness as a result of providing health care to a prisoner as an outpatient (nonhospitalized); and

If the prisoner is transferred to a jail in some other county, the county from which the prisoner is transferred shall pay to the county receiving the prisoner in its jail the actual cost of maintaining the prisoner for the time designated by the court. Counties are hereby authorized to enter into contractual agreements with other counties to provide jail facilities to which prisoners may be transferred as deemed necessary under this section.

Whenever prisoners are arrested in such numbers that county jail facilities are insufficient and inadequate for the safekeeping of such prisoners, the resident judge of the superior court or any superior or district court judge holding court in the district may order the prisoners transferred to a unit of the Division of Adult Correction of the Department of Public
Safety designated by the Secretary of Public Safety or his authorized representative, where the prisoners may be held for such length of time as the judge may direct, such detention to be in cell separate from that used for imprisonment of persons already convicted of crimes, except when admission to an inpatient prison medical or mental health unit is required to provide services deemed necessary by a prison health care clinician. The sheriff of the county from which the prisoners are removed shall be responsible for conveying the prisoners to the prison unit or units where they are to be held, and for returning them to the common jail of the county from which they were transferred. However, if due to the number of prisoners to be conveyed the sheriff is unable to provide adequate transportation, he may request the assistance of the Division of Adult Correction of the Department of Public Safety, and the Division of Adult Correction of the Department of Public Safety is hereby authorized and directed to cooperate with the sheriff and provide whatever assistance is available, both in vehicles and manpower, to accomplish the conveying of the prisoners to and from the county to the designated prison unit or units. The officer in charge of the prison unit designated by the Secretary of Public Safety or his authorized representative shall receive and release the custody of the prisoners in accordance with the terms of the court order. The county from which the prisoners are transferred shall pay to the Division of Adult Correction of the Department of Public Safety the actual cost of transporting the prisoners and the cost of maintaining the prisoners at the per day, per inmate rate at which the Division of Adult Correction of the Department of Public Safety pays a local jail for maintaining a prisoner, provided, however, that a county is not required to reimburse the State for transporting or maintaining a prisoner who was a resident of another state or county at the time he was arrested. However, if the county commissioners shall certify to the Governor that the county is unable to pay the bill submitted by the Division of Adult Correction of the Department of Public Safety to the county for the services rendered, either in whole or in part, the Governor may recommend to the Council of State that the State of North Carolina assume and pay, in whole or in part, the obligation of the county to the Division of Adult Correction of the Department of Public Safety, and upon approval of the Council of State the amount so approved shall be paid from Contingency and Emergency Fund to the Division of Adult Correction of the Department of Public Safety.

When, due to an emergency, it is not feasible to obtain from a judge of the superior or district court a prior order of transfer, the sheriff of the county and the Division of Adult Correction of the Department of Public Safety may exercise the authority hereinafter conferred; provided, however, that the sheriff shall, as soon as possible after the emergency, obtain an order from the judge authorizing the prisoners to be held in the designated place of confinement for such period as the judge may direct. All provisions of this subsection shall be applicable to municipalities whenever prisoners are arrested in such numbers that the municipal jail facilities and the county jail facilities are insufficient and inadequate for the safekeeping of the prisoners. The chief of police is hereby authorized to exercise the authority herein conferred upon the sheriff, and the municipality shall be liable for the cost of transporting and maintaining the prisoners to the same extent as a county would be unless action is taken by the Governor and Council of State as herein provided for counties which are unable to pay such costs."

Upon making a written finding that a source or facility presents or would present an unacceptable risk to human health, the Department shall require the owner or operator of the source or facility to submit a permit application for any or all emissions of toxic air pollutants from the facility that eliminates the unacceptable risk to human health. The written finding may be based on modeling, epidemiological studies, actual monitoring data, or other information that indicates an unacceptable health risk. When the Department requires the owner or operator of a source or facility to submit a permit application pursuant to this sub-subdivision, the Department shall report to the Chairs of the Environmental Review Commission on the circumstances surrounding the permit requirement, including a copy of the written finding.

SECTION 2. The Environmental Management Commission shall amend its rules adopted pursuant to G.S. 143-215.107(a) so that they are consistent with the provisions of Section 1 of this act.

The Division of Air Quality of the Department of Environment and Natural Resources shall review toxic air pollutant rules adopted pursuant to G.S. 143-215.107(a) and the implementation of those rules to determine whether changes could be made to the rules or their implementation to reduce unnecessary regulatory burden and increase the efficient use of Division resources while maintaining protection of public health. The Division shall conduct this review in consultation with interested parties. The Division shall report the results of its review, including recommendations, if any, to the Environmental Review Commission no later than December 1, 2012.

S.B. 848

AN ACT INCORPORATING ADDITIONAL BASES FOR MAKING ASSESSMENTS UNDER THE CHARTER OF THE CITY OF DURHAM IN THE CASE OF BOTH PETITIONED AND NON-PETITIONED ASSESSMENTS.

Whereas, Section 77(14) of the Charter of the City of Durham (Charter) currently includes limited bases for making assessments against properties benefitting from improvements; and
Whereas, the limited bases for making assessments currently available under the Charter have the potential to allocate assessments to properties in a manner that is disproportionate to the benefits bestowed by the improvements to the properties; and
Whereas, by incorporating additional bases for making assessments into the Charter, the Durham City Council will be able to apportion both petitioned and non-petitioned assessments among the benefitted properties in a manner that is more reflective of the benefits bestowed on the benefitted properties; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Section 77(14) of the Charter of the City of Durham, being Chapter 671 of the Session Laws of 1975, as amended by Chapter 577 of the 1991 Session Laws, reads as rewritten:

"Sec. 77. Assessments for Water, Sewer, Street, Sidewalk, Grass Plot, Lighting, and Waterfront Improvements.

(14) Having determined such total cost, the City Council shall thereupon make a preliminary assessment as hereinafter set out in this section. Such preliminary assessment shall, however, be advisory only, and shall be subject to the action of the Council thereon as hereinafter set out in subsection 17 of this section. The preliminary assessment shall be made on the basis hereinafter set out in this subsection for the classes of improvements indicated; provided, that if the petition, or the resolution, in those cases where the improvement was ordered made without petition, specified that there should be specially assessed against the abutting benefited property a smaller proportion of the cost of any improvement than is hereinafter specified in this section, then there shall be assessed against the abutting benefiting property only such proportion of the cost of the improvement as was specified in the petition or in the resolution.

(a) Street paving. The total cost of any street paving improvement, exclusive of so much of the cost as is incurred at street intersections and the share of street railways or railroads, shall be specially assessed against the lots and parcels of land abutting directly on the street paved, according to the extent of their respective frontages thereon, by an equal rate per foot of such frontage. The cost of that part of the paving required to be borne by a street railway or railroad, which paving is done by the City after default by the street railway in making the same, as hereinbefore provided in this section, or which is done by the City by contract with the railway or railroad as provided in subsection 12 of this section, shall be assessed against the street railway or railroad, and the assessment shall be a lien on all of the franchises and property of the street railway or railroad company, and may be collected by sale of such
property and franchises as is provided in subsection 23 of this section; Provided, further, that in case of a corner lot, used as a single lot, the Council may provide by ordinance for the City to bear a part of the cost of paving in accordance with the following formula, the amounts or distances therein shown being maximum amounts or distances which may be reduced by the ordinance:

(1) In the event that neither of the streets abutting a corner lot, used as a single lot, has ever been paved, such lot shall be exempt from assessment for the paving improvement along side of such lot to the extent of 20 per cent of the first 150 feet thereof or 30 feet, whichever is less. Thereafter, upon the paving of the intersecting street on which such lot abuts, such lot shall be exempt from assessment for the paving of the street to the extent of 50 per cent of the frontage on such street or 30 feet, whichever is less.

(2) In the event that the street along side of a corner lot, used as a single lot, is paved and the intersecting street is to be paved, such lot shall be exempt from assessment for the paving of the intersecting street to the extent of 50 per cent of the frontage thereon or 30 feet, whichever is less.

(3) In the event a street in front of a corner lot, used as a single lot, has been paved and the street along side of such lot is to be paved, the lot shall be exempt from assessment for the paving improvement along side of such lot to the extent of 40 percent of the frontage on such street or 60 feet, whichever is less.

The exemption herein provided shall apply only in areas zoned for residential use or for apartments, and such portion of the cost of construction as would otherwise be assessed against such corner lot shall be borne by the City;

(b) Sidewalks. The total cost of constructing or reconstructing sidewalks shall be assessed against the lots and parcels of land abutting on that side of the street upon which the improvement is made, according to their respective frontages thereon by an equal rate per foot of such frontage, the lots within a block being deemed to abut upon a sidewalk although the latter extends beyond the lots to the curb line of an intersecting street; Provided, further, that in case of a corner lot, used as a single lot, the Council may provide by ordinance for the City to bear a part of the cost of sidewalk improvements in accordance with the following formula, the amounts or distances therein shown being maximum amounts or distances which may be reduced by the ordinance:

(1) In the event that neither of the streets abutting a corner lot, used as a single lot, has sidewalks, such lot shall be exempt from assessment for the sidewalk improvement along side of such lot to the extent of 20 per cent of the first 150 feet thereof or 30 feet, whichever is less. Thereafter, upon the construction of sidewalks on the intersecting street, on which such lot abuts, such lot shall be exempt from assessment for the sidewalk improvement on the street to the extent of 50 per cent of the frontage on such street or 30 feet, whichever is less.

(2) In the event that the street along side of a corner lot, used as a single lot, has sidewalks and sidewalks are constructed on the intersecting street, such lot shall be exempt from assessment for the sidewalks on the intersecting street to the extent of 50 per cent of the frontage thereon or 30 feet, whichever is less.

(3) In the event a street in front of a corner lot, used as a single lot, has sidewalks and sidewalks are to be constructed on the intersecting street, the lot shall be exempt from assessment for the sidewalk improvement along side of such lot to the extent of 40 per cent of the frontage thereon or 60 feet, whichever is less.
The exemptions herein provided shall apply only in areas zoned for residential use or for apartments, and such portion of the cost of construction as would otherwise be assessed against such corner lot shall be borne by the City;

(c) Water mains and sewers. In the case of water mains and storm and sanitary sewers, the cost of not exceeding an eight-inch water or sanitary sewer main and of not exceeding a thirty-inch storm sewer main and of such portion of the mains as lie within the limits of the street or streets, or parts thereof, to be improved as provided in the petition or resolution ordering the same, shall be assessed against the abutting property. Such cost shall be assessed against the lots and parcels of land abutting on the street or streets, or parts thereof, according to their respective frontages thereon (i.e., the entire frontage benefited by the water or sanitary sewer project) by an equal rate per foot of such frontage; provided, that in case of a corner lot, used as a single lot, no assessment shall be made against the long side of the lot abutting on the intersecting streets for any part of the frontage of such longer side of the lot except that portion in excess of 150 feet if the lot is in a residential section of the City, or in excess of 100 feet if the lot is in a business section of the City, and in such case the portion of the cost as would otherwise be assessed against the lot shall be borne by the City; provided further, that if a water or sanitary sewer main in excess of eight inches in size or a storm sewer main in excess of thirty inches in size is laid in the portion of the street or streets, then the cost of the water or sanitary sewer main in excess of the cost of an eight-inch main and the cost of the storm sewer main in excess of a thirty-inch main shall be borne by the City, provided further, that if the resolution ordered the construction of any septic tank or disposal plant, no part of the cost of the same shall be specially assessed; provided further, that if the resolution ordered the construction of any pumping station, force main or sanitary sewer outfall, the cost thereof may be assessed against the lots and parcels of land abutting on the street or streets, or parts thereof, according to their respective frontages thereon (i.e., the entire frontage benefited by such pumping station, force main or sanitary sewer outfall) by an equal rate per front foot of such frontage; provided, however, in the case of a corner lot, used as a single lot, where there is a sewer already laid on the intersecting street on which the lot abuts and by which the lot is or can be served, no assessment shall be made against the lot for the costs of any pumping station, force main or sanitary sewer outfall incident to the second sewer for any part of the frontage of the lot except that portion in excess of 150 feet if the lot is in a residential section, or in excess of 100 feet if the lot is in a business section, and in such case the portion of the cost as would otherwise be assessed against the lot shall be borne by the City. Nothing contained herein shall be construed to limit the right of the City to contract with any property owner or owners for the construction of any pumping station, outfall, septic tank or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract;

(d) Water and Sewer Laterals. The entire cost of each water and sewer lateral required to be laid by the owner of the property for or in connection with which such lateral is laid, but laid by the City after default by the property owner in making the same as hereinafter provided, shall be specially charged against the particular lot or parcel of land for or in connection with which it was made;

(e) Water Mains and Sewers and Laterals; Flat Rate Assessment. In lieu of assessing each water and sanitary sewer improvement project on the basis of the cost of that particular project, the City Council shall have authority to establish flat rates per frontage foot for the assessment of property abutting water and sewer improvement projects, based on the average cost of constructing 8-inch water mains and 8-inch sanitary sewer mains in the City, and shall also have authority to establish flat rates for the assessment of property abutting the installation of water and sanitary sewer laterals, based on the average cost of installing such laterals in the City. The Council may then assess property abutting water and sanitary sewer improvement projects on the basis of the flat rates so established, subject to the right of any nonpetitioning
property owner to have the assessment against his property adjusted as provided by law upon a showing that his property has not been benefited to the extent of the assessment;

(f) Grass plots. The entire cost of grading or otherwise improving, or of planting, the grass plots in any street or part thereof, shall be assessed against the lots and parcels of land abutting on the street or part thereof wherein or whereon such improvements are made by an equal rate per front foot of such frontage; provided, that this subsection shall be construed to mean that when a grass plot in any street is graded or planted or otherwise improved, the cost thereof shall be assessed against all of the property abutting on the street within the block where such grass plot is located;

(g) Lighting improvements. The cost of any lighting improvement, such cost being determined as provided in subsection thirteen of this section, shall be specially assessed against the lots and parcels of land abutting directly on the street or streets, or part thereof, where such improvement is made, according to their respective frontages thereon by an equal rate per foot of such frontage;

(h) Water front improvements. The cost of any water front improvement shall be specially assessed against the lots and parcels of land abutting on the improvement according to their respective frontages thereon by an equal rate per foot of such frontage.

(i) In addition to the bases for making assessments for the cost of improvements specified above in paragraphs (a) through (h) of this subdivision, the city council may alternatively, or in conjunction, make assessments on the following bases:

1. The area of land served, or subject to being served, by the improvement, at an equal rate per unit of area.
2. The value added to the land served by the improvement, or subject to being served by it, being the difference between the appraised value of the land without improvements as shown on the tax records of the county, and the appraised value of the land with improvements according to the appraisal standards and rules adopted by the county at its last revaluation, at an equal rate per dollar of value added.
3. The number of lots served, or subject to being served, where the project involves extension of an existing system to a residential or commercial subdivision, at an equal rate per lot.
4. A combination of two or more of these alternative bases, which may also be combined with the specific assessment basis listed above in paragraphs (a) through (h) of this subdivision, for each class of improvement.

Whenever the basis selected for assessment is either area or value added, the city council may provide for the laying out of benefit zones according to the distance of benefited property from the improvement being undertaken, and may establish differing rates of assessment to apply uniformly throughout each benefit zone. For each improvement, the city council shall endeavor to establish an assessment method from among the bases set out in this section that will most accurately assess each lot or parcel of land according to the benefit conferred upon it by the improvement.

Became law on the date it was ratified.
SESSION 2. In the 2011 session, the General Assembly, through S.L. 2011-88, ratified and adopted ninety-one percent (91%) of the boundary line between Alamance County and Orange County. Also in the 2011 session, the General Assembly, through S.L. 2011-87, authorized the boards of commissioners of Alamance County and Orange County to determine the most appropriate location for the remaining nine percent (9%) of the boundary line.

SESSION 3. The General Assembly recognizes the difficulties in addressing the issues associated with adopting a county boundary line and authorizes Alamance County and Orange County to maintain the current taxing, elections, education and any other recognized government functions in place in the transition areas affected by this act, if so needed, until July 1, 2013.

SECTION 4.(a) Except as otherwise provided in this act, on and after January 1, 2013, all papers, documents, and instruments required or permitted to be filed or registered, involving residents and property in areas affected by the resurvey of the boundary line, which previously may have been recorded in the adjoining counties, shall be recorded in the county to which the property has been reassigned by this act.

SECTION 4.(b) On and after January 1, 2013, all real and personal property in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation on January 1, 2013, shall be subject to ad valorem taxes in the county to which the property is reassigned for the fiscal year beginning July 1, 2013, to the same extent as it would have been had it been correctly recognized by the tax departments of each county on March 1, 2013, except as hereinafter provided with respect to classified registered motor vehicles. On September 1, 2012, the adjoining county tax administrators shall commence the transfer to the respective county tax assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line, except classified motor vehicles which were registered in the adjoining counties prior to July 1, 2012. For the fiscal year that begins July 1, 2012, all real and personal property in areas affected by the resurvey of the boundary line, which was subject to ad valorem taxation in that area on January 1, 2013, shall be assessed and taxed as follows:

1. The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2012, and March 1, 2013, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The taxes on all classified registered motor vehicles registered after March 1, 2013, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been reassigned.

2. The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by each county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2013. All such taxes shall be assessed and collected by the appropriate county tax department.

3. For the interim time period between the reassignment of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property reassigned into their respective counties by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:

   a. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and the appropriate county median ratio, as established by the Sales
Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2009. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

b. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

(4) Beginning January 1, 2014, all property in areas affected by the resurvey of the boundary line that is subject to ad valorem taxation shall be listed, assessed, and taxed by the appropriate county tax administrator in the same manner as is prescribed by law for all other property located within each county.

(5) The final tax values of property subject to ad valorem taxation in areas affected by the resurvey of the boundary line as of January 1, 2014, shall be determined by the adjoining county tax administrator. Appeals to the North Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for the counties' costs and expenses, including attorneys' fees, incurred in connection with such appeals.

(6) Any unpaid taxes or tax liens for the fiscal year ending June 30, 2013, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375, and the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County tax administrators shall supply one another with a list of unpaid taxes for properties in areas of the boundary line affected by the resurveys for the tax year 2012 on or before July 1, 2013. Any such taxes collected by either county shall be promptly paid to the appropriate adjoining county including accrued interest. The provisions of G.S. 105-352(d) shall not apply to (i) those areas in adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line, that shall forthwith be properly listed and taxed in the county to which they have been reassigned by this act; and (ii) those areas within each county that were in the past improperly listed and taxed by the adjoining counties due to uncertainty as to the exact location of the true historic Alamance County-Orange County boundary line.

SECTION 4.(c) No cause of action, including criminal actions, involving persons or property in areas affected by the resurvey of the boundary line that is pending on July 1, 2013, shall be abated, and such actions shall continue in the appropriate adjoining county. In no event shall a defense to a criminal act be maintained where such defense alleges a lack of jurisdiction due to any act or failure to act related to the adjustment of the boundary line by this act, regardless of when such criminal act is alleged to have occurred.

SECTION 4.(d) The board of elections of each adjoining county shall, effective July 1, 2013, transfer the voter registration records pertaining to persons residing in areas affected by the resurvey of the boundary line and located in either county to the adjoining county's board of elections, and thereafter the registered voters so transferred shall be validly
registered to vote in that adjoining county. Persons in areas affected by the resurvey of the boundary line shall continue to be in the same State House, State Senate, and United States House of Representatives Districts as they were prior to the resurvey.

SECTION 4.(e) The Jury Commission of each adjoining county shall revise its jury lists to add to or eliminate therefrom those persons subject to jury duty who reside in areas affected by the resurvey of the boundary line, said revised jury lists to be effective July 1, 2013.

SECTION 5.(a) Any properties affected by S.L. 2010-61 or this act and that are subject to taxation under G.S. 105-274 and that were taxed by both the Alamance County and Orange County taxing authorities on or after January 1, 2007, are hereby granted the following relief:

1. Property owners of any such dually taxed properties may, pursuant to the terms of G.S. 105-381, demand refund and/or release of taxes paid to the county from which their property, or portion thereof, was transitioned.

2. Any claim for relief pursuant to this section and under the terms of G.S. 105-381 may be made for taxes assessed January 1, 2007, through December 31, 2012. All such claims for relief must be made in writing to the county from which the affected property was transitioned on or before February 28, 2013. Should a claim for relief pursuant to this section not be made by February 28, 2013, such claim is waived and no further relief shall be granted pursuant to this or any other act. Alamance County and Orange County shall not grant refunds or releases pursuant to this section for any claims made after February 28, 2013, and are released from all liability, and no court action shall be maintained for any such claims made for any act or failure to act pursuant to this section.

SECTION 5.(b) The provisions of this section shall apply only to properties transitioned or reassigned from one county to the other, in whole or in part, by the resurveys of individual qualifying properties pursuant to S.L. 2010-61 and this act.

SECTION 5.(c) For purposes of this section only, the term "property owner" shall include any builder or developer that paid property taxes on real property to both counties and subsequently sold said property or that, as part of an escrow agreement in which the buyer of such property paid taxes to one county and the builder or developer who sold the property, paid taxes on the same piece of property to the adjoining county.

SECTION 5.(d) The taxing authorities of Alamance County and Orange County shall notify property owners affected by this section of the terms of this section within 30 days of this act becoming law. Such notice shall be by United States mail at the mailing address to which any tax bills were previously submitted. No other notice is or shall be required.

SECTION 6. Any child who was a resident of any area reassigned by this act on its date of ratification and who was a student in the Orange or Alamance school system during the 2011-2012 school year, and the siblings of any such person, may attend school in the same school system attended in the 2011-2012 school year without necessity of a release or payment of tuition. Any such student, while attending the Orange County school system, shall be considered a resident of Orange County for all public school purposes, including transportation, athletics, and funding formulas. Any such student, while attending the Alamance County School system, shall be considered a resident of Alamance County for all public school purposes, including transportation, athletics, and funding formulas. Notice must be given to all affected school systems by the parent or guardian in order to exercise the privilege granted by this section.

SECTION 7. The establishment of a county boundary line is, pursuant to Section 1 of Article VII of the North Carolina Constitution, the sole responsibility of the General Assembly. Further, it is vital to the State of North Carolina and all affected local governments that county boundary lines be fixed and any uncertainty as to the location of county boundary lines be resolved. For this reason and in the interest of justice, neither Alamance County nor Orange County, nor any agent, employee, or appointed or elected official thereof, shall be
liable to any individual, group, organization, for-profit or not-for-profit business entity of any kind, governmental entity or agency of any type or kind for any damages, costs, fees, or fines, and or court action shall be maintained against said counties, officials, employees, and agents for any recommendation, act, failure to act, or conduct related to S. L. 2010-61, S.L. 2011-88, or this act and/or the adoption of a fixed boundary line separating the two counties. Except as set out in Section 5 of this act, and effective upon this act becoming law, Alamance County and Orange County, their officials, employees, and agents are released from all liability for any claims made, and no court action shall be maintained against said officials, employees, and agents for any act or failure to act pursuant to the terms of this act, S.L. 2011-88, or S.L. 2010-61, and no further relief shall be granted or cause of action sustained except as provided herein.

SECTION 8. Should any provision of S.L. 2010-61, as amended by S.L. 2011-88, conflict with any provision of this act, the provisions of this act shall control. Should any line marking the area of the nine percent (9%) reflected in the surveys referenced herein conflict with any line shown on the surveys describing the area of the ninety-one percent (91%), the surveys marking the area of the nine percent (9%) shall control.

SECTION 9. Pursuant to Section 1 of Article VII of the North Carolina Constitution, any boundary line between Alamance County and Orange County previously surveyed, recognized, adopted, described, utilized, or ratified, save and except the ninety-one percent (91%) of the boundary line adopted by S.L. 2011-88, is modified as set forth herein upon ratification of this act.

SECTION 10. Pursuant to Section 1 of Article VII of the North Carolina Constitution, the official boundary line regarding the remaining nine percent (9%) of the line separating Alamance County and Orange County, as recommended by the Alamance County Board of Commissioners at its meeting of December 6, 2010, and the Orange County Board of Commissioners at its meeting of December 14, 2010, is hereby formally recognized and adopted by the General Assembly.

SECTION 11. Upon adoption, the survey plats reflecting the boundary line shall be filed with the Alamance County Register of Deeds, with the Orange County Register of Deeds, and in the office of the Secretary of State as provided in G.S. 153A-18(a).

(17) Employ, or provide for the employment of, such employees, including law enforcement officers, as the Authority may from time to time deem to be necessary, beneficial, or helpful. All such employees shall be employees at will, and no such employee shall have a defined or definite term of employment or an expectation of continued employment or an expectation of continued indefinite employment.

(18) Employ, hire, retain, or contract with, such accountants, auditors, agents, engineers, attorneys, and other persons and entities whose services may from
time to time be deemed by the Authority to be necessary, beneficial, or helpful.

(19) Make or cause to be made such surveys, investigations, studies, borings, maps, plans, drawings, and/or estimates of cost and revenues as the Authority may from time to time deem necessary, beneficial, or helpful, and prepare and adopt a comprehensive plan or plans for the location, construction, improvement, and development of any project.

(20) Undertake and/or enter into leases, subleases, agreements, easements, and contracts, and/or grant concessions, with respect to alternative energy, energy conservation, energy reduction, and/or renewable energy activities, programs, projects, and/or ventures, and the administration, construction, development, enlargement, equipment, improvement, maintenance, management, operation, regulation, and/or repair thereof.

(21) Exercise all of the powers conferred by Chapter 63 of the General Statutes or any successor Chapter or law.

SECTION 1.6.(b) The Authority has the same exemptions with respect to payment of taxes and license fees as provided for municipal corporations by the laws of the State of North Carolina.

SECTION 1.7.(a) The Authority is hereby authorized and empowered to acquire from the Counties of Buncombe and Henderson and the City of Asheville, by agreement therewith, and such Counties and City may grant and convey, either by gift or for such consideration as allowed by federal law and as it may be deemed wise, any real and/or personal property which it now owns or may hereafter acquire, and which may be necessary, beneficial, or helpful for the construction, development, operation, and/or maintenance of any airport or facilities of same located in the Counties of Buncombe or Henderson. If the airport ceases to operate or if the Authority is dissolved, any applicable real property of the Counties of Buncombe or Henderson or the City of Asheville conveyed or transferred to the Authority under this act shall revert to the grantor.

SECTION 1.7.(b) The County of Buncombe, the County of Henderson, and the City of Asheville shall transfer to the Authority within 90 days after enactment of this act all its right, title, and interest to the property known as the Asheville Regional Airport, except if approval of a federal agency is required, then within 90 days of that approval.

SECTION 1.7.(c) Private property needed by the Authority for any airport, landing field, or facility may be acquired by the Authority by gift, devise, or private purchase. Aviation easements needed by the Authority for any airport, landing field, or facility may likewise be acquired by gift, devise, or private purchase. Unless the power of eminent domain is required by federal law or federal regulation, Chapter 40A of the General Statutes does not apply to the Authority, and it may not exercise the power of eminent domain. If a federal law or federal regulation does require the Authority to have the power to exercise eminent domain, it may only do so for public use for an airport purpose or purposes, and any eminent domain proceeding must be authorized jointly by all of the three appointing authorities. In no case, however, may the power of eminent domain be used for purposes not necessary for the operation of the airport, and more specifically no property may be acquired by eminent domain for such uses as hotels, motels, restaurants, or industrial parks. The power of eminent domain may not be used to acquire any interest in the Ferncliff Industrial Park as it existed on June 1, 2011, except for a proven and present aviation need required by a federal agency.

SECTION 1.7.(d) Any lands acquired, owned, controlled, or occupied by the Authority shall and/or are hereby declared to be acquired, owned, controlled, and occupied for a public purpose.

SECTION 1.7.(e) The Authority is not authorized to levy any tax.

SECTION 1.7.(f) Any claim by Henderson County against the City of Asheville or the current airport authority on account of acquisition of property by either or both of them in Henderson County is extinguished.
SECTION 1.8. The Authority shall make annual reports to the Buncombe County Board of Commissioners, the Asheville City Council, and the Henderson County Board of Commissioners setting forth a summary of its general operations and transactions conducted by it pursuant to this act. The Authority shall be regarded as the corporate instrumentality and agent for Buncombe and Henderson Counties and the City of Asheville for the purpose of developing aviation facilities in the Counties of Buncombe and Henderson, but it shall have no power to pledge the credit of the Counties of Buncombe or Henderson or the City of Asheville, or to impose any obligation upon those counties, or the City of Asheville, except and when such power is expressly granted by statute.

SECTION 1.9. All rights, powers, and authority given to the counties and/or municipalities by the statutes of North Carolina, which may now be in effect, or which may be enacted in the future, relating to the development, operation, maintenance, regulation, and/or control of municipal or other governmental airports and the regulations of aircraft are hereby vested in the Authority.

SECTION 1.10. The Authority is hereby expressly authorized to make and enter into contracts, leases, subleases, conveyances, and other agreements with any political subdivision, agency, department, or instrumentality of this State, any agency, department, or subdivision of the United States, or any other legal entity or person for the purpose of carrying out the provisions of this act.

SECTION 1.11. The powers of the Authority created by this act shall be construed liberally in favor of the Authority. No listing of powers included in this act is intended to be exclusive or restrictive, and the specific mention of, or failure to mention, particular powers in this act shall not be construed as limiting in any way the general powers of the Authority as stated in Section 1.6(a) of this act. It is the intent of this act to grant the Authority full power and right to exercise all authority necessary for the effective operation and conduct of the Authority. It is further intended that the Authority should have all implied powers necessary or incidental to carrying out the expressed powers and the expressed purposes for which the Authority is created. The fact that this act specifically states that the Authority possesses a certain power does not mean that the Authority must exercise such power unless this act specifically so requires.

SECTION 1.12. G.S. 66-58(a) does not apply to the Greater Asheville Regional Airport Authority or a lessee or sublessee of the Greater Asheville Regional Airport Authority.

SECTION 1.13. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 28th day of June, 2012.

Became law on the date it was ratified.

Session Law 2012-122 H.B. 956

AN ACT RELATING TO THE USE OF OPEN SPACE FUNDS FOR JOHNSTON COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-331(c) reads as rewritten:

"(c) A subdivision control ordinance may provide that a developer may provide funds to the county whereby the county may acquire recreational land or areas to serve the development or subdivision, including the purchase of land that may be used to serve more than one subdivision or development within the immediate area. All funds received by the county under this paragraph shall be used solely for the acquisition or development of recreation, park, or open space sites.

The ordinance may provide that in lieu of required street construction, a developer may provide funds to be used for the development of roads to serve the occupants, residents, or invitees of the subdivision or development. All funds received by the county under this section paragraph shall be transferred to the municipality to be used solely for the development of roads, including design, land acquisition, and construction. Any municipality receiving funds from a county under this section is authorized to expend such funds outside its corporate limits for the purposes specified in the agreement between the municipality and the county. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the county determines that a combination is in the best interest of the citizens of the area to be served.

The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with county plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the county shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. For any specific development, the type of performance guarantee from the range specified by the county shall be at the election of the developer.

The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the board of commissioners or the planning board. For the authorization to reserve school sites to be effective, the board of commissioners or
planning board, before approving a comprehensive land use plan, shall determine jointly with
the board of education with jurisdiction over the area the specific location and size of each
school site to be reserved, and this information shall appear in the plan. Whenever a
subdivision that includes part or all of a school site to be reserved under the plan is submitted
for approval, the board of commissioners or the planning board shall immediately notify the
board of education. The board of education shall promptly decide whether it still wishes the site
to be reserved and shall notify the board of commissioners or planning board of its decision. If
the board of education does not wish the site to be reserved, no site may be reserved. If the
board of education does wish the site to be reserved, the subdivision may not be approved
without the reservation. The board of education must acquire the site within 18 months after the
date the site is reserved, either by purchase or by exercise of the power of eminent domain. If
the board of education has not purchased the site or begun proceedings to condemn the site
within the 18 months, the subdivider may treat the land as freed of the reservation.”

SECTION 2. This act applies to Johnston County only.

SECTION 3. This act is effective when it becomes law.

Became law on the date it was ratified.

AN ACT TO AMEND THE PROVISIONS OF THE WINSTON-SALEM FIREMEN'S
RETIREMENT FUND AND TO REPEAL THE PROVISIONS ESTABLISHING THE
NEW BERN FIREMEN'S SUPPLEMENTAL RETIREMENT FUND.

The General Assembly of North Carolina enacts:

SECTION 1. (a) Sections 1 through 32 of Chapter 388 of the 1973 Session Laws,
as amended by Chapter 15 of the 1977 Session Laws, Chapter 284 of the 1979 Session Laws,
Chapter 647 of the 1981 Session Laws, Chapter 464 of the 1983 Session Laws, Chapter 508 of
S.L. 2006-121, and S.L. 2008-98, read as rewritten:

"Sec. 1. That the name of the Association herein established shall be Winston-Salem
Firemen's Retirement Fund Association, hereinafter referred to as the Association. References
to the Association as of a date prior to April 3, 1979, and following July 1, 1973, shall mean the
Winston-Salem Fire-Public Safety Retirement Fund Association, which was the name of the
Association during such period.

"Sec. 2. Subject to the provisions of Section 16 hereof, the following persons shall
automatically be members of the Association:

(a) As of July 1, 1987, any person who was a member of the Association following the
close of business of the Association immediately preceding such date.

(b) As of July 1, 1987, and thereafter, any person not covered under (a) above who shall
have been regularly and continuously employed full time by the Fire Department of the City of
Winston-Salem (hereinafter referred to as the Fire Department), including any Fire Department
mechanic or electrician, who shall have attained his 18th birthday and shall not have attained
his 40th birthday. Any person not covered under (a) above who was hired by the Fire
Department prior to July 1, 1987, and continues to be employed by the Fire Department on
such date, and who had attained his 30th birthday when hired but had not then attained his 40th
birthday, may elect within 90 days following July 1, 1987, to become a member by contributing
to the Association the sum of twelve dollars ($12.00) per month from his date of hire by the
Fire Department, plus interest at the rate of eight percent (8%), applicable to any payments
made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of
each fiscal year of the Association.

397
(c) Notwithstanding the provisions of subsection (b) immediately preceding, as a condition to any person's becoming a member of the Association pursuant to the provisions of subsection 2(b) or 16(a), the Trustees may require such person to undergo a physical examination by a physician or physicians of good standing or repute selected by the Trustees. If it shall be found from such physician's report that such person is not in good physical or mental condition as of the date he would be eligible to become a member of the Association, such person shall be denied membership in the Association. The determinations of whether or not such person shall be required to undergo a physical examination and whether or not he is in good physical or mental condition shall be made by the Trustees. In making such determinations, all persons similarly situated shall be treated alike. The cost of any medical examination required pursuant to the provisions of this subsection (c) shall be borne by the person seeking membership in the Association.

"Sec. 3. The Association may provide and raise funds in any legal manner to be used as a pension fund for such person or persons as may be entitled thereto under the provisions of this act and to such extent as is hereinafter set out.

"Sec. 4. The governing body of the Association shall consist of a Board of Trustees seven in number, four from the active membership of the Fire Department, two retired members of the Fire Department, and one to be appointed by the Insurance Commissioner of the State of North Carolina.

"Sec. 5. The Trustees from the membership of the Fire Department shall be elected by the members of the Fire Department for four-year terms. Such terms shall be staggered, so that two of the Trustees shall be elected during the month of January of each year divisible evenly by two. Trustees that are slated to leave the Board are automatically candidates for reelection unless they choose not to serve another term. In addition, the elected Association Trustees shall select from the members of the Fire Department four members in good standing, each of whom continuously served in the Fire Department for a period of at least four years. A general election shall then be held by the membership of the Fire Department to elect from the list of candidates two Trustees to serve a four-year term. Each member of the Fire Department in good standing may cast two votes for the member's choice of nominees. The nominee receiving the highest number of votes in the election will be a member of the Winston-Salem Firemen's Relief Fund Board as well as the Association Board. In the event that a Trustee is unable to complete the Trustee's term, the nominee receiving the next highest number of votes in the last election held and who is not then serving as a Trustee shall complete the unexpired term of the Trustee who resigned from the Board. A tie shall be resolved by casting lots. The Trustees who are retired members of the Fire Department shall be appointed for four-year terms by the Trustees who are active members of the Fire Department.

"Sec. 6. Any Trustee may resign at any time by giving notice in writing to the other Trustees. Should any Trustee who is a member of the Fire Department cease to be a member of the Fire Department for any reason, he shall automatically cease to be a Trustee. With regard to any Trustee elected by the members of the Association who resigns or ceases to be a Trustee for any reason, his successor shall be elected as provided in Section 5 of this act. Should the Trustee who was appointed by the Insurance Commissioner of the State of North Carolina resign or cease to be a Trustee for any reason, his successor shall be appointed by the said Insurance Commissioner. Should any Trustee who is a retired member of the Fire Department resign or cease to be a Trustee for any reason, that Trustee's successor shall be appointed by the Trustees who are active members of the Fire Department as provided in Section 5 of this act.

"Sec. 7. The Board of Trustees is herein fully vested with the exclusive right and authority to pay out the funds of this Association, as provided for in this act. All matters and claims provided for under this act shall be passed upon by said Trustees and all decisions and actions of said Trustees shall be binding upon the Association and the members thereof. Every Trustee shall be entitled to one vote except the chairman of the Board of Trustees, who shall be entitled to vote only to break a tie. At every annual meeting of the Board of Trustees, the Trustees shall elect a chairman, vice-chairman, secretary and treasurer. The secretary and treasurer need not
be Trustees, and the offices of secretary and treasurer may be combined into a single office, in
the discretion of the Trustees. The annual meeting of the Board of Trustees shall be held as
soon as is practicable following the end of each calendar year at such place and at such time as
shall be determined by the Trustees.

"Sec. 8. As of September 1, 2001, the secretary of the Association (or the
secretary-treasurer if such offices shall be combined into a single office) shall be entitled
to receive monthly compensation in an amount to be determined each year by the Trustees. The
Trustees, as such, including the chairman and the vice-chairman, shall serve without
compensation. The Trustees may authorize reimbursement by the Association to any officer or
Trustee of the Association for all expenses incurred by such person in connection with services
rendered in behalf of the Association.

"Sec. 9. The Trustees shall elect a custodian of all funds and property of the Association,
provided that such custodian shall have first offered proof satisfactory to the Trustees, by bond
or otherwise, that it is and will be financially responsible for all property coming into its hands
in a fiduciary capacity. Said custodian shall not release any of the funds or property of the
Association for reasons other than investment of such funds or property except upon the written
authorization of the Trustees.

The Trustees shall also elect an investment manager who may or may not be the same
person as the custodian. Any such investment manager shall be a bank, or an insurance
company, or an entity registered under the Investment Advisor's Act of 1940. The investment
manager shall be authorized to invest and reinvest the funds or property of the Association in
the investment manager's own judgment and discretion. The investment manager shall report to
the Trustees on a periodic basis, but not less frequently than each calendar quarter. The
investment manager (including said custodian when acting as investment manager) shall not be
liable to the Association for any act of failure to act by it, except for gross negligence or willful
misconduct.

"Sec. 10. A special meeting of the Board of Trustees may be called by the chairman or
vice-chairman, or by any two Trustees, upon 24 hours' written notice delivered in person to the
members of said Board or mailed to the last known address of each member of said Board. A
majority of the Trustees in office shall constitute a quorum at any meeting and a majority vote
of the Trustees at a meeting at which a quorum is present shall constitute action by the
Trustees.

"Sec. 11. The chairman of the Board of Trustees, when present, shall preside at all
meetings. In the absence of the chairman, the vice-chairman shall act as chairman.

"Sec. 12. The secretary shall keep in complete form such data as shall be necessary for
actuarial valuation of the funds of the Association and for checking the disbursements for and
on behalf of the Association. He shall keep minutes of all proceedings of the Board of Trustees
and of the Association, and the same shall be kept in a place selected by the Trustees. The
treasurer of the Association shall post yearly at each fire station and at the office of fire
administration, as soon as practicable following the end of each year, a financial statement of
the Association.

"Sec. 13. The treasurer of the Association shall deposit with the custodian all funds and
property that may come into his hands for the Association. The said treasurer shall obtain a
receipt from the custodian for all funds and property delivered to the custodian by the treasurer.
Said custodian shall invest and reinvest such funds and property as directed by the investment
manager appointed under Section 9. Notwithstanding any contrary provisions of Section 9 or of
this section, the Trustees are specifically authorized and empowered to invest funds of the
Association by depositing such funds with the Winston-Salem Firemen's Credit Union on
condition that the Association shall receive interest at an annual rate agreed upon by the
Association and such credit union.

"Sec. 14. The custodian and the investment manager shall receive compensation for
services rendered as may be agreed upon from time to time in writing by the Trustees and by
the custodian (with respect to services rendered by the custodian) or the investment manager
(with respect to services rendered by the investment manager). The Trustees shall have the authority to employ legal counsel when, in the opinion of the Trustees, legal counsel is necessary. In case of such employment, said counsel shall be paid such fees as may be fair and reasonable as agreed upon in writing by the Trustees and the counsel so employed.

"Sec. 15. On or before August 31, 1987, the Board of Trustees of the Winston-Salem Firemen's Relief Fund shall transfer to the Board of Trustees of the Winston-Salem Firemen's Retirement Fund Association out of properties and funds belonging to the Winston-Salem Firemen's Relief Fund the sum of fifty-four thousand dollars ($54,000) in cash or assets. The assets so transferred pursuant to the immediately preceding sentence shall be transferred upon the basis of the fair market value thereof as of the date of transfer, and the particular assets to be transferred shall be determined by joint action of the Board of Trustees of the Winston-Salem Firemen's Relief Fund and the Board of Trustees of the Winston-Salem Firemen's Retirement Fund Association. All property of the Association is hereby relieved from any and all claims of the persons entitled to relief from the Winston-Salem Firemen's Relief Fund. The North Carolina Firemen's Association, its officers, members, boards and committees, are also hereby relieved of any claim of any kind whatsoever which may be based on past service, present service or future service in the Winston-Salem Fire Department. The Winston-Salem Firemen's Relief Fund and the officers, members, boards and committees of said Fund, are also hereby relieved of any claim of any kind whatsoever which may be based on past, present or future service in the Winston-Salem Fire Department, if any, so long as any claimant is entitled to benefits or pension under the provisions of this act.

"Sec. 16. (a) Notwithstanding the provisions of subsection (b) immediately following, if a person who shall not be a member of the Association shall be transferred to the employment of the Fire Department from the employment of the City of Winston-Salem (hereinafter referred to as the City), the following provisions shall apply in determining whether he shall be a member of the Association following such transfer:

(1) If he shall have attained at least his 18th birthday and shall not have attained his 40th birthday on the date of such transfer, he shall automatically become a member on such date of transfer. In determining such transferred employee's number of years of continuous employment by the City, employment with the City prior to such transfer shall be taken into account only if such employee shall elect to contribute to the Association the sum of (i) plus (ii) plus (iii), where (i) is the amount of twelve dollars ($12.00) per month, measured from the date of his hire by the City until earlier of the date of such transfer and June 30, 1998; (ii) is the aggregate amount that the person would have contributed, determined in accordance with Section 17 of this act, measured from July 1, 1998, until the date of the transfer, if the transfer occurs on or after July 1, 1998; and (iii) is interest accrued at the rate of eight percent (8%) with respect to any payments made on and after July 1, 1989, per annum, compounded annually on the amount accrued as of the end of each fiscal year of the Association.

(2) If he shall have attained at least his 40th birthday on the date of transfer, but had not attained such birthday when last employed by the City, he may elect within 90 days following such transfer to become a member. If he elects to become a member, he shall contribute to the Association the amount he would have contributed if he had become a member on the day next preceding his 40th birthday. In addition, at the option of such employee, he may further elect to contribute such additional amount as he would have contributed prior to his 40th birthday if his employment with the City had been with the Fire Department. Any such contributions shall include interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.
(3) If he shall have attained at least his 40th birthday when last employed by the City, he shall be ineligible to become a member following such transfer.

(4) The elections specified in subdivisions (1) and (2) hereof shall be made in writing to the Trustees within 90 days following such transfer, and shall be irrevocable when made (subject to termination of membership upon subsequent separation from employment with the Fire Department). Any contributions (and interest) payable pursuant to such election shall be paid in cash in a lump sum at the time such election shall be filed.

(b) Notwithstanding the provisions of subsection (a) of Section 2 hereof, as soon as practicable following April 3, 1979, (but in no event more than 60 days thereafter), the Trustees gave each person who was then employed by the City of Winston-Salem as a Public Safety Officer an election to be a member or not to be a member of the Association. Each such election was to be made in accordance with procedures established by the Trustees and was irrevocable when made (subject to termination of membership upon a subsequent separation from the employment of the City, and subject to the provisions of subsection (a) of this Section 16). If a Public Safety Officer failed to file a timely election, he was deemed to have elected not to be a member. If a Public Safety Officer who was a member on the date of the election elected to discontinue membership (or shall have been deemed to have so elected), within 30 days following such date there should have been refunded to him the full amount of his prior contributions to the Association, if any, without interest. If a Public Safety Officer who failed to make contributions prior to the election date elected to be a member, he shall have within 30 days following such election paid to the Association the full amount he would have contributed if he had made required contributions during the entire period that he was eligible to be a member. Such contributions included interest at the rate of six percent (6%) per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(c) Any member whose employment by the Fire Department as a Public Safety Officer shall be terminated on or after June 27, 1981, for any reason, including transfer to another department in the employment of the City, shall be terminated immediately as a member; provided, that any member who is transferred on or after July 1, 1981, to another department of the City in a fire-related job shall not become a terminated member if the following conditions are met: (i) within 15 days following the date of such transfer he shall file with the Trustees a written election to continue as a member; and (ii) such member shall be notified in writing by the secretary of the Association on or before the date of transfer of his right to make the election. If a terminated member shall reenter employment of the Fire Department, his eligibility to become a member shall be determined at that time in accordance with Section 2 hereof, except to the extent such individual may be entitled to elect to become a member upon a transfer of employment as provided in subsection (a) of this Section 16.

(d) In determining the number of years of continuous employment of a member, there shall be taken into account all years for which he shall make contributions in accordance with subsection (a) or (e) of this Section 16 or Section 19. For purposes of computing a member's years of continuous employment with the City, any period of unused sick leave with the Fire Department accrued by the member on the date of his retirement shall be deemed to be a period of continuous employment with the Fire Department.

(e) If any member of the Association was employed by the Fire Department as a cadet, such member's number of years of employment as a cadet may be added to the period of his continuous employment with the City if, by July 31, 1981, such member contributed to the Association an amount equal to twelve dollars ($12.00) per month for the time he was a cadet, plus interest at the rate of six percent (6%) per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(f) If a member has been employed by the City continuously for a period of 10 years and has any military service, and is not otherwise treated under Section 26 as being in the employment of the City during the period of such military service, the period of such military service shall nevertheless be added to his period of continuous employment with the City upon
such member's paying to the Association an amount equal to twelve dollars ($12.00) for each month of such military service plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, compounded annually. Such military service shall be limited to the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation or release therefrom. The member must submit evidence satisfactory to the Trustees of the military service claimed. Such election must be made within one year after the member first becomes eligible to contribute for such military service. Credit for military service under this subsection shall not be considered service creditable under another retirement system for purposes of G.S. 128-26(a).

(g) If an individual who is an active participant in the North Carolina Local Governmental Employees' Retirement System (the 'System') shall terminate service with the employer enabling the individual to participate in the System (the 'System Employer'), and shall immediately enter the employment of the Fire Department, he may elect to have his period of service under the System considered as continuous employment with the Fire Department for purposes of this act; provided, that such election shall be permitted only if the individual was under age 40 when he entered the employment of the System Employer. This election shall be made in writing to the Trustees within 90 days of the individual's commencement of employment with the Fire Department (or, with respect to an individual who becomes employed by the Fire Department prior to July 1, 1989, this election shall be made on or before September 30, 1989). The election, if made, shall be accompanied by a cash contribution to the Association equal to the sum of (i) plus (ii) plus (iii), where (i) is the amount of twelve dollars ($12.00) per month measured from the date of the person's hiring by the City until the earlier of the transfer and June 30, 1998; (ii) is the aggregate amount that the person would have contributed, determined in accordance with Section 17 of this act, measured from July 1, 1998, until the date of the transfer, if the transfer occurs on or after July 1, 1998; and (iii) is interest accrued at the rate of eight percent (8%) per annum, compounded annually on the amount accrued as of the end of each fiscal year of the Association. The election shall be irrevocable when made. If the election is not made in a timely fashion, the right to make the election is forfeited.

"Sec. 17. The Treasurer of the City shall make a deduction from the salary of each member of the Association due him by the City. As of September 1, 2001, July 1, 2012, the amount of each such deduction shall be determined as of the first day of each payroll period of the City, and shall be equal to the quotient (rounded up to the nearest whole dollar amount) obtained by dividing (i) the product, rounded to the nearest dollar, of .007 multiplied by the annual starting salary of a firefighter employed by the Fire Department in effect at the beginning of that payroll period; by (ii) the number of payroll periods in that fiscal year of the City amount determined by the Trustees acting upon the advice of the Association's actuary. The amount so deducted shall be turned over as soon as practicable after the applicable payroll period by the said Treasurer to the custodian of the Association as hereinbefore provided, and the Association shall have the authority to accept donations from any and all sources whatsoever.

"Sec. 18. If at any time there shall not be sufficient assets in the retirement fund of the Association to pay fully the persons entitled to benefits provided herein, such persons shall be paid such benefits on a pro rata basis to the extent the assets of such fund will allow, as shall be determined by the Trustees acting upon the advice of the Association's actuary. Effective on or after July 1, 1998, the Trustees shall obtain a written report from the Association's actuary as of July 1 of each year evenly divisible by two, or more frequently if the Trustees deem advisable, setting forth the present value of the assets of the fund and the present value of current liabilities of current retirees.

"Sec. 19. (a) Whenever any member of the Association has been employed by the City continuously for a period of at least 30 years, such member may make written application to the trustees for his normal retirement benefit, and whenever any member of the Association has
been employed by the City continuously for a period of at least 25 years but not more than 30 years, such member may make written application to the Trustees for his early retirement benefit; provided, however, that such member must retire from the service of the City to receive such benefits. The normal and early retirement benefits of such member shall be a monthly pension for the remainder of his life, as provided herein below. For this purpose and for the purpose of Section 20 hereof, a member shall be deemed to have been employed by the City continuously if such member shall have been employed continuously by any combination of the Fire Department or Police Department (but only such employment by the Police Department as is described in subsection 16(b) and (c) hereof), and the transfer of a member from the employ of one of such organizations to the employ of the other such organization shall not be deemed to be a termination of employment by the City. Provided, that if a member has at least 25 years of employment with the City, but such service is not continuous solely because of a leave of absence lasting not more than a year and not described in Section 26, such member shall be deemed to have continuous employment with the City during such leave of absence; and provided further, that if a member has less than 25 years of employment with the City but the sum of his years of employment with the City plus any leave of absence lasting not more than one year and not described in Section 26, equals or exceeds 25 years, the period of such leave shall be deemed to be continuous employment with the City if such member contributes to the Association twelve dollars ($12.00) for each month he was on such leave, plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(b) Effective beginning July 1, 1989, and ending June 30, 1990, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit (including members who retired prior to July 1, 1989) shall be two hundred dollars ($200.00). Effective beginning July 1, 1990, and ending June 30, 1998, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit, including members who retired prior to July 1, 1990, shall be two hundred fifteen dollars ($215.00). Effective on and after July 1, 1998, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit (including members who retired prior to that date) shall be two hundred five dollars ($205.00). The amount of the monthly pension for each member who is entitled to receive an early retirement benefit as of any date prior to July 1, 1998, shall be the product of (1) and (2), where (1) is the applicable percentage listed in the following table based on his years of continuous employment at his early retirement date, and (2) is the amount of the payment that he would have received as a normal retirement benefit under this section as of that date:

Effective on and after July 1, 1998, the amount of the monthly pension for each member who began receiving an early retirement benefit prior to July 1, 1998, shall be further reduced by multiplying the monthly pension amount by 0.9535.

(c) Effective on and after July 1, 1998, the amount of the monthly pension of each member who retires on or after that date and is entitled to receive an early retirement benefit shall be the product of (1) the applicable percentage listed in the following table based on the member's years of continuous employment at the member's early retirement date, and (2)

Payment shall be subject to the provisions of Section 18 of this act. Section 16(d) governs the determinations of a member’s years of continuous employment.

(d) Any benefit payable to a member pursuant to this Section 19 shall commence not later than the April 1 immediately following the calendar year in which the member attains age 70 and 1/2 or, if later, the April 1 immediately following the calendar year in which the member retires from the service of the City. Additionally, the distribution of any such benefit shall be made in accordance with the requirements of section 401(a) of the Internal Revenue Code, including the minimum distribution incidental benefit requirement of section 1.401(a)(9)-2 of the Treasury Regulations, which are incorporated herein by reference. With respect to distributions made for the calendar years beginning on or after January 1, 2001, the act will apply the minimum distribution requirements of section 401(a)(9) of the Internal Revenue Code in accordance with the regulations under section 401(a)(9) of the Internal Revenue Code that were proposed on January 17, 2001, notwithstanding any provision of the act to the contrary. This amendment shall continue in effect until the end of the last calendar year beginning before the effective date of final regulations under section 401(a)(9) of the Internal Revenue Code or such other date as may be specified in guidance published by the Internal Revenue Service.

(e) Notwithstanding any provision in this Section 19 to the contrary, effective as of December 12, 1994, the act shall at all times be construed and enforced according to the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994.

"Sec. 20. Whenever any member of the Association becomes totally and permanently unable, because of infirmity or disease affecting mind or body (whether or not induced by injury) to perform his duties for the City, which inability shall be determined by a medical examination by a physician or physicians of good standing and repute selected by the Trustees, he shall be deemed to be a disabled member. If a disabled member has been employed by the City for at least five full years prior to suffering disability, he shall be entitled to retire and receive a monthly benefit payable for the remainder of his life.

Effective beginning July 1, 1989, and ending June 30, 1990, the monthly benefit of a member who retires as a disabled member (including a member who retired as a disabled member prior to July 1, 1989) shall equal eight dollars ($8.00) times his years of service but in no event more than two hundred dollars ($200.00) per month. Effective beginning July 1, 1990, and ending June 30, 1998, the monthly benefit of a member (including a member who retires as a disabled member prior to this date) shall equal eight dollars and sixty cents ($8.60) times his years of service, but in no event more than two hundred fifteen dollars ($215.00) per month. Effective on and after July 1, 1998, the monthly benefit of a member who retires as a disabled member, including a member who retires as a disabled member prior to July 1, 1998, shall equal eight dollars and twenty cents ($8.20) times his years of service, but in no event more than two hundred five dollars ($205.00) per month. For this purpose only, years of service shall mean the number of his earned years of service in the employment of the City (as determined pursuant to Section 16(d) of this act). Payments shall be subject to the provisions of Section 18 of this act.
Notwithstanding the foregoing provisions of this Section 20, in the case of a disabled member whose disability shall arise out of injuries incurred in fire safety activities, such as fire fighting, fire training and fire inspection, such monthly benefit shall in no event be less than forty dollars ($40.00) per month, whether or not such disabled member was employed by the City for at least five years prior to suffering such disability. The determination of whether such disability arises out of injuries incurred in fire safety activities shall be made by the Trustees.

"Sec. 21. Any disabled member of the Association who retires under Section 19 hereof and who had not been employed by the City for a period of at least 30 years prior to retirement, shall be subject to call by the Trustees for reexamination by a physician of good standing and repute selected by the Trustees and, if based upon such examination it is determined by the Trustees that such member is able to perform active duties for the City, such member may be reinstated and receive for his services the same compensation paid to other employees of the City of his rank or classification. If such member, upon being called by the Trustees, shall refuse to submit to an examination or shall refuse to be reinstated to active duty in the employ of the City after being found to be able to perform active duty, such benefits as he is then receiving under the provisions of this act shall immediately terminate and his membership in this Association shall automatically terminate. But in the event that such member is physically unable to resume active employment, or in the event he is able and willing to resume active employment but no job with the City is open for him at such time, his pension or compensation shall continue until there shall be an opening for such member and he is reemployed by the City. For the purpose of this Section 21, employment with the City shall mean only employment with the Fire Department or Police Department (but employment with the Police Department shall be included only with regard to any such member who was employed with the Police Department prior to his retirement under Section 20 hereof).

"Sec. 22. When any member of the Association shall resign or be dismissed from employment by the City (which for this purpose shall include only employment with the Fire Department or Police Department), he shall receive a sum of money equal to all monies paid into the Association by him. Upon the death of any member of the Association while in the employment of the City, a sum of money equal to all monies paid into the Association by such deceased member shall be paid to the beneficiary or beneficiaries designated in writing by such deceased member, or in default thereof, to his estate. If, after retirement, a member of the Association shall die before having received an amount equal to his contributions to the Association, there shall be paid to the beneficiary or beneficiaries designated by such member, or in default thereof to his estate, an amount equal to his contributions less the sum of retirement benefits paid to such member. The reimbursements provided in this Section 22 shall be in cash in a lump sum, unless otherwise determined by the Trustees with the consent in writing of the recipient thereof less interest, if any, previously contributed to the Association by the member pursuant to Section 16 or Section 19.

"Sec. 23. No amount payable or held by the Association under this act for the benefit of any member or beneficiary thereof shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge, nor shall any amount payable or held under this act for the benefit of any member or beneficiary thereof be in anywise liable for his debts, contracts, liabilities, engagements, or torts, nor be subject to any legal process to levy upon or attach, but the provisions of this Section 22 shall not be applicable as regards any dealings with or obligations to the Winston-Salem Firemen's Credit Union.

"Sec. 24. Out of the amount paid to the Insurance Commissioner of the State of North Carolina upon the amount of all premiums on fire and lightning policies covering property situated in the corporate limits of the City, the Insurance Commissioner of the State of North Carolina shall pay annually to the Treasurer of the City ninety-five percent (95%), and the Treasurer of the City shall immediately pay over the same to the treasurer of the Association, or if the treasurer of the Association shall so direct, the Treasurer of the City shall pay such amount directly to the custodian.
"Sec. 25. No member of this Association or Trustee shall be personally liable in any manner whatsoever to any person, association, firm or corporation by reason of his connection with, or act or acts on behalf of, said Association, unless such act or acts are fraudulently committed.

"Sec. 26. If a member of the Association, or an employee of the Fire Department or Police Department who is not a member of the Association due to failure to meet the minimum age requirements of subsection 2(b) hereof, is granted a leave of absence from employment by the City on account of accidental injury or temporary illness, military service during time of active warfare, compulsory military service in time of peace, or other good cause, for the purpose of this act such employee shall be deemed to have remained in the employment of the City during the period of such leave of absence or any extension thereof if he shall return to active service with the City promptly following the end of the period of such leave of absence or extension thereof. During such leave of absence or extension thereof, the Treasurer of the City shall make no deductions from the salary, if any, of such member, and such member shall not otherwise be required to make any contributions to the Association during or with respect to such period.

"Sec. 27. If any person entitled to benefits under this act shall be physically or mentally incapable of receiving or acknowledging receipt of such benefits, the Trustees, upon receipt of satisfactory evidence of such incapacity and that another person or institution is maintaining such person entitled to benefits, and that no guardian or committee has been appointed for him, may cause any benefits otherwise payable to him to be made to such person or institution so maintaining him.

"Sec. 28. The provisions of this act shall be administered on an equitable and nondiscriminatory basis, it being the intent hereof that where the Trustees are given discretionary powers, such powers shall be exercised in an equitable manner and so as to prevent discrimination between persons similarly situated. All assets of the Association shall be administered for the exclusive benefit of the members of the Association and their beneficiaries, and as a fund to provide for such members or beneficiaries the benefits provided in this act. It shall be impossible for any part of the principal or income of the retirement fund of the Association to be used for or diverted to purposes other than for the exclusive benefit of the members of the Association or their beneficiaries as provided in this act; except that the Trustees may use such assets to pay the reasonable expenses incurred in administering the said fund and any debts, liabilities or obligations of said fund. The assets and income of the fund shall be exempt from all taxes, including income taxes, imposed by the State of North Carolina or any political subdivision thereof.

"Sec. 28A. (a) Upon termination of the Association or upon complete discontinuance of contributions to the Association, the rights of all members of the Association to benefits accrued to the date of the termination or discontinuance, to the extent then funded, are nonforfeitable.

(b) Forfeitures under the Association may not be applied to increase the benefits that any member would otherwise receive under the Association.

(c) Notwithstanding any provision of the Association to the contrary, the maximum annual benefit payable in the form of a straight life annuity from the Association on behalf of a member, when combined with any benefits from another qualified retirement plan maintained by the Fire Department of the City of Winston-Salem, shall not exceed the amount permitted by section 415 of the Internal Revenue Code, the provisions of which are specifically incorporated by reference into this act.

(d) In addition to the other applicable limitations set forth in this act, and notwithstanding any other provision of this act to the contrary, for plan years beginning on or after January 1, 1996, the annual compensation of each member taken into account under this act shall not exceed the OBRA 1993 annual compensation limit. The OBRA 1993 annual compensation limit is one hundred fifty thousand dollars ($150,000), as adjusted by the Commissioner for increase in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code. The cost of living adjustment in effect for a calendar year applies to any period, not exceeding 12 months, over which compensation is determined (the
"determination period") beginning in that calendar year. If a determination period consists of fewer than 12 months, the OBRA 1993 annual compensation limit shall be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is 12. If compensation for any prior determination period is taken into account in determining a member's benefits accruing in the current plan year, the compensation for that prior determination period is subject to the OBRA 1993 annual compensation limit in effect for that prior determination period. For this purpose, for determination periods beginning before the first day of the first plan year beginning on or after January 1, 1996, the OBRA 1993 annual compensation limit is one hundred fifty thousand dollars ($150,000). Effective for plan years beginning on or after January 1, 2002, the OBRA 1993 annual compensation limit shall be two hundred thousand dollars ($200,000), as adjusted by the Commissioner for increases in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code.

(e) This subsection applies to distributions made on or after January 1, 2002. Notwithstanding any provision of this act to the contrary that would otherwise limit a distributee's election under this subsection, a distributee may elect, at the time and in the manner prescribed by the Trustees, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. The following definitions shall apply for purposes of this subsection:

(1) Eligible rollover distribution. An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include:

a. Any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more;

b. Any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code; or

c. Any distribution that is made upon the hardship of the distributee. Notwithstanding the foregoing, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includable in gross income. However, such a portion may be transferred only to an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in section 401(a) or section 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of that distribution that is includible in gross income and the portion of that distribution that is not so includible.

(2) Eligible retirement plan. An eligible retirement plan is an individual retirement account described in section 408(a) of the Internal Revenue Code, an individual retirement annuity described in section 408(b) of the Internal Revenue Code, or a qualified trust described in section 401(a) of the Internal Revenue Code, that accepts the distributee's eligible rollover distribution. An eligible retirement plan shall also mean an annuity contract described in section 403(b) of the Internal Revenue Code and an eligible plan under section 457(b) of the Internal Revenue Code that is maintained by a state, a political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state, and that agrees to separately account for amounts transferred into that plan from the Association. The definition of eligible plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the
Internal Revenue Code. Effective January 1, 2008, an eligible retirement plan shall also mean a Roth IRA as described in section 408A of the Internal Revenue Code.

(3) Distributee. A distributee includes a member or former member of the Association. In addition, the surviving spouse of a member or former member is a distributee with regard to the interest of the member or former member.

(4) Direct rollover. A direct rollover is a payment by the Association to the eligible retirement plan specified by the distributee.

(5) Rollovers by nonspouse beneficiaries. Notwithstanding anything in this subsection to the contrary, effective January 1, 2007, the benefits of nonspouse beneficiaries may be transferred in a direct rollover to an inherited individual retirement account or an inherited individual retirement annuity ("inherited IRA"). Once in the inherited IRA, distributions will be made in compliance with the minimum distribution rules of section 401(a)(9) of the Internal Revenue Code that apply following the death of a member.

(f) Notwithstanding any other provisions of this act, the following provisions apply in order to comply with the requirements of the Heroes Earnings Assistance and Relief Tax Act of 2008:

(1) Death benefits. If a member of the Association dies on or after January 1, 2007, while performing qualified military service as defined in section 414(u) of the Internal Revenue Code, the member's beneficiary is entitled to any additional benefits, other than benefit accruals relating to the period of qualified military service, provided under the Association as if the member had resumed employment and then terminated on account of death. The Association shall also credit that member's qualified military service for vesting purposes as though the member had resumed employment immediately prior to the member's death.

(2) Differential wage payments. For years beginning after December 31, 2008:
   a. An individual receiving a differential wage payment as defined in section 3401(h)(2) of the Internal Revenue Code shall be treated as an employee of the employer making the payment.
   b. The differential wage payment shall be treated as compensation.
   c. The Association shall not be treated as failing to meet the requirements of any provision described in section 414(u)(1)(C) of the Internal Revenue Code by reason of any contribution or benefit that is based on the differential wage payment, but only if the following apply:
      1. All employees of the employer performing services described in section 3401(h)(2)(A) of the Internal Revenue Code are entitled to receive differential wage payments as defined in section 3401(h)(2) of the Internal Revenue Code on reasonably equivalent terms; and
      2. All employees, if eligible to participate in a retirement plan maintained by the employer, are entitled to make contributions or receive benefits based upon the payments on reasonably equivalent terms, taking into account the provisions of sections 4110(b)(3), (4), and (5) of the Internal Revenue Code.

"Sec. 28B. (a) This section shall apply for purposes of determining required minimum distributions for calendar years beginning with the 2003 calendar year. The requirements of this section shall take precedence over any inconsistent provisions of the Association. All
distributions required under this section shall be determined and made in accordance with the Treasury Regulations under section 401(a)(9) of the Internal Revenue Code, which are specifically incorporated by reference into this act. Notwithstanding the other provisions of this section, distributions may be made under a designation made before January 1, 1984, in accordance with section 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (TEFRA) and the provisions of the Association that relate to section 242(b)(2) of TEFRA.

(b) Time and Manner of Distribution. –

(1) Required beginning date. – The member's entire interest will be distributed, or begin to be distributed, to the member no later than the member's required beginning date.

(2) Death of member before distributions begin. – If the member dies before distributions begin, the member's entire interest will be distributed, or begin to be distributed, no later than as follows:

a. If the member's surviving spouse is the member's sole designated beneficiary, as defined in section 28(e)(1), then distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the member died, or by December 31 of the calendar year in which the member would have attained age 70 ½, if later.

b. If the member's surviving spouse is not the member's sole designated beneficiary, then distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the member died.

c. If there is no designated beneficiary as of September 30 of the year following the year of the member's death, the member's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death.

d. If the member's surviving spouse is the member's sole designated beneficiary and the surviving spouse dies after the member but before distributions to the surviving spouse begin, the provisions of this subdivision, except for sub-subdivision a. of this subdivision, will apply as if the surviving spouse were the member.

For purposes of this subdivision and of subsection (d) of this section, distributions are considered to begin on the member's required beginning date, or if sub-subdivision d. of this subdivision applies, the date distributions are required to begin to the surviving spouse under sub-subdivision a. of this subdivision. If annuity payments irrevocably commence to the member before the member's required beginning date, or to the member's surviving spouse before the date distributions are required to begin to the surviving spouse under sub-subdivision a. of this subdivision, the date distributions are considered to begin is the date distributions actually commence.

(3) Forms of distribution. – Unless the member's interest is distributed in the form of an annuity purchased from an insurance company or in a single lump sum on or before the required beginning date, as of the first distribution calendar year, as defined in subdivision (2) of subsection (e) of this section, distributions will be made in accordance with subsections (b), (c), and (d) of this section. If the member's interest is distributed in the form of an annuity purchased from an insurance company, distributions under that annuity shall be made in accordance with the requirements of section 401(a)(9) of the Internal Revenue Code and the Treasury Regulations.

(b) Determination of Amount to be Distributed Each Year. –
(1) General annuity requirements. – If the member's interest is paid in the form of annuity distributions from the Association, payments under the annuity will satisfy the following requirements:
   a. The annuity distributions shall be paid in periodic payments made at intervals not longer than one year;
   b. The distribution period shall be over a life, or lives, or over a period certain not longer than the period described in subsection (c) or (d) of this section;
   c. Once payments have begun over a period certain, the period certain will not be changed even if the period certain is shorter than the maximum permitted;
   d. Payments will either not increase or will increase only as follows:
      1. By an annual percentage increase that does not exceed the annual percentage increase in an eligible cost-of-living index, as defined in subdivision (3) of subsection (e) of this section, for a 12-month period ending in the year during which the increase occurs or the prior year;
      2. By a percentage increase that occurs at specified times and does not exceed the cumulative total of annual percentage increases in an eligible cost-of-living index since the annuity starting date, or if later, the date of the most recent percentage increase. However, in cases providing such a cumulative increase, an actuarial increase may not be provided to reflect the fact that increases were not provided in the interim years;
      3. To the extent of the reduction in the amount of the member's payments to provide for a survivor benefit upon death, but only if the beneficiary whose life was being used to determine the distribution period described in subsection (c) of this section dies or is no longer the member's beneficiary pursuant to a qualified domestic relations order within the meaning of section 414(c) of the Internal Revenue Code.
      4. To pay increased benefits that result from an amendment to the Association; or
      5. To allow a beneficiary to convert the survivor portion of a joint and survivor annuity into a single sum distribution upon the member's death.

(2) Amount required to be distributed by required beginning date. – The amount that must be distributed on or before the member's required beginning date, or if the member dies before distributions begin, the date distributions are required to begin under sub-subdivisions a. or b. of subdivision (2) of subsection (a) of this section is the payment that is required for one payment interval. The second payment need not be made until the end of the next payment interval even if that payment interval ends in the next calendar year. Payment intervals are the periods for which payments are received, such as bimonthly, monthly, semiannually, or annually. All of the member's benefit accruals as of the last day of the first distribution calendar year shall be included in the calculation of the amount of the annuity payments for payment intervals ending on or after the member's required beginning date.

(3) Additional accruals after first distribution calendar year. – Any additional benefits accruing to the member in a calendar year after the first distribution calendar shall be distributed beginning with the first payment interval ending in the calendar year immediately following the calendar year in which such amount accrues.
(c) Requirements for Annuity Distributions that Commence during Member's Lifetime.

(1) Joint life annuities where the beneficiary is not the member's spouse. – If the member's interest is being distributed in the form of a joint and survivor annuity for the joint lives of the member and a nonspouse beneficiary, annuity payments to be made on or after the member's required beginning date to the designated beneficiary after the member's death must not at any time exceed the applicable percentage of the annuity payment for that period that would have been payable to the member using the table set forth in Q&A-2 of section 1.401(a)(9)-6 of the Treasury Regulations. The applicable percentage is based upon the adjusted age difference between the member and the beneficiary. The adjusted age difference between the member and the beneficiary is determined by first calculating the excess of the age of the member over the age of the beneficiary based upon their ages on their birthdays in a calendar year. Then, if the member is younger than age 70, the age difference determined in the previous sentence is reduced by the number of years that the member is younger than age 70 on the member's birthday in the calendar year that contains the annuity starting date. If the form of distribution combines a joint and survivor annuity for the joint lives of the member and a nonspouse beneficiary and a period certain annuity, the requirement in the preceding sentence shall apply to annuity payments to be made to the designated beneficiary after the expiration of the period certain.

(2) Period certain annuities. – Unless the member's spouse is the sole designated beneficiary and the form of distribution is a period certain and no life annuity, the period certain for an annuity distribution commencing during the member's lifetime may not exceed the applicable distribution period for the member under the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the Treasury Regulations for the calendar year that contains the annuity starting date. If the annuity starting date precedes the year in which the member reaches age 70, the applicable distribution period for the member is the distribution period for age 70 under the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the Treasury Regulations plus the excess of 70 over the age of the member as of the member's birthday in the year that contains the annuity starting date. If the member's spouse is the member's sole designated beneficiary and the form of distribution is a period certain and no life annuity, the period certain may not exceed the longer of the member's applicable distribution period, as determined under subsection (b) of this section, or the joint life and last survivor expectancy of the member and the member's spouse as determined under the Joint and Last Survivor Table set forth in section 1.401(a)(9)-9 of the Treasury Regulations, using the member's and spouse's attained ages as of the member's and spouse's birthdays in the calendar year that contains the annuity starting date.

(d) Requirements for Minimum Distributions where Member Dies before Date Distributions Begin –

(1) Member survived by designated beneficiary. – If the member dies before the date distribution of the member's interest begins and there is a designated beneficiary, the member's entire interest will be distributed, beginning no later than the time described in sub-subdivision a. or b. of subdivision (2) of subsection (a) of this section, over the life of the designated beneficiary or over a period certain not exceeding:

a. Unless the annuity starting date is before the first distribution calendar year, the life expectancy, as defined in subdivision (4) of subsection (e) of this section, of the designated beneficiary
determined using the beneficiary's age as of the beneficiary's birthday in the calendar year immediately following the calendar year of the member's death; or

b. If the annuity starting date is before the first distribution calendar year, the life expectancy of the designated beneficiary determined using the beneficiary's age as of the beneficiary's birthday in the calendar year that contains the annuity starting date.

(2) No designated beneficiary. – If the member dies before the date distributions begin and there is no designated beneficiary as of September 30 of the year following the year of the member's death, distribution of the member's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the member's death.

(3) Death of surviving spouse before distributions to surviving spouse begin. – If the member dies before the date distribution of the member's interest begins, the member's surviving spouse is the member's sole designated beneficiary, and the surviving spouse dies before distributions to the surviving spouse begin, this subsection will apply as if the surviving spouse were the member, except that the time by which distributions must begin will be determined without regard to subdivision (1) of subsection (a) of this section.

(e) Definitions. –

(1) Designated beneficiary. – The individual who is designated as the beneficiary under the Association in accordance with section 401(a)(9) of the Internal Revenue Code and section 1.401(a)(9)-1, Q&A-4 of the Treasury Regulations.

(2) Distribution calendar year. – A calendar year for which a minimum distribution is required. For distributions beginning before the member's death, the first distribution calendar year is the calendar year immediately preceding the calendar year that contains the member's required beginning date. For distributions beginning after the member's death, the first distribution date is the calendar year in which distributions are required to begin pursuant to subsection (a) of this section.

(3) Eligible cost-of-living index. – One of the following:

a. A consumer price index that is based on prices of all items, or all items excluding food and energy, and is issued by the Bureau of Labor Statistics, including an index for a specific population, such as urban consumers or urban wage earners and clerical workers, and an index for a geographic area or areas, such as a given metropolitan area or state.

b. A percentage adjustment based on a cost-of-living index described in sub-subdivision a. of this subdivision, or a fixed percentage if less. In any year in which the cost-of-living index is lower than the fixed percentage, the fixed percentage may be treated as an increase in an eligible cost-of-living index, provided it does not exceed the sum of:
   1. The cost-of-living index for that year; and
   2. The accumulated excess if the annual cost-of-living index from each prior year over the fixed annual percentage used in that year, reduced by any amount previously used under this sub-subdivision.
c. A percentage adjustment based on the increase in compensation for the position held by the member at the time of retirement, and provided under either the terms of a governmental plan within the meaning of section 414(d) of the Internal Revenue Code or under the terms of a nongovernmental plan in effect on April 17, 2002.

(4) Life expectancy. – Life expectancy as computed by use of the Single Life Table in section 1.401(a)(9)-9 of the Treasury Regulations.

(5) Required beginning date. – April 1 of the calendar year following the later of (i) the calendar year in which the member attains age 70 1/2; or (ii) the calendar year in which the member retires. Notwithstanding the foregoing, the required beginning date of a member who is a five percent (5%) owner, as defined in section 416 of the Internal Revenue Code, shall be April 1 of the calendar year following the calendar year in which the member attains age 70 1/2. In the event that, as of the required beginning date, the amount of the payment to commence cannot be determined or the recipient of the payment cannot be located after a reasonable effort has been made to locate the recipient, payments retroactive to the required beginning date shall be made within 60 days after the amount has been determined or the recipient has been located, whichever is applicable.

"Sec. 29. The fiscal year of the Association shall end on June 30 of each year.

"Sec. 30. Throughout this act, use of the masculine pronoun shall include the feminine.

"Sec. 31. If any part or section of this act shall be declared unconstitutional or invalid by the Supreme Court of North Carolina or any other court of last resort of competent jurisdiction it shall in no wise affect the remainder of this act, and the remainder shall remain in full force and effect.

"Sec. 32. All the laws and clauses of laws in conflict with the provisions of this act are hereby repealed."

SECTION 1.(b) None of the provisions of Section 1(a) of this act shall create an additional liability for the Winston-Salem Firemen's Retirement Fund Association unless sufficient funds are available to pay fully for the liability.

SECTION 2.(a) Chapter 551 of the 1983 Session Laws is repealed.

SECTION 2.(b) All funds remaining in the New Bern Firemen's Supplemental Retirement Fund are transferred to the Board of Trustees of the Local Firemen's Relief Fund of the City of New Bern, to be held and administered as provided in Article 84 of Chapter 58 of the General Statutes.

AN ACT TO PROMOTE EFFICIENCY AND EFFECTIVENESS IN THE
ADMINISTRATION OF HUMAN SERVICES AND TO STRENGTHEN THE LOCAL
PUBLIC HEALTH INFRASTRUCTURE BY ESTABLISHING A PUBLIC HEALTH
IMPROVEMENT INCENTIVE PROGRAM AND ENSURING THE PROVISION OF
THE TEN ESSENTIAL PUBLIC HEALTH SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-77 reads as rewritten:
"§ 153A-77. Authority of boards of commissioners in certain counties over commissions,
boards, agencies, etc.
(a) In the exercise of its jurisdiction over commissions, boards and agencies, the board
of county commissioners may assume direct control of any activities theretofore conducted by
or through any commission, board or agency by the adoption of a resolution assuming and
conferring upon the board of county commissioners all powers, responsibilities and duties of
any such commission, board or agency. This subsection shall apply to the board of
health, the social services board, area mental health, developmental disabilities, and substance
abuse area board and any other commission, board or agency appointed by the board of
county commissioners or acting under and pursuant to authority of the board of county
commissioners of said county except as provided in G.S. 153A-76. A board of county
commissioners exercising the power and authority under this subsection may, notwithstanding
G.S. 130A-25, enforce public health rules adopted by the board through the imposition of civil
penalties. If a public health rule adopted by a board of county commissioners imposes a civil
penalty, the provisions of G.S. 130A-25 making its violation a misdemeanor shall not be
applicable to that public health rule unless the rule states that a violation of the rule is a
misdemeanor. The board of county commissioners may exercise the power and authority herein
conferred only after a public hearing held by said board pursuant to 30 days’ notice of said
public hearing given in a newspaper having general circulation in said county.

The board of county commissioners may also appoint advisory boards, committees,
councils and agencies composed of qualified and interested county residents to study, interpret
and develop community support and cooperation in activities conducted by or under the
authority of the board of county commissioners of said county.

A board of county commissioners that has assumed direct control of a local health board
after January 1, 2012, and that does not delegate the powers and duties of that board to a
consolidated health service board shall appoint an advisory committee consistent with the
membership described in G.S. 130A-35.

(b) In the exercise of its jurisdiction over commissions, boards, and agencies, the board
of county commissioners of a county having a county manager pursuant to G.S. 153A-81 may:

1. Consolidate the provision of certain provisions of human services in the county
under the direct control of a human services director appointed and
supervised by the county manager in accordance with subsection (e) of this
section;

2. Create a consolidated human services board having the powers conferred by
subsection (c) of this section;

3. Create a consolidated county human services agency having the authority to
carry out the functions of any combination of commissions, boards, or
agencies appointed by the board of county commissioners or acting under
and pursuant to authority of the board of county commissioners, including
the local health department, the county department of social services, and
the area mental health, developmental disabilities, and substance abuse
services authority;

4. Assign other county human services functions to be performed by the
consolidated human services agency under the direction of the human
services director, with policy-making authority granted to the consolidated
human services board as determined by the board of county commissioners.

(c) A consolidated human services board appointed by the board of county
commissioners shall serve as the policy-making, rule-making, and administrative board of the
consolidated human services agency. The consolidated human services board shall be
composed of no more than 25 members. The composition of the board shall reasonably reflect
the population makeup of the county and shall include:

1. Eight persons who are consumers of human services, public advocates, or
family members of clients of the consolidated human services agency,
including: one person with mental illness, one person with a developmental
disability, one person in recovery from substance abuse, one family member
of a person with mental illness, one family member of a person with a
developmental disability, one family member of a person with a substance abuse problem, and two consumers of other human services.

(1a) Notwithstanding subdivision (1) of this subsection, a consolidated human services board not exercising powers and duties of an area mental health, developmental disabilities, and substance abuse services board shall include four persons who are consumers of human services.

(2) Eight persons who are professionals, each with qualifications in one of these categories: one psychologist, one pharmacist, one engineer, one dentist, one optometrist, one veterinarian, one social worker, and one registered nurse.

(3) Two physicians licensed to practice medicine in this State, one of whom shall be a psychiatrist.

(4) One member of the board of county commissioners.

(5) Other persons, including members of the general public representing various occupations.

The board of county commissioners may elect to appoint a member of the consolidated human services board to fill concurrently more than one category of membership if the member has the qualifications or attributes of more than one category of membership.

All members of the consolidated human services board shall be residents of the county. The members of the board shall serve four-year terms. No member may serve more than two consecutive four-year terms. The county commissioner member shall serve only as long as the member is a county commissioner.

The initial board shall be appointed by the board of county commissioners upon the recommendation of a nominating committee comprised of members of the preconsolidation board of health, social services board, and area mental health, developmental disabilities, and substance abuse services board. In order to establish a uniform staggered term structure for the board, a member may be appointed for less than a four-year term. After the subsequent establishment of the board, its board shall be appointed by the board of county commissioners from nominees presented by the human services board. Vacancies shall be filled for any unexpired portion of a term.

A chairperson shall be elected annually by the members of the consolidated human services board. A majority of the members shall constitute a quorum. A member may be removed from office by the county board of commissioners for (i) commission of a felony or other crime involving moral turpitude; (ii) violation of a State law governing conflict of interest; (iii) violation of a written policy adopted by the county board of commissioners; (iv) habitual failure to attend meetings; (v) conduct that tends to bring the office into disrepute; or (vi) failure to maintain qualifications for appointment required under this subsection. A board member may be removed only after the member has been given written notice of the basis for removal and has had the opportunity to respond.

A member may receive a per diem in an amount established by the county board of commissioners. Reimbursement for subsistence and travel shall be in accordance with a policy set by the county board of commissioners. The board shall meet at least quarterly. The chairperson or three of the members may call a special meeting.

(d) The consolidated human services board shall have authority to:

(1) Set fees for departmental services based upon recommendations of the human services director. Fees set under this subdivision are subject to the same restrictions on amount and scope that would apply if the fees were set by a county board of health, a county board of social services, or a mental health, developmental disabilities, and substance abuse area authority.

(2) Assure compliance with laws related to State and federal programs.

(3) Recommend creation of local human services programs.

(4) Adopt local health regulations and participate in enforcement appeals of local regulations.
(5) Perform regulatory health functions required by State law.
(6) Act as coordinator or agent of the State to the extent required by State or federal law.
(7) Plan and recommend a consolidated human services budget.
(8) Conduct audits and reviews of human services programs, including quality assurance activities, as required by State and federal law or as may otherwise be necessary periodically.
(9) Advise local officials through the county manager.
(10) Perform public relations and advocacy functions.

These materials, once accepted by the Board, shall be considered part of the Plan documentation governing this Retirement System, with the result of precluding any employer discretion in the determination of benefits payable hereunder, consistent with Section 401(a)(25) of the Internal Revenue Code."

SECTION 2.(b) G.S. 135-6(l) reads as rewritten:

"(l) Duties of Actuary. – The Board of Trustees shall designate an actuary who shall be the technical adviser of the Board of Trustees on matters regarding the operation of the funds created by the provisions of this Chapter and shall perform such other duties as are required in connection therewith. These materials, once accepted by the Board, shall be considered part of the Plan documentation governing this Retirement System, with the result of precluding any employer discretion in the determination of benefits payable hereunder, consistent with Section 401(a)(25) of the Internal Revenue Code."
SECTION 3.(a) G.S. 128-26(e) reads as rewritten:

"(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction. However, in no instance shall unused sick leave be credited to a member's account at retirement if the member's last day of actual service is more than 365 days prior to the effective date of the member's retirement.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when this account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and State Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction.

On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied."

SECTION 3.(b) G.S. 135-4(c) reads as rewritten:

"(c) Subject to the above restrictions and to such other rules and regulations as the Board of Trustees may adopt, the Board of Trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

In lieu of a determination of the actual compensation of the members that was received during such period of prior service the Board of Trustees may use for the purpose of this Chapter the compensation rates which will be determined by the average salary of the members
for five years immediately preceding the date this System became operative as the records show the member actually received. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction."

SECTION 3.(c) G.S. 135-4(e) reads as rewritten:

"(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction. However, in no instance shall unused sick leave be credited to a member's account at retirement if the member's last day of actual service is more than five years prior to the effective date of the member's retirement. Further, any agency with a sick leave policy that is more generous than that of all State agencies subject to the rules of the Office of State Personnel shall proportionately adjust each of its retiring employees' sick leave balance to the balance that employee would have had under the rules of the Office of State Personnel.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently returns to service for a period of five years, may thereafter repay in a lump sum the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when his account was closed.

On or after July 1, 1979, a member who has obtained 60 months of aggregate service, or five years of membership service, as an employee of the North Carolina General Assembly, except legislators, participants in the Legislative Intern Program and pages, may make a lump sum payment together with interest, and an administrative fee for such service, to the Teachers' and State Employees' Retirement System of an amount equal to what he would have contributed had he been a member on his first day of employment.

On and after January 1, 1985, the creditable service of a member who was a member of the Law-Enforcement Officers' Retirement System at the time of the transfer of law-enforcement officers employed by the State from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, shall include service that was creditable in the Law-Enforcement Officers' Retirement System; and membership service with that System shall be membership service with this Retirement System; provided, notwithstanding any provision of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law-Enforcement Officers' Retirement System shall not be diminished and may be purchased as creditable service with this Retirement System under the same conditions which would have otherwise applied."

However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 ½ years of age or April 1 of the calendar year following the calendar year in which the member terminates employment, September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary
that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a "direct rollover" is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such That portion may be transferred only transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 403(a) or 403(b) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20.1. Provided, a distributee includes an employee or former employee. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly
roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code."

SECTION 4.(b) G.S. 128-38.2 reads as rewritten:

"§ 128-38.2. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 ½ years of age or April 1 of the calendar year following the calendar year in which the member terminates employment. September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.
(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a "direct rollover" is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does shall not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 403(a), 403(b), or 403(c) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-30. G.S. 50-20.1. Provided, a distributee includes an employee or former employee. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the
distributee. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code.

SECTION 4(c)  G.S. 135-18.7 reads as rewritten:

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 ½ years of age or April 1 of the calendar year following the calendar year in which the member terminates employment. September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan
shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a "direct rollover" is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 401(a), 403(a), 403(b) of the Code that agrees to separately account for amounts transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. G.S. 50-20.1. Provided, a distributee includes an employee or former employee. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code."

SECTION 4.(d) G.S. 135-74 reads as rewritten:

"§ 135-74. Internal Revenue Code compliance.
(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 1/2 years of age or April 1 of the calendar year following the calendar year in which the member terminates employment. September 8, 2009, and for all Plan years to which the minimum distribution rules of the
Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a "direct rollover" is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 403(a) or 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 403(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified
domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-30. G.S. 50-20.1. Provided, a distributee includes an employee or former employee. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code."

SECTION 5. G.S. 120-4.28 reads as rewritten:
"§ 120-4.28. Survivor's alternate benefit.
The designated beneficiary of a member who dies in service before retirement but after age 60 and after completing five years of creditable service or after completing 12 years of creditable service is entitled to Option 2 prescribed by G.S. 120-4.26.

In the event that a retirement allowance becomes payable to the one and only one beneficiary designated to receive a return of accumulated contributions pursuant to this subsection and that beneficiary dies before the total of the retirement allowances paid equals the amount of those accumulated contributions over the total of the retirement allowances paid to the beneficiary, the allowance shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the one and only one beneficiary's legal representative."

SECTION 6. G.S. 135-1(25) reads as rewritten:

The adjudicator may consider any matter, document or statement deemed to be pertinent to the issues, including telephone conversations, and after such consideration shall render a conclusion as to the claimant's benefit entitlements. The adjudicator shall notify the claimant and all other interested parties of the conclusion reached. The conclusion of the adjudicator shall be deemed the final decision of the Division unless within 30 days after the date of notification or mailing of the conclusion, whichever is earlier, a written appeal is filed pursuant to rules adopted by the Division. The Division shall be deemed an interested party for such purposes and may remove to itself or transfer to an appeals referee the proceedings involving any claim pending before an adjudicator.

Provided, any interested employer shall be allowed 30 days from the earlier of mailing or delivery of the notice of the filing of a claim against the employer's account to protest the claim and have the claim referred to an adjudicator for a decision on the question or issue raised. A copy of the notice of the filing shall be sent contemporaneously to the employer by telefacsimile transmission if a fax number is on file. Provided further, no
question or issue may be raised or presented by the Division as to the eligibility of a claimant under G.S. 96-13, or whether any disqualification should be imposed under G.S. 96-14, after 45 days from the first day of the first week after the question or issue occurs with respect to which week an individual filed a claim for benefits. None of the provisions of this subsection shall have the force and effect nor shall the same be construed or interested as repealing any other provisions of G.S. 96-18.

SECTION 2.(d) G.S. 96-15(f) reads as rewritten:

All testimony at any hearing before an appeals referee upon a disputed claim shall be recorded unless the parties have waived the evidentiary hearing and entered into a stipulation resolving the issues pending before the appeals referee, hearing officer, or other employee assigned to make the decision recording is waived by all interested parties. If the testimony is recorded, it but need not be transcribed unless the disputed claim is further appealed and, one or more of the parties objects, under such rules as the Division may adopt, to being provided a copy of the tape recording of the hearing. Any other provisions of this Chapter notwithstanding, any individual receiving the transcript shall pay to the Division such reasonable fee for the transcript as the Division may by regulation provide. The fee so prescribed by the Division for a party shall not exceed the lesser of sixty-five cents (65¢) per page or sixty-five dollars ($65.00) per transcript. The Division may by regulation provide for the fee to be waived in such circumstances as it in its sole discretion deems appropriate but in the case of an appeal in forma pauperis supported by such proofs as are required in G.S. 1-110, the Division shall waive the fee.

The parties may enter into a stipulation of the facts. If the appeals referee, hearing officer, or other employee assigned to make the decision believes the stipulation provides sufficient information to make a decision, then the appeals referee, hearing officer, or other employee assigned to make the decision may accept the stipulation and render a decision based on the stipulation. If the appeals referee, hearing officer, or other employee assigned to make the decision does not believe the stipulation provides sufficient information to make a decision, then the appeals referee, hearing officer, or other employee assigned to make the decision must reject the stipulation. The decision to accept or reject a stipulation must occur in a recorded hearing."

SECTION 2.(e) Subsections (b) through (d) of this section become effective November 1, 2012. The remainder of this section is effective when it becomes law.

PART III. COMPLIANCE WITH THE TRADE ADJUSTMENT ASSISTANCE EXTENSION ACT OF 2011

SECTION 3.(a) G.S. 110-129.2(c) reads as rewritten:

"(c) Report Contents. – Each report required by this section shall contain the name, address, and social security number of the newly hired employee, the date services for remuneration were first performed by the newly hired employee, and the name and address of the employer and the employer's identifying number assigned under section 6109 of the Internal Revenue Code of 1986 and the employer's State employer identification number. Reports shall be made on the W-4 form or, at the option of the employer, an equivalent form, and may be transmitted magnetically, electronically, or by first-class mail."
SECTION 3.(b) G.S. 110-129.2(j) is amended by adding a new subdivision to read:
"(j) Definitions. – As used in this section, unless the context clearly requires otherwise, the term:

(5) "Newly hired employee" means (i) an employee who has not previously been employed by the employer and (ii) an employee who was previously employed by the employer but has been separated from such prior employment for at least 60 consecutive days."

SECTION 3.(c) G.S. 96-9(c)(2) is amended by adding a new sub-subdivision to read:
"(2) Charging of benefit payments. –

... The Division shall charge benefits to an employer's account when it determines that an overpayment has been made to a claimant and it determines that both of the following conditions apply:
1. The overpayment occurred because the employer failed to respond timely or adequately to a written request of the Division for information relating to an unemployment compensation claim.
2. The employer exhibits a pattern of failure to respond timely or adequately by failing to respond to written requests from the Division for information relating to an unemployment compensation claim on two or more occasions. If an employer uses a third-party agent to respond on its behalf to the Division, then the actions of the agent must be considered when determining a pattern of failure to respond timely or adequately. A pattern is established based on the agent's behavior overall and not only with respect to its behavior related to the employer.

For purposes of this sub-subdivision, written notification may include a request sent electronically. A response is considered untimely if it fails to be made within the time allowed under G.S. 96-15(b)(2). A response is considered inadequate if it fails to provide sufficient facts to enable the Division to make a correct determination of benefits. However, a response may not be considered inadequate if the Division fails to request the necessary information.

The prohibition on the noncharging of an employer's account under this sub-subdivision applies to each week of unemployment compensation that is an overpayment until the Division makes a determination that the claimant is no longer eligible for the overpaid amount and stops making the overpayment. If the claim is a combined-wage claim, the determination of noncharging for the combined-wage claim shall be made by the paying state. If the response from the employer does not meet the criteria established by the paying state for an adequate or timely response, the paying state must promptly notify the transferring state of its determination and the employer must be appropriately charged. The Division may waive the prohibition for good cause."

SECTION 3.(d) G.S. 96-18 is amended by adding a new subsection to read:
"(h) Mandatory Federal Penalty. – A person who has been held ineligible for benefits under subsection (e) of this section and who, because of those same acts or omissions, has received any sum as benefits under this Chapter to which the person is not entitled shall be assessed a penalty in an amount equal to fifteen percent (15%) of the amount of the erroneous payment. The penalty amount shall be payable to the Unemployment Insurance Fund. The penalty applies to an erroneous payment made under any State program providing for the payment of unemployment compensation as well as an erroneous payment made under any federal program providing for the payment of unemployment compensation. The notice of determination or decision advising the person that benefits have been denied or adjusted pursuant to subsection (e) of this section must include the reason for the finding of an erroneous payment, the penalty amount assessed under this subsection, and the reason the penalty has been applied.

The penalty amount may be collected in any manner allowed for the recovery of the erroneous payment, except that the penalty amount may not be recovered through offsets of future benefits. When a recovery with respect to an erroneous payment is made, any recovery applies first to the principal of the erroneous payment, then to the federally mandated penalty amount imposed under this subsection, and finally to any other amounts due."

SECTION 2. G.S. 97-25.6 reads as rewritten:

"§ 97-25.6. Reasonable access to medical information.

(a) Notwithstanding any provision of G.S. 8-53 to the contrary, and because discovery is limited pursuant to G.S. 97-80, it is the policy of this State to protect the employee's right to a confidential physician-patient relationship while allowing the parties to have reasonable access to all relevant medical information, including medical records, reports, and information necessary to the fair and swift administration and resolution of workers' compensation claims, while limiting unnecessary communications with and administrative requests to health care providers.

(b) As used in this section, "relevant medical information" means any medical record, report, or information that is any of the following:

1. Restricted to the particular evaluation, diagnosis, or treatment of the injury or disease for which compensation, including medical compensation, is sought.
2. Reasonably related to the injury or disease for which the employee claims compensation.
3. Related to an assessment of the employee's ability to return to work as a result of the particular injury or disease.

(c) Relevant medical information shall be requested and provided subject to the following provisions:

1. Medical records. – An employer is entitled, without the express authorization of the employee, to obtain the employee's medical records containing relevant medical information from the employee's health care providers. In a claim in which the employer is not paying medical compensation to a health care provider from whom the medical records are sought, or in a claim denied pursuant to G.S. 97-18(c), the employer shall provide the employee with contemporaneous written notice of the request for medical records. Upon the request of the employee, the employer shall provide the employee with a copy of any records received in response to this request within 30 days of its receipt by the employer.

2. Written communications with health care providers. – An employer may communicate with the employee's authorized health care provider in writing, without the express authorization of the employee, to obtain relevant medical information not available in the employee's medical records. The employer shall provide the employee with contemporaneous written notice of the written communication. The employer may request the following additional information:
a. The diagnosis of the employee's condition.
b. The appropriate course of treatment.
c. The anticipated time that the employee will be out of work.
d. The relationship, if any, of the employee's condition to the employment.
e. Work restrictions resulting from the condition, including whether the employee is able to return to the employee's employment with the employer of injury as provided in an attached job description.
f. The kind of work for which the employee may be eligible.
g. The anticipated time the employee will be restricted.
h. Any permanent impairment as a result of the condition.

The employer shall provide a copy of the health care provider’s response to the employee within 10 business days of its receipt by the employer.

(3) Oral communications with health care providers. – An employer may communicate with the employee's authorized health care provider by oral communication to obtain relevant medical information not contained in the employee's medical records, not available through written communication, and not otherwise available to the employer, subject to the following:

a. The employer must give the employee prior notice of the purpose of the intended oral communication and an opportunity for the employee to participate in the oral communication at a mutually convenient time for the employer, employee, and health care provider.

b. The employer shall provide the employee with a summary of the communication with the health care provider within 10 business days of any oral communication in which the employee did not participate.

(d) Additional Information Submitted by the Employer. – Notwithstanding subsection (c) of this section, an employer may submit additional relevant medical information not already contained in the employee's medical records to the employee's authorized health care provider and may communicate in writing with the health care provider about the additional information in accordance with the following procedure:

(1) The employer shall first notify the employee in writing that the employer intends to communicate additional information about the employee to the employee's health care provider. The notice shall include the employer's proposed written communication to the health care provider and the additional information to be submitted.

(2) The employee shall have 10 business days from the postmark or verifiable facsimile or electronic mail either to consent or object to the employer's proposed written communication.

(3) Upon consent of the employee or in the absence of the employee's timely response, objection, the employer may submit the additional information directly to the health care provider.

(4) Upon making a timely objection, the employee may request a protective order to prevent the written communication, in which case the employer shall refrain from communicating with the health care provider until the Commission has ruled upon the employee's request. If the employee does not file with the Industrial Commission a request for a protective order within the time period set forth in subdivision (2) of subsection (d) of this section, the employer may submit the additional information directly to the health care provider. In deciding whether to allow the submission of additional information to the health care provider, in part or in whole, the Commission...
shall determine whether the proposed written communication and additional information are pertinent to and necessary for the fair and swift administration and resolution of the workers' compensation claim and whether there is an alternative method to discover the information. If the Industrial Commission determines that any party has acted unreasonably by initiating or objecting to the submission of additional information to the health care provider, the Commission may assess costs associated with any proceeding, including reasonable attorneys' fees and deposition costs, against the offending party.

(e) Any medical records or reports that reflect evaluation, diagnosis, or treatment of the particular injury or disease for which compensation is sought or are reasonably related to the injury or disease for which the employee seeks compensation that are in the possession of a party shall be furnished to the requesting party by the opposing party when requested in writing, except for records or reports generated by a retained expert.

(f) Upon motion by an employee or the health care provider from whom medical records, reports, or information are sought, or with whom oral communication is sought, or upon its own motion, for good cause shown, the Commission may make any order which justice requires to protect an employee, health care provider, or other person from unreasonable annoyance, embarrassment, oppression, or undue burden or expense.

(g) Other forms of communication with a health care provider may be authorized by any of the following:

1. A valid written authorization voluntarily given and signed by the employee.
2. An agreement of the parties.
3. An order of the Industrial Commission issued upon a showing that the information sought is necessary for the administration of the employee's claim and is not otherwise reasonably obtainable under this section or through other discovery authorized by the rules of the Commission.

(h) The employer may communicate with the health care provider to request medical bills or a response to a pending written request, or about nonsubstantive administrative matters without the express authorization of the employee.

(i) The Commission shall establish annually an appropriate medical fee to compensate health care providers for time spent communicating with the employer or employee. Each party shall bear its own costs for said communication.

(j) No cause of action shall arise and no health care provider shall incur any liability as a result of the release of medical records, reports, or information pursuant to this Article.

(k) For purposes of this section, the term "employer" means the employer, the employer's attorney, and the employer's insurance carrier or third-party administrator; and the term "employee" means the employee, legally appointed guardian, or any attorney representing the employee.

In addition to publication in the North Carolina Register, the notice may be mailed to parties who have requested notice of the fee schedule hearing. The public hearing shall be held no earlier than 15 days after the publication of the notice. The Commission shall receive written comments for at least 30 days or until the date of the public hearing, whichever is later, after which the Commission may adopt the fee schedule.

The Commission may consider any and all reimbursement systems and plans in establishing its fee schedule, including, but not limited to, the State Health Plan for Teachers and State Employees (hereinafter, "State Plan"), Blue Cross and Blue Shield, and any other private or governmental plans. The Commission may also consider any and all reimbursement methodologies, including, but not limited to, the use of current procedural terminology ("CPT") codes, diagnostic-related groupings ("DRGs"), per diem rates, capitated payments, and resource-based relative-value system ("RBRVS") payments. The Commission may consider statewide fee averages, geographical and community variations in provider costs, and any other factors affecting provider costs.

An appeal from a decision of the Commission establishing a fee schedule, by any party aggrieved thereby, shall be to the North Carolina Court of Appeals. The decision of the Commission shall be affirmed if supported by substantial evidence. For the purposes of the appeal, the Commission is a party.

(b) Hospital Fees. – Each hospital subject to the provisions of this subsection shall be reimbursed the amount provided for in this subsection unless it has agreed under contract with the insurer, managed care organization, employer (or other payor obligated to reimburse for inpatient hospital services rendered under this Chapter) to accept a different amount or reimbursement methodology.

Except as otherwise provided herein, payment for medical treatment and services rendered to workers’ compensation patients by a hospital shall be a reasonable fee determined by the Commission. Commission and adopted by rule. Effective September 16, 2001, through June 30, 2002, the fee shall be the following amount unless the Commission adopts a different fee schedule in accordance with the provisions of this section:

The payment shall not be more than a maximum of one hundred percent (100%) of the hospital’s itemized charges as shown on the UB-92 claim form nor less than the minimum percentage for payment of inpatient DRG claims that was in effect as of June 30, 2001.

2. For outpatient hospital services and any other services that were reimbursed as a discount off of charges under the State Plan as of June 30, 2001, the amount calculated by the Commission as a percentage of the hospital charges for such services. The percentage applicable to each hospital shall be the percentage used by the Commission to determine outpatient rates for each hospital as of June 30, 2001.

3. For any other services, a reasonable fee as determined by the Industrial Commission.

Notwithstanding any other provisions of law, the Commission’s determination of payment rates under this subsection shall:

1. Comply with the procedures for adoption of a fee schedule established in G.S. 97-26(a);
2. Include publication of the proposed payment rate, and a summary of the data and calculations on which the rate is based at least 90 days before the proposed effective date;
3. Be subject to the declaratory ruling provisions of G.S. 150B-4; and
4. Be deemed to constitute a final permanent rule under Article 2A of Chapter 150B for purposes of judicial review under Article 4 of that Chapter.
The explanation of the fee schedule change that is published pursuant to G.S. 150B-21.2(c)(2) shall include a summary of the data and calculations on which the fee schedule rate is based.

A hospital's itemized charges on the UB-92 claim form for workers' compensation services shall be the same as itemized charges for like services for all other payers.

(c) Maximum Reimbursement for Providers Under Subsection (a). – Each health care provider subject to the provisions of subsection (a) of this section shall be reimbursed the amount specified under the fee schedule unless the provider has agreed under contract with the insurer or managed care organization to accept a different amount or reimbursement methodology. In any instance in which neither the fee schedule nor a contractual fee applies, the maximum reimbursement to which a provider under subsection (a) is entitled under this Article is the usual, customary, and reasonable charge for the service or treatment rendered. In no event shall a provider under subsection (a) charge more than its usual fee for the service or treatment rendered.

(d) Information to Commission. – Each health care provider seeking reimbursement for medical compensation under this Article shall provide the Commission information requested by the Commission for the development of fee schedules and the determination of appropriate reimbursement.

(e) When Charges Submitted. – Health care providers shall submit charges to the insurer or managed care organization within 30 days of treatment, within 30 days after the end of the month during which multiple treatments were provided, or within such other reasonable period of time as allowed by the Commission. If an insurer or managed care organization disputes a portion of a health care provider's bill, it shall pay the uncontested portion of the bill and shall resolve disputes regarding the balance of the charges in accordance with this Article or its contractual arrangement.

(f) Repeating Diagnostic Tests. – A health care provider shall not authorize a diagnostic test previously conducted by another provider, unless the health care provider has reasonable grounds to believe a change in patient condition may have occurred or the quality of the prior test is doubted. The Commission may adopt rules establishing reasonable requirements for reports and records to be made available to other health care providers to prevent unnecessary duplication of tests and examinations. A health care provider that violates this subsection shall not be reimbursed for the costs associated with administering or analyzing the test.

(g) Direct Reimbursement. – The Commission may adopt rules to allow insurers and managed care organizations to review and reimburse charges for medical compensation without submitting the charges to the Commission for review and approval.

(g1) Administrative Simplification. – The applicable administrative standards for code sets, identifiers, formats, and electronic transactions to be used in processing electronic medical bills under this Article shall comply with 45 C.F.R. § 162. The Commission shall adopt rules to require electronic medical billing and payment processes, to standardize the necessary medical documentation for billing adjudication, to provide for effective dates and compliance, and for further implementation of this subsection.

(h) Malpractice. – The employer shall not be liable in damages for malpractice by a physician or surgeon furnished by him pursuant to the provisions of this section, but the consequences of any such malpractice shall be deemed part of the injury resulting from the accident, and shall be compensated for as such.

(i) Resolution of Dispute. – The employee or health care provider may apply to the Commission by motion or for a hearing to resolve any dispute regarding the payment of charges for medical compensation in accordance with this Article."

SECTION 5. G.S. 97-27(b) reads as rewritten:

"(b) In any case arising under this Article in which the employee is dissatisfied with the percentage of permanent disability as provided by G.S. 97-31 and determined by the authorized health care provider, the employee is entitled to have another examination solely on the percentage of permanent disability provided by a duly qualified physician of the employee's choosing who is licensed to practice in North Carolina, or licensed in another state if agreed to by the parties or ordered by the Commission, and designated by the employee. That physician shall be paid by the employer in the same manner as health care providers designated by the employer or the Industrial Commission are paid. The Industrial Commission must either disregard or give less weight to the opinions of the duly qualified physician chosen by the employee pursuant to this subsection on issues outside the scope of the G.S. 97-27(b) examination. No fact that is communicated to or otherwise learned by any physician who attended or examined the employee, or who was present at any examination, shall be privileged with respect to a claim before the Industrial Commission. Provided, however, that all travel expenses incurred in obtaining the examination shall be paid by the employee."

SECTION 6. G.S. 97-29(b) reads as rewritten:

"(b) When a claim is compensable pursuant to G.S. 97-18(b), paid without prejudice pursuant to G.S. 97-18(d), agreed by the parties pursuant to G.S. 97-82, or when a claim has been deemed compensable following a hearing pursuant to G.S. 97-84, an employee proves by a preponderance of the evidence that the employee is unable to earn the same wages the employee had earned before the injury, either in the same or other employment, the employee qualifies for temporary total disability subject to the limitations noted herein. The employee shall not be entitled to compensation pursuant to this subsection greater than 500 weeks from the date of first disability unless the employee qualifies for extended compensation under subsection (c) of this section."

SECTION 7. G.S. 97-32.2(a) reads as rewritten:

"(a) In a compensable claim, the employer may engage vocational rehabilitation services at any point during a claim, regardless of whether the employee has reached maximum medical improvement to include, among other services, a one-time assessment of the employee's vocational potential, except vocational rehabilitation services may not be required if the employee is receiving benefits pursuant to G.S. 97-29(c) or G.S. 97-29(d). If the employee (i) has not returned to work or (ii) has returned to work earning less than seventy-five percent (75%) of the employee's average weekly wages and is receiving benefits pursuant to G.S. 97-30, the employee may request vocational rehabilitation services, including education and retraining in the North Carolina community college or university systems so long as the education and retraining are reasonably likely to substantially increase the employee's wage-earning capacity following completion of the education or retraining program. Provided, however, the seventy-five percent (75%) threshold is for the purposes of qualification for vocational rehabilitation benefits only and shall not impact a decision as to whether a job is suitable per G.S. 97-2(22). The expense of vocational rehabilitation services provided pursuant to this section shall be borne by the employer in the same manner as medical compensation."

Session Law 2012-136

AN ACT TO AMEND DEATH PENALTY PROCEDURES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15-188 reads as rewritten:

"§ 15-188. Manner and place of execution.

In accordance with G.S. 15-187, the mode of executing a death sentence must in every case be by administering to the convict or felon a lethal quantity of an ultrashort-acting barbiturate in combination with a chemical paralytic agent until the convict or felon is dead; and when any person, convict or felon shall be sentenced by any court of the State having competent jurisdiction to be so executed, the punishment shall only be inflicted within a permanent death chamber which the superintendent of the State penitentiary is hereby authorized and directed to provide within the walls of the North Carolina penitentiary at Raleigh, North Carolina. The superintendent of the State penitentiary shall also cause to be provided, in conformity with this Article, and approved by the Governor and Council of State, the necessary appliances for the infliction of the punishment of death and qualified personnel to set up and prepare the injection, administer the preinjections, insert the IV catheter, and to perform other tasks required for this procedure in accordance with the requirements of this Article."

SECTION 2. G.S. 15A-2004(b) reads as rewritten:

"(b) A sentence of death may not be imposed upon a defendant convicted of a capital felony unless the State has given notice of its intent to seek the death penalty. Notice of intent to seek the death penalty shall be given to the defendant and filed with the court on or before the date of the pretrial conference in capital cases required by Rule 24 of the General Rules of Practice for the Superior and District Courts, or the arraignment, whichever is later. A court may discipline or sanction the State for failure to comply with the time requirements in Rule 24, but shall not declare a case as noncapital as a consequence of such failure. In addition to any discipline or sanctions the court may impose, the court shall continue the case for a sufficient time so that the defendant is not prejudiced by any delays in holding the hearing required by Rule 24."

SECTION 3. G.S. 15A-2011 reads as rewritten:

(a) A finding that race was the basis of the decision to seek or impose a death sentence may be established if the court finds that race was a significant factor in decisions to seek or impose the death penalty in the defendant's case at the time the death sentence was sought or imposed. For the purposes of this section, "at the time the death sentence was sought or imposed" shall be defined as the period from 10 years prior to the commission of the offense to the date that is two years after the imposition of the death sentence. Sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed.

(a1) It is the intent of this Article to provide for an amelioration of the death sentence. It shall be a condition for the filing and consideration of a motion under this Article that the defendant knowingly and voluntarily waives any objection to the imposition of a sentence to life imprisonment without parole based upon any common law, statutory law, or the federal or State constitutions that would otherwise require that the defendant be eligible for parole. The
waiver shall be in writing, signed by the defendant, and included in the motion seeking relief under this Article. If the court determines that a hearing is required pursuant to subdivision (3) of subsection (f) of this section, the court shall make an oral inquiry of the defendant to confirm the defendant's waiver, which shall be part of the record. If the court grants relief under this Article, the judgment shall include a finding that the defendant waived any objection to the imposition of a sentence of life imprisonment without parole.

(b) Evidence relevant to establish a finding that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed may include statistical evidence or other evidence, including, but not limited to, sworn testimony of attorneys, prosecutors, law enforcement officers, jurors, or other members of the criminal justice system or both, that, irrespective of statutory factors, one or more of the following applies:

1. Death sentences were sought or imposed significantly more frequently upon persons of one race than upon persons of another race.
2. Death sentences were sought or imposed significantly more frequently as punishment for capital offenses against persons of one race than as punishment of capital offenses against persons of another race.
3. Race was a significant factor in decisions to exercise peremptory challenges during jury selection.

A juror's testimony under this subsection shall be consistent with Rule 606(b) of the North Carolina Rules of Evidence, as contained in G.S. 8C-1.

(c) The defendant has the burden of proving that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State county or prosecutorial district at the time the death sentence was sought or imposed. The State may offer evidence in rebuttal of the claims or evidence of the defendant, including statistical evidence. The court may consider evidence of the impact upon the defendant's trial of any program the purpose of which is to eliminate race as a factor in seeking or imposing a sentence of death.

(d) Evidence relevant to establish a finding that race was a significant factor in decisions to seek or impose the sentence of death in the county or prosecutorial district at the time the death sentence was sought or imposed may include statistical evidence derived from the county or prosecutorial district where the defendant was sentenced to death, or other evidence, that either (i) the race of the defendant was a significant factor or (ii) race was a significant factor in decisions to exercise peremptory challenges during jury selection. The evidence may include, but is not limited to, sworn testimony of attorneys, prosecutors, law enforcement officers, judicial officials, jurors, or others involved in the criminal justice system.

A juror's testimony under this subsection shall be consistent with Rule 606(b) of the North Carolina Rules of Evidence, as contained in G.S. 8C-1.

(e) Statistical evidence alone is insufficient to establish that race was a significant factor under this Article. The State may offer evidence in rebuttal of the claims or evidence of the defendant, including, but not limited to, statistical evidence.

(f) In any motion filed under this Article, the defendant shall state with particularity how the evidence supports a claim that race was a significant factor in decisions to seek or impose the sentence of death in the defendant's case in the county or prosecutorial district at the time the death sentence was sought or imposed.

1. The claim shall be raised by the defendant at the pretrial conference required by the General Rules of Practice for the Superior and District Courts or in postconviction proceedings pursuant to Article 89 of Chapter 15A of the General Statutes.

2. If the court finds that the defendant's motion fails to state a sufficient claim under this Article, then the court shall dismiss the claim without an evidentiary hearing.
(3) If the court finds that the defendant's motion states a sufficient claim under this Article, the court shall schedule a hearing on the claim and may prescribe a time prior to the hearing for each party to present a forecast of its proposed evidence.

(g) If the court finds that race was a significant factor in decisions to seek or impose the sentence of death in the defendant's case at the time the death sentence was sought or imposed, the court shall order that a death sentence not be sought, or that the death sentence imposed by the judgment shall be vacated and the defendant resentenced to life imprisonment without the possibility of parole."

SECTION 4. G.S. 15A-2012 is repealed.

SECTION 5. This act does not change any provision in Article 89 of Chapter 15A of the General Statutes concerning the procedure for the filing of motions for appropriate relief in capital cases, including the deadlines and grounds upon which a motion may be filed.

SECTION 6. Unless otherwise excepted, this act, including the hearing procedure, evidentiary burden, and the description of evidence that is relevant to a finding that race was a significant factor in seeking or imposing a death sentence, also applies to any postconviction motions for appropriate relief that were filed pursuant to S.L. 2009-464. This act also applies to any hearing that commenced prior to the effective date of this act. A person who filed a postconviction motion for appropriate relief pursuant to S.L. 2009-464 shall have 60 days from the effective date of this act to amend or otherwise modify the motion. Any hearings commenced prior to the effective date shall be continued and shall not be set to reconvene on a date less than 60 days from the effective date of this act.

SECTION 7. This act does not provide, allow, or authorize any motions for appropriate relief in addition to those already authorized under laws applicable to capital trial procedure or Article 89 of Chapter 15A of the General Statutes. A capital defendant who filed a trial motion alleging discrimination, or a motion for appropriate relief alleging discrimination, prior to or following the effective date of S.L. 2009-464 is not entitled or authorized to file any additional motions for appropriate relief based upon this act.

SECTION 8. This act does not apply to a postconviction motion for appropriate relief which was filed pursuant to S.L. 2009-464 if the court, prior to the effective date of this act, made findings of fact and conclusions of law after an evidentiary hearing in which the person seeking relief and the State had an opportunity to present evidence, including witness testimony and rebuttal evidence. If, however, an order by a trial court which would otherwise meet the requirements of this section is vacated or overturned upon appellate review, then any further proceedings required to prove a claim that racial discrimination was a significant factor in seeking or imposing the death penalty shall be subject to the provisions of this act.

SECTION 9. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 10. Section 1 of this act is applicable for executions scheduled after the effective date of this act. Section 2 of this act is effective for Rule 24 hearings scheduled on or after the effective date of this act. The remainder of this act is effective when it becomes law and applies to all capital trials held prior to, on, or after the effective date of this act and to all capital defendants sentenced to the death penalty prior to, on, or after the effective date of this act.

In the General Assembly read three times and ratified this the 21st day of June, 2012.

Became law notwithstanding the objections of the Governor at 2:30 p.m. this 2nd day of July, 2012.

MANAGEMENT FLEXIBILITY REDUCTIONS TO ENSURE ADEQUATE FUNDS ARE AVAILABLE TO COVER MEDICAID SHORTFALLS

SECTION 6.14.(a) The General Assembly finds that:
(1) In recent fiscal years, Medicaid program costs have grown disproportionately more than the remainder of the State budget.
(2) Addressing large and frequent Medicaid program shortfalls has required the reallocation of funds that could have been used for other purposes.
(3) To cover an early draw down of Medicaid funds during the 2009-2010 fiscal year, the 2011 General Assembly was required to make an additional one hundred twenty-five million dollars ($125,000,000) available to the Medicaid program.
(4) To cover a shortfall in the 2011-2012 Medicaid budget, the 2012 Session of the 2011 General Assembly was required to appropriate additional funds for the Medicaid program.
(5) To ensure that adequate funds are available to cover any potential shortfall in the 2012-2013 Medicaid budget, it is necessary to implement management flexibility reductions across State government.

SECTION 6.14.(b) In order to provide adequate funds to cover any potential shortfall in the 2012-2013 Medicaid budget while minimizing the impact on State government services, the Director of the Budget shall ensure that cost savings required through the management flexibility reductions in this act are realized so that at least fifty percent (50%) of the cost savings are realized by December 31, 2012.

All such arrangements will terminate June 30, 2018. (1) The funding of the project under the arrangement comes from revenue generated by or cost savings resulting from the project.
(2) The funding of the project is dependent on increased-revenue or cost-savings streams that are different from the existing benefits stream for the implementation of TIMS.
(3) The project involves additional identified initiatives that will be integrated into the TIMS solution.

SECTION 6A.3.(b) Contracts. – Work under an additional public-private arrangement that is authorized by this section may be contracted by requests for proposals, modifications to the existing contracts, purchases using existing contracts, or other related contract vehicles.

SECTION 6A.3.(c) Management/Performance Measurement. – The Secretary of Revenue shall follow the existing model for public-private arrangement oversight and shall establish a measurement process to determine the increased revenue or cost savings attributed to the additional public-private arrangement authorized by this section. To accomplish this, the Secretary shall consult subject matter experts in the Department of Revenue, in other governmental units, and in the private sector, as necessary. At a minimum, the measurement process shall include all of the following:
(1) Calculation of a revenue baseline against which the increased revenue attributable to the project is measured and a cost-basis baseline against which the cost savings resulting from the project are measured.

(2) Have a detailed plan in place, to include associated costs and sources of funding, to return the function to State control in the event privatization fails to provide anticipated cost-savings or required service levels.

(3) Privatize only those individual functions where verifiable market data collected after January 1, 2012, by a disinterested third-party consultant shows that privatization will result in cost-savings to the State and there is no data identifying alternatives that generate greater savings, ensuring that agencies receive at a minimum the same level of service and functionality as the level prior to privatization.

(4) Document and certify any anticipated savings resulting from privatization by individual function.

(5) Ensure full disclosure of any privatization decisions that combine multiple services or towers into a single contract, including the costs associated with each specific service or tower included in the contract.

(4) Elect to receive or participate in a new or newly privatized service.

"SECTION 6A.9.(b3) Council of State Approval Required. – Notwithstanding any other provision of law, both requests for proposal and contracts privatizing State-administered information technology services must be approved by the Council of State.

"SECTION 6A.9.(c) After privatizing any major information technology function, the State Chief Information Officer shall do all of the following:

(2) Immediately notify the Joint Legislative Commission on Governmental Operations of any outsourcing effort that does not meet projected savings or required service levels for two quarters in a row or during any two quarters of a fiscal year, and develop a corrective action plan.

(3) Terminate any contract where privatization fails to achieve projected savings or meet service levels over a period of 12 months.

"SECTION 6A.9.(d) Reporting. – The State Chief Information Officer shall consult with the Joint Legislative Commission on Governmental Operations prior to issuing a request for proposal to privatize any State-administered information technology service.

SECTION 6A.6.(c) This section expires February 1, 2013.

However, instructional personnel who do not require a substitute may use annual vacation leave on days that students are in attendance. Vocational and technical education teachers who are employed for 11 or 12 months may, with prior approval of the principal, work on annual vacation leave days designated in the school calendar and may use those annual vacation leave days during the eleventh or twelfth month of employment. Local boards of education may adopt policies permitting instructional personnel employed for 11 or 12 months in year-round schools to, with the approval of the principal, take vacation leave at a time when students are in attendance; local funds shall be used to cover the cost of substitute teachers.

Vacation days shall not be used for extending the term of employment of individuals. On June 30 of each year, any of these employees with more than 30 days of accumulated leave shall have the excess accumulation converted to sick leave so that only 30 days are carried forward to July 1 of the same year. All vacation leave taken by these employees shall be upon the authorization of their immediate supervisor and under policies established by the local board of education. The policies may permit teacher assistants who require a substitute and are employed for 11 or 12 months in year-round schools to take vacation leave at a time when students are in attendance; local funds shall be used to cover the cost of substitutes. Vacation leave for instructional personnel who do not require a substitute shall not be restricted to days that students are not in attendance. The plan shall be developed with the active involvement of teachers, college and university educators, parents and guardians of students, and other interested parties. The plan shall, when appropriate to reflect research, include revision of the standard course of study or other curricular standards, revision of teacher licensure and renewal standards, and revision of teacher education program standards.

(b) The State Board of Education shall report biennially to the Joint Legislative Education Oversight Committee by October 1 of each even-numbered year on the implementation, evaluation, and revisions to the comprehensive plan for reading achievement and shall include recommendations for legislative changes to enable implementation of current empirical research in reading development.

§ 115C-83.1E. Developmental screening and kindergarten entry assessment.
(a) The State Board of Education shall ensure that every student entering kindergarten shall be administered a developmental screening of early language, literacy, and math skills within 30 days of enrollment.

(b) The State Board of Education shall ensure that every student entering kindergarten shall complete a kindergarten entry assessment within 60 days of enrollment.

(c) The developmental screening instrument may be composed of subsections of the kindergarten entry assessment.
(d) The kindergarten entry assessment shall address the five essential domains of school readiness: language and literacy development, cognition and general knowledge, approaches toward learning, physical well-being and motor development, and social and emotional development.

(e) The kindergarten entry assessment shall be (i) administered at the classroom level in all local school administrative units; (ii) aligned to North Carolina's early learning and development standards and to the standard course of study; and (iii) reliable, valid, and appropriate for use with all children, including those with disabilities and those who are English language learners.

(f) The results of the developmental screening and the kindergarten entry assessment shall be used to inform the following:

1. The status of children's learning at kindergarten entry.
2. Instruction of each child.
3. Efforts to reduce the achievement gap at kindergarten entry.
4. Continuous improvement of the early childhood system.

§ 115C-83.1F. Facilitating early grade reading proficiency.

(a) Kindergarten, first, second, and third grade students shall be assessed with valid, reliable, formative, and diagnostic reading assessments made available to local school administrative units by the State Board of Education pursuant to G.S. 115C-174.11(a). Difficulty with reading development identified through administration of formative and diagnostic assessments shall be addressed with instructional supports and services. To the greatest extent possible, kindergarten through third grade reading assessments shall yield data that can be used with the Education Value-Added Assessment System (EVAAS), or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for difficulty with reading development and to determine actions to address them.

(b) Formative and diagnostic assessments and resultant instructional supports and services shall address oral language, phonological and phonemic awareness, phonics, vocabulary, fluency, and comprehension using developmentally appropriate practices.

(c) Local school administrative units are encouraged to partner with community organizations, businesses, and other groups to provide volunteers, mentors, or tutors to assist with the provision of instructional supports and services that enhance reading development and proficiency.

§ 115C-83.1G. Elimination of social promotion.

(a) The State Board of Education shall require that a student be retained in the third grade if the student fails to demonstrate reading proficiency appropriate for a third grade student, as demonstrated on a State-approved standardized test of reading comprehension administered to third grade students. The test may be readministered once prior to the end of the school year.

(b) Students may be exempt from mandatory retention in third grade for good cause but shall continue to receive instructional supports and services and reading interventions appropriate for their age and reading level. Good cause exemptions shall be limited to the following:

1. Limited English Proficient students with less than two years of instruction in an English as a Second Language program.
2. Students with disabilities, as defined in G.S. 115C-106.3(1), whose individualized education program indicates the use of alternative assessments and reading interventions.
3. Students who demonstrate reading proficiency appropriate for third grade students on an alternative assessment approved by the State Board of Education. Teachers may administer the alternative assessment following the administration of the State-approved standardized test of reading comprehension typically given to third grade students at the end of the
school year, or after a student's participation in the local school administrative unit's summer reading camp.

(4) Students who demonstrate, through a student reading portfolio, reading proficiency appropriate for third grade students. Teachers may submit the student reading portfolio at the end of the school year or after a student's participation in the local school administrative unit's summer reading camp. The student reading portfolio and review process shall be established by the State Board of Education.

(5) Students who have (i) received reading intervention and (ii) previously been retained more than once in kindergarten, first, second, or third grades.

(c) The superintendent shall determine whether a student may be exempt from mandatory retention on the basis of a good cause exemption. The following steps shall be taken in making the determination:

(1) The teacher of a student eligible for a good cause exemption shall submit documentation of the relevant exemption and evidence that promotion of the student is appropriate based on the student's academic record to the principal. Such evidence shall be limited to the student's personal education plan, individual education program, if applicable, alternative assessment, or student reading portfolio.

(2) The principal shall review the documentation and make an initial determination whether the student should be promoted. If the principal determines the student should be promoted, the principal shall make a written recommendation of promotion to the superintendent for final determination. The superintendent's acceptance or rejection of the recommendation shall be in writing.

"§ 115C-83.1H. Successful reading development for retained students.

(a) Students not demonstrating reading proficiency shall be enrolled in a summer reading camp provided by the local school administrative unit prior to being retained. Students who demonstrate reading proficiency on an alternative assessment of reading comprehension or student reading portfolio after completing a summer reading camp shall be promoted to the fourth grade. Students who do not demonstrate reading proficiency on these measures after completing a summer reading camp shall be retained under G.S. 115C-83.1G(a) and provided with the instruction listed in subsection (b) of this section during the retained year.

(b) Students retained under G.S. 115C-83.1G(a) shall be provided with a teacher selected based on demonstrated student outcomes in reading proficiency and placed in an accelerated reading class or a transitional third and fourth grade class combination, as appropriate. Classroom instruction shall include at least 90 minutes of daily, uninterrupted, evidence-based reading instruction, not to include independent reading time, and other appropriate instructional supports and services and reading interventions.

(c) The State Board of Education shall establish a midyear promotion policy for any student retained under G.S. 115C-83.1G(a) who, by November 1, demonstrates reading proficiency through administration of the alternative assessment of reading comprehension or student reading portfolio review.

(d) Parents or guardians of students who have been retained once under the provisions of G.S. 115C-83.1G(a) shall be provided with a plan for reading at home, including participation in shared and guided reading workshops for the parent or guardian, and outlined in a parental or guardian contract.

"§ 115C-83.11. Notification requirements to parents and guardians.

(a) Parents or guardians shall be notified in writing, and in a timely manner, that the student shall be retained, unless he or she is exempt from mandatory retention for good cause, if the student is not demonstrating reading proficiency by the end of third grade. Parents or guardians shall receive this notice when a kindergarten, first, second, or third grade student (i) is demonstrating difficulty with reading development; (ii) is not reading at grade level; or (iii) has a personal education plan under G.S. 115C-105.41.

Written notification shall also include a description of proposed reading interventions that will be provided to the student to remediate identified areas of reading deficiency.

(c) Parents or guardians of students retained under G.S. 115C-83.1G(a) shall receive at least monthly written reports on student progress toward reading proficiency. The evaluation of the student's progress shall be based upon the student's classroom work, observations, tests, assessments, and other relevant information.
