(1) The application of any provision in an insurance policy insuring real property and its contents that are located within the geographic area designated in the proclamation or declaration, which provision requires an insured to file a proof of loss within a certain period of time after the occurrence of the loss, shall be stayed for the time period not exceeding the earlier of (i) the expiration of the disaster proclamation or declaration and all renewals of the proclamation or 45 days, whichever is later; or (ii) the expiration of the Commissioner's order declaring subdivisions (1) through (4) of this section effective for the specific disaster, as determined by the Commissioner.

(2) As used in this subdivision, "insurance company" includes a service corporation, HMO, MEWA, surplus lines insurer, and the underwriting associations under Articles 45 and 46 of this Chapter. All insurance companies, premium finance companies, collection agencies, and other persons subject to this Chapter shall give their customers who reside within the geographic area designated in the proclamation or declaration the option of deferring premium or debt payments that are due during the earlier of (i) the time period covered by the proclamation or declaration; or (ii) the time period prior to the expiration of the Commissioner's order declaring subdivisions (1) through (4) of this section effective for the specific disaster, as determined by the Commissioner. This deferral period shall be 30 days from the last day the premium or debt payment may be made under the terms of the policy or contract. This deferral period shall also apply to any statute, rule, or other policy or contract provision that imposes a time limit on an insurer, insured, claimant, or customer to perform any act during the time period covered by the proclamation or declaration, including the transmittal of information, with respect to insurance policies or contracts, premium finance agreements, or debt instruments when the insurer, insured, claimant, or customer resides or is located in the geographic area designated in the proclamation or declaration. Likewise, the deferral period shall apply to any time limitations imposed on insurers under the terms of a policy or contract.
or provisions of law related to individuals who reside within the geographic area designated in the proclamation or declaration. Likewise, the deferral period shall apply to any time limitations imposed on insurers under the terms of a policy or contract or provisions of law related to individuals who reside within the geographic area designated in the proclamation or declaration. The Commissioner may extend any deferral period in this subdivision, depending on the nature and severity of the proclaimed or declared disaster. No additional rate or contract filing shall be necessary to effect any deferral period.

(3) With respect to health benefit plans, after a deferral period has expired, all premiums in arrears shall be payable to the insurer. If premiums in arrears are not paid, coverage shall lapse as of the date premiums were paid up, and preexisting conditions shall apply as permitted under this Chapter; and the insured shall be responsible for all medical expenses incurred since the effective date of the lapse in coverage.

(4) In addition to the requirements of G.S. 58-45-35(e), for separate windstorm policies that are written by an insurer other than the Underwriting Association, losses shall be adjusted by the insurer that issued the property insurance and not by the insurer that issued the windstorm policy. The insurer that issued the windstorm policy shall reimburse the insurer that issued the property insurance for reasonable expenses incurred by that insurer in adjusting the windstorm losses.”

H.B. 331

AN ACT TO STABILIZE TITLES AND TO PROVIDE A UNIFORM PROCEDURE TO ENFORCE CLAIMS OF LIEN SECURING SUMS DUE CONDOMINIUM AND PLANNED COMMUNITY ASSOCIATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 47C-3-116 reads as rewritten:

"§ 47C-3-116. Lien for assessments; sums due the association; enforcement.

(a) Any assessment levied against attributable to a unit remaining uncollected for a period of 30 days or longer shall constitute a lien on that unit when a claim of lien is filed of record in the office of the clerk of superior court of the county in which the unit is located in the manner provided in this section. Once filed, a claim of lien secures all sums due the association through the date filed and any sums due to the association thereafter. In order to file a claim of lien, the association must make reasonable and diligent efforts to ensure that its records contain the unit owner's current mailing address. No fewer than 15 days prior to filing the lien, the association shall mail a statement of the assessment amount due by first-class mail to the physical address of the unit and to the unit owner's address of record with the association, and, if different, to the address for the unit owner shown on the county tax records and the county real property records for the unit. If the unit owner is a corporation, the statement shall also be sent by first-class mail to the mailing address of the registered agent for the corporation. Unless the declaration otherwise provides, fees, charges, late charges and other charges imposed pursuant to G.S. 47C-3-102, 47C-3-107, 47C-3-107.1, and 47C-3-115 are enforceable as assessments subject to the claim of lien under this section, as well as any other sums due and payable to the association under the declaration, the provisions of this Chapter, or as the result of an arbitration, mediation, or judicial decision. Except as provided in subsections (a1) and (a2) of this section, the association, acting through the executive board, may foreclose the claim of lien in like manner as a mortgage on real estate under power of sale or under Article 2A of Chapter 45 of the General Statutes, if the assessment remains unpaid for 90 days or more. The association shall not foreclose the claim of lien unless the executive board votes to commence the proceeding against the specific unit.

(a1) An association may not foreclose an association assessment lien under Article 2A of Chapter 45 of the General Statutes if the debt securing the lien consists solely of fines imposed by the association, interest on unpaid fines, or attorneys' fees incurred by the association solely associated with fines imposed by the association. The association, however, may enforce the lien by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(a2) An association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any unit owner unless the fee is expressly allowed in the declaration. Any lien secured by debt consisting solely of these fees may only be enforced by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(b) The lien under this section is prior to all other liens and encumbrances on a unit except (i) liens and encumbrances (specifically including, but not limited to, a mortgage or deed of trust on the unit) recorded before the docketing of the lien in the office of the clerk of superior court, and (ii) liens for real estate taxes and other governmental assessments or charges against the unit. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing thereof in the office of the clerk of superior court.

(d) This section does not prohibit actions to recover sums for which subsection (a) creates a lien or prohibit an association taking a deed in lieu of foreclosure.
(e) A judgment, decree, or order in any action brought under this section shall include costs and reasonable attorney’s fees for the prevailing party. If the unit owner does not contest the collection of debt and enforcement of a lien after the expiration of the 15-day period following notice as required in subsection (e1) of this section, then reasonable attorney’s fees shall not exceed one thousand two hundred dollars ($1,200), not including costs or expenses incurred. The collection of debt and enforcement of a lien remain uncontested as long as the unit owner does not dispute, contest, or raise any objection, defense, offset, or counterclaim as to the amount or validity of the debt and lien asserted or the association’s right to collect the debt and enforce the lien as provided in this section. The attorneys’ fee limitation in this subsection shall not apply to judicial foreclosures or proceedings authorized under subsection (d) of this section or G.S. 47C-117.

(e1) A unit owner may not be required to pay attorney’s fees and court costs until the unit owner is notified in writing of the association’s intent to seek payment of attorney’s fees and court costs. The notice must be sent by first-class mail to the property address and, if different, to the mailing address for the unit owner in the association’s records. The association must make reasonable and diligent efforts to ensure that its records contain the unit owner’s current mailing address. The notice shall set out the outstanding balance due as of the date of the notice and state that the unit owner has 15 days from the mailing of the notice by first-class mail to pay the outstanding balance without the attorney’s fees and court costs. If the unit owner pays the outstanding balance within this period, then the unit owner shall have no obligation to pay attorney’s fees and court costs. The notice shall also inform the unit owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance as provided in subsection (e2) of this section and shall provide the name and telephone number of the representative.

(e2) The association, acting through its executive board and in the board’s sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the unit owner is obligated to offer or accept any proposed installment schedule. Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorney’s fees may be added to the outstanding balance and included in an installment schedule only after the unit owner has been given notice as required in subsection (e1) of this section.

(f) Where the holder of a first mortgage or first deed of trust of record, or other purchaser of a unit, obtains title to the unit as a result of foreclosure of a first mortgage or first deed of trust, such purchaser, and its heirs, successors and assigns, shall not be liable for the assessments against such unit which became due prior to acquisition of title to such unit by such purchaser. Such unpaid assessments shall be deemed to be common expenses collectible from all the unit owners including such purchaser, and its heirs, successors and assigns.

(g) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot, and the amount of the lien claimed. The first page of the claim of lien shall contain the following statement in print that is in boldface, capital letters and no smaller than the largest print used elsewhere in the document: “THIS DOCUMENT CONSTITUTES A LIEN AGAINST YOUR PROPERTY, AND IF THE LIEN IS NOT PAID, THE HOMEOWNERS ASSOCIATION MAY PROCEED WITH FORECLOSURE AGAINST YOUR PROPERTY IN LIKE MANNER AS A MORTGAGE UNDER NORTH CAROLINA LAW.” The person signing the claim of lien on behalf of the association shall attach to and file with the claim of lien a certificate of service attesting to the attempt of service on the record owner, which service shall be attempted in accordance with G.S. 1A-1, Rule 4(i) for service of a copy of a summons and a complaint. If the actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted pursuant to both of the following: (i) G.S. 1A-1, Rule 4(i)(1) c., d., or e.; and (ii) by mailing a copy of the lien by regular, first-class mail, postage prepaid to the physical address of the unit and the unit owner’s address of record with the association, and, if different,
to the address for the unit owner shown on the county tax records and the county real property records for the unit. In the event that the owner of record is not a natural person, and actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted once pursuant to the applicable provisions of G.S. 1A-1, Rule 4(j)(3) through G.S. 1A-1, Rule 4(j)(9).

(b) The association must make reasonable and diligent efforts to ensure that its records contain the unit owner's current mailing address. No fewer than 15 days prior to filing the lien, the association shall mail a statement of the assessment amount due by first-class mail to the physical address of the unit and the unit owner's address of record with the association and, if different, to the address for the unit owner shown on the county tax records for the unit. If the unit owner is a corporation or limited liability company, the association shall also be sent by first-class mail to the mailing address of the registered agent for the corporation or limited liability company. Notwithstanding anything to the contrary in this Chapter, the association is not required to mail a statement to an address known to be a vacant unit or to a unit for which there is no United States postal address.

(c) A claim of lien shall set forth the name and address of the association, the name of the record owner of the unit at the time the claim of lien is filed, a description of the unit, and the amount of the lien claimed. A claim of lien may also appoint a trustee to conduct a foreclosure as provided in subsection (f) of this section. The first page of the claim of lien shall contain the following statement in print that is in boldface, capital letters, and no smaller than the largest print used elsewhere in the document:

"THIS DOCUMENT CONSTITUTES A LIEN AGAINST YOUR PROPERTY, AND IF THE LIEN IS NOT PAID, THE HOMEOWNERS ASSOCIATION MAY PROCEED WITH FORECLOSURE AGAINST YOUR PROPERTY IN LIKE MANNER AS A MORTGAGE UNDER NORTH CAROLINA LAW."

The person signing the claim of lien on behalf of the association shall attach to and file with the association a certificate of service attesting to the attempt of service on the record owner, which service shall be attempted in accordance with G.S. 1A-1, Rule 4(j), for service of a copy of a summons and a complaint. If the actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted pursuant to both of the following: (i) G.S. 1A-1, Rule 4(j)(1)c, d, or e and (ii) by mailing a copy of the lien by regular, first-class mail, postage prepaid to the physical address of the unit and the unit owner's address of record with the association, and, if different, to the address for the unit owner shown on the county tax records and the county real property records for the unit. In the event that the owner of record is not a natural person, and actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted once pursuant to the applicable provisions of G.S. 1A-1, Rule 4(j)(3) through G.S. 1A-1, Rule 4(j)(9). Notwithstanding anything to the contrary in this Chapter, the association is not required to mail a claim of lien to an address which is known to be a vacant unit or to a unit for which there is no United States postal address. A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the filing of the claim of lien in the office of the clerk of superior court.

(d) A claim of lien filed under this section is prior to all liens and encumbrances on a unit except (i) liens and encumbrances, specifically including, but not limited to, a mortgage or deed of trust on the unit, recorded before the filing of the claim of lien in the office of the clerk of superior court and (ii) liens for real estate taxes and other governmental assessments and charges against the unit. This subsection does not affect the priority of mechanics' or materialmen's liens.

(e) The association shall be entitled to recover the reasonable attorneys' fees and costs it incurs in connection with the collection of any sums due. A unit owner may not be required to pay attorneys' fees and court costs until the unit owner is notified in writing of the association's
intent to seek payment of attorneys' fees, costs, and expenses. The notice must be sent by first-class mail to the physical address of the unit and the unit owner's address of record with the association and, if different, to the address for the unit owner shown on the county tax records for the unit. The association must make reasonable and diligent efforts to ensure that its records contain the unit owner's current mailing address. Notwithstanding anything to the contrary in this Chapter, there shall be no requirement that notice under this subsection be mailed to an address which is known to be a vacant unit or a unit for which there is no United States postal address. The notice shall set out the outstanding balance due as of the date of the notice and state that the unit owner has 15 days from the mailing of the notice by first-class mail to pay the outstanding balance without the attorneys' fees and court costs. If the unit owner pays the outstanding balance within this period, then the unit owner shall have no obligation to pay attorneys' fees, costs, or expenses. The notice shall also inform the unit owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance as provided in subsection (i) of this section and shall provide the name and telephone number of the representative.

(f) Except as provided in subsection (h) of this section, the association, acting through the executive board, may foreclose a claim of lien in like manner as a mortgage or deed of trust on real estate under power of sale, as provided in Article 2A of Chapter 45 of the General Statutes, if the assessment remains unpaid for 90 days or more. The association shall not foreclose the claim of lien unless the executive board votes to commence the proceeding against the specific unit. The following provisions and procedures shall be applicable to and complied with in every nonjudicial power of sale foreclosure of a claim of lien, and these provisions and procedures shall control to the extent they are inconsistent or in conflict with the provisions of Article 2A of Chapter 45 of the General Statutes:

(1) The association shall be deemed to have a power of sale for purposes of enforcement of its claim of lien.

(2) The terms "mortgagee" and "holder" as used in Article 2A of Chapter 45 of the General Statutes shall mean the association, except as provided otherwise in this Chapter.

(3) The term "security instrument" as used in Article 2A of Chapter 45 of the General Statutes shall mean the claim of lien.

(4) The term "trustee" as used in Article 2A of Chapter 45 of the General Statutes shall mean the person or entity appointed by the association under subdivision (6) of this subsection.

(5) After the association has filed a claim of lien and prior to the commencement of a nonjudicial foreclosure, the association shall give to the unit owner notice of the association's intention to commence a nonjudicial foreclosure to enforce its claim of lien. The notice shall contain the information required in G.S. 45-21.16(c)(5a).

(6) The association shall appoint a trustee to conduct the nonjudicial foreclosure proceeding and sale. The appointment of the trustee shall be included in the claim of lien or in a separate instrument filed with the office of the clerk of court in the county in which the unit is located as an exhibit to the notice of hearing. The association, at its option, may from time to time remove a trustee previously appointed and appoint a successor trustee by filing a Substitution of Trustee with the clerk of court in the foreclosure proceeding. Counsel for the association may be appointed by the association to serve as the trustee and may serve in that capacity as long as the unit owner does not contest the obligation to pay the amount of any sums due the association, or the validity, enforcement, or foreclosure of the claim of lien as provided in subdivision (12) of this subsection. Any trustee appointed pursuant to this subsection shall have the same fiduciary duties and obligations as a trustee in the foreclosure of a deed of trust.
(7) If a valid debt, default, and notice to those entitled to receive notice under G.S. 45-21.16(b) are found to exist, then the clerk of court shall authorize the sale of the property described in the claim of lien by the Trustee.

(8) If, prior to the expiration of the upset bid period provided in G.S. 45-21.27, the unit owner satisfies the debt secured by the claim of lien and pays all expenses and costs incurred in filing and enforcing the association assessment lien, including, but not limited to, advertising costs, attorneys' fees, and the Trustee's commission, then the Trustee shall dismiss the foreclosure action and the association shall cancel the claim of lien of record in accordance with the provisions of G.S. 45-36.3. The unit owner shall have all rights granted under Article 4 of Chapter 45 of the General Statutes to ensure the association's satisfaction of the claim of lien.

(9) Any person, other than the Trustee, may bid at the foreclosure sale. Unless prohibited in the declaration or bylaws, the association may bid on the unit at a foreclosure sale directly or through an agent. If the association or its agent is the high bidder at the sale, the Trustee shall allow the association to pay the costs and expenses of the sale and apply a credit against the sums due by the unit owner to the association in lieu of paying the bid price in full.

(10) Upon the expiration of the upset bid period provided in G.S. 45-21.27, the Trustee shall have full power and authority to execute a deed for the unit to the high bidder.

(11) The Trustee shall be entitled to a commission for services rendered which shall include fees, costs, and expenses reasonably incurred by the Trustee in connection with the foreclosure whether or not a sale is held. Except as provided in subdivision (12) of this subsection, the Trustee's commission shall be paid without regard to any limitations on compensation otherwise provided by law, including, without limitation, the provisions of G.S. 45-21.15.

(12) If the unit owner does not contest the obligation to pay or the amount of any sums due the association or the validity, enforcement, or foreclosure of the claim of lien at any time after the expiration of the 15-day period following notice as required in subsection (b) of this section, then attorneys' fees and the Trustee's commission collectively charged to the unit owner shall not exceed one thousand two hundred dollars ($1,200), not including costs or expenses incurred. The obligation to pay and the amount of any sums due the association and the validity, enforcement, or foreclosure of the claim of lien remain uncontested as long as the unit owner does not dispute, contest, or contest validity of any portion of the sums claimed due by the association or the validity, enforcement, or foreclosure of the claim of lien. Any judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party.

(13) Unit owners shall be deemed to have the rights and remedies available to mortgagors under G.S. 45-21.34.

(g) The provisions of subsection (f) of this section do not prohibit or prevent an association from pursuing judicial foreclosure of a claim of lien, from taking other actions to recover the sums due the association, or from accepting a deed in lieu of foreclosure. Any judgment, decree, or order in any judicial foreclosure or civil action relating to the collection of assessments shall include an award of costs and reasonable attorneys' fees for the prevailing party, which shall not be subject to the limitation provided in subdivision (f)(12) of this section.

(h) A claim of lien securing a debt consisting solely of fines imposed by the association, interest on unpaid fines, or attorneys' fees incurred by the association solely associated with
fines imposed by the association may only be enforced by judicial foreclosure, as provided in Article 29A of Chapter 1 of the General Statutes. In addition, an association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any unit owner unless the fee is expressly allowed in the declaration, and any claim of lien securing a debt consisting solely of these fees may only be enforced by judicial foreclosure, as provided in Article 29A of Chapter 1 of the General Statutes.

(i) The association, acting through its executive board and in the board's sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the unit owner is obligated to offer or accept any proposed installment schedule. Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorneys' fees may be added to the outstanding balance and included in an installment schedule after the unit owner has been given notice, as required in subsection (e) of this section. Attorneys' fees incurred in connection with any request that the association agrees to accept payment of all or any part of sums due in installments shall not be included or considered in the calculation of fees chargeable under subdivision (f)(12) of this section.

(j) Where the holder of a first mortgage or first deed of trust of record or other purchaser of a unit obtains title to the unit as a result of foreclosure of a first mortgage or first deed of trust, the purchaser and its heirs, successors, and assigns shall not be liable for the assessments against the unit which became due prior to the acquisition of title to the unit by the purchaser. The unpaid assessments shall be deemed to be common expenses collectible from all the unit owners, including the purchaser, its heirs, successors, and assigns. For purposes of this subsection, the term “acquisition of title” means and refers to the recording of a deed conveying title or the time at which the rights of the parties are fixed following the foreclosure of a mortgage or deed of trust, whichever occurs first."

SECTION 2. Article 3 of Chapter 47C of the General Statutes is amended by adding a new section to read as follows:

"§ 47C-3-116.1. Validation of certain nonjudicial foreclosure proceedings and sales. All nonjudicial foreclosure proceedings commenced by an association before October 1, 2013, and all sales and transfers of real property as part of those proceedings pursuant to the provisions of this Chapter, Chapter 47A of the General Statutes, or provisions contained in the declaration of the condominium, are declared to be valid unless an action to set aside the foreclosure is commenced on or before October 1, 2013, or within one year after the date of the sale, whichever occurs last."

SECTION 3. G.S. 47F-3-116 reads as rewritten:

"§ 47F-3-116. Lien for assessments; sums due the association; enforcement. (a) Any assessment levied against a lot remaining unpaid for a period of 30 days or longer shall constitute a lien on that lot when a claim of lien is filed in the office of the clerk of superior court of the county in which the lot is located in the manner provided herein. Once filed, a claim of lien secures all sums due the association through the date filed and any sums due to the association thereafter. Prior to filing a claim of lien, the association must make reasonable and diligent efforts to ensure that its records contain the lot owner's current mailing address. No fewer than 15 days prior to filing the lien, the association shall mail a statement of the assessment amount due by first-class mail to the physical address of the lot and the lot owner's address of record with the association, and, if different, to the address for the lot owner shown on the county tax records and the county real property records for the lot. If the lot owner is a corporation, the statement shall be sent by first-class mail to the mailing address of the registered agent for the corporation. Unless the declaration otherwise provides, any fees, charges, late charges, and other charges imposed pursuant to G.S. 47F-3-102, 47F-3-107, 47F-3-107.1, and 47F-3-115 are enforceable as assessments subject to the claim of lien under this section, as well as any other sums due and payable to the association under the declaration, the provisions of this Chapter, or as the result of an arbitration, mediation, or judicial decision except as provided in
subsections (a1) and (a2) of this section, the association, acting through the executive board, may foreclose the claim of lien in like manner as a mortgage on real estate under power of sale or under Article 2A of Chapter 45 of the General Statutes, if the assessment remains unpaid for 90 days or more. The association shall not foreclose the claim of lien unless the executive board votes to commence the proceeding against the specific lot.

(a1) An association may not foreclose an association assessment lien under Article 2A of Chapter 45 of the General Statutes if the debt securing the lien consists solely of fines imposed by the association, interest on unpaid fines, or attorneys' fees incurred by the association solely associated with fines imposed by the association. The association, however, may enforce the lien by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(a2) An association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any lot owner unless the fee is expressly allowed in the declaration. Any lien securing a debt consisting solely of these fees may only be enforced by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(b) The lien under this section is prior to all liens and encumbrances on a lot except (i) liens and encumbrances (specifically including, but not limited to, a mortgage or deed of trust on the lot) recorded before the docketing of the claim of lien in the office of the clerk of superior court, and (ii) liens for real estate taxes and other governmental assessments and charges against the lot. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing of the claim of lien in the office of the clerk of superior court.

(d) This section does not prohibit other actions to recover the sums for which subsection (a) of this section creates a lien or prohibit an association taking a deed in lieu of foreclosure.

(e) A judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party. If the lot owner does not contest the collection of debt and enforcement of a lien after the expiration of the 15-day period following notice as required in subsection (e1) of this section, then reasonable attorneys' fees shall not exceed one thousand two hundred dollars ($1,200), not including costs or expenses incurred. The collection of debt and enforcement of a lien remain uncontested as long as the lot owner does not dispute, contest, or raise any objection, defense, offset, or counterclaim as to the amount or validity of the debt and lien asserted or the association's right to collect the debt and enforce the lien as provided in this section. The attorneys' fee limitation in this subsection shall not apply to judicial foreclosures or to proceedings authorized under subsection (d) of this section or G.S. 47F-3-120.

(e1) A lot owner may not be required to pay attorneys' fees and court costs until the lot owner is notified in writing of the association's intent to seek payment of attorneys' fees and court costs. The notice must be sent by first class mail to the property address and, if different, to the mailing address for the lot owner in the association's records. The association must make reasonable and diligent efforts to ensure that its records contain the lot owner's current mailing address. The notice shall set out the outstanding balance due as of the date of the notice and state that the lot owner has 15 days from the mailing of the notice by first class mail to pay the outstanding balance without the attorneys' fees and court costs. If the lot owner pays the outstanding balance within this period, then the lot owner shall have no obligation to pay attorneys' fees and court costs. The notice shall also inform the lot owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance as provided in subsection (e2) of this section and shall provide the name and telephone number of the representative.

(e2) The association, acting through its executive board and in the board's sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the lot owner is obligated to offer or accept any proposed installment schedule.
Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorneys’ fees may be added to the outstanding balance and included in an installment schedule only after the lot owner has been given notice as required in subsection (e1) of this section.

(f) Where the holder of a first mortgage or first deed of trust of record, or other purchaser of a lot obtains title to the lot as a result of foreclosure of a first mortgage or first deed of trust, such purchaser and its heirs, successors, and assigns, shall not be liable for the assessments against such lot which became due prior to the acquisition of title to such lot by such purchaser. Such unpaid assessments shall be deemed to be common expenses collectible from all the lot owners including such purchaser, its heirs, successors, and assigns.

(g) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot, and the amount of the lien claimed. The first page of the claim of lien shall contain the following statement in print that is in boldface, capital letters and no smaller than the largest print used elsewhere in the document: "THIS DOCUMENT CONSTITUTES A LIEN AGAINST YOUR PROPERTY AND IF THE LIEN IS NOT PAID, THE HOMEOWNERS ASSOCIATION MAY PROCEED WITH FORECLOSURE AGAINST YOUR PROPERTY IN LIKE MANNER AS A MORTGAGE UNDER NORTH CAROLINA LAW." The person signing the claim of lien on behalf of the association shall attach to and file with the claim of lien a certificate of service attesting to the attempt of service on the record owner, which service shall be attempted in accordance with G.S. 1A-1, Rule 4(j) for service of a copy of a summons and a complaint. If the actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted pursuant to both of the following: (i) G.S. 1A-1, Rule 4(j)(1) c., d., or e.; and (ii) by mailing a copy of the lien by regular, first-class mail, postage prepaid to the physical address of the lot and the lot owner's address of record with the association, and, if different, to the address for the lot owner shown on the county tax records and the county real property records for the lot. In the event that the owner of record is not a natural person, and actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted once pursuant to the applicable provisions of G.S. 1A-1, Rule 4(j)(3) through G.S. 1A-1, Rule 4(j)(9).

(b) The association must make reasonable and diligent efforts to ensure that its records contain the lot owner's current mailing address. No fewer than 15 days prior to filing the lien, the association shall mail a statement of the assessment amount due by first-class mail to the physical address of the lot and the lot owner's address of record with the association and, if different, to the address for the lot owner shown on the county tax records for the lot. If the lot owner is a corporation or limited liability company, the statement shall also be sent by first-class mail to the mailing address of the registered agent for the corporation or limited liability company. Notwithstanding anything to the contrary in this Chapter, the association is not required to mail a statement to an address known to be a vacant lot on which no dwelling has been constructed or to a lot for which there is no United States postal address.

(c) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot, and the amount of the lien claimed. A claim of lien may also appoint a trustee to conduct a foreclosure, as provided in subsection (f) of this section. The first page of the claim of lien shall contain the following statement in print that is in boldface, capital letters, and no smaller than the largest print used elsewhere in the document:

"THIS DOCUMENT CONSTITUTES A LIEN AGAINST YOUR PROPERTY, AND IF THE LIEN IS NOT PAID, THE HOMEOWNERS ASSOCIATION MAY PROCEED WITH FORECLOSURE AGAINST YOUR PROPERTY IN LIKE MANNER AS A MORTGAGE UNDER NORTH CAROLINA LAW."

570
The person signing the claim of lien on behalf of the association shall attach to and file with the claim of lien a certificate of service attesting to the attempt of service on the record owner, which service shall be attempted in accordance with G.S. 1A-1, Rule 4(i), for service of a copy of a summons and a complaint. If the actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted pursuant to both of the following: (i) G.S. 1A-1, Rule 4(i)(1)c, d, or e and (ii) by mailing a copy of the lien by regular, first-class mail, postage prepaid to the physical address of the lot and the lot owner's address of record with the association, and, if different, to the address for the lot owner shown on the county tax records and the county real property records for the lot. In the event that the owner of record is not a natural person, and actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted once pursuant to the applicable provisions of G.S. 1A-1, Rule 4(i)(3) through G.S. 1A-1, Rule 4(i)(9). Notwithstanding anything to the contrary in this Chapter, the association is not required to mail a claim of lien to an address which is known to be a vacant lot on which no dwelling has been constructed or to a lot for which there is no United States postal address. A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the filing of the claim of lien in the office of the clerk of superior court.

(d) A claim of lien filed under this section is prior to all liens and encumbrances on a lot except (i) liens and encumbrances, specifically including, but not limited to, a mortgage or deed of trust on the lot, recorded before the filing of the claim of lien in the office of the clerk of superior court and (ii) liens for real estate taxes and other governmental assessments and charges against the lot. This subsection does not affect the priority of mechanics' or materialmen's liens.

(e) The association shall be entitled to recover the reasonable attorneys' fees and costs it incurs in connection with the collection of any sums due. A lot owner may not be required to pay attorneys' fees and court costs until the lot owner is notified in writing of the association's intent to seek payment of attorneys' fees, costs, and expenses. The notice must be sent by first-class mail to the physical address of the lot and the lot owner's address of record with the association and, if different, to the address for the lot owner shown on the county tax records for the lot. The association must make reasonable and diligent efforts to ensure that its records contain the lot owner's current mailing address. Notwithstanding anything to the contrary in this Chapter, there shall be no requirement that notice under this subsection be mailed to an address which is known to be a vacant lot on which no dwelling has been constructed or a lot for which there is no United States postal address. The notice shall set out the outstanding balance due as of the date of the notice and state that the lot owner has 15 days from the mailing of the notice by first-class mail to pay the outstanding balance without the attorneys' fees and court costs. If the lot owner pays the outstanding balance within this period, then the lot owner shall have no obligation to pay attorneys' fees, costs, or expenses. The notice shall also inform the lot owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance, as provided in subsection (i) of this section, and shall provide the name and telephone number of the representative.

(f) Except as provided in subsection (h) of this section, the association, acting through the executive board, may foreclose a claim of lien in like manner as a mortgage or deed of trust on real estate under power of sale, as provided in Article 2A of Chapter 45 of the General Statutes, if the assessment remains unpaid for 90 days or more. The association shall not foreclose the claim of lien unless the executive board votes to commence the proceeding against the specific lot.

(g) The following provisions and procedures shall be applicable to and complied with in every nonjudicial power of sale foreclosure of a claim of lien, and these provisions and procedures shall control to the extent they are inconsistent or in conflict with the provisions of Article 2A of Chapter 45 of the General Statutes:
The association shall be deemed to have a power of sale for purposes of enforcement of its claim of lien.

The terms "mortgagee" and "holder" as used in Article 2A of Chapter 45 of the General Statutes shall mean the association, except as provided otherwise in this Chapter.

The term "security instrument" as used in Article 2A of Chapter 45 of the General Statutes shall mean the claim of lien.

The term "trustee" as used in Article 2A of Chapter 45 of the General Statutes shall mean the person or entity appointed by the association under subdivision (6) of this subsection.

After the association has filed a claim of lien and prior to the commencement of a nonjudicial foreclosure, the association shall give to the lot owner notice of the association's intention to commence a nonjudicial foreclosure to enforce its claim of lien. The notice shall contain the information required in G.S. 45-21.16(c)(5a).

The association shall appoint a trustee to conduct the nonjudicial foreclosure proceeding and sale. The appointment of the trustee shall be included in the claim of lien or in a separate instrument filed with the clerk of court in the county in which the planned community is located as an exhibit to the notice of hearing. The association, at its option, may from time to time remove a trustee previously appointed and appoint a successor trustee by filing a Substitution of Trustee with the clerk of court in the foreclosure proceeding. Counsel for the association may be appointed by the association to serve as the trustee and may serve in that capacity as long as the lot owner does not contest the obligation to pay or the amount of any sums due the association, or the validity, enforcement, or foreclosure of the claim of lien, as provided in subdivision (12) of this subsection. Any trustee appointed pursuant to this subsection shall have the same fiduciary duties and obligations as a trustee in the foreclosure of a deed of trust.

If a valid debt, default, and notice to those entitled to receive notice under G.S. 45-21.16(b) are found to exist, then the clerk of court shall authorize the sale of the property described in the claim of lien by the trustee.

If, prior to the expiration of the upset bid period provided in G.S. 45-21.27, the lot owner satisfies the debt secured by the claim of lien and pays all expenses and costs incurred in filing and enforcing the association assessment lien, including, but not limited to, advertising costs, attorneys' fees, and the trustee's commission, then the trustee shall dismiss the foreclosure action and the association shall cancel the claim of lien of record in accordance with the provisions of G.S. 45-36.3. The lot owner shall have all rights granted under Article 4 of Chapter 45 of the General Statutes to ensure the association's satisfaction of the claim of lien.

Any person, other than the trustee, may bid at the foreclosure sale. Unless prohibited in the declaration or bylaws, the association may bid on the lot at a foreclosure sale directly or through an agent. If the association or its agent is the high bidder at the sale, the trustee shall allow the association to pay the costs and expenses of the sale and apply a credit against the sums due by the lot owner to the association in lieu of paying the bid price in full.

Upon the expiration of the upset bid period provided in G.S. 45-21.27, the trustee shall have full power and authority to execute a deed for the lot to the high bidder.

The trustee shall be entitled to a commission for services rendered which shall include fees, costs, and expenses reasonably incurred by the trustee in connection with the foreclosure, whether or not a sale is held. Except as
provided in subdivision (12) of this subsection, the trustee's commission shall be paid without regard to any limitations on compensation otherwise provided by law, including, without limitation, the provisions of G.S. 45-21.15.

(12) If the lot owner does not contest the obligation to pay the amount of any sums due the association or the validity, enforcement, or foreclosure of the claim of lien at any time after the expiration of the 15-day period following notice as required in subsection (b) of this section, then attorneys' fees and the trustee's commission collectively charged to the lot owner shall not exceed one thousand two hundred dollars ($1,200), not including costs or expenses incurred. The obligation to pay and the amount of any sums due the association and the validity, enforcement, or foreclosure of the claim of lien remain uncontested as long as the lot owner does not dispute, contest, or raise any objection, defense, offset, or counterclaim as to the amount or validity of any portion of the sums claimed due by the association or the validity, enforcement, or foreclosure of the claim of lien. Any judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party.

(13) Lot owners shall be deemed to have the rights and remedies available to mortgagors under G.S. 45-21.34.

(g) The provisions of subsection (f) of this section do not prohibit or prevent an association from pursuing judicial foreclosure of a claim of lien, from taking other actions to recover the sums due the association, or from accepting a deed in lieu of foreclosure. Any judgment, decree, or order in any judicial foreclosure or civil action relating to the collection of assessments shall include an award of costs and reasonable attorneys' fees for the prevailing party, which shall not be subject to the limitation provided in subdivision (f)(12) of this section.

(h) A claim of lien securing a debt consisting solely of fines imposed by the association, interest on unpaid fines, or attorneys' fees incurred by the association solely associated with fines imposed by the association may only be enforced by judicial foreclosure, as provided in Article 29A of Chapter 1 of the General Statutes. In addition, an association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any lot owner unless the fee is expressly allowed in the declaration, and any claim of lien securing a debt consisting solely of these fees may only be enforced by judicial foreclosure, as provided in Article 29A of Chapter 1 of the General Statutes.

(i) The association, acting through its executive board and in the board's sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the lot owner is obligated to offer or accept any proposed installment schedule. Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorneys' fees may be added to the outstanding balance and included in an installment schedule after the lot owner has been given notice, as required in subsection (e) of this section. Attorneys' fees incurred in connection with any request that the association agrees to accept payment of all or any part of sums due in installments shall not be included or considered in the calculation of fees chargeable under subdivision (f)(12) of this section.

(j) Where the holder of a first mortgage or first deed of trust of record or other purchaser of a lot obtains title to the lot as a result of foreclosure of a first mortgage or first deed of trust, the purchaser and its heirs, successors, and assigns shall not be liable for the assessments against the lot which became due prior to the acquisition of title to the lot by the purchaser. The unpaid assessments shall be deemed to be common expenses collectible from all the lot owners, including the purchaser, its heirs, successors, and assigns. For purposes of this subsection, the term "acquisition of title" means and refers to the recording of a deed conveying title or the time at which the rights of the parties are fixed following the foreclosure of a mortgage or deed of trust, whichever occurs first."

SECTION 4. Article 3 of Chapter 47F of the General Statutes is amended by adding a new section to read as follows:

"§ 47F-3-116.1. Validation of certain nonjudicial foreclosure proceedings and sales.

All nonjudicial foreclosure proceedings commenced by an association before October 1, 2013, and all sales and transfers of real property as part of those proceedings pursuant to the provisions of this Chapter or provisions contained in the declaration of the planned community, are declared to be valid, unless an action to set aside the foreclosure is commenced on or before October 1, 2013, or within one year after the date of the sale, whichever occurs last."

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-112.2 is amended by adding a new subsection to read:

"(f) If a person is charged with a violation of this section that involves funds, assets, or property valued at more than five thousand dollars ($5,000), the district attorney may file a petition in the pending criminal proceeding before the court with jurisdiction over the pending charges to freeze the funds, assets, or property of the defendant in an amount up to one hundred fifty percent (150%) of the alleged value of funds, assets, or property in the defendant's pending criminal proceeding for purposes of restitution to the victim. The standard of proof required to freeze the defendant's funds, assets, or property shall be by clear and convincing evidence. The procedure for petitioning the court under this subsection shall be governed by G.S. 14-112.3."

SECTION 2. Article 19 of Chapter 14 of the General Statutes is amended by adding the following new section to read:

"§ 14-112.3. Asset freeze or seizure; proceeding.

(a) For purposes of this section, the term "assets" includes funds and property as well as other assets that may be involved in a violation of G.S. 14-112.2.

(b) Whenever it appears by clear and convincing evidence that any defendant is about to or intends to divest himself or herself of assets in a manner that would render the defendant insolvent for purposes of restitution, the district attorney may make an application to the court with jurisdiction over the pending charges to freeze or seize the assets of the defendant. If the court finds that the defendant is about to, intends to, or did
divest himself or herself of assets in a manner that would render the defendant insolvent for purposes of restitution, the court shall order the assets frozen or held until further order of the court. The rules of evidence that apply to this proceeding are the rules that would apply in a proceeding pursuant to G.S. 1A-1, Rule 65.

(¢) If the prosecution of the charge under G.S. 14-112.2 is terminated by voluntary dismissal by the State or if a judgment of acquittal is entered, the court shall vacate the order to freeze or seize the assets.

§ 47-2.2. Notary public of sister state; lack of seal or stamp or expiration date of commission.

A register of deeds may not refuse to accept a record for registration because a notarial seal or stamp is omitted from the proof or acknowledgement if the provisions of this subsection have been complied with in the proof or acknowledgement. The acceptance of a record for registration under this subsection shall give rise to a presumption that the seal or stamp was not required to be affixed by the notary. This presumption is rebuttable and shall apply to all instruments whenever recorded. (f) Presumption of Notarial Seal. – The acceptance of a record for registration by the register of deeds shall give rise to a presumption that, at the time the record was presented for registration, a clear and legible image of the notary's official seal was affixed or embossed on the record near the notary's official signature. This presumption applies regardless of whether the image is legible or photographically reproduced in the records maintained by the register of deeds regardless of when the instrument was presented for registration. A register of deeds may not refuse to accept a record for registration because a notarial seal does not satisfy the requirements of G.S. 10B-37. The presumption under this subsection is rebuttable and shall apply to all instruments whenever recorded. However, a court order finding the lack of a valid seal shall not affect the rights of a person who (i) records an interest in the real property described in the instrument before the finding of a lack of a valid seal and (ii) would otherwise have an enforceable interest in the real property."

(3) Any instrument subject to the provisions of G.S. 47-17.2, 47-18, or 47-20 and signed by an attorney-in-fact and recorded in a county other than the county where a power of attorney is recorded in this State shall include the recording information, including book, page, and county for the power of attorney.

(4) The failure to comply with the provisions of this subsection shall not affect the sufficiency, validity, or enforceability of the instrument but shall constitute an infraction.

(a) Notwithstanding G.S. 47-14 and G.S. 47-17, notice of typographical or other minor error in a deed or other instrument recorded with the register of deeds may be given by recording an affidavit. If an affidavit is conspicuously identified as a corrective or scrivener's affidavit in its title, the register of deeds shall index the name of the affiant, the names of the original parties in the instrument, the recording information of the instrument being corrected, and the original parties as they are named in the affidavit. A copy of the previously recorded instrument to which the affidavit applies may be attached to the affidavit and need not be a certified copy. Notice To the extent the correction is inconsistent with the originally recorded instrument, and only to that extent, notice of the corrective information as provided by the affiant in the corrective affidavit is deemed to have been given as of the time the corrective affidavit is registered. Nothing in this section invalidates or otherwise alters the legal effect of

AN ACT TO SUPPORT THE ACTIVITIES OF THE ARMED FORCES AND TO MAINTAIN AND ENHANCE THE MILITARY’S PRESENCE IN NORTH CAROLINA BY REGULATING THE HEIGHT OF BUILDINGS AND STRUCTURES LOCATED IN AREAS THAT SURROUND MILITARY INSTALLATIONS IN THE STATE.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 143 of the General Statutes is amended by adding a new Article to read:

"Article 9G.

§ 143-151.70. Short title.
This Article shall be known as the Military Lands Protection Act of 2013.

§ 143-151.71. Definitions.
Within the meaning of this Article:

(1) "Area surrounding major military installations" is the area that extends five miles beyond the boundary of a major military installation and may include incorporated and unincorporated areas of counties and municipalities.

§ 143-151.72. Legislative findings.

North Carolina has a vested economic interest in preserving, maintaining, and sustaining land uses that are compatible with military activities at major installations. Development located proximate to military installations has been identified as a critical issue impacting the long-term viability of the military in this State. Additional concerns associated with development include loss of access to air space and coastal and marine areas and radio frequency encroachment. The construction of tall buildings or structures in areas surrounding major military installations is of utmost concern to the State as those buildings and structures may interfere with or impede the military's ability to carry out activities that are vital to its function and future presence in North Carolina.

§ 143-151.73. Certain buildings and structures prohibited without endorsement.

(a) No county or city may authorize the construction of and no person may construct a tall building or structure in any area surrounding a major military installation in this State, unless the county or city is in receipt of either a letter of endorsement issued to the person by the Building Code Council pursuant to G.S. 143-151.75 or proof of the Council's failure to act within the time allowed pursuant to G.S. 143-151.75.

(b) No county or city may authorize the provision of the following utility services to any building or structure constructed in violation of subsection (a) of this section: electricity, telephone, gas, water, sewer, or septic system.

§ 143-151.74. Exemptions from applicability.

(a) Wind energy facilities and wind energy facility expansions, as those terms are defined in Chapter 143 of the General Statutes, that are subject to the applicable permit requirements of that Chapter shall be exempt from obtaining the endorsement required by this Article.

(b) Cellular and television towers erected to temporarily replace cellular and television towers that are damaged or destroyed due to a natural disaster shall be exempt from obtaining the endorsement required by this Article provided all of the following conditions are met:

1. The height of the cellular or television tower that is erected to temporarily replace the cellular or television tower that is damaged or destroyed does not exceed the height of the original cellular or television tower.

2. A disaster has been declared pursuant to Chapter 166A of the General Statutes for the area in which the damaged or destroyed cellular or television tower is located.

3. The temporary cellular or television tower shall only remain in place until the expiration of the declared disaster.

(c) The modification, replacement, removal, or addition of antennas on cellular or television towers in an area surrounding a major military installation shall be exempt from obtaining the endorsement required by this Article provided the modification, replacement, removal, or addition does not increase the vertical height of the structure.
§ 143-151.75. Endorsement for proposed tall buildings or structures required.
(a) No person shall undertake construction of a tall building or structure in any area surrounding a major military installation in this State without either first obtaining the endorsement from the Building Code Council or proof of the Council's failure to act within the time allowed.

(b) A person seeking endorsement for a proposed tall building or structure in any area surrounding a major military installation in this State shall provide written notice of the intent to seek endorsement to the base commander of the major military installation that is located within five miles of the proposed tall building or structure and shall provide all of the following to the Building Code Council:

1. Identification of the major military installation and the base commander of the installation that is located within five miles of the proposed tall building or structure.
2. A copy of the written notice sent to the base commander of the installation identified in subdivision (1) of this subsection that is located within five miles of the proposed tall building or structure.
3. A written "Determination of No Hazard to Air Navigation" issued by the Federal Aviation Administration pursuant to Subpart D of Part 77 of Title 14 of the Code of Federal Regulations (January 1, 2012, Edition) for the proposed tall building or structure.

(c) After receipt of the information provided by the applicant pursuant to subsection (b) of this section, the Building Code Council shall, in writing, request a written statement concerning the proposed tall building or structure from the base commander of the major military installation identified in subdivision (1) of subsection (b) of this section. The Building Code Council shall request that the following information be included in the written statement from the base commander:

1. A determination whether the location of the proposed tall building or structure is within a protected area that surrounds the installation.
2. A determination whether any activities of the installation may be adversely affected by the proposed tall building or structure. A detailed description of the potential adverse effects, including frequency disturbances and physical obstructions, shall accompany the determination required by this subdivision.

(d) The Building Code Council shall not endorse a tall building or structure if the Council finds any one or more of the following:

1. The proposed tall building or structure would encroach upon or otherwise interfere with the mission, training, or operations of any major military installation in North Carolina and result in a detriment to continued military presence in the State. In its evaluation, the Building Code Council may consider whether the proposed tall building or structure would cause interference with air navigation routes, air traffic control areas, military training routes, or radar based on the written statement received from a base commander as provided in subsection (c) of this section and written comments received by members of affected communities. Provided, however, if the Building Code Council does not receive a written statement requested pursuant to subsection (c) of this section within 45 days of issuance of the request to the base commander, the Building Code Council shall deem the tall building or structure as endorsed by the base commander.
2. The Council is not in receipt of the written "Determination of No Hazard to Air Navigation" issued to the person by the Federal Aviation Administration required pursuant to subdivision (3) of subsection (b) of this section.
(e) The Building Code Council shall make a final decision on the request for endorsement of a tall building or structure within 90 days from the date on which the Council requested the written statement from the base commander of the major military installation identified in subdivision (1) of subsection (b) of this section. If the Council determines that a request for a tall building or structure fails to meet the requirements for endorsement under this section, the Council shall deny the request. The Council shall notify the person of the denial, and the notice shall include a written statement of the reasons for the denial. If the Council fails to act within any time period set forth in this section, the person may treat the failure to act as a decision to endorse the tall building or structure.

(f) The Building Code Council may meet by telephone, video, or Internet conference, so long as consistent with applicable law regarding public meetings, to make a decision on a request for endorsement for a tall building or structure pursuant to subsection (e) of this section.

§ 143-151.76. Application to existing tall buildings and structures.

G.S. 143-151.73 applies to tall buildings or structures that existed in an area surrounding major military installations upon the effective date of this Article as follows:

(1) No reconstruction, alteration, or expansion may aggravate or intensify a violation by an existing building or structure that did not comply with G.S. 143-151.73 upon its effective date.

(2) No reconstruction, alteration, or expansion may cause or create a violation by an existing building or structure that did comply with G.S. 143-151.73 upon its effective date.

§ 143-151.77. Enforcement and penalties.

In addition to injunctive relief, the Commissioner may assess and collect a civil penalty against any person who violates any of the provisions of this Article or rules adopted pursuant to this Article, as provided in this subsection. The maximum civil penalty for a violation is five thousand dollars ($5,000). A civil penalty may be assessed from the date of the violation. Each day of a continuing violation may constitute a separate violation.

(1) The Commissioner shall determine the amount of the civil penalty and shall notify the person who is assessed the civil penalty of the amount of the penalty and the reason for assessing the penalty. The notice of assessment shall be served by any means authorized under Rule 4 of G.S. 1A-1 and shall direct the violator to either pay the assessment or contest the assessment within 30 calendar days by filing a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. If a violator does not pay a civil penalty assessed by the Commissioner within 30 calendar days after it is due, the Commissioner shall request that the Attorney General institute a civil action to recover the amount of the assessment. (4) The individual is on disciplinary suspension for more than 30 or fewer days based on acts or omissions that constitute fault on the part of the employee and are connected with the work."

SECTION 15. G.S. 96-14.10, as enacted by S.L. 2013-2, reads as rewritten:

§ 96-14.10. Disciplinary suspension.

The disciplinary suspension of an employee for 30 or fewer consecutive calendar days does not constitute good cause for leaving work. An individual who is on suspension is not available for work and is not eligible for benefits for any week during any part of the disciplinary suspension. If the disciplinary suspension exceeds 30 days, the individual is considered to have been discharged from work because of the acts or omissions that caused the suspension and the issue is whether the discharge was for disqualifying reasons. During the period of suspension of up to 30 or fewer days, the individual is considered to be attached to the employer's payroll, and the issue of separation from work is held in abeyance until a claim is filed for a week to which this section does not apply."

SECTION 16. G.S. 96-15(a1), as enacted by S.L. 2013-2, reads as rewritten:

"(a1) Attached Claims. – An employer may file claims for employees through the use of automation in the case of partial unemployment. An employer may file an attached claim for an employee only once during a calendar year, benefit year, and the period of partial unemployment for which the claim is filed may not exceed six weeks. To file an attached claim, an employer must pay the Division an amount equal to the full cost of unemployment benefits payable to the employee under the attached claim at the time the attached claim is filed. The Division must credit the amounts paid to the Unemployment Insurance Fund.

An employer may file an attached claim under this subsection only if the employer has a positive credit balance in its account as determined under Article 2B of this Chapter. If an employer does not have a positive credit balance in its account, the employer must remit to the Division an amount equal to the amount necessary to bring the employer's negative credit balance to at least zero at the time the employer files the attached claim."

SECTION 17. G.S. 96-15(b), as enacted by S.L. 2013-2, reads as rewritten:

"(b) …
(2) Adjudication. – When a protest is made by the claimant to the initial or monetary determination, or a question or issue is raised or presented as to the eligibility of a claimant, or whether any disqualification should be imposed, or benefits denied or adjusted pursuant to G.S. 96-18, the matter shall be referred to an adjudicator. The adjudicator may consider any matter, document or statement deemed to be pertinent to the issues, including telephone conversations, and after such consideration shall render a conclusion as to the claimant's benefit entitlements. The adjudicator shall notify the claimant and all other interested parties of the conclusion reached. The conclusion of the adjudicator shall be deemed the final decision of the Division unless within 30 days after the date of notification or mailing of the conclusion, whichever is earlier, a written appeal is filed pursuant to rules adopted by the Division. The Division shall be deemed an interested party for such purposes and may remove to itself or transfer to an appeals referee the proceedings involving any claim pending before an adjudicator."
Provided, any interested employer shall be allowed 14 days from the mailing or delivery of the notice of the filing of a claim against the employer's account, whichever first occurs, to file with the Division its account in protest of the claim in order to have the claim referred to an adjudicator for a decision on the question or issue raised. Any protest filed must contain a basis for the protest and supporting statement of facts, and the protest may not be amended after the 14-day period from the mailing or delivery of the notice of filing of a claim has expired. A copy of the notice of the filing shall be sent contemporaneously to the employer by telefacsimile transmission if a fax number is on file. No payment of benefits shall be made by the Division to a claimant until one of the following occurs:

a. The employer has filed a timely protest to the claim.

b. The 14-day period for the filing of a protest by the employer has expired.

c. A determination under this subdivision has been made.

Provided further, no question or issue may be raised or presented by the Division as to the eligibility of a claimant, or whether any disqualification should be imposed, after 45 days from the first day of the first week after the question or issue occurs with respect to which week an individual filed a claim for benefits. None of the provisions of this subsection shall have the force and effect nor shall the same be construed or interested as repealing any other provisions of G.S. 96-18.

An employer shall receive written notice of the employer's appeal rights and any forms that are required to allow the employer to protest the claim. The forms shall include a section referencing the appropriate rules pertaining to appeals and the instructions on how to appeal.

SECTION 18. G.S. 96-9.15(d), as enacted by S.L. 2013-2, reads as rewritten:

An employer or an agent of an employer that reports wages for at least 25 employees must file the portion of the "Employer's Quarterly Tax and Wage Report" that contains the name, social security number, and gross wages of each employee in an electronic format prescribed by the Division. For failure of an employer to comply with this subsection, the Division must assess a penalty of twenty-five dollars ($25.00). For failure of an agent of an employer to comply with this subsection, the Division may deny the agent the right to report wages and file reports for that employer for a period of one year following the calendar quarter in which the agent filed the improper report. The Division may reduce or waive a penalty for good cause shown."

Changes made by this act to the determination and application of the contribution rate apply to contributions payable for calendar quarters beginning on or after January 1, 2014."

SECTION 20.(a) G.S. 96-4(x)(6), as enacted by S.L. 2013-2, reads as rewritten:

If the purchaser of a business or a successor of such employer fail to withhold purchase money or any money due to such employer in consideration of a lease or other transfer and the contributions shall be due and unpaid after the next reporting date, as above set forth, such successor shall be personally liable to the extent of the assets of the business so acquired for the payment of the contributions accrued and unpaid on account of the operation of the business by the former owner or employer."

The insurance company paying insurance proceeds to the clerk of court pursuant to this section shall be immune from suit by the motor vehicle owner for any damages alleged to have occurred as a result of the motor vehicle seizure. The proceeds shall be held by the clerk. The clerk shall disburse the insurance proceeds pursuant to further orders of the court.

Forfeiture Hearing. – Unless a motor vehicle that has been seized pursuant to G.S. 20-28.3 has been permanently released to an innocent owner pursuant to G.S. 20-28.3(e1), a defendant owner pursuant to G.S. 20-28.3(e2), or to a lienholder pursuant to G.S. 20-28.3(e3), the court shall conduct a hearing on the forfeiture of the motor vehicle. The hearing may be held at the sentencing hearing on the underlying offense involving impaired driving – offense resulting in seizure, at a separate hearing after conviction of the defendant, or at a separate forfeiture hearing held not less than 60 days after the defendant failed to appear at the scheduled trial for the underlying offense and the defendant's order of arrest for failing to appear has not been set aside. If at the forfeiture hearing, the judge determines that the motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited. If at the sentencing hearing or at a forfeiture hearing, the judge determines that the motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited unless another motor vehicle owner establishes, by the greater weight of the evidence, that such motor vehicle owner is an innocent owner as defined in this section, in which case the trial judge shall order the motor vehicle released to the innocent owner pursuant to the provisions of subsection (e) of this section. In any case where the motor vehicle is ordered forfeited, the judge shall:

(1) a. Authorize the sale of the motor vehicle at public sale or allow the county board of education to retain the motor vehicle for its own use pursuant to G.S. 20-28.5; or

b. Order the motor vehicle released to a lienholder pursuant to the provisions of subsection (f) of this section; and

(2) a. Order any proceeds of sale or insurance proceeds held by the clerk of court to be disbursed to the county board of education; and

b. Order any outstanding insurance claims be assigned to the county board of education in the event the motor vehicle has been damaged in an accident incident to the seizure of the motor vehicle.

If the judge determines that the motor vehicle is subject to forfeiture pursuant to this section, but that notice as required by subsection (c) has not been given, the judge shall continue the forfeiture proceeding until adequate notice has been given. In no circumstance shall the sentencing of the defendant be delayed as a result of the failure of the prosecutor to give adequate notice.

(e) Release of Vehicle to Innocent Motor Vehicle Owner. – At a forfeiture hearing, if a nondefendant motor vehicle owner establishes by the greater weight of the evidence that: (i) the motor vehicle was being driven by a person who was not the only motor vehicle owner or had
no ownership interest in the motor vehicle at the time of the underlying offense and (ii) the petitioner is an "innocent owner", as defined by this section, a judge shall order the motor vehicle released to that owner, conditioned upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle.

Release to an innocent owner shall only be ordered upon satisfactory proof of:
(1) The identity of the person as a motor vehicle owner;
(2) The existence of financial responsibility to the extent required by Article 13 of this Chapter or by the laws of the state in which the vehicle is registered; and
(4) The execution of:
   a. An impaired driving acknowledgment as defined in subdivision (a1)(1) of this section if the seizure was for an offense involving impaired driving; or
   b. A speeding to elude arrest acknowledgment as defined in subdivision (a1)(1a) of this section if the seizure was for violation of G.S. 20-141.5(b) or (b1).

If the nondefendant owner is a lessor, the release shall also be conditioned upon the lessor agreeing not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or any person acting on the defendant's behalf. A lessor who refuses to sell, give, or transfer possession of a seized motor vehicle to the defendant or any person acting on the behalf of the defendant shall not be liable for damages arising out of the refusal.

No motor vehicle subject to forfeiture under this section shall be released to a nondefendant motor vehicle owner if the records of the Division indicate the motor vehicle owner had previously signed an impaired driving acknowledgment or a speeding to elude arrest acknowledgment, as required by this section, and the same person was operating the motor vehicle while that person's license was revoked at the time of the current seizure unless the innocent owner shows by the greater weight of the evidence that the motor vehicle owner has taken all reasonable precautions to prevent the use of the motor vehicle by this particular person and immediately reports, upon discovery, any unauthorized use to the appropriate law enforcement agency. A determination by the court at the forfeiture hearing held pursuant to subsection (d) of this section that the petitioner is not an innocent owner is a final judgment and is immediately appealable to the Court of Appeals.

"SECTION 2. G.S. 20-28.3 reads as rewritten:
"§ 20-28.3. Seizure, impoundment, forfeiture of motor vehicles for offenses involving impaired driving while license revoked or without license and insurance, and for felony speeding to elude arrest.
(a) Motor Vehicles Subject to Seizure for Impaired Driving Offenses. - A motor vehicle that is driven by a person who is charged with an offense involving impaired driving is subject to seizure if:
   (1) At the time of the violation, the drivers license of the person driving the motor vehicle was revoked as a result of a prior impaired driving license revocation as defined in G.S. 20-28.2(a); or
   (2) At the time of the violation:
      a. The person was driving without a valid drivers license, and
      b. The driver was not covered by an automobile liability policy.

For the purposes of this subsection, a person who has a complete defense, pursuant to G.S. 20-35, to a charge of driving without a drivers license, shall be considered to have had a valid drivers license at the time of the violation.
(a1) Motor Vehicles Subject to Seizure for Felony Speeding to Elude Arrest. - A motor vehicle is subject to seizure if it is driven by a person who is charged with the offense of felony speeding to elude arrest pursuant to G.S. 20-141.5(b) or (b1)."
(b) Duty of Officer. – If the charging officer has probable cause to believe that a motor vehicle driven by the defendant may be subject to forfeiture under this section, the officer shall seize the motor vehicle and have it impounded. If the officer determines prior to seizure that the motor vehicle had been reported stolen, the officer shall not seize the motor vehicle pursuant to this section. If the officer determines prior to seizure that the motor vehicle was a rental vehicle driven by a person not listed as an authorized driver on the rental contract, the officer shall not seize the motor vehicle pursuant to this section, but shall make a reasonable effort to notify the owner of the rental vehicle that the vehicle was stopped and that the driver of the vehicle was not listed as an authorized driver on the rental contract. Probable cause may be based on the officer's personal knowledge, reliable information conveyed by another officer, records of the Division, or other reliable sources. The seizing officer shall notify the executive agency designated under subsection (b1) of this section Division as soon as practical but no later than 24 hours after seizure of the motor vehicle of the seizure in accordance with procedures established by the executive agency designated under subsection (b1) of this section Division.

(b1) Written Notification of Impoundment. – Within 48 hours of receipt within regular business hours of the notice of seizure, an executive agency designated by the Governor shall issue written notification of impoundment to the Division. The Division shall issue written notification of impoundment to any lienholder of record and to any motor vehicle owner who was not operating the motor vehicle at the time of the offense. A notice of seizure received outside regular business hours shall be considered to have been received at the start of the next business day. The notification of impoundment shall be sent by first-class mail to the most recent address contained in the Division's records. If the motor vehicle is registered in another state, notice shall be sent to the address shown on the records of the state where the motor vehicle is registered. This written notification shall provide notice that the motor vehicle has been seized, state the reason for the seizure and the procedure for requesting release of the motor vehicle. Additionally, if the motor vehicle was damaged while the defendant operator was committing an offense involving impaired driving while the operator was committing an offense resulting in seizure or incident to the seizure, the agency Division shall issue written notification of the seizure to the owner's insurance company of record and to any other insurance companies that may be insuring other motor vehicles involved in the accident. The Division shall prohibit title to a seized motor vehicle from being transferred by a motor vehicle owner unless authorized by court order.

(b2) Additional Notification to Lienholders. – In addition to providing written notification pursuant to subsection (b1) of this section, within eight hours of receipt within regular business hours of the notice of seizure, the executive agency designated under subsection (b1) of this section Division shall notify by facsimile any lienholder of record that has provided the executive agency Division with a designated facsimile number for notification of impoundment. The facsimile notification of impoundment shall state that the vehicle has been seized, state the reason for the seizure, and notify the lienholder of the additional written notification that will be provided pursuant to subsection (b1) of this section. The executive agency Division shall establish procedures to allow a lienholder to provide one designated facsimile number for notification of impoundment for any vehicle for which the lienholder is a lienholder of record and shall maintain a centralized database of the provided facsimile numbers. The lienholder must provide a facsimile number at which the executive agency Division may give notification of impoundment at anytime.

(e) Release of Motor Vehicle Pending Trial. – A motor vehicle owner, other than the driver at the time of the underlying offense resulting in the seizure, may apply to the clerk of superior court in the county where the charges are pending for pretrial release of the motor vehicle. The clerk shall release the motor vehicle to a nondefendant motor vehicle owner conditioned upon payment of all towing and storage charges incurred as a result of seizure and impoundment of the motor vehicle under the following conditions:
(1) The motor vehicle has been seized for not less than 24 hours;
(2) Repealed by Session Laws 1998-182, s. 3, effective December 1, 1998.
(3) A bond in an amount equal to the fair market value of the motor vehicle as defined by G.S. 20-28.2 has been executed and is secured by a cash deposit in the full amount of the bond, by a recordable deed of trust to real property in the full amount of the bond, by a bail bond under G.S. 58-71-1(2), or by at least one solvent surety, payable to the county school fund and conditioned on return of the motor vehicle, in substantially the same condition as it was at the time of seizure and without any new or additional liens or encumbrances, on the day of any hearing scheduled and noticed by the district attorney under G.S. 20-28.2(c), unless the motor vehicle has been permanently released;
(4) Execution of either:
   a. An impaired driving acknowledgment as described in G.S. 20-28.2(a1) if the seizure was for an offense involving impaired driving;
   b. A speeding to elude arrest acknowledgment as defined in G.S. 20-28.2(a1)(1) if the seizure was for violation of G.S. 20-141.5(b) or (b1).
(5) A check of the records of the Division indicates that the requesting motor vehicle owner has not previously executed an acknowledgment naming the operator of the seized motor vehicle; and
(6) A bond posted to secure the release of this motor vehicle under this subsection has not been previously ordered forfeited under G.S. 20-28.5.

In the event a nondefendant motor vehicle owner who obtains temporary possession of a seized motor vehicle pursuant to this subsection does not return the motor vehicle on the day of the forfeiture hearing as noticed by the district attorney under G.S. 20-28.3(c) or otherwise violates a condition of pretrial release of the seized motor vehicle as set forth in this subsection, the bond posted shall be ordered forfeited and an order of seizure shall be issued by the court. Additionally, a nondefendant motor vehicle owner or lienholder who willfully violates any condition of pretrial release may be held in civil or criminal contempt.

(e1) Pretrial Release of Motor Vehicle to Innocent Owner. – A nondefendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the petitioner is an innocent owner. The clerk shall consider the petition and make a determination as soon as may be feasible. At any proceeding conducted pursuant to this subsection, the clerk is not required to determine the issue of forfeiture, only the issue of whether the petitioner is an innocent owner. If the clerk determines that the petitioner is an innocent owner, the clerk shall release the motor vehicle to the petitioner subject to the same conditions as if the petitioner were an innocent owner under G.S. 20-28.2(e). The clerk shall send a copy of the order authorizing or denying release of the vehicle to the district attorney and the attorney for the county board of education. An order issued under this subsection finding that the petitioner failed to establish that the petitioner is an innocent owner may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(e2) Pretrial Release of Motor Vehicle to Defendant Owner. –
   (1) If the seizure was for an offense involving impaired driving, a defendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a). The clerk shall schedule a hearing before a judge of the division in which the underlying criminal charge is pending for a hearing to be held within 10 business days or as soon thereafter as may be feasible. Notice of the hearing shall be given to the defendant, the district attorney, and the attorney for the
county board of education. The clerk shall forward a copy of the petition to the district attorney for the district attorney's review. If, based on available information, the district attorney determines that the defendant's motor vehicle is not subject to forfeiture, the district attorney may note the State's consent to the release of the motor vehicle on the petition and return the petition to the clerk of court who shall enter an order releasing the motor vehicle to the defendant upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle, subject to the satisfactory proof of the identity of the defendant as a motor vehicle owner and the existence of financial responsibility to the extent required by Article 13 of this Chapter, and no hearing shall be held. The clerk shall send a copy of the order of release to the attorney for the county board of education. At any pretrial hearing conducted pursuant to this subdivision, the court is not required to determine the issue of the underlying offense of impaired driving only the existence of a prior drivers license revocation as an impaired driving license revocation. Accordingly, the State shall not be required to prove the underlying offense of impaired driving. An order issued under this subdivision finding that the defendant failed to establish that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a) may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(2) If the seizure was for a felony speeding to elude arrest offense, a defendant motor vehicle owner may apply to the clerk of superior court in the county where the charges are pending for pretrial release of the motor vehicle. The clerk shall release the motor vehicle to the defendant motor vehicle owner conditioned upon payment of all towing and storage charges incurred as a result of seizure and impoundment of the motor vehicle under the following conditions:

a. The motor vehicle has been seized for not less than 24 hours;
b. A bond in an amount equal to the fair market value of the motor vehicle as defined by G.S. 20-28.2 has been executed and is secured by a cash deposit in the full amount of the bond, by a recordable deed of trust to real property in the full amount of the bond, by a bail bond under G.S. 58-71-1(2), or by at least one solvent surety, payable to the county school fund and conditioned on return of the motor vehicle, in substantially the same condition as it was at the time of seizure and without any new or additional liens or encumbrances, on the day of any hearing scheduled and noticed by the district attorney under G.S. 20-28.2(c), unless the motor vehicle has been permanently released;
c. A bond posted to secure the release of this motor vehicle under this subdivision has not been previously ordered forfeited under G.S. 20-28.5.

In the event a defendant motor vehicle owner who obtains temporary possession of a seized motor vehicle pursuant to this subdivision does not return the motor vehicle on the day of the forfeiture hearing as noticed by the district attorney under G.S. 20-28.2(c) or otherwise violates a condition of pretrial release of the seized motor vehicle as set forth in this subdivision, the bond posted shall be ordered forfeited, and an order of seizure shall be issued by the court. Additionally, a defendant motor vehicle owner who willfully violates any condition of pretrial release may be held in civil or criminal contempt.
(e3) Pretrial Release of Motor Vehicle to Lienholder. –

(1) A lienholder may file a petition with the clerk of court requesting the court to order pretrial release of a seized motor vehicle. The lienholder shall serve a copy of the petition on all interested parties which shall include the registered owner, the titled owner, the district attorney, and the county board of education attorney. Upon 10 days' prior notice of the date, time, and location of the hearing sent by the lienholder to all interested parties, a judge, after a hearing, shall order a seized motor vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

a. Default on the obligation secured by the motor vehicle has occurred;

b. As a consequence of default, the lienholder is entitled to possession of the motor vehicle;

c. The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 6 of Article 9 of Chapter 25 of the General Statutes. Upon sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the driver was charged all proceeds from the sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder;

d. The lienholder agrees not to sell, give, or otherwise transfer possession of the seized motor vehicle while the motor vehicle is subject to forfeiture, or the forfeited motor vehicle after the forfeiture hearing, to the defendant or the motor vehicle owner; and

e. The seized motor vehicle while the motor vehicle is subject to forfeiture, or the forfeited motor vehicle after the forfeiture hearing, had not previously been released to the lienholder as a result of a prior seizure involving the same defendant or motor vehicle owner.

(2) The clerk of superior court may order a seized vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle at any time when all interested parties have, in writing, waived any rights that they may have to notice and a hearing, and the lienholder has agreed to the provision of subdivision (1)(d) above. A lienholder who refuses to sell, give, or transfer possession of a seized motor vehicle while the motor vehicle is subject to forfeiture, or a forfeited motor vehicle after the forfeiture hearing, to:

a. The defendant;

b. The motor vehicle owner who owned the motor vehicle immediately prior to seizure pending the forfeiture hearing, or to forfeiture after the forfeiture hearing; or

c. Any person acting on the behalf of the defendant or the motor vehicle owner,

shall not be liable for damages arising out of such refusal. However, any subsequent violation of the conditions of release by the lienholder shall be punishable by civil or criminal contempt.

(k) County Board of Education Right to Appear and Participate in Proceedings. – The attorney for the county board of education shall be given notice of all proceedings regarding offenses involving impaired driving related to a motor vehicle subject to forfeiture under this section. However, the notice requirement under this subsection does not apply to proceedings conducted under G.S. 20-28.3(e1). The attorney for the county board of education...
shall also have the right to appear and to be heard on all issues relating to the seizure, possession, release, forfeiture, sale, and other matters related to the seized vehicle under this section. With the prior consent of the county board of education, the district attorney may delegate to the attorney for the county board of education any or all of the duties of the district attorney under this section. Clerks of superior court, law enforcement agencies, and all other agencies with information relevant to the seizure, impoundment, release, or forfeiture of motor vehicles are authorized and directed to provide county boards of education with access to that information and to do so by electronic means when existing technology makes this type of transmission possible.

(l) Payment of Fees Upon Conviction. – If the driver of a motor vehicle seized pursuant to this section is convicted of an offense involving impaired driving, of the underlying offense resulting in the seizure of a motor vehicle pursuant to this section, the defendant shall be ordered to pay as restitution to the county board of education, the motor vehicle owner, or the lienholder the cost paid or owing for the towing, storage, and sale of the motor vehicle to the extent the costs were not covered by the proceeds from the forfeiture and sale of the motor vehicle. If the underlying offense resulting in the seizure is felony speeding to elude arrest pursuant to G.S. 20-141.5(b) or (b1) and the defendant's conviction is for misdemeanor speeding to elude arrest pursuant to G.S. 20-141.5(a), whether or not the reduced charge is by plea agreement, the defendant shall be ordered to pay as restitution to the county board of education, the motor vehicle owner, or the lienholder the cost paid or owing for the towing and storage of the motor vehicle. In addition, a civil judgment for the costs under this section in favor of the party to whom the restitution is owed shall be docketed by the clerk of superior court. If the defendant is sentenced to an active term of imprisonment, the civil judgment shall become effective and be docketed when the defendant's conviction becomes final. If the defendant is placed on probation, the civil judgment in the amount found by a judge during the probation revocation or termination hearing to be due shall become effective and be docketed by the clerk when the defendant's probation is revoked or terminated.

(m) Trial Priority. – District court trials of impaired driving offenses involving forfeitures of motor vehicles pursuant to G.S. 20-28.2 shall be scheduled on the arresting officer's next court date or within 30 days of the offense, whichever comes first. Once scheduled, the case shall not be continued unless all of the following conditions are met:

(1) A written motion for continuance is filed with notice given to the opposing party prior to the motion being heard.
(2) The judge makes a finding of a "compelling reason" for the continuance.
(3) The motion and finding are attached to the court case record.

Upon a determination of guilt, the issue of vehicle forfeiture shall be heard by the judge immediately, or as soon thereafter as feasible, and the judge shall issue the appropriate orders pursuant to G.S. 20-28.2(d).

Should a defendant appeal the conviction to superior court, any party who has not previously been heard on a petition for pretrial release under subsection (e1) or (e3) of this section or any party whose motor vehicle has not been the subject of a forfeiture hearing held pursuant to G.S. 20-28.2(d) may be heard on a petition for pretrial release pursuant to subsection (e1) or (e3) of this section. The provisions of subsection (e) of this section shall also apply to seized motor vehicles pending trial in superior court. Where a motor vehicle was released pursuant to subsection (e) of this section pending trial in district court, the release of the motor vehicle continues, and the terms and conditions of the original bond remain the same as those required for the initial release of the motor vehicle under subsection (e) of this section, pending the resolution of the underlying offense involving impaired driving in superior court.

SECTION 3. G.S. 20-28.4(a) reads as rewritten:

"(a) Release Upon Conclusion of Trial. – If the driver of a motor vehicle seized pursuant to G.S. 20-28.3:
(1) Is subsequently not convicted of an offense involving impaired driving the underlying offense resulting in seizure due to dismissal or a finding of not guilty; or

(2) The judge at a forfeiture hearing conducted pursuant to G.S. 20-28.2(d) fails to find that the drivers license was revoked as a result of a prior impaired driving license revocation as defined in G.S. 20-28.2, finds that the criteria for forfeiture have not otherwise been met; and

(3) The vehicle has not previously been released to a lienholder pursuant to G.S. 20-28.3(e3),

the seized motor vehicle or insurance proceeds held by the clerk of court pursuant to G.S. 20-28.2(c1) or G.S. 20-28.3(h) shall be released to the motor vehicle owner conditioned upon payment of towing and storage costs. The court shall not waive the payment of towing and storage costs. The court shall include in its order notice to the owner of the seized motor vehicle still being held, that within 30 days of the date of the court's order, the owner must make payment of the outstanding towing and storage costs for the motor vehicle and retrieve the motor vehicle, or give notice to Division of Motor Vehicles requesting a judicial hearing on the validity of any mechanics' lien on the motor vehicle for towing and storage costs.”

SECTION 4. G.S. 20-28.8 reads as rewritten:

Each report shall include any of the following information that has not previously been reported to the Division in the case: the name, address, and drivers license number of the defendant; the name, address, and drivers license number of the nondefendant motor vehicle owner, if known; and the make, model, year, vehicle identification number, state of registration, and vehicle registration plate number of the seized vehicle, if known.”

SECTION 5. G.S. 20-54.1 reads as rewritten:

Upon receipt of notice of revocation of registration from the Division, the convicted person shall surrender the registration on all motor vehicles registered in the convicted person's name to the Division within 10 days of the date of the notice.

(a1) Upon receipt of notice of conviction of a felony speeding to elude arrest offense under G.S. 20-141.5(b) or (b1), the Division shall revoke the registration of all motor vehicles registered in the convicted person's name and shall not register a motor vehicle in the convicted person's name until the convicted person's license is restored. Upon receipt of notice of revocation of registration from the Division, the convicted person shall surrender the registration on all motor vehicles registered in the convicted person's name to the Division within 10 days of the date of the notice.

(b) Upon receipt of a notice of conviction under subsection (a) or (a1) of this section, the Division shall revoke the registration of the motor vehicle seized, and the owner shall not be allowed to register the motor vehicle seized until the convicted operator's drivers license has been restored. The Division shall not revoke the registration of the owner of the seized motor vehicle if the owner is determined to be an innocent owner. The Division shall revoke the
owner's registration only after the owner is given an opportunity for a hearing to demonstrate that the owner is an innocent owner as defined in G.S. 20-28.2. Upon receipt of notice of revocation of registration from the Division, the owner shall surrender the registration on the motor vehicle seized to the Division within 10 days of the date of the notice."

SECTION 6. G.S. 20-141.5(g) through (j) is repealed.

SECTION 7. G.S. 20-141.5 is amended by adding a new subsection to read:

Session Law 2013-244 H.B. 784

AN ACT TO PROVIDE THAT THE REMEDIES AND PENALTIES FOR WORTHLESS CHECKS ALSO APPLY WHEN A CHECK THAT HAS BEEN PAID IN FULL IS PRESENTED AGAIN FOR PAYMENT AND TO PROVIDE THAT CHECKS REFUSED TO BE HONORED BY A BANK MAY BE SUBMITTED AS EVIDENCE IF THEY ARE STAMPED OR MARKED WITH ONE OF A NUMBER OF DIFFERENT LISTED TERMS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 6-21.3(a) reads as rewritten:
"(a) Notwithstanding any criminal sanctions that may apply, a person, firm, or corporation who knowingly draws, makes, utters, or issues and delivers to another any check or draft drawn on any bank or depository that refuses to honor the same because the maker or drawer does not have sufficient funds on deposit in or credit with the bank or depository with which to pay the check or draft upon presentation or because the check has previously been presented and honored for the payment of money or its equivalent, and who fails to pay the same amount, any service charges imposed on the payee by a bank or depository for processing the dishonored check, and any processing fees imposed by the payee pursuant to G.S. 25-3-506 in cash to the payee within 30 days following written demand therefor, shall be liable to the payee (i) for the amount owing on the check, the service charges, and processing fees and (ii) for additional damages of three times the amount owing on the check, not to exceed five hundred dollars ($500.00) or to be less than one hundred dollars ($100.00). If the amount claimed in the first demand letter is not paid, the claim for the amount of the check, the service charges and processing fees, and the treble damages provided for in this subsection may be made by a subsequent letter of demand prior to filing an action. In an action under this section the court or jury may, however, waive all or part of the additional damages upon a finding that the defendant's failure to satisfy the dishonored check or draft was due to economic hardship.

The initial written demand for the amount of the check, the service charges, and processing fees shall be mailed by certified mail to the defendant at the defendant's last known address and shall be in the form set out in subsection (a1) of this section. The subsequent demand letter demanding the amount of the check, the service charges, the processing fees, and treble damages shall be mailed by certified mail to the defendant at the defendant's last known address and shall be in the form set out in subsection (a2) of this section. If the payee chooses to send the demand letter set out in subsection (a2) of this section, then the payee may not file
an action to collect the amount of the check, the service charges, the processing fees, or treble damages until 30 days following the written demand set out in subsection (a2) of this section."

SECTION 2. G.S. 6-21.3(d) reads as rewritten:

"(d) The remedy provided for herein shall apply only if the check was drawn, made, uttered or issued with knowledge there were insufficient funds in the account, that no credit existed with the bank or depository with which to pay the check or draft upon presentation, or that the check was presented with the knowledge that the check had previously been presented and honored for the payment of money or its equivalent."

SECTION 3. G.S. 6-21.3 is amended by adding a new subsection to read:

"(e) A check or draft refused by a bank or depository, or the image of that check or draft, may be submitted as evidence for the remedy provided by this section if the bank or depository has returned it in the regular course of business stamped, marked, or with an attachment indicating the reason for the dishonor with terms that include, but are not limited to, the following: "insufficient funds," "no account," "account closed," "NSF," "unpaid," "unable to locate," "stale dated," "postdated," "endorsement irregular," "signature irregular," "nonnegotiable," "altered," "unauthorized," "return to maker," "duplicate presentment," "forgery," "noncompliant," or "UCD noncompliant.""

"Sec. 6. All laws and clauses of laws in conflict with this Act are hereby repealed.

The commission shall have power also in passing upon appeals, in any case where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the housing code, to adapt the application of the code to the necessities of the case to the end that the spirit of the code shall be observed, public safety and welfare secured and substantial justice done.

(e) Every decision of the commission shall be subject to review by the Superior Court of Guilford County by proceedings in the nature of certiorari instituted within fifteen days of the decision of the commission, but not otherwise.

In lieu of assessing the total cost of a particular project as herein provided, the governing body may annually, between the first days of January and July of each year, determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The purpose of this Section is to distribute more equitably the cost of the installation of water and sewer lines throughout the Town; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his or her property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights-of-way may also be assessed as a part of the cost of an individual project. The specific types of equine activities, structures, and uses set forth in this subdivision are for illustrative purposes, and should not be construed to limit, in any manner, the types of activities, structures, or uses that may be considered under this subsection as exempted from building rules. A farm building that might otherwise qualify for exemption from building rules shall remain subject only to an annual safety inspection by the applicable city or county building inspection department of any grandstand, bleachers, or other spectator-seating structures in the farm building. An annual safety inspection shall include an evaluation of the overall safety of spectator-seating structures as well as ensuring the spectator-seating structure's compliance with any building codes related to the construction of spectator-seating structures in effect at the time of the construction of the spectator-seating.

2. A "greenhouse" is a structure that has a glass or plastic roof, has one or more glass or plastic walls, has an area over ninety-five percent (95%) of which is used to grow or cultivate plants, is built in accordance with the National Greenhouse Manufacturers Association Structural Design manual, and is not used for retail sales. Additional provisions addressing distinct life safety hazards shall be approved by the local building-rules jurisdiction.

3. A "farm building" shall include any structure used for the display and sale of produce, no more than 1,000 square feet in size, open to the public for no more than 180 days per year, and certified by the Department of Agriculture and Consumer Services as a Certified Roadside Farm Market.

"Structures primarily used or associated with outdoor camping activities" include, but are not limited to, shelters, tree stands, outhouses, sheds, rustic cabins, campfire shelters, picnic shelters, tents, tepees or other indigenous huts, support buildings used only for administrative functions and not for activities involving campers or program participants, and any other structures that are utilized to store any equipment, tools, commodities, or other items that are maintained or used in conjunction with outdoor camping activities such as hiking, fishing, hunting, or nature appreciation, regardless of material used for construction. The specific types of primitive camping activities, structures, and uses set forth in this subdivision are for illustrative purposes and should not be construed to limit, in any manner, the types of activities, structures, or uses that are exempted from building rules.

(5) A "primitive farm building" shall include any structure used for activities, instruction, training, or reenactment of traditional or heritage farming practices. "Primitive farm buildings" include, but are not limited to, sheds, barns, outhouses, doghouses, or other structures that are utilized to store any equipment, tools, commodities, livestock, or other items supporting farm management. These specific types of farming activities, structures, and uses set forth by this subdivision are for illustrative purposes and should not be construed to limit in any manner the types of activities, structures, or uses that are exempted from building rules.

(6) A "farm building" shall not lose its status as a farm building because it is used for public or private events, including, but not limited to, weddings, receptions, meetings, demonstrations of farm activities, meals, and other events that are taking place on the farm because of its farm or rural setting.

(b5) Exclusion for Certain Minor Activities in Residential and Farm Structures. – No building permit shall be required under the Code or any local variance thereof approved under subsection (e) for any construction, installation, repair, replacement, or alteration costing five thousand dollars ($5,000) or less in any single family residence or farm building unless the work involves: the addition, repair, or replacement of load bearing structures; the addition (excluding replacement of same capacity) or change in the design of plumbing; the addition, replacement or change in the design of heating, air conditioning, or electrical wiring, devices, fixtures (excluding repair or replacement of electrical lighting devices and fixtures of the same type), appliances (excluding replacement of water heaters, provided that the energy use rate or thermal input is not greater than that of the water heater which is being replaced, and there is no change in fuel, energy source, location, capacity, or routing or sizing of venting and piping), or equipment, the use of materials not permitted by the North Carolina Uniform Residential Building Code; or the addition (excluding replacement of like grade of fire resistance) of roofing. The exclusions from building permit requirements set forth in this paragraph for electrical lighting devices and fixtures and water heaters shall apply only to work performed on a one- or two-family dwelling. In addition, exclusions for electrical lighting devices and fixtures and electric water heaters shall apply only to work performed by a person licensed under G.S. 87-43 and exclusions for water heaters, generally, to work performed by a person licensed under G.S. 87-21.

(b6) No State Agency Permit. – No building permit shall be required under such Code from any State agency for the construction of any building or structure, the total cost of which is less than twenty thousand dollars ($20,000), except public or institutional buildings.

(b7) Appendices. – For the information of users thereof, the Code shall include as appendices the following:
(1) Any rules governing boilers adopted by the Board of Boiler and Pressure Vessels Rules,

(b7) The Code may include references to such other rules of special types, such as those of the Medical Care Commission and the Department of Public Instruction as may be useful to persons using the Code. No rule issued by any agency other than the Building Code Council shall be construed as a part of the Code, nor supersede that Code, it being intended that they be presented with the Code for information only.

(b8) Exclusion for Certain Utilities. — Nothing in this Article shall extend to or be construed as being applicable to the regulation of the design, construction, location, installation, or operation of (1) equipment for storing, handling, transporting, and utilizing liquefied petroleum gases for fuel purposes or anhydrous ammonia or other liquid fertilizers, except for liquefied petroleum gas from the outlet of the first stage pressure regulator to and including each liquefied petroleum gas utilization device within a building or structure covered by the Code, or (2) equipment or facilities, other than buildings, of a public utility, as defined in G.S. 62-3, or an electric or telephone membership corporation, including without limitation poles, towers, and other structures supporting electric or communication lines.

(b9) Exclusion for Industrial Machinery. — Nothing in this Article shall extend to or be construed as being applicable to the regulation of the design, construction, location, installation, or operation of industrial machinery. However, if during the building code inspection process, an electrical inspector has any concerns about the electrical safety of a piece of industrial machinery, the electrical inspector may refer that concern to the Occupational Safety and Health Division in the North Carolina Department of Labor but shall not withhold the certificate of occupancy nor mandate third-party testing of the industrial machinery based solely on this concern. For the purposes of this paragraph, "industrial machinery" means equipment and machinery used in a system of operations for the explicit purpose of producing a product or acquired by a State-supported center providing testing, research, and development services to manufacturing clients. The term does not include equipment that is permanently attached to or a component part of a building and related to general building services such as ventilation, heating and cooling, plumbing, fire suppression or prevention, and general electrical transmission.

(b10) Replacement Water Heaters. — The Code may contain rules concerning minimum efficiency requirements for replacement water heaters, which shall consider reasonable availability from manufacturers to meet installation space requirements and may contain rules concerning energy efficiency that require all hot water plumbing pipes that are larger than one-fourth of an inch to be insulated.

(b11) School Seclusion Rooms. — No State, county, or local building code or regulation shall prohibit the use of special locking mechanisms for seclusion rooms in the public schools approved under G.S. 115C-391.1(e)(1)e., provided that the special locking mechanism shall be constructed so that it will engage only when a key, knob, handle, button, or other similar device is being held in position by a person, and provided further that, if the mechanism is electrically or electronically controlled, it automatically disengages when the building's fire alarm is activated. Upon release of the locking mechanism by a supervising adult, the door must be able to be opened readily.

(b12) Cisterns. — The Code may include rules pertaining to the construction or renovation of residential or commercial buildings and structures that permit the use of cisterns to provide water for flushing toilets and for outdoor irrigation. No State, county, or local building code or regulation shall prohibit the use of cisterns to provide water for flushing toilets and for outdoor irrigation. As used in this subsection, "cistern" means a storage tank that is watertight; has smooth interior surfaces and enclosed lids; is fabricated from nonreactive materials such as
reinforced concrete, galvanized steel, or plastic; is designed to collect rainfall from a catchment area; may be installed indoors or outdoors; and is located underground, at ground level, or on elevated stands.

(b13) Migrant Housing. – The Council shall provide for an exemption from any requirements in the fire prevention code for installation of an automatic sprinkler system applicable to buildings meeting all of the following:

1. Has one floor.

6. That is less than 25 feet in height or that has an impoundment capacity of less than 50 acre-feet, unless the Department determines that failure of the dam could result in loss of human life or significant damage to property below the dam.

7. Constructed for and maintains the purpose of providing water for agricultural use, when a person who is licensed as a professional engineer or is employed by the Natural Resources Conservation Service, county, or local Soil and Water Conservation District, and has federal engineering job approval authority under Chapter 89C of the General Statutes designed or approved plans for the dam, supervised its construction, and registered the dam with the Division of Energy, Mineral, and Land Resources of the Department prior to construction of the dam. The Governor shall have the authority to declare a water shortage emergency in the area affected by the water shortage emergency, which may include both the water system experiencing a water shortage emergency and the area served by a water system required under subdivision (1) of subsection (b) of this section to provide water in response to the water shortage emergency. No emergency period shall exceed 30 days, but the Governor may declare successive emergencies based upon the written findings of the Secretary.

(f) Nothing in this section shall limit a landowner from withdrawing water for use in agricultural activities, as described in G.S. 106-581.1, when the water is withdrawn from any of the following:

(2) Groundwater sources, including, but not limited to, wells constructed on the landowner's property, springs, and artesian wells. This subsection shall not apply if the Governor determines that withdrawal of water from a groundwater source is causing negative impacts to groundwater sources not located on the landowner's property, including the diminution of water available from neighboring groundwater sources or saltwater intrusion into neighboring groundwater sources."

PART XVII. **SECTION 2.** Article 2 of Chapter 136 of the General Statutes is amended by adding a new section to read:  
"§ 136-27.4. Use of certain right-of-way for sidewalk dining.  
(a) The Department may enter into an agreement with any local government permitting use of the State right-of-way associated with components of the State highway system and located within the zoning jurisdiction of the local government for sidewalk dining activities. For purposes of this section, “sidewalk dining activities” means serving food and beverages from a restaurant abutting State right-of-way to customers seated in the State right-of-way. The agreement between the Department and the local government shall provide that the local government is granted the administrative right to permit sidewalk dining activities that, at a minimum, comply with all of the following requirements and conditions:

1. Tables, chairs, and other furnishings shall be placed a minimum of six feet from any travel lane.

2. Tables, chairs, and other furnishings shall be placed in such a manner that at least five feet of unobstructed paved space of the sidewalk, measured from any permanent or semi-permanent object, remains clear for the passage of pedestrians and provides adequate passing space that complies with the Americans with Disabilities Act.

3. Tables, chairs, and other furnishings shall not obstruct any driveway, alleyway, building entrance or exit, emergency entrance or exit, fire hydrant or standpipe, utility access, ventilations areas, or ramps necessary to meet accessibility requirements under the Americans with Disabilities Act.

4. The maximum posted speed permitted on the roadway adjacent to the right-of-way to be used for sidewalk dining activities shall not be greater than 45 miles per hour.

5. 6. The restaurant operator shall provide an agreement to indemnify and hold harmless the Department or the local government from any claim resulting from the operation of sidewalk dining activities.
The restaurant operator shall provide a copy of all permits and licenses issued by the State, county or city, including health and ABC permits, if any, necessary for the operation of the restaurant or business, or a copy of the application for the permit if no permit has been issued. This requirement includes any permits or certificates issued by the county or city for exterior alterations or improvements to the restaurant.

The restaurant operator shall cease part or all sidewalk dining activities in order to allow construction, maintenance, or repair of any street, sidewalk, utility, or public building, by the Department, the local government, its agents or employees, or by any other governmental entity or public utility.

Any other requirements deemed necessary by the Department, either for a particular local government or a particular component of the State highway system.

A local government given the administrative right to permit sidewalk dining activities under this section may impose additional requirements on a case-by-case basis, and nothing in this section requires the local government to issue or maintain any permit for sidewalk dining activities if, in the opinion of the local government, such activities cannot be conducted in a safe manner. Nothing in this section requires the Department to give a local government the right to establish a permit program for sidewalk dining activities if, in the opinion of the Department, such activities cannot be conducted in a safe manner.

(b) A municipality applying to the Department for administrative rights under this section shall:

(1) Enact an ordinance consistent with, but not necessarily limited to, the requirements of this section.

(2) For applications along a federal-aid route or where the laws of the United States otherwise require, obtain permission from the Federal Highway Administration to permit the right-of-way to be used for the sidewalk dining.

SECTION 1. Article 8 of Chapter 143 of the General Statutes is amended by adding a new section to read as follows:

"§ 143-133.5. Public contracts: labor organizations.

(a) It is the intent of the General Assembly that the provisions of this section will provide for more economical, nondiscriminatory, neutral, and efficient procurement of construction-related services by the State and political subdivisions of the State as market participants. The General Assembly finds that providing for fair and open competition best effectuates this intent.

(b) Every officer, board, department, commission, or commissions charged with the responsibility of preparation of specifications or awarding or entering into contracts for the erection, construction, alteration, or repair of any buildings for the State, or for any county,
municipality, or other public body subject to this Article shall not in any bid specifications, project agreements, or other controlling documents:

1. Require or prohibit a bidder, offeror, contractor, or subcontractor from adhering to an agreement with one or more labor organizations in regard to that project or a related construction project.

2. Otherwise discriminate against a bidder, offeror, contractor, or subcontractor for becoming, remaining, refusing to become or remain a signatory to, or for adhering or refusing to adhere to an agreement with one or more labor organizations in regard to that project or a related construction project.

(c) No officer, board, department, commission, or commissions charged with the responsibility of awarding grants or tax incentives, or any county, municipality, or other public body in the award of grants or tax incentives, may award a grant or tax incentive that is conditioned upon a requirement that the awardee include a term described in subsection (b) of this section in a contract document for any construction, improvement, maintenance, or renovation to real property or fixtures that are the subject of the grant or tax incentive.

(d) This section does not prohibit any officer, board, department, commission, or commissions or any county, municipality, or other public body from awarding a contract, grant, or tax incentive to a private owner, bidder, contractor, or subcontractor who enters into or who is party to an agreement with a labor organization if being or becoming a party or adhering to an agreement with a labor organization is not a condition for award of the contract, grant, or tax incentive, and if the State agent, employee, or board or the political subdivision does not discriminate against a private owner, bidder, contractor, or subcontractor in the awarding of that contract, grant, or tax incentive based upon the person's status as being or becoming, or the willingness or refusal to become, a party to an agreement with a labor organization.

(e) This section does not prohibit a contractor or subcontractor from voluntarily entering into or complying with an agreement entered into with one or more labor organizations in regard to a contract with the State or a political subdivision of the State or funded in whole or in part from a grant or tax incentive from the State or political subdivision.

(f) The State or the governing body of a political subdivision may exempt a particular project, contract, subcontract, grant, or tax incentive from the requirements of any or all of the provisions of subsection (b) or (c) of this section if the State or governing body of the political subdivision finds, after public notice and a hearing, that special circumstances require an exemption to avert a significant, documentable threat to public health or safety. A finding of special circumstances under this section shall not be based on the possibility or presence of a labor dispute concerning the use of contractors or subcontractors who are nonsignatories to, or otherwise do not adhere to, agreements with one or more labor organizations, or concerning employees on the project who are not members of or affiliated with a labor organization.

(g) This section does not do either of the following:

1. Prohibit employers or other parties from entering into agreements or engaging in any other activity protected by the National Labor Relations Act, 29 U.S.C. §§ 151 to 169.

2. Interfere with labor relations of parties that are left unregulated under the National Labor Relations Act, 29 U.S.C. §§ 151 to 169.

SECTION 2. This act becomes effective October 1, 2013, and applies to all contracts awarded on or after that date.

In the General Assembly read three times and ratified this the 9th day of July, 2013. Became law upon approval of the Governor at 4:27 p.m. on the 17th day of July, 2013.

(2) The City shall process the payroll for the Airport Employees during the Employee Transition Period. As consideration for such service and the lease of the Airport Employees, the Authority shall compensate the City by reimbursing the City the cost of all salaries, wages, bonuses, and benefits, including health care and retirement benefits, of the Airport Employees for their time worked during the Employee Transition Period and as required by law, as well as administrative costs incurred in processing such payroll. At the conclusion of the Employee Transition Period, the City shall then refund the Authority any portion of such advance payments not used to process the payroll for the Airport Employees.

(6) On January 1, 2014, or upon the earlier termination of the Employee Transition Period as provided in this subsection, the City shall terminate the employment of all Airport Employees, and the Authority shall be deemed to have hired the Airport Employees as of that date as the initial employees of the Authority. The initial terms of employment, compensation, and benefits of the Airport Employees under their employment with the Authority shall be the same as those provided or made available to them by the City of Charlotte as of December 31, 2013, or as of the earlier termination of the Employee Transition Period if terminated by agreement of the City and the Authority as provided in this subsection.

SECTION 11. The powers of the Authority created by this act shall be construed liberally in favor of the Authority. No listing of powers included in this act is intended to be exclusive or restrictive, and the specific mention of, or failure to mention, particular powers in this act shall not be construed as limiting in any way the general powers of the Authority as stated in Section 6(a) of this act. It is the intent of this act to grant the Authority full power and right to exercise all authority necessary for the effective operation and conduct of the Authority. It is further intended that the Authority should have all implied powers necessary or incidental to carrying out the expressed powers and the expressed purposes for which the Authority is created. The fact that this act specifically states that the Authority possesses a certain power does not mean that the Authority must exercise such power unless this act specifically so requires.

SECTION 12. G.S. 66-58(a) shall not apply to the Authority or a lessee or sublessee of it.

SECTION 13. In its initial decisions, the Authority shall consider the consultant recommendations made to the City of Charlotte in 2013 concerning governance of the Airport.

advisable, and such recommendations shall be eligible for consideration as if it were a committee or commission.

SECTION 15. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

"§ 108A-57. Subrogation rights; withholding of information a misdemeanor.

(a) Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State, or the county providing medical assistance benefits, shall be subrogated to all rights of recovery, contractual or otherwise, of the beneficiary of this assistance, or of the beneficiary's personal representative, heirs, or the administrator or executor of the estate, against any person. The county attorney, or an attorney retained by the county or the State or both, or an attorney retained by the beneficiary of the assistance if this attorney has actual notice of payments made under this Part shall enforce this section.

A personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party shall include a claim for all medical assistance payments for health care items or services furnished to the medical assistance beneficiary as a result of the injury, hereinafter referred to as the "Medicaid claim." Any personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party that does not state the Medicaid claim shall be deemed to include the Medicaid claim.

(a1) If the amount of the Medicaid claim does not exceed one-third of the medical assistance beneficiary's gross recovery, it is presumed that the gross recovery includes compensation for the full amount of the Medicaid claim. If the amount of the Medicaid claim exceeds one-third of the medical assistance beneficiary's gross recovery, it is presumed that one-third of the gross recovery represents compensation for the Medicaid claim.

(a2) A medical assistance beneficiary may dispute the presumptions established in subsection (a1) of this section by applying to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a court of competent jurisdiction, for a determination of the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim. An application under this subsection shall be filed with the court and served on the Department pursuant to the Rules of Civil Procedure no later than 30 days after the date that the settlement agreement is executed by all parties and, if required, approved by the court, or in cases in which judgment has been entered, no later than 30 days after the date of entry of judgment. The court shall hold an evidentiary hearing no sooner than 30 days after the date the action was filed. All of the following shall apply to the court's determination under this subsection:

(1) The medical assistance beneficiary has the burden of proving by clear and convincing evidence that the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim is less than the portion presumed under subsection (a1) of this section.

(2) The presumption arising under subsection (a1) of this section is not rebutted solely by the fact that the medical assistance beneficiary was not able to recover the full amount of all claims.

(3) If the beneficiary meets its burden of rebutting the presumption arising under subsection (a1) of this section, then the court shall determine the portion of the recovery that represents compensation for the Medicaid claim and shall order the beneficiary to pay the amount so determined to the Department in accordance with subsection (a5) of this section. In making this determination, the court may consider any factors that it deems just and reasonable.
(4) If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the court shall order the beneficiary to pay the amount presumed pursuant to subsection (a1) of this section to the Department in accordance with subsection (a5) of this section.

(a3) Notwithstanding the presumption arising pursuant to subsection (a1) of this section, the medical assistance beneficiary and the Department may reach an agreement on the portion of the recovery that represents compensation for the Medicaid claim. If such an agreement is reached after an application has been filed pursuant to subsection (a2) of this section, a stipulation of dismissal of the application signed by both parties shall be filed with the court.

(a4) AnyWithin 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, the medical assistance beneficiary or any attorney retained by the beneficiary shall notify the Department of the receipt of the proceeds.

(a5) The medical assistance beneficiary or any attorney retained by the beneficiary shall, out of the proceeds obtained by or on behalf of the beneficiary by settlement with, judgment against, or otherwise from a third party by reason of injury or death, distribute to the Department the amount of assistance paid by the Department on behalf of or to the beneficiary, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, but the amount paid to the Department shall not exceed one-third of the gross amount obtained or recovered. The amount due pursuant to this section as follows:

(1) If, upon the expiration of the time for filing an application pursuant to subsection (a2) of this section, no application has been filed, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the beneficiary's receipt of the proceeds, in the absence of an agreement pursuant to subsection (a3) of this section.

(2) If an application has been filed pursuant to subsection (a2) of this section and no agreement has been reached pursuant to subsection (a3) of this section, then the Department shall be paid as follows:
   a. If the beneficiary rebuts the presumption arising under subsection (a1) of this section, then the amount determined by the court pursuant to subsection (a2) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.
   b. If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.

(3) If an agreement has been reached pursuant to subsection (a3) of this section, then the agreed amount, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the execution of the agreement by the medical assistance beneficiary and the Department.

(a6) The United States and the State of North Carolina shall be entitled to shares in each net recovery by the Department under this section. Their shares shall be promptly paid under this section and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient.
(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance under this Part for himself or another to willfully fail to disclose to the county department of social services or its attorney and to the Department the identity of any person or organization against whom the recipient of assistance has a right of recovery, contractual or otherwise.

(c) This section applies to the administration of and claims payments made by the Department of Health and Human Services under the NC Health Choice Program established under Part 8 of this Article.

(d) As required to ensure compliance with this section, the Department may apply to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a court of competent jurisdiction for enforcement of this section."

SECTION 2. This act is effective when it becomes law and applies (i) to Medicaid claims that arise on or after that date and (ii) to Medicaid claims arising prior to that date for which the Department has not been paid in full. For Medicaid claims that arose prior to the effective date of this act for which the Department has not been paid in full, the medical assistance beneficiary shall have 90 days from the effective date of this act within which to apply to the court pursuant to G.S. 108A-57(a2).

(1) From or with the use of any vehicle; vessel, other than one manually propelled; airplane; or other conveyance except that the use of vehicles and vessels is authorized:

a. As hunting stands, subject to the following limitations. No wild animal or wild bird may be taken from any vessel under sail, under

Upon finding that the placement of processed food products in areas frequented by black bears is detrimental to the health of individual black bears or is attracting and holding black bears in an area to the extent that the natural pattern of movement and distribution of black bears is disrupted and bears' vulnerability to mortality factors, including hunting, is increased to a level that causes concern for the population, the Wildlife Resources Commission may adopt rules to regulate, restrict, or prohibit the placement of those products and prescribe time limits during which hunting is prohibited in areas where those products have been placed.

Any person who is convicted of unlawfully taking bear with the use or aid of any type of bait as provided by this subsection or by rules adopted pursuant to this subsection is punishable as provided by G.S. 113-294(c1)."

firemen-firefighters meeting the eligibility qualifications of this section Article to its respective governing body, which upon determination of the validity and accuracy of the qualification shall promptly certify the list to the North Carolina State Firemen's Association. The Firemen's Association shall provide a list of those persons meeting the eligibility requirements of this section Article to the State Treasurer by January 31 of each year. For the purposes of the preceding sentence, the governing body of a fire department operated: by a county is the county board of commissioners; by a city is the city council; by a sanitary district is the sanitary district board; by a corporation, whether profit or nonprofit, is the corporation's board of directors; and by any other entity is that group designated by the board. § 58-86-30. "Eligible rescue squad worker" defined; determination and certification of eligibility.

"Eligible rescue squad worker" means a person who is a member of a rescue or emergency medical services squad that is eligible for membership in the North Carolina Association of Rescue and Emergency Medical Services, Inc., and who has attended at least 36 hours of training and meetings in the last sessions in each calendar year. "Eligible rescue squad worker" does not mean "eligible fireman" as defined by G.S. 58-86-25, nor may an "eligible rescue squad worker" also qualify as an "eligible fireman" in order to receive double benefits available under this Article.

Those firemen-firefighters who are eligible pursuant to G.S. 58-86-25 may apply for membership to the board. Each fireman-fighter upon becoming a member of the fund shall pay the director of the fund the sum of ten dollars ($10.00) per month; each payment shall be made no later than 90 days after March 31 subsequent to the end of the calendar year in which the month occurred. The Pension Fund shall not award fully credited service based on payments received later than March 31 subsequent to the end of the calendar year in which the month occurred unless the payment is applied as provided in G.S. 58-86-45(a1). The monthly payments shall be credited to the separate account of the member and shall be kept by the custodian so it is available for payment on withdrawal from membership or retirement.

A member may elect to terminate membership in the fund at any time and request the refund of payments previously made to the fund. However, a member's delinquency in making the monthly payments required by this section does not result in the termination of membership without such an election by the member.

§ 58-86-40. Rescue squad worker's application for membership in funds; monthly payments by members; payments credited to separate accounts of members; termination of membership.

Those rescue squad workers eligible pursuant to G.S. 58-86-30 may apply to the board for membership. Each eligible rescue squad worker upon becoming a member shall pay the director of the fund the sum of ten dollars ($10.00) per month; each payment shall be made no later than 90 days after March 31 subsequent to the end of the calendar year in which the month occurred. The Pension Fund shall not award fully credited service based on payments received later than March 31 subsequent to the end of the calendar year in which the month occurred unless the payment is applied as provided in G.S. 58-86-45(a1). The monthly payments shall be
credited to the separate account of the member and shall be kept by the custodian so it is available for payment on withdrawal from membership or retirement.

A member may elect to terminate membership in the fund at any time and request the refund of payments previously made to the fund. However, a member's delinquency in making the monthly payments required by this section does not result in the termination of membership without such an election by the member.

(a) Any fireman or rescue squad worker who is now eligible and is a member of a fire department or rescue squad chartered by the State of North Carolina and who has not previously elected to become a member may make application through the board of trustees for membership in the fund on or before March 31, 2001. The person shall make a lump-sum payment of ten dollars ($10.00) per month retroactively to the time he first became eligible to become a member, plus interest at an annual rate of eight percent (8%), for each year of his retroactive payments. Upon making the lump-sum payment, the person shall be given credit for all prior service in the same manner as if he had made application for membership at the time he first became eligible. Any member who made application for membership subsequent to the time he was first eligible and did not receive credit for prior service may receive credit for this prior service upon lump-sum payment of ten dollars ($10.00) per month retroactively to the time he first became eligible, plus interest at an annual rate of eight percent (8%), for each year of his retroactive payments. Upon making this lump-sum payment, the date of membership shall be the same as if he had made application for membership at the time he was first eligible. Any fireman or rescue squad worker who has applied for prior service under this subsection shall have until June 30, 2001, to pay for this prior service and, if this payment is not made by June 30, 2001, he shall not receive credit for this service, except as provided in subsection (a1) of this section.

(a1) Effective July 1, 1993, any fireman or firefighter or rescue squad worker who is a current or former member of a fire department or rescue squad chartered by the State of North Carolina may purchase credit for any periods of service to any chartered fire department or rescue squad not otherwise creditable by making a lump-sum payment to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, which payment shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on a retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the board of trustees. This provision for the payment of a lump sum for service "not otherwise creditable" shall apply, inter alia, to all purchases of service credits for months as to which timely payments were not previously made pursuant to G.S. 58-86-35 or G.S. 58-86-40, whichever is applicable.

(b) An eligible fireman or firefighter or rescue squad worker who is not yet 35 years old may apply to the board of trustees for membership in the fund at any time. Upon becoming a member, the worker may make a lump-sum payment of ten dollars ($10.00) per month retroactively to the time the worker first became eligible to become a member, plus interest at an annual rate to be set by the board upon advice from actuary for each year of retroactive payments. Upon making this lump-sum payment, the worker shall be given credit for all prior service in the same manner as if the worker had applied for membership upon first becoming eligible.

A member who is not yet 35 years old may receive credit for the prior service upon making a lump-sum payment of ten dollars ($10.00) for each month since the worker first became eligible, plus interest at an annual rate to be set by the board for each year of retroactive payments. Upon making this lump-sum payment, the date of membership shall be the same as if the worker had applied for membership upon first becoming eligible.

Any member who has served 20 years as an "eligible fireman—firefighter" or "eligible rescue squad worker" in the State of North Carolina, as provided in G.S. 58-86-25 and G.S. 58-86-30, and who has attained the age of 55 years is entitled to be paid a monthly pension from this fund. The monthly pension shall be in the amount of one hundred seventy dollars ($170.00) per month. Any retired fireman—firefighter receiving a pension shall, effective July 1, 2008, receive a pension of one hundred seventy dollars ($170.00) per month.

Members shall pay ten dollars ($10.00) per month as required by G.S. 58-86-35 and G.S. 58-86-40 for a period of no longer than 20 years. No "eligible rescue squad member" shall receive a pension prior to July 1, 1983. No member shall be entitled to a pension hereunder until the member's official duties as a fireman or rescue squad worker for which the member is paid compensation shall have been terminated and the member shall have retired as such according to standards or rules fixed by the board of trustees.

A member who is totally and permanently disabled while in the discharge of the member's official duties as a result of bodily injuries sustained or as a result of extreme exercise or extreme activity experienced in the course and scope of those official duties and who leaves the fire or rescue squad service because of this disability shall be entitled to be paid from the fund a monthly benefit in an amount of one hundred seventy dollars ($170.00) per month beginning the first month after the member's fifty-fifth birthday. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application, and annually thereafter. Any disabled member shall not be required to make the monthly payment of ten dollars ($10.00) as required by G.S. 58-86-35 and G.S. 58-86-40.

A member who is totally and permanently disabled for any cause, other than line of duty, who leaves the fire or rescue squad service because of this disability and who has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member shall upon attaining the age of 55 years be entitled to receive a pension as provided by this section. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application and annually thereafter.

A member who, because his residence is annexed by a city under Part 2 or Part 3 of Article 4A of Chapter 160A of the General Statutes, or whose department is closed because of an annexation by a city under Part 2 or Part 3 of Article 4A of Chapter 160A of the General Statutes, or whose volunteer department is taken over by a city or county, and because of such annexation or takeover is unable to perform as a fireman—firefighter or rescue squad worker of any status, and if the member has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member upon attaining the age of 55 years and completion of such contributions shall be entitled to receive a pension as provided by this section. Any application to make monthly contributions under this section shall be subject to a finding of eligibility by the Board of Trustees upon application of the member.

The pensions provided shall be in addition to all other pensions or benefits under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law.

§ 58-86-60. Payments in lump sums.

The board shall direct payment in lump sums from the fund in the following cases:

This provision shall not be construed to preclude any active fireman—firefighter or rescue squad worker from receiving a pension.
worker from completing the requisite number of years of active service after attaining the age of 55 years necessary to entitle him the firefighter or rescue squad worker to the pension.

In the case of a first felony conviction under this section, the licensee may apply to the sentencing court for a limited driving privilege after a period of six months of revocation, provided the person's driver's license has not also been revoked or suspended under any other provision of law. A limited driving privilege issued under this subsection shall be valid for the period of revocation remaining in the same manner and under the terms and conditions prescribed in G.S. 20-16.1(b). (g2) Pursuant to G.S. 20-54, failure of a person to pay any fine or costs imposed pursuant to this section shall result in the Division withholding the registration renewal of a motor vehicle registered in that person's name. SECTION 3. G.S. 97-18(k) reads as rewritten:

"(k) In addition to any other methods for reinstatement of compensation available under the Act, whenever the employer or insurer has admitted the employee's right to compensation, or liability has been established, the employee may move for reinstatement of compensation on a form prescribed by the Commission. If the employer or insurer contests the employee's request for reinstatement, the matter shall be scheduled on a preemptive basis. The form prescribed by the Commission shall contain the reasons for the proposed reinstatement of compensation, be supported by available documentation, and inform the employer of the employer's right to contest the reinstatement of compensation by filing an objection in writing with the Commission within 14 days of the date the employee's notice is filed with the Commission or within such additional reasonable time as the Commission may allow. If the employer or insurer contests the employee's request for reinstatement, the Commission shall conduct an informal hearing by telephone with the parties or their counsel. If either party objects to conducting the hearing by telephone, the Commission may conduct the hearing in person in Raleigh or at another location selected by the Commission. The parties shall be afforded an opportunity to state their position and to submit documentary evidence at the informal hearing. The employee may waive the right to an informal hearing and proceed to the formal hearing. The Commission's decision in the informal hearing is not binding in the subsequent hearings. If the application for Reinstatement of Payment of Disability Compensation is approved or not contested, then compensation shall be reinstated immediately and continue until further order of the Commission. The employer or employee may request a formal hearing pursuant to G.S. 97-83 on the Commission's decision approving or denying the employee's application for reinstatement. A formal hearing under G.S. 97-83 ordered or requested pursuant to this subsection shall be a hearing de novo on the employee's application for reinstatement of compensation and may be scheduled by the Commission on a preemptive basis. This subsection shall not apply to a request for a review of an award on the grounds of a change in condition pursuant to G.S. 97-47."

SECTION 4. G.S. 97-25 reads as rewritten:

"§ 97-25. Medical treatment and supplies.

(a) Medical compensation shall be provided by the employer.

(b) Upon the written request of the employee to the employer, the employer may agree to authorize and pay for a second opinion examination with a duly qualified physician licensed to practice in North Carolina, or licensed in another state if agreed to by the parties or ordered by the Commission. If, within 14 calendar days of the receipt of the written request, the request is denied or the parties, in good faith, are unable to agree upon a health care provider to perform a second opinion examination, the employee may request that the Industrial Commission order a second opinion examination. The expense thereof shall be borne by the employer upon the same terms and conditions as provided in this section for medical compensation.

(c) Provided, however, if the employee so desires, an injured employee may select a health care provider of the employee's own choosing to attend, prescribe, and assume the care and charge of the employee's case subject to the approval of the Industrial Commission. In addition, in case of a controversy arising between the employer and the employee, the Industrial Commission may order necessary treatment. In order for the Commission to grant an employee's request to change treatment or health care provider, the employee must show by a
preponderance of the evidence that the change is reasonably necessary to effect a cure, provide relief, or lessen the period of disability. When deciding whether to grant an employee's request to change treatment or health care provider, the Commission may disregard or give less weight to the opinion of a health care provider from whom the employee sought evaluation, diagnosis, or treatment before the employee first requested authorization in writing from the employer, insurer, or Commission.

(d) The refusal of the employee to accept any medical compensation when ordered by the Industrial Commission shall bar the employee from further compensation until such refusal ceases, and no compensation shall at any time be paid for the period of suspension unless in the opinion of the Industrial Commission the circumstances justified the refusal. Any order issued by the Commission suspending compensation pursuant to G.S. 97-18.1 shall specify what action the employee should take to end the suspension and reinstate the compensation.

(e) If in an emergency on account of the employer's failure to provide medical compensation, a physician other than provided by the employer is called to treat the injured employee, the reasonable cost of such service shall be paid by the employer if so ordered by the Industrial Commission.

(f) In claims subject to G.S. 97-18(b) and (d), a party may file an expedited, emergency, or other medical motion with the Office of the Chief Deputy Commissioner. The nonmoving party shall have the right to contest the motion. Motions and responses shall be submitted via electronic mail to the Commission, the opposing party and the opposing party's attorney, simultaneously. The Commission shall conduct an informal telephonic pretrial conference to determine if the motion warrants an expedited or emergency hearing. If the Commission determines that the motion does not warrant an expedited or emergency hearing, the motion shall be decided administratively within 60 days of the date the motion was filed pursuant to rules governing motions practices in contested cases. If the Commission determines that any party has acted unreasonably by initiating or objecting to a medical motion, the Commission may assess costs associated with any proceeding, including reasonable attorneys' fees and deposition costs, against the offending party.

(g) If the Commission determines that a medical motion should be expedited, each party shall be afforded an opportunity to state its position and to submit documentary evidence at an informal telephonic hearing. The medical motion shall contain documentation and support of the request, including the most relevant medical records and a representation that informal means of resolving the issue have been attempted in good faith, and the opposing parties' position, if known. The Commission shall determine whether deposition testimony of medical and other experts is necessary and if so shall order that the testimony be taken within 35 days of the date the motion is filed. For good cause shown, the Commission may reduce or enlarge the time to complete depositions of medical and other experts. Transcripts of depositions shall be expedited and paid for by the administrator, carrier, or employer. Transcripts shall be submitted electronically to the Commission within 40 days of the date the motion is filed unless the Commission has reduced or enlarged the time to complete the depositions. The Commission shall render a decision on the motion within five days of the date transcripts are due to the Commission.

(h) If the Commission determines that a medical motion is an emergency, the Commission shall make a determination on the motion within five days of receipt by the Commission of the medical motion. Motions requesting emergency medical relief shall contain the following:

1. An explanation of the medical diagnosis and treatment recommendation of the health care provider that requires emergency attention.
(2) A specific statement detailing the time-sensitive nature of the request to include relevant dates and the potential for adverse consequences to the employee if the recommended treatment is not provided emergently.

(3) An explanation of opinions known and in the possession of the employee of additional medical or other relevant experts, independent medical examiners, and second opinion examiners.

(4) Documentation known and in the possession of the employee in support of the request, including relevant medical records.

(5) A representation that informal means of resolving the issue have been attempted.

SECTION 5. G.S. 97-79 is amended by adding a new subsection to read:

"(g) The Commission shall adopt rules, in accordance with Article 2A of Chapter 150B of the General Statutes, for administrative motions, including practices and procedures for carrying out the provisions of this Article."

SECTION 6. G.S. 97-80 reads as rewritten:

"§ 97-80. Rules and regulations; subpoena of witnesses; examination of books and records; depositions; costs.

(a) The Commission shall adopt rules, in accordance with Article 2A of Chapter 150B of the General Statutes and not inconsistent with this Article, for carrying out the provisions of this Article.

The Commission shall adopt rules establishing processes and procedure to be used under this Article.

Processes, procedure, and discovery under this Article shall be as summary and simple as reasonably may be.

(b) The Commission or any member thereof, or any person deputized by it, shall have the power, for the purpose of this Article, to tax costs against the parties, to administer or cause to have administered oaths, to preserve order at hearings, to compel the attendance and testimony of witnesses, and to compel the production of books, papers, records, and other tangible things.

(c) The Commission may order parties to participate in mediation, under rules substantially similar to those approved by the Supreme Court for use in the Superior Court division, except the Commission shall determine the manner in which payment of the costs of the mediated settlement conference is assessed.

(d) The Commission may order testimony to be taken by deposition and any party to a proceeding under this Article may, upon application to the Commission, which application shall set forth the materiality of the evidence to be given, cause the depositions of witnesses residing within or without the State to be taken, the costs to be taxed as other costs by Commission. Depositions ordered by the Commission upon application of a party shall be taken after giving the notice and in the manner prescribed by law for depositions in action at law, except that they shall be directed to the Commission, the commissioner, or the deputy commissioner before whom the proceedings may be pending.

(e) A subpoena may be issued by the Commission and served in accordance with G.S. 1A-1, Rule 45. A party shall not issue a subpoena duces tecum less than 30 days prior to the hearing date except upon prior approval of the Commission. Upon a motion, the Commission may quash a subpoena if it finds that the evidence the production of which is required does not relate to a matter in issue, the subpoena does not describe with sufficient particularity the evidence the production of which is required, or for any other reason sufficient in law the subpoena may be quashed. Each witness who appears in obedience to such subpoena of the Commission shall receive for attendance the fees and mileage for witnesses in civil cases in courts of the county where the hearing is held.
The Commission may by rule provide for and limit the use of interrogatories and other forms of discovery, including production of books, papers, records, and other tangible things, and it may provide reasonable sanctions for failure to comply with a Commission order compelling discovery.

The Commission or any member or deputy thereof shall have the same power as a judicial officer pursuant to Chapter 5A of the General Statutes to hold a person in civil contempt, as provided hereunder, for failure to comply with an order of the Commission, Commission member, or deputy. A person held in civil contempt may appeal in the manner provided for appeals pursuant to G.S. 97-85 and G.S. 97-86. The provisions of G.S. 5A-24 shall not apply to appeals pursuant to this subsection.

The Commission or any member or deputy thereof shall also have the same power as a judicial officer pursuant to Chapter 5A of the General Statutes to punish for criminal contempt, subject to the limitations hereunder, (i) for willful disobedience of a lawful order of the Commission or a member or deputy thereof; or (ii) for willful refusal to be sworn or affirmed as a witness, or, when so sworn or affirmed, willful refusal to answer any legal and proper question when refusal is not legally justified. The Commission or any member or deputy thereof may issue an order of arrest as provided by G.S. 15A-305 when authorized by G.S. 5A-16 in connection with contempt proceedings. When the commissioner or deputy commissioner chooses not to proceed summarily pursuant to G.S. 5A-14, the proceedings shall be before a district court judge, and venue lies throughout the district where the order was issued directing the person charged to appear. A person found in criminal contempt may appeal in the manner provided for appeals in criminal actions to the superior court of the district in which the order of contempt was issued, and the appeal is by hearing de novo before a superior court judge."

SECTION 7. G.S. 97-81(a) reads as rewritten:

(f) There shall be a rebuttable presumption that no condition of release will reasonably assure the appearance of the person as required and the safety of the community, if a judicial official finds there is reasonable cause to believe that the person committed a felony or Class A1 misdemeanor offense involving the illegal use, possession, or discharge of a firearm; and the judicial official also finds any of the following:

   (1) The offense was committed while the person was on pretrial release for another felony or Class A1 misdemeanor offense involving the illegal use, possession, or discharge of a firearm.
(2) The person has previously been convicted of a felony or Class A1 misdemeanor offense involving the illegal use, possession, or discharge of a firearm and not more than five years have elapsed since the date of conviction or the person's release for the offense, whichever is later.

"§ 15A-534. Procedure for determining conditions of pretrial release.

…

(d1) When conditions of pretrial release are being imposed on a defendant who has failed on one or more prior occasions to appear to answer one or more of the charges to which the conditions apply, the judicial official shall at a minimum impose the conditions of pretrial release that are recommended in any order for the arrest of the defendant that was issued for the defendant's most recent failure to appear. If no conditions are recommended in that order for arrest, the judicial official shall require the execution of a secured appearance bond in an amount at least double the amount of the most recent previous secured or unsecured bond for the charges or, if no bond has yet been required for the charges, in the amount of at least five hundred dollars ($500.00) to one thousand dollars ($1,000). The judicial official shall also impose such restrictions on the travel, associations, conduct, or place of abode of the defendant as will assure that the defendant will not again fail to appear. The judicial official shall indicate on the release order that the defendant was arrested or surrendered after failing to appear as required under a prior release order. If the information available to the judicial official indicates that the defendant has failed on two or more prior occasions to appear to answer the charges, the judicial official shall indicate that fact on the release order.

…

(d3) When conditions of pretrial release are being determined for a defendant who is charged with an offense and the defendant is currently on pretrial release for a prior offense, the judicial official shall require the execution of a secured appearance bond in an amount at least double the amount of the most recent previous secured or unsecured bond for the charges or, if no bond has yet been required for the charges, in the amount of at least one thousand dollars ($1,000).

(b) The Foundation, upon prior consultation with the Association, shall determine:
   (1) The amount of the proposed assessment.
   (2) The time and place of the referendum.
   (3) Procedures for conducting the referendum and counting of votes.
   (4) The proposed effective date for the imposition of the assessment, which shall not be less than 180 days from the date the referendum ballot is required to be returned to the Foundation in order to be considered on the question presented.
(5) Any other matters pertaining to the referendum.

(c) The amount of the proposed assessment shall be stated on the referendum ballot. The amount may not exceed the maximum allowable rate of two-tenths of one cent ($0.002) for each gallon of propane sold in this State by distributors to dealers.

(d) All dealers and distributors may vote in the referendum. Each distributor and each dealer shall have one vote regardless of the number of bulk plants or retail sales outlets owned. Any dispute over eligibility to vote or any other matter relating to the referendum shall be resolved by the Foundation. The Foundation shall make reasonable efforts to provide all dealers and distributors with notice of the referendum and an opportunity to vote.

(e) Prior to conducting any referenda, the Foundation shall request a list of dealers and their addresses from the Department, and the Department shall provide such information to the Foundation. Each dealer must pay the assessment on each gallon of propane purchased from a distributor. The assessment charge shall be identified and listed as a separate line item on each distributor's invoice to a dealer for the sale of odorized propane.

(b) Each distributor shall collect the assessment from the dealer to whom the sale is made. Each distributor shall remit to the Foundation the sum of the amount of the assessment multiplied by the number of gallons of propane sold to any dealer during the preceding quarter not later than the 25th day of the month following the end of the prior quarter. The Foundation shall provide forms to the distributors for reporting the assessment. Each distributor shall file the report not later than the 25th day of the month following the end of the prior quarter regardless of the amount due.

All documents or records regarding purchases and sales that are made or kept as required by this subsection or subsection (d) of this section shall be made available to the Foundation upon its written request from time to time for the purpose of determining the distributor's compliance with the provisions of this Article. The Foundation shall keep the records confidential and shall not disclose the records except to its accountants, attorneys, or financial advisors without a court order directing it to do so.

The refund request shall state specifically the period of time for which a refund is requested, the amount of the refund, the distributors to whom the dealer paid assessments, and the amount of each assessment paid and
shall be accompanied by proof of payment of the assessment satisfactory to the Foundation. The Foundation shall mail a refund to the dealer within 30 days of receipt of a properly documented refund request, provided that the Foundation shall have no obligation to make a refund to a dealer of assessments that are not yet paid to the Foundation by the distributor. Any dealer who requests and is paid a refund in accordance with this subsection shall not be eligible to receive the benefit of any consumer rebate programs for a period of one year following the date of a refund request under this subsection and shall not be entitled to the payment of any interest by the Foundation on the amount refunded.

§ 119-63.6. Use of assessments; reporting.

(a) The Foundation shall use the funds to promote the common good, welfare, and advancement of the propane industry, including, but not limited to, the following activities and programs: education, training, safety compliance, equipment replacement for low-income customers, marketing, advertising, promotion, and customer rebates to encourage energy-efficient appliance and equipment purchases by residential, commercial, or agricultural consumers. Costs of conducting referenda, litigation expenses incurred in connection with actions authorized by G.S. 119-63.5, and the cost of the audit required by subsection (e) of this section are not administrative expenses.

(d) All funds received by the Foundation pursuant to this Article shall be kept in separate accounts from other Foundation funds. The Foundation shall keep minutes, books, and records that clearly reflect all of the acts and transactions of the Foundation with respect to use and expenditure of the funds. (e) The books and records of the Foundation shall be audited by a certified public accountant each fiscal year with respect to the receipt and use of the funds. Copies of such audit shall be provided to the Commissioner, to the Association, and to any other interested party upon written request. The Foundation may pay for the audit from the assessment funds.

§ 119-63.7. Termination of assessment.

(a) Upon the Commissioner's receipt of a petition signed by at least ten percent (10%) of the dealers requesting a referendum pursuant to this section, or a receipt of a petition signed by at least fifty percent (50%) of the distributors requesting a referendum pursuant to this section, the Department shall notify the Foundation, and the Foundation shall, within six months, conduct a referendum upon the question of continuing the assessment. If a majority of the votes eligible to be cast by dealers in the referendum are cast against continuing the assessment then in effect and a majority of the votes eligible to be cast by distributors in the referendum are cast against continuing the assessment then in effect, or if the Foundation fails to conduct a referendum within the six-month period, the assessment expires at the end of the year that follows the year in which the Commissioner received a petition pursuant to this section. If more than two-thirds of the eligible votes cast by dealers and more than two-thirds of the eligible votes cast by distributors in the referendum conducted pursuant to this section are in favor of continuing the assessment, then no subsequent referendum shall be required to be conducted pursuant to this section for a period of at least three years from the date the petition was received by the Commissioner.
(b) The Foundation may, on its own initiative, conduct a referendum at any time upon the question of continuing the assessment. If a majority of the votes eligible to be cast by dealers in the referendum are cast against continuing the assessment and if a majority of the votes eligible to be cast by distributors in the referendum are cast against continuing the assessment, the assessment then in effect expires at the end of the year that follows the year in which the referendum was conducted.

(c) The Foundation shall certify to the Department the election results of any referendum conducted pursuant to this Article and shall provide the Department, upon written request, with any documents, papers, tallies, or other information related to the conduct of any referendum conducted by the Foundation.

(a) No meeting or activity undertaken by the Association or the Foundation in pursuance of the provisions of this Article shall be considered illegal under antitrust law or a restraint of trade.

(b) In all cases, the price of propane shall be determined by market forces. Neither the Foundation nor the Association may take any action nor shall any provision of this Article be interpreted as establishing an agreement to pass along to consumers the cost of any assessment provided for by this Article.

(a) Kinds of Violations. – The civil penalty schedule established in this section applies to safety self-inspectors, safety inspection stations, and safety inspection mechanics. The schedule categorizes safety violations into serious (Type I), minor (Type II), and technical (Type III) violations. A serious violation is a violation of this Part or a rule adopted to implement this Part that directly affects the safety or emissions reduction benefits of the safety inspection program. A minor violation is a violation of this Part or a rule adopted to implement this Part that reflects negligence or carelessness in conducting a safety inspection or complying with the safety inspection requirements but does not directly affect the safety benefits or emission reduction benefits of the safety inspection program. (c) Station or Self-Inspector Responsibility. – It is the responsibility of a safety inspection station and a safety self-inspector to supervise the safety inspection mechanics it employs. A violation by a safety inspection mechanic is considered a violation by the station or self-inspector for whom the mechanic is employed. The Division may stay a term of suspension for a first occurrence of a Type I violation for a station if the station agrees to follow the reasonable terms and conditions of the stay as determined by the Division. In determining whether to suspend a first occurrence violation for a station, the Division may consider the supervision provided by the station over the individual or individuals who committed the violation, action that has been taken to remedy future violations, or prior knowledge of the station as to the acts committed by the individual or individuals who committed the violation, or a combination of these factors. The monetary penalty shall not be stayed or reduced.

(d) Multiple Violations. – If a safety self-inspector, a safety inspection station, or a safety inspection mechanic commits two or more violations in the course of a single safety inspection, the Division shall take only the action specified for the most significant violation.

If the Division does not direct that the suspensions run concurrently, they shall run consecutively. (e) Mechanic Training. – A safety inspection mechanic whose license has been suspended or revoked must retake the course required under G.S. 20-183.4 and successfully complete the course before the mechanic's license can be reinstated. SECTION 4. G.S. 20-183.8B reads as rewritten:

”§ 20-183.8B. Civil penalties against license holders and suspension or revocation of license for emissions violations.

(a) Kinds of Violations. – The civil penalty schedule established in this section applies to emissions self-inspectors, emissions inspection stations, and emissions inspection mechanics. The schedule categorizes emissions violations into serious (Type I), minor (Type II), and technical (Type III) violations.

A serious violation is a violation of this Part or a rule adopted to implement this Part that directly affects the emission reduction benefits of the emissions inspection program. A minor violation is a violation of this Part or a rule adopted to implement this Part that reflects negligence or carelessness in conducting an emissions inspection or complying with the emissions inspection requirements but does not directly affect the emission reduction benefits of the emissions inspection program. A technical violation is a violation that is not a serious violation, a minor violation, or another type of offense under this Part.
(b) Penalty Schedule. – The Division must take the following action for a violation:

(1) Type I. – For a first or second Type I violation by an emissions self-inspector or an emissions inspection station, assess a civil penalty of two hundred fifty dollars ($250.00) and suspend the license of the business for six months. For a third or subsequent Type I violation within three years by an emissions self-inspector or an emissions inspection station, assess a civil penalty of one thousand dollars ($1,000) and revoke the license of the business for two years.

For a first or second Type I violation by an emissions inspection mechanic, assess a civil penalty of one hundred dollars ($100.00) and suspend the mechanic's license for six months. For a third or subsequent Type I violation within seven years by an emissions inspection mechanic, assess a civil penalty of two hundred fifty dollars ($250.00) and revoke the mechanic's license for two years.

For a first or second Type II violation by an emissions inspection mechanic, assess a civil penalty of fifty dollars ($50.00). For a third or subsequent Type II violation within seven years by an emissions inspection mechanic, assess a civil penalty of one hundred dollars ($100.00) and suspend the mechanic's license for 90 days.

(3) Type III. – For a first or second Type III violation by an emissions self-inspector, an emissions inspection station, or an emissions inspection mechanic, send a warning letter. For a third or subsequent Type III violation within three years by the same emissions license holder, assess a civil penalty of twenty-five dollars ($25.00).

(c) Station or Self-Inspector Responsibility. – It is the responsibility of an emissions inspection station and an emissions self-inspector to supervise the emissions mechanics it employs. A violation by an emissions inspector mechanic is considered a violation by the station or self-inspector for whom the mechanic is employed. The Division may stay a term of suspension for a first occurrence of a Type I violation for a station if the station agrees to follow the reasonable terms and conditions of the stay as determined by the Division. In determining whether to suspend a first occurrence violation for a station, the Division may consider the supervision provided by the station over the individual or individuals who committed the violation, action that has been taken to remedy future violations, or prior knowledge of the station as to the acts committed by the individual or individuals who committed the violation, or a combination of these factors. The monetary penalty shall not be stayed or reduced.

(c1) Multiple Violations in a Single Emissions Inspection. – If an emissions self-inspector, an emissions inspection station, or an emissions inspection mechanic commits two or more violations in the course of a single emissions inspection, the Division shall take only the action specified for the most significant violation.

(c2) Multiple Violations in Separate Emissions Inspections. – In the case of two or more violations committed in separate emissions inspections, considered at one time, the Division shall consider each violation as a separate occurrence and shall impose a separate penalty for each violation as a first, second, or third or subsequent violation as found in the applicable penalty schedule. The Division may in its discretion direct that any suspensions for the first, second, or third or subsequent violations run concurrently. If the Division does not direct that the suspensions run concurrently, they shall run consecutively. Nothing in this section shall
prohibit or limit a reviewing court's ability to affirm, reverse, remand, or modify the Division's decisions, whether discretionary or otherwise, pursuant to Article 4 of Chapter 150B of the General Statutes.

(d) Missing Stickers. — The Division must assess a civil penalty against an emissions inspection station, a windshield replacement station, or an emissions self-inspector that cannot account for an emissions inspection sticker issued to it. A station or a self-inspector cannot account for a sticker when the sticker is missing and the station or self-inspector cannot establish reasonable grounds for believing the sticker was stolen or destroyed by fire or another accident.

(d1) Penalty for Missing Stickers. — The amount of the penalty is twenty-five dollars ($25.00) for each missing sticker. If a penalty is imposed under subsection (b) of this section as the result of missing stickers, the monetary penalty that applies is the higher of the penalties required under this subsection and subsection (b); the Division may not assess a monetary penalty as a result of missing stickers under both this subsection and subsection (b) of this section. Imposition of a monetary penalty under this subsection does not affect suspension or revocation of a license required under subsection (b) of this section.

(e) Mechanic Training. — An emissions inspection mechanic whose license has been suspended or revoked must retake the course required under G.S. 20-183.4A and successfully complete the course before the mechanic's license can be reinstated. Failure to successfully complete this course continues the period of suspension or revocation until the course is completed successfully."

For purposes of this subdivision, discrimination includes any of the following:

Except as expressly provided above, nothing contained in this subdivision shall be deemed to prevent or prohibit a manufacturer or distributor from requiring that a dealer employ a reasonable number of trained employees to sell and service the factory's vehicles."

SECTION 8. G.S. 20-305.2 is amended by adding new subsections to read:

"(e) For purposes of this section, an unfair method of competition includes any physical or mechanical warranty repair made or provided directly by a manufacturer or distributor to any motor vehicle located within this State requiring the direct participation of a dealer franchised by the manufacturer or distributor and without such dealer receiving reasonable compensation, equal to an amount no less than the amount provided in G.S. 20-305.1.

(f) No claim or cause of action may be brought against a dealer in this State arising out of any warranty repair, fix, repair, or update that was provided by the manufacturer or distributor without the direct involvement and participation of the dealer. The dealer may instead provide the same dealer, consumer, or customer data or information specified by the requesting party by timely obtaining and pushing or otherwise furnishing the requested data to the requesting party in a widely accepted file format such as comma delimited; provided that, when a dealer would otherwise be required to provide direct access to its computer system under the terms of a consent, authorization, release, novation, franchise, or other contract or agreement, a dealer that elects to provide data or information through other means may be charged a reasonable initial set-up fee and a reasonable processing fee based on the actual incremental costs incurred by the party requesting the data for establishing and implementing the process for the dealer. Any term or provision contained in any consent, authorization, release, novation, franchise, or other contract or agreement which is inconsistent with any term or provision contained in this subsection shall be voidable at the option of the dealer.

(g2) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, every manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor, having electronic access to consumer or customer data or other information in a computer system utilized by a new motor vehicle dealer, or who has otherwise been provided consumer or customer data or information by the dealer, shall fully indemnify and hold harmless any dealer from whom it has acquired such consumer or customer data or other information from all damages, costs, and expenses incurred by such dealer, including, but is not limited to, judgments, settlements, fines, penalties, litigation costs, defense costs, court costs, costs related to the disclosure of security breaches and attorneys' fees arising out of complaints, claims, civil or administrative actions, and, to the fullest extent allowable under the law, governmental investigations and prosecutions to the extent caused by a security breach or the access, storage, maintenance, use, sharing, disclosure, or retention of such dealer's consumer or customer data or other information, or maintenance or services provided to any computer system utilized by a new motor vehicle dealer by the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or third party acting on behalf of or through such manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor.
SECTION 10. G.S. 20-305.1 reads as rewritten:

"§ 20-305.1. Automobile dealer warranty obligations. (a) Each motor vehicle manufacturer, factory branch, distributor or distributor branch, shall specify in writing to each of its motor vehicle dealers licensed in this State the dealer's obligations for preparation, delivery and warranty service on its products, the schedule of compensation to be paid such dealers for parts, work, and service in connection with warranty service, and the time allowances for the performance of such work and service. In no event shall such schedule of compensation fail to include reasonable compensation for diagnostic work and associated administrative requirements as well as repair service and labor. Time allowances for the performance of warranty work and service shall be reasonable and adequate for the work to be performed. The compensation which must be paid under this section must be reasonable, provided, however, that under no circumstances may the reasonable compensation under this section be in an amount less than the dealer's current retail labor rate and the amount charged to retail customers for the manufacturer's or distributor's original parts for nonwarranty work of like kind, provided such amount is competitive with the retail rates charged for parts and labor by other franchised dealers within the dealer's market. (a1) The retail rate customarily charged by the dealer for parts and labor may be established at the election of the dealer by the dealer submitting to the manufacturer or distributor 100 sequential nonwarranty customer-paid service repair orders which contain warranty-like parts, or 60 consecutive days of nonwarranty customer-paid service repair orders which contain warranty-like parts, whichever is less, covering repairs made no more than 180 days before the submission and declaring the average percentage markup. The average of the parts markup rate and the average labor rate shall both be presumed to be fair and reasonable, however, a manufacturer or distributor may, not later than 30 days after submission, rebut that presumption by reasonably substantiating that the rate is unfair and unreasonable in light of the practices of retail rates charged for parts and labor by all other franchised motor vehicle dealers in the dealer's market offering the same line-make vehicles. In the event there are no other franchised dealers offering the same line-make of vehicle in the dealer's market, the manufacturer or distributor may compare the dealer's retail rate for parts and labor with the practices of retail rates charged for parts and labor by other franchised dealers who are selling competing line-makes of vehicles within the dealer's market. The retail rate and the average labor rate shall go into effect 30 days following the manufacturer's approval, but in no event later than 60 days following the declaration, subject to audit of the submitted repair orders by the manufacturer or distributor and a rebuttal of the declared rate as described above. If the declared rate is rebutted, the manufacturer or distributor shall propose an adjustment of the average percentage markup based on that rebuttal not later than 30 days after such audit, but in no event later than 60 days after submission. If the dealer does not agree with the proposed average percentage markup, the dealer may file a protest with the Commissioner not later than 30 days after receipt of that proposal by the manufacturer or distributor. If such a protest is filed, the Commissioner shall inform the manufacturer or distributor that a timely protest has been filed and that a hearing will be held on such protest. A refund request shall be accompanied by proof of payment of the assessment satisfactory to the Association. The Association shall mail a refund to the grower within 30 days of receipt of a properly documented refund request.

(c) The Association shall designate a third party to conduct an annual audit of the implementation of this Article. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-270.25 reads as rewritten:

"§ 90-270.25. Board of Examiners.

The North Carolina Board of Physical Therapy Examiners is hereby created. The Board shall consist of eight members, including one medical doctor licensed and residing in North Carolina, four physical therapists, two physical therapist assistants, and one public member. The public member shall be appointed by the Governor and shall be a person who is not licensed under Chapter 90 who shall represent the interest of the public at large. The medical doctor, physical therapists, and physical therapist assistants shall be appointed by the Governor from a list compiled by the North Carolina Physical Therapy Association, Inc., following the use of a nomination procedure made available to all physical therapists and physical therapist assistants licensed and residing in North Carolina. In soliciting nominations and compiling its list, the Association will give consideration to geographic distribution, practice setting (institution, independent, academic, etc.), and other factors that will promote
representation of all aspects of physical therapy practice on the Board. The records of the operation of the nomination procedure shall be filed with the Board, to be available for a period of six months following nomination, for reasonable inspection by any licensed practitioner. Each physical therapist member of the Board shall be licensed and reside in this State; provided that the physical therapist shall have not less than three years' experience as a physical therapist immediately preceding appointment and shall be actively engaged in the practice of physical therapy in North Carolina during incumbency. Each physical therapist assistant member shall be licensed and reside in this State; provided that the physical therapist assistant shall have not less than three years' experience as a physical therapist assistant immediately preceding appointment and shall be actively engaged in practice as a physical therapist assistant in North Carolina during incumbency.

Members shall be appointed to serve three-year terms, or until their successors are appointed, to commence on January 1 in respective years. In the event that a member of the Board for any reason shall become ineligible to or cannot complete a term of office, another appointment shall be made by the Governor, in accordance with the procedure stated above, to fill the remainder of the term. No member may serve for more than two successive three-year terms.

The Board may immediately remove a member from the Board if the member is found by the remainder of the Board to have (i) ceased to meet the qualifications specified in this section, (ii) failed to attend three successive Board meetings without just cause, (iii) violated any of the provisions of this Article or rules adopted by the Board, or (iv) otherwise engaged in immoral, dishonorable, unprofessional, or unethical conduct. Before removing a Board member for immoral, dishonorable, unprofessional, or unethical conduct, the Board shall further find that the relevant conduct has compromised the integrity of the Board.

The Board each year shall designate one of its physical therapist members as chairman and one member as secretary-treasurer. Each member of the Board shall receive such per diem compensation and reimbursement for travel and subsistence as shall be set for licensing boards generally.

SECTION 2. G.S. 90-270.26 reads as rewritten:

The Board shall have the following general powers and duties:

(1) Examine and determine the qualifications and fitness of applicants for a license to practice physical therapy in this State.

(2) Issue, renew, deny, suspend, or revoke licenses to practice physical therapy in this State, or reprimand or otherwise discipline licensed physical therapists and physical therapist assistants.

(3) Conduct confidential investigations for the purpose of determining whether violations of this Article or grounds for disciplining licensed physical therapists or physical therapist assistants exist. Investigation records shall not be considered public records under Chapter 132 of the General Statutes. These records are privileged and are not subject to discovery, subpoena, or other means of legal compulsion for release to any person other than the Board or its employees or consultants, except as provided in this section. However, any Board decisions rendered, hearing notices and statements of charges, and any material received and admitted into evidence at Board hearings shall be public records, regardless of whether the notices, statements, or materials are developed or compiled as a result of an investigation; provided that identifying information concerning the treatment or delivery of professional services to a patient who has not consented to its public disclosure may be deleted or redacted.

(3a) Establish mechanisms for assessing the continuing competence of licensed physical therapists or physical therapist assistants to engage in the practice of physical therapy, including approving rules requiring licensees to
periodically, or in response to complaints or incident reports, submit to the Board: (i) evidence of continuing education experiences; (ii) evidence of minimum standard accomplishments; or (iii) evidence of compliance with other Board-approved measures, audits, or evaluations; and specify remedial actions if necessary or desirable to obtain license renewal or reinstatement.

(4) Employ such professional, clerical or special personnel necessary to carry out the provisions of this Article, and may purchase or rent necessary office space, equipment and supplies.

(5) Conduct administrative hearings in accordance with Chapter 150B of the General Statutes when a "contested case" as defined in G.S. 150B-2(2) arises under this Article.

(6) Appoint from its own membership one or more members to act as representatives of the Board at any meeting where such representation is deemed desirable.

(7) Establish reasonable fees for applications for examination, certificates of licensure and renewal, and other services provided by the Board.

(8) Adopt, amend, or repeal any rules or regulations necessary to carry out the purposes of this Article and the duties and responsibilities of the Board.

(9) Request the Department of Justice to provide criminal history record checks pursuant to G.S. 90-270.29A in connection with licensure.

(10) Issue subpoenas, on signature of the Board Chair or Executive Director, to compel the attendance of any witness or the production of any documents relative to investigations or Board proceedings. Upon written request, the Board shall revoke a subpoena if, upon a hearing, it finds that the evidence sought does not relate to a matter in issue, the subpoena does not describe with sufficient particularity the evidence sought, or for any other reason in law the subpoena is invalid.

(11) Establish or participate in programs for aiding in the recovery and rehabilitation of physical therapists and physical therapist assistants who experience chemical or alcohol addiction or abuse or mental health problems.

(12) Acquire, hold, rent, encumber, alienate, and otherwise deal with real property in the same manner as a private person or corporation, subject only to approval of the Governor and the Council of State. Collateral pledged by the Board for an encumbrance is limited to the assets, income, and revenues of the Board.

The powers and duties enumerated above are granted for the purpose of enabling the Board to safeguard the public health, safety and welfare against unqualified or incompetent practitioners of physical therapy, and are to be liberally construed to accomplish this objective. In instances where the Board makes a decision to discipline physical therapists or physical therapist assistants under powers set out by any of subsections (2) through (5) of this section, it may as part of its decision charge the reasonable costs of investigation and hearing to the person disciplined.

SECTION 3. Article 18B of Chapter 90 of the General Statutes is amended by adding the following new section to read:

"§ 90-270.29A. Criminal history record checks of applicants for licensure."

(a) All applicants for licensure shall consent to a criminal history record check. Refusal to consent to a criminal history record check may constitute grounds for the Board to deny licensure to an applicant. The Board shall be responsible for providing to the North Carolina Department of Justice the fingerprints of the applicant to be checked, a form signed by the applicant consenting to the criminal history record check and the use of fingerprints and other
identifying information required by the State or National Repositories, and any additional information required by the Department of Justice. The Board shall keep all information obtained pursuant to this section confidential.

(b) The cost of the criminal history record check and the fingerprinting shall be borne by the applicant. The Board shall collect any fees required by the Department of Justice and shall remit the fees to the Department of Justice for expenses associated with conducting the criminal history record check.

(c) If an applicant's criminal history record reveals one or more criminal convictions, the conviction shall not automatically bar licensure. The Board shall consider all of the following factors regarding the conviction:

1. The level of seriousness of the crime.
2. The date of the crime.
3. The age of the person at the time of the conviction.
4. The circumstances surrounding the commission of the crime, if known.
5. The nexus between the criminal conduct of the person and the job duties of the position to be filled.
6. The person's prison, jail, probation, parole, rehabilitation, and employment records since the date the crime was committed.

If, after reviewing the factors, the Board determines that any of the grounds set forth in the subdivisions of G.S. 90-270.36 exist, the Board may deny licensure of the applicant. The Board may disclose to the applicant information contained in the criminal history record that is relevant to the denial if disclosure of the information is permitted by applicable State and federal law. The Board shall not provide a copy of the criminal history record to the applicant. The applicant shall have the right to appear before the Board to appeal the Board's decision. However, an appearance before the full Board shall constitute an exhaustion of administrative remedies in accordance with Chapter 150B of the General Statutes.

(d) The Board, its officers, and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure to an applicant based on information provided in the applicant's criminal history record.

SECTION 4. G.S. 90-270.30 reads as rewritten:

To be eligible for the exemption, the licensee shall notify the Board of the licensee's intent to practice physical therapy pursuant to this subdivision.”

SECTION 6. Article 4 of Chapter 114 of the General Statutes is amended by adding the following new section to read:

Along with a request for criminal history records, the Board shall provide to the Department of Justice the fingerprints of the applicant or subject, a form signed by the applicant consenting to the criminal history record check and use of the fingerprints and other identifying information required by the Repositories, and any additional information required by the Department. The fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Board shall keep all information obtained pursuant to this section confidential. The Department of Justice may charge a fee to offset the cost incurred by the Department of Justice to conduct a criminal history record check under this section, but the fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information.”

d) Any and all ordinances of any unit of local government now in effect or hereafter adopted that would make the operation of any such agricultural or forestry operation or its appurtenances a nuisance or providing for abatement thereof as a nuisance in the circumstance set forth in this section are and shall be null and void; provided, however, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural or forestry operation or any of its appurtenances. Provided further, that the provisions shall not apply whenever a nuisance results from an agricultural or forestry operation located within the corporate limits of any city at the time of enactment hereof.

e) This section shall not be construed to invalidate any contracts heretofore made but insofar as contracts are concerned, it is only applicable to contracts and agreements to be made in the future.

(f) In a nuisance action against an agricultural or forestry operation, the court shall award costs and expenses, including reasonable attorneys' fees, to:

SECTION 1.3.(c) G.S. 105-134.5, recodified by this Part as G.S. 105-153.4, reads as rewritten:

"§ 105-153.4. North Carolina taxable income defined.
(a) Residents. – For an individual who is a resident of this State, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-134.6, G.S. 105-153.5 and G.S. 105-153.6.
(b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-134.6, G.S. 105-153.5 and G.S. 105-153.6, multiplied by a fraction the denominator of which is the taxpayer's gross income as modified in G.S. 105-134.6, G.S. 105-153.5 and G.S. 105-153.6, and the numerator of which is the amount of that gross income, as modified, that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.
Part-year Residents. – If an individual was a resident of this State for only part of the taxable year, having moved into or removed from the State during the year, the term "North Carolina taxable income" has the same meaning as in subsection (b) of this section except that the numerator includes gross income, as modified under G.S. 105-134.6, G.S. 105-153.5 and G.S. 105-153.6, derived from all sources during the period the individual was a resident.

SECTION 1.3.(d) G.S. 105-152 and G.S. 105-151, recodified by this Part as G.S. 105-153.8 and G.S. 105-153.9, read as rewritten:

§ 105-153.8. Income tax returns.

(a) Who Must File. – The following individuals shall file with the Secretary an income tax return under affirmation:

(1) Every resident required to file an income tax return for the taxable year under the Code.

(2) Every nonresident individual who:

(a) Receives during the taxable year gross income that is derived from North Carolina sources during the taxable year and is attributable to the ownership of any interest in real or tangible personal property in this State or is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State,

(b) Is required to file an income tax return for the taxable year under the Code.

(b) Taxpayer Deceased or Unable to Make Return. – If a taxpayer is unable to file the income tax return, the return shall be filed by a duly authorized agent of the taxpayer or by a guardian or other person charged with the care of the person or property of the taxpayer. If an individual who was required to file an income tax return for the taxable year while living has died before making the return, the administrator or executor of the estate shall file the return in the decedent's name and behalf, and the tax shall be levied upon and collected from the estate.

(c) Information Required With Return. – The income tax return shall show the taxable income and adjustments required by this Part, and any other information the Secretary requires. The Secretary may require some or all individuals required to file an income tax return to attach to the return a copy of their federal income tax return for the taxable year. The Secretary may require a taxpayer to provide the Department with copies of any other return the taxpayer has filed with the Internal Revenue Service and to verify any information in the return.

(d) Secretary May Require Additional Information. – When the Secretary has reason to believe that any taxpayer conducts a trade or business in a way that directly or indirectly distorts the taxpayer's taxable income adjusted gross income or North Carolina taxable income, the Secretary may require any additional information for the proper computation of the taxpayer's taxable income adjusted gross income and North Carolina taxable income. In computing the taxpayer's taxable income adjusted gross income and North Carolina taxable income, the Secretary shall consider the fair profit that would normally arise from the conduct of the trade or business.

However, if a spouse qualifies for relief of liability for federal tax attributable to a substantial understatement by the other spouse pursuant to section 6015 of the Code, that spouse is not liable for the corresponding tax imposed by this Part attributable to the same substantial understatement by the other spouse. A wife and husband filing jointly have expressly agreed that if the amount of the payments made by them with respect to the taxes for which they are liable, including withheld and estimated taxes, exceeds the total of the taxes due, refund of the excess may be made payable to both spouses jointly or, if either is deceased, to the survivor alone.

"§ 105-153.9. Tax credits for income taxes paid to other states by individuals.

SECTION 4.2.(b) This section is effective when it becomes law.

SECTION 4.3.(a) Part 8 of Article 5 of Chapter 105 of the General Statutes is amended by adding two new sections to read:

"§ 105-164.44K. Distribution of part of tax on electricity to cities.

(a) Distribution. – The Secretary must distribute to cities forty-four percent (44%) of the net proceeds of the tax collected under G.S. 105-164.4 on electricity, less the cost to the Department of administering the distribution. Each city's share of the amount to be distributed is its franchise tax share calculated under subsection (b) of this section plus its ad valorem share calculated under subsection (c) of this section. If the net proceeds of the tax allocated under this section are not sufficient to distribute the franchise tax share of each city under subsection (b)
of this section, the proceeds shall be distributed to each city on a pro rata basis. The Secretary
must make the distribution within 75 days after the end of each quarter.

(b) Franchise Tax Share. – The quarterly franchise tax share of a city is the total amount
of electricity gross receipts franchise tax distributed to the city under repealed G.S. 105-116.1
for the same related quarter that was the last quarter in which taxes were imposed on electric
power companies under repealed G.S. 105-116. The quarterly franchise tax share of a city
includes adjustments made for the hold-harmless amounts under repealed G.S. 105-116. If the
franchise tax share of a city, including the hold-harmless adjustments, is less than zero, then
the amount is zero. The determination made by the Department with respect to a city’s franchise tax
share is final and is not subject to administrative or judicial review.

The franchise tax share of a city that has dissolved, merged with another city, or divided
into two or more cities since it received a distribution under repealed G.S. 105-116.1 is adjusted
as follows:

1. If a city dissolves and is no longer incorporated, the franchise tax share of
   the city is added to the amount distributed under subsection (c) of this
   section.

2. If two or more cities merge or otherwise consolidate, their franchise tax
   shares are combined.

3. If a city divides into two or more cities, the franchise tax share of the city
   that divides is allocated among the new cities in proportion to the total
   amount of ad valorem taxes levied by each on property having a tax situs in
   the city.

(c) Ad Valorem Share. – The ad valorem share of a city is its proportionate share of the
amount that remains for distribution after determining each city’s franchise tax share under
subsection (b) of this section. The prohibitions in G.S. 105-472(d) on the receipt of funds by a
city apply to the distribution under this subsection.

A city's proportionate share is the amount of ad valorem taxes it levies on property having a
tax situs in the city compared to the ad valorem taxes levied by all cities on property having a
tax situs in the cities. The ad valorem method set out in G.S. 105-472(b)(2) applies in
determining the share of a city under this subsection based on ad valorem taxes, except that the
amount of ad valorem taxes levied by a city does not include ad valorem taxes levied on behalf
of a taxing district and collected by the city.

(d) Nature. – The General Assembly finds that the revenue distributed under this
section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of
the North Carolina Constitution. The Governor may not reduce or withhold the distribution.

§ 105-164.44L Distribution of part of tax on piped natural gas to cities.

(a) Distribution. – The Secretary must distribute to cities twenty percent (20%) of the
net proceeds of the tax collected under G.S. 105-164.4 on piped natural gas, less the cost to the
Department of administering the distribution. Each city's share of the amount to be distributed
is its excise tax share calculated under subsection (b) of this section plus its ad valorem share
calculated under subsection (c) of this section. If the net proceeds of the tax allocated under this
section are not sufficient to distribute the excise tax share of each city under subsection (b) of
this section, the proceeds shall be distributed to each city on a pro rata basis. The Secretary
must make the distribution within 75 days after the end of each quarter.

(b) Excise Tax Share. – The quarterly excise tax share of a city that is not a gas city is
the amount of piped natural gas excise tax distributed to the city under repealed
G.S. 105-187.44 for the same related quarter that was the last quarter in which taxes were
imposed on piped natural gas under repealed Article 5E of this Chapter. The Secretary must
determine the excise tax share of a gas city and divide that amount by four to calculate the
quarterly distribution amount for a gas city. The excise tax share of a gas city is the amount the
gas city would have received under repealed G.S. 105-187.44 for the last year in which taxes
were imposed under repealed Article 5E of this Chapter if piped natural gas consumed by the
city or delivered by the city to a customer had not been exempt from tax under repealed

876
G.S. 105-187.41(c)(1) and (c)(2). A gas city must report the information required by the Secretary to make the distribution under this section in the form, manner, and time required by the Secretary. For purposes of this subsection, the term "gas city" has the same meaning as defined in repealed G.S. 105-187.40. The determination made by the Department with respect to a city's excise tax share is final and is not subject to administrative or judicial review.

The excise tax share of a city that has dissolved, merged with another city, or divided into two or more cities since it received a distribution under repealed G.S. 105-187.44 is adjusted as follows:

(1) If a city dissolves and is no longer incorporated, the excise tax share of the city is added to the amount distributed under subsection (c) of this section.
(2) If two or more cities merge or otherwise consolidate, their excise tax shares are combined.
(3) If a city divides into two or more cities, the excise tax share of the city that divides is allocated among the new cities in proportion to the total amount of ad valorem taxes levied by each on property having a tax situs in the city.

(c) Ad Valorem Share. – The ad valorem share of a city is its proportionate share of the amount that remains for distribution after determining each city's excise tax share under subsection (b) of this section. The prohibitions in G.S. 105-472(d) on the receipt of funds by a city apply to the distribution under this subsection.

A city's proportionate share is the amount of ad valorem taxes it levies on property having a tax situs in the city compared to the ad valorem taxes levied by all cities on property having a tax situs in the cities. The ad valorem method set out in G.S. 105-472(b)(2) applies in determining the share of a city under this section based on ad valorem taxes, except that the amount of ad valorem taxes levied by a city does not include ad valorem taxes levied on behalf of a taxing district and collected by the city.

(d) Nature. – The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. The Governor may not reduce or withhold the distribution.”

SECTION 4.3(b) This section is effective for quarters beginning on or after July 1, 2014.

SECTION 4.4(a) G.S. 160A-211 reads as rewritten:

"(c) Prohibition. – A city may not impose a license, franchise, or privilege tax on a person engaged in any of the businesses listed in this subsection. These businesses are subject to a State tax or sales tax at the combined general rate for which the city receives a share of the tax revenue or they are subject to the local sales tax.

(1) Supplying piped natural gas taxed under Article 5E of Chapter 105 of the General Statutes.
(2) Providing telecommunications service taxed under G.S. 105-164.4(a)(4c).
(3) Providing video programming taxed under G.S. 105-164.4(a)(6).
(4) Providing electricity. A city may continue to impose and collect the license, franchise, or privilege taxes on an electric power company that it imposed and collected on or before January 1, 1947, but it may not impose or collect any greater franchise, privilege, or license taxes, in the aggregate, on an electric power company that was imposed and collected on or before January 1, 1947."

SECTION 4.4(b) This section becomes effective July 1, 2014.

SECTION 4.5(a) Section 3 of Chapter 347 of the 1965 Session Laws reads as rewritten:

"Sec. 3. All property owned by Cape Hatteras Electric Membership Corporation and used exclusively for the purpose of said corporation shall be held in the same manner and subject to the same taxes and assessments is exempt from property taxes to the same extent as property owned by any county or municipality of the State so long as said the property is owned by said Cape Hatteras Electric Membership Corporation and is held and used by it solely for the

"§ 105-164.4. Tax imposed on retailers."

(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and three-quarters percent (4.75%).

(10) The general rate of tax applies to admission charges to an entertainment activity listed in this subdivision. Offering any of these listed activities is a service. An admission charge includes a charge for a single ticket, a multioccasion ticket, a seasonal pass, an annual pass, and a cover charge. An admission charge does not include a charge for amenities. If charges for amenities are not separately stated on the face of an admission ticket, then the charge for admission is considered to be equal to the admission charge for a ticket to the same event that does not include amenities and is for a seat located directly in front of or closest to a seat that includes amenities.

When an admission ticket is resold and the price of the admission ticket is printed on the face of the ticket, the tax does not apply to the face price. When an admission ticket is resold and the price of the admission ticket is not printed on the face of the ticket, the tax applies to the difference between the amount the reseller paid for the ticket and the amount the reseller charges for the ticket.

Admission charges to the following entertainment activities are subject to tax:

a. A live performance or other live event of any kind.
b. A motion picture or film.

SECTION 5.(f) This section becomes effective January 1, 2014, and applies to admissions purchased on or after that date. For admissions to a live event, the tax applies to the initial sale or resale of tickets occurring on or after that date; gross receipts received on or after January 1, 2014, for admission to a live event, for which the initial sale of tickets occurred before that date, other than gross receipts received by a ticket reseller, are taxable under G.S. 105-37.1.

When the description of a district states that residences on both sides of a highway
are to be included in a district, the residences on the side of the highway away from the main
body of the district that are considered within the district are those homes which are on lots
bordering the highway or are on lots directly connected to the highway by a driveway or similar
roadway and are located within two hundred yards of the highway.

The district boundaries above are the same as those ordered by the court. The
descriptions have been rewritten, however, to provide additional detail and to correct several
minor errors in directions.

Session Law 2013-321

AN ACT REQUIRING HEALTH CARE FACILITIES THAT PERFORM
MAMMOGRAPHY EXAMINATIONS TO COMMUNICATE MAMMOGRAPHIC
BREAST DENSITY INFORMATION TO PATIENTS AND TO MAKE A
CORRECTION TO A STATUTE INVOLVING THE CANCER REGISTRY.

Whereas, mammographic examinations are typically used to characterize breast
density into one of four groups; and
Whereas, women classified in the highest two levels have heterogeneously or
extremely dense breast tissue and could have abnormalities that are not easily visible on a
mammogram; and
Whereas, dense breast tissue may also increase the risk of developing cancer; and
Whereas, knowing her individual breast density level may aid in helping a woman
better understand that supplemental screening may be beneficial if she is classified in the two
highest levels of breast density; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Article 7 of Chapter 130A of the General Statutes is amended by
adding a new section to read:

"§ 130A-215.5. Communication of mammographic breast density information to patients.
   (a) All health care facilities that perform mammography examinations shall include in
   the summary of the mammography report, required by federal law to be provided to a patient,
   information that identifies the patient's individual breast density classification based on the
   Breast Imaging Reporting and Data System established by the American College of Radiology.
   If the facility determines that a patient has heterogeneously or extremely dense breasts, the
   summary of the mammography report shall include the following notice:
   "Your mammogram indicates that you may have dense breast tissue. Dense breast tissue is
   relatively common and is found in more than forty percent (40%) of women. The presence of
dense tissue may make it more difficult to detect abnormalities in the breast and may be
associated with an increased risk of breast cancer. We are providing this information to raise
your awareness of this important factor and to encourage you to talk with your physician about
this and other breast cancer risk factors. Together, you can decide which screening options are
right for you. A report of your results was sent to your physician."
   (b) Patients who receive diagnostic or screening mammograms may be directed to
   informative material about breast density. This informative material may include the American
   College of Radiology's most current brochure on the subject of breast density."

Session Law 2013-334 H.B. 802

AN ACT AMENDING THE LAWS RELATED TO LANDLORD AND TENANT RELATIONSHIPS TO SHORTEN THE TIME PERIOD REQUIRED TO EVICT A TENANT.
The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-222 reads as rewritten:

"§ 7A-222. General trial practice and procedure.

(a) Trial of a small claim action before a magistrate is without a jury. The rules of evidence applicable in the trial of civil actions generally are observed. At the conclusion of plaintiff's evidence the magistrate may render judgment of dismissal if plaintiff has failed to establish a prima facie case. If a judgment of dismissal is not rendered the defendant may introduce evidence. At the conclusion of all the evidence the magistrate may render judgment or may in his discretion reserve judgment for a period not in excess of 10 days, except as provided in subsection (b) of this section.

(b) In a small claim action for summary ejectment, the magistrate shall render judgment on the same day on which the conclusion of all the evidence and submission of legal authorities occurs, unless the parties concour on an extension of additional time for entering the judgment and except for more complex summary ejectment cases, in which event the magistrate shall render judgment within five business days of the hearing. Complex summary ejectment cases include cases brought for criminal activity, breaches other than nonpayment of rent, evictions involving SECTION 8 of the Housing Act of 1937 (42 U.S.C. § 1437f) or public housing tenants, and cases with counterclaims."

SECTION 2. G.S. 7A-223 reads as rewritten:

"§ 7A-223. Practice and procedure in small claim actions for summary ejectment.

(a) In any small claim action demanding summary ejectment or past due rent, or both, the complaint may be signed by an agent acting for the plaintiff who has actual knowledge of the facts alleged in the complaint. If a small claim action demanding summary ejectment is assigned to a magistrate, the practice and procedure prescribed for commencement, form and service of process, assignment, pleadings, and trial in small claim actions generally are observed, except that if the defendant by written answer denies the title of the plaintiff, the action is placed on the civil issue docket of the district court division for trial before a district judge. In such event, the clerk withdraws assignment of the action from the magistrate and immediately gives written notice of withdrawal, by any convenient means, to the plaintiff and the magistrate to whom the action has been assigned. The plaintiff, within five days after receipt of the notice, and the defendant, in his answer, may request trial by jury. Failure to request jury trial within the time limited is a waiver of the right to trial by jury.

(b) If either party in a small claim action for summary ejectment moves for a continuance, the magistrate shall render a decision on the motion in accordance with Rule 40(b) of the Rules of Civil Procedure. The magistrate shall not continue a matter for more than five days or until the next session of small claims court, whichever is longer, without the consent of both parties."

SECTION 3. G.S. 7A-228 reads as rewritten:

"§ 7A-228. New trial before magistrate; appeal for trial de novo; how appeal perfected; oral notice; dismissal.

(a) The chief district court judge may authorize magistrates to hear motions to set aside an order or judgment pursuant to G.S. 1A-1, Rule 60(b)(1) and order a new trial before a magistrate. The exercise of the authority of the chief district court judge in allowing magistrates to hear Rule 60(b)(1) motions shall not be construed to limit the authority of the district court to hear motions pursuant to Rule 60(b)(1) through (6) of the Rules of Civil Procedure for relief from a judgment or order entered by a magistrate and, if granted, to order a new trial before a magistrate. After final disposition before the magistrate, the sole remedy for an aggrieved party is appeal for trial de novo before a district court judge or a jury. Notice of appeal may be given orally in open court upon announcement of the entry of judgment. If not announced in open court, written notice of appeal must be filed in the office of the clerk of superior court within 10 days after entry of judgment. The appeal must be perfected in the manner set out in subsection (b). Upon announcement of the appeal in open court or upon receipt of the written notice of
appeal, the appeal shall be noted upon the judgment. If the judgment was mailed to the parties, then the time computations for appeal of such judgment shall be pursuant to G.S. 1A-1, Rule 6.

(b) The appeal shall be perfected by (1) oral announcement of appeal in open court; or (2) by filing notice of appeal in the office of the clerk of superior court within 10 days after entry of judgment pursuant to subsection (a), and by serving a copy of the notice of appeal on all parties pursuant to G.S. 1A-1, Rule 5. Failure to pay the costs of court to appeal within 10 days after entry of judgment in a summary ejectment action, and within 20 days after entry of judgment in all other actions, shall result in the automatic dismissal of the appeal. Notwithstanding the foregoing deadlines, if an appealing party petitions to qualify as an indigent for the appeal and is denied, that party shall have an additional five days to perfect the appeal by paying the court costs. The failure to demand a trial by jury in district court by the appealing party before the time to perfect the appeal has expired is a waiver of the right thereto.

(b1) A person desiring to appeal as an indigent shall, within 10 days of entry of judgment by the magistrate, file an affidavit that he or she is unable by reason of poverty to pay the costs of appeal. Within 20 days after entry of judgment, a superior or district court judge, magistrate, or the clerk of the superior court may authorize a person to appeal to district court as an indigent if the person is unable to pay the costs of appeal. The clerk of superior court shall authorize a person to appeal as an indigent if the person files the required affidavit and meets one or more of the criteria listed in G.S. 1-110. A superior or district court judge, a magistrate, or the clerk of the superior court may authorize a person who does not meet any of the criteria listed in G.S. 1-110 to appeal as an indigent if the person cannot pay the costs of appeal.

The district court may dismiss an appeal and require the person filing the appeal to pay the court costs advanced if the allegations contained in the affidavit are determined to be untrue or if the court is satisfied that the action is frivolous or malicious. If the court dismisses the appeal, the court shall affirm the judgment of the magistrate.

(c) Whenever such appeal is docketed and is regularly set for trial, and the appellant fails to appear and prosecute his appeal, the presiding judge may have the appellant called and the appeal dismissed; and in such case the judgment of the magistrate shall be affirmed.

(d) When a defendant in a summary ejectment action has given notice of appeal and perfected the appeal in accordance with G.S. 7A-228(b), the plaintiff may serve upon the defendant a motion to dismiss the appeal if the defendant:

(1) Failed to raise a defense orally or in writing in the small claims court;
(2) Failed to file a motion, answer, or counterclaim in the district court; and
(3) Failed to make any payment due under any applicable bond to stay execution of the judgment for possession.

The motion to dismiss the appeal shall list all of the deficiencies committed by the defendant, as described in subdivisions (1), (2), and (3) of this subsection, and shall state that the court will decide the motion to dismiss without a hearing if the defendant fails to respond within 10 days of receipt of the motion. The defendant may defeat the motion to dismiss by responding within 10 days of receipt of the motion by doing any of the following acts: (i) filing a responsive motion, answer, or counterclaim and serving the plaintiff with a copy thereof or (ii) paying the amount due under the bond to stay execution. The court shall review the file, determine whether the motion satisfies the requirements of this subsection, determine whether the defendant has made a sufficient response to defeat the motion, and shall enter an order resolving the matter without a hearing."

SECTION 4. G.S. 42-25.9 reads as rewritten:

"§ 42-25.9. Remedies.

(g) Ten Seven days after being placed in lawful possession by execution of a writ of possession, a landlord may throw away, dispose of or sell all items of personal property remaining on the premises, premises in accordance with the provisions of this section and G.S. 42-36.2(b), except that in the case of the lease of a space for a manufactured home as defined in G.S. 143-143.9(6), G.S. 44A-2(c2) shall apply to the disposition of a manufactured
home with a current value in excess of five hundred dollars ($500.00) and its contents by a
landlord after being placed in lawful possession by execution of a writ of possession. During
the 10-day seven-day period after being placed in lawful possession by execution of a writ of
possession, a landlord may move for storage purposes, but shall not throw away, dispose of, or
sell any items of personal property remaining on the premises unless otherwise provided for in
this Chapter. Upon the tenant's request prior to the expiration of the 10-day seven-day period,
the landlord shall release possession of the property to the tenant during regular business hours
or at a time agreed upon. If the landlord elects to sell the property at public or private sale, the
landlord shall give written notice to the tenant by first-class mail to the tenant's last known
address at least seven days prior to the day of the sale. The seven-day notice of sale may run
concurrently with the 10-day seven-day period which allows the tenant to request possession of
the property. The written notice shall state the date, time, and place of the sale, and that any
surplus of proceeds from the sale, after payment of unpaid rents, damages, storage fees, and
sale costs, shall be disbursed to the tenant, upon request, within 10 seven days after the sale,
and will thereafter be delivered to the government of the county in which the rental property is
located. Upon the tenant's request prior to the day of sale, the landlord shall release possession
of the property to the tenant during regular business hours or at a time agreed upon. The
landlord may apply the proceeds of the sale to the unpaid rents, damages, storage fees, and sale
costs. Any surplus from the sale shall be disbursed to the tenant, upon request, within 10 seven
days of the sale and shall thereafter be delivered to the government of the county in which the
rental property is located.

(h) If the total value of all property remaining on the premises at the time of execution
of a writ of possession in an action for summary ejectment is less than five hundred dollars
($500.00), the property shall be deemed abandoned five days after the time of execution,
and the landlord may throw away or dispose of the property. Upon the tenant's request prior to the
expiration of the five-day period, the landlord shall release possession of the property to the
tenant during regular business hours or at a time agreed upon.

SECTION 5. G.S. 42-36.2 reads as rewritten:
"§ 42-36.2. Notice to tenant of execution of writ for possession of property; storage of
evicted tenant's personal property.

(a) When Sheriff May Remove Property. – Before removing a tenant's personal
property from demised premises pursuant to a writ for possession of real property or an order,
the sheriff shall give the tenant notice of the approximate time the writ will be executed. The
time within which the sheriff shall have to execute the writ shall be no more than seven five
days from the sheriff's receipt thereof. The sheriff shall remove the tenant's property, as
provided in the writ, no earlier than the time specified in the notice, unless:

(1) The landlord, or his authorized agent, signs a statement saying that the
tenant's property can remain on the premises, in which case the sheriff shall
simply lock the premises; or

(2) The landlord, or his authorized agent, signs a statement saying that the
landlord does not want to eject the tenant because the tenant has paid all
court costs charged to him and has satisfied his indebtedness to the landlord.

Upon receipt of either statement by the landlord, the sheriff shall return the writ unexecuted
to the issuing clerk of court and shall make a notation on the writ of his reasons. The sheriff
shall attach a copy of the landlord's statement to the writ. If the writ is returned unexecuted
because the landlord signed a statement described in subdivision (2) of this subsection, the
clerk shall make an entry of satisfaction on the judgment docket. If the sheriff padlocks, the
costs of the proceeding shall be charged as part of the court costs.

(b) Sheriff May Store Property. – When the sheriff removes the personal property of an
evicted tenant from demised premises pursuant to a writ or order the tenant shall take
possession of his property. If the tenant fails or refuses to take possession of his property, the
sheriff may deliver the property to any storage warehouse in the county, or in an adjoining
county if no storage warehouse is located in that county, for storage. The sheriff may require
the landlord to advance the cost of delivering the property to a storage warehouse plus the cost of one month's storage before delivering the property to a storage warehouse. If a landlord refuses to advance these costs when requested to do so by the sheriff, the sheriff shall not remove the tenant's property, but shall return the writ unexecuted to the issuing clerk of court with a notation thereon of his reason for not executing the writ. Except for the disposition of manufactured homes and their contents as provided in G.S. 42-25.9(g) and G.S. 44A-2(e2), within 10 days-seven days of the landlord's being placed in lawful possession by execution of a writ of possession and upon the tenant's request within that 10-day-seven-day period, the landlord shall release possession of the property to the tenant during regular business hours or at a time agreed upon. During the 10-day-seven-day period after being placed in lawful possession by execution of a writ of possession, a landlord may move for storage purposes, but shall not throw away, dispose of, or sell any items of personal property remaining on the premises unless otherwise provided for in this Chapter. After the expiration of the 10-day period, the landlord may throw away, dispose of, or sell the property in accordance with the provisions of G.S. 42-25.9(g). If, after being placed in lawful possession by execution of a writ, the landlord has offered to release the tenant's property and the tenant fails to retrieve such property during the landlord's regular business hours within seven days after execution of the writ, the landlord may throw away, dispose of, or sell the property in accordance with the provisions of G.S. 42-25.9(g). If the tenant does not request release of the property within 10 days-seven days, all costs of summary ejectment, execution and storage proceedings shall be charged to the tenant as court costs and shall constitute a lien against the stored property or a claim against any remaining balance of the proceeds of a warehouseman's lien sale.

(c) Liability of the Sheriff. – A sheriff who stores a tenant's property pursuant to this section and any person acting under the sheriff's direction, control, or employment shall be liable for any claims arising out of the willful or wanton negligence in storing the tenant's property.

(d) Notice. – The notice required by subsection (a) shall, except in actions involving the lease of a space for a manufactured home as defined in G.S. 143-143.9(6), inform the tenant that failure to request possession of any property on the premises within 10 days-seven days of execution may result in the property being thrown away, disposed of, or sold. Notice shall be made by one of the following methods:

1. By delivering a copy of the notice to the tenant or his authorized agent at least two days before the time stated in the notice for serving the writ;
2. By leaving a copy of the notice at the tenant's dwelling or usual place of abode with a person of suitable age and discretion who resides there at least two days before the time stated in the notice for serving the writ; or
3. By mailing a copy of the notice by first-class mail to the tenant at his last known address at least five days before the time stated in the notice for serving the writ.

(e) No financial institution or investigating entity, or officer or employee thereof, who acts in good faith in providing, seeking, or obtaining financial records or any other information in accordance with this section, or in providing testimony in any judicial proceeding based upon the contents thereof, may be held liable in any action for doing so.
(f) No customer may be subject to indictment, criminal prosecution, criminal punishment, or criminal penalty by reason of or on account of anything disclosed by a financial institution pursuant to this section, nor may any information obtained through such disclosure be used as evidence against the customer in any criminal or civil proceeding. Notwithstanding the foregoing, information obtained may be used against a person who is a joint account owner accused of financial exploitation of a disabled adult or older adult joint account holder, but solely for criminal or civil proceedings directly related to the alleged financial exploitation of the disabled adult or older adult joint account holder.

(a) Upon the issuance of a subpoena pursuant to G.S. 108A-116, the investigating entity shall immediately provide the customer with written notice of its action by first-class mail to the customer's last known address, unless an order for delayed notice is obtained pursuant to subsection (b) of this section. The notice shall be sufficient to inform the customer of the name of the investigating entity that has obtained the subpoena, the financial records subject to production pursuant to the subpoena, and the purpose of the investigation.

(b) An investigating entity may include in its application for a subpoena pursuant to G.S. 108A-116 a request for an order delaying the customer notice required pursuant to subsection (a) of this section. The judge or magistrate issuing the subpoena may order a delayed notice in accordance with subsection (c) of this section if it finds, based on affidavit or oral testimony under oath or affirmation before the issuing judge or magistrate, that all of the following conditions are met:

1. The investigating entity is investigating a credible report that the adult is being or has been financially exploited.
2. There is reason to believe that the notice will result in at least one of the following:
   a. Endangering the life or physical safety of any person.
   b. Flight from prosecution.
   c. Destruction of or tampering with evidence.
   d. Intimidation of potential witnesses.
   e. Serious jeopardy to an investigation or official proceeding.

AN ACT TO REQUIRE THE DIVISION OF MOTOR VEHICLES TO IMPLEMENT A
STATEWIDE ELECTRONIC LIEN SYSTEM TO PROCESS THE NOTIFICATION
AND RELEASE OF SECURITY INTERESTS AND CERTIFICATE OF TITLE DATA.

The General Assembly of North Carolina enacts:

SECTION 1. Article 3 of Chapter 20 of the General Statutes is amended by adding
a new section to read:

"§ 20-58.4A. Electronic lien system.
(a) Implementation. – No later than July 1, 2014, the Division shall implement a
statewide electronic lien system to process the notification, release, and maintenance of security
interests and certificate of title data where a lien is notated, through electronic means instead of
paper documents otherwise required by this Chapter. The Division may contract with a
qualified vendor or vendors to develop and implement this statewide electronic lien system, or
the Division may develop and make available to qualified service providers a well-defined set
of information services that will enable secure access to the data and internal application
components necessary to facilitate the creation of an electronic lien system.

(b) Minimum Standards for a Vendor Implemented System. – When contracting with a
qualified vendor or vendors to implement the system required in subsection (a) of this section,
the Division shall set the following minimum standards:

   (1) The Division shall issue a competitive request for proposal to assess the
       qualifications of any vendor or vendors responsible for the establishment and
       ongoing support of the statewide electronic lien system. The Division may
       also reserve the right to receive input regarding specifications for the
       electronic lien system from parties that do not respond to a request for
       proposal to establish and operate an electronic lien system.

   (2) Any contract entered into with a vendor or vendors shall include no costs or
       charges payable by the Division to the vendor or vendors. The vendor or
       vendors shall reimburse the Division for documented reasonable
       implementation costs directly associated with the establishment and ongoing
       support of the statewide electronic lien system.

   (3) Upon implementation of the electronic lien system pursuant to subsection (a)
       of this section, the qualified vendor or vendors may charge participating
       lienholders or their agents a per-transaction fee for each lien notification.
       The per-transaction lien notification fee shall be consistent with market
       pricing in an amount not to exceed three dollars and fifty cents ($3.50) for
       costs associated with the development and ongoing administration of the
       electronic lien system. The qualified vendor or vendors shall not charge
       lienholders or their agents any additional fee for lien releases, assignments,
       or transfers. To recover their costs, participating lienholders or their agents
       may charge the borrower of a motor vehicle loan or the lessee of an
       automotive lease an amount equal to the transaction fee per lien notification
       plus a fee in an amount not to exceed three dollars ($3.00) for each
       electronic transaction where a lien is notated.

   (4) A qualified vendor or vendors may also serve as a service provider to
       lienholders, if all of the following conditions are met:
a. The contract with the vendor must include provisions specifically prohibiting the vendor from using information concerning vehicle titles for marketing or business solicitation purposes.
b. The contract with the vendor must include an acknowledgment by the vendor that it is required to enter into agreements to exchange electronic lien data with any service providers who offer electronic lien and title services in the State and who have been approved by the Division for participation in the system and with service providers who are not qualified vendors.
c. The Division must periodically monitor fees charged by a qualified vendor also serving as a service provider to lienholders and providing services as a qualified vendor to other service providers to ensure the vendor is not engaged in predatory pricing.

(c) Minimum Standards for Division-Developed System. – If the Division chooses to develop an interface to enable service provider access to data to facilitate the creation of an electronic lien system, then the Division shall do so for a cost not to exceed two hundred fifty thousand dollars ($250,000) and set the following minimum standards:

(1) The Division shall establish qualifications for third-party service providers offering electronic lien services and establish a qualification process that will vet applications developed by service providers for compliance with defined security and architecture standards as follows:
   a. Qualifications shall be posted within 60 days of the effective date of this section.
   b. Interested service providers shall respond by providing qualifications within 30 days of posting.
   c. The Division shall notify service providers of their approval.
   d. Within 30 days of approval, each qualified service provider shall remit payment in an amount equal to the development costs as a fraction of the number of qualified service providers participating in the electronic lien services.
   e. If there is a service provider who later wishes to participate but did not apply or pay the initial development costs, then that provider may apply to participate if the provider meets all qualifications and pays the same amount in development costs as other participating service providers.

(2) Each qualified service provider shall remit to the Division an annual fee not to exceed three thousand dollars ($3,000) on a date prescribed by the Division to be used for the operation and maintenance of the electronic lien system.

(3) Any contract entered into with a service provider shall include no costs or charges payable by the Division to the service provider.

(4) Upon implementation of the electronic lien system pursuant to subsection (a) of this section, the service provider may charge participating lienholders or their agents a per-transaction fee consistent with market pricing.

(5) The contract with the service provider must include provisions specifically prohibiting the service provider from using information concerning vehicle titles for marketing or business solicitation purposes.

(d) Qualified vendors and service providers shall have experience in directly providing electronic solutions to State motor vehicle departments or agencies.

(e) Notwithstanding any requirement in this Chapter that a lien on a motor vehicle shall be noted on the face of the certificate of title, if there are one or more liens or encumbrances on the motor vehicle or mobile home, the Division may electronically transmit the lien to the first lienholder and notify the first lienholder of any additional liens. Subsequent lien satisfactions
may be electronically transmitted to the Division and shall include the name and address of the person satisfying the lien.

(f) When electronic transmission of liens and lien satisfactions is used, a certificate of title need not be issued until the last lien is satisfied and a clear certificate of title is issued to the owner of the vehicle.

(g) When a vehicle is subject to an electronic lien, the certificate of title for the vehicle shall be considered to be physically held by the lienholder for purposes of compliance with State or federal odometer disclosure requirements.

(h) A duly certified copy of the Division's electronic record of the lien shall be admissible in any civil, criminal, or administrative proceeding in this State as evidence of the existence of the lien.

(i) Mandatory Participation. – Beginning July 1, 2015, all individuals and lienholders who are normally engaged in the business or practice of financing motor vehicles, and who conduct at least five transactions annually, shall utilize the electronic lien system implemented in subsection (a) of this section to record information concerning the perfection and release of a security interest in a vehicle.

(j) Effect of Electronic Notice or Release. – An electronic notice or release of a security interest made through the electronic system implemented pursuant to subsection (a) of this section shall have the same force and effect as a notice or release on a paper document provided under G.S. 20-58 through G.S. 20-58.8.

(k) Nothing in this section shall preclude the Division from collecting a title fee for the preparation and issuance of a title.”

SECTION 2. Prior to the statewide implementation of the electronic lien system pursuant to G.S. 20-58.4A, the Division, along with one or more qualified vendors and up to five lienholders, may conduct a pilot program of the electronic lien system for a period of up to 90 days.

SECTION 3. No later than October 1, 2013, the Division shall report to the Chairs of the Joint Legislative Transportation Oversight Committee on the status of the implementation of the electronic lien system pursuant to G.S. 20-58.4A. The report shall include, at a minimum, whether the Division is proceeding with a vendor-implemented system or Division-implemented system and whether implementation is on schedule and on budget.

Each year during that four-year period, upon request and payment of the fee, the person's name may remain on an inactive list for one additional year.

The crimes include the criminal offenses set forth in any of the following Articles of Chapter 14 of the General Statutes: Article 5, Counterfeiting and Issuing Monetary Substitutes; Article 5A, Endangering Executive and Legislative and Court Officers; Article 6, Homicide; Article 7A, Rape and Other Sex Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 14, Burglary and Other Housebreakings; Article 15,

(b) Criminal History Record Check. – The Board shall require a criminal history record check of all applicants for initial licensure and temporary licensure. The Board, in its discretion, may require a criminal history record check of an applicant for license renewal. The Board shall provide to the North Carolina Department of Justice the fingerprints of the applicant to be checked, a form signed by the applicant consenting to the criminal history record check and the use of fingerprints and other identifying information required by the State or National Repositories, and any additional information required by the Department of Justice. 2. The date of the crime.
3. The age of the applicant at the time of the conviction.
4. The circumstances surrounding the commission of the crime, if known.

"§ 153A-340. Grant of power.

... (b) (1) These regulations may affect property used for bona fide farm purposes only as provided in subdivision (3) of this subsection. This subsection does not limit regulation under this Part with respect to the use of farm property for nonfarm purposes.

(2) Except as provided in G.S. 106-743.4 for farms that are subject to a conservation agreement under G.S. 106-743.2, bona fide farm purposes include the production and activities relating or incidental to the production of crops, grains, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agriculture, as defined in G.S. 106-581.1. For purposes of this subdivision, "when performed on the farm" in G.S. 106-581.1(6) shall include the farm within the jurisdiction of the county and any other farm owned or leased to or from others by the bona fide farm operator, no matter where located. For purposes of this subdivision, the production of a nonfarm product that the Department of Agriculture and Consumer Services recognizes as a "Goodness Grows in North Carolina" product that is produced on a farm subject to a conservation agreement under G.S. 106-743.2 is a bona fide farm purpose. For purposes of determining whether a property is being used for bona fide farm purposes, any of the following shall constitute sufficient evidence that the property is being used for bona fide farm purposes:

947
a. A farm sales tax exemption certificate issued by the Department of Revenue.
b. A copy of the property tax listing showing that the property is eligible for participation in the present use value program pursuant to G.S. 105-277.3.
c. A copy of the farm owner's or operator's Schedule F from the owner's or operator's most recent federal income tax return.
d. A forest management plan.
e. A Farm Identification Number issued by the United States Department of Agriculture Farm Service Agency.

A county may adopt zoning regulations governing swine farms served by animal waste management systems having a design capacity of 600,000 pounds steady state live weight (SSLW) or greater provided that the zoning regulations may not have the effect of excluding swine farms served by an animal waste management system having a design capacity of 600,000 pounds SSLW or greater from the entire zoning jurisdiction."

SECTION 2. G.S. 106-581.1 reads as rewritten:

"§ 106-581.1. Agriculture defined. For purposes of this Article, the terms "agriculture", "agricultural", and "farming" refer to all of the following:

S.B. 659

AN ACT TO CONFORM THE MOTOR VEHICLE LAW OF NORTH CAROLINA TO SECTIONS 154 AND 164 OF THE FEDERAL HIGHWAY BILL.
The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-17.8 reads as rewritten:

"§ 20-17.8. Restoration of a license after certain driving while impaired convictions; ignition interlock.

(a) Scope. – This section applies to a person whose license was revoked as a result of a conviction of driving while impaired, G.S. 20-138.1, and:

(1) The person had an alcohol concentration of 0.15 or more;

(2) The person has been convicted of another offense involving impaired driving, which offense occurred within seven years immediately preceding the date of the offense for which the person's license has been revoked; or

(3) The person was sentenced pursuant to G.S. 20-179(f3).

For purposes of subdivision (1) of this subsection, the results of a chemical analysis, as shown by an affidavit or affidavits executed pursuant to G.S. 20-16.2(c1), shall be used by the Division to determine that person's alcohol concentration.

(c1) Vehicles Subject to Requirement. – A person subject to this section shall have all registered vehicles owned by that person equipped with a functioning ignition interlock system of a type approved by the Commissioner. The Commissioner shall not issue a license to a person subject to this section until presented with proof of the installation of an ignition interlock system in all registered vehicles owned by the person. In order to avoid an undue financial hardship, a person subject to this section may seek a waiver from the Division for any vehicle registered to that person that is unless the Division determines that one or more specific registered vehicles owned by that person are relied upon by another member of that person's family for transportation and that the vehicle is not in the possession of the person subject to this section. The Division shall determine such waiver on a case-by-case basis following an assessment of financial hardship to the person subject to this restriction. The Commissioner shall cancel the drivers license of any person subject to this section for registration of a motor vehicle owned by the person without an installed ignition interlock system or removal of the ignition interlock system from a motor vehicle owned by the person, other than when changing ignition interlock providers or upon sale of the vehicle.

(d) Effect of Limited Driving Privileges. – If the person was eligible for and received a limited driving privilege under G.S. 20-179.3, with the ignition interlock requirement contained in G.S. 20-179.3(g5), the period of time for which that limited driving privilege was held shall be applied towards the requirements of subsection (c).

(e) Notice of Requirement. – When a court reports to the Division a conviction of a person who is subject to this section, the Division must send the person written notice of the requirements of this section and of the consequences of failing to comply with these requirements. The notification must include a statement that the person may contact the Division for information on obtaining and having installed an ignition interlock system of a type approved by the Commissioner.

(f) Effect of Violation of Restriction. – A person subject to this section who violates any of the restrictions of this section commits the offense of driving while license revoked under G.S. 20-28(a) and is subject to punishment and license revocation as provided in that section. If a law enforcement officer has reasonable grounds to believe that a person subject to this section has consumed alcohol while driving or has driven while he has remaining in his body any alcohol previously consumed, the suspected offense of driving while license is revoked is an alcohol-related offense subject to the implied-consent provisions of G.S. 20-16.2. If a person subject to this section is charged with driving while license revoked by violating a condition of subsection (b) of this section, and a judicial official determines that there is probable cause for the charge, the person's license is suspended pending the resolution of the case, and the judicial official must require the person to surrender the license. The judicial official must also notify the person that he is not entitled to drive until his case is resolved. An alcohol concentration report from the ignition interlock system shall not be admissible as
... evidence of driving while license revoked, nor shall it be admissible in an administrative revocation proceeding as provided in subsection (g) of this section, unless the person operated a vehicle when the ignition interlock system indicated an alcohol concentration in violation of the restriction placed upon the person by subdivision (b)(3) of this section. If a person subject to this section is charged with driving while license revoked by violating the requirements of subsection (c1) of this section, and no other violation of this section is alleged, the court may make a determination at the hearing of the case that the vehicle, on which the ignition interlock system was not installed, was relied upon by another member of that person’s family for transportation and that the vehicle was not in the possession of the person subject to this section, and therefore the vehicle was not required to be equipped with a functioning ignition interlock system. If the court determines that the vehicle was not required to be equipped with a functioning ignition interlock system and the person subject to this section has committed no other violation of this section, the court shall find the person not guilty of driving while license revoked.

(l) Medical Exception to Requirement. – A person subject to this section solely for the reason set forth in subdivision (a)(1) of this section and who has a medically diagnosed physical condition that makes the person incapable of personally activating an ignition interlock system may request an exception to the requirements of this section from the Division. The Division shall not issue an exception to this section unless the person has submitted to a physical examination by two or more physicians or surgeons duly licensed to practice medicine in this State or in any other state of the United States and unless such examining physicians or surgeons have completed and signed a certificate in the form prescribed by the Division. Such certificate shall be devised by the Commissioner with the advice of those qualified experts in the field of diagnosing and treating physical disorders that the Commissioner may select and shall be designed to elicit the maximum medical information necessary to aid in determining whether or not the person is capable of personally activating an ignition interlock system. The certificate shall contain a waiver of privilege and the recommendation of the examining physician to the Commissioner as to whether the person is capable of personally activating an ignition interlock system.

The Commissioner is not bound by the recommendations of the examining physicians but shall give fair consideration to such recommendations in acting upon the request for medical exception, the criterion being whether or not, upon all the evidence, it appears that the person is in fact incapable of personally activating an ignition interlock system. The burden of proof of such fact is upon the person seeking the exception.

Whenever an exception is denied by the Commissioner, such denial may be reviewed by a reviewing board upon written request of the person seeking the exception filed with the Division within 10 days after receipt of such denial. The composition, procedures, and review of the reviewing board shall be as provided in G.S. 20-9(g)(4). This subsection shall not apply to persons subject to an ignition interlock requirement under this section for the reasons set forth in subdivision (a)(2) or (a)(3) of this section."

SECTION 2. G.S. 20-179(h) reads as rewritten:

"(h) Level Two Punishment. – A defendant subject to Level Two punishment may be fined up to two thousand dollars ($2,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than seven days and a maximum term of not more than 12 months. The term of imprisonment may be suspended only if a condition of special probation is imposed to require the defendant to serve a term of imprisonment of at least seven days or to abstain from consuming alcohol for at least 90 consecutive days, as verified by a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety. If the defendant is subject to Level Two punishment based on a finding that the grossly aggravating factor in subdivision (1) or (2) of subsection (c) of this section applies, the conviction for a prior offense involving impaired driving occurred within five years before the date of the offense for which the defendant is being sentenced and the
judge suspends all active terms of imprisonment and imposes abstention from alcohol as verified by a continuous alcohol monitory system, then the judge must also impose as an additional condition of special probation that the defendant must complete 240 hours of community service. If the defendant is monitored on an approved continuous alcohol monitoring system during the pretrial period, up to 60 days of pretrial monitoring may be credited against the 90-day monitoring requirement for probation. If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a driver's license and as a condition of probation. The judge may impose any other lawful condition of probation."

**SECTION 3.** G.S. 15A-1371(h) reads as rewritten:

"(h) Community Service Parole. – Notwithstanding the provisions of any other subsection herein, prisoners serving sentences for impaired driving shall be eligible for parole after serving the minimum sentence required by G.S. 20-179, in the discretion of the Post-Release Supervision and Parole Commission.

Community service parole is early parole for the purpose of participation in community service under the supervision of the Section of Community Corrections of the Division of Adult Correction. A parolee who is paroled under this subsection must perform as a condition of parole community service in an amount and over a period of time to be determined by the Post-Release Supervision and Parole Commission. However, the total amount of community service shall not exceed an amount equal to 32 hours for each month of active service remaining in his minimum sentence. The Post-Release Supervision and Parole Commission may grant early parole under this section without requiring the performance of community service if it determines that such performance is inappropriate to a particular case.

The probation/parole officer and the judicial services coordinator shall develop a program of community service for the parolee. The coordinator shall report any willful failure to perform community service work to the probation/parole officer. Parole may be revoked for any parolee who willfully fails to perform community service work as directed by the Section of Community Corrections of the Division of Adult Correction. The provisions of G.S. 15A-1376 shall apply to this violation of a condition of parole.

Community service parole eligibility shall be available to a prisoner:

1. Who is serving an active sentence the term of which exceeds six months; and
2. Who, in the opinion of the Post-Release Supervision and Parole Commission, is unlikely to engage in further criminal conduct; and
3. Who agrees to complete service of his sentence as herein specified; and
4. Who has served one-half of his minimum sentence, sentence, at least 10 days if sentenced to Level One punishment or at least seven days if sentenced to Level Two punishment, whichever is longer.

In computing the service requirements of subdivision (4) of this subsection, credit shall be given for good time and gain time credit earned pursuant to G.S. 148-13 but only after a person has served at least 10 days if sentenced to Level One punishment or at least seven days if sentenced to Level Two punishment. Nothing herein is intended to create or shall be construed to create a right or entitlement to community service parole in any prisoner.

(i) The fee required by G.S. 143B-708 shall be paid by all persons who participate in the Community Service Parole Program.

(j) The Post-Release Supervision and Parole Commission may terminate a prisoner's community service parole before the expiration of the term of imprisonment where doing so will not endanger the public, unduly depreciate the seriousness of the crime, or promote disrespect for the law."

**SECTION 4.** G.S. 20-138.7(a3) reads as rewritten:

"(a3) Meaning of Terms. – Under this section, the term "motor vehicle" means only those types of motor vehicles which North Carolina law requires to be registered, whether the motor vehicle
vehicle is registered in North Carolina or another jurisdiction or any vehicle driven or drawn by mechanical power and manufactured primarily for use on public highways and includes mopeds.”

SECTION 5. This act becomes effective October 1, 2013, and applies to offenses committed on or after that date.

…
(e) No title shall be issued to an initial applicant for (i) out-of-state vehicles that are 35 model years old or older or (ii) a specially constructed vehicle prior to the completion of a vehicle verification conducted by the License and Theft Bureau of the Division of Motor Vehicles. These verifications shall be conducted as soon as practical. For an out-of-state vehicle that is 35 model years old or older, this inspection shall consist of verifying the public vehicle identification number to ensure that it matches the vehicle and ownership documents. No covert vehicle identification numbers are to be examined on an out-of-state vehicle 35 model years or older unless the inspector develops probable cause to believe that the ownership documents or public vehicle identification number presented does not match the vehicle being examined. However, upon such application and the submission of any required documentation, the Division shall be authorized to register the vehicle pending the completion of the verification of the vehicle. The registration shall be valid for one year but shall not be renewed unless and until the vehicle examination has been completed.

If an inspection and verification is not conducted by the License and Theft Bureau of the Division of Motor Vehicles within 15 days after receiving a request for such and the inspector has no probable cause to believe that the ownership documents or public vehicle identification number presented does not match the vehicle being examined, the vehicle shall be deemed to have satisfied all inspection and verification requirements and title shall issue to the owner within 15 days thereafter. If an inspection and verification is timely performed and the vehicle passes the inspection and verification, title shall issue to the owner within 15 days of the date of the inspection.

Regardless of which chartering entity receives the application for preliminary approval, the State Board of Education shall have final approval of the charter school.

Notwithstanding the provisions of this subsection, if the State Board of Education finds that an applicant (i) submitted an application to a local board of education and received final approval from the State Board of Education, but (ii) is unable to find a suitable location within that local school administrative unit to operate, the State Board of Education may authorize the charter school to operate within an adjacent local school administrative unit for one year only. The charter school cannot operate for more than one year unless it reapplies, in accordance with subdivision (1), (2), or (3) of this subsection, and receives final approval from the State Board of Education.

(d) Unless an applicant submits its application under subsection (c) of this section to the local board of education of the local school administrative unit in which the charter school will be located, the applicant shall submit a copy of its application to that local board within seven days of its submission under subsection (c) of this section. The local board may offer any information or comment concerning the application it considers appropriate to the chartering entity. The local board shall deliver this information to the chartering entity no later than January 1 of the next calendar year. The applicant shall not be required to obtain or deliver this information to the chartering entity on behalf of the local board. The State Board shall consider any information or comment it receives from a local board and shall consider the impact on the local school administrative unit’s ability to provide a sound basic education to its students when determining whether to grant preliminary and final approval of the charter school.

(e) The State Board shall establish reasonable fees of no less than five hundred dollars ($500.00) and no more than one thousand dollars ($1,000) for initial and renewal charter applications, in accordance with Article 2A of Chapter 150B of the General Statutes. (a) The State Board may grant final approval of an application if it finds (i) that the application meets the requirements set out in this Part and such other requirements as may be adopted by the State Board of Education, (ii) that the applicant has the ability to operate the school and would be likely to operate the school in an educationally and economically sound manner, and (iii) that granting the application would achieve one or more of the purposes set out in G.S. 115C-238.29A. The State Board shall act by March 15 of a calendar year on all applications and appeals it receives prior to February 15 a date established by the Office of Charter Schools for receipt of applications in the prior of that calendar year. (b) Repealed by Session Laws 2011-164, s. 2(a), effective July 1, 2011.
(c) The State Board of Education may authorize a school before the applicant has secured its space, equipment, facilities, and personnel if the applicant indicates the authority is necessary for it to raise working capital. (d) The State Board of Education may grant the initial charter for a period not to exceed 10 years and may renew the charter upon the request of the chartering entity for subsequent periods not to exceed 10 years each. The State Board of Education shall review the operations
of each charter school at least once every five years to ensure that the school is meeting the expected academic, financial, and governance standards.

A material revision of the provisions of a charter application shall be made only upon the approval of the State Board of Education.

It shall not be considered a material revision of a charter application and shall not require the prior approval of the State Board for a charter school to increase its enrollment during the charter school's second year of operation and annually thereafter (i) by up to twenty percent (20%) of the school's previous year's enrollment or (ii) in accordance with planned growth as authorized in the charter. Other enrollment growth shall be considered a material revision of the charter application, and the State Board may approve such additional enrollment growth of greater than twenty percent (20%) only if the State Board finds that all of the following:

1. The actual enrollment of the charter school is within ten percent (10%) of its maximum authorized enrollment.
2. The charter school has commitments for ninety percent (90%) of the requested maximum enrollment growth.
3. The board of education of the local school administrative unit in which the charter school is located has had an opportunity to be heard by the State Board of Education on any adverse impact the proposed growth would have on the unit's ability to provide a sound basic education to its students.
4. The charter school is not currently identified as low-performing.
5. The charter school meets generally accepted standards of fiscal management.
6. It is otherwise appropriate to approve the enrollment growth.

SECTION 1.(e) G.S. 115C-238.29E reads as rewritten:

"§ 115C-238.29E. Charter school operation.

(a) A charter school that is approved by the State shall be a public school within the local school administrative unit in which it is located. (b) A charter school shall be operated by a private nonprofit corporation that shall have received federal tax-exempt status no later than 24 months following final approval of the application.

Furthermore, if a charter school leases space
from a sectarian organization, the charter school shall not use the name of that organization in the name of the charter school.

At the request of the charter school, the local board of education of the local school administrative unit in which the charter school will be located shall lease any available building or land to the charter school unless the board demonstrates that the lease is not economically or practically feasible or that the local board does not have adequate classroom space to meet its enrollment needs. Notwithstanding any other law, a local board of education may provide a school facility to a charter school free of charge; however, the charter school is responsible for the maintenance of and insurance for the school facility. If a charter school has requested to lease available buildings or land and is unable to reach an agreement with the local board of education, the charter school shall have the right to appeal to the board of county commissioners in which the building or land is located. The board of county commissioners shall have the final decision-making authority on the leasing of the available building or land.

(f) Except as provided in this Part and pursuant to the provisions of its charter, a charter school is exempt from statutes and rules applicable to a local board of education or local school administrative unit."

The charter school may give enrollment priority to siblings of currently enrolled students who were admitted to the charter school in a previous year and to children of the school's principal, teachers, and teacher assistants. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school's board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school's total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school. If multiple birth siblings apply for admission to a charter school and a lottery is needed under G.S. 115C-238.29F(g)(6), the charter school shall enter one surname into the lottery to represent all of the multiple birth siblings. If that surname of the multiple birth siblings is selected, then all of the multiple birth siblings shall be admitted. Within one year after the charter school begins operation, the population of the school shall reasonably reflect the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit.

(6) During each period of enrollment, the charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this
case, students shall be accepted by lot. Once enrolled, students are not required to reapply in subsequent enrollment periods.

(7) Notwithstanding any law to the contrary, a charter school may refuse admission to any student who has been expelled or suspended from a public school under G.S. 115C-390.5 through G.S. 115C-390.11 until the period of suspension or expulsion has expired.

(h) Transportation. – The charter school may provide transportation for students enrolled at the school. The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located. The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school. At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles of the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation.

(i) Assets. – Upon dissolution of the charter school or upon the nonrenewal of the charter, all net assets of the charter school purchased with public funds shall be deemed the property of the local school administrative unit in which the charter school is located.

A charter school shall not compel any person to stand, salute the flag, or recite the Pledge of Allegiance. If flags are donated or are otherwise available, flags shall be displayed in each classroom.

(l) North Carolina School Report Cards. – A charter school shall ensure that the report card issued for it by the State Board of Education receives wide distribution to the local press or is otherwise provided to the public. A charter school shall ensure that the overall school performance score and grade earned by the charter school for the current and previous four school years is prominently displayed on the school Web site. If a charter school is awarded a grade of D or F, the charter school shall provide notice of the grade in writing to the parent or guardian of all students enrolled in that school."

SECTION 1.(g) G.S. 115C-238.29G reads as rewritten:

"§ 115C-238.29G. Causes for nonrenewal or termination; disputes.

(a) The State Board of Education, or a chartering entity subject to the approval of the State Board of Education, may terminate, not renew, or seek applicants to assume the charter through a competitive bid process established by the State Board to terminate or not renew a charter upon any of the following grounds:
(1) Failure to meet the requirements for student performance contained in the charter;
(2) Failure to meet generally accepted standards of fiscal management;
(3) Violations of law;
(4) Material violation of any of the conditions, standards, or procedures set forth in the charter;
(5) Two-thirds of the faculty and instructional support personnel at the school request that the charter be terminated or not renewed; or
(6) Other good cause identified.

The criteria shall include a requirement that a charter school which demonstrates no growth in student performance and has annual performance composites below sixty percent (60%) in any two years in a three-year period is inadequate.

(1) If a charter school is inadequate in the first five years of the charter, the charter school shall develop a strategic plan to meet specific goals for student performance that are consistent with State Board criteria and the mission approved in the charter school. The strategic plan shall be reviewed and approved by the State Board. The State Board is authorized to terminate or not renew a charter for failure to demonstrate improvement under the strategic plan.

(2) If a charter school is inadequate and has had a charter for more than five years, the State Board is authorized to terminate, not renew, or seek applicants to assume the charter through a competitive bid process established by the State Board. The State Board shall develop rules on the assumption of a charter by a new entity that include all aspects of the operations of the charter school, including the status of the employees. Public assets would transfer to the new entity and not revert to the local school administrative unit in which the charter school is located pursuant to G.S. 115C-238.29F(i).

(b) The State Board of Education shall develop and implement a process to address contractual and other grievances between a charter school and its chartering entity or the local board of education during the time of its charter.

(c) The State Board and the charter school are encouraged to make a good-faith attempt to resolve the differences that may arise between them. They may agree to jointly select a mediator. The mediator shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the differences. The mediator shall, at the request of either the State Board or a charter school, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. The mediator may determine that an impasse exists and discontinue the mediation at any time. The mediator shall not make any recommendations or public statement of findings or conclusions. The State Board and the charter school shall share equally
the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes."

The termination shall be preceded by a 90-day notice to the Commissioner, the employer policyholder, the participants, and the beneficiaries. If the plan is issued to a self-employed individual, as defined in G.S. 58-50-110(21a), then the small employer carrier shall offer (i) replacement coverage from available individual health benefit plans or (ii) if the small employer carrier does not offer individual health benefit plans in this State, then individual conversion coverage pursuant to G.S. 58-53-45.

In determining the number of eligible employees, companies that are affiliated companies, or that are eligible to file a combined tax return for purposes of taxation by this State, shall be considered one employer. Subsequent to the issuance of a health benefit plan to a small employer and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided, the provisions of this Act that apply to a small employer shall continue to apply until the plan anniversary following the date the small employer no longer meets the requirements of this definition. For purposes of this Act subdivision, the term small employer includes self-employed individuals. (22a) "Small employer" means, in connection with a nongrandfathered group health plan with respect to a calendar year and a plan year, an employer that employed an average of at least one but not more than 50 employees on business days during the preceding calendar year and that employs at least one employee on the first day of the plan year. The number of employees shall be determined using the method set forth in section 4980H(c)(2) of the Internal Revenue Code.

Every small employer that elects to be covered under such a plan and agrees to make the required premium payments and to satisfy the other provisions of the plan shall be issued such a plan by the small employer carrier. The premium payment requirements used in connection with basic and standard health care plans may address the potential credit risk of small employers that elect coverage in accordance with this subsection by means of payment security provisions that are reasonably related to the risk and are uniformly applied.

If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all eligible employees of a small employer and their dependents. A small employer carrier shall not offer coverage to only certain individuals in a small employer group except in the case of late enrollees as provided in G.S. 58-50-130(a)(4b). SECTION 2.(e) Effective January 1, 2015, subsections (a) and (a1) of G.S. 58-50-125 are repealed.

SECTION 2.(f) G.S. 58-50-130 reads as rewritten:

b. Whether the plan or coverage covers individual or family.
c. Geographic rating areas.
d. Tobacco use, except that the rate shall not vary by more than the ratio of one and two-tenths to one (1.2:1) due to tobacco use.

It is the intent of this Article to grant the Commission full power and right to exercise all authority necessary for the effective operation and conduct of the Commission. It is further intended that the Commission should have all implied powers necessary or incidental to carrying out the expressed powers and the expressed purposes for which the Commission is created. AN ACT TO PROVIDE FOR ENROLLMENT PRIORITY AND PROCEDURES FOR CERTAIN STUDENTS APPLYING TO CHARTER SCHOOLS AND TO MAKE CHANGES AS TO WHAT QUALIFIES AS A MATERIAL REVISION TO A CHARTER APPLICATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-238.29F(g) reads as rewritten:

"(g) Admission Requirements. –
(1) Any child who is qualified under the laws of this State for admission to a public school is qualified for admission to a charter school.
(2) No local board of education shall require any student enrolled in the local school administrative unit to attend a charter school.
(3) Admission to a charter school shall not be determined according to the school attendance area in which a student resides, except that any local school administrative unit in which a public school converts to a charter school shall give admission preference to students who reside within the former attendance area of that school.
(4) Admission to a charter school shall not be determined according to the local school administrative unit in which a student resides.
(5) A charter school shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability. Except as otherwise provided by law or the mission of the school as set out in the charter, the school shall not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry. Within one year after the charter school begins operation, the charter school shall make efforts for the population of the school to reasonably reflect the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit."
The charter school may give enrollment priority to any of the following:

a. Siblings of currently enrolled students who were admitted to the charter school in a previous year or years. For the purposes of this subsection, the term “siblings” includes any of the following who reside in the same household: half siblings, stepsiblings, and children residing in a family foster home.

b. Siblings of students who have completed the highest grade level offered by that school and who were enrolled in at least four grade levels offered by the charter school or, if less than four grades are offered, the maximum number of grades offered by the charter school.

c. Limited to no more than fifteen percent (15%) of the school’s total enrollment, unless granted a waiver by the State Board of Education, the following:
   1. Children of the school’s principal, teachers, and teacher assistants, full-time employees.
   2. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school’s board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school’s total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school.

d. A student who was enrolled in the charter school within the two previous school years but left the school (i) to participate in an academic study abroad program or a competitive admission residential program or (ii) because of the vocational opportunities of the student’s parent.

Lottery procedures for siblings.

a. If multiple birth siblings apply for admission to a charter school and a lottery is needed under G.S. 115C-238.29F(g)(6), the charter school may enter one surname into the lottery to represent all of the multiple birth siblings applying at the same time. If that surname of the multiple birth siblings is selected, then all of the multiple birth siblings shall be admitted to the extent that space is available and does not exceed the grade level capacity.

b. If multiple birth siblings apply for admission to a charter school and a lottery is needed under G.S. 115C-238.29F(g)(6), the charter school shall enter one surname into the lottery to represent all of the multiple birth siblings applying at the same time. If that surname of the multiple birth siblings is selected, then all of the multiple birth siblings shall be admitted.

Within one year after the charter school begins operation, the population of the school shall reasonably reflect the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit.

During each period of enrollment, the charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this
case, students shall be accepted by lot. Once enrolled, students are not required to reapply in subsequent enrollment periods.

(7) Notwithstanding any law to the contrary, a charter school may refuse admission to any student who has been expelled or suspended from a public school under G.S. 115C-390.5 through G.S. 115C-390.11 until the period of suspension or expulsion has expired."

SECTION 2. G.S. 115C-238.29D reads as rewritten:

"§ 115C-238.29D. Final approval of applications for charter schools.

(a) The State Board may grant final approval of an application if it finds that the application meets the requirements set out in this Part or adopted by the State Board of Education and that granting the application would achieve one or more of the purposes set out in G.S. 115C-238.29A. The State Board shall act by March 15 of a calendar year on all applications and appeals it receives prior to February 15 of that calendar year.

(b) Repealed by Session Laws 2011-164, s. 2(a), effective July 1, 2011.

(c) The State Board of Education may authorize a school before the applicant has secured its space, equipment, facilities, and personnel if the applicant indicates the authority is necessary for it to raise working capital. The State Board shall not allocate any funds to the school until the school has obtained space.

(d) The State Board of Education may grant the initial charter for a period not to exceed 10 years and may renew the charter upon the request of the chartering entity for subsequent periods not to exceed 10 years each. The State Board of Education shall review the operations of each charter school at least once every five years to ensure that the school is meeting the expected academic, financial, and governance standards.

(e) A material revision of the provisions of a charter application shall be made only upon the approval of the State Board of Education.

It shall not be considered a material revision of a charter application and shall not require the prior approval of the State Board for a charter school to increase its enrollment during the charter school's second year of operation and annually thereafter (i) by up to twenty percent (20%) of the school's previous year's enrollment or (ii) in accordance with planned growth as authorized in the charter. Other enrollment growth shall be considered a material revision of the charter application, and the State Board may approve such additional enrollment growth of greater than twenty percent (20%) only if the State Board finds all of the following:

(1) The actual enrollment of the charter school is within ten percent (10%) of its maximum authorized enrollment.

(2) The charter school has commitments for ninety percent (90%) of the requested maximum growth.

(3) The board of education of the local school administrative unit in which the charter school is located has had an opportunity to be heard by the State Board of Education on any adverse impact the proposed growth would have on the unit's ability to provide a sound basic education to its students.

(4) The charter school is not currently identified as low-performing.

(5) The charter school meets generally accepted standards of fiscal management.

(6) It is otherwise appropriate to approve the enrollment growth.

(f) It shall not be considered a material revision of a charter application and shall not require prior approval of the State Board for a charter school to do any of the following:

(1) Increase its enrollment during the charter school's second year of operation and annually thereafter by up to twenty percent (20%) of the school's previous year's enrollment.
(2) Increase its enrollment during the charter school's second year of operation and annually thereafter in accordance with planned growth as authorized in its charter.

(3) Expand to offer one grade higher than the charter school currently offers if the charter school has operated for at least three years and has not been identified as having inadequate performance as provided in G.S. 115C-238.29G(a1).

SECTION 3. This act is effective when it becomes law and applies beginning with the 2013-2014 school year.

In the General Assembly read three times and ratified this the 17th day of July, 2013. Became law upon approval of the Governor at 9:06 a.m. on the 26th day of July, 2013.

"§ 115C-546.2. Allocations from the Fund; uses; expenditures; reversion to General Fund; matching requirements.

... (b) Counties shall use monies in the Fund previously credited to the Fund by the Secretary of Revenue pursuant to G.S. 115C-546.1(b) for capital outlay projects including the planning, construction, reconstruction, enlargement, improvement, repair, or renovation of public school buildings and for the purchase of land for public school buildings; for equipment to implement a local school technology plan that is approved pursuant to G.S. 115C-102.6C; or for both. Monies used to implement a local school technology plan shall be transferred to the State School Technology Fund and allocated by that Fund to the local school administrative unit for equipment.

As used in this section, "public school buildings" only includes facilities for individual schools that are used for instructional and related purposes and does not include centralized administration, maintenance, or other facilities.

In the event a county finds that it does not need all or part of the funds allocated to it for capital outlay projects including the planning, construction, reconstruction, enlargement, improvement, repair, or renovation of public school buildings, for the purchase of land for public school buildings, or for equipment to implement a local school technology plan, the unneeded funds allocated to that county may be used to retire any indebtedness incurred by the county for public school facilities.

In the event a county finds that its public school building needs and its school technology needs can be met in a more timely fashion through the allocation of financial resources previously allocated for purposes other than school building needs or school technology needs and not restricted for use in meeting public school building needs or school technology needs,
the county commissioners may, with the concurrence of the affected local Board of Education, use those financial resources to meet school building needs and school technology needs and may allocate the funds it receives under this Article for purposes other than school building needs or school technology needs to the extent that financial resources were redirected from such purposes. The concurrence described herein shall be secured in advance of the allocation of the previously unrestricted financial resources and shall be on a form prescribed by the Local Government Commission.

(c) Monies previously credited to the Fund by the Secretary of Revenue pursuant to G.S. 115C-546.1(b) for capital projects shall be matched on the basis of one dollar of local funds for every three dollars of State funds. Monies in the Fund transferred to the State Technology Fund do not require a local match.

Revenue received from local sales and use taxes that is restricted for public school capital outlay purposes pursuant to G.S. 105-502 or G.S. 105-487 may be used to meet the local matching requirement. Funds expended by a county after July 1, 1986, for land acquisition, engineering fees, architectural fees, or other directly related costs for a public school building capital project that was not completed prior to July 1, 1987, may be used to meet the local match requirement.

(d) If funds are appropriated from the Education Lottery Fund to the Public School Building Capital Fund, such funds shall be allocated for school capital construction projects on a per average daily membership basis according to the average daily membership for the budget year as determined and certified by the State Board of Education. Monies transferred into the Fund in accordance with Chapter 18C of the General Statutes shall be allocated for capital projects for school construction projects as follows:

5. A county may not use monies in this Fund to pay for school technology needs.

(e) The State Board of Education may use up to one million five hundred thousand dollars ($1,500,000) each year of monies in the Fund to support positions in the Department of Public Instruction's Support Services Division.

(e) If the actual net revenues are less than the appropriation for that given year, then the Governor may transfer from the Education Lottery Reserve Fund an amount sufficient to equal the appropriation by the General Assembly. If the monies available in the Education Lottery Reserve Fund are insufficient to reach a full appropriation, the Governor shall transfer monies in order of priority, to the following:

Rates approved by the Office of State Budget and Management (OSBM) to support the IT Internal Service Fund shall be based on this fund limit. In the event the Fund exceeds the required limit, rates shall be adjusted within 30 days. In the event that an increase in receipts for the IT Internal Service Fund is required, the Office of Information Technology services may only implement the increase after consultation with the Joint Legislative Commission on Governmental Operations.

SECTION 7.2.(c) Rate Setting. – By October 31, 2013, the State Chief Information Officer shall establish consistent, fully transparent, easily understandable rates that reflect industry standards for each service for which any agency is charged. A report explaining the rate structure shall be submitted to the Joint Legislative Commission on Governmental Operations, the Chairs of the Joint Legislative Oversight Committee on Information Technology, the House Appropriations Subcommittee on Information Technology, and the Fiscal Research Division. An interim report shall be submitted by July 30, 2013. Overhead charges to agencies shall be consistently applied and shall reflect industry standards for the particular service. The time line shall include the dates for completion of a strategic plan, an enterprise architecture, a new business case methodology, and implementation of a new project management process. Not later than the dates specified in the time line, each of these documents shall be submitted to the Joint Legislative Oversight Committee on Information Technology, the House Appropriations Subcommittee on Information Technology, and the Fiscal Research Division.

INFORMATION TECHNOLOGY OPERATIONS

SECTION 7.4.(a) Server Inventory. – The State Chief Information Officer (State CIO) shall develop an inventory of servers and server locations in State agencies. Based on this inventory, the State CIO shall develop a plan to consolidate agency servers in State-owned data centers. By November 1, 2013, the State CIO shall provide a written plan for accomplishing this to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

SECTION 7.4.(b) Hosting/Backups. – The State CIO shall identify information technology applications that are hosted by vendors that are not backed up on State-owned
infrastructure. The State CIO shall work with impacted State agencies to develop a plan to ensure that any State agency application hosted by a vendor is backed up on State-owned infrastructure. By January 1, 2014, the State CIO shall provide a plan for accomplishing this to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

SECTION 7.4.(c) Restructuring Plan. – The State CIO shall conduct a comprehensive review of the State's overall information technology operations, including the efficacy of existing exemptions and exceptions from unified State IT governance. Based upon this analysis, the State CIO shall develop a plan to restructure the State's IT operations for the most effective and efficient utilization of resources and capabilities. The plan shall include identifying, documenting, and providing a framework for developing and implementing the education and training required for all State information technology personnel, including information technology contracting professionals. Each State agency, department, and institution, and The University of North Carolina, shall (i) cooperate fully with the Office of the State CIO during the review and assessment phase of restructuring plan development and (ii) provide to the State CIO all information needed to carry out the purposes of this subsection. By May 1, 2014, the State CIO shall present the plan to the Joint Legislative Oversight Committee on Information Technology, along with any recommended legislative proposals for implementation to be considered for introduction during the 2014 Regular Session of the 2013 General Assembly.

SECTION 7.4.(e) Telecommunications Service Clarification. –

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property, digital property, and services are specifically exempted from the tax imposed by this Article:

(54) The following telecommunications services and charges:

a. Telecommunications service that is a component part of or is integrated into a telecommunications service that is resold. This exemption does not apply to service purchased by a pay telephone provider who uses the service to provide pay telephone service. Examples of services that are resold include carrier charges for access to an intrastate or interstate interexchange network, interconnection charges paid by a provider of mobile telecommunications service, and charges for the sale of unbundled network elements. An unbundled network element is a network element, as defined in 47 U.S.C. § 153(29), to which access is provided on an unbundled basis pursuant to 47 U.S.C. § 251(c)(3).

b. Pay telephone service.

c. 911 charges imposed under G.S. 62A-43 and remitted to the 911 Fund under that section.

d. Charges for telecommunications service made by a hotel, motel, or another entity whose gross receipts are taxable under G.S. 105-164.4(a)(3) when the charges are incidental to the occupancy of the entity's accommodations.

e. Telecommunications service purchased or provided by a State agency or a unit of local government for the North Carolina Information Highway State Network or another data network owned or leased by the State or unit of local government.”

STATEWIDE INFORMATION TECHNOLOGY PROCUREMENT

SECTION 7.5. Statewide information technology procurement shall be funded through fees charged to agencies using the services of the Statewide Information Technology
Procurement Office. The Office of the State Chief Information Officer (CIO) shall provide to the Office of State Budget and Management (OSBM) a fee schedule to allow cost recovery. If an agency fails to pay for services within 30 days of billing, OSBM shall transfer the unpaid amount to the State Information Technology Procurement Office, following notification of the affected agency.

PUBLIC SCHOOL PROCUREMENT OF INFORMATION TECHNOLOGY

SECTION 7.6.(a) The State Chief Information Officer (CIO) shall work with the North Carolina Department of Public Instruction (DPI) and the Governor's Education Council to implement public school cooperative purchasing agreements for the procurement of information technology (IT) goods and services to support public schools. For purposes of this section, the phrase "public school cooperative purchasing agreement" means an agreement implemented pursuant to this section and available for local school administrative units, regional schools, charter schools, or some combination thereof, providing for collaborative or collective purchases of information technology goods and services in order to leverage economies of scale and to reduce costs.

SECTION 7.6.(b) Each public school cooperative purchasing agreement shall be based on a defined statewide information technology need to support education in the public schools. Each public school cooperative purchasing agreement shall allow for equal access to technology tools and services and shall provide a standard competitive cost throughout North Carolina for each tool or service. Public school cooperative purchasing agreements shall follow State information technology procurement laws, rules, and procedures.

SECTION 7.6.(c) By October 1, 2013, and quarterly thereafter, the Office of the State CIO and DPI shall report on the establishment of public school cooperative purchasing agreements, savings resulting from the establishment of the agreements, and any issues impacting the establishment of the agreements. The reports shall be made to the Joint Legislative Oversight Committee on Information Technology, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division.

INFORMATION TECHNOLOGY CONTRACTS

SECTION 7.7.(a) SCIO Review. – The State Chief Information Officer (State CIO) shall review all State information technology (IT) contracts and shall develop a plan to consolidate duplicate IT contracts and multiple IT contracts with the same vendor.

SECTION 7.7.(b) Bulk Purchasing. – The State CIO shall develop a plan to modify bulk purchasing contracts, while maintaining economies of scale, to provide agencies with the option of purchasing equipment on an "as-needed" basis. By December 15, 2013, the State CIO shall provide the plan to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division. The State CIO may modify the plan based upon input from the Joint Legislative Oversight Committee on Information Technology and, following the review, shall begin implementation of the plan.

SECTION 7.7.(c) Sole Sourcing, Extensions, and Expansions Limited. – State IT contracts, including sole sourcing, extensions of the period of performance, or expansion of the scope of existing contracts, must receive the prior approval of the State CIO who may grant a specific exception. The State CIO shall immediately report any exceptions granted to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division. The report shall explain the reasons why the exception was deemed to be appropriate.

SECTION 7.7.(d) G.S. 147-33.72C reads as rewritten:

"(e) Performance Contracting. – All contracts between a State agency and a private party for information technology projects shall include provisions for vendor performance review and accountability. The State CIO may require that these contract provisions require a performance bond, include monetary penalties, or require other performance assurance measures for projects that are not completed within the specified period or that involve costs in excess of those specified in the contract. The State CIO may
utilize cost-savings realized on government vendor partnerships, as defined in G.S. 143-135.9, as performance incentives for an information technology project vendor require contract provisions requiring a vendor to provide a performance bond."

SECTION 7.7.(e) Enterprise Contracts. – The State CIO shall consult participating agency chief information officers and obtain approval from the Office of State Budget and Management prior to the initiation of any enterprise project or contract and shall ensure that enterprise project and contract costs are allocated to participating agencies in an equitable manner. Enterprise agreements shall not exceed the participating State agencies' ability to financially support the contracts.

The State CIO shall not enter into any enterprise information technology contracts without obtaining written agreements from participating State agencies regarding the apportionment of the contract cost. State agencies agreeing to participate in a contract shall:

1. Ensure that sufficient funds are budgeted to support their agreed shares of enterprise contracts throughout the life of the contract.
2. Transfer the required funding to the Information Technology Internal Service Fund in sufficient time for the Office of Information Technology Services to meet vendor contract requirements.

SECTION 7.7.(f) Three-Year Contracts. – Notwithstanding the cash management provisions of G.S. 147-86.11, the Office of Information Technology Services may procure information technology goods and services for periods up to a total of three years where the terms of the procurement contracts require payment of all or a portion of the contract price at the beginning of the contract agreement. All of the following conditions shall be met before payment for these agreements may be disbursed:

1. Any advance payment can be accomplished within the IT Internal Service Fund budget.
2. The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.
3. The procurement complies in all other aspects with applicable statutes and rules.
4. The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the IT Internal Service Fund rate calculations before approving annual proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates. Beginning October 1, 2013, ITS shall submit a quarterly written report of any authorizations granted under this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT REQUIREMENTS

SECTION 7.8. Notwithstanding any provision of law to the contrary, no contract for information technology personal services, or that provides personnel to perform information technology functions, may be established or renewed without written approval from the Statewide Information Technology Procurement Office and the Office of State Budget and Management. To facilitate compliance with this requirement, the Statewide Information Technology Procurement Office shall develop and document the following:

1. Standards for determining whether it is more appropriate for an agency to hire an employee or use the services of a vendor.
(2) A process to monitor all State agency personal services contracts, as well as any other State contracts providing personnel to perform information technology functions.

(3) A process for obtaining approval of contractor positions.

The Statewide Information Technology Procurement Office shall review current personal services contracts and determine if each contractor is performing a function that could more appropriately be performed by a State employee. Where the determination is made that a State employee should be performing the function, the Statewide Information Technology Procurement Office shall work with the impacted agency and the Office of State Personnel to identify or create the position.

Beginning October 1, 2013, the Statewide Information Technology Procurement Office shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on its progress toward standardizing information technology personal services contracts. In addition, the report shall include detailed information on the number of personal service contractors in each State agency, the cost for each, and the comparable cost (including benefits) of a State employee serving in that capacity rather than a contractor.

PREVENT DUPLICATION OF INFORMATION TECHNOLOGY CAPABILITIES

SECTION 7.9.(a) The Office of the State Chief Information Officer (CIO) shall develop a plan and adopt measures to prevent the duplication of information technology capabilities and resources across State agencies. When multiple agencies require the same, or substantially similar, information technology capabilities, the State CIO shall designate one State agency as the lead to coordinate and manage the capability for all State agencies, with the State CIO maintaining oversight of the effort. By October 1, 2013, the State CIO shall provide this plan to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

SECTION 7.9.(b) The Office of the State Chief Information Officer shall do all of the following to carry out the purposes of this section:

(1) Review all current and future information technology projects to determine whether the capabilities required for each project already exist in a planned, ongoing, or completed information technology project developed by another State agency. For projects where the capability already exists, the Office of the State CIO shall assist the agency with implementing the existing capability.

(2) Identify existing projects that can best support a specific information technology capability for multiple agencies and work to transition all agencies requiring the specific capability to the identified projects.

(3) When State agencies request approval for new projects, determine if the information technology project can be implemented using an existing application, or if the new project has the potential to support multiple agencies' requirements.

(4) Provide quarterly reports on progress toward eliminating duplication to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

(5) Ensure that contracts for information technology allow the addition of other agencies' requirements within the terms of the existing contracts.

SECTION 7.9.(c) All State agencies shall coordinate any Geographic Information System (GIS) initiatives through the Center for Geographic Information and Analysis (CGIA) in the Office of Information Technology Services, as well as the Office of the State CIO, to ensure that existing capabilities are not being duplicated. The CGIA shall monitor and approve all new GIS-related information technology projects and expansion budget requests. By
January 1 of each year, the CGIA shall submit a written report on GIS duplication to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division. The CGIA shall conduct a review of all GIS applications in State agencies, identify instances of duplication for existing applications, and develop a plan for consolidating duplicative projects. By November 1, 2013, the CGIA shall provide a report on the review to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 8.4.(h) Definitions. – As used in this section, the following definitions apply for the 2013-2014 fiscal year:

(b) School Improvement Plan. – In order to improve student performance, the school improvement team at each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted
by the State Board of Education. All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value-Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education to (i) analyze student data and identify root causes for problems, (ii) determine actions to address them, and (iii) appropriately place students in courses such as Algebra I. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

The strategies for improving student performance:

(1) Shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while mentors and teachers mentored are meeting;

(1a) Repealed by Session Laws 2012-142, s. 7A.1(c), effective July 2, 2012.

(2) Shall include a plan to address school safety and discipline concerns;

(3) May include a decision to use State funds in accordance with G.S. 115C-105.25;

(4) Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school;

(5) May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26;

(6) Shall include a plan to provide a duty-free lunch period for every teacher on a daily basis or as otherwise approved by the school improvement team; and

(7) Shall include a plan to provide duty-free instructional planning time for every teacher under G.S. 115C-301.1, with the goal of providing an average of at least five hours of planning time per week.

(8) Shall include a plan to identify and eliminate unnecessary and redundant reporting requirements for teachers and, to the extent practicable, streamline the school's reporting system and procedures, including requiring forms and reports to be in electronic form when possible and incorporating relevant documents into the student accessible components of the Instructional Improvement System.

(c) School Vote on the Plan. – Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

(c1) Consideration of the School Safety Components of the Plan. – The superintendent shall review the school safety components of the school improvement plans and make written recommendations on them to the local board of education. Prior to a vote to accept a school's improvement plan in accordance with G.S. 115C-105.27(d), the local board of education shall review the school safety components of the plan for that school in closed session. The board shall make findings on the safety components of the plan. Neither the safety components of the plan nor the board's findings on the safety components of the plan shall be set out in the minutes of the board.

(d) Adoption of the Plan. – The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any
school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school's proposed school improvement plan to the maximum extent possible when developing such a plan.

(c) Effective Period of the Plan. — A school improvement plan shall remain in effect for no more than two years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans.

(f) Elimination of Other Unnecessary Plans. — If a local board of education finds that a school improvement plan adequately covers another plan that the local school administrative unit is otherwise required to prepare, the local school administrative unit shall not be required to prepare an additional plan on the matter.

(g) Compliance With Requirements. — Any employee, parent, or other interested individual or organization is encouraged to notify the principal of any concerns regarding compliance with this section. In addition, any employee, parent, or other interested individual or organization may submit in writing to the superintendent concerns regarding compliance with this section. The superintendent shall make a good-faith effort to investigate the concern. The superintendent shall upon request provide a written response to the concern.

SECTION 8.41.(b) G.S. 143-318.11(a)(8) reads as rewritten:

(8) To formulate plans by a local board of education relating to emergency response to incidents of school violence or to formulate and adopt the school safety components of school improvement plans by a local board of education or a school improvement team."

§ 115C-83.11. School achievement, growth, performance scores, and grades.

(a) School Scores and Grades. – The State Board of Education shall award school achievement, growth, and performance scores and an associated performance grade as required by G.S. 115C-12(9)c1., and calculated as provided in this section. The State Board of Education shall enter all necessary data into the Education Value-Added Assessment System (EVAAS) in order to calculate school performance scores and grades.
(b) Calculation of the School Achievement Score. – In calculating the overall school achievement score earned by schools, the State Board of Education shall total the sum of points earned by a school on all of the following indicators that are measured for that school:

1. One point for each percent of students who score at or above proficient on annual assessments for mathematics in grades three through eight.
2. One point for each percent of students who score at or above proficient on annual assessments for reading in grades three through eight.
3. One point for each percent of students who score at or above proficient on annual assessments for science in grades five and eight.
4. One point for each percent of students who score at or above proficient on the Algebra I or Integrated Math I end-of-course test.
5. One point for each percent of students who score at or above proficient on the English II end-of-course test.

9. One point for each percent of students enrolled in Career and Technical Education courses who meet the standard when scoring at Silver, Gold, or Platinum levels on a nationally normed test of workplace readiness.
10. One point for each percent of students who graduate within four years of entering high school.

Each school achievement indicator shall be of equal value when used to determine the overall school achievement score. The overall school achievement score shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

(c) Calculation of the School Growth Score. – Using EVAAS, the State Board shall calculate the overall growth score earned by schools. In calculating the total growth score earned by schools, the State Board of Education shall weight student growth on the achievement indicators as provided in subsection (b) of this section that have available growth values. The numerical values used to determine whether a school has met, exceeded, or has not met expected growth shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

(d) Calculation of the School Performance Scores and Grades. – For schools exceeding or not meeting expected school growth, the State Board of Education shall use EVAAS to calculate the school performance score by adding the school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, earned by a school. For schools meeting expected growth, and with a school achievement score of eighty percent (80%) or higher, the school performance score shall solely reflect the achievement score. For schools meeting expected growth, and with a school achievement score below eighty percent (80%), the school achievement score shall account for eighty percent (80%), and the school growth score shall account for twenty percent (20%) of the total sum. For all schools, the total school performance score shall be converted to a 100-point scale and used to determine a school performance grade based on the following scale:

1. A school performance score of at least 90 is equivalent to an overall school performance grade of A.
2. A school performance score of at least 80 is equivalent to an overall school performance grade of B.
(3) A school performance score of at least 70 is equivalent to an overall school performance grade of C.

(4) A school performance score of at least 60 is equivalent to an overall school performance grade of D.

(5) A school performance score of less than 60 points is equivalent to an overall school performance grade of F.

t. (e) Elementary and Middle School Reading and Math Achievement Scores. – For schools serving students in kindergarten through eighth grade, the school achievement scores in reading and mathematics, respectively, shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

(f) Indication of Growth. – In addition to awarding the overall school scores for achievement, growth, and performance and the performance grade, using EVAAS, the State Board shall designate that a school has met, exceeded, or has not met expected growth. The designation of student growth shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

This assessment shall take into account factors that have been shown to affect student performance and that the State Board considers relevant to assess the State's efforts to improve student performance. As a part of the annual "report card" for each local school administrative unit, the State Board shall award, in accordance with G.S. 115C-83.11, an overall numerical school achievement, growth, and performance score on a scale of zero to 100 and a corresponding performance letter grade of A, B, C, D, or F earned by each school within the local school administrative unit. The school performance score and grade shall reflect student performance on annual subject-specific assessments, college and workplace readiness measures, and graduation rates. These standards shall include (i) a description of the programs and services that are recommended to be provided in alternative learning programs and (ii) a process for ensuring that an assignment is appropriate for the student and that the student's parents are involved in the decision. The State Board also shall
adopt policies that define what constitutes an alternative school and an alternative learning program.

The State Board of Education shall also adopt standards to require that local school administrative units shall use (i) the teachers allocated for students assigned to alternative learning programs pursuant to the regular teacher allotment and (ii) the teachers allocated for students assigned to alternative learning programs only to serve the needs of these students.

The State Board of Education shall provide technical support to local school administrative units to assist them in developing and implementing plans and proposals for alternative learning programs.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. As part of its evaluation of the effectiveness of these programs, the State Board shall, through the application of the accountability system developed under G.S. 115C-83.11 and G.S. 115C-105.35, measure the educational performance and growth of students placed in alternative schools and alternative programs. If appropriate, the Board may modify this system to adapt to the specific characteristics of these schools. Also as part of its evaluation, the State Board shall evaluate its standards adopted under this subdivision and make any necessary changes to those standards based on strategies that have been proven successful in improving student achievement and shall report to the Joint Legislative Education Oversight Committee by April 15, 2006 to determine if any changes are necessary to improve the implementation of successful alternative learning programs and alternative schools."

(1) Solely use the school performance grade calculation method and resulting scores and grades as provided under G.S. 115C-83.11, as enacted by this section.

(2) Include a description understandable by members of the general public of the school performance grade calculation method and resulting scores and grades.

SECTION 9.4.(f) The State Board of Education shall issue the first annual report cards under G.S. 115C-12(9)c1., as amended by this section, no earlier than August 1, 2014.

(c) Suspension With Pay. – If a superintendent believes that cause may exist for dismissing or demoting a teacher for any reasons specified in G.S. 115C-325.4 but that additional investigation of the facts is necessary and circumstances are such that the teacher should be removed immediately from the teacher's duties, the superintendent may suspend the teacher with pay for a reasonable period of time, not to exceed 90 days. The superintendent shall notify the board of education within two days of the superintendent's action and shall notify the teacher within two days of the action and the reasons for it. (b) An appeal pursuant to this section must be filed within 30 days of notification of the final decision of the local board of education and shall be decided on the administrative record.
The superior court shall have authority to affirm or reverse the local board's decision or remand the matter to the local board of education. "§ 115C-325.9. Teacher resignation.
(a) Teacher Resignation Following Recommendation for Dismissal. – If a teacher has been recommended for dismissal under G.S. 115C-325.4 and the teacher chooses to resign without the written agreement of the superintendent, then:

(1) The superintendent shall report the matter to the State Board of Education.
(2) The teacher shall be deemed to have consented to (i) the placement in the teacher's personnel file of the written notice of the superintendent's intention to recommend dismissal and (ii) the release of the fact that the superintendent has reported this teacher to the State Board of Education to prospective employers, upon request. The provisions of G.S. 115C-321 shall not apply to the release of this particular information.
(3) The teacher shall be deemed to have voluntarily surrendered his or her license pending an investigation by the State Board of Education in a determination whether or not to seek action against the teacher's license. This license surrender shall not exceed 45 days from the date of resignation. Provided further that the cessation of the license surrender shall not prevent the State Board of Education from taking any further action it deems appropriate. The State Board of Education shall initiate investigation within five working days of the written notice from the superintendent and shall make a final decision as to whether to revoke or suspend the teacher's license within 45 days from the date of resignation.

(b) Thirty Days' Notice Resignation Requirement. – A teacher who is not recommended for dismissal should not resign during the term of the contract without the consent of the superintendent unless he or she has given at least 30 days' notice. If a teacher who is not recommended for dismissal does resign during the term of the contract without giving at least 30 days' notice, the board may request that the State Board of Education revoke the teacher's license for the remainder of that school year. A copy of the request shall be placed in the teacher's personnel file.

"§ 115C-325.10. Application to certain institutions.

Notwithstanding any law or regulation to the contrary, this Part shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services and Public Instruction and the Divisions of Juvenile Justice and Adult Correction of the Department of Public Safety, regardless of the age of the students.

"§ 115C-325.11. Dismissal of school administrators and teachers employed in low-performing residential schools.

(a) Notwithstanding any other provision of this section or any other law, this section shall govern the dismissal by the State Board of Education of teachers, principals, assistant principals, directors, supervisors, and other licensed personnel assigned to a residential school that the State Board has identified as low-performing and to which the State Board has assigned an assistance team. The State Board shall dismiss a teacher, principal, assistant principal, director, supervisor, or other licensed personnel when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher or school administrator.

(b) The State Board may dismiss a teacher, principal, assistant principal, director, supervisor, or other licensed personnel when:
(1) The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school.

(2) That assistance team makes the recommendation to dismiss the teacher, principal, assistant principal, director, supervisor, or other licensed personnel for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion of a teacher.

Within 30 days of any dismissal under this subsection, a teacher, principal, assistant principal, director, supervisor, or other licensed personnel may request a hearing before a panel of three members designated by the State Board. The State Board shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this subsection. Decisions of the panel may be appealed on the record to the State Board.

(c) Notwithstanding any other provision of this section or any other law, this subsection shall govern the dismissal by the State Board of licensed staff members who have engaged in a remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the licensed staff member.

Within 30 days of any dismissal under this subsection, a licensed staff member may request a hearing before a panel of three members designated by the State Board. The State Board shall adopt procedures to ensure that due process rights are afforded to licensed staff members recommended for dismissal under this subsection. Decisions of the panel may be appealed on the record to the State Board.

(d) The State Board or the superintendent of a residential school may terminate the contract of a school administrator dismissed under this section. Nothing in this section shall prevent the State Board from refusing to renew the contract of any person employed in a school identified as low-performing.

(e) Neither party to a school administrator or teacher contract is entitled to damages under this section.

(f) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

(a) Dismissal of Principals Assigned to Low-Performing Schools With Assistance Teams. – Notwithstanding any other provision of this Part or any other law, this section governs the State Board's dismissal of principals assigned to low-performing schools to which the State Board has assigned an assistance team.

(b) Authority of State Board to Dismiss Principal. – The State Board through its designee may, at any time, recommend the dismissal of any principal who is assigned to a low-performing school to which an assistance team has been assigned. The State Board through its designee shall recommend the dismissal of any principal when the State Board receives from the assistance team assigned to that principal's school two consecutive evaluations that include written findings and recommendations regarding the principal's inadequate performance.

(c) Procedures for Dismissal of Principal. –

(1) If the State Board through its designee recommends the dismissal of a principal under this section, the principal shall be suspended with pay pending a hearing before a panel of three members of the State Board. The purpose of this hearing, which shall be held within 60 days after the principal is suspended, is to determine whether the principal shall be dismissed.

(2) The panel shall order the dismissal of the principal if it determines from available information, including the findings of the assistance team, that the
low performance of the school is due to the principal's inadequate performance.

(3) The panel may order the dismissal of the principal if (i) it determines that the school has not made satisfactory improvement after the State Board assigned an assistance team to that school and (ii) the assistance team makes the recommendation to dismiss the principal for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion of a teacher.

(4) If the State Board or its designee recommends the dismissal of a principal before the assistance team assigned to the principal's school has evaluated that principal, the panel may order the dismissal of the principal if the panel determines from other available information that the low performance of the school is due to the principal's inadequate performance.

(5) In all hearings under this section, the burden of proof is on the principal to establish that the factors leading to the school's low performance were not due to the principal's inadequate performance. In all hearings under this section, the burden of proof is on the State Board to establish that the school failed to make satisfactory improvement after an assistance team was assigned to the school and to establish one or more of the grounds established for dismissal or demotion of a teacher under G.S. 115C-325.4.

(6) In all hearings under this section, two consecutive evaluations that include written findings and recommendations regarding that principal's inadequate performance from the assistance team are substantial evidence of the inadequate performance of the principal.

(7) The State Board shall adopt procedures to ensure that due process rights are afforded to principals under this section. Decisions of the panel may be appealed on the record to the State Board.

(d) The State Board of Education or a local board may terminate the contract of a principal dismissed under this section.

(e) Neither party to a school administrator contract is entitled to damages under this section.

(f) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

§ 115C-325.13. Procedure for dismissal of teachers employed in low-performing schools.

(a) Notwithstanding any other provision of this Part or any other law, this section shall govern the State Board's dismissal of teachers, assistant principals, directors, and supervisors assigned to schools that the State Board has identified as low-performing and to which the State Board has assigned an assistance team under Article 8B of this Chapter. The State Board shall dismiss a teacher, assistant principal, director, or supervisor when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher, assistant principal, director, or supervisor.

(b) The State Board may dismiss a teacher, assistant principal, director, or supervisor when:

(1) The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school under G.S. 115C-105.38; and

(2) That assistance team makes the recommendation to dismiss the teacher, assistant principal, director, or supervisor for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion for cause.

A teacher, assistant principal, director, or supervisor may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this section. The State Board shall adopt procedures to ensure that due process rights are afforded to persons...
recommended for dismissal under this section. Decisions of the panel may be appealed on the record to the State Board.

(c) Notwithstanding any other provision of this Part or any other law, this section shall govern the State Board's dismissal of licensed staff members who have engaged in a remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the licensed staff member.

(d) A licensed staff member may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this section. The State Board shall adopt procedures to ensure that due process rights are afforded to licensed staff members recommended for dismissal under this section. Decisions of the panel may be appealed on the record to the State Board.

(e) The State Board of Education or a local board may terminate the contract of a teacher, assistant principal, director, or supervisor dismissed under this section.

(f) Neither party to a school administrator or teacher contract is entitled to damages under this section.

(g) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

SECTION 9.6.(c) G.S. 115C-45(c) reads as rewritten:

"(c) Appeals to Board of Education and to Superior Court. – An appeal shall lie to the local board of education from any final administrative decision in the following matters:

(1) The discipline of a student under G.S. 115C-390.7, 115C-390.10, or 115C-390.11;
(2) An alleged violation of a specified federal law, State law, State Board of Education policy, State rule, or local board policy, including policies regarding grade retention of students;
(3) The terms or conditions of employment or employment status of a school employee; and
(4) Any other decision that by statute specifically provides for a right of appeal to the local board of education and for which there is no other statutory appeal procedure.

As used in this subsection, the term "final administrative decision" means a decision of a school employee from which no further appeal to a school administrator is available.

Any person aggrieved by a decision not covered under subdivisions (1) through (4) of this subsection shall have the right to appeal to the superintendent and thereafter shall have the right to petition the local board of education for a hearing, and the local board may grant a hearing regarding any final decision of school personnel within the local school administrative unit. The local board of education shall notify the person making the petition of its decision whether to grant a hearing.

In all appeals to the board it is the duty of the board of education to see that a proper notice is given to all parties concerned and that a record of the hearing is properly entered in the records of the board conducting the hearing.

The board of education may designate hearing panels composed of not less than two members of the board to hear and act upon such appeals in the name and on behalf of the board of education.

An appeal of right brought before a local board of education under subdivision (1), (2), (3), or (4) of this subsection may be further appealed to the superior court of the State on the grounds that the local board's decision is in violation of constitutional provisions, is in excess of the statutory authority or jurisdiction of the board, is made upon unlawful procedure, is affected by other error of law, is unsupported by substantial evidence in view of the entire record as submitted, or is arbitrary or capricious. However, the right of a noncertified employee to appeal decisions of a local board under subdivision (3) of this subsection shall only apply to decisions
concerning the dismissal, demotion, or suspension without pay of the noncertified employee. A noncertified employee may request and shall be entitled to receive written notice as to the reasons for the employee’s dismissal, demotion, or suspension without pay. The notice shall be provided to the employee prior to any local board of education hearing on the issue. This subsection shall not alter the employment status of a noncertified employee.”

SECTION 9.6.(d) G.S. 115C-287.1 reads as rewritten:

“§ 115C-287.1. Method of employment of principals, assistant principals, supervisors, and directors.

(a) (1) Beginning July 1, 1995, all persons employed as school administrators shall be employed pursuant to this section.

(2) Notwithstanding G.S. 115C-287.1(a)(1), the following school administrators shall be employed pursuant to G.S. 115C-325:

a. School administrators who, as of July 1, 1995, are serving in a principal or supervisor position with career status in that position; and

b. School administrators who, as of July 1, 1995, are serving in a principal or supervisor position and who are eligible to achieve career status on or before June 30, 1997.

A school administrator shall cease to be employed pursuant to G.S. 115C-325 if the school administrator: (i) voluntarily relinquishes career status or the opportunity to achieve career status through promotion, resignation, or otherwise; or (ii) is dismissed or demoted or whose contract is not renewed pursuant to G.S. 115C-325.

(3) For purposes of this section, school administrator means a:

a. Principal;

b. Assistant principal;

c. Supervisor; or

d. Director, whose major function includes the direct or indirect supervision of teaching or of any other part of the instructional program.

(4) Nothing in this section shall be construed to confer career status on any assistant principal or director, or to make an assistant principal eligible for career status as an assistant principal or a director eligible for career status as a director.

(b) Local boards of education shall employ school administrators who are ineligible for career status as provided in G.S. 115C-325(c)(3), upon the recommendation of the superintendent. The initial contract between a school administrator and a local board of education shall be for two to four years, ending on June 30 of the final 12 months of the contract. In the case of a subsequent contract between a principal or assistant principal and a local board of education, the contract shall be for a term of four years. In the case of an initial contract between a school administrator and a local board of education, the first year of the contract may be for a period of less than 12 months provided the contract becomes effective on or before September 1. A local board of education may, with the written consent of the school administrator, extend, renew, or offer a new school administrator's contract at any time after the first 12 months of the contract so long as the term of the new, renewed, or extended contract does not exceed four years. Nothing in this section shall be construed to prohibit the filling of an administrative position on an interim or temporary basis.

(c) The term of employment shall be stated in a written contract that shall be entered into between the local board of education and the school administrator. The school administrator shall not be dismissed or demoted during the term of the contract except for the grounds and by the procedure by which a career teacher may be dismissed or demoted for cause as set forth in G.S. 115C-325-G.S. 115C-325.4.
(d) If a superintendent intends to recommend to the local board of education that the school administrator be offered a new, renewed, or extended contract, the superintendent shall submit the recommendation to the local board for action. The local board may approve the superintendent's recommendation or decide not to offer the school administrator a new, renewed, or extended school administrator's contract.

If a superintendent decides not to recommend that the local board of education offer a new, renewed, or extended school administrator's contract to the school administrator, the superintendent shall give the school administrator written notice of his or her decision and the reasons for his or her decision no later than May 1 of the final year of the contract. The superintendent's reasons may not be arbitrary, capricious, discriminatory, personal, or political, or prohibited by State or federal law. No action by the local board or further notice to the school administrator shall be necessary unless the school administrator files with the superintendent a written request, within 10 days of receipt of the superintendent's decision, for a hearing before the local board. Failure to file a timely request for a hearing shall result in a waiver of the right to appeal the superintendent's decision. If a school administrator files a timely request for a hearing, the local board shall conduct a hearing pursuant to the provisions of G.S. 115C-45(e) and make a final decision on whether to offer the school administrator a new, renewed, or extended school administrator's contract.

If the local board decides not to offer the school administrator a new, renewed, or extended school administrator's contract, the local board shall notify the school administrator of its decision by June 1 of the final year of the contract. A decision not to offer the school administrator a new, renewed, or extended contract may be for any cause that is not arbitrary, capricious, discriminatory, personal, or prohibited by State or federal law. The local board's decision not to offer the school administrator a new, renewed, or extended school administrator's contract is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes.

(e) Repealed by Session Laws 1995, c. 369, s. 1.

(f) If the superintendent or the local board of education fails to notify a school administrator by June 1 of the final year of the contract that the school administrator will not be offered a new school administrator's contract, the school administrator shall be entitled to 30 days of additional employment or severance pay beyond the date the school administrator receives written notice that a new contract will not be offered.

(g) If, prior to appointment as a school administrator, the school administrator held career status as a teacher in the local school administrative unit in which he or she is employed as a school administrator, a school administrator shall retain career status as a teacher if the school administrator is not offered a new, renewed, or extended contract by the local board of education, unless the school administrator voluntarily relinquished that right or is dismissed or demoted under G.S. 115C-325.

(h) An individual who holds a provisional assistant principal's certificate and who is employed as an assistant principal under G.S. 115C-284(c) shall be considered a school administrator for purposes of this section. Notwithstanding subsection (b) of this section, a local board may enter into one-year contracts with a school administrator who holds a provisional assistant principal's certificate. If the school administrator held career status as a teacher in the local school administrative unit prior to being employed as an assistant principal and the State Board for any reason does not extend the school administrator's provisional assistant principal's certificate, the school administrator shall retain career status as a teacher unless the school administrator voluntarily relinquished that right or is dismissed or demoted under G.S. 115C-325. Nothing in this subsection or G.S. 115C-284(c) shall be construed to require a local board to extend or renew the contract of a school administrator who holds a provisional assistant principal's certificate.

SECTION 9.6(e) The State Board of Education shall develop by rule as provided in Article 2A of Chapter 150B of the General Statutes a model contract for use by local boards of education in awarding teacher contracts. The State Board may adopt a temporary rule for a
model contract as provided in G.S. 150B-21.1 to provide a contract to local boards of education no later than January 1, 2014, but shall replace the temporary rule with a permanent rule as soon as practicable.

SECTION 9.6.(f) G.S. 115C-325(c)(1) through (c)(3) and G.S. 115-325(c)(5) and (c)(6) are repealed effective August 1, 2013. Individuals who have not received career status prior to the 2013-2014 school year shall not be granted career status during the 2013-2014 school year. All teachers who have not been granted career status prior to the 2013-2014 school year shall be offered only one-year contracts, except for qualifying teachers offered a four-year contract as provided in subsection (g) of this section, until the 2018-2019 school year.

SECTION 9.6.(g) Beginning September 1, 2013, to June 30, 2014, all superintendents shall review the performance and evaluations of all teachers who have been employed by the local board for at least three consecutive years. Based on these reviews, the superintendent shall identify and recommend to the local board twenty-five percent (25%) of those teachers employed by the local board for at least three consecutive years to be awarded four-year contracts beginning with the 2014-2015 school year. The superintendent shall not recommend to the local board any teacher for a four-year contract unless that teacher has shown effectiveness as demonstrated by proficiency on the teacher evaluation instrument. The local board of education shall review the superintendent's recommendation and may approve that recommendation or may select other teachers as part of the twenty-five percent (25%) to offer four-year contracts, but the local board shall not offer any teacher a four-year contract unless that teacher has shown effectiveness as demonstrated by proficiency on the teacher evaluation instrument. Contract offers shall be made and accepted no later than June 30, 2014. A teacher shall cease to be employed pursuant to G.S. 115C-325 and voluntarily relinquishes career status or any claim of career status by acceptance of a four-year contract as provided in this section.

SECTION 9.6.(h) Teachers employed by a local board of education on a four-year contract beginning with the 2014-2015 school year shall receive a five hundred dollar ($500.00) annual pay raise for each year of the four-year contract.

SECTION 9.6.(i) Subsection (a) of this section becomes effective June 30, 2018, and no teacher employed by a local board of education on or after that date shall have career status. G.S. 115C-325 applies only to teachers with career status after June 30, 2014.

SECTION 9.6.(j) Subsection (b) of this section becomes effective July 1, 2014. G.S. 115C-325.1 through G.S. 115C-325.13, as enacted by this section, shall apply to all teachers on one- or four-year contracts beginning July 1, 2014. G.S. 115C-325.1 through G.S. 115C-325.13, as enacted by this section, shall apply to all teachers employed by local boards of education or the State on or after July 1, 2018.

SECTION 9.6.(k) Subsections (c) and (d) of this section become effective July 1, 2014, and apply to all employees employed on or after that date.

SECTION 9.6.(l) Except as otherwise provided in this section, this section is effective when this act becomes law.
Article 16 of this Chapter, or under the management of an educational management organization that has been selected through a rigorous review process. A school operated under this subdivision remains under the control of the local board of education, and employees assigned to the school are employees of the local school administrative unit with the protections provided by G.S. 115C-325. Part 3 of Article 22 of this Chapter."

SECTION 9.7.(c) G.S. 115C-105.38A reads as rewritten:

"§ 115C-105.38A. Teacher competency assurance.

... (d) Retesting; Dismissal. — Upon completion of the remediation plan required under subsection (c) of this section, the certified/licensed staff member shall take the general knowledge test a second time. If the certified/licensed staff member fails to acquire a passing score on the second test, the State Board shall begin a dismissal proceeding under G.S. 115C-325(q)(2a) or G.S. 115C-325.13.

... (f) Other Actions Not Precluded. — Nothing in this section shall be construed to restrict or postpone the following actions:

(1) The dismissal of a principal under G.S. 115C-325(q)(1).

(2) The dismissal of a teacher, assistant principal, director, or supervisor under G.S. 115C-325(q)(2).

(3) The dismissal or demotion of an employee for any of the grounds listed under G.S. 115C-325(e) or G.S. 115C-325.4.

(4) The nonrenewal of a school administrator's or probationary teacher's contract of employment.

(5) The decision to grant career status.

..."

SECTION 9.7.(d) G.S. 115C-105.39 reads as rewritten:

"§ 115C-105.39. Dismissal or removal of personnel; appointment of interim superintendent.

(a) Within 30 days of the initial identification of a school as low-performing, whether by the local school administrative unit under G.S. 115C-105.37(a1) or by the State Board under G.S. 115C-105.37(a), the superintendent shall take one of the following actions concerning the school's principal: (i) recommend to the local board that the principal be retained in the same position, (ii) recommend to the local board that the principal be retained in the same position and a plan of remediation should be developed, (iii) recommend to the local board that the principal be transferred, or (iv) proceed under G.S. 115C-325 to dismiss or demote the principal. The principal shall not be retained in the same position without a plan for remediation only if the principal was in that position for no more than two years before the school is identified as low-performing. The principal shall not be transferred to another principal position unless (i) it is in a school classification in which the principal previously demonstrated at least 2 years of success, (ii) there is a plan to evaluate and provide remediation to the principal for at least one year following the transfer to assure the principal does not impede student performance at the school to which the principal is being transferred; and (iii) the parents of the students at the school to which the principal is being transferred are notified. The principal shall not be transferred to another low-performing school in the local school administrative unit. If the superintendent intends to recommend demotion or dismissal, the superintendent shall notify the local board. Within 15 days of (i) receiving notification that the superintendent intends to proceed under G.S. 115C-325 or (ii) its decision concerning the superintendent's recommendation, but no later than September 30, the local board shall submit to the State Board a written notice of the action taken and the basis for that action. If the State Board does not assign an assistance team to that school or if the State Board assigns an assistance team to that school and the superintendent proceeds under G.S. 115C-325 to dismiss or demote the principal, then the State Board shall

take no further action. If the State Board assigns an assistance team to the school and the superintendent is not proceeding under G.S. 115C-325.4 to dismiss or demote the principal, then the State Board shall vote to accept, reject, or modify the local board's recommendations. The State Board shall notify the local board of its action within five days. If the State Board rejects or modifies the local board's recommendations and does not recommend dismissal of the principal, the State Board's notification shall include recommended action concerning the principal's assignment or terms of employment. Upon receipt of the State Board's notification, the local board shall implement the State Board's recommended action concerning the principal's assignment or terms of employment unless the local board asks the State Board to reconsider that recommendation. The State Board shall provide an opportunity for the local board to be heard before the State Board acts on the local board's request for a reconsideration. The State Board shall vote to affirm or modify its original recommended action and shall notify the local board of its action within five days. Upon receipt of the State Board's notification, the local board shall implement the State Board's final recommended action concerning the principal's assignment or terms of employment. If the State Board rejects or modifies the local board's action and recommends dismissal of the principal, the State Board shall proceed under G.S. 115C-325(q)(1).

(b) The State Board shall proceed under G.S. 115C-325(q)(2) or G.S. 115C-325.13 for the dismissal of teachers, assistant principals, directors, and supervisors assigned to a school identified as low-performing in accordance with G.S. 115C-325(q)(2) or G.S. 115C-325.13.

"(3) Career status. Leave of absence from local school administrative unit. – Employees of the board of directors shall not be eligible for career status. If a teacher employed by a local school administrative unit makes a written request for a leave of absence to teach at the regional school, the local school administrative unit shall grant the leave for one year. For the initial year of the regional school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 45 days before the teacher would otherwise have to report for duty. After the initial year of the regional school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 90 days before the teacher would otherwise have to report for duty. A local board of education is not required to grant a request for a leave of absence or a request to extend or renew a leave of absence for a teacher who previously has received a leave of absence from that school board under this subdivision. A teacher who has career status under G.S. 115C-325 prior to receiving a leave of absence to teach at the regional school may return to a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the regional school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers in accordance with G.S. 115C-325(e)(2)."

SECTION 9.7.(f) G.S. 115C-276(l) reads as rewritten:

the same rate as are teachers in the public schools in accordance with the salary schedule adopted by the State Board of Education."

SECTION 9.7.(h) G.S. 115C-304 is repealed.

SECTION 9.7.(i) G.S. 115C-333 reads as rewritten:
