That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.
We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.
All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.
The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.
This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States.
Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.
The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

Sec. 7. Suspending laws.
All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.
Sec. 8. Representation and taxation.
The people of this State shall not be taxed or made subject to the payment of any impost or
duty without the consent of themselves or their representatives in the General Assembly, freely
given.

Sec. 9. Frequent elections.
For redress of grievances and for amending and strengthening the laws, elections shall be
often held.

Sec. 10. Free elections.
All elections shall be free.

Sec. 11. Property qualifications.
As political rights and privileges are not dependent upon or modified by property, no
property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.
The people have a right to assemble together to consult for their common good, to instruct
their representatives, and to apply to the General Assembly for redress of grievances; but secret
political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.
All persons have a natural and inalienable right to worship Almighty God according to the
dictates of their own consciences, and no human authority shall, in any case whatever, control
or interfere with the rights of conscience.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore
shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education.
The people have a right to the privilege of education, and it is the duty of the State to guard
and maintain that right.

Sec. 16. Ex post facto laws.
Retrospective laws, punishing acts committed before the existence of such laws and by
them only declared criminal, are oppressive, unjust, and incompatible with liberty, and
therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases,
or other acts previously done shall be enacted.

Sec. 17. Slavery and involuntary servitude.
Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime
whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Court shall be open.
All courts shall be open; every person for an injury done him in his lands, goods, person, or
reputation shall have remedy by due course of law; and right and justice shall be administered
without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws.
No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or
outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of
the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants.
General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty.
Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.
Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.
In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.
No person shall be convicted of any crime but by the unanimous verdict of a jury in open court, except that a person accused of any criminal offense for which the State is not seeking a sentence of death in superior court may, in writing or on the record in the court and with the consent of the trial judge, waive jury trial, subject to procedures prescribed by the General Assembly. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.
In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. Bail, fines, and punishments.
Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt.
There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State.
Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the
testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. Militia and the right to bear arms.
A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. Quartering of soldiers.
No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. Exclusive emoluments.
No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. Hereditary emoluments and honors.
No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. Perpetuities and monopolies.
Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. Recurrence to fundamental principles.
A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. Other rights of the people.
The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

Sec. 37. Rights of victims of crime.
(1) Basic rights. Victims of crime, as prescribed by law, shall be entitled to the following basic rights:
(a) The right as prescribed by law to be informed of and to be present at court proceedings of the accused.
(b) The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.
(c) The right as prescribed by law to receive restitution.
(d) The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.
(e) The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.
(f) The right as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.
(g) The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.

(h) The right as prescribed by law to confer with the prosecution.

(2) No money damages; other enforcement. Nothing in this section shall be construed as creating a claim for money damages against the State, a county, a municipality, or any of the agencies, instrumentalities, or employees thereof. The General Assembly may provide for other remedies to ensure adequate enforcement of this section.

(3) No ground for relief in criminal case. The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding.

The term of office of Senators and Representatives shall commence on the first day of January next after their election.

Sec. 10. Vacancies.
Every vacancy occurring in the membership of the General Assembly by reason of death, resignation, or other cause shall be filled in the manner prescribed by law.

Sec. 11. Sessions.
(1) Regular Sessions. The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law. Neither house shall proceed upon public business unless a majority of all of its members are actually present.
(2) Extra sessions on legislative call. The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

Sec. 12. Oath of members.
Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Sec. 13. President of the Senate.
The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

Sec. 14. Other officers of the Senate.
(1) President Pro Tempore - succession to presidency. The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant
Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) President Pro Tempore - temporary succession. During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

(3) Other officers. The Senate shall elect its other officers.

Sec. 15. Officers of the House of Representatives.

The House of Representatives shall elect its Speaker and other officers.

Sec. 16. Compensation and allowances.

The members and officers of the General Assembly shall receive for their services the compensation and allowances prescribed by law. Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 18. Protests.

Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public or to any individual, and have the reasons of his dissent entered on the journal.

Sec. 19. Record votes.

Upon motion made in either house and seconded by one fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journal.

Sec. 20. Powers of the General Assembly.

Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

Sec. 21. Style of the acts.

The style of the acts shall be: "The General Assembly of North Carolina enacts: ".

Sec. 22. Action on bills.

(1) Bills subject to veto by Governor; override of veto. Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.
(2) Amendments to Constitution of North Carolina. Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) Amendments to Constitution of the United States. Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.

(4) Joint resolutions. Every joint resolution shall be read three times in each house before it becomes effective and shall be signed by the presiding officers of both houses.

(5) Other exceptions. Every bill:

(a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;

(b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;

(c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter; or

(d) Revising the districts for the election of members of the House of Representatives of the Congress of the United States and the apportionment of Representatives among those districts and containing no other matter, shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) Local bills. Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:

(a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or

(b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) Time for action by Governor; reconvening of session. If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

(b) Sine die

in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after
such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) Return of bills after adjournment. For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment.

Sec. 23. Revenue bills.

No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 24. Limitations on local, private, and special legislation.

(1) Prohibited subjects. The General Assembly shall not enact any local, private, or special act or resolution:

(a) Relating to health, sanitation, and the abatement of nuisances;
(b) Changing the names of cities, towns, and townships;
(c) Authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys;

(e) Relating to non-navigable streams;
(f) Relating to cemeteries;
(g) Relating to the pay of jurors;
(h) Erecting new townships, or changing township lines, or establishing or changing the lines of school districts;
(i) Remitting fines, penalties, and forfeitures, or refunding moneys legally paid into the public treasury;
(j) Regulating labor, trade, mining, or manufacturing;
(k) Extending the time for the levy or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability;
(l) Giving effect to informal wills and deeds;
(m) Granting a divorce or securing alimony in any individual case;
(n) Altering the name of any person, or legitimating any person not born in lawful wedlock, or restoring to the rights of citizenship any person convicted of a felony.

(2) Repeals. Nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law; but the General Assembly may at any time repeal local, private, or special laws enacted by it.

(3) Prohibited acts void. Any local, private, or special act or resolution enacted in violation of the provisions of this Section shall be void.

(4) General laws. The General Assembly may enact general laws regulating the matters set out in this Section.
CONSTITUTION OF NORTH CAROLINA

ARTICLE III

Section 1. Executive power.
The executive power of the State shall be vested in the Governor.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.
(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.
(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.
(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.
(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.
(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.
(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.
(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.

Sec. 4. Oath of office for Governor.
The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of governor.
Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

(11) Reconvened sessions. The Governor shall, when required by Section 22 of Article II of this Constitution, reconvene a session of the General Assembly. At such reconvened session, the General Assembly may only consider such bills as were returned by the Governor to that reconvened session for reconsideration. Such reconvened session shall begin on a date set by the Governor, but no later than 40 days after the General Assembly adjourned.
(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

Sec. 6. Duties of the Lieutenant Governor.

The Lieutenant Governor shall be President of the Senate, but shall have no vote unless the Senate is equally divided. He shall perform such additional duties as the General Assembly or the Governor may assign to him. He shall receive the compensation and allowances prescribed by law.

Sec. 7. Other elective officers.

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.

Sec. 14. Waiver of jury trial.
In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration.

The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) Removal of Magistrates. The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) Removal of Clerks. Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.
(2) Prosecution in District Court Division. Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. Vacancies.
Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

Sec. 20. Revenues and expenses of the judicial department.

Sec. 5. Acts levying taxes to state objects.

Every act of the General Assembly levying a tax shall state the special object to which it is to be applied, and it shall be applied to no other purpose.

Sec. 6. Inviolability of sinking funds and retirement funds.

(1) Sinking funds. The General Assembly shall not use or authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for
which the sinking fund has been created, except that these funds may be invested as authorized by law.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

Sec. 9. Capital projects for industry.

Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

Sec. 11. Capital projects for agriculture.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 12. Higher education facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State or any State entity to issue revenue bonds to finance and refinance the cost of acquiring, constructing, and financing higher education facilities to be operated to serve and benefit the public for any nonprofit private corporation, regardless of any church or religious relationship provided no cost incurred earlier than five years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from any revenues or assets of any such nonprofit private corporation pledged therefor, shall not be secured by a pledge of the full faith and credit of the State or such State entity or deemed to create an indebtedness requiring voter approval of the State or such entity, and, where the title to such facilities is vested in the State or any State entity, may be secured by an agreement which may provide for the conveyance of title to, with or without consideration, such facilities to the nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto.

Sec. 13. Seaport and airport facilities.

(1) Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to grant to the State, counties, municipalities, and other State and local
governmental entities all powers useful in connection with the development of new and existing seaports and airports, and to authorize such public bodies:

(a) to acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interest therein;

(b) to finance and refinance for public and private parties seaport and airport facilities and improvements which relate to, develop or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine, aviation and environmental facilities and improvements;

and

c) to secure any such financing or refinancing by all or any portion of their revenues, income or assets or other available monies associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, and by foreclosable liens on all or any part of their properties associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of the faith and credit of the State or any other public body in the State.

Sec. 14. Project development financing.

Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit's exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect.

(4) "Water quality protection" means management of water use, quantity, and quality.

(b) Legislative Findings. – This section establishes a framework to encourage State-local pollutant reduction strategies for basins under the supervision and coordination of the Commission. The General Assembly finds that:

(1) Water quality conditions and sources of water contamination may vary from one basin to another.
(2) Water quality conditions and sources of water contamination may vary within a basin.
(3) Some local governments have demonstrated greater capacity than others to protect and improve water quality conditions.
(4) In some areas of the State artificial alteration of watercourses by surface water impoundments or other means may have a significant effect on water quality.
(5) Imposition of standard basinwide water quality protection requirements and strategies may not equitably address the varying conditions and needs of all areas.
(6) There is a need to develop distinct approaches to address water quality protection in basins in the State, drawing upon the resources of local governments and the State, under the supervision and coordination of the Commission.

(c) Legislative Goals and Policies. – It is the goal of the General Assembly that, to the extent practicable, the State shall adopt water quality protection plans that are developed and implemented in cooperation and coordination with local governments and that the State shall adopt water quality protection requirements that are proportional to the relative contributions of pollution from all sources in terms of both the loading and proximity of those sources. Furthermore, it is the goal of the General Assembly to encourage and support State-local partnerships for improved water quality protection through the provision of technical and financial assistance available through the Clean Water Management Trust Fund, the Ecosystem Enhancement Program, Division of Mitigation Services, the Ecosystem Restoration Fund, water quality planning and project grant programs, the State's revolving loan and grant programs for water and wastewater facilities, other funding sources, and future appropriations. The Commission shall implement these goals in accordance with the standards, procedures, and requirements set out in this section.

(d) The Commission may, as an alternative method of attaining water quality standards in a basin, approve a coalition plan proposed by a coalition of local governments whose territorial area collectively includes the affected basin in the manner provided by this section. The Commission may approve a coalition plan proposed by a coalition of local governments whose territorial area or water quality protection plan does not include all of an affected basin if the Commission determines that the omission will not adversely affect water quality.

(e) A coalition of local governments choosing to propose a coalition plan to the Commission shall do so through a nonprofit corporation the coalition of local governments incorporates with the Secretary of State.

(f) The Commission may approve a coalition plan only if the Commission first determines that:

(1) The basin under consideration is an appropriate unit for water quality planning.
(2) The coalition plan meets the requirements of subsection (g) of this section.

(3) The coalition of local governments has formed a nonprofit corporation pursuant to subsection (e) of this section.

(4) The coalition plan has been approved by the governing board of each local government that is a member of the coalition of local governments proposing the coalition plan.

(5) The coalition plan will provide a viable alternative method of attaining equivalent compliance with federal and State water quality standards, classifications, and management practices in the affected basin.

(g) A coalition plan shall include all of the following:

(1) An assessment of water quality and related water quantity management in the affected basin.

(2) A description of the goals and objectives for protection and improvement of water quality and related water quantity management in the affected basin.

(3) A workplan that describes proposed water quality protection strategies, including point and nonpoint source programs, for achieving the specified goals and objectives; an implementation strategy including specified tasks, timetables for action, implementation responsibilities of State and local agencies; and sources of funding, where applicable.

(4) A description of the performance indicators and benchmarks that will be used to measure progress in achieving the specified goals and objectives, and an associated monitoring framework.

(5) A timetable for reporting to the Commission on progress in implementing the coalition plan.

(h) A coalition plan shall cover a specified period. The coalition plan may provide for the phasing in of specific strategies, tasks, or mechanisms by specified dates within the period covered by the plan. The Commission may approve one or more successive coalition plan periods. The coalition plan may include strategies that vary among the subareas or jurisdictions of the geographic area covered by the coalition plan.

(i) If a local government chooses to withdraw from a coalition of local governments or fails to implement a coalition plan, the remaining members of a coalition of local governments may prepare and submit a revised coalition plan for approval by the Commission. If the Commission determines that an approved coalition plan no longer provides a viable alternative method of attaining equivalent compliance with federal and State water quality standards, classifications, and management practices, the Commission may suspend or revoke its approval of the coalition plan.

(j) The Commission may approve one or more amendments to a coalition plan proposed by a coalition of local governments through its nonprofit corporation with the approval of the governing board of each local government that is a member of the coalition of local governments that proposed the coalition plan.

(k) With the approval of the Commission, any coalition of local governments with an approved coalition plan may establish and implement a pollutant trading program for specific pollutants between and among point source dischargers and nonpoint pollution sources.

(l) The Commission shall submit an annual progress report on the implementation of this section to the Environmental Review Commission on or before 1 October of each year.

(2) Regulation of toxic air emissions from drilling operations, if it determines that the State's current air toxics program and any federal regulations governing toxic air emissions from drilling operations to be adopted by the State by reference are inadequate to protect public health, safety, welfare, and the environment. In formulating appropriate standards, the Department shall assess emissions from oil and gas exploration and development activities that use horizontal drilling and hydraulic fracturing technologies, including emissions from associated truck traffic, in order to (i) determine the adequacy of the State's current air toxics program to protect landowners who lease their property to drilling operations and (ii) determine the impact on ozone levels in the area in order to determine measures needed to maintain compliance with federal ozone standards."

SECTION 1.3. G.S. 105-153.5 reads as rewritten:
"§ 105-153.5. Modifications to adjusted gross income.

(a) Deduction Amount. – In calculating North Carolina taxable income, a taxpayer may deduct from adjusted gross income either the standard deduction amount provided in subdivision (1) of this subsection or the itemized deduction amount provided in subdivision (2) of this subsection that the taxpayer claimed under the Code. The deduction amounts are as follows:

(1) Standard deduction amount. – The standard deduction amount is zero for a person who is not eligible for a standard deduction under section 63 of the Code. For all other taxpayers, the standard deduction amount is equal to the amount listed in the table below based on the taxpayer’s filing status:

</tr>
<tr>
<td>Married, filing separately</td>
<td>7,500</td>
</tr>
</tbody>
</table>

(2) Itemized deduction amount. – An amount equal to the sum of the items listed in this subdivision. The amounts allowed under this subdivision are not subject to the overall limitation on itemized deductions under section 68 of the Code:

a. The amount allowed as a deduction for charitable contributions under section 170 of the Code for that taxable year. For taxable year 2014, a taxpayer who elected to take the income exclusion under section 408(d)(8) of the Code for a qualified charitable distribution from an individual retirement plan by a person who has attained the age of 70 1/2 may deduct the amount that would have been allowed as a charitable deduction under section 170 of the Code had the taxpayer not elected to take the income exclusion.

b. The amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence plus the amount claimed by the taxpayer as a deduction for property taxes paid or accrued on real estate under section 164 of the Code for that taxable year. For taxable year 2014, the amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence shall not include the amount for mortgage insurance premiums treated as qualified residence interest. The amount allowed under this sub-subdivision may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately or married filing jointly, the total mortgage interest and real estate taxes claimed by both spouses combined may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately with a joint obligation for mortgage interest and real estate taxes, the deduction for these items is allowable to the spouse who actually paid them. If the amount of the mortgage interest and real estate taxes paid by both spouses exceeds twenty thousand dollars ($20,000), these deductions must be prorated based on the percentage paid by each spouse. For joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.

…
(d) Decoupling Adjustments. – In calculating North Carolina taxable income, a taxpayer must add to the taxpayer's adjusted gross income any of the following items that are not included in the taxpayer's adjusted gross income:

(1) For taxable year 2014, the amount excluded from the taxpayer's gross income for the discharge of qualified principal residence indebtedness under section 108 of the Code. The purpose of this subdivision is to decouple from the extension of the income exclusion under section 102 of the Tax Increase Prevention Act of 2014.

(2) For taxable year 2014, the amount of the taxpayer's deduction for qualified tuition and related expenses under section 222 of the Code. The purpose of this subdivision is to decouple from the extension of the federal above-the-line deduction under section 107 of the Tax Increase Prevention Act of 2014.

(3) For taxable year 2014, the amount excluded from the taxpayer's gross income for a qualified charitable distribution from an individual retirement plan by a person who has attained age 70 1/2 under section 408(d)(8) of the Code. The purpose of this subdivision is to decouple from the extension of the income exclusion under section 108 of the Tax Increase Prevention Act of 2014.

(e) S Corporations. – Each shareholder's pro rata share of an S Corporation's income is subject to the adjustments provided in this section and in G.S. 105-153.6.

SECTION 1.4. This Part is effective when the act becomes law. Notwithstanding Section 1.1 of this act, any amendments to the Internal Revenue Code enacted after December 31, 2013, that increase North Carolina taxable income for the 2014 taxable year are effective for taxable years beginning on or after January 1, 2015.

PART II. MOTOR FUEL TAX CHANGES

SECTION 2.1. Effective April 1, 2015, and notwithstanding G.S. 105-449.80, the motor fuel excise tax rate is thirty-six cents (36¢) a gallon.

SECTION 2.2.(a) G.S. 105-449.80 reads as rewritten:

"§ 105-449.80. Tax rate.
(a) Rate. – The motor fuel excise tax rate is a flat rate of seventeen and one-half cents (17 1/2¢) a gallon plus a variable wholesale component. The variable wholesale component is either three and one-half cents (3 1/2¢) a gallon or seven percent (7%) of the average wholesale price of motor fuel for the applicable base period, whichever is greater.

The two base periods are six-month periods; one ends on September 30 and one ends on March 31. The Secretary must set the tax rate twice a year based on the wholesale price for each base period. A tax rate set by the Secretary using information for the base period that ends on September 30 applies to the six-month period that begins the following January 1. A tax rate set by the Secretary using information for the base period that ends on March 31 applies to the six-month period that begins the following July 1. For the period that begins on January 1, 2016, and ends on June 30, 2016, the motor fuel excise tax rate is a flat rate of thirty-five cents (35¢) per gallon. For the period that begins on July 1, 2016, and ends on December 31, 2016, the motor fuel excise tax rate is a flat rate of thirty-four cents (34¢) per gallon. For the calendar years beginning on January 1, 2017, the motor fuel excise tax rate is a flat rate of thirty-four cents (34¢) per gallon, multiplied by a percentage. For calendar years beginning on or after January 1, 2018, the motor fuel excise tax rate is the amount for the preceding calendar year, multiplied by a percentage. The percentage is one hundred percent (100%) plus or minus the sum of the following:

(1) The percentage change in population for the applicable calendar year, as estimated under G.S. 143C-2-2, multiplied by seventy-five percent (75%).
(2) The annual percentage change in the Consumer Price Index for All Urban Consumers, multiplied by twenty-five percent (25%). For purposes of this
subdivision, "Consumer Price Index for All Urban Consumers" means the United States city average for energy index contained in the detailed report released in the October prior to the applicable calendar year by the Bureau of Labor Statistics of the United States Department of Labor.

(b) Wholesale Price—The Secretary must determine the average wholesale price of motor fuel for each base period. To do this, the Secretary must use information on refiner and gas plant operator sales prices of finished motor gasoline and No. 2 diesel fuel for resale, published by the United States Department of Energy in the "Monthly Energy Review", or equivalent data.

The Secretary must compute the average sales price of finished motor gasoline for the base period, compute the average sales price for No. 2 diesel fuel for the base period, and then compute a weighted average of the results of the first two computations based on the proportion of tax collected on each under this Article for the base period. The Secretary must then convert the weighted average price to a cents-per-gallon rate and round the rate to the nearest one tenth of a cent (1/10¢). If the converted cents-per-gallon rate is exactly between two tenths of a cent (2/10¢) the Secretary must round the rate up to the higher of the two.

(c) Notification. – The Secretary must notify affected taxpayers of the tax rate to be in effect for each six-month period of calendar year beginning January 1 and July 1.

SECTION 2.2.(b) G.S. 105-449.107(c) reads as rewritten:

"(c) Sales Tax Amount. – Article 5 of Subchapter I of this Chapter determines the amount of State sales and use tax to be deducted under this section from a motor fuel excise tax refund. Articles 39, 40, and 42 of Subchapter VIII of this Chapter and the Mecklenburg First 1% Sales Tax Act determine the amount of local sales and use tax to be deducted under this section from a motor fuel excise tax refund. The sales price and the cost price of motor fuel to be used in determining the amount to deduct is the average of the wholesale prices used under G.S. 105-449.80 to determine the excise tax rates in effect for the two six-month periods of the calendar year for which the refund is claimed.

SECTION 2.2.(c) G.S. 150B-2(8a) reads as rewritten:

"(8a) "Rule" means any agency regulation, standard, or statement of general applicability that implements or interprets an enactment of the General Assembly or Congress or a regulation adopted by a federal agency or that describes the procedure or practice requirements of an agency. The term includes the establishment of a fee and the amendment or repeal of a prior rule. The term does not include the following:

j. Establishment of the interest rate that applies to tax assessments under G.S. 105-241.21 and the variable component of the excise tax on motor fuel under G.S. 105-449.80.

SECTION 2.3. G.S. 105-449.107(c) reads as rewritten:

"(c) Sales Tax Amount. – Article 5 of Subchapter I of this Chapter determines the amount of State sales and use tax to be deducted under this section from a motor fuel excise tax refund. Articles 39, 40, and 42 of Subchapter VIII of this Chapter and the Mecklenburg First 1% Sales Tax Act determine the amount of local sales and use tax to be deducted under this section from a motor fuel excise tax refund. The sales price and the cost price of motor fuel to be used in determining the amount to deduct is the average of the wholesale prices used under G.S. 105-449.80 to determine the excise tax rates in effect for the two six-month periods of the calendar year for which the refund is claimed."

SECTION 2.4.(a) Section 4.1 of S.L. 2014-100 reads as rewritten:

SECTION 3.1. Except as otherwise provided, this act is effective when it becomes law.

Became law upon approval of the Governor at 5:14 p.m. on the 31st day of March, 2015.

Session Law 2015-3

AN ACT TO PROVIDE COST RECOVERY FOR ACQUISITION OF JOINT MUNICIPAL POWER AGENCY OWNERSHIP INTEREST IN GENERATING FACILITIES, TO AUTHORIZE MUNICIPALITIES THAT ARE MEMBERS OF JOINT MUNICIPAL POWER AGENCIES TO ENTER INTO SUPPORT CONTRACTS, AND TO ISSUE BONDS TO PAY THE COSTS OF PROJECTS THAT ARE SOLD.

The General Assembly of North Carolina enacts:

SECTION 1. Article 7 of Chapter 62 of the General Statutes is amended by adding a new section to read:

(a) The Commission shall, upon the petition of an electric public utility and after hearing, approve an annual rider to the electric public utility's rates to recover the North Carolina retail portion of all reasonable and prudent costs incurred to acquire, operate, and maintain the proportional interest in electric generating facilities purchased from a joint agency established under Chapter 159B of the General Statutes. For the purposes of this section, "acquisition costs" means the amount paid by an electric public utility on or before December 31, 2016, to acquire the generating facilities, including the amount paid above the net book value of the generating facilities. The Commission shall adopt rules to implement the provisions of this section.

(b) In determining the amount of the rider, the Commission shall:

(1) Allow an electric public utility to recover acquisition costs, as reasonable and prudent costs. For the benefit of the consumer, the acquisition costs shall be levelized over the useful life of the assets at the time of acquisition.

(2) Include financing costs equal to the weighted average cost of capital as authorized by the Commission in the electric public utility's most recent general rate case.

(3) Include an estimate of operating costs based on prior year's experience and the costs projected for the next 12-month period for any proportional capital investments in the acquired electric generating facilities.

(4) Include adjustments to reflect the North Carolina retail portion of financing and operating costs related to the electric public utility's other used and useful generating facilities owned at the time of the acquisition to properly account for updated jurisdictional allocation factors.

(5) Utilize the customer allocation methodology approved by the Commission in the electric public utility's most recent general rate case.

(c) The Commission shall require that an electric public utility file the following proposed annual adjustments to the rider:
(1) Any under-recovery or over-recovery resulting from the operation of the rider.

(2) Any changes necessary to recover costs as forecast for the next 12-month period.

(3) Any changes to cost of capital determined in any general rate proceeding occurring after the initial establishment of the rider, where the cost of capital applies to both the remaining acquisition costs and additional capital investment in the electric generating facilities.

(4) Any changes to the customer allocation methodology determined in any general rate proceeding occurring after the initial establishment of the rider.

(d) Any rider established under this section will expire after the end of the useful life of the acquired electric generating facilities at the time of acquisition, with any remaining unrecovered costs deferred until the electric public utility's next general rate proceeding under G.S. 62-133."

SECTION 2. G.S. 159B-2 reads as rewritten:

"§ 159B-2. Legislative findings and purposes.

The General Assembly hereby finds and determines that:

A critical situation exists with respect to the present and future supply of electric power and energy in the State of North Carolina;

The public utilities operating in the State have sustained greatly increased capital and operating costs;

Such public utilities have found it necessary to postpone or curtail construction of planned generation and transmission facilities serving the consumers of electricity in the State, increasing the ultimate cost of such facilities to the public utilities, and that such postponements and curtailments will have an adverse effect on the provision of adequate and reliable electric service in the State;

The above conditions have occurred despite substantial increases in electric rates;

In the absence of further material increases in electric rates, additional postponements and curtailments in the construction of additional generation and transmission facilities may occur, thereby impairing those utilities' ability to continue to provide an adequate and reliable source of electric power and energy in the State;

Seventy-two municipalities in the State have for many years owned and operated systems for the distribution of electric power and energy to customers in their respective service areas and are empowered severally to engage in the generation and transmission of electric power and energy;

Such municipalities owning electric distribution systems have an obligation to provide their inhabitants and customers an adequate, reliable and economical source of electric power and energy in the future;

In order to achieve the economies and efficiencies made possible by the proper planning, financing, sizing and location of facilities for the generation and transmission of electric power and energy which are not practical for any municipality acting alone, and to insure an adequate, reliable and economical supply of electric power and energy to the people of the State, it is desirable for the State of North Carolina to authorize municipal electric systems to jointly plan, finance, develop, own and operate electric generation and transmission facilities appropriate to their needs in order to provide for their present and future power requirements for all uses without supplanting or displacing the service at retail of other electric suppliers operating in the State; and

The joint planning, financing, development, ownership and operation of electric generation and transmission facilities by municipalities which own electric distribution systems and the issuance of revenue bonds for such purposes as provided in this Chapter is for a public use and for public and municipal purposes and is a means of achieving economies, adequacy and reliability in the generation of electric power and energy and in the meeting of future needs of the State and its inhabitants.
Municipal electric systems that have jointly planned, developed, acquired, owned, and financed electric generation and transmission facilities through joint agencies in furtherance of the purposes of this Chapter also may benefit from obtaining their power and energy requirements from replacement resources, the disposition of facilities owned by joint agencies, and the issuance by joint agencies of bonds to refinance the outstanding debt incurred with respect to facilities to the extent outstanding debt cannot be completely defeased in connection with the disposition of the facilities, and it is desirable for the State of North Carolina to facilitate the foregoing. Refinancing debt, and financing any collateral posting requirements incident to replacement power and energy resources that may be acquired, by the issuance of revenue bonds secured by payments by municipal electric systems, is for a public use and for a public and municipal purpose and is an alternative means, together with the disposition of the jointly owned facilities and acquisition of replacement sources of power and energy, of achieving economies, adequacy and reliability of electric power and energy supply, and in meeting the future needs of the State and its inhabitants.

In addition to the authority granted municipalities to jointly plan, finance, develop, own and operate electric generation and transmission facilities by Article 2 of this Chapter and the other powers granted in said Article 2, and in addition and supplemental to powers otherwise conferred on municipalities by the laws of this State for interlocal cooperation, it is desirable for the State of North Carolina to authorize municipalities and joint agencies to form joint municipal assistance agencies which shall be empowered to provide aid and assistance to municipalities in the construction, ownership, maintenance, expansion and operation of their electric systems, and to empower joint agencies authorized herein to provide aid and assistance to municipalities or joint municipal assistance agencies in the development and implementation of integrated resource planning, including, but not limited to, the evaluation of resources, generating facilities, alternative energy resources, conservation and load management programs, transmission and distribution facilities, and purchase power options, and in the development, construction and operation of supply-side and demand-side resources, in addition to exercising such other powers as hereinafter provided to joint municipal assistance agencies and joint agencies. In order to provide maximum economies and efficiencies to municipalities and the consuming public in the generation and transmission of electric power and energy contemplated by Article 2 of this Chapter, it is also desirable that the joint municipal assistance agencies authorized herein be empowered to act as provided in Article 3 of this Chapter and that such agency or agencies be empowered to act for and on behalf of any one or more municipalities or joint agencies, as requested, with respect to the construction, ownership, maintenance, expansion and operation of their electric systems; and that the joint agencies authorized herein be empowered to act as provided in Article 2 of this Chapter and that such joint agencies be empowered to act for and on behalf of any one or more municipalities or joint municipal assistance agencies, in each case as requested, with respect to the integrated resource planning and development, construction, and operation of supply-side and demand-side options described above.”

SECTION 3. G.S. 159B-11 reads as rewritten: "§ 159B-11. General powers of joint agencies; prerequisites to undertaking projects. (a) Each joint agency shall have all of the rights and powers necessary or convenient to carry out and effectuate the purposes and provisions of this Chapter, including, but without limiting the generality of the foregoing, the rights and powers:

To dispose of by private negotiated sale or lease, or otherwise, an existing project or a project under construction, or to dispose of by private negotiated sale or lease, or otherwise any facilities for the development, production, manufacture, procurement, handling, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water; no provisions of law with respect to the disposition of property by other public bodies shall be applicable to an agency created pursuant to this Chapter unless the legislature shall specifically so state.

To fix, charge and collect rents, rates, fees and charges for electric power or energy and other services, facilities and commodities sold, furnished or supplied through any project or activity permitted in this Chapter.

To fix, charge, and collect payments pursuant to support contracts authorized by G.S. 159B-12(b).

To generate, produce, transmit, deliver, exchange, purchase, sell for resale only, electric power or energy, and to enter into contracts for any or all such purposes.

To negotiate and enter into contracts for the purchase, sale for resale only, exchange, interchange, wheeling, pooling, transmission or use of electric power and energy with any person, firm, association, or corporation, public or private.

To make and execute contracts and other instruments necessary or convenient in the exercise of the powers and functions of the joint agency under this Chapter, including contracts with persons, firms, associations, or corporations, public or private.

To apply to the appropriate agencies of the State, the United States or any state thereof, and to any other proper agency, for such permits, licenses, certificates or approvals as may be necessary, and to construct, maintain and operate projects and undertake other activities permitted in this Chapter in accordance with such licenses, permits, certificates or approvals, and to obtain, hold and use such licenses, permits, certificates and approvals in the same manner as any other person or operating unit of any other person.

To employ engineers, architects, attorneys, real estate counselors, appraisers, financial advisors and such other consultants and employees as may be required in the judgment of the joint agency and to fix and pay their compensation from funds available to the joint agency therefor and to select and retain subject to approval of the Local Government Commission the financial consultants, underwriters and bond attorneys to be associated with the issuance of any bonds and to pay for services rendered by underwriters, financial consultants or bond attorneys out of the proceeds of any such issue with regard to which the services were performed.

To purchase power and energy, and services and facilities relating to the utilization of power and energy, from any source on behalf of its members and other customers and to furnish, sell, lease, exchange, transfer, or otherwise dispose of, or to grant options for any such purposes with respect to the same, to its members and other customers in such amounts, with such characteristics, for such periods of time and under such terms and conditions as the governing board of the joint agency shall determine.

To provide aid and assistance to municipalities, and to act for or on behalf of any municipality, in any activity related to the development and implementation of integrated resource planning, including, but not limited to, the evaluation of resources, generating facilities, alternative energy

(b) No joint agency shall undertake any project required to be financed, in whole or in part, with the proceeds of bonds without the approval of a majority of its members. Before undertaking any project, a joint agency shall, based upon engineering studies and reports, determine that such project is required to provide for the projected needs for power and energy of its members from and after the date the project is estimated to be placed in normal and continuous operation and for a reasonable period of time thereafter. Prior to or simultaneously with granting a certificate of public convenience and necessity for any such generation project by the North Carolina Utilities Commission, in a proceeding instituted pursuant to G.S. 159B-24 of this Chapter, shall approve such determination. In determining the future power requirements of the members of a joint agency, there shall be taken into account the following:

(1) The economies and efficiencies to be achieved in constructing on a large scale facilities for the generation of electric power and energy;

(2) Needs of the joint agency for reserve and peaking capacity and to meet obligations under pooling and reserve-sharing agreements reasonably related to its needs for power and energy to which the joint agency is or may become a party;

(3) The estimated useful life of such project;

(4) The estimated time necessary for the planning, development, acquisition, or construction of such project and the length of time required in advance to obtain, acquire or construct additional power supply for the members of the joint agency;

(5) The reliability and availability of existing alternative power supply sources and the cost of such existing alternative power supply sources.

A determination by the joint agency approved by the North Carolina Utilities Commission based upon appropriate findings of the foregoing matters shall be conclusive as to the appropriateness of a project to provide the needs of the members of a joint agency for power and energy unless a party to the proceeding aggrieved by the determination of said Commission shall file notice of appeal pursuant to Article 5 of Chapter 62 of the General Statutes of North Carolina.

Nothing herein contained shall prevent a joint agency from undertaking studies to determine whether there is a need for a project or whether such project is feasible."

SECTION 4. G.S. 159B-12 reads as rewritten:

"§ 159B-12. Sale of capacity and output by a joint agency; support contracts; other contracts with a joint agency.

(a) Any municipality which is a member of the joint agency may contract to buy from the joint agency power and energy for its present or future requirements, including the capacity and output of one or more specified projects. As the creation of a joint agency is an alternative method whereby a municipality may obtain the benefits and assume the responsibilities of ownership in a project, any such contract may provide that the municipality so contracting shall be obligated to make the payments required by the contract whether or not a project is completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of a project or the power and energy
contracted for, and that such payments under the contract shall not be subject to any reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint agency or any other member of the joint agency under the contract or any other instrument. Any contract with respect to the sale or purchase of capacity or output of a project entered into between a joint agency and its member municipalities may also provide that if one or more of such municipalities shall default in the payment of its or their obligations with respect to the purchase of said capacity or output, then in that event the remaining member municipalities which are purchasing capacity and output under the contract shall be required to accept and pay for and shall be entitled proportionately to and may use or otherwise dispose of the capacity or output which was to be purchased by the defaulting municipality. Notwithstanding the provisions of any other law to the contrary, any such contract with respect to the sale or purchase of capacity, output, power, or energy from a project may extend for a period not exceeding 50 years from the date a project is estimated to be placed in normal continuous operation.

(b) If any municipality which is a member of the joint agency has contracted to buy from the joint agency the capacity and output of one or more specified projects as contemplated by and containing characteristics authorized by subsection (a) of this section, and if the joint agency has acquired one or more projects and financed the acquisition of any project by issuing bonds pursuant to the provisions of this Chapter, and if the joint agency sells or otherwise disposes of any project, and if the proceeds of the sale or other disposition of any project, together with other moneys available to the joint agency for the purpose of paying the bonds, are not sufficient to pay or provide for the payment of the principal of, premium, if any, and interest on all of such bonds issued to finance the acquisition of the existing project or projects, the municipality may enter into a support contract with the joint agency to pay a proportionate share of the principal of, premium, if any, and interest on bonds issued by the joint agency to (i) finance any required reserves and other costs associated with the support contracts and the issuance of the bonds authorized by G.S. 159B-14.

As a support contract authorized by this subsection is a replacement for and in lieu of the payment obligations authorized by subsection (a) of this section related to an existing project or projects, any support contract may provide that the contracting municipality is obligated to make the payments required by the support contract unconditionally and without offset, counterclaim, or otherwise, and notwithstanding the performance or nonperformance of the joint agency under the support contract, or of any other municipality entering into a similar support contract with the joint agency, or the delivery of or failure to deliver power or energy or the performance or nonperformance by any party under any related power supply contract. Any support contract entered into between a joint agency and its member municipalities may also provide that if any municipality defaults in the payment of its obligations under the support contract, the remaining member municipalities subject to the contract are required to pay a proportionate share of the defaulted payments.

Notwithstanding the provisions of any other law to the contrary, the obligations of the municipality under a support contract may extend for a period of 30 years, except for accrued obligations as of the expiration of the period for which the contract may be continued until the accrued obligations are fully satisfied, and, with respect to administrative costs only, for a reasonable period of time thereafter.

Obligations under a support contract shall not be taken into account in computing any debt or other limitation that may be imposed by law. Being on account of the refinancing of obligations incurred in connection with the acquisition of a project or projects, the obligations of the municipality under any support contract shall constitute an operating expense of its municipal electric system for all purposes of G.S. 159-47 and other purposes, save only as may have been duly contracted with bondholders of the municipality.
(c) Any municipality may contract with a joint agency, or may contract indirectly with a joint agency through a joint municipal assistance agency, to implement the provisions of G.S. 159B-11(19a) and (19b). Notwithstanding the provisions of any law to the contrary, including, but not limited to, the provisions of G.S. 159B-44(13), any contract between a joint agency and a municipality or a joint municipal assistance agency (or between a municipality and a joint municipal assistance agency) to implement the provisions of G.S. 159B-11(19b) may extend for a period not exceeding 30 years; provided, that any such contract in respect of a capital project to be used by or for the benefit of a municipality shall be subject to the prior approval of the Local Government Commission of North Carolina. In reviewing any such contract for approval, said Local Government Commission shall consider the municipality's debt management procedures and policies, whether the municipality is in default with respect to its debt service obligations and such other matters as said Local Government Commission may believe to have a bearing on whether the contract should be approved.

(d) Notwithstanding the provisions of any law to the contrary, the execution and effectiveness of any contracts authorized by this section shall not be subject to any authorizations or approvals by the State or any agency, commission or instrumentality or political subdivision thereof except as in this Chapter specifically required and provided.

Payments by a municipality under any contract authorized by this section shall be made solely from the revenues derived from the ownership and operation of the electric system of said municipality and any obligation under such contract shall not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any property of the municipality or upon any of its income, receipts, or revenues, except the revenues of its electric system, and neither the faith and credit nor the taxing power of the municipality are, or may be, pledged for the payment of any obligation under any such contract. A municipality or joint agency, pursuant to an agreement with a municipality, shall be obligated to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, activities permitted in this Chapter, facilities and commodities sold, furnished or supplied through the electric system of the municipality sufficient to provide revenues adequate to meet its obligations under any such contract and to pay any and all other amounts payable from or constituting a charge and lien upon such revenues, including amounts sufficient to pay the principal of and interest on general obligation bonds heretofore or hereafter issued by the municipality for purposes related to its electric system and payments pursuant to support contracts authorized by subsection (b) of this section. The willful or negligent failure by any municipality to comply with the obligations applicable to it shall constitute a failure or refusal to comply with the provisions of this Chapter for purposes of G.S. 159-181(c), and the financial powers of the governing board of the municipality that may be vested in the Local Government Commission pursuant to G.S. 159-181(c) shall include those powers incident to carrying out the requirements and obligations specified in this section.

Payments by any joint municipal assistance agency to any joint agency under any contract or contracts authorized by this section, shall be made solely from the sources specified in such contract or contracts and no other, and any obligation under such contract shall not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any property of the joint municipal assistance agency or upon any of its income, receipts, or revenues, or upon any property of any municipality with which the joint agency or joint municipal assistance agency contracts or upon any of such municipality's income, receipts, or revenues in each case except such sources so specified. A joint municipal assistance agency shall be obligated to fix, charge and collect rents, rates, fees, and charges for providing aid and assistance sufficient to provide revenues adequate to meet its obligations under such contract.

Any municipality which is a member of a joint agency may furnish the joint agency with money derived solely from the ownership and operation of its electric system or facilities and provide the joint agency with personnel, equipment and property, both real and personal. Any municipality may also provide any services to a joint agency.
Any member of a joint agency may contract for, advance or contribute funds derived solely from the ownership and operation of its electric system or facilities to a joint agency as may be agreed upon by the joint agency and the member, and the joint agency shall repay such advances or contributions from proceeds of bonds, from operating revenues or from any other funds of the joint agency, together with interest thereon as may be agreed upon by the member and the joint agency.”

SECTION 5. G.S. 159B-14 reads as rewritten:
(a) A joint agency may issue bonds for the purpose of paying the cost of a project and secure both the principal of and interest on the bonds by a pledge of part or all of the revenues derived or to be derived from all or any of its projects, and any additions and betterments thereto or extensions thereof, or from the sale of power and energy and services and facilities related to the utilization of power and energy, or from other activities or facilities permitted in this Chapter, or from contributions or advances from its members. A joint agency may issue bonds that are not for the purpose of paying the cost of a project and secure the bonds solely by a pledge of revenues, solely by a security interest in real or personal property, or by both a pledge of revenues and a security interest in real or personal property. Bonds of a joint agency shall be authorized by a resolution adopted by its governing board and spread upon its minutes.

(b) A joint agency may issue bonds for the purpose of refinancing bonds issued for the purpose of paying the cost of a project, including, but not limited to, paying or providing for the payment of the principal of, premium, if any, and interest on bonds theretofore issued by a joint agency for the purpose of paying the cost of a project which is being sold or otherwise disposed of by the joint agency in whole or in part, and for the purpose of financing any collateral posting requirements of replacement power supply arrangements, and secure the principal of, premium, if any, and interest on the bonds by a pledge of part or all of the revenues derived or to be derived from all or any of its projects, and any additions and betterments thereto or extensions thereof, or from the sale of power and energy and services and facilities related to the utilization of power and energy, or from other activities or facilities permitted in this Chapter, or by a pledge of payments derived from support contracts authorized by G.S. 159B-12, or from contributions or advances from its members. Bonds of a joint agency shall be authorized by a resolution adopted by its governing board and spread upon its minutes.

SECTION 6. G.S. 159B-16(1) reads as rewritten:
"(1) The pledge of all or any part of the revenues derived or to be derived from the project or projects to be financed by the bonds, or from the sale or other disposition of power and energy and services and facilities related to the utilization of power and energy, or from other services or activities permitted in this Chapter, or from payments derived from support contracts authorized by G.S. 159B-12, or from contributions and advances from members of a joint agency, or from the electric system or other facilities of a municipality or a joint agency.”

SECTION 7. G.S. 159B-16.1 reads as rewritten:
"§ 159B-16.1. Revenues – NCEMPA members.
(a) A municipality is hereby authorized to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its electric system or its interest in any joint project. Before it revises its rates, fees or charges as authorized under this subsection, a municipality shall hold a public hearing on the matter. A notice of the hearing shall be published at least once a week for two successive weeks in a newspaper having general circulation in the municipality. The notice shall state that the public hearing will be held in connection with the municipality’s action to revise its rates, fees, or charges authorized in this section and state the amount of the proposed revision. At the hearing, any retail electric customer of the municipality may appear and be heard on the proposed revision to the rates,
fees, or charges. The provisions of G.S. 160A-81 shall apply to any public hearing held under this subsection. The provisions of this subsection relating to a public hearing shall not apply to action required to be taken for a municipality by the Local Government Commission, in accordance with G.S. 159-181(c), or to action required to be taken by a municipality to revise its rates, fees or charges authorized in this subsection if the revision is required to be implemented immediately as a result of a catastrophic event or to avoid impairing the ability of the municipality to comply with applicable law or its contractual obligations relating to its outstanding bonds or other indebtedness. For so long as any bonds of a municipality are outstanding or amounts payable or to become payable by a municipality to a joint agency are and unpaid, or the payment of which is not fully provided for, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its electric system, and its interest in any joint project, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay when due the principal of, premium, if any, and interest on all general obligation bonds heretofore or hereafter issued to finance additions, improvements and betterments to its electric system, and to pay any and all amounts which the municipality may be obligated to pay from said revenues by law or contract, including, but not limited to, a support contract authorized by G.S. 159B-12.

(b) A joint agency is hereby authorized to fix, charge, and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its projects or otherwise as authorized by this Chapter. A joint agency may only take action to change the rates, fees, or charges authorized in this subsection in a public meeting. Notice of the public meeting shall be given to each municipality that is a member of the joint agency. A notice of the meeting shall be published at least once a week for two successive weeks in a newspaper having general circulation in each municipality that is a member of the joint agency. The notice shall state that the public meeting will be held in connection with the joint agency's action to revise its rates, fees, or charges authorized in this subsection and state the amount of the proposed revision. The provisions of this subsection relating to publication of a notice shall not apply to action required to be taken by a joint agency to revise its rates, fees or charges authorized in this subsection if the revision is required to be implemented immediately as a result of a catastrophic event or to avoid impairing the ability of the joint agency to comply with applicable law or its contractual obligations relating to its outstanding bonds or other indebtedness. For so long as any bonds of a joint agency are outstanding and unpaid, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its projects, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay any and all amounts which the joint agency may be obligated to pay from said revenues by law or contract.

(c) Any pledge of revenues, securities, payments derived by support contracts authorized by G.S. 159B-12, or other moneys made by a municipality, joint agency or joint municipal assistance agency pursuant to this Chapter shall be valid and binding from the date the pledge is made. The revenues, securities, support contract payments, and other moneys so pledged and then held or thereafter received by the municipality, joint agency or joint municipal assistance agency or any fiduciary or other depository shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the municipality, joint agency or joint municipal assistance agency without regard to whether such parties have notice thereof. The resolution or trust
agreement or any financing statement, continuation statement or other instrument by which a pledge of revenues, securities or other moneys is created need not be filed or recorded in any manner.

(d) This section applies only to all rates, fees, or charges for electric service provided by the North Carolina Eastern Municipal Power Agency (NCEMPA) or a member city or town of the NCEMPA on or after October 1, 2012. The following cities and towns are members of the North Carolina Eastern Municipal Power Agency: Apex, Ayden, Belhaven, Benson, Clayton, Edenton, Elizabeth City, Farmville, Fremont, Greeneville, Hamilton, Hertford, Hobgood, Hookerton, Kinston, LaGrange, Laurinburg, Louisburg, Lumberton, New Bern, Pikeville, Red Springs, Robersonville, Rocky Mount, Scotland Neck, Selma, Smithfield, Southport, Tarboro, Wake Forest, Washington, and Wilson."

SECTION 8. G.S. 159B-17 reads as rewritten:

"§ 159B-17. Revenues – other municipalities.

(a) A municipality is hereby authorized to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its electric system or its interest in any joint project. For so long as any bonds of a municipality or amounts payable or to become payable to a joint agency are outstanding and are unpaid, or the payments of which is not fully provided for, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its electric system, and its interest in any joint project, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay when due the principal of, premium, if any, and interest on all general obligation bonds hereofore or hereafter issued to finance additions, improvements and betterments to its electric system, and to pay any and all amounts which the municipality may be obligated to pay from said revenues by law or contract, including, but not limited to, a support contract authorized by G.S. 159B-12.

(b) A joint agency is hereby authorized to fix, charge, and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its projects or otherwise as authorized by this Chapter. A retailer that does not send the food service contractor the tax due on the gross receipts derived from a prepaid meal plan is liable for the amount of tax the retailer fails to send to the food service contractor.”

The written notice to the Secretary must be filed with the Secretary prior to expiration of the statute of limitations under subsection (a) of this section for a return or payment in which a contingent event prevents a taxpayer from filing a definite request for a refund of an overpayment. The notice must identify and describe the contingent event, identify the type of tax, list the return or payment affected by the contingent event, and state in clear terms the basis for and an estimated amount of the overpayment.

d. The request must establish by clear, convincing proof that the event or condition is beyond the taxpayer's control and that it prevents the taxpayer's timely filing of an accurate and definite request for a refund of an overpayment. The request must be filed within the period under subsection (a) of this section. The Secretary's decision on the request is final and is not subject to administrative or judicial review."

Subsections (c) and (d) of this section are effective retroactively for taxable years beginning on or after January 1, 2012, and before January 1, 2014. "(a) State Exemption. – Food is exempt from the taxes imposed by this Article unless the food is included in one of the subdivisions in this subsection. The following food items are subject to tax:

(4) Prepared food, other than bakery items sold without eating utensils by an
artisan bakery. The term "bakery item" includes bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, danish, cakes, tortes, pies, tarts, muffins, bars, cookies, and tortillas. An artisan bakery is a bakery that meets all of the following requirements:

For purposes of this subdivision, the term "related person" means a person described in one of the relationships set forth in section 267(b) or 707(b) of the Code."

**SECTION 2.22.(a)** G.S. 105-153.4 reads as rewritten:

"§ 105-153.4. North Carolina taxable income defined.

(a) Residents. – For an individual who is a resident of this State, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and G.S. 105-153.6, multiplied by a fraction the denominator of which is the taxpayer's gross income as modified in G.S. 105-153.5 and G.S. 105-153.6, and the numerator of which is the amount of that gross income, as modified, that is derived from all sources during the period the individual was a resident.

(b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and G.S. 105-153.6, multiplied by a fraction the denominator of which is the taxpayer's gross income as modified in G.S. 105-153.5 and G.S. 105-153.6, and the numerator of which is the amount of that gross income, as modified, that is derived from all sources during the period the individual was a resident.

(c) Part-year Residents. – If an individual was a resident of this State for only part of the taxable year, having moved into or removed from the State during the year, the term "North Carolina taxable income" has the same meaning as in subsection (b) of this section except that the numerator includes gross income, as modified under G.S. 105-153.5 and G.S. 105-153.6, derived from all sources during the period the individual was a resident.

(d) S Corporations and Partnerships. – In order to calculate the numerator of the fraction provided in subsection (b) of this section, the amount of a shareholder's pro rata share of S Corporation income, as modified in G.S. 105-153.5 and G.S. 105-153.6, that is
includable in the numerator is the shareholder’s pro rata share of the S Corporation’s income attributable to the State, as defined in G.S. 105-131(b)(4). In order to calculate the numerator of the fraction provided in subsection (b) of this section for a member of a partnership or other unincorporated business that has one or more nonresident members and operates in one or more other states, the amount of the member’s distributive share of the total net income of the business, as modified in G.S. 105-153.5 and G.S. 105-153.6, that is includable in the numerator is determined by multiplying the total net income of the business by the ratio ascertained under the provisions of G.S. 105-130.4. As used in this subsection, total net income means the entire gross income of the business less all expenses, taxes, interest, and other deductions allowable under the Code that were incurred in the operation of the business.

(e) Tax Year. – A taxpayer must compute North Carolina taxable income on the basis of the taxable year used in computing the taxpayer’s income tax liability under the Code.”

SECTION 2.22.(b) G.S. 105-153.5 is amended by adding a new subsection to read:

"(c1) Other Additions. – S Corporations subject to the provisions of Part 1A of this Article, partnerships subject to the provisions of this Part, and estates and trusts subject to the provisions of Part 3 of this Article must add any amount deducted under section 164 of the Code as state, local, or foreign income tax."

SECTION 2.22.(c) This section is effective for taxable years beginning on or after January 1, 2015.

SECTION 2.23.(a) G.S. 105-164.13 reads as rewritten:

"§ 105-164.13. Retail sales and use tax.

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property, digital property, and services are specifically exempted from the tax imposed by this Article:

(62) An item used to maintain or repair tangible personal property or a motor vehicle pursuant to a service contract taxable under this Article if the purchaser of the contract is not charged for the item. This exemption does not apply to an item used to maintain or repair tangible personal property pursuant to a service contract exempt from tax under G.S. 105-164.41(b). For purposes of this exemption, the term “item” does not include a tool, equipment, supply, or similar tangible personal property used to complete the maintenance or repair and that is not deemed to be a component or repair part of the tangible personal property or motor vehicle for which a service contract is sold to a purchaser.

..."

SECTION 2.23.(b) G.S. 105-187.52(c) reads as rewritten:

"(c) Exemption. – State agencies are exempted from the privilege taxes imposed by this Article. The exemption in G.S. 105-164.13(62) does not apply to an item used to maintain or repair tangible personal property pursuant to a service contract exempt from tax under G.S. 105-164.41(b)(4)."

SECTION 2.23.(c) Notwithstanding G.S. 105-164.13(62), as amended by S.L. 2014-3 and by subsection (a) of this section, the sales and use tax exemption in G.S. 105-164.13(62) applies to an item used pursuant to a service contract that meets the definition of a "service contract" as defined in G.S. 105-164.3(38b), notwithstanding that the service contract was sold before January 1, 2014, and effective on, before, or after January 1, 2014.

SECTION 2.23.(d) This section becomes effective October 1, 2014.

SECTION 2.24.(a) Purpose. – The purpose of this section is to extend the statute of limitations for requesting a refund of State income taxes to conform to federal tax treatment
of the rollover of an airline payment amount by a qualified airline employee to a traditional or Roth IRA so as to prevent double taxation of the amount for State income tax purposes.

SECTION 2.24.(b) Definitions. – The following definitions apply in this section:

These funds shall not revert at the end of the 2014-2015 fiscal year but shall remain available during the 2015-2016 fiscal year for expenditure in accordance with this section.

SECTION 2. Of the funds appropriated to the Department of Public Instruction for the 2014-2015 fiscal year for current operations of the Department, the Department shall transfer the sum of two hundred seventy-five thousand dollars ($275,000) to the Department of Administration to support the operations of the Academic Standards Review Commission established in S.L. 2014-78. From these funds, an amount equal to the total of all costs incurred
by the Department of Administration prior to the enactment of this act to support the operations of the Commission shall be credited to the Department. Expenditure of the remainder of these funds shall be made upon authorization by the Commission, only for the following:

SECTION 4. The General Assembly finds that considerable resources have already been expended to allow teachers and members of the public to make known their opinions and concerns surrounding adoption of academic standards. Specifically, the General Assembly finds that (i) on March 20, 2014, a Legislative Research Commission committee heard more than two hours of comment from stakeholders and interested members of the public on the subject; and (ii) on October 20, 2014, the Department of Public Instruction surveyed every public school teacher in the State on the subject. Session Law 2015-8 H.B. 140

AN ACT DESIGNATING THE EIGHTEENTH DAY OF APRIL, 2015, AND THE SECOND MONDAY IN APRIL OF EACH YEAR THEREAFTER AS LINEMAN APPRECIATION DAY.

Whereas, the profession of linemen is steeped in personal, family, and professional tradition; and
Whereas, linemen are often the first responders during storms and other catastrophic events, working to make the scene safe for other public safety heroes; and
Whereas, linemen work with thousands of volts of electricity high atop power lines 24 hours a day, 365 days a year, to keep electricity flowing; and
Whereas, linemen must often work under dangerous conditions far from their families to construct and maintain the energy infrastructure of the United States; and
Whereas, linemen put their lives on the line every day with little recognition from the community regarding the danger of their work; and
Whereas, it is appropriate to honor the brave men and women who work to keep the power on and protect public safety by designating April 18, 2015, and the second Monday in April of each year thereafter as Lineman Appreciation Day; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The eighteenth day of April, 2015, is designated as Lineman Appreciation Day in North Carolina.

SECTION 2. Chapter 103 of the General Statutes is amended by adding a new section to read:

"§ 103-14. Lineman Appreciation Day.
The second Monday in April of each year is designated as Lineman Appreciation Day in North Carolina."

SECTION 3. Section 2 of this act becomes effective July 1, 2015. The remainder of this act is effective when it becomes law.

Session Law 2015-9  
H.B. 364

AN ACT TO CLARIFY THE CONFLICT OF INTEREST PROVISIONS FOR CERTAIN COMMISSIONS AND TO MODIFY APPOINTMENTS TO SEVERAL STATE BOARDS AND COMMISSIONS.

Whereas, the Environmental Management Commission was established by Section 19 of S.L. 1973-1262, effective July 1, 1974; and
Whereas, as provided in G.S. 143B-282(a), the Environmental Management Commission was established with the power and duty to promulgate rules for the protection, preservation, and enhancement of the water and air resources of the State; and
Whereas, the membership of the Environmental Management Commission was established by Section 20 of S.L. 1973-1262; and
Whereas, subdivision (9) of subsection (a) of Section 20 of S.L. 1973-1262 provided, "The Governor, by executive order, shall promulgate criteria for determining the eligibility of persons under this section and for this purpose, may promulgate the rules, regulations or guidelines established by any federal agency interpreting and applying equivalent provisions of law."; and
Whereas, Section 5 of S.L. 1979-1158 amended the provision enacted by subdivision (9) of subsection (a) of Section 20 of S.L. 1973-1262 to also provide, "The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this section, giving due regard to the requirements of federal legislation, and for this purpose may promulgate rules, regulations or guidelines in conformance with those established by any federal agency interpreting and applying provisions of federal law."; and
Whereas, the provision enacted by subdivision (9) of subsection (a) of Section 20 of S.L. 1973-1262, as subsequently amended, currently provides in G.S. 143B-283(c), "The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this subsection, giving due regard to the requirements of federal legislation, and for this purpose may promulgate rules, regulations or guidelines in conformance with those established by any federal agency interpreting and applying provisions of federal law."; and

Whereas, the Coastal Resources Commission was established by Section 1 of S.L. 1973-1284, effective July 1, 1974; and

Whereas, the Coastal Resources Commission was established to implement the Coastal Area Management Act of 1974; and

Whereas, as provided in G.S. 113A-102(b), the goals of the Coastal Area Management Act include management of the natural coastal systems in order to protect and maintain their natural productivity and their biological, economic, and esthetic values and management of development and preservation of the land and water resources of the coastal area in a manner consistent with the capability of the land and water for development, use, or preservation based on ecological considerations; and

Whereas, the membership of the Coastal Resources Commission was established by Section 1 of S.L. 1973-1284; and

Whereas, Section 1 of S.L. 1989-505 amended the membership provisions established by Section 1 of S.L. 1973-1284 to provide, "The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this section."; and

Whereas, the provision enacted by Section 1 of S.L. 1973-1284, as subsequently amended, currently provides, "The Governor shall require adequate disclosure of potential conflicts of interest by these members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this subsection."; and

Whereas, the Coal Ash Management Commission was established by Section 3.(a) of S.L. 2014-122, effective September 20, 2014; and

Whereas, as provided in G.S. 130A-309.202(a), the Coal Ash Management Commission was established in recognition of the complexity and magnitude of the issues associated with the management of coal combustion residuals and the proper closure and remediation of coal combustion residuals surface impoundments; and

Whereas, as provided in G.S. 130A-309.213(c), the Coal Ash Management Commission must evaluate all information submitted in accordance with the Coal Ash Management Act related to the proposed classifications of coal combustion residuals surface impoundments and may only approve a proposed classification if it determines that the classification was developed in accordance with the Coal Ash Management Act and that the classification accurately reflects the level of risk posed by the coal combustion residuals surface impoundment; and

Whereas, as provided in G.S. 130A-309.214(d), the Coal Ash Management Commission must approve a Closure Plan if it determines that the Closure Plan was developed in accordance with the Coal Ash Management Act, that implementation of the Closure Plan according to the Closure Plan's schedule is technologically and economically feasible, and the Closure Plan is protective of the public health, safety, and welfare; the environment; and natural resources. In addition, the Commission may consider any impact on electricity costs and reliability, but this factor may not be dispositive of the Commission's determination; and

Whereas, like the Environmental Management Commission and the Coastal Resources Commission, the Coal Ash Management Commission was established to evaluate complex issues related to the risks posed by environmental contaminants and ensure that the
actions taken to manage environmental contaminants are protective of the public health, safety, and welfare; the environment; and natural resources; and

Whereas, due to the similar powers and duties shared by the Coal Ash Management Commission with the Environmental Management Commission and the Coastal Resources Commission, the General Assembly modelled many of the provisions establishing the Coal Ash Management Commission on provisions establishing the Environmental Management Commission and the Coastal Resources Commission; and

Whereas, the General Assembly modelled the conflict of interest and disclosure provision of the Coal Ash Management Commission found in G.S. 130A-309.202(j) on the long-standing and unchallenged conflict of interest and disclosure provisions of the Environmental Management Commission and the Coastal Resources Commission; and

Whereas, although the General Assembly finds that measures to prevent conflicts of interest for public servants and to provide abundant disclosure to prevent the appearance of conflicts of interest are of the utmost public good, the General Assembly finds that implementing such measures through issuance of an Executive Order by the Governor is unnecessary and that the Governor may determine that such additional measures are not necessary given the protections provided under Chapter 138A of the General Statutes, the State Government Ethics Act; and

Whereas, the holding of the North Carolina Supreme Court in Wallace v. Bone, 304 N.C. 591 (1982), prohibits legislators from serving on certain boards; and

Whereas, since Wallace v. Bone, the General Assembly has periodically enacted legislation removing legislators from serving in such capacities when those instances arise; and

Whereas, the General Assembly has determined that legislators are not eligible to serve on certain existing boards and commissions; Now, therefore,

The General Assembly of North Carolina enacts:

Drugs identified as having narrow therapeutic indices shall be designated by the North Carolina Secretary of Health and Human Services upon the advice of the State Health Director, North Carolina Board of Pharmacy, and North Carolina Medical Board, as narrow therapeutic index drugs and shall be subject to the provisions of G.S. 90-85.28(b1). Entry into one of the above referenced methods of communication is presumed to provide the required communication. Otherwise, the pharmacist or a designee shall provide the required communication to the prescriber by facsimile, telephone, electronic transmission, or other prevailing means, provided that communication shall not be required under any of the following circumstances:

1. There is no United States Food and Drug Administration-approved interchangeable biological product for the product prescribed.

(c) The pharmacist shall not select an equivalent drug or interchangeable biological product unless its price to the purchaser is less than the price of the prescribed drug product.”

AN ACT TO AMEND THE LAW ESTABLISHING THE CHARLOTTE FIREFIGHTERS' RETIREMENT SYSTEM.

The General Assembly of North Carolina enacts:

"Sec. 12. Failure to Return From Active Military Duty.

(a) Generally. Should any Member of this Retirement System who entered the Armed Forces of the United States of America pursuant to the provisions of Section 6 of this act fail to return to employment with the Charlotte Fire Department within the period for which his reemployment rights are guaranteed by law, said Member shall thereupon cease membership and shall be entitled to a deferred benefit or reimbursement of his contributions in the same manner and in all respects as provided for in Section 10 or 11 of this act, whichever is applicable.

Such former Member shall not receive Membership Service Credit for the period of active military duty or any period after discharge or release from active duty from the Armed Forces for which his reemployment rights had been guaranteed by law.

(b) Death or Disability. In the case of a death or disability occurring on or after January 1, 2007, if a Member dies while performing qualified military service (as defined in section 414(u) of the Code), the survivors of the Member are entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) provided under the System as if the Member had resumed and then terminated employment on account of death.

(c) Benefit Accrual. For benefit accrual purposes, the System treats an individual who, on or after January 1, 2007, dies or becomes disabled (as defined under the terms of the System) while performing qualified military service with respect to the Charlotte Fire
Department as if the individual had resumed employment in accordance with the individual's reemployment rights under USERRA, on the day preceding death or disability (as the case may be) and terminated employment on the actual date of death or disability. The System will determine the amount of Member contributions of an individual treated as reemployed under this section for purposes of applying section 414(u)(8)(C) of the Code on the basis of the individual's average actual employee contributions for the lesser of (i) the 12-month period of service with the Sponsor immediately prior to qualified military service or (ii) if service with the Sponsor is less than such 12-month period, the actual length of continuous service with the Sponsor.

(d) Differential Wage Payments. For years beginning after December 31, 2008, (i) an individual receiving a differential wage payment, as defined by section 3401(h)(2) of the Code, shall be treated as a Member of the Sponsor making the payment; (ii) the differential wage payment shall be treated as compensation; and (iii) the System shall not be treated as failing to meet the requirements of any provision described in section 414(u)(1)(C) of the Code by reason of any contribution or benefit that is based on the differential wage payment.

"Sec. 13.1. Direct Rollover of Eligible Rollover Distributions. (a) This Section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of the plan to the contrary that would otherwise limit a distributee's election under this Section, a distributee may elect, at the time and in the manner prescribed by the plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(b) Definitions.

(1) Eligible rollover distribution. An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and any hardship distribution described in section 401(k)(2)(B)(i)(IV). A portion of a distribution shall not fail to be an eligible rollover distribution merely because a portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

(2) Eligible retirement plan. An eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. With respect to distributions made after December 31, 2001, an eligible retirement plan shall also mean (i) an annuity contract described in
section 403(b) of the Code and (ii) an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this plan. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code.

(3) Distributee. A distributee includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, are distributees with regard to the interest of the spouse or former spouse.

(4) Direct rollover. A direct rollover is a payment by the plan to the eligible retirement plan specified by the distributee.

(5) Non-spouse beneficiary rollover right. For distributions after December 31, 2009, a non-spouse beneficiary who is a "designated beneficiary" under section 401(a)(9)(E) of the Code and the regulations thereunder, by a direct trustee-to-trustee transfer (direct rollover), may roll over all or any portion of his or her distribution to an Individual Retirement Account (IRA) the beneficiary establishes for purposes of receiving the distribution. In order to be able to roll over the distribution, the distribution otherwise must satisfy the definition of an "eligible rollover distribution" under section 401(a)(31) of the Code. If a non-spouse beneficiary receives a distribution from the System, the distribution is not eligible for a 60-day (non-direct) rollover. If the Participant's named beneficiary is a trust, the System may make a direct rollover to an IRA on behalf of the trust, provided the trust satisfies the requirements to be a designated beneficiary within the meaning of section 401(a)(9)(E) of the Code. A non-spouse beneficiary may not roll over an amount that is a required minimum distribution, as determined under applicable Regulations and other Internal Revenue Service guidance. If the Participant dies before his or her required beginning date and the non-spouse beneficiary rolls over to an IRA the maximum amount eligible for rollover, the beneficiary may elect to use either the 5-year rule or the life expectancy rule, pursuant to Regulations Section 1.401(a)(9)-3, A-4(c), in determining the required minimum distributions from the IRA that receives the non-spouse beneficiary's distribution.

(6) Roth IRA rollover. For distributions made after December 31, 2007, a Participant or beneficiary may elect to roll over directly an "eligible rollover distribution" to a Roth IRA described in section 408A(b) of the Code.

(c) In the event of a mandatory distribution greater than one thousand dollars ($1,000) that is made without the Member's consent and is made to the Member before the Member attains the later of age 62 or Normal Retirement Age, if the Member does not elect to have such distribution paid directly to an eligible retirement plan specified by the Member in a direct rollover or to receive the distribution from the Plan, the Administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Administrator."

"Sec. 23.1 Retiree Health Insurance Premiums. Effective January 1, 2007, a Member who is an "eligible retired public safety officer" as defined in section 402(l)(4)(B) of the Code
who retired pursuant to Section 15, Section 19, or Section 20 of this act may elect to receive a distribution from the System in an amount not to exceed the lesser of the following:

(1) The amount paid by such Member for qualified health insurance premiums of the Member, the Member's spouse, or dependents (as defined in section 152 of the Code) for such taxable year; or

(2) Three thousand dollars ($3,000) for the taxable year.

Any distribution pursuant to this section shall reduce the benefit payable to the Member for the taxable year from the System. Such distribution shall be paid directly to the provider of the accident or health insurance. All distributions under this section shall be made in compliance with section 402(1) of the Code and any guidance issued thereunder.

SECTION 4. This act applies only to the City of Charlotte.

SECTION 5. This act becomes effective July 1, 2015.

In the General Assembly read three times and ratified this the 1st day of June, 2015.

SECTION 1.1. G.S. 7B-2101(b) reads as rewritten:

"(b) When the juvenile is less than 14-16 years of age, no in-custody admission or confession resulting from interrogation may be admitted into evidence unless the confession or admission was made in the presence of the juvenile's parent, guardian, custodian, or attorney. If an attorney is not present, the parent, guardian, or custodian as well as the juvenile must be advised of the juvenile's rights as set out in subsection (a) of this section; however, a parent, guardian, or custodian may not waive any right on behalf of the juvenile."

SECTION 1.2. G.S. 7B-2202(f) reads as rewritten:

"(f) If the court does not find probable cause for a felony offense, the court shall:
(1) Dismiss the proceeding, or
(2) If the court finds probable cause to believe that the juvenile committed a lesser included offense that would constitute a misdemeanor if committed by an adult, either proceed to an adjudicatory hearing or set a date for that hearing. The adjudicatory hearing shall be a separate hearing. The court may continue the adjudicatory hearing for good cause."

SECTION 1.3. G.S. 7B-2203(d) reads as rewritten:

"(d) If the court does not transfer the case to superior court, the court shall either proceed to an adjudicatory hearing or set a date for that hearing. The adjudicatory hearing shall be a separate hearing. The court may continue the adjudicatory hearing for good cause."

SECTION 1.4. Article 24 of Chapter 7B of the General Statutes is amended by adding a new section to read:

"§ 7B-2408.5. Motion to suppress evidence in adjudicatory hearings: procedure; appeal.
(a) A motion to suppress evidence in court made before the adjudicatory hearing must be in writing and a copy of the motion must be served upon the State. The motion must state the grounds upon which it is made. The motion must be accompanied by an affidavit containing facts supporting the motion. The affidavit may be based upon personal knowledge, or upon
information and belief, if the source of the information and the basis for the belief are stated. The State may file an answer denying or admitting any of the allegations. A copy of the answer must be served on the juvenile's counsel or the juvenile's parent, guardian, or custodian, if the juvenile has no counsel.

(b) The judge must summarily grant the motion to suppress evidence if:
(1) The motion complies with the requirements of subsection (a) of this section, it states grounds which require exclusion of the evidence, and the State concedes the truth of allegations of fact which support the motion; or
(2) The State stipulates that the evidence sought to be suppressed will not be offered in evidence in any juvenile proceeding.

(c) The judge may summarily deny the motion to suppress evidence if:
(1) The motion does not allege a legal basis for the motion; or
(2) The affidavit does not as a matter of law support the ground alleged.

(d) If the motion is not determined summarily, the judge must make the determination after a hearing and finding of facts. Testimony at the hearing must be under oath.

(e) A motion to suppress made during the adjudicatory hearing may be made in writing or orally and may be determined in the same manner as when made before the adjudicatory hearing.

(f) The judge must set forth in the record his or her findings of facts and conclusions of law.

(g) An order finally denying a motion to suppress evidence may be reviewed upon appeal of a final order of the court in a juvenile matter.

(h) The provisions of G.S. 15A-974 shall apply to this section.

PART II. REDUCE FURTHER ENTRY OF JUVENILES

SECTION 2.1. G.S. 7B-1701 reads as rewritten:

"§ 7B-1701. Preliminary inquiry.
When a complaint is received, the juvenile court counselor shall make a preliminary determination as to whether the juvenile is within the jurisdiction of the court as a delinquent or undisciplined juvenile. If the juvenile court counselor finds that the facts contained in the complaint do not state a case within the jurisdiction of the court, that legal sufficiency has not been established, or that the matters alleged are frivolous, the juvenile court counselor, without further inquiry, shall refuse authorization to file the complaint as a petition.

If a complaint against the juvenile has not been previously received, as determined by the juvenile court counselor, the juvenile court counselor shall make reasonable efforts to meet with the juvenile and the juvenile's parent, guardian, or custodian if the offense is divertable. When requested by the juvenile court counselor, the prosecutor shall assist in determining the sufficiency of evidence as it affects the quantum of proof and the elements of offenses.

The juvenile court counselor, without further inquiry, shall authorize the complaint to be filed as a petition if the juvenile court counselor finds reasonable grounds to believe that the juvenile has committed one of the following nondischargeable offenses:
(1) Murder;
(2) First-degree rape or second degree rape;
(3) First-degree sexual offense or second degree sexual offense;
(4) Arson;
(5) Any violation of Article 5, Chapter 90 of the General Statutes that would constitute a felony if committed by an adult;

SECTION 2.2. G.S. 7B-2404 reads as rewritten:

"§ 7B-2404. Participation of the prosecutor; voluntary dismissal.
A prosecutor shall represent the State in contested delinquency hearings including first appearance, detention, probable cause, transfer, adjudicatory, dispositional, probation revocation, post-release supervision, and extended jurisdiction hearings.

A prosecutor may dismiss any allegations stated in a juvenile petition with or without leave by entering an oral dismissal in open court at any time or by filing a written dismissal with the clerk. The juvenile, the juvenile’s parent, guardian, or custodian, and the juvenile’s counsel shall be notified of the dismissal by the prosecutor either in open court or by being served with the written dismissal. In addition, the written dismissal shall be served on (i) the chief court counselor or his or her designee and (ii) if the juvenile is being held in a detention center, the director of the detention center. If the prosecutor dismisses the petition with leave because of the failure of the juvenile to appear in court, the prosecutor may refile the petition if the juvenile is apprehended or apprehension is imminent.

SECTION 2.3. G.S. 7B-2507(a) reads as rewritten:

"(a) Generally. – The delinquency history level for a delinquent juvenile is determined by calculating the sum of the points assigned to each of the juvenile’s prior adjudications and to the juvenile’s probation status, if any, that the court finds to have been proved in accordance with this section. For the purposes of this section, a prior adjudication is an adjudication of an offense that occurs before the adjudication of the offense before the court."

SECTION 2.4. G.S. 7B-2510 reads as rewritten:

"§ 7B-2510. Conditions of probation; violation of probation.

(c) An order of probation shall remain in force for a period not to exceed one year from the date entered. Prior to expiration of an order of probation, the court may extend it for an additional period of one year after notice and a hearing, if the court finds that the extension is necessary to protect the community or to safeguard the welfare of the juvenile. At the discretion of the court, the hearing to determine to extend probation may occur after the expiration of an order of probation at the next regularly scheduled court date or if the juvenile fails to appear in court.

(d) On motion of the juvenile court counselor or the juvenile, or on the court’s own motion, the court may review the progress of any juvenile on probation at any time during the period of probation or at the end of probation. The conditions or duration of probation may be modified only as provided in this Subchapter and only after notice and a hearing.

(e) If the court, after notice and a hearing, finds by the greater weight of the evidence that the juvenile has violated the conditions of probation set by the court, the court may continue the original conditions of probation, modify the conditions of probation, or, except as provided in subsection (f) of this section, order a new disposition at the next higher level on the disposition chart in G.S. 7B-2508, dispositional. In the court’s discretion, part of the new disposition may include an order the court may order a new disposition at the next higher level on the disposition chart or order a term of confinement in a secure juvenile detention facility for up to twice the term authorized by G.S. 7B-2508, in addition to any other Level 2 dispositional option.

(f) A court shall not order a Level 3 disposition for violation of the conditions of probation by a juvenile adjudicated delinquent for an offense classified as minor under G.S. 7B-2508."

SECTION 2.5. G.S. 7B-2512 reads as rewritten:

"§ 7B-2512. Dispositional order.

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The court shall include information at the time of issuing the dispositional order, either orally in court or in writing, on the expunction of juvenile records as provided for in G.S. 7B-3200 that are applicable to the dispositional order.”

PART III. JUVENILE CONFINEMENT

SECTION 3.1. G.S. 7B-1903 reads as rewritten:

"§ 7B-1903. Criteria for secure or nonsecure custody.

(a) When a request is made for nonsecure custody, the court shall first consider release of the juvenile to the juvenile's parent, guardian, custodian, or other responsible adult. An order for nonsecure custody shall be made only when there is a reasonable factual basis to believe the matters alleged in the petition are true, and that:

(1) The juvenile is a runaway and consents to nonsecure custody; or
(2) The juvenile meets one or more of the criteria for secure custody, but the court finds it in the best interests of the juvenile that the juvenile be placed in a nonsecure placement.

(b) When a request is made for secure custody, the court may order secure custody only where the court finds there is a reasonable factual basis to believe that the juvenile committed the offense as alleged in the petition, and that one of the following circumstances exists:

(1) The juvenile is charged with a felony and has demonstrated that the juvenile is a danger to property or persons.
(2) The juvenile has demonstrated that the juvenile is a danger to persons and is charged with either (i) a misdemeanor at least one element of which is assault on a person or (ii) a misdemeanor in which the juvenile used, threatened to use, or displayed a firearm or other deadly weapon.
(2a) The juvenile has demonstrated that the juvenile is a danger to persons and is charged with a violation of G.S. 20-138.1 or G.S. 20-138.3.
(3) The juvenile has willfully failed to appear on a pending delinquency charge or on charges of violation of probation or post-release supervision, providing the juvenile was properly notified.
(4) A delinquency charge is pending against the juvenile, and there is reasonable cause to believe the juvenile will not appear in court.
(5) The juvenile is an absconder from (i) any residential facility operated by the Division or any detention facility in this State or (ii) any comparable facility in another state.
(6) There is reasonable cause to believe the juvenile should be detained for the juvenile's own protection because the juvenile has recently suffered or attempted self-inflicted physical injury. In such case, the juvenile must have been refused admission by one appropriate hospital, and the period of secure custody is limited to 24 hours to determine the need for inpatient hospitalization. If the juvenile is placed in secure custody, the juvenile shall receive continuous supervision and a physician shall be notified immediately.
(7) The juvenile is alleged to be undisciplined by virtue of the juvenile's being a runaway and is inappropriate for nonsecure custody placement or refuses nonsecure custody, and the court finds that the juvenile needs secure custody for up to 24 hours, excluding Saturdays, Sundays, and State holidays, to evaluate the juvenile's need for medical or psychiatric treatment or to facilitate reunion with the juvenile's parents, guardian, or custodian.
(8) The juvenile is alleged to be undisciplined and has willfully failed to appear in court after proper notice; the juvenile shall be brought to court as soon as possible and in no event should be held more than 24 hours, excluding Saturdays, Sundays, and State holidays.
(c) When a juvenile has been adjudicated delinquent, the court may order secure custody pending the dispositional hearing or pending placement of the juvenile pursuant to G.S. 7B-2506. As long as the juvenile remains in secure custody, further hearings to determine the need for continued secure custody shall be held at intervals of no more than 10 calendar days but may be waived for no more than 30 calendar days only with the consent of the juvenile, through counsel for the juvenile, either orally in open court or in writing. The order for continued secure custody shall be in writing with appropriate findings of fact.

(d) The court may order secure custody for a juvenile who is alleged to have violated the conditions of the juvenile's probation or post-release supervision, but only if the juvenile is alleged to have committed acts that damage property or injure persons.

(e) If the criteria for secure custody as set out in subsection (b), (c), or (d) of this section are met, the court may enter an order directing an officer or other authorized person to assume custody of the juvenile and to take the juvenile to the place designated in the order.

(f) If the court finds that there is a need for an evaluation of a juvenile for medical or psychiatric treatment pursuant to subsection (b) of this section and that juvenile is under 10 years of age and does not have a pending delinquency charge, the law enforcement officer or other authorized person assuming custody of the juvenile shall not use physical restraints during the transport of the juvenile to the place designated in the order, unless in the discretion of the officer or other authorized person, the restraints are reasonably necessary for the safety of the officer, authorized person, or the juvenile.

SECTION 3.2. G.S. 7B-2506 reads as rewritten:

"§ 7B-2506. Dispositional alternatives for delinquent juveniles.

The court exercising jurisdiction over a juvenile who has been adjudicated delinquent may use the following alternatives in accordance with the dispositional structure set forth in G.S. 7B-2508:

(12) Impose confinement on an intermittent basis in an approved detention facility. Confinement shall be limited to not more than five 24-hour periods, the timing and imposition of which is determined by the court in its discretion.

(20) Order that the juvenile be confined in an approved juvenile detention facility for a term of up to 14 24-hour periods, which confinement shall not be imposed consecutively with intermittent confinement pursuant to subdivision (12) of this section at the same dispositional hearing. The timing and imposition of this confinement shall be determined by the court in its discretion.

..."

The board of commissioners shall also designate the chairman of the special board. The resolution may also authorize a taxpayer to appeal a decision of the special board with respect to the listing or appraisal of his property or the property of others to the board of county commissioners. The resolution shall be adopted not later than the first Monday in March of the year for which it is to be effective and shall continue in effect until revised or rescinded. It shall be entered in the minutes of the meeting of the board of commissioners and a copy thereof shall be forwarded to the Department of Revenue within 15 days after its adoption.

(b) Compensation. – The board of county commissioners shall fix the compensation and allowances to be paid members of the board of equalization and review for their services and expenses.

In years in which a county does not conduct a real property revaluation, the board shall complete its duties on or before the third Monday following its first meeting unless, in its opinion, a longer period of time is necessary or expedient to a proper execution of its responsibilities. Except as provided in subdivision (g)(5) of this section, the board may not sit later than July 1 except to hear and determine requests made under the provisions of subdivision (g)(2), below, when such requests are made within the time prescribed by law. In the year in which a county conducts a real property revaluation, the board shall complete its duties on or before December 1, except that it may sit after that date to hear and determine requests made under the provisions of subdivision (g)(2), below, when such requests are made within the time prescribed by law. From the time of its first meeting until its adjournment, the board shall meet at such times as it deems reasonably necessary to perform its statutory duties and to receive requests and hear the appeals of taxpayers under the provisions of subdivision (g)(2), below.

(f) Notice of Meetings and Adjournment. – A notice of the date, hours, place, and purpose of the first meeting of the board of equalization and review shall be published at least three times in some newspaper having general circulation in the county, the first publication to be at least 10 days prior to the first meeting. The notice shall also state the dates and hours on
which the board will meet following its first meeting and the date on which it expects to adjourn; it shall also carry a statement that in the event of earlier or later adjournment, notice to that effect will be published in the same newspaper. Should a notice be required on account of earlier adjournment, it shall be published at least once in the newspaper in which the first notice was published, such publication to be at least five days prior to the date fixed for adjournment. Should a notice be required on account of later adjournment, it shall be published at least once in the newspaper in which the first notice was published, such publication to be prior to the date first announced for adjournment.

(g) Powers and Duties. – The board of equalization and review has the following powers and duties:

(1) Duty to Review Tax Lists. – The board shall examine and review the tax lists of the county for the current year to the end that all taxable property shall be listed on the abstracts and tax records of the county and appraised according to the standard required by G.S. 105-283, and the board shall correct the abstracts and tax records to conform to the provisions of this Subchapter. In carrying out its responsibilities under this subdivision (g)(1), the board, on its own motion or on sufficient cause shown by any person, shall:
   a. List, appraise, and assess any taxable real or personal property that has been omitted from the tax lists.
   b. Correct all errors in the names of persons and in the description of properties subject to taxation.
   c. Increase or reduce the appraised value of any property that, in the board's opinion, has been listed and appraised at a figure that is below or above the appraisal required by G.S. 105-283; however, the board shall not change the appraised value of any real property from that at which it was appraised for the preceding year except in accordance with the terms of G.S. 105-286 and 105-287.
   d. Cause to be done whatever else is necessary to make the lists and tax records comply with the provisions of this Subchapter.
   e. Embody actions taken under the provisions of subdivisions (g)(1)a through (g)(1)d, above, in appropriate orders and have the orders entered in the minutes of the board.
   f. Give written notice to the taxpayer at the taxpayer's last known address in the event the board, by appropriate order, increases the appraisal of any property or lists for taxation any property omitted from the tax lists under the provisions of this subdivision (g)(1).

(2) Duty to Hear Taxpayer Appeals. – On request, the board of equalization and review shall hear any taxpayer who owns or controls property taxable in the county with respect to the listing or appraisal of the taxpayer's property or the property of others.
   a. A request for a hearing under this subdivision (g)(2) shall be made in writing to or by personal appearance before the board prior to its adjournment. However, if the taxpayer requests review of a decision made by the board under the provisions of subdivision (g)(1), above, notice of which was mailed fewer than 15 days prior to the board's adjournment, the request for a hearing thereon may be made within 15 days after the notice of the board's decision was mailed.
   b. Taxpayers may file separate or joint requests for hearings under the provisions of this subdivision (g)(2) at their election.
   c. At a hearing under provisions of this subdivision (g)(2), the board, in addition to the powers it may exercise under the provisions of subdivision (g)(3), below, shall hear any evidence offered by the
appellant, the assessor, and other county officials that is pertinent to the decision of the appeal. Upon the request of an appellant, the board shall subpoena witnesses or documents if there is a reasonable basis for believing that the witnesses have or the documents contain information pertinent to the decision of the appeal.

d. On the basis of its decision after any hearing conducted under this subdivision (g)(2), the board shall adopt and have entered in its minutes an order reducing, increasing, or confirming the appraisal appealed or listing or removing from the tax lists the property whose omission or listing has been appealed. The board shall notify the appellant by mail as to the action taken on the taxpayer's appeal not later than 30 days after the board's adjournment.

(3) Powers in Carrying Out Duties. – In the performance of its duties under subdivisions (g)(1) and (g)(2), above, the board of equalization and review may exercise the following powers:

a. It may appoint committees composed of its own members or other persons to assist it in making investigations necessary to its work. It may also employ expert appraisers in its discretion. The expense of the employment of committees or appraisers shall be borne by the county. The board may, in its discretion, require the taxpayer to reimburse the county for the cost of any appraisal by experts demanded by the taxpayer if the appraisal does not result in material reduction of the valuation of the property appraised and if the appraisal is not subsequently reduced materially by the board or by the Department of Revenue.

b. The board, in its discretion, may examine any witnesses and documents. It may place any witnesses under oath administered by any member of the board. It may subpoena witnesses or documents on its own motion, and it must do so when a request is made under the provisions of subdivision (g)(2)c, above.

A subpoena issued by the board shall be signed by the chair of the board, directed to the witness or to the person having custody of the document, and served by an officer authorized to serve subpoenas. Any person who willfully fails to appear or to produce documents in response to a subpoena or to testify when appearing in response to a subpoena shall be guilty of a Class 1 misdemeanor.

c. In any year of general reappraisal, the chair of the board may divide the board into two or more separate panels with a minimum of three members each. The board members on each panel may be interchanged during the year. A decision by a panel has the same effect as a decision by the entire board.

(4) Power to Submit Reports. – Upon the completion of its other duties, the board may submit to the Department of Revenue a report outlining the quality of the reappraisal, any problems it encountered in the reappraisal process, the number of appeals submitted to the board and to the Property Tax Commission, the success rate of the appeals submitted, and the name of the firm that conducted the reappraisal. A copy of the report should be sent by the board to the firm that conducted the reappraisal.

(5) Duty to Change Abstracts and Records Powers After Adjournment. – Following adjournment upon completion of its duties under subdivisions (g)(1) and (g)(2) of this subsection, the board may continue to meet to carry out the following duties:

d. To hear and decide all appeals relating to personal property under G.S. 105-317.1(c).

e. To make any changes authorized by G.S. 105-325.

f. To exercise its authority under G.S. 105-282.1(a1) to accept an application for exemption or exclusion that was filed after the statutory deadline."

….

SECTION 1.(d) This section becomes effective December 1, 2015, and applies to offenses committed on or after that date.

SECTION 2.(a) G.S. 110-130.1(d) reads as rewritten:

"(d) Any fee imposed by the North Carolina Department of Revenue or the Secretary of the Treasury to cover their costs of withholding for non-Work First arrearages certified for the collection of past due support from State or federal income tax refunds or administrative offsets, as defined by 31 C.F.R. § 285.1(a), shall be borne by the client by deducting the fee from the amount collected.

Any income tax refund offset amounts or administrative offsets, as defined by 31 C.F.R. § 285.1(a), which are subsequently determined to have been incorrectly withheld and distributed to a client, and which must be refunded by the State to a responsible parent or the nondebtor spouse, shall constitute a debt to the State owed by the client."

SECTION 2.(b) G.S. 110-136.4 reads as rewritten:

"§ 110-136.4. Implementation of withholding in IV-D cases.

(a) Withholding based on arrearages or obligor's request.

(1) Advance notice of withholding. When an obligor in a IV-D case becomes subject to income withholding, the obligee shall, after verifying the obligor's current employer or other payor, wages or other disposable income, and mailing address, serve the obligor with advance notice of withholding in accordance with G.S. 1A-1, Rule 4, Rules of Civil Procedure.

(2) Contents of advance notice. The advance notice to the obligor shall contain, at a minimum, the following information:

a. Whether the proposed withholding is based on the obligor's failure to make legally obligated child support, alimony or postseparation support payments on the obligor's request for withholding, on the obligee's request for withholding, or on the obligor's eligibility for withholding under G.S. 110-136.3(b)(3);

b. The amount of overdue child support, overdue alimony or postseparation support payments, the total amount to be withheld, and when the withholding will occur;

c. The name of each child or person for whose benefit the child support, alimony or postseparation support payments are due and information sufficient to identify the court order under which the obligor has a duty to support the child, spouse, or former spouse;

d. The amount and sources of disposable income;

e. That the withholding will apply to the obligor's wages or other sources of disposable income from current payors and all subsequent payors once the procedures under this section are invoked;

f. An explanation of the obligor's rights and responsibilities pursuant to this section;

g. That withholding will be continued until terminated pursuant to G.S. 110-136.10.

(3) Contested withholding. The obligor may contest the withholding only on the basis of a mistake of fact, except that G.S. 110-129(10)(a) is not applicable if
withholding is based on the obligor's or obligee's request for withholding. To contest the withholding, the obligor must, within 10 days of receipt of the advance notice of withholding, request a hearing in the county where the support order was entered before the district court and give notice to the obligee specifying the mistake of fact upon which the hearing request is based. If the asserted mistake of fact can be resolved by agreement between the obligee and the obligor, no hearing shall occur. Otherwise, a hearing shall be held and a determination made, within 30 days of the obligor's receipt of the advance notice of withholding, as to whether the asserted mistake of fact is valid. No withholding shall occur pending the hearing decision. The failure to hold a hearing within 30 days shall not invalidate an otherwise properly entered order. If it is determined that a mistake of fact exists, no withholding shall occur. Otherwise, within 45 days of the obligor's receipt of the advance notice of withholding, the obligee shall serve the payor, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the Federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures, with notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk. In the event of appeal, withholding shall not be stayed. If the appeal is concluded in favor of the obligor, the obligee shall promptly repay sums wrongfully withheld and notify the payor to cease withholding.

(4) Uncontested withholding. If the obligor does not contest the withholding within the 10-day response period, the obligee shall serve the payor, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the Federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures, with notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk.

(5) Payment not a defense to withholding. The payment of overdue support shall not be a basis for terminating or not implementing withholding.

(6) Inability to implement withholding. When an obligor is subject to withholding, but withholding under this section cannot be implemented because the obligor's location is unknown, because the extent and source of his disposable income cannot be determined, or for any other reason, the obligee shall either request the clerk of superior court to initiate enforcement proceedings under G.S. 15A-1344.1(d) or G.S. 50-13.9(d) or take other appropriate available measures to enforce the support obligation.

(b) Immediate income withholding. When a new or modified child support order is entered, the district court judge shall, after hearing evidence regarding the obligor's disposable income, place the obligor under an order for immediate income withholding. The IV-D agency shall serve the payor pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the Federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures, with a notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk. If information is unavailable regarding an obligor's disposable income, or the obligor is unemployed, or an agreement is reached between both parties which provides for an alternative arrangement, immediate income withholding shall not apply. The obligor, however, is subject to income withholding pursuant to G.S. 110-136.4(a).

(c) Subsequent payors. If the obligor changes employment or source of disposable income, notice to subsequent payors of their obligation to withhold shall be served as required by G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the Federal Office of Child Support Enforcement (OCSE) electronic income
withholding (e-IWO) procedures. Copies of such notice shall be filed with the clerk of court and served upon the obligor by first class mail.

(d) Multiple withholdings. The obligor must notify the obligee if the obligor is currently subject to another withholding for child support. In the case of two or more withholdings against one obligor, the obligee or obligees shall attempt to resolve any conflict between the orders in a manner that is fair and equitable to all parties and within the limits specified by G.S. 110-136.6. If the conflict cannot be so resolved, an injured party, upon request, shall be granted a hearing in accordance with the procedure specified in G.S. 110-136.4(c). The conflict between the withholding orders shall be resolved in accordance with G.S. 110-136.7.

(e) Modification of withholding. When an order for withholding has been entered under this section, the obligee may modify the withholding based on changed circumstances. The obligee shall proceed as is provided in this section.

(f) Applicability of section. The provisions of this section apply to IV-D cases only."

SECTION 2.(c) G.S. 110-139.2(b1) reads as rewritten:

"(b1) The Department of Health and Human Services Child Support Enforcement Agency may notify any financial institution doing business in this State that an obligor who maintains an identified account with the financial institution has a child support obligation that may be eligible for levy on the account in an amount that satisfies some or all of the amount of unpaid support owed. In order to be able to attach a lien on and levy an obligor's account, the amount of unpaid support owed shall be an amount not less than the amount of support owed for six months or one thousand dollars ($1,000), whichever is less.

Upon certification of the amount of unpaid support owed in accordance with G.S. 44-86(c), the Child Support Agency shall serve or cause to be served upon the obligor, and when the matched account is owned jointly, any other nonliable owner of the account, and the financial institution a notice as provided by this subsection. The notice shall include the name of the obligor, the financial institution where the account is located, the account number of the account to be levied to satisfy the lien, the certified amount of unpaid support, information for the obligor or account owner on how to remove the lien or contest the lien in order to avoid the levy, and a copy of reference to the applicable law, G.S. 110-139.2. The notice shall be served on the obligor, and any nonliable account owner, in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure. The financial institution shall be served notice in accordance with Rule 5 of the North Carolina Rules of Civil Procedure. Upon service of the notice, the financial institution shall proceed in the following manner:

1. Immediately attach a lien to the identified account.
2. Notify the Child Support Agency of the balance of the account and date of the lien or that the account does not meet the requirement for levy under this subsection.

In order for an obligor or account owner to contest the lien, within 10 days after the obligor or account owner is served with the notice, the obligor or account owner shall send written notice of the basis of the contest to the Child Support Agency and shall request a hearing before the district court in the county where the support order was entered. The obligor account holder may contest the lien only on the basis that the amount owed is an amount less than the amount of support owed for six months, or is less than one thousand dollars ($1,000), whichever is less, or the contesting party is not the person subject to the court order of support. The district court may assess court costs against the nonprevailing party. If no response is received from the obligor or account owner within 10 days of the service of the notice, the Child Support Agency shall notify the financial institution to submit payment, up to the total amount of the child support arrears, if available. This amount is to be applied to the debt of the obligor.

A financial institution shall not be liable to any person for complying in good faith with this subsection. The remedy set forth in this section shall be in addition to all other remedies available to the State for the reduction of the obligor's child support arrears. This remedy shall not prevent the State from taking any and all other concurrent measures available by law.
This levy procedure is to be available for direct use by all states' child support programs to financial institutions in this State without involvement of the Department."

SECTION 2.(d) This section is effective when it becomes law.

SECTION 3.(a) Article 29 of Chapter 7A of the General Statutes is amended by adding a new section to read:

The North Carolina Administrative Office of the Courts is authorized to develop a program for electronic filing in Chapter 50B and Chapter 50C cases in district court in all counties in North Carolina. In order to implement the program in one or more counties in a district, the chief district court judge in each district shall draft local rules and submit the rules to the Administrative Office of the Courts for approval. The local rules shall permit the clerk of superior court for the county to accept electronically filed complaints requesting a domestic violence protective order pursuant to Chapter 50B of the General Statutes, or a civil no-contact order pursuant to Chapter 50C of the General Statutes, that are transmitted from a domestic violence program as defined in G.S. 8-53.12. No permanent civil no-contact order shall be issued without notice to the respondent. Hearings held to consider permanent relief pursuant to this section shall not be held via video conference."

SECTION 3.(f) Sections 3(b) through 3(e) become effective December 1, 2015, and apply to documents filed and hearings held on or after that date.

SECTION 6.(b) This section becomes effective on December 1, 2015.

SECTION 7.(a) G.S. 14-45.1 reads as rewritten:

(a) Notwithstanding any of the provisions of G.S. 14-44 and 14-45, it shall not be unlawful, during the first 20 weeks of a woman’s pregnancy, to advise, procure, or cause a miscarriage or abortion when the procedure is performed by a qualified physician licensed to practice medicine in North Carolina in a hospital or clinic certified by the Department of Health and Human Services to be a suitable facility for the performance of abortions.

(a1) The Department of Health and Human Services shall annually inspect any clinic, including ambulatory surgical facilities, where abortions are performed. No person who is less than 18 years of age shall be employed at any clinic, including ambulatory surgical facilities, where abortions are performed. The requirements of this subsection shall not apply to a hospital required to be licensed under Chapter 131E of the General Statutes.

(b) Notwithstanding any of the provisions of G.S. 14-44 and 14-45, it shall not be unlawful, after the twentieth week of a woman’s pregnancy, to advise, procure or cause a miscarriage or abortion when the procedure is performed by a qualified physician licensed to practice medicine in North Carolina in a hospital licensed by the Department of Health and Human Services, if there is substantial risk that continuance of the pregnancy would threaten the life or gravely impair the health of the woman, a medical emergency as defined by G.S. 90-21.81(5).

(b1) A qualified physician who advises, procures, or causes a miscarriage or abortion after the sixteenth week of a woman’s pregnancy shall record all of the following: the method used by the qualified physician to determine the probable gestational age of the unborn child at the time the procedure is to be performed; the results of the methodology, including the measurements of the unborn child; and an ultrasound image of the unborn child that depicts the measurements. The qualified physician shall provide this information, including the ultrasound image, to the Department of Health and Human Services pursuant to G.S. 14-45.1(c).

A qualified physician who procures or causes a miscarriage or abortion after the twentieth week of a woman’s pregnancy shall record the findings and analysis on which the qualified physician based the determination that there existed a medical emergency as defined by
G.S. 90-21.81(5) and shall provide that information to the Department of Health and Human Services pursuant to G.S. 14-45.1(c). Materials generated by the physician or provided by the physician to the Department of Health and Human Services pursuant to this section shall not be public records under G.S. 132-1.

The information provided under this subsection shall be for statistical purposes only, and the confidentiality of the patient and the physician shall be protected. (c) The Department of Health and Human Services shall prescribe and collect on an annual basis, from hospitals or clinics, including ambulatory surgical facilities, where abortions are performed, such representative samples of statistical summary reports concerning the medical and demographic characteristics of the abortions provided for in this section, including the information described in subsection (b1) of this section as it shall deem to be in the public interest. Hospitals or clinics where abortions are performed shall be responsible for providing these statistical summary reports to the Department of Health and Human Services. The reports shall be for statistical purposes only and the confidentiality of the patient relationship shall be protected. Materials generated by the physician or provided by the physician to the Department of Health and Human Services pursuant to this section shall not be public records under G.S. 132-1.

(d) The requirements of G.S. 130A-114 are not applicable to abortions performed pursuant to this section.

(e) Nothing in this section shall require a physician licensed to practice medicine in North Carolina, any nurse, or any other health care provider to state an objection to abortion on moral, ethical, or religious grounds.

(f) Nothing in this section shall require a hospital, other health care institution, or other health care provider to perform an abortion or to provide abortion services.

(g) For purposes of this section, "qualified physician" means (i) a physician who possesses, or is eligible to possess, board certification in obstetrics or gynecology, (ii) a physician who possesses sufficient training based on established medical standards in safe abortion care, abortion complications, and miscarriage management, or (iii) a physician who performs an abortion in a medical emergency as defined by G.S. 90-21.81(5).

SECTION 7.(b) G.S. 90-21.82 reads as rewritten:

"§ 90-21.82. Informed consent to abortion.

No abortion shall be performed upon a woman in this State without her voluntary and informed consent. Except in the case of a medical emergency, consent to an abortion is voluntary and informed only if all of the following conditions are satisfied:

(1) At least 24 hours prior to the abortion, a physician or qualified professional has orally informed the woman, by telephone or in person, of all of the following:

…

If the physician or qualified professional does not know the information required in sub-subdivisions a., f., or g. of this subdivision, the woman shall be advised that this information will be directly available from the physician who is to perform the abortion. However, the fact that the physician or qualified professional does not know the information required in sub-subdivisions a., f., or g. shall not restart the 24 hour period. The
information required by this subdivision shall be provided in English and in each language that is the primary language of at least two percent (2%) of the State’s population. The information may be provided orally either by telephone or in person, in which case the required information may be based on facts supplied by the woman to the physician and whatever other relevant information is reasonably available. The information required by this subdivision may not be provided by a tape recording but shall be provided during a consultation in which the physician is able to ask questions of the patient and the patient is able to ask questions of the physician. If, in the medical judgment of the physician, a physical examination, tests, or the availability of other information to the physician subsequently indicates a revision of the information previously supplied to the patient, then that revised information may be communicated to the patient at any time before the performance of the abortion. Nothing in this section may be construed to preclude provision of required information in a language understood by the patient through a translator.

(2) The physician or qualified professional has informed the woman, either by telephone or in person, of each of the following at least 24 hours before the abortion:

a. That medical assistance benefits may be available for prenatal care, childbirth, and neonatal care.

b. That public assistance programs under Chapter 108A of the General Statutes may or may not be available as benefits under federal and State assistance programs.

c. That the father is liable to assist in the support of the child, even if the father has offered to pay for the abortion.

d. That the woman has other alternatives to abortion, including keeping the baby or placing the baby for adoption.

e. AN ACT TO ENACT THE RETIREMENT TECHNICAL CORRECTIONS ACT OF 2015.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 135-1(10) reads as rewritten:
"(10) "Employee" shall mean all full-time employees, agents or officers of the State of North Carolina or any of its departments, bureaus and institutions other than educational, whether such employees are elected, appointed or employed: Provided that the term "employee" shall not include any person who is a member of the Consolidated Judicial Retirement System, any member of the General Assembly or any part-time or temporary employee. Notwithstanding any other provision of law, "employee" shall include all employees of the General Assembly except participants in the Legislative Intern Program, pages, and beneficiaries in receipt of a monthly retirement allowance under this Chapter who are reemployed on a temporary basis. "Employee" also includes any participant whose employment is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, if that participant was an employee at the time of the interruption; if the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to be separated or released from his or her involuntary military service. In all cases of doubt, the Board of Trustees shall determine whether any person is an employee as defined in this Chapter. "Employee" shall also mean every full-time civilian employee of the North Carolina National Guard who is employed pursuant to section 709 of Title 32 of the United States Code and paid from federal appropriated funds, but held by the federal authorities not to be a federal employee: Provided, however, that the authority or agency paying the salaries of such employees shall deduct or cause to be deducted from each employee's salary the employee's contribution in accordance with applicable provisions of G.S. 135-8 and remit the same, either directly or indirectly, to the Retirement System; coverage of employees described in this sentence shall commence upon the first day of the calendar year or fiscal year, whichever is earlier, next following the date of execution of an agreement between the Secretary of Defense of the United States and the Adjutant General of the State acting for the Governor in behalf of the State, but no credit shall be allowed pursuant to this sentence for any service previously rendered in the above-described capacity as a civilian employee of the North Carolina.
National Guard: Provided, further, that the Adjutant General, in the Adjutant General's discretion, may terminate the Retirement System coverage of the above-described North Carolina National Guard employees if a federal retirement system is established for such employees and the Adjutant General elects to secure coverage of such employees under such federal retirement system. Any full-time civilian employee of the North Carolina National Guard described above who is now or hereafter may become a member of the Retirement System may secure Retirement System credit for such service as a North Carolina National Guard civilian employee for the period preceding the time when such employees became eligible for Retirement System coverage by paying to the Retirement System an amount equal to that which would have constituted employee contributions if the employee had been a member during the years of ineligibility, plus interest. Employees of State agencies, departments, institutions, boards, and commissions who are employed in permanent job positions on a recurring basis and who must work at least 30 or more hours per week for nine or more months per calendar year are in order to be covered by the provisions of this subdivision. On and after August 1, 2001, a person who is a nonimmigrant alien and who otherwise meets the requirements of this subdivision shall not be excluded from the definition of "employee" solely because the person holds a temporary or time-limited visa."

SECTION 2. G.S. 135-106(b) reads as rewritten:

"(b) After the commencement of benefits under this section, the benefits payable under the terms of this section during the first 36 months of the long-term disability period shall be equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by any primary Social Security disability benefits to which the beneficiary may be entitled, effective as of the first of the month following the month of initial entitlement, and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, any other federal agency or any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month. However, a disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in lieu of long-term disability benefits; provided such election shall not extend the first 36 consecutive calendar months of the long-term disability period. An election to receive any salary continuation for any part of any given day shall be in lieu of any long-term benefit payable for that day, provided further, any lump-sum payout for vacation leave shall be treated as if the beneficiary or participant had exhausted the leave and shall be in lieu of any long-term benefit otherwise payable. Provided that, in any event, a beneficiary's benefit shall be reduced during the first 36 months of the long-term disability period by an amount, as determined by the Board of Trustees, equal to a primary Social Security retirement benefit to which the beneficiary might be entitled, effective as of the first of the month following the month of initial entitlement.

After 36 months of long-term disability, no further benefits are payable under the terms of this section unless the member has been approved and is in receipt of primary Social Security disability benefits. In that case the benefits payable shall be equal to sixty-five percent (65%) of
1/12th of the annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period as may be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would be eligible, to a maximum of three thousand nine hundred dollars ($3,900) per month reduced by the primary Social Security disability benefits to which the beneficiary may be entitled, effective as of the first of the month following the month of initial entitlement, and by monthly payments for Workers’ Compensation to which the participant or beneficiary may be entitled. When primary Social Security disability benefits are increased by cost-of-living adjustments, the increased reduction shall be applied in the first month following the month in which the member becomes entitled to the increased Social Security benefit. The monthly benefit shall be further reduced by the amount of any monthly payments from the federal Department of Veterans Affairs, for payments from any other federal agency, or for any payments made under the provisions of G.S. 127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided, in any event, the benefit payable shall be no less than ten dollars ($10.00) a month.

Notwithstanding the foregoing, the long-term disability benefit is payable so long as the beneficiary is disabled and is in receipt of a primary Social Security disability benefit until the earliest date at which the beneficiary is eligible for an unreduced service retirement allowance from the Retirement System, at which time the beneficiary would receive a retirement allowance calculated on the basis of the beneficiary’s average final compensation at the time of disability as adjusted to reflect compensation increases subsequent to the time of disability and the creditable service accumulated by the beneficiary, including creditable service while in receipt of benefits under the Plan. In the event the beneficiary has not been approved and is not in receipt of a primary Social Security disability benefit, the long-term disability benefit shall cease after the first 36 months of the long-term disability period. When such a long-term disability recipient begins receiving this unreduced service retirement allowance from the System, that recipient shall not be subject to the six-month waiting period set forth in G.S. 135-1(20). However, a beneficiary shall be entitled to a restoration of the long-term disability benefit in the event the Social Security Administration grants a retroactive approval for primary Social Security disability benefits with a benefit effective date within the first 36 months of the long-term disability period. In such event, the long-term disability benefit shall be restored retroactively to the date of cessation.

SECTION 3.(a) G.S. 135-151(e) reads as rewritten:

"(e) Treatment of Unused Assets. – Any assets of the QEBA plan not used to pay benefits in the current fiscal calendar year shall be used for payment of the administrative expenses of the QEBA for the current or future fiscal calendar years or shall be paid to the Retirement System as an additional employer contribution."

SECTION 3.(b) G.S. 128-38.10(f) reads as rewritten:

"(f) Treatment of Unused Assets. – Any assets of the QEBA plan not used to pay benefits in the current fiscal calendar year shall be used for payment of the administrative expenses of the QEBA for the current or future fiscal calendar years or shall be paid to the Retirement System as an additional employer contribution."

SECTION 4. G.S. 128-29.1 is repealed.

SECTION 5. G.S. 114-2.4A(c) reads as rewritten:

"(c) Exception. – Subsections (b) and (e) of this section shall not apply to funds:

(1) Funds received by the Department of Health and Human Services to the extent those funds represent the recovery of previously expended Medicaid funds.

(2) Funds received by the Escheat Fund and benefit plans administered by the Department of State Treasurer."

SECTION 6. G.S. 135-4(g) reads as rewritten:
"(g) Teachers and other State employees who served in the uniformed services as defined in the Uniformed Services Employment and Reemployment Rights Act of 1994, 38 U.S.C. § 4303, who were not dishonorably discharged, and who, after being honorably discharged, who returned to the service of the State within a period of two years from date of discharge shall be credited with prior service for such period of service in the uniformed services for the maximum period that they are entitled to reemployment under the Uniformed Services Employment and Reemployment Rights Act of 1994, 38 U.S.C. § 4301, et seq., or other federal law, and the salary or compensation of such a teacher or State employee during that period of service is deemed to be that salary or compensation the employee would have received but for the period of service had the employee remained continuously employed, if the determination of that salary or compensation is reasonably certain. Session Law 2015-87

S.B. 83

AN ACT TO AMEND THE CRIMINAL LAW CONCERNING THE FILING OR RECORDING OF FALSE LIENS OR ENCUMBRANCES KNOWING OR HAVING REASON TO KNOW THAT THE LIEN OR ENCUMBRANCE IS FALSE OR CONTAINS A MATERIALLY FALSE, FICTITIOUS, OR FRAUDULENT STATEMENT OR REPRESENTATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-118.6 reads as rewritten:

"§ 14-118.6. Filing false lien or encumbrance.

(a) It shall be unlawful for any person to present for filing or recording in a public record or a private record generally available to the public a false lien or encumbrance against the real or personal property of a public officer, a public employee, or an immediate family member of the public officer or public employee on account of the performance of the public officer or public employee's official duties, knowing or having reason to know that the lien or encumbrance is false or contains a materially false, fictitious, or fraudulent statement or representation. For purposes of this subsection, the term "immediate family member" means a spouse or a child. Any person who violates this subsection shall be guilty of a Class I felony.

(b) In the case of a lien or encumbrance presented to the register of deeds for filing, when presented to the register of deeds for recording, if the register of deeds has a reasonable suspicion that the lien or encumbrance is false, as described in subsection (a) of this section, the register of deeds may refuse to file or record the lien or encumbrance. Neither the register of deeds nor any other entity shall be liable for filing or refusing to file recording or the refusal to record a lien or encumbrance under this section, as described in subsection (a) of this section. If the
filing-recording of the lien or encumbrance is denied, the register of deeds shall allow the filing-recording of a Notice of Denied Lien or Encumbrance Filing on a form adopted by the Secretary of State, for which no filing fee shall be collected. The Notice of Denied Lien or Encumbrance Filing shall not itself constitute a lien or encumbrance. If the filing of the lien or encumbrance is denied, any interested person may file—initiate a special proceeding in the county where the filing-recording was denied within ten (10) business days of the filing of the Notice of Denied Lien or Encumbrance Filing asking the court-superior court of the respective county to find that the proposed filing-recording has a statutory or contractual basis and to order that the document be filed-recorded. If, after hearing, upon a minimum of five (5) days' notice as provided in Rule 5 of the Rules of Civil Procedure and opportunity to be heard to all interested persons and all persons claiming an ownership interest in the property, the court finds that there is a statutory or contractual basis for the proposed filing-recording, the court shall order the document filed-recorded. A lien or encumbrance filed-recorded upon order of the court under this subsection shall have a priority interest as of the time of the filing of the Notice of Denied Lien or Encumbrance Filing. If the court finds that there is no statutory or contractual basis for the proposed filing-recording, the court shall enter an order finding that the proposed filing-recording is null and void and that it shall not be filed, indexed, or recorded and a certified copy of that order shall be filed-recorded by the register of deeds that originally denied the filing-recording. The review by the judge under this subsection shall not be deemed a finding as to any underlying claim of the parties involved. If a special proceeding is not filed initiated under this subsection within ten (10) business days of the filing of the Notice of Denied Lien or Encumbrance Filing, the lien or encumbrance is deemed null and void as a matter of law.

(b1) When a lien or encumbrance is presented to a clerk of superior court for filing and the clerk of court has a reasonable suspicion that the lien or encumbrance is false as described in subsection (a) of this section, the clerk of court may refuse to file the lien or encumbrance. Neither the clerk of court nor the clerk's staff shall be liable for filing or the refusal to file a lien or encumbrance under this subsection. The clerk of superior court shall not file, index, or docket the document against the property of a public officer or public employee until that document is approved for filing by the clerk of superior court by any judge of the judicial district having subject matter jurisdiction. If the judge determines that the filing is not false, the clerk shall index the claim of lien. A lien or encumbrance filed upon order of the court under this subsection shall have a priority interest as of the date and time of indexing by the clerk of superior court. If the court finds that there is no statutory or contractual basis for the proposed filing, the court shall enter an order that the proposed filing is null and void as a matter of law, and that it shall not be filed or indexed. The clerk of superior court shall serve the order and return the original denied filing to the person or entity that presented it. The person or entity shall have 30 days from the entry of the order to appeal the order. If the order is not appealed within the applicable time period, the clerk may destroy the filing.

(c) Upon being presented with an order duly issued by a court of competent jurisdiction of this State declaring that a filed lien or encumbrance already recorded or filed is false, as described in subsection (a) of this section, and therefore null and void, the court, the register of deeds or clerk of court that received the recording or filing, in addition to recording or filing the order, court's order finding the lien or encumbrance to be false, shall conspicuously mark on the first page of the original record previously filed the following statement: "THE CLAIM ASSERTED IN THIS DOCUMENT IS FALSE AND IS NOT PROVIDED FOR BY THE GENERAL LAWS OF THIS STATE."

(d) In addition to any criminal penalties provided for in this section, a violation of this section shall constitute a violation of G.S. 75-1.1.

(e) Subsections (b), (b1), and (c) of this section shall not apply to filings under Article 9 of Chapter 25 of the General Statutes or under Chapter 44A of the General Statutes.

SECTION 2. This act becomes effective October 1, 2015, and applies to all filings on or after that date.
In the General Assembly read three times and ratified this the 11th day of June, 2015.

Became law upon approval of the Governor at 10:00 a.m. on the 19th day of June, 2015.

SECTION 1. G.S. 113A-4 reads as rewritten:

"§ 113A-4. Cooperation of agencies; reports; availability of information.

The General Assembly authorizes and directs that, to the fullest extent possible:

(2) Every State agency shall include in every recommendation or report on any action involving significant expenditure of public moneys or use of public land for projects and programs significantly affecting the quality of the environment of this State, a detailed statement by the responsible official setting forth the following:

a. The direct environmental impact of the proposed action;
b. Any significant adverse environmental effects which cannot be avoided should the proposal be implemented;
c. Mitigation measures proposed to minimize the impact;

(2a) Prior to making any detailed statement, the responsible official shall consult with and obtain the comments of any agency which has either jurisdiction by law or special expertise with respect to any environmental impact involved. Alternating brewery proprietorships are authorized between affiliated breweries, but shall not be used as a means to allocate production quantities between affiliated breweries to obtain a malt beverage wholesaler permit pursuant to G.S. 18B-1104(8) where either brewery would not otherwise qualify for a permit, and the Commission shall have no authority to grant an exemption to this requirement pursuant to G.S. 18B-1116(b)."

The contract malt beverages may be sold also at affiliated retail outlets of the brewery physically located on or adjacent to the brewery. Any malt beverages received from a contract brewery under this subdivision shall be made available for sale by the brewery to wholesalers for distribution to retailers, without discrimination, in the same manner as if the malt beverages were being imported by the brewery. Contract brewing is authorized between affiliated breweries, but shall not be used as a means to allocate production quantities between affiliated breweries to obtain a malt beverage wholesaler permit pursuant to G.S. 18B-1104(8) where either brewery would not otherwise qualify for a permit, and the Commission shall have no authority to grant an exemption to this requirement pursuant to G.S. 18B-1116(b).

A brewery not exceeding the sales quantity limitations in this subdivision may also sell the malt beverages manufactured by the brewery at not more than three other locations in the State, where the sale is legal, upon obtaining the appropriate permits under G.S. 18B-1001. A brewery operating any additional retail location pursuant to this subdivision shall also offer for sale at that location a reasonable selection of competitive malt beverage products.
A sale or gift under subdivision (5) or (6) shall not be considered a retail or wholesale sale under the ABC laws.”

American Institute of Certified Public Accountants. The Commissioner may require that the financial statements be supplemented by additional information.

b. Notes to financial statements. – The notes to financial statements shall be those required by generally accepted accounting principles, or as otherwise approved by the Commissioner, and shall also include a reconciliation of differences, if any, between the audited financial report and the report of the captive insurance company's financial condition filed with the Commissioner in accordance with G.S. 58-10-405(b).

A captive insurance company receiving a notification pursuant to this subsection shall forward a copy of the notification to the Commissioner within five business days after receipt of the notification and shall provide the independent certified public accountant with proof that the notification was forwarded to the Commissioner. If the independent certified public accountant fails to receive the proof within the five-day period required by this subsection, the independent certified public accountant shall within the next five business days submit a copy of the notification to the Commissioner.

§ 58-10-440. Investment requirements.
(b) No pure captive insurance company, industrial insured captive insurance company, protected cell captive insurance company, incorporated cell captive insurance company, special purpose captive insurance company, or special purpose financial captive insurance company shall be subject to any restrictions on allowable investments, provided that the Commissioner may prohibit or limit any investment that threatens the solvency or liquidity of any such company.

(c) No pure captive insurance company or protected cell shall make a loan to or an investment in its parent company or affiliates, an affiliated company, a controlled unaffiliated business, or a participant without prior written approval of the Commissioner, and any such loan or investment shall be evidenced by documentation approved by the Commissioner. Loans of minimum capital and surplus funds required by G.S. 58-10-370 are prohibited.

(b) The Commissioner may exempt, by rule, regulation, or order, special purpose captive insurance companies, on a case-by-case basis, from provisions of this Chapter and any rules established under this Chapter that the Commissioner determines to be inappropriate given the nature of the risks to be insured.

§ 58-10-470. Establishment of standards regarding risk management.
The Commissioner may adopt rules establishing standards to ensure that a parent or its captive insurance company, a participant, or an affiliated company, or an industrial insured captive insurance company, or an industrial insured captive insurance company, respectively, is able to exercise control of the risk management function of any controlled unaffiliated business to be insured by a pure captive insurance company or an industrial insured captive insurance company, respectively, on a case-by-case basis.

(5) An incorporated protected cell may be organized and operated in any form of business organization authorized by the Commissioner. Each incorporated protected cell of a protected cell captive insurer shall be treated as a captive insurer for purposes of this Part. Unless otherwise permitted by the organizational documents of a protected cell captive insurer, each incorporated protected cell of the protected cell captive insurer must have
the same directors, secretary, and registered office as the protected cell captive insurer.

(6) All attributions of assets and liabilities between a protected cell and the general account shall be in accordance with the plan of operation and participant contracts approved by the Commissioner. No other attribution of assets or liabilities shall be made by a protected cell captive insurance company between its general account and its protected cells. Any attribution of assets and liabilities between the general account and a protected cell shall be in cash or in readily marketable securities with established market values.

... 

(j) All attributions of assets and liabilities to the protected cells and the general account shall be in accordance with the plan of operation approved by the Commissioner. The performance under such reinsurance contract and any tax benefits, losses, refunds, or credits allocated pursuant to a tax allocation agreement to which the protected cell captive insurance company is a party, including any payments made by or due to be made to the protected cell captive insurance company pursuant to the terms of such agreement, shall reflect the insurance obligations, assets, and liabilities relating to the reinsurance contract that are attributed to such protected cell.

(k) In connection with the conservation, rehabilitation or liquidation of a protected cell or a protected cell captive insurance company, the assets and liabilities of a protected cell shall, to the extent the Commissioner determines they are separable, at all times be kept separate from and shall not be commingled with those of other protected cells and the protected cell captive insurance company's general account.

1. Fronted by an insurance company licensed under the laws of any state and approved by the Commissioner.

All actions and other legal proceedings which were pending by or against the protected cell immediately prior to the transfer or conversion may be continued by or against the protected cell or the captive into which the protected cell converts.

(r) A protected cell of a protected cell captive insurance company may enter into a contract with its protected cell captive insurance company or with another protected cell of the protected cell captive insurance company that shall be enforceable as if each protected cell of the protected cell captive insurance company were a separate legal entity, even if the protected cell is not organized as an incorporated protected cell.

additional voting systems only if they meet the requirements of the request for proposal process set forth in this section and only if they generate either a paper ballot or a paper record by which voters may verify their votes before casting them and which provides a backup means of counting the vote that the voter casts. Those voting systems may include optical scan and direct record electronic (DRE) voting systems. In consultation with the Office of Information Technology Services, the State Board shall develop the requests for proposal subject to the provisions of this Chapter and other applicable State laws. Among other requirements as set by the State Board of Elections, the request for proposal certification requirements shall require at least all of the following elements:

1. That the vendor post a bond or letter of credit to cover damages resulting from defects in the voting system. Damages may include, among other items, any costs of conducting a new election attributable to those defects.

2. That the voting system comply with all federal requirements for voting systems.

3. That the voting system must have the capacity to include in voting tabulation district returns the votes cast by voters outside of the voter's voting tabulation district as required by G.S. 163-132.5G.

4. With respect to electronic voting systems, that the voting system generate a paper record of each individual vote cast, which paper record shall be maintained in a secure fashion and shall serve as a backup record for purposes of any hand-to-eye count, hand-to-eye recount, or other audit. Electronic systems that employ optical scan technology to count paper ballots shall be deemed to satisfy this requirement.

5. With respect to DRE voting systems, that the paper record generated by the system be viewable by the voter before the vote is cast electronically, and that the system permit the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast.

6. With respect to all voting systems using electronic means, that the vendor provide access to all of any information required to be placed in escrow by a vendor pursuant to G.S. 163-165.9A for review and examination by the State Board of Elections; the Office of Information Technology Services; the State chairs of each political party recognized under G.S. 163-96; the purchasing county; and designees as provided in subdivision (9) of subsection (d) of this section.

7. That the vendor must quote a statewide uniform price for each unit of the equipment.

8. That the vendor must separately agree with the purchasing county that if it is granted a contract to provide software for an electronic voting system but fails to debug, modify, repair, or update the software as agreed or in the event of the vendor having bankruptcy filed for or against it, the source code described in G.S. 163-165.9A(a) shall be turned over to the purchasing county by the escrow agent chosen under G.S. 163-165.9A(a)(1) for the purposes of continuing use of the software for the period of the contract and for permitting access to the persons described in subdivision (6) of this subsection for the purpose of reviewing the source code.

In its request for proposal, as part of the certification requirements, the State Board of Elections shall address the mandatory terms of the contract for the purchase of the voting system and the maintenance and training related to that voting system.

If a voting system was acquired or upgraded by a county before August 1, 2005, the county shall not be required to go through the purchasing process described in this subsection if the county can demonstrate to the State Board of Elections compliance with the requirements in subdivisions (1) through (6) and subdivision (8) of this subsection, where those requirements are applicable to the type of voting system involved. If the county cannot demonstrate to the
State Board of Elections that the voting system is in compliance with those subdivisions, the county board shall not use the system in an election during or after 2006, and the county shall be subject to the purchasing requirements of this subsection."

(b) A court of this State shall not recognize a foreign-country judgment if:

(1) The judgment was rendered under a judicial system that, taken as a whole, does not provide impartial tribunals or procedures compatible with the requirements of due process of law;

(2) The foreign court did not have personal jurisdiction over the defendant;"
The foreign court did not have jurisdiction over the subject matter; or

The judgment was obtained by a foreign government entity to compensate for the expenditure of public funds for government programs.

(c) If a court of this State finds that any of the following exist with respect to a foreign-country judgment for which recognition is sought, recognition of the judgment shall be denied unless the court determines, as a matter of law, that recognition would nevertheless be reasonable under the circumstances:

1. The defendant in the proceeding in the foreign court did not receive notice of the proceeding in sufficient time to enable the defendant to defend.

2. The judgment was obtained by fraud that deprived the losing party of an adequate opportunity to present its case.

3. The judgment, or the cause of action or claim for relief on which the judgment is based, is repugnant to the public policy of this State or of the United States.

4. Reserved for future codification.

5. The proceeding in the foreign court was contrary to an agreement between the parties under which the dispute in question was to be determined otherwise than by proceedings in that foreign court.

6. In the case of jurisdiction based only on personal service, the foreign court was a seriously inconvenient forum for the trial of the action.

7. The judgment was rendered in circumstances that raise substantial doubt about the integrity of the rendering court with respect to the judgment.

8. The specific proceeding in the foreign court leading to the judgment was fundamentally unfair.

9. The judgment is based on a foreign statute or rule of law which, as applied by the foreign court, would have been contrary to either the United States Constitution or the North Carolina Constitution had it been applied by a court in North Carolina.

(d) If a foreign-country judgment for which recognition is sought is otherwise entitled to recognition under this Article but conflicts with a prior final and conclusive judgment, a court of this State shall recognize the judgment for which recognition is sought unless the court determines that nonrecognition would nevertheless be reasonable under the circumstances.

(e) If a foreign-country judgment for which recognition is sought is otherwise entitled to recognition under this Article but conflicts with a subsequent final and conclusive judgment, a court of this State shall deny recognition of the judgment for which recognition is sought unless the court determines that recognition would nevertheless be reasonable under the circumstances.

(g) A party resisting recognition of a foreign-country judgment has the burden of establishing that a ground for nonrecognition stated in subsection (c) of this section exists. The party seeking recognition of the judgment has the burden of establishing that, as a matter of law, recognition would nevertheless be reasonable under the circumstances.

(h) A party resisting recognition of a foreign-country judgment under subsection (d) or (e) of this section has the burden of establishing that another final and conclusive judgment exists and that the other judgment conflicts with the judgment for which recognition is sought. Under subsection (d) of this section, the party resisting recognition also has the burden of establishing that nonrecognition of the judgment for which recognition is sought would be reasonable under the circumstances. Under subsection (e) of this section, the party seeking recognition of the foreign-country judgment has the burden of establishing that recognition would be reasonable under the circumstances.

(i) When a court of this State rules on recognition of a foreign-country judgment, the court shall state the facts specially and state separately its conclusions of law.
If a proceeding in a foreign court is brought by a foreign government entity based upon rules of law adopted for the benefit of the foreign government entity that are applied ex post facto to conduct of the defendant or if the action imposes liability for harms to individuals without requiring individualized proof of each element of the claim for each such individual, the court shall find that the action is fundamentally unfair and its judgment is repugnant to the public policy of this State under G.S. 1C-1853(c)(3) and (5)."

(2) Its order is not the controlling order.

"§ 52C-2-208. Multiple child support orders for two or more obligees.

"§ 52C-2-209. Credit for payments.

A tribunal of this State shall credit amounts collected for a particular period pursuant to a support order against the amounts owed for the same period under any other child support order for support of the same child issued by a tribunal of another state or a foreign country.

(b) Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this State, and the order may be enforced and satisfied in the same manner.

(c) A tribunal of this State may not modify any aspect of a child support order that may not be modified under the law of the issuing state, including the duration of the obligation of support. If two or more tribunals have issued child support orders for the same obligor and same child, the order that controls and must be so recognized under G.S. 52C-2-207 establishes the aspects of the support order which are nonmodifiable.

(c1) In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of
Support. The obligor's fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of this State.

(d) On the issuance of an order by a tribunal of this State modifying a child support order issued in another state, the tribunal of this State becomes the tribunal of continuing, exclusive jurisdiction.

(d1) Notwithstanding subsections (a) through (d) of this section and G.S. 52C-2-201(b), a tribunal of this State retains jurisdiction to modify an order issued by a tribunal of this State if:

(1) One party resides in another state; and
(2) The other party resides outside the United States.

(e) Repealed by Session Laws 1997-443, s. 10.12.

§ 52C-6-612. Recognition of order modified in another state.
A tribunal of this State shall recognize a modification of its earlier child support order if a tribunal of another state which assumed jurisdiction pursuant to a law substantially similar to this Chapter and, upon request, except as otherwise provided in this Chapter, shall the Uniform Interstate Family Support Act, a tribunal of this State:

(1) Enforce its order that was modified only as to amounts arrears and interest accruing before the modification;
(2) Enforce only nonmodifiable aspects of that order;
(3) Provide or other appropriate relief only for violations of that its order which occurred before the effective date of the modification; and
(4) Recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

§ 52C-6-613. Jurisdiction to modify child support order of another state when individual parties reside in this State.
(a) If all of the parties who are individuals reside in this State and the child does not reside in the issuing state, a tribunal of this State has jurisdiction to enforce and to modify the issuing state's child support order in a proceeding to register that order.

(b) A tribunal of this State exercising jurisdiction under this section shall apply the provisions of Articles 1 and 2 of this Chapter, this Article, and the procedural and substantive law of this State to the proceeding for enforcement or modification. Articles 3, 4, 5, 7, and 8 of this Chapter do not apply.

... Part 4. Registration and Modification of Foreign Child Support Order.

§ 52C-6-615. Jurisdiction to modify child support order of foreign country.
(a) Except as otherwise provided in G.S. 52C-7-711, if a foreign country lacks or refuses to exercise jurisdiction to modify its child support order pursuant to its laws, a tribunal of this State may assume jurisdiction to modify the child support order and bind all individuals subject to the personal jurisdiction of the tribunal whether the consent to modification of a child support order otherwise required of the individual pursuant to G.S. 52C-6-611 has been given or whether the individual seeking modification is a resident of this State or of the foreign country.

(b) An order issued by a tribunal of this State modifying a foreign child support order pursuant to this section is the controlling order.

§ 52C-6-616. Procedure to register child support order of foreign country for modification.
A party or support enforcement agency seeking to modify, or to modify and enforce, a foreign child support order not under the Convention may register that order in this State under G.S. 52C-6-601 through G.S. 52C-6-608 if the order has not been registered. A petition for modification may be filed at the same time as a request for registration, or at another time. The petition must specify the grounds for modification.

(b) In a proceeding to determine parentage, a responding tribunal of this State shall apply the procedural and substantive law of this State and the rules of this State on choice of law.

(b) A petitioner may file a direct request seeking recognition and enforcement of a support order or support agreement. In the proceeding, G.S. 52C-7-706 through G.S. 52C-7-713 apply.

(c) In a direct request for recognition and enforcement of a Convention support order or foreign support agreement:
   (1) A security, bond, or deposit is not required to guarantee the payment of costs and expenses; and
   (2) An obligee or obligor that in the issuing country has benefited from free legal assistance is entitled to benefit, at least to the same extent, from any free legal assistance provided for by the law of this State under the same circumstances.

(d) A petitioner filing a direct request is not entitled to assistance from the Department or the county child support agency.

(4) A record showing the amount of arrears, if any, and the date the amount was calculated;

(5) A record showing a requirement for automatic adjustment of the amount of support, if any, and the information necessary to make the appropriate calculations; and

c) A request for registration of a Convention support order may seek recognition and partial enforcement of the order.

d) A tribunal of this State may vacate the registration of a Convention support order without the filing of a contest under G.S. 52C-7-707 only if, acting on its own motion, the tribunal finds that recognition and enforcement of the order would be manifestly incompatible with public policy.

e) The tribunal shall promptly notify the parties of the registration or the order vacating the registration of a Convention support order.

§ 52C-7-707. Contest of registered Convention support order.

(a) Except as otherwise provided in this Article, G.S. 52C-6-605 through G.S. 52C-6-608 apply to a contest of a registered Convention support order.

(b) A party contesting a registered Convention support order shall file a contest not later than 30 days after notice of the registration, but if the contesting party does not reside in the United States, the contest must be filed not later than 60 days after notice of the registration.

c) If the nonregistering party fails to contest the registered Convention support order by the time specified in subsection (b) of this section, the order is enforceable.

d) A contest of a registered Convention support order may be based only on grounds set forth in G.S. 52C-7-708. The contesting party bears the burden of proof.

e) In a contest of a registered Convention support order, a tribunal of this State:

   (1) Is bound by the findings of fact on which the foreign tribunal based its jurisdiction; and

   (2) May not review the merits of the order.

(f) A tribunal of this State deciding a contest of a registered Convention support order shall promptly notify the parties of its decision.

(g) A challenge or appeal, if any, does not stay the enforcement of a Convention support order unless there are exceptional circumstances.

§ 52C-7-708. Recognition and enforcement of registered Convention support order.

(a) Except as otherwise provided in subsection (b) of this section, a tribunal of this State shall recognize and enforce a registered Convention support order:

(b) The following grounds are the only grounds on which a tribunal of this State may refuse recognition and enforcement of a registered Convention support order:

   (1) Recognition and enforcement of the order is manifestly incompatible with public policy, including the failure of the issuing tribunal to observe minimum standards of due process, which include notice and an opportunity to be heard.

   (2) The issuing tribunal lacked personal jurisdiction consistent with G.S. 52C-2-201.

   (3) The order is not enforceable in the issuing country.

   (4) The order was obtained by fraud in connection with a matter of procedure.

   (5) A record transmitted in accordance with G.S. 52C-7-706 lacks authenticity or integrity.

   (6) A proceeding between the same parties and having the same purpose is pending before a tribunal of this State and that proceeding was the first to be filed.
(7) The order is incompatible with a more recent support order involving the same parties and having the same purpose if the more recent support order is entitled to recognition and enforcement under this Chapter in this State.

(8) Payment, to the extent alleged arrears have been paid in whole or in part.

(9) In a case in which the respondent neither appeared nor was represented in the proceeding in the issuing foreign country:
   a. If the law of that country provides for prior notice of proceedings, the respondent did not have proper notice of the proceedings and an opportunity to be heard; or
   b. If the law of that country does not provide for prior notice of the proceedings, the respondent did not have proper notice of the order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal.

(10) The order was made in violation of G.S. 52C-7-711.

(c) If a tribunal of this State does not recognize a Convention support order under subdivision (b)(2), (4), or (9) of this section, then:
   (1) The tribunal may not dismiss the proceeding without allowing a reasonable time for a party to request the establishment of a new Convention support order; and
   (2) The Department and the county child support agency shall take all appropriate measures to request a child support order for the obligee if the application for recognition and enforcement was received under G.S. 52C-7-704.

"§ 52C-7-709. Partial enforcement.
If a tribunal of this State does not recognize and enforce a Convention support order in its entirety, it shall enforce any severable part of the order. An application or direct request may seek recognition and partial enforcement of a Convention support order.

"§ 52C-7-710. Foreign support agreement.
(a) Except as otherwise provided in subsections (c) and (d) of this section, a tribunal of this State shall recognize and enforce a foreign support agreement registered in this State.
(b) An application or direct request for recognition and enforcement of a foreign support agreement must be accompanied by each of the following:
   (1) A complete text of the foreign support agreement.
   (2) A record stating that the foreign support agreement is enforceable as an order of support in the issuing country.
(c) A tribunal of this State may vacate the registration of a foreign support agreement only if, acting on its own motion, the tribunal finds that recognition and enforcement would be manifestly incompatible with public policy.
(d) In a contest of a foreign support agreement, a tribunal of this State may refuse recognition and enforcement of the agreement if it finds any of the following:
   (1) Recognition and enforcement of the agreement is manifestly incompatible with public policy.
   (2) The agreement was obtained by fraud or falsification.
   (3) The agreement is incompatible with a support order involving the same parties and having the same purpose in this State, another state, or a foreign country if the support order is entitled to recognition and enforcement under this Chapter in this State.
   (4) The record submitted under subsection (b) of this section lacks authenticity or integrity.
(e) A proceeding for recognition and enforcement of a foreign support agreement must be suspended during the pendency of a challenge to or appeal of the agreement before a tribunal of another state or a foreign country.

"§ 52C-7-711. Modification of Convention child support order.

272
(a) A tribunal of this State may not modify a Convention child support order if the obligee remains a resident of the foreign country where the support order was issued unless:
   (1) The obligee submits to the jurisdiction of a tribunal of this State, either expressly or by defending on the merits of the case without objecting to the jurisdiction at the first available opportunity; or
   (2) The foreign tribunal lacks or refuses to exercise jurisdiction to modify its support order or issue a new support order.

(b) If a tribunal of this State does not modify a Convention child support order because the order is not recognized in this State, G.S. 52C-7-708(c) applies.

"§ 52C-7-712. Personal information; limit on use.
Personal information gathered or transmitted under this Article may be used only for the purposes for which it was gathered or transmitted.

"§ 52C-7-713. Record in original language; English translation.
A record filed with a tribunal of this State under this Article must be in the original language and, if not in English, must be accompanied by an English translation.

"Article 8.
"Interstate Rendition.

"§ 52C-8-801. Grounds for rendition.
(a) For purposes of this Article, "governor" includes an individual performing the functions of governor or the executive authority of a state covered by this Chapter.

(b) The Governor of this State may:
   (1) Demand that the governor of another state surrender an individual found in the other state who is charged criminally in this State with having failed to provide for the support of an obligee; or
   (2) On the demand of the governor of another state, surrender an individual found in this State who is charged criminally in the other state with having failed to provide for the support of an obligee.

(c) A provision for extradition of individuals not inconsistent with this Chapter applies to the demand even if the individual whose surrender is demanded was not in the demanding state when the crime was allegedly committed and has not fled therefrom.

"§ 52C-8-802. Conditions of rendition.
(a) Before making demand that the governor of another state surrender an individual charged criminally in this State with having failed to provide for the support of an obligee, the Governor of this State may require a prosecutor of this State to demonstrate that at least 60 days previously the obligee has initiated proceedings for support pursuant to this Chapter or that the proceeding would be of no avail.

(b) If, under this Chapter or a law substantially similar to this Chapter, the Uniform Reciprocal Enforcement of Support Act, or the Revised Uniform Reciprocal Enforcement of Support Act, the governor of another state makes a demand that the Governor of this State surrender an individual charged criminally in that state with having failed to provide for the support of a child or other individual to whom a duty of support is owed, the governor may require a prosecutor to investigate the demand and report whether a proceeding for support has been initiated or would be effective. If it appears that a proceeding would be effective but has not been initiated, the governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

(c) If a proceeding for support has been initiated and the individual whose rendition is demanded prevails, the governor may decline to honor the demand. If the petitioner prevails and the individual whose rendition is demanded is subject to a support order, the governor may decline to honor the demand if the individual is complying with the support order.

"Article 9.
"Miscellaneous Provisions.

"§ 52C-9-901. Uniformity of application and construction.

273
This Chapter shall be applied and construed to effectuate its general purpose to make uniform. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to the subject matter of this Chapter among states enacting that act.

§ 52C-9-901.1. Transitional provision.

This Chapter applies to proceedings begun on or after the effective date of this Chapter to establish a support order or determine parentage of a child or to register, recognize, enforce, or modify a prior support order, determination, or agreement, whenever issued or entered.

SECTION 2. The Revisor of Statutes shall cause to be printed, as annotations to the published General Statutes, all relevant portions of the Official Comments to the Uniform Interstate Family Support Act, as amended, as the Revisor may deem appropriate.

SECTION 3. G.S. 110-130.1(d) reads as rewritten:

"(d) Any fee imposed by the North Carolina Department of Revenue or the Secretary of the Treasury to cover their costs of withholding for non-Work First arrearages certified for the collection of past due support from State or federal income tax refunds or administrative offsets, as defined by 31 C.F.R. § 285.1(a), shall be borne by the client by deducting the fee from the amount collected. Any income tax refund offset amounts or administrative offsets, as defined by 31 C.F.R. § 285.1(a), which are subsequently determined to have been incorrectly withheld and distributed to a client, and which must be refunded by the State to a responsible parent or the nondebtor spouse, shall constitute a debt to the State owed by the client."

SECTION 4. G.S. 110-136.4 reads as rewritten:

"§ 110-136.4. Implementation of withholding in IV-D cases.

(a) Withholding based on arrearages or obligor's request.

(1) Advance notice of withholding. When an obligor in a IV-D case becomes subject to income withholding, the obligee shall, after verifying the obligor's current employer or other payor, wages or other disposable income, and mailing address, serve the obligor with advance notice of withholding in accordance with G.S. 1A-1, Rule 4, Rules of Civil Procedure.

(2) Contents of advance notice. The advance notice to the obligor shall contain, at a minimum, the following information:

a. Whether the proposed withholding is based on the obligor's failure to make legally obligated child support, alimony or postseparation support payments on the obligor's request for withholding, on the obligee’s request for withholding, or on the obligor's eligibility for withholding under G.S. 110-136.3(b)(3);

b. The amount of overdue child support, overdue alimony or postseparation support payments, the total amount to be withheld, and when the withholding will occur;

c. The name of each child or person for whose benefit the child support, alimony or postseparation support payments are due and information sufficient to identify the court order under which the obligor has a duty to support the child, spouse, or former spouse;

d. The amount and sources of disposable income;

e. That the withholding will apply to the obligor's wages or other sources of disposable income from current payors and all subsequent payors once the procedures under this section are invoked;

f. An explanation of the obligor's rights and responsibilities pursuant to this section;

g. That withholding will be continued until terminated pursuant to G.S. 110-136.10.
(3) Contested withholding. The obligor may contest the withholding only on the basis of a mistake of fact, except that G.S. 110-129(10)(a) is not applicable if withholding is based on the obligor's or obligee's request for withholding. To contest the withholding, the obligor must, within 10 days of receipt of the advance notice of withholding, request a hearing in the county where the support order was entered before the district court and give notice to the obligee specifying the mistake of fact upon which the hearing request is based. If the asserted mistake of fact can be resolved by agreement between the obligee and the obligor, no hearing shall occur. Otherwise, a hearing shall be held and a determination made, within 30 days of the obligor's receipt of the advance notice of withholding, as to whether the asserted mistake of fact is valid. No withholding shall occur pending the hearing decision. The failure to hold a hearing within 30 days shall not invalidate an otherwise properly entered order. If it is determined that a mistake of fact exists, no withholding shall occur. Otherwise, within 45 days of the obligor's receipt of the advance notice of withholding, the obligee shall serve the payor, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures, with notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk. In the event of appeal, withholding shall not be stayed. If the appeal is concluded in favor of the obligor, the obligee shall promptly repay sums wrongfully withheld and notify the payor to cease withholding.

(4) Uncontested withholding. If the obligor does not contest the withholding within the 10-day response period, the obligee shall serve the payor, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures, with notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk.

(5) Payment not a defense to withholding. The payment of overdue support shall not be a basis for terminating or not implementing withholding.

(6) Inability to implement withholding. When an obligor is subject to withholding, but withholding under this section cannot be implemented because the obligor's location is unknown, because the extent and source of his disposable income cannot be determined, or for any other reason, the obligee shall either request the clerk of superior court to initiate enforcement proceedings under G.S. 15A-1344.1(d) or G.S. 50-13.9(d) or take other appropriate available measures to enforce the support obligation.

(b) Immediate income withholding. When a new or modified child support order is entered, the district court judge shall, after hearing evidence regarding the obligor's disposable income, place the obligor under an order for immediate income withholding. The IV-D agency shall serve the payor pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, or by electronic transmission in compliance with the federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures, with a notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk. If information is unavailable regarding an obligor's disposable income, or the obligor is unemployed, or an agreement is reached between both parties which provides for an alternative arrangement, immediate income withholding shall not apply. The obligor, however, is subject to income withholding pursuant to G.S. 110-136.4(a).

(c) Subsequent payors. If the obligor changes employment or source of disposable income, notice to subsequent payors of their obligation to withhold shall be served as required
by G.S. 1A-1, Rule 5, Rules of Civil Procedure or by electronic transmission in compliance with the federal Office of Child Support Enforcement (OCSE) electronic income withholding (e-IWO) procedures. Copies of such notice shall be filed with the clerk of court and served upon the obligor by first class mail.

(d) Multiple withholdings. The obligor must notify the obligee if the obligor is currently subject to another withholding for child support. In the case of two or more withholdings against one obligor, the obligee or obligees shall attempt to resolve any conflict between the orders in a manner that is fair and equitable to all parties and within the limits specified by G.S. 110-136.6. If the conflict cannot be so resolved, an injured party, upon request, shall be granted a hearing in accordance with the procedure specified in G.S. 110-136.4(c). The conflict between the withholding orders shall be resolved in accordance with G.S. 110-136.7.

(e) Modification of withholding. When an order for withholding has been entered under this section, the obligee may modify the withholding based on changed circumstances. The obligee shall proceed as is provided in this section.

(f) Applicability of section. The provisions of this section apply to IV-D cases only.

SECTION 5. G.S. 110-139.2(b1) reads as rewritten:

"(b1) The Department of Health and Human Services Child Support Enforcement Agency may notify any financial institution doing business in this State that an obligor who maintains an identified account with the financial institution has a child support obligation that may be eligible for levy on the account in an amount that satisfies some or all of the amount of unpaid support owed. In order to be able to attach a lien on and levy an obligor's account, the amount of unpaid support owed shall be an amount not less than the amount of support owed for six months or one thousand dollars ($1,000), whichever is less.

Upon certification of the amount of unpaid support owed in accordance with G.S. 44-86(c), the Child Support Agency shall serve or cause to be served upon the obligor, and when the matched account is owned jointly, any other nonliable owner of the account, and the financial institution a notice as provided by this subsection. The notice shall include the name of the obligor, the financial institution where the account is located, the account number of the account to be levied to satisfy the lien, the certified amount of unpaid support, information for the obligor or account owner on how to remove the lien or contest the lien in order to avoid the levy, and a copy of reference to the applicable law, G.S. 110-139.2. The notice shall be served on the obligor, and any nonliable account owner, in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure. The financial institution shall be served notice in accordance with Rule 5 of the North Carolina Rules of Civil Procedure. Upon service of the notice, the financial institution shall proceed in the following manner:

(1) Immediately attach a lien to the identified account.
(2) Notify the Child Support Agency of the balance of the account and date of the lien or that the account does not meet the requirement for levy under this subsection.

In order for an obligor or account owner to contest the lien, within 10 days after the obligor or account owner is served with the notice, the obligor or account owner shall send written notice of the basis of the contest to the Child Support Agency and shall request a hearing before the district court in the county where the support order was entered. The obligor account holder may contest the lien only on the basis that the amount owed is an amount less than the amount of support owed for six months, or is less than one thousand dollars ($1,000), whichever is less, or the contesting party is not the person subject to the court order of support. The district court may assess court costs against the nonprevailing party. If no response is received from the obligor or account owner within 10 days of the service of the notice, the Child Support Agency shall notify the financial institution to submit payment, up to the total amount of the child support arrears, if available. This amount is to be applied to the debt of the obligor.

A financial institution shall not be liable to any person for complying in good faith with this subsection. The remedy set forth in this section shall be in addition to all other remedies
available to the State for the reduction of the obligor's child support arrears. This remedy shall not prevent the State from taking any and all other concurrent measures available by law.

This levy procedure is to be available for direct use by all states' child support programs to financial institutions in this State without involvement of the Department."

SECTION 6. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 15th day of June, 2015.

Became law upon approval of the Governor at 10:15 a.m. on the 24th day of June, 2015.

Session Law 2015-118 S.B. 455

AN ACT TO ENACT THE IRAN DIVESTMENT ACT.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 143C of the General Statutes is amended by adding a new Article to read:

"Article 6A.

§ 143C-6A-1. Article title.

This Article may be cited as the "Iran Divestment Act of 2015."

§ 143C-6A-2. Findings.

The General Assembly finds that:

(1) Congress and the President have determined that the illicit nuclear activities of the Government of Iran, combined with its development of unconventional weapons and ballistic missiles and its support of international terrorism, represent a serious threat to the security of the United States, Israel, and other United States allies in Europe, the Middle East, and around the world.

(2) The International Atomic Energy Agency has repeatedly called attention to Iran's unlawful nuclear activities, and, as a result, the United Nations Security Council has adopted a range of sanctions designed to encourage the Government of Iran to cease those activities and comply with its obligations under the Treaty on the Non-Proliferation of Nuclear Weapons.

(3) On July 1, 2010, President Barack Obama signed into law H.R. 2194, the "Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010" (Public Law 111-195), which expressly authorizes states and local governments to prevent investment in, including prohibiting entry into or renewing contracts with, companies operating in Iran's energy sector with investments that have the result of directly or indirectly supporting the efforts of the Government of Iran to achieve nuclear weapons capability.

(4) The serious and urgent nature of the threat from Iran demands that states, local governments, and private institutions work together with the federal government and American allies to do everything possible diplomatically, politically, and economically to prevent Iran from acquiring nuclear weapons capability.

(5) Respect for human rights in Iran has steadily deteriorated as demonstrated by transparently fraudulent elections and the brutal repression and murder, arbitrary arrests, and show trials of peaceful dissidents.

(6) The concerns of the State regarding Iran are strictly the result of the actions of the Government of Iran and should not be construed as enmity towards the Iranian people.
In order to effectively address the need for this State to respond to the policies of Iran in a uniform fashion, prohibiting contracts with persons engaged in investment activities in the energy sector of Iran must be accomplished on a statewide basis.

It is the intent of the General Assembly to fully implement the authority granted under Section 202 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (Public Law 111-195).

No more than 30 days after the effective date of this act, the State Treasurer shall adopt a policy prohibiting the North Carolina Retirement Systems or the Department of the State
Treasurer from investing funds with a person engaging in investment activities in Iran. At a minimum, the policy shall provide:

(1) List of persons engaged in investment. – Within 120 days of adoption of the policy, the State Treasurer shall develop and make publically available, using federal sanctions lists and any other credible information available to the public, a list of persons it determines engage in investment activities in Iran. The State Treasurer shall make every effort to avoid erroneously including a person on the list. The State Treasurer shall update the list every 180 days. Before finalizing an initial list or an updated list, the State Treasurer must do all of the following before a person is included on the list:

a. Provide 90 days' written notice of the State Treasurer's intent to include the person on the list. The notice shall inform the person that inclusion on the list would make the person ineligible for State investment and may affect the person's ability to conduct other business with the State and its subdivisions. The notice shall specify that the person, if it ceases its engagement in investment activities in Iran, may be removed from the list.

b. The State Treasurer shall provide a person with an opportunity to comment in writing that it is not engaged in investment activities in Iran. If the person demonstrates to the State Treasurer that the person is not engaged in investment activities in Iran, the person shall not be included on the list.

(2) Investments prohibited. – Neither the North Carolina Retirement Systems nor the State Treasurer may invest funds with a person that is identified on a list created pursuant to subdivision (1) of this section as a person engaging in investment activities in Iran.

(3) Existing investments. – Any existing investment with a person that is identified on a list created pursuant to subdivision (1) of this section as a person engaging in investment activities in Iran must be divested within 180 days of the adoption of the policy.

(4) Fiduciary duties. – Nothing in the policy or in this Article shall require the North Carolina Retirement Systems or the State Treasurer to take action unless it is determined by the State Treasurer, in good faith, that the action is consistent with the fiduciary responsibilities of the Retirement Systems and the State Treasurer.

(5) Exceptions. – Notwithstanding the policy, an investment may be made in a person engaged in investment activities in Iran if:

a. The person is eligible to contract with the State under the exception in G.S. 143C-6A-7(b).

b. The State Treasurer makes a good-faith determination, on a case-by-case basis, that the investments are necessary to perform its functions.

§ 143C-6A-5. Certification required.

(a) A State agency shall require a person that attempts to contract with the State or political subdivision of the State, including a contract renewal or assumption, to certify, at the time the bid is submitted or the contract is entered into, renewed, or assigned, that the person or the assignee is not identified on a list created by the State Treasurer pursuant to G.S. 143C-6A-4. A State agency shall include certification information in the procurement record.

(b) A person that contracts with the State or a political subdivision of the State, including a contract renewal or assumption, shall not utilize on the contract with the State agency any subcontractor that is identified on a list created pursuant to G.S. 143C-6A-4.
Upon receiving information that a person who has made the certification required by subsection (a) of this section is in violation thereof, the State agency shall review the information and offer the person an opportunity to respond. If the person fails to demonstrate that the person should not have been identified on the list created pursuant to G.S. 143C-6A-4 within 90 days after the determination of the violation, then the State agency shall take action as may be appropriate and provided for by law, rule, or contract.

§ 143C-6A-6. Restrictions on contracts with the State or subdivisions of the State.
(a) A person that is identified on a list created by the State Treasurer pursuant to G.S. 143C-6A-4 as a person engaging in investment activities in Iran is ineligible to contract with the State or any political subdivision of the State.
(b) Any contract entered into with a person that is ineligible to contract with the State or any political subdivision of the State is void ab initio.
(c) Existing contracts with persons made ineligible to contract with the State or any political subdivision of the State under this Article shall be allowed to expire in accordance with the terms of the contract.

§ 143C-6A-7. Exceptions.
(a) G.S. 143C-6A-6 does not apply to contracts valued at one thousand dollars ($1,000) or less.
(b) Persons engaged in substantial positive action. — Notwithstanding any other provision of this Article, a person engaged in investment activities in Iran may contract with the State or a political subdivision of the State if the State Treasurer determines, using U.S. government statements and any other credible information available to the public, that the person’s investment activities in Iran were made before the effective date of this act, the investment activities in Iran have not been expanded or renewed after the effective date of this act, and the person has adopted, publicized, and is implementing a detailed plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran. The State Treasurer shall develop and make publicly available a “Substantial Positive Action Exception List” of these persons. The State Treasurer shall update the list every 180 days. Once a person has not engaged in investment activities in Iran within the previous five years, the State Treasurer shall remove that person from the list created pursuant to G.S. 143C-6A-4.
(c) Necessary commodities or services. — Notwithstanding any other provision of this Article, a person engaged in investment activities in Iran may contract with the State or a political subdivision of the State, on a case-by-case basis, if the State agency or political subdivision makes a good-faith determination that the commodities or services are necessary to perform its functions and that, absent such an exemption, the State agency would be unable to obtain the commodities or services for which the contract is offered. The determination shall be entered into the procurement record.

§ 143C-6A-8. Report; application.
(a) The State Treasurer shall report to the Joint Legislative Commission on Governmental Operations and the Governor annually by October 1 on the status of the federal “Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010” (Public Law 111-195), the “Iran Divestment Act of 2015,” and any rules or regulations adopted thereunder.
(b) The restrictions provided for in this Article apply only until:
(1) The President or Congress of the United States, by means including, but not limited to, legislation, executive order, or written certification, declares that divestment of the type provided for in this Article interferes with the conduct of United States foreign policy; or with respect to restrictions on any particular investment activities in Iran, those activities have been specifically exempted from U.S. government sanctions by an affirmative declaration authorized by the Congress of the United States; or
(2) Congress revokes authority to divest in the manner provided for in this Article.

§ 143C-6A-9. No private right of action.
This Article does not create or authorize a private right of action to enforce the provisions of the Article.

(b) A person may challenge being included on the lists established in this Article using the procedures in Article 3 of Chapter 150B of the General Statutes, except that no person may file a contested case more than once every 365 days, and no attorneys’ fees may be awarded under G.S. 150B-33(b)(11).

SECTION 2. Nothing in this act is intended to create a fiduciary relationship between the State Treasurer and any party who uses the list or any fiduciary duty on the part of the State Treasurer where one does not otherwise exist by law.

SECTION 3. The State Treasurer shall submit to the Attorney General of the United States a written notice describing this act within 30 days after the effective date of this act.

If sexual abuse in a child care facility is not alleged in the initial report, but during the course of the assessment there is reason to suspect that sexual abuse has occurred, the director shall immediately notify the State Bureau of Investigation. When the report alleges abuse, the director shall immediately, but no later than 24 hours after receipt of the report, initiate the assessment. When the report alleges neglect or dependency, the director shall initiate the assessment within 72 hours following receipt of the report. When the
report alleges abandonment, the director shall immediately initiate an assessment, take appropriate steps to assume temporary custody of the juvenile, and take appropriate steps to secure an order for nonsecure custody of the juvenile. The assessment and evaluation shall include a visit to the place where the juvenile resides, except when the report alleges abuse or neglect in a child care facility as defined in Article 7 of Chapter 110 of the General Statutes. When a report alleges abuse or neglect in a child care facility as defined in Article 7 of Chapter 110 of the General Statutes, a visit to the place where the juvenile resides is not required.

The local law enforcement agency shall immediately, but no later than 48 hours after receipt of the information, initiate a criminal investigation. Upon completion of the investigation, the district attorney shall determine whether criminal prosecution is appropriate.

If the report received pursuant to G.S. 7B-301 involves abuse or neglect of a juvenile or child maltreatment, as defined in G.S. 110-105.3, in child care, the director shall notify the Department of Health and Human Services within 24 hours or on the next working day of receipt of the report.

(b) If the director finds evidence that a juvenile has been abused or neglected as defined by G.S. 7B-101 in a child care facility, the director shall immediately so notify the Department of Health and Human Services and, in the case of sexual abuse, the State Bureau of Investigation, in such a way as does not violate the law guaranteeing the confidentiality of the records of the department of social services.

(c) Upon completion of the assessment, the director shall give the Department written notification of the results of the assessment required by G.S. 7B-302. Upon completion of an assessment of sexual abuse in a child care facility, the director shall also make written notification of the results of the assessment to the State Bureau of Investigation.

The director of the department of social services shall submit a report of alleged abuse, neglect, or dependency cases or child fatalities that are the result of alleged maltreatment to the central registry under the policies adopted by the Social Services Commission."

SECTION 6. G.S. 110-105 reads as rewritten:

"§ 110-105. Authority to inspect facilities.

(a) The Department shall have authority to inspect facilities without notice when it determines there is cause to believe that an emergency situation exists or there is a complaint alleging a violation of licensure law. When the Department is notified by the county director of social services that the director has received a report of child maltreatment in a child care
facility, or when the Department is notified by any other person that alleged child maltreatment has occurred in a facility, the Commission's rules shall provide for an inspection conducted without notice to the child care facility to determine whether the alleged maltreatment has occurred. The inspection shall be conducted within seven calendar days of receipt of the report. Additional visits shall be conducted, as warranted.

(a) The Commission shall adopt standards and rules under this subsection which provide for the following types of inspections:

1. An initial licensing inspection, which shall not occur until the administrator of the facility receives prior notice of the initial inspection visit;
2. A plan for visits to all facilities, including announced and unannounced visits, which shall be confidential unless a court orders its disclosure;
3. An inspection that may be conducted without notice, if there is probable cause to believe that an emergency situation exists or there is a complaint alleging a violation of licensure law.

When the Department is notified by the county director of social services that the director has received a report of child abuse or neglect in a child care facility, or when the Department is notified by any other person that alleged abuse or neglect has occurred in a facility, the Commission’s rules shall provide for an inspection conducted without notice to the child care facility to determine whether the alleged abuse or neglect has occurred. This inspection shall be conducted within seven calendar days of receipt of the report, and when circumstances warrant, additional visits shall be conducted.

The Secretary or the Secretary's designee, Department, upon presenting appropriate credentials to the operator of the child care facility, may perform inspections in accordance with the standards and rules promulgated under this subsection. The Secretary or the Secretary's designee may inspect any area of a building in which there is reasonable evidence that children are in care or in which the Department has cause to believe that conditions in that area of a building pose a potential risk to the health, safety, or well-being of children in care.

(b) If an operator refuses to allow the Secretary or the Secretary's designee to inspect the child care facility, the Secretary shall seek an administrative warrant in accordance with G.S. 15-27.2.

SECTION 7. G.S. 110-105.2 is repealed.

SECTION 8. Article 7 of Chapter 110 of the General Statutes is amended by adding the following new sections to read:

§ 110-105.3. Child maltreatment.

(a) The purpose of this section is to assign the authority to investigate instances of child maltreatment in child care facilities to the Department of Health and Human Services, Division of Child Development and Early Education. The General Assembly recognizes that the ability to properly investigate child maltreatment in licensed child care facilities is dependent upon the cooperation of State and local law enforcement agencies, as well as county departments of social services.

(b) The following definitions shall apply in this Article:

1. Caregiver. – The operator of a licensed child care facility or religious-sponsored child care facility, a child care provider, as defined in G.S. 110-90.2(a)(2), a volunteer, or any person who has the approval of the provider to assume responsibility for children under the care of the provider.

2. Child care facilities. – Any of the following:

a. All facilities required to be licensed under this Article.
b. All religious-sponsored facilities operating pursuant to G.S. 110-106.
c. All locations where children are being cared for by someone other than their parent or legal guardian that require a license under this Article but have not been issued a license by the Department.
(3) Child maltreatment.—Any act or series of acts of commission or omission by a caregiver that results in harm, potential for harm, or threat of harm to a child. Acts of commission include, but are not limited to, physical, sexual, and psychological abuse. Acts of omission include, but are not limited to, failure to provide for the physical, emotional, or medical well-being of a child, and failure to properly supervise children, which results in exposure to potentially harmful environments.

(c) The Department, local departments of social services, and local law enforcement personnel shall cooperate with the medical community to ensure that reports of child maltreatment in child care facilities are properly investigated.

(d) When a report of child maltreatment is received, the Department shall make a prompt and thorough assessment to ascertain the facts of the case, the extent of the maltreatment, and the risk of harm to children enrolled at the child care facility. When the report alleges maltreatment meeting the definition of abuse or neglect as defined in G.S. 14-318.2 and G.S. 14-318.4, the Department shall contact local law enforcement officials to investigate the report.

(e) During the pendency of an investigation, the Department may issue a protection plan restricting an individual alleged to have maltreated a child from being on the premises of the facility while children are in care. The Department may also suspend activities at a facility under investigation, including, but not limited to, transportation, aquatic activities, and field trips.

(f) At any time during the pendency of a child maltreatment investigation, the Department may order immediate corrective action as required to protect the health, safety, or welfare of children in care. If the corrective action does not occur within the period specified in the corrective action order, the Department may take administrative action to protect the health, safety, or welfare of the children at the child care facility.

(g) The Department may, in accordance with G.S. 150B-3(c), summarily suspend the license of a child care facility if the Department determines that emergency action is required to protect the health, safety, or welfare of the children in a child care facility regulated by the Department.

(h) In the event the Department determines child maltreatment did not occur in a child care facility, nothing in this section shall prevent the Department from citing a violation or issuing an administrative action based upon violations of child care licensure law or rules based upon its investigation. Citations of violations or administrative actions issued pursuant to this subsection shall not be confidential.

(i) Regardless of the Department's final determination regarding child maltreatment, all information received by the Department during the course of its investigation shall be held in the strictest confidence by the Department, except for the following:

(1) The Department shall disclose confidential information, other than the identity of the reporter, to any federal, State, or local government entity or its agent in order to protect a juvenile from child maltreatment, abuse, or neglect. Any confidential information disclosed to any federal, State, or local government entity or its agent pursuant to this subdivision shall remain confidential with the other government entity or its agent and shall only be
redisclosed for purposes directly connected with carrying out that entity's mandated responsibilities.

(2) The Department shall only disclose information identifying the reporter pursuant to a court order, except that the Department may disclose information identifying the reporter without a court order only to a federal, State, or local government entity that demonstrates a need for the reporter's name to carry out the entity's mandated responsibilities.

(3) A district court, superior court, or administrative law judge of this State presiding over a civil matter in which the Department is not a party may order the Department to release confidential information. The court may order the release of confidential information after providing the Department with reasonable notice and an opportunity to be heard and then determining that the information is relevant, necessary to the trial of the matter before the court, and unavailable from any other source.

(k) When a report of child maltreatment alleges facts that indicate that a report is required under G.S. 7B-301, the Department shall contact the local department of social services in the county where the juvenile resides or is found and make the necessary report.

(l) In performing any duties related to the assessment of a report of child maltreatment, the Department may consult with any public or private agencies or individuals, including the available State or local law enforcement officers, probation and parole officers, and the director of any county department of social services who shall assist in the assessment and evaluation of the seriousness of any report of child maltreatment when requested by the Department. The Department or the Department's representatives may make a written demand for any information or reports, whether or not confidential, that may in the Department's opinion be relevant to the assessment of the report. Upon the Department or the Department's representative's request and unless protected by attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and the records required by this subsection, to the extent permitted by federal law and regulations.

(m) The North Carolina Child Care Commission shall adopt, amend, and repeal all rules necessary for the implementation of this section. Rules promulgated subject to this section shall be exempt from the provisions of G.S. 150B-19.1(e) and (f).

§ 110-105.4. Duty to report child maltreatment.

(a) Any person who has cause to suspect that a child in a child care facility has been maltreated, as defined by G.S. 110-105.3, or has died as the result of maltreatment occurring in a child care facility, shall report the case of that child to the Department. The report may be made orally, by telephone, or in writing. The report shall include information as is known to the person making the report, including (i) the name and address of the child care facility where the child was allegedly maltreated, (ii) the name and address of the child's parent, guardian, or caretaker, (iii) the age of the child, (iv) the present whereabouts of the child if not at the home address, (v) the nature and extent of any injury or condition resulting from maltreatment, and (vi) any other information the person making the report believes might assist in the investigation of the report. If the report is made orally or by telephone, the person making the report shall give the person's name, address, and telephone number. Refusal of the person making the report to give a name shall not preclude the Department's assessment of the alleged maltreatment.

(b) Upon receipt of any report of maltreatment involving sexual abuse of the child in a child care facility, the Department shall notify the State Bureau of Investigation within 24 hours or on the next workday. If sexual abuse in a child care facility is not alleged in the initial report, but during the course of the assessment there is reason to suspect that sexual abuse has occurred, the Department shall immediately notify the State Bureau of Investigation. Upon notification that sexual abuse may have occurred in a child care facility, the State Bureau of Investigation may form a task force to investigate the report.

§ 110-105.5. Child maltreatment registry.
(a) The Department shall establish and maintain a registry containing the names of all caregivers who have been confirmed by the Department of having maltreated a child pursuant to G.S. 110-105.3.

(b) Individuals who wish to contest findings under subsection (a) of this section are entitled to an administrative hearing as provided by the Administrative Procedure Act under Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days of the mailing of the written notice of the Department’s intent to place its findings about the person in the Child Maltreatment Registry.

(c) Individuals whose names are listed on the Registry shall not be a caregiver as defined in G.S. 110-105.3(b)(2) at any licensed child care facility or religious-sponsored child care facility.

(d) No person shall be liable for providing any information for the Child Maltreatment Registry if the information is provided in good faith. Neither an employer, potential employer, nor the Department shall be liable for using any information from the Child Maltreatment Registry if the information is used in good faith for the purpose of screening prospective applicants for employment or reviewing the employment status of an employee. The immunity established by this subsection does not extend to malicious conduct or intentional wrongdoing.

(e) Upon request, a child care facility, as defined in G.S. 110-105.3, is permitted to provide confidential or other identifying information to the Department, including social security numbers, taxpayer identification numbers, parent's legal surname prior to marriage, and dates of birth, for the purpose of verifying the identity of the accused caregiver.

(f) With the exception of the names of individuals listed on the Child Maltreatment Registry, all other information received by or pertaining to the Child Maltreatment Registry shall be confidential and is not a public record under Chapter 132 of the General Statutes.

(g) In order to determine an individual's fitness to care for or adopt a child, information from the Child Maltreatment Registry may be used by any of the Department's divisions responsible for licensing homes or facilities that care for children, and the Department may provide information from this list to child-caring institutions, child-placing agencies, group home facilities, and other providers of foster care, child care, or adoption services.

(h) The North Carolina Child Care Commission shall adopt, amend, and repeal all rules necessary for the implementation of this section.

§ 110-105.6. Penalties for child maltreatment.

(a) For purposes of this Article, child maltreatment occurring in child care facilities is a violation of this Article, licensure standards, and licensure laws.

(b) Pursuant to G.S. 110-105.3, when an investigation confirms that child maltreatment did occur in a child care facility, the Department may issue an administrative action up to and including summary suspension and revocation of the facility's child care license.

(c) If the facility is permitted to remain open after an administrative action has been issued, the administrative action shall specify any corrective action to be taken by the operator.

(d) The Department shall make unannounced visits to determine whether the corrective action has occurred. If the corrective action has not occurred, then the Department may take further action against the facility as necessary to protect the health, safety, or welfare of the children at the child care facility.

(e) Administrative actions issued shall include a statement of the reasons for the action and shall specify corrective action that shall be taken by the operator.

(f) Under the terms of the administrative action, the Department may limit enrollment of new children until satisfied the situation giving rise to the confirmation of child maltreatment no longer exists.

(g) Specific corrective action required by an administrative action authorized by this Article may include the removal of the individual responsible for child maltreatment from child care pending a final determination or appeal of the individual's placement on the Child Maltreatment Registry.
(h) Nothing in this section shall restrict the Department from using any other statutory or administrative remedies available.”

The board of county commissioners shall adopt a resolution granting the authority to the city, and it shall remain in effect until withdrawn by the board of county commissioners adopting a subsequent resolution withdrawing the authority. If a city lies in more than one county, the board of county commissioners of each county in which the city lies must adopt an authorizing resolution. If any county in which the city lies withdraws the authority of the city to issue permits for the use of pyrotechnics, the authority of the city to issue permits for the use of pyrotechnics will end, and all counties within which the city lies must resume their authority to issue the permits.

(b) For any indoor use of pyrotechnics at a concert or public exhibition, the board of commissioners or the governing body of an authorized city may not issue any permit unless the local fire marshal or the State Fire Marshal (or in the case of The University of North Carolina or the University of North Carolina at Chapel Hill, or North Carolina State University, the University of North Carolina at Chapel Hill, or North Carolina State University) has certified that:

A board of county commissioners or the governing board of a city may require proof of insurance that exceeds these minimum requirements.

AN ACT TO CLARIFY THE CAP ON THE UTILITIES REGULATORY FEE RESERVE, TO SET THE REGULATORY FEE IN STATUTE, AND TO ALLOW THE COMMISSION TO RAISE OR LOWER THE FEE.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 62-302(a) reads as rewritten:

"(a) Fee Imposed. – It is the policy of the State of North Carolina to provide fair regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The cost of regulating public utilities is a burden incident to the privilege of operating as a public utility. Therefore, for the purpose of defraying the cost of regulating public utilities, every public utility subject to the jurisdiction of the Commission shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public and to maintain a reasonable margin for a reserve fund. The amount of the reserve may not exceed one-half of the cost of operating the Commission and the Public Staff as reflected in the certified budget for the previous fiscal year.

It is also the policy of the State to provide limited oversight of certain electric membership corporations as provided in G.S. 62-53. Therefore, for the purpose of defraying the cost of providing the oversight authorized by G.S. 62-53 and G.S. 117-18.1, each fiscal year each electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16 shall pay an annual fee as provided in this section.

...."

SECTION 1.(b) Subdivisions 14.19(e1)(4), (5), (6), and (10) of S.L. 2009-451 are repealed.

SECTION 2. G.S. 62-302, as amended by Section 1.(a) of this act, reads as rewritten:

"(a) Fee Imposed. – It is the policy of the State of North Carolina to provide fair regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The cost of regulating public utilities is a burden incident to the privilege of operating as a public utility. Therefore, for the purpose of defraying the cost of regulating public utilities, every public utility subject to the jurisdiction of the Commission shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public and to maintain a reasonable margin for a reserve fund. The amount of the reserve may not exceed one-half of the cost of operating the Commission and the Public Staff as reflected in the certified budget for the previous fiscal year.

It is also the policy of the State to provide limited oversight of certain electric membership corporations as provided in G.S. 62-53. Therefore, for the purpose of defraying the cost of providing the oversight authorized by G.S. 62-53 and G.S. 117-18.1, each fiscal year each electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16 shall pay an annual fee as provided in this section.

(b) Public Utility Rate. –

(2) Unless adjusted under subdivision (3) of this subsection, the public utility fee is a percentage of a utility's jurisdictional revenues as follows:

<table>
<thead>
<tr>
<th>Jurisdictional Revenues</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Noncompetitive jurisdiction revenues</td>
<td>0.148%</td>
</tr>
<tr>
<td>Subsection (h) competitive jurisdictional revenues</td>
<td>0.06%</td>
</tr>
<tr>
<td>Subsection (m) competitive jurisdictional revenues</td>
<td>0.05%</td>
</tr>
</tbody>
</table>

For noncompetitive jurisdictional revenues as defined in sub-subdivision (4)a. of this subsection, the public utility regulatory fee for each fiscal year is the greater of (i) a percentage rate, established by the General Assembly, of each public utility's noncompetitive jurisdictional revenues for each quarter or (ii) six dollars and twenty-five cents ($6.25) each quarter. For subsection (h) competitive jurisdictional revenues as defined in sub-subdivision (4)b. of this subsection, and subsection (m) competitive jurisdictional revenues as defined in sub-subdivision (4)c. of this subsection, the public utility regulatory fee for each fiscal year is a percentage rate established by the General Assembly of each public utility's competitive jurisdictional revenues for each quarter.

When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose a percentage rate of the public utility regulatory fee. For fiscal years beginning in an odd numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143C-3-5. For fiscal years beginning in an even numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly. The General Assembly shall set the percentage rate of the public utility regulatory fee by law.

The percentage rate may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Commission and the Public Staff for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Commission or the Public Staff or a possible unanticipated increase or decrease in North Carolina jurisdictional revenues.

(3) In the first half of each calendar year, the Commission shall review the estimated cost of operating the Commission and the Public Staff for the next fiscal year, including a reasonable margin for the reserve fund allowed under this section. In making this determination, the Commission shall consider all relevant factors that may affect the cost of operating the Commission or the Public Staff or a possible unanticipated change in competitive and noncompetitive jurisdictional revenues. If the estimated receipts provided for under this section are less than the estimated cost of operating the Commission and the Public Staff for the next fiscal year, including the reasonable margin for the reserve fund, then if the Commission, the Public Staff, or both experience a revenue shortfall, the Commission may implement a temporary increase in the public utility regulatory fee surcharge on noncompetitive jurisdictional revenues effective for the next fiscal year to avert the deficiency that would otherwise occur. In no event may the total percentage rate of the public utility regulatory fee on noncompetitive jurisdictional revenues plus any surcharge established by the Commission exceed twenty-five hundredths percent (0.25%) or seventeen and one-half hundredths of one percent (0.175%). If the estimated receipts provided for under this section are more than the estimated cost of operating the
Commission and the Public Staff for the next fiscal year, including the reasonable margin for the reserve fund, then the Commission shall decrease the public utility regulatory fee on noncompetitive jurisdictional revenues effective for the next fiscal year.

(4) As used in this section:

a. "Noncompetitive jurisdictional revenues" means all revenues derived or realized from intrastate tariffs, rates, and charges approved or allowed by the Commission or collected pursuant to Commission order or rule, but not including tap-on fees or any other form of contributions in aid of construction.

b. "Subsection (h) competitive jurisdictional revenues" means all revenues derived from retail services provided by local exchange companies and competing local providers that have elected to operate under G.S. 62-133.5(h).

c. "Subsection (m) competitive jurisdictional revenues" means all revenues derived from retail services provided by local exchange companies and competing local providers that have elected to operate under G.S. 62-133.5(m).

(b1) Electric Membership Corporation Rate. – The electric membership corporation regulatory fee for each fiscal year shall be a dollar amount as established by the General Assembly by law; is two hundred thousand dollars ($200,000).

When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose the amount of the electric membership corporation regulatory fee. For fiscal years beginning in an odd numbered year, the proposed amount shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143C-3-5. For fiscal years beginning in an even numbered year, the proposed amount shall be included in a special budget message the Governor shall submit to the General Assembly.

The amount of the electric membership corporation regulatory fee proposed by the Commission may not exceed the amount necessary to defray the estimated cost of the operations of the Commission and the Public Staff for the regulation of the electric membership corporations in the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of the Commission and the Public Staff for the regulation of the electric membership corporations for the upcoming fiscal year.

... (e) Recovery of fee increase. Fee changes. – If a utility’s regulatory fee obligation is increased, the Commission shall either adjust the utility’s rates to reflect the change or allow for the recovery of the increased fee obligation, or approve the utility’s request for an accounting order allowing deferral of the increase in the fee obligation.”

SECTION 3. G.S. 62-302(b)(2), as amended by Section 2 of this act, reads as rewritten:

"(2) Unless adjusted under subdivision (3) of this subsection, the public utility fee is a percentage of a utility's jurisdictional revenues as follows:
Noncompetitive jurisdictional revenues 0.148%
Subsection (h) competitive jurisdictional revenues 0.06%
Subsection (m) competitive jurisdictional revenues 0.05%

... (b) Section 2 is effective July 1, 2015, and applies to jurisdictional revenues earned in each quarter that begins on or after July 1, 2015. Section 3 is effective July 1, 2016, and applies to jurisdictional revenues earned in each quarter that begins on or after July 1, 2016. The remainder of this act is effective when it becomes law.

In the General Assembly read three times and ratified this the 29th day of June, 2015.

Became law upon approval of the Governor at 11:45 a.m. on the 30th day of June, 2015.

SECTION 2.1. Part 1 of Article 1A of Chapter 131D of the General Statutes is amended by adding a new section to read:

"§ 131D-10.2A. Reasonable and prudent parent standard.

(a) The reasonable and prudent parent standard is the standard characterized by careful and sensible parental decisions that are reasonably intended to maintain the health, safety, and best interests of the child while at the same time encouraging the emotional and developmental growth of the child that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the State to participate in extracurricular, enrichment, cultural, and social activities.

(b) Every child care institution shall designate an on-site official who is authorized to apply the reasonable and prudent parent standard pursuant to this section.

(c) A caregiver, including the child's foster parent, whether the child is in a family foster home or a therapeutic foster home, or the designated official at a child care institution where the child is placed, or the county department of social services, must use the reasonable and prudent parent standard when determining whether to allow a child in foster care to participate in extracurricular, enrichment, and social activities.

(d) A caregiver, including the child's foster parent, whether the child is in a family foster home or a therapeutic foster home, may be held liable for an act or omission of the child if the caregiver fails to act in accordance with the reasonable and prudent parent standard under this section. To the extent it may be applicable, the liability of a county department of social services, or the Department of Health and Human Services, shall be strictly adjudicated according to and in compliance with the terms of G.S. 153A-435, et seq., or G.S. 143-291, et seq., as applicable. Nothing in this subsection is intended to abrogate or diminish the qualified immunities of public officials acting in the course and scope of their employment.

(e) Unless otherwise ordered by a court with jurisdiction pursuant to G.S. 7B-200, a caregiver, including the child's foster parent, whether the child is in a family foster home or a therapeutic foster home, exercising the reasonable and prudent parent standard has the authority to provide or withhold permission, without prior approval of the court or a county department of social services, to allow a child in foster care, in the custody of a county department of social..."

Normal childhood activities shall include, but are not limited to, extracurricular, enrichment, and social activities and may include overnight activities outside the direct supervision of the caregiver for periods of over 24 hours and up to 72 hours.

(f) The caregiver, including the child's foster parent, whether the child is in a family foster home or a therapeutic foster home, or the designated official at a child care institution where the child is placed, shall not be liable for injuries to the child that occur as a result of acting in accordance with the reasonable and prudent parent standard.

(g) The immunity provided in subsection (f) of this section does not apply if it is determined that the injuries to the child were caused by gross negligence, willful and wanton conduct, or intentional wrongdoing, or arose out of the operation of a motor vehicle. Any liability under this subsection that may be attributable to either the county department of social services or the Department of Health and Human Services shall be strictly adjudicated according to and in compliance with the terms of G.S. 153A-435, et seq., or G.S. 143-291, et seq., as applicable. Nothing in this subsection is intended to abrogate or diminish the qualified immunities of public officials acting in the course and scope of their employment.

"(b) The court shall order the department of social services to make diligent efforts to notify relatives and any custodial parents of the juvenile's siblings that the juvenile is in nonsecure custody and of any hearings scheduled to occur pursuant to G.S. 7B-506, unless the court finds such notification would be contrary to the best interests of the juvenile. In placing a juvenile in nonsecure custody under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that placement with the relative would be contrary to the best interests of the juvenile."

SECTION 2.3. G.S. 7B-800.1(a)(4) reads as rewritten:
"(a) Prior to the adjudicatory hearing, the court shall consider the following:

(4) Whether relatives, parents, or other persons with legal custody of a sibling of the juvenile have been identified and notified as potential resources for placement or support."

SECTION 4. G.S. 7B-505 reads as rewritten:

"§ 7B-505. Placement while in nonsecure custody.

(b) The court shall order the department to make diligent efforts to notify relatives and other persons with legal custody of a sibling of the juvenile that the juvenile is in nonsecure custody and of any hearings scheduled to occur pursuant to G.S. 7B-506, unless the court finds the notification would be contrary to the best interests of the juvenile. In placing a juvenile in nonsecure custody under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. (d) In placing a juvenile in nonsecure custody under this section, the court shall also consider whether it is in the juvenile's best interest to remain in the juvenile's community of residence. In placing a juvenile in nonsecure custody under this section, the court shall consider the Indian Child Welfare Act, Pub. L. No. 95-608, 25 U.S.C. §§ 1901, et seq., as amended, and the Howard M. Metzenbaum Multiethnic Placement Act of 1994, Pub. L. No. 103-382, 108 Stat. 4056, as amended, as they may apply. (c) The director shall obtain consent from the juvenile's parent, guardian, or custodian for all care or treatment not covered by subsection (a) or (b) of this section, except that the court may authorize the director to provide consent after a hearing at which the court finds by clear and convincing evidence that the care, treatment, or evaluation requested is in the juvenile's best interest. (2) Shall contain specific findings as to whether a county department of social services has made reasonable efforts to either prevent the need for placement or eliminate the need for placement of the juvenile, unless the court has previously determined under subsection (b) of this section that such efforts are not required or shall cease of the juvenile. In determining whether efforts to prevent the placement of the juvenile were reasonable, the juvenile's health and safety shall be the paramount concern. A finding that reasonable efforts were not made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile.

(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;

(5) May provide for order services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile home."
A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

1. Such efforts clearly would be futile or would be inconsistent with the juvenile’s health, safety, and need for a safe, permanent home within a reasonable period of time;
2. A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. 7B-101;
3. A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or
4. A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent; has committed a felony assault resulting in serious bodily injury to the child or another child of the parent; has committed sexual abuse against the child or another child of the parent; or has been required to register as a sex offender on any government administered registry.

(c) When the court determines that reunification efforts are not required or shall cease, the court shall order a plan for permanence as soon as possible, after providing each party with a reasonable opportunity to prepare and present evidence. If the court’s determination to cease reunification efforts is made in a hearing that was duly and timely noticed as a permanency planning hearing, then the court may immediately proceed to consider all of the criteria contained in G.S. 7B-906.1(e), make findings of fact, and set forth the best plan of care to achieve a safe, permanent home within a reasonable period of time. If the court’s decision to cease reunification efforts arises in any other hearing, the court shall schedule a subsequent hearing within 30 days to address the permanent plan in accordance with G.S. 7B-906.1. At any hearing at which the court orders that reunification efforts shall cease, the affected parent, guardian, or custodian may give notice to preserve the right to appeal that order in accordance with G.S. 7B-1001. The party giving notice shall be permitted to make a detailed offer of proof as to any evidence that party sought to offer in opposition to cessation of reunification that the court refused to admit.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement.

SECTION 8. G.S. 7B-800.1(a)(4) reads as rewritten:

The juvenile and the juvenile's parent, guardian, or custodian shall have the right to present evidence, and they may advise the court concerning the disposition they believe to be in the best interests of the juvenile. The court may consider any evidence, including hearsay evidence as defined in G.S. 8C-1, Rule 801, including testimony or evidence from any person who is not a party, that the court finds to be relevant, reliable, and necessary to determine the needs of the juvenile and the most appropriate disposition. The court may exclude the public from the hearing unless the juvenile moves that the hearing be open, which motion shall be granted.

(b) At the dispositional hearing, the court shall inquire as to the identity and location of any missing parent and whether paternity is at issue. The court shall include findings of the efforts undertaken to locate the missing parent and to serve that parent and efforts undertaken to establish paternity when paternity is an issue. The order may provide for specific efforts in determining the identity and location of any missing parent and specific efforts in establishing paternity. The court shall also inquire about efforts made to identify and notify relatives, parents, or other persons with legal custody of a sibling of the juvenile, as potential resources for placement or support.

(c) If the disposition order places a juvenile in the custody of a county department of social services, the court shall direct that reasonable efforts for reunification as defined in G.S. 7B-101 shall not be required if the court makes written findings of fact pertaining to any of the following:

(1) A court of competent jurisdiction has determined that the parent has committed or encouraged the commission of, or allowed the continuation of, any of the following upon the juvenile:
   a. Sexual abuse.
   b. Chronic physical or emotional abuse.
   c. Torture.
   d. Abandonment.
   e. Chronic or toxic exposure to alcohol or controlled substances that causes impairment of or addiction in the juvenile.

(3) A court of competent jurisdiction has determined that (i) the parent has committed murder or voluntary manslaughter of another child of the parent; (ii) has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent; (iii) has committed a felony assault resulting in serious bodily injury to the child or another child of the parent; (iv) has committed sexual abuse against the child or another child of the parent; or (v) has been required to register as a sex offender on any government-administered registry.

(d) When the court determines that reunification efforts are not required, the court shall order a permanent plan as soon as possible, after providing each party with a reasonable opportunity to prepare and present evidence. The court shall schedule a subsequent hearing within 30 days to address the permanent plans in accordance with G.S. 7B-906.1 and G.S. 7B-906.2."

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the court may: Require that the juvenile be supervised in the juvenile's own home by the department of social services in the juvenile's county or by another individual as may be available to the court, subject to conditions applicable to the parent, guardian, custodian, or caretaker as the court may specify.

b. Place the juvenile in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place the juvenile in the custody of the department of social services in the county of the juvenile's residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. The director may, unless otherwise ordered by the court, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment.

In the case where the parent is unknown, unavailable, or unable to act on behalf of the juvenile, the director may, unless otherwise ordered by the court, arrange for, provide, or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a court or the court's designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent or guardian of the affected juvenile. If the director cannot obtain such consent, the director shall promptly notify the parent or guardian that care or treatment has been provided and shall give the parent frequent status reports on the circumstances of the juvenile. Upon request of a parent or guardian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to such parent or guardian by the director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent, guardian, custodian, or caretaker without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out of home care under this section, the court shall first consider whether a relative of the juvenile is willing
and able to provide proper care and supervision of the juvenile in a
safe home. If the court finds that the relative is willing and able to
provide proper care and supervision in a safe home, then the court
shall order placement of the juvenile with the relative unless the
court finds that the placement is contrary to the best interests of the
juvenile. In placing a juvenile in out-of-home care under this section,
the court shall also consider whether it is in the juvenile’s best
interest to remain in the juvenile’s community of residence.
Placement of a juvenile with a relative outside of this State must be
in accordance with the Interstate Compact on the Placement of
Children.

(3) In any case, the court may order that the juvenile be examined by a
physician, psychiatrist, psychologist, or other qualified expert as may be
needed for the court to determine the needs of the juvenile:

a. Upon completion of the examination, the court shall conduct a
hearing to determine whether the juvenile is in need of medical,
surgical, psychiatric, psychological, or other treatment and who
should pay the cost of the treatment. The county manager, or such
person who shall be designated by the chairman of the county
commissioners, of the juvenile’s residence shall be notified of the
hearing and allowed to be heard. If the court finds the juvenile to be
in need of medical, surgical, psychiatric, psychological, or other
treatment, the court shall permit the parent or other responsible
persons to arrange for treatment. If the parent declines or is unable
to make necessary arrangements, the court may order the needed
treatment, surgery, or care, and the court may order the parent to pay
the cost of the care pursuant to G.S. 7B-904. If the court finds the
parent is unable to pay the cost of treatment, the court shall order the
county to arrange for treatment of the juvenile and to pay for the cost
of the treatment. The county department of social services shall
recommend the facility that will provide the juvenile with treatment.

b. If the court believes, or if there is evidence presented to the effect
that the juvenile is mentally ill or is developmentally disabled, the
court shall refer the juvenile to the area mental health, developmental
disabilities, and substance abuse services director for appropriate
action. A juvenile shall not be committed directly to a State hospital
or mental retardation center, and orders purporting to commit a
juvenile directly to a State hospital or mental retardation center
except for an examination to determine capacity to proceed shall be
void and of no effect. The area mental health, developmental
disabilities, and substance abuse director shall be responsible for
arranging an interdisciplinary evaluation of the juvenile and
mobilizing resources to meet the juvenile’s needs. If
institutionalization is determined to be the best service for the
juvenile, admission shall be with the voluntary consent of the parent
or guardian. If the parent, guardian, custodian, or caretaker refuses to
consent to a mental hospital or retardation center admission after
such institutionalization is recommended by the area mental health,
developmental disabilities, and substance abuse director, the
signature and consent of the court may be substituted for that
purpose. In all cases in which a regional mental hospital refuses
admission to a juvenile referred for admission by a court and an area
mental health, developmental disabilities, and substance abuse
director or discharges a juvenile previously admitted on court referral prior to completion of treatment, the hospital shall submit to the court a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question.

(4) Place the juvenile in the custody of a parent, relative, private agency offering placement services, or some other suitable person. If the court determines that the juvenile should be placed in the custody of an individual other than a parent, the court shall verify that the person receiving custody of the juvenile understands the legal significance of the placement and will have adequate resources to care appropriately for the juvenile.

(5) Appoint a guardian of the person for the juvenile as provided in G.S. 7B-600.

(6) Place the juvenile in the custody of the department of social services in the county of the juvenile's residence. In the case of a juvenile who has legal residence outside the State, the court may place the juvenile in the physical custody of the department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state.

(a1) In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. In placing a juvenile in out-of-home care under this section, the court shall also consider whether it is in the juvenile's best interest to remain in the juvenile's community of residence. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(a2) An order under this section placing or continuing the placement of the juvenile in out-of-home care shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's health and safety.

(a3) An order under this section placing the juvenile in out-of-home care shall contain specific findings as to whether the department has made reasonable efforts to prevent the need for placement of the juvenile. In determining whether efforts to prevent the placement of the juvenile were reasonable, the juvenile's health and safety shall be the paramount concern.

The court may find that efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile. A finding that reasonable efforts were not made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile.

(b) When the court has found that a juvenile has suffered physical abuse and that the individual responsible for the abuse has a history of violent behavior against people, the court shall consider the opinion of the mental health professional who performed an evaluation under G.S. 7B-503(b) before returning the juvenile to the custody of that individual.

(c) If the court determines that the juvenile shall be placed in the custody of an individual other than the parents, the court shall verify that the person receiving custody of the juvenile understands the legal significance of the placement and will have adequate resources to care appropriately for the juvenile.

(d) The court may order that the juvenile be examined by a physician, psychiatrist, psychologist, or other qualified expert as may be needed for the court to determine the needs of the juvenile. Upon completion of the examination, the court shall conduct a hearing to
determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing and allowed to be heard. Subject to G.S. 7B-903.1, if the court finds the juvenile to be in need of medical, surgical, psychiatric, psychological, or other treatment, the court shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the court may order the needed treatment, surgery, or care and the court may order the parent to pay the cost of the care pursuant to G.S. 7B-904. If the court finds the parent is unable to pay the cost of treatment, the court shall order the county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

(e) If the court determines that the juvenile may be mentally ill or developmentally disabled, the court may order the county department of social services to coordinate with the appropriate representative of the area mental health, developmental disabilities, and substance abuse services authority or other managed care organization responsible for managing public funds for mental health and developmental disabilities to develop a treatment plan for the juvenile. The court shall not commit a juvenile directly to a State hospital or developmental center for persons with intellectual and developmental disabilities and orders purporting to commit a juvenile directly to a State hospital or developmental center for persons with intellectual and developmental disabilities shall be void and of no effect. If the court determines that institutionalization is the best service for the juvenile, admission shall be with the voluntary consent of the parent, guardian, or custodian. If the parent, guardian, or custodian refuses to consent to admission to a mental hospital or developmental center for persons with intellectual and developmental disabilities, the signature and consent of the court may be substituted for that purpose. A State hospital or developmental center for persons with intellectual and developmental disabilities that refuses admission to a juvenile referred for admission by a court, or discharges a juvenile previously admitted on court referral prior to completion of treatment, shall submit to the court a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness or intellectual and developmental disabilities, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question.

SECTION 11. Article 9 of Chapter 7B of the General Statutes is amended by adding a new section to read:

§ 7B-903.1. Juvenile placed in custody of a department of social services.

(a) Except as prohibited by federal law, the director of a county department of social services with custody of a juvenile shall be authorized to make decisions about matters not addressed herein that are generally made by a juvenile's custodian, including, but not limited to, educational decisions and consenting to the sharing of the juvenile's information. The court may delegate any part of this authority to the juvenile's parent, foster parent, or another individual.

(b) When a juvenile is in the custody or placement responsibility of a county department of social services, the placement provider may, in accordance with G.S. 131D-10.2A, provide or withhold permission, without prior approval of the court or county department of social services, to allow a juvenile to participate in normal childhood activities. If such authorization is not in the juvenile's best interest, the court shall set out alternative parameters for approving normal childhood activities.

(c) If a juvenile is removed from the home and placed in the custody or placement responsibility of a county department of social services, the director shall not allow unsupervised visitation with or return physical custody of the juvenile to the parent, guardian, custodian, or caretaker without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.
(d) When a county department of social services having custody or placement responsibility of a juvenile intends to change the juvenile's placement, the department shall give the guardian ad litem for the juvenile notice of its intention unless precluded by emergency circumstances from doing so. Where emergency circumstances exist, the department of social services shall notify the guardian ad litem or the attorney advocate within 72 hours of the placement change, unless local rules require notification within a shorter time period.

(e) When a juvenile is placed in the custody of a county department of social services, the provisions of G.S. 7B-505.1 apply."

SECTION 12. G.S. 7B-905 reads as rewritten:

"§ 7B-905. Dispositional order.

(a) The dispositional order shall be in writing, signed, and entered no later than 30 days from the completion of the hearing, and shall contain appropriate findings of fact and conclusions of law. The court shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition including the kind, duration, and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested. If the order is not entered within 30 days following completion of the hearing, the clerk of court for juvenile matters shall schedule a subsequent hearing at the first session of court scheduled for the hearing of juvenile matters following the 30-day period to determine and explain the reason for the delay and to obtain any needed clarification as to the contents of the order. The order shall be entered within 10 days of the subsequent hearing required by this subsection.

(b) A dispositional order under which a juvenile is removed from the custody of a parent, guardian, custodian, or caretaker shall direct that the review hearing required by G.S. 7B-906.1 be held within 90 days from of the date of the dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order shall comply with the requirements of G.S. 7B-507.

(d) When a county department of social services having custody or placement responsibility of a juvenile intends to change the juvenile's placement, the department shall give the guardian ad litem for the juvenile notice of its intention unless precluded by emergency circumstances from doing so. Where emergency circumstances exist, the department of social services shall notify the guardian ad litem or the attorney advocate within 72 hours of the placement change, unless local rules require notification within a shorter time period."

SECTION 13. G.S. 7B-906.1(g) reads as rewritten:

"(g) At the conclusion of each permanency planning hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time. The judge shall inform the parent, guardian, or custodian that failure or refusal to cooperate with the plan may result in an order of the court in a subsequent permanency planning hearing that reunification efforts may cease."

SECTION 14. Article 9 of Chapter 7B of the General Statutes is amended by adding a new section to read:

"§ 7B-906.2. Permanent plans; concurrent planning.

(a) At any permanency planning hearing pursuant to G.S. 7B-906.1, the court shall adopt one or more of the following permanent plans the court finds is in the juvenile's best interest:

(1) Reunification as defined by G.S. 7B-101.
(2) Adoption under Article 3 of Chapter 48 of the General Statutes.
(3) Guardianship pursuant to G.S. 7B-600(b).
(4) Custody to a relative or other suitable person.
(5) Another Planned Permanent Living Arrangement (APPLA) pursuant to G.S. 7B-912.
(6) Reinstatement of parental rights pursuant to G.S. 7B-1114.

(b) At any permanency planning hearing, the court shall adopt concurrent permanent plans and shall identify the primary plan and secondary plan. Reunification shall remain a
primary or secondary plan unless the court made findings under G.S. 7B-901(c) or makes written findings that reunification efforts clearly would be unsuccessful or would be inconsistent with the juvenile's health or safety. The court shall order the county department of social services to make efforts toward finalizing the primary and secondary permanent plans and may specify efforts that are reasonable to timely achieve permanence for the juvenile.

(c) At the first permanency planning hearing held pursuant to G.S. 7B-906.1, the court shall make a finding about whether the efforts of the county department of social services toward reunification were reasonable, unless reunification efforts were ceased in accordance with G.S. 7B-901(c) or this section. In every subsequent permanency planning hearing held pursuant to G.S. 7B-906.1, the court shall make written findings about the efforts the county department of social services has made toward the primary permanent plan and any secondary permanent plans in effect prior to the hearing. The court shall make a conclusion about whether efforts to finalize the permanent plan were reasonable to timely achieve permanence for the juvenile.

(d) At any permanency planning hearing under subsections (b) and (c) of this section, the court shall make written findings as to each of the following, which shall demonstrate lack of success:

(1) Whether the parent is making adequate progress within a reasonable period of time under the plan.
(2) Whether the parent is actively participating in or cooperating with the plan, the department, and the guardian ad litem for the juvenile.
(3) Whether the parent remains available to the court, the department, and the guardian ad litem for the juvenile.
(4) Whether the parent is acting in a manner inconsistent with the health or safety of the juvenile.

(e) If the juvenile is 14 years of age or older, the court shall make written findings in accordance with G.S. 7B-912(a), regardless of the juvenile's permanent plan.

SECTION 15. Article 9 of Chapter 7B of the General Statutes is amended by adding a new section to read:

§ 7B-912. Juveniles 14 years of age and older; Another Planned Permanent Living Arrangement.

(a) In addition to the permanency planning requirements under G.S. 7B-906.1, at every permanency planning hearing for a juvenile in the custody of a county department of social services who has attained the age of 14 years, the court shall inquire and make written findings regarding each of the following:

(1) The services provided to assist the juvenile in making a transition to adulthood.
(2) The steps the county department of social services is taking to ensure that the foster family or other licensed placement provider follows the reasonable and prudent parent standard as provided in G.S. 131D-10.2A.
(3) Whether the juvenile has regular opportunities to engage in age-appropriate or developmentally appropriate activities.

(b) At or before the last scheduled permanency planning hearing, but at least 90 days before a juvenile attains 18 years of age, the court shall (i) inquire as to whether the juvenile has a copy of the juvenile's birth certificate, Social Security card, health insurance information, drivers license or other identification card, and any educational or medical records the juvenile requests and (ii) determine the person or entity that should assist the juvenile in obtaining these documents before the juvenile attains the age of 18 years.

(2) The county department of social services has made diligent efforts to place the juvenile permanently with a parent or relative or in a guardianship or adoptive placement.

(3) Compelling reasons exist that it is not in the best interest of the juvenile to be placed permanently with a parent or relative or in a guardianship or adoptive placement.

(4) APPLA is the best permanency plan for the juvenile.

(d) If the court approves APPLA as the juvenile's permanent plan, the court shall, after questioning the juvenile, make written findings addressing the juvenile’s desired permanency outcome.”

SECTION 16. G.S. 7B-1001 reads as rewritten:

"§ 7B-1001. Right to appeal.

(a) In a juvenile matter under this Subchapter, appeal of a final order of the court in a juvenile matter shall be made directly to the Court of Appeals. Only the following juvenile matters may be appealed:

(1) Any order finding absence of jurisdiction.

(2) Any order, including the involuntary dismissal of a petition, which in effect determines the action and prevents a judgment from which appeal might be taken.

(3) Any initial order of disposition and the adjudication order upon which it is based.

(4) Any order, other than a nonsecure custody order, that changes legal custody of a juvenile.

(5) An order entered under G.S. 7B-507(c) G.S. 7B-906.2(b) with rights to appeal properly preserved, as follows:

2. The order terminating parental rights is appealed in a proper and timely manner.

3. The order to cease reunification-eliminating reunification as a permanent plan is identified as an issue in the record on appeal of the termination of parental rights.

(c) Notice of appeal shall be signed by both the appealing party and counsel for the appealing party, if any. In the case of an appeal by a juvenile, notice of appeal shall be signed by the guardian ad litem attorney advocate.”

SECTION 17. G.S. 7B-906.1 reads as rewritten:

"§ 7B-906.1. Review and permanency planning hearings.

...
In the case of a juvenile who is in the custody or placement responsibility of a county department of social services and has been in placement outside the home for 12 of the most recent 22 months, or a court of competent jurisdiction has determined that the parent (i) has abandoned the child, (ii) has committed murder or voluntary manslaughter of another child of the parent, or (iii) has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent, the director of the department of social services shall initiate a proceeding to terminate the parental rights of the parent unless the court finds any of the following:

1. The primary permanent plan for the juvenile is guardianship or custody with a relative or some other suitable person.
2. The court makes specific findings as to why the filing of a petition for termination of parental rights is not in the best interests of the child.
3. The department of social services has not provided the juvenile's family with services the department deems necessary when reasonable efforts are still required to enable the juvenile's return to a safe home.

At the conclusion of each permanency planning hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time.

... If the court continues the juvenile's placement in the custody or placement responsibility of a county department of social services, the provisions of G.S. 7B-507 shall apply to any order entered under this section.

If the court finds that a proceeding to terminate the parental rights of the juvenile's parents is necessary in order to perfect the primary permanent plan for the juvenile, the director of the department of social services shall file a petition to terminate parental rights within 60 calendar days from the date of the entry of the order unless the court makes written findings regarding why the petition cannot be filed within 60 days. If the court makes findings to the contrary, the court shall specify the time frame in which any needed petition to terminate parental rights shall be filed.

Notwithstanding other provisions of this Article, the court may waive the holding of hearings required by this section, may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order that review hearings be held less often than every six months if the court finds by clear, cogent, and convincing evidence each of the following:

1. The juvenile has resided in the placement for a period of at least one year.
2. The placement is stable and continuation of the placement is in the juvenile's best interests.
3. Neither the juvenile's best interests nor the rights of any party require that review hearings be held every six months.
4. All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion.
5. The court order has designated the relative or other suitable person as the juvenile's permanent custodian or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review. However, if a guardian of the person has been appointed for the juvenile and the court has also made findings in accordance with subsection (n) of this section that guardianship is the permanent plan for the juvenile, the court shall proceed in accordance with G.S. 7B-600(b)."

However, nothing in this Article shall be construed to require a manufacturer of an investigational drug, biological product, or device to make such investigational drug, biological product, or device available to an eligible patient.

(b) A manufacturer of an investigational drug, biological product, or device may provide the investigational drug, biological product, or device to an eligible patient without
receiving compensation or may require the eligible patient to pay the costs of, or the costs associated with, the manufacture of the investigational drug, biological product, or device.

"§ 90-352.3. No liability to heirs for outstanding debt related to use of investigational drugs, biological products, or devices.

If an eligible patient dies while being treated with an investigational drug, biological product, or device, the eligible patient's heirs are not liable for any outstanding debt related to the treatment, including any costs attributed to lack of insurance coverage for the treatment.

"§ 90-325.4. Sanctions against health care providers prohibited.

(a) A licensing board shall not revoke, fail to renew, suspend, or take any other disciplinary action against a health care provider licensed under this Chapter, based solely on the health care provider's recommendations to an eligible patient regarding access to or treatment with an investigational drug, biological product, or device.

(b) An entity responsible for Medicare certification shall not take action against a health care provider's Medicare certification based solely on the health care provider's recommendation that a patient have access to an investigational drug, biological product, or device.

"§ 90-325.5. Prohibited conduct by State officials.

No official, employee, or agent of this State shall block or attempt to block an eligible patient's access to an investigational drug, biological product, or device. Counseling, advice, or a recommendation consistent with medical standards of care from a licensed health care provider does not constitute a violation of this section.

"§ 90-325.6. No private right of action against manufacturers of investigational drugs, biological products, or devices.

No private right of action may be brought against a manufacturer of an investigational drug, biological product, or device, or against any other person or entity involved in the care of an eligible patient using an investigational drug, biological product, or device, for any harm caused to the eligible patient resulting from use of the investigational drug, biological product, or device as long as the manufacturer or other person or entity has made a good-faith effort to comply with the provisions of this Article and has exercised reasonable care in actions undertaken pursuant to this Article.

"§ 90-325.7. Insurance coverage of clinical trials.

The names and boundaries of voting tabulation districts, tracts, block groups, and blocks specified in this section are as shown on the 2010 Census Redistricting TIGER/Line Shapefiles. If any voting tabulation district boundary is changed, that change shall not change the boundary of a district, which shall remain the same as it is depicted by the 2010 Census Redistricting TIGER/Line Shapefiles. If any voting tabulation district, tract, block group, or block assigned to a district does not contain a portion of the City, the assignment of the voting tabulation district, tract, block group, or block does not alter or change the municipal limits of the City and only those areas within the municipal limits are assigned to the district. If any area within the City is not assigned to a specific district by this section, then that area shall be assigned as follows:

(1) If the area is entirely surrounded by a single district, the area shall be deemed to have been assigned to that district.

(2) If the area is contiguous to two or more districts, the area shall be deemed to have been assigned to that district which contains the least population according to the 2010 United States Census.

SECTION 2.(d) Section 3.23(b) of the Charter of the City of Greensboro, as set forth in Section 1 of Chapter 1137 of the Session Laws of 1959, as amended by Chapter 213 of the Session Laws of 1973 and Chapter 896 of the Session Laws of 1989, reads as rewritten:

"(b) The Mayor shall be considered and given the same status as a member of the Council for the purpose of determining a quorum of the City Council and for the purpose of voting may vote only in the case of a tie amongst the members of the City Council. Provided, further, the Mayor shall have a vote in the consideration of the employment, discipline, or dismissal of the City Manager and the City Attorney. A majority of the members of the Council shall constitute a quorum to do business, but a less number may adjourn from time to time and compel the attendance of absent members by ordering them to be taken into custody. The affirmative vote of a majority of the members of the Council shall be necessary to adopt any ordinance. All other matters voted upon shall be by majority vote of the Council members present but no ordinance shall be adopted on the same day it is introduced unless five affirmative votes are received in favor of it. Nevertheless, with respect to any ordinance amending the budget to appropriate funds from the Unappropriated Fund Balance of the General Fund, the affirmative vote of seven-three-fourths of the members of the council shall be necessary to adopt any such amendment, except in case of an emergency. For the purpose of this section, an emergency is an unforeseen occurrence or condition calling for immediate action to avert imminent danger to life, health, or property and to secure the public safety. No member shall be excused from voting except on matters involving the consideration of his own official conduct or involving his financial interest."

SECTION 2.(e) Section 3.81 of the Charter of the City of Greensboro, as set forth in Section 1 of Chapter 1137 of the Session Laws of 1959, and amended by Chapter 142 of the Session Laws of 1969, reads as rewritten:

"Sec. 3.81. Mayor and Mayor Pro Tem.
The mayor shall be the official head of the city and shall preside at council meetings. He shall have a non-vote upon all measures coming before the council and no veto. In the absence from the city or disability of the mayor, the mayor pro tem shall perform his duties. During the absence or disability of both the mayor and mayor pro tem, the council shall select one of its number to perform such duties.

Either the mayor or the mayor pro tem shall be a proper party to receive and accept service of all complaints, notices and other documents of a judicial nature on behalf of the city. The mayor pro tem, as well as the mayor, shall have the authority to execute contracts, deeds or other legal documents on behalf of the city, such documents having been first approved by the city attorney.

SECTION 1.3.(a) Subsections (b) through (j) of G.S. 58-19-15 are recodified as subsections (g) through (o) of that section, subsections (a1) through (a3) of G.S. 58-19-15 are recodified as subsections (b) through (d) of that section, and subdivision (b)(12) of G.S. 58-19-15 is recodified as subdivision (g)(14) of that section.

SECTION 1.3.(b) G.S. 58-19-15, as amended by subsection (a) of this section, reads as rewritten:

“§ 58-19-15. Acquisition of control of or merger with domestic insurer.

(a) No person other than the issuer shall make a tender offer for or a request or invitation for tenders of, or enter into any agreement to exchange securities, or seek to acquire, or acquire, in the open market or otherwise, any voting security of a domestic insurer, if, after
the consummation thereof, the person would, directly or indirectly (or by conversion or by
exercise of any right to acquire), be in control of the insurer, and no person shall enter into an
agreement to merge with or otherwise to acquire control of a domestic insurer or any person
controlling a domestic insurer unless the offer, request, invitation, agreement, agreement entered
into, or acquisition is conditioned upon the approval of the Commissioner, and furnished on a Form A as prescribed by the Commissioner under this section. No such merger or other acquisition of control is effective until a statement containing the information required by this section has been filed with the Commissioner and all other provisions of this section have been complied with and the merger or acquisition of control has been approved by the Commissioner under this section. The information required by this section shall also be filed with the domestic insurer when it is filed with the Commissioner.

(b) For the purposes of this section a “domestic insurer” includes any person controlling a
domestic insurer, unless the person, as determined by the Commissioner, is either
directly or through its affiliates primarily engaged in business other than insurance. Further, for
the purposes of this section, “person” does not include any securities broker holding, in the usual and customary broker’s function, less than twenty percent (20%) of the voting securities
of an insurance company or of any person that controls an insurance company.

(c) Any acquisition of control of a domestic insurer must be completed not later than 90
days after the date of the Commissioner’s order approving the acquisition under this section,
unless the Commissioner grants an extension in writing on a showing of good cause for the
delay. Any increase in a company’s capital and surplus required under this Article as a result of
the change of control of a domestic insurer must be completed not later than 90 days after the
date of the Commissioner’s order approving the change of control and before the company
writes any new insurance business.

(d) If the deadlines for completion in subsection (c) of this section are not met, the
person seeking to acquire control of the domestic insurer must resubmit the statement required
by subsection (b) of this section, and the Commissioner may reconsider approval of
acquisition of control under this section.

(e) For purposes of this section, any controlling person of the domestic insurer seeking
to divest its controlling interest in the domestic insurer, in any manner, shall file with the
Commissioner, with a copy to the insurer, confidential notice of its proposed divestiture at least
30 days prior to the cessation of control. The Commissioner shall determine those instances in
which the party or parties seeking to divest or to acquire a controlling interest in an insurer, will
be required to file for and obtain approval of the transaction. The information shall remain
confidential until the conclusion of the transaction unless the Commissioner, in his discretion
determines that confidential treatment will interfere with enforcement of this section. If the
statement referred to in subsection (a) of this section is otherwise filed, this subsection shall not
apply.

(f) With respect to a transaction subject to this section, the acquiring person must also
file a pre-acquisition notification with the Commissioner on a Form E as prescribed by the
Commissioner. In addition to the information required by the Form E, the Commissioner may
require an expert opinion as to the competitive impact of the proposed acquisition at the
acquiring person’s expense. A failure to file the pre-acquisition notification may subject the
insurer or other person who fails to make the filing and who also fails to demonstrate a
good-faith effort to comply with this requirement to a fine of not more than fifty thousand
dollars ($50,000).

(g) The statement to be filed with the Commissioner under subsection (a) of this section
shall be furnished on a Form A as prescribed by the Commissioner, made under oath or
affirmation, and shall contain the following information:

…

(11) The term of any agreement, contract, or understanding made with or
proposed to be made with any third party in connection with any acquisition
of control of or merger with a domestic insurer, and the amount of any fees,
commissions, or other compensation to be paid to the third party with regard thereto.

(12) An agreement by the person required to file the statement referred to in subsection (a) of this section that it will provide the annual report, specified in G.S. 58-19-25, for so long as control exists.

(13) An acknowledgement by the person required to file the statement referred to in subsection (a) of this section that the person and all subsidiaries within its control in the insurance holding company system will provide information to the Commissioner upon request as necessary to evaluate enterprise risk to the insurer.

(14) Such additional information as the Commissioner may by rule prescribe as necessary or appropriate for the protection of policyholders of the insurer or in the public interest.

If the person required to file the statement referred to in subsection (a) of this section is a partnership, limited partnership, syndicate, or other group, the Commissioner shall require that the information called for by subdivisions (1) through (12) of this subsection be given with respect to each partner of such partnership or limited partnership, each member of such syndicate or group, and each person who controls such partner or member. If any such partner, member, or person is a corporation or the person required to file the statement referred to in subsection (a) of this section is a corporation, the Commissioner shall require that the information called for by subdivisions (1) through (12) of this subsection be given with respect to such corporation, each officer and director of such corporation, and each person who is, directly or indirectly, the beneficial owner of more than ten percent (10%) of the outstanding voting securities of such corporation.

If any material change occurs in the facts set forth in the statement filed with the Commissioner and sent to such insurer pursuant to this section, an amendment setting forth such change, together with copies of all documents and other material relevant to such change, shall be filed with the Commissioner and sent to such insurer by the filer within two business days after the person learns of such change.

…

(j) The public hearing referred to in subsection (d)(i) of this section shall be held within 120 days after the statement required by subsection (a) of this section is filed, and the Commissioner shall give at least 30 days notice of the hearing to the person filing the statement, to the insurer, and to such other persons as may be designated by the Commissioner. The Commissioner shall make a determination as expeditiously as is reasonably practicable after the conclusion of the hearing. At the hearing, the person filing the statement, the insurer, any person to whom notice of hearing was sent, and any other person whose interest may be affected by the hearing shall have the right to present evidence, examine and cross-examine witnesses, and offer oral or written arguments; and in connection therewith shall be entitled to conduct discovery proceedings at any time after the statement is filed with the Commissioner under this section and in the same manner as is presently allowed in the superior courts of this State. In connection with discovery proceedings authorized by this section, the Commissioner may issue such protective orders and other orders governing the timing and scheduling of discovery proceedings as might otherwise have been issued by a superior court of this State in connection with a civil proceeding. If any party fails to make reasonable and adequate response to discovery on a timely basis or fails to comply with any order of the Commissioner with respect to discovery, the Commissioner on the Commissioner's own motion or on motion of any other party or person may order that the hearing be postponed, recessed, convened, or reconvened, as the case may be, following proper completion of discovery and reasonable notice to the person filing the statement, to the insurer, and to such other persons as may be designated by the Commissioner.

If the proposed acquisition of control will require the approval of the insurance commissioners of more than one state, the public hearing referred to in this subsection may be
held on a consolidated basis upon request of the person filing the statement referred to in subsection (a) of this section. Such person shall file the statement referred to in subsection (a) of this section with the NAIC within five days of making the request for a public hearing. A commissioner may opt out of a consolidated hearing and shall provide notice to the applicant of the opt out within 10 days of the receipt of the statement referred to in subsection (a) of this section. A hearing conducted on a consolidated basis shall be public and shall be held within the United States before the commissioners of the states in which the insurers are domiciled. Such commissioners shall hear and receive evidence. A commissioner may attend such hearing, in person or by telecommunication.

…

(n) The following are violations of this section:

1. The failure to file any statement, amendment, or other material required to be filed pursuant to subsection (a) or (b) of this section.

2. The effectuation or any attempt to effectuate an acquisition of control of, divestiture of, or merger with a domestic insurer, unless the Commissioner has given his approval thereto.

(o) The courts of this State are vested with jurisdiction over every person not resident, domiciled, or authorized to do business in this State who files a statement with the Commissioner under this section; and the overall actions involving such person arising out of violations of this section and each such person is deemed to have performed acts equivalent to and constituting an appointment by such person of the Commissioner to be his true and lawful attorney upon whom may be served all legal process in any action, suit, or proceeding arising out of violations of this section. Copies of all such process shall be handled in accordance with the provisions of G.S. 58-16-30, 58-16-35, and 58-16-45.”

SECTION 1.4. G.S. 58-19-25 reads as rewritten:

(a) Every insurer that is licensed or authorized to do business in this State and that is a member of an insurance holding company system shall register with the Commissioner pursuant to G.S. 58-19-25(b), except a foreign insurer subject to the registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to those contained in:

1. This section.

3. G.S. 58-19-30(b) or a statutory or regulatory provision such as the following: Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within 15 days after the end of the month in which it learns of each change or addition. The insurer shall also file a copy of its registration statement and any amendments to the statement in each state in which that insurer is authorized to do business, if requested by the insurance regulator of that state.

Any insurer that is subject to registration under this section shall register within 30 days after it becomes subject to registration, and an amendment to the registration statement shall be filed by April 1 of each year for the previous calendar year; unless the Commissioner for good cause shown extends the time for registration or filing, and then within the extended time. All registration statements shall contain a summary, on a form prescribed by the Commissioner, outlining all items in the current registration statement representing changes from the prior registration statement. The Commissioner may require any insurer that is a member of a holding company system that is not subject to registration under this section to furnish a copy of the registration statement or other information filed by the insurance company with the insurance regulator of its domiciliary jurisdiction.
(b) Every insurer subject to registration shall file the registration statement on a form prescribed by the Commissioner, which shall contain the following current information:

6. If requested by the Commissioner, the insurer shall include financial statements of or within an insurance holding company system, including all affiliates. Financial statements may include, but are not limited to, annual audited financial statements filed with the United States Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended. An insurer required to file financial statements pursuant to this subdivision may satisfy the request by providing the Commissioner with the most recently filed parent corporation financial statements that have been filed with the United States Securities and Exchange Commission.

7. Statements that the insurer’s board of directors oversees corporate governance and internal controls and that the insurer’s officers or senior management have approved, implemented, and continue to maintain and monitor corporate governance and internal control procedures.

8. Any other information required by the Commissioner by rule or regulation.

(c) No information need be disclosed on the registration statement filed pursuant to subsection (b) of this section if such information is not material for the purposes of this section. Unless the Commissioner by rule or order provides otherwise, all sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees involving one-half of one percent (1/2%) or less of an insurer's admitted assets as of the preceding December 31 are not material for the purposes of this section.

(d) Subject to G.S. 58-7-130(b) and G.S. 58-19-30(c), each domestic insurer shall report to the Commissioner all dividends and other distributions to shareholders within five business days following the declaration thereof and at least 30 days before the payment thereof. The Commissioner may adopt rules to further the requirements of this section of the dividend or distribution by providing the information set forth in G.S. 58-19-30(e). A prior notification of an ordinary dividend or any other ordinary distribution required under this subsection shall be deemed to be incomplete unless all of the information required by G.S. 58-19-30(e) has been included. The Commissioner shall consider the factors set forth in G.S. 58-19-30(d) in his review of dividends or other distributions to shareholders pursuant to this subsection. The Commissioner may adopt rules to further the requirements of this section.

(e) Any person within an insurance holding company system subject to registration shall provide complete and accurate information to an insurer, where such information is reasonably necessary to enable the insurer to comply with the provisions of this Article.

(f) The Commissioner shall terminate the registration of any insurer that demonstrates that it no longer is a member of an insurance holding company system. A termination of registration shall include the information set forth in subdivision (j)(1) of this section and shall be deemed to have been granted unless the Commissioner, within 30 days after receipt of the request, notifies the registrant otherwise.

(g) The Commissioner may require or allow two or more affiliated insurers subject to registration under this section to file a consolidated registration statement or an alternative registration statement as provided in subsection (h) of this section. The Commissioner, however, reserves the right to require individual filings if he deems such filings necessary in the interest of clarity, ease of administration, or the public good.

(h) Any authorized insurer may allow an insurer that is authorized to do business in this State and that is part of an insurance holding company system to register a registration statement on behalf of any affiliated insurer that is or insurers that are required to register under subsection (a) of this section and to file all information and material required to be filed under this section (a) of this section. A registration statement may include information...
not required by Article 19 of this Chapter regarding any insurer in the insurance holding company system even if the insurer is not authorized to do business in this State. In lieu of filing a registration statement on a Form B, the authorized insurer may file a copy of the registration statement or similar report that it is required to file in its state of domicile, provided all of the following apply:

(1) The statement or report contains substantially similar information required to be furnished on Form B.

(2) The filing insurer is the principal insurance company in the insurance holding company system.

The question of whether the filing insurer is the principal insurance company in the insurance holding company system is a question of fact, and an insurer filing a registration statement or report in lieu of Form B on behalf of an affiliated insurer shall set forth a brief statement of facts which will substantiate the filing insurer’s claim that it, in fact, is the principal insurer in the insurance holding company system.

(i) The provisions of this section do not apply to any insurer, information, or transaction if and to the extent that the Commissioner by rule or order exempts the same from the provisions of this section.

(j) Any person may file with the Commissioner a disclaimer of affiliation, which includes the information outlined in G.S. 58-19-25(i)(2), with any authorized insurer, or such a disclaimer of affiliation may be filed by such insurer or any member of an insurance holding company system as set forth in this subsection.

(1) A disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section that may arise out of the insurer’s relationship with such person unless the Commissioner disallows such a disclaimer. The Commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support such disallowance. The disclaimer shall be deemed to have been granted unless the Commissioner, within 30 days following the receipt of a complete disclaimer of affiliation, notifies the filing party that the disclaimer of affiliation is disallowed. In the event of disallowance, the disclaiming party may request an administrative hearing, which shall be granted. The disclaiming party shall be relieved of its duty to register under this section if approval of the disclaimer of affiliation has been granted by the Commissioner, or if the disclaimer of affiliation is deemed to have been approved.

(2) A disclaimer of affiliation pursuant to this subsection or a request for termination of registration pursuant to G.S. 58-19-25(f) claiming that a person does not, or will not upon the taking of some proposed action, control another person (hereinafter “subject”) shall contain the following information:

a. The number of authorized, issued, and outstanding voting securities of the subject.

b. With respect to the person whose control is denied and all affiliates of such person, the number and percentage of shares of the subject’s voting securities, which are held of record or known to be beneficially owned, and the number of shares concerning which there is a right to acquire, directly or indirectly.

c. All material relationships and bases for affiliation between the subject and the person whose control is denied and all affiliates of such person.
d. A statement explaining why the person should not be considered to control the subject.

(k) The failure to file a registration statement or any summary of the registration statement or enterprise risk filing thereto required by this section within the time specified for such filing is a violation of this section.

(l) Effective January 1, 2016, the ultimate controlling person of every insurer subject to registration shall also file an annual enterprise risk report on Form F as prescribed by the Commissioner. The report shall, to the best of the ultimate controlling person's knowledge and belief, identify the material risks within the insurance holding company system that could pose enterprise risk to the insurer. The report shall be filed with the lead state commissioner of the insurance holding company system as determined by the procedures within the Financial Analysis Handbook adopted by the NAIC."

SECTION 1.5.(a) G.S. 58-19-30(b)(5) is recodified as G.S. 58-19-30(b)(6).

SECTION 1.5.(b) G.S. 58-19-30, as amended by subsection (a) of this section, reads as rewritten:

The notice for amendments or modifications shall include the reason for the change and the financial impact on the domestic insurer. Informal notice shall be given to the Commissioner within 30 days after termination of a previously filed agreement, so that the Commissioner may determine the type of filing required, if any. An insurer required to give notice of a proposed transaction pursuant to this subsection shall furnish the required information on a Form D, as prescribed by the Commissioner.

(6) Any material transactions, specified by rule, that the Commissioner determines may adversely affect the interests of the insurer's policyholders.

Nothing in this section authorizes or permits any transactions that, in the case of an insurer, not a member of the same insurance holding company system, would be otherwise contrary to law. A domestic insurer may not enter into transactions that are part of a plan or series of like transactions with persons within the insurance holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would otherwise occur. If the Commissioner determines that such separate transactions were entered into over any 12-month period for that purpose, the Commissioner may exercise the Commissioner's authority under G.S. 58-19-50. The Commissioner, in reviewing transactions pursuant to this subsection, shall consider whether the transactions comply with the standards set forth in subsection (a) of this section and whether they may adversely affect the interests of policyholders. The Commissioner shall be notified within 30 days after any investment of a domestic insurer in any one corporation if, as a result of the investment, the total investment in the corporation by the insurance holding company system exceeds ten percent (10%) of the corporation's voting securities.

(c) No domestic insurer shall pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until (i) 30 days after the Commissioner has received notice of the declaration thereof and has not within that period disapproved the payment or (ii) the Commissioner has approved the payment within the 30-day period.

For the purposes of this section, an "extraordinary dividend" or "extraordinary distribution" includes any dividend or distribution of cash or other property, whose fair market value together with that of other dividends or distributions made within the preceding 12 months exceeds the greater of (i) ten percent (10%) of the insurer's surplus as regards policyholders as of the preceding December 31, or (ii) the net gain from operations of the insurer, if the insurer is a life insurer, or the net income, if the insurer is not a life insurer, not including realized capital gains, for the 12-month period ending the preceding December 31; but does not include pro rata distributions of any class of the insurer's own securities.

Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the Commissioner's approval, and the declaration shall confer no rights upon shareholders until (i) the Commissioner has approved
the payment of the dividend or distribution or (ii) the Commissioner has not disapproved the payment within the 30-day period referred to above.

(d) For the purposes of this Article, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, all of the following factors, among others, shall be considered:

1. The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria.
2. The extent to which the insurer's business is diversified among the several kinds of insurance.
3. The number and size of risks insured in each kind of insurance.
4. The extent of the geographic dispersion of the insurer's insured risks.
5. The nature and extent of the insurer's reinsurance program.
6. The quality, diversification, and liquidity of the insurer's investment portfolio. In determining the quality and liquidity of investments in subsidiaries, the Commissioner will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant.
7. The recent past and projected future trend in the size of the insurer's surplus as regards policyholders.
8. The surplus as regards policyholders maintained by other comparable insurers. In comparing the surplus maintained by other insurers, the Commissioner will consider the extent to which each of these factors varies from company to company.
9. The adequacy of the insurer's reserves.
10. The quality and liquidity of investments in affiliates. The Commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his judgment such investment so warrants.
11. The quality of the insurer's earnings and the extent to which the reported earnings of the insurer include extraordinary items.

(e) Requests for approval of extraordinary dividends or any other extraordinary distribution to shareholders made pursuant to subsection (c) of this section and prior notice of an ordinary dividend or any other ordinary distribution to shareholders under G.S. 58-19-25(d) shall include the following:

1. The amount of the proposed dividend or distribution.
2. The date established for payment of the dividend or distribution.
3. A statement as to whether the dividend or distribution is to be in cash or other property and, if in property, a description thereof, its cost, and its fair market value together with an explanation of the basis for valuation.
4. A statement identifying the dividend or distribution as an ordinary dividend or other ordinary distribution subject to G.S. 58-19-25(d) or as an extraordinary dividend or other extraordinary distribution as defined in subsection (c) of this section.
5. A copy of the calculations determining whether the proposed dividend or distribution is an ordinary dividend or other ordinary distribution subject to G.S. 58-19-25(d), or an extraordinary dividend or other extraordinary
distribution as defined in subsection (c) of this section. The work paper shall include the following information:

a. The amounts, dates, and form of payment of all dividends or distributions (including regular dividends but excluding distributions of the insurer’s own securities) paid within the period of 12 consecutive months ending on the date fixed for payment of the proposed dividend for which notification is being given or approval is sought and commencing on the day after the same day of the same month in the last preceding year.

b. Surplus as regards policyholders as of the preceding December 31.

c. If the insurer is a life insurer, the net gain from operations for the 12-month period ending the preceding December 31.

d. If the insurer is not a life insurer, the net income less realized capital gains for the 12-month period ending the preceding December 31.

(6) A balance sheet and statement of income for the period between the last annual statement filed with the Commissioner and the end of the month preceding the month in which the request for approval or the prior notification of a dividend or distribution is submitted. The insurer shall indicate the amount of all unrealized capital gains included in unassigned funds.

(7) A brief statement as to the effect of the proposed dividend or distribution upon the insurer’s surplus and the reasonableness of surplus in relation to the insurer’s outstanding liabilities and the adequacy of surplus relative to the insurer’s financial needs.

(8) A brief statement as to the intended use or uses of the proposed dividend or distribution by the parent, and if applicable, any upstream parent of the insurer.

A request for approval of an extraordinary dividend or any other extraordinary distribution shall be deemed to be incomplete unless all of the information required by this subsection has been included.

SECTION 1.6. G.S. 58-19-35 reads as rewritten:

(a) Subject to the limitation contained in this section and in addition to the powers that the Commissioner has under other provisions of Articles 1 through 64 of this Chapter relating to the examination of insurers, the Commissioner also has the power to order examine any insurer registered under G.S. 58-19-25, its affiliates, or any acquiring party to produce such records, books, or other information in the possession of the insurer or its affiliates or the acquiring party as are reasonably necessary to ascertain the financial condition of such insurer, insurer, its affiliates, or acquiring party, or to determine compliance with Articles 1 through 64 of this Chapter. In the event such insurer or acquiring party fails to comply with such order, the Commissioner shall have the power to examine such insurer or its affiliates or such acquiring party to obtain such information-party, including the enterprise risk to the insurer by the ultimate controlling person, by any entity or combination of entities within the insurance holding company system, or by the insurance holding company system on a consolidated basis.

(b) The Commissioner may retain, at the expense of the registered insurer or acquiring party that is being examined, such attorneys, actuaries, economists, accountants, and other experts not otherwise a part of the Commissioner’s staff as are reasonably necessary to assist in the conduct of the examination under subsection (a) of this section. Any persons so retained shall be under the direction and control of the Commissioner and shall act in a purely advisory capacity.

(c) Repealed by Session Laws 1995, c. 360, s. 2(h).
(d) The Commissioner shall exercise his power under subsection (a) of this section only if the examination of the insurer or acquiring party under other provisions of Articles 1 through 64 of this Chapter is inadequate or the interests of the policyholders of such insurer may be adversely affected.

(e) The Commissioner may order any insurer registered under G.S. 58-19-25 or any acquiring party to produce such records, books, or other information in the possession of the insurer, its affiliates, or acquiring party as reasonably necessary to determine compliance with this Chapter.

(f) To determine compliance with this Chapter, the Commissioner may order any insurer registered under G.S. 58-19-25 to produce information not in the possession of the insurer if the insurer can obtain access to such information pursuant to contractual relationships, statutory obligations, or other method. In the event the insurer cannot obtain the information requested by the Commissioner, the insurer shall provide the Commissioner a detailed explanation of the reason that the insurer cannot obtain the information and the identity of the holder of that information. Whenever it appears to the Commissioner that the detailed explanation is without merit, the Commissioner may require, after notice and hearing, the insurer to pay a penalty of one thousand dollars ($1,000) for each day's delay or may suspend or revoke the insurer's license.

(g) In the event the insurer fails to comply with an order, the Commissioner shall have the power to examine the affiliates to obtain the information. The Commissioner shall also have the power to issue subpoenas, to administer oaths, and to examine under oath any person for purposes of determining compliance with this section. Upon the failure or refusal of any person to obey a subpoena, the Commissioner may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order shall be punishable as contempt of court. Every person shall be obliged to attend as a witness at the place specified in the subpoena, when subpoenaed, anywhere within the state. He or she shall be entitled to the same fees and mileage, if claimed, as a witness in the courts of the county specified in the subpoena as the site of the examination. Any fees, mileage, and actual expense necessarily incurred in securing the attendance of witnesses, and their testimony, shall be itemized and charged against, and be paid by, the company being examined.

SECTION 1.7. Article 19 of Chapter 58 of the General Statutes is amended by adding a new section to read:

(a) With respect to any insurer registered under G.S. 58-19-25, and in accordance with subsection (c) of this section, the Commissioner shall also have the power to participate in a supervisory college for any domestic insurer that is part of an insurance holding company system with international operations in order to determine compliance by the insurer with this Chapter. The powers of the Commissioner with respect to supervisory colleges include, but are not limited to, the following:

(1) Initiating the establishment of a supervisory college.
(2) Clarifying the membership and participation of other supervisors in the supervisory college.
(3) Clarifying the functions of the supervisory college and the role of other regulators, including the establishment of a group-wide supervisor.
(4) Coordinating the ongoing activities of the supervisory college, including planning meetings, supervisory activities, and processes for information sharing.
(5) Establishing a crisis management plan.

(b) Each registered insurer subject to this section shall be liable for and shall pay the reasonable expenses of the Commissioner's participation in a supervisory college in accordance with subsection (c) of this section, including reasonable travel expenses. For purposes of this section, a supervisory college may be convened as either a temporary or permanent forum for
communication and cooperation between the regulators charged with the supervision of the insurer or its affiliates, and the Commissioner may establish a regular assessment to the insurer for the payment of these expenses.

(c) In order to assess the business strategy, financial position, legal and regulatory position, risk exposure, risk management, and governance processes, and as part of the examination of individual insurers in accordance with G.S. 58-19-35, the Commissioner may participate in a supervisory college with other regulators charged with supervision of the insurer or its affiliates, including other state, federal, and international regulatory agencies. The Commissioner may enter into agreements in accordance with G.S. 58-19-40 providing the basis for cooperation between the Commissioner and the other regulatory agencies and the activities of the supervisory college. Nothing in this section shall delegate to the supervisory college the authority of the Commissioner to regulate or supervise the insurer or its affiliates within its jurisdiction."

SECTION 1.8. G.S. 58-19-40 reads as rewritten:

(a) Documents, materials, or other information in the possession or control of the Department that are All information, documents, and copies thereof obtained by or disclosed to the Commissioner or any other person in the course of an examination or investigation made pursuant to G.S. 58-19-35, and all information reported pursuant to G.S. 58-19-25 subdivisions (12) and (13) of G.S. 58-19-15(g), G.S. 58-19-25, and G.S. 58-19-30, shall be given confidential treatment, shall not be subject to subpoena, and shall not be made law and privileged, shall not be considered a public record under either G.S. 58-2-100 or Chapter 132 of the General Statutes, shall not be subject to discovery or admissible in evidence in any private civil action. However, the Commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the Commissioner's official duties. The Commissioner shall not otherwise make the documents, materials, or other information public by the Commissioner, the NAIC, or any other person, except to insurance regulators of other states, except to insurance regulators of other states approved by the Commissioner or the other regulatory agencies, with the NAIC and its affiliates and subsidiaries, and international law enforcement authorities, including members of any supervisory college described in G.S. 58-19-37, provided that the recipient agrees in writing to maintain the confidentiality and privileged status of the document, material, or other information and has verified in writing the legal authority to maintain confidentiality.

(b) Neither the Commissioner nor any person who received documents, materials, or other information while acting under the authority of the Commissioner or with whom such documents, materials, or other information are shared pursuant to this Article shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (a) of this section.

(c) In order to assist in the performance of the duties imposed by this Article, the Commissioner:

(1) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (a) of this section, with other state, federal, and international regulatory agencies, with the NAIC and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, including members of any supervisory college described in G.S. 58-19-37, provided that the recipient agrees in writing to maintain the confidentiality and privileged status of the document, material, or other information and has verified in writing the legal authority to maintain confidentiality.

(2) Notwithstanding subdivision (1) of this subsection, may only share confidential and privileged documents, material, or information reported pursuant to G.S. 58-19-25 with Commissioners of states having statutes or
regulations substantially similar to subsection (a) of this section and who have agreed in writing not to disclose such information.

(3) May receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information from the NAIC and its affiliates and subsidiaries and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information.

(4) Shall enter into written agreements with the NAIC governing sharing and use of information provided pursuant to this Article consistent with this subsection that shall:
   a. Specify procedures and protocols regarding the confidentiality and security of information shared with the NAIC and its affiliates and subsidiaries pursuant to this Article, including procedures and protocols for sharing by the NAIC with other state, federal, or international regulators;
   b. Specify that ownership of information shared with the NAIC and its affiliates and subsidiaries pursuant to this Article remains with the Commissioner, and the NAIC's use of the information is subject to the direction of the Commissioner;
   c. Require prompt notice to be given to an insurer whose confidential information in the possession of the NAIC pursuant to this Article is subject to a request or subpoena to the NAIC for disclosure or production; and
   d. Require the NAIC and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the NAIC and its affiliate subsidiaries may be required to disclose confidential information about the insurer shared with the NAIC and its affiliates and subsidiaries pursuant to Article 19 of this Chapter.

(d) The sharing of information by the Commissioner pursuant to this Article shall not constitute a delegation of regulatory authority or rule making, and the Commissioner is solely responsible for the administration, execution, and enforcement of the provisions of Article 19 of this Chapter.

(e) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the Commissioner under this section or as a result of sharing as authorized in subsection (c) of this section.

(f) Documents, materials, or other information in the possession or control of the NAIC pursuant to a requirement of this Article shall be confidential by law and privileged, shall not be considered a public record under G.S. 58-2-100 or Chapter 132 of the General Statutes, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action."

SECTION 1.9. G.S. 58-19-50 is amended by adding a new subsection to read:

"(f) Whenever it appears to the Commissioner that any person has committed a violation of G.S. 58-19-15, and which prevents the full understanding of the enterprise risk to the insurer by the affiliates or by the insurance holding company system, the violation may serve as an independent basis for disapproving dividends or distributions and for placing the insurer under an order of supervision in accordance with Article 30 of this Chapter."

SECTION 1.10. G.S. 58-19-60 reads as rewritten:
§ 58-19-60. Recovery.

(a) If an order for liquidation or rehabilitation of a domestic insurer has been entered, the receiver appointed under such order has a right to recover on behalf of the insurer, (i) from any parent corporation or insurance holding company or person or affiliate who otherwise controlled the insurer, the amount of distributions (other than distributions of shares of the same class of stock) paid by the insurer on its capital stock, or (ii) any payment in the form of a bonus, termination settlement, or extraordinary lump sum salary adjustment made by the insurer or its subsidiary or subsidiaries to a director, officer, or employee, where the distribution or payment pursuant to (i) or (ii) above is made at any time during the one year preceding the petition for liquidation or rehabilitation, as the case may be, subject to the limitations of subsections (b), (c), and (d) of this section.

(b) No such distribution is recoverable if the parent or affiliate shows that when paid such distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that such distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(c) Any person that was a parent corporation or insurance holding company or a person that otherwise controlled the insurer at the time such distributions were paid is liable up to the amount of distributions or payments under subsection (a) of this section such person received. Any person who otherwise controlled the insurer at the time such distributions were declared is liable up to the amount of distributions he would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.

(d) The maximum amount recoverable under this section is the amount needed in excess of all other available assets of the insurer to pay its contractual obligations and to reimburse any guaranty funds.

(e) To the extent that any person liable under subsection (c) of this section is insolvent or otherwise fails to pay claims due from it pursuant to that subsection, its parent corporation, insurance holding company, or person who otherwise controlled it at the time that the distribution was paid, are jointly and severally liable for any resulting deficiency in the amount recovered from such parent corporation or insurance holding company or person who otherwise controlled it.

SECTION 1.11. Article 19 of Chapter 58 of the General Statutes is amended by adding four new sections to read:

§ 58-19-75. Forms — general requirements.

(a) Forms A, B, C, D, E, and F are intended to be guides in the preparation of the statements required by G.S. 58-19-15, 58-19-25, and 58-19-30. They are not intended to be fill-in-the-blank forms. The statements filed shall contain the numbers and captions of all items, but the text of the items may be omitted, provided the answers are prepared in such a manner as to indicate clearly the scope and coverage of the items. All instructions, whether appearing under the items of the form or elsewhere, are to be omitted. Unless expressly provided otherwise, if any item is inapplicable or the answer to the item is in the negative, an appropriate statement to that effect shall be made.

(b) A complete copy of each statement, including exhibits and all other papers and documents filed as a part of the statement, shall be filed with the Commissioner by personal delivery or mail addressed to the Commissioner and shall be signed in the manner prescribed on the form. Unsigned copies shall be conformed. If the signature of any person is affixed pursuant to a power of attorney or other similar authority, a copy of the power of attorney or other authority shall also be filed with the statement.

(c) If an applicant requests a hearing on a consolidated basis under G.S. 58-19-15, in addition to filing the Form A with the Commissioner, the applicant shall file a copy of the Form A with the NAIC in electronic form.

(d) Statements should be prepared electronically. Statements shall be easily readable and suitable for review and reproduction. Debits in credit categories and credits in debit
categories shall be designated so as to be clearly distinguishable as such on photocopies. Statements shall be in the English language and monetary values shall be stated in United States dollars. If any exhibit or other paper or document filed with the statement is in a foreign language, it shall be accompanied by a translation into the English language and any monetary value shown in a foreign currency normally shall be converted into United States dollars.

(a) Information required by any item of Form A, Form B, Form D, Form E, or Form F may be incorporated by reference in answer or partial answer to any other item. Information contained in any financial statement, annual report, proxy statement, statement filed with a governmental authority, or any other document may be incorporated by reference in answer or partial answer to any item of Form A, Form B, Form D, Form E, or Form F provided the document is filed as an exhibit to the statement. Excerpts of documents may be filed as exhibits if the documents are extensive. Documents currently on file with the Commissioner which were filed within three years need not be attached as exhibits. References to information contained in exhibits or in documents already on file shall clearly identify the material and shall specifically indicate that such material is to be incorporated by reference in answer to the item. Such materials shall not be incorporated by reference in any case where the incorporation would render the statement incomplete, unclear, or confusing.

(b) Where an item requires a summary or outline of the provisions of any document, only a brief statement shall be made as to the pertinent provisions of the document. In addition to the statement, the summary or outline must incorporate by reference particular parts of any exhibit or document currently on file with the Commissioner which was filed within three years and may be qualified in its entirety by such reference. In any case where two or more documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, a copy of only one of the documents need be filed with a schedule identifying the omitted documents and setting forth the material details in which those documents differ from the documents, a copy of which is filed.

§ 58-19-85. Forms – information unknown or unavailable and extension of time to furnish.

If it is impractical to furnish any required information, document, or report at the time it is required to be filed, there shall be filed with the Commissioner a separate document:

1. Identifying the information, document, or report in question.
2. Stating why the filing thereof at the time required is impractical.
3. Requesting an extension of time for filing the information, document, or report to a specified date. The request for extension shall be deemed granted unless the Commissioner after receipt of the request denies the request prior to the time the information, document, or report is required.

§ 58-19-90. Forms – additional information and exhibits.

In addition to the information expressly required to be included in Form A, Form B, Form C, Form D, Form E, and Form F, the Commissioner may request such further material information, if any, as may be necessary to make the information contained therein not misleading. The person filing may also file such exhibits as it may desire in addition to those expressly required by the statement. The exhibits shall be so marked as to indicate clearly the subject matters to which they refer. Changes to Form A, B, C, D, or F shall include on the top of the cover page the phrase: "Change No. [insert number] to" and shall indicate the date of the change and not the date of the original filing.

SECTION 1.12. G.S. 58-10-12(e) reads as rewritten:

"(e) Except as specifically provided in a plan of conversion, for five years following the effective date of the conversion, no person or persons acting in concert (other than the former mutual, any parent company, or any employee benefit plans or trusts sponsored by the former mutual or a parent company) shall directly or indirectly acquire, or agree or offer to acquire, in any manner the beneficial ownership of five percent (5%) or more of the outstanding shares of
any class of a voting security of the former mutual or any parent company without the prior approval of the Commissioner of a statement filed by that person with the Commissioner. The statement shall contain the information required by G.S. 58-19-15(b)(5) and any other information required by the Commissioner. The Commissioner shall not approve an acquisition under this subsection unless the Commissioner finds that:

1. The requirements of G.S. 58-19-15(e) will be satisfied. None of the conditions set forth in G.S. 58-19-15(i) will exist.
2. The acquisition will not frustrate or impede the plan of conversion or the amendment to the articles of incorporation as approved by the members and the Commissioner.
3. The boards of directors of the former mutual and any parent company have approved the acquisition.
4. The acquisition would be in the best interest of the present and future policyholders of the former mutual without regard to any interest of policyholders as shareholders of the former mutual or any parent company.

PART II. REVISIONS TO RISK-BASED CAPITAL REQUIREMENTS FOR LIFE INSURERS

SECTION 2. G.S. 58-12-11(a) reads as rewritten:

"(a) "Company action level event" means any of the following events:

1. The filing of a risk-based capital report by an insurer that indicates any of the following:
   a. The insurer's total adjusted capital is greater than or equal to its regulatory action level risk-based capital but less than its company action level risk-based capital; or
   b. In the case of a life or health insurer, the insurer has total adjusted capital that is greater than or equal to its company action level risk-based capital but less than the product of three times its authorized control level risk-based capital and 2.5 capital and (ii) has a negative trend; or
   c. In the case of a property or casualty insurer or a health organization, the insurer has total adjusted capital that is greater than or equal to its company action level risk-based capital but less than the product of its authorized control level risk-based capital and 3.0 and triggers the trend test determined in accordance with the trend test calculation included in the property and casualty or health organization risk-based capital instructions.

   …"
revision in the event of any subsequent material change in any item of the plan of operation or feasibility study, within 10 days after any such change. The group shall not offer any additional kinds of liability insurance, in this State or in any other state, until a revision of such plan or study is approved by the Commissioner.

(c) Required Information. – At the time of filing its application for a charter, the risk retention group shall provide to the Commissioner in summary form the following information: the identity of the initial members of the group, the identity of those individuals who organized the group or who will provide administrative services or otherwise influence or control the activities of the group, the amount and nature of initial capitalization, the coverages to be afforded, and the states in which the group intends to operate. Upon receipt of this information, the Commissioner shall forward such information to the NAIC. Providing notification to the NAIC is in addition to and shall not be sufficient to satisfy the requirements of G.S. 58-22-20 or any other sections of this Article.

(d) Governance Standards. – Risk retention groups shall comply with the following governance standards:

(1) Board of directors. – The following standards apply to the board of directors of the risk retention group:

a. Definitions. – The following definitions apply in this subdivision:

1. Board of directors or board. – The governing body of the risk retention group elected by the shareholders or members to establish policy, elect or appoint officers and committees, and make other governing decisions.

2. Director. – A natural person designated in the articles of the risk retention group, or designated, elected, or appointed by any other manner, name, or title to act as a director.

b. Independent directors. – The board of directors of the risk retention group shall have a majority of independent directors. If the risk retention group is a reciprocal, then the attorney-in-fact would be required to adhere to the same standards regarding independence of operation and governance as imposed on the risk retention group's board of directors or subscribers advisory committee under these standards; and, to the extent permissible under State law, service providers of a reciprocal risk retention group should contract with the risk retention group and not the attorney-in-fact.

c. Determination of independence. – No director qualifies as independent unless the board of directors affirmatively determines that the director has no material relationship, as partially specified in sub-subdivision d. of this subdivision, with the risk retention group. Each risk retention group shall disclose these determinations to the Commissioner at least annually. For the purpose of this subdivision, any person that is a direct or indirect owner of or subscriber in the risk retention group (or is an officer, director, or employee of such an owner and insured, unless some other position of such officer, director, or employee constitutes a material relationship), as contemplated by Section 3901(a)(4)(E)(ii) of the federal Liability Risk Retention Act, is considered to be “independent.”

d. Material relationship. – “Material relationship” of a person with the risk retention group includes, but is not limited to, the following:

1. The receipt in any one 12-month period of compensation or payment of any other item of value by such person, a member of such person's immediate family, or any business with which such person is affiliated from the risk retention group or a consultant or service provider to the risk retention group

385
is greater than or equal to five percent (5%) of the risk retention group's gross written premium for such 12-month period or two percent (2%) of its surplus, whichever is greater, as measured at the end of any fiscal quarter falling in such a 12-month period. Such person or immediate family member of such person is not independent until one year after his/her compensation from the risk retention group falls below the threshold.

2. A relationship with an auditor as follows: a director or an immediate family member of a director who is affiliated with or employed in a professional capacity by a present or former internal or external auditor of the risk retention group is not independent until one year after the end of the affiliation, employment, or auditing relationship.

3. A relationship with a related entity as follows: a director or immediate family member of a director who is employed as an executive officer of another company where any of the risk retention group's present executives serve on that other company's board of directors is not independent until one year after the end of such service or the employment relationship.

(2) Service provider contracts. – The term of any material service provider contract with the risk retention group shall not exceed five years. Any such contract, or its renewal, shall require the approval of the majority of the risk retention group's independent directors. The risk retention group's board of directors shall have the right to terminate any service provider, audit, or actuarial contracts at any time for cause after providing adequate notice as defined in the contract. The service provider contract is deemed material if the amount to be paid for such contract is more than or equal to the greater of five percent (5%) of the risk retention group's annual gross written premium or two percent (2%) of its surplus.

a. For purposes of this standard, "service providers" shall include captive managers, auditors, accountants, actuaries, investment advisors, lawyers, managing general underwriters, or other party responsible for underwriting, determination of rates, collection of premium, adjusting and settling claims, or the preparation of financial statements. Any reference to "lawyers" in the prior sentence of this sub-subdivision does not include defense counsel retained by the risk retention group to defend claims, unless the amount of fees paid to such lawyers are "material" under the standard set forth in this subdivision for a service provider contract.

b. No service provider contract shall be entered into with a person meeting the definition of "material relationship" contained in sub-subdivision (1)d. of this subsection unless the risk retention group has notified the Commissioner in writing of its intention to enter into such transaction at least 30 days prior thereto and the Commissioner has not disapproved it within such period.

(3) Written policy. – The risk retention group's board of directors shall adopt a written policy in the plan of operation as approved by the board that requires the board to do all of the following:

a. Assure that all owner/insureds of the risk retention group receive evidence of ownership interest.
h. Develop a set of governance standards applicable to the risk retention group.

c. AN ACT TO AMEND THE PROCESS BY WHICH THE CITY COUNCILS RECEIVE CITIZEN INPUT IN ZONING ORDINANCE AMENDMENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-385(a) reads as rewritten:

(a) Qualified Protest-Citizen Comments.
(1) Zoning ordinances may from time to time be amended, supplemented, changed, modified or repealed. In case, however, of a qualified protest against a zoning map amendment, that amendment shall not become effective except by favorable vote of three-fourths of all the members of the city council. For the purposes of this subsection, vacant positions on the council and members who are excused from voting shall not be considered "members of the council" for calculation of the requisite supermajority. If any resident or property owner in the city submits a written statement regarding a proposed amendment, modification, or repeal to a zoning ordinance to the clerk to the board at least two business days prior to the proposed vote on such change, the clerk to the board shall deliver such written statement to the city council. If the proposed change is the subject of a quasi-judicial proceeding under G.S. 160A-388, the clerk shall provide only the names and addresses of the individuals providing written comment, and the provision of such names and addresses to all members of the board shall not disqualify any member of the board from voting.

(2) To qualify as a protest under this section, the petition must be signed by the owners of either (i) twenty percent (20%) or more of the area included in the proposed change or (ii) five percent (5%) of a 100 foot wide buffer extending along the entire boundary of each discrete or separate area proposed to be rezoned. A street right of way shall not be considered in computing the 100 foot buffer area as long as that street right of way is 100 feet wide or less. When less than an entire parcel of land is subject to the proposed zoning map amendment, the 100 foot buffer shall be measured from the property line of that parcel. In the absence of evidence to the contrary, the city may rely on the county tax listing to determine the "owners" of potentially qualifying areas.

405
The foregoing provisions concerning protests shall not be applicable to any amendment which initially zones property added to the territorial coverage of the ordinance as a result of annexation or otherwise, or to an amendment to an adopted (i) special use district, (ii) conditional use district, or (iii) conditional district if the amendment does not change the types of uses that are permitted within the district or increase the approved density for residential development, or increase the total approved size of nonresidential development, or reduce the size of any buffers or screening approved for the special use district, conditional use district, or conditional district.

SECTION 2. G.S. 160A-386 is repealed.

SECTION 3. G.S. 122C-403(3) reads as rewritten:

“(3) Regulate the development of the reservation in accordance with the powers granted in Article 19, Parts 2, 3, 3C, 5, 6, and 7, of Chapter 160A of the General Statutes. The Secretary may not, however, grant a special use permit, a conditional use permit, or a special exception under Part 3 of that Article. In addition, the Secretary is not required to notify landowners of zoning classification actions under G.S. 160A-384, and the protest petition requirements in G.S. 160A-385, and 160A-386 do not apply, but the Secretary shall give the mayor of the Town of Butner at least 14 days' advance written notice of any proposed zoning change. The Secretary may designate Advisory establish a board to act like a Board of Adjustment to make recommendations to the Secretary concerning implementation of plans for the development of the reservation. When acting as a Board of Adjustment, Advisory that board shall be subject to subsections (b), (c), (d), (f), and (g) of G.S. 160A-388.”

SECTION 4. This act also repeals any local act authority for submission, review, or action by any municipality upon any zoning protest petition, whether or not enacted as a provision in a municipal charter.

SECTION 5. G.S. 160A-75 reads as rewritten:

No member shall be excused from voting except upon matters involving the consideration of the member's own financial interest or official conduct on or matters on which the member is prohibited from voting under G.S. 14-234, 160A-381(d), or 160A-388(e)(2). In all other cases except votes taken under G.S. 160A-385, a failure to vote by a member who is physically present in the council chamber, or who has withdrawn without being excused by a majority vote of the remaining members present, shall be recorded as an affirmative vote. The question of the compensation and allowances of members of the council is not a matter involving a member's own financial interest or official conduct.

An affirmative vote equal to a majority of all the members of the council not excused from voting on the question in issue, including the mayor's vote in case of an equal division, shall be required to adopt an ordinance, take any action having the effect of an ordinance, authorize or commit the expenditure of public funds, or make, ratify, or authorize any contract on behalf of the city. In addition, no ordinance nor any action having the effect of any ordinance may be finally adopted on the date on which it is introduced except by an affirmative vote equal to or greater than two thirds of all the actual membership of the council, excluding vacant seats and not including the mayor unless the mayor has the right to vote on all questions before the council. For purposes of this section, an ordinance shall be deemed to have been introduced on the date the subject matter is first voted on by the council."

In the General Assembly read three times and ratified this the 16th day of July, 2015.

Became law upon approval of the Governor at 10:30 a.m. on the 17th day of July, 2015.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 135-5.3 reads as rewritten;

"§ 135-5.3. Optional participation for charter schools operated by private nonprofit corporations.

(a) The board of directors of each charter school operated by a private nonprofit corporation shall elect whether to become a participating employer in the Retirement System in accordance with this Article. This election shall be in writing, shall be made no later than 30 days after this section becomes law, and shall be filed with the Retirement System and with the State Board of Education. For each charter school employee who is employed on or before the date the board makes the election to participate, membership in the System is effective as of the date the board makes the election to participate. For each charter school employee who is employed after the date the board makes the election, membership in the System is effective as of the date of that employee’s entry into eligible service. This subsection applies only to charter schools that received State Board of Education approval under [former] G.S. 115C-238.29D in 1997 or 1998.

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-218.15, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to become a participating employer in the Retirement System in accordance with this Article. This election shall be in writing and filed with the Retirement System and with the State Board of Education and is effective for each charter school employee as of the date of that employee’s entry into eligible service. This subsection applies to charter schools that received State Board of Education approval under [former] G.S. 115C-238.29D in 1997 or 1998.
schools that receive State Board of Education approval under [former] G.S. 115C-238.29D [or G.S. 115C-218.5] after 1998.

(b1) The board of directors of a charter school operated by a private nonprofit corporation and that has received State Board of Education approval under G.S. 115C-218.5 may elect to become a participating employer in the Retirement System in accordance with this Article.

(b2) A charter school desiring to participate in the Retirement System shall file with the Board of Trustees an application for participation on a form approved by the Board of Trustees. In the application, the charter school shall agree to make the contributions required of participating employers, to deduct from the salaries of employees who may become members the contributions required of members under this Chapter, and to transmit the contributions to the Board of Trustees. The charter school shall also agree to make the employer's contributions for the participation in the Retirement System of all employees entering the service of the employer, after the charter school's participation begins, who shall become members.

(b3) A charter school seeking to become a participating employer in the Retirement System prior to the end of the initial year of operation shall be granted provisional entry into the Retirement System for one year. In the event the employee or employer contributions required under G.S. 135-8(f) are not received by the date set by the Board of Trustees, the Board of Trustees may revoke the charter school's provisional entry into the Retirement System. One year after the charter school was granted provisional entry into the Retirement System, the charter school shall undergo an actuarial and financial review as required by the Board of Trustees.

(b4) A charter school seeking to become a participating employer in the Retirement System after the end of the initial year of operation shall undergo an actuarial and financial review as required by the Board of Trustees prior to entry into the Retirement System.

(b5) The actuarial review will result in an estimate of the amount of the withdrawal liability that would be required under G.S. 135-8(i) to cease participation in the Retirement System after five years and the amount that would be required to cease participation after 10 years. The cost of this actuarial review shall be paid by the charter school and shall not exceed two thousand five hundred dollars ($2,500). A charter school that was granted provisional entry into the Retirement System shall not be required to pay the cost of this actuarial review, and this cost may be classified as costs of administering investment programs under G.S. 147-69.3.

(b6) The financial review will be based on financial statements and independent audit reports held by the Local Government Commission or functionally equivalent financial statements and independent audit reports submitted to the Board of Trustees by the charter school.

(b7) The Board of Trustees may grant final approval of the application if it finds the following:

1. The application meets the requirements set out in this Article.
2. All members of the board of directors of the charter school have signed a written statement acknowledging and accepting the estimate provided under subsection (b5) of this section and the provisions of G.S. 135-8(i).

4. The charter school's most recent audited financial statements and independent audit report demonstrate that it is financially sound and can meet the financial obligations of participation in the Retirement System.

(b8) Upon acceptance by the Board of Trustees of the application to become a participating employer, the charter school shall be a fully participating employer in the Retirement System. The Board may make the final decision for acceptance of the application contingent upon the receipt of a financially sound independent audit report for the fiscal year ending prior to acceptance of the application.
(b9) For each charter school employee who is employed on or before the date the charter school is granted entry into the Retirement System, membership in the Retirement System is effective as of the date of entry. For each charter school employee who is employed after the date the charter school is granted entry into the Retirement System, membership in the Retirement System is effective as of the date of that employee's entry into eligible service. Provisional entry is considered entry into the Retirement System for the purpose of this subsection.

(c) A charter school board's election to become a participating employer in the Retirement System under this section is irrevocable and shall require all eligible employees of the charter school to participate.

(d) No retirement benefit, death benefit, or other benefit payable under the Retirement System shall be paid by the State of North Carolina or the Board of Trustees of the Teachers' and State Employees' Retirement System on account of employment with a charter school with respect to any employee, or with respect to any beneficiary of an employee, of a charter school whose board of directors does not elect to become that is not a participating employer in the Retirement System under this section.

(e) The board of directors of each charter school shall notify each of its employees as to whether the board elected to become a participating employer in the Retirement System under this section. This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to join the Retirement System, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible credit or reimbursement under the Retirement System. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection.

(f) The board of directors of a charter school may elect to cease participation in the Retirement System for all of its employees by following the procedure in G.S. 135-8(i)."

SECTION 2.(a) The catch line of G.S. 120-114 reads as rewritten: "§ 120-114. Actuarial notes; Retirement System cost estimates."

SECTION 2.(b) G.S. 120-114 is amended by adding a new subsection to read:

"(f) In addition to the other requirements of this section, if a bill or resolution contemplates removing a public agency as a participating employer from the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System, the Fiscal Research Division shall obtain an estimate of cost of the withdrawal liability the agency would owe under procedures established by the Boards of Trustees of the Retirement Systems."

SECTION 3.(a) G.S. 135-8 is amended by adding a new subsection to read:

"(i) Procedure and Payment to Cease Participation. – Any employing unit that is allowed to cease participation in the Retirement System by the General Assembly or as otherwise provided in this Chapter, through its governing body, may declare its intent to withdraw completely from the Retirement System as follows:

1. The employer shall notify its employees and the Board of Trustees, in writing, of its action. A withdrawing employer shall be required to make a lump-sum withdrawal liability payment to the Board of Trustees as provided by this section.

2. Complete withdrawal by an employer shall be the first day of the month following the date the employer ceases to employ active members or the first day of the month following 60 days from the date the Board of Trustees receives the employer's written request to withdraw. However, the complete withdrawal date shall not occur before the withdrawal liability is determined, as provided in subdivision (5) of this subsection."
After complete withdrawal, all employees of the withdrawing employer shall be ineligible to accrue future benefits with the Retirement System due to employment with the withdrawing employer. The withdrawing employer shall be ineligible to elect to become a participating employer in the Retirement System, as provided in G.S. 135-5.3, for five years after its complete withdrawal date.

All active or inactive members of the employer shall be eligible for benefits accrued with the Retirement System up to the complete withdrawal date. However, no retirement allowance or return of accumulated contributions shall be paid until the member actually terminates employment and completely separates from active service with the withdrawing employer, and there is no intent or agreement, express or implied, to return to service with the withdrawing employer.

An employer that does not pay the lump-sum withdrawal liability payment described in subdivision (5) of this subsection and the actuarial costs to determine this withdrawal liability within 90 days of the complete withdrawal date will continue to be a participating employer. No withdrawal liability payment shall be required if an employer exits before the end of the first year following the date of participation or if the Board of Trustees revokes entry as provided in G.S. 135-5.3(b8).

Upon the complete withdrawal of the employer, the Retirement System shall have no further legal obligation to the employer or its employees, nor shall the Retirement System be held accountable for the continued future accrual of any retirement benefit rights to which the employees may be entitled beyond the complete withdrawal date. Any litigation regarding the forfeiture of any benefits because of the employer's complete withdrawal from the Retirement System shall be the sole legal responsibility of the withdrawing employer, and the withdrawing employer shall indemnify and hold harmless the Retirement System, its Board of Trustees, its employees, and the State of North Carolina from any claims, losses, costs, damages, expenses, and liabilities, including, without limitation, court costs, and reasonable
attorneys' fees asserted by any person or entity as a result of the employer's withdrawal from the Retirement System."

a. The excess of the actuarial present value of the vested accrued benefits of the Retirement System's members over the market value of its assets, both as of the date of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date based on the plan provisions and actuarial assumptions used in the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date, except the interest rate assumption shall be reduced by an amount determined by the consulting actuary to reflect the increased investment, mortality, and other actuarial risk for the exiting agency's participants.

b. The total present value of accrued benefits of all active members of the withdrawing employer as of the last actuarial valuation adopted by the Board of Trustees prior to the complete withdrawal date.

This total additional amount shall be the actuarial equivalent of a single life annuity adjusted for the age of the member at the time of retirement, or when appropriate, the age at the time of the member's death that would have had to have been purchased to increase the member's benefit to the pre-cap level. The Except as otherwise provided in this subsection, the member shall have until 90 days after notification regarding this additional amount or until 90 days after the effective date of retirement, whichever is later, to submit a lump sum payment to the annuity savings fund in order for the retirement system to restore the retirement allowance to the uncapped amount. Upon a showing by clear and convincing evidence in the hearing, the court shall issue an order to freeze or seize the assets of the defendant in the amount calculated pursuant to G.S. 14-112.2(f). The procedure for petitioning the court under this section shall be governed by G.S. 1A-1, Rule 65, except as otherwise provided in this section.

(b1) An order to freeze or seize assets shall direct the appropriate State or local law enforcement agency with territorial jurisdiction over the assets to serve and execute the order as follows:

(1) Personal property or financial assets in the defendant's possession that are not held by a financial institution shall be seized and held until final disposition as directed by the order.

(2) If the asset is an account, intangible, or other financial asset held by a financial institution, the State or local law enforcement agency shall serve
the order on the entity or institution in possession of the asset with return of
service to the clerk of superior court.

(3) If the asset is real property, then a lis pendens shall be filed as directed by
the court with the clerk in the county or counties where the property is
located in accordance with Article 11 of Chapter 1 of the General Statutes. If
property is located in multiple counties, a lis pendens shall be filed in each
county.

(4) For all orders served and executed in accordance with subsection (b1) of this
section, a return of service shall be filed with the clerk of superior court by
the State or local law enforcement agency with an inventory of items seized.
If assets identified are financial assets as listed in subdivision (2) of this
subsection, then the law enforcement agency shall list the financial
institution wherein such funds are held and the amount of said funds. Said
inventory should also identify any and all available real property and
identify the counties wherein lis pendens were filed in accordance with
subdivision (3) of this subsection.

(b2) A record of any personal property seized by a law enforcement agency pursuant to
this section shall be kept and maintained as provided in Article 2 of Chapter 15 of the General
Statutes, except that the property shall not be disposed of other than pursuant to an order of the
court entered pursuant to this section. Property frozen or seized pursuant to this section shall be
deemed to be in the custody of the law enforcement agency seizing it and shall be removed and
stored in the discretion of that law enforcement agency, which may do any of the following:

(1) Place the property under seal.
(2) Remove the property to a place designated by the law enforc
   ement agency.
(3) Request that the North Carolina Department of Justice take custody of the

   location pending an order of the
   court for disposition.

(c) At any time after service of the order to freeze or seize assets, the defendant or any
person claiming an interest in the assets may file a motion to release the assets.

(d) In any proceeding to release assets, the burden of proof shall be by clear and
convincing evidence and shall be on the State to show that the defendant is about to, intends to,
or did divest himself or herself of assets in a manner that would render the defendant insolvent
for purposes of restitution. If the court finds that the defendant is about to, intends to, or did
divest himself or herself of assets in a manner that would render the defendant insolvent for
purposes of restitution, the court shall order the assets frozen or held until further order of the
court. The rules of evidence that apply to this proceeding are the rules that would apply in a
proceeding pursuant to G.S. 1A-1, Rule 65. deny the motion.

(e) If the prosecution of the charge under G.S. 14-112.2 is terminated by voluntary
dismissal without leave by the State or the court, or if a judgment of acquittal is entered, the
court shall vacate the order to freeze or seize the assets. If assets are released pursuant to this
subsection, accrued costs incident to the seizure, freeze, or storage of the assets shall not be
charged against the defendant and shall be borne by the agency incurring those costs.

(e1) Upon conviction of the defendant, or entry of a plea of no contest, any frozen or
seized assets shall be used to satisfy the defendant's restitution obligation as ordered by the
court, accounting for costs incident to seizure, including costs of sale. However, if the
defendant can satisfy the restitution order within a period of time designated by the court, the
court may accept an alternate form of restitution satisfaction. Any excess assets shall be
returned to the defendant.

In order to satisfy an order of restitution, frozen or seized assets shall be handled as follows:

(1) Assets shall be sold, transferred, paid out, or otherwise applied to the
defendant's restitution obligation as follows:
   a. If the asset is personal property or liquid assets already seized, the
      property shall be disposed of in accordance with the court order.
If the asset is held by a financial institution, the court shall enter an order directing the payment of those funds to the clerk in the amount specified in the restitution order or, if the amount is less than the full restitution award, the full amount of liquid assets shall be paid. The law enforcement agency shall deliver those funds to the clerk.

c. If the asset is real property, the court shall enter an order directing the sale of the property. The sale shall be conducted pursuant to Article 29A of Chapter 1 of the General Statutes. A private sale may be conducted pursuant to G.S. 1-339.33 through G.S. 1-339.40, if, upon receipt of the petition and satisfactory proof, it appears to the person directed to oversee the sale that a private sale is in the best interest of the victim.

(2) The proceeds of any sale, transfer, or conversion shall be disbursed as follows:

a. The law enforcement agency shall pay all proceeds to the clerk of superior court and shall provide an accounting of personal property sold or liquid assets seized.

b. All proceeds received by the clerk shall be distributed according to the following priority:

1. Payment to the victim in the full amount of the restitution order.
2. The costs and expenses of the sale.
3. All other necessary expenses incident to compliance with this section.
4. Any remaining balance to the defendant within 30 days of the clerk's receipt of the proceeds of the sale, unless the defendant directs the clerk to apply any excess to the defendant's other monetary obligations contained in the judgment of conviction.

(e2) In the event proceeds from the sale, transfer, or conversion of the seized or frozen assets under subsection (e1) of this section are not sufficient to cover the expenses allowed under sub-sub-subdivisions 2. and 3. of sub-subdivision b. of subdivision (2) of subsection (e1) of this section, after notice and a hearing at which the defendant is present, the court may enter a supplemental order of restitution for the unpaid portion of those expenses for the benefit of the agency that incurred the expenses, to be paid as part of the criminal judgment and as provided under G.S. 7A-304(d)(1).

(f) Any person holding any interest in the frozen or seized assets may commence a separate civil proceeding in the manner provided by law.

(g) Any filing fees, service fees, or other expenses incurred by any State or county agency for the administration or use of this section shall be recoverable only as provided in sub-sub-subdivision 2. of sub-subdivision b. of subdivision (2) of subsection (e1) of this section.

(b) When an action is commenced by the issuance of summons and permission is granted to file the complaint within 20 days, pursuant to Rule 3 of the Rules of Civil Procedure, if the complaint is not filed within the time fixed by the order of the clerk, the notice of lis
pendens shall become inoperative and of no effect. The clerk may on his own motion and shall on the ex parte application of any interested party cancel such notice of lis pendens by appropriate entry on the records, which entry shall recite the failure of the plaintiff to file his complaint within the time allowed. Such applications for cancellation, when made in a county other than that in which the action was instituted, shall include a certificate over the hand and seal of the clerk of the county in which the action was instituted that the plaintiff did not file his complaint within the time allowed. The fees of the clerk may be recovered against the plaintiff and his surety.

(c) Notwithstanding subsections (a) and (b) of this section, a notice of lis pendens filed pursuant to G.S. 1-116(a)(5) shall remain effective until the order to freeze or seize assets under G.S. 14-112.3(b1)(3) is terminated or an order directing the sale of real property under G.S. 14-112.3(e1)(1)c. is entered. Notice of lis pendens filed pursuant to G.S. 1-116(5) shall be exempt from filing fees.

Session Law 2015-185 H.B. 229

AN ACT TO MODIFY THE EXEMPTION FOR REAL PROPERTY USED FOR RELIGIOUS PURPOSES AND TO AUTHORIZE THE HOLDER OF A LIMITED DRIVING PRIVILEGE TO DRIVE TO AND FROM THE PERSON’S PLACE OF RELIGIOUS WORSHIP.

The General Assembly of North Carolina enacts:

"§ 105-278.3. Real and personal property used for religious purposes.

(a) Buildings, the land they actually occupy, and additional adjacent land reasonably necessary for the convenient use of any such building shall be exempted from taxation if wholly owned by an agency listed in subsection (c), below, and if:

(1) Wholly and exclusively used by its owner for religious purposes as defined in subsection (d)(1), below; or

(2) Occupied gratuitously by one other than the owner and wholly and exclusively used by the occupant for religious, charitable, or nonprofit educational, literary, scientific, or cultural purposes.

…

(c) The following agencies, when the other requirements of this section are met, may obtain exemption for their properties:

(1) A congregation, parish, mission, or similar local unit of a church or religious body; or

(2) A conference, association, presbytery, diocese, district, synod, or similar unit comprising local units of a church or religious body.

(d) Within the meaning of this section:

(1) A religious purpose is one that pertains to practicing, teaching, and setting forth a religion. Although worship is the most common religious purpose, the term encompasses other activities that demonstrate and further the beliefs and objectives of a given church or religious body. Within the meaning of
this section, the ownership and maintenance of a general or promotional office or headquarters by an owner listed in subdivision (2) of subsection (c), above, is a religious purpose and the ownership and maintenance of residences for clergy, rabbis, priests or nuns assigned to or serving a congregation, parish, mission or similar local unit, or a conference, association, presbytery, diocese, district, synod, province or similar unit of a church or religious body or residences for clergy on furlough or unassigned, is also a religious purpose. However, the ownership and maintenance of residences for other employees is not a religious purpose for either a local unit of a church or a religious body or a conference, association, presbytery, diocese, district, synod, or similar unit of a church or religious body. Provided, however, that where part of property which otherwise qualifies for the exemption provided herein is made available as a residence for an individual who provides guardian, janitorial and custodial services for such property, or who oversees and supervises qualifying activities upon and in connection with said property, the entire property shall be considered as wholly and exclusively used for a religious purpose.

(e) Notwithstanding the exclusive use requirement of subsection (a), above, if part of a property that otherwise meets that subsection's requirements is used for a purpose that would require exemption if the entire property were so used, the valuation of the part so used shall be exempted from taxation.

(g) Notwithstanding the exclusive use requirement of subsection (a), above, the following exceptions apply to the exclusive-use requirement of subsection (a) of this section:

1. If part, but not all, of a property meets the requirements of subsection (a) of this section, the valuation of the part so used is exempt from taxation.
2. Any parking lot wholly owned by an agency listed in subsection (c), above, of this section may be used for parking without removing the tax exemption granted in this section if the total charge for said parking uses shall not exceed that portion of the actual maintenance expenditures for the parking lot reasonably estimated to have been made on account of said parking uses. This subsection shall apply beginning with the taxable year that commences on January 1, 1978.
3. A building and the land occupied by the building is exempt from taxation if it is under construction and intended to be wholly and exclusively used by its owner for religious purposes upon completion. For purposes of this subdivision, a building is under construction starting when a building permit is issued and ending at the earlier of (i) 90 days after a certificate of occupancy is issued or (ii) 180 days after the end of active construction."

SECTION 1.(b) This section is effective for taxes imposed for taxable years beginning on or after July 1, 2015.

SECTION 2.(a) G.S. 20-179.3 reads as rewritten: "§ 20-179.3. Limited driving privilege.

479
(7) **Religious worship.**

(b) Eligibility. –

(1) A person convicted of the offense of impaired driving under G.S. 20-138.1 is eligible for a limited driving privilege if:

b. At the time of the offense he the person had not within the preceding seven years been convicted of an offense involving impaired driving;

d. Subsequent to the offense he the person has not been convicted of, or had an unresolved charge lodged against him-the person for, an offense involving impaired driving; and

e. The person has obtained and filed with the court a substance abuse assessment of the type required by G.S. 20-17.6 for the restoration of a driver's license.

A person whose North Carolina driver's license is revoked because of a conviction in another jurisdiction substantially similar to impaired driving under G.S. 20-138.1 is eligible for a limited driving privilege if he the person would be eligible for it had the conviction occurred in North Carolina. Eligibility for a limited driving privilege following a revocation under G.S. 20-16.2(d) is governed by G.S. 20-16.2(e1).

(2) Any person whose licensing privileges are forfeited pursuant to G.S. 15A-1331.1 is eligible for a limited driving privilege if the court finds that at the time of the forfeiture, the person held either a valid driver's license or a driver's license that had been expired for less than one year and

b. The person has an existing dependent who requires serious medical treatment and the defendant is the only person able to provide transportation to the dependent to the health care facility where the dependent can receive the needed medical treatment.

The limited driving privilege granted under this subdivision must restrict the person to essential driving related to the purposes listed above, and any driving that is not related to those purposes is unlawful even though done at times and upon routes that may be authorized by the privilege.

(3) Privilege Restrictions for High-Risk Drivers. – Notwithstanding any other provision of this section, any limited driving privilege issued to a person convicted of an impaired driving offense with an alcohol concentration of 0.15 or more at the time of the offense shall:

(1) Not become effective until at least 45 days after the final conviction under G.S. 20-138.1;

(2) Require the applicant to comply with the ignition interlock requirements of subsection (g5) of this section; and

(3) Restrict the applicant to driving only to and from the applicant's place of employment, the place the applicant is enrolled in school, the applicant's place of religious worship, any court ordered treatment or substance abuse education, and any ignition interlock service facility.

For purposes of this subsection, the results of a chemical analysis presented at trial or sentencing shall be sufficient to prove a person's alcohol concentration, shall be conclusive, and shall not be subject to modification by any party, with or without approval by the court.

...
(e) Limited Basis for and Effect of Privilege. – A limited driving privilege issued under this section authorizes a person to drive if his license is revoked solely under G.S. 20-17(a)(2) or as a result of a conviction in another jurisdiction substantially similar to impaired driving under G.S. 20-138.1; if the person’s license is revoked under any other statute, the limited driving privilege is invalid.

(g1) Driving for Work-Related Purposes in Nonstandard Hours. – If the applicant is required to drive during nonstandard working hours for an essential work-related purpose, he must present documentation of that fact before the judge may authorize him to drive for this purpose during those hours. If the applicant is self-employed, the documentation must be attached to or made a part of the limited driving privilege. If the judge determines that it is necessary for the applicant to drive during nonstandard hours for a work-related purpose, he may authorize the applicant to drive subject to these limitations:

1. If the applicant is required to drive to and from a specific place of work at regular times, the limited driving privilege must specify the general times and routes in which the applicant will be driving to and from work, and restrict driving to those times and routes.

2. If the applicant is required to drive to and from work at a specific place, but is unable to specify the times at which that driving will occur, the limited driving privilege must specify the general routes in which the applicant will be driving to and from work, and restrict the driving to those general routes.

3. If the applicant is required to drive to and from work at regular times but is unable to specify the place of work at which work is to be performed, the limited driving privilege must specify the general times and geographic boundaries in which the applicant will be driving, and restrict driving to those times and within those boundaries.

4. If the applicant can specify neither the times nor places in which he will be driving to and from work, or if he is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege must specify the geographic boundaries in which he will drive and restrict driving to that within those boundaries.

The limited driving privilege must state the name and address of the applicant’s place of work or employer, and may include other information and restrictions applicable to work-related driving, in the discretion of the court.

(g2) Driving for Other than Work-Related Purposes. – A limited driving privilege may not allow driving for maintenance of the household except during standard working hours, and the limited driving privilege may contain any additional restrictions on that driving, in the discretion of the court. The limited driving privilege must authorize driving essential to the completion of any community work assignments, course of instruction at an Alcohol and Drug Education Traffic School, or substance abuse assessment or treatment, to which the applicant is ordered by the court as a condition of probation for the impaired driving conviction. If this driving will occur during nonstandard working hours, the limited driving privilege must specify the same limitations required by subsection (g1) for work-related driving during those hours, and it must include or have attached to it the name and address of the Alcohol and Drug Education Traffic School, the community service coordinator, or mental health treatment facility to which the applicant is assigned. Driving for educational purposes other than the course of instruction at an Alcohol and Drug Education Traffic School is subject to the same limitations applicable to work-related driving under subsections (g) and (g1). Driving to and from the applicant’s place of religious worship is subject to the same limitations applicable to work-related driving under subsections (g) and (g1) of this section.
(h) Other Mandatory and Permissive Conditions or Restrictions. – In all limited driving privileges the judge shall also include a restriction that the applicant not consume alcohol while driving or drive at any time while he, the applicant has remaining in his, the applicant's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts. The judge may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(i) Modification or Revocation of Privilege. – A judge who issues a limited driving privilege is authorized to modify or revoke the limited driving privilege upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke a privilege in accordance with this subsection. The judge must indicate in the order of modification or revocation the reasons for the order, or he, the judge must make specific findings indicating the reason for the order and those findings must be entered in the record of the case.

(j) Effect of Violation of Restriction. – A holder, person holding a limited driving privilege who violates any of its restrictions commits the offense of driving while his license is revoked under G.S. 20-28(a) and is subject to punishment and license revocation as provided in that section. If a law-enforcement officer has reasonable grounds to believe that the holder, person holding a limited driving privilege has consumed alcohol while driving or has driven while he, the person has remaining in his, the person's body any alcohol previously consumed, the suspected offense of driving while license is revoked is an alcohol-related offense subject to the implied-consent provisions of G.S. 20-16.2. If a holder, person holding a limited driving privilege is charged with driving while license revoked by violating a restriction contained in his, the limited driving privilege, and a judicial official determines that there is probable cause for the charge, the limited driving privilege is suspended pending the resolution of the case, and the judicial official must require the holder, person to surrender the limited driving privilege. The judicial official must also notify the holder, person that he is not entitled to drive until his case is resolved.

Notwithstanding any other provision of law, an alcohol screening test may be administered to a driver suspected of violating this section, and the results of an alcohol screening test or the driver's refusal to submit may be used by a law enforcement officer, a court, or an administrative agency in determining if alcohol was present in the driver's body. No alcohol screening tests are valid under this section unless the device used is one approved by the Department of Health and Human Services, and the screening test is conducted in accordance with the applicable regulations of the Department as to the manner of its use.

If a person subject to this section is charged with driving while license revoked by violating a condition of subsection (b) of this section, and a judicial official determines that there is probable cause for the charge, the person's license is suspended pending the resolution of the case, and the judicial official must require the person to surrender the license. The judicial official must also notify the person that he is not entitled to drive until his case is resolved. An alcohol concentration report from the ignition interlock system shall not be admissible as evidence of driving while license revoked, nor shall it be admissible in an administrative revocation proceeding as provided in subsection (g) of this section, unless the person operated a vehicle when the ignition interlock system indicated an alcohol concentration in violation of the restriction placed upon the person by subdivision (b)(3) of this section."

SECTION 5. G.S. 20-179.3(j) reads as rewritten:

"(j) Effect of Violation of Restriction. – A holder of a limited driving privilege who violates any of its restrictions commits the offense of driving while his license is revoked for impaired driving under G.S. 20-28(a1) and is subject to punishment and license revocation as provided in that section. If a law-enforcement officer has reasonable grounds to believe that the holder of a limited driving privilege has consumed alcohol while driving or has driven while he has remaining in his body any alcohol previously consumed, the suspected offense of driving while license is revoked is an alcohol-related offense subject to the implied-consent provisions of G.S. 20-16.2. If a holder of a limited driving privilege is charged with driving while license revoked by violating a restriction contained in his limited driving privilege, and a judicial official determines that there is probable cause for the charge, the limited driving privilege is suspended pending the resolution of the case, and the judicial official must require the holder to surrender the limited driving privilege. The judicial official must also notify the holder that he is not entitled to drive until his case is resolved.

Notwithstanding any other provision of law, an alcohol screening test may be administered to a driver suspected of violating this section, and the results of an alcohol screening test or the driver's refusal to submit may be used by a law enforcement officer, a court, or an administrative agency in determining if alcohol was present in the driver's body. No alcohol screening tests are valid under this section unless the device used is one approved by the
Department of Health and Human Services, and the screening test is conducted in accordance with the applicable regulations of the Department as to the manner of its use."

**SECTION 6.** G.S. 20-179(c) reads as rewritten:

"(c) Determining Existence of Grossly Aggravating Factors. – At the sentencing hearing, based upon the evidence presented at trial and in the hearing, the judge, or the jury in superior court, must first determine whether there are any grossly aggravating factors in the case. Whether a prior conviction exists under subdivision (1) of this subsection, or whether a conviction exists under subdivision (d)(5) of this section, shall be matters to be determined by the judge, and not the jury, in district or superior court. If the sentencing hearing is for a case remanded back to district court from superior court, the judge shall determine whether the defendant has been convicted of any offense that was not considered at the initial sentencing hearing and impose the appropriate sentence under this section. The judge must impose the Aggravated Level One punishment under subsection (f3) of this section if it is determined that three or more grossly aggravating factors apply. The judge must impose the Level One punishment under subsection (g) of this section if it is determined that the grossly aggravating factor in subdivision (4) of this subsection applies or two of the other grossly aggravating factors apply. If the judge does not find that the aggravating factor at subdivision (4) of this subsection applies, then the judge must impose the Level Two punishment under subsection (h) of this section if it is determined that only one of the other grossly aggravating factors applies. The grossly aggravating factors are:

1. A prior conviction for an offense involving impaired driving if:
   a. The conviction occurred within seven years before the date of the offense for which the defendant is being sentenced; or
   b. The conviction occurs after the date of the offense for which the defendant is presently being sentenced, but prior to or contemporaneously with the present sentencing; or
   c. The conviction occurred in district court; the case was appealed to superior court; the appeal has been withdrawn, or the case has been remanded back to district court; and a new sentencing hearing has not been held pursuant to G.S. 20-38.7.

   Each prior conviction is a separate grossly aggravating factor.

2. Driving by the defendant at the time of the offense while his driver's license was revoked under G.S. 20-28, G.S. 20-28(a1), and the revocation was an impaired driving revocation under G.S. 20-28.2(a).

... In imposing an Aggravated Level One, a Level One, or a Level Two punishment, the judge may consider the aggravating and mitigating factors in subsections (d) and (e) in determining the appropriate sentence. If there are no grossly aggravating factors in the case, the judge must weigh all aggravating and mitigating factors and impose punishment as required by subsection (f)."

**SECTION 7.** This act becomes effective December 1, 2015, and applies to convictions on or after that date. Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.

H.B. 721

AN ACT TO AMEND THE LAWS RELATED TO LAND DEVELOPMENT.

_The General Assembly of North Carolina enacts:_

**SECTION 1.(a) G.S. 160A-372 reads as rewritten:_

(a) A subdivision control ordinance may provide for the orderly growth and development of the city; for the coordination of transportation networks and utilities within proposed subdivisions with existing or planned streets and highways and with other public facilities; for the dedication or reservation of recreation areas serving residents of the immediate neighborhood within the subdivision or, alternatively, for provision of funds to be used to acquire recreation areas serving residents of the development or subdivision or more than one subdivision or development within the immediate area, and rights-of-way or easements for street and utility purposes including the dedication of rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11; and for the distribution of population and traffic in a manner that will avoid congestion and overcrowding and will create conditions that substantially promote public health, safety, and the general welfare.

(b) The ordinance may require a plat to be prepared, approved, and recorded pursuant to the provisions of the ordinance whenever any subdivision of land takes place. The ordinance may include requirements that plats show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

(c) The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with municipal plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the city shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. Improvements at the time the plat is recorded as provided in subsection (b) of this section. For any specific development, the type of performance guarantee from the range specified by the city shall be at the election of the developer.

(d) The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the council or the planning board. In order for this authorization to become effective, before approving such plans the council or planning board and the board of education with jurisdiction over the area shall jointly determine the specific location and size of any school sites to be reserved, which information shall appear in the comprehensive land use plan. Whenever a subdivision is submitted for approval which includes part or all of a school site to be reserved under the plan, the council or planning board shall immediately notify the board of education and the board of education shall promptly decide whether it still wishes the site to be reserved. If the board of education does not wish to reserve the site, it shall so notify the council or planning board and no site shall be reserved. If the board of education does wish to reserve the site, the subdivision shall not be approved without such reservation. The board of education shall then have 18 months beginning on the date of final approval of the subdivision within which to acquire the site by purchase or by initiating condemnation proceedings. If the board of education has not purchased or begun proceedings to condemn the site within 18 months, the subdivider may treat the land as freed of the reservation.

(e) The ordinance may provide that a developer may provide funds to the city whereby the city may acquire recreational land or areas to serve the development or subdivision, including the purchase of land that may be used to serve more than one subdivision or development within the immediate area. All funds received by the city pursuant to this paragraph shall be used only for the acquisition or development of recreation, park, or open space sites. Any formula enacted to determine the amount of funds that are to be provided under this paragraph shall be based on the value of the development or subdivision for property tax purposes. The ordinance may allow a combination or partial payment of funds and partial
The ordinance may provide that in lieu of required street construction, a developer may be required to provide funds that the city may use for the construction of roads to serve the occupants, residents, or invitees of the subdivision or development and these funds may be used for roads which serve more than one subdivision or development within the area. All funds received by the city pursuant to this paragraph shall be used only for development of roads, including design, land acquisition, and construction. However, a city may undertake these activities in conjunction with the Department of Transportation under an agreement between the city and the Department of Transportation. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the city determines that a combination is in the best interests of the citizens of the area to be served.

For purposes of this section, all of the following shall apply with respect to performance guarantees:

1. The term "performance guarantee" shall mean any of the following forms of guarantee:
   a. Surety bond issued by any company authorized to do business in this State.
   b. Letter of credit issued by any financial institution licensed to do business in this State.
   c. Other form of guarantee that provides equivalent security to a surety bond or letter of credit.

2. The performance guarantee shall be returned or released, as appropriate, in a timely manner upon the acknowledgement by the city or county that the improvements for which the performance guarantee is being required are complete. If the improvements are not complete and the current performance guarantee is expiring, the performance guarantee shall be extended, or a new performance guarantee issued, for an additional period until such required improvements are complete. A developer shall demonstrate reasonable, good faith progress toward completion of the required improvements that are the subject of the performance guarantee or any extension. The form of any extension shall remain at the election of the developer.

3. The amount of the performance guarantee shall not exceed one hundred twenty-five percent (125%) of the reasonably estimated cost of completion at the time the performance guarantee is issued. Any extension of the performance guarantee necessary to complete required improvements shall not exceed one hundred twenty-five percent (125%) of the reasonably estimated cost of completion of the remaining incomplete improvements still outstanding at the time the extension is obtained.

4. The performance guarantee shall only be used for completion of the required improvements and not for repairs or maintenance after completion.

"§ 153A-331. Contents and requirements of ordinance.

(a) A subdivision control ordinance may provide for the orderly growth and development of the county; for the coordination of transportation networks and utilities within proposed subdivisions with existing or planned streets and highways and with other public facilities; for the dedication or reservation of recreation areas serving residents of the immediate neighborhood within the subdivision and of rights-of-way or easements for street and utility purposes including the dedication of rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11; and for the distribution of population and traffic in a manner that will avoid
congestion and overcrowding and will create conditions that substantially promote public health, safety, and the general welfare.

(b) The ordinance may require that a plat be prepared, approved, and recorded pursuant to the provisions of the ordinance whenever any subdivision of land takes place. The ordinance may include requirements that the final plat show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformity with good surveying practice.

(c) A subdivision control ordinance may provide that a developer may provide funds to the county whereby the county may acquire recreational land or areas to serve the development or subdivision, including the purchase of land that may be used to serve more than one subdivision or development within the immediate area.

(d) The ordinance may provide that in lieu of required street construction, a developer may provide funds to be used for the development of roads to serve the occupants, residents, or invitees of the subdivision or development. All funds received by the county under this section shall be transferred to the municipality to be used solely for the development of roads, including design, land acquisition, and construction. Any municipality receiving funds from a county under this section is authorized to expend such funds outside its corporate limits for the purposes specified in the agreement between the municipality and the county. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the county determines that a combination is in the best interest of the citizens of the area to be served.

(e) The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with county plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the county shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. Improvements at the time the plat is recorded as provided in subsection (b) of this section. For any specific development, the type of performance guarantee from the range specified by the county shall be at the election of the developer.

(f) The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the board of commissioners or the planning board. For the authorization to reserve school sites to be effective, the board of commissioners or planning board, before approving a comprehensive land use plan, shall determine jointly with the board of education with jurisdiction over the area the specific location and size of each school site to be reserved, and this information shall appear in the plan. Whenever a subdivision that includes part or all of a school site to be reserved under the plan is submitted for approval, the board of commissioners or the planning board shall immediately notify the board of education. The board of education shall promptly decide whether it still wishes the site to be reserved and shall notify the board of commissioners or planning board of its decision. If the board of education does not wish the site to be reserved, no site may be reserved. If the board of education does wish the site to be reserved, the subdivision may not be approved without the reservation. The board of education must acquire the site within 18 months after the date the site is reserved, either by purchase or by exercise of the power of eminent domain. If the board of education has not purchased the site or begun proceedings to condemn the site within the 18 months, the subdivider may treat the land as freed of the reservation.

(g) Any performance guarantee shall comply with G.S. 160A-372(g)."

SECTION 1. (c) G.S. 160A-400.25 is amended by adding a new subsection to read:

Nothing in this subsection shall restrict the right of a county or municipality to adopt a general zoning plan that prohibits any commercial activity within a fixed distance of a school or other educational institution except with a special use permit issued for a commercial activity found not to pose a danger to the health, safety, or general welfare of persons attending the school or educational institution within the fixed distance.
(d) No county or municipality, by zoning or other ordinance, shall regulate in any manner firearms shows with regulations more stringent than those applying to shows of other types of items.
(e) A county or municipality may regulate the transport, carrying, or possession of firearms by employees of the local unit of government in the course of their employment with that local unit of government.
(f) Nothing contained in this section prohibits municipalities or counties from application of their authority under G.S. 153A-129, 160A-189, 14-269, 14-269.2, 14-269.3, 14-269.4, 14-277.2, 14-415.11, 14-415.23, including prohibiting the possession of firearms in public-owned buildings, on the grounds or parking areas of those buildings, or in public parks or recreation areas, except nothing in this subsection shall prohibit a person from storing a firearm within a motor vehicle while the vehicle is on these grounds or areas. Nothing contained in this section prohibits municipalities or counties from exercising powers provided by law in states of emergency declared under Article 1A of Chapter 166A of the General Statutes.
(g) The authority to bring suit and the right to recover against any firearms or ammunition marketer, manufacturer, distributor, dealer, seller, or trade association by or on behalf of any governmental unit, created by or pursuant to an act of the General Assembly or
the Constitution, or any department, agency, or authority thereof, for damages, abatement, injunctive relief, or any other remedy resulting from or relating to the lawful design, marketing, manufacture, distribution, sale, or transfer of firearms or ammunition to the public is reserved exclusively to the State. Any action brought by the State pursuant to this section shall be brought by the Attorney General on behalf of the State. This section shall not prohibit a political subdivision or local governmental unit from bringing an action against a firearms or ammunition marketer, manufacturer, distributor, dealer, seller, or trade association for breach of contract or warranty for defect of materials or workmanship as to firearms or ammunition purchased by the political subdivision or local governmental unit.

(b) A person adversely affected by any ordinance, rule, or regulation promulgated or caused to be enforced by any county or municipality in violation of this section may bring an action for declaratory and injunctive relief and for actual damages arising from the violation. SECTION 13. Article 53B of Chapter 14 of the General Statutes is amended by adding a new section to read:

(2) Chief law enforcement officer. — Any official that the United States Bureau of Alcohol, Tobacco, Firearms, and Explosives, or any successor agency, has identified by regulation or otherwise as eligible to provide any required certification for the transfer or making of a firearm.

(b) When a chief law enforcement officer's certification is required by federal law or regulation for the transfer or making of a firearm, the chief law enforcement officer shall, within 15 days of receipt of a request for certification, provide the certification if the applicant is not prohibited by State or federal law from receiving or possessing the firearm and is not the subject of a proceeding that could result in the applicant being prohibited by State or federal law from receiving or possessing the firearm. If the chief law enforcement officer is unable to make a certification as required by this section, the chief law enforcement officer shall provide the applicant with a written notification of the denial and the reason for the denial.

Nothing in this section shall require a chief law enforcement officer to make a certification the chief law enforcement officer knows to be untrue, but the chief law enforcement officer may not refuse to provide certification based on a generalized objection to private persons or entities making, possessing, or receiving firearms or any certain type of firearm the possession of which is not prohibited by law.

(c) An applicant whose request for certification is denied may appeal the decision of the chief law enforcement officer to the district court of the district in which the request for certification was made. The court shall make a de novo review of the chief law enforcement officer's decision to deny the certification. If the court finds that the applicant is not prohibited by State or federal law from receiving or possessing the firearm, is not the subject of a proceeding that could result in the applicant being prohibited by State or federal law from receiving or possessing the firearm, and that no substantial evidence supports the chief law enforcement officer's determination that the chief law enforcement officer cannot truthfully make the certification, the court shall order the chief law enforcement officer to issue the certification and award court costs and reasonable attorneys' fees to the applicant.

(d) Chief law enforcement officers and their employees who act in good faith are immune from liability arising from any act or omission in making a certification as required by this section.”

5. That, if the petition is by a person designated as an alternate standby guardian, the person designated as standby guardian is unwilling or unable to serve as standby guardian.

(j) The designator may revoke a standby guardianship created under this section by:

1. Notifying the standby guardian in writing of the intent to revoke the standby guardianship prior to the filing of the petition under this section; or
2. Where the petition has already been filed, by executing a written revocation, filing it in the office of the clerk with whom the petition was filed, and promptly providing the standby guardian with a copy of the written revocation.

§ 35A-1376. Restoration of capacity or ability; suspension of guardianship.

In the event that the authority of the standby guardian becomes effective upon the receipt of a determination of incapacity or debilitation and the petitioner or designator is subsequently restored to capacity or ability to care for the child, the authority of the standby guardian based on that incapacity or debilitation shall be suspended. The attending physician shall provide a copy of the determination of restored capacity or ability to the standby guardian, if the identity of the standby guardian is known to the attending physician. If an order appointing the standby guardian as guardian of the person or general guardian of the minor child or incompetent adult has been entered, the standby guardian shall, and the petitioner or designator may, file a copy of the determination of restored capacity or ability in the office of the clerk who entered the order. A determination of restored capacity or ability shall:

1. Be made by the attending physician to a reasonable degree of medical certainty;
2. Be in writing; and
3. Contain the attending physician's opinion regarding the cause and nature of the parent's or legal guardian's restoration to capacity or ability.

Any order appointing the standby guardian as guardian of the person or general guardian of the minor child or incompetent adult shall remain in full force and effect, and the authority of the standby guardian shall recommence upon the standby guardian's receipt of a subsequent determination of the petitioner's or designator's incapacity, pursuant to G.S. 35A-1373(j), or upon the standby guardian's receipt of a subsequent determination of debilitation pursuant to G.S. 35A-1373(k), or upon the receipt of proof of death of the petitioner or designator, or upon the written consent of the petitioner or designator, pursuant to G.S. 35A-1373(l).
§ 35A-1379. Appointment of guardian ad litem.
(a) The clerk may appoint a volunteer guardian ad litem, if available, to represent the best interests of the minor child or incompetent adult and, where appropriate, express the wishes of the minor child or incompetent adult.
(b) The duties of the guardian ad litem, when appointed, shall be to make an investigation to determine the facts, the needs of the minor child or incompetent adult and the available resources within the family to meet those needs, and to protect and promote the best interests of the minor child or incompetent adult until formally relieved of the responsibility by the clerk.
(c) The court may order the guardian ad litem to conduct an investigation to determine the fitness of the intended standby guardian and alternate standby guardian, if any, to perform the duties of standby guardian.

§ 35A-1382. Termination.
(a) Any standby guardianship created under this Article shall continue until:
   (1) If the ward is a minor child, the child reaches 18 years of age unless sooner terminated by order of the clerk who entered the order appointing the standby guardian, by revocation pursuant to this Article, or by renunciation pursuant to this Article.
   (2) Revocation pursuant to this Article.
   (3) Renunciation pursuant to this Article.
(b) A standby guardianship shall terminate, and the authority of the standby guardian designated pursuant to G.S. 35A-1374 or of a guardian of the person or general guardian appointed pursuant to this Article shall cease, upon the entry of an order of the district court granting custody of the minor child to any other person.

PART II. AUTHORIZE LIVING PROBATE PROCEDURE ALLOWING A PERSON TO PETITION THE PROBATE COURT FOR AN ORDER CONFIRMING THE VALIDITY OF THAT PERSON'S WILL

SECTION 2. Chapter 28A of the General Statutes is amended by adding a new Article to read:

"Article 2B.
Living Probate.

§ 28A-2B-1. Establishment before death that a will or codicil is valid.
(a) Any petitioner who is a resident of North Carolina and who has executed a will or codicil may file a petition seeking a judicial declaration that the will or codicil is valid.
(b) The petition shall be filed with the clerk of superior court and the matter shall proceed as a contested estate proceeding governed by Article 2 of Chapter 28A of the General Statutes. At the hearing before the clerk of superior court, the petitioner shall produce the evidence necessary to establish that the will or codicil would be admitted to probate if the petitioner were deceased.

If an interested party contests the validity of the will or codicil, that person shall file a written challenge to the will or codicil before the hearing or make an objection to the validity of the will or codicil at the hearing. Upon the filing of a challenge or the raising of an issue contesting the validity of the will or codicil, the clerk shall transfer the cause to the superior court. The matter shall be heard as if it were a caveat proceeding, and the court shall make a determination as to the validity of the will or codicil and enter judgment accordingly.

If no interested party contests the validity of the will or codicil and if the clerk of superior court determines that the will or codicil would be admitted to probate if the petitioner were deceased, the clerk of superior court shall enter an order adjudging the will or codicil to be valid.
(c) Failure to use the procedure authorized by this Article shall not have any evidentiary or procedural effect on any future probate proceedings.

(d) For purposes of this Article only, a "petitioner" is a person who requests a judicial declaration that confirms the validity of that person's will or codicil.

The venue for a petition under G.S. 28A-2B-1 is the county of this State in which the petitioner whose will or codicil is the subject of the petition is domiciled.

(a) Petition. – A petition requesting an order declaring that a petitioner's will or codicil is valid shall be verified and shall contain the following information:

1. A statement that the petitioner is a resident of North Carolina and specifying the county of the petitioner's residence.
2. Allegations that the will was prepared and executed in accordance with North Carolina law and a statement that the will was executed with testamentary intent.
3. A statement that the petitioner had testamentary capacity at the time the will was executed.
4. A statement that the petitioner was free from undue influence and duress and executed the will in the exercise of the petitioner's free will.
5. A statement identifying the petitioner, and all persons believed by the petitioner to have an interest in the proceeding, including, for any interested parties who are minors, information regarding the minor's appropriate representative.

(b) The petitioner shall file the original will or codicil with the petition. If an order is entered declaring the will or codicil to be valid, the court shall affix a certificate of validity to the will or codicil.

"§ 28A-2B-4. Declaration by court; bar to caveat.

(a) If the court enters a judgment declaring a will or codicil to be valid, such judgment shall be binding upon all parties to the proceeding, including any persons represented in the proceeding pursuant to the provisions of G.S. 28A-2-7, and no party bound by the judgment shall have any further right to, and shall be barred from filing, a caveat to the will or codicil once that will or codicil is entered into probate following the petitioner's death. If a party shows, by clear and convincing evidence, that before and during the hearing, the petitioner was subject to financial or physical duress or coercion which was so significant that the petitioner would not have reasonably disclosed it at the hearing, the party may make a motion to the superior court that the party be permitted to file a caveat, notwithstanding the entry of the judgment.

(b) If the court declares a will or codicil to be valid, upon the motion of the petitioner or the court, the court may order that the will or codicil cannot be revoked and that no subsequent will or codicil will be valid unless the revocation or the subsequent will or codicil is declared valid in a proceeding under this Article. If the court enters such an order, any subsequent revocation of the will or codicil not declared valid in a proceeding under this Article shall be void and any subsequent will or codicil not declared valid in a proceeding under this Article shall be void and shall not be admitted to probate.

(c) If a will or codicil judicially declared valid is revoked or modified by a subsequent will or codicil, nothing in this section shall bar an interested person from contesting the validity of that subsequent will or codicil, unless that subsequent will or codicil is also declared valid in a proceeding under this Article in which the interested person was a party. If a will or codicil judicially declared valid is revoked by a method other than the execution of a subsequent will or codicil, nothing in this section shall bar an interested person from contesting the validity of that revocation, unless that revocation is also declared valid in a proceeding under this Article in which the interested person was a party.

(a) Following the entry of a judgment, a party to the proceeding may move that the contents of the file be sealed and kept confidential, and upon such motion, the clerk shall seal the contents of the file from public inspection. The contents of the file shall not be released except by order of the clerk to any person other than:

(1) The petitioner named in the petition.
(2) The attorney for the petitioner.
(3) Any court of competent jurisdiction hearing or reviewing the matter.

For good cause shown, the court may order the records that are confidential under this section to be made available to a person who is not listed in this section. Following the petitioner's death, a sealed file shall be unsealed upon the request of any interested person for the purpose of probate or other estate proceedings.

Costs, including reasonable attorneys' fees, incurred by a party in a proceeding under this Article shall be taxed against any party, or apportioned among the parties, in the discretion of the court, except that the court shall allow attorneys' fees for the attorneys of a party contesting the proceeding only if the court finds that the party had reasonable grounds for contesting the proceeding."

c) A power of appointment may not be created in a deceased individual.

d) Subject to an applicable rule against perpetuities or restraint on alienation, a power of appointment may be created in an unborn or unascertained power holder.

"§ 31D-2-203. Presumption of unlimited authority.

Subject to the provisions of G.S. 31D-2-205, and unless the terms of the instrument creating a power of appointment manifest a contrary intent, the power is all of the following:

(1) Presently exercisable.
(2) Exclusionary.
(3) Except as otherwise provided in G.S. 31D-2-204, general.

"§ 31D-2-204. Exception to presumption of unlimited authority.

Unless the terms of the instrument creating a power of appointment manifest a contrary intent, the power is nongeneral if both of the following apply:

(1) The power is exercisable only at the power holder's death.

A donor may revoke or amend a power of appointment only to the extent that either of the following apply:

(1) The instrument creating the power is revocable by the donor.

"Article 3.

"Exercise of Power of Appointment.
§ 31D-3-301. Requisites for exercise of power of appointment.
A power of appointment is exercised only to the extent that the appointment is a permissible exercise of the power, and only if all of the following apply:

1. The instrument exercising the power is valid under applicable law.
2. The terms of the instrument exercising the power manifest the power holder's intent to exercise the power.
3. Subject to the provisions of G.S. 31D-3-304, the terms of the instrument exercising the power satisfy the requirements of exercise, if any, imposed by the donor.

§ 31D-3-302. Intent to exercise; determining intent from residuary clause.
A residuary clause that does not contain a blanket-exercisable clause or specific-exercise clause manifests the power holder's intent to exercise a power of appointment only if all of the following apply:

1. The terms of the instrument containing the residuary clause (including any valid codicil or amendment to the instrument) do not manifest a contrary intent.
2. The power is a general power exercisable in favor of the power holder's estate.
3. There is no gift-in-default clause or the clause is ineffective.
4. The power holder did not release the power.

§ 31D-3-303. Intent to exercise after acquired power.
Unless the terms of an instrument exercising a power of appointment manifest a contrary intent:

1. If the power holder is not also the donor of the power, a blanket-exercise clause in the instrument extends to a power acquired by the power holder after executing the instrument containing the clause.
2. If the power holder is also the donor of the power, the blanket-exercise clause extends to the power acquired by the power holder after executing the instrument only if there is no gift-in-default clause or the gift-in-default clause is ineffective. The blanket-exercise clause does not extend to the power if there is a gift-in-default clause that is effective.

§ 31D-3-304. Substantial compliance with donor-imposed formal requirement.
A power holder's substantial compliance with a formal requirement of appointment imposed by the donor, including a requirement that the instrument exercising the power of appointment make reference or specific reference to the power, is sufficient if both of the following apply:

1. The power holder knows of and intends to exercise the power.
2. The power holder's manner of attempted exercise of the power does not impair a material purpose of the donor in imposing the requirement.

§ 31D-3-305. Permissible appointment.
(a) If a power holder of a general power of appointment permits appointment to the power holder or the power holder's estate, the power holder may make any appointment, including an appointment in trust or an appointment that creates a new power of appointment that the power holder could make in disposing of the power holder's own property.
(b) If a power holder of a general power of appointment permits appointment only to the creditors of the power holder or the creditors of the power holder's estate, or both, the power holder may appoint only to those creditors.
(c) Unless the terms of the instrument creating a power of appointment manifest a contrary intent, the power holder of a nongeneral power may:
   1. Make an appointment in any form, including an appointment in trust, in favor of a permissible appointee.
   2. Create a general power in a permissible appointee.
The terms of the instrument may permit the power holder of a nongeneral power to create a nongeneral power in any person to appoint to one or more of the permissible appointees of the original nongeneral power.

§ 31D-3-306. Appointment to deceased appointee.
   An appointment to a deceased appointee is ineffective.

§ 31D-3-307. Impermissible appointment.
   (a) An exercise of a power of appointment in favor of an impermissible appointee is ineffective.
   (b) An exercise of a power of appointment in favor of a permissible appointee is ineffective to the extent that the appointment is a fraud on the power.

§ 31D-3-308. Selective allocation doctrine.
   If a power holder exercises a power of appointment in a disposition that also disposes of property the power holder owns, the owned property and the appointive property must be allocated in the permissible manner that best carries out the power holder’s intent.

§ 31D-3-309. Capture doctrine; disposition of ineffectively appointed property under general power.
   To the extent a power holder of a general power of appointment, other than a power to withdraw property from, revoke, or amend a trust, makes an ineffective appointment:
   (1) The gift-in-default clause controls the disposition of the ineffectively appointed property.
   (2) If there is no gift-in-default clause or to the extent the clause is ineffective, the ineffectively appointed property passes as follows:
      a. To the power holder if the power holder is a permissible appointee and living.
      b. If the power holder is an impermissible appointee or deceased, to the power holder's estate if the estate is a permissible appointee.
      c. If the power holder is an impermissible appointee or deceased and if the estate is not a permissible appointee, under a reversionary interest to the donor or the donor’s transferee or successor in interest.

§ 31D-3-310. Disposition of unappointed property under released or unexercised general power.
   (a) To the extent that a power holder releases a general power of appointment other than a power to withdraw property from, revoke, or amend a trust, the gift-in-default clause controls the disposition of the unappointed property. If there is no gift-in-default clause or to the extent the clause is ineffective, the unappointed property passes under a reversionary interest to the donor or the donor's transferee or successor in interest.
   (b) To the extent a power holder fails to exercise a general power of appointment other than a power to withdraw property from, revoke, or amend a trust, the gift-in-default clause controls the disposition of the unappointed property. If there is no gift-in-default clause or to the extent the clause is ineffective, the unappointed property passes as follows:
      (1) To the power holder if the power holder is a permissible appointee and living.
      (2) If the power holder is an impermissible appointee or deceased, to the power holder's estate if the estate is a permissible appointee.
      (3) If the power holder is an impermissible appointee or deceased and if the estate is not a permissible appointee, under a reversionary interest to the donor or the donor's transferee or successor in interest.

§ 31D-3-311. Disposition of unappointed property under released or unexercised nongeneral power.
   To the extent that a power holder releases, ineffectively exercises, or fails to exercise a nongeneral power of appointment:
   (1) The gift-in-default clause controls the disposition of the unappointed property.
(2) If there is no gift-in-default clause, or to the extent that the clause is ineffective, the unappointed property:
  a. Passes to the permissible appointees, if both of the following apply:
    1. The permissible appointees are defined and limited,
    2. The terms of the instrument creating the power do not manifest a contrary intent.
  b. If there is no taker under sub-subdivision a. of this subdivision, passes under a reversionary interest to the donor or the donor's transferee or successor in interest.

§ 31D-3-312. Disposition of unappointed property if partial appointment to taker in default.

Unless the terms of the instrument creating or exercising a power of appointment manifest a contrary intent, if the power holder makes a valid partial appointment to a taker in default of appointment, then the taker in default of appointment may share fully in unappointed property.

§ 31D-3-313. Appointment to taker in default.

If a power holder makes an appointment to a taker in default of appointment and the appointee would have taken the property under a gift-in-default clause had the property not been appointed, then the power of appointment is deemed not to have been exercised and the appointee takes under the clause.

§ 31D-3-314. Power holder's authority to revoke or amend exercise.

If the terms of an instrument creating a power of appointment do not prohibit the power holder from revoking or amending an exercise of the power, a power holder may revoke or amend the exercise of a power only if one of the following apply:

(1) The instrument creating the exercise of the power of appointment may be revoked or amended.

(2) The power holder reserves a power of revocation or amendment in the instrument exercising the power of appointment.

§ 31D-4-403. Method of release.

A power holder of a releasable power of appointment may release the power in whole or in part as follows:

(1) By substantial compliance with a method provided in the terms of the instrument creating the power.

(2) If the terms of the instrument creating the power do not provide a method or the method provided in the terms of the instrument is not expressly made exclusive, by an instrument manifesting the power holder's intent by clear and convincing evidence.

§ 31D-4-404. Revocation or amendment of release.

A power holder may revoke or amend a release of a power of appointment only to the extent that one of the following applies:

(1) The instrument of release is revocable by the power holder.

(2) The power holder reserves a power of revocation or amendment in the instrument of release.
§ 31D-4-405. Power to contract; presently exercisable power of appointment.
A power holder of a presently exercisable power of appointment may contract:
(1) Not to exercise the power.
(2) To exercise the power if the contract when made does not confer a benefit on an impermissible appointee.

§ 31D-4-406. Power to contract; power of appointment not presently exercisable.
A power holder of a power of appointment that is not presently exercisable may contract to exercise or not to exercise the power only if the power holder both:
(1) Is also the donor of the power.
(2) Has reserved the power in a revocable trust.

§ 31D-4-407. Remedy for breach of contract to appoint or not to appoint.
The remedy for a power holder's breach of a contract to appoint or not to appoint appointive property is limited to damages payable out of the appointive property or, if appropriate, specific performance of the contract.

(c) Subject to subsection (b) of this section, appointive property subject to a general power of appointment created by the power holder is not subject to a claim of a creditor of the power holder or the power holder's estate to the extent the power holder irrevocably appointed the property in favor of a person other than the power holder or the power holder's estate.

(d) Subject to subsections (b) and (c) of this section, and notwithstanding the presence of a spendthrift provision or whether the claim arose before or after the creation of the power of appointment, appointive property subject to a general power of appointment created by the power holder is subject to a claim of a creditor of:
(1) The power holder, to the same extent as if the power holder owned the appointive property, if the power is presently exercisable.

§ 31D-6-602. Relation to Electronic Signatures in Global and National Commerce Act.

This Chapter modifies, limits, or supersedes the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. § 7001 et seq., but does not modify, limit, or supersede section 101(c) of 15 U.S.C. § 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of 15 U.S.C. § 7003(b).

§ 31D-6-603. Application to existing relationships.

(a) Except as otherwise provided in this Chapter, on or after the effective date of this Chapter:

(1) This Chapter applies to a power of appointment created before, on or after the effective date of this Chapter.

(2) This Chapter applies to a judicial proceeding concerning a power of appointment commenced on or after the effective date of this Chapter.

(3) This Chapter applies to a judicial proceeding concerning a power of appointment commenced before the effective date of this Chapter unless the court finds that application of a particular provision of this Chapter would interfere substantially with the effective conduct of the judicial proceeding or prejudice a right of a party, in which case the particular provision of this Chapter does not apply and the superseded law applies.

(4) A rule of construction or presumption provided in this Chapter applies to an instrument executed before the effective date of this Chapter unless there is a clear indication of a contrary intent in the terms of the instrument or unless application of that rule of construction or presumption would impair substantial rights of a party created under North Carolina law in effect prior to the effective date of this Chapter, in which case that rule of construction or presumption does not apply and the superseded rule of construction or presumption applies.

(5) Except as otherwise provided in subdivisions (1) through (4) of this subsection, an action taken before the effective date of this Chapter is not affected by this Chapter.
(b) If a right is acquired, extinguished, or barred on the expiration of a prescribed period that commenced under law of this State other than this Chapter before the effective date of this Chapter, the law continues to apply to the right."

SECTION 3.(b) G.S. 31-4 and G.S. 31-43 are repealed.

PART IV. AMEND THE ELECTIVE SHARE STATUTES REGARDING VALUATION OF PARTIAL OR CONTINGENT INTEREST PROPERTY

SECTION 4.1 G.S. 30-3.3A(e) reads as rewritten:

"(e) Partial or Contingent Interest Property. — The valuation of partial and contingent property interests, outright or in trust, which are limited to commence or terminate upon the death of one or more persons, upon the expiration of a period of time, or upon the occurrence of one or more contingencies, shall be determined by computations based upon the mortality and annuity tables set forth in G.S. 8-46 and G.S. 8-47, and by using a presumed rate of return of six percent (6%) of the value of the underlying property in which those interests are limited, unless upon good cause shown by one of the parties, the clerk determines that the use of such tables or rate of return is not appropriate, then the value of such interests shall be determined under subsection (f) of this section. However, in valuing partial and contingent interests passing to the surviving spouse, the following special rules apply:

(1) The value of the beneficial interest of a spouse shall be the entire fair market value of any property held in trust if the decedent was the settlor of the trust, if the trust is held for the exclusive benefit of the surviving spouse during the surviving spouse's lifetime, and if the terms of the trust meet the following requirements:

a. During the lifetime of the surviving spouse, the trust is controlled by one or more nonadverse trustees.

b. The trustee shall distribute to or for the benefit of the surviving spouse either (i) the entire net income of the trust at least annually or (ii) the income of the trust in such amounts and at such times as the trustee, in its discretion, determines necessary for the health, maintenance, and support of the surviving spouse.

c. The trustee shall distribute to or for the benefit of the surviving spouse out of the principal of the trust such amounts and at such times as the trustee, in its discretion, determines necessary for the health, maintenance, and support of the surviving spouse.

d. In exercising discretion, the trustee may be authorized or required to take into consideration all other income assets and other means of support available to the surviving spouse.

(2) To the extent that the partial or contingent interest is dependent upon the occurrence of any contingency that is not subject to the control of the surviving spouse and that is not subject to valuation by reference to the mortality and annuity tables set forth in G.S. 8-46 and G.S. 8-47, the contingency will be conclusively presumed to result in the lowest possible value passing to the surviving spouse. However, a life estate or income interest that will terminate upon the surviving spouse's death or remarriage will be valued without regard to the possibility of termination upon remarriage.

(3) To the extent that the valuation of a partial or contingent interest is dependent upon the life expectancy of the surviving spouse, that life expectancy shall be conclusively presumed to be no less than 10 years, regardless of the actual attained age of the surviving spouse at the decedent's death."
PART V. AMEND THE LAW PROVIDING FOR CONVEYANCE OF TENANCY BY THE ENTIRETIES TO A TRUST

(c) After the death of the first of the husband and wife to die, all property held in trust that was immune from the claims of their separate creditors under subsection (a) of this section immediately prior to the individual's death shall continue to have immunity from the claims of the decedent's separate creditors as would have existed if the husband and wife continued to hold the property conveyed in trust as tenants by the entirety.

(d) The trustee acting under the express provisions of a trust instrument or with the written consent of both the husband and wife may waive the immunity from the claims of separate creditors provided under this section as to any specific creditor or any specifically described property including all separate creditors of a husband and wife or all former tenancy by the entirety property conveyed to the trustee.
