A Message from North Carolina's Secretary of State

Welcome to the 2014 - 2015 edition of the *North Carolina Directory of State and County Officials*! The demand for services from government at the county and state levels has increased in recent years as our state population has grown.

This means that good communications between public agencies and the people they serve are more important than ever. This directory has become an important way for North Carolina's citizens, our business community and local governments to contact the agencies that can best provide the particular service they need.

I am very proud to provide this directory as a service to all of its user groups. The N.C. Department of the Secretary of State takes its role of putting citizens in touch with their state government very seriously. I know that this directory will serve as a valuable reference tool for you.

Please feel free to use the Directory in the way that serves your needs the best. You are more than welcome to bookmark it online, save it as a file, or print it out your own copy. No matter which format suits you best, I hope the information found here proves to be valuable when you need to contact state and county officials.

Elaine F. Marshall
