(3) The terms of the second trust may not reduce any fixed income, annuity, or unitrust interest of a beneficiary in the assets of the original trust if that interest has come into effect with respect to the beneficiary.

(4) If any contribution to the original trust qualified for a marital or charitable deduction for federal income, gift, or estate tax purposes under the Internal Revenue Code, then the second trust shall not contain any provision that, if included in the original trust, would have prevented the original trust from qualifying for the deduction or that would have reduced the amount of the deduction.

(5) If contributions to the original trust have been excluded from the gift tax by the application of section 2503(b) and section 2503(c) of the Internal Revenue Code, then the second trust shall provide that the beneficiary's remainder interest in the contributions shall vest and become distributable no later than the date upon which the interest would have vested and become distributable under the terms of the original trust.

(6) If any beneficiary of the original trust has a power of withdrawal over trust property, then either:

a. The terms of the second trust must provide a power of withdrawal in the second trust identical to the power of withdrawal in the original trust; or

b. Sufficient trust property must remain in the original trust to satisfy the outstanding power of withdrawal.

(7) If a trustee of an original trust exercises a power to distribute principal or income that is subject to an ascertainable standard by appointing property to a second trust, then the power to distribute income or principal in the second trust must be subject to the same ascertainable standard as in the original trust.
trust and must be exercisable in favor of the same current beneficiaries to whom such distribution could be made in the original trust.

(8) The second trust may confer a power of appointment upon a beneficiary of the original trust to whom or for the benefit of whom the trustee has the power to distribute principal or income of the original trust. The permissible appointees of the power of appointment conferred upon a beneficiary may include persons who are not beneficiaries of the original or second trust. The power of appointment conferred upon a beneficiary shall be subject to the provisions of G.S. 41-23 specifying the permissible period allowed for the suspension of the power of alienation of the original trust and the time from which that permissible period is computed.

(9) The terms of the second trust shall not contain any provisions that would jeopardize (i) the qualification of a transfer as a direct skip under section 2642(c) of the Code, (ii) if the first trust owns subchapter S Corporation stock, the election to treat a corporation as a subchapter S Corporation under section 1362 of the Code, (iii) if the first trust owns an interest in property subject to the minimum distribution rules of section 401(a)(9) of the Code, a favorable distribution period by shortening the minimum distribution period, or (iv) any other specific tax benefit for which a contribution originally qualified for income, gift, estate, or generation-skipping transfer tax purposes. In this subdivision, "tax benefit" means a federal or State tax deduction, exemption, exclusion, or other benefit not otherwise listed in this section, except for the benefit from having the settlor considered the owner under sections 671 through 679 of the Code. Subject to clause (ii) above, the second trust may be a trust as to which the settlor is not considered the owner under sections 671 through 679 of the Code even if the settlor is considered the owner of the first trust, and the second trust may be a trust as to which the settlor of the first trust is considered the owner under sections 671 through 679 of the Code even if the settlor is considered the owner of the original trust.

(10) Notwithstanding any other provision of this section, but subject to the limitations of subdivisions (1), (2), (4), (5), and (9) of this subsection, a trustee may exercise the power to appoint principal and income under subsection (b) of this section with respect to a disabled beneficiary's interest in the original trust to a second trust that is a supplemental needs trust that does not have (i) an ascertainable standard (or has a different ascertainable standard); (ii) a fixed income, annuity, or unitrust interest in the assets of the original trust; or (iii) a right of withdrawal, if the trustee determines that it would be in the best interest of the disabled beneficiary. For purposes of this subsection, the following apply:

a. A "supplemental needs trust" means a trust that is a discretionary trust under G.S. 36C-5-504 and relative to the original trust contains either lesser or greater restrictions on the trustee's power to distribute income or principal, and which the trustee believes would, if implemented, allow the disabled beneficiary to receive greater governmental benefits than the disabled beneficiary would receive if the power to appoint principal and income had not been exercised.

b. "Governmental benefits" means medical assistance, financial aid, or services from any local, State, or federal agency or department.

c. A "disabled beneficiary" means a current beneficiary of the original trust who the trustee determines has a condition that substantially impairs the beneficiary's ability to provide for his or her own support.
d. The second supplemental needs trust shall not be liable to pay or reimburse the State or any government or public agency for medical assistance, financial aid, or services provided to the disabled beneficiary except as provided in the second supplemental needs trust.

"(c) Subject to the Uniform Voidable Transactions Act, Article 3A of Chapter 39 of the General Statutes, for purposes of this section, if the settlor is a beneficiary of the following trusts after the death of the settlor's spouse, the property of the trust shall, after the death of the settlor's spouse, be deemed to have been contributed by the settlor's spouse and not by the settlor. 

Section 9, property contributed to the following trusts is not considered to have been contributed by the settlor and a person who would otherwise be treated as a settlor or a deemed settlor of the following trusts may not be treated as a settlor:

1. An irrevocable intervivos marital trust that is treated as a general power of appointment trust described in section 2523(e) of the Internal Revenue Code.

2. An irrevocable intervivos marital trust that is treated as a qualified terminable interest property trust under section 2523(f) of the Internal Revenue Code.

3. An irrevocable intervivos trust of which the settlor's spouse is the sole beneficiary during the spouse's lifetime of the settlor's spouse but which does not qualify for the federal gift tax marital deduction, and during the lifetime of the settlor's spouse (i) the settlor's spouse is the only beneficiary or (ii) the settlor's spouse and the settlor's issue are the only beneficiaries.

4. Another trust, to the extent that the property of the other trust is attributable to property passing from a trust described in subdivision (1), (2), or (3) of this subsection, sub-divisions a., b., and c. of this subdivision.

For purposes of this subsection, subdivision, notwithstanding the provisions of G.S. 36C-1-103(3), the settlor is a beneficiary whether so named under the initial trust instrument or through the exercise of a limited or general power of appointment.

(2) Another trust, to the extent that the property of the other trust is attributable to property passing from a trust described in subdivision (1), (2), or (3) of this subsection, sub-divisions a., b., and c. of this subdivision.

For purposes of this subsection, subdivision, notwithstanding the provisions of G.S. 36C-1-103(3), the settlor is a beneficiary whether so named under the initial trust instrument or through the exercise of a limited or general power of appointment.

For purposes of this subsection, the "settlor's spouse" refers to the person to whom the settlor was married at the time the irrevocable intervivos trust was created, notwithstanding a subsequent dissolution of the marriage."

1. The duty and liability of the excluded trustee is as follows:
   a. If the terms of a trust confer upon the cotrustee the power to direct certain actions of the excluded trustee, the excluded trustee must act in accordance with the direction and is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from compliance with the direction unless compliance with the direction constitutes intentional misconduct on the part of the directed cotrustee.
   b. If the terms of the trust confer upon the cotrustee any other power, the excluded trustee is not liable, individually or as a fiduciary, for any loss resulting directly or indirectly from the action taken by the cotrustee.
   c. The excluded trustee has no duty to monitor the conduct of the cotrustee, provide advice to the cotrustee, or consult with or request directions from the cotrustee. The excluded trustee is not required to give notice to any beneficiary of any action taken or not taken by the cotrustee whether or not the excluded trustee agrees with the result.

2. Except as otherwise provided in sub-subdivision a. of subdivision (1) of this subsection, the cotrustee holding the power to take certain actions with respect to the trust shall be liable to the beneficiaries with respect to the exercise of the power as if the excluded trustee were not in office and has the exclusive obligation to account to the beneficiaries and defend any action brought by the beneficiaries with respect to the exercise of the power.

(g) A trustee, except as provided in subsection (g1) and (h) of this section, each cotrustee shall exercise reasonable care in connection with matters for which the trustee is given authority under the terms of a trust to:

1. Avoid enabling a cotrustee to commit a serious breach of trust; and
2. Compel a cotrustee to redress a serious breach of trust.

(g1) If the terms of the trust confer upon a cotrustee, to the exclusion of another cotrustee, the power to take certain actions with respect to the trust:

1. The excluded cotrustee is not liable, directly or indirectly, for the action taken by the cotrustee holding the exclusive power.
2. The excluded cotrustee has no duty to monitor the conduct of the cotrustee holding the exclusive power, provide advice to that cotrustee, or consult with or request directions from that cotrustee. The excluded trustee is not required to give notice to any beneficiary of any action taken or not taken by that cotrustee.
3. The cotrustee holding the exclusive power to take certain actions with respect to the trust:
   a. Shall be liable to the beneficiaries with respect to the exercise of the power as if the excluded trustee were not in office.
h. Has the exclusive obligation to account to the beneficiaries and defend any action brought by the beneficiaries with respect to the exercise of the power.

(h) Notwithstanding subsection (g) of this section, a cotrustee is not liable for the action of a majority of the other trustees if either of the following apply: If the terms of the trust confer the power to take actions on both or all cotrustees but under the terms of the trust or this Chapter the decision of one or more of the cotrustees controls in the event of a disagreement, then, unless the dissenting cotrustee had actual knowledge that the action constituted a serious breach of trust, a cotrustee who dissents from the action taken by one or more of the other cotrustees is not liable for the action if either of the following apply:

(1) The cotrustee dissenting cotrustee does not join in an action approved by a majority of the other trustees, the action.

(2) The dissenting cotrustee joins in an action necessary to carry out the decision of the majority of the trustees and notifies the other cotrustee or cotrustees and gives notice of the dissent to the other cotrustee or cotrustees at or before joining in the action, unless the trustee had knowledge that the action taken involved intentional misconduct or was taken with an intention to directly or indirectly provide an improper personal benefit to one or more trustees approving the action.

Session Law 2015-209

AN ACT TO CLARIFY MOTOR VEHICLE DEALERS AND MANUFACTURERS LICENSING LAW.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-286(10) reads as rewritten:

"(10) Motor vehicle. – Any motor propelled vehicle, trailer or semitrailer, required to be registered under the laws of this State.

a. "New motor vehicle” means a motor vehicle that has never been the subject of a completed, successful, or conditional sale that was subsequently approved other than between new motor vehicle dealers, or between manufacturer and dealer of the same franchise.

b. "Used motor vehicle” means a motor vehicle other than a motor vehicle described in paragraph (10)a above, sub-subdivision a. of this subdivision.”

SECTION 2. G.S. 20-305(6) reads as rewritten:

"(6) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, to terminate, cancel or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has satisfied the notice requirements of subparagraph sub-subdivision c. of this subdivision and the Commissioner has determined, if requested in writing by the dealer within (i) the time period specified in G.S. 20-305(6)c.1.II., III., or IV., as applicable, or (ii) the effective date of the franchise termination specified or proposed by the manufacturer in the notice of termination, whichever period of time is longer, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the
manufacturer has acted in good faith as defined in this act regarding the termination, cancellation or nonrenewal. When such a petition is made to the Commissioner by a dealer for determination as to the existence of good cause and good faith for the termination, cancellation or nonrenewal of a franchise, the Commissioner shall promptly inform the manufacturer that a timely petition has been filed, and the franchise in question shall continue in effect pending the Commissioner's decision. The Commissioner shall try to conduct the hearing and render a final determination within 180 days after a petition has been filed. If the termination, cancellation or nonrenewal is pursuant to G.S. 20-305(6)c.1.III. then the Commissioner shall give the proceeding priority consideration and shall try to render his final determination no later than 90 days after the petition has been filed. Any parties to a hearing by the Commissioner under this section shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes. Any determination of the Commissioner under this section finding that good cause exists for the nonrenewal, cancellation, or termination of any franchise shall automatically be stayed during any period that the affected dealer shall have the right to judicial review or appeal of the determination before the superior court or any other appellate court and during the pendency of any appeal; provided, however, that within 30 days of entry of the Commissioner's order, the affected dealer provide such security as the reviewing court, in its discretion, may deem appropriate for payment of such costs and damages as may be incurred or sustained by the manufacturer by reason of and during the pendency of the stay. Although the right of the affected dealer to such stay is automatic, the procedure for providing such security and for the award of damages, if any, to the manufacturer upon dissolution of the stay shall be in accordance with G.S. 1A-1, Rule 65(d) and (e). No such security provided by or on behalf of any affected dealer shall be forfeited or damages awarded against a dealer who obtains a stay under this subdivision in the event the ownership of the affected dealership is subsequently transferred, sold, or assigned to a third party in accordance with this subdivision or subdivision (4) of this section and the closing on such transfer, sale, or assignment occurs no later than 180 days after the date of entry of the Commissioner's order. Furthermore, unless and until the termination, cancellation, or nonrenewal of a dealer's franchise shall finally become effective, in light of any stay or any order of the Commissioner determining that good cause exists for the termination, cancellation, or nonrenewal of a dealer's franchise as provided in this paragraph subdivision, a dealer who receives a notice of termination, cancellation, or nonrenewal from a manufacturer as provided in this subdivision shall continue to have the same rights to assign, sell, or transfer the franchise to a third party under the franchise and as permitted under G.S. 20-305(4) as if notice of the termination had not been given by the manufacturer. Any franchise under notice or threat of termination, cancellation, or nonrenewal by the manufacturer which is duly transferred in accordance with G.S. 20-305(4) shall not be subject to termination by reason of failure of performance or breaches of the franchise on the part of the transferor.

...
of termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

IV. Not less than 180 days prior to the effective date of such termination, cancellation, or nonrenewal which occurs as a result of any change in ownership, operation, or control of all or any part of the business of the manufacturer, factory branch, distributor, or distributor branch whether by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, operation of law or otherwise; or the termination, suspension, or cessation of a part or all of the business operations of the manufacturers, factory branch, distributor, or distributor branch; or discontinuance of the sale of the product line-make or brand, or a change in distribution system by the manufacturer whether through a change in distributors or the manufacturer's decision to cease conducting business through a distributor altogether.

d. Payments.

2. The compensation provided above shall be paid by the manufacturer or distributor not later than 90 days after the manufacturer or distributor has received notice in writing from or on behalf of the new motor vehicle dealer specifying the elements of compensation requested by the dealer; provided the new motor vehicle dealer has, or can obtain, clear title to the inventory and has conveyed, or can convey, title and possession of the same to the manufacturer or distributor. Within 15 days after receipt of the dealer's written request for compensation, the manufacturer or distributor shall send the dealer detailed written instructions and forms required by the manufacturer or distributor to effectuate the receipt of the compensation requested by the dealer. The manufacturer or distributor shall be obligated to pay or reimburse the dealer for any transportation charges associated with the repurchase obligations of the manufacturer or distributor under this sub-subparagraph. The manufacturer or distributor shall also compensate the dealer for any handling, packing, or similar payments contemplated in the franchise. In no event may the manufacturer or distributor charge the dealer any handling, restocking, or other similar costs or fees associated with items repurchased by the manufacturer under this sub-subparagraph.

3. In addition to the other payments set forth in this section, if a termination, cancellation, or nonrenewal is premised upon any of the occurrences set forth in G.S. 20-305(6)c.1.IV., then the manufacturer or distributor shall be liable to the dealer for an amount at least equivalent to the fair market value of the franchise on (i) the date the franchisor announces the action...
which results in termination, cancellation, or nonrenewal; or
(ii) the date the action which results in termination, cancellation, or nonrenewal first became general knowledge; or
(iii) the day 18 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due not later than 90 days after the manufacturer or distributor has received notice in writing from, or on behalf of, the new motor vehicle dealer specifying the elements of compensation requested by the dealer. Any contract, agreement, or release entered into between any manufacturer and any dealer in which the dealer waives the dealer's right to receive monetary compensation in any sum or amount not less than the fair market value of the franchise as provided in this subdivision, including any contract, agreement, or release in which the dealer would accept the right to continue to offer and be compensated for service, parts, or both service and parts provided by the dealer in lieu of receiving all or a portion of the fair market value of the franchise, shall be voidable at the election of the dealer within 90 days of the effective date of the agreement. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, but the line-make or brand in this State would continue to be sold through the new distributor, the manufacturer may avoid paying fair market value to the dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

e. Dealership Facilities Assistance upon Termination, Cancellation or Nonrenewal.

In the event of the occurrence of any of the events specified in G.S. 20-305(6)d.1. above, except termination, cancellation or nonrenewal for license revocation, conviction of a crime involving moral turpitude, or fraud by a dealer-owner:

1. Subject to paragraph 2, subdivision 3. of this subdivision, if the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer or distributor, the manufacturer or distributor shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or three year's rent, whichever is less, or such longer term as is provided in the franchise agreement between the dealer and manufacturer; except that, in the case of motorcycle dealerships, the manufacturer shall pay the new motor vehicle dealer the sum equivalent to the rent for the unexpired term of the lease or one year's rent, whichever is less, or such longer term as provided in the franchise agreement between the dealer and manufacturer; or

2. Subject to paragraph 2, subdivision 3. of this subdivision, if the new motor vehicle dealer owns the dealership facilities, the manufacturer or distributor shall pay the new motor vehicle dealer a sum equivalent to the reasonable rental value of the dealership facilities for three years, or for one year in the case of motorcycle dealerships.
3. In order to be entitled to facilities assistance from the manufacturer or distributor, as provided in this paragraph e., subdivision, the dealer, owner, or lessee, as the case may be, shall have the obligation to mitigate damages by listing the demised premises for lease or sublease with a licensed real estate agent within 30 days after the effective date of the termination of the franchise and thereafter by reasonably cooperating with said real estate agent in the performance of the agent's duties and responsibilities. In the event that the dealer, owner, or lessee is able to lease or sublease the demised premises, the dealer shall be obligated to pay the manufacturer the net revenue received from such mitigation up to the total amount of facilities assistance which the dealer has received from the manufacturer pursuant to sub-divisions 1. and 2. To the extent and for such uses and purposes as may be consistent with the terms of the lease, a manufacturer who pays facilities assistance to a dealer under this paragraph e., subdivision shall be entitled to occupy and use the dealership facilities during the years for which the manufacturer shall have paid rent under sub-divisions 1. and 2.

5. The compensation required for facilities assistance under this paragraph e., subdivision shall be paid by the manufacturer or distributor within 90 days after the manufacturer or distributor has received notice in writing from, or on behalf of, a new motor vehicle dealer specifying the elements of compensation requested by the dealer.

SECTION 3. G.S. 20-305(7)d. reads as rewritten:
"d. Within 60 days after the death or incapacity of the owner or principal operator, a designated successor appointed in substantial compliance with this section shall give the affected manufacturer or distributor written notice of his or her succession to the position of owner or principal operator of the new motor vehicle dealership; provided, however, that the failure of the designated successor to give the manufacturer or distributor written notice as provided above within 60 days of the death or incapacity of the owner or principal operator shall not result in the waiver or termination of the designated successor's right to succeed to the ownership of the new motor vehicle dealership unless the manufacturer or distributor gives written notice of this provision to either the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary by certified or registered mail, return receipt requested, and said written notice grants not less than 30 days time within which the designated successor may give the notice required hereunder, provided the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary has given the manufacturer reasonable notice of death or incapacity. Within 30 days of receipt of the notice by the manufacturer or distributor from the designated successor provided in this paragraph, subdivision, the manufacturer or distributor may request that the designated successor complete the application..."
forms generally utilized by the manufacturer or distributor to review the designated successor's qualifications to establish a successor dealership. Within 30 days of receipt of the completed forms, the manufacturer or distributor shall send a letter by certified or registered mail, return receipt requested, advising the designated successor of facts and circumstances which have changed since the manufacturer's or distributor's original approval of the designated successor, and which have caused the manufacturer or distributor to object to the designated successor. Upon receipt of such notice, the designated successor may either designate an alternative successor or may file a request for evidentiary hearing in accordance with the procedures provided in sub-subdivisions b.2.-5. of this subdivision. In any such hearing, the manufacturer or distributor shall be limited to facts and circumstances which did not exist at the time the designated successor was originally approved or evidence which was originally requested to be produced by the designated successor at the time of the original request and was fraudulent.”

SECTION 4. G.S. 20-305(38) reads as rewritten:

"(38) Notwithstanding the terms, provisions, or conditions of any agreement, franchise, novation, waiver, or other written instrument, to assign or change a franchised new motor vehicle dealer's area of responsibility under the franchise arbitrarily or without due regard to the present or projected future pattern of motor vehicle sales and registrations within the dealer's market and without having provided the affected dealer with written notice of the change in the dealer's area of responsibility and a detailed description of the change in writing by registered or certified mail, return receipt requested. A franchised new motor vehicle dealer who believes that a manufacturer, factory branch, distributor, or distributor branch with whom the dealer has entered into a franchise has violated this subdivision assigned or changed the dealer's area of responsibility, is proposing to assign or change the dealer's area of responsibility arbitrarily or without due regard to the present or projected future pattern of motor vehicle sales and registrations within the dealer's market, or failed to provide the dealer with the notice required under this subdivision may file a petition within 60 days of receiving notice of a manufacturer, factory branch, distributor, or distributor branch's proposed assignment or change to the dealer's area of responsibility and have an evidentiary hearing before the Commissioner as provided in G.S. 20-301(b) contesting the franchised new motor vehicle dealer's assigned area of responsibility. In determining at the evidentiary hearing whether a manufacturer, factory branch, distributor, or distributor branch has assigned or changed the dealer's area of responsibility or is proposing to assign or change the dealer's area of responsibility arbitrarily or without due regard to the present or projected future pattern of motor vehicle sales and registrations within the dealer's market, the Commissioner may take into consideration the relevant circumstances, including, but not limited to:

a. The investment of time, money, or other resources made for the purpose of developing the market for the vehicles of the same line-make in the existing or proposed area of responsibility by the petitioning dealer, other same line-make dealers who would be affected by the change in the area of responsibility, or by the manufacturer, factory branch, distributor, distributor branch, or any dealer or regional advertising association.
h. The present and future projected traffic patterns and drive times between consumers and the same line-make franchised dealers of the affected manufacturer, factory branch, distributor, or distributor branch who are located within the market.

c. The historical and projected future pattern of new vehicle sales and registrations of the affected manufacturer, factory branch, distributor, or distributor branch within various portions of the area of responsibility and within the market as a whole.

d. The growth or decline in population, density of population, and new car registrations in the market.

e. If the affected manufacturer, factory branch, distributor, or distributor branch has removed territory from a dealer's area of responsibility or is proposing to remove territory from a dealer's area of responsibility, the projected economic effects, if any, that these changes in the dealer's area of responsibility will have on the petitioning dealer, other same line-make dealers, the public, and the manufacturer, factory branch, distributor, or distributor branch.

f. The projected effects that the changes in the petitioning dealer's area of responsibility that have been made or proposed by the affected manufacturer, manufacturer branch, distributor, or distributor branch will have on the consuming public within the market.

g. The presence or absence of natural geographical obstacles or boundaries, such as mountains and rivers.

h. The proximity of census tracts or other geographic units used by the affected manufacturer, factory branch, distributor, or distributor branch in determining same line-make dealers' respective areas of responsibility.

i. The public interest, consumer welfare, and customer convenience.

j. The reasonableness of the change or proposed change to the dealer's area of responsibility considering the benefits and harm to the petitioning dealer, other same line-make dealers, and the manufacturer, factory branch, distributor, or distributor branch.

At the evidentiary hearing before the Commissioner, the affected manufacturer, factory branch, distributor, or distributor branch shall have the burden of proving that all portions of its current or proposed area of responsibility for the petitioning franchised new motor vehicle dealer are reasonable in light of the present or projected future pattern of motor vehicle sales and registrations within the franchised new motor vehicle dealer's market. A policy or protocol of a manufacturer, factory branch, distributor, or distributor branch that determines a dealer's area of responsibility based solely on the proximity of census tracts or other geographic units to its franchised dealers and the existence of natural boundaries fails to satisfy the burden of proof on the affected manufacturer, factory branch, distributor, or distributor branch under this subdivision. Upon the filing of a petition before the Commissioner under this subdivision, any changes in the petitioning franchised new motor vehicle dealer's area of responsibility that have been proposed by the affected manufacturer, factory branch, distributor, or distributor branch shall be stayed during the pendency of the determination by the Commissioner. If a protest is or has been filed under G.S. 20-305(5) and the franchised new motor vehicle dealer's area of responsibility is included in the relevant market area under the protest, any protest filed under this subdivision shall be consolidated with that protest for hearing and joint disposition of all of the protests. Nothing in this subdivision shall apply to the determination of whether good cause exists for the establishment by a manufacturer, factory branch, distributor, or distributor branch of
an additional new motor vehicle dealer or relocation of an existing new motor vehicle dealer, which shall be governed in accordance with the requirements and criteria contained in G.S. 20-305(5) and not this subdivision."

SECTION 5. G.S. 20-305 is amended by adding a new subdivision to read:

"(49) A manufacturer or distributor may not charge a dealer more than a reasonable cost for any tool that the manufacturer or distributor sells to a dealer and designates as a special or essential tool. A manufacturer or distributor that collects tool fees as a convenience for the dealer and passes the payment through to a tool manufacturer or supplier which is not owned, operated, or controlled by the manufacturer, distributor, or affiliate shall not be considered to be selling the tool provided that the manufacturer or distributor’s involvement does not increase the cost of the special tool or essential tool. Nothing in this subdivision shall prohibit a manufacturer or distributor from charging a reasonable nominal fee in addition to the cost of the special or essential tool that includes manufacturer or distributor handling costs. For any special or essential tool that the manufacturer or distributor sells to the dealer at a price exceeding two hundred fifty dollars ($250.00), the manufacturer or distributor shall disclose on an invoice or similar billing statement submitted to the dealer for the tool, the actual cost of the special or essential tool paid by the manufacturer or distributor."

SECTION 6. G.S. 20-305.1(a2) reads as rewritten:

"(a2) In calculating the retail rate customarily charged by the dealer for parts and labor, the following work shall not be included in the calculation:

(1) Repairs for manufacturer or distributor special events, specials, coupons, or other promotional discounts for retail customer repairs.

(2) Parts sold at wholesale or at reduced or specially negotiated rates for insurance repairs.

(3) Engine assemblies.

(4) Routine maintenance not covered under warranty, such as maintenance, including fluids, filters, alignments, flushes, oil changes, and belts, and brake drums/rotors and shoes/pads not provided in the course of repairs.

(5) Nuts, bolts, fasteners, and similar items that do not have an individual part number.

(6) Tires and vehicle alignments.

(7) Vehicle reconditioning.

(8) Batteries and light bulbs."

SECTION 7. G.S. 20-305.1(b3) reads as rewritten:

"(b3) Notwithstanding the terms of any franchise or other agreement, or the terms of any program, policy, or procedure of any manufacturer, it shall be unlawful for a manufacturer to take or threaten to take any adverse action against a dealer located in this State, or to otherwise discriminate against any dealer located in this State, on the basis that the dealer sold or leased a motor vehicle to a customer who either exported the vehicle to a foreign country or who resold the vehicle to a third party, unless the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer’s purchase of the vehicle from the dealer. The conduct prohibited under this subsection includes, but is not limited to, a manufacturer’s actual or threatened: (i) failure or refusal to allocate, sell, or deliver motor vehicles to the dealer; or (ii) discrimination against any dealer in the allocation of vehicles; or (iii) charging back or withholding payments or other compensation or consideration for which a dealer is otherwise eligible for warranty reimbursement or under a sales promotion, incentive program, or contest; or (iv) disqualification of a dealer from participating in or discrimination against any dealer relating to any sales promotion, incentive program, or contest; or (v) termination of a franchise. In any proceeding brought pursuant to this subsection, there shall be a rebuttable presumption that the dealer, prior to the customer’s
purchase of the vehicle, did not know nor should have reasonably known that the customer intended to export or resell the motor vehicle, if (i) following the sale, the vehicle is titled, registered, and, where applicable, taxes paid in any state or territory within the United States in the name of a customer who was physically present at the dealership at or prior to the time of sale, and (ii) the dealer did not know, prior to the consummation of the sale, that the vehicle would be shipped to a foreign country. For purposes of this subsection, the term "manufacturer" shall include the terms "manufacturer," "manufacturer branch," "distributor," and "distributor branch," as those terms are defined in G.S. 20-286.

(1) Notwithstanding the terms of any franchise or other agreement, or the terms of any program, policy, or procedure of any manufacturer, it shall be unlawful for any manufacturer to take or threaten to take any adverse action against a dealer located in this State, or to otherwise discriminate against any dealer located in this State when:

a. The dealer failed to ensure that the purchaser or lessee paid personal property tax on the vehicle purchased or leased from the dealer;

b. The dealer failed to ensure that the vehicle being purchased or leased had been permanently registered in this State or in any other state in which the dealer was not required to ensure that the vehicle's permanent registration was processed or submitted at the time of the vehicle's purchase or lease;

c. The manufacturer extrapolated the imposition of any adverse action based on a certain number or percentage of the vehicles sold or leased by a dealer over a specified period of time having been exported or brokered; or

d. The dealer sold or leased a motor vehicle to a customer who either exported the vehicle to a foreign country or who resold the vehicle to a third party, unless:

1. The dealer reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer's purchase or lease of the vehicle from the dealer;

2. The vehicle sold or leased by the dealer was exported to a foreign country within 180 days after the date of sale or lease by the dealer; and

3. The affected manufacturer provided written notification to the affected motor vehicle dealer of the resale or export within 12 months from the date of sale or lease.

Notwithstanding the provisions of sub-subdivision d. of this subdivision, a manufacturer may take adverse action against a dealer located in this State if the dealer sold or leased a motor vehicle to a customer who either exported the vehicle to a foreign country or who resold the vehicle to a third party and the dealer, prior to the customer's purchase or lease of the vehicle from the dealer, had actual knowledge that the customer intended to export or resell the motor vehicle.

(2) The adverse action and discrimination prohibited under this subsection includes, but is not limited to, a manufacturer's actual or threatened:

a. Failure or refusal to allocate, sell, or deliver motor vehicles to the dealer;

b. Discrimination against any dealer in the allocation of vehicles;

c. Charging back or withholding payments or other compensation or consideration that a dealer is otherwise entitled to receive and that is not otherwise the subject of a dispute for warranty reimbursement or under a sales promotion, incentive program, contest, or other
program or policy that would provide any compensation or support for the dealer;

d. Disqualification of a dealer from participating in, or discrimination against any dealer relating to, any sales promotion, incentive program, contest, or other program or policy that would provide any compensation or support for the dealer;

e. Termination of a franchise; or

f. The imposition of any fine, penalty, chargeback, or other disciplinary or punitive measure.

(3) In any proceeding brought pursuant to this subsection, the affected manufacturer shall have the burden of proving that the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer’s purchase or lease of the vehicle from the dealer, subject to the following provisions:

a. There shall be a rebuttable presumption that the dealer, prior to the customer’s purchase or lease of the vehicle, did not know nor should have reasonably known that the customer intended to export or resell the motor vehicle, if:

1. Following the sale or lease, the dealer submitted the requisite documentation to the appropriate governmental entity to enable the vehicle to be titled, registered and, where applicable, sales or highway use tax paid in any state or territory within the United States in the name of a customer who was physically present at the dealership at or prior to the time of sale or lease; and

2. The customer's identifying information was not included on a list of known or suspected exporters or resellers identified and made readily accessible to the dealer by the applicable manufacturer at the time of the sale or lease.

b. There shall be a rebuttable presumption that the dealer, prior to the customer's purchase or lease of the vehicle, knew or reasonably should have known that the customer intended to export or resell the motor vehicle if the customer's identifying information was included on a list of known or suspected exporters or resellers identified and made readily accessible to the dealer by the applicable manufacturer at the time of the sale or lease.

c. Nothing contained in subdivision (1) of this subsection shall be deemed to prevent or prohibit the Commissioner or the affected manufacturer from considering one or more of the factors delineated in sub-divisions a. through c. of subdivision (1) of this subsection in determining whether the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer’s purchase or lease of the vehicle from the dealer.

(4) Any audit of a dealer by a manufacturer for sales or leases made to exporters or brokers shall only be for the 12-month period immediately preceding the audit.

SECTION 8. G.S. 20-305.1(c) reads as rewritten:

"(c) In the event there is a dispute between the manufacturer, factory branch, distributor, or distributor branch, and the dealer with respect to any matter referred to in subsection (a), (b), (b1), (b2), (b3), or (d) of this section, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing on the subject and the decision of the Commissioner shall be binding on the parties,"
subject to rights of judicial review and appeal as provided in Chapter 150B of the General Statutes; provided, however, that nothing contained herein shall give the Commissioner any authority as to the content of any manufacturer's or distributor's warranty. Upon the filing of a petition before the Commissioner under this subsection, any chargeback to or any payment required of a dealer by a manufacturer relating to warranty parts or service compensation, or to sales incentives, service incentives, rebates, or other forms of incentive compensation, or the withholding or chargeback of other compensation or support that a dealer would otherwise be eligible to receive shall be stayed during the pendency of the determination by the Commissioner."

SECTION 9. G.S. 20-305.1(g) reads as rewritten:

"(g) Truck Dealer Cost Reimbursement. – Every manufacturer, manufacturer branch, distributor, or distributor branch of new motor vehicles, or any affiliate or subsidiary thereof, which manufactures or distributes new motor vehicles with a gross vehicle weight rating of 16,000 pounds or more shall compensate its new motor vehicle dealers located in this State for the cost of special tools, equipment, and training for which its dealers are liable when the applicable manufacturer, manufacturer branch, distributor, or distributor branch sells a portion of its vehicle inventory to converters and other nondealer retailers. The purpose of this reimbursement is to compensate truck dealers for special additional costs these dealers are required to pay for servicing these vehicles when the dealers are excluded from compensation for these expenses at the point of sale. The compensation which shall be paid pursuant to this subsection shall be applicable only with respect to new motor vehicles with a gross vehicle weight rating of 16,000 pounds or more which are registered to end users within this State and that are sold by a manufacturer, manufacturer branch, distributor, or distributor branch to either of the following:

(1) Persons or entities other than new motor vehicle dealers with whom the manufacturer, manufacturer branch, distributor, or distributor branch has entered into franchises;

(2) Persons or entities that install custom bodies on truck chassis, including, but not limited to, mounted equipment or specialized bodies for concrete distribution, firefighting equipment, waste disposal, recycling, garbage disposal, buses, utility service, street sweepers, wreckers, and rollback bodies for vehicle recovery; provided, however, that no compensation shall be required to be paid pursuant to this subdivision with respect to vehicles sold for purposes of manufacturing or assembling school buses. Additionally, no compensation shall be required to be paid pursuant to this subdivision with respect to any vehicles that were sold to the end user by a franchised new motor vehicle dealer.

The amount of compensation that shall be payable by the applicable manufacturer, manufacturer branch, distributor, or distributor branch shall be six hundred dollars ($600.00) per new motor vehicle registered in this State whose chassis has a gross vehicle weight rating of 16,000 pounds or more. The compensation required pursuant to this subsection shall be paid by the applicable manufacturer, manufacturer branch, distributor, or distributor branch to its franchised new motor vehicle dealer in closest proximity to the registered address of the end user to whom the motor vehicle has been registered within 30 days after such registration of the vehicle. Upon receiving a request in writing from one of its franchised dealers located in this State, a manufacturer, manufacturer branch, distributor, or distributor branch shall promptly make available to the dealer its records relating to the registered addresses of its new motor vehicles registered in this State for the previous 12 months and its payment of compensation to dealers as provided in this subsection."

SECTION 10. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end, the provisions of this act are severable.
SECTION 11. This act is effective when it becomes law and applies to all current and future franchises and other agreements in existence between any new motor vehicle dealer located in this State and a manufacturer or distributor as of the effective date of this act.

H.B. 284

AN ACT TO CLARIFY THAT IMPOSITION OF A FINE IS NOT AN ALLOWABLE SANCTION FOR CIVIL CONTEMPT AND TO PERMIT EXCUSED JURY DUTY FOR STUDENTS ATTENDING POSTSECONDARY SCHOOLS OUT OF STATE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 5A-21 is amended by adding a new subsection to read:

"(d) A person who is found in civil contempt under this Article is not subject to the imposition of a fine."

SECTION 2. G.S. 9-6 reads as rewritten:

"§ 9-6. Jury service a public duty; excuses to be allowed in exceptional cases; procedure.

... (b1) A prospective juror who is summoned for jury service in a session of court scheduled during a period of time when the prospective juror is taking classes or exams as a full-time student enrolled at an out-of-state postsecondary public or private educational institution, including any out-of-state trade or professional institution, college, or university, shall be excused from jury service upon request made pursuant to G.S. 9-6.1(a) and supported by documentation showing enrollment at the out-of-state educational institution.

(c) A prospective juror excused by a judge in the exercise of the discretion conferred by subsection (b) of this section or excused pursuant to subsection (b1) of this section may be required by the judge to serve as a juror in a subsequent session of court. If required to serve subsequently, the juror shall be considered on such occasion the same as if he were a member of the panel regularly summoned for jury service at that time.

..."

SECTION 3. G.S. 9-6.1 reads as rewritten:

"§ 9-6.1. Requests to be excused.

(a) Any person summoned as a juror who is a full-time student and who wishes to be excused pursuant to G.S. 9-6.1(b1) or who is 72 years or older and who wishes to be excused, deferred, or exempted, may make the request without appearing in person by filing a signed statement of the ground of the request with the chief district court judge of that district, or the district court judge or trial court administrator designated by the chief district court judge pursuant to G.S. 9-6(b), at any time five business days before the date upon which the person is summoned to appear.

..."

SECTION 4. The Administrative Office of the Courts, in consultation with the North Carolina Conference of Clerks of Superior Court, shall study excusals from jury service. It shall consider all of the current exemptions from jury service and examine whether or not excusals should be granted for prospective jurors who are on work assignment outside the State of North Carolina. The Administrative Office of the Courts shall report its findings and any recommendations to the Joint Legislative Oversight Committee on Justice and Public Safety and the General Assembly upon the convening of the 2016 Regular Session of the 2015 General Assembly.

SECTION 5. Section 1 of this act becomes effective October 1, 2015, and applies to civil contempt orders entered on or after that date. Sections 2 and 3 of this act become
AN ACT REQUIRING THE CHIEF MEDICAL EXAMINER TO ESTABLISH A MEDICAL EXAMINER TRAINING PROGRAM THAT INCLUDES TRAINING REGARDING SUDDEN UNEXPECTED DEATH IN EPILEPSY DURING MEDICOLEGAL DEATH INVESTIGATIONS.

Whereas, sudden unexpected death in epilepsy (SUDEP) is a mysterious, rare condition in which typically young or middle-aged individuals with epilepsy die without a clear cause and is generally defined by the medical community as a sudden, unexpected, nontraumatic, nondrowning death in an otherwise healthy individual with epilepsy, where the postmortem examination does not reveal an anatomic or toxicologic cause of the death; and

Whereas, SUDEP is believed to account for up to 17 percent of deaths in individuals with epilepsy; and

Whereas, autopsy plays a key role in determining the diagnosis of SUDEP, yet the Institute of Medicine has found that SUDEP may be underreported for several reasons, including, but not limited to, a lack of awareness about SUDEP among medical examiners; and

Whereas, the cause of SUDEP is not known, and opportunities for its prevention have been hindered by the lack of a systematic effort to collect information about individuals who have died from SUDEP, as is done with many other disorders; and

Whereas, it is appropriate to raise awareness of SUDEP among medical examiners by developing a SUDEP awareness program and by facilitating research into the causes and prevention of SUDEP; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 130A-382 reads as rewritten:

"§ 130A-382. County medical examiners; appointment; term of office; vacancies; training requirements; revocation for cause.

(a) The Chief Medical Examiner shall appoint one or two or more county medical examiners for each county for a three-year term. In appointing medical examiners for each county, the Chief Medical Examiner shall give preference to physicians licensed to practice medicine in this State but may also appoint licensed physician assistants, nurse practitioners, nurses, coroners, or emergency medical technician paramedics. A medical examiner may serve more than one county. The Chief Medical Examiner may take jurisdiction in any case or appoint another medical examiner to do so.

(b) County medical examiners shall complete continuing education training as directed by the Office of the Chief Medical Examiner and based upon established and published guidelines for conducting death investigations. The continuing education training shall include training regarding sudden unexpected death in epilepsy. The Office of the Chief Medical Examiner shall annually update and publish these guidelines on its Internet Web site. Newly appointed county medical examiners shall complete mandatory orientation training as directed by the Office of the Chief Medical Examiner within 90 days of their appointment.

(c) The Chief Medical Examiner may revoke a county medical examiner's appointment for failure to adequately perform the duties of the office after providing the county medical examiner with written notice of the basis for the revocation and an opportunity to respond."

SECTION 2. This act becomes effective January 1, 2016.
In the General Assembly read three times and ratified this the 4th day of August, 2015.

(6) If there are multiple eyewitnesses, the suspect shall be placed in a different position in the lineup or photo array for each eyewitness.

(7) In a lineup, no writings or information concerning any previous arrest, indictment, or conviction of the suspect shall be visible or made known to the eyewitness.

(8) In a live lineup, any identifying actions, such as speech, gestures, or other movements, shall be performed by all lineup participants.

(9) In a live lineup, all lineup participants must be out of view of the eyewitness prior to the lineup.

(10) Only one suspect shall be included in a lineup.

(11) Nothing shall be said to the eyewitness regarding the suspect's position in the lineup or regarding anything that might influence the eyewitness's identification.

(12) The lineup administrator shall seek and document a clear statement from the eyewitness, at the time of the identification and in the eyewitness's own words, as to the eyewitness's confidence level that the person identified in a given lineup is the perpetrator. The lineup administrator shall separate all witnesses in order to discourage witnesses from conferring with one another before or during the procedure. Each witness shall be given instructions regarding the identification procedures without other witnesses present.

(13) If the eyewitness identifies a person as the perpetrator, the eyewitness shall not be provided any information concerning the person before the lineup administrator obtains the eyewitness's confidence statement about the selection. There shall not be anyone present during the live lineup or photographic identification procedures who knows the suspect's identity, except the eyewitness and counsel as required by law.

(14) Unless it is not practical, a video record of live identification procedures shall be made. If a video record is not practical, the reasons shall be documented, and an audio record shall be made. If neither a video nor audio record are practical, the reasons shall be documented, and the lineup administrator shall make a written record of the lineup.
Whether video, audio, or in writing, the record shall include all of the following information:

g. In a photo lineup, the photographs themselves.

h. In a live lineup, a photo or other visual recording of the lineup that includes all persons who participated in the lineup.

(c) Alternative Methods for Identification if Independent Administrator Is Not Used. – In lieu of using an independent administrator, a photo lineup eyewitness identification procedure may be conducted using an alternative method specified and approved by the North Carolina Criminal Justice Education and Training Standards Commission. Any alternative method shall be carefully structured to achieve neutral administration and to prevent the administrator from knowing which photograph is being presented to the eyewitness during the identification procedure. Alternative methods may include any of the following:

1. Automated computer programs that can automatically administer the photo lineup directly to an eyewitness and prevent the administrator from seeing which photo the witness is viewing until after the procedure is completed.

2. A procedure in which photographs are placed in folders, randomly numbered, and shuffled and then presented to an eyewitness such that the administrator cannot see or track which photograph is being presented to the witness until after the procedure is completed.

3. Any other procedures that achieve neutral administration.

(c1) Show-Up Procedures. – A show-up conducted by State, county, and other local law enforcement officers shall meet all of the following requirements:

1. A show-up may only be conducted when a suspect matching the description of the perpetrator is located in close proximity in time and place to the crime, or there is reasonable belief that the perpetrator has changed his or her appearance in close time to the crime, and only if there are circumstances that require the immediate display of a suspect to an eyewitness.

2. A show-up shall only be performed using a live suspect and shall not be conducted with a photograph.

3. Investigators shall photograph a suspect at the time and place of the show-up to preserve a record of the appearance of the suspect at the time of the show-up procedure.

The policy shall apply to all law enforcement agencies and shall address all of the following, in addition to the provisions of this section:

1. Failure to comply with any of the requirements of this section shall be considered by the court in adjudicating motions to suppress eyewitness identification.

2. Failure to comply with any of the requirements of this section shall be admissible in support of claims of eyewitness misidentification, as long as such evidence is otherwise admissible.

3. When evidence of compliance or noncompliance with the requirements of this section has been presented at trial, the jury shall be instructed that it may consider credible evidence of compliance or noncompliance to determine the reliability of eyewitness identifications.

SECTION 2. Chapter 121 of the General Statutes is amended by adding a new Article to read:

"Article 5.

§ 121-50. Legislative findings and declaration.

The General Assembly finds and declares that the growth and maintenance of collections in museums and archives repositories, both public and private, is a matter of general public interest to the citizens of North Carolina. Museums and archives repositories of all kinds depend upon loans of various articles of property to promote and encourage the teaching of North Carolina and local history and to preserve and care for historical manuscripts, materials, and artifacts. The uncertainty regarding title to and responsibility for loaned property is a
hindrance to museums and archives repositories in their efforts to maintain, repair, and dispose of property in their possession. The purpose of this Article is to terminate stale claims and to fairly and reasonably allocate responsibilities for the determination of title and financial responsibilities in certain cases.

"§ 121-51. Definitions.

The following definitions apply in this Article:

1. Address. — A description of the location of the lender as shown on a museum or archives repository's records that is sufficient for delivery by mail.

3. Loan. — The placement of property with a museum or archives repository that is not accompanied by a transfer of title of the property to the museum or archives repository and for which there is some record that the owner intended to retain title to the property. The term "loan" does not include transfers between museums, between archives repositories, or between museums and archives repositories unless the transferring institution specifically provides in writing that the transfer is a loan under this Article.

4. Museum. — A museum shall include any museum or historic site administered by the Department of Cultural Resources, including the term “North Carolina Museum of History” as defined in G.S. 121-2(6).

5. Property. — A tangible object under the care of a museum or archives repository that has intrinsic historic, artistic, scientific, educational, or cultural value.

   a. A description of the property adequate to enable the museum or archives repository to identify the property.
   b. Documentation sufficient to establish the claimant as owner of the property.
   c. A statement attesting to the truth, to the best of the signer's knowledge, of all information included in or with the notice.
   d. The signature, under penalty of perjury, of the claimant or a person authorized to act on behalf of the claimant.

"§ 121-52. Acquisition of title to loaned property.

(a) A museum or archives repository may acquire the title to documented property loaned to the museum or archives repository if (i) the term of the loan has expired and at least seven years have passed without written or other contact between the lender and the museum or archives repository or (ii) the term of the loan does not have an expiration date but at least seven years have passed without written or other contact between the lender and the museum or archives repository since the loan was made.

(b) To acquire title to property under this section, the museum or archives repository shall first send a notice by certified mail to the lender's last known address. The notice must include all of the following:

1. The lender's name and last known address.
2. A brief and general description of the property.
3. A statement that the term of the loan has been terminated.
4. The date or approximate date, if known, when the owner loaned the property to the museum or archives repository.

1. If the property has an estimated value in excess of $10,000, the museum or archives repository shall make a reasonable effort to locate and inform the owner, the owner's heirs or successors and publish a notice for no less than 365 consecutive days on an official Internet Web site created by the Department of Cultural Resources for such purpose.

2. "(10) Motor vehicle. – Any motor propelled vehicle, trailer or semitrailer, required to be registered under the laws of this State. This term does not include mopeds, as that term is defined in G.S. 20-4.01.

a. "New motor vehicle" means a motor vehicle that has never been the subject of a completed, successful, or conditional sale that was subsequently approved other than between new motor vehicle dealers, or between a manufacturer and a new motor vehicle dealer of the same franchise. For purposes of this subdivision, the use of a new motor vehicle by a new motor vehicle dealer for demonstration or service loaner purposes does not render the new motor vehicle a used motor vehicle, notwithstanding the commencement of (i) the manufacturer's original warranty as a result of the franchised dealer's use of the vehicle for demonstration or loaner purposes or the dealer's receipt of incentive or warranty compensation or other reimbursement or consideration from a manufacturer, factory branch, distributor, distributor branch or (ii) a third-party warranty, maintenance, or service contract company relating to the use of a vehicle as a demonstrator or service loaner.

b. "Used motor vehicle" means a motor vehicle other than described in paragraph (10)a above."

Receipt by a franchised motor vehicle dealer of compensation or other consideration from a manufacturer, distributor, manufacturer branch, distributor branch, third-party warranty,
maintenance or service contract company, or other third-party source related to a vehicle, including, but not limited to, incentive compensation or reimbursement for maintenance, repairs, or other work performed on the vehicle, does not prevent the franchised motor vehicle dealer from receiving an LD license plate for the vehicle. An application must be filed on a form provided by the Division and contain the information required by the Division. The annual fee for an LD license plate is two hundred dollars ($200.00) per 12 calendar months.

(b) Number of Plates. – There is no limit on the number of LD license plates that a franchised motor vehicle dealer may be issued, provided that the applicable annual fee for each plate is paid.

An LD license plate must have a distinguishing symbol identifying the plate as an LD license plate. Subject to the limitations in this section, an LD license plate may continue in existence perpetually and may be transferred to other vehicles in the dealer’s loaner fleet when the vehicle on which the LD license plate is displayed has been sold or leased to a third party or otherwise removed from the dealer's loaner fleet.

d) Restrictions on Use. – The following restrictions apply with regard to the use and display of an LD license plate:

(1) An LD license plate may be displayed only on a motor vehicle that meets all of the following requirements:

d. Is not used by the franchised motor vehicle dealer in another business in which the dealer is engaged,
e. Is driven on a highway by a customer of the franchised motor vehicle dealer who is having a vehicle serviced or repaired by the dealer,

(2) The person operating the motor vehicle must carry a copy of the assignment by the franchised motor vehicle dealer and a copy of the registration card for the LD license plate issued to the franchised motor vehicle dealer, or, if the person is operating the motor vehicle in this State, the registration card must be maintained on file at the franchised motor vehicle dealer's address listed on the registration card, and the registration card must be able to be produced within 24 hours upon request of a law enforcement officer.

(3) A vehicle displaying an LD license plate may be driven only by a person who is licensed to drive the type of motor vehicle for which the plate is issued.

(4) An LD license plate may be displayed only on the motor vehicle for which it has been assigned by the franchised motor vehicle dealer.

(5) The franchised motor vehicle dealer to whom an LD license plate is issued is responsible for completing and maintaining documentation prescribed by the Division relating to the assignment of each motor vehicle on which an LD license plate is displayed to a customer of the franchised dealer.

e) Penalties. – A driver of a motor vehicle or a franchised motor vehicle dealer who violates a restriction on the use or display of an LD license plate as set out in subsection (d) of this section is subject to the penalties listed in this subsection. The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected pursuant to this section shall be
remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. The penalties are as follows:

1. The driver of the motor vehicle who violates a restriction on the use or display of an LD license plate is responsible for an infraction and is subject to a penalty of one hundred dollars ($100.00).

2. A franchised motor vehicle dealer to whom the plate is issued who violates a restriction on the use or display of an LD license plate is subject to an infraction and is subject to a penalty of two hundred fifty dollars ($250.00). The Division may rescind all LD license plates issued to the franchised motor vehicle dealer for knowing repeated violations of subsection (d) of this section.

(f) Transfer of Dealer Registration. – A change in the name of a firm, partnership, or corporation is not considered a new business, and the franchised motor vehicle dealer’s LD license plates may continue to be used.

(g) Applicability. – Prior to January 1, 2019, a new motor vehicle dealer may, but is not required to, display an LD license plate on a service loaner vehicle. Beginning on or after January 1, 2019, a new motor vehicle dealer shall display an LD license plate on any new motor vehicle placed into service as a loaner vehicle if either of the following circumstances exists:

1. The new motor vehicle dealer is receiving incentive or warranty compensation from a manufacturer, factory branch, distributor, or distributor branch for the use of the vehicle as a service loaner.

2. The new motor vehicle dealer is receiving a fee or other compensation from the dealer’s customers for the use of the vehicle as a service loaner.

SECTION 1.3(b) This section becomes effective July 1, 2016.

SECTION 1.4(a) G.S. 20-79(d) reads as rewritten:

"(d) Restrictions on Use. – A dealer license plate may be displayed only on a motor vehicle that meets all of the following requirements:

4. Is not used by the dealer in another business in which the dealer is engaged.

5. Is driven on a highway by a person who meets one of the following descriptions:

   f. Is an officer, sales representative, or other employee of a franchised motor vehicle dealer or is an immediate family member of an officer, sales representative, or other employee of a franchised motor vehicle dealer.

6. A copy of the registration card for the dealer plate issued to the dealer is carried by the person operating the motor vehicle or, if the person is
operating the motor vehicle in this State, the registration card is maintained on file at the dealer's address listed on the registration card, and the registration card must be able to be produced within 24 hours upon request of any law enforcement officer.

A dealer may issue a demonstration permit for a motor vehicle to a person licensed to drive that type of motor vehicle. A demonstration permit authorizes each person named in the permit to drive the motor vehicle described in the permit for up to 96 hours after the time the permit is issued. A dealer may, for good cause, renew a demonstration permit for one additional 96-hour period. A franchised motor vehicle dealer is not prohibited from using a demonstration permit pursuant to this subsection by reason of the dealer's receipt of (i) incentive or warranty compensation or other reimbursement or consideration from a manufacturer, factory branch, distributor, distributor branch or (ii) a third-party warranty, maintenance, or service contract company relating to the use of the vehicle as a demonstrator or service loaner.

The General Assembly of North Carolina enacts:

SECTION 1. Article 58 of Chapter 58 of the General Statutes is amended by adding a new Part to read:

(a) This part shall be known as the "Unclaimed Life Insurance Benefits Act".

Nothing in this Part shall be construed to amend, modify, or supersede the North Carolina Unclaimed Property Act, Article 4 of Chapter 116B of the General Statutes, including the authority of the North Carolina Department of State Treasurer to examine records and conduct an audit. Specifically, nothing in this Part shall restrict the authority of the North Carolina Department of State Treasurer to request or access records of an insurer and conduct an examination of the insurer's records under Chapter 116B of the General Statutes.

The following definitions apply in this Part:

(1) Account owner. — The owner of a retained asset account opened by a resident of this State.
(2) Active premium payment. — Payment of premiums for policies or annuities that the insurer receives from outside the policy value, by check, payroll deduction, or any other similar method of deliberate payment.

(4) Asymmetric conduct. — An insurer's selective use of information from the DMF prior to October 1, 2015, to identify whether certain persons are deceased, in order to terminate benefits, but not to determine whether insureds under the insurer's insurance policies in a non-active premium paying status are deceased for the purpose of paying benefits.
(5) Beneficiary. — An individual or other entity entitled to benefits under a policy or annuity due to the death of the policy insured, annuity owner, annuitant, or account owner.

e. A policy or certificate of credit life or accident and health insurance.

   b. Beneficiary designation information.
   c. Coverage eligibility.
   d. Benefit amount.
   e. Premium payment status.

(12) Retained asset account. — An account created when a life insurance company pays the proceeds from a life insurance policy or annuity contract to a beneficiary by establishing an account containing those proceeds in name of and for use by the beneficiary.

   (a) To the extent that an insurer's records of its in-force policies, annuities, and account owners are available electronically, an insurer shall perform a comparison of such in-force policies, annuities, and account owners against a death master file, on a semiannual basis, to identify potential death master file matches. To the extent that an insurer's records of its in-force policies, annuities, and account owners are not available electronically, an insurer shall perform a comparison of such in-force policies, annuities, and account owners against a death master file, on a semiannual basis, to identify potential death master file matches, using the records most easily accessible by the insurer.
   (b) The requirements of subsection (a) of this section shall not apply to any of the following:
      (1) Policies or annuities for which the insurer has received an active premium payment within the 18 months immediately preceding the death master file comparison.

         a. Not engaged in asymmetric conduct.
         b. Has historically practiced compliance with the requirements of G.S. 58-63-15(11) with respect to the investigation, handling, and payment of policy proceeds.
         c. Monitored the limiting age of each person, as stated in the policy, and performed its obligations under Chapter 116B of the General Statutes when an insured reached the limiting age.
      (3) Group life insurance policies for which the insurer does not perform record-keeping services.
An insurer may comply with the requirements of subsection (a) of this section by using the full death master file once and thereafter using the death master file update files for future comparisons.

An insurer exempted under subdivision (b)(2) of this section shall comply with the requirements of subsection (a) of this section for all policies, annuities, or retained asset accounts issued or delivered on or after October 1, 2015.

Within 90 days of learning of the possible death of a person, through a DMF match or otherwise, the insurer shall do all of the following:

4. Locate the beneficiary or beneficiaries.
5. Provide the appropriate claims forms or instructions to the beneficiary to make a claim and notify the beneficiary of the actions necessary to submit a valid claim.
6. Maintain documentation of all efforts to locate the beneficiary or person, as applicable.

Except as prohibited by law, an insurer may disclose only the minimum necessary identifying personal information about such an insured, annuitant, account owner, or beneficiary to anyone who the insurer reasonably believes may be able to assist the insurer in locating the beneficiary or a person otherwise entitled to payment of the claims proceeds.

An insurer or its service provider shall not charge any beneficiary or other person who may be entitled to benefits any fees or costs associated with a DMF search or the verification of a DMF match conducted pursuant to this section.

The benefits from life insurance policies, annuities, or retained asset accounts and any applicable accrued contractual interest shall first be payable to the beneficiaries or account owners as provided for in such policies, annuities, or retained asset accounts. In the event the beneficiaries or account owners cannot be found, the benefits and any associated contractual interest shall escheat to the State as unclaimed property as set forth in Article 4 of Chapter 116B of the General Statutes.

Nothing in this section limits an insurer from requiring a valid death certificate as part of any claims validation process or otherwise requiring compliance with the terms and conditions of the policy or annuity relative to filing and payment of claims.

A pattern of failures to meet the requirements of this Part may constitute an unfair claims settlement practice under G.S. 58-3-100(a)(5) and G.S. 58-63-15. Nothing in this Part shall be construed to create or imply a private cause of action for a violation of this Part."

SECTION 2. The Commissioner of Insurance is authorized to adopt rules under Article 2A of Chapter 150B of the General Statutes to implement this act, provided such rules shall not impose any duty or requirements not stated in this act.

SECTION 3. Section 2 of this act is effective when it becomes law. The remainder of this act becomes effective October 1, 2015.

In the General Assembly read three times and ratified this the 26th day of August, 2015.

The agent of the Division to whom such order or execution is referred shall give a bond not to exceed three thousand dollars ($3,000) approved by the Division for the faithful performance of such duties. The liability of said agent shall be in the same manner and to the same extent as is now imposed on sheriffs in the service of executions. If any sheriff of this State or any agent of the Division who is charged with the duty of serving executions shall willfully fail, refuse, or neglect to execute any order directed to him by the said Division and within the time provided by law, the official bond of such sheriff or of such agent of the Division shall be liable for the contributions, penalty, interest, and costs
due by the employer. Any judgment that is executable and allowed under this section shall be subject to attachment and garnishment under G.S. 1-359(b) in payment of unpaid taxes that are due from the employer and collectable under this Article.

(i) Except as otherwise provided in this subsection, no suit or proceedings for the collection of unpaid contributions may be begun under this Chapter after five years from the date on which the contributions become due, and no suit or proceeding for the purpose of establishing liability and/or status may be begun with respect to any period occurring more than five years prior to the first day of January of the year within which the suit or proceeding is instituted. This subsection shall not apply in any case of willful attempt in any manner to defeat or evade the payment of any contributions becoming due under this Chapter. A proceeding shall be deemed to have been instituted or begun upon the date of issuance of an order by the Assistant Secretary of the Division Board of Review directing a hearing to be held to determine liability or nonliability, and/or status under this Chapter of an employing unit, or upon the date notice and demand for payment is mailed by certified mail to the last known address of the employing unit. The order shall be deemed to have been issued on the date the order is mailed by certified mail to the last known address of the employing unit. The running of the period of limitations provided in this subsection for the making of assessments or collection shall, in a case under Title II of the United States Code, be suspended for the period during which the Division is prohibited by reason of the case from making the assessment or collection and for a period of one year after the prohibition is removed.

Any existing rule that has not been readopted and filed with the Rules Review Commission by December 31, 2012, May 20, 2015, shall expire."

SECTION 2.8.(a) G.S. 96-14.4 is repealed.

SECTION 2.8.(b) G.S. 96-14.3 reads as rewritten:

"§ 96-14.3. Minimum and maximum duration-Duration of benefits.

(a) Duration—The minimum and maximum number of weeks an individual is allowed to receive unemployment benefits depends on the seasonal adjusted statewide unemployment rate that applies to the six-month base period in which the claim is filed. One six-month base period begins on January 1 and one six-month base period begins on July 1. For the base period that begins January 1, the average of the seasonal adjusted unemployment rates for the State for the preceding months of July, August, and September applies. For the base period that begins July 1, the average of the seasonal adjusted unemployment rates for the State for the preceding months of January, February, and March applies. The Division must use the most recent seasonal adjusted unemployment rate determined by the U.S. Department of Labor, Bureau of Labor Statistics, and not the rate as revised in the annual benchmark. The number of weeks allowed for an individual is determined in accordance with G.S. 96-14.4.

Seasonal Adjusted Unemployment Rate | Minimum Number of Weeks | Maximum Number of Weeks
--- | --- | ---
Less than or equal to 5.5% | 5 | 12
Greater than 5.5% up to 6% | 6 | 13
Greater than 6% up to 6.5% | 7 | 14
Greater than 6.5% up to 7% | 8 | 15
Greater than 7% up to 7.5% | 9 | 16
Greater than 7.5% up to 8% | 10 | 17
Greater than 8% up to 8.5% | 11 | 18
Greater than 8.5% up to 9% | 12 | 19
Greater than 9% | 13 | 20

(b) Total Benefits. — The total benefits paid to an individual equals the individual's weekly benefit amount allowed under G.S. 96-14.2 multiplied by the number of weeks allowed under subsection (a) of this section."

SECTION 2.8.(c) G.S. 96-14.12(b) reads as rewritten:

"(b) Duration of Benefits. — This subsection applies to an individual and the spouse of an individual who is unemployed based on services performed for a corporation in which the individual held five percent (5%) or more of the outstanding shares of the voting stock of the corporation. The maximum number of weeks an individual or an individual's spouse may receive benefits is limited to the lesser of six weeks or the applicable weeks determined under G.S. 96-14.4.""
The maximum amount of benefits which a seasonal worker shall be eligible to receive based on seasonal wages shall be an amount, adjusted to the nearest multiple of one dollar ($1.00), determined by multiplying the maximum benefits payable in his benefit year, as provided in G.S. 96-14.4, G.S. 96-14.3, by the percentage obtained by dividing the seasonal wages in his base period by all of his base period wages.

The maximum amount of benefits which a seasonal worker shall be eligible to receive based on nonseasonal wages shall be an amount, adjusted to the nearest multiple of one dollar ($1.00), determined by multiplying the maximum benefits payable in his benefit year, as provided in G.S. 96-14.4, G.S. 96-14.3, by the percentage obtained by dividing the nonseasonal wages in his base period by all of his base period wages.

In no case shall a seasonal worker be eligible to receive a total amount of benefits in a benefit year in excess of the maximum benefits payable for such benefit year, as provided in G.S. 96-14.4, G.S. 96-14.3."

SECTION 2.8.(e) This section becomes effective July 1, 2015.

SECTION 2.9. G.S. 96-15 reads as rewritten:

"§ 96-15. Claims for benefits.

(2) Adjudication. – When a protest is made by the claimant to the initial or monetary determination, or a question or issue is raised or presented as to the eligibility of a claimant, or whether any disqualification should be imposed, or benefits denied or adjusted pursuant to G.S. 96-18, the matter shall be referred to an adjudicator. The adjudicator may consider any matter, document or statement deemed to be pertinent to the issues, including telephone conversations, and after such consideration shall render a conclusion as to the claimant's benefit entitlements. The adjudicator shall notify the claimant and all other interested parties of the conclusion reached. The conclusion of the adjudicator shall be deemed the final decision of the Division unless within 30 days after the date of notification or mailing of the conclusion, whichever is earlier, a written appeal is filed pursuant to rules adopted by the Division. The Division shall be deemed an interested party for such purposes and may remove to itself or transfer to an appeals referee the proceedings involving any claim pending before an adjudicator.

Provided, any interested employer shall be allowed 14 days from the mailing or delivery of the notice of the filing of a claim against the employer's account, whichever first occurs, to file with the Division its protest of the claim in order to have the claim referred to an adjudicator for a decision on the question or issue raised. Any protest filed must contain a basis for the protest and supporting statement of facts, and the protest may not be amended after the 14-day period from the mailing or delivery of the notice of filing of a claim has expired. A copy of the notice of the filing shall be sent contemporaneously to the employer by telefacsimile transmission if a fax number is on file. No payment of benefits shall be made by the Division to a claimant until one of the following occurs:

a. The employer has filed a timely protest to the claim.
b. The 14-day period for the filing of a protest by the employer has expired.
c. A determination under this subdivision has been made.

Provided further, no question or issue may be raised or presented by the Division as to the eligibility of a claimant, or whether any disqualification should be imposed, after 45 days from the first day of the first week after the
question or issue occurs with respect to which week an individual filed a claim for benefits. None of the provisions of this subsection shall have the force and effect nor shall the same be construed or interested as repealing any other provisions of G.S. 96-18.

An employer shall receive written notice of the employer's appeal rights and any forms that are required to allow the employer to protest the claim. The forms shall include a section referencing the appropriate rules pertaining to appeals and the instructions on how to appeal.

... 

(d1) No continuance shall be granted except upon application to the Division, the appeals referee, or other authority assigned to make the decision in the matter to be continued. A continuance may be granted only for good cause shown and upon such terms and conditions as justice may require. Good cause the Division by rule shall provide. Acceptable grounds for granting a continuance shall include, but not be limited to, those instances when a party to the proceeding, a witness, or counsel of record has an obligation of service to the State, such as service as a member of the North Carolina General Assembly, or an obligation to participate in a proceeding in a court of greater jurisdiction.

....

SECTION 2.10.(a) G.S. 96-14.1(b) reads as rewritten:
"(b) Valid Claim. – To obtain benefits, an individual must file a valid claim for unemployment benefits and benefits, register for work, work, and have a weekly benefit amount calculated pursuant to G.S. 96-14.2(a) that equals or exceeds fifteen dollars ($15.00). An individual must serve a one-week waiting period for each claim filed. A valid claim is one that meets the employment and wage standards in this subsection for the individual's base period. A valid claim for a second benefit year is one that meets the employment and wage standards in this subsection since the beginning date of the prior benefit year and before the date the new benefit claim is filed:

(1) Employment. – The individual has been paid wages in at least two quarters of the individual's base period.

(2) Wages. – The individual has been paid wages totaling at least six times the average weekly insured wage during the individual's base period. If an individual lacks sufficient base period wages, then the wage standard for that individual is determined using the last four completed calendar quarters immediately preceding the first day of the individual's benefit year. This alternative base period may not be used by an individual in making a claim for benefits in the next benefit year."

SECTION 2.10.(b) This section is effective when it becomes law and applies to benefit claims filed on or after October 4, 2015.

PART IV. TAX CHANGES

SECTION 4.1.(a) G.S. 96-9.2(c) reads as rewritten:

"(c) Contribution Rate for Experience-Rated Employer. – The contribution rate for an experience-rated employer who does not qualify as a beginning employer under subsection (b) of this section is determined in accordance with the table set out below and then rounded to the nearest one-hundredth percent (0.01%), subject to the minimum and maximum contribution rates. The minimum contribution rate is six-hundredths of one percent (0.06%). The maximum contribution rate is five and seventy-six hundredths percent (5.76%). "Total insured wages" are the total wages reported by all insured employers for the 12-month period ending on July 31 preceding the computation date. An employer's experience rating is computed as a reserve ratio in accordance with G.S. 96-9.4. An employer's reserve ratio percentage (ERRP) is the employer's reserve ratio multiplied by sixty-eight hundredths. A positive ERRP produces a lower contribution rate, and a negative ERRP produces a higher contribution rate.

…"

SECTION 4.1.(b) This section is effective when it becomes law and applies to contributions payable for calendar quarters beginning on or after January 1, 2014.

SECTION 4.2.(a) G.S. 96-11.2 reads as rewritten:

"§ 96-11.2. Allocation of charges to base period employers.

Benefits paid to an individual are charged to an employer's account when the individual's benefit year has expired quarterly. Benefits paid to an individual must be allocated to the account of each base period employer in the proportion that the base period wages paid to the individual in a calendar quarter by each base period employer bears to the total wages paid to the individual in the base period by all base period employers. The amount allocated to an employer that pays contributions is multiplied by one hundred twenty percent (120%) and charged to that employer's account. The amount allocated to an employer that elects to reimburse the Unemployment Insurance Fund in lieu of paying contributions is the amount of benefits charged to that employer's account."

SECTION 4.2.(b) This section becomes effective January 3, 2016, and applies to claims effective on or after that date. Claims filed prior to January 3 will be charged annually when the benefit year for that claim ends.

SECTION 4.3. Notwithstanding G.S. 96-9.7(b), the surtax imposed under G.S. 96-9.7 does not apply to the calendar year 2016 if the amount in the State's account in the Unemployment Trust Fund as of March 1, 2016, equals or exceeds one billion dollars ($1,000,000,000).

   As used in this Article:
   (10) "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer, or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs (or "roll-your-own" tobacco containers), on which the State has authority under federal law to impose excise or similar taxes or to collect escrow. The term does not include cigarettes sold (i) on a federal installation in a transaction that is exempt from state taxation under federal law or (ii) on a Native American tribe's reservation to a consumer who is an adult enrolled member of that tribe in a transaction that is exempt from state taxation under federal law. The Secretary of Revenue shall promulgate such rules as are necessary to ascertain the amount of State excise tax paid on the cigarettes of such tobacco product manufacturer for each year. It is not a violation of this subsection if the brand family was on the compliant nonparticipating manufacturer’s list when the person purchased the cigarettes and the person sold or delivered the cigarettes within 60 days of the purchase. The Attorney General may impose a civil penalty on a person that it finds violates this subsection. The amount of the penalty may not exceed the greater of five hundred percent (500%) of the retail value of the cigarettes sold or five thousand dollars ($5,000).

The Attorney General must add a nonparticipating manufacturer and its brand families to the list if it determines all of the following:

The budgeting and accounting processes may include hardware, software, personnel, training, contractual services, and other items relevant to information technology and the sources of funding for each. Annual reports regarding information technology shall be coordinated by the Department with the Office of State Budget and Management and the Office of the State Controller and submitted to the Governor and the General Assembly on or before October 1 of each year.
The State CIO shall not enter into any information technology contracts requiring agency financial participation without obtaining written agreement from participating agencies regarding apportionment of the contract costs.

The State CIO shall review the information technology budgets for participating agencies and shall recommend appropriate adjustments to support requirements identified by the State CIO.

§ 143B-1312. Information technology human resources.

(a) The State CIO may appoint all employees of the Department necessary to carry out the powers and duties of the Department. 4. An explanation of how the Department plans to fill identified gaps.
5. The Department's plan to eliminate positions no longer required.
6. The Department's plan for employees whose skills are no longer required.

For each person to be transferred, the State CIO shall identify a designated position with a job description, determine the cost for the position, identify funding sources, and establish a standardized rate.

(c) Participating agency information technology personnel performing information technology functions shall be moved to the Department. The State CIO shall consolidate participating agency information technology personnel following the time line established in this Article once a detailed plan has been developed for transitioning the personnel to the new agency.

(d) The State CIO shall establish standard information technology career paths for both management and technical tracks, including defined qualifications, career progression, training requirements, and appropriate compensation. For information technology procurement professionals, the State CIO shall establish a career path that includes defined qualifications, career progression, training requirements, and appropriate compensation. These career paths shall be documented by February 1, 2016, and shall be provided to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by February 1, 2016, but may be submitted incrementally to meet Department requirements. The career paths shall be updated on an annual basis.

(e) Any new positions established by the Department shall be exempt from the North Carolina Human Resources Act.

(f) The State CIO may, subject to the provisions of G.S. 147-64.7(b)(2), obtain the services of independent public accountants, qualified management consultants, and other professional persons or experts to carry out the powers and duties of this Article if the Department does not have any personnel qualified to perform the function for which the professionals would be engaged and if the requirement has included in the Department's budget for the year in which the services are required.

(g) Criminal Records Checks. – The State CIO shall require background investigations of any employee or prospective employee, including a criminal history record check, which may include a search of the State and National Repositories of Criminal Histories based on the person's fingerprints. A criminal history record check shall be conducted by the State Bureau of Investigation upon receiving fingerprints and other information provided by the employee or prospective employee. If the employee or prospective employee has been a resident of the State
for less than five years, the background report shall include a review of criminal information from both the State and National Repositories of Criminal Histories. The criminal background report shall be provided to the State CIO and is not a public record under Chapter 132 of the General Statutes.

"Part 3. Information Technology Projects and Management.

§ 143B-1318. Project management.

(a) Overall Management. – All information technology projects shall be managed through a standardized, fully documented process established and overseen by the State CIO. The State CIO shall be responsible for ensuring that participating agency information technology projects are completed on time, within budget, and meet all defined business requirements upon completion. For separate agency projects, the State CIO shall ensure that projects follow the Department’s established process and shall monitor schedule, budget, and adherence to business requirements. For all projects, the State CIO shall establish procedures to limit the need for change requests and shall report on this process to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by January 1, 2016.

The State CIO shall also ensure that agency information technology project requirements are documented in biennial information technology plans. If an agency updates a biennial information technology plan to add a new project, the State CIO shall immediately report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on the reasons for the new requirement, the costs, and the sources of funding.

An agency that utilizes the system or software shall be designated as the sponsor for the information technology project or program and shall be responsible for overseeing the planning, development, implementation, and operation of the project or program. The Department and the assigned project managers shall advise and assist the designated agency for the duration of the project.

(b) Project Review and Approval. – The State CIO shall review, approve, and monitor all information technology projects for State agencies and shall be responsible for the efficient and timely management of all information technology projects for participating agencies. Project approval may be granted upon the State CIO's determination that (i) the project conforms to project management procedures and policies, (ii) the project does not duplicate a capability already existing in the State, (iii) the project conforms to procurement rules and policies, and (iv) sufficient funds are available.

(c) Project Implementation. – No State agency, unless expressly exempt within this Article, shall proceed with an information technology project until the State CIO approves the project. If a project is not approved, the State CIO shall specify in writing to the agency the grounds for denying the approval. The State CIO shall provide this information to the agency and the Office of State Budget and Management within five business days of the denial.

(d) Suspension of Approval/Cancellation of Projects. – The State CIO may suspend the approval of, or cancel, any information technology project that does not continue to meet the applicable quality assurance standards. The State CIO shall immediately suspend approval of, or cancel, any information technology project that is initiated without State CIO approval. Any project suspended or cancelled because of lack of State CIO approval cannot proceed until it completes all required project management documentation and meets criteria established by the State CIO for project approval, to include a statement from the State CIO that the project does not duplicate capabilities that already exist within the executive branch. If the State CIO suspends or cancels a project, the State CIO shall specify in writing to the agency the grounds for suspending or cancelling the approval. The State CIO shall provide this information to the agency within five business days of the suspension.

The Department shall report any suspension or cancellation immediately to the Office of the State Controller, the Office of State Budget and Management, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division. The
Office of State Budget and Management shall not allow any additional expenditure of funds for a project that is no longer approved by the State CIO.

(e) General Quality Assurance. – Information technology projects authorized in accordance with this Article shall meet all project standards and requirements established under this Part.

(f) Performance Contracting. – All contracts between the State and a private party for information technology projects shall include provisions for vendor performance review and accountability, contract suspension or termination, and termination of funding. The State CIO may require that these contract provisions include a performance bond, monetary penalties, or require other performance assurance measures for projects that are not completed within the specified time period or that involve costs in excess of those specified in the contract. The State CIO may utilize cost savings realized on government vendor partnerships as performance incentives for an information technology vendor.

(g) Notwithstanding the provisions of G.S. 114-2.3, any State agency developing and implementing an information technology project with a total cost of ownership in excess of five million dollars ($5,000,000) may be required by the State CIO to engage the services of private counsel or subject matter experts with the appropriate information technology expertise. The private counsel or subject matter expert may review requests for proposals; review and provide advice and assistance during the evaluation of proposals and selection of any vendors; and review and negotiate contracts associated with the development, implementation, operation, and maintenance of the project. This requirement may also apply to information technology programs that are separated into individual projects if the total cost of ownership for the overall program exceeds five million dollars ($5,000,000).

§ 143B-1319. Project management standards.

(a) The State CIO shall establish standardized documentation requirements for agency projects to include requests for proposal and contracts. The State CIO shall establish standards for project managers and project management assistants. The State CIO shall develop performance measures for project reporting and shall make this reporting available through a publicly accessible Web site.

(b) Participating Agency Responsibilities. – The State CIO shall designate a Project Manager who shall select qualified personnel from the Department staff to participate in information technology project management, implementation, testing, and other activities for any information technology project. The Project Manager shall provide periodic reports to the project management assistant assigned to the project by the State CIO under subsection (d) of this section. The reports shall include information regarding the agency’s business requirements, applicable laws and regulations, project costs, issues related to hardware, software, or training, projected and actual completion dates, and any other information related to the implementation of the information technology project.

(c) Separate Agency Responsibilities. – Each agency shall provide for one or more project managers who meet the applicable quality assurance standards for each information technology project that is subject to approval by the State CIO. Each project manager shall be subject to the review and approval of the State CIO. Each agency project manager shall provide periodic reports to the project management assistant assigned to the project by the State CIO under this subsection. The reports shall include information regarding project costs; issues related to hardware, software, or training; projected and actual completion dates; and any other information related to the implementation of the information technology project.

(d) State CIO Responsibilities. – The State CIO shall provide a project management assistant from the Department for any approved separate agency project, whether the project is undertaken in single or multiple phases or components. The State CIO may designate a project management assistant for any other information technology project.

The project management assistant shall advise the agency with the initial planning of a project, the content and design of any request for proposals, contract development, procurement, and architectural and other technical reviews. The project management assistant
shall also monitor progress in the development and implementation of the project and shall provide status reports to the agency and the State CIO, including recommendations regarding continued approval of the project.

The State CIO shall establish a clearly defined, standardized process for project management that includes time lines for completion of process requirements for both the Department and agencies. The State CIO shall also establish reporting requirements for information technology projects, both during the planning, development, and implementation process and following completion of the project. The State CIO shall continue to monitor system performance and financial aspects of each project after implementation. The State CIO shall also monitor any certification process required for State information technology projects and shall immediately report any issues associated with certification processes to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

§ 143B-1320. Dispute resolution.
(a) Agency Request for Review. – In any instance where the State CIO has denied or suspended the approval of an information technology project, has cancelled the project, or has denied an agency's request for deviation, the affected State agency may request that the Governor review the State CIO's decision. The agency shall submit a written request for review to the Governor within 15 business days following the agency's receipt of the State CIO's written grounds for denial, suspension, or cancellation. The agency's request for review shall specify the grounds for its disagreement with the State CIO's determination. The agency shall include with its request for review a copy of the State CIO's written grounds for denial or suspension.

(b) Review Process. – The Governor shall review the information provided and may request additional information from either the agency or the State CIO. The Governor may affirm, reverse, or modify the decision of the State CIO or may remand the matter back to the State CIO for additional findings. Within 30 days after initial receipt of the agency's request for review, the Governor shall notify the agency and the State CIO of the decision in the matter. The notification shall be in writing and shall specify the grounds for the Governor's decision.

The Governor may reverse or modify a decision of the State CIO when the Governor finds the decision of the State CIO is unsupported by substantial evidence that the agency project fails to meet one or more standards of efficiency and quality of State government information technology as required under this Article.

§ 143B-1321. Standardization.
The State CIO shall establish consistent standards for the purchase of agency hardware and software that reflect identified, documented agency needs.

§ 143B-1322. Legacy applications.
Participating agency legacy applications shall be moved to the Department once a detailed plan is coordinated and in place for the successful transition of a specific application to the Department. The Department shall identify situations where multiple agencies are using legacy systems with similar capabilities and shall prepare plans to consolidate these systems. Initial identification of similar capabilities shall be reported to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by March 1, 2016. The initial report shall include a schedule for the consolidation. The report shall also include the costs for operating and maintaining the current systems, the estimated costs for an enterprise replacement system, and the operations and maintenance costs associated with an enterprise system.

Part 4. Information Technology Procurement.
§ 143B-1323. Procurement of information technology.
(a) The State CIO is responsible for establishing policies and procedures for information technology procurement for State agencies.

Notwithstanding any other provision of law, the Department shall procure all information technology goods and services for participating agencies and shall approve information purchases.
technology procurements for separate agencies. The State CIO may cancel or suspend any agency information technology procurement that occurs without State CIO approval.

(b) The Department shall review all procurements to ensure they meet current technology standards, are not duplicative, meet business objectives, are cost-effective, and are adequately funded. G.S. 143-135.9 shall apply to information technology procurements.

(c) The Department shall, subject to the provisions of this Part, do all of the following with respect to State information technology procurement:

1. Purchase or contract for all information technology for participating State agencies.
2. Approve all technology purchases for separate agencies.
3. Establish standardized, consistent processes, specifications, and standards that shall apply to all information technology to be purchased, licensed, or leased by State agencies and relating to information technology personal services contract requirements for State agencies, including, but not limited to, requiring convenience contracts to be rebid prior to termination without extensions.
4. Establish procedures to permit State agencies and local government entities to use the General Services Administration (GSA) Cooperative Purchasing Program to purchase information technology (i) awarded under GSA Supply Schedule 70 Information Technology and (ii) from contracts under the GSA's Consolidated Schedule containing information technology special item numbers.
5. Establish procedures to permit State agencies and local government entities to use other cooperative purchasing agreements.

9. Develop a process to provide a question and answer period for vendors prior to procurements.

(d) Each State agency, separate agency, and participating agency shall furnish to the State CIO when requested, and on forms as prescribed, estimates of and budgets for all information technology goods and services needed and required by such department, institution, or agency for such periods in advance as may be designated by the State CIO. When requested, all State agencies shall provide to the State CIO on forms as prescribed, actual expenditures for all goods and services needed and required by the department, institution, or agency for such periods after the expenditures have been made as may be designated by the State CIO.

(e) Confidentiality. - Contract information compiled by the Department shall be made a matter of public record after the award of contract. Trade secrets, test data, similar proprietary information, and security information protected under G.S. 132-6.1(c) or other law shall remain confidential.

(f) Electronic Procurement. - The State CIO may authorize the use of the electronic procurement system established by G.S. 143-48.3, or other systems, to conduct reverse auctions and electronic bidding. For purposes of this Part, "reverse auction" means a real-time purchasing process in which vendors compete to provide goods or services at the lowest selling price in an open and interactive electronic environment. The vendor's price may be revealed during the reverse auction. The Department may contract with a third-party vendor to conduct the reverse auction. "Electronic bidding" means the electronic solicitation and receipt of offers to contract. Offers may be accepted and contracts may be entered by use of electronic bidding.
All requirements relating to formal and competitive bids, including advertisement, seal, and signature, are satisfied when a procurement is conducted or a contract is entered in compliance with the reverse auction or electronic bidding requirements established by the Department.

(g) Bulk Purchasing. – The State CIO shall establish efficient, responsive procedures for the procurement of information technology. The procedures may include aggregation of hardware purchases, the use of formal bid procedures, restrictions on supplemental staffing, enterprise software licensing, hosting, and multiyear maintenance agreements. The State CIO may require agencies to submit information technology procurement requests on a regularly occurring schedule each fiscal year in order to allow for bulk purchasing.

(h) All offers to contract, whether through competitive bidding or other procurement method, shall be subject to evaluation and selection by acceptance of the most advantageous offer to the State. Evaluation shall include best value, as the term is defined in G.S. 143-135.9(a)(1), compliance with information technology project management policies, compliance with information technology security standards and policies, substantial conformity with the specifications, and other conditions set forth in the solicitation.

(1) In cases of pressing need or emergency arising from a security incident.
(2) In the use of master licensing or purchasing agreements governing the Department’s acquisition of proprietary intellectual property.

Any exceptions shall immediately be reported to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

(j) Information Technology Innovation Center. – The Department may operate a State Information Technology Innovation Center (iCenter) to develop and demonstrate technology solutions with potential benefit to the State and its citizens. The iCenter may facilitate the piloting of potential solutions to State technology requirements. In operating the iCenter, the State CIO shall ensure that all State laws, rules, and policies are followed.

Vendor participation in the iCenter shall not be construed to (i) create any type of preferred status for vendors or (ii) abrogate the requirement that agency and statewide requirements for information technology support, including those of the Department, are awarded based on a competitive process that follows information technology procurement guidelines.

§ 143B-134. Restriction on State agency contractual authority with regard to information technology.

(a) All State agencies covered by this Article shall use contracts for information technology to include enterprise licensing agreements and convenience contracts established by the Department. (b) Notwithstanding any other provision of law, local governmental entities may use the information technology programs, services, or contracts offered by the Department, including information technology procurement, in accordance with the statutes, policies, and rules of the Department. Local governmental entities are not required to comply with otherwise applicable competitive bidding requirements when using contracts established by the Department.

(c) Any other State entities exempt from Part 3 or Part 5 of this Article may also use the information technology programs, services, or contracts offered by the Department, including information technology procurement, in accordance with the statutes, policies, and rules of the Department.

§ 143B-1325. Unauthorized use of public purchase or contract procedures for private benefit prohibited.

(a) It is unlawful for any person, by the use of the powers, policies, or procedures described in this Part or established hereunder, to purchase, attempt to purchase, procure, or attempt to procure any property or services for private use or benefit.
This prohibition shall not apply if:

1. The State agency through which the property or services are procured had theretofore established policies and procedures permitting such purchases or procurement by a class or classes of persons in order to provide for the mutual benefit of such persons and the department, institution, or agency involved or the public benefit or convenience; and

2. Such policies and procedures, including any reimbursement policies, are complied with by the person permitted thereunder to use the purchasing or procurement procedures described in this Part or established thereunder.

Any violation of this section is a Class 1 misdemeanor.

Any employee or official of the State who violates this Part shall be liable to the State to repay any amount expended in violation of this Part, together with any court costs.

Neither the State CIO, any deputy State CIO, or any other policy-making or managerially exempt personnel shall be financially interested, or have any personal beneficial interest, either directly or indirectly, in the purchase of, or contract for, any information technology, nor in any firm, corporation, partnership, or association furnishing any information technology to the State government or any of its departments, institutions, or agencies, nor shall any of these persons or any other Department employee accept or receive, directly or indirectly, from any person, firm, or corporation to whom any contract may be awarded, by rebate, gifts, or otherwise, any money or anything of value whatsoever, or any promise, obligation, or contract for future reward or compensation. Violation of this section is a Class F felony, and any person found guilty of a violation of this section shall, upon conviction, be removed from State office or employment.

§ 143B-1327. Certification that information technology bid submitted without collusion.

The State CIO shall require bidders to certify that each bid on information technology contracts overseen by the Department is submitted competitively and without collusion. False certification is a Class I felony.

§ 143B-1328. Award review.

1. When the dollar value of a contract for the procurement of information technology equipment, materials, and supplies exceeds the benchmark established by subdivision (1) of subsection (c) of this section, an award recommendation shall be submitted to the State CIO for approval or other action. The State CIO shall promptly notify the agency or institution making the recommendation, or for which the purchase is to be made, of the action taken.

2. Prior to submission for review pursuant to this section for any contract for information technology being acquired for the benefit of an agency authorized to deviate from this Article pursuant to G.S. 143B-1300(c), the State CIO shall review and approve the procurement to ensure compliance with the established processes, specifications, and standards applicable to all information technology purchased, licensed, or leased in State government, including established procurement processes, and compliance with the State government-wide technical architecture and standards established by the State CIO.

3. The State CIO shall provide a report of all contract awards approved through the Statewide Procurement Office as indicated below. All of the following conditions shall be met before payment for these agreements may be disbursed:

1. Any advance payment can be accomplished within the IT Internal Service Fund budget.
2. The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.
3. The procurement complies in all other aspects with applicable statutes and rules.
4. The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the IT Internal Service Fund rate calculations before approving annual proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates.

(b) At the request of the State CIO, the Attorney General shall provide legal advice and services necessary to implement this Article.

§ 143B-1330. Purchase of certain computer equipment and televisions by State agencies and governmental entities prohibited.

(a) No State agency, local political subdivision of the State, or other public body shall purchase computer equipment or televisions, as defined in G.S. 130A-309.131, or enter into a contract with any manufacturer that the State CIO determines is not in compliance with the requirements of G.S. 130A-309.134 or G.S. 130A-309.135 as determined from the list provided by the Department of Environment and Natural Resources pursuant to G.S. 130A-309.138. (a) The Department of Information Technology and the Department of Administration, with the administrative support of the Information Technology Strategic Sourcing Office, shall offer State and local governmental entities the option of purchasing refurbished computer equipment from registered computer equipment refurbishers whenever most appropriate to meet the needs of State and local governmental entities.

(b) State and local governmental entities shall document savings resulting from the purchase of the refurbished computer equipment, including, but not limited to, the initial acquisition cost as well as operations and maintenance costs. These savings shall be reported quarterly to the Department of Information Technology.

(c) The Information Technology Strategic Sourcing Office shall administer the refurbished computer equipment program by establishing a competitive purchasing process to support this initiative that meets all State information technology procurement laws and procedures and ensures that agencies receive the best value.

PART VIII-A. LEGISLATIVE FINDINGS, DIRECTION, AUTHORITY, AND RESOURCES TO ENSURE THAT ALL STUDENTS HAVE THE OPPORTUNITY TO RECEIVE A SOUND BASIC EDUCATION

LEGISLATIVE FINDINGS

SECTION 8A.1.(a) The General Assembly finds that some local boards of education have failed to comply with the requirements of the judiciary's decisions in Leandro to provide all public school students the opportunity to receive a sound basic education. Notwithstanding a history of adequate State and local funding and legislatively-granted flexibility in administration, management, and employment at the local level to provide tools to facilitate compliance with Leandro, some local boards of education have failed to take actions sufficient to:

1. Prevent education bureaucracies from interfering with and overriding accountability measures and education reforms required by State law.
2. Properly administer the public schools.
3. Provide high-quality principals in every school and high-quality teachers in every classroom.

SECTION 8A.1.(b) It is the intent of the General Assembly in this act to provide the following additional direction, authority, and resources to local boards of education and to the State Board of Education to enable them to correct these deficiencies:

1. Clarify the role of local boards of education to ensure that their main focus is to provide each public school student with the opportunity to receive a sound basic education, and that all policy decisions should be made with that objective in mind, including employment decisions, budget development, and other administrative actions.
2. Direct the State Board of Education not to allow waivers of State laws and rules that permit local boards to avoid accountability measures and education reforms required by the State.
3. Provide additional teacher positions to transition to a lower class size in first grade which, according to research, is optimal for learning at this critical time.
4. Facilitate the identification of low-performing schools and low-performing local school administrative units.
5. Provide the State Board of Education with authority to consolidate local school administrative units in contiguous counties as necessary to ensure that all school systems have the size, expertise, and other resources necessary to provide their students with the opportunity to receive a sound basic education.
Provide forty-one million eight hundred forty-six thousand one hundred twenty-three dollars ($41,846,123) in additional funds to increase the base teacher salary paid by the State by six and one-tenth percent (6.1%).

DUTY OF LOCAL BOARDS OF EDUCATION TO PROVIDE STUDENTS WITH THE OPPORTUNITY TO RECEIVE A SOUND BASIC EDUCATION

SECTION 8A.2. G.S. 115C-47(1) reads as rewritten:

"(1) To Provide an Adequate School System, the Opportunity to Receive a Sound Basic Education. - It shall be the duty of local boards of education to provide adequate school systems for students with the opportunity to receive a sound basic education and to make all policy decisions with that objective in mind, including employment decisions, budget development, and other administrative actions, within their respective local school administrative units, as directed by law."

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools and in cooperative innovative high school programs shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 9.2.(c) A principal shall be placed on the step on the salary schedule that reflects the total number of years of experience as a certified employee of the public schools and an additional step for every three years of experience serving as a principal on or before June 30, 2009. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 9.2.(d) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

SECTION 9.2.(f) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 9.2.(g) Participants in an approved full-time master's in-school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the master's program. The stipend shall not exceed the difference between the beginning salary of an assistant principal plus the cost of tuition, fees, and books and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time master's in-school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

SECTION 11.7.(a) The General Assembly finds that the six-year graduation rate for students pursuing a baccalaureate degree from any constituent institution of The University of North Carolina is too low. The General Assembly further finds that it is important to design and implement a program for the purpose of achieving the following goals: to assist more students to obtain a baccalaureate degree within a shorter time period; to provide students with a college education at significantly lower costs for both the student and the State; to help
decrease the amount of debt resulting from loans that a student may owe upon graduation; to provide a student with an interim degree that may increase a student's job opportunities if the student chooses not to continue postsecondary education; and to provide easier access to academic counseling that will assist a student in selecting coursework that reflects the student's educational and career goals and helps the student succeed academically.

**SECTION 11.7.(b)** The Board of Governors of The University of North Carolina and the State Board of Community Colleges shall jointly study and evaluate how a deferred admission program, to be known as the North Carolina Guaranteed Admission Program (NCGAP), for students identified as academically at risk and designed pursuant to subsection (c) of this section, would address the issues and help achieve the goals set out in subsection (a) of this section. In its study the Board of Governors and State Board of Community Colleges shall also consider the best procedure for implementing NCGAP and the fiscal impact it may have with respect to enrollment.

**SECTION 11.7.(c)** NCGAP shall be a deferred admission program that requires a student who satisfies the admission criteria of a constituent institution, but whose academic credentials are not as competitive as other students admitted to the institution, to enroll in a community college in this State and earn an associate degree prior to enrolling as a student at the constituent institution. A student who earns an associate degree from a community college in this State within three years from the date of the deferred acceptance is guaranteed admission at that constituent institution to complete the requirements for a baccalaureate degree. A constituent institution shall hold in reserve an enrollment slot in the appropriate future academic year for any student who accepts a deferred admission. A constituent institution shall also reduce its enrollment for each academic year by the number of deferred admissions granted for that academic year.

The report shall include an analysis of the fiscal impact NCGAP may have with regard to enrollment at constituent institutions of The University of North Carolina and at community colleges, the number of students who may participate in NCGAP, and its effect on FTEs.

**SECTION 11.7.(e)** Based on the analysis conducted by the Board of Governors and the State Board of Community Colleges pursuant to subsection (b) of this section and the recommendations made pursuant to subsection (d) of this section, each constituent institution shall design a deferred admission program as part of NCGAP for implementation at the institution. The institution shall design the program so that it may be implemented at the institution beginning with the 2016-2017 fiscal year and applied to the institution's admission process for the 2017-2018 academic year and each subsequent academic year.

**SECTION 11.7.(f)** The State Board of Community Colleges, in consultation with the Board of Governors of The University of North Carolina, shall adopt rules to ensure that a student participating in NCGAP is provided counseling and assistance in selecting coursework that reflects the student's educational and career goals and that provides a smooth transition from the community college to the constituent institution.

**SECTION 11.7.(g)** NCGAP shall be implemented at all constituent institutions and all community colleges beginning with the 2016-2017 fiscal year and shall apply to admissions policies at each constituent institution and community college beginning with the 2017-2018 academic year and each subsequent academic year.

Furthermore, any age-eligible child who is a child of either of the following shall be eligible for the program: (i) an active duty member of the Armed Forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the Armed Forces who was ordered to active duty by the proper authority within the last 18 months or is expected to be ordered within the next 18 months or (ii) a member of the Armed Forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the Armed Forces.
who was injured or killed while serving on active duty. Eligibility determinations for prekindergarten participants may continue through local education agencies and local North Carolina Partnership for Children, Inc., partnerships.

Other than developmental disabilities or other chronic health issues, the Division shall not consider the health of a child as a factor in determining eligibility for participation in the NC Pre-K program.

CHILD CARE SUBSIDY RATES

SECTION 12B.2.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 12B.2.(b) Effective September 1, 2015, the Department of Health and Human Services, Division of Child Development and Early Education, shall revise its child care subsidy policy to exclude from the policy’s definition of “income unit” a nonparent relative caretaker, and the caretaker’s spouse and child, if applicable, when the parent of the child receiving child care subsidy does not live in the home with the child.

SECTION 12B.2.(c) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

SECTION 12B.2.(d) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing
standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 12B.2.(e) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 12B.2.(f) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 12B.2.(g) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of four- and five-star-rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star-rated facilities for non-star-rated programs, such as religious programs.

SECTION 12B.2.(h) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (g) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.
Session Laws-2015

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 12B.2.(i) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 12B.2.(j) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

1. The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
2. The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
3. The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 12B.2.(k) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

CHILD CARE SUBSIDY MARKET RATE INCREASES/CERTAIN AGE GROUPS AND COUNTIES

SECTION 12B.2A. Beginning January 1, 2016, the Department of Health and Human Services, Division of Child Development and Early Education, shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study from birth through two years of age in three-, four-, and five-star-rated child care centers and homes in tier one and tier two counties. For purposes of this section, tier one and tier two counties shall have the same designations as those established by the N.C. Department of Commerce's 2015 County Tier Designations.

CHILD CARE ALLOCATION FORMULA

SECTION 12B.3.(a) The Department of Health and Human Services shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty-percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty-percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

1. Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 12B.2 of this act.
2. The Department of Health and Human Services shall allocate to counties all State funds appropriated for child care subsidy and shall not withhold funds during the 2015-2016 and 2016-2017 fiscal years.

SECTION 12B.3.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county.
SECTION 12B.3.(c) When implementing the formula under subsection (a) of this section, the Department of Health and Human Services, Division of Child Development and Early Education, shall include the market rate increase in the formula process, rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

(1) For fiscal year 2015-2016, (i) continue implementing one-third of the change in a county’s allocation based on the new Census data; (ii) implement an additional one-third of the change in a county’s allocation beginning fiscal year 2016-2017; and (iii) the final one-third change in a county’s allocation beginning fiscal year 2018-2019. However, beginning fiscal year 2015-2016, a county’s initial allocation shall be the county’s expenditure in the previous fiscal year. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-five percent (95%) in the previous fiscal year shall receive its prior year’s expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-five percent (95%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-five percent (95%) due to extraordinary circumstances, such as a State or federal disaster declaration in the affected county. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new Census data release, implement (i) one-third of the change in a county’s allocation in the year following the data release; (ii) an additional one-third of the change in a county’s allocation beginning two years after the initial change under this subdivision; and (iii) the final one-third change in a county’s allocation beginning the following two years thereafter.

CHILD CARE FUNDS MATCHING REQUIREMENTS

SECTION 12B.4. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality’s receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of an emergency as defined in G.S. 166A-19.3(6).

CHILD CARE REVOLVING LOAN

SECTION 12B.5. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

ADMINISTRATIVE ALLOWANCE FOR COUNTY DEPARTMENTS OF SOCIAL SERVICES/USE OF SUBSIDY FUNDS FOR FRAUD DETECTION

SECTION 12B.6.(a) The Department of Health and Human Services, Division of Child Development and Early Education, shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child
care subsidy funds allocated in the Child Care and Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.

**SECTION 12B.6.(b)** Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.

**SECTION 12B.6.(c)** The Division of Child Development and Early Education may adjust the allocations in the Child Care and Development Fund Block Grant under Section 12I.1 of this act according to (i) the final allocations for local departments of social services under subsection (a) of this section and (ii) the funds allocated for fraud detection and investigation initiatives under subsection (b) of this section. The Division shall submit a report on the final adjustments to the allocations of the four percent (4%) administrative costs to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than January 1, 2016, for the 2015-2016 fiscal year and no later than September 30 of each year thereafter.

**EARLY CHILDHOOD EDUCATION AND DEVELOPMENT INITIATIVES ENHANCEMENTS**

**SECTION 12B.7.(a)** Policies. – The North Carolina Partnership for Children, Inc., and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.’s mission of improving child care quality in North Carolina for children from birth to five years of age. North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:
   (1) Increase children's literacy.
   (2) Increase the parents' ability to raise healthy, successful children.
   (3) Improve children's health.
   (4) Assist four- and five-star-rated facilities in improving and maintaining quality.

**SECTION 12B.7.(b)** Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

**SECTION 12B.7.(c)** Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:
   (1) The population of the area serviced by a local partnership.
   (2) The amount of State funds administered.
   (3) The amount of total funds administered.
   (4) The professional experience of the individual to be compensated.
   (5) Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.
The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 12B.7.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2015-2017 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least twelve percent (12%) and in-kind donated resources shall be equal to no more than five percent (5%) for a total match requirement of seventeen percent (17%) for the 2015-2016 fiscal year; and contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for the 2016-2017 fiscal year. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships, also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

1. Be verifiable from the contractor's records.
2. If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
3. Not include expenses funded by State funds.
4. Be supplemental to and not supplant preexisting resources for related program activities.
5. Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.
6. Be otherwise allowable under federal or State law.
7. Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
8. Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

SECTION 12C.10.(a) G.S. 108A-25 reads as rewritten:
"§ 108A-25. Creation of programs; assumption by federally recognized tribe of
programs.

agreement to set forth the general terms, definitions, and conditions by which the parties shall
operate. The agreement shall also include requirements and procedures regarding the allocation
of all federal and other funds for all programs to be administered by the tribe. Upon the
execution of the agreement, to allow the tribe to assume certain duties and responsibilities for
the administration of the NC Medicaid program, NC Health Choice, and SNAP, the agreement

State and the Department of Health and Human Services (Department) in the administration

application processing, eligibility determinations and redeterminations, and
other functions related to the eligibility process.

(3) Provisions by the tribe to ensure that individuals who will be responsible for
the tribe's duties and responsibilities under this agreement shall be employed
under standards equivalent to current standards for a Merit System of
Personnel Administration or any standards later prescribed by the Office of
Personnel Management under section 208 of the Intergovernmental
Personnel Act of 1970, unless an exemption is obtained from the federal
government. The tribe shall also provide the Department with information to
verify the unemployment standards included under this condition.

all federal funds, nonfederal matching funds, and State funds for State
programs previously borne by the State. However, requirements and
procedures for allocating funds pursuant to this subdivision shall not include
any funding the tribe receives directly from federal agencies.

(5) The Department shall, when possible and as allowed by the federal
government, adopt funding flexibility for Indian Health Services when such
flexibility furthers goals addressing health disparities among American
Indians."

1. Nonfederal matching funds and State funds for State programs designated to Jackson and Swain counties to serve the Eastern Band of Cherokee Indians for programs previously borne by the State shall be allocated directly to the Eastern Band of Cherokee Indians rather than to those counties and shall not exceed the amount expended by the State for fiscal year 2014-2015 for programs or services assumed by the Eastern Band of Cherokee Indians, as applicable, plus the growth rate equal to the growth in State-funded nonfederal share for all counties. Any fund sources from which the tribe receives funds directly from federal agencies are excluded from the requirements of this subdivision.

2. Any portion of nonfederal matching funds borne by counties for public assistance and social services programs and related administrative costs shall be borne by the Eastern Band of Cherokee Indians.

IMPROVE MATERNAL AND CHILD HEALTH/ESTABLISH COMPETITIVE GRANTS PROCESS

SECTION 12E.11.(a) Findings. – The General Assembly finds that America spends twice as much on health care as any other nation, yet Americans are not the healthiest people in the world. Research indicates that spending on health care to treat people may actually come at the expense of investing in public health programs meant to keep people from getting sick in the first place. The General Assembly further finds that infant mortality rates are an indicator of a state's overall health status. North Carolina currently ranks 40th in the nation on infant mortality. Implementing statewide policies to invest in evidence-based programs that are scientifically proven to lower infant mortality rates and improve birth outcomes and the health of children ages birth to five will assure that future rankings for North Carolina are among the best in the nation.

SECTION 12E.11.(b) Designation of Lead Agency. – The Department of Health and Human Services, Division of Public Health (Division), shall be the lead agency responsible for doing all of the following:

(1) Assuming responsibility for controlling all funding and contracts designed to (i) improve North Carolina's birth outcomes, (ii) improve the overall health status of children in this State from ages birth to five, and (iii) lower this State's infant mortality rates.

(2) Working in consultation with the University of North Carolina Gillings School of Global Public Health to develop a statewide, comprehensive plan to accomplish the goals described in subdivision (1) of this subsection.

(3) Conducting a continuation review of all maternal and child health-related programs and activities as directed under Section 6.20 of this act, in consultation with the Department of Health and Human Services, Office of
Program Evaluation Reporting and Accountability (OPERA), as created in Section 12A.3 of this act.

SECTION 12E.11.(c) Establishment of Competitive Grants Process for Local Health Departments. – It is the intent of the General Assembly that, beginning in the 2016-2017 fiscal year, the Division implement a competitive grants process for local health departments based on maternal and infant health indicators and the county’s detailed proposal to invest in evidence-based programs to achieve the goals described in subdivision (1) of subsection (b) of this section. To that end, the Division shall develop a plan to establish a competitive grants process that, at a minimum, includes each of the following components:

1. A request for application (RFA) process to allow local health departments to apply for and receive State funds on a competitive basis.
2. A requirement that the Division prioritize grant awards to those local health departments that are able to leverage non-State funds in addition to the grant award.
3. A process that awards grants to local health departments dedicated to providing services on a countywide basis and that supports the goals described in subdivision (1) of subsection (b) of this section.
4. Ensures that funds received by the Division to implement the plan supplement and do not supplant existing funds for health and wellness programs and initiatives.

SECTION 12E.11.(d) Funds for Competitive Grants Process. – Of the funds appropriated in this act to the Department of Health and Human Services, Division of Public Health (Division), the sum of two million five hundred thousand dollars ($2,500,000) in recurring funds for each year of the 2015-2017 fiscal biennium shall be used to establish the competitive grants process for local health departments described in subsection (c) of this section. The Division shall not use more than five percent (5%) of these funds for administrative purposes.

SECTION 12E.11.(e) Evaluation Protocol for Future Program Funding. – The Division shall work with the University of North Carolina Gillings School of Global Public Health (School of Global Public Health) to establish an evaluation protocol for determining program effectiveness and future funding requirements at the local level. By April 1, 2016, the Department, in consultation with the School of Global Public Health, shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services on the request for application process to allow local health departments to apply for and receive State funds on a competitive basis. The report shall include the counties awarded, the amount of the award, the types of programs to be funded, and the evaluation process to be used in determining county performance.

The fee for a laboratory test is a departmental receipt of the Department and shall be used to offset the cost of the Newborn Screening Program."

The Department shall continue to implement a two-tiered system of payment for purchasing these local inpatient psychiatric beds or bed days based on acuity level with an enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels, as defined by the Department. The enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels shall not exceed the lowest average cost per patient bed day among the State psychiatric hospitals. SECTION 12F.1.(d) Ineffective LME/MCO Management of Beds or Bed Days. – If the Department determines that (i) an LME/MCO is not effectively managing the beds or bed
days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME/MCO has failed to comply with the prompt payment provisions of subsection (c) of this section, the Department may contract with another LME/MCO to manage the beds or bed days or, notwithstanding any other provision of law to the contrary, may pay the hospital directly.

SINGLE STREAM FUNDING FOR MH/DD/SAS COMMUNITY SERVICES

SECTION 12F.2.(a) For the purpose of mitigating cash flow problems that many LME/MCOs experience at the beginning of each fiscal year relative to single stream funding, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), shall distribute not less than one-twelfth of each LME/MCO's continuation allocation at the beginning of the fiscal year and subtract the amount of that distribution from the LME/MCO's total reimbursements for the fiscal year.

SECTION 12F.2.(b) The DMH/DD/SAS is directed to reduce its allocation for single stream funding by one hundred ten million eight hundred eight thousand seven hundred fifty-two dollars ($110,808,752) in nonrecurring funds for the 2015-2016 fiscal year and by one hundred fifty-two million eight hundred fifty thousand one hundred thirty-three dollars ($152,850,133) in nonrecurring funds for the 2016-2017 fiscal year. The DMH/DD/SAS is directed to allocate this reduction among the LME/MCOs based on the individual LME/MCO's percentage of the total cash on hand of all of the LME/MCOs in the State. Cash on hand means the sum of the "Total Cash and Investments" plus the "Short-Term Investments" reported on Schedule "A" of the financial reporting package submitted by the LME/MCOs to the Division of Medical Assistance (DMA) on June 30, 2015. The individual LME/MCO's percentage of the total cash on hand equals the individual LME/MCO's cash on hand divided by the aggregate amount of cash on hand of all of the LME/MCOs in the State. During each year of the 2015-2017 fiscal biennium, each LME/MCO shall provide at least the same level of services paid for by single stream funding during the 2014-2015 fiscal year.

SECTION 12F.2.(c) The Department shall modify the monthly reporting package submitted by the LME/MCOs to the Department to include revenues and expenditures for the State funding sources for single stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department shall modify appropriate schedules in the LME/MCO monthly reporting package to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year's month and year-to-date periods. The Department shall submit these reports to the Joint Legislative Oversight Committee on Health and Human Services by the third Monday of each month beginning in October 2015.

SECTION 12F.2.(d) If, on or after June 1, 2016, the Office of State Budget and Management (OSBM) certifies a Medicaid budget surplus in funds 1310 and 1311 and
sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2015-2016, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single stream funding required by this section. If, on or after June 1, 2017, the OSBM certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2016-2017, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single stream funding required by this section. The DMH/DD/SAS shall allocate funds transferred pursuant to this subsection among the LME/MCOs based on the individual LME/MCO's percentage of the total cash on hand of all the LME/MCOs in the State, calculated in accordance with subsection (b) of this section. These funds shall be allocated as prescribed by June 30 of each State fiscal year.

SECTION 12F.2.(e) The Department of Health and Human Services shall develop a maintenance of effort (MOE) spending requirement for all mental health and substance abuse services which must be maintained using non-federal, State appropriations on an annual basis in order to meet MOE requirements for federal block grant awards. LME/MCOs shall ensure the MOE spending requirement is met using State appropriations.

(3) Effective March 1, 2016, the Department of Health and Human Services, Division of Medical Assistance, shall use four million three hundred twenty thousand five hundred fifty-nine dollars ($4,320,559) in fiscal year 2015-2016 and twelve million nine hundred sixty-one thousand six hundred sixty-eight dollars ($12,968,668) in fiscal year 2016-2017 to directly fund local health departments' continued services related to the Care Coordination for Children (CC4C) program, which was previously funded through the contract with NCCCN.

SECTION 12H.25.(b) If House Bill 372 of the 2015 Regular Session is not ratified prior to March 1, 2016, containing a plan for Medicaid transformation, then G.S. 108A-70.21(b) reads as rewritten:

"(b) Benefits. – All health benefits changes of the Program shall meet the coverage requirements set forth in this subsection. Except as otherwise provided for eligibility, fees, deductibles, copayments, and other cost sharing charges, health benefits coverage provided to children eligible under the Program shall be equivalent to coverage provided for dependents under North Carolina Medicaid Program except for the following:

For all other providers, services provided to children enrolled in the Program shall be provided at rates equivalent to one hundred percent (100%) of Medicaid rates, less any co-payments assessed to enrollees under this Part. Payments to NC Health Choice Program providers under this Part shall be paid in full and shall not be subject to cost settlement.

...."
SECTION 12H.26.(c) Any State Plan amendments required to implement this section shall not be subject to the 90-day prior submission requirements of G.S. 108A-54.1A(e) and G.S. 108A-70.25(b).

BLOOD GLUCOSE TESTING EQUIPMENT AND SUPPLIES

These funds shall be available for expenditure only upon an appropriation by act of the General Assembly.

SECTION 12H.28.(b) It is the intent of the General Assembly to appropriate funds from the Medicaid Contingency Reserve only if:

1. The Director of the Budget, after the State Controller has verified that receipts are being used appropriately, has found that additional funds are needed to cover a shortfall in the Medicaid budget for the State fiscal year.

2. The Director of the Budget has reported immediately to the Fiscal Research Division on the amount of the shortfall found in accordance with subdivision (1) of this subsection. This report shall include an analysis of the causes of the shortfall, such as (i) unanticipated enrollment and mix of enrollment, (ii) unanticipated growth or utilization within particular service areas, (iii) errors in the data or analysis used to project the Medicaid budget, (iv) the failure of the program to achieve budgeted savings, (v) other factors and market trends that have impacted the price of or spending for services, (vi) variations in receipts from prior years or from assumptions used to prepare the Medicaid budget for the current fiscal year, or (vii) other factors. The report shall also include data in an electronic format that is adequate for the Fiscal Research Division to confirm the amount of the shortfall and its causes.

CAPE FEAR ESTUARINE RESOURCE RESTORATION

SECTION 14.6.(h) The General Assembly finds that the New Inlet Dam or "The Rocks" was constructed by the United States Army Corps of Engineers in the late 19th century. The New Inlet Dam is composed of two components, a Northern Component that extends from Federal Point to Zeke's Island and a Southern Component that extends southwestward from Zeke's Island and separates the New Inlet from the main channel of the Cape Fear River. The General Assembly further finds that the Southern Component of the New Inlet Dam impedes the natural flow of water between the Cape Fear River and the Atlantic Ocean that occurred prior to emplacement of the dam. The General Assembly further finds that it is necessary to consider removal of the Southern Component of the New Inlet Dam in order to reestablish the natural hydrodynamic flow between the Cape Fear River and the Atlantic Ocean. To this end, the Department of Environment and Natural Resources shall do all of the following:

(1) Notify the United States Army Corps of Engineers of the State's intent to study the removal of the Southern Component of the New Inlet Dam.

862
(2) Issue a Request for Information for a firm capable of conducting an analysis of the costs and benefits of removal of the Southern Component of the New Inlet Dam, including an inventory of all necessary State and federal permits and approvals needed to develop and implement a removal plan. Identification of a capable firm pursuant to this section shall be done in accordance with Article 8 of Chapter 143 of the General Statutes.

(3) Request approval from the National Oceanic and Atmospheric Administration to adjust the boundary established for Zeke’s Island for both of the following changes:
   a. Moving the current western boundary 200 feet seaward and removing the area that lies between the current boundary and the new boundary from the North Carolina National Estuarine Research Reserve.
   b. Compensating for any loss of acreage pursuant to sub-subdivision a. of this subdivision by adding a corresponding amount of acreage to the northern boundary of Zeke’s Island from adjacent acreage at Fort Fisher State Recreation Area.

(4) If the Department obtains approval from the National Oceanic and Atmospheric Administration to adjust the boundary established for Zeke’s Island as described in subdivision (3) of this subsection, the Coastal Resources Commission shall amend 15A NCAC 070 .0105 (North Carolina Coastal Reserve: Reserve Components) as follows:
   a. Definitions. – "Reserve Components Rule" means 15A NCAC 070 .0105 (North Carolina Coastal Reserve: Reserve Components) for purposes of this section and its implementation.
   b. Reserve Components Rule. – Until the effective date of the revised permanent rule that the Coastal Resources Commission is required to adopt pursuant to sub-subdivision d. of this subdivision, the Commission and the Department of Environment and Natural Resources shall implement the Reserve Components Rule, as provided in sub-subdivision c. of this subdivision.
   c. Implementation. – Notwithstanding the Reserve Components Rule, the Commission shall adjust the boundary established for Zeke’s Island in conformance with any boundary change that is approved by the National Oceanic and Atmospheric Administration pursuant to subdivision (3) of this subsection.
   d. Additional rule-making authority. – The Commission shall adopt a rule to replace the Reserve Components Rule. Notwithstanding G.S. 150B-19(4), the rule adopted by the Commission pursuant to this subdivision shall be substantively identical to the provisions of sub-subdivision c. of this subdivision. Rules adopted pursuant to this subdivision are not subject to Part 3 of Article 2A of Chapter 150B of the General Statutes. Rules adopted pursuant to this subdivision shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).
   e. Effective date. – Sub-subdivision c. of this subdivision expires when permanent rules to replace sub-subdivision c. of this subdivision have become effective, as provided by sub-subdivision d. of this subdivision.

Notwithstanding any other provision of law, the Department of Environment and Natural Resources may use funds from the Deep Draft Navigation Channel Dredging and Maintenance Fund, established pursuant to G.S. 143-215.73G, as enacted by subsection (c) of
this section, to implement this subsection. No later than April 1, 2016, the Department shall report to the Environmental Review Commission, the chairs of the Senate Appropriations Committee on Natural and Economic Resources and the House Appropriations Committee on Agriculture and Natural and Economic Resources, and the Fiscal Research Division regarding its implementation of this subsection, including a copy of the Request for Information required by subdivision (2) of this subsection and any responses received to the Request. Neither the Department nor any State agency may proceed with the removal of the New Inlet Dam until (i) the Environmental Review Commission has reviewed the report required by this section and (ii) a bill expressly providing authorization for the removal becomes law.

The Division shall submit a report regarding the plan no later than April 1, 2016, to the Joint Legislative Commission on Governmental Operations.

AMEND SENATOR JEAN PRESTON MARINE SHELLFISH SANCTUARY LEGISLATION

SECTION 14.9. Section 44 of S.L. 2014-120 reads as rewritten:

"SENATOR JEAN PRESTON MARINE SHELLFISH—OYSTER SANCTUARY PROGRAM"

"SECTION 44.(a) It is the intent of the General Assembly to establish a marine shellfish sanctuary in the Pamlico Sound to be named in honor of former Senator Jean Preston, to be called the "Senator Jean Preston Marine Shellfish Sanctuary," to enhance shellfish habitats within the Albemarle and Pamlico Sounds and their tributaries to benefit fisheries, water quality, and the economy. This will be achieved through the establishment of a network of oyster sanctuaries, harvestable enhancement sites, and coordinated support for the development of shellfish aquaculture. The network of oyster sanctuaries is to be named in honor of Senator Jean Preston and shall be called the "Senator Jean Preston Oyster Sanctuary Network."

"SECTION 44.(b) The Division of Marine Fisheries of the Department of Environment and Natural Resources shall designate an area of appropriate acreage within the Pamlico Sound as a recommendation to the Environmental Review Commission for establishment of the "Senator Jean Preston Marine Shellfish Sanctuary" and create a plan for managing the sanctuary that includes develop a plan to construct and manage additional oyster habitats. The new sanctuaries, along with selected existing oyster sanctuaries, shall be included in the Senator Jean Preston Oyster Sanctuary Network. The plan shall include the following components:

(1) Location and delineation of the sanctuary—oyster sanctuaries. The plan should include a location for the sanctuary network components that minimizes the impact on commercial trawling. In addition, the sanctuary should be gridded into areas where private parties for restoration and harvest and areas operated and maintained by the State for restoration that are not open for harvest. The leased and unleased areas should be arranged in a pattern where leased squares are surrounded on four..."
The location of sanctuaries shall take into account connectivity to existing oyster sanctuaries and proposed oyster enhancement sites. New oyster sanctuaries shall be designed to provide hook-and-line fishing while allowing the development of complex fish habitats and brood-stock oysters that will enhance recruitment in the surrounding reefs. The plan should outline a 10-year development project to accomplish the expansion.

(2) Administration. — The plan should include the prices to be charged for the leased portions of the sanctuary, including an administration fee to be retained by the Division to support the leasing and monitoring program. The plan shall also provide that the balance of lease payments collected by the Division be transferred to the General Fund with a recommendation that some or all of the proceeds be used for the support of the State's special education programs in memory of Senator Jean Preston.

(3) Enhancement of oyster habitat restoration. — The General Assembly finds that the lack of a reliable State-based supply of oyster seed and inadequate funding for cultch planting are limitations to the expansion of oyster harvesting and the restoration of wild oyster habitat in North Carolina. Therefore, the plan should include the following:
   a. Provisions and recommendations to facilitate the availability of oyster seed produced in North Carolina for wild oyster habitat restoration projects as well as oyster aquaculture and to reduce potential negative impacts from importation of non-native oyster seed.
   b. Plans, where feasible, for public-private partnerships for State-based production of viable oyster seed through the creation of one or more production hatcheries and recommendations for increased support of the existing research hatchery at UNC-Wilmington.
   c. Plans and cost estimates for an expansion of cultch planting in suitable areas of the State's coastal waters in order to expand areas suitable for development of wild oyster habitat.

(4) Economic relief. — The plan should consider a waiver of application fees and yearly rental fees for new shellfish leases for an established period of time to further promote and support shellfish aquaculture in North Carolina. The new leasing fee waiver program should include measures to discourage speculation and target persons with a genuine interest in starting a shellfish aquaculture business, such as a requirement that the lease be nontransferable for a five-year period.

(5) Outreach. — The plan should include outreach and education that promotes, whenever possible, public-private partnerships utilizing the Sea Grant College Program, local colleges, and other nongovernmental organizations to (i) encourage shellfish aquaculture and provide technical assistance to broaden cost-effective technologies available to leaseholders; (ii) encourage best management practices to leaseholders; and (iii) inform fishermen and the public on the benefits provided by the Senator Jean Preston Oyster Sanctuary Network.

(6) Monitoring. — The plan should include a monitoring plan designed to (i) determine the success of oyster reef construction and (ii) evaluate the cost benefit of the oyster sanctuary network and harvestable enhancement sites.

(7) Funding. — The plan should include a request for appropriations sufficient to provide funds for the construction of appropriate bottom habitat and shellfish seeding and for Division staff necessary to conduct oyster restoration and monitoring activities. The plan should provide that, whenever possible,
construction and shellfish seeding be carried out by contract with private entities for Division staff to expand oyster restoration and monitoring activities for 10 years. The plan should provide that, whenever possible, public-private partnerships are employed to meet the construction, seeding, and outreach requirements of the plan.

(4) Commercial fisherman relief. – To promote the diversification of commercial fishing opportunities, the plan should include a program to award free or discounted leases under this section to commercial fishermen who (i) have held one or more commercial fishing licenses continually for a period of 10 or more years and (ii) receive at least fifty percent (50%) of their income from commercial fishing with those licenses.

(5)(8) Recommendations. – The plan shall include recommendations for statutory or regulatory changes needed to expedite the expansion of shellfish restoration and harvesting in order to improve water quality, restore ecological habitats, provide enhanced recreational and commercial fishing opportunities, and expand the coastal economy.

(9) No funding for sanctuaries in closed areas. – The plan shall provide that no funding or other resources shall be available in water bodies where a moratorium or other legal prohibition on shellfish leasing under Article 16 of Chapter 113 of the General Statutes is currently in effect. This subdivision does not apply to leasing moratoria imposed because the area is closed to shellfish harvesting or recommended for closure by the State Health Director due to pollution.

"SECTION 44.(c) No later than December 1, 2014, and quarterly thereafter until submission of a final plan to the Environmental Review Commission, March 1, 2016, the Department of Environment and Natural Resources shall report to the Environmental Review Commission Chairs of the House of Representatives Appropriations Committee on Agriculture and Natural and Economic Resources, the Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division regarding its implementation of this section and its recommended plan."

SECTION 14.13.(e) G.S. 159G-23 reads as rewritten:

“§ 159G-23. Common criteria for loan or grant from Wastewater Reserve or Drinking Water Reserve.

The Division of Water Infrastructure must assign points to applications based on the following criteria when evaluating applications:

(1) Public necessity. – An applicant must explain how the project promotes public health and protects the environment. A project that improves a system that is not in compliance with permit requirements or is under orders from the Department, enables a moratorium to be lifted, or replaces failing septic tanks with a wastewater collection system has priority.

(2) Effect on impaired waters. – A project that improves designated impaired waters of the State has priority.

(3) Efficiency. – A project that achieves efficiencies in meeting the State's water infrastructure needs or reduces vulnerability to drought consistent with Part 2A of Article 21 and Article 38 of Chapter 143 of the General Statutes by one of the following methods has priority:

873

b. Conservation or reuse of water, including bulk water reuse facilities and waterlines to supply reuse water for irrigation and other approved uses.
c. Construction of an interconnection between water systems intended for use in drought or other water shortage emergency.
d. Repair or replacement of leaking waterlines to improve water conservation and efficiency or to prevent contamination.
e. Replacement of meters and installation of new metering systems.

(4) Comprehensive land-use plan. – A project that is located in a city or county that has adopted or has taken significant steps to adopt a comprehensive land-use plan under Article 18 of Chapter 153A of the General Statutes or Article 19 of Chapter 160A of the General Statutes has priority over a project located in a city or county that has not adopted a plan or has not taken steps to do so. The existence of a plan has more priority than steps taken to adopt a plan, such as adoption of a zoning ordinance. A plan that exceeds the minimum State standards for protection of water resources has higher priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. A land-use plan is not considered a comprehensive land-use plan unless it has provisions that protect existing water uses and ensure compliance with water quality standards and classifications in all waters of the State affected by the plan.

(5) Flood hazard ordinance. – A project that is located in a city or county that has adopted a flood hazard prevention ordinance under G.S. 143-215.54A has priority over a project located in a city or county that has not adopted an ordinance. G.S. 143-215.54A. A plan that exceeds the minimum standards under G.S. 143-215.54A for a flood hazard prevention ordinance has higher priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. If no part of the service area of a project is located within the 100-year floodplain, the project has the same priority as if it were located in a city or county that has adopted a flood hazard prevention ordinance. The most recent maps prepared pursuant to the National Flood Insurance Program or approved by the Department determine whether an area is within the 100-year floodplain.

(6) Sound management. – A project submitted by a local government unit that has demonstrated a willingness and ability to meet its responsibilities through sound fiscal policies and efficient operation and management has priority.

(6a) Asset management plan. – A project submitted by a local government unit with more than 1,000 service connections that has developed and is implementing an asset management plan has priority over a project submitted by a local government unit with more than 1,000 service connections that has not developed or is not implementing an asset management plan.

(7) Capital improvement plan. – A project that implements the applicant’s capital improvement plan for the wastewater system or public water system it manages has priority over a project that does not implement a capital improvement plan. To receive priority, a manages, so long as the capital
improvement plan must set out the applicant’s expected water infrastructure needs for at least 10 years.

(8) Coastal habitat protection. – A project that implements a recommendation of a Coastal Habitat Protection Plan adopted by the Environmental Management Commission, the Coastal Resources Commission, and the Marine Fisheries Commission pursuant to G.S. 143B–279.8 has priority over other projects that affect counties subject to that Plan. G.S. 143B–279.8. If no part of the service area of a project is located within a county subject to that Plan, the project has equal priority under this subdivision with a project that receives priority under this subdivision.

(9) High unit-cost threshold. – A high unit-cost project has priority over projects that are not high unit-cost projects. The priority given to a high unit-cost project shall be set using a sliding scale based on the amount by which the applicant exceeds the high unit-cost threshold.

If an applicant demonstrates that it is not feasible for the project to include regionalization, the funding agency shall assign the project the same priority under this subdivision as a project that includes regionalization.

(11) State water supply plan. – A project that addresses a potential conflict between local plans or implements a measure in which local water supply plans could be better coordinated, as identified in the State water supply plan pursuant to G.S. 143–355(m), has priority.

(12) Water conservation measures for drought. – A project that includes adoption of water conservation measures by a local government unit that are more stringent than the minimum water conservation measures required pursuant to G.S. 143–355.2 has priority.

SECTION 14.16A.(d) G.S. 143-215.94A(6), 143-215.94B(d)(4), 143-215.94D, and 143-215.94N(b) are repealed.

SECTION 14.16A.(e) G.S. 143-215.94E reads as rewritten:

§ 143-215.94E. Rights and obligations of the owner or operator.

... (b1) In the case of a discharge or release from a commercial underground storage tank where the owner and operator cannot be identified or located, or where the owner and operator fail to proceed as required by subsection (a) of this section, the following requirements apply:

(1) If the current landowner of the land in which the commercial underground storage tank is located notifies the Department in accordance with G.S. 143-215.85 and undertakes to collect and remove the discharge or release and to restore the area affected in accordance with the requirements of this Article and applicable federal and State laws, regulations, and rules, the current landowner may elect to have the Commercial Fund pay or reimburse the current landowner for any costs described in subdivisions (1), (2), (2a), (3), and (4) of G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) that exceed the amounts for which the owner or operator is responsible under that subsection.

a. The current landowner is not eligible for payment or reimbursement until the current landowner has paid the costs described in subdivisions (1), (2), (2a), (3), and (4) of G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) for which the owner or operator is responsible.

b. Eligibility for reimbursement under this subsection may be transferred from a current landowner who has paid the costs described in subdivisions (1), (2), (2a), (3), and (4) of G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) to a subsequent landowner.

The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(b).

(2) The sum of payments from the Commercial Fund and from all other sources shall not exceed one million dollars ($1,000,000) per discharge or release except as provided in G.S. 143-215.94B(b2).

(3) This subsection shall not be construed to require a current landowner to cleanup a discharge or release of petroleum from an underground storage tank for which the current landowner is not otherwise responsible. This subsection does not alter any right, duty, obligation, or liability of a current landowner, former landowner, subsequent landowner, owner, or operator under other provisions of law.

(4) This subsection shall not be construed to limit the authority of the Department to engage in a cleanup under this Article or any other provision of law. In the event that an owner or operator is subsequently identified or located, the Secretary shall seek reimbursement as provided in G.S. 143-215.94G(d). The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(d).

(e) In the case of a discharge or release from a noncommercial underground storage tank or a commercial underground storage tank eligible for the Noncommercial Fund in accordance with G.S. 143-215.94D(b), where the owner or operator has been identified and has proceeded with the cleanup, the owner or operator may elect to have the Noncommercial Fund pay or reimburse the owner or operator for any costs described in G.S. 143-215.94D(b1) up to a maximum of one million dollars ($1,000,000) per discharge or release.

(e1) In the case of a discharge or release from a noncommercial underground storage tank where the owner and operator cannot be identified or located, or where the owner and
operator fail to proceed as required by subsection (a) of this section, if the current landowner of the land in which the noncommercial underground storage tank is located notifies the Department in accordance with G.S. 143-215.85 and undertakes to collect and remove the discharge or release and to restore the area affected in accordance with the requirements of this Article and applicable federal and State laws, regulations, and rules, the current landowner may elect to have the Noncommercial Fund pay or reimburse the current landowner for any costs described in G.S. 143-215.94D(b1). Eligibility for reimbursement under this subsection may be transferred to a subsequent landowner from a current landowner. The sum of payments from the Noncommercial Fund and from all other sources shall not exceed one million dollars ($1,000,000) per discharge or release. This subsection shall not be construed to require a current landowner to clean up a discharge or release of petroleum from an underground storage tank for which the current landowner is not otherwise responsible. This subsection does not alter any right, duty, obligation, or liability of a current landowner, former landowner, subsequent landowner, owner, or operator under other provisions of law. This subsection shall not be construed to limit the authority of the Department to engage in a cleanup under this Article or any other provision of law. The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(b).

(e1) The Department may contract for any services necessary to evaluate any claim for reimbursement or compensation from either the Commercial Fund or the Noncommercial Fund, may contract for any expert witness or consultant services necessary to defend any decision to pay or deny any claim for reimbursement, and may pay the cost of these services from the fund against which the claim is made; provided that in any fiscal year the Department shall not expend from either fund more than one percent (1%) of the unobligated balance of the fund on 30 June of the previous fiscal year. The cost of contractual services to evaluate a claim or for expert witness or consultant services to defend a decision with respect to a claim shall be included as costs under G.S. 143-215.94B(b), G.S. 143-215.94B(b1), and G.S. 143-215.94D(b1).

(e4) (1) If the owner or operator takes initial steps to collect and remove the discharge or release as required by the Department and completes the initial assessment required to determine degree of risk, the owner or operator shall not be subject to any violation or penalty for any failure to proceed with further assessment or cleanup under G.S. 143-215.84 or this section before the owner or operator is authorized to proceed with further assessment or cleanup as provided in subsection (e5) of this section. The lack of availability of funds in the Commercial Fund or the Noncommercial Fund shall not relieve an owner or operator of responsibility to immediately undertake to collect and remove the discharge or release or to conduct any assessment or cleanup ordered by the Department or be a defense against any violations and penalties issued to the owner or operator for failure to conduct required assessment or cleanup.

(2) The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a commercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment and cleanup of the discharge or release from a commercial underground storage tank are eligible to be paid or reimbursed from the Commercial Fund, the Department shall also consider the availability of funds in the Commercial Fund and the
order in which the discharge or release was reported in determining the schedule.

(3) The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a noncommercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment or cleanup of the discharge or release from a noncommercial underground storage tank are eligible to be paid or reimbursed from the Noncommercial Fund, the Department shall also consider the availability of funds in the Noncommercial Fund and the order in which the discharge or release was reported in determining the schedule.

(4) The Department may revise the schedules that apply to the assessment and cleanup of any discharge or release at any time based on its reassessment of any of the foregoing factors.

…

(f1) Any person seeking payment or reimbursement from either the Commercial Fund or the Noncommercial Fund shall certify to the Department that the costs to be paid or reimbursed by the Commercial Fund or the Noncommercial Fund are not eligible to be paid or reimbursed by or from any other source, including any contract of insurance. If any cost paid or reimbursed by the Commercial Fund or the Noncommercial Fund is eligible to be paid or reimbursed by or from another source, that cost shall not be paid from, or if paid shall be repaid to, the Commercial Fund or the Noncommercial Fund. As used in this Part, the phrase "any other source including any contract of insurance" does not include self-insurance.

…

(j) An owner, operator, or landowner shall request that the Department determine whether any of the costs of assessment and cleanup of a discharge or release from a petroleum underground storage tank are eligible to be paid or reimbursed from either the Commercial Fund or the Noncommercial Fund within one year after completion of any task that is eligible to be paid or reimbursed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1).

(k) An owner, operator, or landowner shall request payment or reimbursement from the Commercial Fund or the Noncommercial Fund for the cost of a task within one year after the completion of the task. The Department shall deny any request for payment or reimbursement of the cost of any task that would otherwise be eligible to be paid or reimbursed if the request is not received within 12 months after the later of the date on which the:

(1) Department determines that the cost is eligible to be paid or reimbursed.
(2) Task is completed.”

“§ 143-215.94G. Authority of the Department to engage in cleanups; actions for fund reimbursement.

(a) The Department may use staff, equipment, or materials under its control or provided by other cooperating federal, State, or local agencies and may contract with any agent or contractor it deems appropriate to investigate a release, to develop and implement a cleanup plan, to provide interim alternative sources of drinking water to third parties, and to pay the initial costs for providing permanent alternative sources of drinking water to third parties, and shall pay the costs resulting from commercial underground storage tanks from the Commercial Fund and shall pay the costs resulting from noncommercial underground storage tanks from the Noncommercial Fund whenever there is a discharge or release of petroleum from any of the following:

(1) A noncommercial underground storage tank.
(2) An underground storage tank whose owner or operator cannot be identified or located.

(3) An underground storage tank whose owner or operator fails to proceed as required by G.S. 143-215.94E(a).

(4) A commercial underground storage tank taken out of operation prior to 1 January 1974 if, when the discharge or release is discovered, neither the owner nor operator owns or leases the land on which the underground storage tank is located.

(a1) Every State agency shall provide to the Department to the maximum extent feasible such staff, equipment, and materials as may be available and useful to the development and implementation of a cleanup program.

(a2) The cost of any action authorized under subsection (a) of this section shall be paid, to the extent funds are available, from the following sources in the order listed:

(1) Any funds to which the State is entitled under any federal program providing for the cleanup of petroleum discharges or releases from underground storage tanks, including, but not limited to, the Leaking Underground Storage Tank Trust Fund established pursuant to 26 U.S.C. § 4081 and 42 U.S.C. § 6991b(h).

(2) The Commercial Fund or the Noncommercial Fund.

(a3) Expired October 1, 2011, pursuant to Session Laws 2001-442, s. 8, as amended by Session Laws 2008-195, s. 11.

(b) Whenever the discharge or release of a petroleum product is from a commercial underground storage tank, the Department may supervise the cleanup of environmental damage required by G.S. 143-215.94E(a). If the owner or operator elects to have the Commercial Fund reimburse or pay for any costs allowed under subsection (b) or (b1) of G.S. 143-215.94B, the Department shall require the owner or operator to submit documentation of all expenditures claimed for the purposes of establishing that the owner or operator has spent the amounts required to be paid by the owner or operator pursuant to and in accordance with G.S. 143-215.94E(b). The Department shall allow credit for all expenditures that the Department determines to be reasonable and necessary. The Department may not pay for any costs for which the Commercial Fund was established until the owner or operator has paid the amounts specified in G.S. 143-215.94E(b).

(c) The Secretary shall keep a record of all expenses incurred for the services of State personnel and for the use of the State's equipment and material.

(d) The Secretary shall seek reimbursement through any legal means available, for:

(1) Any costs not authorized to be paid from either the Commercial or the Noncommercial Fund;

(2) The amounts provided for in G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) required to be paid for by the owner or operator pursuant to G.S. 143-215.94E(b) where the owner or operator of a commercial underground storage tank is later identified or located;

(3) The amounts provided for in G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) required to be paid for by the owner or operator pursuant to G.S. 143-215.94E(b) where the owner or operator of a commercial underground storage tank failed to proceed as required by G.S. 143-215.94E(a);

(3a) The amounts provided for by G.S. 143-215.94B(b)(5) required to be paid by the owner or operator to third parties for the cost of providing interim alternative sources of drinking water to third parties and the initial cost of providing permanent alternative sources of drinking water to third parties;

(4) Any funds due under G.S. 143-215.94E(g); and
(5) Any funds to which the State is entitled under any federal program providing for the cleanup of petroleum discharges or releases from underground storage tanks; [and]

(6) The amounts provided for in G.S. 143-215.94B(b5) and G.S. 143-215.94D(b2).

(e) In the event that a civil action is commenced to secure reimbursement pursuant to subdivisions (1) through (4) of subsection (d) of this section, the Secretary may recover, in addition to any amount due, the costs of the action, including but not limited to reasonable attorney's fees and investigation expenses. Any monies received or recovered as reimbursement shall be paid into the appropriate fund or other source from which the expenditures were made.

(4) In the event that a recovery equal to or in excess of the amounts required to be paid for by the owner or operator pursuant to G.S. 143-215.94E(b) is recovered pursuant to subdivisions (2) and (3) of subsection (d) of this section for the costs described in G.S. 143-215.94B(b) or G.S. 143-215.94B(b1), the Department shall transfer funds from the Commercial Fund that would have been paid from the Commercial Fund pursuant to subsection (b) or (b2) of G.S. 143-215.94B if the owner or operator had proceeded with the cleanup, but which were paid from the Noncommercial Fund, into the Noncommercial Fund.

(f) If the Department paid or reimbursed costs that are not authorized to be paid or reimbursed under G.S. 143-215.94B or G.S. 143-215.94D as a result of a misrepresentation by an agent who acted on behalf of an owner, operator, or landowner, the Department shall first seek reimbursement, pursuant to subdivision (1) of subsection (d) of this section, from the agent of monies paid to or retained by the agent.

(h) The Department shall take administrative action to recover costs or bring a civil action pursuant to subdivision (1) of subsection (d) of this section to seek reimbursement of costs in accordance with the time limits set out in this subsection.

(1) The Department shall take administrative action to recover costs or bring a civil action to seek reimbursement of costs that are not authorized to be paid from the Commercial Fund under subdivision (1), (2), or (3) of G.S. 143-215.94B(d) or from the Noncommercial Fund under subdivision (1), (2), or (3) of G.S. 143-215.94D(d) within five years after payment.

(2) The Department shall take administrative action to recover costs or bring a civil action to seek reimbursement of costs other than those described in subdivision (1) of this subsection within three years after payment.

(3) Notwithstanding the time limits set out in subdivisions (1) and (2) of this subsection, the Department may take administrative action to recover costs or bring a civil action to seek reimbursement of costs paid as a result of fraud or misrepresentation at any time.

(i) An administrative action or civil action that is not commenced within the time allowed by subsection (h) of this section is barred.

(j) Except with the consent of the claimant, the Department may not withhold payment or reimbursement of costs that are authorized to be paid from the Commercial Fund or the Noncommercial Fund in order to recover any other costs that are in dispute unless the Department is authorized to withhold payment by a final decision of the Commission pursuant to G.S. 150B-36 or an order or final decision of a court."

SECTION 14.16A. (g) G.S. 143-215.94J reads as rewritten:

"§ 143-215.94J. Limitation of liability of the State of North Carolina.

(a) No claim filed against either the Commercial Fund or the Noncommercial Fund shall be paid except from assets of the respective fund as provided for in this Part or as may otherwise be authorized by law.

(b) This Part shall not be construed to obligate the General Assembly to make any appropriation to implement the provisions of this Part; nor shall it be construed to obligate the Secretary to take any action pursuant to this Part for which funds are not available from appropriations or otherwise.
The Secretary may budget anticipated receipts as needed to implement this Part. Should the Secretary find that the Noncommercial Fund balance is insufficient to satisfy all claims and other obligations of the Noncommercial Fund incurred pursuant to this Part, the Secretary may transfer funds which would otherwise revert to the General Fund to the Noncommercial Fund in order to meet such claims and obligations.

If at any time the fund balance is insufficient to pay all valid claims against it, the claims shall be paid in full in the order in which they are finally determined. The Secretary may retain not more than five hundred thousand dollars ($500,000) in the Noncommercial Commercial Fund as a contingency reserve and not apply the reserve to the claims. The Department may use the contingency reserve to conduct cleanups in accordance with G.S. 143-215.94G when an imminent hazard poses a threat to human health or to significant natural resources.

(b) The report required by this section shall be made by the Secretary on or before November 1 of each year."

SECTION 14.16B. Rules. – 15A NCAC 02L .0403 (Rule Application), 15A NCAC 02L .0407 (Reclassification of Risk Levels), and Section .0400 of 15A NCAC 02L NONCOMMERCIAL TANKS – ELIMINATE INITIAL ABATEMENT REQUIREMENTS
(Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks). – Until the effective date of the revised permanent rules that the Department of Environment and Natural Resources is required to adopt pursuant to subsection (c) of this section, the Department shall implement 15A NCAC 02L .0403 (Rule Application), 15A NCAC 02L .0407 (Reclassification of Risk Levels), and Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks) as provided in subsections (b) and (c) of this section.

SECTION 14.16B.(b) Implementation. – Notwithstanding 15A NCAC 02L .0403 (Rule Application), subsection (d) of 15A NCAC 02L .0407 (Reclassification of Risk Levels), and any other provision of Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks), the Department shall:

1. Not require a responsible party to take immediate action or initial abatement actions with respect to a discharge or release from a noncommercial underground storage tank until such time as the Department has classified the risk posed by the discharge or release, except for those actions determined by the Department to be necessary to protect public health, safety, and welfare and the environment, and to mitigate any fire, explosion, or vapor hazard.

2. Notify the responsible party that no cleanup, no further cleanup, or no further action will be required by the Department if the risk posed by a discharge or release from a noncommercial underground storage tank is determined by the Department to be low risk, without requiring soil remediation pursuant to 15A NCAC 02L .0408. The Department may, however, reclassify the risk if it later determines that the discharge or release poses an unacceptable risk or a potentially unacceptable risk to human health or the environment.

SECTION 14.16B.(c) Additional Rule-Making Authority. – The Department of Environment and Natural Resources shall adopt rules to amend 15A NCAC 02L .0403 (Rule Application), subsection (d) of 15A NCAC 02L .0407 (Reclassification of Risk Levels), and any other provision of Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks), consistent with subsection (b) of this section. SECTION 14.17. Of the funds appropriated in this act to the Department of Environment and Natural Resources for State water and wastewater grants, the sum of five million dollars ($5,000,000) for the 2015-2016 fiscal year shall be used to provide a grant to a municipality located in a development tier two county where the municipality (i) has a population less than 12,000 and (ii) has previously received a loan during the 2013 calendar year under the Drinking Water State Revolving Fund to replace water distribution lines serving 5,000 or fewer customers that have exceeded their useful life as evidenced by tuberculation, breaks, and leaks. These funds supplement funding in the base budget for water and wastewater infrastructure grants.
MILITARY BUFFERS

SECTION 14.18.(a) The funds appropriated in this act to the Clean Water Management Trust Fund for the purpose of military buffers shall only be expended on land that buffers a military facility from incompatible use encroachment.

SECTION 14.18.(b) For purposes of this section, “military facility” means a major military installation or training area identified in the report prepared by the Office of Land & Water Stewardship entitled ”North Carolina Military Installation, Training Area, and Mission Protection Land Use Framework: Phase I” (December 2014 version).

ENVIRONMENTAL ASSESSMENT METHODOLOGY

SECTION 14.19. The Department of Environment and Natural Resources shall review and revise its procedures and rate tables for reimbursement of soil assessment activities. These revisions shall permit the use of Ultra Violet Fluorescence (UVF) and other appropriate test methods as alternatives to US EPA Method 8015 for soil assessment and petroleum contamination delineation activities, where the alternative would (i) not violate federal law or regulations, (ii) provide equivalent accuracy and quality of results, and (iii) result in appreciable cost savings. Nothing in this section is intended to forbid the use of US EPA Method 8015 where other methods would not be appropriate under the criteria set forth in this section.

LANDFILL CHANGES

SECTION 14.20.(a) G.S. 130A-294 reads as rewritten:

"§ 130A-294. Solid waste management program."

(a) The Department is authorized and directed to engage in research, conduct investigations and surveys, make inspections and establish a statewide solid waste management program. In establishing a program, the Department shall have authority to:

(4) a. Develop a permit system governing the establishment and operation of solid waste management facilities. A landfill with a disposal area of 1/2 acre or less for the on-site disposal of land clearing and inert debris is exempt from the permit requirement of this section and shall be governed by G.S. 130A-301.1. Demolition debris from the decommissioning of manufacturing buildings, including electric generating stations, that is disposed of on the same site as the decommissioned buildings, is exempt from the permit requirement of this section and rules adopted pursuant to this section and shall be governed by G.S. 130A-301.3. The Department shall not approve an application for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill, excluding demolition landfills as defined in the rules of the Commission, except as provided in subdivisions (3) and (4) of subsection (b1) of this section. No permit shall be granted for a solid waste management facility having discharges that are point sources until the Department has referred the complete plans and specifications to the Commission and has received advice in writing that the plans and specifications are approved in accordance with the provisions of G.S. 143-215.1. In any case where the Department denies a permit for a solid waste management facility, it shall state in writing the reason for denial and shall also state its estimate of the changes in the applicant's proposed activities or plans that will be required for the applicant to obtain a permit.

(a2) Permits for sanitary landfills and transfer stations shall be issued for (i) a design and operation phase of five years or (ii) a design and operation phase of 10 years. A permit issued
for a design and operation phase of 10 years shall be subject to a limited review within five years of the issuance date. The life-of-site of the facility unless revoked as otherwise provided under this Article or upon the expiration of any local government franchise required for the facility pursuant to subsection (b1) of this section. For purposes of this section, "life-of-site" means the period from the initial receipt of solid waste at the facility until the Department approves final closure of the facility. Permits issued pursuant to this subsection shall take into account the duration of any permits previously issued for the facility and the remaining capacity at the facility.

(b) The Commission shall adopt and the Department shall enforce rules to implement a comprehensive statewide solid waste management program. The rules shall be consistent with applicable State and federal law; and shall be designed to protect the public health, safety, and welfare; preserve the environment; and provide for the greatest possible conservation of cultural and natural resources. Rules for the establishment, location, operation, maintenance, use, discontinuance, recordation, post-closure care of solid waste management facilities also shall be based upon recognized public health practices and procedures, including applicable epidemiological research and studies; hydrogeological research and studies; sanitary engineering research and studies; and current technological development in equipment and methods. The rules shall not apply to the management of solid waste that is generated by an individual or individual family or household unit on the individual's property and is disposed of on the individual's property.

(b1) (1) For purposes of this subsection and subdivision (4) of subsection (a) of this section, a "substantial amendment" means either:
   a. An increase of ten percent (10%) or more in:
      1. The population of the geographic area to be served by the
         sanitary landfill;
      2. The quantity of solid waste to be disposed of in the sanitary
         landfill; or
      3. The geographic area to be served by the sanitary landfill.
   b. A change in the categories of solid waste to be disposed of in the
      sanitary landfill or any other change to the application for a permit or
      to the permit for a sanitary landfill that the Commission or the
      Department determines to be substantial.

(2) A person who intends to apply for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill shall obtain, prior to applying for a permit, a franchise for the operation of the sanitary landfill from each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located. A local government may adopt a franchise ordinance under G.S. 153A-136 or G.S. 160A-319. A franchise granted for a sanitary landfill shall be granted for the life-of-site of the landfill and shall include all of the following:
   a. A statement of the population to be served, including a description of
      the geographic area.
   b. A description of the volume and characteristics of the waste stream.
   c. A projection of the useful life of the sanitary landfill.
   e. The procedures to be followed for governmental oversight and
      regulation of the fees and rates to be charged by facilities subject to
      the franchise for waste generated in the jurisdiction of the franchising
      entity.
   f. A facility plan for the sanitary landfill that shall include the
      boundaries of the proposed facility, proposed development of the
      facility site in five-year operational phases, site the boundaries of all
waste disposal units, final elevations and capacity of all waste disposal units, the amount of waste to be received per day in tons, the total waste disposal capacity of the sanitary landfill in tons, a description of environmental controls, and a description of any other waste management activities to be conducted at the facility. In addition, the facility plan shall show the proposed location of soil borrow areas, leachate facilities, and all other facilities and infrastructure, including ingress and egress to the facility.

(4) An applicant for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill shall request each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located to issue a determination as to whether the local government has in effect a franchise, zoning, subdivision, or land-use planning ordinance applicable to the sanitary landfill and whether the proposed sanitary landfill, or the existing sanitary landfill as it would be operated under the renewed or major permit modification or substantially amended permit, would be consistent with the applicable ordinances. The request to the local government shall be accompanied by a copy of the permit application and shall be delivered to the clerk of the local government personally or by certified mail. In order to serve as a basis for a determination that an application for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill is consistent with a zoning, subdivision, or land-use planning ordinance, an ordinance or zoning classification applicable to the real property designated in the permit application shall have been in effect not less than 90 days prior to the date the request for a determination of consistency is delivered to the clerk of the local government. The determination shall be verified or supported by affidavit signed by the chief administrative officer, the chief administrative officer's designee, clerk, or other official designated by the local government to make the determination and, if the local government states that the sanitary landfill as it would be operated under the new, renewed, new permit, major permit modification, or substantially amended permit is inconsistent with a franchise, zoning, subdivision, or land-use planning ordinance, shall include a copy of the ordinance and the specific reasons for the determination of inconsistency. A copy of the determination shall be provided to the applicant when the determination is submitted to the Department. The Department shall not act upon an application for a permit under this section until it has received a determination from each local government requested to make a determination by the applicant; provided that if a local government fails to submit a determination to the Department as provided by this subsection within 15 days after receipt of the request, the Department shall proceed to consider the permit application without regard to a franchise, local zoning, subdivision, and land-use planning ordinances. Unless the local government makes a subsequent determination of consistency with all ordinances cited in the determination or the sanitary landfill as it would be operated under the new, renewed, new permit, major permit modification, or substantially amended permit is determined by a court of competent jurisdiction to be consistent with the cited ordinances, the Department shall attach as a condition of the permit a requirement that the applicant, prior to construction or operation of the sanitary landfill under the permit, comply with all lawfully adopted local ordinances cited in the
determination that apply to the sanitary landfill. This subsection shall not be construed to affect the validity of any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance or to affect the responsibility of any person to comply with any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance. This subsection shall not be construed to limit any opportunity a local government may have to comment on a permit application under any other law or rule. This subsection shall not apply to any facility with respect to which local ordinances are subject to review under either G.S. 104E-6.2 or G.S. 130A-293.

(5) As used in this subdivision, "coal-fired generating unit" and "investor-owned public utility" have the same meaning as in G.S. 143-215.107D(a). Notwithstanding subdivisions (a)(4), (b1)(3), or (b1)(4) of this section, no franchise shall be required for a sanitary landfill used only to dispose of waste generated by a coal-fired generating unit that is owned or operated by an investor-owned utility subject to the requirements of G.S. 143-215.107D.

"SECTION 14.20.(b) No later than July 1, 2016, the Environmental Management Commission shall adopt rules to allow applicants for permits for sanitary landfills to apply for a permit for the life-of-site of the facility. No later than July 1, 2016, the Commission shall also adopt rules to allow applicants for permits for transfer stations to apply for a permit to construct and operate a transfer station for the life-of-site of the station.

SECTION 14.20.(b1) Nothing in subsections (a) and (b) of this section is intended to diminish or otherwise weaken the authority of the Department of Environment and Natural Resources to inspect, review, fine, or otherwise enforce permit conditions, statutes, or rules applicable to a sanitary landfill or transfer station.

SECTION 14.20.(c) G.S. 130A-295.8 reads as rewritten:

SECTION 14.20.(d) G.S. 130A-295.3 reads as rewritten:
"§ 130A-295.3. Environmental compliance review requirements for applicants and permit holders.

(b) The Department shall conduct an environmental compliance review of each applicant for a new permit, permit renewal, permit and permit amendment under this Article. The environmental compliance review shall evaluate the environmental compliance history of the applicant for a period of five years prior to the date of the application and may cover a longer period at the discretion of the Department. The environmental compliance review of an applicant may include consideration of the environmental compliance history of the parents, subsidiaries, or other affiliates of an applicant or parent that is a business entity, including any business entity or joint venturer with a direct or indirect interest in the applicant, and other facilities owned or operated by any of them. The Department shall determine the scope of the review of the environmental compliance history of the applicant, parents, subsidiaries, or other affiliates of the applicant or parent, including any business entity or joint venturer with a direct or indirect interest in the applicant, and of other facilities owned or operated by any of them. An applicant for a permit shall provide environmental compliance history information for each facility, business entity, joint venture, or other undertaking in which any of the persons listed in this subsection is or has been an owner, operator, officer, director, manager, member, or partner, or in which any of the persons listed in this subsection has had a direct or indirect interest as requested by the Department.

SECTION 14.20.(e) After July 1, 2016, the annual fee due pursuant to G.S. 130A-295.8A(d1), as enacted by Section 14.20(c) of this act, for existing sanitary landfills and transfer stations with a valid permit issued before the date this act becomes effective is equal to the applicable annual fee for the facility as set forth in G.S. 130A-295.8A(d1), as enacted by Section 14.20(c) of this act, less a permittee fee credit. A permittee fee credit exists when the life-of-site permit fee amount is greater than the time-limited permit fee amount. The amount of the permittee fee credit shall be calculated by (i) subtracting the time-limited permit fee amount from the life-of-site permit fee amount due for the same period of time and (ii) multiplying the difference by a fraction, the numerator of which is the number of years remaining in the facility's time-limited permit and the denominator of which is the total number of years covered by the facility's time-limited permit. The amount of the permittee fee credit shall be allocated in equal annual installments over the number of years that constitute the facility's remaining life-of-site, as determined by the Department, unless the Department accelerates, in its sole discretion, the use of the credit over a shorter period of time. For purposes of this subsection, the following definitions apply:
(1) Life-of-site permit fee amount. – The amount equal to the sum of all annual fees that would be due under the fee structure set forth in G.S. 130A-295.8A(d1), as enacted by Section 14.20(c) of this act, during the cycle of the facility’s permit in effect on July 1, 2016.

(2) Time-limited permit fee amount. – The amount equal to the sum of the application fee or renewal fee, whichever is applicable, and all annual fees paid or to be paid pursuant to subsections (c) and (d) of G.S. 130A-295.8A, as repealed by Section 14.20(c) of this act, during the cycle of the facility’s permit in effect on July 1, 2016.

The Department shall adopt rules to implement this subsection.

SECTION 14.20.(f) This section becomes effective October 1, 2015. G.S. 130A-294(b1)(2), as amended by subsection (a) of this section, applies to franchise agreements executed on or after October 1, 2015. The remainder of G.S. 130A-294, as amended by subsection (a) of this section, and G.S. 130A-295.8, as amended by subsection (c) of this section, apply to (i) existing sanitary landfills and transfer stations, with a valid permit issued before the date this act becomes effective, when that permit is next subject to renewal after July 1, 2016, (ii) new sanitary landfills and transfer stations, for applications submitted on or after July 1, 2016, and (iii) applications for sanitary landfills or transfer stations submitted before July 1, 2015, and pending on the date this act becomes law shall be evaluated by the Department based on the applicable laws that were in effect on July 1, 2015, and the Department shall not delay in processing such permit applications in consideration of changes made by this act, but such landfills and transfer stations shall be eligible for issuance of life-of-site permits pursuant to G.S. 130A-294(a2), as amended by Section 14.20(b) of this act, when that permit is next subject to renewal after July 1, 2016.

SECTION 14.21.(a) The Environmental Review Commission shall convene a stakeholder working group to study local government authority over solid waste management matters, including (i) the authority to enact ordinances concerning collection and processing of solid waste generated within their jurisdictions, as well as their authority to charge fees for such services; (ii) an examination of costs to local governments for providing solid waste collection and processing services to citizens; (iii) whether efficiencies and cost reductions could be realized through privatization of such services, and what impacts might result from privatization, including any bearing on local government financing of currently sited solid waste management facilities; and (iv) any other issue the Commission deems relevant. In the conduct of this study, the Commission shall consult with representatives of the League of Municipalities, the Association of County Commissioners, the Local Government Commission, faculty from the School of Government at the University of North Carolina at Chapel Hill, as well as private waste management interests, at a minimum. The Division of Waste Management and the Division of Environmental Assistance and Customer Service of the Department of Environment and Natural Resources shall provide any information and personnel requested by the Commission in the conduct of a study required by this section.

SECTION 14.21.(b) The Environmental Review Commission shall study the use of new technologies and strategies, including the use of integrated and mobile aerosolization systems, to dewater leachate and other forms of wastewater for the purpose of reducing the burden and cost of disposal at the site where it is generated. The Department shall seek this greater flexibility and opportunity for mitigation for both public and private development. The Department shall request that the Corps Offices review the flexibility and opportunities for mitigation allowed by other Districts of the United States Army Corps of Engineers, both within the South Atlantic District and nationwide.

**SECTION 14.24.(b)** The Department shall report on its progress in petitioning the Corps Offices as required by subsection (a) of this section to the Environmental Review Commission, the chairs of the Senate Appropriations Committee on Natural and Economic Resources and the House Appropriations Committee on Agriculture and Natural and Economic Resources, and the Fiscal Research Division no later than March 1, 2016.

**REFORM CIVIL PENALTIES UNDER THE SEDIMENTATION POLLUTION CONTROL ACT**

**SECTION 14.26.(a)** G.S. 113A-54 is amended by adding a new subsection to read:

"(g) The Commission is authorized to make the final decision on a request for the remission of a civil penalty under G.S. 113A-64.2"

**SECTION 14.26.(b)** G.S. 113A-64(a) reads as rewritten:

"(a) Civil Penalties. –

(1) Any person who violates any of the provisions of this Article or any ordinance, rule, or order adopted or issued pursuant to this Article by the Commission or by a local government, or who initiates or continues a land-disturbing activity for which an erosion and sedimentation control plan is required except in accordance with the terms, conditions, and provisions of an approved plan, is subject to a civil penalty. The maximum civil penalty for a violation is five thousand dollars ($5,000). A civil penalty may be assessed from the date of the violation. Each day of a continuing violation shall constitute a separate violation. When the person has not been assessed any civil penalty under this subsection for any previous violation and that person abated continuing environmental damage resulting from the violation within 180 days from the date of the notice of violation, the maximum cumulative total civil penalty assessed under this subsection for all violations associated with the land-disturbing activity for which the erosion and sedimentation control plan is required is twenty-five thousand dollars ($25,000).

(2) The Secretary or a local government that administers an erosion and sedimentation control program approved under G.S. 113A-60 shall determine the amount of the civil penalty and shall notify the person who is assessed the civil penalty of the amount of the penalty and the reason for assessing the penalty, the option available to that person to request a remission of the civil penalty under G.S. 113A-64.2, the date of the deadline for that person to make the remission request regarding this particular penalty, and, when that person has not been assessed any civil penalty under this section for any previous violation, the date of the deadline for that person to abate continuing environmental damage resulting from the violation in order to be subject to the maximum cumulative total civil penalty under subdivision (1) of this subsection. The notice of assessment shall be served by any means authorized under G.S. 1A-1, Rule 4, and shall direct the violator to either pay the assessment or contest the assessment within 30 days by filing a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. If a violator does not pay a civil penalty assessed by the Secretary within 30 days after it is due, the
Department shall request the Attorney General to institute a civil action to recover the amount of the assessment. If a violator does not pay a civil penalty assessed by a local government within 30 days after it is due, the local government may institute a civil action to recover the amount of the assessment. The civil action may be brought in the superior court of any county where the violation occurred or the violator's residence or principal place of business is located. A civil action must be filed within three years of the date the assessment was due. An assessment that is not contested is due when the violator is served with a notice of assessment. An assessment that is contested is due at the conclusion of the administrative and judicial review of the assessment.

SECTION 14.26.(c) Article 4 of Chapter 113A of the General Statutes is amended by adding a new section to read:

"§ 113A-64.2. Remission of civil penalties.

(a) A request for remission of a civil penalty imposed under G.S. 113A-64 may be filed with the Commission within 60 days of receipt of the notice of assessment. A remission request must be accompanied by a waiver of the right to a contested case hearing pursuant to Chapter 150B of the General Statutes and a stipulation of the facts on which the assessment was based.

(b) The following factors shall be considered in determining whether a civil penalty remission request will be approved:

(1) Whether one or more of the civil penalty assessment factors in G.S. 113A-64(a)(3) were wrongly applied to the detriment of the petitioner.

(2) Whether the petitioner promptly abated continuing environmental damage resulting from the violation.

(3) Whether the violation was inadvertent or a result of an accident.

(4) Whether the petitioner had been assessed civil penalties for any previous violations.

(5) Whether payment of the civil penalty will prevent payment for necessary remedial actions or would otherwise create a significant financial hardship.

(6) The assessed property tax valuation of the petitioner's property upon which the violation occurred, excluding the value of any structures located on the property.

(c) The petitioner has the burden of providing information concerning the financial impact of a civil penalty on the petitioner and the burden of showing the petitioner's financial hardship.

(d) The Commission may remit the entire amount of the penalty only when the petitioner has not been assessed civil penalties for previous violations and payment of the civil penalty will prevent payment for necessary remedial actions.

(e) The Commission may not impose a penalty under this section that is in excess of the civil penalty imposed by the Department."

SECTION 14.26.(d) G.S. 113A-61.1(c) reads as rewritten:

"(c) If the Secretary, a local government that administers an erosion and sedimentation control program approved under G.S. 113A-60, or other approving authority determines that the person engaged in the land-disturbing activity has failed to comply with this Article, the Secretary, local government, or other approving authority shall immediately serve a notice of violation upon that person. The notice may be served by any means authorized under G.S. 1A-1, Rule 4. A notice of violation shall specify a date by which the person must comply with this Article and inform the person of the actions that need to be taken to comply with this Article. Any person who fails to comply within the time specified is subject to additional civil and criminal penalties for a continuing violation as provided in G.S. 113A-64. If the person engaged in the land-disturbing activity has not received a previous notice of violation under this section, the Department, local government, or other approving authority shall deliver the notice
of violation in person and shall offer assistance in developing corrective measures. Assistance may be provided by referral to a technical assistance program in the Department, referral to a cooperative extension program, or by the provision of written materials such as Department guidance documents. If the Department, local government, or other approving authority is unable to deliver the notice of violation in person within 15 days following discovery of the violation, the notice of violation may be served in the manner prescribed for service of process by G.S. 1A-1, Rule 4, and shall include information on how to obtain assistance in developing corrective measures."

SECTION 14.26.(e) This section is effective when this act becomes law and applies to civil penalties assessed and notices of violation issued on or after that date.

§ 143B-135.140. Short title.

This Article Part shall be known and may be cited as the "Natural and Scenic Rivers Act of 1971."

§ 143B-135.142. Declaration of policy.

The General Assembly finds that certain rivers of North Carolina possess outstanding natural, scenic, educational, geological, recreational, historic, fish and wildlife, scientific and cultural values of great present and future benefit to the people. The General Assembly further finds as policy the necessity for a rational balance between the conduct of man and the preservation of the natural beauty along the many rivers of the State. This policy includes retaining the natural and scenic conditions in some of the State's valuable rivers by maintaining them in a free-flowing state and to protect their water quality and adjacent lands by retaining these natural and scenic conditions. It is further declared that the preservation of certain rivers
or segments of rivers in their natural and scenic condition constitutes a beneficial public purpose.

"§ 143B-135.144. Declaration of purpose.

The purpose of this Article-Part is to implement the policy as set out in G.S. 113A-31 and G.S. 143B-135.142 by instituting a North Carolina natural and scenic rivers system, and by prescribing methods for inclusion of components to the system from time to time.

"§ 143B-135.146. Definitions.

As used in this Article-Part, unless the context requires otherwise:

(1) "Department" means the Department of Environment and Natural and Cultural Resources.

(2) "Free-flowing," as applied to any river or section of a river, means existing or flowing in natural condition without substantial impoundment, diversion, straightening, rip-rapping, or other modification of the waterway. The existence of low dams, diversion works, and other minor structures at the time any river is proposed for inclusion in the North Carolina natural and scenic rivers system shall not automatically bar its consideration for such inclusion: Provided, that this shall not be construed to authorize, intend, or encourage future construction of such structures within components of the system.

(3) "River" means a flowing body of water or estuary or a section, portion, or tributary thereof, including rivers, streams, creeks, runs, kilns, rills, and small lakes.

(4) "Road" means public or private highway, hard-surface road, dirt road, or railroad.

(5) "Scenic easement” means a perpetual easement in land which (i) is held for the benefit of the people of North Carolina, (ii) is specifically enforceable by its holder or beneficiary, and (iii) limits or obligates the holder of the servient estate, his heirs, and assigns with respect to their use and management of the land and activities conducted thereon. The object of such limitations and obligations is the maintenance or enhancement of the natural beauty of the land in question or of the areas affected by it.

(6) "Secretary" means the Secretary of Environment and Natural and Cultural Resources.

"§ 143B-135.148. Types of scenic rivers.

The following types of rivers are eligible for inclusion in the North Carolina natural and scenic rivers system:

Class I. Natural river areas. Those free-flowing rivers or segments of rivers and adjacent lands existing in a natural condition. Those rivers or segments of rivers that are free of man-made impoundments and generally inaccessible except by trail, with the lands within the boundaries essentially primitive and the waters essentially unpolluted. These represent vestiges of primitive America.

Class II. Scenic river areas. Those rivers or segments of rivers that are largely free of impoundments, with the lands within the boundaries largely primitive and largely undeveloped, but accessible in places by roads.

Class III. Recreational river areas. Those rivers or segments of rivers that offer outstanding recreation and scenic values and that are largely free of impoundments. They may have some development along their shorelines and have more extensive public access than natural or scenic river segments. Recreational river segments may also link two or more natural and/or scenic river segments to provide a contiguous designated river area. No provision of this section shall interfere with flood control measures; provided that recreational river users can continue to travel the river.
§ 143B-135.150. Criteria for system.
For the inclusion of any river or segment of river in the natural and scenic river system, the following criteria must be present:

1. River segment length – must be no less than one mile.
2. Boundaries – of the system shall be the visual horizon or such distance from each shoreline as may be determined to be necessary by the Secretary, but shall not be less than 20 feet.
3. Water quality – shall not be less than that required for Class "C" waters as established by the North Carolina Environmental Management Commission.
4. Water flow – shall be sufficient to assure a continuous flow and shall not be subjected to withdrawal or regulation to the extent of substantially altering the natural ecology of the stream.
5. Public access – shall be limited, but may be permitted to the extent deemed proper by the Secretary, and in keeping with the property interest acquired by the Department and the purpose of this Article and Part.

§ 143B-135.152. Components of system; management plan; acquisition of land and easements; inclusion in national system.
(a) That segment of the south fork of the New River extending from its confluence with Dog Creek in Ashe County downstream through Ashe and Alleghany Counties to its confluence with the north fork of the New River and the main fork of the New River in Ashe and Alleghany Counties downstream to the Virginia State line shall be a scenic river area and shall be included in the North Carolina Natural and Scenic Rivers System.

The Department shall prepare and implement a management plan for this river section. This management plan shall recognize and provide for the protection of the existing undeveloped scenic and pastoral features of the river. Furthermore, it shall specifically provide for continued use of the lands adjacent to the river for normal agricultural activities, including, but not limited to, cultivation of crops, raising of cattle, growing of trees and other practices necessary to these agricultural pursuits.

For purposes of implementing this section and the management plan, the Department may acquire lands or interests in lands, provide for protection of scenic values as described in G.S. 113A-38, G.S. 143B-135.160, and provide for public access. Easements obtained for the purpose of implementing this section and the management plan shall not abridge the water rights being exercised on May 26, 1975.

Should the Governor seek inclusion of this river segment in the National System of Wild and Scenic Rivers by action of the Secretary of Interior, such inclusion shall be at no cost to the federal government, as prescribed in the National Wild and Scenic Rivers Act, and therefore shall be under the terms described in this section of the North Carolina Wild and Scenic Rivers Act and in the management plan developed pursuant thereto.

(b) Repealed by Session Laws 2012-200, s. 24, effective August 1, 2012.

§ 143B-135.154. Additional components.
That segment of the Linville River beginning at the State Highway 183 bridge over the Linville River and extending approximately 13 miles downstream to the boundary between the United States Forest Service lands and lands of Duke Power Company (latitude 35° 50' 20") shall be a natural river area and shall be included in the North Carolina Natural and Scenic Rivers System.

That segment of the Horsepasture River in Transylvania County extending downstream from Bohaynee Road (N.C. 281) to Lake Jocassee shall be a natural river and shall be included in the North Carolina Natural and Scenic Rivers System.

That segment of the Lumber River extending from county road 1412 in Scotland County downstream to the North Carolina-South Carolina state line, a distance of approximately 102 river miles, shall be included in the Natural and Scenic Rivers System and classified as follows: from county road 1412 in Scotland County downstream to the junction of the Lumber River and Back Swamp shall be classified as scenic; from the junction of the Lumber River and Back...
Swamp downstream to the junction of the Lumber River and Jacob Branch and the river within the Fair Bluff town limits shall be classified as recreational; and from the junction of the Lumber River and Jacob Branch downstream to the North Carolina-South Carolina state line, excepting the Fair Bluff town limits, shall be classified as natural. 

§ 143B-135.156. Administrative agency; federal grants; additions to the system; regulations.

(a) The Department is the agency of the State of North Carolina with the duties and responsibilities to administer and control the North Carolina natural and scenic rivers system.

(b) The Department shall be the agency of the State with the authority to accept federal grants of assistance in planning, developing (which would include the acquisition of land or an interest in land), and administering the natural and scenic rivers system.

(c) The Secretary of the Department shall study and from time to time submit to the Governor and to the General Assembly proposals for the additions to the system of rivers and segments of rivers which, in his judgment, fall within one or more of the categories set out in G.S. 113A-34, G.S. 143B-135.148. Each proposal shall specify the category of the proposed addition and shall be accompanied by a detailed report of the facts which, in the Secretary's judgment, makes the area a worthy addition to the system.

Before submitting any proposal to the Governor or the General Assembly for the addition to the system of a river or segment of a river, the Secretary or his authorized representative, shall hold a public hearing in the county or counties where said river or segment of river is situated. Notice of such public hearing shall be given by publishing a notice once each week for two consecutive weeks in a newspaper having general circulation in the county where said hearing is to be held, the second of said notices appearing not less than 10 days before said hearing. Any person attending said hearing shall be given an opportunity to be heard. Notwithstanding the provisions of the foregoing, no public hearing shall be required with respect to a river bounded solely by the property of one owner, who consents in writing to the addition of such river to the system.

The Department shall also conduct an investigation on the feasibility of the inclusion of a river or a segment of river within the system and file a written report with the Governor when submitting a proposal.

The Department shall also, before submitting such a proposal to the Governor or the General Assembly, notify in writing the owner, lessee, or tenant of any lands adjoining said river or segment of river of its intention to make such proposal. In the event the Department, after due diligence, is unable to determine the owner or lessee of any such land, the Department may publish a notice for four successive weeks in a newspaper having general circulation in the county where the land is situated of its intention to make a proposal to the Governor or General Assembly for the addition of a river or segment of river to the system.

(c1) Upon receipt of a request in the form of a resolution from the commissioners of the county or counties in which a river segment is located and upon studying the segment and determining that it meets the criteria set forth in G.S. 113A-35, G.S. 143B-135.150, the Secretary may designate the segment a potential component of the natural and scenic rivers system. The designation as a potential component shall be transmitted to the Governor and all appropriate State agencies. Any segment so designated is subject to the provisions of this Article Part applicable to designated rivers, except for acquisition by condemnation or otherwise, and to any rules adopted pursuant to this Article Part. The Secretary shall make a full report and, if appropriate, a proposal for an addition to the natural and scenic rivers system to the General Assembly within 90 days after the convening of the next session following issuance of the designation, and the General Assembly shall determine whether to designate the segment as a component of the natural and scenic rivers system. If the next session of the General Assembly fails to take affirmative action on the designation, the designation as a potential component shall expire.

(d) The Department may adopt rules to implement this Article Part.
§ 143B-135.158. Raising the status of an area.
Whenever in the judgment of the Secretary of the Department a scenic river segment has been sufficiently restored and enhanced in its natural scenic and recreational qualities, such segment may be reclassified with the approval of the Department, to a natural river area status and thereafter administered accordingly.

§ 143B-135.160. Land acquisition.
(a) The Department of Administration is authorized to acquire for the Department, within the boundaries of a river or segment of river as set out in G.S. 113A-35 G.S. 143B-135.150 on behalf of the State of North Carolina, lands in fee title or a lesser interest in land, preferably "scenic easements." Acquisition of land or interest therein may be by donation, purchase with donated or appropriated funds, exchange or otherwise.
(b) The Department of Administration in acquiring real property or a property interest therein as set out in this Article shall have and may exercise the power of eminent domain in accordance with Article 3 of Chapter 40A of the General Statutes.

§ 143B-135.162. Claim and allowance of charitable deduction for contribution or gift of easement.
The contribution or donation of a "scenic easement," right-of-way or any other easement or interest in land to the State of North Carolina, as provided in this Article, shall be deemed a contribution to the State of North Carolina within the provisions of G.S. 105-130.9 and section 170(c)(1) of the Internal Revenue Code. The value of the contribution or donation shall be the fair market value of the easement or other interest in land when the contribution or donation is made.

§ 143B-135.164. Component as part of State park, wildlife refuge, etc.
Any component of the State natural and scenic rivers system that is or shall become a part of any State park, wildlife refuge, or state-owned area shall be subject to the provisions of this Article and the Article laws under which the other areas may be administered, and in the case of conflict between the provisions of these Article laws the more restrictive provisions shall apply.

§ 143B-135.166. Component as part of national wild and scenic river system.
Nothing in this Article shall preclude a river or segment of a river from becoming part of the national wild and scenic river system. The Secretary of the Department is directed to encourage and assist any federal studies for the inclusion of North Carolina rivers in the national system. The Secretary may enter into cooperative agreements for joint federal-state administration of a North Carolina river or segment of river: Provided, that such agreements relating to water and land use are not less restrictive than the requirements of this Article.

(a) Civil Action. – Whoever violates, fails, neglects or refuses to obey any provision of this Article or rule or order of the Secretary may be compelled to comply with or obey the same by injunction, mandamus, or other appropriate remedy.
(b) Penalties. – Whoever violates, fails, neglects or refuses to obey any provision of this Article or rule or order of the Secretary is guilty of a Class 3 misdemeanor and may be punished only by a fine of not more than fifty dollars ($50.00) for each violation, and each day such person shall fail to comply, where feasible, after having been officially notified by the Department shall constitute a separate offense subject to the foregoing penalty.

The Department of Administration is hereby authorized to advance from land-purchase appropriations necessary amounts for the purchase of land in those cases where reimbursement will be later effected by the Bureau of Outdoor Recreation of the United States Department of the Interior.

§ 143B-135.172. Restrictions on project works on natural or scenic river.
The State Utilities Commission may not permit the construction of any dam, water conduit, reservoir, powerhouse transmission line, or any other project works on or directly affecting any river that is designated as a component or potential component of the State Natural and Scenic
Rivers System. No department or agency of the State may assist by loan, grant, license, permit, or otherwise in the construction of any water resources project that would have a direct and adverse effect on any river that is designated as a component or potential component of the State Natural and Scenic Rivers System. This section shall not, however, preclude licensing of or assistance to a development below or above a designated or potential component. No department or agency of the State may recommend authorization of any water resources project that would have a direct and adverse effect on any river that is designated as a component or potential component of the State Natural and Scenic Rivers System, or request appropriations to begin construction of any such project, regardless of when authorized, without advising the Secretary in writing of its intention to do so at least 60 days in advance. Such department or agency making such recommendation or request shall submit a written impact statement to the General Assembly to accompany the recommendation or request specifically describing how construction of the project would be in conflict with the purposes of this act and how it would affect the component or potential component."

If either a statewide or regional contractor, or the county board of education, chooses to contract for local towing services, all towing companies on the towing list for each law enforcement agency with jurisdiction within the county shall be given written notice and an opportunity to submit proposals prior to a contract for local towing services being awarded. The seized motor vehicle is under the constructive possession of the county board of education for the county in which the operator of the vehicle is charged at the time the vehicle is delivered to a location

Written notice of sale shall also be given to all lienholders on file with the Division. Notice of sale shall be given to the Division in accordance with the procedures established by the Division. Notices required to be given under this subsection shall be mailed at least 10 days prior to the date of sale. A lienholder shall be permitted to purchase the motor vehicle at any such sale by bidding in the amount of its lien, if that should be the highest bid, without being required to tender any additional funds, other than the towing and storage fees. The county board of education, or its agent, shall not sell, give, or otherwise transfer possession of the forfeited motor vehicle to the
defendant, the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the defendant's or motor vehicle owner's behalf.

The State Surplus Property Agency, or its agent, shall not sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant, the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the defendant's or motor vehicle owner's behalf.

(b) Proceeds of Sale. - Proceeds of any sale conducted under this section, G.S. 20-28.2(f)(5), or G.S. 20-28.3(e3)(3), shall first be applied to the cost of sale—all costs incurred by the State Surplus Property Agency or county board of education and then to satisfy towing and storage costs. The balance of the proceeds of sale, if any, shall be used to satisfy any other existing liens of record that were properly recorded prior to the date of initial seizure of the vehicle. Any remaining balance shall be paid to the county school fund in the county in which the motor vehicle was ordered forfeited. If there is more than one school board in the county, then the net proceeds of sale, after reimbursement to the county board of education of reasonable administrative costs incurred in connection with the forfeiture and sale of the motor vehicle, shall be distributed in the same manner as fines and other forfeitures. The sale of a motor vehicle pursuant to this section shall be deemed to extinguish all existing liens on the motor vehicle and the motor vehicle shall be transferred free and clear of any liens.

All contracts shall ensure the safety of the motor vehicles while held and any funds arising from the sale of any seized motor vehicle. The contract shall require the contractor to maintain and make available to the agency a computerized up-to-date inventory of all motor vehicles held under the contract, together with an accounting of all accrued charges, the status of the vehicle, and the county school fund to which the proceeds of sale are to be paid. The contract shall provide that the contractor shall pay the towing and storage charges owed on a seized vehicle to a commercial towing company.

ESTABLISHMENT OF "DOT REPORT" PROGRAM

SECTION 29.14.(a) Article 2 of Chapter 136 of the General Statutes is amended by adding a new section to read:
§ 136-18.05. Establishment of "DOT Report" Program.

(a) Intent. – It is the intent of the General Assembly that North Carolina's reputation as the "Good Roads State" is restored, which requires a partnership between the Governor, the Department of Transportation, the General Assembly, and all North Carolina citizens. Further, the General Assembly finds that improving the condition of North Carolina's roads requires increased oversight, accountability, innovation, and efficiency. It is the belief of the General Assembly that, through increased transparency and responsiveness to the public, the condition of the roads in this State will be the best in the nation within 10 years.

(b) Establishment and Components. – To achieve the intent set forth in subsection (a) of this section, the Department shall establish and implement the "DOT Report" Program (Program). The Program shall include the following components:

(1) Responsiveness. – The Department shall structure the Program to gather citizen input and shall commit to quickly addressing structural problems and other road hazards on State-maintained roads. Citizens may report potholes, drainage issues, culvert blockages, guardrail repairs, damaged or missing signs, malfunctioning traffic lights, highway debris, or shoulder damage to the Department of Transportation by calling a toll-free telephone number designated by the Department or submitting an online work request through a Web site link designated by the Department. Beginning January 1, 2016, upon receiving a citizen report in accordance with this subdivision, the Department shall either address the reported problem or identify a solution to the reported problem. Excluding potholes, which shall be repaired within two business days of the date the report is received, the Department of Transportation shall properly address (i) safety-related citizen reports no later than 10 business days after the date the report is received and (ii) non-safety-related citizen reports no later than 15 business days after the date the report is received. The Department shall determine, in its discretion, whether a citizen report is safety-related or non-safety-related. The Department shall transmit information received about potholes or other problems on roads not maintained by the State to the appropriate locality within two business days of receiving the citizen report.

(2) Performance. – Beginning December 1, 2015, the Secretary of the Department of Transportation shall conduct an annual job satisfaction survey of all Department personnel that shall address relationships among all levels of leadership, work environment, issues impacting job performance, and leadership performance in creating the dynamic work environment necessary to meet new performance outcomes. In addition, the Department shall conduct an annual survey of North Carolina citizens to measure the level of citizen satisfaction with the condition of the roads and highways of this State. Within 30 days of compiling the information received from surveys conducted in accordance with this subdivision, the results of these surveys shall be reported to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division.

SECTION 29.14.(b) Efficiency. – The Department shall adopt procedures in all stages of the construction process to streamline project delivery, including consolidating environmental review processes, expediting multiagency reviews, accelerating right-of-way acquisitions, and pursuing design-build and other processes to collapse project stages.

By December 1, 2015, the Department shall establish a baseline unit pricing structure for transportation goods used in highway maintenance and construction projects and set annual targets for three years based on its unit pricing. In forming the baseline unit prices and future targets, the Department shall collect data from each Highway Division on its expenditures on transportation goods during the 2015-2016 fiscal year. Beginning January 1, 2016, no Highway Division shall exceed a ten percent (10%) variance over a baseline unit price
set for that year in accordance with this subsection. The Department of Transportation shall institute quarterly tracking to monitor pricing variances. The ten percent (10%) maximum variance set under this subsection is intended to account for regional differences requiring varying product mixes. The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division on December 1, 2015, on information required by this subsection. If a Highway Division exceeds the unit pricing threshold, the Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division no later than the fifteenth day following the end of the quarter on why the variance occurred and what steps are being taken to bring the Highway Division back into compliance. In order to drive savings, unit pricing may be reduced annually as efficiencies are achieved.

SECTION 29.14.(c) Oversight. – No later than May 1, 2016, and to increase budget transparency and allow for greater legislative and citizen oversight, the Department of Transportation, in consultation with the Fiscal Research Division and the Office of State Budget and Management, shall reclassify the funding source for all full-time positions that are budgeted as receipt-supported on the basis of charging to projects to appropriation and shall adjust budgeted funds accordingly. Employees in the Division of Highways shall be attributed to the respective Highway Division fund codes within the Highway Fund. Notwithstanding any other provision of law, the Department of Transportation is authorized to reallocate sufficient funds from the Primary Maintenance, Secondary Maintenance, and General Maintenance Reserve fund codes to each Highway Division to pay for salary and related costs associated with the reclassified positions. Receipt-supported positions in other organizational units within the Department of Transportation shall be funded through existing fund codes and funding sources for their assigned organizational units.

SECTION 29.14.(d) Restructure. – A review of the organization, staffing, and operations of the Division of Highways within the Department of Transportation is needed to improve the efficiency and effectiveness of the Division of Highways’ operations and to align operations and staffing with the strategic goals set for the Division of Highways. To that end, the Department of Transportation shall study and review the Division of Highways. The study and review, at a minimum, shall include all of the following:

1. A review of current Division of Highways’ operations, staffing levels, and employee performance management efforts.
2. An evaluation of current laws and policies related to Division of Highways’ operations and staffing.
3. Recommendations on how best to align staffing with strategic goals and workload.
4. If the certified mail notice has been returned as undeliverable and the notice of a right to a judicial hearing has been given to the owner of the motor vehicle in accordance with G.S. 20-28.4, no further notice is required. Failure of the recipient to notify the Division or lienor, as specified in the notice, within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to the sale of the property against which the lien is asserted, and the lienor may proceed to enforce the lien by public or private sale as provided in this section and the Division shall transfer title to the property pursuant to such sale. If the Division or lienor, as specified in the notice, is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section and the Division will transfer title only pursuant to the order of a court of competent jurisdiction.

If the certified mail notice has been returned as undeliverable, or if the name of the person having legal title to the vehicle cannot reasonably be ascertained and the fair market value of the vehicle is less than eight hundred dollars ($800.00), the lienor may institute a special proceeding in the county where the vehicle is being held, for authorization to sell that vehicle. Market value shall be determined by the schedule of values adopted by the Commissioner under G.S. 105-187.3.

In such a proceeding a lienor may include more than one vehicle, but the proceeds of the sale of each shall be subject only to valid claims against that vehicle, and any excess proceeds of the sale shall be paid immediately to the Treasurer for disposition pursuant to Chapter 116B of the General Statutes.

The application to the clerk in such a special proceeding shall contain the notice of sale information set out in subsection (f) hereof. If the application is in proper form the clerk shall enter an order authorizing the sale on a date not less than 14 days therefrom, and the lienor shall cause the application and order to be sent immediately by first-class mail pursuant to G.S. 1A-1, Rule 5, to each person to whom notice was mailed pursuant to this subsection. Following the authorized sale the lienor shall file with the clerk a report in the form of an affidavit, stating that the lienor has complied with the public or private sale provisions of G.S. 44A-4, the name, address, and
bid of the high bidder or person buying at a private sale, and a statement of
the disposition of the sale proceeds. The clerk then shall enter an order
directing the Division to transfer title accordingly.
If prior to the sale the owner or legal possessor contests the sale or lien in
a writing filed with the clerk, the proceeding shall be handled in accordance
with G.S. 1-301.2.”

(c) Rules. – The provisions of Chapter 150B of the General Statutes shall not apply to
the adjustment of fees required by this section.
(d) Consultation and Publication. – At least 90 days prior to adjusting the fees pursuant

The letter shall notify the owner of the evidence and inform the owner that the owner shall respond to the letter within 10 days of the
date on the letter and explain how the owner has met the duty to have continuous financial responsibility for the vehicle. Based on the owner's response, the Division shall take the appropriate action listed:

(1) Division correction. – If the owner responds within the required time and the response establishes that the owner has not had a lapse in financial responsibility, the Division shall correct its records.

(2) Penalty only. – If the owner responds within the required time and the response establishes all of the following, the Division shall assess the owner a penalty in the amount set in subsection (b) of this section:

   a. The owner had a lapse in financial responsibility and still does not have financial responsibility.
   b. The owner now has financial responsibility even though the owner had a lapse, but the response also establishes any of the following:
      1. The vehicle was involved in an accident during the lapse.
      2. The owner operated the vehicle during the lapse with knowledge that the owner had no financial responsibility for the vehicle, or both.
      3. The owner allowed the vehicle to be operated during the lapse with knowledge that the owner had no financial responsibility for the vehicle.

When the owner responds, the Division shall take the appropriate action listed in subdivisions (1) through (3) of this subsection as if the response had been timely. If the owner does not respond within the required time, but later responds and establishes that the owner has not had a lapse in financial responsibility, the Division shall correct its records, rescind any revocation under this subdivision of the registration of the owner's vehicle, and the owner shall not be responsible for any fee or penalty arising under this section from the owner's failure to timely respond.

(b) Penalty Amount. – The following table determines the amount of a penalty payable under this section by an owner who has had a lapse in financial responsibility; the amount is based on the number of times the owner has been assessed a penalty under this section during the three-year period before the date the owner's current lapse began:

<table>
<thead>
<tr>
<th>Number of Lapses in Previous Three Years</th>
<th>Penalty Amount</th>
</tr>
</thead>
<tbody>

The revocation period for a revocation based on a response that establishes the occurrence of an accident during a lapse in financial responsibility or the knowing operation of a vehicle without financial responsibility is 30 days. The revocation period for a revocation based on failure of a vehicle owner to respond is indefinite and ends when the owner responds. (i) establishes that the owner has not had a lapse in financial responsibility, (ii) obtains financial responsibility, or (iii) transfers the vehicle to an owner who has financial responsibility, whichever occurs first.

(d) Revocation Notice. – When the Division revokes the registration of an owner's vehicle, it shall notify the owner of the revocation. The notice shall inform the owner of the following:

5. That failure of an owner to pay any penalty or fee assessed pursuant to this section shall result in the Division withholding the registration renewal of any motor vehicle registered in that owner's name.

(e) Registration After Revocation. – A vehicle whose registration has been revoked may not be registered during the revocation period in the name of the owner, a child of the owner, the owner's spouse, or a child of the owner's spouse. This restriction does not apply to a spouse who is living separate and apart from the owner. At the end of a revocation period, a vehicle owner who has financial responsibility may apply to register a vehicle whose registration was revoked. The owner shall provide proof of current financial responsibility and pay any penalty assessed, a restoration fee of fifty dollars ($50.00), and the fee for a registration plate. (3) The date that work on each project began or is expected to begin.

(4) The date that work on each project was completed or is expected to be completed.

(5) The actual cost of the project.

The semiannual reports also shall show those projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the General Fund.

SECTION 31.3.(e) Notwithstanding any provision of law to the contrary, funds appropriated for a water resources development project shall be used to provide no more than fifty percent (50%) of the nonfederal portion of funds for the project. This subsection applies to funds appropriated in this act and to funds appropriated prior to the 2015-2017 fiscal biennium that are unencumbered and proposed for reallocation to provide the nonfederal portion of funds for water resources development projects. The limitation on fund usage contained in this subsection applies only to projects in which a local government or local governments participate.

(10) State-supported financing arrangement. – Any installment financing arrangement, lease-purchase arrangement, arrangement under which funds are to be paid in the future based upon the availability of an asset or funds for payment, or any similar arrangement in the nature of a financing, under which a State entity agrees to make payments to acquire or obtain ownership or beneficial use of a capital asset for the State entity or any other State entity for a term, including renewal options, of greater than one year. Any arrangement that results in the identification of a portion of a lease payment, installment payment, or similar scheduled payment thereunder by a State entity as “interest” for purposes of federal income taxation shall automatically be a State-supported financing arrangement for purposes of this section. A true operating lease is not a State-supported financing arrangement.

(k) Leases and other agreements entered into under this section are subject to approval as follows:

(2) If a capital lease or other agreement entered into by a State entity that constitutes a State-supported financing arrangement and requires payments thereunder that are payable, whether directly or indirectly, and whether or not subject to the appropriation of funds for such payment, by payments from the General Fund of the State or other funds and accounts of the State that are funded from the general revenues and other taxes and fees of the State or State entities, not including taxes and fees that are required to be deposited to the Highway Fund or Highway Trust Fund to be used to make payments under capital leases or other agreements for projects covered under Article 14B of Chapter 136 of the General Statutes, that capital lease or other agreement shall be subject to the approval procedures required for special indebtedness by G.S. 142-83 and G.S. 142-84. This requirement shall not apply to any arrangement where bonds or other obligations are issued or incurred by a State entity to carry out a financing program authorized by the General Assembly under which such bonds or other obligations are payable from monies derived from specified, limited, nontax sources, so long as the payments under that arrangement by a State entity are limited to the sources authorized by the General Assembly.

SECTION 31.11.(b) This section is effective when this act becomes law.

In establishing the fee schedule, the Commission shall consider the administrative and personnel costs incurred by the Department of Cultural Resources. An application fee may not exceed one percent (1%) of the completed qualifying rehabilitation expenditures. The proceeds of the fees are receipts of the Department of Cultural Resources and must be used for performing its duties under this Article.

§ 105-129.103. Tax credited; credit limitations.

(a) Tax Credited. – The credits provided in this Article are allowed against the franchise tax imposed in Article 3 of this Chapter, the income taxes levied in Article 4 of this Chapter, or the gross premiums tax imposed in Article 8B of this Chapter. The taxpayer may take a credit allowed by this Article against only one of the taxes against which it is allowed. The taxpayer must elect the tax against which a credit will be claimed when filing the return on which it is claimed, and this election is binding. Any carryforwards of a credit must be claimed against the same tax.

(b) Return. – A taxpayer may claim a credit allowed by this Article on a return filed for the taxable year in which the certified historic structure was placed into service. When an income-producing certified historic structure as defined in G.S. 105-129.100 is placed into service in two or more phases in different years, the amount of credit that may be claimed in a year is the amount based on the qualified rehabilitation expenditures associated with the phase placed into service during that year.

(c) Cap. – A credit allowed under this Article may not exceed the amount of the tax against which it is claimed for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer. Any unused portion of the credit may be carried forward for the succeeding nine years.

(d) Forfeiture for Disposition. – A taxpayer who is required under section 50 of the Code to recapture all or part of the federal credit for rehabilitating an income-producing historic structure located in this State forfeits the corresponding part of the State credit allowed under G.S. 105-129.100 with respect to that historic structure. If the credit was allocated among the owners of a pass-through entity, the forfeiture applies to the owners in the same proportion that the credit was allocated.

(e) Forfeiture for Change in Ownership. – If an owner of a pass-through entity that has qualified for the credit allowed under G.S. 105-129.100 disposes of all or a portion of the owner's interest in the pass-through entity within five years from the date the rehabilitated historic structure is placed in service and the owner's interest in the pass-through entity is reduced to less than two-thirds of the owner's interest in the pass-through entity at the time the historic structure was placed in service, the owner forfeits a portion of the credit. The amount forfeited is determined by multiplying the amount of credit by the percentage reduction in ownership and then multiplying that product by the forfeiture percentage. The forfeiture
percentage equals the recapture percentage found in the table in section 50(a)(1)(B) of the Code.

(f) Exceptions to Forfeiture. – Forfeiture as provided in subsection (e) of this section is not required if the change in ownership is the result of any of the following:

1. The death of the owner.
2. A merger, consolidation, or similar transaction requiring approval by the shareholders, partners, or members of the taxpayer under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(g) Liability From Forfeiture. – A taxpayer or an owner of a pass-through entity that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.21, computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer or owner of a pass-through entity that fails to pay the taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

(h) Substantiation. – To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue, including a copy of the certification obtained from the State Historic Preservation Office verifying that the historic structure has been rehabilitated in accordance with the requirements set out in this Article, and a copy of the eligibility certification if the historic structure is located in an eligible targeted investment site and the target investment bonus is claimed. Every taxpayer claiming a credit under this Article must maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit rests upon the taxpayer, and no credit may be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

(i) No Double Credit. – A taxpayer that claims a credit under this Article may not also claim a credit under Article 3D or Article 3H of this Chapter with respect to the same activity.

"§ 105-129.104. Report; tracking.

(5) Total assets. – The sum of all cash, investments, furniture, fixtures, equipment, receivables, intangibles, and any other items of value owned by a person or a business entity."

SECTION 32.15.(b) G.S. 105-120.2 reads as rewritten: "§ 105-120.2. Franchise or privilege tax on holding companies.

(a) Every corporation, domestic and foreign, incorporated or, by an act, domesticated under the laws of this State or doing business in this State that, at the close of its taxable year, is a holding company as defined in subsection (c) of this section, shall, pursuant to the provisions of G.S. 105-122, do all of the following:

(1) File a return.
(2) Determine the total amount of its issued and outstanding capital stock, surplus and undivided profits, net worth.
(3) Apportion such outstanding capital stock, surplus and undivided profits, its net worth to this State.

(b) Tax Rate. – Every corporation taxed under this section shall annually pay to the Secretary of Revenue, at the time the return is due, the greater of the following:

(1) A franchise or privilege tax at the rate of one dollar and fifty cents ($1.50) per one thousand dollars ($1,000) of the amount determined under subsection (a) of this section, but in no case shall the tax be more than seventy-five thousand dollars ($75,000) nor less than thirty-five dollars ($35.00).

(2) Notwithstanding the provisions of subdivision (1) of this subsection, if the tax produced pursuant to application of calculated under this paragraph (2) subdivision exceeds the tax produced pursuant to application of calculated under subdivision (1) of this subsection, then the tax is levied at the rate of one dollar and fifty cents ($1.50) per one thousand dollars ($1,000) on the greater of the following:

a. Fifty-five percent (55%) of the appraised value as determined for ad valorem taxation of all the real and tangible personal property in this State of each such corporation plus the total appraised value of intangible property returned for taxation of intangible personal property as computed under G.S. 105-122(d).

b. The total actual investment in tangible property in this State of such corporation as computed under G.S. 105-122(d).

..."
except as provided below.

The net worth of a corporation is its total assets without regard to the deduction for accumulated depreciation, depletion, or amortization less its total liabilities, computed in accordance with generally accepted accounting principles as of the end of the corporation’s taxable year. If the corporation does not maintain its books and records in accordance with generally accepted accounting principles, then its net worth is computed in accordance with the accounting method used by the entity for federal tax purposes so long as the method fairly reflects the corporation’s net worth for purposes of the tax levied by this section. A corporation’s net worth is subject to the following adjustments:

1. **Definite and accrued legal liabilities.** A deduction for accumulated depreciation, depletion, and amortization is determined in accordance with the method used for federal tax purposes.

2. **Billings in excess of costs.** Billings in excess of costs that are considered a deferred liability under the percentage of completion method of revenue recognition.

3. **Taxes accrued, dividends declared, and reserves for depreciation of tangible assets and for amortization of intangible assets as permitted for income tax purposes.** An addition for indebtedness the corporation owes to a parent, a subsidiary, an affiliate, or a noncorporate entity in which the corporation or an affiliated group of corporations owns directly or indirectly more than fifty percent (50%) of the capital interests of the noncorporate entity. The amount added back to the corporation’s net worth may be further adjusted if part of the capital of the creditor is capital borrowed from a source other than a parent, a subsidiary, or an affiliate. The debtor corporation may deduct a proportionate part of the indebtedness based on the ratio of the borrowed capital of the creditor to the total assets of the creditor. For purposes of this subdivision, borrowed capital does not include indebtedness incurred by a bank arising out of the receipt of a deposit and evidenced by a certificate of deposit, a passbook, a cashier’s check, a certified check, or other similar document.

4. **If the creditor corporation is taxable under this Article, the creditor corporation may deduct the amount of indebtedness owed to it by a parent, subsidiary, or affiliated corporation to the extent that such indebtedness has been added by the debtor corporation.**

5. **When including deferred tax liabilities.** A corporation may reduce the amount included in its base by netting against that amount deferred tax assets. The reduction may not decrease deferred tax liabilities below zero (0). A corporation may deduct the cost of treasury stock.

Every corporation doing business in this State which is a parent, subsidiary, or affiliate of another corporation shall add to its capital stock, surplus, and undivided profits all indebtedness owed to a parent, subsidiary, or affiliated corporation as a part of its capital used in its business and as a part of the base for franchise tax under this section. If any part of the capital of the creditor corporation is capital borrowed from a source other than a parent, subsidiary, or affiliate, the debtor corporation, which is required under this subsection to include in its tax base the amount of debt by reason of being a parent, subsidiary, or affiliate of the creditor corporation, may deduct from the debt included a proportionate part determined on the basis of the ratio of the borrowed capital of the creditor corporation to the total assets of the creditor corporation. If the creditor corporation is also taxable under the provisions of this section, the creditor corporation is allowed to deduct from the total of its capital, surplus, and undivided profits the amount of any debt owed to it by a parent, subsidiary, or affiliated corporation to the extent that the debt has been included in the tax base of the parent, subsidiary, or affiliated debtor corporation reporting for taxation under the provisions of this section.

(b1) **Definitions.** The following definitions apply in subsection (b) of this section:
Affiliate. – The same meaning as specified in G.S. 105-130.2. A corporation is an affiliate of another corporation when both are directly or indirectly controlled by the same parent corporation or by the same or associated financial interests by stock ownership, interlocking directors, or by any other means whatsoever, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations.

Affiliated group. – The same meaning as defined in G.S. 105-114.1.

Capital interest. – The right under an entity’s governing law to receive a percentage of the entity’s assets upon dissolution after payments to creditors.

Governing law. – The law under which the noncorporate entity is organized.

Indebtedness. – All loans, credits, goods, supplies, or other capital of whatsoever nature furnished by a parent, a subsidiary, a affiliated corporation, an affiliate, or a noncorporate entity in which the corporation or an affiliated group of corporations owns directly or indirectly more than fifty percent (50%) of the capital interests of the noncorporate entity, other than indebtedness endorsed, guaranteed, or otherwise supported by one of these corporations.

Noncorporate entity. – A person that is neither a human being nor a corporation.

Parent. – The same meaning as specified in G.S. 105-130.2. A corporation is a parent of another corporation when, directly or indirectly, it controls the other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interests, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations.

Subsidiary. – The same meaning as specified in G.S. 105-130.2. A corporation is a subsidiary of another corporation when, directly or indirectly, it is subject to control by the other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interest, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations.

Apportionment. – A corporation that is doing business in this State and in one or more other states must apportion its capital stock, surplus, and undivided profits net worth to this State. A corporation must use the apportionment method set out in subdivision (1) of this subsection unless the Department has authorized it to use a different method under subdivision (2) of this subsection. The portion of a corporation's capital stock, surplus, and undivided profits net worth determined by applying the appropriate apportionment method is considered the amount of capital stock, surplus, and undivided profits net worth the corporation uses in its business in this State.

Statutory. – A corporation that is subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits net worth by using the fraction it applies in apportioning its income under that Article. A corporation that is not subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits net worth by using the fraction it would be required to apply in apportioning its income if it were subject to that Article. The apportionment method set out in this subdivision is considered the statutory method of apportionment and is presumed to be the best method of determining the amount of a corporation's capital stock, surplus, and undivided profits net worth attributable to the corporation's business in this State.

Alternative. – A corporation that believes the statutory apportionment method set out in subdivision (1) of this subsection subjects a greater portion
of its capital stock, surplus, and undivided profits—net worth to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method. The corporation has the burden of establishing by clear, cogent, and convincing proof that the statutory apportionment method subjects a greater portion of the corporation's capital stock, surplus, and undivided profits—net worth to tax under this section than is attributable to its business in this State and that the proposed alternative method is a better method of determining the amount of the corporation's capital stock, surplus, and undivided profits—net worth attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subdivision. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its capital stock, surplus, and undivided profits—net worth in accordance with the alternative method or the statutory method.

(3) Repealed by Session Laws 2011-330, s. 5, effective June 27, 2011.

(d) Tax Base and Tax Rate.--After determining the proportion of its total capital stock, surplus and undivided profits—net worth as set out in subsection (c1) of this section, which amount shall not be less than fifty-five percent (55%) of the appraised value as determined for ad valorem taxation of all the real and tangible personal property in this State of each corporation nor less than its total actual investment in tangible property in this State, every corporation taxed under this section shall annually pay to the Secretary of Revenue, at the time the return is due, a franchise or privilege tax at the rate of one dollar and fifty cents ($1.50) per one thousand dollars ($1,000) of the total amount of capital stock, surplus and undivided profits—net worth as provided in this section. The tax imposed in this section shall not be less than thirty-five dollars ($35.00) two hundred dollars ($200.00) and is for the privilege of carrying on, doing business, and/or the continuance of articles of incorporation or domestication of each corporation in this State. Appraised value of tangible property including real estate is the ad valorem valuation for the calendar year next preceding the due date of the franchise tax return. The term "total actual investment in tangible property" as used in this section means the total original purchase price or consideration to the reporting taxpayer of its tangible properties, including real estate, in this State plus additions and improvements thereto less reserve for depreciation as permitted for income tax purposes, and also less any indebtedness incurred and existing by virtue of the purchase of any real estate and any permanent improvements made thereon. In computing "total actual investment in tangible personal property" a corporation may deduct reserves for the entire cost of any air cleaning device or sewage or waste treatment plant, including waste lagoons, and pollution abatement equipment purchased or constructed and installed which reduces the amount of air or water pollution resulting from the emission of air contaminants or the discharge of sewage and industrial wastes or other polluting materials or substances into the outdoor atmosphere or into streams, lakes, or rivers, upon condition that the corporation claiming this deduction shall furnish to the Secretary a certificate from the Department of Environment and Natural Resources or from a local air pollution control program for air cleaning devices located in an area where the Environmental Management Commission has certified a local air pollution control program pursuant to G.S. 143-215.112 certifying that said Department or local air pollution control program has found as a fact that
the air cleaning device, waste treatment plant or pollution abatement equipment purchased or constructed and installed as above described has actually been constructed and installed and that the device, plant or equipment complies with the requirements of the Environmental Management Commission or local air pollution control program with respect to the device, plant or equipment that the device, plant or equipment is being effectively operated in accordance with the terms and conditions set forth in the permit, certificate of approval or other document of approval issued by the Environmental Management Commission or local air pollution control program and that the primary purpose is to reduce air or water pollution resulting from the emission of air contaminants or the discharge of sewage and waste and not merely incidental to other purposes and functions. The cost of constructing facilities of any private or public utility built for the purpose of providing sewer service to residential and outlying areas is treated as deductible for the purposes of this section; the deductible liability allowed by this section applies only with respect to pollution abatement plants or equipment constructed or installed on or after January 1, 1955.

(e) Short Period. — Any corporation which changes its income year, and files a "short period" income tax return pursuant to G.S. 105-130.15 shall file a franchise tax return in accordance with the provisions of this section in the manner and as of the date specified in subsection (a) of this section. Such corporation shall be entitled to deduct from the total franchise tax computed (on an annual basis) on such return the amount of franchise tax previously paid which is applicable to the period subsequent to the beginning of the new income year.

(f) Return and Tax. — The return and tax required by this section are in addition to all other reports required or taxes levied and assessed in this State.

(g) Local Prohibition. — Counties, cities and towns shall not levy a franchise tax on corporations taxed under this section.”

SECTION 32.15.(e) G.S. 105-114.1 reads as rewritten:

"§ 105-114.1. Limited liability companies.

(b) Controlled Companies. — If a corporation or an affiliated group of corporations owns more than fifty percent (50%) of the capital interests in a noncorporate limited liability company, the corporation or group of corporations must include in its three tax bases pursuant to G.S. 105-122 the same percentage of (i) the noncorporate limited liability company's capital stock, surplus, and undivided profits; (ii) fifty-five percent (55%) of the noncorporate limited liability company's appraised ad valorem tax value of property; and (iii) the noncorporate limited liability company's actual investment in tangible property in this State, as appropriate.

(d) No Double Inclusion. — If a corporation is required to include a percentage of a noncorporate limited liability company's assets in its tax bases under this Article pursuant to subsection (b) of this section, its investment in the noncorporate limited liability company is not included in its computation of capital stock net worth base under G.S. 105-122(b).

SECTION 32.15.(f) G.S. 105-125(b) reads as rewritten:

"(b) Certain Investment Companies. — A corporation doing business in North Carolina that meets one or more of the following conditions may, in determining its capital stock, surplus, and undivided profits base net worth base for franchise tax, deduct the aggregate market value of its investments in the stocks, bonds, debentures, or other securities or evidences of debt of other corporations, partnerships, individuals, municipalities, governmental agencies, or governments:

(1) A regulated investment company. — A regulated investment company is an entity that qualifies as a regulated investment company under section 851 of the Code.
(2) A REIT, unless the REIT is a captive REIT. – The terms "REIT" and "captive REIT" have the same meanings as defined in G.S. 105-130.12."

The deduction amounts are as follows:

(1) Standard deduction amount. – The standard deduction amount is zero for a person who is not eligible for a standard deduction under section 63 of the Code. For all other taxpayers, the standard deduction amount is equal to the amount listed in the table below based on the taxpayer's filing status:

SECTION 32.16.(b) G.S. 105-153.5(a)(2) reads as rewritten:

"(a) Deduction Amount. – In calculating North Carolina taxable income, a taxpayer may deduct from adjusted gross income either the standard deduction amount provided in subdivision (1) of this subsection or the itemized deduction amount provided in subdivision (2) of this subsection that the taxpayer claimed under the Code. The deduction amounts are as follows:

a. Charitable Contribution. – The amount allowed as a deduction for charitable contributions under section 170 of the Code for that taxable year.

b. Mortgage Expense and Property Tax. – The amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence plus the amount claimed by the taxpayer as a deduction for property taxes paid or accrued on real estate under section 164 of the Code for that taxable year. The amount allowed under this sub-subdivision may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately or married filing jointly, the total mortgage interest and real estate taxes claimed by both spouses combined may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately with a joint obligation for mortgage interest and real estate taxes, the deduction for these items is allowable to the spouse who actually paid them. If the amount of the mortgage interest and real estate taxes paid by both spouses exceeds twenty thousand dollars ($20,000), these deductions must be prorated based on the percentage paid by each spouse. For
joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.

\[c.\]

Medical and Dental Expense. – The amount allowed as a deduction for medical and dental expenses under section 213 of the Code for that taxable year.

SECTION 32.16.(c) G.S. 105-153.7(a) reads as rewritten:

"(a) Tax. – A tax is imposed for each taxable year on the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually. The tax is five and seventy-five hundredths percent (5.75%) four hundred ninety-nine thousandths percent (5.499%) of the taxpayer's North Carolina taxable income."

SECTION 32.16.(d) Subsection (a) of this section is effective for taxable years beginning on or after January 1, 2016. Subsection (b) of this section is effective for taxable years beginning on or after January 1, 2015. Subsection (c) of this section is effective for taxable years beginning on or after January 1, 2017.

SECTION 32.16A.(a) G.S. 105-163.2 reads as rewritten:

"§ 105-163.2. Employers must withhold taxes.

... (b) Withholding Tables. – The manner of withholding and the amount to be withheld shall be determined in accordance with tables and rules adopted by the Secretary. The withholding of wages pursuant to and in accordance with these tables shall be deemed as a matter of law to constitute compliance with the provisions of subsection (a) of this section, notwithstanding any other provisions of this Article. The Secretary shall promulgate tables for computing amounts to be withheld with respect to different rates of wages for different payroll periods applicable to the various combinations of allowances to which an employee may be entitled and taking into account the appropriate standard deduction. The tables may provide for the same amount to be withheld within reasonable salary brackets or ranges so designed as to result in the withholding during a year of approximately the amount of an employee's indicated income tax liability for that year.

The withholding allowances provided by these tables and rules shall, as nearly as possible, approximate the amount of the employee's indicated income tax liability for that year based upon all of the following factors:

(1) An income tax rate equal to the rate set in G.S. 105-153.7 plus one-tenth of one percent (0.1%).
(2) the additions the employee is required to make under Article 4 of this Chapter and the deductions, Chapter.
(3) The deductions and credits to which an employee is entitled under Article 4 of this Chapter. The Secretary shall promulgate tables for computing amounts to be withheld with respect to different rates of wages for different payroll periods applicable to the various combinations of allowances to which an employee may be entitled and taking into account the appropriate standard deduction. The tables may provide for the same amount to be withheld within reasonable salary brackets or ranges so designed as to result in the withholding during a year of approximately the amount of an employee's indicated income tax liability for that year. The withholding of wages pursuant to and in accordance with these tables shall be deemed as a matter of law to constitute compliance with the provisions of subsection (a) of this section, notwithstanding any other provisions of this Article.

... (e) Alternatives to Tables. – If the Secretary determines that use of the withholding tables would be impractical, would impose an unreasonable burden on an employer, or would produce substantially incorrect results, the Secretary may authorize or require an employer to use some other method of determining the amounts to be withheld under this Article. The alternative method authorized by the Secretary must reasonably approximate the predicted...
income tax liability of the affected employees based upon the factors provided in subsection (b) of this section. In addition, with the agreement of the employer and employee, the Secretary may authorize an employer to use an alternative method that results in withholding of a greater amount than otherwise required under this section.

The Secretary's authorization of an alternative method is discretionary and may be cancelled at any time without advance notice if the Secretary finds that the method is being abused or is not resulting in the withholding of an amount reasonably approximating the predicted income tax liability of the affected employees. The Secretary shall give an employer written notice of any cancellation and the findings upon which the cancellation is based. The cancellation becomes effective upon the employer's receipt of this notice or on the third day after the notice was mailed to the employer, whichever occurs first. If the employer requests a hearing on the cancellation within 30 days after the cancellation, the Secretary shall grant a hearing. After a hearing, the Secretary's findings are conclusive.

SECTION 32.16A.(b) This section is effective for taxable years beginning on or after January 1, 2016.

The amount each county may receive is determined by the county’s allocation percentage under subsection (c) of this section. The General Assembly must periodically review the allocation percentages.

(b) Distribution Amount. – The Secretary must calculate a distribution amount in conformity with this section. The Secretary must deduct this amount proportionately, in equal installments, from the collections to be allocated each month for distribution under G.S. 105-466, 105-483, and 105-498. For the fiscal year beginning July 1, 2016, the distribution amount is eighty-four million eight hundred thousand dollars ($84,800,000). For fiscal years beginning on or after July 1, 2017, the distribution amount is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage change of the total collection of local sales and use taxes levied under Articles 39, 40, and 42 of this Chapter for the preceding fiscal year.

(c) County Allocation. – The Secretary must, on a monthly basis, allocate to each taxing county an amount equal to one-twelfth of the distribution amount calculated under subsection (b) of this section multiplied by the following appropriate allocation percentage:
