CHARLESTON, S. C.
Dear Sir—

Your favour of the 23d came to hand so late yesterday afternoon that I could not have called the Council of Safety with any hopes of making a Board in the Evening. I have therefore Summoned the Members to meet at ½ past 8 oClock this Morning—’tis now ¼ past 4—I have risen so early in order to prepare & forward a variety of business which daily crowds in, & particularly to be ready to dispatch your messenger within a few minutes after the Council shall have determined the case of M: Platt—which I apprehend will be nearly in the following terms that M: Platt ought not to have availed himself to the benefit of clearing out his Vessels at Georgia for New York but to have taken the common lot of the Inhabitants of the other associated Colo-
nies, this opinion you will find supported by express declarations in the Resolutions of the Continental Congress 1st Novem. 1775.—& the reason will appear from considering—that if New York & Georgia were to catch at the Bait insidiously laid by the Restraining Bill, avaricious & designing men would under colour of trading from those pretendly favoured ports, supply the West Indies & Great Britain with the products of those & the Neighbouring Colonies, nay, Administration would set their Engines at work for that very purpose, & in so far defeat our general Resolutions, & make the Colonies Instruments of destroying each other.

The Bond given at the Naval Office for delivery of a Cargo of Rice or other enumerated Commodity, may be canceled by producing a Certificate of the delivery of such Cargo in Great Britain or any of His Majesty’s Plantations or West India Islands in America—the Obligee is not bound to deliver or to sell at any particular Specified port—the Character which you write of M’ Platt puts him above all Suspicion of a fraudulent design, but you know the danger of dispensing with Laws, a bad precedent established in the Case of a good Man would be quoted by others of a different Stamp & the worst of Men are Sometimes very powerful & will under colour of right do much mischief in Society—

upon the whole I apprehend the Council of Safety will Resolve that M’ Platt before he is permitted to proceed in Loading his Vessels Shall deliver to the Committee of Prince William’s his clearance & other Custom House papers which he received at Savanna & also Enter into Bond with one Sufficient Surety for producing a Certificate of the actual delivery of his Cargoes at New York or some other of the United Colonies—but as you are a Member you will see what is to be written to the Committee to which I therefore refer & wishing you many returns of the Season more happy &

more joyous than the present I remain with great regard—

Sir

I have taken it for granted that the clearances of the sloops which you speak of were taken from the Custom House & that Bond was given at the Naval Office in Savanna but if to the Council of Safety the view will be changed—

[6.] [HENRY LAURENS TO COL. RICHARD RICHARDSON.]

Charles Town 28, Decem. 1775.—

Dear Sir.—

The proceeding Letter I have written by order, permit me to add my particular congratulations as a member in common & my thanks for the Services which you have rendred your Country 6— Conquest without bloodshed bespeaks at once the bravery & humanity of the Conqueror. I beg my Compliments to Col? Thomson & particularly to my good old friend Col? Rutherford when shall I see him again and where? If I had a single moment to spare I would write to him.—

the Sandwich packet arrived the day before yesterday—as we heard that many passengers were on board I sent John Calvert yesterday to learn & if possible to bring up our

6 The official letter bearing the Council of Safety's thanks and congratulations to Col. Richardson for his services in the “Snow Campaign” is to be found in the Journal of the Council of Safety, Collections of the South Carolina Historical Society, Vol. 3, pp. 121-122.
Letters he returned late last night—Said they (the Governor) would suffer no person to go on board nor any to come on Shore & he heard only of Mr. Daniel Heyward as a passenger.

I am willing to hope that such news as this Vessel may have brought, is good, because if the Governor had any dashes of mortification to throw into our Christmas dishes, I believe he would not refrain from enjoying such pleasure if any thing of consequence transpires in time you shall know it by a Messenger which your Son will dispatch this Evening or to Morrow—

I heartily wish you health & a safe return to your habitation being with great regard & esteem

Dear Sir Your most obd Sert

Coionel Richardson.

The Detachment ordered to hold themselves in readiness to go to Sullivan’s Island are included in the above return—several of our men remain still at Haddrell’s Point—Many are sick—some are on board the armed vessels—some still lurking in the Dram shops in Charlestown whom we have not yet been able to lay hold of—some gone after Deserters; and about Eighty have actually deserted since the first raising of the Regiment—There are but very few have Furloughs.

Addressed: Henry Laurens Esq

Sir—

I have receed your favour of this day—if I recollect the Tenour of the Agreement with Mr Somersal right, it is
this, that, he was to return Ammunition or Arms for the Rice ship't by him, for which he was to be allow'd 100 per Cent. profit on the first purchase, taking all charges & Risques on himself—Capt? Caton, Capt? Buckle & Mr Dorciau agreed to return Gunpowder at 18/. ℔ lb,— I never understood that Mr Somersal was in the least concern'd in any of the Bargains with those Gentlemen.

None of these Contracts were Complied with during the Continuance of the secret Committee that I know of.

Dr! Sir

Since I had last an Opportunity of addressing a line to you I have felt a Vicissitude of Fortune—Death first threatened on one side and has now struck on the other. I am bereaved of my Bosom Friend and Comforter¹¹ and am left

¹⁰ On the back of this letter Mr. Laurens endorsed: "please to look on the Inclosed papers & return them with 'this—'" And to this is this reply in a different hand: "I did not remember that Mr Somersal had more than one Adventure—Neither of the Contracts have been complied with during the Continuance of the Secret Committee, that I know of—Mr Drayton made the first agreement to whom I refer for any intelligence more than this—"

¹¹ James Brisbane and Sally Stanyarne, daughter of James Stanyarne, deceased, of John's Island, were married Sunday, May 24, 1772. (The South-Carolina Gazette, Thursday, May 28, 1772.)
with a small Family to bemoan our loss and my own misfortunes. I have been within my own Bounds ever since I wrote the Letter to the Hon'ble Genl Committe in October last and am now in expectation of further Prosecutions—for what in God's Name can it be for is it possible that bare difference of sentiment can call for such Vengeance. I make no Party, I join none, neither would I at any Rate if possibly I can help it; if I had an Inclination to have joined those who are distressing my Country, I could have done it in Charles Town, I could have done it since, for some Time the men of war have been at Cockspur, two Rivers running down from my Landings directly to them. I heard of their being there the Night they came there by a Boat which came up. One I had sent down for a Friend to come to me in my Distress. I wrote the Committe of this Parish (as I heard they were about to do something with me) to request I might remain Quiet and undisturbed here but have heard nothing from them. I indeed sent by my Overseer to the Captain of the Company leaving it to Him whether a Patrol about our lower Landings would not be proper. He was not there and the Coll. had sent his orders. A difference in distressing Individuals and a People—I proposed to my Brother my writing to the Committe again he was against it saying he was sure nothing but my hearty joining could prevail and therefore I need not think of it (It is beyond my Comprehension) I am sure yourself and every man of sense and sobriety would despise me if I should unless I was convinced I was now wrong*—All I would at present ask is Permission of my Country to remove with my distressed Family, down to our Place at Johns Island during their Pleasure and that would be gratefully accepted by me—you may remember I mentioned my Building a Rice Machine Last year. I have set it to work and it exceeds near treble anything I believe ever yet done I was determined not to quit it till brought so far that in Case of Death my Country might not lose it—it is on a very simple Construction, there were several other
Improvements which I intended but the distress of my Family and the uncertain situation I am in prevents all at present and Nature really wants some Recruiting Your Assistance with that of my other Friends with my Country in my Behalf will confer an Obligation on

Dr. Sir

Your distressed humble servant

James Brisbane

Jany 27th 1776

P. S. (to yourself) if the word willing had been left out of the Question you put to me by order of the Committee it would have received a very different Answer. I was taken at a nonplus to answer an Unprecedented Question without Time to reflect But as it then struck me to Answer in the affirmative that I was willing to do that which my Country had publicly declared unnatural would have been very inconsistent with Reason in dire necessity which my Country allege carry them on would have had an Influence on my Conduct I never meant to set myself up to withstand the Body of the People it would have been Infatuation—I was ready to do as my fellow Citizens should have been obliged to do either in poipora Persona or by a Hireling approved—

LETTERS FROM HON. HENRY LAURENS TO HIS SON JOHN, 1773-1776.

[Continued from the October number.]

Addressed: A Monsieur

Genevé—

Postmarked. Dangleterre

My Dear Son—

I intreat your reference & attention to my last Letter dated the 8th Inst since which I have received none from you—

Yours of the 6th September last which gave an Account of Mons' Bonnet's first apology for his Conduct in the Exchange affair, came to hand three days ago, it had been laying in a Country Post Office upwards of five Months—

I attended at the House of Commons today in hopes of admission to hear the American papers read & observations on them, but a very Numerous Company of us & some among us Eminent persons were turned back, our New Governor Lord William Campbel was one—this resolution of the Speaker gave us American out of Door folks much umbrage—it was a step unknown to the Members for I had the honour of no less than three of them ready to introduce me—What proceedings can the Ministry have in view which
LETTERS FROM HON. HENRY LAURENS TO HIS SON JOHN. 27

are improper for a public Audience? You will see on the other side a Copy of the King's Message to the Commons—the Address Mr. Garth tells me is equally strong—the King has adopted a plan, the Ministry will endeavour to obtain the Sanction of Parliament for carrying it into Execution—there will be an opposition in both Houses, & strong Petitions from the City of London; & from the Merchants, & perhaps from Bristol & other Cities—[8] as well as from the intricacy, of the dispute & [8]—ving the whole Nation in Confusion—some sensible Men [8] that the present bustle will produce no alteration in the Sy [8]—ment unfavorable to the American Colonies—others, w [8] to know the designs of the Cabinet, assure me that such [8]—tended as will Insure the most absolute Submission on the part of the Americans to parliamentary Authority, or provoke them to repel force by force—for my own part, I am morally certain, that the New England Men who are to be first attempted will not tamely receive the Yoke—Blood will be shed, & Conquer who will, the Annals of Britain will be stained by disgraceful Memorandums—If Conquest happens to be on this side it will be but temporary & short Lived—My foresight presents a melancholy prospect throughout America perhaps within ten Days I may inform you of my determination to return to it immediately—We may live happily upon our own Land but we must think of Living entirely within ourselves, we shall have no means, or but very scanty means for remitting Money to Great Britain this is a Gloomy account, but we are bound as Men & philosophers to bear the Changes of Times with fortitude—what says My Son on this occasion to his affectionate Father . . . . . Henry Laurens.

My Love to all the Boys—

The following is his Majesty's message, which was presented

---

8 A small piece of the right edge of the sheet has been torn off leaving a break about an inch long at the end of each of six lines.
to the House of Commons last Monday by Lord North, signed by his Majesty.

"His Majesty upon information of the unwarrantable practices which have been lately concerted and carried on in North America, and particularly of the violent and outrageous proceedings at the town and port of Boston, in the province of Massachusetts Bay, with a view of obstructing the commerce of this Kingdom, and upon grounds and pretences immediately subversive of the constitution thereof, has thought fit to lay the whole matter before his two Houses of Parliament, fully confiding as well in their zeal for the maintenance of his Majesty's authority, as in their attachment to the common interest and welfare of all his dominions, that they will not only enable his Majesty effectually to take such measures as may be most likely to put an immediate stop to the present disorders, but will also take into their most serious consideration what further regulations and permanent provisions may be necessary to be established, for better securing the execution of the laws, and the just dependance of the colonies upon the Crown and Parliament of Great Britain."

P S. to the Annexed Letter—

Part of the Minesterial plan is to demand from the American Assemblies, Magistrates &c. a Test acknowledging the Supremacy of the British parliament if this is refused—the power of Legislation is to be suspended & Government supported by Military force—Disappointment & Ruin so strongly stare this scheme in the Face—one would think it impossible that Men in their senses can adopt it—yet nothing less than such a Test will secure the asserted Supremacy—there is no Medium now between Force absolute & returning tamely to the Ancient System of Governing America—

_Endorsed: 11th March 1774_  
Westminster.
My Dear Son—

I refer to my Letters of 8th & 11th Inst which are unacknowledged—Yesterday yours of the 9th came to my hands with a further partial Account of your Expences—

In answer to your expostulations, be assured I will not be angry with you for the past rapid progress through your Fund of Money, which was ample to have carried you to the Month of May in the Stile of a Gentleman—Your more than promise of future prudence & economy gives me hopes of your being alarmed by what is past & your proposal of keeping strict & regular accounts will probably have the effect which you seem to wish for.—Your Honour is at stake—Justice to your Brothers & Sisters require you to keep within reasonable bounds, & possibly my convenience & peace of mind which will not be the last or least in your consideration may in some measure depend upon a discreet arrangement of your Expences.—I would not be misunderstood as if I meant that you should now begin to be frugal at the time when you ought to be Liberal—I mean at taking leave of your friends—You should have husbanded your Stock for this event; however I can only say in general that I would wish you to behave like a Gentleman in making suitable returns for Civilities which you have received—do not leave a Character of meanness—and extravagance is also to be avoided in a word, you know what ought to be done & how to do it, as well as any body, & if you will not give the necessary attention all advice will be unsavailing.
I asked you some time ago how you stood with Mr. Locke, but that & many other enquiries (review my Letters) have escaped you.—which added to your hurried & incorrect writing, are demonstrations of a distracted plan.—think My Dear Son reflect seriously on these things.

I shall say more on Petrie & Smith when I have consulted Mr. Motte on the latter.

By all means Enter Harry with your Monr. Suberand he may be well grounded by two perhaps three Months close application.

On Friday I shall be able to tell you more of the Minister's proceedings respecting America. at present the plan appears to me to be premature, impolitic, severe unjust, dangerous — — to render Boston wholly incapable as a port of Entry—is to incapacitate them absolutely, to pay their English Debts & therefore punishing the Innocent for the supposed Guilty, to turn 10,000Labouring Men & 90000 Men generally in the Massachusetts province, out of Bread is to drive them into a state of dangerous desperation, & will more than ever alarm all America—

We are to meet on Thursday in order to consider of a proper application to parliament on these important subjects. The Ministers policy is to punish Boston as the Capital Offender, hoping thereby to terrify the other Colonies into a Compliance with measures which nothing but power can support—such power cannot long exist in such a Contest.— present my Love to Harry & all the Young Gentlemen & receive the Counsel which I have administered as it is intended by Your faithful friend

Your affectionate Father

Henry Laurens,

Mr. John Laurens.

Westminster 25th March 1774.

My Dear Son—

I wrote to you the 22d—to which I perceivie it necessary to make some addition for this Evening's Mail— if I have the pleasure of receiving any thing from you in the mean time—a postscript shall make due acknowledgement— You understand me with respect to your future expenses until we have the happiness of meeting—adjust your Acco! finally with Mons' Bonett—& see that he actually pays to you so many Genevé Livres, as the Amount of my Credit, set forth, or rather should have set forth, at the true course of Exchange when I adjusted the last Acco! with him, from which he may again make a considerable abatement by his Mode of Accounting in Louis D'ors—he that played the first trick will play the second if you leave the Acco! wholly to him—

You are to receive from him so many Livres of Genevé not Louis D'or be the Exchange for or against you—

When the Fund is exhausted, draw upon me from time to time at the Current Course, & your Bills shall be duly honoured—I can say nothing new to regulate or restrict the Amount of your draughts, my last Letter explains my meaning—You will forbear superfluous expense, such as is needful I shall cheerfully provide for—with respect to our friend Petrie, I would have nothing laid upon his mind or his finances, beyond the engagements of Mons' Fontanes as specified in your favour of the 9th Lessons in French Greek
& Latin Belles Lettres, Geography & History except a close attention to Mathematics—& as constant attendance as he can give to the public Lectures on Elements of Geometry — — Dancing, Riding, Drawing, & the Foil must be postponed until we hear from your Uncle—& it would be misapplying time & Money to send him to a writing Master. Mr Motte will meet me before next post & communicate his sentiments more fully than we have yet heard, on a plan for Mr Smith—You speak of Master Manning just as his Papa & I, know of him, a continuance of your friendship will be very serviceable—& I hope he will be a Clever fellow in time—His Father is a worthy Man—I am Interested in the happiness of the whole family—

I am striving to accept your Invitation to the Glaciers since the Journey may be made in the beginning of July—but a constant attention to public Concerns, meaning such as relate generally to America & particularly to our own Country, has put me a little back in my affairs & keeps me at present from Resolving upon any plan for the Summer Months—

The Bill for removing the Commissioners of Customs from Boston, for discontinuing the Landing & Lading Goods, (which is in part shutting up the port & ruining the Town & adjacent Country 9) & for Levying a fine of £20,000—upon the said Town—has been twice Read, Committed & passed with Amendments without a division—it is to be read a third time on Monday—Yesterday the Natives & Inhabitants of North America assembled & signed a petition to parliament, praying that the Bill may not pass into a Law 10—to Morrow there will be a larger Meeting of persons Interested generally

9 That is practically what the tariff acts of the twenties, passed entirely for the benefit of Boston and "adjacent Country", did for Charleston—destroyed her commerce.

10 There were thirty signers of this petition, sixteen of whom were South Carolinians, as follows: Ralph Izard, William Hasell Gibbes, William Blake, Isaac Motte, Henry Laurens, Thomas Pinckney, Jacob Read, John F. Grimké, Philip Neyle, Edward Fenwicke, Sr., Edward Fenwicke, Jr., John Peronneau, William Middleton, Sr., William Middleton, Jr., Ralph Izard, Jr., William Heyward.
in America—a petition to the Lords—perhaps one to the King, will be proposed & great numbers will probably sign them—what effect such applications will have cannot be precisely told, but it appears to me that the Measures which are adopted by Administration will be Carried through both Houses, receive the King’s Assent & steps immediately taken for a due Execution—all beyond that is behind a Curtain through which my perception does not penetrate when I say the Bill passed a second Reading without a division, do not mistake that the House was Unanimous—there were many dissenters, but these either retired or remained silent, determined to let the Minister who had secured his Majority go through his Scheme & abide the issue—

The Right & expediency of Levying internal Taxes in the Colonies by Acts of—their fellow subjects the people of England, will now be established or the Claim laid dormant, perhaps removed for Ever.

from jarring opinions on this subject have sprung all the discontents which we have heard of in America since 1764.

When the Stamp Act was passed the Colonies were alarmed & opposed it—upon the Repeal of that Law every province was quiet & thankful—The Declaratory Act of the Right of Great Britain to bind the Colonies in all Cases whatsoever which was passed immediately after the Repeal of the Stamp Act—was esteemed the last feeble struggle of the Grenvilian party—unfortunately however, upon that foundation, the Act for raising a Revenue in America by Duties on Tea, paper, paint &c was passed & from that period the peace of America was again lost.

If the Right of Taxation was Inherent in our fellow subjects in this Island, why had it not been asserted in preceding Ages? why was the Stamp Act Repealed upon declared contrary principals?—Where was the necessity, the Wisdom & policy of the people—in passing an Act, by themselves, Confirming their own, Inherent Rights—be that as it may,
that short Act of parliament, will now make a good platform for the Invincible Reasoning from the Mouths of four & twenty pounders.—the same Logic demonstrated our Right to Cut Logwood in the Bay of Honduras—The London City Patriots who had for several Years furnished speculation for all the Coffee Houses in Europe—by the management of the present parliament are humbled & turned among the Common herd—

The East India Company, by the same parliament, is put into the hands of the King's Ministers—if Lord North succeeds in his present attempts by power of parliament, to surmount those difficulties in American affairs, which had foiled his predecessors—his Ambition will be inflamed & require new subjects—Ambition is assuredly the hidden Spring of his proceedings—God enable us by proper means to give him a timely Check—Indeed his success can be but partial, he may possibly fix the Badge of Slavery, upon the Sea Coast, but this will hasten the beginning of Independence out of the Reach of Fleets & British Troops—an Independence which might by Wisdom be protracted to distant Ages—

Viscount Pitt is going to Quebec & Lord Percy to E. Florida but I have no suspicion, that either of them will be Crowned.—

I shall from time to time Communicate what further occurs in our affairs—but do not pass your time in political debates or too much of it in such Conversation—attend to the business which is more properly before you—

Here I broke off when I went to Dinner, I now find your Letter to your Brother James & one to me from Harry—another from Master Petrie—I shall write to him soon & send the Book which he writes for by the first opportunity.

The Wind has been Easterly for several days past & kept out all Intelligence from America—many Ships are due from Carolina—We have not yet heard the fate of the Tea Ship which was designed for New York—
Soon after I next hear from Carolina I shall determine on some plan for your return—& if all Circumstances conspire in our favour I will accompany you to the Glaciers—Remember me with Cordiality to all the Carolina Boys—tell Harry, I am grieved to hear that he is such a Coward on Horseback—My Respects to Mons'r & Madame Chauvet Mons'r Fontanes &c. &c.—that God may direct you in all your ways is the continued prayer of

Your affectionate Father

THE RHETT ARMS.¹

¹ These arms are taken from the tombstone of Col. William Rhett, in St. Philip's church-yard (western), Charleston, S.C. No tinctures are indicated thereon but the best information is that the field is gold and the engrailed cross black. The motto is Aut faciam, aut periam.

Note by the Editor: The seal of Roger Moore, with Moore impaled with Rhett, his wife, is extant. It shows the engrailed cross sable, but does not show the field or. That, however, might have been the fault of the engraver, who probably did not recognize the importance of the dots on the field. The following arms are given in Burke's General Armory (1851) for Rhett:

"Rait, or Rhet (Halgree and Drumger, Scotland; Lion Register).
Or, a cross engr. sa"

HISTORICAL NOTES.

THE BULL FAMILY MOTTO.—It seems to be a very difficult matter to avoid typographical blunders in printing the motto of the Bull family in this magazine. In our issue for January, 1900, page 76, it was printed "Ducit Amor Patrice," and in our issue for October, 1902, it was printed "Ducit Armor Patrice." It is *Ducit Amor Patriae*.

CHARLES TOWN'S "TEA PARTY."—The first paragraph of the note on Charles Town's "Tea Party" on page 212 of the October, 1902, issue of this magazine, should read: Charles Town had her first "Tea Party" a little later. On Tuesday, November 1st, 1774, the ship Britannia, Capt. Samuel Ball, Jr., arrived in port from London, and *The South Carolina Gazette* of Monday, November 21st, following, announced, etc. The paragraph as printed makes it appear that the vessel arrived in port on Tuesday, November 22d. and that the paper for the following Monday, November 28th, contained the news of the destruction of the tea. By a singular coincidence a similar mistake occurs in Prof. D. D. Wallace's recent monograph entitled *A Chapter of South Carolina Constitutional History*, on page 5, where the date is printed as "November 14," in spite of the fact that the correct date is given in the chapter heading on page 3.

HARLESTON.—The following letter fixes the time of the death of John ("Jack") Harleston more definitely than does the will cited on pages 172 and 173 of the July, 1902, issue of this magazine:

*Addressed: Major Harleston*  
*Haddrells*

*Charles Town, 22d Feb. 1781.*

March 1781. The above has been in my pocket since its date, & always forgot to send it — Brother Ned came down yesterday — left all Friends well in the Country — We have a report that Jack Harleston died in General Green's Camp, my Family is well and joins me in Love and best wishes to you — and I am

Colcock. — The following additions and corrections are offered to the Colcock genealogy given in this magazine for October, 1902:

Capt. John Colcock had another daughter, whose name does not appear on the list of his children on pages 217 and 218, as will be seen by this notice:

"Died."

"Miss Elizabeth Colcock, Daughter of the late Captain John Colcock." — The South-Carolina Gazette; And Country Journal, Tuesday, June 9, 1772.

John Colcock (4) was for several years after the Circuit Court Act went into operation in 1772 Deputy Clerk C. & P. for the Southern Circuit (Districts of Ninety Six, Orangeburgh, Charleston and Beaufort). In 1775 and 1776 he was assistant to the Commissary General (Thomas Farr, Jr.) of South Carolina 1.

The young lady mentioned in the following notice was probably the daughter (14) of Job Colcock (7):

"Died, at Mount Hope, the residence of the Rev. J. B. Cook, in Sumter District, S. C., on Tuesday, 8d inst. aged 27, Miss Susan Colcock, formerly of Charleston, but lately of Camden, where, for nearly two years, she had been usefully employed in instructing young ladies." — City Gazette and Daily Advertiser, Wednesday, October 18, 1830.

In foot-note h, pp. 231-2, instead of "Capt. Otey married Mary Hopkins (5, July 14, 1739), dau. of John Hopkins and Elizabeth Pettus who was a dau. of Col. Thomas Pettus" read: Capt. John Otey married Mary Hopkins, daughter of John Hopkins who was a son of Dr. Arthur Hopkins and Elizabeth Pettus his wife, Elizabeth being a daughter of Col. Thomas Pettus who settled in Virginia in 1640, Thomas

being a descendant of Sir John Pettus, M. P. for Norwich, England, in 1601. (Correction by Prof. C. J. Colcock.)

Errol Hay Colcock (61) was son not dau. (as stated in the index) of Col. C. J. Colcock (23).

Thomas Colcock (68) m. Sallie Lawton and d. s. p. The second child of Marion Woodward Colcock (50) is a dau. De Sanssure Colcock (97); the fourth child a dau. Henrietta (99). The fourth child of Francis Horton Colcock (60) is Frances, not Francis, Horton (120).

Catherine Colcock (62) Guerard has no issue as stated on p. 233.

**South Carolina’s First Daughter.**—It is well established that Robert Tradd was the first child born in what is now Charleston, but the following notice establishes who was the first female child born in the Province of South Carolina, antedating Robert Tradd by several years:

"DIED.] In Christ-Church Parish, where he was born, Mr. Edward Moran, in the 86th Year of his Age. His Mother, who died a few Years ago, is said to be the first Female white Child born in this Province."—The South-Carolina Gazette; And Country Journal, Tuesday, March 10, 1772.

**South Carolina Architecture of the Georgian Period.**—The American Architect and Building News Company, of Boston, has lately published the tenth part, which deals, for the most part, with South Carolina, of The Georgian Period. The volume contains forty-four plates, showing drawings or photographs of specimens of South Carolina architecture of the so-called Georgian Period, a sketch of Charleston, by Mrs. C. R. S. Horton; an account, by Mr. E. E. Deane, of "An Autumn Trip to Charleston, South Carolina"; and an article entitled "Romance and the South Carolina Home- stead", by Mrs. Olive F. Gunby. Mr. Deane’s drawings and photographs present the only valuable feature of the work, but nearly all of his superscriptions are wrong. Mrs. Horton’s sketch of Charleston, like several other attempts to
write on South Carolina historical subjects made by that well-meaning lady, is a mass of errors and incorrect statements. Mrs. Horton seems not to have the slightest acquaintance with even the simplest and best known features of South Carolina history. Mrs. Gunby's "romance" is nothing but romance. Even the romances are given a new color in Mrs. Gunby's versions, and the historical references are inaccurate. It is a great pity to have a work of this importance and beauty so spoiled as to render it historically of very little value.

The Jews in Charleston.—Dr. Barnett A. Elzas, Rabbi of K. K. Beth Elohim, and a member of the South Carolina Historical Society, has been making, for the past few months, through the medium of The News and Courier, some valuable contributions to the history of the Jews in Charleston. These sketches have been reprinted in pamphlet form by Dr. Elzas, who has thereby put the student of American history and particularly the student of American Judaism under many obligations to him. The sketches are The Organ in the Synagogue; A History of Congregation Beth Elohim, 1800-1810; The Jews of South Carolina: A Survey of the Records at Present Existing in Charleston, Part I., 1695-1750; and a critical review of the article "Charleston" in Vol. 3 of the Jewish Encyclopædia.

The History of South Carolina in the Revolution, 1780-1783.—The fourth and last volume of the series of volumes on the history of South Carolina by Gen. Edward McCrady has lately been published by The Macmillan Company and is even more interesting and important than the previous volumes. It covers the years 1781, 1782 and 1783—the period of Greene's campaigns in the Carolinas, and, like the first volume on the Revolution, revolutionizes the popular ideas about South Carolina's part in the great struggle for American Independence. In the last chapters of the previous volume, Gen. McCrady showed how the militia of
South Carolina, after two Continental armies had been defeated and crushed, and the State government had become temporarily paralyzed, had voluntarily come out without a call from an Executive and, with officers of their own choosing, had checked the triumphant march of the Earl Cornwallis and prevented the consummation of the ministerial plan of campaign by which the British hoped to crush the American revolution. This volume opens with the advent of Gen. Nathanael Greene as the commander of the Southern Department. The South Carolina militia had achieved successes that militia or irregular soldiery seldom attain but it was not expected that they could drive out a British army without the aid of a regular army, so Greene was sent to command the Continental forces, and Gen. McCrady has shown that his army was not made up, as some writers would have us believe, of soldiers from the Northern States, but of battalions from Maryland, Virginia and the Carolinas. Greene has been given full credit for the good work that he did and has been criticised for the bad, but, at the same time, the author has not been unmindful of the volunteer militiamen of South Carolina, under the command of Gen. Thomas Sumter. These men had borne the brunt of the conflict before Greene's army had appeared on the scene and they rendered powerful assistance after Greene appeared on the field. And, as a military authority who has seen hard and exceedingly valuable service as commander of a regiment in the most magnificent army that has ever been mustered—the Army of Northern Virginia—and under the greatest captain of history—General Robert E. Lee,—General McCrady has shown how Greene might have been more successful—how he might have won a single battle—had he heeded the advice of the man who had made it possible for an army to be in Southern territory at the time that Greene assumed command of the department. The last chapters of Gen. McCrady's volume are interesting in that

1 It will be observed that Gen. Greene did not spell his first name as the name is usually spelt.
they show when and where the doctrine of State's Rights was first enunciated with that jealous regard in which it has ever been held in South Carolina and those other States whose people have thought as the South Carolinians have.

**Calhoun's Letters.**—In the October number of *The Sewanee Review* Gustavus M. Pinckney, of Charleston, S. C., reviews the volume of Calhoun's letters published by the American Historical Association and edited by Prof. J. Franklin Jameson. Mr. Pinckney's estimate of the character and ability of Mr. Calhoun as revealed by this volume of his letters—public and private—is very high. He is impressed by the tenderness and gentleness of Mr. Calhoun's character as well as by the profundity of his knowledge and the soundness of his political philosophy. This is a just and true estimate, and it is to be hoped that the biography of Mr. Calhoun which Mr. Pinckney has prepared will soon be in the hands of an appreciative public.

In the September number of *The Gulf States Historical Magazine* seven letters from Mr. Calhoun to Hon. Charles Tait, of Alabama, written in 1818, 1820 and 1821, while Mr. Calhoun was Secretary of War, are published for the first time. The letters are from the collection of Thomas M. Owen, Esq., of Montgomery, Ala.

**A Washington Family Chart.**—*The New York Genealogical and Biographical Record* for October presents a fac-simile of a rough chart of the Washington family made by Gen. George Washington, and in his own handwriting. It gives as brother of Lawrence, the General's grand-father, John Washington who was the father of Henry Washington, of Chotank, and great-grand-father of Col. William Washington, of South Carolina.
THE SOUTH CAROLINA HISTORICAL SOCIETY.

The following donations have lately been made to the Society’s library:

By Mr. Anthony W. Riecke, a Confederate Veteran, three volumes best described in following letter:

Charleston, S. C., November 10, 1902.

To the S. C. Historical Society:

Gentlemen—Since the return of the undersigned from the army in 1865 it has been to him a pleasure and a pastime to make clippings from the newspapers, etc., of articles relating to the Confederate War, or of historical matter in connection with the South, our State, or this city, if of sufficient importance.

These accumulations of so many years now fill three large scrap books, one of history and two of matter relating to the war, which it is the writer’s desire to place where they can be of most service; with this in view, there can be no better disposition of them than by placing the same in the keeping of your honored Society, and therefore I would respectfully ask the acceptance of these.

The writer has always appreciated the efforts of your Society in preserving the history of our State and city, and would extend his best wishes for a further success in the good work, in which he takes a great interest.

Respectfully,

ANTHONY W. RIECKE.

By Miss Kate Furman, of Privateer, S. C.: A package of old South Carolina newspapers of various dates between 1830 and 1865.

By Miss Ann Deas: “Articles of Agreement between John Ball & John Penny—dated 5th January 1813”, a manuscript.

By Mrs. W. G. Vardell: A painting of the old White Meeting (Congregational) at Dorchester, S. C.; made in 1884 for Rev. W. Howell Taylor by Mrs. Portia Trenholm and by Mr. Taylor presented to Mrs. Vardell. The old White Meeting was thrown down by the Earthquake in 1886, and is now but a heap of bricks and mortar.

Sir

I did myself the Honor to write to your Excellency by the only two opportunities that offer'd since my arrival in this

20 "The President laid before the Council a packet from the delegates of this colony in the Continental Congress, received by express, and dated Philadelphia, 2d Jan'y., 1776, inclosing copies of the following intercepted letters:

From Lord Will. Campbell, Governor of this Colony, to General Gage, 26th Sept., 1775."—Journal of Council of Safety, Feb. 8, 1776, Collections of the South Carolina Historical Society, Vol. 3, p. 246.
Province Cap! Tallimache & Mr: Logie and was in hopes His Majst Service to the Northward, would have permitted some little attention to have been paid to the Southern Provinces. I have now only to acquaint your Excellency that this Province has for some time been in a state of open Rebellion, and after undergoing many mortifications, & insults I was at last obleiged a few days ago to take refuge on board the Tamer, and leave the Officers of the Crown desarm'd, & confin'd to Charles Town The Bearer of this Mr. Kirkland was a Lieut of Malitia in the back parts of this Country, I know him to be a Man who has great influence there & by his attachment to Government he has I fear sacrificed his all, he has acquainted me with the Particulars of the Plan he means to communicate to your Excellency & I am convinced if the execution is not delayed too long he may be made very useful in this and the neighbouring Provinces Georgia and N? Carolina I have the Honor to be with great regard

21 Moses Kirkland had been prior to June, 1775, lieutenant-colonel of the regiment of Provincial militia in the lower fork of Broad and Saluda rivers. In June, 1775, he was elected by the Provincial Congress a captain in the regiment of Rangers raised by the revolutionists of South Carolina and served for one month, taking part with his company in the capture of Fort Charlotte, July 12, 1775. Two weeks later he resigned and immediately went over to the British.

22 There are two copies of this letter in the Society's collection; both sent by Congress at this time.

Dear Sir.

Major Hicks, the third Officer of Col. Powell's Regiment, has call'd upon me this afternoon, with a very confused Account, for the Pay due to the several Companies of Powell's Regiment, who came to Town; I do not know with certainty that I am authorized to Audit those Account, not having received a copy of any resolutions of the Council of Safety or General Congress relative thereto; besides there are Charges in those Accounts for expences of Horses, which I should think, if the paying the Officers and Men came under my Department, I should receive particular instruction about the expences of Horses; therefore as I am really at a loss to know how to act, I beg leave to entreat the favor of you Sir, either to give me your advice in the matter, or will cause me to be served with a Copy of the Resolutions, of the Council of Safety or General Congress on that subject, that I may have a guide to act by, and a justification of my conduct for so doing:——

The Bearer will bring you a Rump of good Beef which I beg your acceptance of— With all due deference and respect—— I am——

HENRY LAURENS TO GEORGIA AUTHORITIES.

Charles Town So Carolina
13th Febry 1776.

Gentlemen

Your favour of the 1st Inst did not reach us till the 9th. We have given the proper Orders to ColIonel Gadsden for effectually removing the cause of your complaint of recruits being enlisted in the Town of Savannah & we shall tomorrow repeat the same Orders to Capt Drayton & other Commanders in our naval branch—you may be assured that every thing in our power will be done for promoting the happiness of both Colonie.

We Shall make a more minute enquiry into the charge against Mr Panton & advise you in our next—

The provincial Council alarmed by a report of some 2 or 3. Thousand men taking Arms in Guilford County with a design to join Governor Martin have made a further application to us for Gun powder we have added 300lb to the quantity lately sent them—Mr Galphin has also pressingly wrote for a quantity for keeping the Indians quiet in consequence of which we have resolved to reserve 1000lb for that purpose—these repeated demands keep us in a State of poverty notwithstanding we have lately acquired about 4000 lb by Importation.

Colonel Gadsden lately coming from Philadelphia in one of our Pilot Boats was driven on Shoar on the Coast of North Carolina by a Schooner tender to a Man of War in the offing supposed to have been the Syren himself his eldest son the Master of the Boat & all the Crew escaped with all papers of consequence & many other articles but the Boat was hove off by the Enemy & carried to Sea. Col Gadsden brought with him a pamphlet lately published in Philadelphia & which has already gone through three Editions, a Copy of
which "Common Sense", you will receive by this conveyance & that Gentleman begs your acceptance of it.—

[HENRY LAURENS TO GEORGE GALPHIN.]

Charles Town 14th Febry 1776.

Sir——

We have received & fully considered the Contents of your Letter of the 7th. — The Several matters treated of, appeared to be of Such importance as to require the determination of the provincial Congress now sitting for the dispatch of business; the Congress after long debates seemed to be unanimous in opinion that no power less than that of the Continental Representatives at Philadelphia could relieve us in the articles of Exportation & Importation be our distress never so great, & then referred your Letter back to this Board.——

We have resolved to hold 1000l Gun powder ready for your order or the order of the Indian Commissioner which we hope with such Goods as you have & the additional article of Rum will enable you to keep the Indians in our friendship for some time longer in the meantime your Board of Commissioners may lay before the Continental Congress the peculiar circumstances of our Indian conexions & nothing shall be wanting in our power for obtaining Blankets & more powder from the foreign West Indies.

We beg you will not entertain a thought of resigning your Commission because of any present difficulties which you may have to encounter, we have all hard struggles & uphill work to go through nor could we when we entered into our present unavoidable contest have expected less, but we hope
the day is approaching when the light of Liberty will again shine upon us & when we shall be at leisure to sit down rest from our fatigues & amply repair the injuries done to our estates.—

We should be glad to know immediately when Mr. Stuart began or is to begin his journey for West Florida & whether by land or water—

Your several bills on us shall be duly paid—

Charles Town So. Carolina 14th Febr

1776.

Gentlemen

We refer to our last under the 30th Ult? by the Constitutional post when we advised you of our circumstances in the article of gun powder that we had notwithstanding our poverty ordered 1000 lb for your colony. viz: 700 from George Town to your particular order & 300 lb from Camden for Salisbury under the direction of Waightstill Avery Esquire, Since which, we have acquired a small addition by Importation, but demands upon us have also been made in proportion—a letter from Geo Galphin Esquire informs us that without the article of gun powder it will be impossible to keep the Indians quiet & that unless he is supplied he must & would resign his commission—the distant threat of an Indian War roused our friends from the Western frontier now sitting in Congress, these declared the defenceless State of the Colony in those parts where they
we found it necessary to Resolve that at least 1000lb Should be reserved for the Indian Commissioners & a Sufficient quantity for the interior parts of the Country to be deposited in a Magazine out of Charles Town—while we were debating on these points your Letter of the 9th Ins came to hand——

We are extremely Sorry to learn that you are in any danger of being disturbed by Such formidable opposition as you have described from your own people & equally concerned that it is not in our power to add more than 300lb Gun powder to the quantity above mentioned—so much more we have desired the Committee at George Town to forward or deliver to your Order—we flatter ourselves with hopes that this will be more than Sufficient for the purpose of repelling the Guilford Men—Colonel Gadsden who is just arrived from Philadelphia informs us that about the 19th Ult a certain quantity of powder was sent from that City for the use of your Colony & Colonel Thomas Polk gives as his opinion that the Tory party who threatened to join Governour Martin cannot be near so formidable as Mr Butler seemed to apprehend—be that as it may, if it was in our power we should require no other incentive for supplying you more largely, than the persuasion of our own minds that you will use it to good purposes.——

We repeat our thanks for the assistance lately received from your Colony—Colonel Polk has brought us accounts for the pay & expences of his Regiment which we Shall order to be paid when Certified by Colonel Richardson24 & so of the rest of our North Carolina friends as the Accounts Shall appear

By order of the Council of Safety

Gentlemen

In answer to your favour of the 12th 25 which came to hand late last night, we approve of your determination to forward the 700 lbs Gun powder formerly ordered for North Carolina—we desire you will add three hundred pounds more either by sending so much with or after the above mentioned quantity, or by delivering it to the order of the provincial Council for that Colony—we cannot consistently with a prudent forecast for the safety of this Country part with any more until our present Magazines shall be further replenished & we hope North Carolina will not immediately want any further Supplies from us.—

Colonel Gadsden informs us that a quantity of powder was sent from Philadelphia for North Carolina about the 19th Ult? & Col? Thomas Polk gives as his opinion that the threatened Insurrection in Guilford County cannot be near so formidable as Mr? Butler apprehended at the time of sending his Intelligence to Wilmington

We know not what Specie of Powder you have already sent but we think now it ought to have been & that the intended 300 lbs should be best Musket powder.—

Sir.

I know not by what means your favor of the day before yesterday on so important a subject as the health & Life of an unfortunate Lady has been two days travelling to Ansonburgh, I did not receive it till 3 o'Clock this afternoon when the Congress had adjourned to meet tomorrow at 10— You may rest assured Sir that I will move the House to consider the Contents of your said Letter & to grant M'r Stuart the indulgence which you think necessary for her recovery.— As M'r Stuart's confinement commenced by order of the Congress so no subordinate power during the Session of Congress can take off or relax the orders given for her restraint for this reason, I forbear to make an application which would be fruitless to the Council of Safety—

Gentlemen

We beg leave to refer you to what we have already written by this bearer—Your favour of the 12th 28 reached us last night & we heartily thank you for the advices contained in it—time will not permit us to be very particular in our reply & it is the less needful as three members from this

Board will wait on you by order of our provincial Congress within forty eight hours after you receive this. — from these Gentlemen you will receive repeated assurances of our Resolution to persevere in measures for our mutual defence & protection, we must & do expect a good deal of rough work from the Men of War very Soon & we also must & do resolve to make them Suitable returns & although we may Suffer many losses & be driven to great inconveniences yet we have no doubt of getting through & rising with advantage. We blush for Governor Wright's perfidy, & could wish that the Member of your Honourable House may be brought to think that it will be now no more than fair reprisal to enlarge a Secret for the benefit, perhaps the Salvation, of both our Colonies & the preservation of many Lives—

The Honble Henry Laurens Esqr.

Sir
As you was pleased, the other Day, to desire that I would continue to act as Commissary General for the militia,

27 Rawlins Lowndes, James Parsons and Thomas Savage. (See journal of the second session of the Second Provincial Congress of South Carolina, p. 36.)

I agreed to do so, in expectation that I should be able to prevail on Mr. Colcock to stay with me, and assist in giving out provisions to the Country Militia; but notwithstanding I have taken all the pains I could in getting the best Butter, Beef, Pork, Bacon, Bread and Rice I was able, yet I find much dissatisfaction prevails among some of those men, (as well as with the Landlords of some of the Houses where those men are lodged), and there is seldom a Day passes, but, both Mr. Colcock and myself are abused by some of those people, this, with the constant attendance which Mr. Colcock and myself are obliged to give to hear the Wants and Complaints of the Country Militia, in order to keep them quiet; hath induced Mr. Colcock to give me notice that, he cannot continue any longer to assist in the Commissary's Office, without he was certain what Compensation the public would make him for given up so much of his Time; neither can I continue to keep the Commissary's Office longer than Monday next, as I find I cannot execute it in the manner I could wish to do, without doing injustice to the Concerns which I have in my Hands, by neglecting them — I do therefore entreat the favor of you Sir, to acquaint the Honble Council of Safety of my intention of discontinuing to execute the Office of Commissary General, after Monday next, and that you will do so, on the first Opportunity, that, that Honble Board may have Time to appoint some fit person to that Office, and I promise to give him all the assistance in the Execution of it that I can — If my continuing— Pay Master to the Country Militia, or any thing else that I can do to serve my Country, without taking up that part of my Time which I am in Duty bound to give up to the several Trusts I have in my Hands, I will think myself happy to have it in my power to do. I am most respectfully

My Dear Son—

My last to you was the 8th Inst—Yesterday I received your favours of the 4th & 7th Covering Letters for Mr. Clarke & Doctor Garden, the first is gone to Hackney, & the other will go on board Capt Maitland to Morrow—had you been a little nearer I should have returned it with a strong recommendation to Copy it over again— You should not expose yourself to the remarks & censures of your friends by such scribbled blotted performances, 'tis disrespectful to them & disreputable to yourself, if you will persevere in the same way, you will never find honour or profit result from the habit, but it may in some respects be a Bar against both — — I know there is an affectation in many of the would be—family—to avoid writing the Legible hand of a Merchants Clerk, or to imitate the accuracy of a hackney Amanuensis—believe me Jack tis all affectation—or the effect of Idleness, or Idle hurry— You can write a fine hand, write quick & with accuracy—to keep yourself in the practice may possibly be attended with particular advantage to you—will always
command praise & never will be disgraceful to a first rate Scholar or an Independent fortune.—

I had entertained a high opinion of Mr. Locke & was therefore anxious to know if you were so fortunate as to be continued in the list of his acquaintance— You will present me in respectful terms to that Gentleman, to Mr. Neville & to the General—if you can think of any thing which I could send, that would enable you to give some token of your gratitude for their Civilities, I should gladly do it.— something of this sort may be necessary before you leave Genevè; think of the subject & inform me.

My Compliments to Messrs. Smith & Petrie, I have not anything new to say concerning their Education—Mr. Petrie’s Letter for his Brother will go with yours to Morrow—Master Manning will receive a Letter from his Papa by this Mail which he is to lay before you—

I am sorry you cant enter Harry with the best drawing Master— My Love to him & tell him if he is fond of playing at Fists, he will find companions in abundance in this Country whose hands are somewhat harder than those of the Genevoés.—

You will receive a Letter inclosed from your Brother James— he writes well & is going fast on in his Grammar, but I would give a great deal to have him put upon your new plan of Education.—there are so many Blockheaded Grammarians, that one is apt to treat the term with Contempt.—

Your Ministerial party will have more ground for triumph— how long they may continue to exult is uncertain—I have not time just now to say much let it satisfy you for the present to be informed that the New Bill for regulating the

11 William Loughton Smith, son of Hon. Benjamin Smith (1718-1770) and Ann Loughton; was b. about 1758 and d. in Dec. 1812. After leaving Geneve he studied law in the Middle Temple and was admitted to the bar in Charleston in 1784. He was elected to the 1st. Congress (1789-1791) from the Charleston district and was reelected to the 2d, 3d, 4th and 5th, but resigned in 1797 to accept the post of Charge d’affaires in Portugal; was transferred to the Spanish mission in 1800 and was relieved in 1801. He was the author of several political works.
Government of Massachusetts is said to be the effect of necessity, in order to correct the Tumults in Boston & preventive of the like in future those tumults were produced by the attempts to Raise a Revenue by Internal Duties in America—& they are now going to Repeal those Duties—the bare Repeal would produce peace & Quietness—but the Regulating Bill, unjust & severe as it will be unnecessary accompanied by the Repeal, will keep up the flame, perhaps increase it—Leave is given to bring in the Bill, it is to be printed, when I know more of the business I shall be better able to speak of it—our friends in Charles Town were well to the 10th March—& the Indians inclined to peace—Adieu My Dear Son—

Henry Laurens.

The Carolina Instruction of the 14 April 1770 is withdrawn—
Your draught for Eighty Louis shall be paid but I request you to sever Master petrie's Account & inform me the exact amount & particulars & never blend it with any other—

Mr John Laurens.

My Dear Son—

Soon after I wrote you at Calais on Saturday last I embarked in one of the Packets, had an excellent pas-
sage to Dover & relodged myself in Fludver Street Sunday Evening—where I had the pleasure of meeting your Letter of the 19th Ult.—while I was at Calais Major Norton who in his way to Marseilles was to pass through Lion took charge of a small packet containing an English News paper, & directed to you which he promised to put into the post Office at Lion—the perusal of Coll? Barre’s Speech in the House of Commons against the Bill for “the impartial administration of Justice in the province of Massachusetts” &ct inserted in that paper I thought would afford you pleasure & information.

The Bill for Eighty Louis which you drew on me I ordered to be paid yesterday, without regard to the running days—& I shall settle the article on Mr Petrie’s Account with Mr Hawkins hereafter but let his Accounts be kept & drawn for distinctly from every other & the draughts may be on Mr John Hawkins Cheapside whom I shall instruct to pay them.

—that Young Gentleman writes that he was just upon Entring at the Fencing School when my Letter to you prevented it—this shews inclination—I give my consent therefore that he may be immediately Entered, the expence will not be great & I think the Art & Exercise will be attended with present advantages to say the least—if I dont write to him by this conveyance, assure him of my Love & attention to his Interest.—

You judged right, that the change in Harry, would afford me pleasure—Encourage him by all the means in your power to surmount his fears on Horseback & of the Water, I would give a good deal of Money to hear that he had learned to Swim.—keep him constantly in the course of his Duty, & from following any examples of Idleness & neglect of Study. Mr Manning is no less pleased to hear you speak favorably of his Boy—but those two, are of very different complexions—& have undergone very different discipline from their Infancy—let us make the most we can of them respectively, but it behoves you to be watchful over them—advice
& friendly admonition is all that you can administer to one—
but to the other you must, if needful, extend authoritative
commands & exact a compliance.— I have forwarded your
Letters to Doctor Garden & Mr. Clarke as intimated in mine
of the 19th April—from the latter I have lately received a few
Lines & this P. S.— "I shall answer your Sons obliging
Letter the first time that I can draw my mind to sufficient
recollection"—our poor friend writes of being under a dark
furnace & smoke of inward Cross—as being Cast down but
not slain going through this Wilderness &c—whence I con-
ceive his mind is agitated beyond its rational power.—
I am now beginning to plan for my return to Carolina, first
to go into the Country here, take leave of our friends in
different parts—adjust Accounts with some of them & Collect
articles for Town & Country uses on the other side of the
Water—such business will probably find employment for me
to the 20th June—then if nothing extraordinary intervenes to
prevent me, I shall be ready to wait upon my Sons either at
Genevè or somewhere on the Road, in order to conduct them
to this Kingdom—our way shall be through Switzerland &
Holland, or Lion & Paris, as you shall think best & I desire
your full & candid opinion—having on my part only to
observe, that if we go to Paris, a deviation to Poitiers may
happen, where we may see the family which claims relation-
ship with us—& that the former Rout will be most agreeable
to the Season & shew you a new Country.— If I can return
here by the 1st or even the 10th August—there will be time
enough for me to settle you, to determine upon a proper
disposition of your Brothers 12 & to prepare for the embarkation
of myself & either or both of them. You see, the time is
approaching fast when you will be tried & your improvements
scrutinized, by real friends & by Envy Masked in Friend-
ship's Veil; receive the impression which is intended by this
suggestion & you will gain four Months in May and June.

I must also request your opinion, on Harry's future process

12 Henry ("Harry") and James.
will he receive advantages from a continued residence at Genevél—or will it be proper to keep him under your Eye or mine—in England or Carolina?—I shall have much to say to you of our dear little fellow at Winson Green—I have not heard from him for several Weeks, but he's a fellow of whom we can make any thing that's good.—

I was going to say other things of our own & of public Concern but Mr. Motte came in & chatted away time till I have not ten Minutes to spare—

The Carolina people had Entered into strong Resolutions against Importing buying or selling Tea & to keep the East India Company's Adventure in safe Custody until it should be Reexported.11

The Georgia House of Assembly are in strong opposition to Sir James Wright notwithstanding certain allurements for securing as he hoped a large Majority—they have made his pillow is Rough—

Sir Geo Saville did us Americans the honour of presenting our petition yesterday against the Boston Charter Bill, it was well received—Mr. Dunning opened the debate on our side, which continued till 3 oClock this Morning upon a division we had 64. against the Bill* which in present circumstances we count a glorious shew—to Morrow we shall present another petition to the Lords — — afterward if needful, to the King,

13 Isaac Motte, of South Carolina.

14 On Wednesday evening, December 2, 1773, the London, Capt. Alexander Curling, arrived in Charles Town from London having on board two hundred and fifty-seven chests of East India Company tea. A mass meeting of the citizens of the Province was held in the Exchange on Friday afternoon, the 4th., and the consignees of the tea, Roger Smith and Leger & Greenwood, were asked to decline receiving it. This they did amid great applause. This obliged Capt. Curling to keep the tea on board until the 22d. when, no consignee being willing to take it, the customs officers seized it under the regulations requiring cargoes to be unloaded in twenty days after reaching port. This and subsequent shipments were stored in the basement of the Exchange, where it remained until October, 1776, when it was sold for the benefit of the public service. (See Wallace's A Chapter of South Carolina Constitutional History.)
these struggles tho unsuccessful at present will be of great service eventually—but I hear the Bellman—

Westminster 10 May 1774,

My Dear Son——

My last Letter was of this day se'nnight which brings you again largely in Arrears——
You are anxious to know how American affairs go on, I shall inform you as fully as my time & knowledge will admit of, first by referring you to an extract of a Letter which I wrote to your Uncle the 7th Inst & which shall go under this cover, you will learn my opinion of the state of our dispute antecedent to the Enacting the late Law for incapacitating Boston to be a trading port & the Laws which are now
impending, for altering the form of Government & for the impartial Administration of Justice &c—

The original point in dispute was the Right of Taxation in America by the British Parliament—a Right lately assumed & which Parliament could not maintain with that clearness & dignity which is necessary to command respect & obedience—the Members of both Houses differed among themselves the Wisest Men in each & all America denied the Right, & this Nation at large asserted the impolicy & inexpediency by petitions from all quarters this vast opposition occasioned the Repeal of the Stamp Act—other attempts were nevertheless made under different modes which excited fresh struggles & partial redress was obtained by new Repealing Acts, but a Bone of contention was unhappily reserved by the Duty upon Tea, which served but to irritate the Americans & to raise their Contempt, & in their resentment against the measure for establishing the Claim of Right under the mutilated Revenue Laws they have gone too far, have talked in a Language which is not warranted by that Constitution to which they appeal & have committed Acts of violence which none but an Impotent State would suffer the Enemies of American freedom have therefore shifted their Ground & you will easily perceive the advantage which they had gained—but I think they are loosing it again by grasping at too much & the face of affairs may be suddenly changed by a few wise Resolutions on the other side—unhappy Contest, Victory to either party will be little better than a defeat to the Conqueror—if a good opportunity offers I may send you Copies of the Acts of Parliament & some Tracts on the subjects in dispute—but I shall not say any more on them till we meet unless something very provoking shall happen—

You will be preparing for a retreat from Geneve & endeavour to make it with Credit & Honour, some extra expences you must unavoidably incur which I shall cheerfully provide for—I need not say a word more to induce you to make the best improvement of your remaining time—
I made a remark some time ago on your having discharged your Italian Tutor to which you gave no Answer, I hope you have gained an extensive if not a perfect knowledge of that Language— I hope you will find time while you remain in Europe to learn so much of the German & Spanish as to read their Authors & then I think you will have enough of Language—I cant doubt of your having devoted some of your time to gain a knowledge of the Constitution, if it has one, & Laws of the Republic in which you live & that you have enquired into the nature of the Swiss Governments in the several Cantons & made such minutes as will enable you to give answers to questions which will often be put to you upon those subjects, how are the poor Savoyards in your vicinity governed & of what benefit are they to the State?

A Bundle of Letters just sent to me by Capt Gunn in which I find one of your Sister Patty's direction for you—it will go under this Cover—my latest date is the 18 March, not a word more of Indian War, the province was in great distress from the want of a Tax Bill & other Laws which they are still deprived of by the old dispute—they Complain also of a vast scarcity of Money Lord William Campbell's arrival among them will remove some of their difficulties— Our Cousin Katy Ball that was—lately died, other friends all well—Give my Love to Harry, I pray God to bless you both—

Henry Laurens,

Your Sister has wrote to me for a pair of Globes—you see what learned folks we are all to be—

I hope she can make a good Plumb Pudding—

& in that hope I'll send her both Worlds—

Louisa Ella Ancrum. Gen VII.
2—Louis Trezevant Cruger.

1 She died at the home of her daughter, Mrs. Tate, in the city of Baltimore, February 3, 1903. Some of the daily newspapers in noticing her death stated that her grandfather, Col. William Washington, was a first cousin of President Washington, and a "Genealogist" has, in challenging the statement, in a letter to a Washington, D. C., paper, intimated that there was no relationship. A genealogy prepared by President Washington himself, a fac-simile of which was given in The New York Genealogical and Biographical Record for October, 1902, and other indisputable records conclusively show a relationship. Lawrence Washington, the President's grand-father, and John Washington, the Colonel's great-grand-father were brothers. John's son Henry, of Chotank, was the father of Bailey Washington, father of Colonel William. Bailey was, therefore, second cousin to the President, and Col. Washington was the President's second cousin once removed. The President, in the diary which he kept while in South Carolina in 1791, refers to Col. Washington as his kinsman.—Editor.

HISTORICAL NOTES.

A LETTER OF 1800.—The following letter from Mrs. Floride (Bonneau) Colhoun, wife of Hon. John Ewing Colhoun (1750-1802), subsequently (March 4, 1801—October 26, 1802) United States Senator from South Carolina, to Andrew Pickens, Jr., son of Gen. Andrew Pickens, and subsequently (1816-1818) governor of South Carolina, reflects a little of the history of social life in South Carolina in the closing year of the eighteenth century. Dear Andrew—

It was my intention to have written to you soon after my arrival here, but have put it of from day to day at which I feel no small degree of remorse, and must beg to forgive this seeming neglect; and tho' I have nothing interesting must attempt to say nothing as I am anxious to hear from you all. I hope Susan 1 is in better health than when I left her, and how is my dear little Francis 2 I make no doubt he can now read. Do kiss him for me and tell him he must not forget his Aunt C— who often thinks of him. I had the happiness to find my family well and my mind relieved of a great deal of anxiety occasioned by a foolish report which prevail'd in Charleston, that Floride 3 was engag'd to be married, and indeed they went so far as

1 Wife of Andrew Pickens, Jr.
2 Francis Wilkinson Pickens, subsequently United States minister to Russia (1857-1860) and governor of South Carolina, 1860-1862.
3 Her daughter, who subsequently married John C. Calhoun.
to say the event had taken place, but there was not the least foundation for such a report, and I have reason to be thankful that I left her here as every attention had been paid her by her Tutors and found her improv'd, that six months would in a manner been lost which at this important time of life is of more advantage to her than twelve months when younger, yet I was so foolish as to reflect upon myself for leaving her when I heard the report, it ought to teach me a lesson never to be uneasy before I know the certainty of a matter of the kind, however no one can tell but those who have the trial, what anxiety a Daughter who is growing up occasions a Parent, but I have every reason to hope she will be a comfort to me as few girls of her age conducts with more propriety. I have for some time endeavor'd to lesson my cares, but it has so happen'd that they have increas'd every year. I have two girls with me which is no small charge, but if I can see them benefitted it will be a gratification to me, as nothing affords me more real pleasure than when I can contribute to the good of others. I hope to see you all next winter, but I am griev'd that Floride and Elizabeth will lose the great advantage they are now under, one year more would be of great advantage to them. I had a letter from John yesterday he was well, and will enter College this fall. Do remember me to your Brother * and family and tell him I have had but one letter from him, which I answer'd some time since, and the Children unite with me in Affecte rememberance to Susan, your Father mother, &c &c &c and all my friends. I have been urging Floride to write to you and her uncle and I hope she will soon do write me immediately as this comes to hand. May every blessing attend you, and yours is the prayer of

Your ever Affect Aunt
Floride Colhoun

The Jews of Charleston.—Rabbi B. A. Elzas continues his papers on the Jews of Charleston in the Sunday edition of The News and Courier, much to the benefit of the true history that great people in this community. His review of the article "Charleston" in the Jewish Encyclopaedia has brought about a controversy with Mr. Leon Hühner, the writer of that article, but as Dr. Elzas has all of the local records at first hand while Mr Hühner only has the second hand evidence of a few inaccurate books the former has decidedly the advantage in the controversy and has had no trouble in sustaining the correctness of his criticisms.

NECROLOGY.

Judge Henry B. Tompkins, of Atlanta, Georgia, a member of the South Carolina Historical Society, died at his residence in Atlanta on Wednesday, February 25, 1903, aged fifty-seven years. He had served on the bench of the Superior Court of Georgia for five years.

Theodore Gaillard Thomas, M. D. of New York City, a member of the South Carolina Historical Society, died at a hotel in Thomasville, Georgia, on Saturday, February 28, 1903. He was born on Edisto Island, S. C., November 21, 1831, and was a son of Rev. Edward Thomas. His mother was Jane Marshall Gaillard, daughter of Judge Theodore Gaillard. He received his early education at the College of Charleston and was graduated at the Medical College of the State of South Carolina. He subsequently went to Europe and studied medicine in the great scientific centres of the world. Returning to America he served as interne at Bellevue Hospital. He subsequently became professor of obstetrics and diseases of women in the College of Physicians and Surgeons in New York, and consulting physician to the Nursery and Child's Hospital, at St. Mary's Hospital, Brooklyn. He was also surgeon and one of the founders of the Woman's Hospital in New York. In 1889 he was president of the American Gynaecological Society, and was an honorary member of the Obstetrical Society of London and a corresponding member of the Obstetrical Society of Berlin.

At the breaking out of the Confederate War Dr. Thomas returned to his native State and put his services at the command of the Confederacy, but believing that he could best
serve his country in New York City he returned thither where he suffered great odium because of his Southern sympathies.

Dr. Thomas was the author of numerous books and pamphlets touching subjects connected with his profession, the most noted of which was his *Book on Diseases of Women* which has been translated into French, German, Italian and Chinese, but he also found time to devote to the study of history, particularly South Carolina history, and in 1888, at his own expense, he had two rare pamphlets reprinted: *Liste des Français et Suisses* and DuBose's account of the Huguenots.

Dr. Thomas was twice married. His first wife was Miss Mary Gaillard, a cousin, and his second wife was Miss Willard, of Willard's Academy, New York, one of the noted sisters of that name.

Dear Sir—

The Messenger by whose hands I received your favour of the 15th [!] together with Letters from your Congress to the Congress of this Colony dated the 15th & 16th has been detained ten days past, partly owing to the hurry of business in Congress which has employed the president's whole

30 The preserved portion of the journal of the second Council of Safety ends with Monday, February 26, 1776 (See Collections of the South-Carolina Historical Society, Vol. 3, pp. 270-271), so that our only sources of information regarding the transactions of that body (the real executive of South Carolina from November 30, 1775 to March 26, 1776) are the papers published in this magazine from now on and the items to be found in The South-Carolina and American General Gazette, then publishing in Charles Town.
time while on Shore & partly to the young mans neglect to call on Mr. Drayton, under pretence that he could not find him. at length the Council of Safety think it necessary to discharge him. & I have paid his expences for supplies on the Road £12, & a further sum is to be paid to his Landlord for himself & Horse—

I will not trouble you with a detail of our affairs here, you will lern the whole from a number of our Gentlemen who are gone & going to your assistance in Savanna— I am afraid from your accounts they will arrive too late to do all the good we wish for. but while we are busily employed in guarding Savanna it behoves ns to look well to Beaufort the loss of that place together with the acquisition of the Harbour by our Enemy would be a fatal Stroke to both Colonies

I beg you will put a Wafer under the Seal & take the first opportunity of conveying the Letter here inclosed to my old acquaintance Capt Innes who I suppose is in your Neighborhood. My good wishes ever attend you if you are crowned with Success, you will nevertheless deserve it; I am therefore with great truth and regard

[HENRY LAURENS TO MAJOR HABERSHAM.]

Charles Town So Carolina 5th March 1776.

Dear Sir—

Yesterday Morning Mr Will brought me your favour of the 28th Ult which I immediately laid before the

31 William Henry Drayton, the president of the second Provincial Congress of South Carolina, was also a captain in the navy of the Revolutionary party in South Carolina, which became, subsequently, the navy of the State of South Carolina.

32 There are two copies of this letter in the Society's collection—one a little rougher draft than that given above—both in Mr. Laurens's handwriting.
Congress, the Members were so deeply affected by the melancholy contents as led them instantly into a debate upon the necessity for sending an additional number of Militia to those already ordered for Savanna—a determination of that point was postponed until we should hear from Coll? Bull whose orders are to throw in any number of Men that he shall judge necessary for your assistance—we had scarcely got through this business before an express arrived with a letter from your Council of Safety importing the most agreeable intelligence. I am extremely glad to find you are likely to make a stand against the attempts of our Enemies & that the burden of business which lay upon two or three of you is now more equally borne. The assistance which we have already dispatched we hope will be sufficient, but should there be a necessity for more Men I am persuaded we shall not hesitate to add three or four hundred, as to the article of Gunpowder I am sorry 'tis not in my power to say anything more on that subject.—while the Cherokee is parceeding within sight of your Town & drawing off Men from the Southern frontier of this Colony I clearly perceive the feint which may be intended & that our Beaufort, may in one Night be taken by surprize & Fort Lytton fall without opposition, success in such a stratagem would infinitely embarrass us, but it would effectually ruin you, as intercourse between Savanna & Charles Town would be much impeded, a few Troops from St Augustin attempting to make inroads about Sunbury & Ogechee would put you between two fires & keep your strings constantly upon the stretch—let us guard by every wise precaution against such schemes & while we are anxious to suppress the Fire in your own House take care lest we are ruined by flames from the next door—it will become us too, to be very careful of our Men, to avoid harassing them unnecessarily & to compel them to take all possible care of themselves while they are upon duty—the approaching season should be well considered & all unnecessary fatigue avoided—if early fevers should seize our Troops.
the work of our Enemies would be made very easy—on the contrary if we support our Men, theirs will unavoidably begin to flag as the warm weather sets in—confinement on board their ships & want of proper refreshment will on the other hand hasten their destruction.

While North Carolina on one side & Georgia on the other is attacked, & we, who were most loudly threatened, are left in a seeming State of tranquility, what conclusion can be drawn not surely that we are protected by our Innocence, but that Vengeance is preparing for us, to be brought on when our friends shall be rendered incapable of affording us assistance— from every consideration therefore it behoves these three Colonies to act with great wariness & foresight always on the defensive.—but let us act with Resolution & divine providence will bless our actions with success—

I wish you my Dear Sir Honour in the field & the smiles of fortune everywhere—being very sincerely

Your most obed! Servant

[HENRY LAURENS TO THE COMMITTEE AT GEORGE TOWN.]

Charles Town 15th March 1776

Gentlemen

We thank you for the intelligence in your Letter of the 13th which came to hand this Evening—the Success of our friends in North Carolina is a great event, & it is a pleasing circumstance to us, that they have not repeated their calls for Gun powder—it is not in our power to Issue any more from our present Stock—we have intimated to Capt. Gillon the Scantiness of our Magazine & how pleasing it will be to us if he will not avail himself of our permission to take 50! from that under your care—he will have the less need now, as we have ordered the Comet and Defence to Convoy
his Vessels from your Bar to the edge of Sounding, those two Armed Vessels Sailed late the past afternoon & will probably be in sight of your Shore to Morrow Morning—we are loth to countermand our order altho our necessity almost compels us to do it, but we hope that Cap' Gillon's good sense & consideration will Shew that it would have been an unnecessary measure.

We have just received advices of the 12th from Savanna where they had then a respite from action—the Cherokee & other armed Vessels had returned to Cockspur with about ten Sail of Vessels which after having thrown out about 2000 Barrels of Rice had got under their Cover in back River—four Vessels with valuable Cargoes were burnt & Seven Seized & detained, four of which are loaded.

We learn Strange accounts of the behaviour of the British Troops, who seem to have been panic struck, they not only fled in confusion but even cried out for Mercy—about 70 Indian Men were at Savanna, 10 were in our trenches one of whom was wounded—upon which Stukchee the great warrior of Cussita remarked—"that the Americans & the people over the Great Water, who are the Children of the Same Mother have quarreled & cannot make up their quarrel without Arms that as his Nephew joined us & got hurt in the first engagement he & his people would now join & assist us."

By order of the Council of Safety Committee at George Town

[HENRY LAURENS TO COL. STEPHEN BULL.]

Charles Town So Carolina
16th March 1776—

Sir—
late this Evening your Letters of the 13 & 14th were laid before us the contents are great & we shall dispatch an immediate answer by a Special Messenger we assure you that
we are truly Sensible of your zeal in the Service of your Country & that no part of your advices which you wish to be kept Secret Shall be devulged—We do not intend to offer your Letters to Congress altho we think it proper in general terms to communicate certain parts of them which we know will afford satisfaction, at least for the present Day.

We Send you by the bearer £3500—sealed up in a packet & particularly recommended to Grouber’s care he does not know the Contents but will deliver you the packet safe if he delivers this—With this Money you will pay Such of the Troops of our Colony as you shall think may stand most in need—& as it may be a means of encouraging our Georgia Friends to be informed that we wish to have all our Carolina Militia in their service paid by this Colony we desire you will give distant intimations of our intention to apply to Congress for that purpose & also at a proper time to the Continental Congress to take in the whole as a general expence—we are of opinion that Georgia ought not to be burthened with the Charge, however as we dare not, so you will not, venture to give positive assurances on this head but tis certainly our intention & our endeavours shall be accordingly exerted to Save Georgia from the lead—

Now for the grand we may say the awful business contained in your Letter, it is an awful business notwithstanding it has the Sanction of Law, to put even fugitive & Rebellious Slaves to death—the prospect is horrible—We think the Council of Safety in Georgia ought to give that encouragement which is necessary to induce proper persons to seize & if nothing else will do to destroy all those Rebellious Negroes upon Tybee Island or wherever they may be found, If Indians are the most proper hands let them be employed on this Service but we would advise that Some discreet white Men be encorporated with or joined to lead them—the loss which may result to proprietors ought to & must be borne by the public, it ought not to be the loss of Georgia alone—to those Royal Miscreants who are carrying
on an inglorious picaroon War let every inglorious unavoidable act of necessity which we may be driven to commit for our self preservation be imputed—from the confidence we reposo in your humanity & prudence on one hand & your zeal for the Interest of your Country on the other, we will take upon us to indemnify you for all that you shall do or cause to be done in this momentous concern—if private Interest, if the Interest even of a Colony & no more was at stake we might submit to suffer great injuries in both Cases. in preference to giving Orders for Such sanguinary measures as may follow in consequence of these—but when we consider that the loss of Georgia may be Seconded by the Loss of Carolina & eventually work the defeat of the American cause in which the happiness of ages unborn is included we dare not even hesitate whether we should order or perform any act which is required & warranted by the first Law of nature as well as by the Law of the Land——

We desire you will present our respects to the Council of Safety at Savanna assure them of our readiness to assist Colonel Wells that we hope he will succeed in every thing he has in view here & will soon return—

tis our earnest request they will not Suffer any of those Vessels now in their custody to be taken off by the Enemy the best & surest method of preventing such mischief will be to unrig & render them incapable of moving without permission—& if necessity requires it to reduce them to Ashes—

We truly wish you health & happiness——

[HENRY LAURENS TO THE NORTH CAROLINA AUTHORITIES.] Charlestown So Carolina

20th March 1776.

Gentlemen—

After the most mature deliberation upon the important contents of your dispatch by the hands of Mr Ewen
under the 15th we find it necessary to determine that we ought not to lessen our present stock of Gun Powder, except by the 300! which we had some time ago reserved for you at George Town in addition to the 1000! formerly issued for Wilmington and Salisbury which we shall desire the Committee to send forward in order to meet an escort from you at time & place to be concerted—what is further needful to be said on this head you will learn from Mr Ewens—we have not a field piece to spare except a few Iron 3 pounders which have been long lying on & in the Ground if these upon examination shall be found good we shall order four of them to George Town from whence you may get them also.

We know nothing of the Continental Fleet except that the Sloop Hornet was on this Coast about a Month ago sent her Boat with two Warrant Officers & five Men on shore these are still here but we have heard no more of the Sloop there was indeed at one time a glorious oppor unity for disconcerting the whole plan of our Enemies, a time when, the Ships of War at Savanna as well as those infesting your River might have been totally destroyed.—we can only hope that some what of equal importance has been done.—

We are to meet to morrow morning in a large Committee with Messrs Nash & Kinchen in order to concert a plan for the mutual defense of these Southern Colonies & you will hear further from us by them in a few days—mean time, although all circumstances considered we look upon our own danger to be the most imminent you may be assured not only of our good wishes but of every effort in our power to assist you. Our Congress which is still setting have nearly concluded a system of Resolves which are to be the Basis of a Constitution for this Colony during the continuance of our opposition to Tyranny, probably within three days the Congress & Council of Safety will be lost in the General Assembly, Legislative Council, President & Commander & Chief Vice President of the Colony & privy Council.——We are
told the Enemy's Ships of War which were lately at Cockspur are all sailed if so you will soon hear more of them

[This completes the publication of such papers of the second Council of Safety of the revolutionary party in South Carolina, 1775-6, as have so far been found in the collection of papers given by the Laurens family to the South Carolina Historical Society soon after its organization in 1855. The revolutionists having ruled South Carolina in fact if not in name from July, 1774, to March, 1776, the Provincial Congress on the 26th of the latter month adopted a constitution converting the Provincial Congress into a General Assembly and setting up an independent government “until an accommodation of the unhappy differences between Great-Britain and America” could be obtained. This accommodation was never obtained and the temporary independence became permanent. On March 26, 1776, therefore, South Carolina ceased to be a province and became a sovereign state, and the appellation “state” was then and there given officially as well as otherwise. Under the new constitution the President and his Privy Council (the Vice-President being a member and president thereof) supplanted the Council of Safety as the executive power in South Carolina and the latter body was dissolved.]

My Dear Son—

Your Brother James & I, arrived here two days ago, on a visit to our friends in this Quarter & to take leave of them previous to our departure for America——

It is a very long time, at least I think it so, since I heard from you—your last date was the 19th Ult?— I long to receive your sentiments on those Interesting Questions contained in some of my late Letters relative to your self & Harry—
to be informed when you are to go to the Glaciers & Salt Pits, when you will be ready for returning to England & by what Route you wish to return & where I am to meet you?—You will afford me great pleasure by speaking your sentiments and disclosing your own Inclinations freely, if you have any favorite plan, or strong Inclinations for passing another Year abroad or for making any alteration in that which we had seemingly concerted for the ensuing three Years— When I know the bent & disposition of your mind half my work is done & the other half will be more easily performed; & thô I do not promise an absolute submission, nor am I inclined lightly to pass over or break through Reso-
lutions, yet I think it Incumbent on me at this particular juncture to call for your opinion
You may not have been heretofore so explicit as you ought to have been you have hinted, though I hope it was only the effect of your modesty, that you had not improved your time to the greatest advantage—you may start schemes & desires of your own which I am altogether unacquainted with—when I am fully informed I shall be better able to judge; & I shall judge & determine to the best of my ability having your Interest your happiness before me the only point in view—when I receive your advices in answer to this which I hope you will not delay to the missing of the first post, I shall be ready to begin a journey to meet you where you shall appoint & if you have not wrote so fully as I desired concerning your Brother Harry, delay it no longer.
Mr Motte accompanied me to Bath where I left him very lame by the Gout or something like it he desired me to present his Compliments to you, & we joined in Salutes to Master Smith—
My Compliments to my friend Petrie, tell him Capt Gunn has brought two pieces of Gold for him the Value of which I will send him when I return to London.—how do those young Gentlemen proceed in their Education, will they be gainers by the removal from Hackney & save me from Censure?—
Mr Austin seeing me writing this Letter desires his most Cordial & affectionate Salutes to your self & Harry, & bids me tell you that he expects to see you at Aston— I flatter my self with hopes that you will reconcile him to his Son, I think I can point out the means & am sure there will not be wanting inclination on your part to accomplish so desirable so blessed a work— You may finish what certain circumstances have obliged me to leave undone.—
I will say nothing of our American affairs, a Month hence will inform us of great things, in the mean time all must be conjecture in a thousand cross Lines—
Adieu my Dear Boy present my Love to Harry—I continue in the most faithful attachment to your Interests Your affectionate father —— Henry Laurens,

My Dear Son—

From the Account which I wrote of my health the 1st Inst your anxiety will be upon the watch for further intelligence—the pains under which I suffered last Week are now almost totally removed, but both Feet & both Ankles remain much swollen, so stiff as to seem jointless & so very feeble as renders me incapable of moving even upon Crutches, I am lifted from place to place & shall have made a great advance when I am able to move from my Bed Chamber to the Dining Room upon four Legs—hence I foresee it impossible for me to attempt a Journey to Geneve, I have little expectation of making one of only a small part of the way in order to meet you & your Brother—

I have given you so many intimations of my intention to meet you that I am under no doubt of your being in readiness to return when this reaches you the necessity for it appears greater every day—by Letters from Charles Town of the 20th & 23d May I am informed that your Uncle remained in
a very precarious state of health & Mr. Gervais had been long ailing, once had been in the Country for change of Air & at the writing of the last Letter was embarked in a Schooner going to Georgia hoping to benefit from the Sea Voyage—these are alarming calls upon me to return to my Charge in Charles Town—the continued sickness of those friends will expose all our affairs to very great losses, the Death of either of them at this time would be followed by vast damage if not prevented by my immediate presence & interposition, but the Consideration of my own affairs aside, it is my Duty to hasten now to my Brothers assistance—American affairs in general are collecting such an aspect as recommend strongly to me to be upon the Spot.—

Yesterday we heard that Virginia, Maryland, Pennsylvania, New York & the other Northern Colonies had made the Case of Massachusetts their own 'tis not to be doubted but that the Carolinas will join them—in Virginia a General Fast was appointed for the 1st June not by a Mob, but by the House of Burgesses—in Maryland Spirited Resolutions against Commerce with Great Britain were Entered into—& there was soon to be a Convocation of Representatives from each Colony at New York—these Steps were taken upon hearing of the Boston Port Bill—the other Acts of Parliament "for altering the form of Government"—"Administration of Justice"—"the Quartering of Soldiers" & the two Canada Bills will quench their Resentment as Oil would extinguish flames—I need not say more to shew you the necessity for my presence to keep our own little matters together as well as to contribute all the aid in my power toward removing the distresses of our Country, as well as for your being nearer at hand than you are, in order that our Correspondence may be more frequent & more certain & your own remove to Carolina the more easily made in case of a sudden Call—my health is also in a precarious state—Immediately upon receipt of this, discharge all your own & your Brother’s Accounts, agree with DeJean to conduct you
to Boutogne or come on in any other proper expeditious manner through Lyons & Paris—I trust that your affairs will be in such a state of readiness as to admit of your leaving Genevè the 21st Inst at farthest, if you are not here before the 10th August we shall both be greatly embarrassed—I can say no more to you respecting the expense than to travel very frugally in the Character of a plain Englishman, with regard to Money, Your Bill on me will procure you enough for the journey to Paris where I shall meet you with a further supply—You will write to me upon receipt of this advising when you are to set out, by what Conveyance & when you expect to be at Paris—you will lodge there I suppose at the Hotel d’Yorke, if I am able I will see you there—adjust your Concerns properly in all respects before you quit Genevè, let Harry treat his Young friends & bring with him all his Writing & Cyphering Books—present my Compliments & thanks to all the folks who have been kind to you I shall be always glad of opportunity to acknowledge their goodness—Excuse me to Mr Chauvit for not writing, the labour of getting through this Letter will be as much as I can possibly perform in my present condition.—forward the enclosed to Madame Rouxe give her notice of your leaving Genevè & of my intention to embark for Carolina early in September—Enquire as you come along for Ralph Izard Esq. he will probably be at Lyon & I am sure will be very glad to see you Mr Izard is with him & a very sensible Man Mr Arthur Lee—the Junius Americanus—My Compliments to Mr Smith & Mr Petrie—I shall write to the latter next Mail if possible, Your Uncle particularly desired his Love to be presented to him to you & Harry—

I entreat you my Dear Son to Consider the Importance of this address, let nothing happen on your part which may tend to Hurry or embarrass me toward the Eve of my departure from hence—write to me immediately repeat your advices by several successive Posts as you come along & do not delay your outset
one single Day—My Love to Harry, I commend you to the protection of God’s providence & remain—
Your affectionate Father

LETTERS OF REV. SAMUEL THOMAS, 1702-1710.

[On the 3d. of July, 1702, the Society for the Propagation of the Gospel in Foreign Parts appointed Rev. Samuel Thomas, of Ballydon, near Sudbury, England, its first missionary to the Province of Carolina. A number of letters written between 1702 and 1710 by Mr. Thomas to officers of the Society are still extant in the Society's collection of manuscript volumes. The following copies of those letters were made in London by the late W. Noël Sainsbury for Hon. John P. Thomas, Jr., of Columbia, S. C.]

[TO REV. DR. BRAY.]

Addressed: For the Reverend Dr. Bray

Rye 17. August 1702.

reverend Sir,

I had writt to you long since but your not obliging me hereunto when I left you made me think you did not expect it from me. I will take care to deliver the Box according to your Order if it please God we arrive at Charles Town. It is impossible to return the letter you desire by the Post by reason that the Box is fixed (as the Captain tells me) under some other Boxes and Chests that he cannot come at it til he unlade the ship, but if you please I will take care it shall not be delivered and may return it to you from Carolina if need be.

I was at Sandwich with my Brothers 3. weeks and 4 days before the Brigantine came into the Downes and we have
been here 3 weeks on Thursday next the wind being contrary; it is very uncertain whether we shall stay till the next return of the Post, and if the wind be fair for us, our Captain says he will not put in at any other Harbour except Portsmouth; if you please to direct a letter to be left at the Post House there, probably I may have it, if we call at Portsmouth, I will certainly enquire at the Post House for it.

Reverend Sir, I return you my most hearty thanks for all your favours particularly for your letters to Carolina. I most humbly begg your daily prayers, my discouragements in this voyage are more than a few; our vessel is very mean and scarce fitt for the seas, and we are of no strength to defend ourselves, having no guns, nor above 7. or 8. men, besides passengers, nor have we any Convoy, so that in the judgment of all considering persons, we are in eminent danger of being taken by the French; our Captain is a very ill-tempered and profane man, and is unkind to me; and tho’ my passage will cost me more than ten pounds, yet will not he allow me a cabin to lye in but I am forced to lye upon a chest and he and his men are so very wicked, that I think we have but very littlereason to expect a preservation. The voyage is like to be very long, hazardous, burthensome and chargeable.

With great gratitude I acknowledge the goodness of the Corporation to me, but being obliged to leave some of that money they allowed me with my family, and to lay out a part of it for cloth & linen and being at much greater charge on shipboard than I did expect, I have reason to fear that I shall arrive at Carolina with an empty pocket, my manner of lodging and living on board is much different from what I ever was accustomed to, and if when I come into a strange land I have no money to support myself, which you may (good Sir) easily judge how melancholy the prospect will appear, to a man that never experienced the like difficulty, to remedy which I humbly begg that I may have an order from the Corporation to receive of the Govrnor or who else
they please, the forty shillings a month which the Corporation generally allows their Missionaries till such time as they are settled in their respective cures.

Your answer to and compliance with this Proposition or something of the like nature by which I may be certain of something to support me when I come there in case of sickness &c. will oblige me by God's assistance to do my utmost to answer the end for which they send me and to subscribe myself their's and

your most humble
grateful servant

Plymouth Sept: 8. 1702.

Dear Sir,

With great gratitude to Almighty God and to the Hon'ble Society I acquaint you that yesterday I received your letter with the Bill for £25. in Carolina money. It came very seasonably for I am but just recovered of a very violent fever which confined me to my bed & chamber for some days, since we came into this Harbour. I was so very weak that our Passengers despaired of my life. I was obliged to come a shoar and being a stranger to lodge in a Publick House, and to procure a nurse & physician which was no small charge to me. I bless God that I am now perfectly recov-
ered, and more than a little revived at the Goodness of your Corporation God Almighty reward their great charity and enable me to answer their expectations which by God's assistance I shall carefully endeavor. I am a humble Petitioner to them for their daily Prayers that Almighty God would be pleased to honour me with large abilities and blessed opportunities of doing Him service. I have more than a few ill conveniences and discouragements on shipboard the chief of which is an incapacity of doing or receiving good there, the generality of our ship's crew being such as refuse instruction and all means of reformation. After many importunate and humble persuasions I have at last obtained leave to read Prayers once and sometimes twice a day but I am often cursed and treated very ill on board. I hope God will forgive them (I do), our Vessel is very mean and leaks much, so that our Passengers fear the consequence of bad weather, which we must now expect, we have nothing encouraging but only the infinite power and providence of Almighty God. You may please to give my humble duty & service and hearty thanks to the honourable Society and assure them that I have a just sense of my obligations to Almighty God and to them and if it please God I arrive safe at Carolina will give them an account thereof and shall readily obey and humbly entreat their Councell and Prayers.

Sir, I have here inclosed a few lines to Mr Amy, wh you may please to view, and either deliver or intercept as your prudence shall think most proper. Be pleased to give my hearty respects to your messenger. We have been in this Harbour 16. days expecting a convoy and a fair wind [Ibid, No. 25.]

rev'd Sir,

Your great goodness to me doth require my grateful acknowledgment and oblige me to think that these may be acceptable unto you, which acquaint you that blessed be God I arrived safely here on Christmas Day having been at sea 12. weeks and odd days. I have wrote to my Lord of London and acquainted his Ldp with the reasons of my not being gone among the Yeamaner Indians, and to that letter I humbly refer the Honble Society for satisfaction in that point. I wrote also to the Rev. Dr Bray desiring him to acquaint the Corporation that I received the money here upon Mr Amy's bill and to begg of them to send me £10. paying it to Mr Hodges to whom I have given directions how to convey it to me and also to pay to the Rev. Mr Burkitt £20. for the support of my wife and family after which I most thankfully acknowledge that I have received £50. of the Honble Society one year's salary according to the proposals made when I received my Mission and for reasons there mentioned I have humbly begged that they would account from the time that I received my Mission of my Lord of London which was the 3rd July 1702. For a fuller account of this I also refer you to the Dr's letter and humbly beg of you to use your interest in the Society, to accomplish it (What I have further to acquaint you with is God's great goodness to me in bringing of me safe hither in a time of such danger and hazard, and giving me an opportunity of exercising my Function on
board and now that I am here it hath pleased God to incline
Sir Nathaniel Johnson our Governor to be very kind to me,
he hath taken me into his house and his family is very large,
many servants and slaves among whom I have a prospect of
doing much good by God's assistance. The neighbourhood
here to whom I preach every Lord's day by Sir Nathaniel's
direction, are an ignorant but well inclined people, who
seems to want nothing to make them truly pious but the
common assistance of God's Holy Spirit, Ministers & Ordina-
nances Here are many Anabaptists in these parts, there
being Preachers of that sort here, chuse rather to hear them
than none. I hope in God I may establish many and bring
back some. I have here a multitude of ignorant persons to
instruct, too many profane to awaken, some few pious to
build up, and many Negroes, Indians to begin withall. I
humbly beg your fervent prayers to God to direct and assist
me in all difficulties. If the Corporation would be pleased
to send a few Bibles and Common Prayer Books to give to
the poor Negroes, I think it would be a most laudable
charity.
I take the utmost care I can in penning and delivering my
sermons and I thank God they are very acceptable to the
People, of which they give me daily proofs.
God's good providence has already placed me in the most
advantageous post for publick service that I can be in, in
having the countenance of the Governor who is a good man
and in high esteem among the People. My settlement upon
this River is most earnestly and daily desired, and here is as
absolute a necessity of a Minister as in any part of the world.
I humbly beg therefore that by the approbation of the Cor-
poration I may continue here.) I have now only to add
Dr Sir that with great gratitude to Almighty God and thank's
to you, I remember your great kindness in being instrumental

to procure my Mission for which I hope myself and some few besides will have reason to bless God to eternity. I begg your Prayers and shall be extreamly glad to receive a letter from you to know that I am not forgotten by you, will be a comfort and encouragemt:

[TO REV. DR. BRAY.]

Addressed: To the Rev. Dr. Bray att his house in Chelsea.

Carolina January 20th 1702.

Rev'd Dr,

These acquaint you that blessed be God I arrived safe att Charles Town on Christmas Day having been 12 weeks and 2. days at sea, the first six weeks I was ill, but
the last God gave me perfect health blessed be His Name, He still continueth my health. We had a very long and chargeable voyage. The Captain was civil to me giving me leave to exercise my Function. I read prayers twice every day and preached and catechised every Lord’s day. We had about 30 passengers which generally attended. I delivered your letters and Books according as they were directed. Mr Trott is very civil to me, into his custody I committed the gift which your Corporation sent to the Indians. The Yeamansee Indians have lately been engaged in a war with the Spaniards and are in so much danger of an invasion by the Spanish that they are not at leisure to attend to instruction nor is it safe to venture among them. Sir Nathaniel Johnson is extremly kind to me, has taken me into his family, and sometimes to all the neighbouring Plantations, the People are extremly apt to hear and a Minister qualified by piety, prudence and moderation may by God’s blessing do great service to religion in general, and to our church of England in particular. Sir Nathaniel hath promised to send for some of the chief of the Yeamansee Indians down that he and I may treat with them, and if Sir Nathaniel find that the instructing them in the principles of Christian religion be practicable, he will order me among them, of which I will give you and the Corporation a more particular account next shipping. I most gratefully acknowledge the Corporation’s kindness to me in what they have done already for, and promised to me. The Bill which they sent me from Mr Amy was very honorably paid me here: it cost me £12. to pay my passage afresh and fifty shillings to support me when sick on board, we having a physician with us, and other absolutely necessary charges have taken up most of the remainder. I therefore humbly beg of the Society that they would pay to Mr Hodges ten pounds for my use to whom I have wrote desiring him to lay it out in such goods as will be present money with some advantage to me here And I desire them also to pay the Rev. Mr Burkit minister of Dedham £20. for
the support of my dear wife and family. After these sums are paid with all humble and hearty thanks I acknowledge that I have received the first fifty pounds for one year which they were pleased to promise to continue to me as their Missionary for 3. years &c: I humbly hope that they will allow the 3. years to commence from the 3rd day of July 1702. which will appear most reasonable if the honble Society please to consider that the length of the voyage vastly increased the charge. I thank God I had opportunity of exercising my Function almost every Lord’s Day from that time, for it so happened that the time we were in Harbour att Plymouth I officiated severall Lord’s Days for a Minister at Plimstock, who was both sick and lame, and whose family is great, and circumstances in the world mean. I received nothing from him but his blessing and thanks. On Board I preached and catechised 12. Lord’s Dayes and read prayers twice every day, but so slender a sense of religion they had, that I was glad that I could prevail with them to hear sermons and prayers tho’ they costs them nothing, so I asked none nor did they give me one farthing. I have preached every Lord’s day since I came on shore here but I expect never a penny for my paines. Here is a vast Tax of £10000 or more upon the Planters occasioned by burning of severall ships which otherwise the Spaniards would have taken, which loss the Country must make good and this renders most of the Planters incapable of doing anything for the encouragement of Religion att present. If the Corporation would be pleased to send over a few Common-Prayer Books to give away to young persons they would be suitable and acceptable presents. I shall add no more att present but only my earnest desires and to hear from you. I am Rev. Sir yours and the whole honble Society’s humble, grateful and obedient Missionary and servant

Sam! Thomas.

Honrd Sir,

I writ to you formerly to desire you to receive £10. of the honble Society for me, and to send them to me in Goods; I now humbly renew this request to you, but desire that you would send me no woollen but all linnen, some blew and white, and some all white, such as is common for gentleman's shirts, and I desire it may be sent by Captain Cole who I hope is arrived safe and will return to us. (as I suppose) about September next. I bless God I have my health very well here, and an opportunity of doing much service to this Infant Church, and myself; and this People find abundant cause to praise God and to pray for your honble Society. I hope good Sir you will pardon this trouble and grant me your daily Prayers and a liberty to correspond with you by letters.

R. I., July 28, 1770. In his will, made Feb. 15, 1768, and "Proved in the Court of Ordinary before the Govr. August 1770", he mentions wife Mary, to whom he gave all the slaves not otherwise distributed, such household furniture, plate, linen and bedding she should make choice of—provided the whole did not exceed £3500 in value, all liquors and provisions in the house at his death, riding chair, chaise and two horses which she should choose, brick tenement on the Bay then rented by Peter Manigault during her widowhood only, pew in St. Philip's during widowhood and declares the premises given to be exclusive of the £14,000 current money settled on her before marriage in lieu of her fortune and which sum he directs his executors to pay her within three months after his death; son Thomas Loughton Smith,

35 "On Saturday morning last died, in this town, in the 53d year of his age, the Hon. Benjamin Smith, Esq; of Charlestown, South-Carolina. He was a gentleman possessed of every amiable qualification necessary to endear or sweeten life.—Blessed with an excellent disposition, he added to his own, by imparting happiness to others:—And having acquired a very extensive fortune in trade, he made it greatly subservient to relieve the poor and succour the distressed.—The love and tenderness of the husband, the affection of the parent, the humanity of the master, and the sincerity of the friend, were eminently conspicuous in his character.—During a most painful illness of five weeks, he was never once heard to repine or murmur, but sustained the severe conflict with that composure and serenity of mind, which nothing could inspire, but the consciousness of a well spent life, and a firm reliance on the merits of his saviour.—The inhabitants of the town of Newport, sensible of his worth, had interested themselves in his recovery; the news of his death, though for many days expected, spread a gloom over every countenance. They had presaged many agreeable consequences from his settling amongst them, but alas! how uncertain all human affairs! their hopes are at an end, their expectations are blasted.—His remains, attended by a great number of the principal people of the town, anxious to testify their respect to his memory, were carried to Trinity Church, on Sunday Evening, where the funeral service was read, and a well adapted, pathetic discourse, from I Cor. xv. 19, was delivered by the Rev. Mr. Bisset; after which they were interred in the Church-Yard.—He has left a widow and three children in this place, besides a numerous family in Carolina, to bemoan their great and irreparable loss."—Newport letter of July 30th published in The South-Carolina Gazette, Thursday, August 16, 1770.

Wm. Glen, Ro. Brisbane and Dan. Grattan, witnesses. By Codicil annexed May 26, 1770, he bequeathed to sister Sabina Taylor, wife of Andrew Taylor, £80 yearly for life. A codicil of May 25, 1770, recites that he has sold his share in Dockon and gives son
Benj. Wragg lot of land north of St. Philip’s Church, and mentions the birth of three children, Sabina, Charlotte and Jos. Allen since the making of the will, and provides for them £12,000 each. * Upon the authority of Appleton's *Cyclopedia of American Biography*—a very faulty work.

Some of these book-plates bear the name "William Smith, L. L. D. Charleston S. Carolina" and some have "Wm Loughton Smith, L. L. D. Charleston S. Carolina." It is evident from this and other evidence, given in preceding notes, that the name Loughton was added late in life, even after he had become a member of Congress. On the book-plate he used the arms of the Landgrave Smith family from which he descended through his grand-mother. Whether he used those arms because his great-grand-father was of the same family as the Landgraves or whether he claimed the right to use his grand-mother's arms is debatable.

We are not informed as to what institution conferred the degree of LL.D. upon him.
Smith's handwriting contains this: "Phocion, on Neutral Rights, Amer. Ed." This confirms the statement in Appletons' *Cyclopedia of American Biography* that there was a London edition (1808).

HISTORICAL NOTES.

RHETT.—The following corrections and additions are offered to the Rhett genealogy published in the January and April issues of this magazine:

Sarah Ruett (9), dau. of William (3), was born Nov. 28, 1725, not Oct. 19, 1722. (See St. Philip's Parish register, p. 4.)

Mary Jane Rhett (10) was born January 13th, not 21st, 1729. (Ibid, 8.)

William Moore (13) was born Oct. 12, 1723, not 1721. (Ibid, 3.)

Benjamin Smith (40) and Sarah Dry were married Nov. 19th, not 25th, 1777.

John Harleston (46), son of Edward Harleston and Mary Moore (15), married about May 1, 1777, Elizabeth Lynch. (The Gazette of the State of South-Carolina, May 5, 1777; Vol. III. of this magazine, p. 172.)

Mrs. Sarah Smith (38) Bee died June 1, 1784, not April 10, 1799. (See South-Carolina Gazette and Public Advertiser, June 2, 1784.)

Their father’s name was not changed after the marriage of his daughters, as that record would indicate, but his father had it changed for him while he was a student in Germany and before his marriage.

The following is the inscription on Col. William Rhett’s tombstone, St. Philip’s church-yard (western), just under the arms:

(Probate Court Records, Charleston County, Book 1722-24, pp. 52 to 56.)

Marriage Notices in the South-Carolina Gazette.—Messrs. Joel Munsell's Sons, publishers, of Albany, N. Y., have lately published a volume of Marriage Notices in the South-Carolina Gazette and Its Successors. (1732-1801.) This volume was compiled from the Charleston Library Society's files of The South-Carolina Gazette and its successors by the editor of this magazine, and is edited with many explanatory foot-notes; all changes in the management or name of the
paper are noted in passing, and there is a full index of forty-six pages at the back.

The following omissions of notices in the Charleston Library Society's files have been discovered since the publication of the volume:

On Thursday the 2d inst. the hon Benjamin Smith, Esq; was married to miss Mary Wragg, one of the daughters of the hon. Joseph Wragg, Esq; deceased. (Saturday, October 11, 1760.)

Monday last arrived here, in the brig. Prince of Wales, from Philadelphia, Robert Raper and John Parker, Esqrs. Mr. John Neyle, and Mr. Isaac Lesesne, jun. The three first went thither for the recovery of their healths, and the last is returned married to Miss Hannah Noarth, daughter of captain George Noarth, of Philadelphia. (Monday, November 24, 1766.)

Lieut. Charles Clifford of the 1st regiment of this state, was married on Thursday last, to Miss Elizabeth Perry, Daughter of the late Josiah Perry, Esq;.” (Supplement to The Gazette of the State of South-Carolina, Monday, September 15, 1777.)

Married.] The 19th inst. at St. Helena, Mr. John Dedier, to Mrs. Margaret Cook, a very agreeable lady with a handsome fortune. (Friday, July 24, 1778.)

CHARLESTON'S FIRST CHAMBER OF COMMERCE.—The following newspaper extract will show when Charleston's first Chamber of Commerce was organized. The Charleston Chamber of Commerce organized in February, 1784, and still in existence, was perhaps only a resurrection of that early body:

"We learn that the Merchants of this Town have formed themselves into a Society, by the Name of the Charles-Town Chamber of Commerce. John Savage, Esq: is elected President, Miles Brewton, Esq; Vice-President, David Deas, Esq; Treasurer, and Mr. John Hopton, Secretary, of the said Society.”—The South-Carolina Gazette; And Country Journal, Tuesday, December 28, 1773.

PROVIDING FOR THE COMMON DEFENSE IN 1808.—History is always busy repeating itself. Charleston Harbor is being strongly fortified at present by a chain of new forts (to which names of no historic significance are being given), but it is nothing new, as will be seen by the following newspaper extract:

"We feel a pleasure in announcing that our harbour will soon assume a posture of defence, as the erection of suitable works have already commenced on the sites of Forts Johnson, Pinckney and Mechanick.”—Charleston Courier, March 28, 1808.
NECROLOGY.

Robert Y. Hayne, a member of the South Carolina Historical Society, died at his home in San Mateo, California, at 12.15 A. M., Friday, April 10, 1903, aged fifty years. He was born in Charleston, and was a son of the late William Alston Hayne and Julia Dean, his wife, and a grandson of Robert Y. Hayne, sometime United States Senator, governor of South Carolina and the first mayor of Charleston. His paternal grandmother was Miss Alston, a grand-daughter of Rebecca Motte, the Revolutionary heroine. The subject of this sketch was taken to California by his parents when a boy, and was educated in the public schools of San Francisco; studied law and was admitted to the Bar in 1874; practiced in co-partnership with the late E. J. Pringle until 1880, when he was elected Judge of the Superior Court, soon after which he married Grace, daughter of the late John Parrott. A little over a year later he was obliged to resign from the Bench and go to Colorado for his wife's health. He severed all of his professional relations and remained away for two years, during which time he wrote Hayne on New Trials and Appeals, now recognized as the standard work on the subject. Returning to California he resumed the practice of law, and in 1887 was appointed a commissioner of the Supreme Court—a position which he held until 1891 when he resigned and formed a copartnership with E. S. Pillsbury and Gordon Blanding for the practice of law. After the dissolution of this firm he practiced alone and with his brother, Duncan S. Hayne. He was twice president of the San Francisco Bar Association and for many years a trustee of the Hastings Law College. His latest work was to draw up a set of rules for the Circuit Court of California. He left a widow and two sons: Robert Y. Hayne and John Parrott Hayne.

My Dear Son

After I had embarked on board Le Despenser the 7th Ulto. I wrote you as well as circumstances would permit a few Lines in answer to yours of the 3d which reached me on the point of departing from Falmouth, my Letter was sent on Shoar to be put into the Post office by persons who are stranger to me, the consideration of which has led me to this particular retrospect.

I had in the general an excellent passage from Falmouth to the Coast of Carolina, fair Wind & pleasant mild air, we got into sounding 15 fathem the 32d day but happened to fall in soward of the Bar which converted the fair into an adverse Wind & gave us the trouble of two days beating up— In the evening of the Second an unskilful young Man was put on board our Vessel in Character of a Pilot & he took upon himself the charge of conducting her the next day into this

Harbour, but an hour before midnight I felt a violent shock in Bed which awoke & startled me up, Gracious God said I surely the Vessel Struck Ground this Instant or I dreamt so, the murmur was scarcely expressed, when I heard the Captains Voice, Oh, I shall loose my Ship, My Dear Mr. Laurens I shall loose my Ship! Ah Sir Ah Captain I answered, I am sorry for your loss but compose yourself be steady recover your spirits & let us think of means for saving Lives— then I hastned upon Deck where the Wind blew Strong, it was freezing piercing cold & a rough sea but less so than it would have been had not the Wind blown from the Land side—uncomfortable weather for swimming or attempting the escape of twenty one persons in two small inconvenient Boats Breakers to be encountered, ten or twelve Miles from shoar & seven long hours of Night before us aperceiving the commandr continued wailing it discomposed I addressed my old acquaintance the Master Talbot & his Brother the Mate both active seamen admonished them to be steady not alarmed— the pilot I comforted dont be frighted pilot by the accident— recollect yourself, think where we are & of means for getting us off again if possible—I ran below & brought up two Lanthorns with Lighted candles & prevailed on the Boatswain to heist them on the Ensign Staff to shew our distress to Vessels which were following us in order to claim their Aid as well as to caution one in particular which was very near & coming hastily into the same danger, this ship had the good effect of turning that Vessel instantly back again, in the meantime Master Talbot his Brother & the clever young fellows under them were acting their parts with judgement & boldness—do this—do that said Talbot & he was obeyed, the ship struck about eleven times, the scene was awful, a high Wind, excessively cold thumping amidst Breakers on a Bank in the open Ocean in the fore part of a long Night Boats not good—I then thought of a phrase in one of your last Letters, "Stageless Voyage" so descriptive of Eternity, I considered or rather the thought was continued in my mind that I was
born to Die & I did not find myself miserable in the seeming extremity, I was a helpless hand & could do nothing more than to repeat & press my advice to those who were skilful & could work, to be steady & undaunted which I perceived had a good effect, the people were animated active and calm, very proper means was used & it was fortunately for us a flowing Tide, the ship was got off & into deep Water again—we narrowly & amazingly escaped—I felt an humble thankful heart & retired to my Bed again, privacy was then fittest.—next Morning that is to say yesterday we took in another Pilot who brought our Vessel to Anchor about Noon not far from oposite to Mr Rose's Wharf where I landed & proceeded immediately to this House uncertain whether my Brother had removed from it or not, I found no body here but three of our old Domestics Stepny Exeter & big Hagar, those drew tears from me by their humble & affectionate salutes & congratulations my Knees were clasped, my hands kissed my very feet embraced & nothing less than a very, I cant say fair, but full—Buss of my Lips would satisfy the old man weeping & sobbing in my Face—the kindest enquires over & over again were made concerning Master Jacky Master Harry Master Jimmy—they [ ] me held my hands hung upon me I could scarcely get from them—Ah said the old man I never thought to see you again now I am happy—Ah I never thought to see you again now I am happy—Ah I never thought to see you again—

*Undecipherable word.
I broke my way through these humble sincere friends thanking them a thousand times for such marks of their affections & proceeded to Broad Street where I had the pleasure of meeting your Uncle & Aunt Laurens & your Sisters in their New House all in good health & Mr. Gervais Mr. Gadden Mr. Tho Smith & Peter presently called there upon me, to day many other friends & acquaintance have done me the same honour I have seen Mr. Manigault & his family, L! Governor Bull Doctor Garden & am but just returned near 8 oClock in the Evening to this great empty House in order to write as much as I can by Capt. White who will sail for England to morrow perhaps my papers may be put into the hands of your old school fellow Mr. Pringle whose Papa called in my absence & left notice that his Son was going to London in Capt. White's Vessel with offers of his service.

I have only learned since my arrival what I suppose you have known for a months past I mean of our American public affairs, that the Inhabitants of 12 United Links of this Chain of Colonies from New Hampshire to South Carolina have unanimously determined to make a firm and steady opposition to the measures adopted by Administration for enslaving us & our posterity—there is a spirit here which surpasses all expectation its continuance will depend upon the Wisdom & policy of those Resolutions & associations by which we are at present bound—These I have not yet seen, no doubt you have as they are before this day made public in all parts of Great Britain, fathom them & give me your opinion—don't

"Last Thursday embarked, in the Ship Carolina-Packet, Capt. White, for London, Capt. William Pickles, Mr. Milne of Manchester, Mr. John Pringle, one of the sons of Robert Pringle, Esq; and Mr. William Hopkins."— The South-Carolina Gazette, Monday. December 19, 1774.
take either side & form a partial opinion—but reflect well
before you write, I write this hint because I know you are
an American Zealot & may be in good time an Enthusiast—
I am both where I see they way clear before me.—therefore
I am so in the grand points of our Controversy— —I look
forward now & perceive more fully those impending dis-
tresses which I have often pointed out to you, as the certain
consequence of tenacity on both parts, but many people here
I fear are not aware of them——I am not afraid of encoun-
tering even poverty—if we are all of the same opinion we
shall in time surmount every difficulty— —but where am I
running to—the Vessel is to sail to Morrow Morning—I must
conclude—

Mr. Pringle and his son have called on me again, I have
ventured to assure the young Gentleman that you will wait
on him immediately upon his arrival in London you know
I have a regard for his Father & I believe you Love the
Son—I mean we regard both—

Mr. Gadsden desires to present his Compliments to you & on
his Account I request you to procure if possible two or three
public Leidgers dated the 6th August 1774 & send them to
me by the first opportunity—pray dont forget this Commis-
sion—

I believe it will be impossible for me to write to any other of
my friends in England by this Vessel present me in the
most respectful terms to each of them as if I had not given a
schedule of names—the next Packet will convey my deaties to
all of them tell Mr. Manning that I am not insensible of my
neglect to inclose the Bill on Mr. Danoot as mentioned in my
Letter of the 7th Ulto he will receive it in a few days—Your
friends & Relations here have all charged me to present their
Love Compliments & good wishes to you Intreat you my
Dear Son do not be sparing in your addresses to your Uncle &
Aunt to Doctor Garden & tis with pleasure I inform you
that your Uncle assures me of the sobriety & perfect good
behaviour of your old Tutor & friend Eusebius for whom he
expresses great friendship therefore the evil report by Felia must have been a slander taken up at second hand—

My Love to your Dear Brother they will also soon hear from me. Remember I be seechi you the petition which I made at Falmouth for your protection to them & their Brother my three sons—all sources of my happiness or Woe—

I have no doubt of your friendship on this or any other account for your faithful servant & most affectionate Father "}.

My Dear Son "}

Since my last Letter of the 19th Ulto was dispatched to you by the Swallow Packet your several favours of the 4th 5th & 15th November are come to hand & have afforded me much satisfaction "

Your determination respecting the proposed journey to Bristol discovered a wise attention to the business before you, that business is of the utmost importance to you—your future Fame & happiness depend greatly upon your present course of study & nothing less than constant application & perseverance can Insure you success.—an acquaintance with Mr. Har-

grave I hope will be advantageous to you—the Newspapers which you sent me by the Beaufain advise of the death of our late friend Peter Taylor & of course you have lost all the expected benefits of his intended Introductions—before this day, Mr Oswald has probably conducted you into some circle of his friends in the Law, be that as it may, be discreet in all things, be your own friend & the World will be yours—You will also be a friend & a parent to your Brothers & Sisters, I have a great charge committed to me & in the course of God’s providence you are commissioned to be second in command—some portion of the general Duty is already fallen to your Lot & you should exercise your thoughts betimes in reflexions upon the task which you must engage in whenever I am cut off—Your Uncle’s determination to live in private, Mr Manigault’s great age & many avocations in his own family, leave me but little hopes of much aid from those friends, Mr Gurvais’s bad health, Young family & other circumstances forbid my dependence upon him in any great degree, I might go on to enumerate impediments to my expectations from other old friends & objections to making new ones, but in a word you are the Man, the proper Man to be my friend while I Live, & the friend of my younger family after my Death, you therefore on whom, next to God, I rely, will meditate on the subject & endeavour to qualify yourself for discharging the duty which may be required from you —thank God I am in as good health & Spirits as I can desire, better health indeed than when I left Fludyer Street, for I can now walk more ground in a day without fatigue or danger to my infirm Leg than I could on the 30th October & last Week I rode from Mopkin to Kensington & back again on a trotting horse & after the journey of 17 or 18 miles felt myself equal to another of the same distance—nevertheless, I know & with respect to my own state, always think, that in the midst of Life we are in Death.

Yesterday was the first on which I ventured to ask a friend to dine with me, your Sister gave me her aid & her Company
& truly she is very notable & clever, but my furniture in general & most of the small articles have by the stroke of Lightning in November 1772 & other accidents during my absence suffered great delapidations, & I made a shabby figure both on Table & side board—I hope Urquhart will arrive before the 1st of February otherwise all my expected reparation will fail—the people will suffer no Goods of any kind to be landed after that Day.—

Miss Patsy is desirus of being with me but I cannot consent to it unless I can obtain the assistance of a prudent House keeper; such a one as you will see I have described in Well's & Timothy's papers in order to save the Young Lady from the trouble of improper branches of Housewifery in her present stage.—Polly is as clever a little Wench as ever you were acquainted with & except yourself, I scorn flattery, she excels, I really mean except yourself & one more—James Custer is very well & behaves hitherto to my satisfaction, I have about me old Stepney who has been sober the last four days—Exeter Shrewsbury, the two Hagars & Lucy who with old Mamma Nurse desire with great humility to be remembered to their Young Masters in England—so much at present for domestic concerns—

Your Uncle & Aunt are well, the Ball families & all our relations I have seen most of them, all of whom have made kind enquiries after you & your Brothers & assured me of their friendship & good wishes—

Write immediately to Mr Petrie at Genevé make my compliments & tell him I have had several conversations with my Brother concerning him, particularly last Night, when it was agreed that he should remain where he is until he shall write his determination on one certain profession or business to which he is inclined to apply his future time & studies, after which his Uncle will give the necessary direction for his removal; from this conclusion we calculate his time to be

at Genéve till September next.—he should be immediately apprized & loose no opportunity of returning his final answer —

I have received a strange ambiguous kind of Letter from our Cousin in Union Court, let me know as well as you can, her behaviour & particularly whether there has been any renewal of acquaintance with her destroyers—I have wrote to her by this conveyance.—

On the 9th Inst. the Inhabitants of Charles Town are to meet in order to choose a Committee of thirty to whom on the 11th the Country Committees are to be united & the whole will proceed to the choice of Delegates to represent this Colony in general Congress of the United Colonies at Philadelphia the 10th May next—in the mean time the present Committee exert themselves in the Duty of their office—all goods imported from G Britain are sold at public Auction the first Cost & charges restored to the respective Owners & the surplus funded for the benefit of the distressed Bostonians even Polly's little Wax Toys were sentenced to the Ceremony—hitherto a mere ceremony, because no person bids beyond the Cost & charges therefore the purchase is made of each parcel by the proprietor—after this Month expires the severe discipline of total exclusion will be put in force—some people have insinuated that an immediate Non Importation from this province & a stop to all Law proceedings will be moved for by a very strong party at the approaching Meeting I do not believe it—however it may be so for the Reins are not the hands of Town Men as formerly, I can perceive the superiority which the Country people claim—they are most numerous most wealthy & no Man is now supposed to be unequal to a share in Government—I see trouble & confusion in prospect, I view the scene with firmness of mind & am under no doubts but that honesty & truth will lead me safely through—I shall send you tomorrow an extract from M's Bullman's Sermon in August last which procured him a dismission from the Church of S. Michael— I do not write to Harry or James by this
opportunity they shall soon hear from me my love to them & particular respects to all the friends & enquiring acquaintance of my Dear John

My Dear Son—

By the Harrietta Randal & Eliot Waring went my last addresses the latest of which was the 28th January.

Your affectionate Letters of the 3d 4. 5. & 7th December by Urquhart & the Sandwick packet which contain much intelligence of American concerns claim my thanks; continue to transmit me all that is authentic & important as far as your avocations & close application to the main branch will admit of—but why confine your self wholly to America—you read of nothing but America? you converse perhaps with none but Americans—Remember my late & often repeated advice

22 One word torn out.
what can be more grievous to both parties than often repeated advice?

Your spirited declarations of readiness to bleed in your Country’s cause may sound well enough late at night in the Falcon—I entertain no doubts of your bravery and firmness, yet my Dear Son, I should be extremely deficient in my Duty if I forbore to tell you freely, that talking & writing of the “cheapness” of one’s Life, bear no marks of either—Remember again the Story, of “Cool contempt for Death” expressed when there was no danger, by a person who had just before discovered the utmost disinclination to part with Life—such Speeches, such bounces, are void of common discretion, they contradict Instinct Reason & every days experience & too often draw Young Men into danger of ruining affectionate parents, distressing their best friends & of sacrificing their own Lives & Characters in much worse Causes than the liberty of their Country, sometimes for no Cause at all—Life is the Gift of God & we are accountable to him not only for, but for the improvement of, it—Reserve your Life for your Country’s call, but wait the Call—mind your chosen business study to be quiet & do not neglect the proper means which lie before you for serving your Country—or rather for qualifying you in due time to serve it; if you do, there will be no dependence in any other case upon your steadiness—Alas! how far have you diverged from the line marked out by yourself & highly approved of by your Father in the short space between the 29th October & 5th December! I pray this paper may have a quick passage & be blessed with the success of uniting with your own endeavours to bring you back again to that state of mind in which I left you.

Consider a Moment, your voluntary proposition your determined Resolution to keep close to study & to avoid a certain set of Company, compare these with the Gravesend trip your fellow labourers & the conduct there. “Reid was of the party & sent his Compliments”; was there no one of the
party also who has been deficient in common politeness (I
don't say gratitude) who has not sent his Compliments nor answered a Letter nor said thankye for relieving me from
great embarrassment & perplexity?—Consider & compare
your reasons for declining the proposed modest Journey to
Bristol, with the projected & I suppose accomplished plan
for a Romp to Cambridge & the party of whom no doubt the
chief Engineer is the same whose principles you so readily
penetrated & marked with so much Justice & severity—we
must be civil to Mankind & sincerely so, but is there a neces-
sity therefore for doing violence to our judgment to force our
inclinations into intimacy with Hearts, which can never
happily blend with our own?—Are you so poor in valuable
acquaintance, in Books, in Ideas, as to seek Company which
inwardly you disapprove of—it cannot be.—were you under
any restraint while your Father was in England? No! you
were his Companion his bosom friend—whence then these
retrograde motions immediately after his departure, like a
Bird after long confinement fled from her Cage?—have you
grown sick of attention to your duty? can you do justice to
those & to this, & safely take your bosom full of promiscuous
new acquaintances?
Loss of Time even at your Age is scarcely redeemable, no
Man more sensible of this truth than your self. Why—ask
your own heart & answer truly— Why were you desirous
of another Year at Genevé? I saw the reason & knew that
if you were disposed you might pass that Year beneficially
any where—if you were not—it could be done no where.
In the ordinary course of affairs I should plead strongly only
for the saving & improvement of Time, but in our present
unhappy circumstances it would be neglect in me if I did not
again sound the alarm of frugality in your Ears, it would be
Criminal in you if you to delay one hour to pay a becoming
attention.
Some of your new associates have been Eminent in squandering
large Sums for no Value received—Time slides away
from them while they are in Idle fatigue & vast expence, the consequence of which is, **ignorance of their profession**—they are adepts in every thing which Wise Men wish to be ignorant of, Chronies & intimates of Butterflies & Bobadils, never converse with Men of real Eminence—then follows that disgraceful pretence for Idleness all the rest of their Days. "an aversion & rooted dislike to their profession" 'I hate the Law I never could abide it"—examine & you will discover they affect to dislike a thing which they are unacquainted with.

If your first Month has given rise to such admonition I should tremble for the effects of eleven more, had I not great confidence in your understanding & docility—I will say nothing of Duty nor love of Fame the Road to which I am sure is not out of sight quite so soon—

You know your stated Income in the hands of Mr Manning & I still trust you will make me so happy as to find that you have kept within it; no happiness will result merely from the **saving**, but from a conviction thereby that you have been attentive to business. my Duty as Guardian to your self to your Brothers & Sisters constrain me to charge you not to **exceed** it.—do not act inconsistently with your own sentiments—the Eyes of your friends & of your Country are upon you, they are in expectation & think themselves in view of a valuable Casket, for your own sake, for theirs & for the sake of posterity disappoint them not by coming up a bundle of Carolina Rushes—more words to you would be unnecessary, therefore after bespeaking & commanding your attention to **every word** I have said, I bid the subject adieu & I hope for ever.

The King's Speech & Addresses of both Houses of Parliament are reprinted here & grown old already by familiarity, but we are not altogether void of thinking Men in our Community, with these they have due weight & no more.—My Goods on board of Urquhart's Ship will be sold at public Vendue tomorrow I hope for the usual indulgence of buy-
ing them in myself. Mr Manning will inform you of the narrow escape from being all sent back—
Your Uncle Aunt & Sisters are all well & often speak of you with affection & esteem, I have a stated order to present their Love in every one of my Letters. I lately sent you a Letter from your Uncle; & your Sister Patsy who is an excellent translator of French & a very sensible Girl promises to acknowledge your late Address to her very soon.—I reiterate the recommendation of my Three Sons to your especial friendship & protection. I pray God to give you true Wisdom & true fortitude & I conclude with an assurance of my continued regard & affectionate faithful attachment to your most valuable Interests.—Henry Laurens.

Function in the Province of Carolina thinks himself obliged to communicate to you the account of his arrival and the success of his labours in this Province. Blessed be God after much difficulty and many dangers I safely arrived at Charles Town in Carolina on the 25. Dec. 1702. and took the first opportunity of going up in the Country to wait upon our Governor the hon'ble Sir N. Johnson who received me with great Kindness and then and ever since has treated me with extraordinary respect and civility: with much kindness his Honor invited my stay in his family and being duly sensible of his duty and obligations to Almighty God, he obligeth me to officiate daily in his house as Chaplain, and to labour on the Lord's Day in the instruction of the Inhabitants of Cooper River which is so thin settled and the Inhabitants live at so wide a distance from each other that I am forced to officiate in 3. several Branches of the River about 15. miles from each other, and because I can be but with one Congregation on the Lord's Day so each can be supplied but 1. Lord's day in 3. therefore at their request I preach a lecture on the Week Days to each of them, this considering the many miles I must travel to meet each Congregation makes my labours very considerable, but I bless God it is my delight to serve Him and His Infant Church, and my ministerial work is my recreation, I bless God, I have not labored in vain in this Province, for since my coming into these parts, there is a visible abatement of vice and immorality, and many of our People who were careless in religion are prevailed on to a ready and constant attendance on God's Publick worship and I have prevail'd on several to set up the worship of God in their private families and have prevailed with many to a careful preparation for and to participate of the Blessed Sacrament of the Lord's Supper. The first time I administered I administered that Holy Ordinance I could find but 5. Communicants but they are now increased to the number of about 32, and are yet increasing, here being some few young persons who submit to my instructions in order to their being pre-
pared for the Blessed Sacrament at Easter next. By my encouragement about 20. Negroes have learned to read, and I am acquainting them as I have opportunity with the Principles of the Christian Religion, and have lately baptized one Negro man, and hope in some time to find more fitted for that Holy Institution. There having been no Minister on this river, who lived regularly and preached practically & constantly, the People are much divided, but I have some reason to hope that several of them will now come into the Communion of the Church of England, themselves have told me that if I had been in the Country before, I had prevented their separating from the Church. I find by experience that an humble and obliging carriage a moderate and prudent conduct, practical and serious preaching together with a Holy and circumspect life is the more effectual means to remove prejudices out of men's minds agst our Church and Ministers. In great sincerity Gentlemen I assure you, it hath and by Divine grace ever shall be my constant endeavor to the utmost of my power to promote true religion and the interest of the Church of England, being in some measure sensible of my infinite obligations to Almighty God and of your noble bounty and charity to me, which shall ever be gratefully acknowledged and carefully improved by

Hon’d Gentlemen
Your most obedient, humble & faithful

Sam'l Thomas.

Gentlemen,

You sent as a gift to the Indians by me stuff to make match coats, Sir. N. J.'s ordering my residence in these parts, I had no opportunity to dispose of the to the end for which you designed it, and finding that it was like to decay, by the advice of the Governor I had it appraised and sold it, and the money is in the hands of Sir N. J. and I am waiting for your order to return it to you, or dispose of
it as you think best. The last year I desired by a letter to Mr Hodges that £20 might be paid the Rev'd Mr Burkitt for the use of my dear wife, and £10. sent me to Carolina for my support here, with great gratitude I acknowledge your goodness in doing the former but I have had no account of the latter. 'Tis my humble request that this year you'll please to pay the whole Salary to the Rev'd Mr Burkitt for the assistance of my family and that £10. behind of the last year's salary you'll please to send me into Carolina. Sir N. J. is very noble to me and the Planters are kind to me according to their ability, for I bless God my people have an entire love for me, but they are generally poor and I have lately had a long and chargeable sickness being afflicted with a violent fever for 10. weeks, and tho' I had the priviledge of Sir N. J's house, yet I was obliged to pay my nurse and Doctor myself which cost me much money: and my great distance from some of my people has necessitated me to buy a horse, which is here very dear, and so likewise are all sorts of cloth and linnen. For these reasons the £10. would have been welcome to me, I refer myself entirely to your bounty, charity and goodness and will continue your

Addressed: For Mr Hodges &c.

From my study at Sr N. Johnson's in Carolina. 3rd May 1704.

Dr & Worthy Sir,

Yours I received by Captain Martin the
14th March last with the Parcell of Blew Hartfords—for your particular care and trouble and for the honble Society's kindness and charity therein, I return my most sincere and hearty thanks. Before Martin came in I had wrote a Publick letter to the honble Society in which I acquainted them that I had then heard nothing from any of my particular friends in that Body, which was more than a little concern to me. I also acquainted them with the need I stood in of the ten pounds, & with my selling the stuffs sent for presents to the Indians and lodging the money in the Govr's hand till their order to dispose of it. I acquainted them also with the success of my poor labors in these parts, and begged that their charity to me for this year may be paid as formerly to the Rev. Mr Burkett. For a fuller account of these things dear Sir I refer you to my Publick letter. I have received no letter from Mr Secretary Chamberlayne and therfore should have been extreamly glad that you had explained what you barely mention (viz.) an Order made by the honble Society that my kind reception here by the Governor and People should be no precedent, which passage in your's I don't well understand. Dear Sir I am extremely obliged to you for your great kindness, particularly for your Seamens packetts, I am glad to see so noble and Christian a design on foot, and I will make the best use of them I am capable of. I long to hear how the religious Societys and those for Reformation prosper in this reign, and to have some account of the proceeding of your honble Society, to whom I am so highly obliged, particularly if you receive a satisfactory account of the success of the Labors of your Missionaries abroad, for nothing would be more pleasing to me, than to hear that the Church flourisheth under the conduct of Pious, prudent and learned Guides: If your time will permit you to give me some account of these affairs in your next you will highly oblige me. Blessed be Divine Goodness, Good Sir I continue very happily in the Governor's family, and in the entire affections of my dear People, and opportunities of doing God and His
Church some service in this poor Province: my ministerial labors are very considerable, being obliged to preach three times a week and to ride many miles in order to the meeting my People who are at considerable distances, these Publick Offices together with my necessary studies and some personal instruction which the ignorance of many of my People makes highly necessary, takes up the whole of my time and the utmost of my strength, but I desire to praise God for nothing more than for the blessed opportunity that He has given me of laying out my time and strength in His service. We have in the whole Province of S. Carolina but two Church of England Ministers besides myself, namely Mr. Marsdon Minister of Charles Town and Mr. Williams who supplieth 2. or 3. Congregations to southward near Edisto River and myself am appointed by Sir N. Johnson our Governor to take care of the Inhabitants of Cooper River. The Town Minister has a very noble maintenance settled on him out of the Publick Treasure: but we Country Ministers have nothing to trust to, but only a small and uncertain subscription. The Country stands in great need of more Ministers especially of one for a Place called Goose Creek, a Creek the best settled with Church of England familys of any in Carolina, they have a small Church built, and at the earnest request of some of the Inhabitants I lately preached there and administered the blessed Sacrament and baptized 7. children, the Congregation was so numerous that the Church could not contain them, and many stood without door the poor people were very attentive to the word of Salvation and my soul was justly moved to see the best and most numerous Congregation in all Carolina as sheep without a Shephard. My engagements are so much with my own People that I can't give them above 1. or 2. Lord's Days in a year and they very rarely have any assistance from any other Minister. I am fully satisfied that a pious, prudent and laborious Divine might do God and his Church great service: 4 I fear under the present charge which the

Country is by reason of the War, these people can't maintain a Minister entirely without some assistance from England. If you think convenient you may recommend this to the honble Society. The Governor in a letter to my Lord of London concerning myself, which I suppose will be publickly read, acquaints his Ldp that we greatly want a Minister for this Place above mentioned. I shall add something more on this subject in a letter to Dr Woodward, Good Sir with humblest duty and service and gratitude to the honble Society and yourself, I am your and their

[TO THE SECRETARY OF THE SOCIETY.]

Portsmouth April 20th 1706.

Honor'd Sir,

Last night (blessed be God) we arrived safe here, and it is generally said we shall sail again on Monday but we are to put in again at Plimouth, so that if you have anything to communciate to me, or any of us, it will be most likely to meet us if you direct it to Plymouth.

I had wrote to you good Sir from the Downs from whence we sailed on Thursday last but that my time was wholly taken up in waiting upon my brother a Church of England Minister at Sandwich whom I found very ill of a fever and left dying, which affliction so oppressed my spirit that I was not capable of paying this duty to you.

We are very full of Passengers upon which account we are obliged to submit to many ill conveniencys. This day arrived from London two dissenting Ministers which Mr Boon (the gentleman which petitioned the House of Lords) sent, and we have on board a young man which he sends over also for a schoolmaster, who is a Scotch Presbyterian, by which I
suppose a judgement may be made of Mr. Boon's sincerity when he pretends to be an Advocate for the Church of England in Carolina. I should rejoice as much as any man to see religion and the power of goodness flourish under any Christian Minister's conduct of what Denomination so ever, so they be sound in the Fundamentals, but I have abundant reason to fear that Mr. Boon and those few gentlemen in Carolina who employ him have a design of advancing of their particular Party by the ruins of the interest of the Church of England in that Province, and I must say that I fear, and I believe that fear is not groundless, that the encouragement which the Lords has now given him will tend much more to the discouragement of y' Missionarys, how pious and diligent soever and to the disservice of your Church than to the real interest of Religion in general, I beg good Sir that you would not misinterpret what I have here wrote for I profess a universal respect to sincere piety and desire nothing more than the being master of good temper, and I have, and I hope I ever shall treat pious Dissenters with due respect and tenderness, but I can't but discern that some among them as well as too many among ourselves are hot and violent and so wedded to a Party that they would be glad to raise it upon the ruins of those whom it does not affect, and of this sort without the least breach of Charity, I may by long experience be truly able to say are some few in Carolina, those very persons who employ Mr. Boon, oh that God may heal our bleeding division and give us the spirit of holiness, peace & unity that true religion and the fear of God may abound in our Plantations, and that all we especially who are the Missionarys of your hon'ble Society may by the purity of our doctrine, the strict piety of our lives and the most exemplary diligence in our holy Function answer the design of that most venerable Body which sends us. &c.

THE BUTLERS OF SOUTH CAROLINA.

BY THOMAS D. JERVEY.

The Butler family of which this genealogical sketch treats while not a colonial family of this state of many years standing, yet with the record of its members has marked the history of the state at every epoch of its statehood. The family is supposed to have come from Ireland and its members to have been related to Pierce Butler, one of the first two senators from South Carolina to the Congress of the United States; but recent investigations seem to establish the fact that the progenitor of this family had been in Virginia for quite a period prior to the arrival in South Carolina of Pierce Butler, as an officer of King George's army. The first of these Butlers of whom there is record is William Butler, who lived and died in Prince William County, Virginia, arriving there from Ireland at the latest about 1737. He there married a Miss Mason by whom he had issue:

2. Sarah Butler.
3. Susan Butler.

James Butler, the founder of the family in South Carolina, came from Virginia with his wife, children and two sisters a few years before the Revolutionary War, but at what exact date is not known. He seems to have been a man of experience and to have been accorded a position of leadership.

1 There is mention made of a trader Butler who had long been with the Indians, returning with them to Ninety Six after visiting Governor Glen in 1753. (Chapman's History of Edgefield, p. 8.)

Ogeechee Old Town was the residence of one of the most influential chiefs beyond the Savannah who traded at Ninety Six. (Ibid, p. 177.)

among his neighbors. He joined the “Snow Camp” expedition under Colonel Richardson and led a company under Colonel Williamson against the Cherokees. In 1779 he served under General Lincoln and upon refusing to swear allegiance to the British on the fall of Charles Town was arrested and imprisoned; first at Ninety Six and later aboard ship in Charles Town harbor. Soon after his release, with his young son James, he was killed at Cloud’s Creek in an encounter with a band of Tories led by William Cuningham. By his marriage with Mary Simpson James Butler had issue:

7. Sampson Butler, b. Febry. 6, 1769.
8. Mason Butler, b.

William Butler, the eldest son of James Butler, was born in Prince William County, Virginia, Dec. 17, 1759, and was but thirteen years of age when, with his father’s family, he came to South Carolina. Before his majority he served under General Lincoln at the battle of Stono as a lieutenant and afterwards under Count Pulaski. He also served under General Pickens at Augusta and Ninety Six and under Watson and Ryan at Dean Swamp and Orangeburgh. He was made a captain of Mounted Rangers in February, 1781, within two months after coming of age, and in a year had become a man of recognized reputation and influence.¹ He surprised and

Dear Sir

Some time since I heard of your intention of entering the service but more particularly from Mr Carnes who promised to do me the favor to speak to you on the occasion From the throng of business and the want of opportunity I have never had it in my power to write to you until the present period. You have no doubt been informed of the
dispersed in 1782 the invading band of Tories which, under the famous William Cuningham, had penetrated the Up-Country and in the hot pursuit which ensued that notorious partisan leader owed his life to the fleetness of his horse. In 1788 William Butler was chosen as a member of the convention of the state of South Carolina called to consider the adoption of the Federal Constitution, against which he voted. He also was a member of the convention of 1790 which framed the constitution of the State. He was elected by the Legislature Sheriff of the District of Ninety Six in 1791, and in that capacity received General Washington. In 1796 he was elected a major-general of militia. In 1800 he was elected as a member of Congress and served until 1810 when he retired in favor of John C. Calhoun. In 1812 he was offered the position of brigadier-general in the United States service which he declined. In 1814 he was given command of all State forces in South Carolina. By his marriage on June 3, 1784, with Behethland Foote Moore he had issue:

nature of the service with the particular establishment of my Regiment, therefore need say nothing on that head. I shall only say I have reserved for you an appointment as Captain which is all that is in my power; however by your filling the first company (which from your known influence I think you'll do) you will be entitled to first rank and in that case it will not be long before you will be entitled to a majority. It is therefore necessary that you lose no time in having your company filled. By the first conveyance I shall send further directions and advices from dear Sir

Your obedient humble servant

Charleston Journal of Commerce (Straightout Democratic organ, without Associated Press despatches) from July 3, 1876 to June 1878; was a member of the House of Reps. of S. C., 1860-1865 and 1877-1878; Lieut.-Col. on the staff of Gov. Means in 1851, and on the staff of Brig.-Gen. R. S. Ripley, C. S. A., in S. Carolina. Married, Oct. 9, 1851, Josephine Horton, who was b. May 1, 1834 and d. Sept. 19, 1902. (Iss.)

HUTSON.—The following corrections are offered by Prof. C. W. Hutson, of College Station, Texas, to the Hutson genealogical data given on page 225 of Vol. III. of this magazine:

Arthur Cary Hutson (v), b. April 14, 1882,
Sophy Palmer Hutson (vi) twins, b. July 24, 1884.
Mary Lockett Hutson (vii),
Charles Stanyarne Hutson (viii), b. May 20, 1887; d. Jany. 30, 1891.
Albert Lockett Hutson (x), b. Dec. 15, 1893.

SMITH.—The following additions are offered to the Smith genealogy published in the July issue of this magazine:

Benjamin Smith (20) was sometime Provincial Grand Mas-
TER OF THE FREE AND ACCEPTED MASON'S OF SOUTH CAROLINA, AS WILL BE SEEN BY THE FOLLOWING NOTICE FROM THE SOUTH CAROLINA GAZETTE OF MONDAY, JANUARY 4, 1768:

"The feast of St. John the Evangelist falling this year on Sunday, the ancient and respectable society of FREE and ACCEPTED MASON'S, were obliged to defer the proper celebration of it to this day—when they assembled as usual, at brother Dillon's in the morning; went to St. Michael's church where they heard an excellent discourse on unity, brotherly love, and universal benevolence, delivered by the Rev. Brother Samuel Hart; returned to brother Dillon's, had an elegant entertainment there; unanimously elected the hon. Egerton Leigh, Esq; provincial Grand-Master, in the room of Benjamin Smith, Esq; who resigned on account of his health and intending to depart this province, and had the unanimous thanks of all the lodges, for his many and eminent services to the craft; and spent the remainder of the day in that peculiarly social way which has ever distinguished that society."

The reference on page 145 of Vol. III. of this magazine (Henry Laurens's letter of Feb. 21, 1774 to his son) was to Leigh, who was still Grand Master.

Thomas Loughton Smith (23) was born April 23, 1740. St. Philip's Parish register.) The following account of the burning of his Cooper River house shortly after his death was published in The South-Carolina Gazette; And Country Journal of Tuesday, December 13, 1774:

"On Saturday the 3d Inst. the elegant Seat, called the Retreat, near Cooper-River belonging to estate of the late Thomas Loughton Smith, Esq; was burnt down by Accident; but happily no Lives were lost, and all the Furniture was saved."

William Loughton Smith (27) had another child by his second wife: "Elizabeth, who married Major Thomas Osborn Lowndes, and died at the age of 90 or thereabouts."

HAYNE.—In the biographical sketch of Judge Robert Y. Hayne, published on page 262 of the July issue of this magazine the statement is made that he was a son of William Alston Hayne and Julia Dean. That is a mistake. His mother was Margareta Stiles, of Philadelphia. Julia Dean was the wife of his uncle, Arthur P. Hayne.

THE GEORGETOWN ACADEMY, 1778.—McMaster, in his History of the People of the United States, says, Vol. I., page 27:
"In the southern States education was almost wholly neglected, but nowhere to such an extent as in South Carolina. In that colony, prior to 1730, no such thing as a grammar-school existed. Between 1731 and 1776 there were five. During the Revolution there were none." In his paper Education in South Carolina Prior to and During the Revolution, Gen. Edward McCrady has cited numerous cases to disprove the last sentence in that paragraph, but the following paragraph from The South Carolina and American General Gazette, of Thursday, August 6, 1778, will furnish additional evidence in refutation of that statement:

"On Thursday the 23d of last month, the Students of the Georgetown Academy were publickly examined, before a very learned and respectable assembly: The performance of the several classes in the course of the examination, was received with the warmest marks of Approbation."
Necrology.

Richard Lathers, sometime colonel of South Carolina militia, and a member of the South Carolina Historical Society, died at his home, 248 Central Park West, New York City, on Thursday, September 17, 1903, and was buried at New Rochelle, N. Y., on the 19th. He was born in Ireland on Christmas Day, 1821, and was brought to America six months later by his parents, who settled at Georgetown, S. C. He attended school at Huntington, Long Island, N. Y., and subsequently was employed by Fraser, Trenholm & Co., cotton factors, of Charleston, who sent him to New York as their agent in 1843. In 1850 he went out of the mercantile business and founded the Great Western Insurance Company, with which he continued for nineteen years. He subsequently became prominent in railway affairs. In 1860 he made a tour of a part of the South in a futile effort to stem the tide of secession, making addresses in Richmond, Charleston, Augusta, Savannah and Montgomery, and was speaking at Mobile when the news of the attack on Fort Sumter arrived and put an immediate end to his speech. He went abroad and made speeches in behalf of the United States, but at the close of the war used his best efforts to bring about good feelings between the sections and to secure justice for the people of South Carolina in their struggle against that frightful demon of destruction—Reconstruction. Col. Lathers was a member of several social and patriotic societies in this State and in New York City.
